childhood neurosis; superego; conscience; thinking; feeling; remembering, 26316
conscience composition & organization & development; past; future; children, 34245
conscience; psychoanalytic science; superego concept; clinical phenomenology; clinical decision; human nature, 25419
conscience; self-experience; superego; self psychology; psychic authority; ego, 25424
mother child discourse; child's past behavior; emotional understanding; conscience development; moral understanding; clarity; elaborativeness; emotional content, 18963
political apathy disorder; social conscience; DSM diagnostic category; mental disorder; moral life, 10727
socialization; maternal parenting; maternal responsiveness; conscience; security; caregiver trust; strange situation, 31228
superego; moral systems; conflict; conscience; inner judge, 25438

Conscientiousness—Serials

antisocial behavior; Five Factor Model of personality; neuroticism; agreeableness; conscientiousness; conduct problems; aggression; antisocial personality, 4703
applicant reactions; selection screening technology; face-to-face interview; telephone interview; interactive voice response screening; individual differences; cognitive ability; conscientiousness, 33232
conscientiousness; discriminant validity; personality inventories, 18116
conscientiousness; negative correlation; intelligence; fluid intelligence; crystallized intelligence; reasoning, 34694
conscientiousness; personality; psychometric properties; assessment; validity; conscientiousness scales; test development, 30414
conscientiousness; task duration; prediction, 10596
destructive behavioral intentions; conscientiousness; personality measures; achievement; dependability, 34702
emotional exhaustion; conscientiousness; job performance; call center customer service representatives; service quality; call volume, 30202
faking good; NEO PI-R; personality measures; conscientiousness; openness to experience; applicant selection; Big 5 measures, 24209
Five Factor Model; personality; career exploration; conscientiousness; extraversion; neuroticism; self-efficacy; career information seeking, 30513
Graduate Record Examinations; personality traits; conscientiousness; rationality; ingenuity; quickness; creativity; depth, 19205
intergenerational perception; conscientiousness; neuroticism; Five Factor Personality Model; openness; introversion; agreeableness, 7682
job performance; selective optimization; compensation; conscientiousness; motivation; resource allocation strategies, 9077
workplace safety performance; conscientiousness; cognitive failure; workplace accidents; working conditions; safety behavior; individual differences, 2956

Conscious (Personality Factor)—Serials

backward masking; conscious responses; nonconscious responses; fear perception; facial expressions; central measures; peripheral measures; time course, 27847
conscious emotion experience; role of self; conflicted emotional experience; self construct, 28462
conscious emotion experience; role of self; conflicted emotional experience; self construct, 28490
conscious experience; dual-access theory; brain-conscious gap; mind-body identity thesis; brain activity, 27583
psychic space; symbolic processes; clinical narrative; conscious; unconscious; differance; treatment; free association, 14108
selective attentional bias; conscious awareness; pain fear; pain-related material, 6482

students attitudes; students problems; interpersonal domains; intra-personal domains; conscious problems; unconscious problems; inkblot images, 16292
visuomotor coupling; conscious change detection; control; self-deception, 30676
Conscious (Personality Factor)—Books
Between emotion and cognition: The generative unconscious, 11395
Consciousness Disturbances [See Also Delirium, Hypnosis, Sleep Disorders, Suggestibility, Time Disorientation]—Serials
emotional problems; length of loss of consciousness; severity of cognitive impairment; head trauma; traumatic brain injury; personality dysfunction; personality changes, 16765
iodoform poisoning; consciousness disturbances; delirium; elderly patients; surgical operations; psychiatric symptoms, 13574
locked-in syndrome; differential diagnosis; severe disorders of consciousness; treatment, 32162
rehabilitative management; consciousness disorder; conscious states; neurorehabilitation; traumatic brain injury, 32752
Consciousness States [See Also Awareness, Wakefulness]—Serials
allopregnanalone; men; women; progesterone; sedation; smooth pursuit eye movements, 10045
altered consciousness; flotation-rest; chamber-rest; experimental pain; subjective stress, 21408
ambiguity; brain; neurology; micro-consciousness, 34082
anomalous effects; consciousness; psychokinesis; physics; claims; experimental work, 6637
autonoetic consciousness; recollective experience; consciousness states; autonoetic awareness; brain-damaged man; episodic memory; consciousness concepts, 16803
causal efficacy; consciousness; agent causation; functional explanation; causal model of explanation; causal-functionalist theory, 15350
causal role; intentional behavior; mental representations; intentional mental states; bodily motion; non-reductive metaphysics, 3419
childhood trauma; transliminality; childhood development; traumatic events; physical & sexual abuse, 12722
cognition metrics; consciousness; literary pragmatics, 28006
cognitive theories; selective attention; brain disorders; emotion; face recognition; cognition; Higher Order Representational theories of consciousness; frame problem; affective computing, 3423
conscious experience; dual-access theory; brain-conscious gap; mind-body identity thesis; brain activity, 27583
consciousness state; natural working language; Agent-action-Objective model; structural relations; mental activity; mind process, 12719
consciousness studies; conscious machines; paranormal phenomena; psi; parapsychology, 6636
consciousness; art; brain; Marcel Proust; conscious awareness; Proustian aesthetics, 31028
consciousness; awareness; philosophy of mind, 33896
consciousness; cognition; perception; memory; skill learning, 30756
consciousness; folk psychology; human behaviour, 33895
consciousness; neuropsychology; reality; religion; cosmic, 3425
consciousness; transcendence; life experiences; psychic development, 24541
constructionist perspective; analytic encounter; duality; thirdness; self-consciousness, 10638
cortical activity; high frequency EEG; meditation; experienced meditators; altered consciousness state; cognitive activity; happiness, 6628
criminal law; human consciousness; unconscious thought processes; conscious thought processes; legal implications; voluntary acts; involuntary acts; insanity; voluntariness, 14928
dream consciousness; neurobiology; sleep; brain; rapid eye movement; waking consciousness, 30925
ego-state therapy; binge eating disorder; hypnotherapy, 5385
emotion; consciousness; rage; insight; phenomenology, 18419
emotions; consciousness; subjectivity; affect-logic theory; cognition; affective-cognitive interactions; attention; affective state; attention; language; abstraction, 18252
environmental issues; implicit association; environmental concerns; cognitive strategies; natural environment; conscious awareness, 21008
ethanol; butanol; alcohol-binding sites; sobriety; consciousness; protein cavities, 18809
expertise; evolution of consciousness; skill acquisition; deliberate practice, 316
frontal lobes; consciousness structure; theory of mind; self-awareness; brain injury; focal lesions, 24709
grounded theory; flow experiences; Web users; information-seeking activities; consciousness state, 30299
hemispheric asymmetry; emotion; conscious perception; unconscious perception; negative stimuli; neutral stimuli; visual perception, 30874
human consciousness; altered states; phenomenology; ayahuasca, 15807
hypnotic phenomena; altered states; consciousness; multilevel framework, 3420
hypnotic suggestibility; child psychiatric patients; hypnotic responsiveness; consciousness states; imaginative suggestibility, 20429
interpsychic; intrapsychic; psychic dimension; mind; consciousness states, 31621
intrinsic theory; inner awareness; consciosuness; mental-occurrence instance, 15347
intrinsic theory; inner awareness; mental-occurrence instances; cognitive awareness; appendage theory; stream of consciousness; equivocal remembrance theory, 18429
introspectibility; co-consciousness; unity of consciousness, 33890
literary work; mental image; reading process; multi-modal imagery; simulation process; somato-viscero-motor system; breathing process, 30757
mens rea; impulse; premediated aggression; impulsive aggression; criminal offense; conscious acts; unconscious acts, 14925
metaphor; mind; consciousness; attention, 27586
midazolam; conscious processing; controlled processing; conscious memory processes, 18381
MRI scanning; Zen meditation; enlightenment; meditation practitioners; normal consciousness; meditative state of mind; prefrontal cortex; basal ganglia; brain activation; anterior cingulate, 6631
musical improvisation; temporality; embodied experience; music; consciousness; cognition, 31034
narrative; infant psychic growth; artist; consciousness aspects; mind; psychoanalysis, 32404
nonconvulsive status epilepticus; cephalosporins; antibiotics; drug side effects, 26504
number representations; priming effects; arabic digits; hemispheric differences; right hemisphere; left hemisphere; unmasked primes; masked primes; conscious priming; unconscious priming, 18604
Pavlovian conditioning, backward masking; visual masking; subliminal perception; consciousness; unconscious learning; detection threshold; identification threshold; skin conductance response, 21387
perceptual awareness; neural correlates; neurological disorders; conscious experience; model; distributed neural network; cognitive function, 22922
perinatal psychology; prenatal psychology; assisted reproductive technology; artificial conception; consciousness, 4232
phenomenal intentionality; what it is like; consciousness, 18426
phenomenal states; consciousness, 6630
phenomenological approach; schizophrenia; consciousness; symptoms; self disorder; self awareness, 4650
physical laws; physical processes; psi; theories; methods; consciousness, 6634
physiology; transcranial motor cortex stimulation; conscious humans, 27811
post-hypnotic suggestion; dissociation; consciousness; hypnotic state, 33892
psychic ability; biological theories; consciousness; shamanism; prediction; intution; birth chart reading; astrologer; astrology; transcendent reality; psi, 6635
reality; unconscious registration; mind; theory of repression, 1292
reality; unconscious registration; mind; theory of repression, 1298
rehabilitative management; consciousness disorder; conscious states; neurorehabilitation; traumatic brain injury, 32752
self concept; classical Indian thought; Sankhyayoga; Vedanta; sakshin; witness; mindfulness; psychotherapy; Buddhism; Hinduism, 35416
self-awareness; consciousness; right motor cortex excitability; corticospinal excitability, 24712
sensory processes; conscious perception; cognitive neuroscientists; anterior cingulate; medial prefrontal cortex; frontopolar cortex, 30846
sleep-onset imagery; hypnosis; dreams; parapsychology; digital autoganzfeld; psi; consciousness, 6640
sleep; dream suppression; lateral medullary infarct; consciousness; brain injury; waking; sleeping; dreaming; recovery; visual hallucinosis; stroke rehabilitation; brainstem, 35308
sniffing; behavioral arousal; rats; dimethyl disulfide; olfactory threshold; sleeping pups; acetic acid, 18671
stereotypes; bias; memory distortions; conscious recollection; conscious experience; memory processes; response biases; monitoring, 10548
subliminal fear perception; supraliminal fear perception; event-related potentials; threat-related stimuli; processing; neural mechanisms; conscious awareness; models; facial expressions, 18644
subliminal perception; primary visual cortex; V1; transcranial magnetic stimulation; visual consciousness; neural correlates, 12874
temporal lobe epilepsy; hippocampal sclerosis; speech disturbance; oral automatism; epilepsy surgery; ictal aphasia; preserved responsiveness; seizure; amygdalo-hippocampectomy, 16776
temporal organization; neuroendocrine mechanisms; brain; neurocognitive mechanisms; consciousness; mental disorders; sleep disorder; neuronal mechanisms; pineal gland; melatonin, 12771
therapeutic time; transference; pretreatment maternal reverie associations; brief therapy; informal trance-like states, 5163
Transcendental Meditation; development psychology; consciousness; self development; crime prevention; criminal rehabilitation, 8895
transliminality; consciousness; awareness; temporal-limbic structures; sensory association cortices; hyperconnectivity; temporal lobe lability; British students; Australian students, 7706
trauma; dissociation; dissociative disorders; clinical process; psychoanalysis; self-pathology; affect-consciousness; self concept; neglect, 32382
unconscious emotion, 24536
working memory; affective priming; divided attention; focused attention; memory load; consciousness, 27516
working memory; conscious experience; consciousness; Global Workspace theory; cognitive architecture; Intelligent Distribution Agent model, 21361
Consciousness States [See Also Awareness, Wakefulness]—Books
Essential sources in the scientific study of consciousness, 3429
The face in the mirror: The search for the origins of consciousness, 637
Machine consciousness, 17985
Consciousness States [See Also Awareness, Wakefulness]—Chapters
Automatic self-regulation, 13504
Axioms and tests for the presence of minimal consciousness in agents, 17987
The Borg or Borges?, 17997
Can a Machine Be Conscious? How?, 17991
Consciousness in meme machines, 17988
Consequences of automatic goal pursuit and the case of nonconscious mimicry, 4411
CyberChild: A simulation test-bed for consciousness studies, 17989
Dreaming and the brain: Toward a cognitive neuroscience of conscious states, 18629
ESP in the Ganzfeld: Analysis of a debate, 9739
Explaining consciousness at multiple levels, 3439
How could images heal anything?, 23360
I: Overview, 3438
IDA: A conscious artifact?, 17990
II: Consciousness in vision, 3437
III: Attention: Selecting one conscious stream among many, 3431
Implicit and explicit process in social judgment: Deep and high, 4410
Implicit and explicit processes in social judgments: The role of goal-based explanations, 4424
IV: Immediate memory: The fleeting conscious present, 3435
IX: Consciousness as a state: Waking, deep sleep, coma, anesthesia, and dreaming, 3434
Language re-entrance and the inner voice'17996
Level-headed mysterianism and artificial experience, 17993
The metacognitive implications of the implicit-explicit distinction, 21354
Perception without awareness: The qualitative differences approach, 3304
Physics and claims for anomalous effects related to consciousness, 9737
Robots with internal models: A route to machine consciousness?, 17992
The scientific study of consciousness, 15621
VI: Below the threshold of sensory consciousness, 3436
VII: Consciousness and memory, 3303
VIII: Unconscious and 'fringe'' processes, 3433
Virtual machines and consciousness, 17995
X: Theory, 3432
Conservation (Concept)—Serials
comparative psychology; endangered species; comparative psychologists; conservation, 3444
Conservation (Ecological Behavior)—Serials
animal captivity; endangered species conservation; novel environment; ethological technique; exploratory behavior; captive breeding; oldfield mice, 3453

cognitive dissonance; environmentally responsible behavior; consistent behavior, 21009
communities; collaborative soil conservation; issue frames; framing; ongoing interaction; natural resources management, 27186
conservation biology; comparative psychology; animal communication, 3455
environmental behavior; environmental concern; environmental problems; environmental intent; values; attitudes; environmental behavior; energy use, 9224
environmental ethics; tourism stakeholders; conservation; ethical stance; non-anthropocentric environmental ethic; eco-holism, 14863
environmental psychology; personal involvement; water consumption behavior; situational factors; habit formation; repeated behavior, 17953
goal-directed conservation behavior; goal-directed performance; one-dimensional Rasch-type model; six-dimensional Rasch model, 27188
household recycling participation; recycling behavior; consumer motivation; selective-collection program, 27194
intentions; recycle household waste; past behaviour; perceived habit; lacking facilities; theory of planned behaviour, 27190
New Environmental Paradigm; dimensionality; environmental behavior; environmental worldviews; environmental behavior; demographics correlates; religious correlates; environmentalism, 3052
planned behavior; self-expressive behavior; theory of planned behaviour frame; personal identity, 27192
predator avoidance; conservation; tammar wallabies; anti-predator training; animal learning; fear, 3478
recycling; gender; age; household income; China, 3051
team approach; proenvironmental behavior; EcoTeam Program; environmental consequences; household behavior; social interaction; social feedback, 24101
theory of planned behavior; moral norms; just world beliefs; conservationism; ecology, 1255
urban society; capitalistic society; cultural surroundings; practical engagement; meaningful relationship; conservation; anthropology; tourist gaze, 17951

Conservation (Ecological Behavior)—Books

The psychology of environmental problems (2nd ed.), 9226

Conservatism—Serials

clergy congregation mismatches; clergy; job satisfaction; conservatism; liberalism, 29913
domestic violence; family values; legal system; patriarchy; tradition, 7959
homophobia; morally conservative; discourse; governmental law repeal; disclaiming; tolerance, 34538
modernity; traditionality; junior high school attainment; family background; gender inequality; education; city size; region, 33115
need for closure; conservative beliefs; racism; differential mediation; authoritarian submission; authoritarian dominance; Social Dominance Orientation; Right-Wing Authoritarianism, 25390
religiosity; values; autonomy; self-transcendence; hedonism; self-enhancement; social order, 34708

Conservatism (Political) [See Political Conservatism]

Conservatorship [See Guardianship]

Consistency (Measurement)—Serials

cross-situational consistency; affective experiences; inter-individual differences; cultural differences; cross cultural differences, 13455
diagnostic consistency; conduct disorder; assessment; diagnostic criteria; social context; Diagnostic and Statistical Manual of Mental Disorders, 9419
dynamic consistency; preference reversal; reference point; isolation-integration; decision making; gamble; dynamic inconsistency; models, 357
internal consistency; reliability; consistency estimates; united arab emirates; construct validity; arabic version; Fennema-Sherman mathematics attitudes scales, 24303
rationale; rationalism; rule; decision utility; experienced utility; predicted utility; consumption experience; inconsistency; preference reversal; decision-makers, 374

Consonants—Serials

disyllabic English words; lexical stress; trochaic stress; English phonology; word onset; stress patterns; onset patterns, 18865
dysgraphia; vowels; consonants; spelling; working memory; brain lesion, 32174
language-specific memory traces; consonants; brain; native language experience; place-of-articulation feature, 18400
morphology; parsing; vowels; segmentation cues; eye movements; consonants, 33649
perception changes; synthetic nasal consonants; vowel formant manipulations; auditory scene analysis; formant continuity; speech perception; synthetic vowel-nasal syllables; vowel formant frequencies, 3339
prosodie boundary; articulation; electromagnetic articulography; EMA; vowel; metropolitan French; utterances; consonants; intonational phrase; accentual phrase; word, 15876
single motor unit activity; electromyographic activity; consonant-vowel syllables; intraoral air pressure; velar movement; levator veli palatini; high pressure consonants; blowing tasks, 15870
temporal information; dynamic spectral information; gated stop consonant; static spectral representation; misclassification rates; stop bursts; naturally produced stimuli, 9612
theory of language; grammar; Hebrew root structure; phonemes; consonants, 27973

Conspecifics—Serials

adult cats; rescue shelters; communal housing; discrete-unit housing; unfamiliar conspecifics; familiar conspecifics; group instability; social grouping, 6725
animal sex differences; animal mating behavior; extraterritorial intrusions; conspecific intrusions; heterospecific intrusions; birds, 15407
calves' behaviour; chronic stress responses; human contact; social contact; novel conspecifics; cortisol responses; human-animal interactions, 6731
coo vocalizations; behavioral contexts; vocal repertoire; acoustic differentiation; intraspecific variation; species recognition; acoustic signals, 18477
greater sage grouse; lek locations selection; long range visibility; conspecific females; avian predator; topographic features, 30783
heterospecific pheromone effects; female receptivity; courtship pheromones; salamander reproductive behaviour; male discrimination; courtship encounters; conspecific pheromone, 6733
individual discrimination; snapping shrimp; same-sex conspecifics; familiar individuals; Alpheus heterochelis, 33974
informative function; self-directed behaviors; scratching; monkeys; contagion; negative arousal; conspecific observers, 12756
insect feeding; competition for food; fruitworms larvae; fruit color; food foraging behavior; host plant modification, 18500
learned mate recognition; reproductive isolation; guppies; learned species discrimination; conspecifics, 30800
public information; reproductive success; breeding habitat selection; passerine birds; prospecting behavior; feeding rates; vigilance behavior; parental activity, 18479
rhesus macaques; Macaca mulatta; categorization; conspecifics; dominance relations; social behavior, 9744
social preferences; animal development; guinea pigs; Cavia porcellus; preweaning period; periadolescent period; conspecifics, 9788

Constipation—Serials

blinded laxative taper; laxative dependency; eating disorders; pharmacists; constipation; gastrointestinal system; bowel, 32485

Construct Validity [See Test Validity]

Constructionism [See Constructivism]

Constructivism—Serials

behavior analysis; social constructionism; constructionist perspectives; epistemological features, 6227
career construction; narrative; narrative career approach; constructivism; traditional career approach; conceptualizing narrative, 27028
career development; emotions; career management; emotional labour; constructivist approach; positivist paradigms; constructionist approach; methodological issues, 27031
career psychology; social constructionism; careers; career development; working life; existing assumptions; relational approach, 27027
careers; career definition; career-talk; individual accounts; university graduates; career plans; micro level interaction; constructive practices; individual work relationship, 27030
computer programming language; undergraduate college students; education students; learning theory; constructionist technology, 2730
constructivism; constructing masks; self; therapists; clients; psychotherapists; drama therapy; psychodrama models; constructivist therapists; psychological theory; constructivist theory, 8417
constructivist assessment strategies; career counseling; counselors; client self-awareness, 30126
constructivist conceptualization; epistemological reflection model; personal epistemology, 18835
constructivist counseling; counseling; internet counseling; Web designing; therapeutic issues; negative cognitions; precipitating events; emotions, 32297
constructivist principles; preservice teachers; knowledge application beliefs; classroom learning situation; student teachers, 5873
corporate reputation; scientific reputation; zoologists; Charles Girard; Louis Agassiz; construction; social networks, 1168
creative experience; cognitive processes; problem finding; perceptual coordination; constructive perception skill; design profession, 3331
critical fluctuations; clinical change; dynamic systems approaches; self-organizational processes; human change; phenomenology; interpersonal relationship; psychiatric patients; patient behavior, 7622
cultural psychology; cross-cultural psychology; career psychology; social constructionism; cultures; relationships; post-positivism; careers; vocational psychology; indigenous career psychologies, 27035
empathy development; I differentiation; self- & other-construction; self-recognition in the mirror; subjective action perception; society; intersubjectivity, 1065
epistemological beliefs; teacher education; education students; teacher training; pre-service teachers; constructivism, 14574
gifted learners; understanding; knowing; intellectual bar; teaching for understanding; constructivism, 14700
inquiry paradigm; collaborative process; positivist inquiry paradigm; post positivist inquiry paradigm; constructivist worldview; critical theorists, 2716
learning; informal setting; constructivism, 23865
mobile learning environment; wireless handheld network; constructivist environments; pedagogical practice; collaboration, 36148
narrative psychology; contemporary social constructionism; narrative psychological approach; self study; self identity; social constructionist, 18842
narrative survey; multiple populations; qualitative approaches; survey strategy; research strategy; narrative-constructivist approach, 30568
norm theory; empiricism; social constructionism; group differences; feminist psychology; lesbian psychology; gay psychology; socal groups; essentialism; sexual orientation; stereotype, 25219
preschoolers; action-proneness; thought process; language; psychoanalyst; mentalization; neural inhibition; social discourse; linguistic complementarity; social constructivism; intersubjectivity, 24885
psychotherapy integration movement; constructivist view; theoretical integration; models, 26236
pure discovery learning; constructivist teaching methods; guided methods; conservation strategies; social constructivism; instructional method; problem solving rules, 12125
resilience; constructionist discourse; contexts; protective factors; health discourse; at-risk youth; at-risk children, 16039
social construction; anger; social-constructionist theory; attribution; social rules; anger appraisals; anger-related responses, 25306
social construction; clinical psychology; child psychology; adolescent psychology, 22406
social construction; constructionism; human science; therapy; education; organizations; politics; information technologies; communication technologies, 1166
social constructionism; women's career transition; careers; career social contexts; organizational employment; portfolio work; research scientists; career theory; dualisms, 27029
social constructivism model; ethical decision making; family counseling; gender attitudes; power differential, 35475
social constructivism; medical model; disability theory; US; conceptual paradigms; Americans With Disabilities Act; disability definitions; civil rights protection, 6184
subjective experience; new intentions; vocational psychology; social constructionism; personal constructionism; relational understanding, 27034
Sudanese refugees; children's trauma; social constructivist view; Sudanese children; foster parents; social workers; child welfare agency; child welfare workers, 5597
vocational psychology; culture; career psychology; constructivism; social constructionism; knowledge; meaning; social processes; dominant discourse; historical construction of knowledge, 27038
Wilbers All-Quadrant Model; constructive postmodern counseling research; constructive postmodern counseling practice; holon; individual holons, 7283
women; high security mental health care; borderline personality disorder; child abuse; sexual abuse; self-harm; social constructionist theory; relationship difficulties; subjugation; survival, 32300

Constructivism—Books

Computational developmental psychology, 888
Constructive psychotherapy: A practical guide, 11446
International handbook of personal construct psychology, 16319

Constructivism—Chapters

An approach to post-traumatic stress, 16975
Artificial intelligence, 17986

An audacious adventure: Personal construct counselling and psychotherapy, 16957
Belief, attachment and awareness, 16333
Beyond constructivism: An improved fitness metaphor for the acquisition of mathematical knowledge, 23849
A brief introduction to personal construct theory, 16331
Children's development of personal constructs, 16051
Clarifying corporate values: A case study, 17883
Constructive intervention when children are presented as problems, 17771
Construing teaching and teacher education worldwide, 17614
Cross-cultural construing, 16335
Elicitation methods to fit different purposes, 15037
The evidence base for personal construct psychotherapy, 16980
Experiential personal construct psychotherapy, 16968
Expert systems, 17994
Family therapy, 17009
Forensic personal construct psychology: Assessing and treating offenders, 17486
From theory to research to change, 16328
George Alexander Kelly: The man and his theory, 16329
In what ways does a model and modeling perspective move beyond constructivism, 23853
Is treatment a good idea?, 16897
Kelly versus clockwork psychology, 16323
Kelly's influence on research and career, 16326
Kelly's philosophy of constructive alternativism, 16325
Learning and diagnosis of learning results, 17586
The logic of passion, 16321
Making sense of dependency, 16337
Making sense of the group mind'17890
The Metropolitan Police, London: A personal account, 18049
Moving personal construct psychology to politics: Understanding the voices with which we disagree, 16336
New avenues to explore and questions to ask, 16327
Personal construct psychology and me, 16334
Personal construct psychotherapy and the constructivist horizon, 16970
Personal construct theory and politics and the politics of personal construct theory, 16322
The phenomenological context of personal construct psychology, 16324
The power of a good theory, 17884
Pragmatism and religion: Dewey's twin influences?, 16338
Psychological disorder as imbalance, 16388
A psychology for teachers, 17587
A psychology of questions, 16332
Putting Vygotsky to the test, 15928
The repertory grid technique, 15036
Research in personal construct psychology, 16320
Social relations in the modern world, 16330
Some skills and tools for personal construct practitioners, 17552
A sporting use of personal construct psychology, 17917
The struggles of organizational transitions, 17885
Working with anger, 16307

Consultation (Professional) [See Professional Consultation]

Consultation Liaison Psychiatry—Serials

consultant psychiatrists; medical directors; professional practice; general psychiatry vacancy; locums, 8920
consultant psychiatrists; working patterns; staff retention; occupational pressure; working styles, 32952
consultation-liaison psychiatry; interrater reliability; psychological distress; medical patients; Diagnostic Criteria for Psychosomatic Research, 35606
Consultation-Liaison Psychiatry; medically ill patients; depression; length of stay; comorbidity, 29210
consultation-liaison psychiatry; psychiatry literature database; mental disorders; medical disorders, 11365
liaison psychiatry; palliative care; psychiatric disorders; psychiatric co-morbidity; patient insight; symptom control; patient satisfaction; doctor communication, 20601
medical patients; psychiatric interventions; length of hospital stay; health status; quality of life; consultation-liaison nurse; discharge, 8818
outcome measure; consultation-liaison mental health services; Health of the Nation Outcome Scales; problem severity; emergency department; general hospital; acute psychiatric unit, 35780
psychiatric consultation; general hospitals; mental health consultation liaison; cost effectiveness, 5656
psychiatric consultation; traumatic symptoms; patient suicide; oncology nurse, 5651
psychiatric problems; depression; consultation liaison psychiatry; anxiety; mood disorder; primary care; Turkish; Saudi Arabian; medically ill; mental health training; education; health professionals, 28568
psychiatry; psychosomatic problems; female; scientists; clinicians; migration; refugee states; acculturation; liaison psychiatry; oncology; gynecology, 14550
psychotherapeutic interventions; psychosomatic liaison service; neurology; psychosocial distress; coping strategies; life quality; mental disorders, 23129
social functioning; psychotic conditions; occupational therapy; general practitioner; liaison psychiatry; psychiatric care; Health of the Nation Outcome Scales, 17453
somatoform disorders; consultation-liaison psychiatry; DSM-V, 4874

Consultation Liaison Psychiatry—Chapters

A consultation-liaison psychiatry approach to disaster/terrorism victim assessment and management, 1967

Consumer Attitudes [See Also Brand Preferences, Consumer Satisfaction]—Serials

advertising misinformation effect; memory; product consumption, 33345
affective state; information processing style; means-end theory; consumers attitudes; cognitive psychology; decision making; products, 36452
attitude strength; priority setting; decision-making; customer satisfaction; consumer attitudes; marketing, 6105
Automatic Teller Machine; technology adoption; cultural traits; users expectations; behavioural possibilities, 30254
automotive industry; social approval; motor vehicle; automobile lease; automobile finance; motivational processes, 12342
body consciousness; consumer awareness; consumer expectations; expectation of liking; food appearance; raw product; cooked product, 14832
brand alliance; brand equity; marketing strategy; joint brands; consumer evaluation, 27153
brand image beliefs; nonverbalized personality associations; celebrity endorsers; advertisements; consumer beliefs; brand fun; brand sophistication, 27147
brand image; protective effects; brand management; accessibility-diagnosticity; shielding effects; manufacturing quality; countries-of-origin; global manufacturing; strong brands; weak brands, 3010
brand relationship norms; consumer attitudes; consumer behavior; interpersonal relationships; brand assessments; marketing action, 33338

teenagers; clothing choices; goods symbolic properties; adult consumers; symbolic consumption; young people, 30264
television commercials; picture sorting technique; emotional content; purchase intent, 33372
television programming consumption; connectedness scale development; connectedness scale validation, 30520
terror management theory; awareness; death; materialism; consumption; consumer decisions; consumer behavior; existential anxiety; wealth; self-esteem; worldviews; well-being; individual differences, 27155
terror management theory; awareness; death; materialism; consumption; consumer decisions; consumer behavior; existential anxiety; wealth; commodities; self-esteem; worldviews; well-being, 27168
terror management theory; awareness; death; materialism; consumption; consumer decisions; consumer behavior; existential anxiety; wealth; commodities; self-esteem; worldviews, 27154
third-person effect; behavioral outcomes; direct-to-consumer advertising; prescription drug advertisements, 36446
time scarcity experiences; time-personalities; time use; time style; marketplace efficiency, 12337
tourist use; resident use; shopping space, 12327
tourists sentiments; marketing; market segmentation, 14827
trait antecedents; service worker; job resourcefulness; JR; customer orientation, 9070
unconscious consumer motivation; motivation research; morphological psychology; product decisions; marketing strategies; emotion, 33336
unit price usage knowledge; unit pricing; price knowledge; consumer knowledge; consumer awareness; consumer understanding, 14834
US Civil War; regional animosity; measurement; validity; interrelated theories; social identity; stereotype activation; evaluative judgments; geographic region preference; price sensitivity; consumers, 9501
user involvement; service innovation; professional service developers; telecom services, 9131
value equation; exchanges; customer value; suppliers value; buyer-seller relationships; consumer satisfaction, 14818
virtual experience; consumer learning; virtual affordance; product affordance; 3-D visualization; brand attitude; purchase intention; mechanical products; geometric products; TV advertising, 9203
warranty policy; screening consumers; signaling; base warranty; optional extended warranty; high quality seller; used-car market, 24074
wealth; status-seeking; catching-up; marginal utility; consumption, 36448
youth smokers; cigarette purchasing; store clerk behavior; manipulative behavior; ecological validity, 35036

Consumer Behavior [See Also Shopping]—Books

Latex and lingerie: Shopping for pleasure at Ann Summers parties, 1143

Consumer Behavior [See Also Shopping]—Chapters

The hyperbolic consumption model: Calibration, simulation, and empirical evaluation, 17934
The role of goals in extending brand equity, 12345
Self-rationing: Self-control in consumer choice, 17935
Teaching market failure through interactive instruction, 2775
To buy or not to buy?: Self-control and self-regulatory failure in purchase behavior, 13724

Consumer Fraud [See Fraud]

Consumer Product Design [See Product Design]

Consumer Protection—Serials

consumer information; Internet; consumer protection; consumer attitudes; consumer behavior, 33354
consumer markets; contractual unfairness law; policy making; differences; US; European Union, 33332
empathic concern; gender differences; blame attribution; product harm crisis; perceived vulnerability, 12339
financial management training; low-income consumers; curriculum development, 33327
health information; Health Insurance Portability and Accountability Act; health care transactions; national standards; individual rights; protected health information; disclosure safeguards, 14043
moral hazard; insurance; risk sharing; consumer; monetary compensation, 24061

Consumer Psychology—Serials

checking account; households; human capital; institutional reasons, 33330
heroic research; semi-superheroes; consumer psychologists; consumer psychology, 9167
individual differences; expensive products; consumer behavior; food products; search behavior; product base price; consumer psychology; consumer economics; operant analysis, 3026
industry context effects; consumer firm relationship; consumers' disposition; relationship marketing; consumer satisfaction; relational exchanges; service industries, 6103
journal articles; article structure; consumer psychology, 30253
minorities; consumer psychology; childrens television; commercials; television advertising; content analysis; numerical representation; minority portrayal; stereotyped attitudes, 20996
personal characteristics; product adoption behavior; consumer innovativeness; consumer characteristics, 6106
unit price usage knowledge; unit pricing; price knowledge; consumer knowledge; consumer awareness; consumer understanding, 14834

Consumer Research [See Also Consumer Surveys]—Serials

African American market segment; magazine advertisements; R.J.Reynolds; tobacco industry documents; cigarette smoking; tobacco free population; tobacco control; tobacco company strategies, 6110
attribute-base approach; customer choice; comparability-based balance model; market segmentation; Bayesian framework; reservation prices; multiple category product bundles; bundle pricing, 24069
brand loyalty; consumer price sensitivity; loyalty-price sensitivity relationship; heterogeneous relationship; dynamic relationship; consumer product categories; models, 3022
case study method; reliability; validity; marketing research, 9205
consumer behavior; dependent variables; theoretical explanation; newspaper readership; national sample; theoretical viewpoint; consumer research, 9173
consumer behavior; fantastic imagination; card game, 33352
consumer choice; consumer behavior analysis; consumer research; survey research; behavioral economics; marketing, 3009
consumer choices; consumer research issues; consumer decisions, 33357
customer orientation; organizational performance, 14821
customer satisfaction; service provider; wallet share; business to business environment; repurchase intention; actual repurchase; mouth word; managers; market share; consumer behavior, 9184
data collection methods; postal data collection; online data collection; marketing research; football club subscribers, 6118
economic well-being; economic burden; health care; funeral expenditures; burial expenditures; post-widowhood expenditures; consumer educators; end-of-life expenditures, 31298
Ernest Dichter; motivation research; advertising practice; consumer behavior; marketplace behavior., 33333
external validity; construct validity; proximal similarity; experimental design; marketing research, 24085
face validity; consumer scale development; scale item retention; expert judging, 21207
family; consumer sciences; consumer research; research methods, 24354
Greenpeace campaign; consumer behavior; consumer opinion; brand image; corporate power, 30258
Internet measurement data; data types; site-centric data; user-centric data; online marketing; advertising research; strategic planning, 30250
knowledge transfer; consumers; analogy; categorization; relational similarity; relational inference; attribute inference; features processing; consumer research; consumer memory; structure mapping, 9166
market segmentation; brand preference; marketing, 9200
marketing research; measurement validation; marketing knowledge, 24077
marketing; Japanese companies; economic development; Japanese products, 30272
measure validation; scale development; customer-based brand equity, 21208
multicriterion clusterwise regression; customer value; segment homogeneity; true cluster structure; telecommunications industry; segmentation problem; linear regression; heuristic solution strategy, 24067
negative mood state; market research; retailing; shopper mood; conflicting motivation; consumer behavior; consumer satisfaction, 3024
personal characteristics; product adoption behavior; consumer innovativeness; consumer characteristics, 6106
phonetic effects; brand names; consumer judgments; consumer evaluation; sound symbolism, 33360
question design; estimation algorithms; respondents; polyhedral methods; Internet marketing; product research, 6382
relationship marketing; marketing research; holistic views; organizational relationships; customer-supplier relations, 6113
reliability measurement; alhpa; coefficient alpha; inferential statistics; Cronbach's coefficient; reliability index; confidence intervals; consumer research; sample size; correlations; alpha estimate, 6405
secondary data proxies; marketing constructs; validity assessment, 24084
tourist use; resident use; shopping space, 12327
traditional research methods; market research agencies; internet research; marketing research; UK, 6122

User directed Technologies; the world wide web; characteristics of users; consumer knowledge content; declaritive knowledge; procedural knowledge; measurement scales, 30518

Consumer Satisfaction—Serials

assertive community treatment program; consumer satisfaction; outcomes; severely mentally ill, 26643
attitude strength; priority setting; decision-making; customer satisfaction; consumer attitudes; marketing, 6105
baby boomers; financial wellness; financial ratios, 25113
care managers; research interviewers; strategy; consumer satisfaction information; in-home care, 35826
cognitive inertia; postconsumption evaluation processes; memory; satisfaction judgement; consumers, 9189
consumer behavior; consumer satisfaction; consumer loyalty; word of mouth behavior; service providers; advertising, 30267
consumer behavior; teenagers; customers satisfaction; customers loyalty; consumer values, 30255
consumer preferences; online consumers; consumer choices; transaction based e-services; consumer satisfaction, 9181
consumer satisfaction; inpatient mental health treatment; Department of Veterans Affairs; post-discharge; veterans; Virginia mental health services, 33325
consumer satisfaction; nursing homes; resident satisfaction; caregivers; resident well-being; client satisfaction, 32733
cost containment; drug benefit program; drug utilization; formulary management; patient-centered medicine; prescription-to-OTC switches; pharmacy benefit policy; prescription drugs, 8366
critical incidents; affective reactions; public transport incidents; unpleasantness-pleasantness; deactivation-activation; public transport satisfaction, 27196
cross cultural differences; airline passengers; flight attendants experience; international flights; passenger satisfaction; Korea, 17960
customer defection; consumer knowledge; customer satisfaction; repurchase decisions; alternative vendor knowledge; choices; managers, 14849
customer dissatisfaction; customer behaviors; emotions; disappointment; failed service encounters, 36459
customer emotions; contact employee performance; relationship satisfaction; customer encounter, 36355
customer perceptions; music; waiting time; waiting costs; experience; customer mood; service delays, 24068
customer reactions; brokered ultimatum game; rational decision-making; justice theory; customer behavior; negotiation transaction; distributive injustice; ultimatum price; offers; bids; negotiation, 24071
customer relationship management; customer loyalty; moderating role; web site characteristics; internet; customer expectations; customer prospecting; interactive management; customer loyalty, 33351
customer satisfaction; client retention; business profits; economics; product quality, 6109
customer satisfaction; repurchase intention; adjusted expectations; customer loyalty; consumption experience, 24076
customer satisfaction; service provider; wallet share; business to business environment; repurchase intention; actual repurchase; mouth word; managers; market share; consumer behavior, 9184
customer service quality; brand advertising expenditures; real price competitiveness; customer value; telephone service, 14839
customer trust; buyer-supplier relationship; interorganizational trust; marketing; Japanese manufacturers, 30261
customers; business-to-business services; switching behavior; word of mouth; loyalty; national culture; Japanese companies; American companies, 30262
desire for consumer vengence; getting even; perceived wrongdoing; suboptimal decisions; consumer satisfaction; redress; distributive justice; value for money; dissatisfaction, 9172
dysfunctional customer behavior; negative effects; service encounters, 9178
elderly people; clothing color; intercountry differences; intergenerational differences; Japanese consumers; Korean consumers; color satisfaction; racial consciousness; public morals; aging rate, 16271
ethnic minorities; ethnic differences; managerial decisions; food service personnel; Whites; Asians; Blacks; tipping; restaurants, 10461
evaluative expectations; peer recommendation; consumer satisfaction; negative appraisals, 36064
factorial structural equations models; covariance matrices; country; customer evaluation; customer satisfaction; international data; cross cultural data analysis, 9180
gender bias; customer service representatives; customer satisfaction; phone-based service encounters, 14836
gender interplay; affective tone; service encounter satisfaction; smiling employee; customer responses; emotional cues, 9190
group modeling; television item selection; television viewing behavior, 34233
health care professionals; professional dilemma; customer satisfaction; medical advertising; health care; marketing, 12077
industry context effects; consumer firm relationship; consumers' disposition; relationship marketing; consumer satisfaction; relational exchanges; service industries, 6103
intent to recommend; behavioral intent; consumer satisfaction; service provider; service exchange; perceived control; proxy control; action control; perceived fairness, 27167
intercultural service encounters; customer experiences; cultural diversity; service experiences; culturally diverse customers; satisfaction; multiculturalism; service providers, 36449
loyalty program; value perception; brand loyalty; customer loyalty; reward schemes, 9198
market orientation; marketing; time factor; consumer satisfaction; marketing strategy, 14856
marketing effectiveness; customer satisfaction; consumer perceptions; consumer preferences; customer service; web design; internet, 12344
negative mood state; market research; retailing; shopper mood; conflicting motivation; consumer behavior; consumer satisfaction, 3024
pricing; consumer complaints; postpurchase price complaints; postpurchase dynamics; complaint frequency; complaint characteristics, 14828
procedural switching costs; financial switching costs; consumer cost perceptions; emotional discomfort; consumer product perceptions; service provider; consumer satisfaction, 14826
product marketing; company Intranets; business-to-employee systems; computing satisfaction; employee satisfaction; instrument construction; test-retest reliability; construct validity, 9499
professional salespeople; sales performance; emotional intelligence; customer orientation; customer-oriented selling; organizational commitment; customer satisfaction, 27150
retail sales explanations; firm-customer interaction; explanation adequacy; customer expectations, 27159
retailing; customer satisfaction; loyality cards; shopper characteristics; multiple outlets; consumer expenditures; repeat purchase; customer share; primary grocery store; customer behavior, 3025
salesforce compensation scheme; consumer inferences; consumer satisfaction levels; salesforce incentive structure; incentive scheme; sales assistance; salesperson consumer interactions, 17927
service contact personnel dress; customer expectations; service quality; purchase intention; customer gender, 36447
service encounter; customer dissatisfaction; anger experience; customers behavioral responses, 14825
service failure; customer relationship; service organization; customer attributions; customer expectations; service performance, 14831
service failure; service recovery; consumer reactions; important tools; loyal customers; online retailing; service quality, 9179
service performance; restaurant employees; customer outcomes; individual level factors; store variance; conscientiousness; extraversion; customer satisfaction; customer loyalty; service climate, 36303
service quality; community mental health care; health care consumers; consumer satisfaction; professional competence; knowledge level, 29637
service recovery strategies; consumer responses; service failure; service employees; rapport, 9175
service recovery; recovery process; female consumers; service failure; gender role; service provider; customer match; male consumer, 9192
service satisfaction; minority group; fast food; Asians; cross cultural differences; business service; consumer satisfaction, 12335
team information processing; service team; customer contact positions; communication, 14780
texture property; fashion design; color; hue; fashion fabric; fabric image, 21265
user satisfaction; interactive experience; satisfaction ratings; user expectations; usability; Human Computer Interaction; computer searching, 3043
zoo visitors; exhibit viewing; zoo experience; oral interpretation; public animal training, 3012

Consumer Surveys—Serials

consumer run services; mental health services; consumerism; decision-making; fidelity; consumer participation; empowerment, 29622
contextual conditions; socioeconomic characteristics; household characteristics; differential performance; behavioral assessment; ecological behavior; ecological consumerism, 6381
measurement context effects; consumer attitudes; context questionnaire items; price; brand; store; perceived quality; perceived value; willingness to buy; causal models, 21209
structural equation models; theoretical models; survey data; measure validity; reliability; marketing research, 24064
User directed Technologies; the world wide web; characteristics of users; consumer knowledge content; declaritive knowledge; procedural knowledge; measurement scales, 30518

Contact Lenses—Serials

contact lenses retention; contact lenses discontinuation; contact lenses; quality of life; psychosocial causes; assistive technology devices; Psychosocial Impact of Assistive Devices Scales, 15092

Contagion—Serials

contagion of suicidal symptoms; roommate relationship; suicide levels; life stress; college students; shared stress; assortative relating, 1591
goal contagion; implied behavioral goals; behavioral information; automatic goal adoption; goal directedness; goal characteristics; goal perception, 28413
informative function; self-directed behaviors; scratching; monkeys; contagion; negative arousal; conspecific observers, 12756
social contagion; time perception; cognition; word puzzles; mood; social interaction, 10493
social response context model; social influence; cultural evidence; compliance; contagion; independence, 22311

Content Analysis [See Also Discourse Analysis]—Serials

antifactual content; information researchers; public policy; marketplace information; consumer information; advertisers; policymakers; advertising content; loophole claims, 20999
beauty and thinness messages; children's media; young; body image concerns; desire for thinness; avoidance of obesity; body preferences and stereotypes, 28106
computerized content analysis; leadership research; leadership; linguistic basis; President Bush; rhetoric; media coverage; 9/11 attack; symbolic elements; contextual elements, 21954
conversation; conversational context; rule-governed conversation; venue conversation; participation shift; individuals; group conversation order; group conversation differentiation, 1179
dynamic psychotherapy; outpatient treatment; social behavior; structural analysis; dream analysis; dream interactions; content analysis; psycho-oncology, 24539
folktales; geographic regions; cultural complexity; literary scholars; physical attraction; human nature; altruism; sex differences, 13303
fundamentalist christians; network television; television news; reporting bias; content analysis, 18882
indirect aggression; content analysis; media; British television programs; social aggression; British adolescents; gender differences; attractive aggressors, 21988
Journal of Cross-Cultural Psychology; empirical studies; psychological studies; cross-cultural psychology; historical analysis; content analysis, 22184
meaning constructs; bereavement adjustment predictors; content analysis; risk factors, 28466
National Collegiate Athletic Association News; intercollegiate athletics; gender representation; female athletes; gender equality; media coverage, 24892
nonliteral imagery; perceptual performance; texture segmentation; multisensor fusion; usefulness evaluation; multisensor imagery; region recognition; color rendering; scene content; image-rendering, 24374
orchestral compositions; graphic representations; pictures; abstract repesentation; college students; content analysis; musically trained participants; untrained participants; representation styles, 21944
Professional Psychology Research & Practice; content analysis; sample analysis; diversity; readers, 5747
proverb interpretation; schizophrenia patients; cognitive processes; symptomatology; psychiatric patients; word association, 7900
public health; content analysis; news; media advocates, 10118
qualitative data analysis; software tools; word-processing functions; Microsoft Word, 18216
reality monitoring scoring; social skills; criteria based content analysis; lie detection; age differences; coaching, 18985
sex differences; mate choice criteria; folktales; mate preferences, 22286
speech content analysis software; feigned depression; lexical choices; transcript analysis; neutral stimulus, 33466
tailored broadcast news; broadcast news sources; program content; user modeling; personalcast; broadcast news understanding system, 34235
television documentary; health consumer; socio-economic groups; medical doctors; image; televised depictions, 867

television genre viewing; need for gratification & cognition; selection; activity, 24893
video games content; video game ratings; content descriptors; teen ratings, 14878
Content Analysis (Test)—Serials
construct comparability; PIB/SpEEx Stress Index; job applicants; cultural groups; public safety sector; security sector; psychometrics, 21206
cross-cultural comparison; factorial invariance; Multidimensional Students' Life Satisfaction Scale; psychometric properties; korean students; US students, 27298
insomnia; cancer patients; criterion validity; insomnia detection; cancer screening; ambulatory oncology clinics, 3150
multiple sclerosis; MS; walking ability; patient-based measure; test development; test evaluation; content analysis, 3141
Content Validity [See Test Validity]
Contextual Associations—Serials
affective meaning; memory; contextual information; word meaning; spatial location; color; encoding conditions; emotional words, 24490
age differences; context-induced biases; source monitoring; accountability timing; older adults, 21330
aging; memory for time; distance-based processes; location-based processes; age-related differences; recognition memory; episodic memory; contextual information, 27530
aging; script memory; typical actions; atypical actions; typicality effect; event recognition; age differences; memory impairment, 12711
amodal completion; context effects; visual search, 24396
amphetamine; drug sensitization; rats; chloral hydrate; contextual input; drug pretreatment; locomotion, 797
C57BL/6J mice; cocaine; conditioned drug effects; Pavlovian conditioning; contextual sensitization; US-CS pairings; number of drug-context pairings; conditioned responses; extinction; testing context, 3944
categorization models; general recognition theory; categorization behavior; exemplar-based models; stimulus classification; assignment probabilities; rule-based prediction; generalized context model, 12669
communication; linguistics; pragmatics; language; context, 21951
computer simulations; theoretical models; uniform background; nervous system; motor response; context; stimulus; neural networks; background synaptic activity; switching between dynamical states, 3092
conditioned taste aversion; rats; context exposure duration; conditioned responding; context associations; contextual cues, 9753
context effects; recognition memory; familiarity; recollection; dissociation procedure, 33866
context memory; binding; context-memory hypothesis; schizophrenia; contextual information; memory, 25688
context memory; item memory; contextual information; encoding; context memory; color; location; background color; cue-word color, 24507
context processing; dorsolateral prefrontal cortex; schizophrenia; cognitive deficits; evoked potentials, 7885
context sensitivity; autistic spectrum disorders; individual differences; perceptual styles; size perception, 32011
context similarity; renewal; fear; relapse; phobias; animal models; conditioned suppression; rats, 3575
context use; control children; pragmatic comprehension; specifically language impaired children; SLI children; contextual processing, 8103
context-dependent memory; context-dependent forgetting; context familiarity; context effects; mental visualization; environmental context, 3384
context-dependent olfactory learning; Gryllus bimaculatus; crickets; odor preference; conditioned stimulus; unconditioned stimulus; illumination; dark; light conditions, 24570
context; cognitive processes; rationalism; epistemology; ethics; communication, 21952
context; item interactions; false memories; cued recall; episodic memory; semantic memory, 9724
context; verbal short-term memory; contextual information; encoding; storage; stimulus grouping; color, 18397
contextual conditioning; conditioned stimulus; learning; age-related differences; infant rats; adult rats, 9755
contextual influence; reproductive wellness; health; community-level influences, 11742
contextual influence; semantic knowledge; discourse context; lexical access; active memory; eye tracking; comprehension; world knowledge, 18856
contextual serial discrimination; spatial memory; mice; gamma aminobutyric acid; benzodiazepine receptors; p-carboline-3-carboxylate, 21818
contextualization; code switching; textualization cue; pragmatics, 15853
conversation; context; frame; activity; genre; job interview, 21963
coping; coping dispositions; coping skills; adaptive functioning; stress; context; stressful life circumstances; coping styles, 7689
coping; disposition; context; coping styles; coping responses; stressful encounters; personality; personality traits, 7690
crossvergence; task perception; contextual performance; expatriate managers; effective performance; Western managers; Thai cultural environment, 33248
deficient behavior context; source remediation; functional assessment process; positive behavior support; problem behaviors; support receipients; person guided assessment; special education students, 12214
discourse context; modifier relation frequency; conceptual combination; noun phrase interpretation, 27496
familiar person remembrance; semantic dementia; role of context; recall knowledge, 26145
familiarization time effect; retention interval; context change; adult performance; visual paired-comparison task, 18399
fear-relevant stimuli; preferential processing; identification speed; fear module; fear processing; visual search task; set size effect, 33662
gender discrimination; children perceptions; contextual information; gender attitudes, 31257
Implicit Association Test; categorization; concept association; affective valence; racial stereotypes, 25298
incidental context; memory; retrieval process; motor programming; motor buffer; incidental contextual changes, 27483
information processing; behavioral mimicry; context dependence; field dependence; cognitive style, 12678
intellectual structure; multiple intelligences; Six Arts program; ancient Chinese educational program; Gardner's theory; Lin Chongde; theory of intelligence; contextual influences, 10171
interlinguistic variation; second language speech act behavior; contextual variables; addressee status; addressee gender; English as second language, 28029
item associated context and ensemble model; environmental context; recognition memory; cue-overload hypothesis, 12706
Japanese language learners; word morphology; novel Kanji compounds; words in isolation; contextual clues; Chinese characters, 7331
knowledge representation; reasoning; context; theories, 21955
latent inhibition; preexposure; context effects; context specificity; conditioned lick suppression; rats, 9777
lateralized prefrontal memory; monitoring processes; prefrontal cortex; recognition judgments; judgment of frequency; item familiarity, 30844
lithium chloride; conditioned taste aversion; associative interference; contextual discrimination learning; fluid ingestion; rats, 3936
meaning; alphanumeric-colour synaesthesia; digits; letters; colored ambiguous graphemes; stimulus context; color; photisms, 8345
measurement context effects; consumer attitudes; context questionnaire items; price; brand; store; perceived quality; perceived value; willingness to buy; causal models, 21209
mental operators; use specificity; task performance; acquisition context; natural order of events; prognosis task; retrognosis task; digit pairs; causal context; neutral context; reasoning; practice, 24455
mere acceptance effects; Implicit Association Test; categorization; attitude; affect, 24453
Minspeak icons; tertiary education; Unity software; cultural context; associations; vocabulary, 24097
mother child interaction; contextual variability; conversation; speech patterns; maternal speech, 10113
motor behaviors; viscous force fields; acquisitional switching; contextual switching; multiple internal models; elbow joint movements; humans; brain, 6569
multi-object naming; contextual priming; positron emission tomography; picture naming; neural substrates; brain electrical activity, 12878
nicotine; contextual fear conditioning; ethanol-induced deficits; learning; ethanol-nicotine coadministration; mice, 7189
nonword naming; Dual Route Cascaded model; stimulus quality; skilled readers; neighborhood density; additive effects; reaction time; word frequency; spelling sound regularity; nonword letter length, 15297
object recognition; visual perception; contextual processing; scene perception; neuropsychology, 33705
object-based attention; configural prioritization; contextual prioritization; stimulus onset asynchrony, 27577
online behavior recategorization; dispositional inferences; behavior categorization corrections; video corrections; contextual influence, 1226
operant conditioning; infant memory; generalization; cues; deferred imitation; context, 31157
Pavlovian conditioning; associative processes; clasical conditioning, 33937
philosphy of language; context, 21969
pragmatics; context; facts, 21966
racial bias patterns; context evaluations; differential evaluations; role cues; student roles; factory worker; prisoner; churchgoer; social roles; automatic evaluation, 28416
racial profiling; theoretical rationale; contextual examinations; local area profiling; community context; community-level processes; theory links; Miami-Dude County neighborhoods, 28228
reading purpose; text processing strategies; topic knowledge; memorization; elaboration; high school students, 23869
reinstatement; causal learning; context change; interference, 414
resource motivation; social context; mice; consumer demand studies, 3488
retrieval induced forgetting; cued recall; retrieval inhibition; context, 33873
retrieval strategies; semantic associates; association encoding; voluntary retrieval; encoding deficits; memory tests; age effects; cued recall; level of processing; free association; priming, 30735
schizophrenia; pathophysiological mechanisms; disorganization syndrome; contextual information; language disorders; semantic priming; theory of mind; Bleulerian approach, 4625
second language acquisition; interactional context; dialogue; non-native speakers, 21978
semantic context; memory; verbs; nouns, 33806
semantic context; schizophrenia; multiple remote primes, 25619
sequential action; connectionist approach; temporal representations; models; network mapping; contextual information; apraxia, 15282
source monitoring; false recognition; verbal contexts; semantic categorisation; contextual information, 27533
spacing effects; free recall; contextual change; repetition, 24519
strategic self-presentation; social intelligence; performance expectations; social orientations; carryover effects; social transparence; socially impenetrable; context, 1223
temporal memory; item memory; recognition memory performance; memory for context; adult age differences; free recall, 906
type shifting verbs; context effects; verb processing; lexical semantics, 27984
unconscious expressive cues; contextual meaning; brow tension; head shaking; subliminal smile, 10554
verbal context; olfactory perception; olfactory stimulation; odor hedonic perception; natural odors; synthetic odors; source information; hedonic ratings; olfactory evaluations, 3308
working memory capacity; pragmatic inference; pragmatic implication; sensitivity; logical responses; children; felicitous statements; pragmatically enriched contexts; adult response inhibition, 24944
Contextual Associations—Chapters
Contextual shape processing in human visual cortex: Beginning to fill-in the blanks, 15632
Episodic action memory: Characterization of the time course and neural circuitry, 3757
Self-regulation: Context-appropriate balanced attention, 12691
The size of context effects in social judgment, 4409
Contingency Management [See Also Token Economy Programs]—Serials
academic behavior; reinforcement contingency; task difficulty; response allocation, 18926
aging; causal contingency; contingency detection; causal learning; response outcome contigencies; age differences; response rate; response rate adaptation, 15972
behavior change; token economy effectiveness; change perception; problematic classroom behavior; treatment acceptability; child behavior; preschool children; contingency management, 26298
cocaine abuse; voucher-based reinforcement; contingency management; reinforcement therapy; schizophrenia, 17439
conditioned stimulus; unconditioned stimulus; reciprocal relationship; Pavlovian conditioning; positive contingent stimulus; contingency sensitivity; trial marker; associative explanations; rats, 27626
contingency management intervention; job attendance; tardiness; work shift completion; chronic unemployment; substance abusers; therapeutic workplace; female workers, 11029
contingency management interventions; community reinforcement approach; vouchers; cocaine dependence; women; rewards, 20658
contingency management interventions; rewards; tobacco smoking; smoking cessation; drug addiction; substance use, 23615

contingency management techniques; methadone maintenance; punctual counseling attendance; fixed rate of reinforcement; variable rate of reinforcement, 11933
contingency management; escalating value; urine tests; buprenorphine maintenance; heroin users; cocaine users; desipramine, 17433
inpatient treatment; behavioral treatment; choking phobia; children; contingency management; in vivo exposure, 26295
prize reinforcement contingency management; cocaine use; treatment efficacy, 29805
socially modifiable contingencies; mental health; substance use, 17355
Contingent Negative Variation—Serials
alcohol intake; blood alcohol concentrations; contingent negative variation; personality profile, 34146
auditory event-related potentials; music perception; expectation; mismatch negativity, 12917
brain maturity; event-related potentials; frontal lobe development; contingent negative variation; error-related negativity; novelty P300 data; electrophysiology, 24740
brain symmetry; lateralized event-related potentials; topographic analysis; lateralized readiness potentials, 6961
central nervous system; reaction time; action preparation; event preparation; temporal preparation; potentials; motor actions; lateralized readiness potential; contingent negative variation, 34090
contingent negative variation; two-choice reaction; temporal variation; motor activation, 30908
event-related potentials; contingent negative variation; time processing; timing capacities; CNV amplitude; temporal accumulator; temporal estimates; positive polarity; time-based decision making, 34091
lateralized readiness potential; reaction time; event related potential; task processing; task switching; task cueing; stimulus-locked; response-locked; switch cost, 3778
lie detection; contingent negative variation; face familiarity, 7126
self-paced movement; bilateral sources; movement related potentials; readiness potential; supplementary motor area; primary motor cortex; readiness potential; subthalamic nucleus; ipsilateral cortex, 35620
slow potentials; anticipatory behavior; future directed behavior; readiness potential; contingent negative variation; Parkinson's disease; brain stimulation, 34086
stimulus analysis; response organization; Contingent Negative Variation; extraversion; cognitive information processing; motor preparation; event related potentials, 15710
temporal organization; covert motor processes; response selection; response preparation; movement related brain potential; reaction time, 7135
Continuing Education [See Also Inservice Training]—Serials
action phases model; continuing education implementation; goal intention; goal-directed actions; vocational retraining; goal setting; goal implementation intention, 17618
clinician beliefs; dementia care; health educators; Alzheimer's disease; continuing education; clinician practices, 26841
continuing education programs; workplace; interactive television technology; geriatrics service providers; distance learning courses, 8937
Houston Conference on Specialty Education and Training in Clinical Neuropsychology; neuropsychologists; Clinical Neuropsychology Synarchy; education, 23709
medical education; professionalism; medicine; practitioners; practice behaviour; needs assessment; professional competence, 26818
occupational therapy; barriers; evidence-based practice; occupational therapists; knowledge level; continuing education, 17465
palliative care; test instrument; self-efficacy; nurses; continuing education program; test development; expertise; insight, 21079
professional ethics; value judgments; continuing professional education; clinicians; medical education, 32886
Continuity of Care [See Continuum of Care]
Continuous Reinforcement [See Reinforcement Schedules]
Continuum of Care—Serials
Canada; residential continuing care; hospitals; hospital utilization; continuing care resident population; continuing care beds; mortality, 17407
child to adult transition; adult services; transition continuity, 35782
continuity of care; mental health services; service delivery; client perception; severe and persistent mental illness, 35749
in-home continuing care; substance use; family environment; spousal relationships; family members; drug rehabilitation, 35876
palliative care; continuing care; social care professionals; professional development; decision-making process; district nurses, 7605
self-report; community mental health services; persistent mental illness; continuity of care; test validity; test reliabilty, 30403
Contour [See Form and Shape Perception]
Contour Perception [See Form and Shape Perception]
Contraception [See Birth Control]
Contraceptive Devices [See Also Condoms, Oral Contraceptives]—Serials
Community Awareness Motivation Partnership Teen Theatre intervention; CAMP; safe sex behavior; adolescence; health promotion; contraceptive use; behavioral ecological model, 2438
contraceptive counseling; abortion clients, 20560
contraceptive distribution system; teenage pregnancy prevention; school based clinics, 11738
contraceptive needs; teenage pregnancy; sexually active teens; contraceptive methods; nursing, 23503
contraceptive self-efficacy; adolescents boys; adolescents girls; contraceptive use, 16023
contraceptive use; illiterate women; family planning, 7592
contraceptive use; pregnancy; dual method use; condoms; age differences; intrapersonal factors; relationship characteristics, 25218
highly active antiretroviral therapy; unprotected sexual intercourse; sexual risk behavior; HIV transmission; viral load; HIV serostatus; unsafe sex, 29464
pregnant teens; contraceptive use; school based intervention; parenting teens; desire for more children; family planning., 28096
Contracts (Psychological) [See Psychological Contracts]
Control (Emotional) [See Emotional Control]
Control (Locus of) [See Internal External Locus of Control]
Control (Self) [See Self Control]
Control (Social) [See Social Control]
Control Groups [See Experiment Controls]
Controls (Instrument) [See Instrument Controls]
Convergent Thinking [See Inductive Deductive Reasoning]
Convergent Validity [See Test Validity]
Conversation—Serials
Adlerian theory; conversation; individual psychology; early recollections; early memories, 32234
adolescent parent communication; verbal conflict; conversational styles; disgust emotions; hostile emotional expressions, 34482
adult-child talk; talk timing; children's event memory; event recall, 31162
assistive devices; natural conversation; communication aids; conversational pragmatics; non-speaking users; transactional goals; interactional goals, 14303
behaviors; emotions; mother-daughter ties; late life; conversation, 4241
blinking behavior; listening; speaking; mental states; heart rate; English conversation; Japanese conversation, 33657
code switching; inter generational communication; acculturation; immigrants; family conversations; grandparents; grandchildren; parents, 15873
coffeetalk; commercialization; casual conversation; United States; social interaction, 7497
cognitive theory; multimedia learning; personalized version; nonpersonalized version; narration; human respiratory system; conversational style; formal style; personalization; transfer tests, 23883
collaboration; human computer interaction; social interaction; communications media; electronic mail; talking; objects; customer interaction; technology; computer mediated conversation, 3038
collaboration; human computer interaction; social interaction; communications media; electronic mail; talking; objects; customer interaction; technology; computer mediated conversation, 3045
collaboration; human computer interaction; social interaction; communications media; electronic mail; talking; objects; customer interaction; technology; computer mediated conversation; medicine, 3046
collaborative language approach; institutionalized elderly; therapy; depression; conversation, 20147
colleagues conversations; collaboration; social workers; dialogue; colleagues divergent views, 8950
communicative intent; conversation; judgments, 25251
conversation analysis; social interaction; gender ideologies; Japanese society; feminism; phone-in conversation; television program, 22248
conversation; context; frame; activity; genre; job interview, 21963
conversation; conversational context; rule-governed conversation; venue conversation; participation shift; individuals; group conversation order; group conversation differentiation, 1179
conversation; conversational norms; unwritten communication rules; redundancy avoidance; need for cognition, 21965
conversation; first impressions; get-acquainted conversations; relationship development, 25285
conversation; gossip; social group bonding; social grooming; human interaction; social networks; evolutionary perspective, 22274
conversation; humor; joking, 7332
conversational floor; conceptualization; classroom activities, 33163
conversational laughter; acoustic parameters; occurrence features, 25290
conversational model; psychotherapy; consciousness; conversation; ecology; relatedness, 23141
conversational sequence; interlocutors; irony; sociolinguistics; cognition; response, 7326
cross-cultural pragmatic; politeness maxims; sociopragmatic interactional principles; culture; conversation constraints; interaction principles; interrelationships, 4058
discourse performance; closed head injuries; generative story narratives; story retelling; conversation; discourse analysis; grammar; cohesion, 16745
discourse structures; narratives; preschool children conversations; daily interactions; metadiscourse comments, 24959
electronic mail; e-mail; talking; objects; conversation, 3041
evaluative metadiscursive comments; face-work; conversational discourse; conversational interaction; speakers; sociolinguistics, 4355
Finnish speakers; aphasic speakers; word searching; syntactic construction; sequential construction; lexical elements; conversation, 26140
first impressions; unacquainted opposite gender pairs; conversation; extroversion; cheerfulness; attractiveness; galvanic skin response, 31512
gender differences; child-parent interaction; gender socialization; conversation; parental gender, 34512
gender; humor; social context; conversational humor, 7318
general practice consultation; opening sequence; conversation rules; conversation analysis; mutuality, 5422
grammatical structure; turn-taking system; pitch accents; speech melody; boundary tones; task-oriented dialogues; syntax, 21957
humorous exchanges; telephone conversation openings; semantico-pragmatic theories of humor; conversation analysis; young adults, 22280
impressions; initial encounters; young men; young women; conversations; unaquainted individuals; social attractiveness, 25255
Japanese pronouns; conversation, 10107
learning disabilities; personal narratives, 25972
limb apraxia; conversational gestures; pantomime; nonfluent aphasia; hand gestures; meaning, 16577
marriage narrative; courtship; conversation analysis methods; ethnomethodological analysis; narrative analytic research; identity work, 31020
meaning-making; counseling; counselors; professional development; conversations; hermeneutics, 2638
mediated conversation; human computer interaction; talking; things, 3040
methodological implications; Gadamers notion of statements; statements; speculative language; phenomenological research; phenomenological methods; conversational approach; reflexivity, 27432
mind development; young children; conversational styles; mothers mental state; Maternal Mental State Input Inventory; mothers; children; theory of mind, 938
narratives; preschool conversations; multi-party talk-in-interaction; conversational narratives; linguistic structures; Turkish children; thematic relevance, 13190
Nepali requestive acts; Linguistic indirectness; politeness; speech acts; conversational goal; language use; sociocultural factors, 4059
object complements; infinitive production; conversation; five year old children; specific language impairments, 11119
ordinary conversational topics; second language forms; classroom discourse cohesion; grammar instruction; latency gaps; remedy sequences, 30066
parent-offspring communication; alcohol; drugs; drug prevention; drug prevention conversations; parent-offspring drug talks; drug use; health communication; narratives; conversation, 19065
pause length; conversational rate; aided conversation; stored utterances; social conversation; communicative competence; social effectiveness; voice output communication aid; VOCA, 7339
peer talk; child discourse; interdisciplinary approach; naturally occurring discourse; discursive skills, 24879
place; time; interactional resources; narrative; conversational stories; adolescent females, 18846
psychoanalytic interpretations; conversation analysis; patients experience; lexical choice; psychoanalysis, 32403
psychological terms; discursive psychology; pragmatics; mental states; conversation analysis; potential difference; thinking; understanding; intending; single utterance; inference making, 13122

reference resolution; collaborative task; eye movements; pragmatic effects; perspective; conversation; addressee interpretation; referential expression, 18862
research development programme; student supervisor relationships; Israeli PHD students; peer support; learning conversations, 12037
self-construal; meaning; conversational indirectness; messages; communication, 34219
single-word writing treatment; group treatment; conversational writing; aphasia; agraphia; copy & recall treatment; spelling, 2531
social constructionism; delusions; factualization devices; interpretation disagreements; delusional discourse; account negotiation; discourse analysis; account plausibility; account teller rationality, 22442
social constructionist approach; intersubjective understanding; conversational activity; discursive psychology; research interviews; discourse analysis, 1078
social conversation; topics; workplace; augmentative and alternative communication; South Africa, 24888
social interactions; probability theory; metaphors; social processes; gambling; statistical probability; epistemological probability; social scientific argumentation; social science research, 4186
sociometric membership group; computer-supported interaction; school setting; children, 26962
strategic responses; monolinguals; bilinguals; English speakers; German speakers; backchannel responses; Communication Accomodation Theory; backchannel responses; conversation, 849
survivors; memorable messages; religious faith; spirituality; final conversations, 28208
syllable magnitude; acoustic signals; articulatory signals; conversation; speech communication; jaw movement; time values; rhythmic organization; syllable timing; correction, 3341
talk; African Americans; communication; family members interaction; organ donation; organ donation willingness; family discussion; family communication; organ donors, 19043
team feedback; change management; intervention protocol; open dialogue; perceptual location; impeding issues; shared meaning, 27057
therapeutic conversations; client expertise; relational responsiveness; therapeutic dialogue; narrative therapy; therapist expertise; therapeutic practitioners, 35380
topic organization; role related topic control; dinner conversations; socialization; communicative styles; family discourse; linguistically different ethnic groups; Finnish; Swedish, 24889
topical profiling; everyday talk; conversation topics; topical patterns; topical emergence & co-ocurrence & inventories, 34225
training volunteer conversation; nursing home residents; Brocas aphasia; multi-modal communication, 29819
traumatic brain injuries; The Awareness of Social Inference Test; social cues; emotion recognition; social behavior; conversational inference, 27339
type-token ratio method; number of different words method; D method; productive vocabulary measurement; nonfluent aphasia; fluent aphasia; conversation; picture description; lexical diversity, 15144
unconscious conversation; analyst-analysand interaction; therapist patient relationship; mutuality; inequality; neuropsychobiological processes, 26330
virtue ethics; dialogue; reverence; community; philosphy; social theory, 7700
visibility; persistent conversation; distributed learning community; computer-mediated environments; speaker-audience relations; speaking participants; listening participants; online conversations, 13129
visual information; conversational resource; collaborative physical tasks; human computer interaction, 3042

Conversation—Chapters

Altercentric perception by infants and adults in dialogue: Ego's virtual participation in Alter's complementary act, 4091
Behavioral synchronization in human conversational interaction, 4391
The narrative solutions approach: Bringing out the best in people as they age, 16958
The problematics of dialogue and power, 15842
Strengths-based approaches to trauma in the aging: An Albanian Kosovar experience, 16974
Symmetry building and symmetry breaking in synchronized movement, 4388

Conversion Disorder [See Also Pseudocyesis]—Serials

behavioral treatment; psychogenic deafness; conversion disorder, 31706
comorbid factitious disorder; breast cancer; conversion disorders; psychiatric help; active dissimulation, 22794
conversion disorder; psychiatric comorbidity; frontal lobe pathology; diffuse axonal injury; neurological testing, 35171
conversion disorder; subtypes; reclassification, 4859
dissociative symptoms; conversion disorder; somatization disorder; dissociative disorders; differentiation, 19860
family functioning; psychological adaptation; children; conversion disorder; adjustment; psychopathology, 4872
globus hystericus; conversion disorder; differential diagnosis; psychological conflict; conversion disorder; esophagus, 13864
psychological distress; conversion disorder; somatization; physical symptoms; mood disorder; central nervous system; neurologic malfunction, 35191
unilateral functional weakness; sensory disturbance; long term outcome; prognosis; symptoms; Conversion Disorder, 22982

Conversion Hysteria [See Conversion Disorder]
Conversion Neurosis [See Conversion Disorder]
Conviction (Criminal) [See Criminal Conviction]

Convulsions [See Also Audiogenic Seizures]—Serials

adjunctive oxcarbazepine; anxiety disorder; affective disorder; hypoantremic seizure; comorbidity, 11508
agmatine effect; seizure susceptibility; mice; pentylenetetrazole; PTZ; PTZ-induced seizures; adrenoceptors involvement; L-arginine pathway; NO pathway; L-NAME; N-nitro-L-arginine; nitric oxide, 7171
agmatine; anticonvulsive effect; convulsion; L-arginine decarboxylase; mouse maximal electroshock; mouse glutamate-induced convulsant; tonic convulsion times; clonic convulsion times; dose dependent, 13083
alcohol withdrawal syndrome; liver disease; seizures; disordered perceptions; delirium; heavy drinkers, 19646
amiloride; neuropharmacology; rodent models; epilepsy; increasing current electroshock & pentylenetetrazole-induced seizures; mood; memory; grip strength; rotarod performance; animal behavior, 24776
androgens; hippocampus; ictal activity; seizure, 31001
anticonvulsant activity; N-acetyl-1-aryl-6,7-dimethoxy-1,2,3,4-tetrahydroisoquinoline; mice; quinoxaline; benzodiazepines; seizure models; diazepam; GABAergic neurotransmission; NMDA-induced seizures, 12995
anticonvulsant effect; maximal electroshock seizure; kappa opioid agonist; U50488H; gamma-aminobutyric acid; N-methyl-D-aspartate; mice, 749
anticonvulsant prophylaxis; brain tumour; seizures; drug therapy, 23395
anticonvulsant therapy; anticonvulsant drugs; epilepsy; epileptic seizures; stroke-related seizures, 5021
anticonvulsant treatment; neonatal seizures; benzodiazepines, 29461
antidepressant drugs; brain regions; brain-derived neurotrophic factor; antidepressant-like effects; electroconvulsive seizures; major depressive disorder; efficacious interventions, 694
antiepileptic drugs; long-term memory; anticonvulsant activity; passive avoidance task; astemizole; histamine antagonist; maximal electroshocks; mice; epilepsy, 788
aromatase inhibition; testosterone; seizures; brain excitability; temporal lobe epilepsy; sexual dysfunction; letrozole, 22947
benign epilepsy centrotemporal spikes; side effects; benign rolandic epilepsy; treatment; childhood epilepsy; levetiracetam, 17145
binding; convulsion; glutamate; MK-801; DNQX; intracerebroventricular administration, 3978
cell proliferation; rat hippocampus; antidepressant treatment; dentate gyrus; major depression; bipolar disorder; electroconvulsive treatment; animal models; neurobiology, 3731
cerebral activated regions; vagus nerve stimulation; epilepsy patients; seizure, 22969
childhood epilepsy; perinatal asphyxia; neonatal seizures; motor disability; neurodevelopment; Bangladesh, 8208
cholera toxin; bicuculline seizures; prenatal morphine; saline; male rats; stress, 18798
clonic seizure; anticonvulsant effect; pentylenetetrazole; benzodiazepine receptors; flutamide; mice; transauricular electroshock; neurotoxicity, 12969
cognitive behavioral therapy; treatment effectiveness; dissociative seizures; psychosocial functioning; employment status; mood, 20179
cognitive performance; bipolar depression; vascular disease; nursing home; antiepileptic drug; AED; residents; United States; epilepsy; seizure, 2163
complex partial seizures; lateral ventricles; periventricular heterotopia; neuronal nodules; mutations; cortical malformations; 5p chromosome anomalies, 13998
corticosterone; spike-wave discharges; rats; childhood absence epilepsy; seizure activity; excitatory amino acids, 31007
depressive symptoms; hippocampal sclerosis; auditory memory; seizure focus; temporal lobe epilepsy; side of seizure, 35277
diagnosis accuracy; epilepsy diagnosis; epileptic seizures; paroxysmal events; diagnostic validity; children; single seizure, 14008
dose; time; 7-nitroindazole; picrotoxin-induced convulsions; memory formation; brain nitric oxide synthase activity; nitric oxide concentration; rats, 12743
early seizures; late seizures; cryptogenic ischemic stroke; young adults, 4949
electroconvulsive seizures; cell proliferation; glial cells; adult rat; amygdala; glial pathology; major depressive disorder; glial cell proliferation; severe depression, 18623
electroconvulsive seizures; endothelial cell proliferation; rat hippocampus; dentate gyrus; neurogenesis; animal models; electroconvulsive treatment; major depression, 15651
electroconvulsive therapy; anaesthetic agents; etomdate induced seizure like activity; clinical case studes; anaesthesia side effects, 2256
electrophysiology; focal clonic seizures; subthalamic nucleus; focal epilepsy, 22946
epilepsy surgery; focal cortical dysplasia; magnetic resonance imaging; circumscribed lesionectomy, 14275
epilepsy surgery; focal epilepsy; disorder onset; seizures, 35619
epilepsy; animal models; seizures; cognitive damage; behavior impairments, 18583
epilepsy; intracerebral EEG activity; seizures; stereoelectroencephaolgraphic signals; SEEG, 23017
epilepsy; seizure; atropine methyl bromide; rats; posticta cardiac arrhythmia; pharmacologic blockage, 12984
epileptic seizure; seizure onset detection; patient-specific detection method; electroencephalography, 35323
epileptic seizures; psychogenic pseudoepileptic seizures; somatisation; health; differential factors; hypochondriasis; somatic complaints; organic symptoms, 16807
epileptiform EEG; cognitive impairment; cognitive function; seizures; transient cognitive impairment; epilepsy, 19943
expressive aprosody; amusia; right temporo-occipital seizures, 16736
extended-release formulations; management strategies; antiepileptic drug therapy; diagnosis; treatment; seizure disorders; epilepsy; prevention; side effects; compliance; quality of life; satisfaction, 26502
febrile convulsions; aggressive behavior; affective disorder; psychotic disorder; topiramate; epilepsy; tonic-atonic seizures; lamotrigine; clinical history, 14167
febrile seizures; family history; clinical characteristics; neurological status; FSs; patients; epilepsy, 16819
felbamate; carbamazepine; phenobarbital; phenytoin; clonazepam; behavioral correlates; electrographic correlates; seizures; amygdala-kindled rats; conventional antiepileptics, 24788
focal tonic-clonic seizures; carbamazepine; clonazepam; focal reflex proprioceptive seizures; right hand posture, 11673
full moon; seizure frequency; lunar cycle; nonepileptic seizures; epileptic seizures; myths, 35255
functional magnetic resonance imaging; porencephalic cyst; seizures; cerebral cortex; cerebral plasticity, 11238
generalized tonic-clonic seizures; electroconvulsive therapy; cortical-subcortical networks, 13976
genotype; generalized tonic-clonic seizures; intractable childhood epilepsy; severe myoclonic epilepsy; development; children, 22933
group psychoeducation; psychological nonepileptic seizures; group psychotherapy; quality of life; coping strategies; psychopathology, 35480
guanosine administration; seizures; body weight; lethality; locomotor activity; motor coordination; anticonvulsant effect; amnesic effect; glutamatergic excitatory system; epilepsy; anxiety, 13094
hippocampal atrophy; familial mesial temporal lobe epilepsy; FMTLE; seizure type; hyperitense T2 signal, 5016
idiopathic generalised epilepsy; genetics; tonic clonic seizures; postictal electroencephalogram, 13974
ketogenic diet; early anticonvulsant reduction; late anticonvulsant reduction; seizures, 35683
knockout interleukin-6; seizure susceptibility; convulsant stimuli; animal strain differences; mice, 27874
L-type calcium channel activator; dimemorfan; seizures; mice; locomotor activity; drug dosages; BAY k-8644, 31008
levetiracetam; Creutzfeldt-Jakob disease; antiepileptic drug; neurological conditions; myoclonus; drug effectiveness, 16774
levetiracetam; seizures, 11644
long-term social isolation; picrotoxin seizure susceptibility; endogenous brain allopregnanolone; GABAergic systems; gamma-aminobutyric acid; 5 alpha-reductase; SKF105111; GABA receptor antagonist, 753
long-term tolerability; lamotrigine; drug efficacy; drug therapy; partial seizures; adult patients, 14262
loss of awareness; nonepileptic spells; epilepsy; seizures; narcolepsy, 11161

magnetic seizure therapy; transcranial magnetic stimulation; electroconvulsive therapy; seizure characteristics; electrophysiology; cognitive side effects; major depression, 1432
medial frontal; frontal lobe epilepsy; right frontal lobe; cingulate gyrus; frontal area; pilomotor seizures; patient; multifocal hyperperfused area, 16821
mental retardation; symptomatology; assessment; seizures; epilepsy; anitepileptic drugs, 32040
MMPI; MMPI-2; Minnesota Multiphasic Personality Inventory; epileptic seizures; psychogenic non-epileptic seizures; differential diagnosis; decision rules, 4983
morphinan derivatives; dextromethorphan; psychotropic effects; locomotor activity; anticonvulsants; electroshock convulsions; mice, 21859
myoclonic jerks; antiepileptic drugs; seizures; levetiracetam monotherapy; epilepsy; generalised tonic-clonic seizures, 17157
Napoleon Bonaparte; psychogenic seizures; epileptic seizures, 11257
neuronal aggregate formation; spatiotemporal dynamics; nonsynaptic seizure initiation; seizure frequency; seizure amplitude, 21542
neuropsychological deficits; neuropsychological effects; mental abilities; seizures; epilepsy, 19971
Niemann-Pick disease type C; neurometabolic disorder; cognitive decline; movement disorders; ataxia; chorea; dystonia; myoclonus; vertical supranuclear gaze palsy; seizures; psychosis; dyskinesia, 16779
nimodipine; behavioral sequalae; experimental status epilepticus; prepubescent rats; calcium channel blocker, 21879
non-barbiturate injectable anesthetics; conventional antiepileptic drugs; electroshock test; mice; isobolographic evaluation; seizures; electroconvulsions, 18712
nonepileptic seizures; antiepileptic drugs; Indian population; patients; prevalence; psychosomatic; short-term video electroencephalography; convulsions; screening, 1859
pentylenetetrazol induced kindling; cortical nitric oxide synthase; intracellular calcium; glutamate; free radicals; mice; nifedipine; taurine; seizures, 15432
pentylenetetrazole-induced status epilepticus; behavior; emotional memory; learning; rats; seizures, 24800
pentylentetrazol; convulsions; cerebrovascular integrity; chronic nicotine; seizures; blood-brain barrier; nicotine pretreatment; rats, 27949
pharmacological modulation; gamma aminobutyric acid receptors; cocaine-induced seizures; mice, 27885
posttraumatic stress disorder; dissociative symptoms; childhood sexual abuse; nonepileptic seizures; epileptic seizures; human sex differences, 11244
pregnancy; spike wave discharges; serum concentrations; ovarian steroid hormones; absence seizures; progesterone; estradiol; rats, 27835
progestins; protective effects; adrenalectomy; cell death; progesterone; progesterone metabolites; dihydroprogesterone; 5alpha-pregnan-3alpha-ol-20-one; 3alpha,5alpha-THP; hippocampus; seizure, 31002
prophylactic anticonvulsants; brain tumour; seizures, 23372
pseudoseizures; asthma; sexual abuse; risk factors; epilepsy, 22799
pseudoseizures; epileptic seizures; hysterical stridor; asthma; sexual abuse; eating disorders; depression; substance abuse; anxiety disorders; personality disorders, 22821
pseudoseizures; intractable seizure disorder; profound mental retardation; medical diagnoses; behavioral treatment, 5214
psychogenic nonepileptic seizures; obesity; epilepsy; somatoform disorders, 13870
psychogenic nonepileptic seizures; secondary conversion symptoms; children, 11286
psychogenic pseudoseizures; neurologists; psychiatrists; diagnostic significance; video-EEG procedure, 17542
psychopharmacological treatment; hypersexual behavior; hypoxia; febrile seizure; developmental disabilities, 20130
psychopharmacology; anticonvulsants; seizure disorders, 20399
QTc prolongation; psychotropic drugs; drug overdose; ziprasidone; seizures; schizoaffective disorder, 26380
Rasmussen's syndrome; narcolepsy; cataplexy; epilepsy; seizures, 11159
rat hippocampus; cell division; electroconvulsive seizures; animal models; beta-catenin; neurogenesis, 3671
rats; ketamine; acepromazine; seizures; learning; neuromatrix; behavioral preservation; psychopharmacology; brain, 12996
rats; pentylenetetrazol; subcortical anterior thalamus; posterior thalamus; hippocampal bipolar electrodes; cortical EEG; seizure activity propagation, 15448
refractory partial seizures; vagal nerve stimulation; deep brain stimulation; antiepileptic drugs; epilepsy; seizures; brain nuclei; depression; brain stimulation, 14288
remote symptomatic epilepsy; seizure severity; epilepsy mortality rate, 5066
risk factors; febrile convulsions; family history; head trauma; childhood epilepsy; perinatal history; central nervous system infection; parental consanguinity, 16750
saline infusion; verbal suggestion; provocative test; nonepileptic attack; long-term outcome; patients; diagnosis; placebo effect; early intervention, 2322
seizure disorders; depression; quality of life; epilepsy, 13551
seizure onset; epilepsy onset; menarche; postmenarchial patients; developmental risk, 5014
seizure susceptibility; rat; hippocampus; gamma-amino butyric acid, 34034
seizures; nonketotic hyperglycaemia; NKH, 4897
self-reported neuropsychological functioning; epileptic seizures; psychogenic nonepileptic seizures; neurocognitive ability, 22930
serum prolactin levels; nonepileptic seizures; epileptic seizures; differential diagnosis, 35325
skeletal fractures; epilepsy; antiepileptic drugs; seizures; ataxia; neurological deficits, 20476
sleep deprivation; sustained-release bupropion; seizures; generalized tonic; smoking cessation; tonic-clonic seizure; female smoker, 5324
sleep-related hyperkinetic seizures; temporal lobe origin; nocturnal frontal lobe epilepsy; frenetic movements; hyperactive movements, 29160
speech representation; speech dominance; seizure focus; age of onset; handedness; laterality; sex, 5058
spontaneous seizures; kindled rats; axo-somatic inhibition; neuronal loss; neurogenesis; hippocampal circuits; axo-axonic inhibition, 21741
spontaneous seizures; lithium induced epilepsy; pilocarpine induced epilepsy; neuronal loss; right temporal cortices; rats, 34056
temporal lobe epilepsy; electroencephalography responses; temporal lobe seizures; lateralization, 8320
therapy; AED treatment; side effects; partial complex seizures; antiepileptic drugs; AEDs; Swedish adolescents; clinical diagnoses; epileptic seizure; primary generalised tonic-clonic seizures, 17192
tiagabine; gabapentin; drug interaction; electroshock seizure threshold; electroconvulsive threshold; combination ratios; seizures; adverse events; motor performance; long term memory; mice, 747
unprovoked epileptic seizure; leisure time; social activity; adult age; patients; leisure time activity; marital status; drivers license, 22968
unruptured intracranial aneurysm; middle cerebral artery; psychomotor seizures; behavioral & emotional changes; symptoms; right temporal lobe lesion; amygdala; etiology; diagnosis; treatment, 26152
vagus nerve stimulation; patients; epilepsy surgery; antiepileptic effect; psychotropic effects; complex partial seizures; post-ictal psychosis; depression; behavioral disorder, 22963

Convulsions [See Also Audiogenic Seizures]—Chapters
Music and the neurologist: A historical perspective, 8329

Cooperating Teachers—Serials
mentoring; mentor role; co-operating teacher; student teacher; moral support; trust; expertise sharing, 8981
parental attitudes; early childhood family helpers; cultural factors; family involvement, 28284

Cooperation—Serials
academic research; research collaborations; collaborative relationships; process framework; interpersonal collaborative processes; collaborative context; collaboration experience, 20787
alliance capability; alliance management techniques; alliance performance; organizational alliances; business alliances, 17820
altruism; conditional cooperation; cultural dynamics; cultural evolution; prosocial behavior; humans, 16131
apes; humans; communicative abilities; future directed cooperation; language evolution; symbolic communication; signalling; context independent representation; joint attention; shared representations, 3499
athlete-coach relationship; interpersonal constructs; interpersonal closeness; complementary roles; effective relationships; emotional closeness; athletic relationships, 9145
book review introductions, 32222
brown capuchin monkey; evolution of cooperation; inequity aversion; reward, 453
campus ministers; collaborative relationship; college counseling center personnel; referral; mental health services, 23940
childrearing practices; toddlers; psychosocial development; cross cultural differences; sibling relations; cooperation; comprehension; individual choice; responsibility; US; Guatemala, 1003
clergy personality; stable extraverts; collaborative ministry, 34670
clinician experiences; mentoring; family centered assessment; relationship based treatment; family therapy casebook; professional development; medical family therapy, 32365
collaboration; community leadership; African American community; action research, 26653
collaboration; community-based HIV interventions; community-based organizations; Latino youth; HIV prevention; adolescent sexual behavior, 26528
collaboration; human computer interaction; social interaction; communications media; electronic mail; talking; objects; customer interaction; technology; computer mediated conversation, 3038
collaboration; human computer interaction; social interaction; communications media; electronic mail; talking; objects; customer interaction; technology; computer mediated conversation, 3045
collaboration; human computer interaction; social interaction; communications media; electronic mail; talking; objects; customer interaction; technology; computer mediated conversation; medicine, 3046
collaboration; scientific creativity; interpersonal relationships; theory development; social psychology; social processes, 25274
collaboration; social interaction; mixed media environment; media space; human computer interaction, 3044
collaboration; teachers; speech language therapist; special education; children; language disorders, 14690
collaborative care; primary medical care; mental health care providers; family medicine residency practice; community mental health center; interprovider communication; outcomes, 32639
collaborative efforts; health promotion; competitive environment; nutrition agencies; joint campaigns; advocacy; autonomy; discredited market system; individual integrity, 17223
collaborative partnerships; family members; health & education & social service providers; parents; children with vs without disabilities, 11324
collaborative partnerships; school professionals; acountability; evaluation framework, 12105
collaborative research; experiences; judgment; uncertainty; decision making; framing effects; behavioral economics, 2588
colleagues conversations; collaboration; social workers; dialogue; colleagues divergent views, 8950
collective efforts; public goods game; volunteering; rock-paper-scissors dynamics; cooperation, 13438
communities; collaborative soil conservation; issue frames; framing; ongoing interaction; natural resources management, 27186
community research; community psychology; prehistory; personality; self-correction; trust, 26661
community research; decontextualized fashion; university-community partnership; family literacy intervention, 26660
computer-mediated communication; collaboration; communication tools; sound social spaces; virtual learning environments; student interaction, 36119
conflict resolution skills; student views; bullying; student-teacher collaboration; adolescent students, 2819
cooperation despite disagreement; healthcare; health care providers; health care patients; conflict resolution; bioethics; politics; morality; health care policy, 14615
cooperation; cognitive limitations; temporal discounting; numerical discrimination; memory; psychological constraints, 27680
cooperation; collaboration; disabled students; state services; transition from school to adult life, 20877
cooperation; psychological game theory; rationality; social interaction; rational choice theory; social dilemma, 16248
cooperative behaviors; economic perspective; evolutionary fitness; social cooperation; social dimensions; rats, 24549
cooperative exchange models; cooperative games; conflict measures; collective decision-making; group conflict, 13442
counseling psychology; school counseling; collaboration, 20693
education providers; healthcare service sector; sector collaboration; undergraduate education; psychiatric nursing; program evaluation, 29867
educational psychologists; productivity; collaborative work; published articles, 26837
evidence-based practice; probation work; group-work; supervising probationers; negotiated treatment; history; collaborative approach, 33438
evolutionary perspective; cooperative hunting groups; Indonesia; biological kinship; whale hunters, 4339
fairness-primed negotiator; reciprocity violation; negotiator behavior; buyers; co-operative behavior; price negotiations, 14835
family research; family therapy; practice; clinical knowledge; integration, 2060

formative classroom assessment; cooperative groups; Vygotsky; random assignment; group discussion; student attitudes; testing methods, 222
gender comparison; classroom activity centers; cooperative play; children cooperation, 13217
gender composition; gender differences; prosocial behavior; cooperation; loan repayment, 1173
goal interdependence; team performance; cooperation; independent goals; competitive goals; effective teamwork; organizational citizenship behavior; in-role; extra-role performance, 25286
goal setting; software development; team performance; teamwork quality; collaboration, 4358
graphic representations; drawing; mother child interactions; collaboration; learning; preschoolers, 959
group decision making; pattern recognition; resource allocation decisions; collaboration; group support systems; pattern sharing, 7614
health care delivery; rural communities; Rural Health Outreach Initiative; RHOI; interdisciplinary collaborations; professional education; social service needs; medical education; health care, 2437
health care organizations; interagency collaboration; social service agencies; collaborative projects; chronic care needs; older adults; service delivery; care delivery, 2435
health promotion partnership; Israel; inhibiting factors; multisectoral cooperation; health professionals; partnership enhancement, 17212
health psychology; public health sector; collaboration, 11619
helpfulness perceptions; conjoint behavioral consultation; teachers & parents perceptions; school system congruence; student needs, 27014
human resource management; knowledge management; organizational commitment; knowledge-sharing attitudes, 12271
infanticide; reproduction control; cooperative breeders; communal breeders, 24587
inquiry paradigm; collaborative process; positivist inquiry paradigm; post positivist inquiry paradigm; constructivist worldview; critical theorists, 2716
institutional racism; research centers; health research; urban health; Detroit; New York; Seattle; community-based participatory research; CBPR; collaboration principles; sustainable funding, 3285
inter-organizational cooperation; intra-organizational cooperation; agile manufacturing; competition; quality of production, 36407
interdisciplinary collaboration; social problems; thinking; community interventions; intrinsic creativity, 19011
interdisciplinary work; social workers; interdisciplinary collaboration; models; social work literature; professionals; interdisciplinary teams, 8945
interorganizational partnerships; social network theory; police department; community development; inchoate hierarchies; organizations in development; unstructured cooperation, 30228
interprofessional collaboration; professional psychology; consultation; psychologists, 26798
intrinsic motivation; recreational activities; intergroup competition; cooperation; performance; enjoyment, 22297
kin selection; kin discrimination; cooperative care for offspring by non-breeding kin; kin investment; W. D. Hamilton theories; vertebrates, 497
management consulting; story-telling; cooperation; impression manager, 27058
managerial control; social control; research-intensive industries; collaborative technology development strategy; collaborative research; research managers; chemical industry, 27055
masculinity; agarian; cooperative ways of organizing; contradictions; tensions; democracy, 33294
mathematical literacy; learning environments; designed learning; mathematical development; mathematical identities, 33055
meerkats; development; female helpers; rearing; cooperative behavior; body weight; involvement; foraging; individual differences; functional specialization; age differences, 491
memes; genes; negative reciprocity; coevolution; cooperative behavior; group norm, 28377
multi-party collaboration; social learning; interdependence; sustainable natural resource management; public interorganizational policy; private interorganizational policy; planning-implementation, 27184
multichannel service systems; sales service; customer interaction centers; service quality; partnership quality; image quality; performance satisfaction, 36405
Multisite Violence Prevention Project Collaboration; youth violence prevention; program evaluation, 17678
national cultural values; process discrepancies; outcome discrepancies; international strategic alliances; systems dynamic model, 36385
neural basis; altruistic punishment; social norms; dorsal striatum; human cooperation, 34011
non-zero-sum collaboration; reciprocity; cole relational functioning; friends, 25256
organization development; thought leaders; pioneers, 17878
organizational cooperation; consumer attitudes; consumer associations; cooperative business partners; asset sharing; asset management; brand equity; affiliates; models; trust; reputation, 6049
organizational cooperation; elderly protection; protective services; public welfare agencies; network structures; organizational roles, 32706
parent-school & community partnerships; human services professionals; families; community-based systems of care; at-risk youth; teachers; networking; children's mental health; inner city; parents, 26659
parent-school involvement; academic achievement; parental school involvement; developmental stages, 30036
postsecondary education; cooperative programs; individuals with disabilities, 20880
predation attempts; rescue cooperation; capuchin; animal defensive behavior, 18512
primary health care; international aid workers; international non governmental organizations; expatriate technical experts; social inequality; privatization, 23545
prospective middle school teachers; elementary middle school teachers; educational research projects; teaching science; science lessons; collaborative process; teacher researchers, 2722
public schools; child welfare agencies; collaborative efforts; caseworkers; educators; students; foster care; barriers, 5595
recruitment goals; community advisory board; adults; community-based health promotion; collaborative relationships; educational attainment; community senior center; intervention study recruitment, 2446
religious behavior; ritual performance; costly signaling theory; intra-group cooperation, 4212
resistance to collaboration; stakeholders' frames; environmental conflicts; Voyageurs National Park; mediation success; failure, 27179
resources; cooperation; problem solving; early marriage; marital problems; marital satisfaction; trust, 31353
sales distribution relationship; interfunctional climate; communication ease; cooperation; management, 36381
school counseling; school counselor training; counseling psychology; graduate training programs, 20739
school counseling; school counselor training; counseling psychology; graduate training; collaboration, 20726
school counseling; school counselor training; counseling psychology; graduate training; collaboration, 20728
school counseling; school counselor training; counseling psychology; graduate training; collaboration, 20713
school counseling; school counselor training; counseling psychology; graduate training; collaboration, 20710
school counseling; school counselor training; counseling psychology; graduate training; collaboration, 20715
school counseling; school counselor training; counseling psychology; graduate training; collaboration, 20724
school counselors; school psychologists; collaborative efforts; counselor education programs; school counseling graduates; school professionals, 23713
science; technology; society; international relations; education; collaboration fostering; problem solving, 31311
self-construal; cooperation; interdependent self; independent self; priming; social dilemmas, 31517
serious mental illness; methodological barriers; collaboration; illness pathways; schizophrenia; risk factors; vulnerability; models; prodromal research, 19452
services modernization; coordinated assessment; children; complex needs; families; key contacts; link workers; inter-professional working; health services; social care; organisational barriers, 35370
small firm clusters; trust; inter-firm cooperation; knowledge; institutions; party interaction, 14782
social dilemma; priming competence; cooperation, 25289
social interaction patterns; social science collaboration network; sociology; disciplinary cohesion; structure of ideas, 34592
social interdependence theory; research, 1185
social interdependence theory; research, 13433
social learning; integrated resources management; collective decision-making; resources management; urban water management, 27181
social origins; alliance formation; alliance origin effect; alliance performance; individual ties; biopharmaceutical R&D alliances; embeddedness approach, 12309
social parasitism; male-producing reproductive workers; eusocial insect; extreme cooperation; worker caste; reproduction; eusocial Hymenoptera; male offspring; bumble bee; Bombus terrestris; colonies, 30798
social psychology; research traditions; conflict resolution; nonhuman primates; sexual behavior; social behavior, 3539
social status; allostatic load; glucocorticoids concentrations; social conflict; stress hormones; social support; competition; animals, 18486
space activities; international space policy; science policy; technology policy; cooperation, 31300
speech-language pathologists; school counselors; collaboration; developmental school counseling; service delivery models; communcation disorders, 17766
Sri Lanka; cross-cultural research; capacity building; multidisciplinary research; bioethics; collaboration; multi-disciplinary team efforts, 6461
strategic alliances; firm value; electronic marketplace; e-commerce firms; marketing alliances; technology alliances, 30225
subgroup interests; reputations; organizational identification; cooperation; individual decisions; social dilemma; collective behavior, 30193
sustainability networks; intersectoral collaboration; sustainability communication; soloists; effective communication; marketers, 14854
teachers; social workers; interdisciplinary collaboration; service orientation; teachers socialization; students achievement, 10225
team effectiveness; cooperation; distributive justice; procedural justice; teams; rewards, 4381
team member attitudes; community-based teams; interdisciplinary collaborative teams; interprofessional collaboration; job satisfaction; complex primary-care patients; quality of care; communication, 35365
third-party sanctions; punishment; social norms; egalitarian distribution norms; cooperation norms; norm violation; norm enforcement; reciprocity, 22283
treatment effects; generalization effects; autism; errorless academic compliance training; cooperation, 14707
university collaboration; education courses; content knowledge; teaching practices; individual beliefs; mathematics learning, 23811
urban Indian child welfare services; child welfare agency; Native American community organization; child welfare; court personnel; culturally responsive curriculum; Indian Child Welfare Act, 5616
visual information; conversational resource; collaborative physical tasks; human computer interaction, 3042
working relationships; educational institutions; participatory research; health professionals; community groups; partnership principles, 8954
written agreements; resource sharing; interorganizational collaboration; organizational climates; organizational factors; school-to-work partnerships, 17863

Cooperation—Books

Group creativity: Innovation through collaboration, 1191

Cooperation—Chapters

Community concerns about participatory research, 18248
Complex cooperation among Taï chimpanzees, 6755
Ensuring diversity is positive: Cooperative community, constructive conflict and civic values, 5937
Family psychology in primary care: Managing issues of power and dependency through collaboration, 2609
Feminist perspectives: Empowerment behind bars, 18245
Juvenile male emigration from natal one-male troops in Hanuman langurs, 3558
Labor unions and occupational safety: Conflict and cooperation, 2913
Making it in the real world: Diverse models of collaboration in primary care, 2613
Presence technologies for informal collaboration, 2946
Prevention science: Participatory approaches and community case studies, 18243
Primary care psychology in independent practice, 2605
Student reflections on community research practices and their implications, 18236
Team resilience, 19227
University-community partnerships: A framework and an exemplar, 18246
Working together: Balancing head and heart, 20449

Cooperative Education—Serials

action research; work based learning; meta learning; pragmatic issues; workplace learning; student learning, 20826
cooperative learning program; school improvement program; cooperative task, 33078

Cooperative Learning—Serials

academic ability; cooperative learning approach; urban middle school literacy instruction; language expression; student team reading; student team writing; reading vocabulary, 17675
aphasia; cooperative group treatment; cooperative learning principles; small group interactions; individual accountability; positive interdependence; promotive interaction; communication skills, 26752
artificial intelligence; collaborative learning; learning activities; online student interaction; distance learning; knowledge sharing, 33100

asynchronous discussion; collaborative learning; networked learning; online communities; group awareness; role development; content analysis; critical event recall, 33062
collaborative inquiry learning; web-based learning; world wide web; knowledge exploration; exploratory problems; explore; think, 17622
collaborative knowledge; educational dialogue; knowledge development; online peer discussion; critical thinking; argumentation; educational design, 33082
collaborative learning; web-based learning; knowledge acquisition; conventional learning scenario; social communication; message exchange; cognitive load; learner participation, 17644
collaborative writing; design choices; Web; comments; Web based applications, 7313
computer assisted learning; training schemes; self-assessment; group skills; group activity; collaboration, 31262
cooperation; small-group instruction; student self-concept; academic achievement; Jigsaw cooperative learning approach; social studies; elementary school students; advanced organizers, 12082
cooperative learning activities; cognitive psychology course; group activities; educational program evaluation, 30021
cooperative learning groups; college; exam performance, 30019
cooperative learning program; school improvement program; cooperative task, 33078
cooperative learning; adult learners; traditional instruction; academic achievement; learning styles; college students; psychology course, 23893
cooperative learning; collaborative learning; school learning; early childhood education; peers; teacher decision-making; research, 33105
cooperative learning; educational innovation; teacher motivation, 14616
cooperative learning; positive interdependence; cooperative examination; undergraduate student; higher education; group examinations, 23819
cooperative learning; transfer of learning; cognitive factors; social factors; group collaboration; member learning, 31503
cooperative work groups; mathematics tasks; mathematics knowledge; peer-directed questions; elementary school students, 9016
culture; computer-supported international collaborations; collaborative learning teams; group performance; organizational harmony; programming tasks, 28409
educational effectiveness; face-to-face interaction; postgraduate course; group dynamics; online chats; course design; facilitation style, 33058
group efficiency; functional roles; small groups; group performance; group collaboration; computer-supported collaborative learning; perceived group efficiency, 19129
Group Investigation method; cooperative learning; chemistry; achievement motivation; student perceptions, 36170
helping behavior; help-seeking behaviors; help-giving behaviors; mathematics problems; peer directed groups, 12165
interpersonal relationships; synchronous interaction; structured dialogue system; collaborative argumentation; relational regulation, 36143
literacy instruction; special education teachers; collaborative teaching, 33034
medical education; team learning; small group learning, 20730
medical students; student perception; culture; problem based learning; cognitive skills; motivation; cohesion; group learning; group productivity; tutorial groups; group dynamics, 12015
mobile learning environment; wireless handheld network; constructivist environments; pedagogical practice; collaboration, 36148
partnership; friendship; high school students; learning triads; high school science; preferences; teacher grouping; student grouping; collaborative approach; motivation; psychological affects, 20862
preservice teachers; innovative practice; practicum; cooperative learning; risk-taking; student teaching, 8989
race relations; higher education; cooperating learning technique; jigsaw classroom; racial discrimination; intergroup relations, 36200
resource interdependence; student interactions; student performance; cooperative learning, 26860
undergraduate business & management course; collaborative assessment; transferable skills; student performance; student values; student attitude; lecturer values, 9476
virtual teams; distributed learning groups; collaborative learning and understanding; group interaction; educational learning, 36113
virtual teams; learning module; adult learners; group dynamic; Computer-Supported Collaborative Learning technology; research, 34605
word-of-mouth; social network; collaborative information filtering; Altered Vista; collaborative learning; web sites; preservice teachers; inservice teachers, 18852

Cooperative Learning—Books

Creativity and collaborative learning: The practical guide to empowering students, teachers, and families (2nd ed.), 5946

Cooperative Learning—Chapters

Cooperative and collaborative learning: An integrative perspective, 5883
Cooperative group lesson plans, 5891
Cooperative learning and inclusion, 5952
Grounding 'subjective views''situation awareness and coreference in distance learning, 3059
Learning cubes: A model for online education, 2771
Local conceptual development of proof schemes in a cooperative learning setting, 23844
One divided by two or more: Redefining the role of a cooperative education team, 5846
Partner learning systems, 5886
Partner learning: The power source for students, school and communities, 5889
Student disruptions in the cooperative classroom: Experiences in a New Brunswick, Canada, school district, 5884
Why understanding the theoretical basis of cooperative learning enhances teaching success, 5890

Cooperative Therapy [See Cotherapy]

Coordination (Motor) [See Motor Coordination]

Coordination (Perceptual Motor) [See Perceptual Motor Coordination]

Coping Behavior—Serials

accommodative coping; flexible goal adjustment; midlife parents; well being; children with disabilities; mental health problems; developmental disability; physical symptoms, 19772
acculturation strategies; acculturative stress; coping process; motivational factors; need for cognitive closure; decisiveness; immigrants, 31309
acculturative distress; acculturation; coping; intercultural competence; immigrants; Hispanic adults, 31343
achievement goals; situational coping; inquiry learning; achievement goals; elementary school; social interaction, 30044
active coping model; Black lesbians; Black Americans; psychosocial competence; individual factors; environmental factors; theoretical model, 31421
acute myocardial infarction; problem-focused coping; medical psychology; emotional response; illness behaviour; Self-Regulatory Model, 19940
acute stress exposure; psychophysiological reactivity; REM sleep; coping styles, 674
adjustment; law students; sources of stress; coping strategies; relationships, 9033
adolescent behavioral problems; coping strategies; rural and urban differences; psychological functioning; socioeconomic conditions; self-reported stress; approach coping; daily hassles; gender, 977
Adolescent Coping Scale; Spanish version; factor analysis; test validity, 106
adolescent coping; attachment representations; developmental tasks; emerging adulthood; individuation; mature intimacy; leaving home, 18974
adolescent responses; terrorist attacks; parental consistency; adolescent reactions; psychological distress; coping behavior, 31217
adolescent sibling disability; coping responses; adolescents' perceptions; self-identity; parental support; family stressor; emotional conflicts; family interaction; personal conflict; teenagers, 15914
adolescents attachment behavior; coping behavior; stress; high school students, 16018
adult attachment style; symptom reporting; coping with health problems; alexithymia; health outcomes, 1797
affective experience; autobiographical poetry; parental cancer; expressive arts research; qualitative research; poems as narratives; father son relationship, 32131
affective experience; autobiographical poetry; parental cancer; expressive arts research; qualitative research; poems as narratives, 32127
African American women; White women; cognitive appraisal; breast cancer; coping, 11193
AIDS; psychological status; anxiety; depression; coping style; quality of life; interrelationships; Thai people, 32122
alcohol abuse; drug abuse; sexual offenders; intimacy deficit; coping strategy; rape; child molestation, 31979
alcohol related beliefs; drinking attitudes; Jews; Protestants; alcohol depression hypothesis; coping with stress; men; women, 1159
alcohol use; mental health; employees; avoidance coping; stress; antidepressant use, 17237
anger expression; avoidant coping; substance use; incarcerated adolescents; adolescent offenders, 31972
antepartum bed rest; pregnant woman; family; coping strategies; quality of care, 29556
antiretroviral therapy; antiretroviral treatment adherence; HIV infection; coping strategies; social support; denial; substance use; treatment adherence, 5452
anxiety & mood disorders, coping change, drug abuse patients, 8007
anxiety level; coping styles; cycle phase; menstrual distress; premenstrual distress, 18672
anxiety; depression; coping strategies; coping responses; emotion focused coping; psychological symptoms; problem features; adolescents, 13605
anxiety; physiological activation; self-efficacy; treatment outcome; phobic stimuli; spider phobia; physiological arousal; coping behavior; distraction; perceived control, 19536
appraisal responses; coping responses; sports; athletes; stressors; athletes perception; personal goals, 24048
artwork; chronic illness; coping; disability; health; rehabilitation; social network; well being, 8583
athletes disposition; optimism; pessimism; coping; goal attainment; sport competition; task-oriented coping; affective states; emotional adjustment, 33315
attempted suicide; suicide; suicidal ideation; hopelessness; meaningfulness; coping behavior; gender differences, 7970
auditory hallucination; integrative treatment; schizophrenic patients; coping behavior; psychopathology, 23136
autism; neuropsychological disorders; coping; brain disorder; impairment, 35066
avoidance coping style; mortality risk; congestive heart failure, 16724
avoidance-oriented coping; acute physical stress, panic disorder; distress; psychopathology, 25386
batterer intervention program; psychological variables; physical abuse; truthfulness; violence; lethality; control; substance use; coping abilities; African Americans; Caucasians; program evaluation, 29755
behavior modification; chronic lung disease; coping style; rehabilitation programs; depressive state; psychological factors, 35858
behavioral problems; emotional problems; coping strategies; stress; Chinese adolescents, 25033
benzodiazepine users; family practice; mental health; coping behavior; psychological characteristics; patient-related factors, 29408
bereavement related distress; personal adjustment; causal relationships; coping skills, 22341
binge eating; negative self-awareness; depression; avoidance coping; female undergraduate students; substance use, 19823
bone marrow transplantation; parents coping strategy; children, 32541
boundaries; boundary related stress; clergy families; coping resources; quality of life, 12292
brain injury; children; neurodevelopment; coping behavior; parent child relationship; intervention, 13936
Brazilian nurses; cardiovascular nurses; coping methods; stress sources; hospital settings; ways of coping; work conditions; job stress; organizational strategies, 35992
breast cancer risk; risk counseling; functioning level; psychosocial counseling; genetic counseling; females, 29061
Brief Resilient Coping Scale; stress coping; adaptive coping; Psychometric Evaluation; test development; test reliability; test validity; rheumatoid arthritis patients, 14985
broken clubs; expletives; coping responses; skilled golfers; moderately skilled golfers; sport psychology stress, 30241
Buddhism; coping strategy; anxiety; cheerlessness; problem solving; NEMBUTSU, 4211
burnout symptoms; employee job conditions; personal resources; psychological health; employee rehabilitation intervention, 30186
business trips; travel stress; stress management; coping strategies; business travelers; family; organization; cross cultural differences, 20938
caregiver care; pastoral care; clergywomen; work demands; personal stressors; professional stressors; coping strategies, 26463
carers; stroke survivors; coping strategies; home care; support needs; educational needs, 29711
chemotherapy-induced alopecia; treatment side-effects; hair loss; patient attitudes; coping behavior, 35650
child cancer; parents coping; home health care work; experiences; needs, 11851
childhood bullying; victimization; long-term consequences; coping strategy; appraisal; adult distress, 22075
childhood cancer; family; coping behavior; quality of life; health, 29075
childhood memories; repression; optimism; coping style; social judgment, 31587
childhood sexual abuse; number of sexual partners; female US Navy recruits; abuse severity; coping style; sexual functioning; avoidance; strategies; self-destruction; dysfunctional sexual behavior, 1601

childhood trauma; avoidance coping; alcohol use; drug use; emotional abuse; residential treatment; outpatient treatment; women, 11940
children perceptions; loneliness; teachers interventions, 20851
Chinese parental experiences; developmentally disabled children; parenting; specialized caring skills; focus group research; expectations; support, 28920
chronic illness adjustment; disability adjustment; coping stages; phases; psychosocial adjustment; catastrophe theory; chaos theory; complexity theory; disability rehabilitation, 2489
chronic illness; Lower Urinary Tract Symptoms; men; symptom detection; health care seeking behavior; symptom perceptions; symptom impact; ability level, 22811
chronic pain acceptance; diverse understandings; pain coping, 4884
chronic pain; acceptance; behavioral contribution; distress; disability; anxiety; depression, 8596
chronic pain; chronic pain coping inventory; reliability; validity; coping, 6261
church members; crisis times; social support; religious professional; mental health professionals; psychological benefits; religious involvement; Crisis Appraisal and Coping Interview Protocol, 25138
citizen coping; community notification; released sex offenders; crime; coping; locus of control, 33447
clinical psychologists; occupational stress; stress management; coping strategies; burnout; job satisfaction; intervention, 26836
cognitive appraisal; affect; catastrophizing; chronic pain; coping; cognitions; chronic pain patients, 11157
cognitive coping skills; depression vulnerability; cigarette smokers; cognitive behavior therapy; self-rated depression; depression proneness, 32309
cognitive transformation; resilience; coping behavior; adverse events; life experiences; bereavement, 25389
cognitive-behavioral intervention; coping skills; incarcerated youth; program development; program evaluation, 26780
college adjustment; school transition; traumatic stress; coping strategies; social support, 33153
college students; posttraumatic stress disorder; PTSD symptoms; perceived benefits; terrorist attacks; media exposure; student response; coping; young adult population, 10821
college students; terrorist attacks; coping strategies; stress response; anxiety; emotions; September 11, 25123
command hallucinations; compliance; resistance; coping strategies; illness experience, 26185
community violence; violence exposure; juvenile delinquents; psychopathology; sense of coherence; problem behavior, 1679
concerns; HIV-positive people; scale development; psychometrics; factor analysis; heterosexual women; heterosexual men; sexual orientation; coping behavior; diagnosis, 9461
Conflicting Standards Dilemma; coping styles; gender appropriate behavior; traditional standards; nontraditional standards; femininity; masculinity, 25204
congregate living facilities; residential relocation; transition styles; older women; independent living; adjustment, 4181
continuing bonds; husbands death; bereaved widows; coping; within-person relationship; mood regulation, 34669
convergent validity; divergent validity; reliability; Coping Resources Inventory for Stress; college students; clinical populations; nonclinical populations, 6359
coping behavior; adolescent group; stress; problem-solving; self-blame, 16287
coping behavior; colorectal cancer; risk perception; worry; health behavior; survivors; behavior change, 29073
coping behavior; coping style; coping reports; report method; method concordance; daily report; time-limited retrospective report; global report, 9557
coping behavior; marital dyads; gender; health; married couples; chronic illness; factor structure, 25146
coping behavior; outcome; major depressive disorder; axis I comorbidity; depressive disorder not otherwise specified; rumination; active distraction; cognitive distraction; dangerous activities, 7852
coping behavior; panic disorder; emotion regulation; anxiety; stress, 25713
coping behavior; physical activity; self efficacy; exercise; health promotion; students, 23427
coping behavior; schizophrenia; neurocognitive deficits; personality; visual memory; verbal memory; executive function; neuroticism; extroversion, 22547
coping behavior; social stress; involuntary stress responses; cross cultural differences, 25331
coping behavior; social support; cross cultural differences; stress; Asians; Koreans; Asian Americans; European Americans, 34717
coping behaviors; alcohol use; drinking practices; predictors; primary in-home dementia caregivers, 35825
coping effectiveness training; intervention; AIDS: HIV; distress; gay men; bisexual men; self-efficacy; group coping intervention, 8446
coping effectiveness; mental health; family caregivers; dementia; optimism; caregiving self-efficacy, 32719
coping mechanisms; sense of belonging; measures; test reliability; part-time college students, 26961
coping processes; cognitive appraisals; stress; coping effectiveness; goodness-of-fit model, 9148
coping responses; adjustment; breast cancer; diagnosis, 19911
coping responses; chronic illness; daily life stressors; disabled sibling; stressful situations; everyday life, 18953
coping sense; humor; stereotype threat; math performance; humor buffered women, 22334
coping skills training program; coping skills; hopelessness; stress levels; autism, 35817
coping skills; trait sport confidence; trait anxiety; athletes, 36425
coping strategies; adolescents; gambling behaviors; substance use; addictive behaviors; school-based prevention, 31865
coping strategies; disorder recovery; eating disorders; disorder relapse, 28945
coping strategies; learning modalities; female graduate students, 2810
coping strategies; managers; cross-cultural differences; sex differences, 12269
coping strategies; perceived parental rearing practices; coping styles; young adolescents, 31237
coping strategies; personal control; prevention of post-traumatic stress disorder; specific information; anxiety management; problem-solving; cognitions; life threatening experiences, 7939
coping strategies; quality of life; adolescents; inflammatory bowel disease, 29035
coping strategies; rigidity; creativity; intrapsychic bonds; divergent thinking; quality of life, 31581
coping strategies; self mutilation; problem solving; stress, 7974
coping strategies; stress response; optimism; pessimism; controllability, 10593
coping strategies; women inmates; reintegration issues; incarcerated women; housing; employment; familial reintegration; substance abuse; prison release, 26782
coping style, changes in symptoms, psychiatric outpatients, Switzerland, 6 & 7 yr followup, 7806
coping style; achievement goal orientation; nontraditional college students; traditional college students; task-oriented coping; coping behaviors; learning goals, 23884
coping style; coping strategies; physical health outcomes; HIV positive youth; environmental stress; self-esteem; social support; AIDS symptoms; CD4 cell count, 26093
coping style; mood disturbance; emotional suppression; cancer patients; fighting spirit; support groups, 5401
coping style; stress; sleep; graduate students, 34127
coping style; treatment planning; treatment outcomes; behavioral traits; stress response; coping responses, 8359
coping style; vulnerability; eating disorder; adolescent boys; prevention, 35139
coping styles; bulimic patients; personality disorders; coping inventory; Argentineans; depression, 28787

Open heart: A patient's story of life-saving medicine and life-giving friendship, 11218
Topics in autism: Siblings of children with autism; A guide for families (2nd ed.), 4782

Coping Behavior—Chapters

Affiliation, social support and biobehavioral responses to stress, 1289
Building psychological resilience: Learning from the South African police service, 21050
Coping and adjustment to rheumatoid arthritis, 1801
Coping and health: A comparison of the stress and trauma literatures, 10690
Coping with peacekeeping stress, 3002
Daily processes in health and illness, 2370
Helping women negotiate the cancer experience, 16966
The impact of stress and the objectives of psychosocial interventions, 8600
Patterns of reconciliation among juvenile long-tailed macaques, 3546
Poverty and youth, 10326
Psychological interventions in peace support operations: Current practices and future challenges, 3006
Relocation stress following catastrophic events, 1398
Risk and resilience in children coping with their parents' divorce and remarriage, 4156
Scenes from a marriage: Examining support, coping and gender within the context of chronic illness, 1800
Social comparison in adjustment to breast cancer, 16714
Solution-oriented groups for teens, pre-teens and their families, 5245
Strengths-building public policy for children of divorce, 10388
Traumatic death in terrorism and disasters: The effects on posttraumatic stress and behavior, 1545
Treatment of a sexually abused adolescent with posttraumatic stress disorder, 16998
Turning adversity to advantage: On the virtues of the coactivation of positive and negative emotions, 17126
Willpower in a cognitive-affective processing system: The dynamics of delay of gratification, 13508
Youth-gambling treatment issues, 1636

Copulation [See Sexual Intercourse (Human)]
Copulation (Animal) [See Animal Mating Behavior]

Cornea—Serials

eye clinic; cornea transplantation, 35625

Coronary Disorders [See Cardiovascular Disorders]
Coronary Heart Disease [See Heart Disorders]

Coronary Prone Behavior—Serials

coronary heart disease incidence; social status; blood pressure; premature mortality; social inequality; HDL cholesterol; type A personality; risk factors, 11217
coronary heart disease; child care responsibilities; caregiving risks; caregiver burden, 11855
gender differences; coronary heart disease; coronary risk factors; psychosocial factors; Eastern European men; stressful events; CHD; stress factors, 4957
job stressors; cognitive stress management; individual characteristics; type A personality; reactivity; risk factors; perceived job stressors; managers, 27092
negative affectivity; type A personality; big five personality traits; work-family conflict, 9090
personality; subjective job stress; locus of control; type A/B behavior pattern; cross cultural psychology, 33279
secondary prevention; coronary heart disease; working age patients; risk factors, 29088
subjective well-being; demographic factors; type A personality; anger; achievement; age; education; goals, 25367
Type A Behavior Pattern construct; risk factor; coronary diseases; predictive capacity; gender differences; personality correlates; workload; impatience; hostility; fear of negative evaluation, 34726
Type A behavior; behavior pattern; community-dwelling elderly; falling, 28154
Type A behaviour pattern; attentional bias; anger; hostility; achievement; failure; dysfunctional cognitions; competitiveness, 25341

Coronary Vessels [See Arteries (Anatomy)]
Corporal Punishment [See Punishment]
Corporations [See Business Organizations]

Corpus Callosum—Serials

bimanual coordination; alcohol-exposed children; corpus callosum; prenatal exposure; fetal alcohol spectrum disorders; motor activity coordination; interhemispheric interaction, 28873
callosal neurons; electrophysiological properties; cat association cortex; excitatory postsynaptic potentials & inhibitory postsynaptic potentials; antidromic responses, 15493
corpus callosum resection; line bisection performance; callosotomy; side effects; spatial attention; response bias; epilepsy, 2294
corpus callosum; frontotemporal dementia; Alzheimer's disease; age differences; atrophy pattern, 32155
corpus callosum; interhemispheric communication; placental mammals; sensory cortices; midline fusion; brain lateralization, 12797
corpus callosum; posterior fossa development; monozygotic females; Turner syndrome; parietal lobe anomalies; cerebellar abnormalities, 11149
corpus callosum; professional musicians; significant gender; brain organization; fiber composition; absolute pitch; bimanual motor training, 21937
corpus callosum; schizophrenia; magnetic resonance imaging abnormalities; brain volume; first episode patients, 1465
diagonistic dyspraxia; conflicting behavior; corpus callosum lesions; involuntary behaviors, 22908
event-related desynchronization; event-related synchronization; electrocutaneous stimulation; electroencephalographic rhythms; corpus callosum size; cortical responses, 12922
exaggerated redundancy gain; split brain; hemispheric coactivation; corpus callosum, 34051
first-episode schizophrenia; microstructural integrity; corpus callosum; signal intensity; magnetic resonance imaging, 22532
handedness; human behavioral lateralization; callosal difference, 6872
hippocampus; corpus callosum atrophy; Alzheimer's disease; dementia severity; neocortical degeneration; hippocampus-amygdala formation; parietotemporal cortex, 5071
interhemispheric processing; intrahemispheric processing; visual ERPs; corpus callosum; anterior commissure; agenesis; interhemispheric transfer time; transmission; N100; P300; latency; amplitude, 18633
interhemispheric transfer; redundancy gain; visual field; reaction time; corpus callosum; colosotomy, 8227
magnetic resonance imaging; corpus callosum abnormalities; bipolar disorder; brain size, 6216
midline binocular integration; corpus callosum; motion perception; dichoptic stimulation; congenital agenesis; callosotomy, 8299
motor skill learning; callosal denervation; forced forelimb use; rats; cortical callosal afferents, 21551
neural gate keeping; interhemispheric interactions; resource allocation; selective filtering; corpus callosum; selective attention, 18592
parallel interhemispheric processing; aging; alcoholism; corpus callosum size; reaction time, 8024
semantic information; disconnected hemispheres; split-brain patients; daily lives; corpus callosum, 24676
sleep architecture; degree of handedness; college women; home sleep monitor, 21767
subcortical heterotopia; corpus callosum; dysgenesis; strabismus; craniofacial dysmorphism; eye abnormalities; growth mental retardation; learning disability, 13531

Corpus Callosum—Books

The parallel brain: The cognitive neuroscience of the corpus callosum, 15607

Corpus Callosum—Chapters

Agenesis of the corpus callosum, 14953
Alexithymia as a consequence of impaired callosal function: Evidence from multiple sclerosis patients and normal individuals, 16852
Brain size: A possible source of interindividual variability in corpus callosum morphology, 15625
Callosal axons and their development, 15624
Clinical neuropsychological assessment of callosal dysfunction: Multiple sclerosis and dyslexia, 16370
The corpus callosum equilibrates the cerebral hemispheres., 15629
Corpus callosum morphology in relation to cerebral asymmetries in the postmortem human, 15608
Effects of partial callosal and unilateral cortical lesions on interhemispheric transfer, 15631
Forebrain commissures: Glimpses of neurons producing mind, 15618
Functional consequences of changes in callosal area in Tourette's syndrome and attention deficit/hyperactivity disorder, 16863
Functions of the corpus callosum as derived from split-chiasm studies in cats, 15633
Mapping structural alterations of the corpus callosum during brain development and degeneration, 15642
Morphometrics for callosal shape studies, 15609
Optic aphasia and pure alexia: Contribution of callosal disconnection syndromes to the study of lexical and semantic represenation in the right hemisphere, 16856
Parallel processing in the bisected brain: Implications for callosal function, 15634
The role of homotopic and heterotopic callosal connections in humans, 15613
Sensorimotor integration in the split brain, 15644
Stable and variable aspects of callosal channels: Lessons from partial disconnection, 15623
Using the corpus callosum as an effective anatomical probe in the study of schizophrenia, 16446

Corpus Striatum [See Basal Ganglia]

Correctional Institutions [See Also Prisons, Reformatories]—Serials

community punishment; female offenders; probation hostels; semi-penal institution characteristics; criminal reform, 32827
community treatment program; California Youth Authority; young adult offenders; political reasons; randomized field trials; juvenile offenders; institutional reasons; California justice, 17481
correctional drug treatment; health promotion; drug safety; treatment outcome; substance abuse, 29814
correctional setting; substance abuse; treatment programs; treatment process; continuity of care; system integration; program development; program evaluation, 29807
facility-to-community transition; incarcerated youth; juvenile correctional system; social experiences, 32831
female incarcerated adolescents; language problems; communication behaviors; school learning; correctional facility, 13851
female prisons; correction settings; federal government; gender differences, 32837
international development; interventions; correctional treatment; reduction; reoffending; recidivism; Maori offenders, 14504
job characteristics; correctional staff members; job stress; supervision; job variety, job autonomy; job satisfaction, 33283
juvenile corrections; youths with disabilities; emotional or behavioral disorders; No Child Left Behind Act; correctional facilities; correctional education programs, 30080
mental health problems; incarcerated mentally ill people; criminal justice system; mental illness; correctional environments; jail inmates; prisoners; parole, 13775
opiate dependency; buprenorphine; drug therapy; correctional setting; inmates; pharmacological treatment, 32849
parenting attitudes; drug-involved women inmates; correctional institution; parenting practices; incarcerated women; effective parenting skills; substance abusing women, 16177
psychiatric patients; offending; violent offences; medium secure units; discharged patients, 35057
psychoeducation; curriculum; felony offenders; correctional facility; moral judgement; cognitive distortions, 35912
quality of life; sex offenders; perceptions; treatment; offender rehabilitation; clients; early release; halfway house; community correctional center; therapeutic implications, 11976
re-offending behavior; treatment planning; correctional systems; female offenders, 32829
rearrests; reincarcerations; day reporting centers; DRC; discharged DRC clients; Cook County day reporting center; DRCs origin; DRCs type; program participants; offenders; recidivism, 2539
recidivism; prediction; adult offenders; boot camp graduation; social learning; competing theories, 5719
staff practice; correctional treatment program; human service; program components; recidivism, 35906
substance abuse treatment; correctional settings; history; heroin addiction, 11889

substance abuse treatment; substance abuse; punishment; history; attitudes; correctional rehabilitation, 11890
therapeutic jurispudence; offender responsivity; offender rehabilitation; risk; need; correctional staff; cognitive-behavioural model of change, 26761
violent behavior; behavior management; correctional institution; risk assessments; institutional violence; risk management; risk factors, 16466
youth detention home; women; sexuality; motherhood; childbearing; discourse, 31983
Correctional Institutions [See Also Prisons, Reformatories]—Books
Correctional psychology: Practice, programming, and administration, 2543
Correctional Institutions [See Also Prisons, Reformatories]—Chapters
Citizens, victims, and offenders restoring justice: A prison-based group work program bridging the divide, 5729
Establishing a mental health unit within an institution, 2556
A framework for preventing suicides in adult correctional facilities, 2548
Issues of power and oppression, 2551
Men with attitude—essentials and paradoxes in the group therapy of aggressive and violent men, 2545
The mission of a mental health unit in corrections, 2557
Corrective Lenses [See Optical Aids]
Correlation (Statistical) [See Statistical Correlation]
Cortex (Auditory) [See Auditory Cortex]
Cortex (Cerebral) [See Cerebral Cortex]
Cortex (Motor) [See Motor Cortex]
Cortex (Somatosensory) [See Somatosensory Cortex]
Cortex (Visual) [See Visual Cortex]
Cortical Atrophy [See Cerebral Atrophy]
Cortical Evoked Potentials [See Also Contingent Negative Variation]—Serials
age-related declines; prospective memory; neural correlates; event-related brain potentials; electrophysiological data; encoding of intentions; detection of cues; disengagement from ongoing activity, 948
attention switching; mental counting; executive functions; working memory; frontal cortex; event related potentials, 7048
audiovisual speech perception; brain activity; speech information; audiovisual integration; phoneme categorization task; McGurk effect, 6914
basal ganglia; electrical activity; cognitive processing; simple sensory stimuli; brain; primary motor control; motor cortex; premotor cortex; event related potential; P300; epilepsy surgery, 3699
callosal neurons; electrophysiological properties; cat association cortex; excitatory postsynaptic potentials & inhibitory postsynaptic potentials; antidromic responses, 15493
central nervous system; reaction time; action preparation; event preparation; temporal preparation; potentials; motor actions; lateralized readiness potential; contingent negative variation, 34090
cortical activation; extraversion; task complexity; event-related desynchronization; alpha activity, 10582
cortical activity; high frequency EEG; meditation; experienced meditators; altered consciousness state; cognitive activity; happiness, 6628
cortical activity; vocalic segments; magnetoencephalography; cortical maps; spatial configuration; temporal characteristics; auditory-evoked field; speech sounds; vowels, 18636
cortical auditory evoked potentials; autism; etiology, 31993
cortical gamma oscillations; frequency components; cortical evoked potentials; visual perception; Kanizsa squares; thresholds; encoding, 7032
cortical inhibition; transcranial magnetic stimulation; antipsychotic medications, 9972
corticospinal excitability; motor evoked potentials; mental counting; perceptual-motor interaction; motor imagery; motor cortex; hand, 6864
dual tasks; language perception; word perception; native language; second language; foreign language; event related potentials, 24733
Electrogustometry; taste acuity; cortical activity; magnetoencephalography; cerebral cortex; electrogustatory stimulation, 15604
electrophysiological net response; spatial fusion; F-complex; speech elements; auditory object; spatial locations; brain activity; stimulus discrimination; brain potentials, 15658
event related brain potential; language related P600 effect; P300 oddball effect; aphasia; temporo-parietal lesions; basal ganglia lesions; verb inflection violations; auditory oddball task, 22932
event related brain potentials; morphological & homographic & orthographic semantic priming; lexical memory; words; stem morphemes; affixes, 24728
event-related brain potentials; auditory presentation; cognitive dimensions; expectancy violation; visual information; physical distance; musically trained Ss; musical context; repetitive melodies, 3803
event-related brain potentials; cognitive processing; music; tone, 7057
event-related brain potentials; subject-verb agreement; Broca's aphasia; auditory sentence comprehension; syntactic processing; electrophysiology; right-hemisphere lesions, 26178
event-related brain potentials; superior temporal gyrus; neural generators; electroencephalography; magnetoencephalography; auditory stimulation; P50, 9908
event-related brain potentials; syntactic dependencies; working memory; sentence structure; language; wh-questions; filler gap dependency, 9834
event-related potentials; MRI; functional MRI; visual evoked potentials; electroencephalography; visual cortex, 624
evoked oscillations; recording sites; thalamo-cortical auditory system; unanesthetized rats; anesthetized rats; waking; slow wave sleep; paradoxical sleep, 21728
executive processes; deceptive responding; behavioral responses; event-related brain potentials; truthful responses; recognition; perceived stimuli; remembered stimuli, 18333
face perception; non-face object perception; spatio-temporal event event-related potential; other-race face; same-race face; Caucasian and Asian faces; brain; ERP map topography analysis, 3314
fast cortical reorganization; synapses; somatosensory system, 27764
feedforward cortical networks; action potential propagation; model networks; neuronal modeling; sensory information; synchrony, 15576
frontal cortical activity; approach motivated anger; insult; sympathy arousal, 15437
impaired movement-related potentials; acute frontal region traumatic brain injury; cortical motor network dysfunction, 29187
inferior prefrontal cortex; native French speakers; verbal working memory; semantic analysis; French nouns; event related potentials; physiological correlates, 3718
judgments; neural correlates; preferences; own preferences; other preferences; cortical activations, 27787
language processing; syntactic language; event-related brain potentials; temporo-parietal lesions; verb argument structure; basal ganglia lesions; healthy participants; integration process, 5019
left-hemisphere stroke patients; receptive language impairment; digitized spoken words; ERPs, 16747
lie detection; contingent negative variation; face familiarity, 7126
mental training; muscle power; strength gains; abductor; flexor; maximal voluntary contractions; cortical potential, 18696
migraine; transcranial magnetic stimulation; cortical information processing; electrophysiology; cognitive disturbances; subcortical structures; evoked potentials; cerebral cortex; Medline; aura, 16628
mismatch negativity; alcohol abstinence; family history; externalizing disorders; alcohol use, 19658
motion blindness; visual awareness; motion detection; cues; ERPs; peripheral & central vision; event-related brain potentials; conscious perception; visual processing; frontal cortex; parietal lobe, 24393
N400; P600; event-related brain potentials; language comprehension; Italian language; sentence comprehension, 27972
neural correlates; implicit object identification; semantics; cortical activations, 27775
neural processing; nouns; verbs; inflectional morphology; brain damage; neural substrates; language system; evoked potentials, 12926
neuronal synchronization; selective color processing; human brain; selective attention; gamma band responses; induced alpha band; event-related potentials; neuronal dynamics, 18593
olfactory discrimination; odor discrimination; olfactory processing; dopamine receptors; reward associations; discrimination learning; rats; cortical evoked potentials, 12902
oscillatory EEG activity time course; phasic extension finger movements; ipsilateral primary motor cortex; cortical excitability; event-related desynchronization; event-related synchronization, 12919
P300 event-related brain potential; risk group differences; gender differences; stimulus modality; task difficulty; alcoholism risk, 4738
preattentive processing; abstract regularities; acoustic regularities; pitch perception; mismatch negativity; children, 4103
regulatory focus; cortical activity; frontal activity; motivational orientations; motivational systems; implicit assessment; resting frontal cortical asymmetry, 18675
response selection; cortical regions; brain activation; cognitive processes; neural networks, 7075
Robust Bayesian estimation; hemodynamic response function; event-related BOLD fMRI; functional magnetic resonance imaging; brain; temporal information, 3674
self-paced movement; bilateral sources; movement related potentials; readiness potential; supplementary motor area; primary motor cortex; readiness potential; subthalamic nucleus; ipsilateral cortex, 35620
semantic priming; lexical decision; brain activity; event-related potential; words, 7069
serotonin; interneurons; rat visual cortex; postsynaptic currents; cortical inhibitory networks, 15680
slow cortical potentials; attention deficit hyperactivity disorder; behavioral effects; neurophysiological effects, 19746
source memory; item memory; memory retrieval; encoding; prefrontal medial cortex; shape; spatial location; event related MRI; left & right prefrontal cortex, 15581
speed-accuracy balance; speed-accuracy modulation; activation; inhibition; time course; motor activation; primed response; responses; event-related brain potentials, 9624
stimulus format; object recognition; event-related potentials; electrophysiological indices, 12921
stimulus processing; stimulus relevance; auditory oddball task; event-related brain potentials; ERPs; theta event-related brain potential; transient dominance, 3810
stimulus-preceding negativity; anticipatory processes; perceptual anticipation; contingent negative variation; slow cortical potential; cognitive processes; neurophysiological generators; SPN research, 34094
task-related plasticity; spectrotemporal receptive fields; primary auditory cortex; neuronal responses; sensory cues, 6891
threatening faces; facilitated perceptual processing; event related brain potentials; facial expressions, 24708
transcranial magnetic stimulation; hereditary spastic paraparesis; chromosomes; spastin mutations; paraplegin mutations; motor evoked potentials; cortical excitability; family members, 8153
transcranial magnetic stimulation; motor evoked potential; muscle activation; cognitive processes; motor processes; cortico-spinal excitability, 7037
visual processing; natural scenes; rapid categorization; image recognition; event related potentials; bottom up and top down processing, 21569
Cortical Evoked Potentials [See Also Contingent Negative Variation]—Chapters
Interhemispheric visuomotor activation: Spatiotemporal electrophysiology related to reaction time, 15682
Corticoids [See Corticosteroids]
Corticosteroids [See Also Corticosterone, Hydrocortisone, Prednisolone]—Serials
allergic rhinitis; budesonide aqueous nasal spray; fluticasone propionate nasal spray; sensory attributes; patient preferences; starting dose, 8641
androgenic steroid; dehydroepiandrosterone; DHEA; Alzheimer's disease; AD; additive effects; drug development; putative effects; AD treatment, 8625
antidepressant; glucocorticoid hormones; steroid transporters; glucocorticoids; corticosteroid receptors; cortisol; blood-brain barrier; hypothalamic-pituitary adrenal axis; brain, 15789
asthma control; daily activities; symptoms; airway inflammation; inhaled corticosteroids; medication; knowledge; attitudes; behavior, 8642
complex partial status epilepticus; systemic lupus erythematosus; neuroimaging; EEG; CPSE; visual hallucinations; electroencephalogram; corticosteroids; extratemporal, 16597
corticosterid-serotonin interactions; major depression; pathophysiology, 29366
corticosteroid psychosis; systemic lupus erythematosus; anxiety disorders; family history; psychiatric illnesses; serum levels; creatinine, 11633
corticosteroids; drug withdrawal; palliative care; drug therapy, 32561
hippocampal volume; spectroscopy; cognition; moods; corticosteroid therapy; declarative memory deficits; cortisol elevations, 20290
intravenous clomipramine; depressive-catatonic state; corticosteroid treatment; interepisode recovery; hypomanic episode; prednisolone; betamethasone; treatment outcomes, 29398
ischemic brain injury; antenatal steroids; ovine fetuses; near-term, 7178
mineralocorticoid receptors; glucocorticoid receptors; memory performance; Addisons disease; differential effects, 29033
prenatal exposure; betamethasone; stress physiology; premature infants; corticosteroid; postnatal stress regulation; hypothalamic-pituitary-adrenocortical axis, 30967
psychiatric morbidity; asthma severity; quality of life; inhaled corticosteroids, 8607

steroid; reproductive behavior; hormones; ligand-independent; brain, 18554
stress system; corticosteroids; drug therapy; brain; depression syndrome; aging, 7930

Corticosterone—Serials

acute stress response; corticosterone; water maze performance; rats; sex differences; spatial memory, 30812
aggressive behavior; corticosterone; green anole lizard; attack behavior; male animals; social interaction, 3859
autoinhibition; rat dorsal raphe nucleus; affective disorder; depressive illness; corticosterone; mRNA expression; dexamethasone, 7180
behavioral sensitivity; corticosterone; juveniles; wall lizard; stressful conditions; plasma level; lizard behavior; locomotor activity; thermoregulation, 21812
chronic corticosterone; glucocorticoid receptor antagonism; basolateral amygdala; fear conditioning; rats, 24798
chronic stress; long-term potentiation; rat; hippocampus; dentate gyrus; corticosterone; synaptic plasticity, 21807
classical fear conditioning; auditory cues; memory enhancement; cortisone injections; learning; male rats, 9843
contextual fear; stres; Wistar rats; fear conditioning; corticosterone levels, 3503
corticosterone effects; place conditioning; ethanol; mice, 27861
corticosterone metabolites; fecal samples; mice; stress hormones; endocrine functions; stress hormone metabolites; adrenocorticotropic hormone challenge tests; dexamethasone suppression tests, 15720
corticosterone radioimmunoassay; plasma; fecal samples; oldfield mouse; biochemical validation; physiological validation, 7096
corticosterone; 6-cyano-7-qunioxaline-2,3; NMDA receptor antagonist; drug dosage; mice; intraperitoneal injection; intracerebroventricular; route-dependent, 739
corticosterone; context conditioned fear; glucocorticoids; emotional memory; corticotropin-releasing hormone; messenger RNA expression; amygdala central nucleus; hypothalamic paraventricular nucleus, 15814
corticosterone; memory retrieval; cues; stress hormones; emotion; hypothalamus; amygdala; corticotropin; rats, 15375
corticosterone; moderate stress; memory storage; hormonal levels; spatial learning; information acquisition; information retention; rats, 21805
corticosterone; spike-wave discharges; rats; childhood absence epilepsy; seizure activity; excitatory amino acids, 31007
early handling; sleep; rats; stress-induced; sleep pattern; basal induced, 7139
endocrine responses; starlings; crowding; cardiac responses; behavioral responses; aggressive behavior; corticosterone, 3852
estrous cycle; estrogen; corticosterone secretion; cognitive decline; aging; maze performance; apoliprotein E knockout female mice; wild-type mice; reactivity of hypothalamic-pituitary-adrenal axis, 9927
genomic regions; corticosterone levels; rats; genetic factors; stress responsiveness; psychiatric illness susceptibility; animal strain differences, 18546
Ginkgo biloba; corticosterone stress responses; inescapable shock exposure; daily dosage level; active avoidance acquisition; rats, 7227
glucocorticoid response; novel stress; restraint stress; weight loss; chronic stress; corticosterone release; adrenal response; rats, 27895
glucocorticoids; inhibitory avoidance; corticosterone; memory retrieval, 18792
hypericum perforatum; antidepressant action; cerebrospinal fluid; brain cortisol; corticosterone; glycoprotein; frontal cortex tissue; serum, 14141
interferon-y; IFN-y; interferon production; rabbits; behavioral correlates; endocrine correlates; exogenous testosterone; peripheral blood mononuclear cells; season; social rank; plasma corticosterone, 21765
masculine sexual behavior; corticosterone; testosterone; acute stress; chronic stress; male rats, 3530
neonatal pain; maternal behavior; stress responsiveness; postnatal period; preterm neonates; neuroendocrine responses; behavioral responses; corticosterone, 3542
nociceptin; orphanin FQ; anxiety related behavior; neophobia; corticosterone; stress reactions; rats, 9987
non-steroidal anti-inflammatory drugs; diclofenac sodium; lipopolysaccharide-induced alterations; reward behavior; corticosterone release; rats, 12986
plasma testosterone; corticosterone levels; simulated territorial challenge; male great tits; hormones; animal behavior; egg-laying; incubation; nestling; animal breeding, 27681
polyinosinic polycytidylic acid; cytokine; ethanol; mice; corticosterone, 21507
postnatal maternal separation; stress responsivity; colitis; corticosterone; acoustic startle responses; dextran sulfate sodium, 21790
R-citalopram; escitalopram-induced increases; 5-hydroxytryptophan neurotransmission; potentiation; corticosterone; serum concentration; behavioral changes; mice; rats, 13073
sensitive-period odor learning; olfactory bulb; odor preference acquisitions; olfactory neural changes; corticosterone levels; exogenous CORT; endogenous corticosterone; fear learning, 18669
sex differences; rats; melatonin; corticosterone; depression, 729
sleep; stress; opioid receptors; naltrexone; corticosterone, 13092
social categories; Mongolian gerbil families; rodent intrafamily aggression; social interactions; stress levels; corticosterone, 24601
stress response; adrenocortical responses; reproductive success; savannah sparrows; white crowned sparrows; american tree sparrows, 6707
stress responsiveness; sexual behaviour; adrenocortical responsiveness; Japanese quail; corticosterone; copulatory behaviour, 6719
synaptic responses; chronic stress; hippocampal dentate gyrus neurons; rats; adrenal weight; thymus weight; corticosterone levels; glucocorticoid receptors, 12849

Corticotropin—Serials

acute oral administration; reboxetine; cortisol; ACTH; growth hormone; prolactin, 7252
adrenocorticotropic hormone; beta-endorphin; scuba diving; endocrine response; training levels; stress, 21795
animal social & maintenance behaviour; adrenal activity; parturition; multiparous cows; animal environment; adrenocorticotropic hormone; primiparous cows; animal welfare, 9786
bed nucleus of the stria terminalis; noise; interleukin; medial prefrontal cortex; physical stressors; plasma adrenocorticotropic hormone; hypothalamic pituitary adrenal acis; rats, 21563
childhood sexual abuse; hpa axis; hypothalamic-pituitary-adrenal axis; corticotropin-releasing factor; posttraumatic stress disorder; long-term alterations, 1367
cholecystokinin agonist; pentagastrin; repeat exposure; adrenocorticotropin; cortisol; anxiety symptoms; hypothalamic-pituitary-adrenal axis; novelty effects, 24819
corticosterone; memory retrieval; cues; stress hormones; emotion; hypothalamus; amygdala; corticotropin; rats, 15375
corticotropin-releasing hormone antagonists; astressin B; antalarmin; rhesus monkeys; adrenocorticotropin; cortisol, 24789
corticotropin-releasing hormone; dorsal raphe nucleus; serotonin; stress; learned helplessness; corticotropin-releasing hormone receptor, 9997
green odor; plasma adrenocorticotropic hormone; body temperature; stress; rats, 12939
hypothalamus-pituitary-adrenocortical system dysregulation; depression; corticotropin releasing hormone; CRH-1 receptor antagonist R121919; endocrine changes; side effects, 5302
locomotor activity; dopamine receptor antagonist; dopamine uptake inhibitor; neurotransmitters; salmon; neuropeptides; corticotropin releasing hormone; muscimol; gamma-amino-n-butyric acid; serotonin, 12982
pindolol; antidepressants; milnacipran; placebo; depression; adrenocorticotrophic hormone; prolactin, 2174
social suppression; cortisol; female marmoset monkeys; adrenocorticotropic hormone; ACTH; dexamethasone; DEX; dominant females; subordinate females; glucocorticoid negative feedback, 6736

Corticotropin Releasing Factor—Serials

acamprosate; alcohol-dependent patients; hypothalamic-pituitary-adrenal system; hyperactivity; dexamethasone; corticotropin-releasing hormone; detoxified alcoholics, 26750
aggressive behaviors; hamsters; corticotropin-releasing factor; endocrine responsivity; behavioral responsivity; stress; fear; anxiety, 18733
amygdala; mRNA expression; corticotropin-releasing hormone; SR141716A cannabinoid antagonist; HU-210 cannabinoid agonist; receptors; neuropeptide Y; behavior; allostatic shift; rats, 9965
behavioral functions; genomic functions; endocrine functions; corticotropin-releasing factor; anxiety responses; plasma corticosterone release; c-fos mRNA induction, 18536
bisphenol A; endocrine disrupter; sex difference; preoptic area; bed nucleus; stria terminalis; corticotropin-releasing hormone; hormone-immunoreactive neurons; lactation; pregnancy; rats, 15748
corticosterone; context conditioned fear; glucocorticoids; emotional memory; corticotropin-releasing hormone; messenger RNA expression; amygdala central nucleus; hypothalamic paraventricular nucleus, 15814
corticotropin releasing factor; hippocampal neuronal excitability; hippocampus dependent learning; neuronal excitability; associative learning; mice; intracellular signaling pathways, 12809
corticotropin releasing factor; stress responses; valproic acid; lithium; rats, 3904
corticotropin releasing hormone binding protein gene; major depression, 7818
corticotropin releasing hormone; acoustic startle; anxiety; R-121919; antisauvagine-30; NBI-03775, 3962
corticotropin-releasing factor antagonist; locus coeruleus; freezing behavior; brain catecholamines; rats, 518
corticotropin-releasing factor receptors; stress responsivity; behavioral responses; regulatory mechanisms, 24647
corticotropin-releasing factor; antisense oligonucleotides; anxiety related behavior; lateral ventricle; rats, 13018
corticotropin-releasing factor; gamma aminobutyric acid; paraventricular nucleus; hypothalamus; neuron activity; glutamate circuit control, 34003
corticotropin-releasing factor; maternal aggression; fear; anxiety; brain activity; mice, 30977
corticotropin-releasing factor; receptor antagonist; exploratory behavior; monoamines; transcription factor; rats, 27921
corticotropin-releasing factor; somatotropin-release-inhibiting hormone; posttraumatic stress disorder; secondary psychotic symptoms; comorbidity; neurobiology; neuroendocrine patterns, 7944
corticotropin-releasing hormone antagonists; astressin B; antalarmin; rhesus monkeys; adrenocorticotropin; cortisol, 24789
depressive symptoms; substance abuse; cortisol responses; corticotropin-releasing hormone; adrenal cortisol response; stress; adrenocorticotrophin; comorbidity, 7739
dexamethasone/CRH test; major depression; hypothalamus-pituitary-adrenal axis; pathophysiology; cortisol response, 16405
dorsal raphe nucleus; fear conditioning; inescapable tailshock; corticotropin-releasing hormone; behavioral consequences; uncontrollable stress, 21781
ethanol abstinence; corticotropin-releasing factor; CRF; CRF receptor; behavior regulation; responsiveness; alcoholics; stress, 21918
ethanol; gamma aminobutyric acid transmission; central amygdala; stress; corticotropin-releasing factor; alcohol abuse, 18777
genetic marker; corticotropin-releasing hormone; behavioral inhibition; anxiety disorders; phenotype, 7947
hippocampal serotonergic neurotransmission; corticotropin releasing hormone receptor type 1 antagonist NBI 30775; HPA axis activity; stress; corticosterone; behavior; mice, 10029
hydrocortisone treatment; dehydroepiandrostenedione; dehydroepiandrostenedione-sulphate; chronic fatigue syndrome; corticotrophin-releasing hormone; drug dosages, 29463
hypersecretion; corticotropin releasing factor; locus coeruleus; plasma adrenocorticotropin; increased production; CNA; receptor; CRFR; stressed induceded rats; depression, 690
hypothalamic-pituitary-adrenal axis reactivity; dexamethasone-suppression/corticotropin-releasing hormone-stimulation test; depressed patients; cortisol; ACTH; HPA, 10749
hypothalamic-pituitary-adrenal axis; sensitization; neonatal maternal separation; rats; hypothalamic corticotropin releasing factor mRNA; hypothalamic paraventricular nucleus; anxiety-like behavior, 6709
light-enhanced startle paradigm; startle response; anxiety; corticotropin-releasing hormone; animal models; fear-potentiated startle; rats, 3624
locomotor response; corticotropin-releasing factor; repeated cocaine exposure; cocaine preexposure; behavioural change; central nervous system; central injections; locomotor activity; drug free period, 9984
major depression; rapid eye movement; sleep; corticotropin-releasing hormone; CRH-1 receptor antagonist R121919; slow wave sleep, 17048
morphine dependence; rats; stress; corticotropin-releasing factor; hypothalamic-pituitary-adrenal axis, 7204
pituitary volumes; pediatric maltreatment; posttraumatic stress disorder; PTSD; corticotrophin releasing hormone; maltreated children, 19286
protein kinase; signal transduction mechanisms; central nervous system neurons; hypothalamic tissue; biogenic amines; in vitro regulation; corticotropin-releasing hormone; amygdala, 15521
repeated ethanol withdrawal; anxiety; corticotropin-releasing factor; social interaction; rats; corticotropin receptors, 13056
serotonin; corticotropin-releasing factor; animal behavior; chicks; distress vocalization, 31017
stress; corticotropin-releasing factor; blood brain barrier; microvessel endothelial cells; cAMP, 15685

synaptic effects; corticotropin-releasing factor; periaqueductal gray neurons; rats; hypothalamic-pituitary-adrenal axis, 6790
transgenic vs wild type mice; overexpression of corticotropin-releasing factor; sensorimotor gating; startle gating; prepulse inhibition; haloperidol; risperidone; clozapine; chlordiazepoxide, 715
Unkei-to; Japanese medicine; corticotropin releasing factor; cytokine induced neutrophil chemoattractant; locomotor activity; intracerebroventricular injection; male rats, 34181
Cortisol [See Hydrocortisone]
Cosmetic Techniques—Serials
attitudes toward tattood women; attitude influencing factors, 25241
beauty service work; Korean immigrant women; body labor; emotion management; racial inequality; class inequality; class specific service expectations; customer diversity, 7531
body art; narcissism; visual art; de-realization; abstraction, 18824
body dysmorphic disorder; prevalence; patient characteristics; cosmetic surgery applicants; defects, 10693
body piercing; risk behavior; sociodemographic factors; substance abuse; peers; sexual intercourse; violence; antisocial behavior; mood problems, 28841
clinical correlates; dysmorphic concern; cosmetic enhancement; body dysmorphic disorder, 25505
facial make-up; positive attitudes; high-status professions; Implicit Association Test; personality traits, 34704
narcissism; carnal human form; film media; body art; somatic experience; human sexuality; perversion psychology; human psyche, 18826
religious belief; religious faith; deviant behavior; religious practice; college students; tattoo-related behavior; tattoos, 25137
tattooing; criminals; skin; interpersonal communication; psychodynamics; criminal justice; tattoos; gangs, 25932
Cost Containment—Serials
alternative medicine; cost containment; patient satisfaction; acupuncture; meditation, 35597
anxiety disorders; cost containment; Canada's health care system; economic burden, 31808
behavioral health care organizations; health care quality; health care system; health care costs; clinical services; cost containment; redesigning clinical care, 17324
coding for new evaluations; documentation requirements; billing regulations; coding regulations, 32974
conceptual model; care costs; evidence-based care; schizophrenia case study; guideline standards; medication doses; treatment costs; evidence-based medicine; conceptual development, 20098
consumer preferences; consumer behavior experiments; primary reinforcement; evolutionary theory; behavioral ecology; operant psychology; preference data, 3032
cost containment; drug benefit program; drug utilization; formulary management; patient-centered medicine; prescription-to-OTC switches; pharmacy benefit policy; prescription drugs, 8366
criminal behavior; evidence-based treatments; multisystemic therapy; family functioning; cost saving; juvenile offenders, 20676
health care policy; health care costs; cost containment; prescription drugs; drug therapy; elderly; chronic mental illness; health care utilization; medicaid, 8763
health care policy; health care services; health care utilization; health care costs; cost containment; randomized controlled trials; clinical practice improvement; managed care; quality of care, 8729
health insurance status; asthma medications; medication costs; prescription; drug dosages; pharmacy; public aid; medication samples, 8644
love of money; work-related attitudes; Republic of Macedonia; money profiles; budgetary control, 33289
managed care organizations; cost containment arrangements; patients; health care; Employee Retirement Income Security Act, 14365
manufacturer's suggested retail price; MSRP; invoice suggested retail price; offer fairness; OF; OF inclusion; invoice price; IP; IP information; advertised offer framing; retail price advertising, 14848
nursing facility choice; examining factors; family member; average cost; decision making, 17391
nursing facility choice; examining factors; family member; average cost; decision making, 17389
optimal treatment; current treatment; treatment cost-effectiveness; schizophrenia treatment, 8723
optimal treatment; current treatment; treatment cost-effectiveness; schizophrenia treatment, 8768
optimal treatment; current treatment; treatment cost-effectiveness; schizophrenia treatment, 8702
psychotropic medication; community-dwelling elderly persons; medication expenditures; antidepressants; benzodiazepines; serotonin reuptake inhibitors, 8704
Cost Effectiveness [See Costs and Cost Analysis]
Costs and Cost Analysis [See Also Budgets, Health Care Costs]—Serials
adverse health effects; prescription drugs; chronic condition; benefit design; pharmacy benefits; drug use; privately insured; at risk populations; costs, 23377
age differences; financial decision making, 6576
ambiguity; sunk costs; decoupling; disjunction effect; economic decision making, 9684
antipsychotic polypharmacy; neuroleptics, polydrug therapy; treatment; schizophrenia; expenses, 2162
antipsychotic polypharmacy; neuroleptics, polydrug therapy; treatment; schizophrenia; costs, 2225
anxiety disorders; cognitive behaviour therapy; Canadian mental health; Canadian psychologists; economic burden, 32306

solution-focused approach; premarital counseling; couples; marriage; couple resources; intervention strategies; Couple Resource Map, 32351
substance abuse; concordant couples; couples therapy, 22671
support satisfaction; spousal support; physiological responses; marital conflict; younger couples; older couples; affective responses; cortisol responses; blood pressure, 24756
surrogacy; psychological stressors; commissioning couple; pregnancy; childs development, 25168
work & love relationship; career burnout; couple burnout; counseling, 17784
Couples—Books
Depression fallout: The impact of depression on couples and what you can do to preserve the bond, 4612
Couples—Chapters
Coaching for emotional wisdom in couples, 23159
Love, hate and the generative couple, 14102
Scenes from a marriage: Examining support, coping and gender within the context of chronic illness, 1800
Couples Therapy—Serials
attachment theory; neuroscience; couple therapy; neurophysiology; affect regulation; attachment styles; relationships; theory integration; interactions, 35460
Behavioral Couple Therapy; alcohol dependence; comorbidity; depression; anxiety; personality disorders; marital problems, 32299
clinical considerations; substance abuse; intervention strategies; treatment options; couples, 11418
close relationships research; couple & family therapy; shared therapist interests; clinical case example; therapy measures; styles research; Love Styles theory; love theories, 11424
concurrent couple & individual therapy; dyadic relationship; intimate relations; internal object relationships; marriage; need-gratifying dyads, 35401
couple intervention; psychoanalysis; theoretical perspectives, 32390
couple therapy; psychoanalysis; family treatment; attachment behavior; dyadic systems theory; stress regulation; inter subjective thinking, 32336
couples counseling; solutions timeline; coping skills; relational difficulties; interaction, 14095
couples sexual issues; dreams analysis; couple therapy; condensation; symbolization; projective identification; sexual symptomatology; emotional pain; relational pain, 32357
couples therapy; childhood sexual abuse; female survivors; adult sexual functioning; emotional trauma, 35452
couples therapy; family therapists; psychology; Human Development; Life Span Development; cognitive development; neurobiology; negative reinforcement, 29893

couples-based intervention; panic disorder; agoraphobia; marital problems; partner assisted exposure therapy; marital therapy, 26299
developmental anxieties; psychological development of couples; birth of child; narcissistic levels; autistic-contiguous levels; paranoid-schizoid levels; couples therapy; relationship, 35448
empathy; vulnerability; intimacy; couple therapy; therapist awareness, 32347
enabling behavior; alcohol-dependent clients; substance use disorders; treatment acceptance; couple therapy, 28874
family counseling; counseling programs; counselor training; couple counseling; marriage counseling, 14579
interactive regulation; trauma histories; couple therapy; self regulation; couple relationships; individual development, 32337
medicine; psychothrapy; depressed couples; depressed families; depression; chronic depression; couples therapy; acute depression, 35387
money genogram; money problems; couples therapy, 11433
object relations; couple therapy; family therapy; psychoanalysis; unconscious processes; resistance; transference; marital interaction, 35419
oedipal issues; couples psychotherapy; couples; enactment; shame; collusion; psychotherapeutic processes; wipe out factor; therapists; cotherapists; cojoint therapy, 5227
partner violence; alcoholism treatment; behavioral couples therapy; married couples; cohabiting couples; male alcoholic patients; treatment involvement; abstinence; problem drinking patterns, 17437
partner violence; intact couple relationship; multi-couple group treatment; individual couple therapy; treatment outcome; domestic violence; violence recidivism, 32364
physical health problems; coexisting disorders; emotional difficulties; clinical training directions; relationship distress; mental health problems; behavioral & physical disorders; distressed couples, 11364
pretreatment attrition; couple therapy; male drug abuse; treatment entry variables, 20209
projective identification; disidentification; couple therapy; couple relationships; childhood experiences; parent child relationship; intimacy beliefs, 32361
psychoanalysis; postmodern period; psychotherapy; couple therapy; group therapy, 32358
psychoanalytic couple therapy; classical psychoanalytic theory; infantile sexuality; aggression; intergenerational dynamics; marital interaction, 32291
psychoanalytic schools; couples; integrative approach; abusive relationships; couples dreams; psychoanalysis; couple therapy, 32396
therapist behaviors; softening events; emotionally focused therapy; couples therapy; discovery oriented task, 23180
traditional behavioral couple therapy; integrative behavioral couple therapy; seriously distressed married couples; chronically distressed married couples; disorder severity, 17008

Couples Therapy—Books

Creativity in psychotherapy: Reaching new heights with individuals, couples, and families, 5175

Couples Therapy—Chapters

An approach to treatment of attachment issues in the adult and child subsystems through the use of thematic play therapy in conjunction with couples therapy, 23193
Integrating marital enrichment and couple therapy: Combining prevention and intervention, 5243
Linking systems and attachment theory: A conceptual framework for martial violence, 23198
A systemic approach to restructuring adult attachment: The EFT model of couples therapy, 23199

Courage—Serials

courage; hardiness; physiological functioning, 34733
creative living; quality of life; God; aging; courage, 35667
existential courage; decision-making; hardiness, 25371
psychoanalytic interpretations; heroism; Holocaust; memoir, 18828
traditional Chinese medicine; metaphor; mental processes; Chinese culture; human body; gall bladder; courage, 4218

Course Evaluation—Serials

course evaluation; career course; student responses; student perceptions; course ratings, 30138
cross-cultural course changes; traditional lecture course; contemporary course; biblio-learning; video learning; experiential exercises; student attitudes; college students; minority groups, 2693
educational interventions; student needs; student course design; medical students; study skills; objective structured clinical examination; examination scores; course evaluation, 17500
learning strategies; student perceptions; course information construction; academic performance; college students; teaching format; self regulation; academic instruction; academic assessment, 17662
pedagogical content knowledge; teaching strategies; teacher education; mandated cirriculum; teaching methods; middle school teacers; mathematics lesson, 8995
student attitudes; personal reflection; significant event analysis; general practice; medical students; medical curriculum; conflict; coping strategies, 17516
web-based course-management system; management tasks; time implications; instructor; course environment form; Internet, 5869

Course Objectives [See Educational Objectives]
Course of Illness [See Disease Course]
Court Ordered Treatment [See Court Referrals]

Court Referrals—Serials

cigarette smoking; substance use; domestic violence treatment programs; batterer intervention programs; court referral, 31713
cost-effectiveness analysis; criminal offenders; drug addiction; adult drug court program, 20660
counseling; psychotherapists; court ordered counseling; professional psychotherapy; ethical violations; dual relationships; informed consent; therapy as punishment; confidentiality, 36033
counselling; psychotherapists; court ordered counselling; professional psychotherapy; ethical violations; dual relationships; informed consent; therapy as punishment; confidentiality, 36032
disulfiram treatment; supervised disulfiram; clinic visits; treatment adherence; voluntary group; court-mandated group; naturalistic followup study; study period; court assistance, 20650
drug courts; recidivism; drug abuse; drug court treatment programs, 2538
Families In Transition; FIT; quantitative evaluation; theory of planned behavior; court-mandated divorce education program; parenting attitudes, 13341
judicial treatment; sex offenders; age; sex; weapons; sexual aggression; criminal justice; victims; police detection; treatment centers; institutional referrals, 30334
Mental Health Review Tribunal; learning difficulties; residential placement; learning disability; court of appeal; law; warrant execution; jurisdiction; mentally ill adults, 30314
moral reasoning; moral development; African Americans; Blacks; battered women; Whites; treatment outcomes; batterers; standardized treatment program; court-mandated treatment; intervention, 11764
prediction; drug court; substance abuse treatment; treatment retention; premature termination, 11953
prevalence; trauma; posttraumatic stress disorder; dissociation; court referrals; gender differences, 25696
referral pathways; offending behaviour; Scottish children hearing tribunals; intervention; child abuse; policy implications; child protection; youth offenders, 33439
sexual offenders; nonsexual offenders; intellectual disability; learning disabilities; personal characteristics; referral sources; mental health services; mental illness, 31669
social characteristics; referred youth offenders; youth crime; social interventions; child care; child protection; young offenders, 31991
substance abuse counselors; philosophy; treatment services; offenders; drug court programs; knowledge; beliefs, 8875
treatment noncompliance; criminal justice mandated clients; physical prime; support social networks; treatment motivation; risk-taking propensity; social involvement; treatment progress, 20663
treatment recommendations; juvenile justice system; referral to mental health services; behavioral problems; race/ethnicity; juvenile offenders; Blacks; Whites, 6182

Courts [See Adjudication]
Courtship (Animal) [See Animal Courtship Behavior]
Courtship (Human) [See Human Courtship]
Courtship Displays (Animal) [See Animal Courtship Displays]

Covert Sensitization—Serials

attention deficit hyperactivity disorder; covert orientation; attention paradigm; cognitive neuroscience, 35068
cross-sensitization; amphetamine; salt appetite; sodium depletion; rats; psychomotor effects, 34141
private events; verbal behavior special interest group; listserv; response amplitude; covert behavior, 33750

Crack Cocaine—Serials

amantadine; cocaine dependence; smoked cocaine; crack cocaine; cocaine self-administration; subjective effects; cardiovascular effects, 8492
aversion therapy; crack cocaine; treatment effectiveness evaluation; drug abuse; treatment approaches; cocaine craving; chemical aversion; covert sensitization; faradic aversion therapy, 17429
crack cocaine injection practices; HIV risk; health risk; behavioral practices; crack cocaine preparations, 31934
crack cocaine; prenatal exposure; social development; emotional development; intellectual development, 10141
medication compliance; treatment satisfaction; HIV disease; African Americans; crack cocaine smokers, 26486
psychiatric disorder; antisocial personality disorder; crack cocaine users; alcohol; cannabis; depression; posttraumatic stress disorder; comorbidity, 31925

Cramps (Muscle) [See Muscular Disorders]

Cranial Nerves [See Also Acoustic Nerve, Facial Nerve, Olfactory Nerve, Optic Nerve, Trigeminal Nerve, Vagus Nerve]—Serials

burning mouth syndrome; atypical odontalgia; temporomandibular disorder; hyperactivity; trigeminal nerve; chorda tympani nerve; glossopharyngeal nerve; tongue; lips; oral mucous membrane, 4858
olfactory representations; antennal lobe; olfactory sensory neurons; odor responses; molecular genetics; drosophila, 12898
pain pathoetiology; traumatic brain injury; chronic pain; central nervous system; neural mechanism; neural pathways; cranial tissues; referred pain; treatment side effects; iatrogenic pain; diagnosis, 29185

Craving—Serials

alcohol craving; combat veterans; posttraumatic stress disorder; substance abuse, 25715
alcohol cues; regional brain activity; nonalcoholic beverages; addictive substances; orbitofrontal cortex; alcoholic beverages; alcoholics; soical drinkers; craving, 22686
alcohol dependence; craving; alcohol abuse; discriminant validity; drug withdrawal; alcohol use disorders; diagnoses; Craving Withdrawal Model, 30438
American smokers; Spanish smokers; Questionnaire of Smoking Urges; smoking craving; factor structure, 21129
arterial nicotine plasma concentrations; cigarette smoking; abstinent smokers; cigarette craving, 34155
aversion therapy; crack cocaine; treatment effectiveness evaluation; drug abuse; treatment approaches; cocaine craving; chemical aversion; covert sensitization; faradic aversion therapy, 17429
cigarette craving; cue induced craving; anterior cingulate cortex; bupropion; brain metabolic activation; smokers, 26192
cigarette cravings; smoking cessation; cigarette cues; in vivo smoking cues; cigarette cues; craving reactions, 31924
craving; smoker self-reports; cue exposure, 25907
cue exposure; cognitive performance; nicotine deprivation; urge to smoke; smoking-related cues, 4309
EEG effects; tobacco withdrawal; denicotinized cigarettes; smoking behavior; reduced craving; plasma nicotine levels, 4315
family history of smoking; stress-induced cigarette craving; smokers, 16227
food cravings; acute hypoglycaemia; adults; Type 1 diabetes; euglycaemia, 19889
hypothalamic-pituitary-adrenal axis; sympatho-adrenomedullary responses; stress; drug craving; cocaine; drug addiction, 4740
images; cognitive processes; drug craving; motivating experience; substance dependence; cognitive modelling; flashbacks; Tiffany's theory of craving; elaborated intrusion theory of craving, 25894
immediate antecedents; cigarette smoking; stimulus control; affect; unrestricted smoking patterns; urge; setting, 13411
internal cue exposure; substance use disorder; panic disorder treatment; craving sensations; emotional states; anxiety, 13547
mesolimbic dopamine system; cocaine withdrawal; brain-derived neurotrophic factor protein; drug craving; rats; neurotrophic factor protein levels, 21846
mu-opioid receptor binding; carfentanil positron emission tomography; craving; mood; alcohol dependence; males; alcohol withdrawal; brain; depressive symptoms, 14464
naltrexone; acute cigarette smoking behavior; chronic smokers; cues; craving; withdrawal; affect; side effects; sex differences, 12992
nicotine gum; cigarette craving; smoking cessation, 22675
olanzapine; alcohol craving; DRD4 variable number of tandem repeats polymorphism; VNTR polymorphism; cue elicited craving; social drinking; social drinkers; priming; individual differences, 1156
posttraumatic stress disorder; symptom severity; violent crime victims; cue elicited craving; alcohol dependence; cocaine dependence; traumatic event; severity score; sexual assault; total severity, 7797
psychosis-inducing effects; cocaine sensitization; cocaine craving; cue reactivity; cocaine dependency, 31950
risperidone; cue-elicited craving; cocaine dependent patients; cocaine withdrawal; dopamine; serotonin antagonists; schizophrenic patients, 32470
smoking; nicotine dependence; resistant smokers; smoking cessation treatments, 25891
striatal neurons; cocaine; tetracycline; substance P-dynorphin; self administration; craving; mice, 15736
therapist perceptions; stress; drinking urge; alcoholics; cognitive functioning, 23725

working memory; visuospatial processing; food cravings; dieting, 26530
Craving—Chapters
Self-regulatory failure and addiction, 13763
Creative Arts Therapy [See Also Art Therapy, Dance Therapy, Music Therapy, Poetry Therapy, Recreation Therapy]—Serials
cinematherapy; work relationships; counseling, 14220
Creative Arts Therapy [See Also Art Therapy, Dance Therapy, Music Therapy, Poetry Therapy, Recreation Therapy]—Chapters
Exploring the creative potential of people with Alzheimer's disease and related dementia: Dare to imagine, 17138
Creative Writing—Serials
being interesting; challenges; manuscripts; authors; reviewers; editors, 7297

Crossed Eyes [See Strabismus]

Crowding—Serials

cold stress; sympatho-adrenomedullary system; pituitary-adrenocortical axis; rats; isolation; crowding; noradrenaline; adrenocorticotropic hormone; corticosterone; cytosol glucocorticoid receptor, 24752
endocrine responses; starlings; crowding; cardiac responses; behavioral responses; aggressive behavior; corticosterone, 3852
feeding behaviour; large group housing systems; pen space restriction; feeder availability; pig behavior; growth performance; fat deposition; deep litter system, 6723
masking functions; stimulus onset asynchrony; temporal masking; crowding; visual masking, 33712

CRT [See Video Display Units]

Cruelty—Serials

cruel intentions; television; aggression; media, 28802
Islamic terrorism; violence; Quran; cruelty, 35004
test development; psychometrics; Cruelty to Animals Inventory; children, 24189

Crying—Serials

affective changes; instinctual action patterns; laughter; crying; walking; affective imaging, 18422
amygdala response; sex-independent response; infant crying; infant laughing; maternal behavior; parents; nonparents; human brain response; emotional stimuli; infant adult interaction, 6985
colic; risk; infants; nonmanual work; mothers; work demands; socioeconomics; psychosocial conditions, 18950
crying; perceived helplessness; coping appraisal; emotions; communication, 9730
individual differences; parental diaries; health services; newborn infants; crying patterns; common concern; blood sample; neurobehavioral exam, 15907
infant crying; parent-child relations; cry acoustics, 25184
laughing audition; crying audition; amygdala insula; auditory cortex; non-verbal vocalizations; amygdala activation; behavioral responses; facial expressions; vocal expression; sound delivery, 15570
narcissistic patients; narcissistic crying; psychotherapist patient fit; therapeutic relationship; countertransference; interpretation, 1973
parental characteristics; infant colic; personality; marital satisfaction; parenting stress; social support; crying patterns; colic conceptualizations, 8162

Crying—Chapters

Behavioral and physiological responsivity, sleep, and patterns of daily cortisol production in infants with and without colic, 1802

Cuban Americans [See Hispanics]

Cued Recall—Serials

autism; conditioned cue; response marking; learning speed; child training, 35081
context; item interactions; false memories; cued recall; episodic memory; semantic memory, 9724
dual tasking; episodic memory; semantic memory; task domain; cued recall; recognition; working memory; age differences, 24512
dysphoric mood; autobiographical events; autobiographical recall; executive functions; recognition memory; dysphoric states, 27562
episodic memory tests performances; free recall; cued recall; recognition; cued recognition, 30741
food photographs; food portion sizes; dietary intake; memory; recall; adults; children; portion size estimation, 5390
memory retrieval; cue selection; parallel access; responses; recall; models; attention, 27564
retrieval induced forgetting; cued recall; retrieval inhibition; context, 33873
retrieval strategies; semantic associates; association encoding; voluntary retrieval; encoding deficits; memory tests; age effects; cued recall; level of processing; free association; priming, 30735
retrieval-induced forgetting; item recognition, 21374
retrieval-induced forgetting; part-list cuing; associatively structured lists; retrieval practice; veridical recall; false recall, 18370
sex differences; jealousy; cued recall; emotional infidelity; ambiguity; sexual infidelity; threatening condition, 31602
target-stimulus reminder; reminder cuing; object recognition; novel object; memory; rats, 3470

Cues—Serials

visual cues; rehabilitation counseling; computer-mediated tests; vocational test interpretation; video conferencing; session depth; online counseling, 35850
3-D motion perception; accuracy; precision; observers; binocular vision; binocular cues; depth information; 3-dimensional motion trajectories; errors; estimation, 335
age differences; bias correction; older adults; young adults; social judgments; contrast biases; correction cues; context induced biases; environmental support, 33837
age-related differences; functional learning performance; cues; direct and inverse relations; criterion; ecology, 31156
age-related hearing loss; aging effect; neural representation; speech cues; perception; time-varying cues, 6544
aging; synthetic topic cues; intelligibility; dysarthric speech; augmentative and alternative communication, 20672
alcohol myopia; cognitive impulsivity; alcohol intoxication; cues; decision making; rewards; delay discounting task; sobriety, 3954
allocentric spatial memory; egocentric spatial memory; unilateral temporal lobectomy; anterior temporal lobe; target location; object cues; spatial working memory; neurosurgical participants, 29110
animacy information; syntax; language development; word meaning; syntactic cues, 22031
anomia; self-generation; phonological cues; phonological access; oral reading strategies; naming treatment; chronic nonfluent aphasia; reading therapy; apraxia of speech, 17473
arithmetic fact retrieval; traumatic brain injury; multiplication facts; colored representation; rehabilitation, 29757
associative learning; associative history; associative change; cues; human causal learning, 6607
attention; event related activation; cortical activation; preparatory activation; cortical deactivation; cue period activation; response inhibition; functional areas, 24732
attention; eye movement; eye gaze; newborns; cues, 22033
attention; personality; covert visual orienting; anxiety; impulsivity; peripheral cues; central cues; individual differences, 22360
attentional blink; spatial processing; target detection; visual search; rapid visual presentation; localization bias; target position; switching costs; spatial cues, 21286
attentional capture; dynamic cues; attention distribution; classification scheme, 18416

attentional cueing; Simon effect; spatial attention; event-related potentials; response preparation, 18264
attentional cueing; spatial working memory; memory task performance; chronic low dose; methylphenyltetrahydropyridine; monkeys, 30969
attentional cuing; processing capacity changes; hazard functions; mental performance; visual attention; statistical techniques; response time; hypothesis tests, 30696
attentional deployment; spatial attention; divided visual field; lateral dominance; cue position; word recognition; naming latency, 6934
attentional myopia model; behavioral control; food consumption; chronic dieters; restrained eaters; thought reporting; cues, 13485
auditory cues; walking performance; spatial gait parameters; stride length; Parkinson's disease; gait velocity, 1851
automatic mental processes; intent; cues, 6574
bad genes; anomalous face overgeneralization; facial preferences; health judgment; intelligence judgment; facial attractiveness; cue validity; cue utilization; accuracy, 34645
behavioral intentions; situational construal; behavioral decisions; priming; cues; prisoners dilemma game; decision making, 4398
binary textures; ternary textures; high-order spatial correlations; depth cues; image qualities; pixels, 33721
bind cue decide model of episodic memory & word recognition as Bayesian context noise model & application to item noise & dual-processing approaches to recognition memory, 27535
binocular cues; prehension; binocular disparity; angle of convergence; binocular view; bi-ocular view; monocular view; performance, 18276
body-based senses; direction knowledge; large-scale environments; inertial cues; active movement; spatial knowledge acquisition, 21258
bottlenosed dolphins; human directed gazing; human pointing; object choice; gaze cues; static gaze; dynamic gaze, 27628
capuchin monkeys; squirrel monkeys; Saimiri sciureus; Cebus apella; gaze direction; eye orientation; looking; touching; gaze cues, 30766
category activation; outgroup members; situational sources; perceived group variability; situational cues; stereotyping, 4354
causal interpretation; temporal association; causal cues; young children; sorting task; action task; temporal association; perceptual prominence; early childhood, 930
causal structure; intervention; observation; probabilistic data; learning paradigm; temporal cues; causal model, 24447
chemical alarm cue; behavioral response; animal environment, 15426
chemosensory cues; Tenebrio molitor beetles; mate selection; reproductive status; mating behavior; courtship behavior, 30786
cigarette cravings; smoking cessation; cigarette cues; in vivo smoking cues; cigarette cues; craving reactions, 31924
cognitive control; task switching; task activation; cues; retention, 33772
color vision; Alzheimer's disorder; geriatric patients; object recognition; color cues; dementia; short-term memory; cognitive ability, 13930
combined expectancy; expectancy cues; motor response; modality cueing; object cueing; task cueing; spatial cueing; response cueing, 24411
comparative perspective; comparative psychology; cognitive perspective; behavioral phenomena; cognitive psychology; metacognition, 3460
computer technology; naming; Multicue; cues; word finding; aphasia; verbal communication, 35902
conditioned fear inhibitors; fear conditioning; ABA fear renewal paradigm; theories of extinction; rats; feared cues; co-present cues; conditioned suppression; rats, 9725
context memory; item memory; contextual information; encoding; context memory; color; location; background color; cue-word color, 24507
corticosterone; memory retrieval; cues; stress hormones; emotion; hypothalamus; amygdala; corticotropin; rats, 15375
counterpredictive cues; eyes; arrow orienting; cued target locations; gaze; predicted locations; gaze triggered attention; attentional effects; cued location; target gazing, 15202
cover stimulus effect; stimulus similarity; pigeons; conditioned stimulus; unconditioned stimulus; stimulus-duration-equality effect; stimulus duration, 21431
craving; smoker self-reports; cue exposure, 25907
cue exposure; cognitive performance; nicotine deprivation; urge to smoke; smoking-related cues, 4309
cue focused processes; reflexive associative processes; prospective memory recall; divided attention, 18391
cue reactivity; smokers; perceived cigarette availability; gender, 30971
cue reactivity; young women; alcohol dependent individuals; functional magnetic resonance; alcohol dependent adults; alcohol-related stimuli; physiological response; light social drinkers, 11022
cue size; time course; attentional focusing; visuospatial attention; dyslexia; children, 8069
cue validity; object-based attention; visual selective attention; brain, 30748
cue-based associations; rotation of starting position; retention; water maze; spatial tasks; spatial memory, 30773
cueing; reaction time; movement time; peak velocity; aiming task, 27480
cues; reduced cue effect; high processing motivation; persuasion; subjective information relevance; relevance override, 9673
cues; thoughts; feelings; behavior; young children; age differences; gender differences; cognitive behavior therapy; meta-cognitive skills, 18936
deception detection; cues; gender differences; lie communication, 31526
defensive behavior; rapid conditioning; cues; cat odor; rats, 12736
differential reward outcome learning; conditional visual discriminations; neural mechanisms; learning strategies, 33851
domestic chick; neural correlates; memorized associations; cued movements; archistriatum; sensori-motor coordination, 21532
dopamine D3 receptor ligands; nicotine conditioning; nicotine associated cues; environmental effects; nucleus accumbens, 13029
dorsolateral striatum; response learning; learning acquisition; cue deficient condition; cue available; artificial cerebrospinal fluid; lidocaine injections; rats, 18720
Editors' introduction; journal editorial; special issue papers; mental cues; cognitive control, 15291
electrophysiological correlates; recognition performance; differential processing; recognition memory; task difficulty; memory; retrieval; age; cue processing; event related potentials, 30900
Ellis' cognitive theory of emotion; rational and irrational beliefs; physiological arousal; environment; emotional states; cues, 31562
enduring suffering; emotional suffering; verbal cues; facial cues; behavioral state, 6625
English as a second language; Koreans; Japanese; visual cues; context; talker's face; word position; articulatory gestures, 4041
environmental context; cue dependency; alcohol; information processing; cognitive load; inhibitory mechanisms; activational mechanisms; control; inhibition response, 30972
environmental print; reading development; nonliterate adults; cues; learning strategies, 2778
environmentally induced stress; physical stress; distress cues; predator kairomones; foraging behavior; salamanders, 15425
episodic memory tests performances; free recall; cued recall; recognition; cued recognition, 30741
estrus induction; female prairie voles; cell numbers; brain mast; microtus ochrogaster; neuroendocrine; estrus; rodent; hormone; estrogen, 6715
exogenous spatial cues; space orientation; attention allocation; discrimination task; detection task, 18290
explicit memory; implicit memory; memory difficulties; free recall; acquired brain injuries; errorless learning without fading; method of vanishing cues; rehabilitation, 29764
extrinsic cues; intrinsic cues; encoding; adaptive behavior; extrinsic coordinates; intrinsic coordinates, 18402
face recognition; voice recognition; preschoolers; specific language impairment; emotion cues; social interaction, 16575
facial cues; vocal cues; infants behavior; social referencing behavior; visual reference; voice; social cognition, 25071
facial expression; attention orienting; gaze direction cues; emotional expression, 3318
fear-potentiated startle; contextual freezing; median raphe nucleus; serotonergic mechanisms; conditioned fear responses; cues, 30873
feature cues; spatial attention; ventral pathway; prefrontal brain area; oculomotor circuit, 27440
feature type; flavored solution; visual cue; auditory cue; feature positive discriminations; transfer; rats, 3490
feeling of knowing; familiarity; FOK ratings; cues; music; metamemory; episodic memory, 24443
female tamarins; visual cues; primates; eutherian mammals; trichromatic colour vision; ripe fruits detection; cone opsin polymorphism; platyrrhines; chromatic distinction; dichromatic males, 6673
food location; inference; apes; auditory information; visual information, 27610
footshock intensity; generalization; auditory-cued fear conditioning; rats; acoustics, 24554
foraging behaviour; house mice; predator odours; predator habitat; Mus domesticus; predation cues, 21480
fornix transection; rats; radial-arm maze cue tasks; distal visual stimuli, 6908
frames of reference; spatial memories; reference systems; language; cues, 9721
functional cues; position learning effects; runway-trained rats, 21426
functional magnetic resonance imaging; visual cue; motor sequencing; supplementary motor area; pre-motor area, 15178
geometric modules; non-geometric modules; spatial reorientation; neurobiological processes; neuronatomy; visual system; birds; information encoding; left hemisphere; right hemisphere; cues, 18619
gray seal; Halichoerus grypus; pointing; directional cues; generalization; operant conditioning, 9773
hedonic shopping value; consumer reactions; multidimensional cue; Korean students; price cues; clothing; durable goods, 9182
high function individuals; autism; written discourse; reading; cues; background knowledge; discourse understanding, 25968
hippocampal formation; homing pigeons; lesions; room cues; local landmarks; global environmental space; unilateral lesions; spatial learning; lateralization, 18576
hippocampus; memory; episodic memory; recall; odor & spatial cues; time; rats; what & where & when information, 34016
homing behavior; visual marks; artificial landmarks; bees; Megachile rotundata; nesting; distance cues, 18482
honeybee; single bars; bar arrangement; vertical displacement; horizontal displacement; cues, 21430
host location behavior; parasitoid; imported fire ants; cue hierarchy, 27664
human associative learning; cue interaction phenomena; nonlinear discrimination; stimulus generalization, 18407
human auditory cortex; sound features; supratemporal plane; cortical structure; acoustic cues; cortical function; architectonic organisation, 21591
human motion processing; event perception; visual cues; extrastriate motion complex; frontal eye field; motion perception; eye movements, 18299
illusory contours; amodal completion; depth stratification; cues, 30622
image orientation perception; color photographic images; image resolution; semantic cues; psychophysical study, 12601
imagery; perception; vision; mental image; visualization; cueing; acquisition strategies; reaction time, 338
implementation intention; cue discrimination; opportunities to act; cue detection, 31546
implicit learning; memory rehabilitation; errorless learning; vanishing cues; treatment effects; amnesic patients, 5665
implicit task sequence learning; task cue; nonintentional task set, 18325
individual differences; drug sensitivity; cocaine-seeking behavior reinstatement; rats; cocaine-conditioned cues; amphetamine priming injection, 24815
inertial cues; environmental layout; sensory modalities; angular acceleration, 18366
information processing; differential sensitivity; response-time measures; cognitive processing; attention allocation; selective attention; stimuli relative; attentional resources; P300; cues, 18415
inhibition of return; attention; perceptual motor processes; cues; perceptual localization, 445
inhibition of return; attention; rapid attentional shifts; memory; visual search; cue duration; reaction time, 6616
inhibition of return; location repetition; shape repetition; cues, 18260
inhibition of return; nonspatial visual cuing; cues; stimulus onset asynchronies; perceptual localization, 6497
inhibition of return; occluded objects; attention; cues; visual perception, 6470
inhibition of return; saccade trajectory; trajectory deviations; delayed saccade; cued attention; cued location; onset cue; color singleton; time course; inhibitory effects, 21272
inhibition of return; voluntary saccades; attentional momentum; attention; peripheral locations; gaze; visual field; oculomotor activation; cued location; uncued location, 27576
inhibitory cue; forgetting; semantic knowledge; memory lapses, 24502
inner speech; cues; articulatory suppression; task cuing paradigm; task goal retrieval; cue type; dual-task study; nonnegligible retrieval demand, 15293
internal cue exposure; substance use disorder; panic disorder treatment; craving sensations; emotional states; anxiety, 13547

interpersonal sensitivity; nonverbal behavior; people's abilities; nonverbal cues; judgment accuracy; social communication; social relationships, 34608
inverse base-rate effect; cues; eliminative inference model; attention-shifting; attentional theory, 377
inverse base-rate effect; cues; eliminative inference model; attention-shifting; attentional theory, 394
ipsilesional cues; line-bisection errors; unilateral neglect; predictive value, 8212
item associated context and ensemble model; environmental context; recognition memory; cue-overload hypothesis, 12706
landmark based navigation; house mouse; visual extra-arena landmarks; cues, 15380
learning-related changes; response patterns; prefrontal neurons; instrumental conditioning; cues; operant conditioning; neural plasticity; rats, 6685
lexical decision; coarticulatory cues; explicit speech segmentation; word stress; cross-modal fragment priming; auditory primes; speech fragment, 15257
lexical retrieval problems; anomic aphasia; phonological cueing treatment; semantic cueing treatment; words, 17475
localized attentional interference; attentional salience; luminace; cues, 30752
magnetoencephalography; movement preparation processes; auditory precues; event-related desynchronization; ipsi vs contralateral motor responses; sensorimotor cortex; spatial precues, 7056
Mauthner cell; temporal constraints; cichlid fish; startle response; visually directed C-start responses; visual cues; sound pulse, 15487
medial preoptic area; vomeronasal system; stria terminalis; Fos immunoreactivity; neuronal activation; copulatory behavior; forebrain Fos responses; chemosensory cues; aromatase knockout mice, 3442
melody cues; temporal cues; musical meter; music perception; music contour; repetition; rhythm; pitch, 33745
memory retrieval; cue selection; parallel access; responses; recall; models; attention, 27564
memory; psychoanalytic interaction theory; memory processing; implicit memory process; explicit process; retrieval cues; coconstructed phenomenon; networks; change; symbolic content; clinical examples, 14072
motion; still images; paintings; photographs; cartoons; motion perception; neural mechanism, 27461
motivation; alcohol; avoidance; alcohol drinking; avoidance; disinhibition; alcohol cues; college drinkers, 764
navigational strategies; local landmarks; distal landmarks; rats; spatial learning; swimming, 6684
need to belong; social relationships; social cues; individual differences; social connectedness, 34639
Normative Appetitive Picture System; NAPS; reliability; specificity; validity; cue exposure; substance use; individual differences; college students; cue reactivity, 24279
novel odor; food discrimination; mammalian species; social influences; tufted capuchins; food preference; olfactory cues; familiar odor; cebus apella, 21456
object recognition; decision making; cues; predictive validity, 24457
object-based attention; spatial focus; exogenous cues; endogenous cues; space-based attention; attentional focus; spread attention; focused attention, 444
object-based selection; two-rectangles method; three-sided directional cue; information selection; response time; errors, 6513
observer proficiency; discrimination; pretense behavior; pretense vs real acts; behavioral cues; development; pretender behavior; pretend content; pretense interpretation; children; adults, 24920
odor-evoked memory; emotional potency; functional magnetic resonance imaging; cues; amygdala; hippocampus, 9939
olfactory recognition; burrow olfactory signature; blue petrels; odour cues, 24579
operant conditioning; infant memory; generalization; cues; deferred imitation; context, 31157
parent beliefs; deception; cues; expertise; children, 25179
part-set cuing effects; age differences; category exemplars; recall; younger adults; older adults, 15968
perceptional deficits; executive deficits; chronic schizophrenia; intentional tasks; attentional tasks; visual orientation; motor set; precuing; interhemispheric asymmetry, 22538
perceptual bistability; point-light walkers; depth cues; stimulus ambiguity, 33734
perceptual distinctiveness of cues; prospective component; retrospective component; prospective memory, 6602
perceptual grouping; change detection; location change; color cues, 30603
performance accuracy; performance speed; depth-ordering task; depth cues, 27463
peripheral cues; autism; selective attention; visual orienting, 25954
phonological loop; task switching performance; articulatory suppression; cue conditions, 33824
picture-story test; cross-cultural research; Thematic Apperception Test; picture cues; methodological considerations; implicit motives data; item bias, 12554
police interviews; detecting deceit; police officers; suspects; accuracy rates; actual truths; perceived experience; cues, 12407
position cues; feature cues; discrimination learning; whiptail lizard; Cnemidophorus inornatus, 9759
posttraumatic stress disorder; symptom severity; violent crime victims; cue elicited craving; alcohol dependence; cocaine dependence; traumatic event; severity score; sexual assault; total severity, 7797
preconscious processes; smoking related cues; nicotine dependence; conscious awareness; attentional bias; evaluative bias; component process; visual orienting; cigarette smokers; stimulus valence, 19649
prior experience; props; recall; toys, 30730
proactive interference; cues; first-order Pavlovian conditioning; extinction; rats, 461
prospective memory; executive processes; cues, 30583
prospective memory; severe closed head injury; working memory; focal cue, 20051
prototypicality; sensitivity to prejudice cues; diagnostic information; targets' vigilance; prototypical information; outgroup members; discrimination, 31499
reactivity; smoking cues; adolescent smokers, 31458
reader sensitivity; linguistic cues; narratives; anaphor resolution; adjectives; stimulus salience, 30675
reference resolution; collaborative task; eye movements; pragmatic effects; perspective; conversation; addressee interpretation; referential expression, 18862
referential understanding; videos; chimpanzees; orangutans; children; Pan troglodytes; Pongo pygmaeus; Homo sapiens; visual cues; visual search, 9770
retrieval-induced forgetting; part-list cuing; associatively structured lists; retrieval practice; veridical recall; false recall, 18370
retroactive interference; timing; duration; cue termination; cue outcome onset; target association; rats, 466
return inhibition; inhibitory control mechanisms; space; time; inhibitory processes; spatial representations; temporal representations; peripheral cue, 18287
rhesus monkeys; Macaca mulatta; coos; screams; auditory discrimination; acoustics; vocalizer identity; cues, 9616
right posterior superior temporal sulcus; intentional actions; body motion; environmental context; perceptual features; observed motion; intrinsic cues, 30871
sea turtles; visual acuity; visual cues; aquatic environment; visual environment, 3471
search strategies; personal preferences; decision making; correct choice; relevant cues; success; adaptive behaviors, 21340
self-choice effect; response choice; relational processing; multiple-cue; retrieval cues; recall, 21394
sensory cues; foraging; brown capuchins; unimodal cues; bimodal cues; visual cues; acoustic cues; olfactory cues, 27599
sentence context; visual speech cues; auditory speech cues; cognitive variables; McGurk illusion; sensory inputs; audiovisual integration process, 33678
sentence interpretation; monolingual children; Spanish; syntactic cues; morphological cues; agent roles; grammatical strategies, 10111
separation; cues; danger; spotted hyena; Crocuta crocuta; reunion behavior; mother-infant separtion; developmental periods; distress; proximity-seeking behavior, 18515
sequence length; motor skills; movement sequence; discrete sequence production; random cues, 6568
serial learning; runway experiments; item cues; position cues; single fixed series; item signals; series position; series prior item; sequential item; reward events, 9756
shape perception; random dots; shape discrimination task; performance rates; neural mechanisms; monkeys; dot density; humans; dotspeed, 15370
shift costs; task shifting; precued task; task preparation; reaction time, 27506
single letter coloring; spatial cuing; Stroop effect; semantic processing, 33663
sleeper effect; persuasion; discounting cues; motivation; judgment; memory, 10458
social cues; new foods; food intake; rats, 33952
social information; generalized social phobia; social interaction; social cues; negative outcome absence; positive outcome presence; feedback, 22574
social learning; mate-choice decisions; social cues; quails; mating behavior, 33975
somatosensory cell response; auditory cue; haptic memory; neurons; tactile stimuli; monkey, 34084
song structure; broadcast distances; sexual signal; chickadees; cues; male social rank, 18443
source attribution; semantic categories; trace strength; memory origins; quantitative cues; qualitative cues; diagnosticity, 30712
spatial contextual cuing; individual locations; visual search; spatial learning, 30604
spatial learning ability; spatial reference memory; neural systems; cue learning; animal learning; mice; aging; maze learning, 6686
spatial memory; reference cues; body-centered reference cues; spatial coding; haptic locations, 18289
state & trait anxiety; emotion identification; communication channel; observers; vocal & visual cues, 7680
status assessment; perception; behavioral cues; appearance cues; judgment accuracy; gender, 34635
stimulus features; stimulus control; visual stimuli; time course; relational cues; same-different discrimination learning; pigeons, 27615
stimulus processing; detection sensitivity; attention; masked detection; cuing; luminance detection, 9599
stimulus-response probability; inhibition of return; cues; choice discrimination, 33803
summation; pictorial depth-cues; slanted surfaces; depth cue increment thresholds; gradient, 18288
surface cues effects; macaque inferior temporal cortical responses; objects recognition; surface information; color; texture; luminance; selective inferior temporal cortex neurons; rhesus monkeys, 3662
target saliency; human smooth pursuit initiation; interocular transfer; central pathways; eye movement; attention; human; cue condition, 3317
task-related plasticity; spectrotemporal receptive fields; primary auditory cortex; neuronal responses; sensory cues, 6891
temporal course; information processing; smoking cues; startle modulation; smokers; nicotinic dependence, 28867
temporal processing; temporal cues; prosodic cues; brain damage; cerebral dominance; prosody; speech perception; speech characteristics, 11219
threat; attention capture; attention holding; aversive conditioning; visual cues; response latencies, 33661
time course; simultaneous onset & offset cues; attention orientation; visual field; inhibition, 9568
time to contact; information integration; pictorial depth cues; depth cues; visual perception, 364
time to contact; information integration; pictorial depth cues; depth cues; visual perception, 24424
time-place learning; radial maze; spatial choice; location of food transition cues; rats, 27630
top-down contingencies; peripheral cuing; color; location; cue similarity; perceptual priming; attentional reallocation; visual perception, 331
Tower of London; instructions; cueing; learning; difficulty levels; planning ability; online vs mental preplanning; errors, 6349
trait symmetry; visual cue; starlings; symmetry preference; animal learning, 27637
two-dimensional environmental schematic; target location; goal position; geometric cues; featural cues; information encoding; visual search; spatial organization; spatial orientation, 12599
unconditioned stimulus; preexposure effect; lithium chloride; flavor-aversion conditioning; rats; injection cues, 6669
unconscious expressive cues; contextual meaning; brow tension; head shaking; subliminal smile, 10554
unfamiliar words; inferential processing; think-aloud protocols; cue selection; meaning deviation; age differences; old-old adults; young-old adults; young adults; abstraction deficit hypothesis, 927
utility of Implicit Association Test; assessment of alcohol-related approach dispositions; individual differences; alcohol cue exposure; alcohol consumption; hazardous drinkers, 160
verbal accessibility; verbal recall; early memories; contextual cues; infants; contextual support, 22023
verbal cues; nonverbal cues; deceit; deception; lie detection; behavioral cues; reliable judgements; valid judgements; liars; truth tellers, 21351
visual attention; cues; attentional focus; dogs; dog-human interaction, 24605
visual cues; olfactory cues; spatial cues; foraging behavior; pigs, 9783
visual cues; sonar cues; prey detection, 6700
visual food cues; prepulse inhibition; eye blink response; startle eye blink; cognitive processing; food deprivation; food restriction; pictures of food, 12957
visual stimuli; olfactory stimuli; alcohol drinking; beer; mood, 765
visuospatial attention; color; abrupt-onset cues; visuospatial processing; color priming; peripheral cuing, 27574
visuospatial cues; distracting stimuli; target localization; auditory modality; visual modality; linguistic cue words; visual target attention, 18868
vocal sac; visual cue; anuran communication; tungara frogs; acoustics, 30804
withdrawal symptoms; drug effects; drug onset cues; intra-administration associations; morphine; rats, 10024

withdrawal symptoms; drug effects; drug onset cues; intra-administration associations; morphine; rats, 9957
withdrawal symptoms; drug effects; drug onset cues; intra-administration associations; morphine; rats, 9958
withdrawal symptoms; drug effects; drug onset cues; intra-administration associations; morphine; rats, 9951
withdrawal symptoms; drug effects; drug onset cues; intra-administration associations; morphine; rats, 10023
withdrawal symptoms; drug effects; drug onset cues; intra-administration associations; morphine; rats, 10046
wolves; dogs; interspecific communicative abilities; socialized wolves; cues; intercommunicative interaction, 15409
word; behavioral support; contextual cues; literal use; symbols; symbolic understanding; functional equivalence; stimulus generalization, 33941

Cues—Chapters

Circannual rhythms and photoperiodism, 665
The role of cued speech in language development of deaf children, 23070

Cultism—Serials

children; cult; married life; cult members; post-cult experiences; behavior of cult leader; transference; defense mechanisms of projection; projective identification; cult situations, 1046
sexual relationships; Buffy the Vampire slayer; human sexuality; vampires; sadomasochism; cult tv series, 7579

Cultural Assimilation [See Acculturation]
Cultural Differences [See Cross Cultural Differences]
Cultural Factors [See Sociocultural Factors]
Cultural Pluralism [See Multiculturalism]
Cultural Psychiatry [See Transcultural Psychiatry]

Cultural Sensitivity—Serials

Afghan American elders; elder care; clinicians; educators, 29642
African American children; child welfare; kinship system; child welfare system; out-of-home care; cultural sensitivity; family; foster care; social work, 32712
African Americans; college students; Caucasian counselors; African American Counselors; racial consciousness; racial identity; counselor preference; counselor ratings, 19040
alcohol abuse prevention; community psychology; cultural factors; participatory action; sobriety, 26658
alternative high school; ethnic diversity; multiethnic group work; group members; school groups; multilingual, 12233
anthropological assessment; cultural interventions; sex; social factors; HIV prevention; sexual minority populations; men who have sex with men; public health activities; same-sex phenomenon, 17327
Asian American families; treatment guidelines; culturally competent therapy; Korean Americans; family therapy; ethnic groups; cultural competence; family therapists, 32346
assessment; Mandinka; PTSD; refugee; post-trauma syndromes; nosology; West African-sensitive assessment instruments, 12483
assistive technology focus groups; cultural diversity; family; developmentally disabled children, 12206
BESAFE model; cultural competency; health care delivery; HIV management; African Americans, 23511
bilingual children; literacy experiences; culture-sensitive pedagogy; literacy learning; teacher's cultural beliefs; Chinese-English speakers; kindergarten students, 14650
child protection managers; organizational change; cultural sensitivity; personal cultural values; organizational cultural values; cultural solidarity; organizational power, 5614
child welfare practice; culture-centered child welfare; child-family-system interaction; home recruitment; home retention; service provision; culturally responsive legislation; framework, 5615
children television series; interethnic understanding; children attitudes, 13253
counseling profession; Jews; cultural awareness; anti-Semitism; anti-Semitic behavior; Jewish issues; counseling profession; bias-free counseling; multicultural counseling, 5164
counseling profession; Jews; cultural awareness; anti-Semitism; anti-Semitic behavior; Jewish issues; counseling profession; bias-free counseling; multicultural counseling, 5173
cross cultural skills; business students; business environment; cultural sensitivity; cross-cultural management, 33097
cross-cultural encounters; personal growth; American individualism; self understanding, 19033
cross-cultural working; community learning disabilities; clinical issues; cultural sensitivity; health care services, 35810
cultural competence; hospice care; hospice staff; ethnic minorities, 14422
cultural competency; psychotherapy; treatment, 14584
cultural competency; psychotherapy; treatment, 2639
cultural diversity; cultural identity; cultural differences; cultural sensitivity, 22200
cultural diversity; diversity awareness training; differential treatment, 33242
cultural effectiveness; cultural competence; child welfare agencies; professionals; middle management level; upper management levels; model of change, 5745
culturally & ethnically diverse populations; working relationship; child welfare workers; culturally competent relationships; communities; collaborative alliances; stereotyping, 5628
culturally relevant treatment methods; family psychoeducational intervention; Korean American families; chronic mental illness; coping skills; understanding of mental illness; family empowerment, 35474
decision making; cultural competence; child welfare; ethnically & racially diverse families; community environment; agency structure; family characteristics; child welfare system; casework, 5598
disaster responders; recovery work; relief work; social workers; knowledge; skills; competencies; graduate students; cross-cultural differences, 20576
ethnic cocurricular activities; participation; ethnic awareness; ethnic understanding; Asian Pacific American undergraduates, 36116
ethnic group preferences; multicultural counseling competencies; intergroup differences, 14064
focus groups; Chinese immigrants; immigrant families; cultural relevancy; instrument development; validity; focus group methodology; involvement of community members, 12477
genetic counseling; miscommunication; prenatal genetic service providers; Mexican-origin clients; amniocentesis refusal rate; genetic testing, 20499
HIV/AIDS prevention programs; health service delivery; cultural competence; minority populations; cultural sensitivity; racial disparities; evaluation readiness, 11750
hospice social workers; educational needs; intervention; spirituality; religion, 14586
interpersonal power; social structures; western culture; integrity; morality; virtue; self; moral panacea, 21948
marketing; consumer services; international advertising approaches; international marketing; globalization; localization; standardization; cultural variables, 30270
migration; quality of life; psychologist role; culturally diverse population; health messages delivery; aboriginal population; racial tolerance; human rights, 29841
multicultural considerations; play therapy; multiculturalism; cultural sensitivity; play therapists; minority status; cultural influences; minority children; minority cultures; ethnic identity, 8413
multicultural research; multicultural competence; cross-cultural research; stereotypic thinking; cultural identities; clinical practice, 12055
Native American identities; Ohio Reformatory for Women; ORW; women prisoners; Native Americans; prison inmates, 17477
occupational therapy; cultural challenges; United Arab Emirates; mental health services, 20667
person-centered planning; support; cultural sensitivity; individuals with disabilities; families; processes; components; language differences; cultural differences; outcomes; developmental disability, 17347
personal development; professional development; St Patrick's Day; immigrants; family therapists; cultural sensitivity, 34434
Project Northland; intervention; alcohol prevention program; culturally diverse youth; urban adolescents; urban communities, 32789
psychology; culturally diverse society; psychologists; mental health; social harmony management; racism, 29859
psychotherapy; African Americans; patient therapist interaction; racism; stereotyping; cultural sensitivity; cultural values; culture-adaptive therapy; treatment approach, 35412

psychotherapist training; attachment theory; clinical work; post-graduate training module; curriculum content, 29894
school endowments; school curricula; juvenile drug use; tobacco usage; alcohol usage; marijuana usage; substance use initiation, 26886
school level curriculum; assessment; accountability policies; day treatment; residential schools; emotional disorders; behavioral disorders, 17348
science education; students; high school; curriculum; achievement; educators; innovative science; academic sociohistorical constructions, 23872
secondary school curricula; postsecondary students; disabilities; individualized education; secondary school settings; standards-based curricula; teaching, 2847
self-directed learning; student pragmatism; medical students; students experience; social factors; curricular factors; contextual factors; problem-based learning; undergraduate course, 29883
special education students; mild mental retardation; remedial curriculum; public law, 26977
standard based curriculum; educational reform; school organization; education; organizational analysis; rational approach; institutional approach, 12128
student preferences; employer needs; business management curriculum; curriculum revision, 23821
student support; student resistance; sports; high school physical education; curriculum implementation; curricular assessment; student perspective; Cultural Studies unit; physical activity, 23813
teacher educators; teacher education; career lifespan; educator communities; curriculum development; teacher learning, 8987
teaching curriculum; technological competence; early childhood, 29982
teaching methods; curriculum; learning differences; reading skills; secondary schools, 26863
teaching; international relations; history; problem oriented curriculum, 33095
technology usage; electronic course tool; group training standard; group counseling; Association for Specialists in Group Work; Counseling and Related Educational Programs, 23708
technology; curriculum; pre-service teachers; teachers; teacher perceptions, 2758
tracking; cultural expectations; curricular differentiation; student placement practices; nation specific values; dominant cultural beliefs; school systems, 12124
transcultural nursing; nursing curricula; multicultural society; nursing education; non-English speaking backgrounds; patient behaviors; health care needs, 14582
transnational issues; multicultural curriculum; teachers; ethnic cultures; transnationalism; immigration; racism; multicultural teacher education, 36129
undergraduate psychiatry; computer-assisted learning; CAL-PSYCH; student responses, 2740
United States Medical Licensing Exam; performance; medical students; problem-based learning curriculum; Asian population; Pacific Islander population; Medical College Admissions Test; MCAT, 12021
war; peace; curriculum; peace education; model; democracy; schools; society; violence, 12117

Curriculum [See Also Affective Education, Art Education, Braille Instruction, Business Education, Career Education, Compensatory Education, Computer Training, Driver Education, Foreign Language Education, Health Education, Home Economics, Language Arts Education, Mathematics Education, Music Education, Physical Education, Psychology Education, Science Education, Social Studies Education, Vocational Education]—Chapters

Cooperative group lesson plans, 5891
Curriculum: Cultural and communicative contexts, 23075
Democratic education and the creation of a loving and just community, 5885
Educational programming for deaf children with multiple disabilities: Accommodating special needs, 23066
Initial impact of the Fast Track Prevention Trial for Conduct Problems: II. Classroom effects, 2850
Integrating a models and modeling perspective with existing research and practice, 23840
An introduction to research in psychology: Learning to observe children at play, 17688
Making curriculum purposeful in group work with persons with severe mental illnesses, 5671
Recommendations for education and training in primary care psychology, 2646
Visibility as a trap: American Indian representation in schools, 23839

Curriculum Based Assessment—Serials

anti-smoking curriculum; tobacco use behavior; behavior; science curriculum; exposure; outcomes, 25016
assessment practice; Australian education, 27377
Assessment, Evaluation, and Programming System; standardized norm-referenced tests; Individuals with Disabilities Education Act; curriculum based measures, 3136
criterion validity; sensitivity; group writing intervention; writing skill; curriculum based measures; Woodcock Johnson-Revised; writing samples subtest; elementary school students, 15099
curriculum based measurement; mastery measurement; curriculum; performance; criterion-referenced test, 30490
curriculum based measurement; progress monitoring; reading; measurement error, 30492
curriculum based measurement; school psychology; pediatric needs; socioemotional concerns; crisis management, 33020
curriculum based measurement; state assessments; reading skill; Michigan Educational Assessment Program, 30497
curriculum-based reading measurement; oral reading fluency, 18182
paired reading; curriculum-based measurement; below-average readers; favorable treatment; instructional level; parent involvement; reading accuracy, 5902
phonological awareness; test performance; curriculum; pupil background; baseline skills; educational performance, 26944
pre-clerkship examination; medical education; postgraduate medical students; medical practice; curriculum evaluation; educational quality; question rating; question difficulty, 23689
problem-based learning; cultural differences; Asian medical schools; learning; teaching; student responses, 17521
problem-based learning; cultural differences; Asian medical schools; learning; teaching; student responses, 29896
special education; prerequisite skills; reading skills; curriculum based measurement; reading probes; maze; universal screening; achievement test; educational placement, 30487
speech difficulties; educational problems; educational attainment; elementary school children, 26013
test standard setting; objective structured clinical examinations; medical education; rational standard setting; empirical standard setting; reliability; credibility; reality check, 21189
writing performance; special education students; writing assessment; special education; curriculum-based measurement; elementary school; middle school, 27379

Curriculum Development—Serials

adolescent readers; language curriculum; chronic reading failure; phonological skills; semantic skills; syntactic skills; pragmatic skills; discourse processing skills, 26900
applied psychology; miniautobiographical narration; course content personalization; conceptual application, 26898
approaches to medical education; medical schools; medical students; curricular design; learning methods; integrated curriculums; patient contact; research methods; academic training, 32908
approaches to medical education; medical schools; medical students; curricular design; learning methods; integrated curriculums; patient contact; research methods; academic training, 32922
assessment; middle school curriculum materials; science curriculum; national standards; benchmarks; assessment tasks, 9487
assessment; middle school curriculum materials; science curriculum; national standards; benchmarks; assessment tasks, 9485
astronomy; science fiction; curriculum design; disadvantaged learners; higher education; BS honours award; learning policies, 36137
childhood play behavior; early childhood education; classroom curriculum, 30028
citizenship education; curriculum developments; educational policy; economic rights; post apartheid South Africa, 17631
client attachment; mental health nursing education; student nurses; therapeutic attachments; clients, 32931
collaborative knowledge; educational dialogue; knowledge development; online peer discussion; critical thinking; argumentation; educational design, 33082
community-based approach; medical humanities; curriculum development; health care; medical undergraduates; community based learning; graduate level interdisciplinary curriculum, 29876
creative teaching; teacher education; university course; teaching process; diverse learners; course preparation; teacher-student connections; reflective teaching; awareness; feedback, 29950
curriculum redesign; research methods; activity-based approach; student learning; graduate business students, 5851
family therapy training; diversity; multiculturalism; course design; marriage therapy training; cultural competency; United Kingdom, 32927
financial management training; low-income consumers; curriculum development, 33327
informal assessment; visual impairments; selecting individualized reading material; on-line resources; reading speed; high school students, 36219
interdisciplinary ethics course; professional ethics education; curriculum development; course content; design framework; class structure; instructional design; interdisciplinary faculty; design team, 35990
literacy education; literacy curriculum; curriculum development; reading education; reading achievement, 36133
mathematics curriculum; elementary teacher education; education programme; teacher trainers; curriculum development, 36095
organizational behaviour; undergraduate education; organizational design; organization studies; educational theory, 2749

physical education; curriculum; girls' bodies; poststructural feminist theory; high school classes, 30010
psychosomatic medicine; curriculum development; physician education, 9005
research ethics training; psychiatric education; curriculum development; teaching, 12016
school district level decision makers; school personnel; school level decision makers; substance use prevention curricula; decision making; site based management approach; middle schools, 33017
school reform; preschool programs; elementary schools; curriculum implementation, 33063
social networks; social identities; foreign-born English; second language teacher; curriculum creation, 29964
standard based curriculum; educational reform; school organization; education; organizational analysis; rational approach; institutional approach, 12128
teachers developing assessment for learning; testing as a policy tool; central reforms of instruction; impact on student achievement; mathematics testing; teaching to the test, 29975

Curriculum Development—Chapters
Access to the general education curriculum for all: The universal design process, 5892
Everything I ever needed to know I learned in Seminar 101: Organizing the first year for dynamic interactive learning, 2764
Missed opportunities and unlimited possibilities: Teaching disability content in schools of social work, 5788
Recommendations for teaching psychology, 2726
Strategies for creating multicultural pluralistic societies: A mind is a wonderful thing to develop, 5896
Using a translation model of curriculum development and classroom instruction, 23842

Cursive Writing—Serials
learning vector quantization; LVQ; neural gas; NG; single class; upper case; lower case; cursive character recognizer; CSR; data base training, 14877

Cushings Syndrome—Serials
maternal blood cortisol; fetal diurnal rhythm; fetal heart rate; Cushings syndrome; glucocorticoid replacement therapy; adrenalectomy, 21998

Customer Satisfaction [See Consumer Satisfaction]

Cutaneous Receptive Fields—Serials
repeated administration; transcutaneous electrical nerve stimulation; frequency; rats; tolerance; mu-opiod agonists; delta-opiod agonists, 15430

Cutaneous Sense [See Also Tactual Perception]—Serials
abnormal cutaneomotor integration; sensorimotor interactions; electrical stimulation; fingers; motor evoked potentials; cerebellar syndromes, 16831
cutaneous stimulation; cerebellar damage; chronic patient; ataxia; gait imbalance; limb spasticity, 22918
event-related desynchronization; event-related synchronization; electrocutaneous stimulation; electroencephalographic rhythms; corpus callosum size; cortical responses, 12922
fenfluramine; hypothermia; cutaneous dilation; rats, 13084
haptic face recognition; inverted faces; configural processing; object recognition; inversion effects; face processing; prosopagnosia, 20006
haptic location processing; haptic search; target location; target identity; target dimensions; sensory processing; perceptual dimensions; set size; relative orientation; reaction time data, 15188
haptic perceptual judgment; slanted surfaces; postural affordance; dynamic constraints; arm perceived position, 30586
haptic priming; Alzheimer's disease; normal aging; dissociable memory systems; young adults; older adults; haptic presentation of objects, 22907
haptics; space; parallel; frame of reference; oblique effect; gender differences; bimanual parallelity task, 322
human brain; laser evoked potential; thermoreceptors; nociceptors; event-related potential; deviant stimuli; involuntary attention shift, 9855
load fluctuation; impaired manual sensibility; grip force control; moving objects; clumsy fingers; motion planning; sensory feedback; arm movement, 5097
manual cyclical activity; exploratory tool; neonates; haptic texture perception; habituation sequence; infants, 15971
mechanical sensation; knee; pain thresholds; patients; neuronal responsiveness; normal control subjects; osteoarthritis patients; mechanical stimulation; mechanical allodynia; rheumatoid arthritis, 16602
Mueller-Lyer illusion; visual modalities; haptic modalities; verbal instructions, 30599
oblique effect; infants; haptic perception; spatial orientations; vertical orientation; oblique orientation; orientation perception, 18915
Persian Gulf War syndrome; chronic abdominal pain; gastrointestinal symptoms; diarrhea; visceral hypersensitivity; cutaneous hypersensitivity; veterans; psychological stress; pain sensitivity, 16592
proprioceptive straight-ahead pointing; subjective sagittal middle; active haptic exploration, 24407
sensory integration; grasping; object size; visual information; haptic information; task requirements, 24413
skin sensitivity; laser-evoked potentials; LEP; somatosensory evoked potentials; SEP; peak-to-peak amplitude; spinothalamic tract; multiple sclerosis; MS; vertex potential; medical diagnosis, 16827
somatosensory cell response; auditory cue; haptic memory; neurons; tactile stimuli; monkey, 34084
spatial memory; reference cues; body-centered reference cues; spatial coding; haptic locations, 18289
stochastic resonance; spinocortical somatosensory system; noise effects; evoked field potentials; tactile stimuli; local skin displacements; hindpaw; electrical processes; information capacity; Cats, 15660
visual images; distance estimation; spatial tasks; mental displacement task; visual map memorization; haptic exploration; mental estimation, 8333

Cutting Scores—Serials
cardiovascular morbidity; coronary heart disease; body mass index; overweight; obesity; Asian-ethnic groups, 8089
cut-off scores; performance profiles; neuropsychological assessment instrument; memory assessment scales; symptom exaggeration; malingering; traumatic brain injury; litigant, 27341
cut-offs setting; psychometric indicators; negative response bias; neuropsychological assessment; malingering, 27413
dementia; aggression; behavioral symptoms; agitation; Cohen-Mansfield Agitation Inventory; cut points, 18140
expert judgment procedure; high stakes credentialing examinations; minimal performance level; MPL; cutoff scores; Canadian Standard Assessment in Optometry; validity study; reliability, 15109
psychometric characteristics; classroom achievement tests; large-scale assessments; Direct Borderline standard-setting method; Nedelsky; Hofstee; Ebel; passing scores, 18177
standard-setting procedures; cut points; content areas; contrasting groups; bookmark assessment system, 21185

Cybercounseling [See Online Therapy]

Cybernetics—Serials
cerebellar ataxia; cybernetic interpretation; motor control processes; neuromotor disorders; feed forward control, 8301
Chinese Room argument; artificial intelligence; cognitive science; philosophy; machines; mind, 33397
integratively oriented brief psychotherapy; cybernetic systems; negative affective states; solution-focused narrative; existential phenomenology; dialectical interplay; teleological nature, 1976
personal cybernetics; humanistic intelligence; sensory mediation; visual perception; reality augmentation; computer-generated information; human-computer interaction, 6136

Cybernetics—Books
The psychocybernetic model of art therapy (2nd ed.), 8584

Cybernetics—Chapters
Parallel distributed processing: Explorations in the microstructure of cognition, 3084
Self-regulation of action and affect, 13502

Cyclic Adenosine Monophosphate—Serials
bipolar disorder; major depressive disorder; cyclic adenosine monophosphate; phosphorylated CREB; amygdala, 19412
cAMP-dependent protein kinase; cyclic adenosine monophosphate; conditioned place preference; conditioning; Wistar rats; reward related learning, 3872
cyclic adenosine monophosphate; pathway abnormalities; serotonin; platelets; panic disorder; inhibitory adenylyl cyclase, 25704
cyclic adenosine-3.5-monophosphate; motivational systems; rat brain; conditioned active avoidance reaction; informational systems, 9830
memory consolidation; hippocampus; cortical areas; cyclic adenosine monophosphate; associative learning; serotonin antagonists; serotonin agonists; 8-OH-DPAT autoshaping; rats, 9862
nitric oxide; cyclic guanosine monophosphate; behavioral effects; phosphodiesterase inhibitor; soluble guanylyl cyclase; light-dark exploration test; mice, 21868
protein kinase A; prefrontal cortex; depression; suicide; [3H]cyclic adenosine monophosphate binding; catalytic activity, 13563

Cycloheximide—Serials
noncontingent shock; behavioral deficits; flexion duration; instrumental learning; spinalized rats; intraspinal modification; de novo protein synthesis; cycloheximide; protein synthesis inhibitor, 21892
protein synthesis; body weight; gastrocnemius muscle; skeletal muscle; indomethacin; ribosomal kinase; cancer cachexia; ibuprofen; colon-26 adenocarcinoma; mice, 30989

Cyclothymic Disorder [See Cyclothymic Personality]

Cyclothymic Personality—Serials
cyclothymia; Hecker; history of psychiatry; Kahlbaum; psychopathology, 1408
cyclothymia; Hecker; history of psychiatry; Kahlbaum; psychopathology, 1422
levetiracetam; bipolar spectrum disorders; add-on therapy; cyclothymic disorder; mania; borderline personality disorder; neuroleptics; benzodiazepines, 32423

Cynicism—Serials
agenda setting; political variables; public agenda; audience skepticism; media mistrust; cynicism, 15897
cynical hostility; psychosocial vulnerability model; disease risk; life stress; trait anger; loneliness; irrational beliefs; neuroticism; negative affectivity, 25352
effective leadership; transformational leadership behavior; organizational outcomes; organizational change; leaders social context; peer leadership behavior; cynicism, 33253
locus of control; outside forces; cynicism; individualism; self-serving bias; school achievement; self-control; depression, 34722
metabolic syndrome; cynical hostility; cardiovascular disease; risk factors; cynicism; increased blood pressure; insulin resistance; hypercholesterolemia; abdominal fatness; high density lipoprotein, 29086

Cysteine—Serials
complex regional pain syndrome; free radical scavengers treatment; dimethylsulfoxide; N-acetylcysteine; treatment effectiveness, 23285
drosophila; long term memory; cathepsin activity; gene expression; cysteine proteinases; olfactory memory; peptide, 30768
folate; homocysteine metabolism; neural plasticity; neurodegenerative disorders; amino acid; DNA strand breakage; oxidative stress; apoptosis; nervous system development; neuronal homeostasis, 22975
homocysteine; sex; stress; learned helplessness model of depression; estrous cycle; helpless behavior; male rats; female rats, 12960
plasma homocysteine levels; CNS disease risk factor index; schizophrenia, 31763
schizophrenia; folate; homocysteine; negative symptoms; glutamate carboxypeptidase II, 34869
structural central neural damage; long-term neurobehavioral deficits; L-cysteine; neonatal mice; hypoglycemia; brain; spatial memory; hippocampal-related behavior; neurotoxicity; histological damage, 723
vitamin B; plasma homocysteine levels; coronary artery disease; plasma concentration; levodopa; hyperhomocysteinemia; folate; levodopa therapy, 5455

Cystic Fibrosis—Serials
cystic fibrosis; CF; health care; social services; parents; children; chronically ill; children; parents; experiences, 16598
educational program; cystic fibrosis; coping skills; STAR-BRIGHT; children; adolescents, 26071
educational program; cystic fibrosis; coping skills; STAR-BRIGHT; children; adolescents, 26031
family relationship quality; problem solving skills; medication; treatment adherence; older children; adolescents; cystic fibrosis; family conflict, 25149
organ transplantation; cystic fibrosis; CF; medical interventions; risk perceptions; gene replacement therapy; donor characteristics; autosomal recessive genetic disease; donor organs; health, 17179

Cytochrome Oxidase—Serials
cytochrome oxidase activity; sexual behavior; preoptic area correlates; castrated male leopard geckos; intact geckos, 30869
haloperidol plasma concentration; debrisoquine metabolic ratio; genotypes; psychiatric patients; cytochrome p450, 23263
intermittent ethanol exposure; locus coeruleus; medial prefrontal cortex; cerebellum; alcoholism; purkinje neurons; aging; brain cytochrome c oxidase activity level; rats, 21855

Cytokines [See Also Interferons, Interleukins]—Serials
acetylcholinesterase inhibitor; cytokines; peripheral blood mononuclear cells; Alzheimer's disease; neuronal transmission, 26367
alexithymia; serum levels; cytokines; interleukin; psychiatric symptoms; age difference, 16379
antidepressant treatment; cytokine; treatment response; major depressive disorder; serotonin re-uptake inhibitors; tumor necrosis factor-alpha; immunological parameters; C-reactive proteins, 11566
arachidonic acid; proliferation; cytokines production; pleiotropic genes expression; Jurkat cells; DNA fragmentation; signal transduction; oleic acid; cytotoxicity, 3985
autism; nitric oxide; interferons; cytokines; immunology; pathophysiology, 16539

beta amyloid plaques; aging; choline acetyltransferase; Alzheimers disease; cholinergic dysfunction; pathological brain tissue; pro-inflammatory cytokines; beta amyloid cytokines; transgenic mice, 12861
brain lesions; interleukin-10; excitotoxic brain lesion; glutamatergic analogue ibotenate; cytokines; intracerebral ibotenate; mice, 21638
clozapine response; proinflammatory cytokine; schizophrenia; tumor necrosis factor alpha; susceptibility; gene polymorphisms, 7910
cytokines; genes; interleukin-1; polymorphisms; schizophrenia; disease susceptibility, 4657
cytokines; major depression; antidepressant treatment; acute stress; chronic stress; interleukins; immune parameters, 35554
depressive illness; stressors; cytokines; antidepressant treatment; neurotransmitter; interleukin; immunotherapy, 7813
dietary fatty acids; behavioral depression; bacterial lipopolysaccharide; cytokines; arachidonate metabolites; mice, 27955
fractalkine; chemokine; HIV-1 associated dementia; neuronal injury, 16755
hippocampal neurons; tumor necrosis factor alpha; cytosolic calcium responses; rat; potassium chloride; AMPA; calcium channel; sleep, 6871
hypocortisolism; glucocorticoid sensitivity; pro inflammatory cytokine; Bosnian war refugees; posttraumatic stress disorder; PTSD; hypothalamus pituitary adrenal axis; basal hormone level; lymphocytes, 19553
hypothalamo-pituitary adrenal system; immune system; cytokine levels; interleukin; depression, 4604
immunomodulatory effects; immune cells; cannabinoids; multiple sclerosis; plasma; cytokines; side effects, 5433
inflammatory reaction; cytokines; neurodegeneration; neuroprotection; mRNA expression; Parkinson's disease; nitric synthase; murine model; mice; striatum; IL1-beta; IL6; TNF; IFN-gamma, IL-10; iNOS, 6863
interleukin-6; rat sleep; cytokines tumor necrosis factor; TNF; interleukin-1; IL; antibodies; non-rapid eye movements sleep; sleep regulation; sleep modulation; neuroimmune, 3912
interleukins; risk factor; Alzheimers disease; amyloid plaques; neurodegeneration; polymorphism; genotype; pro-inflammatory cytokines, 35274
latent inhibition; polyriboinosinic-polyribocytidilic acid; cytokine; schizophrenia; prenatal exposure; immune activation; neurodevelopment; hippocampus; rats; juvenile offspring; adult offspring, 4003
mRNA expression; anorectic patients; anorexia nervosa; anti-inflammatory cytokines; blood; metabolic abnormalities; female adolescents; disease course, 8088
music therapy; dermatitis patients; latex allergy; skin wheal responses; histamine; immunoglobulin E; cytokine pattern; blood mononuclear cells; allergic diseases, 23339
peripheral nerve; neuritis; hyperalgesia; norepinephrine; NE; rats; hind paw; immunoreactivity; intradermal injection; adrenergic sensitivity; cytokine tumor necrosis factor, 15726
polyinosinic polycytidylic acid; cytokine; ethanol; mice; corticosterone, 21507
positive coping; in vitro cytokine production; T cells; stress; coping styles; workload; mental demand; interferon-γ; interleukin-4, 24763
prenatal infection; schizophrenia; cytokines; neuron development; interleukin; tumor necrosis factor; dendritic development; cortical neurons, 27735
pro-inflammatory & anti-inflammatory cytokines; cerebrospinal fluid; vascular dementia; gene polymorphism; apoptosis; Alzheimer's disease, 8314
proinflammatory cytokines; leverpress avoidance acquisition; rats; learning; memory processes; avoidance conditioning, 34137
risk of schizophrenia; maternal cytokines; interleukins; adult offspring; tumor necrosis factor, 25616
shame; guilt; immunological effects; self-blame; proinflammatory cytokine activity; cortisol; emotions, 15714
socioeconomic status; stress; asthma; cytokine production; immune markers; cortisol values; adolescents, 8115
spinal glia; proinflammatory cytokines; sciatic inflammatory neuropathy; allodynia; neuropathic pain; rats; kinases; cytokines; animal model, 21642

Cytokines [See Also Interferons, Interleukins]—Chapters

The role of glial reaction and inflammation in Parkinson's disease, 16855

Cytology—Serials

neuronal cytoskeleton; nerve fibers; electron microscopy; nervous system; Sigmund Freud; cell bodies; crayfish nervous tissue; neurofibrils; nerve cells; microtubules, 15503
rat blood-brain barrier; forebrain astrocytes; microvascular endothelial cell; nucleoside efflux; adenosine permeation; metabolite inosine; vitro cell culture, 6962

Daily Activities—Serials

activity schedules; autism; computers; PowerPoint®, 21030
adverse life events; late life; daily activities; major life events; well being; positive affect; minor events, 13482
cardiovascular responses; daily activities; blood pressure; nocturnal nondippers; physical activity level; posture; location; mental activity; interpersonal interaction; mood; civil servants, 20439
change in investment; socioemotional selectivity; gerotranscendence; disengagement theory of aging; activities; interests, 25082
childhood obesity; sedentary behavior; physical activity; dietary intake; demographics; anthropometrics; parental characteristics; military dependents; sedentary time, 10220
Cognitive Failures Questionnaire; dimensionality; construct validity; everyday task failures, 30378
cortisol responses; salivary cortisol levels; daily events; major depressive disorder; gender differences; mood changes, 1439
daily hassles; work-family role strain; dual earners; family environment; child characteristics; family expressiveness; child sociability; child temperament; family conflict; mothers; fathers, 10402
daily life; spouses; working conditions; feelings; job stress, 30201
executive function; preschool-age children; clinical assessment; everyday context; scale development; Behavior Rating Inventory of Executive Function, 30447
falling fear; functional ability; activity restriction; response patterns; quality of life; elderly persons, 18993
functional decline; daily activities; tiredness; aging, 1029
functional limitations; sleeping problems; depressed mood; older people; social network; quality of life; pain; demographics; prevalence, 8136
homelessness; typology; risk practices; daily routines; gender; age, 25036
individual differences; menstrual cycle phase; everyday situations; personality traits; work; moods, 18420
learning activities; medical students; medical tutors; medical clerkship; medical examination preparation; medical internship; medical education, 23674
learning needs; activity limitations; physical disabilities; Japan; elderly, 8133
leisure activities; cognitive status; risk of dementia; activities of daily living; elderly; late life activity, 1840
leisure activities; cognitive status; risk of dementia; activities of daily living; elderly; late life activity, 1879
leisure activities; cognitive status; risk of dementia; activities of daily living; elderly; late life activity, 1878
leisure activity; body mass index; physical activities, 9157
leisure-time physical activity; LTPA; participants; Baltimore Longitudinal Study of Aging; sedentary lifestyle; sedentary adults; oxygen uptake; health-conciousness, 2978
lifestyle activities; positive functioning; everyday activities; volunteering; old-old age; psychosocial markers; mortality rate, 1041
movement fear; injury; low back pain; disability; avoidance behavior; pain-related fear; functional disability; patients; primary care; chronic pain; participation; therapist; life activities, 8163
occupational therapy; home modification program; disabled adults; intervention program effectiveness; environmental barriers; occupational performance, 23633
parental monitoring; parental knowledge; obtaining knowledge; adolescent adjustment; adolescent gender; activities; family earner status; knowledge; parent gender; mothers knowledge; fathers knowledge, 25183
participant observation; autism; developmental disabilities; young children; occupational science; daily activities; child participant perceptions, 22742
perceptual speed measurement; test development; psychometric properties; everyday life events, 33464
play; Mayan children; daily occupations; play activities; playfulness; southern Belize; parental values; child-rearing customs, 16001
psychiatric inpatients; patient experiences; psychiatric care; psychosis, 26700
psychological distress; vulnerability; human sex differences; negative mood states; negative event experience; interpersonal interactions, 1217
science department; teacher; daily life; accountability; expectations; leadership; student goals; values; collaboration, 33045
social zeitgebers; cortisol secretion; biological rhythms; depression; daily activities, 34847
street kids; urban homeless youth; daily behaviors; motivation; role models; trust; well-being, 13256
time frames; temporal alignment; personal control; social networks; article reports; coordination; allocation; harriedness; rush; suburban society, 22277
time perception; routine; time estimation; remembered duration; routine activities; duration judgments, 3305
time sampling; daily experiences; mental states, 27578
unawareness levels; cognitive deficits; functional outcome; traumatic brain injury patients; family members; psychiatric symptoms; behavior; daily functioning; vocational outcomes; cognitive ability, 19995

Daily Activities—Books

Coping with uncertainty—10 simple solutions, 4473

Daily Biological Rhythms (Animal) [See Animal Circadian Rhythms]

Dance—Serials

ballet dancers; modern dancers; dancers' perceptions; personality traits; stereotype accuracy; self-reports; group stereotypes, 13417
basic reading skills; dance program; first-grade students; arts-based educational program, 23817
choreographic cognition; inception; refinement; new dance work creation; professional choreographer; dancers; phenomenology, 18829
dance; therapeutic metaphor; psychotherapy; relatedness, 2006
disordered eating patterns; predisposition; ballet dancers; non-dancers; psycho-behavioral characteristics; weight concerns; weight control; diet; psychological disturbance; eating disorders, 25313
female exotic dance; stippers; gender roles; deviant workers; financial gain; sexploitation; subject-object tension; discursive relationship; own benefit exchange, 16219
gay nightclub; drug use; sex; club dancing; social space; tribal space; multiplicity; flux; social relations; cultural relations, 28408
honey bees; dance language; nestmates recruitment; food sources; communication systems, 33954
personal interest; school physical education; physical activity; dance learning; gender difference; motivation, 12163
rhythm; music; auditory stimuli; dancing routine; motor performance; physical education students, 6467
self hypnosis; osteopathy; neurolinguistic programming; exhaustion; stress; anxiety; physical pain; performing arts; ballet dancer, 20427
Turkish dancers; eating disorders; gender differences; eating attitudes; elite dances; amateur dancers, 13460
unipodal performance; leg muscle mass; jumping skills; ballet dancers, 33760

Dance Therapy—Serials

dance; interaction tool; expression tool; dance therapist; mother-child relationship; attachment theory, 32506

Dangerousness—Serials

childhood perceptions; age differences; dangerous substances; awareness, 34290
criminal lunatic; prisoner; patient; official medical view; treatment; dangerous behaviour; emigration; 19th century Ireland, 29652
psychiatric confinement; psychiatric discharge; professional liability; medical malpractice law; case law, 12394
risk assessment; dangerousness prediction; psychological factors; mental disorders; risk management, 8356

Darwinism [See Also Natural Selection]—Serials

advertising; use of young attractive women; advertisers; target audience; evolutionary psychology; decorative roles in advertising; differential mating strategies, 33370
drug self-administration; Darwin, 728
gymnasium ecology; extracurricular activities; sports; ethnography; urban youth; social influences; youth culture; Darwinism, 24041
sexual selection; male bias; feminist denial; Darwinian theory of evolution; feminism, 28324

Darwinism [See Also Natural Selection]—Chapters

Evolutionary psychology, 14955
The optimal number of fathers: Evolution, demography, and history in the shaping of female mate preferences, 22264

Data Collection—Serials

actigraphy; automated telephoned questionnaires; hypnotic effects; insomnia, 19898
ADHD; treatment algorithm; Children's Medication Algorithm Project; community mental health center; Swanson, Kotkin, Agler, M-Flynn and Pelham Scale; data collection; web-based instruments; Internet, 12545
affective measurement; experience sampling methods; data collection; hedonic balance; well-being; affective dispositions: extraversion; neuroticism; life satisfaction, 3286
Alzheimers disease; Mini-Mental State Examination; patient rating; informant; patients, 9354
Alzheimers disease; Mini-Mental State Examination; patient rating; informant; patients, 9366
anorexia nervosa; bulimia nervosa; clinical treatment; recruitment rates; clinical treatment trials, 9542
bipolar disorder; computer-based system; longitudinal course; data collection; electronic assessment; ChronoRecord software, 10772
character recognition; hand held scanner, data collection; printed material, 288
classification system; personality psychology; data classes; personal report data; mental processes; convergent thinking; divergent thinking; personality assessment, 34647

clinical child psychiatry; social disadvantage; census data, 12551
cochrane systematic review; evidence-based research; research process; meta analysis; data processing; technique validity, 33635
collateral source report accuracy; mild dementia; Alzheimer type; knowledgeable informants, 9340
confirmation bias; data evaluation; consistency; students; reasoning; researcher expectations; scientific environment; initial bias to discount; repeated observations; causal thinking simulation; data, 24342
data analysis; raw data; data preparation; information; data sources; data cleaning; data mining, 270
data cleaning; classifier system; text data; information retrieval; document corpora; online data; automatic domain-specific summarization; text corpora; classification systems, 3073
data collection methods; postal data collection; online data collection; marketing research; football club subscribers, 6118
data collection process; researcher experiences; sensitive data, 15151
data collection; integrated early childhood classrooms; interventionist perspectives; monitoring student progress; instruction; communication; teachers; assistant teacher; therapist; special education, 23777
data mining; data set; knowledge discovery in databases; KDD; data processing; algorithms; hybrid systems; hybrid framework; iterative sequence; domain; database, 271
data quality; monetary incentive; reference person; telephone survey; response rates; prepaid incentives; households, 21232
differential item functioning stability; survey data, 27267
distributed system; people flow simulation; airport terminal; distributed computing environment; data flow behavior; real-world system; middleware; local area network, 17967
ecological momentary assessment; behavioral medicine; data collection; research design; health psychology, 3290
educational research; collaborative research; statistical methodology; data collection; emerging trends; DK&G model, 18072
electronic data capture; health-related quality of life; electronic questionnaires; asthma; caregivers; paper questionnaires, 6240
epidemiological research; nonresponse; missing data; methodology; attrition; imputation techniques, 27400
experience sampling methodology; ecological momentary assessment; happiness; well being, 3287
experience sampling methodology; statistical analysis; brief history; ESM data; happiness, 3289
experience sampling techniques; computerized data collection; research design, 3269
focus group methodology; international mental health communities; data collection, 26213
gossip research; taxonomy; data collection methods; future directions; real world implications, 22275
Illicit Drug Reporting System; cannabis; methamphetamine; cocaine; heroin; trend feasibility, 28880
illicit drug use data; survey mode effects; self reported illicit drug use; undergraduate students; Web surveys; mail surveys, 31937
induction algorithms; decision trees; data mining; association rules, 30307
Internet measurement data; data types; site-centric data; user-centric data; online marketing; advertising research; strategic planning, 30250
Internet surveys; nonabusive illicit drug use; data collection; World Wide Web, 14960
Internet; Web based research; data collection methods; sample characteristics; research generalization; participant motivation, 12553
investigator-based interviews; qualitative research; disciplined data recording; interview structure, 27423
life history; data collection; lifelines; life change events; nursing research; qualitative research, 32943
media-use pattern; data collection; sexual health; recruitment; sexuality; young adolescents, 21239
methodological triangulation; dissonant data; family research, 15155
missing data; developmental researchers; multiple imputation; missing values; data collection; psychiatric research, 18213
narrative survey; multiple populations; qualitative approaches; survey strategy; research strategy; narrative-constructivist approach, 30568
noninvasive methods; hormone production; endocrine data; behavioral studies; data validation; saliva; sweat; hair, 15148
open-space ballot measures; open spaces; land-use patterns; sample selection bias, 27417
open-space ballot measures; open spaces; land-use patterns; sample selection bias, 27429
partial correlation; standardized partial regression; data interpretation; zero order correlation; errors, 3250
political scientists; political attitudes; response latencies; mental constructs; response time data; models, 33610
psychological models; landscaping technique; retention; data informativeness, 27444
qualitative data analysis; software tools; word-processing functions; Microsoft Word, 18216
questionnaire development; questionnaire administration; right questionnaires, 30554
randomised controlled trials; ethnicity; data reporting; cross country comparison, 30567
research methods; active teaming approach; sophomore students; statistics laboratory component; data collection; student learning, 30006
research projects; community setting; social capital; community life; recruitment difficulties; deprived community; semi-insider position; participant assessment, 6458
sampling strategies; trust-building activities; refugees; immigrant communities; difficult to locate, 9551
school spirit; colleges; universities; college environment; college students; student attitudes; measurement; data collection, 17738
self-report; interview assessment; bulimic behaviors; adolescents, 9534
social relations; relational spaces; complicity; ethnography; data analysis; youth subjects; ethnographer subject interaction, 9535
structural equation models; theoretical models; survey data; measure validity; reliability; marketing research, 24064
survey data quality assessment; face to face interview; nonsampling error; total quality management approach; total survey error, 27420
surveys; data collection; statistics; disability research; geriatrics research; public management; health care; national statistics administration; France; World Health Assembly, 260
time sampling; daily experiences; mental states, 27578
TPL-KATS-card sort; structural knowledge; software tool, 12379
validity data; psychometric indices; child custody data, 18076
Web-based research; in-person samples; psychometric equivalence; computer administration; validity; Sexual Boredom Scale, 9543

Data Collection—Chapters

Qualitative methods in psychological research, 15167
Research methods in industrial and organizational psychology: Data collection and data analysis with special consideration to professional issues, 5986

Data Pooling [See Meta Analysis]

Data Processing [See Also Word Processing]—Serials

backpropagated neural network; neuropsychology; regression analysis; virtual reality; spatial ability; test validation; data analytic applicability; artificial neural network, 12507
classification rules; Bayesian feature selection approach; genetic algorithm; Bayesian network; subset selection task; logical rules; data sets; Markov blanket; data-mining application, 3069
concept mapping; Web searches; Web-enabled application; World Wide Web; educational settings; Web-based information; Web search engines; Web browsers; data mining technique, 26896
data analysis; raw data; data preparation; information; data sources; data cleaning; data mining, 270
data cleaning; classifier system; text data; information retrieval; document corpora; online data; automatic domain-specific summarization; text corpora; classification systems, 3073
data exchange; common data format; repertory grid data; matrix-structured form; statistical analysis; computer software; Extended Markup Language; XML; current analysis programs; sample applications, 24352
data mining; data set; knowledge discovery in databases; KDD; data processing; algorithms; hybrid systems; hybrid framework; iterative sequence; domain; database, 271
data mining; information fusion; geospatial images analysis; hierarchical system; target recognition; mapping; ARTMAP neural network; remote sensing; adaptive resonance theory; pattern recognition, 9276
data mining; source database association rules; information accessibility; knowledge extraction; knowledge discovery in database; frame metadata model, 6146
data visualization; binary data sets; spatial displays; glyph visualizations; spatial visualizations, 6510
decision tree; training set; running time; data sets; test data; Naive Bayesian classifier; NB; algorithm; Selective Bayesian classifier; SBC; Augmented Bayesian classifier, 3072
gangs; information processing; operating environment; police organization; public debate; gang statistics; midwestern gang unit; data collection; data dissemination, 3107
incremental item banking; computerized adaptive testing; cancer; quality of life; treatment, 12527
integrated knowledge system; Case Base Reasoning; case matching; knowledge management system; KM; data communication; data warehouse; Online Analytical Processing, 6148
missing data treatment; imputation method; data treatment; missing values; machine learning algorithm; data imputation; data quality; induced knowledge, 3067
Naive Bayes; geometric complexity; nominal to numeric transformation; data-mining applications; mapping; geometric linearity; inductive-learning algorithms, 3075
online knowledge-based expert system; fuzzy logic; machinability data selection, 17984
prolonged work; working conditions; fatigue; data entry accuracy; data entry speed, 33656
qualitative data analysis; theoretical ideas; qualitative study; thinking process, 21230
qualitative research; data management; generalization; data analysis, 278
radial basis function; RBF; function neural networks; temporal fusion; bioacoustic time series; classifier fusion, 14895
string length; repetition; chunking; digit strings; number processing; data entry, 30715
visual pattern recognition; neural networks; Hough transform network; parametric structures; network class; algorithms; unsupervised learning, 14886

Databases—Serials

conditioned taste aversion learning; fluid avoidance; food avoidance; database, 18461
consultation-liaison psychiatry; psychiatry literature database; mental disorders; medical disorders, 11365
cost estimates; mental health; nursing home; department of veterans affairs; rehabilitation; inpatient services; database development, 8770
current world literature; clinician journal bibliography; literature; journal database entries; bibliographic databases; reviewer annotated papers; special interest papers; reviewer bibliography, 28537
data mining; data set; knowledge discovery in databases; KDD; data processing; algorithms; hybrid systems; hybrid framework; iterative sequence; domain; database, 271
data mining; source database association rules; information accessibility; knowledge extraction; knowledge discovery in database; frame metadata model, 6146
data sets; behavioral science; medical science; research methodologies, 6449
data sets; research methods, 6433
data sets; statistical significance; research methods, 6456
driver speech; stress speech; stressed conditions; speech utterances; database modeling, 6131
emotional speech; human-computer interaction; database development; emotional speech databases; speech; emotion; scope; naturalness; context; descriptors, 6128
epidemiological function; addicts index; regional drug misuse databases, 31930
Fulmer v. Michigan Department of State Police; Michigan Sex Offender Registration Act; sex offender; public notification; Daniel Fulmer; plaintiff, 9301
fuzzy association rules; fuzzy systems; fuzzy grids based rules mining algorithm; FGBRMA; relational database; natural language; decision making; fuzzy partition methods, 17974
hybrid learning; short term load forecasting; data clustering; Turkey electricity demand; hourly electric consumption; cluster input data; online forecasts, 14874
incremental item banking; computerized adaptive testing; cancer; quality of life; treatment, 12527
individual-occupation matching; career guidance; occupational information network; database, 30128
informal assessment; visual impairments; selecting individualized reading material; on-line resources; reading speed; high school students, 36219
information retrieval; information extraction; natural language processing; NLP, 1175
knowledge engineering; requirement inconsistency; ranked agents; merging requirement; information fusion; logic based framework; beliefs; real world representations, 6145
linguistics; fuzzy relations; topic hierarchy; automatic building; term co-occurrence; high quality; Yahoo; text databases, 14879
model composition; distributed environment; organizations; multiple locationsl; model resources; decision making; resource leverage; model execution; data sources; decision support systems, 17816
non-academic enquiries; Boolean logic; Amazon Online Catalogue; British Library Catalogue; Library of Congress Catalogue; homosexuality; anti-gay literature, 10427
performance assessment; domain knowledge; intelligent database design tools; design synthesis, 30310

pragmatic psychology; forensic psychology; psychology-law; database systems; legal research; Psycholegal Lexis Proposal; case archive systems; databases, 14904
psycholegal lexis; forensic psychology; therapeutic jurisprudence; electronic journal database; peer review; pragmatic psychology; case outcomes, 14903
sex offender; federal district court; double jeopardy clause; ex post facto clause; rights violation; Antonio Montalvo, 9294
speaking style; stress perception; actual stress; Speech Under Simulated and Actual Stress; SUSAS; simulated stress; speech waveform; simulated database; utterances; listeners; actual stress, 15711
symbolic classifiers; multiple inducers; classification algorithms; databases; data mining; learning system; XRULER system; dataset; ensembles construction; learning system; sampling, 17969
Databases—Books
Career information, career counseling, and career development (8th ed.), 2897
Date Rape [See Acquaintance Rape]
Dating (Social) [See Social Dating]
Daughters—Serials
anorexia nervosa; bulimia nervosa; parental dyadic adjustment; eating disorder; daughters; depression; anxiety; dyadic cohesion; family burden, 13830
cardiac illness; caregiver; caregiving daughters; family care; gender differences; informal care; caregiving process; hospitalized cardiac patients; post discharge cardiac care, 11212
daughter; father; seduction; oedipal phase; mother; love; Sigmund Frued; psychoanalytic theory; father's active role; mother-daughter bond; Demeter-Persephone myth, 7729
father daughter relationship; paternal role; maternal mediation; metaphorical incest; female sexuality; gender certainty, 25077
formal service utilization; informal care; formal care; caregiving career; sons; daughters; home care, 8801
interpersonal stress model; depression transmission; intergenerational transmission; chronic interpersonal stress; maternal grandmother; maternal depression; depressive symptoms; social competence, 28641
mother-daughter relationships; psychoanalytic theory; woman's life; development theory; female development, 28535
mothering; human capital; immigrants; femininity; children schooling; mothers; daughters, 34428
mothers; adolescent childbearing & nonchildbearing daughters; differential treatment; family contexts; siblings, 1106
mothers; daughters; physical exercise; community-based physical activity; home-based physical activity; health-related fitness; physical activity interventions; physical activity programs, 23460
parent care; caregiver care receiver relationship; relationship quality; mothers; daughters; mother-in-law; daughter-in-law; cultural demands, 2457
psychological consequences; mid-life women; social comparisons; self-esteem; family responsibilities; career accomplishments; peers; intergenerational social comparison, 31408
validation study; father-daughter relationship; Father-Daughter Relationship Inventory, 61
Day Camps (Recreation) [See Summer Camps (Recreation)]
Day Care (Child) [See Child Day Care]
Day Care (Treatment) [See Partial Hospitalization]
Day Care Centers—Serials
activity area; off-task behavior; play; day care centers; early childhood environments, 25172
day treatment; preschool-aged children; behavioral improvement; academic placement; proctor care homes, 20583
psychiatric partial hospitalization; costs; cost-effectiveness; desireability; patient satisfaction, 29747
research-action-training program; day-care centers; father-child interaction; public health service; preventive approach; child protection; young children; fatherhoood disorders, 16168
Day Hospital [See Partial Hospitalization]
Daydreaming—Serials
daydreams & sustaining fantasies & self reported stress coping behaviors & psychopathology, 18-22 yr olds, 7745
Deaf [See Also Deaf Blind]—Serials
American sign language; deaf users; interaction; computer-mediated video communication; language practices; Internet, 8340
behavioral treatment; psychogenic deafness; conversion disorder, 31706
British sign language; aphasia; cerebrovascular accident; sign anomia; gesture production; sign production; phonological errors; deaf; naming, 29147
congenital hearing impairment; hearing-impaired children; socioeconomic deprivation; poverty; socioeconomically disadvantaged, 35346
David Stewart; deaf education; deaf students, 35919
deaf adults; visual-spatial language; spoken language; sign language; attachment representations, 35339
deaf children; phonological coding; reading; spelling; working memory; recall; orthographic awareness; reading level; age, 29203
deaf pupils views'mainstream schools; sensitive support; specialist teaching; peer support; deaf education; inclusion, 12173
deaf signers; Japanese; memory spans; word sequences; English; reading; remembering; orthography; logographs, 35340
deaf students; Spain; legal instruments; educational politics; educational rights; educational legislation; sign languages; bilingual education, 30076
deaf subjects; visual stimuli; auditory cortex; cortex activation; stimulus processing; visual modality; neural reorganization, 5092
deaf; short message service; communication; interpersonal relationships; intimacy, 29205
distracting stimuli; visual periphery; normal-hearing adults; deaf individuals; visual reaction; reaction times; near periphery; response times; fixation point, 9597
emergent literacy learning; young deaf children; emergent reading; emergent writing, 36231
ethnography; itinerant teachers; deaf; culture; deaf education, 36088
family life; deafness; life quality; family interaction; family resources; parenting; child support, 23051
filial therapy; deaf preschool children; hard of hearing; teachers, 30092
focal lesions; non-word repetition; new words; serial recall; serial ordering mechanisms; semantic judgement; rhyme judgements; deaf children, 5093
gender; professionalism; history of deaf education; United States; women teachers, 12211
grammatical development; American sign language; deaf adolescents; ASL; liguistics, 1897
hard of hearing youth; deaf youth; life satisfaction; disabled youth; life quality; residential schools; day school programs; environmental settings, 29202
head movements; eye movements; hearing children; eye-head coordination; deaf children; visual search; age differences; sensorimotor control; localization, 5095
hearing impaired; sign language; visual language processing; deaf; hearing disorders; cognition, 8349
individual differences; language performance; cochlear implantation; language skills, 35654
language; cognition; deaf learners; hearing peers; deaf education; conceptual & content & linguistic knowledge; academic achievement; problem solving; reading; students, 8344
linguistic production; lexical categories; French speaking children; cochlear implants; deafness, 8628
literacy development; deaf students; bilingual teaching; bilingual learning; teaching strategies; learning strategies; American Sign Language; English as second language, 36212
maternal deafness; cradling laterality; deaf infants; hearing infants; mother-child relationships, 35350
mental health professionals; attitudes; deaf people; previous contact; knowledge level; cognitive-processing theory; attitude change, 2655
mental health service; deaf patients; psychiatric service; treatment cost; psychological disorders, 14350
mental lexicons; taxonomic organization; deaf students; hearing students; lexical organization; word knowledge; world knowledge; literacy skills, 35347
mentoring relationships; career development; deaf graduates; career success, 36214
migraine patient; deafness; headache; neurologic symptoms; auditory symptoms, 8157
modulation masking; cochlear implant listeners; steady state maskers; dynamic maskers; envelope components; tonotopic components; postlingually deafened, 17155
neurolinguistic development; deaf children; early language experience; hemispheric specialization; cued speech; sign language, 8342
No Child Left Behind Act; deaf students; deaf education, 36068
nonverbal intelligence test; deaf children; factor analysis; test validity; psychometrics, 30454
number representations; prelingually deaf participants; number parity; native signers; sign language, 20087
online access; genuine deafness; feigned deafness; hypnosis, 32493
phonological training; morphological training; speech perception; grammatical judgments; deaf children; hard-of hearing children; primary school students, 30072
practical knowledge; adherence; classroom rules; preservice vs novice vs experienced educators; deaf; hard of hearing, 12202
psychotherapy; minority Deaf women; mental health professionals; therapists; disability; chronic mental illness; biological families; psychotherapy services; health concerns; cultural demands, 1982
reading achievement; morphological knowledge; deaf college students; hearing middle school students; word identification skills; reading level; word segmentation, 29199
relative earnings; deaf individuals; hard of hearing; economic damage; college graduates, 35342
school-to-work transition; hard of hearing; deaf; hearing loss; career maturity; employment outcomes, 35348
second language acquisition; linguistics; language development; deaf adults; foreign language learning; grammar; age constraints, 10104
semantic judgement; rhyme judgement; profoundly deaf youngsters; phonology; grammar; visual judgement, 5090
simultaneous communication; speech production; speech perception; deaf; hearing impaired; speech development, 29207
social emotional development; parent child relationships; nursery setting; hearing child; deaf parents; deaf adults; sign language; preventive approach, 19072
social interaction; cognitive development; perceptual role-taking skills; deaf children; hearing children; theory-of-mind; affective role-taking, 26183
state differences; itinerant teachers; deaf & hard of hearing; professional training; demographics; work characteristics; student characteristics; educational inclusion; special services; Australia, 12207
verbal protocols; reading strategies; deaf students; thinking, 36227
young deaf children; spatial task; temporal number task; number representation; mathematical learning; mathematical instruction, 29209
Deaf [See Also Deaf Blind]—Books
Oxford handbook of deaf studies, language, and education, 23054
Deaf [See Also Deaf Blind]—Chapters
Approaches to teaching reading, 23079
Bilingualism and literacy, 23073
Cochlear implants: Issues and implications, 23080
Cognitive functioning in deaf adults and children, 23072
Curriculum: Cultural and communicative contexts, 23075
Deaf communities, 23083
Demographic and achievement characteristics of deaf and hard-of-hearing students, 23065
The development of American Sign Language and Manually Coded English systems, 23078
Development of spoken language by deaf children, 23059
Educational consequences of alternative school placements, 23081
Educational programming for deaf children with multiple disabilities: Accommodating special needs, 23066
Expressing meaning: From communicative intent to building a lexicon, 23068
Formal and informal approaches to the language assessment of deaf children, 23064
Intellectual assessment of deaf people: A critical review of core concepts and issues, 23071
Mental health and deaf adults, 23069
The neural systems underlying sign language, 23062
Parent-infant interactions: A transactional approach to understanding the development of deaf infants, 23082
Peer interactions of deaf and hard-of-hearing children, 23056
Perspectives on the history of deaf education, 23067
Processes and components of reading, 23074
The role of cued speech in language development of deaf children, 23070
Social and emotional development of deaf children: Family, school, and program effects, 23060
The social face of theory of mind: The development of concepts of emotion, desire, visual perspective and false belief in deaf and hearing children, 8354
Technologies for communication: Status and trends, 23063
Working memory, neuroscience, and language: Evidence from deaf and hard-of-hearing individuals, 23076
Writing: Characteristics, instruction, and assessment, 23055
Deaf Blind—Serials
double disability; blindness; hearing loss, 35345
education system; deaf students; blind students; special education; war ravaged country; education system reorganization, 30071
Deanol [See Antidepressant Drugs]
Death and Dying [See Also Euthanasia, Parental Death]—Serials
adequate nutrient intake; cardiovascular disease; African Americans; ethical group; racial group; diet quality; dietary patterns; hypertension; insulin resistance syndrome; obesity, 23462

adolescent experiences; death attitudes; immortality; grief; normative developmental tasks; ethnic variations; gender variations, 22087
African Americans; infant outcomes; home visits; daily living skills; community residents; Mexican Americans; minority families; inner city; low income families; maternal outcome; infant outcome, 11728
age differences; parents; death; grief; bereavement; parental funeral perceptions; adjustment, 1276
age relations; social relations; self-rated health; mortality; adult Danes, 5113
aging; loss; individuality; older adults; deaths; workplace issues; health, 31272
alcohol consumption; mortality, 31938
alcohol consumption; mortality; cardio-protective effect; East Germany; West Germany; adverse effects; beneficial effects; gender, 22269
alcohol drinking patterns; mortality rate; middle-aged population; risk estimates, 28373
all-cause mortality; self-rated health; Sweden; health status; retirement; socioeconomic status; SES; immigrants; daily living activities; birth country, 16066
avoidance coping style; mortality risk; congestive heart failure, 16724
benzodiazapine use; mortality risk; aged; psychiatric disorders, 8554
bereaved people; grieving; driving, 34705
bereavement; grief research; health; research developments; empirical literature; grief interventions, 28457
bereavement; grief research; research advancement; death; distress, 28456
Canada; residential continuing care; hospitals; hospital utilization; continuing care resident population; continuing care beds; mortality, 17407
cancer patients; home hospice care; home care agencies; healthcare systems, 8792
cancer survival; mortality salience; death salience; social bonds; dying salience, 19915
cardiovascular diseases; antiemotionality personality scale; cancer; ischemic heart disease; stroke mortality; rationality, 18110
care practitioners; learning disability; educational needs; death; dying; residential homes; terminally ill patients, 16554
causal attributions; death of husband; widowed women; widowhood, 22203
cerebrospinal fluid cortisol levels; Alzheimer's disease; dementia severity; psychological stress of impending death; morphine; palliative care, 11641
child counseling; contemporary society; child developmental understanding; death attitudes; grief; bereavement, 23130
child death review; CDR; death circumstances; United States; child maltreatment, 1624
child death; pediatric illness; intervention; therapeutic approaches; psychotherapy; bereaved families; distress; family needs; family systems; public health, 23137
child mortality; developing countries; hiv-positive mothers; non-breastfeeding; weaning; mother voluntary choice; preceding maternal illness; preceding infant illness, 17214
childhood bereavement; school performance; parental loss; sibling loss; death; anxiety; self-esteem; school achievement; school attendance; gender differences; age differences; secondary students, 36149
childhood IQ; social class; deprivation; mortality risk; morbidity risk; Scottish Mental Survey; Midspan Studies, 1771
childhood traumatic grief; traumatic event; death; cognitive-behavioral therapy; fear; sadness; therapeutic process; bereaved children, 35429
Chinese-American women; Harvest Moon Festival; Asian-American deaths; death timing, 24151
choosing place of death; influence of pain; attitude toward death; theory of interpersonal behavior; respondents, 10601
chronic bronchitis; cause-specific mortality; leisure time physical activity; Whitehall study participants; baseline bronchitis status, 4838
clinical characteristics; metabolic disturbances; neurological problems; epileptic patients; status epilepticus; mortality risk; risk factors, 5000
clinical death; death survivors; near death experiences; transformational change, 33898
cognitive decline; global cognitive function; visuospatial ability; perceptual speed; death; episodic memory; semantic memory, 16069
cognitive impairment; mortality; cognitive status; cognitive decline; older Mexican Americans; cognitive functioning, 22980
community-based approach; cultural competence; World Trade Center disaster; family therapy; ambiguous loss; clinical work; union worker families, 2063
comorbidity; prognostic information; cancers; prediction, 26058
continuing bonds; husbands death; bereaved widows; coping; within-person relationship; mood regulation, 34669
countertransference reactions; terminally ill patients; relational perspective; self-disclosure; group psychotherapy, 26318
death & dying; terminally ill patients; family members; personal meaning; living; experience of dying, 1052
death attitudes; mental health; grief; mental health counseling; mourning, 23151
death depression; death obsession; death anxiety, 13272
death fears; self-efficacy beliefs; instrumental efficacy; predictor variables; health variables; demographics; social support; spiritual self-efficacy; older adults; gender, 1033
death notification; law enforcement officer; family member; suicide, 24136
death revival; governmentality; ordinary people; Cruse Bereavement Care; death management; death control, 16080
death threat appeals; health promotion; immortality; smoking; non-death threats; young people; older people, 23430
death; dying; causes; mortality, 19008
death; dying; causes; mortality; behavioral risk factors, 28157
death; dying; causes; mortality; behavioral risk factors, 28179
death; dying; causes; mortality; behavioral risk factors, 28180
death; dying; causes; mortality; behavioral risk factors; overweight, 28160
death; dying; causes; mortality; behavioral risk factors; smoking; overweight, 28165
death; dying; causes; mortality; behavioral risk factors; tobacco smoking; obesity, 28158
death; Gustav Fechner; William James; Carl Rogers; B. F. Skinner, 24865
death; life; metaphors; sickness; time; Turkey; body; metaphor theory, 10108
death; meaning, 24144
death; older adult family member; family functioning; surviving adult children; grief; surviving family, 22201
deaths from injury and poisonings; demographic characteristics; suicide; trends; self destructive behavior; alcohol abuse; drug abuse; suicide prevention, 1347
defensive processes; mountaineering; climbing; death possibility; regressive processes; idealization; risk taking, 28475
dementia; cognitive impairment; death rates, 22953
depressed; elderly; cerebrovascular disease; magnetic resonance imaging; disease severity; lesion severity; mortality; white-matter; periventricular; hyperintensity; subcortical gray-matter, 4597
developmental needs; grief; death; cognitive maturity; emotional maturity, 31120
diarrhea; boys; girls; public facilities; mortality; childhood; parental discrimination; health care allocation; healthcare; health providers; health care provision bias, 23110
drugs abuse; drivers; motor vehicles; traffic crashes; driver fatalities; alcohol abuse; culpability; psychotropic drugs; THC; blood alcohol concentration; age differences; driving under the influence, 30282
dying; children; symptoms; distress; palliative care; intensive care; hospitalized children; symptom prevalence; characteristics, 8717
dying; Hispanic population; customs; traditions; social ritual; familial ritual; faith; loss, 31295
dying; spirituality; health care professionals, 32643
earthquakes; life loss; property loss; cultural change; social change; natural disasters; man-made disasters; risk information, 28172
Ecstasy fatalities; deaths; epidemiology; pharmacology; toxic responses; MDMA dosage; methodology issues; psychoactive effects; ecstasy users, 25905
ego psychology; terminal care; social work practice; holistic perspective; emotional healing; spiritual growth; dying experience; coping behavior; adaptation, 10313
end of life care; ethics; therapy; terminal illness; death; existential approach; stage model; reinforcement model; integrated model, 5370
end of life care; institutional settings; dying experience; home; nursing homes; hospitals; deaths, 14401
end of life practices; European intensive care units; limitations of therapy; treatment limitations, 8821
end of life practices; European intensive care units; limitations of therapy; treatment limitations, 8826
end of life practicies; European intensive care units; limitations of therapy; treatment limitations, 8829
end-of-life decisions incidence; general practitioners; end-of-life decisions characteristics, 29922
eulogy; consolation; eulogistic phenomena; presidential eulogia; social support paradigms; deceased, 34598
Europe; death; bubonic plague; Black Death, 10355
facing mortality; enabling patient styles; prognostic uncertainty; survival estimates; caring; dying patients; medicine limitations; treatment; patient lifestyle; caregivers; good death, 10616
factitious disorder; physical disorder; civil litigation; mortality; pneumonia; cardiac arrest; opioid overdose; septic shock; self-injurious behavior, 28997
factorial structure; Revised Collett-Lester Fear of Death Scale; Arabic version, 33496
factors associated with state variations; homicide; suicide; unintentional firearms deaths; firearm suicide mortality; African Americans; alcohol consumption; level of urbanization, 28839

test development; testing; new instrument; concerns about dying; health care providers; psychometrics; dying; death, 30416

Death Education—Serials

bereavement; grief research; bereavement interventions; psychotherapeutic interventions; treatment guidelines, 29597
death education; health professionals; grief counseling, 26826
death education; schools; high school teacher; curriculum; consumerism; parenting; communication, 33101
thanatology; death; Herman Feifel, 24148
thanatology; macrothanatology; large-scale death; terrorist attacks; war; disease; natural disasters; extinction, 24147

Death Instinct—Serials

father-son relationships; psychoanalytic analysis; death instinct; family tragedy; Road to Perdition movie, 28531
sexual drive; Freudian concepts; metapsychology; love; hate; death drive; psychical conflict, 28529
sexual drive; Freudian thought; metapsychology; love; hate; death drive, 28527
sexuality; death instincts; psychoanalytic theory; Freud, 28526

Death Rate [See Mortality Rate]

Death Rites—Serials

age differences; parents; death; grief; bereavement; parental funeral perceptions; adjustment, 1276
dead; living; peace land; Yasukuni shrine; ritual site; priests; mourning; sociology, 28161
economic well-being; economic burden; health care; funeral expenditures; burial expenditures; post-widowhood expenditures; consumer educators; end-of-life expenditures, 31298
eulogy; consolation; eulogistic phenomena; presidential eulogia; social support paradigms; deceased, 34598
funerals rites; death attitudes; Japan; symbols, 28188
Internet; afterlife; death and dying; death rituals; grief, 31053
memorials; loved ones; World Wide Web; friends; family; spouses, 31050
virtual cemetery; bereavement community; social isolation; interpersonal relationships; Web memorials, 31055

Debates—Serials

affirmative action; naive realism; false polarization; political ideology; negotiation, 7561
argument; dialogue; discussion; synchronous computer-mediated communication, 33108
consensus conference; genetic testing; citizenship; debate on biotechnology; learning process, 24641
corporate welfare; national interest; newspaper analysis; public subsidization; National Hockey League; ice hockey; political-economic impact; sociocultural impacts; Canadian government, 27138
electroconvulsive therapy; depression treatment; controversies; treatment guidelins, 2248
ethnography; public interest; civil society; participatory governance; public discussion; Brazil; civic discourse; urban poor; activism, 22226
policy implementation; political decisions; policy debate; political bargaining; agency performances; collective decision making, 13372
prescription privileges; drug prescription debate; APA training model; university training, 32876
psychoanalysis; evil; classroom; debates; Othello; psychic meanings, 13110
risk fallacies; arguments; public debates; naturalness; proof-seeking; pricing, 25351
subject-object dichotomy; research purposes; theoretical level; social science; moral issue; heterogeneity; human; non human; objectivity; subjectivity, 15833
television images; political behavior; politician evaluation; Kennedy-Nixon debate, 13364

Debriefing (Psychological)—Serials

psychological debriefing; crisis-stage intervention; traumatic events; trauma-related symptomatology; children; adolescents, 5578

Decarboxylase Inhibitors [See Also Carbidopa]—Serials

folic acid; homocysteine; Parkinsonian patients; levodopa; risk factors; nervous system; adenosylmethionine; cognitive decline; dopa decarboxylase inhibitors; ischaemic heart; cerebrovascular disease, 17186

Decarboxylases—Serials

accessory olfactory tract; medial preoptic area; bed nucleus; maternal behavior; gamma-aminobutiric-acid; animal sex difference; glutamate decarboxylase; postpartum period; pregnancy, 34062
agmatine; anticonvulsive effect; convulsion; L-arginine decarboxylase; mouse maximal electroshock; mouse glutamate-induced convulsant; tonic convulsion times; clonic convulsion times; dose dependent, 13083
glutamate decarboxylase forms; GAD-65; GAD-67; GABAergic cells; new world monkey; Cebus apella; retinal cells; tyrosine hydroxylase; nitric oxide synthase; amacrine cells; interplexiform cells, 6795
human striatum; nucleus accumbens; aromatic L-amino acid decarboxylase; D-neurons; L-dopa; neuropsychiatric functions; pharmacotherapy; dopamine; noradrenaline, 18751
ornithine decarboxylase; cerebellum; knockout; alpha difluoromethylornithine; polyamine depletion; nicotinic cholinergic receptor upregulation; neural development; macromolecular changes; rats, 7257
polymorphisms; glutamate decarboxylase genes; schizophrenia; glutamic acid decarboxylase; neurochemical alteration, 19437

Decentralization—Serials

childcare; meeting place; Swedish society; decentralisation; privatisation; public sector; parent's choice; pre-school care facility, 23919
decentralization; universalization; educational development; regional variability; legal provisions; societal values; academic culture; secondary schools; teachers, 29946
participative leadership; empowerment; employee situation control; risks; concurrent integration; trust; innovation; business executives; integration, 17823

Deception [See Also Cheating, Faking, Fraud, Malingering]—Serials

appearing truthful; deception; interrogation; nonverbal communication; facial expression, 13448
broken promises; personality traits; neuroticism; agreeableness; emotive responses; cognitive responses; breach, 34681
control questions; truthful answers; polygraph; mock crime; Control question test; crime relevancy; lying, 30331
Criterion-Based Content Analysis; event familiarity; detecting deception; validity; veracity assessment; traumatic medical procedure; forensic suitability; child sexual abuse, 12396

deception detection; cues; gender differences; lie communication, 31526
deception detection; self awareness; right hemisphere; theory of mind; self; laterality; asymnetry; mental state attribution; hemispheric differences; undergraduate students; information processing, 9667
deception; lying; questions; response time; cue; cognitive processes; deceptive answers; decision; construction; truth; cognitive mechanisms, 6600
deception; neural correlates; blood oxygen levels; brain activation, 30858
deception; privacy; lying; secrecy; verbal dynamics; nonverbal dynamics, 16239
deception; test validity; comparison question test; mock crime, 12446
emotional coherence; HOTCO computational model; self deception; beliefs; wishful thinking; intention; self division, 10612
executive processes; deceptive responding; behavioral responses; event-related brain potentials; truthful responses; recognition; perceived stimuli; remembered stimuli, 18333
food; ravens; social strategy; primates; social foraging task, 24580
fundamental attribution error; deception; lie detection accuracy; trait judgments; state judgments; trustworthiness; halo effect; truthfulness bias, 1219
group membership; group threat source; imposter; vegetarians & non-vegetarians; self identification; impression management, 1182
guilt perception; alias; criminals; criminality; sentencing, 36540
human deception; cortical excitability; cognitive process; lie detection; emotional components; motor cortex; deceptive responses; truthful responses; cognitive activity, 6936
imprisoned knowledge; criminals beliefs; deception; prison inmates; prison personnel; students; cues, 16517
individual psychology; Adlerian brief therapy; impression management; pampering; self-deception; relational strategies; parent education, 20141
interrogative suggestibility; self-deception; compliance; psychoticism; neuroticism; prison inmates; impression management, 27219
justice perceptions; compensatory reactions; timing of explanations; behavioral reactions; behavioral outcomes; justice effects; organizations; organizational behavior, 14730
language dominance; interpersonal deception; computer-mediated communication; personality traits; nonverbal behaviors; paralinguistic behaviors, 24095
late positive component; LPC; event related potentials; ERPs; brain; truth; deception; response conflict; strategic monitoring; response time; episodic memory, 9915
lie detection; contingent negative variation; face familiarity, 7126
lie; organizational socialization; occupational socialization; moral issue; organizational career; norms; information management, 36322
linguistic styles; deceptive communication; dubitative ambiguity; elliptic eluding; cognitive complexity, 10483
lying; memory, 21388
lying; multiple relationships; social context; deception; peers, 10488
noncredible effort; complete reading; illiteracy; reading inhibition; color-word interference; acquired brain injury; executive function; color-naming response; neuropsychological assessment; failure, 18160
parent beliefs; deception; cues; expertise; children, 25179
phallometric testing; sexual preference testing; deception avoidance; child molester, 31882
physical mediums; Francis Ward Monck; parapsychologists; human nature; fraud accusation; deception, 33897
police interviews; detecting deceit; police officers; suspects; accuracy rates; actual truths; perceived experience; cues, 12407
professional organizations; expert witnesses; medical experts; false testimony; policies; disciplinary action, 8967
psychic trauma; annihilation anxiety; deception; deceit; psychoanalytic theories, 26323
race; whites; betrayal; melancholia; perversion; fetish, 34478
race; whites; betrayal; melancholia; perversion; fetish, 34479
reality monitoring scoring; social skills; criteria based content analysis; lie detection; age differences; coaching, 18985
social desirability response; Social Interest Index; test validity; conscious impression management; self-presentation; unconscious self-deception, 18090
social motives; social decision making; strategic misrepresentation; deception; decision influence, 13457
theory of mind; schizotypal personality traits; autobiographical memories; affective disorder; self-awareness; deception, 31554
therapeutic relationship; false or misleading information; hidden agendas; signs of client untruthfulness; client behaviors; case formulations; interventions; therapeutic goals; therapists; clients, 5168
truth evasion; psychic evasiveness; W.R. Bion; psychotherapy group; group process; falsity; therapist, 29290
verbal cues; nonverbal cues; deceit; deception; lie detection; behavioral cues; reliable judgements; valid judgements; liars; truth tellers, 21351
youth smokers; cigarette purchasing; store clerk behavior; manipulative behavior; ecological validity, 35036

Decision Making [See Also Choice Behavior, Group Decision Making, Management Decision Making]—Serials

accountability; bias; physician decision making, 23741
adolescent involvement; high school students; behavior problem; discipline; decision making; parents, 22068
adolescent perceptions; girls; goodness; badness; will; behavioral decisions; ethical self-image; high school students; gifted; alternative school, 13243
affective state; information processing style; means-end theory; consumers attitudes; cognitive psychology; decision making; products, 36452
after hours student crises; college counseling center staff; decision making; legal implications; ethical implications; small vs medium vs large schools; treatment guidelines, 12223
age differences; financial decision making, 6576
age discrimination; decision-making patterns; judicial decision making; judicial views; age bias cases, 30326
age discrimination; decision-making patterns; judicial decision making; judicial views; age bias cases, 30324
age discrimination; decision-making patterns; judicial decision making; judicial views; age bias cases, 30327
alcohol myopia; cognitive impulsivity; alcohol intoxication; cues; decision making; rewards; delay discounting task; sobriety, 3954
alcohol; delay discounting; food; impulsivity; money; self control; choice behavior, 3367
alternative dispute resolution; legal disputes; procedural preferences; decision control; process control; control over choice of substantive roles; social status; role; mediation type, 33446
alternatives; bias; debiasing; mental simulation mind-set; need for structure, 24437
Alzheimer's disease; medical decision making; caregiver burden; patient involvement; severity of disorder, 26141
ambiguity; sunk costs; decoupling; disjunction effect; economic decision making, 9684
ambulatory cancer patients; impaired capacity; risk; decision-making capacity; informed consent; consent to research; judgment; patient characteristics, 8178
anterior cingulate activation; high trait anxious subjects; error processing; decision making; normal trait anxiety, 27772
anterior cingulate cortex; striatum; orbitofrontal cortex; decision making; blood oxygenation level dependent responses, 18697
anticipated regret; decision makers; misprediction of regret; emotional insurance; disappointment, 25297
assessment personnel; eligibility criteria; reasons; eligibility decisions; learning disabilities; language proficiency; environment; culture; lack of data; linguistically diverse learners, 29952
attention; sensory processing; perception; response biases; changes in decision criteria; sensory facilitation; visual prior entry, 6522
attitude accessibility; time pressure; group norms; social identity; attitude-behavior relations; behavioral decision-making, 1170
attitude strength; priority setting; decision-making; customer satisfaction; consumer attitudes; marketing, 6105
attorney gender; jury perception; decision making, 33433
autonomic responsiveness; Huntington's disease; decision making; risky decision task; gambling; skin conductance response, 19954
avoidant attachment; hemispheric lateralization; processing of attachment and emotion related words; positivity or negativity decision making, 31560
B2B simulators; Java-based soccer; strategic differences; dispute resolutions; electronic business; business-to-business processes; soccer strategy, 17827
behavior analysis; judgement; decision making, 24429
behavioral finance; behavioral economics; individual behavior; decision criterion; choice behavior; internal consistency; self-interest; choice theories; standard finance approach; behavioral modeling, 27152
behavioral intentions; situational construal; behavioral decisions; priming; cues; prisoners dilemma game; decision making, 4398
behavioral response; perceptual decision; sensory stimuli; oculomotor commands; monkeys; oculomotor activity; behavioral context, 12951
behavioural inhibition; cognitive inhibition; gambling task; developmental changes; age-related increase; immediate reward, 1240
beta-adrenoceptor blockade; decision making; propranolol; mood, 18791
bias; individual expertise; task importance; predicision alternatives reevaluation; cognitive dissonance theory, 24420
bioethics; informed consent; comprehension; decision making; schizophrenia; psychosis; aging; research participation; routine vs enhanced consent procedure, 10781
bishops; ethical considerations; clergy abuse crisis; Roman Catholic clergy sexual abuse; ethical decision making, 35005
breast cancer; decision making; adjuvant cancer therapy; randomised clinical trials; trial participation, 33642
business commitment; trust; business relationship perceptions; models; economics; social interaction; decision making; socioeconomic exchange; forestry businessmen, 6013
cancer patients; bowel cancer; treatment; decision-making, 22884
cancer screening; informed decisions; communities; health care setting; decision making; preferences; values; cost effectiveness, 16692
car crimes; investigators expertise; decision-making, 27233
care home; relatives' experience; decision making; care giving career, 8807
career decision making self efficacy; vocational exploration & commitment; emotional intelligence; sex differences, 2892
career decision making; Depth-Oriented Values Extraction; values, 14733
career decision making; general decision making theories; career assessment; Decision Making Inventory; psychometric properties; career maturity, 9493
career indecision; test validity; Decisional Process Inventory, 2896
cesarean section; Chinese; life events; obstetric delivery; physicians' determination; patients' attitudes; cultural beliefs; expectant mother, 2309
chaos; deterministic queueing model; sustained oscillation; mode locking; quasi-periodic behavior; service rate; queue length; customer decision; quality of service; demand; customer perception, 3020
character evidence; impeachment evidence; juror decisions; witness credibility; guilt; conviction judgments; cross-examination effect; witness impressions; path analysis; character witness credibility, 18019
chess players; chess position; decision making; postdecision phase; judgment; experts; novices; estimation, 33788
child care arrangements; child gender differences; nonrelative child care; child care decisions; daughters care, 28270
child care arrangements; employment characteristics; nonstandard work schedules; employment schedules; child care decisions; mothers; fathers, 31380
child custody evaluations; judges; perspectives; judicial decision making, 33414
childbirth; pregnant women; decision making; caesarean birth, 35707
childcare arrangements; economic disadvantage; afterschool programs; school-age children; single mothers; employment hours; childcare decisions; two-parent families, 16159
childhood sexual abuse; clinical decision-making strategies; adult sexual abuse survivors; treatment decisions; treatment modalities; family therapists, 11425
children's decision making; risky choice; individual differences, 10190
clinical decision-making; clinicians; mental health referral; telephone access centers, 20545
clinical guidelines; healthcare decisions; policy making; National Institute for Clinical Excellence, 36036
clinician perceptions; violence risk; forensic outpatients; clinical decision making; violence risk assessment; treatment motivation; psychiatric institutional treatment, 25848
cognitive autonomy support; procedural autonomy support; organizational autonomy support; classroom behavior; student decision making & ownership; teachers, 26910
cognitive consistency theories; constraint satisfaction; background knowledge; reasoning processes; bidirectionality; reasoning; decisions; preferences; decision making, 22318
cognitive load; consumers; emotion-laden choices; conflicting goals; coping effects; consumer abilities, 33346
cognitive modeling; decision support; fighter aircraft; pilot decision making; expert systems approach; US Pilot's Associate; French Copilote Electronique, 6149
collaborative model; decisional capacity; informed consent; older patients; schizophrenia; geriatric patients; aging; competence; bioethics unit; research participation, 10793

communicating information; decision making; participation; physician-patient communication; patient understanding, 23369
community health workers; decision making; low income women; mothers; pregnant women; health outcomes; empowerment; self sufficiency; self determination, 26654
computer-mediated negotiated interaction; lexical acquisition; decision making, 34228
confidence judgments; individual decision making; group decision making; instructor feedback; exam accuracy scores; course related knowledge; college classrooms, 36194
congenital heart disease; fetal diagnosis; pregnancy termination, 8200
conjoint measurement models; marginal traces; numerical representation; incomplete preferences; preference relation; decision analysis, 24318
consumer choices; consumer research issues; consumer decisions, 33357
consumer decisions; mammography; decision making; uncertainty; false alarm test results; medical adherence, 9183
consumer run services; mental health services; consumerism; decision-making; fidelity; consumer participation; empowerment, 29622
contingent application; semantic relatedness; decision process; choice dilemmas; risky outcomes; cancellation editing operation, 21326
cooperative exchange models; cooperative games; conflict measures; collective decision-making; group conflict, 13442
cooperative learning; collaborative learning; school learning; early childhood education; peers; teacher decision-making; research, 33105
counseling psychology; Houston National Conference; conference content; decision making; social action groups; philosophy; conference outcomes; legacy; initiatives, 11990
cultural evolution; decision making; biological evolution; public information; others' behavior, 30789
cultural influence; parental influence; homeleaving decisions; parental home; parent-child relationship; family structure; ethnic groups, 34350
customer defection; consumer knowledge; customer satisfaction; repurchase decisions; alternative vendor knowledge; choices; managers, 14849
customer reactions; brokered ultimatum game; rational decision-making; justice theory; customer behavior; negotiation transaction; distributive injustice; ultimatum price; offers; bids; negotiation, 24071
decision enactment; intentions; desires; motivation; goal setting; goal striving; decision process; anticipated emotions, 356
decision frame; procedural justice; distributive justice; survey questions, 9286
decision framing; individual differences; cognitive processing; risky choice; math skill; need for cognition, 21348
decision making situations; error rate related behavior changes; caudate; parietal cortex; success related behavioral strategies; response predictability; response switching, 7002
decision making styles; judgments; intuitive decision making; analytical decision making; intuitive skill; private consumer decisions; decision outcome; perceived control; risk perception, 3376
decision making; cultural competence; child welfare; ethnically & racially diverse families; community environment; agency structure; family characteristics; child welfare system; casework, 5598
decision making; disabled children; health services; health resources; parents; social workers; health professionals; teachers, 32632
decision making; hospice patients; terminal illness; patient perspective; lung cancer, 17364
decision making; individual differences; risky decisions; skin conductance responses; somatic activities; choice behaviors; human behavior; risky choices, 9945
decision making; older family member; caregiver views; caregiving relinquishing; sharing, 5638
decision making; prescription-to-OTC switches; health care costs; self-management; drugs; safety; consumer interest, 8367
decision making; risk taking; aging; age differences; impulsivity, 28101
decision making; social dilemma; appropriateness logic; behavioral choice; social nature, 34644
decision making; state lotteries; half jackpot; annual payments; uncertainty, 18311
decision problems; belief attributions; decision theory; relevance; attitude atributions; ambiguity; conversational implicatures, 391
decision strategies; vagueness; ambiguity; uncertainty; categorization; vigilant strategies; personality traits, 28423
decision weights; risk preferences; judged probabilities; belief component; judgments under uncertainty; ambiguity aversion; prospect theory, 9688
decision-making abilities; mental illness; impaired cognition; bipolar disorder; consent capacity; mania, 25577
decision-making capacity; developmental immaturity; diminished responsibility, juvenile death penalty; criminal culpability; mitigating condition; adolescence, 6204
decision-making process; economic development; regional development agencies; government levels; negotiation; collective decision-making; United Kingdom; Labour policy programme, 13290
decision-making process; living kidney donors, 9694
decision-making strategies; facial recognition task; cross race effect; criminal investigations; lineup identifications; eyewitness evidence; juries, 21045
decision-making strategies; panic disorder; error rate; predictions; major depression, 4567
decision-making style; mental abilities; habit; style; military officers; personality traits, 15301
decision-making; end-stage renal disease; health information; age differences; needs; sex differences; gender differences, 2315
decision-making; social functioning; age differences; human sex differences; early childhood, 25019
decisional balance; alcohol-dependent women; alcohol treatment; health behavior change motivation; drinking behavior, 23621
decisional strategies; emotional distress; primary care; general practitioner attribution; psychosocial factors, 26619
depression; anxiety; cancer patients; medical decision-making, 8182
desires; intentions; attitude theory; decision making, 16297
developing countries; smoking decision process model; tobacco industry; youth smoking; Cypriot youth, 17444
developmental changes; decision making; bilateral lesions; ventromedial frontal cortex; gambling task, 24942
diagnostic thresholds; healthcare providers; treatment decisions; medical decision; life expectancy; health outcome, 11654
dilution effect; diagnostic information; nondiagnostic information; regressive judgment, 30674
direct discussion; interpersonal warmth; nonverbal expression; integrative decision making; China, 10508
discounting framework; choice; decision making; delayed rewards; probabilistic rewards, 33791
dynamic consistency; preference reversal; reference point; isolation-integration; decision making; gamble; dynamic inconsistency; models, 357
dysfunctional thinking; career decision making; Career Thoughts Inventory; Career Decision-Making Difficulties Questionnaire; career readiness, 30510
ecstasy; reasons for quitting; lasting adverse effects; mental health; ex-users, 13758
education effects; Iowa Gambling Task; emotion-based learning systems; decision-making, 21331
egocentric bias; negotiation; settlements; stalemates; interpersonal treatment; fair treatment; interactional justice; resource allocation; decision making; real-life context; gender, 24131
egotism; major life decisions; career choice; place of living, 1247
egotism; major life decisions; career choice; place of living, 1268
emotion; decision-making; neurological patients; orbitofrontal damage; Somatic Marker Hypothesis; neuroanatomical frameworks; cognitive framework; neural substrates; homeostasis; emotion; feeling, 26123
emotional intelligence; matrix organization; interpersonal relations; employee competition; decision making; organizational change, 27111
employee selection; applicant reactions; organizational psychology; decision making, 36278
end-of-life care; mental illness; community psychiatry; stereotyping; patients, 29593
end-of-life care; occupational background; end-of-life decisions; hospice care; biomedical interventions; bioethical laws; education level, 8802
endowment effect; economic decisions; carryover effects; emotions; appraisal-tendency theory; incidental emotions, 24530
ethical decision-making; behavioral intentions; ethical issues; ethical judgments; marketing professionals, 36361
ethical decision-making; professional associations; social work profession; professional standards; social work practice; ethical issues; social workers' association, 14606
ethical decisions; decision-making; psychological knowledge, 20766
ethical decisions; decision-making; psychological knowledge, 20769
ethical dilemmas; self-disclosure; student writing; professor-student relationship; ethical decision making; psychology students, 32976
ethics; psychopharmacology research; decisionally impaired subjects; informed consent; mentally disabled; vulnerable populations; mental disorders; protections; Institutional Review Board, 12076
event-related potentials; contingent negative variation; time processing; timing capacities; CNV amplitude; temporal accumulator; temporal estimates; positive polarity; time-based decision making, 34091
evidence-based medicine; EBM; rational medicine; ethical problems; epistemic problems; patient experiences; therapeutic decision making; medical community; patient health, 2267
evidence-based medicine; scientific evidence; health care decisions; evidence-based practices; patient satisfaction; mental health care, 11773
evidence-based patient choice consultation; EBPC; medical encounters; evidence-informed choice; shared decision-making; patient prefrences; health care decisions, 5539
evidence-based practice; alternative communication; augmentative communication; decision making; clinical practice; educational practice; research, 20674
evidence-based practice; strategic approach; decision-making tool; research emergent profession, 32819
evolution needs; health care decision modeling; healthcare decisions; quality-of-life; resource allocation; state-of-the-art; decision analysis, 6234
existential courage; decision-making; hardiness, 25371
experience; loan officers; lending; expert judgment; novices decision behavior; credit decisions; decision process, 33246
experienced nurses; patient care; nursing practice; decision making; clinical reasoning; information; cognitive strategies; conceptual language, 12053
expert testimony; battered woman syndrome; mock jury decisions; judgment; criminal evidence; batterer's threat, 21044
export information; information use; competitive advantage; business performance; decision making, 12350
eyewitness identification; memory; decision model; computer simulation model, 3056
factor analysis; Career Factors Inventory; community college students; career indecision, 30514
factorial invariance; internal consistency; decisional balance inventory-short form; smokers, 30427
family structure; family relations; quality of life; family members; decision-making; divorce; marriage; extended family; single-person households; family environment; family income, 16152
feature conjunction benefits; asynchronous response priming; task relevance; response mapping; asynchronous priming model; decision based processing; attention capacity; visual perception, 33655
female students; premarital sexual relations; decision making; subjective norms; attitudes; AIDS; Theory of Reasoned Action, 19084
financial markets; information sources; foreign exchange market; circular pattern; news; rumors; market information processing; news media technology; news speed; news accuracy, 24894
financial products; consumer investment goals; risk seeking, 33361
food choice; food scares; decision making; safe food, 17926
football referees; referees' behavior; favoritism; biased behavior; agents; home bias; agency theory; soccer; decisions; football match, 31607
forced choice; consumer preferences; relative option shares; buyers; no-choice option, 24070
forced-choice decision making; take the best model; rational model; judgments; feedback, 27507
formal models; social science theory; bounded rationality; multiple equilibria; practical tools; rational choice models; formal theory; real behavior; decision dynamics, 13425
framework; multiple measures; decisions; decision reliability; decision validity; promotion decisions; high stakes testing; high-stake, 218
framing effect; decision making; hemispheric activation; rationality, 30681
freedom; rationality; free action, 31609
gender differences; health information needs; decisional preferences; acute ischemic coronary event; recovery, 16725
gender; long working hours; women; decision-making; public policy support; high-level careers, 27118
genetic testing; decision making; risk assessment; gene technology, 30829
geographic information science; geographic space; human cognitive factors; task analysis; human decision-making, 24438
group decisions; individual decisions; Centipede game; game theory; group behavior, 34595
health care; ethics; medical decision making; resource allocation; physician attitudes; policy makers, 32991
health care; health care; older adults; decision-making; aging, 22128

help reactions; decision making; helper intention; recipient evaluation; recipient attitude; future interaction; recipient perception of motivation; affect basis; role basis; cost-benefit calculation, 19134
Herbert A. Simon; Nobel Prize in Economic Sciences; psychological ideas; economics; human rationality; economic decision making, 45
heterarchy; hierarchy; evidence level; therapeutic interventions; occupational therapy; clinical decisions making; clinical practice, 16893
heuristic; Monty Hall problem; sequence of choice; choice sets; lure of choice; decision making, 359
heuristics; decision making; judgment; social cognition, 10542
high-level nuclear waste; siting controversy decisions; siting decision making; policies, 36487
high-risk clients; quality of life; career resiliency; career counselors; career development; decision-making skills; motivation; empowerment, 36274
HIV; sexual behavior; social causation; African migrants; decision making; research paradigm; research needs; sexual decision-making; sexual risk behavior, 11185
holistic encoding hypothesis; facial perception; face recognition; decisional & informational separability; decisional criteria, 393
holistic thinking; legal evaluations; decision making; ontological-epistemological one-worldness, 9285
hospice care; cancer patients; decision making, 11845
husband involvement; contraception; intrauterine device usage; wives; rural Vietnam; decision making; self-efficacy; transtheoretical model; stages of change, 13381
hypertensive patients; decision making analysis; patient information attitudes; computerized decision aid; patient physician relations; antihypertensive treatment, 32116
implicit learning; explicit learning; decision making; sports; ball games; task complexity, 12659
impulsivity; delay discounting; decision-making; animal model; impulsive behavior; hyperbolic discounting, 3473
inadmissible evidence; terror management theory; mortality salience; nullification beliefs; judicial process; backfire effect; juror verdicts; terror management theory, 36520
individual actor; accounting research perspectives; holistic individual image; accounting; human actors; decision maker; firms, 5971
individual differences; subjective information; computer technology; quality decisions; classroom work; pupil progress; decision making; curriculum, 23758
individual empowerment; community health workers; self sufficiency; self determination; decision making; low income mothers, 26642
individual intentions; condom use; theories; individual decision making; behavioral intentions, 26524
individual investors; shares; investment decisions; retirement income; stocks; decision making, 33342
induction algorithms; decision trees; data mining; association rules, 30307
information processing; lifeguards scanning; decision making, 6580
information search; decision-making; process-tracing; voting, 28301
information sources; information utilization; decision making; decision bias; information weighting, 21338
information sources; risky choice; risky prospects; rare events; decisions; experiences, 30671
initial offer; negotiation; offer decisions; best available alternative, 36307
innovation; sitting dilemma; environment; stigmatization; project sustainability; waste facilities, 36480
interactive evolutionary metaheuristic: multiobjective combinatorial optimization; algorithms; decision support systems, 14880
international reading association; IRA; decision making; understandings; beliefs; teachers; reading teacher preparation programs; teacher education, 17603
interpersonal communication process; verbal probability; probability terms; decision makers; forecasters; miscommunication; error rates, 15863
intuitive judgment; choice; bounded rationality; decision making; mental accessibility; prospect theory; framing effects; attribute substition; bias, 376
Iowa gambling task; prefrontal cortex; decision making; punishment; rewards; lateralization; alpha activity, 18610
Iowa Gambling Task; ventro mesial frontal lesions; somatic markers; direct emotional consequences; indirect emotional consequences; Firefighter Task, 6596
irrational decisions; cognitive-experiential self-theory; optimal response; cognition scale; low probability; numbers; ratio; judgment, 355
job seekers; effective recruitment practices; choice process; job attributes; job choice decisions; follow up; site visit arrangements; organizational constituents, 17778
judgment; advice; decision making; opinion, 12689
judicial decision making; expert testimony reliability; judges; appellate court; scientific evidence reliability, 30315
junior high students; career planning; career decision-making; career counseling needs; career attitudes, 36234
knowledge-based systems; case-based systems; decision-making; probabilities; rough sets; uncertainity; probabilistic techniques, 17977
lamotrigine; informed consent; treatment decisions; physician assistance, 14161
lamotrigine; informed consent; treatment decisions; physician assistance; mood disorders, 14132
learning theories; resource allocation; global search model; local adaptation model; expectations; history of past decisions vs most successful previous decision; decision making, 384
legal implications; adolescent health care decision-making; sex; reproduction; gender; tripartite relationship; children; parents; state; orientation; patient interests; laws; legal system; rights, 32624
lesion laterality; lesion volume; decision-making impairment; frontal lobe damage, 19960
locus of control; work knowledge; mentoring; career; decision making; racial minority; academic institution, 33230
mammography screening; breast cancer; decision-making process; African American women; New England, 17246
market prices; anomaly categories; decision heuristics; emotional factors; visceral factors; choice bracketing; unknown preferences; reference dependence; behavioral finance; standard finance approach, 27151
marriage; widowhood; health-care use; seriously ill patients; elderly individuals; hospitalization; marital status; stay lengths; quality care; substantial impact; decision makers, 11787
masculinity; male street thieves; criminal decision making; street crime; criminal experience, 16516
mastectomy patients; breast reconstruction; decision-making, 17166
mate-selection decisions; cognitive styles; decision-making; intuition, 31511
meaning; pronounciation; decision-making; attention; graphic cs phonological vs semantic word relations; event related potentials; ERPs; Chinese words, 643
mediation; procedural justice; litigation; social processes; legal decision-making, 33444
medical decision making; antipsychotic drugs; schizophrenia; physician variables; patient variables, 29337
medical decision-making; minors; consent; assent; physician-patient relationship; medical care, 1934
medical decision-making; preventive medicine; cancer screening; patient-clinician partnership, 16702
medical graduates; career choice; decision making; influential factors; job satisfaction; female medical graduates, 17490
medium secure psychiatric care; healthcare access; admission decision-making; professional insights; clinicians attitudes, 30332
mens rea; folk concepts; legal concepts; intentionality; intention; motive; forethought, 14937
MMPI; MMPI-2; Minnesota Multiphasic Personality Inventory; epileptic seizures; psychogenic non-epileptic seizures; differential diagnosis; decision rules, 4983
model composition; distributed environment; organizations; multiple locationsl; model resources; decision making; resource leverage; model execution; data sources; decision support systems, 17816
modelling intuition in retail site assessment; cognitive mapping; decision-making; retail location; analogue method; qualitative knowledge; visualization; sense making, 12330
moral reasoning processes; ethical decision-making; decision-making models; Janus-Headed Model; marketting; cost based reasoning; benefit based reasoning, 2923
morphine; naltrexone; impulsive decision making; rats; delay discounting, 27907
mortality salience; charismatic leaders; terrorism; subliminal exposure; political decision making, 34424
mother's decision; gastrostomy tube insertion; social pressure; children, 8620
mothers-in-law; family dynamics; fertility decision-making; urban environment; family planning, 7537
multiattribute alternatives; preference ratings; decision making; preferences; satisfaction; multiattribute decision theory, 25305
multicriteria decision-making; voting; weighted majority, 10308
multiple measures; perverse incentives; score inflation; important decisions; incorrect decisions; test scores; educators; students; accountability; educational measurement, 223
nationalist rebellion; social support; individual decisions; community perceptions; prospect theory; intentional rebellious action; social contexts, 34519
nature of science; technology; decision making; science education; decision making strategies; moral development; intellectual development, 23795
need for cognition; information framing; mood; recall; decision making; confidence level, 9662
neural decision processes; neural correlates; flexible neural behavior; stimulus encoding; behavioral reaction time; sensorimotor structures; neural chronometry; mental chronometry, 15572
neural networks; neural correlates; cognitive-affective integration; covert decision making; ventromedial prefrontal cortex; amygdala; nucleus accumbens, 9280
neurobiology; visual saccadic decision making; neural basis; primate decision making; sensory data; behavioral responses; theoretical models; neuroeconomics, 6897
neuropsychology; obsessive compulsive disorder; anorexia nervosa; decision making; cognitive impairment; restricting type; binge purge type, 35134
neuropsychology; ventral prefrontal cortex; decision-making; reversal learning, 24661
new project; outsiders; information acquisition; risk factors; information leakage; proprietry costs; investment implications; consultations; project implementation; project production; moral hazard, 2928
nursing facility choice; examining factors; family member; average cost; decision making, 17391
nursing facility choice; examining factors; family member; average cost; decision making, 17389
object recognition; decision making; cues; predictive validity, 24457
occupational stress; coronary heart disease; psychosocial work; job demands; social support; decision making; civil servants; risk factors, 13907
offending behavior; female reasoning biases; male reasoning biases; psychologists; systematic deviations; reasoning behavior, 11052
older workers; decisions; work-related injuries; return-to-work experience; musculoskeletal inuries; push self decisions; protect self decisions; worker compensation, 20904
optimism; decision making; postdecisional action phases; predecisional action phases; goal setting; implemental mindset; confidence; failure, 24464
orbitofrontal cortex; executive function; affective decision-making; age differences, 24955
orbitofrontal cortex; regret experience; satisfaction; relief; regret; decision making; cognitive process; emotional experience, 24658
organizational cultures; sociocultural context; cultural dimensions; employee participation; participative decision-making; cross cultural analysis; individualism collectivism; power distance, 6019
osteoarthritis patients; medical decision making; self assessment; hip replacement; pain; surgeons, 8612
outdoor management development; learning process; skills transfer; skills development; decision making; workplace, 33256
overprediction; choices; joint evaluation; single evaluation; attribute; distinction bias; utility function; affective forecasting; happiness, 22343
palliative care; continuing care; social care professionals; professional development; decision-making process; district nurses, 7605
parent-adolescent communication; adolescents decision-making; parent-adolescent relationship, 31395
parent-child interactions; mental health difficulties; decision trees: Zero-to-Three Diagnostic Classification of Mental Health & Developmental Disorders of Infancy & Early Childhood, 26473
parental decisions; early childhood immunizations; maternal attitudes; health attitudes, 11620
parental separation; family situation; adult partners; children; family decision making; legal decision-making; child competence; children's perspectives, 22213
parietal cortex; decision-making; choice behavior; foraging behavior; monkeys, 27794
partner influence; health behavior; decision-making; breastfeeding duration; male partners; breastfeeding decisions; breastfeeding behavior; first-time mothers, 19068
patient decision aid; information structuring; decision support; reasoned choice model; presentation; expectancy value, 29595
patient doctor relationship; patient personality; patient satisfaction; decision making; information-seeking behavior, 35359
patient-physician relationships; patient decision-making; health care decisions; anecdotal information; base-rate information, 35736
patients age; death wish; treatment decisions; physicians; nurses; subthreshold depression; psychopharmacological treatment, 26553
patients autonomy; surgical care; nurses perceptions; decision making; Finland; Spain; Greece; Germany; Scotland, 23408

payoff matrix; linear transformations; mutiplication; addition; long run gains vs losses; category discriminability; base rate; decision criterion learning; perceptual categorization, 378
peer groups; teaching methods; decision making, 36114
perceptual processing; response selection; neural mechanisms; brain regions; neural mapping; perceptual discrimination; brain activation; cognitive processes, 7054
persistent mental illness; advance directives; adult outpatients; decision support system; peer support; decision making; clinician support; treatment planning, 32667
personal choosing benefits; attractive alternatives; less preferred alternatives; self-predictions; outcome satisfaction; choice behavior; decision-making process; choosers; nonchoosers, 33777
personal responsibility; rationing decisions; illness responsibility; rationing allocation choices; health care rationing; individual responsibility; preferences, 17336
personalised e-training; computer use; multiple attribute decision making; Simple Additive Weighting, 30278
perspective taking; rules of the game; focusing; bounded rationality; Monty Hall; acquiring a company; ultimatums; failures; competitive decision making, 9683
policy implementation; political decisions; policy debate; political bargaining; agency performances; collective decision making, 13372
political context; foreign policy; political decision making; international relations; domestic politics; psychological theories, 31400
political decision making; organizational politics; conflict processes; relationship conflict; academic departments, 36365
power; older women; older men; Egyptian families; Tunisian families; family decisions; patriarchal family; egalitarian family, 28257
predecisional distortion; pre-choice biasing; attribute evaluations, 27157
preference construction; prices; behavioral economics; decision making; affective responses; within subject & between subject; willingness to accept; willingness to pay; lottery tickets, 3029
pretrial publicity: prejudicial publicity; decision making; confirmation biases; negative pretrial publicity; predecisional distortion; guilty verdicts; evidence evaluation; mock jurors; juror bias, 27230
probabilistic reasoning; inductive reasoning; cerebellum; decision making; uncertainty; inductive inference, 24649
problem recognition; drinking rate; drinking frequency; alcohol problem; self-regulation model; heavy drinkers, 10962
problem-solving appraisal; career counseling; psychological adjustment; career decidedness; client attribute, 36269
procedural justice; organizational contexts; decision making; fairness; work setting; four-component model; treatment quality, 12284
processing style; framing effects; decision task; cognitive style; decision making; analytic-holistic psychology, 4365
prospect theory; international relations; decision making; political behavior, 31397
prospect theory; stochastic dominance; S-shaped value function hypothesis; risk aversion; risk seeking; gains; losses; certainty effect; fund managers; financial analysts; choice; business students, 27096
prospective memory; pediatric traumatic brain injury; orthopedic injuries; adolescents; children; reaction time; decision making task; computer task; reporting words task; category decision task, 16797
prostate cancer screening; treatment outcomes; decision making; screening accuracy; prevalence, 22881
prostate cancer; cancer patients; video format; video information; decision making; partners; disease management, 23454
psychiatric wards; relational goods; group therapy; decision-making procedures; resource allocation, 35843
psychologists; decision making; managerial candidates; personnel selection, 36297
psychotic disorders; pharmacologic treatment; clinical decision-making; atypical antipsychotics; medication selection, 2177
psychotic disorders; pharmacologic treatment; clinical decision-making; atypical antipsychotics; medication selection, 2178
public health; classification and regression tree analysis; methodology; health-related behavior; segmentation strategies; at risk populations; logistic regression; decision making, 9540
public participation process design; health-care sector; deliberation; deliberative methods; decision making processes; public participation process evaluation, 2372
public policy issues; electoral decisions; political candidates; vote choice, 22231
purely ordinal scales; decision behavior; reflection lattices; linear lattice, 15125
quality of life; end of life decision making; court, 4459
quality-adjusted life years; medical decision making; constant proportional time tradeoff; risk posture conditions, 6398
rating behavior; rater accuracy; performance appraisal task; accountability; decision, 14750
rational vs intuitive vs dependent career decision-making strategy; person-job fit, 12253
rationale; rationalism; rule; decision utility; experienced utility; predicted utility; consumption experience; inconsistency; preference reversal; decision-makers, 374
reason based choice; stock market; investment decisions; individual investors; stocks; stock clubs; group investors; group decision making, 14824
regret aversion; real life; decision-making; lottery participation decisions, 19223
repetition priming paradigm; explicit memory; implicit memory tests; perceptual processes; decision making; soccer players; response time, 6092
reproductive decisions; expectant fathers; mens experience; first child; decision making process; dialectical structure, 13350
research-conscious general practitioners; decision making; anticoagulation; atrial fibrillation patients, 29929
response selection; brain regions; human information processing; neural mapping; cognitive processes, 7053
response selection; cortical regions; brain activation; cognitive processes; neural networks, 7075
response selection; neural mechanisms; information processing; cognitive mechanism; brain; neural mechanisms, 7076
retirement satisfaction; retirement decision-making process; spouses; well being, 28150
rhetorical relevance; referral letters; consultation letters; experts; trainees; desicion making, 29851
right frontal lesions; advice; predictive judgment; decision making; parietal lobe, 13947
risk decision-making; participation barriers; deliberation barriers; analytic-deliberative proceses; policy options; waste management, 36393
risk perception; risk acceptance; dispositional optimism; individual differences; decision making, 25384
routine repetition; time pressure; decision making; relapse error; intention implementation; action slip, 12631
search strategies; personal preferences; decision making; correct choice; relevant cues; success; adaptive behaviors, 21340
second-generation antipsychotics; schizophrenia; clinicians; clincal decision-making, 20325
selective attention impairment; Alzheimer's disease; inhibition; visuospatial selective attention; decision making; visual search tasks; cognitive slowing; task difficulty, 29141
self-framing; decision making; hedonic tone; choice; risk preference; framing effects, 9690
semantic decision making; neural correlates; early Alzheimer's disease, 9881
senior executives; decision makers; active scanning; insights, 27062
sensation seeking; deliberation; risk taking activities; college students; decision making, 13472
sequential judgment; option consideration; order effect; direction of comparison effects; option ratings, 9639
sequential lineup; simultaneous lineup; discriminability enhancement; witnesses; relative decision strategy; bias affect; absolute decision strategy; height encoding; transfer-appropriate processing, 18018
sequential sampling model; reaction time; two choice decisions; response time distribution, 15296
sexual behavior; decision-making; sexual risk taking; adolescent attitude; peer pressure; trust, 28137
sexual rights; psychiatric facilities residents; decision making; sexual activity; staff perception; sexual policies; sexual education programs, 29740
Shapley-Shubik power index; Banzhaf power index; weighted multiple majority games; voting situation; temporal complexity; algorithms, 6384
shared decision making; physician patient relationship; model; 21st century; health care services, 23496
shared decision making; psychiatry, 23500
signal detectability; type 2 tasks; detection tasks; correct decisions, 18321
signal detection; receiver operator characteristics; decision making; neuroleptic choice; patients; prediction; physicians, 3264
situation awareness requirements; situation awareness skills; infantry subject matter experts; infantry small unit leaders; decision making; performance, 33326
social constructivism model; ethical decision making; family counseling; gender attitudes; power differential, 35475
social information processing; strategic decision-making; timing; experimental game theory; coordination games; social interactions, 13422
social motives; social decision making; strategic misrepresentation; deception; decision influence, 13457
social psychology theory; explanatory power; dual-mode attribution processes; conceptualization; social judgment; decision making; construal-level theory; self-regulation, 25247
social risk assessment; technical systems; decision making; risk reduction; technical structures; safety management, 6138
social support; refugee well being; migration patterns; shared experience; refugee migration; refugee resettlement; decision making, 13318
social support; smoking cessation stage of change; decisional balance; process use; self efficacyadult smokers, 32810
software-supported process; socio-technical decisions; uncertainty handling; infrastructure investment decisions; multi-disciplinary teams; decision options; decision making, 17818
solution generation; decision preferences; automated decision aids; qualitative preference models, 27208
South African high school students; career decision-making; self-efficacy, 25296
stages of change; fruit intake; vegetable intake; young adults; demographic information; cigarette smoking; alcohol consumption; food frequency; self-efficacy; decisions, 14334
subgroup interests; reputations; organizational identification; cooperation; individual decisions; social dilemma; collective behavior, 30193
subordinate layoffs; managerial reaction; managerial role; control preferences; layoff decision making, 17819
surgical decisions; early stage non-small cell lung cancer; racially sensitive perceptions; patient preferences; Whites; African Americans; racial variation; curative surgery; patient care, 11636
surgical intervention; Hong Kong Chinese population; decision-making, 23382
surrogate decision making; end of life; terminally illness; family members, 35824
task simulation; information services; decision-making, 27200
temporal construal processess; pros; cons; temporal distance; future; decisions, 21336
terrorist attack; decision making; risk taking; emotional insecurity; September 11, 12670
time delay; multi-attribute choice; multiple attributes; choice behavior; product perception; hyperbolic discounting; choice perception, 18360
time impact; experience impact; data quality information; decision making; processing time; managers, 9082
time pressure effects; performance; base rate task; decision making, 12641
top management; organizational performance; decision-making accuracy; management succession; performance consequences, 12275
total artificial heart technology; elective device inactivation; decision-making capacity; potential clinical therapy; non futile situations, 29924
traffic stop encounters; racial profiling; traffic police; decision making; methodological issues; research, 36551
trauma; burial place choice; Srebrenica; survivors; massacre, 22315
type of reinforcer; real money; facsimile money; decision making; Iowa Gambling Task, 6575
unconscious consumer motivation; motivation research; morphological psychology; product decisions; marketing strategies; emotion, 33336
user acceptance determinants; Internet banking services; distribution channel; products; services; business; financial institutions; Internet technologies; customer decisions, 3068
ventromedial prefrontal cortex; emotional information; cognitive information; cognitive-affective integration; nucleus accumbens; hippocampus; amygdala; neurocomputational model; decision making, 9896
visual gruesome evidence; verbal gruesome evidence; mock juror verdicts; jurors; decision-making, 33423
wealth; status-seeking; catching-up; marginal utility; consumption, 36448
willingness to accept; willingness to pay; income effect; elasticity of substitution; psychological theories, 19005
Windows program; sampling distribution function; multistage selection decision, 30556
womens health; menopause; hormone replacement therapy; womens biology; emotional well being; cultural well-being; physical well-being; spiritual well-being; primary care; decision making; risk factors, 32567
working memory deficits; decision making impairments; substance dependence, 10968
working memory; decision making; somatic markers; executive functions; verbal buffering, 33858

Decision Making [See Also Choice Behavior, Group Decision Making, Management Decision Making]—Books
Life and death decisions: Psychological and ethical considerations in end-of-life care, 2600
Satisficing games and decision making: With applications to engineering and computer science, 3076
Time and decision: Economic and psychological perspectives on intertemporal choice, 15305
Decision Making [See Also Choice Behavior, Group Decision Making, Management Decision Making]—Chapters
Biases in social judgment: Design flaws or design features?, 4419
Decision aids for cancer-related behavioral choices, 16713
Diagnostic decision making in neuropsychology, 5088
The evolution of patience, 15315
Gaining clinical experience in and after graduate school, 2643
Judgment and decision-making research: Relevance to industrial and organizational psychology, 6062
Neuronal activity and its links with the perception of multistable figures, 3577
Recruitment and selection: Applicant perspectives and outcomes, 6004
Solution-oriented groups for teens, pre-teens and their families, 5245
Summary assessment of experiences: The whole is different from the sum of its parts, 15306
Decision Support Systems—Serials
cognitive modeling; decision support; fighter aircraft; pilot decision making; expert systems approach; US Pilot's Associate; French Copilote Electronique, 6149
communication mode; computer-mediated communication; group support systems; idea generation, 33398
constraint propagation; constraint solving; soft constraints; constraint handling rules; preferences; algorithms, 27201
consultation support; physician patient discussion; real time decision support; decision making; practitioner learning; computer software, 17528
decision making; information systems; web-based decision support systems, 33396
decision tree; training set; running time; data sets; test data; Naive Bayesian classifier; NB; algorithm; Selective Bayesian classifier; SBC; Augmented Bayesian classifier, 3072
directive leadership; leadership; group decision support system; electronic groups; group process; problem structure, 12257
evolution needs; health care decision modeling; healthcare decisions; quality-of-life; resource allocation; state-of-the-art; decision analysis, 6234
fuzzy association rules; fuzzy systems; fuzzy grids based rules mining algorithm; FGBRMA; relational database; natural language; decision making; fuzzy partition methods, 17974
incentive structure; communication mode; distributed group decision support systems, 33395
induction algorithms; decision trees; data mining; association rules, 30307
information systems; organizational context; strategic information; systems planning; human behavior; organizational situations; information technology; organizational life, 9130
interactive evolutionary metaheuristic; multiobjective combinatorial optimization; algorithms; decision support systems, 14880
interdisciplinary approaches; interpersonal processes; group support systems; problem solving; GSS software; effective group meetings; GSS facilitator style; GSS effectiveness, 7616
judgement; expert advice; decision makers; psychological contract; monetary rewards; advice quality, 30688
knowledge-based systems; case-based systems; decision-making; probabilities; rough sets; uncertainity; probabilistic techniques, 17977
logic programs with ordered disjunction; problem solutions; semantic; preferences; answer sets, 27204
model composition; distributed environment; organizations; multiple locationsl; model resources; decision making; resource leverage; model execution; data sources; decision support systems, 17816
multi-agent constraint system; preferences; efficiency; solution quality; privacy loss; fuzzy optimization; Pareto optimization, 27209
multi-case reuse planner; multi-reuse planning; case based reasoning, 27205
neural network rule extraction; decision tables; credit-risk evaluation; decision-support systems, 18002
nonmonotonic reasoning; preference handling; classification; knowledge representation; nonmonotonic reasoning, 27206
persistent mental illness; advance directives; adult outpatients; decision support system; peer support; decision making; clinician support; treatment planning, 32667
preference; constrained optimization; conditional ceteris paribus-network; artificial intelligence; decision support, 27202
reasoning; action theories; preferences; prioritized default theory; answer set planning, 27214
search time; temporal constraint satisfaction problem; artificial intelligence; computer science; computational linguistics; temporal reasoning system, 30309
semantics; optimization algorithm; ceteris paribus networks; preference elicitation; decision support applications, 27203
software-supported process; socio-technical decisions; uncertainty handling; infrastructure investment decisions; multi-disciplinary teams; decision options; decision making, 17818
solution generation; decision preferences; automated decision aids; qualitative preference models, 27208
strategic flexibility; customer orientation; competitor orientation; marketing strategies; management planning; advertising, 6116
structural equation modeling; psychopathology research, 6417
system dynamics; decision support systems; information systems; business needs, 33399
Task Window; Telephone Triage Assistant; triage; junior nurses; task time; proactive task support; online resources, 17976
Decision Support Systems—Books
Satisficing games and decision making: With applications to engineering and computer science, 3076
Decision Theory—Serials
artificial intelligence; computational intelligence; qualitative decision theory; reasoning; constraint programming, 27210
choice set size effects; letter processing; word identification; readers; decision models; somewhat-efficient conditioning, 9678
constraint propagation; constraint solving; soft constraints; constraint handling rules; preferences; algorithms, 27201
decision problems; belief attributions; decision theory; relevance; attitude atributions; ambiguity; conversational implicatures, 391
preference; constrained optimization; conditional ceteris paribus-network; artificial intelligence; decision support, 27202
preferences; decision theory; reasoning; rationality, 27207
reasoning; action theories; preferences; prioritized default theory; answer set planning, 27214
utility functions; ceteris paribus preferences; human thinking; decision theory; algorithms, 27212
Decision Theory—Books
Satisficing games and decision making: With applications to engineering and computer science, 3076
Declarative Knowledge—Serials
creative innovation; neurobiological; general intelligence; domain-specific knowledge; brain mechanisms, 567
declarative knowledge; procedural knowledge; word recognition; letter decoding; reading, 21953
declarative learning; motor procedural learning; subclinical obsessive-compulsive symptoms; executive functioning; spatial problem solving; cognitive procedural learning, 4662
declarative memory; memory system; medial temporal lobe; habit memory; basal ganglia; habit-learning task; Parkinson's disease; caudate nucleus; prefrontal cortex; activation, 20025
educational reform; eidetic stance; knowledge; empathy; classroom, 14629
emotional memory; declarative memory; hormonal systems; corticosteroid system; adrenergic system; propranolol; metyrapone; emotionally arousing material; neutral material; differential effects, 18767
insight; working through; procedural knowledge; information-processing; non-declarative procedural knowledge; declarative knowledge; procedural memory; emotions; psychoanalytic technique, 20253
memory bias; interpretation bias; social anxiety; cognitive biases; factual details; threat, 19512
modes of knowing; reasoning; elementary astronomy; questioning methods; internal mental models; earth; day/night cycle, 26871
obsessive-compulsive disorder; procedural memory; frontostriatal abnormality; learning ability; declarative memory, 34923
origin of knowledge; child witnesses; sexual abuse; physical abuse; awareness; knowledge attributions; memory; victims, 10213
prefactual possibilities; future; counterfactuals; indicative conditionals; true possibilities; implied meaning; consistent possibilities; judgment; presupposed facts, 24421
semantic impairments; semantic memory; conceptual knowledge; category specificity; verbs; prepositions; brain lesions, 1856
treatment condition; independent evaluators; panic disorder; knowledge of condition; post-treatment assessment; treatment guessing; guess accuracy; actual treatment, 20750
vocational psychology; culture; career psychology; constructivism; social constructionism; knowledge; meaning; social processes; dominant discourse; historical construction of knowledge, 27038
Declarative Knowledge—Chapters
Improving strategic knowledge in physics, 2774
Decoding [See Human Information Storage]
Decompression Effects—Serials
balloon sickness; altitude sickness; decompression injury; hypoxemia; James Glaisher; neurologic compromises, 13534
Deductive Reasoning [See Inductive Deductive Reasoning]
Defecation—Serials
corticosterone radioimmunoassay; plasma; fecal samples; oldfield mouse; biochemical validation; physiological validation, 7096
Defendants—Serials
amnesia; competency to stand trial; defendants; legal processes, 6200
case; Atkins v. Virginia; execution; mental retardation; Eighth Amendment; cruel punishment; US Constitution; mentally retarded defendants, 9313
competence to stand trial; Ninth Circuit Court; defendant; mental illness; client competence; defense attorney; mental health evaluator; decision-making abilities; court rulings, 6201
competency to stand trial; demographic variables; psychiatric variables; criminal defendants; predictor variables; mental health examiners; restorability, 12406
competency to stand trial; petitioned juvenile defendants; juvenile competence; special education needs; mental health treatment; treatment planning, 14505
competency to stand trial; petitioned juvenile defendants; juvenile competence; special education needs; mental health treatment; treatment planning, 14506
criminal trials; criminal defendants race; legally relevant information; jurors decision-making, 33420
guilt perception; alias; criminals; criminality; sentencing, 36540
juvenile court; risk markers; mentally retarded; criminal process; crimes, 14924
psychological assessments; evaluation of competency; competency to stand trial; ATP scales; feigning screens, 24272
psychopathy; violence; prosecution testimony; juror perceptions; dangerousness; capital murder trial; mental disorder; risk factor, 27228
whole blood serotonin levels; pretrial murder defendants; serotonergic dysfunction; violent behavior; human males, 11048
Defense Mechanisms [See Also Compensation (Defense Mechanism), Denial, Fantasy (Defense Mechanism), Identification (Defense Mechanism), Introjection, Projection (Defense Mechanism), Projective Identification, Rationalization, Regression (Defense Mechanism), Repression (Defense Mechanism), Sublimation, Suppression (Defense Mechanism), Withdrawal (Defense Mechanism)]—Serials
adaptive behavior; defense use; competence; defense mechanisms; defense profiles; defense-Q, 19178
anxiety; defense mechanism; non-working mothers; working mothers, 4468
death thoughts; ingroup; unconscious defense mechanism; priming; categorization-latency; terror management theory; social identification phenomena; stereotypical judgments, 31470
defense mechanism technique modified; psychotic drug abusers; non-psychotic drug abusers; psychological defense mechanisms; anxiety, 16498
defense mechanisms; adolescent conduct disorder; adjustment reaction; adolescent development, 16471
defense mechanisms; panic disorder; disease severity; comorbidity; Brazilian patients, 10826
defense mechanisms; self-reported violence; stranger reactions; partner interaction; conflict resolution; men, 25836
defense styles; personality traits; psychopathological symptoms; nonclinical adolescents, 10250
fantasies; punishment; depression; anxiety; defense style, 32401
forgiveness; defense style, 19196
guided imagery; body-mind connection; fear; anger; identity; power struggles; defensiveness, 32278
high self-esteem; uncertainty; threats; compensatory conviction; self-definition; self-concept; personal dilemmas; social issues; defensive zeal; repression, 1263

identity change; adulthood; defense mechanisms; life experiences, 25333
long term effects; child abuse; protection; dissociation; attachment behavior; psychopathology; trauma; psychotherapy; defense mechanisms; symptoms, 1621
multiple sclerosis; magical ideation; defense mechanism; neuropsychological deficiency; neuropathology; alternative treatments, 29182
postnatal depression; defense style; cognitive style; locus of control; stress of motherhood; new mothers, 10753
predictive control theory; pathological development; evolutionary context; pathological and normal populations; defense mechanism; self concept; splitting; threat; anxiety; perceived control, 19230
quaternary temperament model; defense cluster preferences; extraversion; introversion; thinking; feeling; Myers-Briggs Type Indicator; Defense Mechanisms Inventory; college students, 7684
relationship patterns; dynamic psychopathology; core conflictual relationship themes; defensive functioning, 25445
religious objects; defensive dissociation; awareness; anxiety, 25400
resting blood pressure; adaptive defense; age differences; diastolic blood pressure; systolic blood pressure; psychosomatic medicine, 7132
signal anxiety; anxiety models; ego function; defense motive; pleasure principle; Freudian unpleasure; drive; quantitative-energic-biological model; ego; experiential-qualitative-psychological model, 13523
Terror management theory; positive self-evaluation; self-esteem; death anxiety; anxiety-related defensive behaviors; self-esteem striving; sociometer theory; afterlife, 19209
Terror management theory; positive self-evaluation; self-esteem; death anxiety; anxiety-related defensive behaviors; self-esteem striving; sociometer theory; afterlife, 19212
Terror management theory; positive self-evaluation; self-esteem; death anxiety; anxiety-related defensive behaviors; self-esteem striving; sociometer theory; afterlife, 19192
terror management theory; positive self-evaluation; self-esteem; death anxiety; anxiety-related defensive behaviors; self-esteem striving; sociometer theory; afterlife, 19175
terror management theory; positive self-evaluation; self-esteem; death anxiety; anxiety-related defensive behaviors; self-esteem striving; sociometer theory; afterlife, 19208
therapist characteristics; patients characterstics; defense interpretation; brief psychotherapy; dynamic therapy, 20153
traumatic social violence; unconscious adaptation; defense mechanisms; psychoanalytic process; Sandor Ferenczi, 25431
validity; reliability; Sense of Coherence Scale; Defense Style Questionnaire; psychiatric outpatients; Finland, 6323

Defensive Behavior (Animal) [See Animal Defensive Behavior]

Defensiveness—Serials
concurrent validity; Schwartz Outcome Scale; SOS-10; Substance Abuse Subtle Screening Inventory-3; substance use symptoms; scores; defensiveness; clients, 150
defensive copers; passive avoidance learning; self-deception; socialization; defensive coping strategies; high-anxious individuals; low-anxious individuals; feedback, 34714
defensive coping styles; temperament; risk factors; breast cancer; etiology; anti-emotionality, 26102
defensive processes; mountaineering; climbing; death possibility; regressive processes; idealization; risk taking, 28475
feeding difficulties; visual impairment; Independent feeding; self care; visually impaired children; oral hypersensitivity; feeding experiences; feeding process perception; child defensiveness, 16866
implicit self-esteem; defensiveness; narcissism; explicit self-esteem; high self-esteem; defensive behavior; secure; dissonance reduction; in-group bias, 1254
in vitro fertilization; psychosocial adjustment; parenting stress; defensive responding; subsequent treatment; mothers; fathers, 2311
individual differences; self-defining memory dimensions; specificity; meaning; content; affect; self-restraint; distress; repressive defensiveness, 21362
narcissistic defenses; coping behavior; psychoanalysis; psychotherapeutic processes, 32376
reliability; convergent validity; discriminant validity; Defensive Functioning Scale; overall defensive functioning score; psychopathology, 6296
rumination; defensiveness; negative affect; stress, 28517
self-awareness; self-evaluation; creativity; defensiveness, 31603
sexual offenders; denial; defensiveness; crimes; crime admission; self esteem, 34988
vigilance; threat; anxiety; defensiveness; attentional biases, 25358

Deformity [See Physical Disfigurement]

Degrees (Educational) [See Educational Degrees]

Dehydration—Serials
hydration; cognitive performance; healthy older adults, 31279
thirst; intracellular dehydration; central nervous system; vagus nerve; drinking; abdominal information, 30934
water intake; blood parameters; thermal dehydration; plasma osmolality; sodium concentration; age differences; rats, 27836

Dehydrogenases [See Also Alcohol Dehydrogenases, Lactate Dehydrogenase]—Serials
alcohol dehydrogenase gene; aldehyde dehydrogenase gene; dopamine receptor gene; anxiety-depressive alcohol dependence; Han Chinese population, 35035
behavioral disturbances; behavioral abnormalities; dehydrogenase deficiency; psychotic symptomatology; decreased aggression; serotonin metabolism; therapeutic attempts, 2165
mean corpuscular volume; aldehyde dehydrogenase-2 genotype; alcoholism; acetaldehyde, 11031
proline dehydrogenase; PRODH; schizophrenia susceptibility; genetic variation; risk factors; amino acid changes; haplotypes, 13646
schizophrenia; proline dehydrogenase gene deletion, 19486

Deinstitutionalization—Serials
community inclusion; behaviorally challenged individuals; developmental disabilities; social support; deinstitutionazation; normalization; community-based programs; behavior disorder, 29688
community mental health; community mental health centers; mental health professionals; mental illnesses; evidence based practice; emotionally disturbed; deinstitutionalization, 32697
deinstitutionalization; psychiatric services, 32678
jail diversion programs; serious mental illness; co-occurring disorders; substance abuse disorders; violent offenses; outcomes, 12410
mentally ill offenders; substance abusing offenders; incarceration; jails; release from prison; community mental health services; community based care, 32229
New Freedom Initiative; disabled individuals; deinstitutionalization; institution residents; intellectual disabilities; developmental disabilities; Americans With Disabilities Act, 29689

Deinstitutionalization—Chapters
Integration as acculturation: developmental disability, deinstitutionalization, and service delivery implications, 14419

Deja Vu [See Consciousness States]

Delay of Gratification—Serials
alcohol; delay discounting; food; impulsivity; money; self control; choice behavior, 3367
attention-deficit/hyperactivity disorder; executive functions; planning; working; memory; delay aversion, 4779
buspirone; delayed gratification; serotonin; dopamine; hippocampus; nucleus accumbens; prefrontal cortex; impulsive choice; rats, 27915
cocaine; serotonin; delay of gratification; behavioural disinhibition; electrocorticogram; behavioural sensitization; sucrose intake; methiothepin, 10031
impetuosity; temporal discounting; behavioral processes; delayed rewards, 3352
impulsive; temporal discounting; probability discounting; gambling & non-gambling college students; delayed rewards, 6094
pathological gambling; personality traits; pathological gamblers; sensation seeking; gratification deferment; risk factors; competitiveness; personality correlates, 25832
probability discounting; discounting function; delayed reward; choice behavior; impulsiveness; delay of gratification; probabilistic rewards, 1267
self regulation; maternal limit setting; toddlerhood; mothers; children; delay of gratification; behavior problems, 10397

Delay of Gratification—Books
Time and decision: Economic and psychological perspectives on intertemporal choice, 15305

Delay of Gratification—Chapters
Delay discounting: A fundamental behavioral process of drug dependence, 16510
Dieting as an exercise in behavioral economics, 15313
Subadditive intertemporal choice, 15322
Sustaining delay of gratification over time: A hot-cool systems perspective, 16312
Time discounting and time preference: A critical review, 15311
Willpower in a cognitive-affective processing system: The dynamics of delay of gratification, 13508

Delayed Auditory Feedback—Serials
sound localization; interaural time differences; delay lines; mammalian model; axonal conduction delay; binaural coincidence-detector neurons, 6945

Delayed Development [See Also Failure to Thrive, Language Delay]—Serials
age; developmental status; play partners; preschoolers; disabilities; social play; chronological age; developmental age; developmental delay; dyadic play situations, 22739
Bayley Infant Neurodevelopmental Screener; environmental risk factors; predictive validity; developmental delay; African American adolescent mothers; mental & psychomotor development, 24192
behavioral assessment; ventilator-dependent children; life-threatening behavior; developmental delays; ventilator tube disconnection, 25953
behavioral intervention; autism; developmental delay; bedtime disturbances; sleep restriction; nighttime awakenings; sleep problems, 20194
child evaluation; nonprogressive global development delay; developmental disability; Quality Standards Subcommittee report; American Academy of Neurology; Practice Committee of Child Neurology Society, 4114
children's lives; developmental delay; developmental disabilities; reproduction domain; parenting; disabled children; women's experience; acquiring new knowledge; United States, 19755
Cognitive Adaptive Test; validity; pediatric health care; health care providers; Mental Developmental Index; Bayley Scales of Infant Development, 15005
communication disabilities; developmental delay; International Classification of Functioning, Disability and Health; disability measurement; children; disabled children; disabled youth, 8107
delayed visual maturation; infants; auditory neuropathy; auditory dyssynchrony; hearing impairment; abnormal brainstem auditory evoked potentials; otoacoustic emissions; visual fixation, 16864
developmental delay; single mothers; child abuse; child neglect; life stressors, 19744
developmental interferences; analytic processes; young girl, 20250
disability diagnosis; infants; toddlers; Down syndrome; cerebral palsy; developmental delay; developmental needs; families' resources & accommodations, 35816
legal issues; mentally disordered youth; developmentally delayed youth; justice system; juvenile court; insanity defense, 27231
mechanical restraints; locked seclusion; inpatient unit; adolescents; developmental delays; psychiatric disturbances; assessment; systems intervention; treatment interventions, 32744
motor development; serum creatine kinase; neuroimaging; vertical suspension; sitting on air posture; independent walking, 8052
nonsocial play; subtypes; developmental delays; children; peer interaction, 1692
preschool screening test; test validation; learning disabled; developmentally delayed, 9484
primary care physicians; young children; developmental delays; pediatric preventive care; developmental screening tools, 11824
self-injurious behavior; autism; developmental delays; awakening, 22724
special education system; cultural interpretations; disability conditions; developmental delays; cultural background; immigrants; bilingual education, 17756

Delayed Development [See Also Failure to Thrive, Language Delay]—Chapters
Morphological disorders, 4828
Practical issues in conducting home-based early interventions, 5587

Delayed Feedback [See Also Delayed Auditory Feedback]—Serials
delayed feedback; academic testing; testing preparation; learning; immediate self corrective feedback; classroom examinations, 23878

Delayed Parenthood—Serials
childless women; female academic professionals; involuntary childlessness; motherhood postponement decision; parenthood rejection; career-building, 16167
parenthood age; first birth; timing of parenthood; ethnicity; race; education level; religion; marital status; socioeconomic status; South Africa, 13342

Delayed Reinforcement [See Reinforcement Delay]

Deletion (Chromosome)—Serials
chromosomal deletion syndrome; learning disabilities; attention deficits; neurocognitive anomalies, 35215
schizophrenia; proline dehydrogenase gene deletion, 19486
Wolf-Hirschhorn syndrome; chromosome deletion; phenotypic expression; communicative development; speech; language, 16639

Delinquency (Juvenile) [See Juvenile Delinquency]

Delirium—Serials
alcohol withdrawal delirium; propofol; benzodiazepines; drug therapy, 17087
alcohol withdrawal syndrome; liver disease; seizures; disordered perceptions; delirium; heavy drinkers, 19646
cognitive decline; delirium; cognitive impairment, 25519
cognitive disturbance; elective surgery; Taiwanese patients; post-surgical cognitive disturbance; confusion; prediction; models; post-operative delirium, 22971
conventional antipsychotic agents; atypical antipsychotic agents; pharmacological treatment; extrapyramidal symptoms; future research; delirium management, 29326
conventional antipsychotic agents; atypical antipsychotic agents; pharmacological treatment; extrapyramidal symptoms; future research; delirium management, 29330
delirium prevention; elderly hospitalised patients; chronic rivastigmine usage; cholinesterase inhibitor; dementia patients, 32429
delirium; Confusion Assessment Method; mental status; hospital management; psychometric properties; inter-rater reliability, 33577
delirium; COX-2 Inhibitor; refecoxib; Alzheimers disease; drug tolerance, 29485
delirium; dementia; dementia patients; geriatricians, 20011
delirium; dementia; elderly general medical inpatients; cognitive impairment; stay length, 23594
delirium; geriatric patients; pharmacological therapy; pharmacology; clinical drug preferences; unnecessary pharmacologic therapy; mild delirium; case management choices; benzodiazepines, 23223
delirium; multidisciplinary care; dementia; older medical inpatients; delirium detection, 16873
delirium; multidisciplinary care; dementia; older medical inpatients; delirium detection, 16877
delirium; organic psychiatric syndrome; neuroleptics; quetiapine; impaired cognitive functioning; outcomes; side effects, 11553
delirium; terminally ill cancer patients; perceived distress; emotional distress; family members; bereavement, 19917
delirium; valproic acid; lamotrigine toxicity; drug dosages; medication; multiple sclerosis; partial seizures; depression; anxiety, 32556
delusional depression; recovery from delirium; drug therapy; respiratory distress; asphyxiation, 28617
dementia; dementia detection; dementia documentation; delirium; delirium detection; delirium documentation; geriatric wards; cognitive impairment; hospitalized older individuals; medical records, 13967
drug therapy; donepezil; postoperative delirium; bipolar disorder; arthroplasty, 35629
excited delirium; behavioral disturbance; police encounter; in-custody death; drug abuse, 13711
hip fractures; surgery; delirium; elderly patients; disease predisposition; epidemiology, 26494
iodoform poisoning; consciousness disturbances; delirium; elderly patients; surgical operations; psychiatric symptoms, 13574
long-term care institutions; functional disability; acute-care hospitals; delirium; dementia; mental disorder; elderly patients; psychiatric illnesses; etiology; diagnosis; treatment programs, 10284
postoperative delirium; early detection; postoperative delirium; NEECHAM confusion scale, 20475
predictive validity; geriatric medicine; hip fracture; elderly patients; delirium observation screening scale; nurses observation; construct reliability; delirium; early recognition, 6325
psychometric qualities; delirium measurement; testing procedures; test reliability; test validity; rater quality, 6251
quetiapine; delirium patients; drug therapy, 20374
risk factors; delirium; oncology inpatients; admission characteristics; inpatient admission, 1815
risperidone; delirium; efficacy; safety, 23283
risperidone; haloperidol; delirium; drug efficacy; side effects; treatment; drug therapy, 29338
risperidone; hyperactive symptoms; delirium; drug efficacy; haloperidol, 26390
risperidone; terminally ill; cancer patient; torsades de pointes syndrome; delirium, 35656
subsyndromal delirium; elderly medical inpatients, 10699
traumatic brain injury; acute confusion; inpatient rehabilitation; delirium; neurobehavioural impairments, 35313

Delirium Tremens—Serials
alcoholism-related phenotypes; glutamatergic neurons; gamma aminobutyric acid; bi-allelic cannabinoid receptor gene polymorphism; alcohol withdrawal-induced seizures; delirium tremens, 14489

Delta Rhythm—Serials
NREM delta power production; linear changes; exponential changes; daytime naps; baseline sleep; young adults; elderly; homeostasis; neuronal systems, 3770

Delusions—Serials
action awareness; schizophrenia; delusions of influence; megalomania; disordered neural mechanisms; voluntary action; causal efficacy, 7870
affective disorders; older inpatients; age differences; major depression; treatment duration; delusions; cognitive impairment; physical disease; comorbidity, 25605
attributional processes; delusion; cognitive-behavioral therapy; delusional thinking; paranormal beliefs; subjective paranormal ideation; redefinition; mathematical model of delusional thinking, 26200
auditory hallucinations; psychotic disorders; affective direction; grandiose delusions, 22530
auditory hallucinations; source monitoring; cognitive processes; voices; phenomenology; reality monitoring; delusions; psychosis, 4624
catatonic features; delusion of pregnancy; test-tube pregnancy; previous sexual abuse; etiology; encephalopathy, 28607
cognitive-behaviour therapy; psychosis; anger; hallucinations; delusions; aggression, 20150
delusional belief; belief content; Wittgenstein; Davidsonian dogma; normal cognition; stark delusions; inexplicable beliefs; rationality; mental content; cognitive mistakes, 22455
delusional beliefs; monothematic delusions; rational responses; unusual experiences; Wittgensteinian framework; empiricist approach; meaning; rationalist account, 22428
delusional depression; recovery from delirium; drug therapy; respiratory distress; asphyxiation, 28617
delusional disorder; psychiatric disorder; elderly women; turabosis; tricyclic antidepressants; risperidone; sociocultural themes; therapeutic approaches, 31708
delusions; cognitive behaviour therapy; perception, 26288
delusions; dementia; risk factors; etiology; pathogenesis; behavioral symptoms; treatment, 29114
delusions; depression; developmental Down; Down syndrome; intellectual disability; mental retardation; psychosis, 13814
delusions; explanation of experiences; alternative explanations; realistic explanations; symptom measures; reasoning; self esteem, 31694
delusions; reasoning, 1470
delusions; schizophrenia; experiences; onset; psychosis, 19497
diagnostic distinction; schizophrenia; late onset; delusional disorder; clinical diagnosis; paranoid psychoses, 4646
dysfunctional attitudes; symptom expression; schizophrenia; paranoid delusions; negative symptoms; differential associations; interpersonal needs; psychopathology, 34884
electroconvulsive shock therapy; delusional depression; multiple sclerosis, 35588
empiricist approach; rationality; delusions, 22427
empiricist approach; rationality; delusions, 22431
empiricist approach; rationality; delusions, 22441
empiricist approach; rationality; delusions, 22443
empiricist approach; rationality; delusions, 22444
empiricist approach; rationality; delusions, 22448
empiricist approach; rationality; delusions, 22450
empiricist approach; rationality; delusions, 22456
empiricist approach; rationality; delusions, 22465
first-episode psychosis; hypericum perforatum; depression; verbal hallucinations; delusions, 29384
folie a deux; bipolar affective disorder; schizophrenia; monozygotic twins; delusional disorder, 28665
folie a deux; incubus syndrome; delusions; comorbidity; capgras syndrome, 7891
hallucinations; delusions; schizophrenia; external speech misattribution; externalising bias; cognitive self-monitoring, 28679
long-term efficacy; electroconvulsive therapy; pre-therapy pharmacotherapy; delusional depression; relapse; major depression, 17099
Palestinian Muslim; delusions, 13565
paroxetine treatment; delusional disorder, somatic type; hypochondriacal delusion; hypoperfusion; temporal lobes; parietal lobes, 32443
persecutory beliefs; attributions; theory of mind; schizophrenia patients; paranoid delusions; Asperger's syndrome, 25624
persecutory delusions; schizophrenia; patients; affective disorders; intentional contingency; mechanical contingency; animations; shape movements, 7777
persecutory delusions; schizophrenic patients; social cognitive biases; self-relevance; functional neuroanatomy, 25613
positivity; illness; self-delusion; existential growth; personality; spirituality; religious beliefs; illness type, 26063
primary delusion; psychopathology, 34799
psychopathological syndrome; genetically driven delusional disorders; monozygotic twins; folie a deux; psychotic couples; nosology; paraphrenia, 19489
psychotic major depression; delusional misidentification syndromes; cognitive deficits; event related potentials; psychophysiological correlates, 34800
psychotic outpatients; delusions; work performance; schizophrenia; community functioning; self monitoring, 22541
risperidone; naso-gastric administration; delusions; poisoning; antipsychotic medication; cannabis abuse; weight loss; mental disorders; psychosis, 32450
schizophrenia; delusional symptoms; violent behavior; substance abuse; male offenders; threat-control override symptoms; social origin, 22418
schizophrenic delusions; Internet; perception broadcast; psychotic symptom; derealization, 28738
social constructionism; delusions; factualization devices; interpretation disagreements; delusional discourse; account negotiation; discourse analysis; account plausibility; account teller rationality, 22442
spatial perception; schizophrenia; delusional disorder; visual perception, 31698
sulpiride treatment; Cotard's syndrome; schizophrenia; Capgras syndrome; delusions, 20392
theory of mind; schizophrenia; perspective; impaired metarepresentation; delusions, 34868
therapy components; delusions; psychosis; cognitive therapy, 2034

Dementia [See Also AIDS Dementia Complex, Dementia with Lewy Bodies, Presenile Dementia, Senile Dementia, Vascular Dementia]—Serials
14-3-3 protein; cerebrospinal fluid; Creutzfeldt-Jakob disease; progressive dementia; clinical diagnosis, 8257
activity participation; well-being; dementia patients; long-term care settings; nursing home residents, 22921
Adaptive Behaviour Dementia Questionnaire; screening questionnaire; dementia; Alzheimer's disease; adults; Down syndrome, 28917
African Americans; nursing home placement; dementia; institutionalization; family caregivers; cognitive impairment; caregiving burden; predictors, 29722
alcohol; dementia; mental disorders; elderly; suicide; relapse prevention; pharmacotherapy, 4745
Algase Wandering Scale-Version 2; age differences; Alzheimers disease; spatial disorientation; attention shift; eloping behavior; persistant walking; care environment, 6328
Algase Wandering Scale-version 2; psychometrics; test validity; cross cultural differences; long-term care; dementia; wandering behavior, 15038
Alzheimer's disease; amyloid; phosphorylated tau; biochemical markers; cerebrospinal fluid biomarkers; dementia, 8217
Alzheimer's disease; autobiographical significance; semantic memory; semantic dementia; medial temporal lobe amnesia; semantics; brain damage, 8327
Alzheimer's disease; caregivers; caregiver interventions; psychological & physical health, 5048
Alzheimer's disease; dementia caregiving; interorganizational collaboratives; Latinos; long-term care; El Portal Latino Alzheimer's Project; Alzheimer's Disease-Affected People, 5518
Alzheimer's disease; dementia; diagnosis; disclosure; diagnostic disclosure, 19947
Alzheimer's disease; remote memory functioning; autobiographical fluency; dementia of Alzheimer type, 35321
Alzheimer's managed care; health care services; association care consultation; service utilization; care related strain; intervention; patients; dimentia; memory problems; patients' spouses, 22910
Alzheimers disease risk; dementia; vascular dementia; midlife smoking; neuropathology; aging; apolipoprotein E genotype; APOE; Japanese Americans, 7272
Alzheimers disease; family caregivers; dementia; effective intervention; depressive symptoms; emotional isolation; pallative care, 13933
Alzheimers disease; hospital inpatients; cholinesterase inhibitors; referral; diagnosis; National Institute for Clinical Excellence guidelines; NICE guidelines, 35262
amantadine; executive dysfunction syndrome; dementia; neuropsychiatry; geriatric psychiatry, 22927
amyloid precursor protein; susceptibility genes; genetic risk factors; genetic features; Alzheimers Disease; AD; dementia; AD pathogenesis; presenilin 1 gene; presenilin 2 gene; apolopoprotein E, 1869
amyotrophic lateral sclerosis; frontotemporal dementia; cognitive dysfunction; motor neuron diseases; cognitive impairment; neuropathological features;abstract reasoning; nonverbal fluency, 5068
amyotrophic lateral sclerosis; frontotemporal dementia; nonfluent progressive aphasia; disease overlap; cognitive impairment; motor involvement, 32171
anxiety management; dementia; anxiety, 5128
atypical antipsychotics; risk factors; cerebrovascular accidents; dementia; elderly, 32512
basal ganglia disease; dementia; depression; hallucinations; Parkinson's disease, 4959

behavioral and psychological symptoms; dementia; mild Alzheimer's disease; syndromes, 20026
behavioral disturbances; alzheimer's disease; caregiver depression; depressive symptoms, 16749
behavioral symptoms; activity acrophase; bright light treatment; dementia; sleep-wake disturbances; treatment outcomes, 35653
behavioral symptoms; psychological symptoms; dementia; Needs Driven Dementia Compromised Behavior model; symptom escalation patterns; symptom de-escalation patterns, 16842
Biber Cognitive Estimation Test; dementia of the Alzheimer's type; dementia syndrome of Parkinson's disease, 33541
body mass index; BMI; dementia risk; dementia incidence, 5042
caffeine anaphylaxis; toxic dementia; caffeine allergy symptoms; cerebral allergy; attention deficit hyperactivity disorder; caffeine withdrawal; allergic reaction, 1810
caregiver burden; dementia patients; clinician perspectives; caregiver perspectives; caregiver-clinician congruence; clinical impressions; caregiver mood state; functioning, 26671
caregiver interventions; passive behaviors; dementia; Alzheimers disease; need driven dementia compromised behavior model, 16746
caregiving experience; bereavement responses; end-of-life care; family members with dementia; family caregivers, 23565
caregiving experience; bereavement responses; end-of-life care; family members with dementia; family caregivers, 23563
caregiving experience; bereavement responses; end-of-life care; family members with dementia; family caregivers, 8803
caregiving; dementia; caregiver strain; India; depression, 20587
caregiving; dementia; physical health; caregivers, 2465
cerebral glucose metabolism; frontotemporal dementia; metabolic deficit; caudate nuclei; glucose uptake, 32153
cerebral infarctions; cognitive function; dementia; older persons, 8305
cerebrospinal fluid cortisol levels; Alzheimer's disease; dementia severity; psychological stress of impending death; morphine; palliative care, 11641
cerebrospinal fluid; CSF; dementia; Creutzfeldt-Jakob disease; dementias; lactate dehydrogenase; isoenzymes, 35322
cerebrospinal fluid; sulfatides; incipient dementia; Alzheimer's disease; cognitive impairment; phosphatidylinositol; biomarker, 11255
cerebrospinal fluid; sulfatides; ST; incipient dementia; Alzheimer's disease; cognitive impairment; phosphatidylinositol; biomarker; CSF, 1846
cholinergic drugs; cognitive training; Alzheimer's disease; dementia; education level; drug treatment; donepezil; affective states; interdisciplinary treatment, 32516
cholinergic hypothesis; uncompetitive N-Methyl-D-Aspartate antagonists; dementia; combination therapy; glutamatergic neurons, 20266
cholinesterase inhibitors; Alzheimer's disease; long-term treatment; cognitive symptoms; clinical evidence; drug treatment, 32526
circadian sleep-wake rhythm; dementia; elders; nursing homes, 16828
clinical features; progressive supranuclear palsy; corticobasal degeneration; fronto temporal dementia; corticobasal syndrome; apraxia; myoclonus; dystonia, 4972
clinician beliefs; dementia care; health educators; Alzheimer's disease; continuing education; clinician practices, 26841
Clock Drawing Test; modified and integrated approach; dementia patients; test reliability; validity; differential scoring; scoring methods; psychogeriatric outpatients; Mini Mental State Examination, 24244
clock drawing test; scoring; ischemic vascular dementia; white matter alterations; Alzheimer disease; Parkinson disease; subcortical neural networks; neuropsychological components; neuroanatomy, 26131
cognitive care training; nursing homes; dementia training; employment requirements; New York state regulations, 26819
cognitive decline; dementia; cognitive impairment; natural history; old age; memory problems, 16059
cognitive enhancement medication; Alzheimer disease; family caregiver; medical care access; medication decisions; dementia patients, 26478
cognitive gerontology; dementia detection; cognitive decline; assessment; diagnostic reliability; centenarian study; external cognitive functioning; performance varibility; very aged participants, 34377
cognitive impairment; dementia; longitudinal brain change; entorhinal cortex; ERC atrophy; hippocampus; cerebrospinal fluid, 6338
cognitive impairment; limb length; dementia patients; community residents; lower education; socioeconomic status; formal education; health status, 16785
cognitive impairment; neuropsychology; Hispanic women; immunity; macrophage; fingerprinting; monocyte-derived macrophages; MDM; HIV-1-associated dementia; HAD; biological markers, 1806
cognitive impairment; prevalance; incidence; dementia; diagnostic criteria; predictive validities; age, 10649
cognitive impairment; progressive dementia; cognitive functioning; late-life depression; Apolipoprotein E; Alzheimer's disease; age of onset; at risk populations, 11234
cognitive performance; Clinical Dementia Rating 0.5; prevalence; aged; mild cognitive impairment; Alzheimer's disease; Tajiri Project, 35311
cognitive screening instruments; ischemic vascular dementia; mild cognitive impairment; dementia detection; dementia diagnosis; dementia management; pharmacotherapy, 11221
cognitive slowing; target detection skill; pre-demented subjects; Alzheimers disease; cognitive processing; dementia, 22900
cognitive status; neurofibrillary tangles; tangle number; neuron number; amyloid load; Alzheimer's disease; brain aging; hippocampus; entorhinal cortex; dementia, 16763
Cognitive Testing Battery; concurrent validity; Huntington's disease; cognitive profile; dementia; depression; differentiation, 6299
collateral source report accuracy; mild dementia; Alzheimer type; knowledgeable informants, 9340
color vision; Alzheimer's disorder; geriatric patients; object recognition; color cues; dementia; short-term memory; cognitive ability, 13930
competence; mentally ill patients; dementia; depression; schizophrenia; treatment decisions; clinical assessment; physician attitudes; treatment; impairment, 7773
computed tomography; dementia assessment; clinical decision-making; outpatient evaluation; memory disorders, 26130
conceptual organization; Alzheimer's Dementia; Alzheimer's Disease; semantic memory; Chinese patients; categorization, 4965
coping effectiveness; mental health; family caregivers; dementia; optimism; caregiving self-efficacy, 32719
corpus callosum; frontotemporal dementia; Alzheimer's disease; age differences; atrophy pattern, 32155
correlated cognitive change; coupled cognitive change; aging; cognitive age effects; older adults; dementia; cognitive ability, 8309
corticobasal degeneration; frontotemporal dementia; progressive supranuclear palsy; picks disease; movement disorder; behavioral symptoms; pathological overlap; genetics, 32163
degenerative dementias; nincds-adrda criteria; tau concentrations; diagnostic methods; CSF assay; alzheimer disease; biological markers, 8324
delirium prevention; elderly hospitalised patients; chronic rivastigmine usage; cholinesterase inhibitor; dementia patients, 32429
delirium; dementia; dementia patients; geriatricians, 20011
delirium; dementia; elderly general medical inpatients; cognitive impairment; stay length, 23594
delirium; multidisciplinary care; dementia; older medical inpatients; delirium detection, 16877
delirium; multidisciplinary care; dementia; older medical inpatients; delirium detection, 16873
delusions; dementia; risk factors; etiology; pathogenesis; behavioral symptoms; treatment, 29114
dementia care; cancer care; ill cancer patients; dementia patients; support groups; family support; respite care, 17536
dementia caregivers; family members; working conditions; women caregivers; West Texas; dementia; multiple demands; job changing; flexibility; challenges, 11247
dementia caregiving; Japanese American; Japanese cultural values; stress; coping, 20007
dementia caregiving; religious experience; stressful life events; aging adults; spirituality; spousal caregivers, 14432
Dementia Deficits Scale; dementia; impaired deficit awareness; self-awareness; cognitive functioning; emotional functioning; functional deficits; patient assessment; test validity; reliability, 33583
dementia diagnosis; brain changes; Alzheimer's disease; vascular dementia; computed tomography, 32176
dementia diagnosis; positive predictive value; cognitive problems; clinical utility, 16840
dementia patients; caregiver support group; memory training; music therapy; psychological symptoms; behavioural symptoms; caregiver burden, 19948
dementia patients; caregivers; life quality; caregiver perception; patients perception; patient characteristics; caregiver characteristics; patient-caregiver relations, 26163
dementia patients; family caregivers; institutionalization; reasons, 20593
dementia patients; hospice Medicare guidelines; prognosis; hospice patients; Alzheimer's disease; functional impairment, 17382
dementia patients; Neuropsychiatric Inventory; neuropsychiatric symptoms; caregiver administration, 15071
dementia patients; subcortical vascular dementia; self-protective behaviors; dementia patients; caregiving; caregivers burnout; nurses; long-distance caregiving; memory loss, 11294
Dementia Rating Scale; cognitive impairment; Alzheimers disease; dementia, 15072
dementia screening; mental state examination; cognitive determinants; non-institutionalized residents; retirement communities, 32246
dementia screening; scoring systems; clock drawing test; elderly subjects; aging; test reliability, 30468
dementia screening; screening tool; tool sensitivity; tool specificity; positive predictive value; PPV; negative predictive value; NPV, 3213
dementia special care units; nursing homes; rural environments; environmental assessment; physical environment; social environment; quality of life; functional ability, 26689
dementia-related problem behaviors; nursing home placement; older people; time to placement; dementia patients; home and community based programs; long term care, 22987
dementia; adult children; personal experience; aging, 26137
dementia; aggression; behavioral symptoms; agitation; Cohen-Mansfield Agitation Inventory; cut points, 18140
dementia; Alzheimer's disease; cholinesterase inhibitors; memantine; drug treatment; pharmacology; side effects, 8638
dementia; Alzheimer's disease; musical skill; retention; memory; recall; retention; learning ability, 8228
dementia; Alzheimer's disease; public health problem, 16759
dementia; Alzheimers disease; sufferers; caregivers; African American family, 35254
dementia; atypical antipsychotics; neurodegenerative disease; psychological symptoms; pharmacotherapy, 35574
dementia; autosomal dominant hereditary spastic paraplegia; cognitive impairment, 29151
dementia; care consultation; managed care services; Alzheimer's Association; psychosocial outcomes, 14359
dementia; cognitive impairment; death rates, 22953
dementia; cognitive impairments; elderly patients; acute stroke patients; risk factors, 29083
dementia; dementia detection; dementia documentation; delirium; delirium detection; delirium documentation; geriatric wards; cognitive impairment; hospitalized older individuals; medical records, 13967
dementia; developing countries; caregivers; care arrangements; caregiver burden, 20592
dementia; diagnosis; Instrumental Activities of Daily Living; general practitioner, 12504
dementia; epidemiology; Alzheimer's disease, 8325
dementia; frontotemporal lobar degeneration; psychiatric symptoms; geriatric psychiatry; referral patterns; psychiatric services; psychiatric hospital admission, 32649
dementia; health professionals; social services role; social services performance; multi-professional workshops; dementia workshops, 32708
dementia; living alone; managing risk; risk taking, 14424
dementia; mild cognitive impairment; cognitive screening; test construction; DemTect screening test, 18131
dementia; music; intervention; emotional response; behavioral response; research; methodology, 14229
dementia; neuropsychological markers; memory loss; neuropsychological characteristics, 19984
dementia; pain; behavioral disturbances; quality of life; long term care; activity of daily living, 35727
dementia; psychotropics usage; drug therapy; prevalence; depression, 11496
dementia; rehabilitation; clinical psychology; residential care; person centered model, 23089
dementia; religion; spirituality; family caregiver; clinician, 14009
dementia; schizophrenia; nicotinic receptor expression; prefrontal cortex, 7752
dementia; screening tools; older adults; mental retardation; IQ; performance tasks, 18161
dementia; staff training; nursing home; performance measures; communication; nursing aides, 20708
dementias; Lewy bodies; tau pathology; synuclein pathology; frontotemporal lobar & corticobasal ganglionic degeneration; progressive supranuclear palsy; multisystem atrophy; pharmacologic treatment, 35291
diagnosis-seeking; memory clinics; trigger events; dementia; memory assessment; caregivers, 1951
disease severity; frontotemporal dementia; clinical indices; staging scheme; atrophy severity; pathological features, 13926

donepezil; antipsychotic treatment; dementia; visual hallucinations; cognitive function, 11562
donepezil; cognitive impairment; treatment; dementia; Parkinsons disease, 14158
donepezil; rivastigmine; galantamine; memantine; treatment; dementia; Alzheimer's disease; down syndrome; intellectual disability; pharmacology; dementia management, 29368
early recognition; dementia; diagnosis, 16772
elderly patients; ziprasidone; dementia; depression related psychosis; antipsychotic drugs, 8483
end-of-life care; psychiatric care; care recipients; pain control; psychiatric symptoms; advance directives; caregiver burden; hospice programs;care settings; dementia, 17384
end-stage dementia; suffering; Mini-Suffering State Examination; test validity; test reliability, 27305
entertainment robot; elderly people; severe dementia; elder care; occupational therapy, 23634
estrogen replacement therapy; ERT; frontotemporal dementia; FTD; female patients; estrogen use; neurobiological relationship; FTD etiology, 16791
ethical issues; legal issues; social issues; voting; persons with dementia; electoral process; autonomy, 35295
etiology; vascular dementia; type 2 diabetes mellitus; stroke; genetic factors; apolipoprotein E; lipoproteins; older Mexican Americans; Alzheimer's disease; dementia, 22945
facial expressions; bilateral amygdala damage; visuospatial dysfunction; Alzheimer's disease; emotion; dementia; emotional facial expression; face perception, 32142
familial frontotemporal dementia; tau gene mutation; tau pathology; argyrophilic astrocytes; etiology, 5017
familiar person remembrance; semantic dementia; role of context; recall knowledge, 26145
family caregivers; older adults; dementia; self-efficacy; aging; mental health, 14975
family caregivers; stress management; dementia caregiver stress; meditation intervention; yoga; Latinas, 26221
family caregiving; dementia patients; health professionals; caregivers; support strategies; epidemiology; health effects, 26679
family carers; carer responses; dementia; psychological symptoms; behavioral disturbances, 20595
family functioning; caregivers; patients with dementia; caregiver burden; reward; quality of life; caregiver perceptions, 29707
fractalkine; chemokine; HIV-1 associated dementia; neuronal injury, 16755
frontal executive skills; amyotrophic lateral sclerosis patients; cognitive ability; frontotemporal lobar dementia; FTLD, 8273
Frontal Systems Behavior Scale; functional status; Alzheimer disease; frontal behavioral syndromes; dementia; activities of daily living, 5065
frontotemporal dementia; biochemical classification; structural abnormalities; biochemical studies; Picks disease; neuropathology; 4R-T Tauopathies; motor neuron diseases, 5039
frontotemporal dementia; caregivers; support groups; diagnosis; fund raising, 32144
frontotemporal dementia; chromosome 3; positional cloning; disease gene; genetic data; genetic mutation, 32140
frontotemporal dementia; disorder severity; regional atrophy; neurodegenerative diseases; diagnosis, 32165
frontotemporal dementia; early Alzheimer's disease; FTD; frontal cortex activation; frontal fMRI activation, 1870
frontotemporal dementia; emotional processing impairments; emotion recognition; temporal lobe; facial expressions; frontal variants; temporal variants, 32180
frontotemporal dementia; genetics; FTD; Pick's disease; mutation, 4970
frontotemporal dementia; genotype; dementia; Parkinsonism; brain atrophy; pallido-ponto-nigral degeneration; PPND, 5075
frontotemporal dementia; neuronal loss; gliosis; Pick's disease; frontotemporal lobar degeneration; tau, 22998
frontotemporal dementia; social cognition; neuropsychological testing; anterior temporal lobes; medial temporal cortex; behavioral disorders; dementia diagnosis, 5038
frontotemporal dementia; trazodone; serotonergic system; behavioral symptoms, 32453
frontotemporal dementia; vitamin B deficiency; Vitamin B levels; treatment outcomes; newly acquired dementia, 23000
functional disability; cognitive impairment; psychiatric manifestations; language difficulties; dementia patients; mirror image; misidentification; disease stage, 13983
galantamine; probable vascular dementia; mixed dementia, 8618
Ganser Syndrome; symptoms; frontal-temporal lobe dementia; cognitive decline; malingering; mild organic impairment; organic dementia, 4524
gene mutations; tau gene; frontotemporal dementia; intronic sequences, 23003
Geriatric Depression Scale; Even Briefer Assessment Scale for Depression; Single Question; Cornell Scale for Depression in Dementia; test validity; psychometrics; elderly patients; diagnosis, 24257
geriatric neuropsychiatry; cognitive impairment; dementia, 4503
geriatric psychiatry; family caregiving; public health; dementia caregiving, 26620
group psychotherapy; dementia; anxiety, 5221
group work; Alzheimer's disease; dementia; social adult day program; social workers, 20107
hand sensory cortex; interstimulus intervals; somatosensory evoked potentials; pathological changes; Kii amyotrophic lateral sclerosis parkinsonism dementia complex; Kii ALS PDC; wrist; median nerves, 5031
health care utilization; dementia patients; psychiatric comorbidity; service use; mental disorders; hospitalization, 22966
herbal products; natural supplements; elderly veterans; depression; dementia; caregivers, 17105
hereditary spastic paraparesis; cognitive impairment; spastin mutations; disease progression; mutation carriers; dementia, 8165
hippocampal sclerosis; neuronal loss; gliosis; hippocampus; Alzheimer's disease; dementia; epilepsy, 22956
hippocampal sclerosis; ubiquitin-positive inclusions; dementia; pathologic feature; genetic factors; histopathology, 32160
hippocampus; corpus callosum atrophy; Alzheimer's disease; dementia severity; neocortical degeneration; hippocampus-amygdala formation; parietotemporal cortex, 5071
HIV-associated dementia; etiology; autoimmune markers; antibrain antibodies, 16820
Hopkins Verbal Learning Test; Mini-Mental State Examination; test validity; mild dementia detection; Alzheimer's disease; vascular dementia; elderly adults; demographic factors; reading ability, 9447
incident dementia; mortality; idiopathic Parkinson's disease; mood; activities of daily living; motor function; extrapyramidal sign severity, 8271
incident dementia; mortality; idiopathic Parkinson's disease; mood; activities of daily living; motor function; extrapyramidal sign severity, 8260
intellectual disability; direct assessment; down syndrome; dementia; aging, 3215
intellectual disability; service provision; Ireland; aging, 5556
inter-rater reliability; cognitive impairment; neuropsychological performance; HIV infected individuals; HIV-associated cognitive impairment; Memorial Sloan-Kettering Staging; HIV-dementia, 15075
international networks; dementia; Alzheimer's disease; 10/66 Dementia Research Group; population based research; developing countries, 20519
interpersonal therapy; cognitive impairment; dementia; depression, 8415
journal citations; behavioural symptoms; psychological symptoms; dementia; geriatric research; psychiatric symptoms; antipsychotic drug, 35328
Kingston Standardized Cognitive Assessment; revised version; neuropsychological assessment; dementia; Alzheimer's disease; geriatric assessment, 18157
laboratory investigation; frontotemporal dementia; asessment tools; structural imaging; functional imaging; cognitive impairment; cerebrospinal fluid biomarkers, 5047
language impairment; dementia; behavior disturbances; psychiatric symptoms; socialization; psychiatric symptoms; elderly; nursing home residents; social care facilities, 19336
late dementia; patient survival; Dutch nursing home patients; total impairment; Alzheimer's disease; patient history, 22962
late onset schizophrenia; hallucinations; delusions; phenomenology; psychosis; late-life major depression; dementia; symptoms, 4533
lateralization; neuroimaging; frontotemporal lobar degeneration; Alzheimers disease; dementia; differential diagnosis, 32170
learning disabled; dementia development; carers; support groups; personality change; resident group work; dementia explanation; peers, 29145
leisure activities; cognitive status; risk of dementia; activities of daily living; elderly; late life activity, 1840
leisure activities; cognitive status; risk of dementia; activities of daily living; elderly; late life activity, 1878
leisure activities; cognitive status; risk of dementia; activities of daily living; elderly; late life activity, 1879
lifeworld; Alzheimer's disease; phenomenology; dementia; carer, 20585
light therapy; behavioral & psychological symptoms; dementia; efficacy; safety; clinical practicability, 29422
live music; cognitive impairment; emotional & behavioral responses; dementia; social interaction; well-being; engagement; impairment severity, 26169
longitudinal change patterns; frontotemporal lobar degeneration; syndromic variants; atrophy; fluid registration technique; progressive nonfluent aphasia, 32198
magnetoencephalography; dipoles; evoked potentials; electrical activity; cranial volume; magnetic flux; dementia, 12910
management strategies; caregivers; dementia patients; patient behavior, 14421
Mattis Dementia Rating Scale; cognitively intact medical patients; elderly urban adults; cognitively impaired medical patients; clinical utility, 3207
Measuring Awareness of Financial Skills; test validity; test reliability; psychometrics; dementia, 15041
measuring self-efficacy; enhancing self-efficacy; professional caregivers; dementia; Alzheimer's disease; caregiver stress; long-term care nurses, 12070
memory loss; memory decline; older adults; preclinical dementia; study attrition; terminal decline; chronological age; cognitive change; disease progression; aging, 8310
memory performance; alzheimer's disease; alzheimer's disease; metacognitive knowledge; frontotemporal lobe dementia; metamemory, 8312
memory retrieval; episodic autobiographical memory; semantic autobiographical memory; Alzheimers disease; semantic dementia, 19998
mental health professionals; diagnostic information; dementia; psychological well-being, 14555
mental retardation; dementia status; single point assessment; adults, 19802
mental retardation; Down syndrome; elderly adults; prevalence; incidence; at risk populations, 19804
mild cognitive impairment; at risk population; dementia; older people perceptions; risk factor; aging; fear; anxiety; self identity; dignity; long term care, 35271
mild cognitive impairment; cognitive function; dementia; conceptualization; Alzheimer's disease, 19255
mild cognitive impairment; dementia; major depression; diagnosis; clinical management, 35303
mild cognitive impairment; MCI; dementia; neuropsychometric performance; neurologic evaluations; elderly patients; cognitive performance; functional performance, 4172
mild cognitive impairment; neuropsychological studies; transitional phase; normal aging; dementia; subtle deficit; Alzheimer's disease; disease progression; pharmacological studies, 11292
mild cognitive impairment; normal aging; memory loss; dementia; Alzheimer's disease; treatment; diagnosis; evaluation; pharmacologic treatment; non-pharmacologic treatment, 11347
mild cognitive impairment; normal aging; memory loss; dementia; Alzheimer's disease; treatment; diagnosis; evaluation; pharmacologic treatment; non-pharmacologic treatment, 11360
mild cognitive impairment; normal aging; memory loss; dementia; Alzheimer's disease; treatment; diagnosis; evaluation; pharmacologic treatment; non-pharmacologic treatment, 11355
mild cognitive impairment; normal aging; memory loss; dementia; Alzheimer's disease; treatment; diagnosis; evaluation; pharmacologic treatment; non-pharmacologic treatment, 11334
mild cognitive impairment; normal aging; memory loss; dementia; Alzheimer's disease; treatment; diagnosis; evaluation; pharmacologic treatment; non-pharmacologic treatment, 11341
mild cognitive impairment; normal aging; memory loss; dementia; Alzheimer's disease; treatment; diagnosis; evaluation; pharmacologic treatment; non-pharmacologic treatment, 11326
mild cognitive impairment; normal aging; memory loss; dementia; Alzheimer's disease; treatment; diagnosis; evaluation; pharmacologic treatment; non-pharmacologic treatment, 1929
mild cognitive impairment; subclassifications; predictive validity; prevalence; dementia, 1831
mind; body; spirit; college course; adults; dementia; teaching methods; maintaining optimal health; promoting optimal health; diagnosed dementia, 11706
MRI pattern; temporal brain atrophy; fronto-temporal dementia; Alzheimer's disease; frontal brain atrophy; differential diagnosis, 4971
multicomponent psychosocial & behavioral interventions; Resources for Enhancing Alzheimer's Caregiver Health; caregiver distress; evaluation approach; taxonomy; family caregivers, 2452
multidisciplinary memory clinics; caregivers; clients; satisfaction; Cognitive, Dementia and Memory Service, 29611
naming; category concept generation; older adults; dementia; lexical access; word retrieval, 29129
need driven dementia compromised behavior model; behavioral symptoms; dementia, 16841

negative neurofilament light; tau immunostaining; frontotemporal dementia; Alzheimers disease; immunohistochemical stainability, 32185
neurodegenerative disorder; genetic abnormality; Huntingtons disease; movement abnormality; dementia; genetic abnormality; HD, 14011
neurofibrillary tangle bearing; neurodegenerative diseases; Alzheimer disease; specific marker; hippocampus; entorhinal cortex; clinical dementia; senile plaques, 11254
neuroleptic drugs; drug discontinuation; dementia; Alzheimers disease; behavioral symptoms; psychiatric symptoms; quality of life, 17029
neuropathology; neuropsychology profiles; dementia; Alzheimer disease, 4958
neuropsychiatric symptoms; dementia, 14006
neuropsychological evaluation; personality disorder; functional decline; diogenes syndrome; cognitive impairment; dementia; psychological assessment, 31838
neuropsychological performance; dementia; depressed patients; cognitive outcomes; cognitive impairment; depression; functional ability; clinical variables, 8221
neuropsychological prediction; verbal memory impairment; Alzheimer's disease; cognitive impairment; dementia progression, 16834
neuropsychological test performance; cognitively-impaired-not-demented patients; cognitive impairment; dementia, 35318
newer generation antipsychotics; psychosis management; dementia; older patients; neuropsychiatric symptoms; treatment safety; treatment efficacy, 11550
Non-Communicative Patients Pain Assessment Instrument; pain behaviors; dementia; nursing assistants; test validity, 33566
nursing home placement; integrated support; Meeting Centres Support Program; integrated family; community meeting; delay of institutionalization; dementia; positive effect; family carers; burden, 26683
nursing home residents; advanced dementia; risk factors; mortality prognosis; survival rate; symptoms onset; predictability, 26688
nursing home residents; Alzheimer's disease; disruptive behavior; temporal patterns; positive behavior; negative behavior, 26686
oral health; elderly; residential care facilities; dementia, 29729
organic dementia; mortality; model; Medicare Alzheimer's Disease Demonstration Evaluation; hospitalization; activities of daily living, 8286
orientation behaviors; resident relocation; redesigned environment; dementia care unit; relocated residents; psychological function, 29119
Parkinson's disease with dementia; galantamine; cognitive response; psychiatric response; motor response; side effects; symptoms; treatment effectiveness, 2281
Parkinson's disease; cigarette smokers; coffee consumption; dementia; elderly persons, 11270
Parkinsonian medications; Parkinson disease; dementia, 8520
Parkinsons disease; dementia with Lewy bodies; cognitive impairment; psychiatric symptoms; diagnostic differentiation; neuropathology, 35245
Parkinsons disease; dementia; psychosis; antipsychotic therapy; nursing-home placement; death, 16758
Parkinsons disease; James Parkinson; Friederich Lewy; chronic progressive neuropsychiatrie disease; dementia; parkinsonian symptoms; dementing illness; lewy body disease; cortical neurons, 8204
paroxetine; cognitive impairment; frontotemporal dementia; disinhibition; impulsiveness; apathy; altered appetite; stereotypic behaviors, 23232
patient survival; frontotemporal dementia; disease prognosis; clinical subtype; pathologic subtype, 8255
percutaneous endoscopic gastrostomy; cognitive impairment; older adults; ethical questions; dementia presentations; verbal aphasia; decisional capacity; geropsychiatry; communication ability, 29466
personal spirituality; early-stage dementia; quality of life; spiritual experiences; cognitive disorder; stress, 13962
phenotypic variation; hereditary frontotemporal dementia; Parkinsonism; chromosome 17; tau gene mutations; pathological variation, 32192
phonological false memories; inhibitory control; cognitive aging; dementia of Alzheimer's type; false remembering; susceptibility; false recollection; false recall; false recognition; age differences, 8311
picks disease; frontotemporal dementia; missense mutation; pathology; chromosome 17; S305N phenotype, 32164
plasticity; mild cognitive impairment; cognitive decline; dementia; risk factors, 35263
positron emission tomography; Alzheimers disease; dementia; clinical evaluation, 23376
post mortem; frontotemporal dementia; brain; magnetic resonance imaging; histopathology, 32166
poststroke dementia; ischemic stroke inpatients; southern Taiwan; dementia frequency; clinical determinants, 8198
practical theology; aging; Alzheimers Disease; dementia; Bible, 34456
preparatory attention; frontotemporal dementia; response time; distractibility, 32184
primary progressive aphasia; PPA; language dysfunction; language impairment; anomia; fluent PPA; nonfluent PPA; semantic dementia; neuropathology; nosology; Alzheimers disease, 5037
pro-inflammatory & anti-inflammatory cytokines; cerebrospinal fluid; vascular dementia; gene polymorphism; apoptosis; Alzheimer's disease, 8314
progressive affective aprosodia; prosoplegia; emotional prosody; automatic speech; frontotemporal dementia; cortical atrophy; aphasia, 8097
progressive cognitive decline; type IIA acute intermittent porphyria; case study; dementia, 1326
psychometric properties; Zarit Burden Interview; dementia prevalence; caregiver burden; depression, 21152
qualitative classification; severity of disorder; dementia patients; Activities of Daily Living scales; functional disability; quality of life; costs; sociodemographic data, 20008
quality of life instrument for the Japanese elderly with dementia; test validity; subject-respondent characteristics, 24284
quantitative electroencephalogram; antidementia drug; brain; rivastigmine; Parkinsons disease; dementia; drug therapy; cognitive ability, 23371
reaction time; early stage dimentia; diagnosing Alzheimer's disease; immediate prose recall; confrontation naming; digit symbol substitution; cognitive function, 11298
recruitment; retention; dementia family caregivers; intervention research; cultural values; help-seeking behavior; caregiving, 23560
relatives attitudes; nursing staff attitudes; tuboenteral feeding; severely demented patients; nasogastric tube feeding; percutaneous endoscopic gastrostomy, 29481
REM sleep behavior disorder; dementia; parkinsonism; synucleinopathy pathology; neurodegenerative disorder, 10695
repetitive behaviors; home patients; case study; nursing home patients; agitation; Alzheimer's disease; hostility; anxiety; Depakote, 14194
residential care; dementia; rehabilitation; behavioral problems; disease course; nursing care; home for life, 32729
Resources for Enhancing Alzheimer's Caregiver Health; interventions; family caregiving for persons with dementia; research design; outcome measures; sample characteristics, 2466
Revised Memory and Behavior Problems Checklist; psychometrics; factor structure; factor analysis; family caregivers; dementia; validity; gender differences; racial differences, 6320
rhesus monkeys; Alzheimers Disease; visuo-spatial memory; visuo-spatial paired-associate learning task; dementia; within-trial learning; stimulus-location pairings, 15367
rivastigmine; alzheimers disease; dementia, 20295
screening instrument; specificity; sensitivity; neuroepidemiological survey; dementia; parkinsonian stages; neurological disorders; essential tremor; Sicily; symptoms questionnaire; physical tasks, 13984
secondary dementia caregiving; caregivers; dementia; Alzheimers disease; instrumental activities of daily living; activities of daily living, 11853
self recognition; dementia patients; physical environment; environmental supports; signage; pictures; names, 22943
semantic dementia; autobiographical memory; memory retrieval, 5003
semantic dementia; immediate serial recall; word meaning; dementia patients; phonological short-term memory; degraded words; known words; word recall, 29131
semantic dementia; object decision; conceptual regularities; patients, 5055
semantic dementia; object usage; relearning; cognitive functions; rehabilitation program, 29754
semantic dementia; object use; naming; semantic representations; semantic memory; systematic mapping; structural aspects, 29101
semantic dementia; word recognition; object recognition; lexical decision; object decision; typicality; familiarity, 20045
semantic interference deficits; mild Alzheimer's disease; mild cognitive impairment; dementia, 11269
semantic knowledge; mild cognitive impairment; Alzheimers disease; memory impairment; dementia; famous face recognition, 35280
semantic memory impairment; supra modal deficit; dementia; conceptual class; visual attribute processing; input output modalities; semantic processing, 8219
sentence comprehension; semantic dementia; semantic knowledge; syntactic comprehension; syntax; semantics, 20044
service development; dysphagic patients; palliative care; dysphagia trained nurse; DTN; motor neurone disease, 17374
severe dementia; memory books; memory impairments; cognitive deficits; communication skills; discourse; cues, 17409
social factors; depression; carers; dementia; well-being; life events; social support, 29715
sodium valproate; aggressive behavior; disturbed behaviour; dementia, 20395
somatosensory function abnormalities; amyotrophic lateral sclerosis; parkinsonism-dementia complex; Kii peninsula; electrophysiological findings, 16822
Spanish version of verbal Selective Reminding Test; construct validity; healthy elderly; demented elderly; dementia of the Alzheimer type; memory deficit, 3186
spiritual aspects; dementia care; religion; elderly adults; terminal illness, 14207
spirituality; Alzheimer's disease; dementia; spiritual needs; spiritual healing; religious healing, 14002
spirituality; multicultural caregivers; caregiving groups; clinical interventions; caregiving experience; role of faith; dementia; African-American, 14423
subcortical ischemic vascular disease; Alzheimers disease; subcortical lacunes; retention; memory; forgetting, 35299
tau gene locus; frontotemporal dementia; tau mutations; chromosome 17; neurodegenerative process, 32178
tau protein; neurodegenerative dementias; cerebrospinal fluid; vascular dementia; amyloid; Alzheimers disease; ageing; dementia diagnosis, 22957
telemedicine; telepsychiatry; dementia; screening; clinical examination; 7-Minute Screen; veterans; aged; residential care, 20550
temporal lobes; dissociation; semantic knowledge; dementia; cerebral atrophy; right brain; left brain; face processing, 11301
test validation; cognitive impairment; dementia screening; elderly people; low educational level; Prueba Cognitiva de Leganes; reliability, 189
test validity; dementia; Visual Analog Mood Scales; mood state, 33584
The Test of Memory Malingering; normative data; cognitively intact; cognitively impaired; elderly patients; dementia; psychometric validation, 21160
validity; Telephone Interview for Cognitive Status; post stroke patients; cognitive function; dementia, 12500
verbal fluency; dementia of the Alzheimer's type; phonemic fluency; semantic fluency, 29127
verbal fluency; HIV-associated dementia; lexical-semantic memory; cognitive underpinnings; cognitive mechanisms; lexical-semantic search processes, 19290
verbal short-term memory; semantic dementia; digit span; word span; immediate serial recall, 20000
visuospatial skills; driving ability; neuropsychological functioning; dementia; non-road measures; caregiver reports; on-road measures, 11289
vitamin B12; folate; frontotemporal dementia; behavioral and psychological symptoms of dementia; cognitive impairment; behavioral assessment; Alzheimer's disease, 19972
voter participation; cognitively impaired; elderly patients; dementia; presidential election; actively voting persons, 16188
wandering; wayfinding; dementia; persistent walking; repetitive walking; spatial disorientation; eloping behavior, 35247
weight loss; intellectual disabilities; Down syndrome adults; dementia; nutrition; Alzheimer's disease, 13816
well-being; appraisal; religious coping; Latinas; Caucasians; female dementia caregivers; acculturation; ethnic differences, 32718
Women's Health Initiative Memory Study; postmenopausal hormone therapy; estrogen; progestin; dementia; equine estrogens; medroxyprogesterone acetate; Alzheimer's disease, 29380
Women's Health Initiative Memory Study; postmenopausal hormone therapy; estrogen; progestin; dementia; equine estrogens; medroxyprogesterone acetate, 29385
women; Down syndrome; menopause age; Alzheimers disease; endogenous estrogen deficiency; postmenopausal women; dementia onset, 11104
word-primes; picture naming task; Alzheimer type dementia; older adults; word interference; response latencies; phonological blocking; object names; inhibitory control; picture naming, 29109
Zarit Burden Interview; distress screening; distress detection; informal care; dementia, 12517
zotepine; behavioural symptoms; psychological symptoms; dementia; drug safety; antipsychotic drug, 29370

Dementia [See Also AIDS Dementia Complex, Dementia with Lewy Bodies, Presenile Dementia, Senile Dementia, Vascular Dementia]—Books
Handbook of dementia: Psychological, neurological, and psychiatric perspectives, 1882
Dementia [See Also AIDS Dementia Complex, Dementia with Lewy Bodies, Presenile Dementia, Senile Dementia, Vascular Dementia]—Chapters
Advances in early diagnosis and differentiation of the dementias, 16861
Caring for people with Alzheimer's disease and related dementias: Strengths-based approaches, 16901
Dementia, 5087
Exploring the creative potential of people with Alzheimer's disease and related dementia: Dare to imagine, 17138
Integrated case studies, 1885
The neurobiology of the tauopathies, 16860
Neurologic aspects of dementia with Lewy bodies and Parkinson's disease with dementia, 1886
Neurologic aspects of nondegenerative, nonvascular dementias, 1883
Neurologic aspects of prion diseases and frontotemporal dementias, 1887
Psychiatric assessment and treatment of depression in dementia, 1884
Psychiatric assessment and treatment of nonpsychotic behavioral disturbances in dementia, 2325
Psychiatric diagnosis and management of psychosis in dementia, 2324
Psychological and neuropsychological aspects of Lewy body and frontal dementia, 1888
Psychological and neuropsychological aspects of vascular and mixed dementia, 1889
Psychological and nonpharmacological aspects of agitation and behavioral disorders in dementia: Assessment, intervention, and challenges to providing care, 2279
Psychological and nonpharmalogical aspects of depression in dementia, 1362
Dementia (Multi Infarct) [See Multi Infarct Dementia]
Dementia (Presenile) [See Presenile Dementia]
Dementia (Senile) [See Senile Dementia]
Dementia of Alzheimers Type [See Alzheimers Disease]
Dementia Paralytica [See General Paresis]
Dementia Praecox [See Schizophrenia]
Dementia with Lewy Bodies—Serials
dementia with Lewy bodies; Alzheimer's disease; clock drawing; pentagon drawing; constructional apraxia, 19962
dementia with Lewy bodies; butyrylcholinesterase activity; cognitive deficits; cognitive function; temporal cortex; acetylcholine; cholinergic activities, 16809
dementia with lewy bodies; DLB; clinical diagnostic criteria; neurofibrillary changes; degenerative process; diagnostic accuracy; alzheimer disease; AD; pathology; tau protein; synucleinopathies, 16794
dementia with Lewy bodies; DLB; myoclonus; Alzheimers disease; Parkinson's disease; neurophysiologic mechanism; Alzheimer's Disease; cerebral cortex, 4979
dementia; philosophical constructions; sociological constructions; phenomenology; ontology, 22923
donepezil; dementia with lewy bodies; cognitive impairment; visual hallucination; drug effectiveness, 35509
donezepil; Parkinson's disease; probable dementia with Lewy bodies; discontinuation; recommencement; adverse effects; cognitive functioning, 20361
episodic memory deficits; Dementia with Lewy bodies; Alzheimers disease, 35287
functional imaging; Parkinson disease; dementia with Lewy bodies; cerebral function; differential diagnosis, 35268
Lewy body disease; parkinsonism; visual hallucinations; treatment, 32547
Lewy body disease; parkinsonism; visual hallucinations; treatment, 32557
mild cognitive impairment; cerebrospinal fluid; dementia with lewy bodies; Alzheimeer's disease; neurodegeneration; dementia therapy; biochemical markers; total tau; beta-amyloid, 8251
neuroleptic malignant syndrome; dementia with Lewy bodies; donepezil monotherapy; drug therapy; drug side effects, 20474
nicotinic acetylcholine receptor distribution; brain; Alzheimer's disease; dementia with Lewy bodies; Parkinson's disease; vascular dementia; biological markers; physiological correlates, 11287
Parkinson disease; dementia with Lewy bodies; cholinesterase inhibitors; drug therapy; drug tolerability; cognition; psychiatric symptoms; global function; treatment outcomes, 35615
parkinsonism; health care cost; Alzheimers disease; dementia; Lewy bodies, 13982
Parkinsons disease; dementia with Lewy bodies; cognitive impairment; psychiatric symptoms; diagnostic differentiation; neuropathology, 35245
prevalence; dementia with lewy bodies, 22909
prevalence; dementia with lewy bodies, 22991
psychiatric symptoms; neuropathological substrates; dementia with Lewy bodies; visual hallucinations; delusions; depression; Alzheimer's disease, 26121
quetiapine augmentation; visual hallucinations; dementia with Lewy bodies; cognitive decline; therapeutic effect, 11679
rapid eye movement; sleep behavior disorder; parasomnia; dementia with Lewy bodies; Parkinson disease; differential diagnosis; management strategies; pathophysiology; comorbidity, 35259
retinal involvement; dementia with lewy bodies; visual hallucinations; pale inclusions; outer plexiform layer, 11279
visual hallucinations; cholinergic therapy; dementia with lewy bodies; rivastigmine; attention; memory; outcome prediction, 32555
visual search tasks; dementia with lewy bodies; Alzheimers disease; Parkinson's disease; visual attention, 35270
Dementia with Lewy Bodies—Chapters
Neurologic aspects of dementia with Lewy bodies and Parkinson's disease with dementia, 1886
The relationship between Lewy body disease, Parkinson's disease, and Alzheimer's disease, 16854
Democracy—Serials
Arab world; women; democracy; violence; oppression, 7571
citizenship education; curriculum developments; educational policy; economic rights; post apartheid South Africa, 17631
civic education; citizenship education; democratic oriented values; civil society; Israel; manage political processes; communalism; civil militarism, 17653
civic education; community service; American patriotism; political process; foreign policy; global interdependence; neo-liberalism, 16083
classical pragmatism; public administration; participatory democracy; public service; community of enquiry, 19013
democracy; teenage parents program; feminist counterpublic; stratified societies; subordinated groups; Nancy Fraser; racioethnic differences, 10243
democracy; women's suffrage; voting rights, 7574
democratic citizenship; local government; political attitudes; social attitudes; public perceptions; autonomy; government efficiency; citizen empowerment, 16189
democratic expression; Flemish television; gender identity; class identity; media literacy; speech act theory; television talk shows, 7343
democratization; democratic changes; governance; military dictatorship; economic justice; social welfare; quality of life; political freedom; civil society, 16191
diversity; higher education; democratic citizenship; social sciences; African American children; White children; iBrown v. Board of Education; desegregation; integration, 36183
education; democratic citizenship; political changes; post war country; citizens empowerment; educational goals, 17674
empire; democracy; social progress; Turkish creative writers; history; political change; awards, 28183
ethnography; public interest; civil society; participatory governance; public discussion; Brazil; civic discourse; urban poor; activism, 22226
feminism; political values; democratization; gender issues; popular culture, 34520
Freud; Weber; Islamic Iran; democracy; political transitions; political change; micro-psychological approach; psychoanalytic theory; macro-sociological approach, 1313
high school students; democracy; race experiences; equity; social issues, 30064
masculinity; agarian; cooperative ways of organizing; contradictions; tensions; democracy, 33294
political economy; imprisonment; western democracies; affluent capitalist democracies; 1960-1990; business cycles, 35914
political scandals; cross country differences; media; democracies, 28303
post-apartheid; work restructuring; South Africa; democracy; liberalization; racial equity; pressure competence; managerial strategies, 23954
presidential campaigns; representative democracy; presidential candidates; election outcomes; Electoral College; battleground states, 31396
public administration; deliberative democracy; Jurgen Habermas; citizens; state administration, 30114
relative poverty; capitalist democracies; determinants; pretax/transfer poverty rate; poverty reduction; socioeconomics, 22174
social capital; citizenship education; divided societies; democratic citizenship; mutual cooperation; capital formation; civic engagement; quality of life; curriculum, 16098
Democracy—Books
Collective preferences in democratic politics: Opinion surveys and the will of the people, 1133
Jefferson's demons: Portrait of a restless mind, 23
Democracy—Chapters
Democratic education and the creation of a loving and just community, 5885
Democratic Party [See Political Parties]
Demographic Characteristics—Serials
acculturation; parental monitoring; knowledge level; family relations; marijuana; inhalent use; cultural-demographic factors; Anglo Americans; Hispanic American adolescents; gender; grade; region, 13751
acculturative stress; social support; demographic correlates; international students; college students, 23917
adolescent behavior; cigarette-brand preferences; demographic differences; advertising; Marlboro; Camel; Newport; demographic characteristics, 36453
adopted children; special needs; adoptive homes; demographic differences; positive adoption; family characterstics; children placement, 4243
affirmative action attitudes; demographic differences; group differences; personal discrimination; intergroup conflict; human sex differences; racism; gender discrimination, 12258
African American men; income levels; demographic characteristics; experimental subject recruitment efforts; cancer screening trial, 22877
alcohol exposure; drinking days; gender differences; drinking style; demographic characteristics; age differences; alcohol consumption rate; ethanol exposure levels, 13415
alexithymia; adverse childhood experiences; sociodemographic variables; actual mood disorder; major depressive disorder, 22451
Anxiety Disorders Association of America; posttraumatic stress disorder; subthreshold PTSD; demographic characteristics; health service utilization, 19565
anxiety sensitivity; nocturnal panic; demographic characteristics; personality traits; group differences; panic duration; cognition, 19551
assaultive violence; alcohol outlet; sociodemographic factors; alcohol availability, 7998
attempted murder; sociodemographic variables; attempted femicide; attempted homicide; affected children; domestic violence; marital violence; intimate partner violence; death of parent, 28885
attempted suicide; general hospital; gender-specific attempted suicide; sociodemographic factors; clinical factors; suicide attempters; psychiatric disorder; marital problems, 13685
attention deficit hyperactivity disorder; demographic variables; fetal stress; induced labor; selected physiological variables, 26026
attrition; families; demographic characteristics; child functioning; system of care program; child and family services, 20577
atypical antipsychotic use; nursing homes residents; demographics; clinical correlates, 2188
bipolar I disorder inmates; criminality; criminal arrest; criminal offending; illness factors; criminality; psychiatric treatment history; bipolar arrestees, 19394
brothers; sisters; lesbians; gay men; bisexuals; social change; social issues; sexual orientation; demographic comparison; methodology, 34567
cancer patients; patient ratings; patient centered care; interpersonal nursing; hospitalization; demographic characteristics, 11871
capital punishment; racial attitude; racial composition; death penalty; White American attitudes, 14942
Caucasian women; early infant weaning; Japanese women; Hawaii; breast-feeding women; age; education; rural residence; work status; parity, 16165
child care center teaching staff; job turnover; occupational instability; demographics; professional profiles, 2920
child sexual abuse cases; defendant race; mock jurors; child victims; jurors' decisions, 14926
childhood history; sociodemographic characteristics; parent child separation; substitute parents; homeless individuals; urban homeless population; developing country, 31331
chronic fatigue; prognosis; prediction; attribution, depression; demographic predictors; clinical predictors; symptom severity, 8159
chronic pain; socio-demographic factors; primary health care; oral contraceptive; social class; prevalence, 29029
clinical variables; demographic variables; socioeconomic variables; quality of life; epileptic patients, 22926
cognitive impairment; cognitive profile; idiopathic Parkinsons disease; demographic variables; medical variables, 23015
cognitive-behavioral anger management training; military setting; occupational setting; treatment outcome; self-reported anger; demographic factors, 16984

competency to stand trial; demographic variables; psychiatric variables; criminal defendants; predictor variables; mental health examiners; restorability, 12406
contraceptive use; illiterate women; family planning, 7592
criminally committed inpatients; residential treatment program; forensic psychiatric patients; pre-release treatment program; demographic characteristics; psychopathology; offense characteristics, 5725
daily smokers; stage of change; sociodemographic characteristics, 7595
deaths from injury and poisonings; demographic characteristics; suicide; trends; self destructive behavior; alcohol abuse; drug abuse; suicide prevention, 1347
deficit schizophrenia; sociodemographic characteristics; premorbid adjustment; course; symptomatology; level of functioning; neurological signs; cognitive functioning, 1507
demographic & psychosocial factors; shooting gallery use; HIV risk behaviors; preventive practices; shooting gallery users, 1804
demographic changes; racial conflict; minority groups; multiculturalism; racial hierarchy, 34472
demographic characteristics; abuse characteristics; sexual offenders; adolescent sexual offenders; special needs; sexual abuse offenders; demographics; abuse characteristics, 34956
demographic characteristics; father involvement; parental conflict; unmarried couples; divorce; coparenting; father involvement, 1102
demographic characteristics; mate selection practices; social exchange; marriage partner; personality traits; Ecuador, 10373
demographic characteristics; migraine characteristics; physical activity; headache severity; migraine without aura; unilateral pain; pulsating pain; adolescents; sumatriptan; naratriptan, 22855
demographic characteristics; social competence; behavior problems; children; gender identity disorder, 22434
demographic heterogeneity; work teams; team leader; team effectiveness; demographic fit; organizational tenure; team empowerment, 27104
demographic shifts; racial attitudes; white American attitudes; generation X; race; racial equality; orientation; school integration; government action; employment opportunity, 10354
demographic variables; child sexual assault; adolescent report of assault; gender differences; race and ethnic differences; adolescents, 1580
demographics characteristics; social adjustment; posttraumatic stress disorder; alcohol dependence; comorbidity; education level; employment; income level; premature therapy termination; risk, 7796
demographics; labor union members; union commitment; union instrumentality; gender; age; racial dissimilarity, 27095
diabetes; psychosocial factors; relapse; patient education; glycemic control; demographic factors; clinical factors; social support, 28979
disability benefits eligibility; mental disorders; disability process; social security; applicant characteristics; recipient characteristics; demographics; socioeconomic status; family characteristics, 11826
early treatment drop-out; independent predictors; addiction treatment; demographic factors; gender; ethnicity; treatment outcomes; substance-related factors; outpatient sample; individual therapy, 20643
ecstasy use; drug use; cannabis users; traditional hard drugs; socio-economic characteristic; Norwegian youth, 31944
environmental perceptions; environmental psychology; creeks; demographic factors; watersheds; socioeconomic factors, 17950
ethnic minorities; parity; school psychology; demographic characteristics; school psychology programs; graduate training; cultural sensitivity; recruiting strategies, 20742
European Americans; African Americans; hospice providers; hospice patients; demographics; hospice use; hospice service; Latinos, 17359
exercise motivators; exercise barriers; demographic variables; health; functional performance; older adults, 8664
eyewitness identification; prediction; lineups; witness characteristics, 12417
family caregivers; stroke survivors; at risk; depression, 20589
family involvement; Latino adolescents; prosocial behavior; development framework; parental monitoring; behavioral outcomes; youth development, 22190
fear profiles; American youth; phobias; demographic characteristics, 1340
fear; crime; predictors; older adults; demographic variables; interpersonal violence; psychopathology, 25292
foster care; childhood perceptions; demographic characteristics; placement type; child welfare system; child maltreatment, 29680
gamblers; pathological gambling; gambling type; demographics; addiction severity; psychiatric problems, 16483
gambling participation; gambling pathology; religious affiliation; gender differences; marital status; minority groups; socioeconomic status, 31909
geographical variation; HIV; injection drug users; US, 8005
health care utilization; migraine; demographics; health care delivery patterns; ambulatory settings; racial differences; gender differences, 14367
health profile; Ireland; socio demographic indicators; logistic regression model; marital status; educational status; employment; general medical services; GMS, 2338
health psychology; population demographics; population changes; diversity; treatment models; health care; cultural competence; context competence; cross cultural treatment, 14233
health related quality of life; old people; pain; demographic characteristics; living conditions; social network; mobility problems; fatigue; sleeping problems; depressed mood, 29004
health status; health perceptions; self-rated health; physical function; role function; socioeconomic status; sociodemographic factors; mortality; US; self reported health; mental health, 17225
history; length of stay; mental hospital; patients; psychiatry; therapeutics; Ohji Brain Hospital; demography, 2482
HIV infected women; health education; disclosure decisions; emotional disclosure; full disclosure; demographic differences, 22869
HIV infection; AIDS knowledge; risk perception; demographic characteristics; cognitive risk factors; behavioral risk factors; gender differences, 26080
HIV testing; urban emergency department; patient consent; high risk patients; symptomatic patients; demographic characteristics, 29521
HIV/AIDS patients; overall quality of life; sociodemographics; behavioral variables; multiethnic patients; disadvantaged; health related quality of life; work-role functioning; stage of disease, 4926
homicide; demographics; population characteristics; trends, 1677
hospice; health policy; end-of-life care; organizational restructuring; nonprofit hospices; demographic characteristics, 32722
individual change; support; chronically impaired older adults; friendship; family; social support networks; sociodemographics; rehabilitation use; age-related vision loss; education; prediction, 7761
intellectual disability; attitudes toward; Japanese adults, 25967
intelligence quotient; IQ; heterosis; environmental effects; genetics; demographics, 10605
Internet adopter attitudes; Internet stock trading; demographic profiles, 33358
Internet sexuality questionnaire; instrument dropout; respondent characteristics; males; females, 12471
intimate partner violence; drug treatment programs; methadone maintenance; marijuana; cocaine; heroin; sociodemographic variables, 26716
Korean patients; Alzheimer disease; caregiver; demographic factors; socioeconomic factors; cultural backgrounds; initial symptoms; cultural factors, 32161
leadership model; the fit model; leadership style; personality type; managers perception; demographic characteristics; city managers, 36315
leisure-time; physical activity; cultural differences; Mexican-Americans; elderly attitudes, 10286
local bandwagon effect; culture; competition; cultural niches; homophily model; distancing model; sociodemographic segments; cultural practices; society segment; dual ecology; cultural form, 1075
major depression; older adults; middle aged adults; demographic characteristics; socioeconomic status; clinical factors; depressive symptoms; epidemiology, 25578
marital status; demographic variables; physical attractiveness; self-esteem; human sex differences; social comparison; age differences; marital status; mate values, 10570
mental disorders; elderly; United Arab Emirates; sociodemographic correlates, 19310
mental health country profile; health services; mental health care; health care provider; mental health policy; demography; economy; Thailand, 26625
mental health profile; demographic aspects; economic aspects; cultural aspects; religious aspects; health aspects; Kenya, 26585
mental health visits; complementary and alternative medicine; medicine providers; acupuncturists; chiropractors; massage therapists; naturopathic physicians, 26623
mental illness; hospitalization rates; social conditions; poverty; economic factors; demographic factors, 11863
misperception; gender differences; overweight reduction; body mass index; obese status; weight status, 8679
mixed vs manic bipolar disorder; demographic characteristics; symptoms; treatment, 25594
mortality; household size; ethnic origin; Israeli adults; spousal death; spousal loss; socio-demographic differences; bereavement duration; age; sex; education; children, 4184
mother-child pairs; sociodemographic characteristics; HIV positive mother child pairs; HIV, 26077
negotiation behavior; ethicality; demographic factors; cultural factors; gender impact; age impact; economic conditions, 24026
New Environmental Paradigm; dimensionality; environmental behavior; environmental worldviews; environmental behavior; demographics correlates; religious correlates; environmentalism, 3052
new medical prescription; psychiatrists; children; adolescents; mental health services; diagnosis; demographic information; commonly prescribed drugs; stimulants; antidepressants, 23090
nonfamily child abductions; incarcerated offenders; prison facilities; offender demographics; background history; murder, 1672
North American Free Trade Agreement; national disintegration; sovereignty; socioeconomic variables; demographic variables; political preferences; NAFTA knowledge, 31287
obesity; environmental factors; lifestyle; smoking habits; body mass index; educational status; urbanisation, 28961
occupational stratification; life course; occupational standing; socioeconomic status; age advancement; racial differences; gender differences; demographic groups, 13289
older labor migrants; well being; social situation; demographic history; quality of life; social security access; social policy; retirement, 31289
omitted client information; suicidal ideation; suicide risk; social work practitioners; criterion validity; demographic items; intake forms, 33560
parenthood age; first birth; timing of parenthood; ethnicity; race; education level; religion; marital status; socioeconomic status; South Africa, 13342
parents; parent attitudes; public schools; non-public schools; demographic characteristics; parental choice, 33110
participation deterrents; parenting education programs; adult participation; day care facilities; sociodemographic charecteristics; education deterrent factors, 8461
participative leadership; relational demography variables; leadership, 7624
peak drinking levels; college students; sociodemographic characteristics; heavy drinking patterns, 13398
personal advertisements; mate selection; gender; primary mate market; secondary mate market; marital status; advertiser profile; mate preferences; resources; attractiveness; commitment; social skills, 7615
personality differences; wine; beer; spirits; alcohol drinking patterns; demographic characteristics; community sample, 1160
personality; mental ability; demographic variables; age; socio-economic origin; educational attainment; marital status, 19166
physical activity; decisional balance; stages of change; activity characteristics; self-efficacy; nutrition program; fitness program; demographics; potential participants, 7657
postpartum depression; abusive parenting behavior; Japanese mothers; demographic characteristics; social support; marital relationship; negative acceptance; passive acceptance, 31676
posttraumatic stress disorder; demographic characteristics; functional status; veterans; symptomatology; primary care, 34914
predictors; alcohol treatment seeking; older veterans; demographic characteristics; substance abuse treatment; drug use, 17441
problem drug use; demographic variables; local prevalence estimates; Multiple Indicator Method; national prevalence estimates; regression model; Netherlands, 11015
program attributes; structural attributes; demographic characteristics; protege satisfaction; mentoring programs; protege assignment; program assessment; race; gender, 30136
prophylactic oophorectomy; ovarian cancer; increased risk; perceptions of risk; psychosocial correlates; sociodemographic factors, 14261
psychological problems; general practitioners; black caribbean; black african; general health questionnaire; common mental disorders; important differences; multivariate analysis; detection indices, 25479
psychosocial characteristics; demographic characteristics; personality characteristics; lesbian batterers; domestic violence, 10908
public drug dealing; urban environment; quality of life; demographic characteristics; ecological characteristics; visible drug sales; business location; neighborhoods; resident attitudes, 22145

quality of life; Quality of Life Scale; socio-demographic variables; health variables; well being, 27373
racial stratification; demographic characteristics; bi-racial order; social interaction; Latin Americanization thesis, 34467
rapid cycling; bipolar illness; age; gender; bipolar patients; nonrapid cycling; rapid cyclers; age of onset; duration of illness; demographics; current or lifetime history or rapid cycling, 22520
Rasch model; quantitative methods; demographic characteristics; socioeconomics; neighborhoods, 12525
regional differences; demographic characteristics; runaway youth; adolescents; high risk characteristics; shelter users; national differences, 10953
religious preference; Americans; politics; generations; demographic factors; religious skepticism, 7521
religious preference; Americans; politics; generations; demographic factors; religious skepticism, 7519
retaliatory homicide; neighborhood culture; structural determinants; violent crime; socioeconomic correlates; cultural determinants; ecological distribution of homicide, 16519
schizophrenia; ethnicity; atypical antipsychotics; tardive dyskinesia; substance abuse; affective disorders; African Americans; treatment history; demographic information; conventional antipsychotic, 2232
schizophrenia; sociodemographic correlates; rural population, 28717
seasonal affective disorder; depressive symptoms; personality factors; seasonal variation; continental temperate climate zone; socio-demographic factors; psychological factors; personality factors, 25589
seasonal affective disorder; SAD; social support; negative life events; seasonal mood disorder; psychosocial factors; seasonal depression; gender; place of birth; demographic factors; seasonality, 10752
semantic memory; episodic memory; structural stability; structural change; old age; demographic characteristics; prediction, 25099
sexual dysfunctions; demographic characteristics; clinical symptomatology; psychosocial factors, 29034
shizophrenia patients; personality; Temperament and Character Inventory; demographic factors; psychological health; diagnosis subtypes; functioning level; coherence; control; self esteem; treatment, 16396
social adjustment; sociodemographic factors; depressive symptoms; Estonia; prevalence, 13582
social capital; social disorganisation; neighbourhood characteristics; gender, 22173
social characteristics; referred youth offenders; youth crime; social interventions; child care; child protection; young offenders, 31991
social determinants; sexual activity; economic status; socioeconomic variables; predictor variables; Nigerian women, 7577
social factors; obesity; health behaviors; body mass index; sociodemographic groups; energy expenditure; physical activity; alcohol consumption; diet; weight control, 4797
social networks; psychiatric patients; demographic factors; clinical factors; quality of life factors; network size; network density; network multiplexity, 16357
social support; treatment adherence; denial; antiretroviral treatment; substance use; family; HIV infected persons; coping strategies; alcohol use; sociodemographic variables; psychosocial variables, 22868
socio-economic variation; demographic variation; health; quality of life; chronic conditions; heterogeneity, 2352
sociodemographic background; jewish adults; disability; social network; later life, 22121
sociodemographic characteristics; clinical characteristics; suicide methods; Finland, 7996
sociodemographic characteristics; health characteristics; older Chinese; nursing homes; ethnic groups; health status; cognitive impairment; dementia diagnosis; physical functioning; morbidity, 17392
sociodemographic characteristics; Latino smokers; smoking knowledge; smoking attitudes; smoking cessation; culturally tailored interventions; mexican ancestry, 10440
sociodemographic characteristics; neurological soft signs; bipolar I disorder, 25582
sociodemographic factors; physical factor; psychosocial factors; depressive behavior; family caregivers; stroke survivors; at risk population; ischemic stroke, 32720
sociodemographic variables; food safety; food hazards; food chain; pesticides; Salmonella; fat, 33331
socioeconomic status; sociodemographic characteristics; mood disorders; anxiety disorders; chronic fatigue; posttraumatic stress disorder; unemployment, 1353
stages of change model; University of Rhode Island Change Assessment; heroin addiction; readiness; urine; cocaine; demographic characteristics; substance severity; relapse; polysubstance abuse, 24246
structural factors; demographic factors; family planning provision; family planning cost; family planning programs; Nigeria, 8747
student behavior; teacher expectations; social skills; elementary school classrooms; demographic characteristics; special education students, 33190
subjective quality of life; demographic factors; emotional state; parenthood status; adaptation to aging; morale; health; well being; life satisfaction; happiness; psychosocial factors; ethnic values, 1031
subjective well-being; demographic factors; type A personality; anger; achievement; age; education; goals, 25367
suicide victims; predictors; lack of contact with mental health services; psychological autopsy; demographic characteristics, 1609
suicide; epidemiology; regional differences; age differences; gender differences; employment status; marital status, 19631
supplemental service utilization; methadone maintenance treatment program; sociodemographic factors; sociodemographic differences; male methadone maintenance; additional services; minorities; opioids, 20666
survey results; geography; demography; prediction; survey responses, 27427
teacher student relationships; child characteristics; conflict; closeness; academic orientations; behavioral orientations; socioeconomic status, 36061
team diversity; team performance; diversity dimensions; demographic characteristics; team manager; demography of work unit, 36336
trans-cultural aspects; obsessive-compulsive disorder; symptomatological patterns; socio-demographic characteristics; phenomenological characteristics; anxiety; depressive disorders, 31800
treatment patterns; managed care organizations; clinical characteristics; medication nonadherence; outcomes; persistent depression; primary care patients; sociodemographic characteristics, 20549
urban community; socio-demographic factors; mental health problems; psychiatric morbidity; public health problem; psychiatric; mental disorders; Bangladesh; epidemiology, 1380
voter turnout; candidate strategies; American elections; voter behavior; voter nonpolicy characteristics, 22225
walking; exercise; socioepidemiologic variables; elderly; aging; sedentary lifestyle; demographic factors; self-perception; internal health locus of control, 5484
wellness; undergraduate college students; demographic variables; traditional and nontraditional students, 23914
workplace stressors; coping strategies; physical health; mental health; Japanese hospital nurses; demographic characteristics, 23728
young parents; musical interaction frequency; young children; sociodemographic factors; emotional distress; parent characteristics; birth order; responsivity; frustration; emotional distress; music, 4235
youth demographic factors; parent demographic factors; sexual abstinence; community constructs; youth development; sexual activity; youth assets; age-group specific profiles, 22088
youth suicide; demograhpic factors; behavioral factors; experiential factors; firearm suicide; Arizona Child Fatality Review, 19582

Demographic Characteristics—Chapters
Demographic and achievement characteristics of deaf and hard-of-hearing students, 23065

Demonic Possession [See Spirit Possession]

Demonstrations (Social) [See Social Demonstrations]

Dendrites—Serials
associative memory formation; dendritic spines; hippocampus; synaptic contact; dendritic spine density, 12860
axon terminals; endomorphin-2; mu-opioid receptor; dendrites; trigeminal dorsal horn; opioid peptides, 12800
basolateral amygdala; ventral subiculum; dendritic spines; hippocampus; pyramidal cells; synaptic input; rats, 6890
brain-derived neurotrophic factor; synaptic transmission; dendritic spine density; hippocampal neurons; pyramidal neurons; spine growth; Sprague-Dawley rats, 21529
dendritic conductances; block temporal summation; principal neurons; brain regions; neuronal excitability; spike probability, 34050
dendritic spines; synaptic connections; cerebral cortex; structure-stability-function; glutamate receptors; memory; cortical neuronal networks, 6918
dendritic spines; synaptic pathology; microanatomy; neurologic disorders; psychiatric disorders; morphology; synaptic signaling; synaptic plasticity; actin cytoskeleton; membrane traffic, 28542
environment enrichment; dentate gyrus; neuronal morphology; social interactions; pyramidal neurons; dendritic length; neuronal growth; learning; cell volume; cerebral cortex; motor activity, 21580
morphine; opioid receptors; dendrites; nucleus acumbens neurons; opiate dugs; receptor trafficing; methadone, 21590
N-methyl-D-aspartate receptors; NMDA; prefrontal cortex; pyramidal neurons; dendrites; AMPA; receptors; phencyclidine; glutamate; rats; brain; agonists; antagonists, 3974
spatial distribution; low-voltage-activated calcium currents; ganglion cells; tiger salamander; retinal dendrites, 6903
spatial information; intrinsic membrane potential; temporal coding; firing pattern; place cell firing; hippocampus; somatic & dendritic oscillations; pyramidal cells; exploring rats; neurons, 3788
spike timing; dendrite; bistratified cells; hippocampal network; hippocampus; pyramidal cell; rats; synapses, 15526
synaptic input timing; neuronal properties; motor neuron synchronization; active dendritic conductances, 27799
synaptic signals; spike-timing-dependent plasticity; long-term potentiation; Hebbian learning, 27786

Denial—Serials
apology; denial; repairing trust; integrity; competence; trust violations; evidence of guilt; job candidate, 10541
change management; short sightedness; apathy effects; denial effects; social responsibility; assumptions; training & management, 30230
confessions; denials; personality factors; antisocial personality traits; criminal behavior, 16288
denial of illness; medical rehabilitation; historical roots; anosognosia; unawareness syndromes; taxonomy, 31668
ischemic coronary heart disease; emotional distress; mortality; coronary artery disease; denial; sex differences, 19932
personality role; confessions; denials; antisocial personality traits; criminal behavior, 25349
political violence; survival strategy; fear; vulnerability; citizens; fear experiences; fear suppression; fear denial; domination, 22164
sex offenders; convicted rapists; child molesters; attributional style; denial pattern, 14905
sexual offenders; denial; defensiveness; crimes; crime admission; self esteem, 34988
suicide survivors; suicide; significant other; denial; psychodynamics; denial of responsibility, 34983
supernormality; malingering; psychometric qualities; Supernormality Scale; test development; test reliability; test validity; symptom denial, 15065

Denial—Chapters
Thomas Vinterberg's *Festen* (1998): An attempt to avoid madness through denunciation, 824

Density (Social) [See Social Density]

Dental Education—Serials
burnout; dental research assistants; emotional exhaustion; personal accomplishment, 36010
dental health knowledge; oral hygiene practices; visual impairments; visually impaired students; sighted students, 29195

Dental Treatment—Serials
dental procedures; mental retardation; video modeling; dental treatment; desensitization, 32323
prediction; short term memory; long term memory; pain intensity; pain unpleasantness; root canal therapy, 23375

Dentist Patient Interaction [See Therapeutic Processes]

Dentistry—Serials
oral health; elderly; residential care facilities; dementia, 29729

Dentists—Serials
burnout; dental research assistants; emotional exhaustion; personal accomplishment, 36010
stress; burnout; dentists; Copenhagen Burnout Inventory; Maslach Burnout Inventory; psychometric properties; health professional burnout, 30429

Deoxyglucose—Serials
haloperidol; olanzapine; ketamine; brain; regional 2-deoxyglucose uptake; rats, 3888

Deoxyribonucleic Acid—Serials
developmental toxicity; terbutaline; DNA synthesis; rat brain; rat heart, rat liver; cell replication; cell differentiation; tocolytic; postnatal exposure; adrenoceptors, 3901
DNA binding proteins; oxidative stress; brain expression; apurinic endonuclease; apyrimidinic endonuclease; mouse; enzyme gene; suprachiasmatic nucleus, 6922
epigenetics; genomic retroelements; major psychosis; schizophrenia; DNA, 19456
g protein; seasonal affective disorder; protein concentrations; deoxyribonucleic acid; mononuclear cells, 1455
gene regulation; DNA damage; human brain aging; cognitive decline; elderly; Alzheimers disease risk; human frontal cortex; synaptic plasticity; vesicular transport; mitochondrial function, 27759
long-term memory; polyADP-ribosylation; neurons; aplysia; nuclear proteins; DNA damage; eukaryotic cells; polymerase, 27688
mitochondrial DNA sequence variant; schizophrenia; oxidative stress, 7886
schizophrenia origin; genetic thesis; epigenetic antithesis; DNA sequence variation, 25665

substantia nigra; oxidative damage; mitochondrial deoxyribonucleic acid; mutations; neurodegenerative diseases; frontal cortex; aging; DNA, 14001
terminal deoxynucleotidyl transferase; mouse brain; experience-dependent expression; DNA polymerase; antigen receptor diversity; lymphocytes, 6824
Deoxyribonucleic Acid—Books
Nature via nurture: Genes, experience, and what makes us human, 3593
Dependency (Drug) [See Drug Dependency]
Dependency (Personality)—Serials
alexithymia; depressive feelings; dependency; risk factors; drug use-related disorders; addiction; eating disorders, 22692
behavioral genetics; shared environment; infant-father attachment; Attachment Q-Sort; environmental factors; infant behavior; temperamental dependency, 34303
Circumplex; dependency; self-criticism; depression; rejection; roommates; love; dominance, 7688
cultural norms; ethnic norms; American individualism; Japanese collectivism; dependece; cross cultural differences, 16139
dependent behavior; drug abuse; eating disorders; prevention programs; mental health problems; major depressive episode; comorbid disorder; separation anxiety, 7778
depression; adverse childhood experiences; self-criticism; dependency; anorexia nervosa; bulimia; human females, 11115
exercise dependence; symptoms; personality; exercise behavior, 22337
gender differences; dependency; separation; object relations; eating behavior; eating attitudes; eating disorder behavior, 16562
gender; independence desires; dependence desires; social support process; activities of daily living, 16269
interpersonal dependency; schizophrenia; neurocognitive impairment; clinical symptoms, 31773
metamotivational characteristics; secondary exercise dependence; primary exercise dependence; eating disorders; amateur sport participants; Reversal Theory, 22760
perfectionists; self-esteem; grade point average satisfaction; depression, 16015
psychosis; super-ego; bipolar disorder; infantile helplessness; infantile dependency, 16419
self mutilation; adolescents; eating disorders; suicide attempts; young adults; drug abuse; dependency, 10643
self-criticism; dependency; individual differences; self silencing; loneliness; depression; mediational model; romantic relationship status, 7668
Dependency (Personality)—Chapters
Making sense of dependency, 16337
Dependent Variables—Serials
analysis of covariance; difference scores; researchers; dependent variable; pretest, 24326
consumer behavior; dependent variables; theoretical explanation; newspaper readership; national sample; theoretical viewpoint; consumer research, 9173
intraclass correlation; dependent variables; group-randomized trials, 21220
logistic regression models; dichotomous outcomes; dependent variables, 18203
Depersonalization—Serials
adjunctive citalopram treatment; effectiveness; hallucinations; depersonalization symptoms; schizophrenia; olanzapine; drug interaction; safety; antipsychotic efficacy; depressive symptoms; serotonin, 29322
basal norepinephrine; depersonalization disorder; noradrenergic function, 1502
depersonalisation disorder; fluoxetine therapy; drug therapy; serotonin reuptake inhibitors; treatment effectiveness evaluation, 35571
depersonalization disorder; clinical features; depression; anxiety, 10694
depersonalization disorder; derealization disorder; distress; treatment; anxiety disorders; panic disorder, 7786
depersonalization disorder; phenomenology; precipitants; antecedents; comorbidity; treatment, 1344
fantasy proneness; imaginative involvement; psychological absorption; depersonalization disorder, 10709
fluoxetine; depersonalization disorder; antidepressant drugs; psychotherapy; psychosis, 34803
pathological dissociation taxon; depersonalization disorder; dissociative identity disorder, 7801
transcranial magnetic stimulation; depersonalization disorder; treatment-resistant condition, 35594
Depression (Emotion)—Serials
acculturative stress; social self-efficacy; self-concealment; international college students; stress; depression; language fluency, 30053
adolescent aggression; familial impact; parental conflict; parenting; depression; socialization, 31235
alcohol related beliefs; drinking attitudes; Jews; Protestants; alcohol depression hypothesis; coping with stress; men; women, 1159
alexithymia; depressive feelings; dependency; risk factors; drug use-related disorders; addiction; eating disorders, 22692
amino acids; dietary intake; depressed mood; low mood; depressive disorder, 1421
anorexia nervosa; alexithymia; eating disorder; bulimia nervosa; anxiety; depression, 11107
anxiety-related threat; threat perception; threat perception abnormalities; child abnormalities; anxiety; depression; reduced evidence for danger bias; childhood anxiety, 19550
anxiety; depression; human immunodeficiency virus; risk factors, 16686
anxiety; depression; strate trait distinctions; state depression; trait depression; trait anxiety; state anxiety; symptom correlations; distinct constructs; overlapping features, 10581
attachment representations; depressive symptomatology; high-risk sexual behavior; multiple sexual partners; HIV-positive patients, 13889
attributions for success; attributions for failure; depression; school based attributions; general attributions; intermediate grade students, 33155
body image; associated psychological traits; self esteem; muscularity; depression; eating disorder symptoms; body dissatisfaction, 28498
brain-derived neurotrophic factor; appetitive behavior; ventral tegmental; nucleus accumbens; depression; rats, 3625
breastfeeding intention; urban minority population; maternal depressive symptoms; mother-infant closeness, 31385
bulimia nervosa; dietary subtypes; dietary-depressive subtypes; symptoms; social impairment; comorbidity; course; eating pathology; response; treatment seeking; concurrent & predictive validity; women, 1737
cancer symptom management; pain; depression; fatigue; National Institutes of Health, 1339
career counseling; postparchment depression; employers; job competencies; higher education; workplace challenges; group counseling; college graduates, 30109
children's mental health problems; parental depression; health care utilization; health expenditures, 16411
combined treatment; mirtazapine; alcohol detoxification; psychotherapy; psychopharmacological treatment; anxiety; depressive symptoms; alcoholism; alcohol withdrawal; post-withdrawal phase, 23617
complete questionnaires; self-report measure; depressed mood; beliefs; antidepressive behavior; sociotropy, 1265
dependent behavior; drug abuse; eating disorders; prevention programs; mental health problems; major depressive episode; comorbid disorder; separation anxiety, 7778
depressed states; depressed mood; social risk hypothesis; social perception; social value; social burden, 1203
depression; anxiety; symptoms; perceived partner criticism; perceived partner avoidance; prediction; pediatric hemopaietic stem cell transplantation; mothers; maternal anxiety; distress; coping, 2310
depression; kinship networks; social support; Vietnamese immigrants; multicultural community; urban setting; nonkinship networks; support satisfaction; psychological distress, 4326
depression; mice; animal model; cognitive impairment; attention deficit disorder; hypothalamic-pituitary-adrenal axis; behavior analysis; trkB receptor, 3736
depressive mood; maladaptive perfectionism; adult attachment; attachement anxiety; attachment avoidance, 16041
depressive symptomatology; postmenopausal women; HRT; transdermal hormone replacement therapy; mood states; cigarette abstinence; nicotine withdrawal; short-term smoking abstinence; smoking cessation, 5099
depressive symptoms; ambulatory blood pressure; family history; hypertension; norepinephrine; cortisol; parental history; depressed mood, 16358
depressive symptoms; childhood rejection; adult attachment security; romantic relationships; male's perceptions, 4371
depressive symptoms; internet activities; college freshmen; college freshmen; social support, 23913
depressive symptoms; marital satisfaction; gender differences; neuroticism, 4225
depressive symptoms; minor depression; subacute care; physical therapy; rehabilitation; illness; injury, 26705
depressive symptoms; parental behavior; infant temperament; adult attachment styles; parental perceptions; mother-infant dyad; father-infant dyad; perceived temperament, 19067
depressive symptoms; social support; cancer patients; self-esteem; Netherlands, 1819
dialectic interplay; psychic positions; mindless violence; paranoid; schizoid depressive; primitive mental states; anxieties; Verdi opera; Rigoletto, 34858
dialectic interplay; psychic positions; mindless violence; paranoid; schizoid depressive; primitive mental states; anxieties; Verdi opera; Rigoletto, 34880
dietary fatty acids; behavioral depression; bacterial lipopolysaccharide; cytokines; arachidonate metabolites; mice, 27955
drug induced depression; etiology; depressive symptoms & disorders; medical drugs; clinical practice, 24838
emotion-focused coping; problem-focused coping; racial discrimination; mental health effects; minority individuals; immigrants; depression; cultural norms, 22195
emotional disorders; anxiety; depression; emotion-congruent cognitive biases; hierarchial models; selective attention, 13580
fantasies; punishment; depression; anxiety; defense style, 32401
feigned depression; feigned sleepiness; voice acoustical correlates; speech rate control, 24404
first-episode psychosis; hypericum perforatum; depression; verbal hallucinations; delusions, 29384
friendship experiences; children's loneliness; depression; psychological adjustment; relationship development; popularity; friendship quantity; friendship quality, 1004
G protein; allele; depression; healthy subjects, 12786
hopelessness; depression; suicidality; associated factors; prevalence, 31697
human immunodeficiency virus; HIV; prenatal self-care; learned resourcefulness; depression; pregnant women, 13887
hypersecretion; corticotropin releasing factor; locus coeruleus; plasma adrenocorticotropin; increased production; CNA; receptor; CRFR; stressed induceded rats; depression, 690
infant emotionality; maternal characteristics; caregivers depression; social support; sensitivity; emotionality predictability; temperament characteristics; mother infant interaction, 18971
internet use; social interaction; depressed individuals; psychosocial distress; psychosocial health, 4020
lavender exposure; rosemary exposure; infants; depressed mothers; non depressed mothers; electroencephalographic activity; infants behavior; odor exposure, 15946
long term changes; mood change; aged population; predictors; pessimist attitudes; cognitive impairment; impaired survival; lower mood; Zung-score, 10295
maternal depressive symptoms; child internalizing behaviors; disruptive behaviors; mother-child relations, 4568
maternal deprivation; adult depressive profile; mice; cannabinoid exposure; adolescence; socio-sexual interaction, 34165
maternal reactivity; maternal sensitivity; infant emotionality; negative emotionality; positive emotionality; maternal depression; maternal anxiety; social support; primiparous mothers; infants, 10403
mild depression; response-contingent positive reinforcement; engagement in rewarding behaviors; pleasure; behavioral model of depression, 1252
minor depression; risk factors; major depression; functional disability; health care use; depressive disorders, 22485
multiracial children; adult attitudes; race; friends; self-perception; depressive symptoms; European American; African American, 1067
negative affect; adolescent offenders; depressive symptoms; HIV risk; alcohol abuse; drug abuse, 11002
negative mood induction; mood induction procedures; mood states; stress paradigm; musical mood induction, 22362
neighborhood stress; depression; neighborhood disorder; social support; social integration; physical health; mental health, 16113
neuroticism; locus of control; depression; internality; powerful others; chance, 31559
non-clinical depression; chronicity; positive words; negative word; free association; language contexts, 7664
object relations; borderline personality disorders; depressive experiences; patients; personality organization; emptiness; anger; clinical observations, 19572
observed peer victimization; antisocial behavior; depressive behavior; sex differences; elementary school students, 19343
pain; depression; health promotion program; rheumatoid arthritis; functional disability; comprehensive health promotion program for rheumatoid arthritis, 11752
pain; depression; health promotion program; rheumatoid arthritis; RA; CHPPRA; functional disability; comprehensive health promotion program for rheumatoid arthritis, 2346
path models; instrumentality; expressiveness; social self-efficacy; shyness; depressive symptoms; college students, 28471
patient empowerment; end-stage renal disease; self-care self-efficacy; depression; empowerment program, 23107
progesterone increase; DHEA-substitution; males; excessive fatigue; depression; sex hormones; plasma levels, 11531
psychological distress; total knee arthroplasty; functional outcomes; household and work activity; role limitations; functional state; physical role, 2290

psychological well-being; diabetes mellitus; glycemic control; self-management; depression; anxiety; quality of life; adjustment; education, 8383
psychosocial variables; recidivism; adolescent males; juvenile offenders; alcohol abuse; depression; parent attachment; peer attachment; personality traits, 19606
psychotherapeutic tool; mentalization; narrative coherence; depression; paranoid schizophrenia, 16921
quality of life; prelingual deafness; sign language; wellbeing; ill-health symptoms; depression; insomnia; elderly, 8353
religiousness; heart surgery recovery; psychosocial factors; religious beliefs; hospital stays; psychosocial predictors; depressive symptoms; complications; prayer; religious service attendance, 20434
religiousness; heart surgery recovery; psychosocial factors; religious beliefs; hospital stays; psychosocial predictors; depressive symptoms; complications; prayer; religious service attendance, 20432
religiousness; heart surgery recovery; psychosocial factors; religious beliefs; hospital stays; psychosocial predictors; depressive symptoms; complications; prayer; religious service attendance, 20431
reparation; depression; Ruth Weber; Melanie Klein; painting analysis, 34200
risk factors; aging; minor depression; quality of life indicators, 19293
saccharin deprivation; depression-like effects; rats; forced swim test; intracranial self-stimulation; drug withdrawal; differential reinforcement; reinforcement rate, 787
sadness; excessive crying; dejection; hopelessness; lethargic behavior; psychopathology; suicidal ideation; depressive neurosis, 16460
self-criticism; perfectionism; depression; covert expressions; overt expressions; university students, 19206
self-esteem; family cohesion; support from friends; depressed mood; anxiety; college students, 25543
Sense of Coherence; anxiety; depression; self-esteem; Thailand; epidemiology; stress resilience, 13468
serotonin transporter; anxiety; depression; antidepressant treatment; stress-related behaviors; serotonergic neuron function; mice; learned helplessness; animal models, 3670
sexual masochist; depression; obsessive fantasies; pain; humiliation; sex; eroticism; seductiveness, 28791
shame; social rank; rumination; depression; submissive behavior; social comparison, 19170
situational determinants; social support perceptions; self-esteem; perceived stress; depressive mood; life events; relationship specific perceptions of social support, 31481
stress reactivity; vulnerability; depressed mood; minor stressors, 16286
television advertising; materialism; parent child conflict; unhappiness, 960
testosterone; depression; cognitive ability; older men; cognitive loss; sex hormones; behavior, 23388
trait anxiety; trait depression; worry; memory bias, 31595
widowhood; resilience; maladjustment; bereavement outcomes; grief; chronic depression; coping behavior; meaning making; resilience, 25086

Depressive Reaction (Neurotic) [See Major Depression]

Deprivation [See Also Food Deprivation, REM Dream Deprivation, Sleep Deprivation, Stimulus Deprivation, Water Deprivation]—Serials
child psychotherapist; deprived children; violence; countertransference; acting-out behavior, 32265
childhood IQ; social class; deprivation; mortality risk; morbidity risk; Scottish Mental Survey; Midspan Studies, 1771
ethanol concentrations; ethanol deprivation; ethanol solutions; voluntary ethanol intake; high ethanol preference; intoxicating amounts; Sardinian alcohol preferring rats; alcohol deprivation effect, 21907
foster placement; institutionalization; early childhood; brain development; behavioral development; The Bucharest Early Intervention Project; deprivation, 10154
N-methyl-D-aspartate receptor; NMDA; memantine; naltrexone; saccharin deprivation; rats; channel blocker; opioid receptor antagonist; naloxone, 34188
nicotine deprivation; eye movements; smoking-related cues; attentional biases, 27881
psychological development; biological programming; Romanian adoptees; British families; institutional deprivation; cognitive functioning; social functioning; neural damage; early experience; rearing, 7369
social behavior; emotional behavior; orphans; emotional deprivation; length of institutionalization; contact with family members; previous hospitalizations, 28125
tobacco deprivation; alcohol cue reactivity; drinking patterns; young adults; psychophysiological reactions, 31441

Depth Perception [See Also Stereoscopic Vision]—Serials
3-D motion perception; accuracy; precision; observers; binocular vision; binocular cues; depth information; 3-dimensional motion trajectories; errors; estimation, 335
binary textures; ternary textures; high-order spatial correlations; depth cues; image qualities; pixels, 33721
binocular depth inversion illusion; regular cannabis users; cognitive impairment; executive functioning; memory; personality, 1667
depth compression; walked indications; vision; errors; locomoter control; spatial representation; nonvisual walking, 30621
depth perception; physical activity; yoga; school children, 2748
illusory contours; amodal completion; depth stratification; cues, 30622
infant perception; infant vision; directional alignment; texture elements; pictorial depth cues, 918
inferior temporal cortex; horizontal disparity; stereoscopic vision; depth perception; visual pathway; neurons; visual images; false binocular matches; stereopsis; primates; humans, 15217
laterality effects; novel objects; object recognition; left hemisphere; recognition subsystem; semantic associations; right hemisphere; viewpoint dependent performance; semantic processing, 27722
linear optical trajectory; outfielders; balls; cues; running; downward optical curvature, 3330
mirror reflections; object picture; shape percept; shape constancy; two-dimensional picture; inherent picture ambiguities, 6494
motion perception disorders; depth perception disorders; Akinetopsia; motion-perception deficit; cortical motion processing area; MT; brain lesions; neurologic diseases, 11314
object-based connectedness; image-based connectedness; object pairs image; monocular & binocular depth cues; concavities; matching, 6508
perceived distance; distance distortions; distance perception; binocular vision, 18275
perceptual bistability; point-light walkers; depth cues; stimulus ambiguity, 33734
performance accuracy; performance speed; depth-ordering task; depth cues, 27463
quantitative depth; da vinci stereopsis; contralateral eye; monocular object; apparent depth; panum's limiting case; occlusion zones, 12596
same-sign hypothesis; luminance gradients; depth perception; retinal images; visual stimulation; opposite luminance stereograms, 3320
self-motion perception; attentional modulation; relative depth; direction perception; visual stimuli, 3322
stereo cues; motion cues; perceived shape judgements; binocular disparity; motion parallax; visual system; viewing distance, 27450
summation; pictorial depth-cues; slanted surfaces; depth cue increment thresholds; gradient, 18288
three dimensional perception; depth perception; shape perception; noise; age effects; differences; motion parallax, 33724
time to contact; information integration; pictorial depth cues; depth cues; visual perception, 24424
time to contact; information integration; pictorial depth cues; depth cues; visual perception, 364
virtual environment; apparent motion; experiences; stimuli; observer bias; depth, 30608
visual perception; segmentation; grouping process; occlusion; interpolation process; fragmentary input; perceptual processes; illusory contours; objects, 6507
visual perception; trajectory direction; binocular vision; motion-in-depth; depth perception, 30630
visual system; visual perception; occlusion; depth perception; lightness perception; opacity; stereoscopic images; image contrast; surface perception; transparency, 330

Depth Psychology—Serials
transpersonal dialogue; spiral-dynamic perspective; structural-hierarchical perspective; depth psychology; theory, 48

Depth Psychology—Books
Jung, Freud, and Hillman: Three depth psychologies in context, 6230

Dermatitis [See Also Eczema]—Serials
allergic skin weal; histamine; sexual intercourse; allergic patients; allergic diseases; allergic rhinitis; atopic dermatitis; Japanese cedar pollen; house dust mite, 32092
atopic dermatitis; asthma; child behavior; problem behavior; cetirizine, 7768
hypothalamus-pituitary-adrenal axis; HPA axis; atopic dermatitis; psychosocial stress; allergic asthma; cortisol response, 1754
kissing; allergic skin wheal responses; plasma neurotrophin levels; allergic rhinitis; atopic dermatitis, 8140
music therapy; dermatitis patients; latex allergy; skin wheal responses; histamine; immunoglobulin E; cytokine pattern; blood mononuclear cells; allergic diseases, 23339
second-degree burns; self inflicted burns; crushed garlic; work exemption; garlic induced burns; factitious dermatitis, 16611

Dermatomes [See Cutaneous Receptive Fields]

Desegregation [See Social Integration]

Desensitization (Systematic) [See Systematic Desensitization Therapy]

Desertion [See Abandonment]

Design (Experimental) [See Experimental Design]

Design (Man Machine Systems) [See Human Machine Systems Design]

Desipramine—Serials
antidepressants; clinical time course; selective serotonin reuptake inhibitor; paroxetine; selective noradrenergic reuptake inhibitor; desipramine; early behavior change; major depression; retardation, 20341
attention deficit hyperactivity disorder; inhibition performance; reaction time; attention; L-dopa; desipramine; plasma; noradrenaline; dopamine; serotonin; methylphenidate; children, 4774
contingency management; escalating value; urine tests; buprenorphine maintenance; heroin users; cocaine users; desipramine, 17433
metabolism studies; metabolic rate; cytochrome P450; imipramine; in vitro; metabolism; model; steady-state, 13032
vagus nerve stimulation; VNS; antidepressant treatments; electroconvulsive shocks; antidepressant action; desipramine; Wistar Kyoto rats; rat model, 18759

Desirability (Social) [See Social Desirability]

Desires [See Motivation]

Detection (Signal) [See Signal Detection (Perception)]

Detention (Legal) [See Legal Detention]

Determinism—Serials
critical thinking; theoretical assumptions; psychology courses; determinism; materialism; instructional approach, 29895
personality shaping; agency; determinism; Freud; Adler; Immanuel Kant's theories; causality; free will; pre-determined cause; indeterminism; causa efficiens; causa finalis, 1290
radical behaviorism; social determinism; Bush; Clinton; Skinner, 34590
unipolar depression; chaotic process; determinism; sadness, 1423

Determinism—Chapters
Motivation and social determinism: The explanatory power of rules, laws, and values, 15345

Detoxification—Serials
alcohol dependent men; prediction; affective change; autobiographical memory; detoxification therapy; positive & aggressive cue words; depression; remissive course, 13542
alcohol detoxification; social anxiety symptoms; mirtazapine; treatment efficacy, 5119
alcoholic patient; alcohol detoxification treatment; personality disorder, 35877
buprenorphine; drug therapy; drug side effects; heroin addiction; pregnant addicts; drug rehabilitation; detoxification, 32762
buprenorphine; naltrexone; opioid detoxification; clinical trials; opioid dependence, 8863
carbamazepine; mianserin; opiate detoxification; treatment efficacy, 35896
cocaine addicts; detoxification; polyunsaturated fatty acids; relapse vulnerability, 2496
drug treatment program; injection drug users; human capital; institutional disaffiliation; residential treatment; detoxification programs; methadone maintenance programs, 5693
gabapentin; detoxification treatment; opiate withdrawal; heroin addiction, 20651
motivational enhancement; alchohol detoxification; 12 step involvement; alcohol dependence; brief advice; Alcholics Anonymous, 32785
opiate detoxification; pregnancy; methadone withdrawal; opiate dependent women; drug rehabilitation; drug safety, 19688
opiate detoxification; pregnancy; methadone withdrawal; opiate dependent women; drug rehabilitation, 19680
opioid detoxification; opioid dependence treatment; buprenorphine-naloxone detoxification; community treatment providers; community-based treatment programs, 26709
Project Focus; detoxification; homeless; males; program implementation; program effectiveness, 11945
psychiatric disorders; opioid addicts; neurotic disorders; depression; detoxification, 1642

Developed Countries—Serials
developments; adolescent health care; developed countries; advocacy; achievement, 4076

knowledge level; infancy; rich countries; poor countries, 7370
leadership behaviors; developing countries; leadership styles; corporate leadership; market economy; culture; Asia, 30167
mass production; multinational corporations; developed economies; industrialized economies; emergent economies; production transfer, 36375
subfecundity; anxiety; impaired fecundity; developed countries, 22822

Developing Countries—Serials

addiction; developing country; drug abuse; drug abuse prevention; drug abuse treatment; opium; heroin; drug research; hashish, 31961
adolescent health; risk & protective factors; health risk behaviors; substance abuse; physical & sexual abuse; mental health; suicide attempts; sexual & reproductive health; school; family; violence, 14315
betel chewing; schizophrenia; developing countries; betel use; oro-pharyngeal carcinoma, 10437
caregiving; dementia; caregiver strain; India; depression, 20587
child labor; human resource development perspective; developing countries; social reformers, 34410
childhood history; sociodemographic characteristics; parent child separation; substitute parents; homeless individuals; urban homeless population; developing country, 31331
complementary strategy; type-2 diabetes; treatment; complementary therapies; kerala; cultural background; environmental resources; health management decisions; biomedicine; Ayurvedic medicine, 5372
dementia; developing countries; caregivers; care arrangements; caregiver burden, 20592
developing countries; developing societies; technology; global context; market economy; mass movements, 16106
developing countries; financial resources; social well-being; economic growth; employment markets; poverty, 28197
developing countries; limited resources; pain management; cancer pain; postoperative pain; morphine consumption; western medicine; eastern traditions; palliative care; medical personnel training, 17202
developing countries; smoking decision process model; tobacco industry; youth smoking; Cypriot youth, 17444
developments; adolescent health care; developed countries; advocacy; achievement, 4076
diffusion of innovations; family planning; developing countries, 29542
drug injecting; developing countries; illicit drugs, 31964
early childhood care and education; village life; daily lives; Papua New Guinea; cultural context, 34511
female leadership; psychosocial barriers; motivational gravity; Ghana; Tanzania; developing countries; business development; management, 19076
foster care; family; social networks; professional support; social policy; child welfare; state & non-governmental organizations, 7550
global poverty; developing countries; national poverty line; poverty reduction; economic issues; policy making, 10316
health equity; health inequalities; HIV treatment; developing countries; program implementation speed; government participation; low income countries; research findings; research utilization; ethics, 29434
health services; user fees; health authorities; health facilities; modern treatment; Mali; quality of care; income; health service utilisation; price, 17307
hemoglobin levels; Alzheimer disease; anemia; aging; risk factors, 35316
human immunodeficiency virus; HIV treatment recommendations; 2004 guidelines; antiretroviral regimens; research; HIV patient care; adult treatment; International AIDS Society; antiretroviral panel, 29049
intellectual property rights; traditional medicine; health care; developing countries; peoples rights, 11367
International Classification of Funtioning, Disability and Health; ICF; developing nations; disability status; disability measurement, 206
international networks; dementia; Alzheimer's disease; 10/66 Dementia Research Group; population based research; developing countries, 20519
knowledge level; infancy; rich countries; poor countries, 7370
mass production; multinational corporations; developed economies; industrialized economies; emergent economies; production transfer, 36375
mental health research; department of mental health; world health organization; developing countries; substance abuse, 24143
mental health research; low income countries; middle income countries, 32615
mental health research; low income countries; middle income countries; developing countries; scientific journal, 29578
modernization; vulnerability; suicide; self-destruction; theory of divergence; male-female suicide ratio; developing country, 25847
primary health care; international aid workers; international non governmental organizations; expatriate technical experts; social inequality; privatization, 23545
psychology training; developing countries; investment strategies; students; faculty awareness; intentional mentoring; facilitated launching; professional psychologists, 23705
public staff management; developing countries; strategic human resource management; HRM; Mauritian civil service; economic growth, 17868
research ethics; health care; developing countries; bioethics; care standards, 32983
small business assistance schemes; public policy makers; academics; researchers; entrepreneurship; economic advancement, 27025
test validity; test reliability; DSM-III-R Checklist; community mental health; epidemiology; generalized anxiety; depression; developing countries; psychiatric assessment, 9433
work-related group participation; psychological functions; poor women; developing countries; attitudes; group membership; attitude change; behavior change, 19012
World Health Organization; mental health journals; mental health research; curriculum development; mental health issues; mental health reform; developing countries, 20123

Developing Countries—Chapters

Empowerment and communication: Lessons learned from organizing for social change, 16105
Poverty and youth, 10326

Development [See Also Animal Development, Career Development, Community Development, Curriculum Development, Delayed Development, Human Development, Organizational Development, Physical Development, Precocious Development, Professional Development, Program Development, Psychogenesis]—Serials

attachment pathology; structuralization; trauma; attachment; structural pathology; borderline functioning; character development; character disorders; attachment-related disorders; self-structure, 13791
borderline personality disorders; developmental antecedents; etiologies, 19571
child obesity; development; parental obesity; body weight; obesity prediction, 15911
cognitive evolution; phylogenetic construction & inflection; natural selection; language; imprinting; spatial memory; ontogenetic construction & inflection; face recognition; theory of mind; imitation, 372
development; trade; primary resource endowment; transaction efficiency; natural resources; technological development, 34440
developmental continuity; spatial recall; symmetry axes; systematic drift; exemplar distribution; experience-dependent effects, 7402
journal introduction; developmental psychology; scientific communication, 15902
mother child interaction; visually impaired infants; intersubjective developmental perspective, 1895
obsessive compulsive disorder; juveniles; children; adolescents; development; phenotypes, 13680
oral supplementation effect; catch up growth; picky eater behavior; growth faltering evidence; nutrition counseling; nutritional supplement, 5367
posttraumatic growth; stressful events; report bias, 34928
probabilistic models; additional diagnostic information, 21226
psychoanalytic process; developmental process; child clinician, 20224
psychoanalytic technique; development assistance; psychoanalyst, 20248
sex chromosomes; brain gender; genes; sex differences; development, 34001
stress-related growth; stressful experiences; predictors; psychological adjustment; personal resources; time; cognitive processing; coping, 25377
test validity; Personal Growth Initiative Scale; Mexican Americans; college students; test scores; cultural factors, 108
theoretical constraint on perception and cognition and development; theoretical interpretation; spatial perception, 33682
victimization; psychopathology recognition; health; education; justice; social care; young crime victims; community violence; family violence; gender differences; sexual victimization, 28798

Development [See Also Animal Development, Career Development, Community Development, Curriculum Development, Delayed Development, Human Development, Organizational Development, Physical Development, Precocious Development, Professional Development, Program Development, Psychogenesis]—Chapters

Course and outcomes, 22657
Individual and psychosocial risk factors, 22655
A psychology of questions, 16332
Three human strengths, 14951
Toward a positive psychology: Social developmental and cultural contributions, 16103

Developmental Age Groups—Serials

Aboriginal English teen talk; texts; like; pragmatic marker, 18874
adolescent psychosocial behavior; substance use; risky driving, 19647
age differences; executive functioning; lifespan; verbalization; developmental functions; task preparation, 15964
age groups; school age version; semistructured interview; schizophrenia prodrome; identification; diagnostic issues; psychotic symptoms; subthreshold hallucinations; subthreshold delusions, 19491
age impact; intelligence quotient; Williams syndrome, 32109
age; developmental status; play partners; preschoolers; disabilities; social play; chronological age; developmental age; developmental delay; dyadic play situations, 22739
bicycle helmet usage; seniors; biking; bicycle accidents, 12368
dietary patterns; socioeconomic differences; biological risk factors; socioeconomic status; diet; middle aged individuals; gender, 23451
differential contribution; smoking trajectories; adolescence; parent smoking; friend smoking; smoking initiation, 25912
executive function development; life span; aging; perseverative responding; age-related changes; memory; process dissociation; sorting tasks; hierarchical models, 15987
filial therapy; immigrant Korean parents; empathetic interactions; stress level; parenting; parent-child relationship; Korean American families, 8419
long term course; obsessive-compulsive disorder; juvenile disorders, 22593
minimal invasive education; learning; computer; Internet, 21385

Developmental Age Groups—Chapters

Cognitive functioning in deaf adults and children, 23072
Parent-infant interactions: A transactional approach to understanding the development of deaf infants, 23082
Processes and components of reading, 23074
Social and emotional development of deaf children: Family, school, and program effects, 23060

Developmental Differences [See Age Differences]

Developmental Disabilities—Serials

accommodative coping: flexible goal adjustment; midlife parents; well being; children with disabilities; mental health problems; developmental disability; physical symptoms, 19772
age of majority; transfer of rights; guardianship; families; educators; young adults; developmental disabilities, 11076
aging; mental retardation; developmental disabilities; Down syndrome; Prader Willi syndrome; fragile X syndome; dementia, 19270
analog functional analysis; natural environment; problem behavior; developmental disabilities; caregivers as therapists; familiarity, 13787
Angelman syndrome; autism spectrum disorders; diagnosis; communicative skills; social skills developmental delay; developmental deviance; comorbidity, 32015
anger assessment; developmental disabilities; male offenders; hospital inpatients; psychometrics; reliability; anger prevalence; personality; cognitive factors; demographics; concurrent validity, 12468
appendicular fractures; nontraumatic fracture; developmental disabilities; institutionalized adults; risk factors; bone mineral density, 1696
assessing psychopathology; developmental disabilities; client records; rating scales and measures; mental retardation, 32012
Assessment of Basic Learning Abilities test; ABLA; developmental disabilities; visual-visual nonidentity matching task; ABLA hierarchy; predictive validity; test-retest reliability, 12490
assistive technology focus groups; cultural diversity; family; developmentally disabled children, 12206
attention impairments; language ability; autism spectrum disorder; developmental disability; distress; joint attention; social orienting; social attention, 13785
augmentative communication; alternative communication; children; early intervention; prelinguistic; symbol; gesture; vocalization; interaction speed, 8886

autism; developmental disorders; diagnostics; cognitive processes; interpersonal relations; information processing; social skills, 25960
autism; functional neuroanatomy; theory of mind; executive function; cognitive impairment; neurodevelopmental syndrome: face recognition; mentalization; Aspergers syndrome; cortical connections, 35070
autistic spectrum disorders; communication disorders; autism; word loss; developmental disorder; regression, 25956
autonomy; developmental disability; intellectual disability; self determination, 11099
Bar/Bat Mitzvah Ceremony; Jewish children; Jewish parents; special education schools; group bar/bat mitzvah ceremonies; learning process; transition; religious experience, 32046
bedtime medication regimen; daytime sleep; challenging behaviors; intellectual disabilities; trazodone; aggression; self-injury; physical restraint; comorbid psychiatric diagnoses, 20323
behavior therapy; parents; developmental disabilities; program evaluation, 20203
behavioral assessment; ventilator-dependent children; life-threatening behavior; developmental delays; ventilator tube disconnection, 25953
bipolar disorder; developmental disabilities; rating scale; tracking instruments, 13793
caregivers; developmental disabilities; health-related stress; affect; depressive symptoms; stress conditions; women; mothers of adults; adult children, 35829
catatonia; autistic spectrum disorders; catatonic like states; severe mental illness; developmental disorders; autistic catatonia, 31998
child evaluation; nonprogressive global development delay; developmental disability; Quality Standards Subcommittee report; American Academy of Neurology; Practice Committee of Child Neurology Society, 4114
Chinese parental experiences; developmentally disabled children; parenting; specialized caring skills; focus group research; expectations; support, 28920
choice responding; stimulus modalities; tangibles; pictures; verbal descriptions; caregivers; developmental disabilities, 19783
clinical psychology services; computer technology usage; mental retardation; developmental disabilities; scientist practitioner model, 11768
clozapine; pregnancy; pregnant patients; developmental problems; psychotic patients; offspring, 17072
communicative repair strategy; developmental disorders; prelinguistic behavior; voice-output communication aid, 35099
community inclusion; behaviorally challenged individuals; developmental disabilities; social support; deinstitutionazation; normalization; community-based programs; behavior disorder, 29688
community settings; cost comparisons; mental retardation; developmental disabilities; residential settings; cost differences; staffing issues, 17334
comorbidity; developmental coordination disorders; learning disabilities; attention-deficit/hyperactivity disorder; perceptual-motor dysfunction; severity; children, 4520
developmental coordination disorder; children self perception, 22729
developmental delays; parent-young adult relationship; intelligence quotient; life satisfaction; independent living, 32003
developmental disabilities; adaptation; children; autism; Down syndrome; physical differences; immigrants; Koreans; mothers; attitudes, 16527
developmental disabilities; alternative communication; autism; voice output communication aids, 27247
developmental disabilities; assistive technology; stigma; disability; family expectations; cultures; visibility; developmental skills; decision making, 35853
developmental disabilities; behavioral intentions; behavioral-intervention packages; pica, 11413
developmental disabilities; caregiving satisfaction; adult children; aging mothers; caregiving burden; mother-child relations; affection; support; home care, 8799
developmental disabilities; children; youth; community recreation programs; inclusion; activity coaches; training, 16529
developmental disabilities; destructive behavior; demands; negative reinforcement; preferred activity; walking; influences of escape; instructional contexts; behavior problems, 31996
developmental disabilities; developmental disability; bipolar disorder; tracking system, 13800
developmental disabilities; family members; service providers; day-to-day experiences; aging, 19769
developmental disabilities; hope; families, 19752
developmental disabilities; inclusive classrooms; elementary school; student interaction; special education; teacher instruction, 26957
developmental disabilities; institutional affiliations; intellectual disability; publication trends; published research; scientific communication, 8058
developmental disabilities; mental retardation; resource allocations; diverse needs, 11105
developmental disabilities; negative life events; problem behavior; psychological well-being; residential population; residential hospital; psychiatric problems; adaptive behavior; adults, 28915
developmental disabilities; play behavior; leader; participant; games; peers, 2829
developmental disabilities; policy, 19743
developmental disabilities; self injuring behavior; opiate agonist; naltrexone; hypothalamic-pituitary-adrenal axis, 5338
developmental disabilities; social activities; caregiver satisfaction, 19773
developmental disability; aging; family member support; sibling support; postparental care; sibling carers; sibling relationship; support network, 28899
developmental disability; mental health disorders; sex differences; autism; gender differences; neural circuitry; neurochemistry, 10683
developmental disorders; discrepancy criterion; achievement discrepancies; intelligence; motor coordination; language; empathic ability; attentional control; behavioral disturbances; measurement, 24239
developmental disorders; psychotropic medications; symptoms; psychosocial factors; obsessive compulsive disorder; Down syndrome; genetic vulnerabilities; environmental factors; social factors, 35628
developmental disorders; vision disorders; perception; early brain injury; developing brain; genetic injury; dyslexia; Williams syndrome; prosopagnosia; human visual system; visual development, 11072
Early Head Start; disabilities education act; early intervention; children with disabilities; low-income families; service providers; low-income children, 32666
elicited imitation; autism; intellectual disabilities; autistic patients; imitation deficits, 28894
emotional & behavioral problems; developmental psychopathology; DSM-IV; Diagnostic & Classification of Mental Health & Developmental Disorders of Infancy & Early Childhood, 19257
environmental characteristics; developmental disabilities; environmental factors; stereotyped behavior; topographies, 4765
ethical principles; children; developmental disabilities; risk vulnerablity; distributive justice; research participation; human rights, 34260
European American; African American; young children; early intervention; special needs; family needs; rural areas; urban settings, 32696
exercise; fitness program; adults; developmental disabilities; case report; group intervention; inclusion practices, 32577
expressive language; receptive language; young children; autism; generalization; word pairs; teaching methods, 8888
external validity; childhood disintegrative disorder; autistic disorder; disintegrative psychosis; pervasive developmental disorder, 25952
face perception; emotions; autism; developmental disabilities; mental retardation; language disorders; facial emotion, 35082
functional analysis of problem behavior; developmental disabilities; analysis effectiveness; low rate problem behavior, 30571
functional analysis; screaming behavior; handmouthing behavior; effects; tangible items; antisocial behavior; developmental disabilities; nonverbal mental retardation, 17750
health care service provision; developmental disability; rural areas, 26578
health status; behavior disorders; developmental disabilities; behavioral disturbances; intellectual disabilities; older adults, 4507
homeless; poverty; developmental disabilities; women; support group; Women's Circle, 20205
instructional context; bilingual special education; developmental disabilities; academic engaged behaviors; teacher behaviors; classrooms; elementary-level school; student behaviors, 17749
intellectual disabilities; postsecondary education; disabled youth, 19777
intellectual disability; developmental disability; atypical antipsychotic drugs; schizoaffective disorder; aripiprazole; drug therapy, 26366
interdisciplinary assessment; feeding; mealtime behavior problems; mental retardation; developmental disabilities, 32036
interpersonal connections; friendships; developmental disabilities; emotional well-being; physical well-being; unwelcoming communities; communal influences, 35095
language acquisition; atypical phenotypes; connectionist models; developmental disorders; Williams syndrome; past-tense formation; computational models, 1796
Latina mothers; special education; health service systems; low-income families; developmental disabilities; negative attitudes, 35098
learning difficulties; intellectual impairment; learning disabilities; development disability; mental retardation; disability studies & research, 28928
length of stay; psychiatric inpatient services; developmental disabilities; mental health care; psychiatric admissions, 20609
low birth weight; premature; early intervention; mother infant interaction; developmental difficulties, 32233
medicaid; developmental disabilities; intermediate care facility; long-term care services; nursing facility, 35752
mental retardation; developmental disabilities; spirituality; religion; quality of life; family members, 25963
mother child relationship; developmental disorders; psychotherapy; child behavior; Multisystem Developmental Disorder, 16534
Motor Performance Checklist; developmental co-ordination disorder; pediatric occupational therapy services; test validity; test reliability; psychometrics, 33486
neural correlates; developmental dyslexia; behavioral profile; cognitive profile; cerebral asymmetry, 32021
neurobiological model; theory of mind; developmental disorders; temporal region; parietal region; prefrontal regions; mind impairments; psychiatric disorders; neurobiological mapping, 12798
New Freedom Initiative; disabled individuals; deinstitutionalization; institution residents; intellectual disabilities; developmental disabilities; Americans With Disabilities Act, 29689
nonsocial play; subtypes; developmental delays; children; peer interaction, 1692
olanzapine; intellectual disability; self-injurious behavior; aggressive behavior; disruptive behavior; antipsychotic drugs, 5293
out-of-school care; disabled children; children's participation; special needs; inclusion, 29692
pain expression; infants; development delay; facial expressions; developmental disabilities, 25959
parental stress; adaptive functioning; developmental disability, 19782
Parents' Evaluation of Developmental Status; PEDS; parental concerns; mental health problems; emotional problems; behavioral problems; developmental disabilities, 16014
partial biotinidase deficiency; autism; autistic developmental disorder, 1700
participant observation; autism; developmental disabilities; young children; occupational science; daily activities; child participant perceptions, 22742
pediatric specialist; neurodevelopmental diagnostic services; parental perceptions; neurodevelopmental disorders, 35738
peer delivered simultaneous prompting; teaching community signs; students; developmental disabilities, 17758
pervasive developmental disabilities; hearing impairment, 19775
phonological deficit; motor deficits; sensory deficits; specific reading disability; developmental dyslexia; sensorimotor syndrome, 16549
phonological processing; pseudohomophones; developmental language disabilities; language processing deficits; lexical decision; semantic priming, 8095
physicians attitude; family members; case managers; health care accessibility; developmentally disabled; Kansas, 29654
postnatal neurodevelopmental disorders; synaptic plasticity; synapse; Rett syndrome; autism, 8063
Predictors of impact; families; children; developmental disabilities; National Health Interview Study Disability Supplement; racial groups; ethnic groups; cultural relevance, 32042
preference assessment procedures; adults with developmental disabilities; direct and indirect measures; stimulus engagement; reinforcers, 31997
previously undiagnosed psychiatric disorders; developmental disabilities; self-injurious behavior; psychotropic drugs; treatment, 2230
problem behavior; Contextual Assessment Inventory; developmental disabilities; inventory development, 27318
psychiatric disturbance; developmental disabilities; forensic psychiatry; intellectual disabilities; mental retardation; offenders; psychiatric disorder; schizophrenia; sexual abuse, 13529
psychiatry training; intellectual disabilities; medical professionals; developmental disabilities; work settings; Natalie Cobbing Travelling Fellowship; professional networks; clinical practice, 29879
psychoanalytic study; developmental disorders; children, 20223

psychopharmacological treatment; hypersexual behavior; hypoxia; febrile seizure; developmental disabilities, 20130
psychostimulants; disruptive behavior disorders; developmental disabilities; community, 20315
quality of life; children; developmental disabilities, 19767
reality therapy; developmental disabilities; group counseling; self-determination, 32277
residential facility; developmental disabilities service system; Self-Directed Personal Services, 29687
respite care services; child abuse potential; parents; developmental disabilities; family relations, 29583
risperidone efficacy; developmental disabilities; institutional settings, 19751
risperidone; destructive behavior; developmental disabilities; antipsychotic medication, 29410
saccade dysmetria; Williams-Beuren syndrome; visuo-spatial processing capacity, 19780
savant syndrome; intellectual impairment; developmental disorder; autism; neuropsychology; savant skills, 25946
schizophrenia; obsessive-compulsive symptoms; diffuse brain vessel malformation; cavernoma; developmental defect, 25470
self-injurious behavior; autism; developmental delays; awakening, 22724
self-injurious behavior; sequential analysis; developmental disabilities; behavior disorders; behavioral phenotype; observational data; time series, 1695
service delivery model; Transition Service Integration Model; public schools; rehabilitation systems; developmental disability system; non-profit agencies; support needs, 17767
severe intellectual disabilities; students; person- centered planning; family-centered planning; person-family interdependent planning; life change; transition to adulthood, 35089
sex; disabled women experiences; personal perspectives; health care; sexuality; reproductive rights; personal beliefs; needs; desires; sexual practices; developmental disabilities; knowledge level, 1691
sexual consent; cognitive impairment; consent competency; psychological assessment; neuropsychological assessment, 6232
short-term service; evaluation; developmental disabilities; children; youth; family; interdisciplinary intake assessment team, 19747
simultaneous prompting; teaching procedure; disabilities, 26901
speech perception; developmental deficits; language improvement; literacy skills; auditory processing; interventions, 35163
spiritual dimensions; bar mitzvah; bat mitzvah; religious ceremonies; developmental disabilities; Jewish children, 11086
spiritual experience; developmental disabilities; Church of Jesus Christ; Latter-Day Saints; religious groups; family beliefs; disabled child; parents, 4770
Stepping Stones Triple P Positive Parenting Program; evidence-based positive parenting program; developmentally disabled child; parent training; self-regulation framework; problem behavior, 35385
Stroop-Color Word Test; sensitivity; specificity; executive function deficits; childern; adolescents; developmental disorders; attention deficit hyperactivity disorder; ADHD, 33550
task analysis; correspondence training; personal hygiene skill teaching; developmental disabilities, 23467
temporal distributions; self-injurious behavior; severity; bouts; discrete events; developmental disorders, 13788
testing accommodations; read-aloud accommodation; reading achievement tests; teacher attitudes; student attitudes; actual effects; perceived consequences; disabled students; eighth-graders; teachers, 12203
therapeutics; emotional disturbance; developmental dysfunction; behavior problems; developmental psychopathology; child psychology; child psychiatry, 31674
transition care; developmentally disabled; medical growth; care quality; chronic illnesses, 29585
treatment; low-rate problem behavior; developmental disabilities; functional analysis, 22743
verbal memory impairment; neurodevelopmental disorders; verbal learning; recall; recognition; memory performance; specific language impairment; focal brain damage; Williams Syndrome; Down Syndrome, 13546
vocal mand assessment; vocal mand training; verbal repertoires; autism; developmental disabilities, 32821
Williams syndrome; genetic disorders; developmental disorders; development; cognitive phenotypes; brain; neurocomputational constraints, 11158
Willowbrook Futures Project; person-centered planning; processes; outcomes; intellectual disabilities; problem behavior; interdisciplinary service planning, 14414

Developmental Disabilities—Books

Classification of developmental language disorders: Theoretical issues and clinical implications, 4817

Developmental Disabilities—Chapters

Behavioral and developmental problems of children in primary care: Opportunities for psychologists, 2421
Characteristics of children with specific impairment, 4819
Delivering psychological services to incarcerated men with developmental disabilities, 2549
Developmental coordination disorder in Swedish 7-year-old children, 1702
Developmental language disorders: Classification, assessment, and intervention, 4831
Early detection of developmental language disorders, 3208
Early intervention for young children with language impairments, 4832
Efficacy of methylphenidate among preschool children with developmental disabilities and ADHD, 2245
Integration as acculturation: developmental disability, deinstitutionalization, and service delivery implications, 14419
The neurocognitive bases of developmental reading disorders, 16547
Practical issues in conducting home-based early interventions, 5587
Prevalence and correlates of psychotropic medication use among adults with developmental disabilities: 1970-2000, 14202
Specific language impairment: Diagnostic dilemmas, 4818
Speech output disorders, 4827

Developmental Measures [See Also Bayley Scales of Infant Development]—Serials

Bayley Infant Neurodevelopmental Screener; environmental risk factors; predictive validity; developmental delay; African American adolescent mothers; mental & psychomotor development, 24192
class; entrepreneurship; human capital; entrepreneurial family background; business support; social networks; social capital; entrepreneurial process; business profitability; enterprise growth, 7515
developmental assets; healthy development; reliable measures; academic domains; community developmental attentiveness; adolescent health, 22098

Developmental Psychology [See Also Adolescent Psychology, Child Psychology, Gerontology]—Serials

applied developmental psychology; television effects; Children's Television Act; learning, 1000
capital crimes; neurobiology; brain development; death sentence; developmental biology, 36534
cognitive behavior therapy; behavior modification; Piagetian developmental theory; developmental psychology, 32307
conceptual confusions; developmental continuum; learning; training; Vygotsky; Wittgenstein, 28036
Deanna Kuhn; psychology professor; developmental psychology; science education; thinking; inquiry; argument; values; metacognition; microgenetic study of change; development & cognition, 32888
developmental biology; human behavior; genetics; embryology; evolutionary psychology; biological sciences, 15
developmental biology; human behavior; genetics; embryology; evolutionary psychology; biological sciences, 6
developmental biology; human behavior; genetics; embryology; evolutionary psychology; biological sciences, 3
developmental biology; human behavior; genetics; embryology; evolutionary psychology; biological sciences, 20
developmental biology; human behavior; genetics; embryology; evolutionary psychology; biological sciences, 13
developmental biology; human behavior; genetics; embryology; evolutionary psychology; biological sciences, 2
developmental biology; human behavior; genetics; embryology; evolutionary psychology; biological sciences, 16
developmental psychobiology; synapses; circuits; learning; abstracts, 520
developmental psychology concepts; inferences; generalization; validity; error, 34244
developmental psychology; cross-cultural studies; cognitive development; language development; social development; Republic of China; child development, 13157
developmental psychology; developmental research; evolutionary theories; ecological contexts; phylogenetic levels; integrative systems; systems perspective, 3451
developmental psychology; genetic influences; genetics; nature; nurture, 34249
developmental psychology; perceptual learning; Eleanor Jack Gibson, 5732
developmental psychopathology; clinical practice; clinical services; mentalizing; attachment theory, 16903
developmental psychopathology; mental health assessment; Strengths and Difficulties Questionnaire; questionnaire evaluation, 33564
developmental scholarship; research evidence; social policy; programs; services; policy making; evidence based programming; funding, 34247
developmentally inspired preventive interventions; early-onset drug abuse; alcohol abuse; tobacco abuse; illegal drug use; early adolescence; risk behaviors, 29785
distance learning; developmental psychology course; Personalized System of Instruction; web-based mastery course; educational program evaluation; human development, 29972
epigenetic robotics; developmental psychology; cognitive science, 17999
experiments of nature; developmental theory, 10128
graphic development; geographic development; spatial development; children; developmental psychology; geography; education; Rodney Cocking, 10191
harm reduction; problem gambling; risky behaviors; high-risk behavior prevention programs, 13693
human development; human diversity; developmental psychology; culture; gender; race; ethnicity, 28061
human developmental sciences, 34246
integrated developmental science; Cornell Institute for Research on Children; Rodney R. Cocking; developmental psychology; pediatrics; economics; neuroscience, 10126
Lois Barclay Murphy; developmental psychologist; child psychology, 23665
Merrill-Palmer Quarterly; developmental psychology; journal history; research; trends, 15908
neuropsychobiology; music education; developmental psychology; cognitive ability; musical development, 36145
obituary; Hugh Lytton; developmental psychology, 2595
psychological gerontology; Germany; social policy; old age; personality development; cognitive developments; social relationships, 22131
psychological theories; sociobiological theories; developmental psychology; radio diaries; teaching, 17669
representational development; planning; reflection; symbolic thought; early childhood models; High/Scope; Tools of the Mind; Reggio Emilia; developmental psychology, 10174
research; teaching; developmental psychology; behavioral pediatrics; disorders, 28574
school counseling program; students needs; program evaluation; developmental theory; positive psychology; developmental advocacy, 27007
Strengths and Difficulties Questionnaire; psychometrics; scores; scale means; standard deviations; Nordic countries, 33492

Developmental Psychology [See Also Adolescent Psychology, Child Psychology, Gerontology]—Books

Computational developmental psychology, 888
Creativity and development, 886

Developmental Psychology [See Also Adolescent Psychology, Child Psychology, Gerontology]—Chapters

Adaptationism and psychological explanation, 21070
Children's development of personal constructs, 16051
Human strengths as the orchestration of wisdom and selective optimization with compensation, 14950
Implications of attachment theory for developmental psychopathology, 1403
Research methods for developmental psychopathology [with vignette by Anne K. Jacobs], 15171
Toward a developmental evolutionary psychology: Genes, development, and the evolution of human cognitive architecture, 21072

Developmental Stages [See Also Menopause, Prenatal Developmental Stages, Puberty]—Serials

adolescent adjustment; group differences; adoption status; developmental stage; gender differences; adoption subtype, 25003
autobiographical memory emergence; social cultural developmental theory; memory abilities; language; narrative; temporal understanding; self understanding; cultural differences; childhood amnesia, 15974
autobiographical memory; life span; age groups, 24924
Bruce Rind; psychological effects; intergenerational sex; history; culture; biological changes, 10125
clincially abusive relationships; physical abuse; injury treatment; nonclinically abusive relationships; psychopathology; current characteristics; clinical consequences; gender; developmental risks, 19716
cognitive vulnerability; depression; developmental antecedents, 34813
developmental changes; decision making; bilateral lesions; ventromedial frontal cortex; gambling task, 24942
developmental problems; adolescence; disrupted attachment; adopted child, 34953
developmental trajectories; marijuana usage; adolescents; African Americans; Caucasians; racial differences; risk factors; outcome, 10972
epigenetic landscapes; infant motor development; dynamical systems theory; motor learning; prone progression, 7392
Erik Erikson; life cycle model; human males; health; generativity; developmental stages; predictors, 24928
Erik H. Erikson; life cycle schema; psychoanalytic theory, 34310
hierarchical linear modelling; animal behavior; behavior change; relationship change; multilevel modelling; animal development; developmental trajectories; individual differences, 246

hierarchical linear modelling; animal behavior; behavior change; relationship change; multilevel modelling; animal development; developmental trajectories; individual differences, 18197
intraindividual variability; longitudinal data sets; individual development; data analysis methodology; aging, 34386
latent inhibition; neural development; schizophrenia; amphetamine; clozapine; periadolescence; rats; animal models, 4002
male rock shrimp; mating potential; ontogenetic male stage; animal development; dominance order; somatic growth; gametic growth; paternal investment; mating behavior; vas deferens; hepatopancreas, 500
mosquito repellents; pyrethroids: blood-brain barrier; rat brain; early developmental stages; neurotoxicity, 34179
Oedipus complex; developmental stage; sexual orientation; transitional phase; love object choice; romantic perfection; intimacy; emotional factors; erotic masochism; transference-countertransference, 34741
Oedipus complex; developmental stage; sexual orientation; transitional phase; love object choice; romantic perfection; intimacy; emotional factors; erotic masochism; transference-countertransference, 34740
older adults; psychosocial stages; autobiographical memories; recalled memories; age at encoding; life cycle; memory encoding; memory accessibility; goals of self; Erikson's psychosocial theory, 22065
parent-school involvement; academic achievement; parental school involvement; developmental stages, 30036
postpartum depression; perimenopausal depression; gender specific considerations; treatment; mood disorders; life cycle; women, 7819
religion; violence; social bond; social control theory; peer commitment, 7419
social preferences; animal development; guinea pigs; Cavia porcellus; preweaning period; periadolescent period; conspecifics, 9788
Swaziland adolescents; anthropological research; developmental periods, 883
Developmental Stages [See Also Menopause, Prenatal Developmental Stages, Puberty]—Books
Juvenile primates: Life history, development, and behavior, 3464
Developmental Stages [See Also Menopause, Prenatal Developmental Stages, Puberty]—Chapters
Behavior of juvenile and adolescent great apes, 3561
Consequences of sex differences in dispersal for juvenile red howler monkeys, 3547
Development during adulthood: 'The best is yet to come''15923
Diet and social organization of a free-ranging spider monkey population: The development of species-typical behavior in the absence of adults, 3554
Ecological risk aversion in juvenile primates: Slow and steady wins the race, 3553
Evolution of the juvenile period in mammals, 3465
Family development, caregiving, and functioning over the life span, 23536
Growing up in a patrifocal society: Sex differences in the spatial relations of immature muriquis, 3559
Interactions between juveniles and adult males in vervets: Implications for adult male turnover, 3552
Juvenile primates: Dimensions for future research, 3551
Juvenile vervet monkeys: Establishing relationships and practicing skills for the future, 3550
Juveniles in nongregarious primates, 3555
Juvenility in animals, 3466
On the evolution of juvenile life-styles in mammals, 3468
Patterns of reconciliation among juvenile long-tailed macaques, 3546
Primate juveniles and primate play, 3549
Spatial position and behavioral sex differences in juvenile long-tailed macaques, 3560
Stability of social relationships in female wedge-capped capuchin monkeys, 3556
What are juvenile primates all about?, 3467
Deviant Behavior [See Antisocial Behavior]
Deviation IQ [See Standard Scores]
Deviations (Sexual) [See Paraphilias]
Devices (Experimental) [See Apparatus]
Dexamethasone—Serials
acamprosate; alcohol-dependent patients; hypothalamic-pituitary-adrenal system; hyperactivity; dexamethasone; corticotropin-releasing hormone; detoxified alcoholics, 26750
adrenal suppression; extubation rate; low-dose dexamethasone therapy; preterms infants; lung compliance; ventilatory support; respiratory distress syndrome, 11175
adrenalectomy; dexamethasone replacement; yawning behavior; adrenal glands; corticosterone, 34133
autoinhibition; rat dorsal raphe nucleus; affective disorder; depressive illness; corticosterone; mRNA expression; dexamethasone, 7180
biological markers; psychophysiological methods; long term response predictors; fluoxetine treatment; dexamethasone, 26362
circadian rhythm; phase response curve; circadian pacemaker; wistar rats; non-photic stimuli; light; Zeitgeber; mammal; tau response curve, 21750
cortisol suppression; trauma exposure; trauma survivors; posttraumatic stress disorder; dexamethasone administration; major depressive disorder; psychiatric diagnoses, 10729
dexamethasone/CRH test; major depression; hypothalamus-pituitary-adrenal axis; pathophysiology; cortisol response, 16405
dexamethasone; constitutive androstane receptor; mice; drug metabolism; xenobiotics; cytochrome P450 enzymes; dexamethasone; brain; gene expression; neuropeptide y; orexigenic effects; food intake, 31000
dopaminergic system role; brain; glucocorticoid hormones effects; conditioned reinforcement properties; glucocorticoid dexamethasone; action mechanisms; rats; D2 receptors, 15766
glucocorticoid receptor; mineralocorticoid receptor; hypothalamo pituitary adrenal axis; neonatal maternal separation; negative feedback; dexamethasone; rats, 15533
glucocorticoid sensitivity; dexamethasone; glucorticoid receptors; peripheral mononuclear leucocytes; posttraumatic stress disorder; age at exposure; onset; physiological correlates, 25752
glucocorticoids; verbal declarative memory function; major depression; dexamethasone; unipolar major depressive disorder, 27860
posttraumatic stress disorder; Dexamethasone; salivary cortisol responses, 5308
self-wounding; self-directed biting; cortisol response; monkeys; hypothalamic-pituitary-adrenocortical activity; dexamethasone, 15815
social suppression; cortisol; female marmoset monkeys; adrenocorticotropic hormone; ACTH; dexamethasone; DEX; dominant females; subordinate females; glucocorticoid negative feedback, 6736
Dexamethasone Suppression Test—Serials
antidepressant treatment; dexamethasone suppression; thyrotropin releasing hormone stimulation; growth hormone response; depresed patients; dopaminergic system; hypothalamic-pituitary-thyroid axis, 13589
dexamethasone suppression test; DSM-III-R axis I diagnoses; suicide attempters; hypothalamic-pituitary adrenal axis; personality disorders; cortisol, 10686
hypothalamic-pituitary-adrenal axis reactivity; dexamethasone-suppression/corticotropin-releasing hormone-stimulation test; depressed patients; cortisol; ACTH; HPA, 10749
pituitary-adrenal responses; childhood trauma; abuse survivors; major depression; dexamethasone suppression tests; posttraumatic stress disorder; glucocorticoid feedback; cortisol suppression; women, 10930
Dexamphetamine [See Dextroamphetamine]
Dexedrine [See Dextroamphetamine]
Dexterity (Physical) [See Physical Dexterity]
Dextroamphetamine—Serials
clozapine; D-amphetamine; auditory gating disruption; rats; drug effects; auditory evoked potential, 27901
d-amphetamine effects; behavioral control; physiological effects; impulse control; stimulant abuser; prepotent response tendencies; response inhibition, 10981
D-amphetamine; basolateral amygdala; monoamine neurotransmission; potentiation; cues; reinstatement; extinguished drug-seeking behavior; chronic cocaine self administration; rats, 742
D-amphetamine; medial prefrontal cortex; mesoaccumbens; dopamine; genotype-dependent sensitivity; locomotion; mice, 10054
methylenedioxymethamphetamine; behavioral effects; drugs of abuse; D-amphetamine; cocaine; ethanol; heroin; rats; ecstasy, 27944
nicotine; behavioral sensitization; monoamine oxidases; tranylcypromine; pargyline, 3986
problem gamblers; problem drinkers; dextroamphetamine; priming; motivation to gamble; comorbidity, 10955
Dextroamphetamine—Chapters
ADHD in girls: Clinical comparability of a research sample, 2246
Diabetes [See Also Diabetes Insipidus, Diabetes Mellitus]—Serials
African Americans; congestive heart failure; diabetes; angina; hypertension; hospitalization rates; racial & ethnic disparities; prevention; health policy; primary care; chronic conditions; trends, 14441
antipsychotic drugs; obesity; diabetes; psychotic conditions management; second-generation antipsychotics; drug tolerance; dyslipidemia, 20272
anxiety disorder; diabetes; cognititve intervention; panic; chronic medical problems; safety behavior, 20174
APOE genotype; risk factor; neuropathy severity; diabetic patients, 13857
blood glucose estimation; blood glucose levels; diabetes; growth curve modeling; children; estimation accuracy, 24927
borderline personality symptomatology; diabetes management; pilot study, 20457
cardiovascular events; mortality; new-onset diabetes; antipsychotics; schizophrenia, 10782
client satisfaction; quality of life; diabetic children; insulin pump therapy, 35640
clonazepam; gamma-aminobutyric acid; GABA; diabetes; striatal extracellular glucose; fasting; glucose overload; streptozotocin; rats; microdialysis; blood glucose, 7188
cognitive distortions; stress; treatment adherence; metabolic control; type 1 diabetes, 32081
community health worker; urban African Americans; community-based intervention approach; diabetes; nurse case manager; primary care, 1920
complementary strategy; type-2 diabetes; treatment; complementary therapies; kerala; cultural background; environmental resources; health management decisions; biomedicine; Ayurvedic medicine, 5372
diabetes care seeking; Illness Perception Questionnaire; Personal Models of Diabetes Interview; performance; prediction; individual differences; illness representations, 26497
diabetes care; health care professionals; learning situation; patient education; patient's understanding, 8919
diabetes care; minority population; low-literacy patient education tool; process care measures; reminder card; country clinics, 8616
diabetes education; general well-being; type 2 diabetes, 8597
diabetes education; low literate Hispanics; educational status; at risk population; Hispanics preferences; research results, 32107
diabetes; blacks; social marketing; health education; health care providers; media campaign, 23418
diabetes; insulin resistance; neuropsychiatric population; antipsychotic medications; mental illness; schizophrenic persons, 22798
diabetes; microdialysis; streptozotocin; depression; forced-swimming test; in vivo brain extracellular GABA concentration, 15687
diabetes; patients; glycosolated hemoglobin levels; visual tool; glycemic control, 23422
diabetes; primary care; impaired fasting glycemia; at risk population; screening, 28999
diabetes; psychosocial factors; relapse; patient education; glycemic control; demographic factors; clinical factors; social support, 28979
diabetic females; recurrent binge eating; bulimia nervosa; integrated inpatient therapy, 1351
diabetic mice; antidepressant like effects; diabetic mice; reuptake inhibitor fluoxetine; anti-immobility effect; receptor antagonist; receptor agonist; brain, 18775
diabetic neuropathy; opioid treatment; pain intensity; controlled release oxycodone; neuropathic pain; pain management; drug safety; drug efficacy, 14264
diabetic nutritional care clinics; nonattendance; risk perception; body mass index; self rated health; health locus of control; satisfaction with dietitian; effectiveness perceptions; diabetics, 5592
diagnostic methods; diabetic sensorimotor polyneuropathy; diagnostic limitations; diagnostic utility; stage severity, 8156
dietary change; patient readiness; transtheoretical model; diabetes; dietary counseling, 5590
disease management; type 2 diabetes; family influence; family world view; family structure; Latino patients; European American patients; emotion management, 2065
drug therapy clients; olanzapine; risperidone; risk of diabetes onset; risk analysis; side effects, 20303
drug therapy clients; olanzapine; risperidone; risk of diabetes onset; risk analysis; side effects, 20298
educational intervention; therapeutic education; chronic diseases; knowledge certainty, 6352
food choice; taste judgments; medical nutritional therapy; diabetes; disease management; eating patterns, 29469
food cravings; acute hypoglycaemia; adults; Type 1 diabetes; euglycaemia, 19889
functional health literacy; physician-patient communication; diabetes patients; patients experiences, 35211
glycemic control; cognitive function; type 2 diabetes, 16603
health behaviors; African Americans; health screenings; health problems; physical fitness program; Caucasian counterparts; community-based health; baseline assessment; Activities-for-Life program, 29547
health behaviors; quality of care; Latinos; Diabetes; managed care; language; ethnicity, 13858
health care system; health care delivery; diabetes; shared care; primary-secondary care; information exchange; mixed health care system, 29668
health status; patient satisfaction; diabetic patients; Total Illness Burden Index, 17120

health-related quality of life; diabetes dietary satisfaction and outcomes measure; type 2 diabetes; individual experiences; dietary lifestyle changes, 24289
high risk populations; health promotion; diabetes disease prevention programme; urban marae; New Zealand; health education; health services; lifestyle programme, 17255
hyperkalemia; schizophrenic woman; orange juice; potassium; psychogenic polydipsia; diabetic outpatients; renal function; medical comorbidity, 34859
insulin therapy; diabetes mellitus; insulin administration; type 2 diabetes; insulin-resistant diabetes, 23380
juvenile diabetes; adolescence; anxiety; depression; psychological factors; metabolic control; methodological changes, 1323
L-arginine; insulin resistance; lipid; glucose; metabolism; diabetic rats; lipid tolerance; plasma triglyceride; Nitric oxide; NO; insulin secretion; hypertension; resistance, 4864
late-life depression; diabetes; epidemiology; diagnosis, 35222
marital quality; diabetes; health care regimen; treatment adherence; social support; behavior change; chronic illness, 26515
metabolic disorders; metabolic abnormalities; practical management; schizophrenia; type 2 diabetes; clinicians, 23341
moderate hypoglycaemia; working memory; neuropsychological test battery; insulin dependent diabetes; cognitive battery; mental functions, 13862
negotiation; type 2 diabetes; problem recognition; mutual acceptance; lifestyle counselling; health behavior, 5487
obesity; diabetes; hypertension; weight management; case study; weight loss; weight gain; Dexfenfluramine; drug therapy, 32057
participant experience; talking circles; type 2 diabetes; Northern Plains American Indian tribes; educational intervention, 8695
patient behavior; diabetes care; outpatient settings; intensive support; provider-patient interaction; patient self-care, 8929
patient perspectives; diabetes; health care education; diabetics; exercise training; relaxation training; diabetes self-management, 14244
pediatric psychology; consultation service; child care; outpatient pediatric diabetes; metabolic control, 32642
prandial glucose regulation; repaglinide; treatment satisfaction; health status; well being; quality of life; Type 2 diabetes; glycaemic control, 23363
premature delivery; diabetic mothers; pregnancy; cognitive development; brain development; infant development, 10209
quality of care; patient satisfaction; diabetes; African Americans, 14387
quality of life; at risk population; cardiovascular disorder; intervention; diabetes mellitus; hypertension, 29084
self-determination theory; glycemic control; diabetes self-management; health behavior change; health attitudes, 11629
severe mental illnesses; SMI; health; medical comorbidities; diabetes; schizophrenia; antipsychotic medications, 22533
social ecological theory; type 2 diabetes prevention; disorder management; obesity, 26638
social psychology; community psychology; social knowledge; diabetes; illness experience; illness action; diabetes sufferers; healthy individuals; rural Ghanaian communities, 14223
tobacco use; quit rates; diabetic adolescents; perceived health; psychosomatic complaints; decision-making autonomy; self-esteem; friends' smoking exposure; personal correlates; social correlates, 26069

Diabetes Insipidus—Serials

behavioral treatment; medical treatment; chronic polydipsia; schizophrenia; diabetes insipidus; fluid intake, 20464
polyuria; olanzaopine overdose; prazepam; borderline personality disorder; diabetes insipidus, 32433

Diabetes Mellitus—Serials

adherence behaviors; young children; associated behaviors; maternal management; mothers; type 1 diabetes; nurses; child care; children diabetes, 16633
atypical antipsychotic drugs; diabetes mellitus; hypertension; obesity; body weight; body mass index, 32476
atypical antipsychotics; antipsychotics; hyperglycemia; diabetes mellitus, 11483
cardiovascular risk factors; Mexican-American children; diabetes mellitus, 22849
clozapine; risperidone; olanzapine; quetiapine; diabetes mellitus; atypical antipsychotic drugs, 26434
diabetes mellitus; ethnic minorities; geriatric syndromes; chronic pain; health care, 17304
diabetes mellitus; impaired glucose regulation; obesity; ethnic group, 28966
diabetes mellitus; olanzapine; antipsychotics; clozapine; glucose dysregulation, 23207
diabetes mellitus; polyneuropathy; insulin neuritis; hemoglobin; insulin; sensorimotor peripheral neuropathy, 17207
diabetes mellitus; risk factors; depression, 31756
diabetic adolescents; sociodemographic factors; family features; support; emotional well-being; metabolic control; family factors; social factors; diabetes mellitus type I, 11141
diabetic mice; thermal hyperalgesia; neuropathic pain; streptozotocin; antinociceptive activity, 486
diabetic neuropathy; automatic postural responses; diabetes mellitus; fingertip touch; response latencies, 22802
diabetogenic effects; atypical antipsychotics; new-onset diabetes mellitus; clozapine; olanzapine; risperidone; quetiapine; drug therapy; risk factors, 17156
disease management; family life; patient-appraised couple emotion management; Chinese American patients; type 2 diabetes; conflict resolution; morale; relationship qualities; marital satisfaction, 26036
dismissing attachment; outcome; diabetes mellitus; coping; chronic illness; insulin injections, 11682
home remedies; Mexican Americans; diabetes mellitus; western biomedical; folk remedies; treatment beliefs; herbal therapy, 20482
home-based nursing program; diabetic control; diabetes mellitus; elderly diabetics; program evaluation; living alone, 29708
insulin sensitivity; physical activity; blood glucose concentration; lifestyle interventions; impaired glucose tolerance; IGT; diabetes mellitus; obesity; diet; risk factors, 5123
insulin therapy; diabetes mellitus; insulin administration; type 2 diabetes; insulin-resistant diabetes, 23380
metabolic disease; perceptual speed; cardiovascular disease; memory; fluency; knowledge; aging; cognitive impairment; risk factors, 4900
neurocognitive correlates; childhood diabetes mellitus; type 1 diabetes; hypoglycemia; hyperglycemia; neurocognitive outcome; cognitive performance, 19847
neuropathy; diabetes mellitus; DM; impaired glucose tolerance; IGT, 4893
parent-child relationship; parent-child interaction; psychosocial aspects; psychosomatic family; childhood diabetes type 1; chronic diseases, 35218
perospirone; obesity; diabetes mellitus; schizophrenia; blood sugar, 35553
psychological well-being; diabetes mellitus; glycemic control; self-management; depression; anxiety; quality of life; adjustment; education, 8383
type 2 diabetes mellitus; cognitive decline; old age; neuropsychological test performance; cognitive ability, 29000
type 2 diabetes; mental illness; schizophrenia; comorbid conditions; communication ability; denial of illnes; social withdrawal; antipsychotic medications; insulin resistance; glucose intolerance, 22402

Diacetylmorphine [See Heroin]

Diagnosis [See Also Computer Assisted Diagnosis, Differential Diagnosis, Educational Diagnosis, Galvanic Skin Response, Medical Diagnosis, Psychodiagnosis]—Serials

14-3-3 protein; cerebrospinal fluid; Creutzfeldt-Jakob disease; progressive dementia; clinical diagnosis, 8257
acute otitis media; over-diagnosis; primary health care, 35759
ADHD symptoms; attention-deficit hyperactivity disorder; at risk elementary school children; interrater reliability; diagnosis, 16546
ADHD symptoms; attention-deficit hyperactivity disorder; at risk elementary school children; interrater reliability; diagnosis, 16537
ADHD symptoms; attention-deficit hyperactivity disorder; at risk elementary school children; interrater reliability; diagnosis, 16545
ADHD symptoms; attention-deficit hyperactivity disorder; at risk elementary school children; interrater reliability; diagnosis, 16544
adult ADHD; attention-deficit/hyperactivity disorder; treatment; symptoms; diagnosis; childhood onset, 19735
age groups; school age version; semistructured interview; schizophrenia prodrome; identification; diagnostic issues; psychotic symptoms; subthreshold hallucinations; subthreshold delusions, 19491
agitation; emergency psychiatric intervention; treatment;epidemiology; aggressive behavior; mental disorders; assessment; diagnosis; pathophysiology; safety risk; triune brain model; pharmacology, 29318
akathisia; symptoms; diagnosis; assessment; Barnes Akathisia Rating Scale; antipsychotic medication, 12480
alcohol use disorders; nonpsychiatric inpatients; general hospital; medical staff; alcohol abuse; alcohol dependence; disorder identification, 25865
Alzheimer disease; mild cognitive impairment; dementia; risk factor; pathology; diagnosis, 32149
antidepressant prescription; patient characteristics; physician characteristics; depression diagnosis; sociological influences; health care system, 17328
antidepressant treatment; diagnosis; elderly patients; younger patients; depressive symptoms; nondemented elderly; fluvoxamine; age differences, 7854
antidepressants; diagnosis; treatment; psychiatric disorders; physical disorders; comorbidities; Kleine Levin Syndrome; autoimmune basis; anticpileptic drugs; schizoaffective disorder; children, 34778
anxiety; allergy; rhinoconjunctivitis; asthma; depression; risk factors, 1348
assessment protocol; mental health counselors; diagnosis; reactive attachment disorder; adopted & foster children, 74
attachment phenomena; clinical evaluation; attachment behavior; clinical work; diagnosis, 31647
attention deficit hyperactivity disorder; neuropsychiatric diagnoses; school dificulties; background diversity; student characteristics, 28903
attention-deficit hyperactivity disorder; ADHD; social skills; medication; treatment cost; diagnosis, 8056
attention-deficit hyperactivity disorder; adult diagnosis; symptoms; Diagnostic and Statistical Manual of Mental Disorders, 22714
autism; language characteristics; child functioning; disease identification; screening, 35076
autonomic seizures; autonomic status epilepticus; childhood; diagnosis; management; prevalence; symptoms; epileptogenic susceptibility; cerebral pathology; Panayiotopoulos syndrome, 26157
battered child syndrome; child abuse; diagnosis; injuries in children; dysfunctional parenting; epidemiological data, 4695
bipolar disorder; historical perspective; diagnostic boundaries; new-onset psychosis; second generation antipsychotics; shared symptoms, 10680
bipolar disorder; psychiatric diagnosis; age differences; racial differences, 34832
borderline personality disorder; diagnostic disclosure; medicine; psychiatry; transference; countertransference; stigma, 25760
borderline personality disorder; systemic practitioners; diagnosis, 26222
cancer diagnosis disclosure; Thai patients; radiotherapy treated patients; information revealation; diagnosis knowledge, 11204
cancer diagnosis; health behavior; lifestyle behaviors; smoking; dietary habits; exercise; adult cancer survivors, 16691
cancer diagnosis; patient preferences; prognosis; family, 13902
cancer screening; diagnosis; colorectal cancer; experiences; UK Flexible Sigmoidoscopy Trial, 11203
cancer; specialist services; diagnosis; primary care, 29068
cardiovascular disorder; risk factor; left ventricular hypertrophy; diagnosis, 29081
catatonia; diagnostic classification systems; prevalence; response to treatment; syndromes; etiology; diagnostic validity, 31714
catatonia; diagnostic classification systems; prevalence; response to treatment; syndromes; etiology; diagnostic validity, 31701
child and adolescent psychiatric emergencies; family role; evaluation; diagnosis; prognosis; family psychodynamics, 5120
childhood onset schizophrenia; diagnostic criteria; symptomatology; disease course; assessment methods; educational implications; school psychologist role; treatment, 34870
childhood-onset schizophrenia; childhood schizophrenia; false positives; diagnosis, 31784
chronic fatigue syndrome; diagnosis; prevalence; clinical presentation; evaluation; prognosis; pathophysiology; treatment; support groups, 32069
chronic fatigue syndrome; diagnosis; prevalence; clinical presentation; evaluation; prognosis; pathophysiology; treatment, 32072
chronic fatigue syndrome; myalgic encephalomyelitis; psychiatric comorbidity; functional impairment; diagnostic criteria; symptom severity; disability, 16361
chronic illness; patient attitudes; diagnosis search; personal meaning; allopathic diagnosis; complementary health care; patient experience; explanatory needs; aging; symptoms; thumb pain, 32570
chronic illness; patient attitudes; diagnosis search; personal meaning; allopathic diagnosis; complementary health care; patient experience; explanatory needs; aging; symptoms; thumb pain, 32542
chronic illness; patient attitudes; diagnosis search; personal meaning; allopathic diagnosis; patient experience; explanatory needs; aging; symptoms; thumb pain, 32537

Clinician Administered PTSD Scale; rating scale model; diagnostic tool; construct validity; treatment response evaluation; posttraumatic stress disorder; veterans; case definition; symptoms, 9410
coding for new evaluations; documentation requirements; billing regulations; coding regulations, 32974
colorectal cancer; primary heath care; diagnosis; cancer screening; guidelines, 29065
communication disorders; evidence-based practice; clinical practice; diagnostic accuracy, 32063
communication sciences and disorders; evidence-based practices; therapeutic and diagnostic procedures, 32067
comorbid psychiatric disorders; environmental risk factors; therapeutic opportunities; epidemiological data; diagnosis; epilepsy patients, 11241
conduct disorder; clinician diagnoses; Diagnostic Interview Schedule for Children; test validity, 30448
confrontation naming; neuropsychological tests; Boston Naming Test; mild cognitive impairment, 27344
consultation-liaison psychiatry; interrater reliability; psychological distress; medical patients; Diagnostic Criteria for Psychosomatic Research, 35606
coping responses; adjustment; breast cancer; diagnosis, 19911
culture; values; language; delusion; phenomenology; experiences; psychiatric diagnoses, 4543
delirium; dementia; dementia patients; geriatricians, 20011
delirium; multidisciplinary care; dementia; older medical inpatients; delirium detection, 16877
delirium; multidisciplinary care; dementia; older medical inpatients; delirium detection, 16873
dementia diagnosis; positive predictive value; cognitive problems; clinical utility, 16840
dementia of Alzheimer type; down syndrome; potential risk factors; psychological factors; biological factors; diagnostic criteria; assessment; age of onset, 19791
dementia; diagnosis; Instrumental Activities of Daily Living; general practitioner, 12504
depression prevalence; depression recognition rate; depression correlates; oldest old people, 16418
depression screening tools; clinical diagnostic accuracy; primary care; screening questionnaires; unaided clinical assessment; heterogeneity; group performance; gender differences; age; severity, 24247
developmental disorders; psychotropic medications; symptoms; psychosocial factors; obsessive compulsive disorder; Down syndrome; genetic vulnerabilities; environmental factors; social factors, 35628
developmental psychiatric approach; intellectual disabilities; aggressive behavior; diagnosis; emotional development; personality development, 26565
diagnosis-seeking; memory clinics; trigger events; dementia; memory assessment; caregivers, 1951
diagnosis; assessment; Structured Interview for Prodromal Syndromes; Scale of Prodromal Symptoms; predictive validity; interrater reliability; training to reliability; schizophrenia; psychometrics, 27320
diagnosis; assessment; Structured Interview for Prodromal Syndromes; Scale of Prodromal Symptoms; predictive validity; interrater reliability; training to reliability; schizophrenia; psychometrics, 18134
diagnosis; condition indications; guidelines; indicated medication selection; drug dosing; delirium; antipsychotic drugs; dementia; agitation; risperidone, 14116
diagnosis; major depression; Parkinsons disease; non-motor symptoms; comorbidity, 35334
diagnosis; rehabilitation; acquired deep dyslexia; stroke; cognitive models; reading; lexical route; priming paradigm; word picture associations, 8887
diagnosis; sluggish cognitive tempo items; attention-deficit with hyperactivity disorder; gender differences; inattentive factors; impulsive factors; sluggish factors, 28919
diagnostic accuracy; bias; diagnostic research; research evaluation; STARD initiative, 27402
diagnostic ambiguities; post-traumatic narcolepsy; cataplexy; head trauma; episodic behaviours, 29097
diagnostic differences; women; long-term serious mental illness, 26601
diagnostic group differences; within-group distributions; clinical correlates; platelet serotonin levels; pervasive developmental disorders; mental retardation; autism; Asperger syndrome, 19762
diagnostic methods; diabetic sensorimotor polyneuropathy; diagnostic limitations; diagnostic utility; stage severity, 8156
diagnostic process; attention-deficit hyperactivity disorder; educational underachievement; behavior problems; evaluation process; learning development; social development, 16536
diagnostic systems; Diagnostic and Statistical Manual of Mental Disorders; Diagnostic Classification of Mental Health and Developmental Disorders of Infancy and Early Childhood; symptoms; diagnosis, 28552
diagnostic tests; diagnostic accuracy; technology; STARD initiative, 27419
dilution effect; diagnostic information; nondiagnostic information; regressive judgment, 30674
discharge diagnoses; diagnostic frequencies; trends, 7799
disorganized attachment; borderline personality disorder; interpersonal relationships; psychiatric diagnosis; caregivers, 28790
dissociative disorders; classification rate; psychiatric patients; symptom severity groupings; dissociative disorder rate; affective disorders; borderline personality disorder; comorbidity; diagnosis, 16382
dissociative taxon; pathological dissociation; dissociative experiences; testing, 21149
DSM-IV criteria diagnostic efficiency; obsessive compulsive personality disorder; binge eating disorder patients; adult patients; positive predictive power; negative predictive power, 16463
DSM-IV-TR; diagnostic utility; individual symptoms; prediction; ADHD subtypes; oppositional defiant disorder; ODD; parent ratings; teacher ratings, 4764
DSM-IV-TR; diagnostic utility; individual symptoms; prediction; ADHD subtypes; oppositional defiant disorder; ODD; parent ratings; teacher ratings, 4775
early detection; neurodegenerative disorders, 11240
early detection; neurodegenerative disorders, 8233
early recognition; dementia; diagnosis, 16772
Eating Disorder Diagnostic Scale; validity; reliability; interview-based diagnoses; risk factors; eating pathology; internal consistency; anorexia nervosa; eating disorders; bulimia nervosa, 12494
eating disorder; anorexia nervosa; bulimia nervosa; diagnosis; eating disorder not otherwise specified, 35153
eating disorders; feeding difficulties; diagnostic criteria; infantile anorexia; sensory food aversions; posttraumatic eating disorder; anorexia nervosa; bulimia nervosa; family therapy; symptoms, 35135
electrodiagnosis; musculoskeletal pain; median neuropathy at the wrist; MNW; carpal tunnel syndrome; CTS, 3149
epidemiology; clinical presentation; consequences; chronic daily headache; migraine, 16614
etiology; assessment of schizophrenia; schizophrenia diagnosis; behavioral phenomena; laboratory measures, 4620
expert survey results; guideline references; antipsychotic drug indications; diagnosis; tardive dyskinesia; side effects history; medication combinations; complcating conditions; dosing strategy, 14118
family history; unipolar major depressive disorder; family history screen; bipolar II disorder; bipolar II major depressive episode, 19358
fatigue scales; assessment; diagnosis, 19849
frontotemporal dementia; caregivers; support groups; diagnosis; fund raising, 32144
frontotemporal dementia; social cognition; neuropsychological testing; anterior temporal lobes; medial temporal cortex; behavioral disorders; dementia diagnosis, 5038
functional neuroimaging; psychiatric disorders; positron emission tomography; functional magnetic resonance imaging; clinical psychiatry, 25510
gender bias; diagnosis; personality disorders; base rates; social stereotypes, 4670
genetic disorders; learning disabilities; identification; treatment; reading disabilities; cognitive profiles, 28547
Geriatric Depression Scale; Even Briefer Assessment Scale for Depression; Single Question; Cornell Scale for Depression in Dementia; test validity; psychometrics; elderly patients; diagnosis, 24257
health care providers; International Classification of Diseases diagnostic codes; diagnostic code use; insurance industry; adult abuse; child abuse; elder abuse; woman abuse, 10946
health care utilization; medical consultation; medical diagnosis; health problem; medical care; migraine patients; headache, 4870
HIV testing; information provision; risk perceptions; HIV serostatus; social factors; health responsibility; social stigma; patient provider interaction; anxiety, 23473
insomnia; nosologic system; diagnostic system; pathophysiology; therapeutic approach, 26016
insomnia; valid diagnostic system; insomnia diagnostic nosologies; classification systems, 26035
instant photography; diagnosis; dermatology; case management; referrals, 29013
intellectual disability; direct assessment; down syndrome; dementia; aging, 3215
International Statistical Classification of Diseases and Related Health Problems; psychiatric chapter; A Research Agenda for DSM-V; ICD- 11, 7779
IQ; intelligence quotient; score fluctuations; norms; mental retardation; Flynn effect; national policies, 1256
language disorder; kindergarten diagnosis; language status change, 11128
late-life depression; diabetes; epidemiology; diagnosis, 35222
late-life depression; treatment; diagnosis; mortality rate, 34838
learning difficulties; behavioral difficulties; microcephaly; undiagnosed maternal phenylketonuria, 35213
locked-in syndrome; differential diagnosis; severe disorders of consciousness; treatment, 32162
major depression; medical outpatients; diagnosis; telephone administered diagnostic interview, 185
medical care utilization patterns; women; diagnosed domestic violence; DV; healthcare utilization; diagnoses; health maintenance organisation; HMO; costs, 5583
medical ethics; evidence based medicine; hospital management; hospital care; disease management programs; diagnosis related groups, 32967
mental disorders; advancing age; diagnostic categories; circulatory disorders; active duty navy; Navy personnel; nervous system, 16348
mental health services;primary care; integrated psychiatric services; psychotropic prescriptions; psychiatric interventions; psychiatric diagnoses; utilization patterns; medical clinic; AIDS patients, 32694
mild cognitive impairment; dementia; major depression; diagnosis; clinical management, 35303
motor fault diagnosis; fuzzy neural network; predictive maintenance plan; electrical machines, 24113
myalgic encephalomyelitis; chronic fatigue syndrome; treatment protocols; clinical working case definition; diagnostic protocols; pathogenesis, 11136
neurasthenia; psychosis insanity; morbid condition; cerebral nervous system; nervous affections, 31709
neurocognitive deficits; vocational attainment; silent learning disorders; low self-esteem; normal aging; female personality development; workplace problems; parenting problems; anxiety; depression, 1707
neurodegenerative disease; diagnosis; children; anosognosia by proxy; central nervous system; dementia; neuropsychological & neurological functioning; caregivers, 8224
neuropsychological functioning; diagnosis; clinical status; schizophrenia; bipolar disorder; psychosis; general cognition; attention; memory; executive functioning; early onset, 22460
new medical prescription; psychiatrists; children; adolescents; mental health services; diagnosis; demographic information; commonly prescribed drugs; stimulants; antidepressants, 23090
newly diagnosed cancer patients; lung cancer; concerns; care teams, 16699
nostalgia; pathology; social structure changes; cultural values; medical attitudes; social attitudes; etiology; diagnosis, 25403
nursing home; parkinsonism; dementia; geriatric patients; antipsychotics; risk factors, 17390
obsessive-compulsive personality disorder; diagnostic efficiency, 31839
older adults; evidence-based practice; mental health challenges; late-life transitions; diagnosis; professional counseling, 25101
Oppositional Defiant Behavior Inventory; test reliability; test reliability; oppositional defiant disorder; attention deficit/hyperactivity disorder; internal consistency; test validity; diagnosis, 30444
orthorexia nervosa; diagnostic proceeding; prevalence; eating behaviour; obsessive-compulsive personality; eating disorder; healthy eating behaviour pattern, 32052
paediatric bipolar disorder; diagnosis; treatment, 4584
parent-child agreement; diagnosis; childhood anxiety disorder; diagnostic interviews; methodological issue; disorder diagnoses, 18120
patient characteristics; patient diagnosis; patient violent behavior; psychiatric diagnosis; adolescent psychiatric inpatient unit, 8817
patient characteristics; patient diagnosis; patient violent behavior; psychiatric diagnosis; adolescent psychiatric inpatient unit, 8822
personality disorders; borderline personality disorder; supportive therapy; drug therapy; psychodynamic psychotherapy; diagnosis, 26209
post traumatic stress disorder; elderly population; disease management; psychological trauma; classification; aetiology; demographic features; disease vulnerability; diagnosis, 25697
postpartum onset disorder; obsessive-compulsive disorder; diagnosis; disorder management; pharmacologic treatment, 31793
poststroke dementia; ischemic stroke inpatients; southern Taiwan; dementia frequency; clinical determinants, 8198
posttraumatic stress disorder; primary health care; routine medical examinations; trauma histories; depression symptoms; recognition rate; psychological distress; epidemiology; PTSD prevalence, 14375
posttraumatic stress disorder; PTSD; neurobiology; recall bias; diagnosis; malingering, 19516
prescriber intent; off-label usage; early discontinuation; antidepressants; patient diagnosis; antidepressant therapy; major depression, 23288

previously undiagnosed psychiatric disorders; developmental disabilities; self-injurious behavior; psychotropic drugs; treatment, 2230
primary progressive aphasia; language; diagnosis; clinical presentation; pathophysiology; neuropathology; nosology; symptoms, 5036
primitive reflexes; grasping; oral reflex; nucocephalic reflex; corneomandibular reflex; glabella tap reflexes; palmomental reflex; utilization behavior; diagnostic use, 21321
prostate cancer; cancer diagnosis; practice community; patient learning; emotional issues; cancer fear; mortality; quality of life; emotional responses; coping, 22883
psychiatric diagnosis; Strengths and Difficulties Questionnaire; clinician diagnosis; mental health service, 32236
psychiatric disorders; psychiatric evaluation; therapeutic context; treatment plan; diagnosis, 29626
psychiatric disorders; tinnitus patients; Internet; diagnostic tools; screening, 30433
psychopathic spectrum disorders; diagnostic categories; etiology, 31843
psychosocial factors; attention deficit hyperactivity disorder; ADHD; referral; diagnosis; drug therapy; medications, 11073
psychotic disorders; classification method; major mood disorders; psychotic inpatients; predictive validity; psychosis; diagnosis; depression, 4642
psychotic disorders; psychiatric symptoms; ability to stand trial; at risk population; legal ability; legal impairment; hallucinations; hostility; depression; diagnosis, 19731
psychotropic medications; psychiatric diagnosis; mental health system; youths, 29401
psychotropic treatment; perimenstrual psychosis; female adolescents, 4654
quality of life; obsessive-compulsive disorder; diagnosis; psychiatry; Danish OCD Association members, 28781
race; ethnicity; psychosis; first-rank psychotic symptoms; African Americans; gender; European Americans, 22525
Rapid Screen of Concussion; mild traumatic brain injury; diagnosis, 30471
revised Brief Patient Health Questionnaire; Brief PHQ-r; diagnosis; depression; panic disorder; somatoform disorder; primary healthcare settings, 18121
saline infusion; verbal suggestion; provocative test; nonepileptic attack; long-term outcome; patients; diagnosis; placebo effect; early intervention, 2322
schizophrenia; features; characteristics; diagnosis; disease course; treatment; medications; drugs; symptoms, 7867
schizophrenia; mood; cognition; schizoaffective disorder; affective symptomatology; diagnosis; mood-incongruent psychotic mania; mood-incongruent psychotic mixed-mania; symptomology, 16439
schizophrenia; motor abnormality; motor behavior; dyskinesia; age of first diagnosis; vulnerability; symptoms; demographic features; line drawing task; dyskinesia; extrapyramidal side effects, 28726
school counselors; psychotropic medication; school policy; psychiatric diagnoses, 36235
school refusal behavior; primary school; diagnoses, 12225
screening methods; marijuana; Marijuana Screening Inventory; legalization; use patterns; social policy; cannabis use; cultural factors; clinical factors; diagnosis, 19645
screening; post stroke depression; acute stroke; communication disorders; detection; psychiatrists; speech and language therapists, 28545
sexual sadism; sexual offenders; diagnosis, 34991
shizophrenia patients; personality: Temperament and Character Inventory; demographic factors; psychological health; diagnosis subtypes; functioning level; coherence; control; self esteem; treatment, 16396
social psychological correlates; cancer detection; passive detection; knowledge; self-efficacy; moral obligation; anticipated regret; social norm, 5559
sport psychology; exercise psychology; reliability; validity; employee selection; student achievement; emotional states; mental states; athletes; excersiers; diagnostic tools, 24043
structured diagnostic interviews; structured interviewing; psychiatric problems; clinical settings, 32296
substance use; smoking; substance use disorders; psychiatric disorders; mood disorders; disruptive behavior disorders; psychiatric hospitalization; adolescents, 7760
suffering; diagnosis; health personnel attitudes; research funding; post-traumatic stress syndrome; major depression; fundable diagnoses, 7755
suicidality; mixed mania; DSM-IV criteria; Cincinnati criteria; acute mania, 10764
suicide attempt; elderly; depression; diagnosis, 13720
sulfatide level; brain metabolism; biochemical marker; Alzheimer disease; AD; mild dementia; cerebrospinal fluid; (CSF); CSF sulfatide; phosphatidylinositol levels; AD diagnosis, 2297
symptom management; ovarian cancer patients; symptom experience; patient education; fertility changes; pre-diagnosis; post-diagnosis; The International Newsletter for Those Fighting Ovarian Cancer, 16695
telemedicine; telepsychiatry; dementia; screening; clinical examination; 7-Minute Screen; veterans; aged; residential care, 20550
theory of mind; schizophrenia; diagnostic subtypes; symptoms; neuropsychological variables, 10786
transient ischemic attack; TIA; public knowledge; diagnosis; US adults, 16720
traumatic events; psychological trauma; single construct application; conceptualization; posttraumatic stress disorder; describing responses; emotional responses; natural disasters; calamitous events, 13658
traumatic experiences; posttraumatic stress disorder; psychiatric symptoms; disgnostic criteria, 34906
traumatic experiences; posttraumatic stress disorder; psychiatric symptoms; disgnostic criteria, 34893
treatment utility; beneficial treatment; treatment outcome; psychological assessment; psychology, 6235
trichotillomania; assessment issues; diagnosis; treatment; etiology, 25524
vaginal discharge; sexually transmitted infections; diagnosis; treatment, 35202
vestibular evoked myogenic potentials; unilateral acoustic neuroma; patients; clicks; short tone burst; acoustic neuroma diagnosis, 8347
visual evoked potential; magnetic resonance imaging; optic nerve; optic neuritis, 32201

dialectic interplay; psychic positions; mindless violence; paranoid; schizoid depressive; primitive mental states; anxieties; Verdi opera; Rigoletto, 34880
dialectical behavior therapy; anger; violence; male forensic patients; treatment outcomes; high security hospital, 20195
dialectical behavior therapy; borderline personality disorder; mental health professional, 14089
dialectical behavioral therapy; attempted suicide; borderline personality disorder; drug therapy, 35444
neurosciences; body; mind; psychoanalysis; dialectic, 599
philosophy of psychology; philosophical paradigms; dialectic; integrated whole, 43
transpersonal dialogue; spiral-dynamic perspective; structural-hierarchical perspective; depth psychology; theory, 48

Dialysis [See Also Hemodialysis]—Serials
end stage renal disease; hemodialysis vs peritoneal dialysis patients; acute neuropsychological changes; treatment outcomes; biochemistry; cognitive functioning, 5424
quality of life; end-stage renal disease; older people; dialysis; renal failure patients; chronic renal failure, 23393

Diarrhea—Serials
child day care; infectious disease risk; diarrheal illness; upper respiratory infection, 26048
diarrhea; boys; girls; public facilities; mortality; childhood; parental discrimination; health care allocation; healthcare; health providers; health care provision bias, 23110
diarrhea; quality of life; HIV-infected patients; antiretroviral therapy, 29055
handwashing; promotion; diarrhea; prevalence; high-risk communities; children; soap; intervention, 26535

Diastolic Pressure—Serials
cardiac hypertrophy; diastolic function; obese men; patients, 7800
persistent ductus arteriosus; preterm infants; low birth weight; neonates; diastolic left ventricular function, 28058
preterm infants; diastolic left ventricular function; birth weight; signal expression, 28059

Diazepam—Serials
acute fluoxetine; chronic fluoxetine; diazepam; freezing behavior; escape behavior; electrical stimulation; periaqueductal gray matter, 18711
alcohol withdrawal treatment efficacy; alcohol withdrawal; intoxicated patients; tiapride; carbamazepine; clomethiazole; diazepam, 5692
amphetamine; dexfenfluramine; diazepam; dietary manipulations; stimuli; food; nonhuman primates; food intake, 18734
anticonvulsant activity; N-acetyl-1-aryl-6,7-dimethoxy-1,2,3,4-tetrahydroisoquinoline; mice; quinoxaline; benzodiazepines; seizure models; diazepam; GABAergic neurotransmission; NMDA-induced seizures, 12995
anxiolytic-like effects; rose oil inhalation; plus maze test; adult male rats; diazepam, 12985
classical conditioning; histamine; diazepam; stress; bronchial asthma; guinea pigs, 15758
diazepam; disinhibitory cognitive effects; executive tasks; neuropsychology; risk taking, 27875
diazepam; NK1 receptor antagonists; neurokinin receptors; anxiety-related behavior; novelty; substance P; anxiolytic-like effects; contingent punishment; conflict paradigms; Compound L, 745
diazepam; taste perception; risk-taking; consummatory behavior; health risk behavior, 18719
fluoxetine; diazepam; learning; predatory stress; recognition memory; mice, 9761
group housing conditions; stress-induced behaviors; rats; diazepam, 7258
hypolocomotor action; Diazepam; drug tolerance; rats; hippocampal synaptic plasticity; NMDA receptors, 766
intranasal midazolam; intravenous diazepam; acute seizures; pediatric emergency department; side effects; status epilepticus, 23266
lorazepam; visual information processing; visuo-perceptual impairments; diazepam; placebo; masking, 27889
rats; propericiazine; diazepam; dose-related effects; neuroleptic agent; anxiety; memory; animal models, 21817
status epilepticus; developmental disabilities; long-term care facility; total seizure time; treatment protocol; neuronal injury; intravenous access; diazepam rectal gel, 5420
substance P antagonist; conditioned fear inhibition; receptor antagonist; depression; anxiety; diazepam; gerbils; fluoxetine; venlafaxine; L-760735; foot drumming, 13068
tolune dependence; cross-sensitization; diazepam; locomotion; CNS depressants; mice; handling-induced convulsions; locomotor effects, 21924
visual cortex; cortical influences; neuronal activity; inverse agonist; cats; visual afferents; GABA; benzodiazepines, 21849

Dichoptic Stimulation—Serials
dichoptic presentation; right vs left visual hemifield; hemispheric asymmetry; word recognition; interocular interaction; performance, 579
dichoptic stimulus alternation; ayahuasca; binocular rivalry; hallucinogenic beverages, 27882
dichoptic suppression; intraocular color activation; interocular color activation; colour vision; retina, 6529
interocular motion; dichoptic moving stimuli; motion combination; optokinetic nystagmus; motion perception; monocular motions; eye movement, 12608
quantitative depth; monocular vision; da Vinci Stereopsis, 9577

Dichotic Stimulation—Serials
binaural interaction component; central auditory processing disorders; attention-deficit hyperactivity, 8335
dichotic listening performance; executive function; reading impairment; lateralization; attention; language disorders, 11089
ear advantage; focal epilepsy; size & localization of structural brain abnormality; lateralization of epileptogenic area; seizure characteristics; dichotic listening; children, 13965
magnitude; reliability; laterality effects; auditory word recognition; dichotic listening; emotional tone, 30883
octave illusion; auditory pathways; tone perception; pitch perception; semitone; diplacusis hypothesis., 15244
reliable laterality effects; dichotic listening task; word stimuli; emotional component, 21308

Dieldrin [See Insecticides]

Diencephalon [See Also Hypothalamus, Thalamus]—Serials
associative recognition; amnesic patients; medial temporal lobe; associative memory; diencephalon; word pair association, 5002
Parkinson's disease; transcranial magnetic stimulation; subthalamic nucleus stimulation; motor evoked potentials; silent period; dopaminergic medication; extensor carpi radialis; flexor carpi radialis, 17177
thiamine deficiency; age; diencephaic damage; increased recovery period; spatial memory impairment; medial thalamic lesions; rats; animal model of Wernicke-Korsakoff Syndrome, 9876

Dietary Restraint—Serials
anxiety reduction; anxiety; restricted feeding; rats; eating disorders; locomotor activity, 24615
attentional myopia model; behavioral control; food consumption; chronic dieters; restrained eaters; thought reporting; cues, 13485
body weight; body shape; physical attractiveness ratings; female line drawings; restrained eaters; nonrestrained eaters, 31568
bulimia nervosa; dietary subtypes; dietary-depressive subtypes; symptoms; social impairment; comorbidity; course; eating pathology; response; treatment seeking; concurrent & predictive validity; women, 1737
caloric restriction for longevity; eating disorder; semi-starvation; biogerontology; self-deprivation, 35154
caloric restriction; folate; Alzheimers Disease; Parkinson Disease; high-calorie diets; homocysteine levels; neuronal damage; neurons; oxidative stress; neurodegenerative disorders, 5032
cardiac rehabilitation patients; dietary fat reduction; fruit intake; vegetable intake; fat reduction behavior; nutrition education, 11708
decisional balance; self-efficacy; dietary fat consumption; dietary fat reduction; physical exercise; weight management; dietary fat consumption; interventions, 17213
dietary restraint patterns; cognitive-behavioral therapy; bulimia nervosa; Eating Disorders Examination Restraint subscale; Three-Factor Eating Questionnaire Cognitive Restraint scale, 24183
dietary restraint scales; acute dietary restriction; bulimic pathology; onset prediction; eating disturbance; scales validity; caloric intake; measure validity; inverse correlation, 12493
dietary restraint; food; salivary reactivity; salivation; dietary control; overeating; cue reactivity; hunger; eating behavior, 21748
forbidden food; unrestrained eaters; normal-weight women; restrained eaters; eating behavior, 10615
perceived deprivation; preoccupation with food; actual caloric intake; fat intake; dieting; adult women, 16567
restrained eaters; unrestrained eaters; olfactory food cues; craving; food consumption; eating desire, 3843
risk expert systems interventions; smoking cessation; dietary change; sun protection; parents; multiple behavior changes, 35701
self-reported weight; perceptual biases; motivated distortions; estimation accuracy; motivated-distortion hypothesis, 25392
socioeconomic gradient; body size; obesity; women: dietary restraint; hunger; psychological eating behaviour; disinhibition, 28946
subtyping; female adolescent psychiatric inpatients; eating disorders; dietary restraint; dietary-negative affect subtype; binge eating; body image dissatisfaction; personality disturbance, 16560
tryptophan; females; dieting; brain; serotonin; neuroendocrine responses; nutritional source; prolactin responses, 7147
unrestrained eaters; self-esteem; mood; body image; restrained eaters; thin-body media images; exposure duration, 22347
weight loss; musculoskeletal pain; perceived disability; functional limitations; obese women; dieting, 28952
working memory; visuospatial processing; food cravings; dieting, 26530

Dietary Restraint—Chapters
The self-regulation of eating: Theoretical and practical problems, 12964

Dietary Supplements—Serials
anorexia nervosa; ethyl-eicosapentaenoate; micronutrients; severity, 35505
chromium picolinate; peripheral amino acid availability; brain monoamine function; rats, 3897
dietary supplement; label information; health behavior; product safety; health care choices; consumer education, 35692
dietary supplement; use; medical conditions; adults; vitamin; mineral supplements; chronic disease; risk factors; medical conditions; health professionals; self medication behavior, 5503
drug tests; nutritional supplements; anabolic steroids; banned drugs; athletes; cheating, 33316
herbal influence; normal volunteers; ginkgo biloba; neurocognitive effects; cytochrome activity; dietary supplement; dosage; metabolic ratios; plasma samples, 7226
long-term care facility; protein levels; medication pass supplement program; prealbumin measures; body weight; elderly; disabled; meal intake; nutrient dense supplement; nursing protocol, 8812
memory-enhancing effects; Ginseng; Ginkgo biloba; herbal remedies; learning, 21894
nutritional supplements; fluoxetine; anorexia nervosa; underweight anorexia nervosa patients; treatment efficacy, 11465
nutritional supplements; mineral supplements; sports drinks; health educators; high protein milk supplements; perceived health benefits; potential risk; adolescents, 23458
oral supplementation effect; catch up growth; picky eater behavior; growth faltering evidence; nutrition counseling; nutritional supplement, 5367
pregnancy vitamin supplementation; pregnancy mineral supplementation; pregnancy planning; pregnancy timing, 1115
psychiatric sequelae; substance dependence; dietary supplement; ephedrine; alkaloid, 5314
psychiatric symptoms; mood disturbance; psychiatric disorders; nutrient supplement; behavioral problems, 23252
social cognitive predictors; creatine use; non-use; male undergraduates; recreational resistance training; self efficacy; outcome expectancies, 27142
soy isoflavones; dietary supplements; genistein; daidzein; phytoestrogens; serum lipids; bone metabolism; cognition; lipid metabolism; osteoblasts; osteoclasts; bone markers; bone mineral density, 21833
soy phytoestrogen dietary supplement; estrogen receptor modulator; tamoxifen; sexual behavior; female rats; preceptive behavior; receptive behavior; estrogen; progesterone, 21794
vitamin D supplementation; infancy; schizophrenia; risk factors; dietary supplementation, 22551

Diets—Serials
4th grade children; school breakfast; school lunch; dietary recalls; reverse order reporting; forward order reporting; Blacks; Whites, 10167
7-OH-DPAT; food intake; food preferences; standard rodent chow; high fat diet; food intake regimen; dopamine-3 receptor; dopamine agonists; rats, 7230
active avoidance learning; ethanol diets; liquid diets; rats; water; sucrose; learning ability, 21830
adequate nutrient intake; cardiovascular disease; African Americans; ethical group; racial group; diet quality; diatery patterns; hypertension; insulin resistance syndrome; obesity, 23462
aggressive behavior; affiliative behavior; adult male cynomolgus macaques; soy protein; isoflavones; food consumption; social behavior, 21799

alpha-lactalbumin enriched diet; serotonin release; rewarding effects; anxiolytic-like effect; medial hypothalamus; sucrose consumption; behavioural tests; rats, 9870
alpha-lactalbumin; regular diet; brain serotonin; food intake; mood; tryptophan; plasma ratio; amino acids; appetite, 27856
amino acids; dietary intake; depressed mood; low mood; depressive disorder, 1421
angina; dietary advice; food consumption; fruits; vegetables; fatty fish; diet, 35243
at risk population; nutrition education; childhood obesity; nutrition program; health problem; dietary intake; toddlers; caregiver attitude; knowledge level; low income; rural environment, 23432
body dissatisfaction; adolescent; gender differences; age differences; dieting, 4128
body image; self-esteem scores; eating disorder; dieting; beauty pageant contestants; pageant participation; competition; surveys, 4810
body mass index; Japanese women; eating rate; dietary fibre intake; macronutrient, 8689
body weight loss; phentermine; fenfluramine; calorie diet; outpatient obesity center, 11822
brain docosahexaenoic acid; animal development; dopamine-related behavior; rats; dietary remediation, 24823
celiac disease; illness behavior; patients; personality; treatment; dietary recommendation, 28992
childhood overweight; Hong Kong children, 8087
childrens ketogenic diet; autistic behaviour; epileptic seizures; haloperidol; drug treatment, 5376
chylothorax; peripheral parenteral nutrition; chyle leak; neck dissection, 35204
cigarette smoking onset; college students; dieting concerns; mood problems; alcohol related problems; binge drinking; females; health behavior, 31455
computer-based intervention; nutritional counseling; health promotion; fruits consumption; vegetables consumption; dietary intervention; fat intake, 11743
conditioned taste aversion; golden hamsters; lithium chloride; conditioned stimulus preexposure; learned safety, 6672
counseling; healthy diet; adults; patients; primary care settings; health outcomes, 5499
depression of food intake; high-protein diet; rats; food intake; preingestive factors, 24744
diet change; physical activity; body weight; self efficacy; alcohol consumption; life transitions; females; college freshmen; relocation; diet quality, 35664
diet palatability; macronutrient composition; food intake; high-fat diet; high-carbohydrate diet; rats, 7110
diet salinity; vasopressin; reproduction modulators; desert-dwelling golden spiny mouse; water shortage; reproductive season, 27676
diet; cognitive performance; sleepiness; high carbohydrate diet; high fat diet, 15176
dietary behaviors; vending machines; school-based programs; adolescents; school lunch; school food environment; fried potatoes, 2699
dietary change; patient readiness; transtheoretical model; diabetes; dietary counseling, 5590
dietary cholate; antiatherogenic effects; ethanol comsumption; cardiovascular events; atherosclerosis; mouse models; ethanol, 9977
dietary fat consumption; readiness to change; ethnocultural association; midlife African American women, 26523
dietary fatty acids; behavioral depression; bacterial lipopolysaccharide; cytokines; arachidonate metabolites; mice, 27955
dietary habits; smoking habits; cardiovascular risk; schizophrenic patients; community-dwelling people; weight; exercise; coronary heart disease, 31771
dietary intake assessment; risk factors; late life disability; epidemiological study; older populations; food consumption; macro nutrient; micro nutrients; nutrition, 13269
dietary intake; eating behavior; physical activity; rural communities; body mass index levels; BMI; body mass index; lifestyle variables, 17240
dietary patterns; socioeconomic differences; biological risk factors; socioeconomic status; diet; middle aged individuals; gender, 23451
dietary profile; activity profiles; ethnically diverse population; health behavior; diet; physical activity; poor nutrition; nutrition management; health promotion, 8677
dieting; working memory; preoccupying cognitions; impaired cognitive function, 24517
diets; advertisements; weight stigma; before and after; obesity; stereotype, 13463
economic theory; time preference; health; diet choice, 20511
elderly women; daily energy intake; disabled elderly; disabled women; food consumption; meals; snack; energy consumption; meal energy content, 13268
energy density; portion size; food intake; energy intake; gastric distention, 30928
estrogen receptor-beta; neurohypophysial hormonal function; soya isoflavone; fluid balance; functional interaction; neuroanatomical localization; ingestion; excretion; weight; vasopressin; oxytocin, 7094
ethanol; liquid diets; mice; GABA type A receptors; alpha subunit; beta subunit; saccharin; quinine; conditioned place preference; conditioned taste aversion; motor activity; handling-induced seizures, 3580
family roles; low- and moderate-income urban households; workloads; job status; lack of control; diets; health promotion; food choices, 4201
food deprivation; sleep restoration; sleep recovery; tryptophan; dietary proteins; rat; lactalbumin; neurotransmitters, 30931
food photographs; food portion sizes; dietary intake; memory; recall; adults; children; portion size estimation, 5390
food preferences; fruits; vegetables; energy density; high energy food; children preferences; diet, 4134
gender differences; food choice; health beliefs; dieting, 20442
health behavior; diet; physical activity; childhood development; sex differences; Interaction Model of Client Health Behavior; parental health characteristics, 29554
health-related quality of life; behavior modification; weight loss; obese outpatients; low energy diet; psychosocial problems, 13833
health-related quality of life; diabetes dietary satisfaction and outcomes measure; type 2 diabetes; individual experiences; dietary lifestyle changes, 24289
health-related quality of life; obesity; dietary controls; exercise; mental health, 14327
High 5 Low Fat Program; African American parents; dietary behavior; teachers program; dietary patterns; parental modeling; health education, 8669
high-fat diet; adiposity; mice; dopamine receptor gene; body weight; food intake regulation; body fat, 30823
implementation intentions; dietary fat intake reduction; low-fat diet; fat energy, 20496
instrument development; focus groups; vegetable behaviors; fruit intake; themes; transtheoretical model behavior change; older adults, 2347
intraventricular insulin; leptin; conditioned place preference; high-fat diet; rats; food reward value; conditioned place preference, 21831
ketogenic diet; early anticonvulsant reduction; late anticonvulsant reduction; seizures, 35683
lean families; overweight families; food consumption; energy content; fat content; supermarket shoppers; food purchased, 14840
lifespan approach; women; appearance concern; body control; exercise; food regulation, 22345
lone mothers; nutrition; children feeding; food insecurity; diet; single mothers, 16173
loss outcomes; weight management program; insurance reimbursement; short-term; weight control, 8676
low-nutrient-density foods; US children; lifestyle characteristics; food consumption; US adolescents, 13153
major depressive disorder; omega-3 polyunsaturated fatty acids; eicosapentaenoic acid; docosahexaenoic acid; dietary intake; symptoms; major depression, 20401
melatonin secretion; total food intake; macronutrient selection; phase shift; carbohydrates; proteins; melatonin dose; gender; diet; rats, 3813
nucleus accumbens; opioid peptides; forebrain; reward related behavior; apetite; food intake; rats; high fat diet; brain network, 21512
nutrition intervention; supplemental nutrition program; low-income women; dietary risk factors; calories from fat; fruit intake; vegetable intake; fiber intake, 14328
nutrition knowledge; cardiovascular disease risk; nutrition education; dietary behaviors; healthy nutrition practices; health beliefs, 8655
nutritional adequacy; prison; male prisoners; kitchen menu; vitamin content; food choices; young offenders, 4752
nutritional practices; exercise behavior; exercise habits; Air Force men; group fitness treatment; positive diet adoption; body weight; body fat, 5511
personality; dietary attitudes; dietary knowledge; dietary behavior; Scottish adolescents; gender differences; socioeconomic status, 7361
physical activity; fat intake; middle school students; environmental interventions; nutrition interventions; low-fat foods; classroom health education; social marketing interventions, 5502
polyunsaturated fatty acids; seizure control; cortisol levels; ketogenic diet; epileptic children; metabolites; beta-hydroxybutyrate; blood serum, 13942
public health problem; childhood obesity; total food consumption; Bogalusa Heart Study; eating patterns; overweight status; dietary recall; body mass index, 1734
purchased eating food; body mass index; dietary records, 28963
qualitative research; dietitians; language, 3274
salt intake; sodium depletion; serotonin receptor stimulation; rats, 7162
schizophrenia out patients; general population; nutritional assessment; nutritional variables; nutrition; caloric intake; diet; 24-hour diet recall; schizophrenia; body mass index, 1503
sensory-specific satiety; food intake; human appetite regulation; energy content; food sensory properties; macronutrients; flavor combinations; chemesthetic sensation; dietary habits; weight control, 12585
stages of change; fruit intake; vegetable intake; young adults; demographic information; cigarette smoking; alcohol consumption; food frequency; self-efficacy; decisions, 14334
synaptic plasticity; arachidonic acid diet; aged rats, 7217
threonine; imbalanced diet; first-meal microstructure; feeding behavior; amino acid; food intake; rats, 21756
UPSTF; U.S. Preventive Services Task Force; task force recommendations; behavioral counseling; primary care patients; healthy diet promotion; patient dietary behavior; counseling efficacy, 5510
veganism; status passage; vegan; youth; adolescents; conformed vegan; organized vegan; individualistic vegan, 4138
weight loss intervention; body composition; obese adolescents; physical activity; diet, 29414
weight loss maintenance; long-term weight loss; diet regimen, 29522
WHO/FAO report; diet; nutrition; prevention of chronic disease; lifestyle; dietitians, 5473
women's magazines; healthy eating; diet; food; media; contemporary society, 29538

Diets—Chapters

Diet and social organization of a free-ranging spider monkey population: The development of species-typical behavior in the absence of adults, 3554
Dieting as an exercise in behavioral economics, 15313
The self-regulation of eating: Theoretical and practical problems, 12964

Differential Diagnosis—Serials

amafufunyana; ukuthwasa; cultural explanatory models; traditional healers; family history; schizophrenia symptoms; diagnosis; Zhosa patients, 28732
Aspergers syndrome; attention-deficit hyperactivity disorder; differential diagnosis; nonverbal learning disability, 28572
body dysmorphic disorder; anorexia nervosa; disturbed body image; differential diagnosis; comorbidity, 22407
borderline personality disorder; taxonomy; taxometric procedures; normal personality, 7957
Cognitive Testing Battery; concurrent validity; Huntington's disease; cognitive profile; dementia; depression; differentiation, 6299
corpus callosum; frontotemporal dementia; Alzheimer's disease; age differences; atrophy pattern, 32155
Crohn's disease; anorexia nervosa; dual diagnosis, 10642
diagnosis accuracy; epilepsy diagnosis; epileptic seizures; paroxysmal events; diagnostic validity; children; single seizure, 14008
diagnosis; Asperger's syndrome; index episode of mania; adult male, 20318
diagnosis; Asperger's syndrome; index episode of mania; adult male, 20368
Diagnostic and Statistical Manual of Mental Disorders, 4th ed; DSM-IV; chronic depression; taxonomy; major depression; double depression; recurrent major depression with antecedent dysthymia, 6308
diagnostic issues; bipolar disorder; bipolar I disorder; bipolar II disorder; recurrent depression; hypomania; mania; differential diagnosis, 19355
dissociative symptoms; conversion disorder; somatization disorder; dissociative disorders; differentiation, 19860
executive dysfunction; primary care; differential diagnosis; fatigue, 8630
first-episode psychosis; schizophrenia; early diagnosis; symptoms; premorbid adjustment; lateral dominance; schizophreniform disorder; demographics; quality of life, 22539
functional imaging; Parkinson disease; dementia with Lewy bodies; cerebral function; differential diagnosis, 35268
globus hystericus; conversion disorder; differential diagnosis; psychological conflict; conversion disorder; esophagus, 13864
intellectual disabilities; differential diagnosis; autism; schizophrenia; psychosocial interventions, 25945
juvenile mania; hypomania; clinical phenotypes; bipolar disorder; differential diagnosis; symptoms; subtypes, 10771
juvenile mania; hypomania; clinical phenotypes; bipolar disorder; differential diagnosis; symptoms, 10737
juvenile mania; hypomania; clinical phenotypes; bipolar disorder; differential diagnosis; symptoms, 10767
laboratory diagnosis; anaemia causes; elderly anaemia; diagnostic efficacy; anaemia; differential diagnosis, 29007
lateralization; neuroimaging; frontotemporal lobar degeneration; Alzheimers disease; dementia; differential diagnosis, 32170

long-term care institutions; functional disability; acute-care hospitals; delirium; dementia; mental disorder; elderly patients; psychiatric illnesses; etiology; diagnosis; treatment programs, 10284
mild cognitive impairment; dementia of Alzheimer's type; differential diagnosis; Rey Auditory Verbal Learning Test; subjective memory complaints; neuropsychological marker; normal aging, 19973
Minnesota Multiphasic Personality Inventory-2; Goldberg's index; differential diagnosis; bipolar disorder; depression; psychosis, 9390
MMPI; MMPI-2; Minnesota Multiphasic Personality Inventory; epileptic seizures; psychogenic non-epileptic seizures; differential diagnosis; decision rules, 4983
MRI pattern; temporal brain atrophy; fronto-temporal dementia; Alzheimer's disease; frontal brain atrophy; differential diagnosis, 4971
neuropsychological tests; mild cognitive impairment; vascular cognitive impairment; Alzheimer's disease; differential diagnosis; test validity; dementia, 24288
neuropsychological tests; mild cognitive impairment; vascular cognitive impairment; Alzheimer's disease; differential diagnosis; test validity; dementia, 188
obsessive-compulsive symptoms; borderline personality disorder; obsessive-compulsive disorder; differential diagnosis, 19299
parkinson's disease; clinical manifestations; parkinsonism; diagnosis; prognosis; akinetic-rigid syndromes; patients; movement disorder, 13954
patient case history; differential diagnosis; paresthesiae; weakness; multiple sclerosis, 32108
platelet serotonergic markers; psychopathological scales; diagnostic screening; psychotic disorder; depressive disorder; differential diagnosis; psychiatric disorders, 10719
prodromal Alzheimer disease; MRI volume; memory impairment; group differences; SPECT activity concentration, 8240
proton magnetic resonance spectroscopy; band heterotopia; cortical developmental malformations; cortical dysplasia; biochemical properties, 16802
psychiatric disorders; neurologic disease; neurology clinic referrals; prevalence; impact; symptom explanation, 31662
psychiatric illnesses; differential diagnosis; eating disorder; screening, 13550
psychotic patient evaluation; children; adolescents; differential diagnosis; clinical presentation; psychotic thought processes; assessment; treatment; differential diagnosis; psychotic disorders, 4573
rapid cycling; potential differences; ultrarapid cycling; bipolar disorder; episode duration; cycling patterns; single episode; mood disorders, 1448
rapid eye movement; sleep behavior disorder; parasomnia; dementia with Lewy bodies; Parkinson disease; differential diagnosis; management strategies; pathophysiology; comorbidity, 35259
schizoaffective disorder; nosologic boundaries; schizophrenia; bipolar disorder; diagnostic categories; DSM-IV, 28581
serum prolactin levels; nonepileptic seizures; epileptic seizures; differential diagnosis, 35325
Somatic Inkblot Series-I indices; schizophrenic patients; manic patients; psychiatric population, 30450
subcortical ischemic vascular dementia; regional pattern; N-acetylaspartate loss; subcortical vascular disease; Alzheimer disease; differential diagnosis, 8306
transpersonal diagnosis; differential diagnosis; transpersonal experiences; psychotic states; psychosis; transcendence; assessment; treatment; psychiatric diagnosis; self-assessment, 2085
voice disorders; communication disorders; dysphonia; common causes; evaluation; diagnosis; anatomic pathology; hearing assessment; therapy; surgical intervention; team effort, 22781
ziprasidone; neuroleptic malignant syndrome; Parkinsons disease; diagnosis; drug therapy; drug side effects, 23378

Differential Diagnosis—Books
Practitioner's guide to symptom base rates in clinical neuropsychology, 10689

Differential Diagnosis—Chapters
Advances in early diagnosis and differentiation of the dementias, 16861
Anxiety disorders, 1543
A consultation-liaison psychiatry approach to disaster/terrorism victim assessment and management, 1967
Diagnostic efficiency of neuropsychological test scores for discriminating boys with and without attention deficit-hyperactivity disorder, 197
Differential diagnosis in medical assessment, 16662
Mood disorders, 1459
Neurocognitive assessment, 16648
Older adults, 1959
Schizophrenia, 1968
Toward a developmental operational definition of autism, 182

Differential Limen [See Thresholds]

Differential Personality Inventory [See Nonprojective Personality Measures]

Differential Reinforcement—Serials
alcohol abuse; reward intervention; intoxication; college students; blood alcohol concentration; differential reinforcement; university parties, 13738
differential acquisition; food-reinforced disk pressing; learning behavior; mice; food-hopper training; disk-baiting; pre-food basal rates, 24576
differential outcomes effect; discriminative learning; symbolic conditional discrimination task; children & adults with Down syndrome, 1722
differential reinforcement of alternative behavior; reinforcer thinning; caregivers; reinforcer delivery; autism, 32330
differential reinforcement of incompatible behavior; maladaptive behaviors; nursing home resident; theft; prostitution, 20602
differential reinforcement; DRO schedules; disruptive behavior; preschool children; token reinforcement, 5923
differential reinforcement; parental assessment; functional analysis; food acceptance; autism; demand fading; differential reinforcement; escape extinction; food selectivity, 2055
differential reinforcement; self-reports; schedule performances; interresponse time, 33670
food acceptance; food refusal; escape contingency; negative reinforcement; token-based differential reinforcement, 2049
noncontingent reinforcement; differential reinforcement; multiply controlled problem behavior, 8442
saccharin deprivation; depression-like effects; rats; forced swim test; intracranial self-stimulation; drug withdrawal; differential reinforcement; reinforcement rate, 787
schedule control; self-injury; dropping to floor; aggression; automatic reinforcement; differential reinforcement, 8440

Difficulty Level (Test)—Serials
pre-clerkship examination; medical education; postgraduate medical students; medical practice; curriculum evaluation; educational quality; question rating; question difficulty, 23689
test anxiety; perceived stress; psychoneuroendocrinology; academic examinations; research; experimental design; test difficulty; repeated measures; terminology; within subjects, 6459

Digestive System Disorders [See Also Cystic Fibrosis, Gastrointestinal Disorders, Liver Disorders]—Serials
mood disorders; recurrent brief depression; celiac disease; risk factors, 7738
mother's decision; gastrostomy tube insertion; social pressure; children, 8620

Digit Span Testing—Serials
malingering; Wechsler Adult Intelligence Scale-III; symptom exaggeration; alcohol abuse; polysubstance abuse; head injuries; Vocabulary minus Digit Span, 33556
mathematics skills; dyslexia; language comprehension skills; digit span performance; children, 13809
working memory; span tasks; age differences; forward span; backward span, 28074

Digital Computers—Serials
conceptual framework; digital literacy; survival skills; cognitive skills; motor skills; sociological skills; emotional skills, 29973
digital technology; business education teachers; personal computer; computer graphics; evaluation; software use; digital cameras, 20815
personal digital assistant; portal; knowledge sources; wireless setting; wireless networks; handheld devices; internet; physicians; personal information management; static medical applications, 7344
pre-service teachers; elementary school classroom; mathematics; calculators; Heideggerian perspective, 17610

Digits (Mathematics) [See Numbers (Numerals)]

Dihydroxyphenylacetic Acid—Serials
dopamine; dihydroxyphenylacetic acid; DOPAC; paraventricular nucleus; hypothalamus; erectile function; copulatory behavior; receptive female; male rats, 21637

Dihydroxytryptamine—Serials
hypothalamus; hypothalamus; raphe nucleus; puberty onset; raphe nuclei; 5,6-dihydroxytryptamine; neurotransmitters; neuronal activity; serotoninergic systems; ovulation; rats, 3684
impulsivity; central nervous system; Pavlovian tasks; 5-HT depletion; rats; dihydroxytryptamine, 27957

Dilantin [See Diphenylhydantoin]

Dilation (Pupil) [See Pupil Dilation]

Diphenhydramine—Serials
driving ability; levocetirizine; diphenhydramine, 10055

Diphenylhydantoin—Serials
chicks; diphenylhydantoin; passive avoidance learning; memory facilitation, 27870

Diphenylhydantoin Sodium [See Diphenylhydantoin]

Directed Discussion Method—Serials
explicit reflective inquiry; instructional approach; implicit approach; 6th grade students; science understanding, 5847

Directed Reverie Therapy [See Guided Imagery]

Direction Perception—Serials
auditory motion signals; visual motion signals; object speed; object direction; signal integration; motion detection; audiovisual integration; threshold, 6486
auditory-visual motion signals; virtual movement; moving target; visual performance, 33659
body-based senses; direction knowledge; large-scale environments; inertial cues; active movement; spatial knowledge acquisition, 21258
direction perception; self motion; postnatal development; perceptual processes; locomotor experience; optic flow patterns; spatial abilities; infant development, 13181
direction repulsion; motion processing; direction difference; directionally tuned motion detectors; superimposed dots; global motion interactions; mixed speed distractor; inhibitory interaction, 15192
direction-specific bimodal facilitation; audiovisual motion detection; audiovisual perceptual interactions; motion perception, 21261
directional motion processing; cortical function; global processing; motion based segmentation; motion in complex tasks; optokinetic nystagmus; developmental disorders; dorsal stream vulnerability, 4096
entorhinal cortex lesions; rats; place navigation; proximal landmarks; distal landmarks, 34053
gender differences; map reading; directions; navigation strategy; visual scanning, 6584
head movement image; image processing; HMI-controlled computer mouse; spinal cord injury; disabled people; microprocessor technology; mouse cursor direction, 6144
hippocampus; medial caudate nucleus lesions; memory; direction information; rats; delayed matching-to-sample task, 21568
image motion; direction-selective retinal ganglion cells; inhibition projecting; starburst amacrine cells; direction selectivity, 6994
infant perception; infant vision; directional alignment; texture elements; pictorial depth cues, 918
lateral intraparietal area; apparent motion stimulus; medial superior temporal area; neuronal responses; parietal neurons; motion stimulus; monkeys; parietal activity; ambiguous apparent motion, 15602
lateral intraparietal area; LIP; motion perception; motion direction; neural activity; motion analysis; monkey brain, 15534
line orientation matching; line movement; line perception; movement perception; errors, 336
linear optical trajectory; outfielders; balls; cues; running; downward optical curvature, 3330
motion reversal detection; rotation simulations; pixel motions, 30619
multilevel simulated environment; vertical asymmetry; spatial memory; direction judgments, 33884
optical maps; spatial orientation; direction perception; visual cortex; cats, 21701
perceived direction; moving stimuli; static orientation; motion perception, 9575
perceived motion direction; global motion; glass pattern sequences; dipole orientation, 27467
plaids; coherency; transparency; global motion direction; oblique directions, 27456
response time; projective spatial terms; spatial relation; orientation; direction; origin; distance; spatial template, 33651
self-motion perception; attentional modulation; relative depth; direction perception; visual stimuli, 3322
sensory cues; whole-body rotations; passive transport; egocentric spatial updating; spatial orientation; rotative robot; active movements; blindfolded, 12573
spatial distortions; processing latencies; onset repulsion; motion direction; Frohlich illusion; target velocities, 27459
spatial learning; complete physical map; partial maps; spatial knowledge; mental representations; mental maps; text; direction perception, 33843

Disabilities [See Also Developmental Disabilities, Learning Disabilities, Multiple Disabilities, Reading Disabilities]—Serials
postsecondary institutions; assistive technology; disabled students; academic success; equal electronic access; electronic architectural modifications, 36230
rehabilitation counseling services; service utilization; disabled people; mental health services; vocational rehabilitation; Asian Americans, 35847

adolescents with disabilities; peer relationships; adult relationshis; restricted mobility; adolescent perceptions; social roles; future outlook, 11172
alternative medicine; mobility limitations; severity; disabilities; CAM; physical functioning; spiritual healing; prayer; health care, 2271
Americans with Disabilities Act; ADA; Ella Williams; Toyota; disability determination; disabled claimants, 9300
Asian Americans; person-centered planning; cultural values; families; children with disabilities, 17289
assistive technology; special education; literacy development; special needs; early intervention strategies; disabled students, 27001
at risk population; recruitment strategies; exercise; physical disability; study participants; exercise programs; elderly adults, 6443
back pain sufferers; sick role benefits; health care; health professionals; disabilities; pain reality; clinical characteristics; sickness behavior; illness experiences; attitudes, 11153
barriers to health promotion; multiple sclerosis; postpolio syndrome; health perception; polio, 29502
California Public Employees Retirement System; linking participants; disability; community-based health coaching; disability-prevention strategies; chronic illness; fitness; patient education, 23431
CD-ROM audio textbook; organizational strategy; history classes; academic performance; secondary-level content acquisition; secondary students, 2830
charter elementary school; school inclusion; disabilities; curriculum; special education, 36210
child welfare referrals; disabled children; early intervention; interagency coordination; Part C services; child welfare services; enrollment; Individuals with Disabilities Education Act, 35807
children's lives; developmental delay; developmental disabilities; reproduction domain; parenting; disabled children; women's experience; acquiring new knowledge; United States, 19755
chronic conditions; health risk behaviors; disabled women; functional limitations, 29529
chronic fatigue syndrome; illness perceptions; disability levels; rheumatoid arthritis, 1786
chronic fatigue syndrome; social isolation; cognitive impairment; neuropsychological problems; daily activities, 19837
chronic pain; physical activity; treatment program; excessive fears; pain; work-specific fears; injury; disability, 13882
cognitive processes; neuropsychology; intelligence; disabilities; PASS theory; Luria, 12634
cognitive restructuring intervention; psychosocial interventions; chronic pain treatment; disabled persons, 32218
communication disabilities; developmental delay; International Classification of Functioning, Disability and Health; disability measurement; children; disabled children; disabled youth, 8107
complex health care needs; healthcare services; health promotion; disability; degenerative diseases; hospices, 26561
complex healthcare needs; disabled chidren; palliative care; social care; community services; education; healthcare services; healthcare delivery, 26590
cooperation; collaboration; disabled students; state services; transition from school to adult life, 20877
coping responses; chronic illness; daily life stressors; disabled sibling; stressful situations; everyday life, 18953
depressive disorders; public health; social factors; economic loss; suffering; disability, 34846
development phase; spoken messages; personal care; body movement; hearing; seeing; speaking; mobility; gripping; international comparability, 67
disabilities; physical explanations; biological explanations; social-psychological explanations; childrens understanding; physical disability; blindness; ADHD; learning disability, 31186
disabilities; students; assessment programs; school reform; policy; curriculum; instruction, 2831
disability advocacy organizations; disabled persons; advocacy participation; disabilities, 16363
disability concept; ethical analysis; society theories, 28578
disability onset; household composition; elderly men; widowhood; living alone; family, 28152
disability theory; reductive conceptions of disability; habitus concept; disabled people; social inequalities; corporeal identities; bodies; Bordieu; symbolic violence, 16593
disability; dependence; old age; fear; dependence; Canada; social constructions; attitudes towards disability; reconceptualizing disability; human experience; elderly patient treatment, 16067
disability; economic well-being; old age; retirement, 16065
disability; rehabilitation; paradigms; theoretical frameworks, 22413
disability; rehabilitation; paradigms; theoretical frameworks, 22421
disabled child; healthcare needs; social services; social support; child care; healthcare services; hospital discharge; caregiver burden, 26570
disabled child; healthcare needs; social services; social support; child care; healthcare services; hospital discharge; caregiver burden, 26591
disabled children; lesson plan; disabilities, 29976
disabled individuals; health care system; health services; rehabilitative care; access barriers; consumer perspective; primary care; specialist care, 17323
disabled persons; employment support; disability benefits; paid employment; public services; users' perceptions; attitudes; service delivery; service providers; government; Personal Advisor Service, 11833
disabled students; Australian schools; disability identification; disability definition; trends, 30077
disabled students; postsecondary settings; public school systems; college access; employment training; community activities; college activities; service availability, 19277
disablement process; intellectual flexibility; everyday cognitive tasks; fatalism; self-confidence; older adults; illness; followup, 1755
disabling conditions; chronic conditions; ancillary services; social services; enabling services; health services; education services, 11757
early intervention; family involvement; disabled children; parent educators; role perceptions, 23929
educational environment; severely handicapped students; peer relation; school facilities; educational service delivery models; school integration; transportation, 36213
educational environment; severely handicapped students; peer relations; school facilities; educational service delivery models; school integration; transportation, 36206
environmental factors; disability; chronic health conditions; International Classification of Diseases & Related Health Problems & Functioning & Disability & Health; ICD-10; ICF; school aged children, 9463
ethics; psychopharmacology research; decisionally impaired subjects; informed consent; mentally disabled; vulnerable populations; mental disorders; protections; Institutional Review Board, 12076
European Year of People with Disabilities; awareness of disabilities; information technology; accessibility; design; coping strategies; individual needs; software design; World Wide Web; special needs, 4023
fatal beating; Ricky Whistnant; intellectual disabilities; self-advocacy organization; attitudes toward disabled, 28565
functional disability; major depression; temporal relationships; recovery; general population; epidemiology, 31753
functional disability; Zuni Indians; American Indian elderly; activities of daily living, 28559
functional multisystem resource; children; complex needs; family; disabilities; community mental health services, 17296
grassroots promotion; community health; human rights; disabled individuals; needs; support; Slovak Republic; chronic illness; quality of life; postcommunism; advocacy, 5608
hard of hearing youth; deaf youth; life satisfaction; disabled youth; life quality; residential schools; day school programs; environmental settings, 29202
head oriented wheelchair operation; disabled people, 16353
health advice; disabilities; adult care; adult services; portfolios efficacy; health needs, 26630
health care needs; medical care; children disablities; palliative care services; community care; life quality, 26566
health care use; cultural influences; special health care needs; unmet needs; providers expectations; disabled children, 29613
health care utilization; veterans affairs; posttraumatic stress disorder; MMPI-2 validity; disability awards; compensation and pension evaluation, 27143
health promotion program; health benefit cost outcomes; health behavior; health care costs; workers compensation; disability, 36291
health status; disablement experience; International Classification of Functioning Disability and Health; stuttering; International Classification of Impairments Disabilities and Handicaps; revision, 16579
homeless veterans; health status; homeless nonveterans; health perception; disability, 28561
individual change; support; chronically impaired older adults; friendship; family; social support networks; sociodemographics; rehabilitation use; age-related vision loss; education; prediction, 7761
individualized instruction; preschool teachers; preschoolers; teacher planning time; disabled children; classroom activities; special needs, 5826
Inflicted traumatic brain injury (ITBI); shaken baby syndrome, 8274
intellectual disabilities; medical care; demographic changes; mental health needs; older adults, 4505
intellectual disabilities; memory clinic; cognitive function; cognitive decline; older people, 4516
intellectual disability; direct assessment; down syndrome; dementia; aging, 3215
intellectual disability; quality of life; research involvement; emancipatory research; peer interviews; response bias; research process; data collection; training, 29166
intellectual disability; service provision; Ireland; aging, 5556
interaction guidelines; counseling; students with disabilities; therapeutic alliance; learned helplessness, 23942
International Classification of Funtioning, Disability and Health; ICF; developing nations; disability status; disability measurement, 206
international standards; Australian community; Australian data; policy makers; Australia; data dictionaries; policy; services; disability concepts, 844
intervention; Ghent University; orthopedagogy; behaviour disorders; theoretical positions; care models; care organisation; support; special education; disabled people, 36205
intimate relationships; interpersonal relationships; disability; disabled women; experiences; stereotypes; intellectually challenged, 1759
Jim Mansell; Commission for Social Care Inspection; social care services; highly individualized services; disabled people, 29684
labor market behavior; defining disability; policy makers; health; impairment, 1318
life goals; rehabilitation; psychiatric disorders; treatment programmes; emotional distress; teatment compliance; psychiatric disorders; physical disorders; emotional distress, 14460
life quality; disabled people; powered indoor outdoor electric wheelchairs; mobility; independence; pain; discomfort; health state; social life, 16354
life story work; in-service training; residential staff; direct-care staff; human diabilities, 35979
maternal stress; paternal stress; school-aged children; disabilities; specialized support programs; fathers; mothers; elementary school students; family harmony, 28906
Medicaid waivers; health deliveyr; cost effectiveness; community based physical disability waiver; home care; service needs; service access, 29682
mental disorders; trauma exposure; disabilities; prevalence; mental health outcomes; social functioning; coping strategies; assessment instruments; medical treatment; anxiety; depression; PTSD, 31689
minority status; disabled people; rehabilitation education; rehabilitation practice; representation theory; race; culture; ethnic minorities; minority models, 34476
mobility disability; environmental components; physical environment; community living older persons; disabled older adults; physical challenges, 16630
mobility technology; long term care; health needs; disability, 29579
mother's style; interaction style; children's interactive engagement; disabled children, 22219
multiple sclerosis; MS; comprehensive evaluation package; sickness impact profile; home environment; disability levels; home visits, 8121
neck disability index; Northwick Park neck pain questionnaire; problem elicitation technique; self-perceived disability; whiplash injuries, 21089
newspaper coverage; able-bodiedness; British media coverage; Paralympic games; Sydney; Paralympic athletes, 4075
obstacle ambulation training programme; chronic stroke; ambulation function; disability level; therapy; functional limitations, 14454
occupational therapy; home modification program; disabled adults; intervention program effectiveness; environmental barriers; occupational performance, 23633
Open Space Technology; citizens; state disability planning; state disability agency; consumer participation; policy making, 1132
out-of-school care; disabled children; children's participation; special needs; inclusion, 29692
parents; disabilities; Australia; child protection; child abuse; legal processes, 4538
participation conception; disabled students; age differences, 30078
perception; persons with disabilities; Americans with Disabilities Act; effectiveness, 18017
personal reflections, disability, advocacy, 31653
physical disabilities; physical health; health perception; disabled women; functional capacity, 29022
physical disabilities; teenager experiences; secondary schools; social integration; school community; ambulation disabilities, 17751
physical disability; unemployment; mental health effects, 32113

physical functioning; disability risk; functional limitations; disability prevention; exercise interventions; at-risk population; older adults, 8668
postsecondary education accessibility; intellectual disabilities; legislation; academic goals, 19776
postsecondary education; cooperative programs; individuals with disabilities, 20880
postsecondary education; intellectual disabilities; disabled youth; outcomes, 20881
prenatal attachment; empathy; cognitive adaptation; Down syndrome; pregnancy; disabilities, 19784
pretend toy play; toddlers; disabilities; inclusive classroom; program components, 33184
primary care patients; musculoskeletal pain; pain coping; age; disability; depression symptoms; predictors of disability; demographic variables, 19888
psychiatric morbidity; disability; service use; primary care attenders; physical illness; disorder severity; health care use; psychological illness, 29647
psychosocial status; depression; stress symptoms; lumbar disc herniation; disability; pain; occupational handicap; female patients, 8141
quadriplegia; karaoke; recreational activity; disabled people; therapeutic benefits; respiratory strength; endurance; emotional release; physical release; control; capacity, 17117
quality of life; young adults; severe intellectual disability; mothers thoughts; social support; environmental support, 29150
reading instruction; individualized instruction; students with disabilities; beginning reading; schoolwide system, 26982
rehabilitation at home; stroke; disabilities; hospital discharge; functional recovery, 23605
school life; urban school district; student alienation; special education; school drop out; teacher student relations, 12170
schoolwide planning; paraeducator practices; utilization; outcomes; students with disabilities, 2717
scientific practice; special education; advocacy; disabled students, 26978
secondary school curricula; postsecondary students; disabilities; individualized education; secondary school settings; standards-based curricula; teaching, 2847
self-determination; students with disabilities; views; parents; teachers; special education teachers; high school students; high & low incidence disabilities, 2837
self-determined behavior; independence; autonomy; cultural & familial factors; transition studies; Navajo family; Dine; interdependence; group cohesion; disabled students, 36215
self-efficacy; pain-related disability; chronic pain; primary care; veterans, 8111
sibling problem behaviors; social skills; parental perceptions; family functioning; sibling functioning; sibling social skills; disabled child; families, 19064
sleep problems; severe disabilities; paired choice assessment; mothers attention; stimuli, 32010
social engagement; life satisfaction; disabled elders; social network; social activity participation; diseases, 34768
social relations; disability onset; gender; age differences; social satisfaction; participation; social support; older adults; social network embedding; diasability risk; functional decline protection, 13528
social skills; disabilities; recreational preferences; ADHD; gender differences; social interactions, 22401
social support; depression; functional disability; older adult; primary-care patients, 25495
sociodemographic background; jewish adults; disability; social network; later life, 22121
special education; postmodern; teacher education; services to children with disabilities, 2841
special education; transition services; community college; disabled students, 20878
sports related muscle pain; SRMP; athletes with locomotor disabilities; LDA; SRMP prevalence; SRMP determinants; physical exercise; sport injuries; SRMP prevention; disabled athletes, 22788
substance abuse; disabilities; black women; drug abuse; drug addiction; HIV; AIDS; drug use; psychiatric comorbidities, 1645
taxonomy of disability; older adults; symptoms; impairment; pain; balance; weakness; endurance, 22410
teacher attitudes; parent attitudes; significant other attitudes; mainstreaming; children with difficulties, 33189
teachers attitudes; disabled students; disability level; inclusive policies; student attitudes; school district characteristics, 36208
teaching disabled children; teachers attitude; physical education teachers; preservice teachers; physical educators attitudes, 14692
teaching methods; simple visual discriminations; severe disability learners, 26986
text-typing task; head operated device; cursor keys; disbled person; arm movements; stimulus response compatibility; cognitive demands; traditional keyboard, 35176
therapist assisted self healing; inclusion; participation; persons with disabilities, 35375
transition services; postsecondary education; employment preparation; career education; mildly disabled students, 26903
transition support system; individualized transition plans; career guidance; post school assistance; intellectual disabilities; special education high school students; Japan; US, 14694
USA; disability; aging; functional limitations; Activities of Daily Living; ADL; EPESE; emotional support; cognitive impairment; elderly epidemologic study; Disablement Process model, 1040
vocational rehabilitation; national disability; employment policy; Vocational Rehabilitation Services Program, 35899
web accessibility; webmaster perceptions; disabilities; system designers; web development, 21017
womanist therapy; African American women; womanist perspective; psychological intervention; acquired disabilities; therapeutic context; recommendations, 1941
work disability; psychiatric comorbidity; inflammatory rheumatic diseases; illness severity; physical functioning; depression severity, 26047
world health organization; WHODAS-II; disability; schizophrenia; positive and negative symptoms; depressive symptoms; cognitive functioning; quality of well-being; older patients, 25657

Disabilities [See Also Developmental Disabilities, Learning Disabilities, Multiple Disabilities, Reading Disabilities]—Chapters

Age, disability, and obesity: Similarities, differences, and common threads, 2881
Beyond benevolence: Supporting genuine friendships in inclusive schools, 5953
Building connections, 5949
Communicating disability: Metaphors opression, metaphors of empowerment, 15878
Creating and supporting peer tutor partnerships in secondary schools, 5894
Empowering secondary students to take the lead: Training activities to promote advocacy, inclusion, and social justice, 5893
Families as creative and resourceful collaborators in inclusive schooling, 5947
Foster care children with disabilities, 4251
Missed opportunities and unlimited possibilities: Teaching disability content in schools of social work, 5788
Teaching for liberation: Promising practices from critical pedagogy, 5951
Victimization of children with disabilities, 4723

Disability Discrimination—Serials

disability nondiscrimination legislation; employer practices; workplace policy; cultural comparison, 12397
disability theory; reductive conceptions of disability; habitus concept; disabled people; social inequalities; corporeal identities; bodies; Bordieu; symbolic violence, 16593
disabled individuals; legal rights; laws; anti-discrimination law limits; social construction; Disability Discrimination Act, 6190
disabled persons; terminology; labelling; technology accessibility, 7769
prevention; disabling practices; higher education; research; disabilities; community psychology, 2700
work; employment; disabled; presidential election; voting; American Disability Act, 14915

Disability Evaluation—Serials

disability benefits eligibility; mental disorders; disability process; social security; applicant characteristics; recipient characteristics; demographics; socioeconomic status; family characteristics, 11826
disability compensation; posttraumatic stress disorder; Department of Veterans Affairs; mental health care, 29664
disability inventory; pediatric evaluation; intraclass correlation coefficients; Pediatric Evaluation of Disability Inventory; PEDI; self care; physical mobility, 177
labor market behavior; defining disability; policy makers; health; impairment, 1318
Medicaid eligibility; former SSI income recipients; drug abuse; alcoholism disability; hospitalization; baseline medical need; psychiatric problems, 22680
psychometric properties; Disability Application Appraisal Inventory; DAAI; reliability; factorial validity; construct validity; veterans; Knowledge scale; Negative Expectations scale; Importance scale, 24273
symptom validity tests; disability benefits; HIV; cognitive deficits; Hiscock Digit Memory Test; neurocognitive disorder, 8176

Disability Evaluation—Chapters

Utilizing neuropsychological assessment in disability determination and rehabilitation planning, 3216

Disability Laws—Serials

Americans with Disabilities Act; ADA; Ella Williams; Toyota; disability determination; disabled claimants, 9300
Americans with Disability Act; ADA accommodation; therapists; disabilities; clinical training; mental health professionals; administration procedures, 2684
Assessment, Evaluation, and Programming System; standardized norm-referenced tests; Individuals with Disabilities Education Act; curriculum based measures, 3136
autism; judicial responses; Lovaas training debates; discrete trial training debates; parents; court cases; behavior analysis; Individuals with Disabilities Education Act; public policy, 4773
autism; special education; public schools; individualized curriculum; laws, 26993
behavioral disorders; emotional disorders; Individuals with Disabilities Education Act; No Child Left Behind; transition to adult life; standards-based reform; postsecondary education; employment, 30090
charter schools; special needs; special education; disabled students; Individuals with Disabilities Education Act, 14688
disabilities education act amendments; behavioral assessments; disciplinary practices; behavior intervention; intervention plans; school settings; school staff, 2750
disability nondiscrimination legislation; employer practices; workplace policy; cultural comparison, 12397
disabled individuals; Disability Rights Movement; history; disabled attitudes; leaders, 3099
disabled individuals; legal rights; laws; anti-discrimination law limits; social construction; Disability Discrimination Act, 6190
early intervention service coordination; disabilities education act; early intervention; cross-agency coordination; Project Head Start; national policy infrastructure, 32645
employment experiences; adults with learning disabilities; work environment; Canada; US; disability laws; employee attitudes, 28927
general education curriculum; No Child Left Behind standards; Individuals with Disabilities Education Improvement Act; teacher qualifications; behavioral disorders; emotional disorders; students, 30086
Individuals with Disabilities Education Act; Section 504; IDEA 1997; discipline; legal processes; educational settings; homebound; students with disabilities, 2838
Individuals with Educational Disabilities Act; student discipline; emotional or behavioral disorders; functional behavioral assessment; evaluation expectations; intervention plans; advocacy, 30091
juvenile corrections; youths with disabilities; emotional or behavioral disorders; No Child Left Behind Act; correctional facilities; correctional education programs, 30080
knowledge; workplace accommodations; workplace protections; young adults; schizophrenia; employment; Americans with Disabilities Act, 8837
mental health legislation; Mental Health Act 2001; Malaysia; psychiatry health care development; transinstitutionalization; schizophrenia; deinstitutionalization, 24124
No Child Left Behind Act; individualized special education programs; attribution bias; confirmation bias; educational research; students; emotional or behavioral disorders; research controversy, 30074
obsessive compulsive disorder; OCD; Americans with Disabilities Act; ADA; invisible disability; working women; workplace anxiety; anxiety disorder; mental disorder; disability services, 1532
perception; persons with disabilities; Americans with Disabilities Act; effectiveness, 18017
preschool special education; disabilities education act; special education program; eligibility policies; infant/toddler programs, 33182
reading disability; literacy difficulties; dyslexia; attention deficit disorders; Individuals with Disabilities Education Act; special education services, 33180
research-based practices; scientifically-based research; special education; teaching strategies; Individuals with Disabilities Education Act; No Child Left Behind; behavioral and emotional disorders, 30081
social constructivism; medical model; disability theory; US; conceptual paradigms; Americans With Disabilities Act; disability definitions; civil rights protection, 6184
social policy; quality of life; intellectual disabilities; Poland, 11103
social workers; educational rights; disabled children; disabled childrens family; Individuals with Disabilities Education Act; laws, 9037
special education teachers; teacher preparation; Individuals with Disabilities Education Act; No Child Left Behind; emotional or behavioral disorders; education reform; federal definition, 29954
work; employment; disabled; presidential election; voting; American Disability Act, 14915

Disability Laws—Chapters
Public housing accommodations for individuals with disabilities, 4197
Disability Management—Serials
disability management; whiplash; insurance corporation; recovery program; soft tissue injuries, 2389
head injury; occupational therapy; work skills assessment; return to work, 17450
Disability Management—Chapters
Returning to work after occupational injury, 2962
Disabled (Attitudes Toward) [See Also Mental Illness (Attitudes Toward), Mental Retardation (Attitudes Toward), Physical Disabilities (Attitudes Toward)]—Serials
Chinese families; Chinese society; disabled children; parenting; caregiving; cultural influences; moral conduct, 4237
concurrent validity; physical educators attitudes; disabled students; Physical Educators Attitude Toward Individuals with Disabilities III survey, 33467
coworkers with disabilities; stigma; acceptance; employee attitudes; employee characteristics; gender; race/ethnicity; disability type; job performance; cerebral palsy; AIDS; stroke, 27082
decision making; disabled children; health services; health resources; parents; social workers; health professionals; teachers, 32632

childhood development; economic disadvantage; crime; socio-economic deprivation; criminal convictions, 25923
childhood families; homeless adults; British National Child Development Study; early father involvement; early mother involvement; social disadvantage; economic disadvantage, 10301
clinicians; patients; treatment; privelege; disenfranchised; disadvantaged, 14596
community; families; social organization; interaction patterns; social networks; disadvantaged neighbourhoods, 31330
congenital hearing impairment; hearing-impaired children; socioeconomic deprivation; poverty; socioeconomically disadvantaged, 35346
economic disadvantage; status generalization; negative racial stereotyping; Blacks; Whites, 10526
economic reparations; African American health strategy; Blacks; Whites; racial differences; racial segregation; physical separation; racism; social differences; economic differences, 28232
educational program; scientific reasoning; general science domain; training; everyday problem thinking; historically underrepresented science students; Thinking Like A Scientist program; core themes, 17685
environmental stimulation; preschool children; socioculturaI disadvantage; developmental lag; electroencephalography; central nervous system maturation; psychosocial risk, 13159
externalization; internalization; early childhood; disadvantaged boys; emotionality; fearfulness; maternal control, 34329
family therapy; effective treatment; underserved families; access barriers; attrition, 14100
HIV caregiving; economically disadvantaged populations; informal caregiving; persons living with HIV/AIDS; PLHAs; African American; injection drug use, 17375
HIV/AIDS patients; overall quality of life; sociodemographics; behavioral variables; multiethnic patients; disadvantaged; health related quality of life; work-role functioning; stage of disease, 4926
occupational therapy intervention; academic outcome; economic disadvantages; first grade children; social risk; academic risk; printing skills, 17466
oppression; Christianity; human males; disadvantaged group; social conversations; social status, 28217
orphan care; HIV epidemic; kinship ties; community-based interventions; patrilineal kinship; Kenya; AIDS; poverty; matrilineal kin; caretaker; children needs; disadvantaged children, 1119
prevention; summer reading declines; disadvantaged children; summer vacation; reading achievement, 5832
resilience; risk-taking behavior; African American girls; mother-daughter connectedness; time perspective; impoverished, 28098
school adjustment; disadvantaged children; family; academic competence; elementary school; family income; adversity, 14670
slavery reparations; African people; economic restitution; Special Drawing Rights; international currency; wealth accumulation; International Monetary Fund; globalized wealth, 28227
smoking cessation; ill health; disadvantaged groups; health promotion; general health; smoking behavior; lay epidemiology, 23616
social risks; physical health impairment; adulthood transition; social disadvantage; adolescent maladjustment; family of origin, 16042
socio-economic status; family disruption; residential stability; childhood adversity; childhood development; onset; recurrence; remission; major depression; risk factors; severity; disadvantage, 7826
socioeconomic conditions; health-related information; explanations of health and illness; deprived adolescents; poor adolescents; privileged adolescents, 971
success; binge drinking; inner-city minority youth; economically disadvantaged, 31929
talent development; talented children; life trajectories; gifted education; underprivileged gifted and talented children, 2852
violence; adulthood transition; victimization; education; socioeconomic attainment; adolescent development, 25035
violent behavior; Chinese adolescents; economic disadvantage; psychological correlates; family correlates; violent behavior; adolescent violent behavior, 4714
walking; health services use; health promotion; health care costs; disadvantaged older adults, 35755
Disadvantaged—Chapters
Promoting resilience through early childhood intervention, 4161
Disappointment—Serials
acquaintance rape; males' sexual expectations; disappointment; rape-conducive attitudes; sexual interaction, 4721
anticipated regret; decision makers; mispredriction of regret; emotional insurance; disappointment, 25297
exercise; anticipated regret; prediction; intention; health-enhancing behavior; Theory of Planned Behavior, 26518
job termination; disappointment; high-status workers; re-employment; outplacement; job losers; bystanders, 36344
Disasters [See Also Natural Disasters]—Serials
accident foreseeability; stress; coping; technological disaster; accident prediction ability, 36492
Arabs; rhetoric; September 11 tragedy; enemy image construction; stereotypical words; stereotypical images; media portrayals; popular culture portrayals, 31342
childhood traumatic grief; traumatic event; death; cognitive-behavioral therapy; fear; sadness; therapeutic process; bereaved children, 35429
community response; disasters; terrorist attacks; workplaces vulnerability; employees; workplace violence; disaster preparedness, 36411
disaster mental health; crisis intervention; traumatic events; married couple; traumatic loss; crash victims; grief process, 23701
disaster responders; recovery work; relief work; social workers; knowledge; skills; competencies; graduate students; cross-cultural differences, 20576
disaster services; social work interventions; vulnerable populations, 20584
earthquakes; life loss; property loss; cultural change; social change; natural disasters; man-made disasters; risk information, 28172
emergency mental health services; disaster mental health services; crisis intervention; early intervention; tactical evolution; training, 5536
environmental disaster; psychosocial health; well-being; Karakalpakstan; health problems; Aral Sea drying; ecological consequences; health care workers, 6139
human-robot interaction; rescue disaster response; team interaction, 36468
journalists; trauma; traumatic events; occupational stress, 36331
large group crisis intervention; critical incident stress management; Cop 2 Cop program; law enforcement personnel; Port Authority Police Department; disaster, 11766
mental health policy; mental health resources; low-income countries; mental health needs; disaster management; expert opinions, 2416
natural disasters; child response; life threatening experience; technological disasters; destruction; post disaster psychopathology, 35164
pain management; crisis; war; disaster; United Nations; NGO personnel; poverty; pain treatment, 17294
post-traumatic stress; coping; young persons; middle-aged; elderly; disaster, 19172
risk; subjective health; victims; Chernobyl disaster; psychological distress; self-reported health problems; nuclear power plant accident, 6141
social perspectives; office building; traumatic event; acute disaster; federal office; oklahoma city, 13449
social reactions; traumatic events; social workers; group debriefing; social work; critical incident debriefing; emotional reaction; disasters; skill development, 20573
social work intervention; disasters; traumatic stress events; traumatic stress; social support; social intervention, 20581
social work; disaster management; traumatic stress; social workers, 20578

survivors; Vajont disaster; psychiatric consequences; posttraumatic stress disorder; major depressive disorder, 19307
Swissair Flight 111 disaster; disaster impact; volunteers; communities; posttraumatic stress disorder, 13664
television viewing; posttraumatic stress disorder; September 11; background characteristics; event exposures; perievent panic, 19504
terrorism; International Classification of Functioning, Disability and Health; functional status; human disasters; World Health Organization; New York; Washington, 1685
vicarious victims; disaster-focused distress; distress reactions; September 11; terrorist attacks; general distress; gender differences; survivor guilt; survivor grief; collective helping behavior, 19219
World Trade Center attack; public health; health care infrastructures; environmental health; occupational health; mental health; social services, 14374
World Ttrade Center; elevated psychological distress; traumatic experiences; psychological effects; New York City; September 11th; postdisaster psychological distress; terrorism, 25750
youth political views; 9/11 youth experience; World Trade Center disaster; posttraumatic stress disorder; terrorist attacks, 28187

Disasters [See Also Natural Disasters]—Books

Terrorism and disaster: Individual and community mental health interventions, 1956

Disasters [See Also Natural Disasters]—Chapters

Clinical intervention for survivors of prolonged adversities, 2028
A consultation-liaison psychiatry approach to disaster/terrorism victim assessment and management, 1967
Early intervention and the debriefing debate, 1966
Family health counseling, counseling in disasters, health interventions, and reimbursement with families of diverse cultures, 23196
Responses of individuals and groups to consequences of technological disasters and radiation exposure, 1749
Risk response model, 19228
Team resilience, 19227
Terrorism and disasters: Prevention, intervention, and recovery, 2431
Trauma, terrorism, and disaster, 1397
Traumatic death in terrorism and disasters: The effects on posttraumatic stress and behavior, 1545

Discharge Planning—Serials

decision-making; discharge planning; leadership effects; contextual inhibitors; conceptual framework; team work; hospital discharge; multiple professionals; communication; multi-disciplinary teams, 35842
discharge disposition; residential treatment; risk factors; legal status; behavioral problems; psychiatric hospitalization; mental health concerns, 32732
incidence & history of head injury; mentally disordered offenders; medium secure units; discharge difficulties; offending history; discharge planning, 2537
psychotherapy; residential care; short-term treatment; discharge planning; therapy process; treatment strategies; therapists; treatment termination; severely disturbed adolescents, 32231

Discourse Analysis—Serials

aesthetic appreciation; reading experience; positive perception; literature; perception effects; text quality, 31483
affective responses; discourse structure; factuality; suspense narratives; curiosity; enjoyment; reading; news; novels; narrative types; reactions; discriminant validity, 24441
age stereotypes; cartoons; discourse quality, 34378
aloud instruction; poetry readers; emotional responses; literary analysis; reading; vocabulary, 31475
Alzheimer's disease; discourse analysis; modalizing discourse; picture induced narratives, 8237
American Sign Language; information ordering; speaker subjectivity; modality; discourse functions; verbs, 31076
applied linguistics; composition studies; second language writing; pedagogy; rhetoric, 28019
argument; dialogue; discussion; synchronous computer-mediated communication, 33108
citation analysis; discourse analysis; sociology; information science; integrated research; history, 28028
closed head injury; narrative production; narratives; referential cohesion; logical coherence, 26132
Coh-Metrix; text analysis; cohesion; language; readability; discourse processing; computational linguistics, 31067
community discourse; web forum; anonymity; computer-mediated communication; local issues, 28162
Context of Thought; Context of Utterance; Free Indirect Discourse; grammatical notion; context of speech, 24469
contextual influence; semantic knowledge; discourse context; lexical access; active memory; eye tracking; comprehension; world knowledge, 18856
conversation analysis; parapsychology; naturally occurring talk; linguistic practices; parapsychology laboratory; interactional moments; experimenter-subject interaction, 18441
cultural tribes; public relations discourse; cultural theory; rhetoric, 10460
discourse analysis; gender inequality; gender relations; masculinities; power, 22250
discourse analysis; working class women; talk; physical aggression; female aggression; violence, 22243
discourse community; engineering; writing; social interaction; social perspective; text production; social action; discourse; text revision; feedback, 7335
discourse context; modifier relation frequency; conceptual combination; noun phrase interpretation, 27496
discourse macrolevel; processing ability; traumatic brain injury; brain injured children; group summary; interpretive lesson statement; narrative text; transformed information; discourse ability, 16742
discourse performance; closed head injuries; generative story narratives; story retelling; conversation; discourse analysis; grammar; cohesion, 16745
discourse performance; ethnic dialect; African Americans; aphasia; Western Aphasia Battery-Aphasia Quotient; story retell; picture description; personal narrative, 16578
discourse strategies; adolescent argumentation; dialogue, 15945
discourse structure; global revision; university students' writing; episode analysis; computer-generated notation; computer medium; text production, 7321
discourse structures; narratives; preschool children conversations; daily interactions; metadiscourse comments, 24959
discourse; learning; organizational learning; social practices, 14777
discourse; section 28 repeal; equality conceptualizations; citizenship; heterosexuality; lesbian citizenship; gay citizenship, 27225
discourse; sovereignty; tino rangatiratanga; Aotearoa; Maori versus colonial interests; race relations; race talk; nationhood, 34480
discursive construction; social practice; organizational communication; social interaction; organizations, 36371
discursive psychology; bioethics; patient expectations; false beliefs; unrealistic expectations; information-processing; discursive processing; medical treatment; patient report interpretation, 23746
eulogy; consolation; eulogistic phenomena; presidential eulogia; social support paradigms; deceased, 34598
evaluative metadiscursive comments; face-work; conversational discourse; conversational interaction; speakers; sociolinguistics, 4355
everyday talk; rhetorical criticism; racial stereotypes; public discourse; A. Simmons; integrationist & nationalist speaking; African Americans; oratorical influence; speaking ability; persuasion, 15868
femininity; dualistic constructions; bulimia; anorexia; health professionals; eating disorder; binary logic; discourse analysis, 32050
gender differences; child-parent interaction; gender socialization; conversation; parental gender, 34512
gender representations; girlhood; children's literature; feminism; sex roles; gender conceptualization; sex-role stereotypes, 31234
humorous exchanges; telephone conversation openings; semantico-pragmatic theories of humor; conversation analysis; young adults, 22280
interactive whole class teaching; National Literacy Strategy; NLS; discourse styles; primary teachers; computerised observation; cognitive engagement; classroom pedagogy; professional development, 17636
interdisciplinary research; multidisciplinary research; personal involvement; narrative discourse; discourse processes; special issue, 31494
Lakota postpositions; semantic cores; prototype effects; functional domains; semantic level; synonyms, 10110
Language development; literacy; longitudinal study; narrative; oral discourse; reading and writing skill; pre-school, 33120
learning disabilities; personal narratives, 25972
linguistic ideology; Arvanitika; discourse comparative analysis; erasure; fragmentation; marginalization; repression; sublimation; language ideology; sociostructural conditions; historical conditions, 13127
literature review; reviewer; manuscripts; intellectual discourse, 7296
mathematical discourse; problem-solving strategies; mathematical concepts; discourse patterns; story-book reading; mother-child dyads, 21991
medical record; paper based record; electronic record; organizational reach; discourse research; organizational discourse, 20538
nonnative speakers; native speakers; English; conversation analysis; nonnative-native interviews, 13116
online discourse; teen chatroom; conversational coherence; online chat conversations; visual conversation mediums, 10088
organizational discourse; industrial relations; Melbourne Port industrial dispute; institutional Interplay, 9061
peer talk; child discourse; interdisciplinary approach; naturally occurring discourse; discursive skills, 24879
personal involvement; genre preferences; fictional characters; motion pictures; movies, 31491
politicians; answers; questioning; political language; political equivocation; television interviews; courtroom setting; legal context; political context, 4039
pragmatics; newspaper headlines; relevance optimization; relevance theory; news framing, 21989
pragmatics; P-tree structures; pragmatic cohesion; discourse analysis; spontaneous discourse; verbal communication; non-verbal communication; coherence; intentionality; cognitive content, 21971
prejudice; homophobia; sexism; adolescents; male talk; masculine norms; social interaction, 28112
prior knowledge; realism; narrative worlds; mental images, 31482
psychoanalytic narratives; self concept; contemporary cultural phenomena; discursive psychology; psychological discourse; culture; self identity; psychology, 18849
psychological terms; discursive psychology; pragmatics; mental states; conversation analysis; potential difference; thinking; understanding; intending; single utterance; inference making, 13122
public communication; corporate behavior; discursive responsibilities; respect; commitment; exposure; strategic business goals; public discourse; civil society; corporate citizen; citizenship, 17829
reference resolution processes; language processing; Japanese e-mail, 4021
semantics; reference point concepts; document quality; background knowledge; patient information leaflets; quantifiers; evaluative adjectives; travel brochures; common ground; clarity; persuasiveness, 18884
sexual health discourses; preventive sexual health; eudaemonic sexual health; sexual pleasure; morality; ethnicity; race, 26533
speaking samples; writing samples; picture description; personal narrative; productivity; efficiency; coherence; mode of expression; task elicitation; cognitive distance; verbal working memory, 7337
testosterone levels; natural written language; testosterone therapy; social connections; text analysis; male; female-to-male transgendered individual; social inhibition, 14051
working memory capacity; pragmatic inference; pragmatic implication; sensitivity; logical responses; children; felicitous statements; pragmatically enriched contexts; adult response inhibition, 24944
youth detention home; women; sexuality; motherhood; childbearing; discourse, 31983

Discovery Teaching Method—Serials

discovery learning; contingency adduction; textual responding; beginning reading program; phonics skills; sound-to-letter correspondence, 36124
elementary school children; English language; Spanish language; verbal guidance; individual differences; multimedia mathematics learning; computer experience level; discovery based multimedia games, 36127
learning support design; discovery learning; computer simulation, 36147
scientific discovery learning; triple scheme; learning support design; interpretative support; experimental support; reflective support, 15333

Discriminant Validity [See Test Validity]

Discrimination [See Also Cognitive Discrimination, Drug Discrimination, Perceptual Discrimination, Social Discrimination, Stimulus Discrimination]—Serials

coping; discriminatory experiences; African American adolescents; avoidance strategies, 18975
discrimination performance; hippocampal lesions; initial learning; radial maze; test phase; relational representations; ibotenate hippocampal, 18451
hardiness; global attributions; specific attributions; individual differences; actions against discrimination; women, 34630
health science students; discriminatory attitudes; health professionals; group differences; biological sex; health claims; medical staff; malpractice, 23731
HIV; AIDS; negative social responses; social change; stigma; discrimination; class inequality; race; gender; sexuality; stigmatized individuals, 1807
infant fetal alcohol syndrome; facial features; adoption preference; discriminative parental solicitude, 28287

labor supply; job search; cognitive dissonance; discrimination; neoclassical theory, 12242
learning disabilities; discrimination; prejudices; moral worth; social policy; legislative incompatibility, 28937
magnitude comprehension; numerosity; size; ratio; verbal counting knowledge; comparison; early childhood development; nonverbal numerical ability; perceptual characteristics, 10205
mirrored stimuli; rotated mirror; event-related brain potential; delayed response; mental rotation; normal letter discriminations; mirror-reversed form, 18283
observer proficiency; discrimination; pretense behavior; pretense vs real acts; behavioral cues; development; pretender behavior; pretend content; pretense interpretation; children; adults, 24920
perceptual learning; preexposure schedule; feedback; compound flavours; discrimination; taste percetion, 27448
prototypicality; sensitivity to prejudice cues; diagnostic information; targets' vigilance; prototypical information; outgroup members; discrimination, 31499
religious discrimination; religious Scriptures; interpretation, 7525
sequential lineup; simultaneous lineup; discriminability enhancement; witnesses; relative decision strategy; bias affect; absolute decision strategy; height encoding; transfer-appropriate processing, 18018
Discrimination [See Also Cognitive Discrimination, Drug Discrimination, Perceptual Discrimination, Social Discrimination, Stimulus Discrimination]—Chapters
The arguments against diversity: Are they valid?, 2948
Discrimination (Cognitive) [See Cognitive Discrimination]
Discrimination (Social) [See Social Discrimination]
Discrimination Learning [See Also Drug Discrimination, Matching to Sample, Reversal Shift Learning]—Serials
acetylcholine; cholinergic neurons; dorsomedial striatum; behavioral flexibility; discrimination learning; reversal learning; spatial discrimination; rats, 613
associative strength; representations; conditional discriminations; conditional learning; Pavlovian conditioning, 18450
conditional discrimination learning; bilateral medial temporal lobe amnesia; eyeblink conditioning, 8244
differential outcomes effect; discriminative learning; symbolic conditional discrimination task; children & adults with Down syndrome, 1722
differential reward outcome learning; conditional visual discriminations; neural mechanisms; learning strategies, 33851
dorsal striatum; stimulus-response learning; neurotoxic lesions; dorsomedial striatum; dorsolateral striatum; discrimination task; rats, 21582
duration samples; retention-test ambiguity; detection; conditional discrimination; retention intervals; intertrial intervals; pigeons, 18468
egocentric working memory; limbic brain regions; direction cues; J maze; nonmatching-to-turn rule; fornix lesions, 30837
elemental information; configural perception; discrimination task; pigeons; people present stimuli, 463
feature type; flavored solution; visual cue; auditory cue; feature positive discriminations; transfer; rats, 3490
frontal cortex; simple reaction-time; reaction-time task; stimulus onset; event-related potentials; temporal discrimination; discrimination task; choice procedure; signal durations; time perception, 3691
in utero administration; cocaine; pregnant rabbits; discriminative avoidance learning; neuronal activity; development; neuron structure; neuron function; behavioral acquisition; prenatal; low-salience, 721
learned irrelevance; perseveration errors; rule shifting; discrimination learning; visual stimuli, 21281
lithium chloride; conditioned taste aversion; associative interference; contextual discrimination learning; fluid ingestion; rats, 3936
olfactory discrimination; odor discrimination; olfactory processing; dopamine receptors; reward associations; discrimination learning; rats; cortical evoked potentials, 12902
perceptual learning; event related potentials; auditory discrimination learning; vowel discrimination; practice; training; speech, 7068
perirhinal cortex; visual discrimination learning; visual secondary reinforcement; rats; visual stimuli, 6879
photograph discrimination; visual discrimination; pigeons; learning transfer; novel perspectives; conspescific individuals, 9767
pictorial lists; discrimination learning; list discrimination; nonassociative learning; associative learning; stimulus frequency; reinforcement rates; novelty; familiarity; humans; performance, 425
place conditioning; conditioned preference; ethanol injection; aversion; learning; conditioned stimulus; rewarding effects, 465
position cues; feature cues; discrimination learning; whiptail lizard; Cnemidophorus inornatus, 9759
progressive elimination; decision outcome; value transfer; monetary value; regulation mode; assessment; locomotion; decision making outcome; Cchoice strategies, 7630
progressive elimination; decision outcome; value transfer; monetary value; regulation mode; assessment; locomotion; decision making outcome; choice strategies, 10523
reinforcement rate; time in session; variability preference; terminal links; pigeons, 476
relative size concepts; discrimination learning; equus caballus; learning ability; problem solving; stimulus response, 6678
sequence production; production task; effector-dependent learning; effector-independent learning, 18409
sequential feature negative discriminations; simultaneous feature negative discriminations; elemental learning; human Pavlovian conditioning; occasion setting, 24483
serial discriminations; contextual discriminations; stress; mice; information retrieval; flexible information; stable information, 21428
spatial discrimination learning; temporal lobe; fornix transection; macaque monkeys; spatial stimuli; spatial memory; animal learning; retrieval; food reward locations, 12815
speech perception; rise time; voiceless affricate/fricative contrast; duration cues; discrimination learning; rats, 3485
stimulus dimensions; discrimination learning; minipigs; visual discrimination; spatial discrimination; visual reversal; spatial reversal; learning, 27625
stimulus features; stimulus control; visual stimuli; time course; relational cues; same-different discrimination learning; pigeons, 27615
subchronic phencyclidine; mice; attentional set-shifting task; schizophrenia, 21866
superconditioning; irrelevant conditioned stimuli; discrimination learning; reinforcement; rats, 18467
temporal integration; temporal relationships; backward associations; coding hypothesis; rats, 462
visual attention; severe mental retardation; stimulus compounds; conditional-discrimination tasks; assessment; computer touch screen, 19796
voice inversion effect; speech; gender identification task, 24871
Discriminative Learning [See Discrimination Learning]
Discriminative Stimulus [See Conditioned Stimulus]
Discussion (Group) [See Group Discussion]
Disease Course—Serials
schizophrenia prodrome; ultra high-risk; early psychosis; research; endophenotypic markers; clinical indicators, 20221
adolescent anxiety disorders; prediction; alcohol use; alcohol abuse; alcohol dependence; onset; course, 7774
Alzheimer's disease; discourse analysis; modalizing discourse; picture induced narratives, 8237
Alzheimer's disease; motor cortex excitability; neuronal loss; glutamatergic neurotransmission; neurofibrillary tangles; motor deficits; neural plasticity; disease course; physiological correlates, 4995
Alzheimers disease progression; transition probabilities; disease progress; death transition probabilities; Alzheimers disease patients, 19980
attempted suicide; mood disorders; depressed patients; symptoms; disease course; bipolar disorder; unipolar disorder, 4602
atypical depression; illness course; tricyclic antidepressant response; auditory perceptual asymmetry; brain laterality; age of onset, 22481
awareness; early stage Alzheimer's disease; models; conceptual frameworks; neuropsychological & psychiatric & psychosocial factors; biopsychosocial model; intervention; care, 26129
awareness; early-stage Alzheimer's disease; difficulties; impairment; assessment; intervention; outcome; rehabilitation, 26128
behavioral symptoms; psychological symptoms; dementia; Needs Driven Dementia Compromised Behavior model; symptom escalation patterns; symptom de-escalation patterns, 16842
bipolar affective disorder; disease course; disease onset, 4608
bipolar disorder; computer-based system; longitudinal course; data collection; electronic assessment; ChronoRecord software, 10772
bipolar disorder; major depression; risk of recurrence; lifelong course; comorbidity, 1405
breast cancer patients; posttreatment distress; disease timeline; prediction; chemotherapy treatment, 29076
cerebral glucose metabolism; frontotemporal dementia; metabolic deficit; caudate nuclei; glucose uptake, 32153
chaos theory; schizophrenia; psychiatric neuroscience; temporal & sequential architecture; neural substrate activity; pathophysiology; course; treatment; outcome, 1498
chaos theory; schizophrenia; psychiatric neuroscience; temporal & sequential architecture; neural substrate activity; pathophysiology; course; treatment; outcome, 1481
clinical presentation; disease course; depression; childhood onset; adolescent onset; parental psychiatric history; major depressive disorder; psychopathology, 10734
cognitive impairments; depressed mood; Parkinson's disease; neuropsychological functioning; early disease course, 8318
course of depression; major depressive episode; suicidality; history of attempted suicide; serum cholesterol concentrations; serum lipid concentrations, 10739
Crohns disease; psychotherapy; psychodynamic therapy; relaxation; glucocorticoid therapy; psychosocial status; disease course; psychosocial status, 29232
deficit schizophrenia; sociodemographic characteristics; premorbid adjustment; course; symptomatology; level of functioning; neurological signs; cognitive functioning, 1507
depression; elderly patients; pharmacotherapy; major depressive disorder; recovery time; recurrence; age differences; disease course, 10755
depressive mood; relapse; inflammatory bowel disease; anxiety; disease course; Crohn disease; ulcerative colitis; psychological status; health related quality of life; disease activity, 16364
disease modification; disease progression; long term treatment; treatment efficacy; antimigraine agents; disease-modifying effects, 22828
disease severity; frontotemporal dementia; clinical indices; staging scheme; atrophy severity; pathological features, 13926
drinking behavior course; drinking history; phases; alcohol dependence; abstinence; nonproblem drinking; drinking firsts; adult development; men, 1665
duration of untreated psychosis; schizophrenia; first episode patients; treatment response; premorbid social functioning, 16444
early onset; mood symptoms; bipolar disorder; bipolar treatment program, 23515
early pathology; Alzheimer's disease; mild cognitive impairment; early treatment; health care costs; early diagnosis, 19968
early-onset bipolar disorder; child and adolescent psychiatry; indian children; lithium; thymoleptic; neuroleptics; treatment, 20381
EEG; EEG predictive value; early infancy; premature infants; cystic periventricular leukomalacia susceptibility; West syndrome, 16829
effective treatment strategies; potential interventions; psychosis research; psychotic disorder; psychotic illness; prodromal stage; high risk, 23085
estrogen replacement therapy; cognitive functioning; Alzheimer's disease; memory problems; women; cognition; clinical course, 35639
facial expressivity; schizophrenia patients; major depression; illness course, 34790
familial influences; schizophrenia; course; severity; US & Indian samples; affected sibling pairs; genetic influences, 28695
first-episode schizophrenia; symptomatology; social functioning; illness patterns, 34889
gender differences; schizophrenia; hospitalization; disease course, 7911
hereditary spastic paraparesis; cognitive impairment; spastin mutations; disease progression; mutation carriers; dementia, 8165
Huntington disease; CAG mutation; homozygotes; heterozygotes; onset age; symptom presentation; disease severity; disease progression, 22847
Huntington's disease; hospital admission; motor activity; agitation; disinhibited behavior; executive dysfunction syndrome; frontal lobe, 22972
illness modeling stages; first illness episodes; schizophrenia onset; prodromal stage; course model; early course; social course; course determinants; predictors; symptoms, 1475
irritability; dyscontrol; major depression; manic symptoms; parent ratings; bipolar children; disease progression; early onset, 4591
learning disabled; dementia development; carers; support groups; personality change; resident group work; dementia explanation; peers, 29145
long term course; obsessive-compulsive disorder; juvenile disorders, 22593
long-term amnesia; closed-head injury; cognitive functions, 5033
long-term course; health status; psychiatric symptomatology; life satisfaction; social functioning; program impact; mortality; posttraumatic stress disorder; treatment-seeking Vietnam veterans, 10825

long-term disease course; symptom levels; major depression, 10770
manic depression; cycles; Eliot Slater; bipolar disorder; Emil Kraepelin; illness course; Slater's Fallacy; periodicity; wellness intervals, 13604
mental health treatment; mental illness; psychiatric services; cresting; medication, 31693
mild cognitive impairment; neuropsychological studies; transitional phase; normal aging; dementia; subtle deficit; Alzheimer's disease; disease progression; pharmacological studies, 11292
Minnesota Multiphasic Personality Inventory; MMPI-2; scores; disability intensity; disability duration; HIV; AIDS; chronic illness; psychological disorders; comorbidity, 9391
natural course; major depressive episode; placebo response; short-term treatment; placebo controlled research; tricyclic antidepressants; drug therapy; sustained response patterns, 17085
neuropsychological changes; Parkinson's disease; cognitive decline; executive functions; disease course, 11226
neuropsychological prediction; verbal memory impairment; Alzheimer's disease; cognitive impairment; dementia progression, 16834
onset age; illness duration; comorbidity; obsessive compulsive disorder; tic disorders; mood disorders; anxiety disorders; eating disorders; body dysmorphic disorder; etiology; trichotillomania, 16452
organizational function; visual memory; schizophrenia; bipolar psychosis; Rey-Osterrierth Complex Figure; duration of illness, 4572
paraphrase procedures; schizophrenia treatment; comprehension problems; health outcome measures; systematic assessment; treatment outcomes; health conditions; respondent comprehension, 16889
pathophysiological changes; functional striatal abnormalities; serial reaction time; implicit learning; early stage Huntington's disease, 32091
personality disorders; disease course, 10860
physical activity; immunity; HIV infection; viral load; disease progression; symptom severity; CD4+ cell count, 26081
positron emission tomography; single-photon emission computed tomography; biological markers; disease course; Parkinsons disease; neuroprotection, 20461
post-infectious thalamic encephalitis; encephalitic syndrome; bilateral thalamic lesions; mycoplasma respiratory tract infection; amnestic syndrome; ataxia; acute onset; disease course, 29118
post-traumatic stress; origins; temporality; traumatic stress; postmodern temporal dynamics; linear development; retro-causality, 22586
prodromal phase; significant deterioration; schizophrenic psychosis; early intervention; global functioning; prodromal symptoms; psychotic symptoms, 10803
prodromal schizophrenia; assessment; research; Recognition and Prevention Program; high-risk individuals; positive symptoms; psychosis; Scale of Prodromoal Symptoms; measurement; predictive validity, 18133
prolonged untreated illness; prodromal onset; prediction; outcome; first episode psychoses; schizophrenia; psychotic disorders, 19460
psychodynamic perspective; anxiety; disease course; treatment, 1514
psychosis; schizophrenia; stages; prevention; detection; treatment; biological processes; onset, 19451
rapid cycling; potential differences; ultrarapid cycling; bipolar disorder; episode duration; cycling patterns; single episode; mood disorders, 1448
residential care; dementia; rehabilitation; behavioral problems; disease course; nursing care; home for life, 32729
risk factors; posttraumatic stress disorder; Vietnam veterans; American Legionnaires; disease course; course prediction; combat exposure; recovery; perceived social support, 1523
schizophrenia course; family factors; family warmth; expressed emotion; ethnicity; attributions; emotional involvement, 31772
schizophrenia prodrome; early intervention research; serious mental illness research; multisite approach; mental health services, 19425
schizophrenia prodrome; research; intervention; prevention; vulnerability; risk factors; developmental issues; neuroimaging; cognition; alternative prevention strategies; clinical trials, 19421
schizophrenia; features; characteristics; diagnosis; disease course; treatment; medications; drugs; symptoms, 7867
schizophrenia; prodromal research; phases; prevention, 19435
schizophrenia; psychopathological predictors; social functioning; psychotic symptoms; disease course, 28696
schizophrenia; severe mental illness; prodromal research; early detection; intervention; psychosis; onset; pathophysiology, 19475
self-inflicted harm; mania; treatment response; early course, 35502
serious mental illness; methodological barriers; collaboration; illness pathways; schizophrenia; risk factors; vulnerability; models; prodromal research, 19452
stress vulnerability factors; disease activity; early rheumatoid arthritis; long term prediction; personality traits; coping; social support; stressors; long term predictors, 1763
stress vulnerability factors; disease activity; early rheumatoid arthritis; long term prediction; personality traits; coping; social support; stressors; long term predictors, 1799
substance abuse; drug use progression; drug use patterns, 8008
symptom distress; individual symptoms; symptom prevalence; lung cancer; clinical characteristics; clinical interventions; distress levels; treatment group, 2287
temporal lobe gray matter; never-medicated patients; schizophrenia; brain volume; illness duration, 4630
treatment; chronic depressive disorders; unipolar depression; functional impairment; clinical course; mood disorders; adolescence; diagnosis; childhood depression, 1454
untreated psychosis; illness duration; clinical outcome, 19417
vulvar vestibulitis syndrome; etiology; psychological sequelae; dyspareunia; disorder onset; disease progression; diagnosis; pain management; pathophysiologically oriented treatment, 29452
vulvar vestibulitis syndrome; etiology; psychological sequelae; dyspareunia; disorder onset; disease progression; diagnosis; pain management; pathophysiologically oriented treatment, 26474
Wisconsin Card Sorting Test; poor performance; good performers; schizophrenic patients; cognitive decline; illness duration; age, 10807

Disease Course—Chapters

Applications from previous disaster research to guide mental health interventions after the September 11 attacks, 1544
Course and outcomes, 22657
Neuroleptic malignant syndrome in children and adolescents, 1402

Disease Outbreaks [See Epidemics]

Disease Transmission—Serials

condom use; attitudes; HIV infection prevention; alcohol use; emotional barriers; cultural traditions; complacency, 32591
mother-to-child transmission; HIV transmission; human immunodeficiency virus; sub-Saharan Africa; clinical trial; nevirapine; zidovudine, 29052
mother-to-child transmission; Human Immunodeficiency Virus; antenatal care; South African women; prenatal care; Acquired Immune Deficiency Syndrome prevention, 35605
rapid HIV testing; HIV-infected mothers; HIV counseling program; HIV mothers; birth HIV status; childbirth; US hospitals; testing during delivery, 29435

Diseases (Venereal) [See Sexually Transmitted Diseases]

Disgust—Serials

adolescent parent communication; verbal conflict; conversational styles; disgust emotions; hostile emotional expressions, 34482
blood-injection-injury phobia; functional magnetic resonance imaging; brain activity; fear; disgust sensitivity, 1536
contamination fear; obsessive-compulsive symptoms; behavioral avoidance tests; undergraduate students; disgust, 18142
differential deficits; expression recognition; gene-carriers; Huntingtons disease; patients; basal ganglia; disgust recognition, 20023
disgust sensitivity; bulimia nervosa; amygdala; occipitotemporal visual cortex; brain-physiological responses; fear; visual stimulation; functioning magnetic resonance imaging, 35151
disgust sensitivity; health anxiety; anxiety; obsessions; fear of death; fear of contamination; obsessionality, 7951
disgust sensitivity; meat consumption; moral vegetarianism; health vegetarians; meat avoidance; personality trait; emotivist account; moral reasoning; emotional reaction; propositional reasoning, 4431
disgust sensitivity; menstrual cycle; adaptation; reduction; suboptimal sexual behaviors; reproductive immunosuppression; disease prophylaxis, 3820
disgust sensitivity; psychiatric disorders; inpatients; outpatients, 10721
hemodynamic responses; fear; disgusts; pictures; functional magnetic resonance imaging; brain, 7138
hemodynamic responses; negative emotional pictures; emotions; fear; disgust, 24767
magnetic resonance imaging; magnetic resonance imaging scans; obsessive-compulsive disorder; parahippocampal region; disgust inducing pictures; brain activation, 1539
obsessive personality disorder; contamination fear; disgust sensitivity; disgust elicitor; contagion; score prediction; measurement; contamination obsession; washing compulsion; disgust emotion scale, 16457
positive expectations; time course; disgust; insect distress; spider phobia, 34727
recognition deficits; obsessive-compulsive disorder; basal ganglia abnormalities; disgust; facial expressions; anxiety disorder, 31819
Swedish translation; test validation; Disgust Scale; disgust sensitivity; confirmatory factor analysis; psychometric properties, 30394
ventral anterior insula; human facial emotional expressions; temporal lobe epilepsy; disgust recognition; disgust processing; attention modulated response; intracerebral event-related potentials, 22965

Dishonesty—Serials

academic dishonesty; college students; binge drinking; predictors, 13726
deception; lying; questions; response time; cue; cognitive processes; deceptive answers; decision; construction; truth; cognitive mechanisms, 6600

Dislike [See Aversion]

Disorder Course [See Disease Course]

Disorders [See Also Behavior Disorders, Communication Disorders, Congenital Disorders, Emotionally Disturbed, Learning Disorders, Mental Disorders, Physical Disorders]—Serials

assessment instruments; psychometrics; educational programs; assessment process; stress levels; parents; children with disabilities, 9357
autoantibodies; serotonin; paranoid schizophrenia; schizoaffective psychosis; depression; Alzheimers disease; chronic alcoholism; rheumatoid arthritis; multiple sclerosis, 1341
balloon sickness; altitude sickness; decompression injury; hypoxemia; James Glaisher; neurologic compromises, 13534
cavum septi pellucidi; schizophrenia; alcoholism; prior head trauma; morphological differences, 31663
collaborative partnerships; family members; health & education & social service providers; parents; children with vs without disabilities, 11324
depressive symptoms; minor depression; subacute care; physical therapy; rehabilitation; illness; injury, 26705
dexamethasone; mononuclear leukocytes; lysozyme inhibition; cortisol; glucocorticoid sensitivity; neuropsychiatric disorders, 4545
disability in families; disability perspectives; psychological support, 1904
etiology; comorbidity models; Neale and Kendler model-fitting approach; model validity, 25484
extended time; testing accommodation; students performance; disabilities, 17752
gender & disorder differences; physician visits; health service utilization; health characteristics; financial barriers; health services; demographic differences, 2412
hippocampus; alpha-keto acids; maple syrup urine disease; learning deficits; rats; alpha-ketoisocaproic acid; alpha-keto-beta-methylvaleric acid; alpha-ketoisovaleric acid; rat behavior; avoidance, 12962
illness; drawing; research method; illness conditions; visual method, 33628
Inflicted traumatic brain injury (ITBI); shaken baby syndrome, 8274
International Classification of Functioning, Disability and Health; ICF; public health policy; world health organization; disability; rehabilitation services; public health policy; revision process, 2491
International Classification of Functioning, Disability and Health; ICF; rehabilitation medicine; clinical practice; disability; health; subjective dimension; human functioning, 1356
Jewish families; clinical management; disorders; children; adolescents, 11359
mortality rates; life expectancy; World War I; postcombat disorders; veterans; Boer war; disordered action of the heart; neurasthenia; shell shock, 6100
motion perception disorders; depth perception disorders; Akinetopsia; motion-perception deficit; cortical motion processing area; MT; brain lesions; neurologic diseases, 11314
pain management; Egyptian medical practice; cultural aspects; history; pain theories; disease theories, 17160
person-centered planning; support; cultural sensitivity; individuals with disabilities; families; processes; components; language differences; cultural differences; outcomes; developmental disability, 17347
personality; disease; self-report; health status, 34784
prevention; disabling practices; higher education; research; disabilities; community psychology, 2700

research; teaching; developmental psychology; behavioral pediatrics; disorders, 28574
schizophrenia; face processing dysfunction; early stage dysfunction; N170 amplitude; event-related potentials, 25637
semantic refractory access disorder; semantic organisation; proper nouns; person names; brand names; conceptual knowledge, 19965
sexual satisfaction; health outcomes; marital status; moderate to severe disability; progression of disability; older women, 4530
social engagement; life satisfaction; disabled elders; social network; social activity participation; diseases, 34768
spiritual assessment; religious assessment; religion; spirituality; religious beliefs; medically ill; psychiatrically ill; clinician-patient interaction; ethical issues; children; adolescents, 11361
substance use; disabled students; educational outcomes; employment outcomes; social outcomes; cigarettes; marijuana; binge drinking; sexual activity, 25883
vagus nerve stimulation; neuropsychiatric disorders; mood; cognition, 20050
whiplash associated disorders; Pain Disability Index; patients; coping strategies, 22845
Word Memory Test; children; performance; age; verbal intelligence; reading skills; grade level; disorders, 191
writing disorders; dyslexic children; reading; spelling disorders; dysgraphia, 19827

Disorders [See Also Behavior Disorders, Communication Disorders, Congenital Disorders, Emotionally Disturbed, Learning Disorders, Mental Disorders, Physical Disorders]—Chapters

Adjustment to illness, 16376
Arthritis and the role of the physician in nonmalignant pain and disability, 5471
Case study 1A. Sociality and disease risk: A comparative study of leukocyte counts in primates, 6767
Counseling women with disabilities, 16969
The 'disease-prone personality'': A meta-analytic view of the construct, 17125
Foster care children with disabilities, 4251
Population-based health care: A model for restoring community health and productivity following terrorist attack, 2425
The relevance of circadian rhythms for human welfare, 1363

Disorientation (Time) [See Time Disorientation]
Disposition [See Personality]
Disruptive Behavior [See Behavior Problems]

Dissatisfaction—Serials

body dissatisfaction; adolescent; gender differences; age differences; dieting, 4128
body dissatisfaction; body image; human males; psychological adjustment; eating disorder; steroid use; exercise; health behavior, 28493
body dissatisfaction; eating disorder symptomatology; disordered eating, 16569
body image; adolescent girls; boys; social factors; psychological factors; biological factors; body dissatisfaction; internalized appearance ideals; body mass; social comparison, 31206
customer dissatisfaction; customer behaviors; emotions; disappointment; failed service encounters, 36459
dating violence; relationship power; parental violence; early experience; human sex differences; dating violence perpetration; relationship power dissatisfaction, 22630
depression; marital dissatisfaction; marital communication style; sex differences, 10374
dual pathway model of bulimia; sociotropy; body dissatisfaction; internalized societal pressures; dietary restraint; negative affect; need for approval; fear of social rejection, 1732
ethnic differences; body-self-dissatisfaction; Whites; Asian Subgroups; Pacific Islanders; African-Americans; body mass index, 23475
hearing aid; age related effects; dissatisfaction; aided performance; elderly hearing aid users; hearing losses; special signal processing, 8841
life dissatisfaction; prediction; work disability; twins, 19191
migraine headache; triptan; patient dissatisfaction; pharmacological interaction; physiological interaction; migraine recurrence, 14263
self-perception; body dissatisfaction; body weight; body mass index; risk factors; slim women; lifestyle; health, 22768
subjective & objective indicators; physician dissatisfaction; causes; managed care; malpractice crisis; disparate expectations; lack of time; doctors' role as double agent; historical context, 12060
workplace experience; displaced dissent; organizations; employee attitudes, 36340

Dissociation—Serials

action judgment dissociations; children; adults; speed changes; time concept; distance concept; linear conditions; nonlinear conditions; rating scales, 22048
alcohol effects; dissociation; implicit memory; explicit memory processes; semantic priming model; social drinkers; word recall tasks, 18788
behavior disorder; emotional disorder; child maltreatment; dissociative disorders; child psychopathology; coping behavior; dissociation; trauma; strategies, 25809
British sign language; neuropsychological dissociations; negation; right hemisphere lesions; comprehension; facial perception, 8206
child abuse history; violent trauma; dissociative symptoms; Russian college students, 28803
cognitive behavioral therapy; treatment effectiveness; dissociative seizures; psychosocial functioning; employment status; mood, 20179
context effects; recognition memory; familiarity; recollection; dissociation procedure, 33866
dissociated-control theory; hypnosis; impaired performance; susceptibility; anterior cingulate cortex; prefrontal cortex, 33891
dissociation; conversion; somatization; medically unexplained illness; model, 35173
dissociation; enactment; self conception dilemma; internal conflict; countertransference involvement; clinical illustration; affective clues; multiple consciousness; unitary mind; single-mindedness, 22394
dissociation; enactment; understanding; self-state; psychoanalysts; analysand; transference; countertransference; hermeneutics; psychoanalysis, 11455
dissociation; espinet learning; perceptual learning; flavour aversion, 18460
dissociation; Spectrum of Dissociation; wholeness; transcendence, 19306
dissociation; web version; Dissociative Experiences Scale; psychometrics; test valididy, 21112
dissociative experiences; anger proneness; late adolescent females; attachment style, 1368
dissociative experiences; verbal disclosure; childhood sexual abuse; repressive coping; nonverbal communication, 1562
dissociative symptoms; aversive childhood events; dissociation; childhood trauma; fantasy proneness; vague trauma items; specific trauma items, 10604
dissociative tendencies; alexithymia, 22433
distinctive features; correlation; conceptual structure; conceptual system; dissociation, 12663
episodic memory; semantic memory; semantic knowledge; developmental disorders; children; developmental amnesia; dissociation; knowledge of facts; knowledge of words, 20062
false belief; counterfactual conditionals; developmental dissociation; counterfactual reasoning; complex & simple travel scenarios; child development, 24969
family risk factors; homeless youth; runaway youth; dissociative symptoms; prevalence, 34810
forgetting; trauma stimuli; divided-attention; impaired memory; words; dissociators; selective attention; cognitive capacities, 24425
International Society for the Study of Dissociation's; multiple personality disorder; dissociative identity disorder, 22445
intralimb transfer; interlimb transfer; limb dissociation; learning; coordination task, 33769
love; dissociation; discipline; therapeutic relationship; relational perspective; transference; countertransference, 26311
love; dissociation; discipline; therapeutic relationship; relational perspective; transference; countertransference, 26327
mental rotation; perspective taking; spatial visualization; psychometrics; spatial orientation; orientation factors; mental abilities, 18284
monotheism; dissociation; splitting; forgiveness; evil, 10637
multiple memory systems; neuropsychological dissociation; amnesia; hippocampal system, 3701
obsessive-compulsive disorder; symptoms; dissociation, 25748
ordinal process dissociation; automatic processes; controlled processes; equations; ordinal relations; inclusion tasks; exclusion tasks; memory, 15328
pathological dissociation taxon; depersonalization disorder; dissociative identity disorder, 7801
pathological dissociation; nonpathological dissociation; psychological distress; fantasy immersion; psychopathology; Dissociative Experiences Scale; validity, 21147
pathological dissociation; personality disorders; childhood trauma; dissociative phenomena; self-injury; childhood abuse; symptomatic identity disruptions; memory; suicide, 7783
perceptual skill-learning; conceptual skill-learning; dissociation; divided attention, 30744
peritraumatic dissociation; negative emotions; physical anxiety; PTSD symptoms; posttraumatic stress disorder; PTSD; anxiety symptoms; traumatic event; French-speaking university students, 7935
phonological maintenance; semantic maintenance; phonological information; neural activity regions; word meanings; working memory, 27791
plasma dehydroepiandrosterone sulfate; cortisol levels; symptoms; dissociation; objective performance; acute stress; military performance, 30952
post-hypnotic suggestion; dissociation; consciousness; hypnotic state, 33892
posttraumatic stress disorder; acute stress disorder; injury; trauma; hospitalization; dissociation, 19522
posttraumatic stress disorder; dissociative symptoms; childhood sexual abuse; nonepileptic seizures; epileptic seizures; human sex differences, 11244
preschoolers memory; threatening information; trauma history; divided attention; develomental dissociation, 22429
prevalence; trauma; posttraumatic stress disorder; dissociation; court referrals; gender differences, 25696
priming; recognition; amnesia; amnesic patients; repetition priming; connectionist learning model; learning rate; neuropsychological dissociations; memory systems, 1858
process dissociation; item information; order information; phonological similarity; information processing; memory processing; retention; numerical estimates, 33812
psychiatric symptoms; personality traits; dissociative process; student population; neuroticism; phobic anxiety, 7802
relationship between attentional styles and effective cognitive strategies; effect on performance; associative condition; dissociative condition; attentional style, 36417
religious objects; defensive dissociation; awareness; anxiety, 25400
sleep; dreams; psychoanalysis; dissociative process; hypnogogic imagery, 17014
somatoform dissociation; childhood experiences; childhood trauma; psychological dissociation, 26049
space-based neglect; object-based neglect; perceptual parsing; spatial neglect; dissociating; copying task, 20036
space-based neglect; object-based neglect; perceptual parsing; spatial neglect; dissociating; copying task, 29168
subliminal perception; theory; indeterminacy; time; dissociation paradigm, 33681
subliminal perception; theory; indeterminacy; time; dissociation paradigm, 33688
subliminal perception; theory; indeterminacy; time; dissociation paradigm, 33697
subliminal perception; theory; indeterminacy; time; dissociation paradigm, 33699
temporal lobes; dissociation; semantic knowledge; dementia; cerebral atrophy; right brain; left brain; face processing, 11301
trauma-related intrusive cognitions; schizotypy; dissociation; trauma history, 9654
trauma; dissociation; dissociative disorders; clinical process; psychoanalysis; self-pathology; affect-consciousness; self concept; neglect, 32382
traumatic amnesia; dissociation; repressed memory; traumatic experiences, 25504
traumatic amnesia; dissociation; repressed memory; traumatic experiences, 25528
traumatic amnesia; dissociation; repressed memory; traumatic experiences, 25529
traumatic amnesia; dissociation; repressed memory; traumatic experiences, 25539
traumatic events; dissociative reactions; peritraumatic dissociation; risk factors; post-traumatic stress disorder; PTSD; experimentation; methodology; retrospective reports, 10818
undergraduate students; executive functioning; attentional control; dissociative amnesia; pathological memory, 33790
visual consciousness; dissociation; neural correlates; perceptual transitions; sustained perception; occipitotemporal regions; fronto-parietal regions; functioning magnetic resonance imaging, 34017
writing disorders; dissociation; speech; writing; aphasia, 32139

Dissociation—Chapters

Dissociation and modularity: Reflections on language and mind, 15998
How implicit is implicitly acquired knowledge, 21357
Minding the body: The intersection of dissociation and physical health in relational trauma psychotherapy, 5187
Perception without awareness: The qualitative differences approach, 3304

Dissociative Disorders [See Also Depersonalization, Dissociative Identity Disorder, Fugue Reaction]—Serials

basal norepinephrine; depersonalization disorder; noradrenergic function, 1502

behavior disorder; emotional disorder; child maltreatment; dissociative disorders; child psychopathology; coping behavior; dissociation; trauma; strategies, 25809
depersonalization disorder; phenomenology; precipitants; antecedents; comorbidity; treatment, 1344
dissociative convulsive disorder; psychotherapy; resistance, 16926
dissociative disorders; classification rate; psychiatric patients; symptom severity groupings; dissociative disorder rate; affective disorders; borderline personality disorder; comorbidity; diagnosis, 16382
dissociative symptoms; conversion disorder; somatization disorder; dissociative disorders; differentiation, 19860
dissociative taxon; pathological dissociation; dissociative experiences; testing, 21149
pathological dissociation; traumatic events; family environment; community environment; dissociative disorder; juvenile delinquents, 11055
perpetrator methodology; trauma; childhood sexual abuse; perpetrator relationship; posttraumatic symptomatology; dissociative symptomatology; survivors, 22636
personal narrative; discontinuity; patient perspectives; bipolar disorder; incipient schizophrenia; dissociative disorder, 19349
psychosocial stressors; dissociative trance disorder; major depression, 25531
trauma; dissociation; dissociative disorders; clinical process; psychoanalysis; self-pathology; affect-consciousness; self concept; neglect, 32382

Dissociative Disorders [See Also Depersonalization, Dissociative Identity Disorder, Fugue Reaction]—Chapters

Dissociative disorders: Phantoms of the self, 22477

Dissociative Identity Disorder—Serials

adults; females; survivors; chronic ritual abuse; family trauma; multiple personality disorder, 10678
borderline personality disorder; antisocial behavior; violent offenders; psychodynamics; neuroticism; interpersonal problems; imprisoned violent offenders; identity diffusion; defense mechanisms, 13682
dissociative identity disorder; attachment theory; survival; attachment dilemmas; pivotal crisis; object relations; transference, 8358
dissociative identity disorder; childhood trauma; therapeutic hazards; child treatment, 22469
dissociative identity disorder; multiple personality disorder; criminal responsibility; memory; personality; personal identity, 10715
dissociative identity disorder; multiple personality disorder; criminal responsibility; memory; personality; personal identity, 10701
dissociative identity disorder; multiple personality disorder; criminal responsibility; memory; personality; personal identity, 10714
dissociative identity disorder; multiple personality disorder; criminal responsibility; memory; personality; personal identity, 10696
dissociative identity disorder; multiple personality disorder; criminal responsibility; memory; personality; personal identity, 10698
dissociative identity disorders; DID; feigned dissociation; hypnotic susceptibility; schizophrenia; relative efficacy, 6332
International Society for the Study of Dissociation's; multiple personality disorder; dissociative identity disorder, 22445
multiple personality; modern psychology; mass dehumanization, 34932
pathological dissociation taxon; depersonalization disorder; dissociative identity disorder, 7801
possession phenomena; ethnography; psychodynamics; psychotherapy; dissociative identity disorder; ego states; exorcism, 22464
unity of agency thesis; unity of agency; disunity of agency; personal identity; longitudinal social roles; dissociative identity disorder, 19319

Dissociative Neurosis [See Dissociative Disorders]
Dissociative Patterns [See Dissociative Disorders]
Dissonance (Cognitive) [See Cognitive Dissonance]
Distance Discrimination [See Distance Perception]

Distance Education—Serials

artificial intelligence; collaborative learning; learning activities; online student interaction; distance learning; knowledge sharing, 33100
computer-assisted instruction; interactivity; web based learning system; distance education, 23800
continuing education programs; workplace; interactive television technology; geriatrics service providers; distance learning courses, 8937
distance education; educators; learning environment; educational programs; video conferencing; classroom environment; interactivity; postsecondary institutions; courses, 33091
distance education; motivational interviewing skills; behavioral health professionals; video workshops, 20731
distance learning; CD-ROM technology; teaching tools; professional development; counselor education program, 36126
distance learning; developmental psychology course; Personalized System of Instruction; web-based mastery course; educational program evaluation; human development, 29972
distributed learning; distance education; online learning; collaborative problem solving; educational opportunity; computer-based learning; graduate training; pedagogy model; competency-based outcomes, 32924
instructional materials; traditional instruction; multimedia resources; geographic location; distance education; digital video; web-based learning system; Internet; web-based lectures, 17652
interdisciplinary gerontology course; distance education; web-based course; educational backgrounds; professional experience; personal experiences; cultural backgrounds, 30018
online interaction; technology; project-based learning; isolated learners; interpersonal communication; learner communities, 17648
student impression; learner support system; distance education program, 33170
technology usage; electronic course tool; group training standard; group counseling; Association for Specialists in Group Work; Counseling and Related Educational Programs, 23708
Web-based distance learning; human resource development; computer-based training; computer technology; innovative methods; organizational training; Internet, 27043
welfare practice; social work; Australia; rural practice; educational institutions; teaching social work; teaching welfare work; web-based information courses, 12019

Distance Education—Chapters

Building a pedagogical model for synchronous distance learning courses, 2762
Differences in predictors of online and classroom performance, 2802
Distance learning in organizations: A review and assessment of future needs, 17889
Facilitating interaction in web-based instruction, 2767
Grounding 'subjective views''situation awareness and coreference in distance learning, 3059
The impact of new technology on music appreciation courseware created and used for a college distance learning course, 2773
Learning cubes: A model for online education, 2771
Lessons learned from blended biology classes, 2763
Teaching technology in an online, distance education environment, 2766
The virtual anesthesia machine: An educational experiment in interactive, real-time web simulation and philanthropy, 2769

Distance Learning [See Distance Education]

Distance Perception [See Also Apparent Distance, Motion Parallax]—Serials

absolute spatial proximity; landmark; goal; distance; rats, 24562
action judgment dissociations; children; adults; speed changes; time concept; distance concept; linear conditions; nonlinear conditions; rating scales, 22048
anticipated running distance; perceived exertion; attentional focus; teleoanticipatory mechanisms; expected exercise duration, 24406
attentional capture; display size; spatial distance; color; visual search, 24398
direct distance; route distance; implied temporal distance; situation model components accessibility; narratives, 368
distance estimation; simulated environment; visual field dependence; body position; visual information, 33735
intention; egocentric distance; optical variables; physiological potential; intended actions; walking; perceived distance, 33738
perceived distance; distance distortions; distance perception; binocular vision, 18275
prehension development; age differences; distance scaling; grip aperture; sight of hand, 28088
response time; projective spatial terms; spatial relation; orientation; direction; origin; distance; spatial template, 33651
spatial information; temporally organized mental maps; spatially organized mental maps; distance discrimination, 27494
spatial representations; vision; visual perception; spatial language; distance judgments; allocentric direction, 24357
supratemporal plane; object distances; virtual reality; neural mechanisms; auditory distance perception; distance perception; auditory spatial simulations, 12616
visual field; shift distance; attentional shifting; attentional orienting; visual spatial attention; reaction time; planning, 24678

Distance Perception [See Also Apparent Distance, Motion Parallax]—Chapters

Coding near and far space, 23024
Perceptual and visuomotor processing in spatial neglect, 23039

Distortion (Perceptual) [See Perceptual Distortion]

Distractibility—Serials

AF102B; THA; muscarinic agonists; cholinesterase inhibitors; distractibility; monkeys, 3953
auditory distractibility; location; stimulus duration; event related potential; behavioral performance, 3799
dorsolateral prefrontal cortex dysfunction; distractibility; superior colliculus; attention deficit; upper brainstem lesion, 22938
getting lost; executive functions; Alzheimers disease; dementia; directed attention; attentional impairments; distractibility; impulsivity; irritability, 35267
positive affect; cognitive control; distractibility; cognitive flexibility; stability; perseveration, 12636
preparatory attention; frontotemporal dementia; response time; distractibility, 32184

Distraction—Serials

anxiety; physiological activation; self-efficacy; treatment outcome; phobic stimuli; spider phobia; physiological arousal; coping behavior; distraction; perceived control, 19536
attention; expertise; multiple target tracking; distractors; target acquisition; task complexity, 21396
attentional capture; stimulus onset asynchronies; singleton detection; feature search; distraction; visual search strategies; color perception; shape perception, 311
attentional engagement; attentional inertia; infant distraction latencies; attentional state, 24968
attitude change; advocacy; cognitive response; effects of distraction; racial beliefs; Whites; Blacks; stereotypes; prejudice; commitment, 10531
auditory attentional capture; auditory discrimination; singleton distractor sounds; auditory search, 9608
auditory distraction presentation rates; electrophysiological effects; event-related potential; behavioral effects; stimulus occurrence timing; discrimination; tones; stimulus onset asynchrony, 21740
cognitive interference; intrusive thoughts; information search behavior; Internet use; information processing load; self-evaluative thoughts, 10094
distraction; response activation; movement trajectories; nontarget stimulus; goal-directed movements; response activation model; selective reaching, 30652
distractor; recognition; stimulus discrimination; semantics; criterion shift, 30702
dysphoria; mood-incongruency effects; mood-repair effect; mood-regulation; distraction; rumination; positive memory; autobiographical memory; accessibility; negative mood induction; positve mood, 19380
eating disorders; binge eating; eating behavior; distracting behaviors, 28948
emotional processing; distraction; claustrophobic fear; in vivo exposure; fear activation, 31827
experimenter effects; attention focus; remote facilitation; believers; disbelievers; experimenters; psi effects; distraction, 18440
focus of attention; attentional capture; visual attention; distraction; task performance, 3406
genetics; cognitive processes; distraction; event-related potential; slow wave; working-memory, 34278
induced rumination; distraction; current mood; overgeneral autobiographical memory; major depression; adolescents, 25587
inhibition; distractor interference; prepotent response inhibition; proactive interference; random number generation; task-switching ability; cognitive failures; span recall; intrusive thoughts, 12638
mood enhancement; exercise; distraction; college students, 6095
perceived deprivation; preoccupation with food; actual caloric intake; fat intake; dieting; adult women, 16567
response selection; visual search; nontarget response compatibility; distractors, 9600
ruminative responses; distractive responses; dysphoria; history of depression; life satisfaction; depressive symptoms; negative affectivity, 16394
social comparison theory; conflict theory; social facilitation inhibition effect; coaction; attentional focusing, 34593
spatial contextual cuing; individual locations; visual search; spatial learning, 30604
stop signal inhibition; distractor interference; behavioral inhibition; flanker task; Stroop task, 24371
test anxiety; susceptibility to distraction; examination performance, 36158
token set size; irrelevant sound effect; brain activity; task performance; serial recall; cognitive distraction; disruption; Nl wave, 9703
verbalization; lineup face recognition; interpolated inspection; face memory; distractor, 21381

visual search; attention deficit hyperactivity disorder; attentional capture; selective attention; distraction, 32006
visuospatial cues; distracting stimuli; target localization; auditory modality; visual modality; linguistic cue words; visual target attention, 18868
working memory; involuntary attention; auditory distraction; event-related brain potentials, 15324

Distress—Serials

acculturative distress; acculturation; coping; intercultural competence; immigrants; Hispanic adults, 31343
acculturative stress; acculturation; psychological distress; quality of life; demographic variables; mental health; distress predictors; psychiatric patients, 31715
adolescent responses; terrorist attacks; parental consistency; adolescent reactions; psychological distress; coping behavior, 31217
alcohol use disorders; psychological distress; state trait model; trait alcohol use disorders; trait psychological distress, 8013
alcohol use; psychological distress; symptoms; gender differences; college students, 31444
animal discomfort; distress; pain assessment; animal welfare; animal suffering; clinical signs; data management systems; surveys; pain scoring; animal monitoring, 6655
anxiety level; coping styles; cycle phase; menstrual distress; premenstrual distress, 18672
anxiety sensitivity; stress perception; panic symptoms; anxiety; depressive symptoms; distress, 25518
avoidance-oriented coping; acute physical stress, panic disorder; distress; psychopathology, 25386
bereavement related distress; personal adjustment; causal relationships; coping skills, 22341
bereavement; grief research; research advancement; death; distress, 28456
Bertrand Russell; cognitive therapy; psychological problems; painful emotions; emotional problems; cognitive solutions, 16985
binge eating; psychological distress; ethnically diverse undergraduates; alexithymia; depression; anxiety, 32055
breast cancer patients; posttreatment distress; disease timeline; prediction; chemotherapy treatment, 29076
breast cancer; distress; negative life circumstances; adjustment, 11207
breast cancer; presurgery distress; response expectancies; postsurgery outcomes; surgery patients; specific expectancies, 29483
breast cancer; risk perception; optimism; cancer worry; positive expectancy; distress, 29071
brief intervention program; counseling; cancer patients; spouses; inequity feelings; relationship quality; psychological distress; social support, 26475
cancer; threat perceptions; objective events; distress; perceived life threat; psychological adjustment; disease prognosis; intrusive thoughts; avoidance; posttraumatic stress disorder, 29070
catastrophic thinking; internal atrial cardioversion; distress; perceived disability; atrial fibrillation; fear; discomfort, 19939
child sexual abuse evaluations; emergency room; multidisciplinary approach; physical distress; emotional distress, 35837
child therapy; therapeutic intervention; multidimensional model; therapeutic process; therapeutic action; therapeutic change; emotional distress; clinical efficacy; psychoanalytically informed therapy, 32378
childhood bullying; victimization; long-term consequences; coping strategy; appraisal; adult distress, 22075
childhood emotional neglect; family of origin function; psychological distress; gender effects; family cohesiveness, 19639
childhood sexual abuse; narratives; distressed adult survivors, 4694
chronic community violence; high school students; psychological distress; college students; academic performance; urban environments, 2796
chronic distress; Gulf War veterans; early hyperarousal symptom; early avoidance symptoms; emotional numbing symptoms; posttraumatic stress disorder, 16386
chronic pain subgroups; personality correlates; neuroticism; extraversion; distressed patients; dysfunctional group; interpersonally distressed group; adaptive group, 35205
clinical factors; socioeconomic factors; insomnia; poor quality sleep; functional impairment; psychological distress; prevalence, 26072
cognitive processing; mothers; children undergoing bone marrow/stem cell transplantation; maternal adjustment; fear; intrusions; avoidance; distress; hospitalization; recovery, 16285
college counseling service; symptom severity; client distress, 23943
college counseling service; symptom severity; client distress, 23947
college counseling service; symptom severity; client distress, 23948
college student response; emotional peer helping; distressed peers; peer relations, 20866
construct validity; psychometrics; Fake Bad Scale; MMPI-2 profiles; psychiatric inpatients; chronic pain; personal injury evaluations; medical patients; false positive rates; psychological distress, 21136
construct validity; psychometrics; Fake Bad Scale; MMPI-2 profiles; psychiatric inpatients; chronic pain; personal injury evaluations; medical patients; false positive rates; psychological distress, 21127
construct validity; psychometrics; Fake Bad Scale; MMPI-2 profiles; psychiatric inpatients; chronic pain; personal injury evaluations; medical patients; false positive rates; psychological distress, 21146
coping; anxiety; women; abnormal screening mammogram; distress; psychosocial adjustment, 11602
coping; social support; psychological distress; job stress; life stress; police officers; stress management, 24139
couple communication; support; cancer; psychological distress; relationship satisfaction; partner responses; breast cancer diagnosis; patient self disclosure, 32130
decisional strategies; emotional distress; primary care; general practitioner attribution; psychosocial factors, 26619
delirium; terminally ill cancer patients; perceived distress; emotional distress; family members; bereavement, 19917
depression; Latvia; International Classification of Diseases; psychiatrists; somatic distress; narratives, 16890
diagnosis; prostate cancer; breast cancer; perception of family support; high psychological distress; couples, 4927
directed suppression; rape-related material; rape survivors; mental control; rape-related thoughts; distress, 25839
disruptive behaviors; life events; Latina mothers; professional services; help seeking; problem recognition; maternal distress; awareness; young children, 10871
distress proneness; cognitive decline; aging, 34397
distress; behavior outcomes; cancer patients; curative treatment, 32566
distress; coping; perceived personal risk of positive biopsy finding; breast cancer; screening; demographic variables; women, 4935
distress; demographic & medical & family history & loss variables; genetic testing; colorectal cancer patients, 4932
distress; perceived relationship; voice hearer; voice; relating styles; voice-hearing experience; depression level, 25687
distress; standards; screening; clinical screening programs; computerized quality of life screening; screening instruments; models; economic costs; psychosocial oncology, 5400
doctor-patient relationships; communication process; chronic pain, 35197
dying; children; symptoms; distress; palliative care; intensive care; hospitalized children; symptom prevalence; characteristics, 8717
ecological variables; psychological distress; community violence; adolescents, 13248
emotional disclosure; trauma; resilient self concept; psychological distress; self perception, 1330
emotional distress; domestic violence; mental health problems; mental health services; women's experiences; medical model, 16480
emotional distress; HIV disease; telephone intervention; coping improvement; group intervention; depression; symptom severity; social support; nonmetropolitan areas, 11335
emotional distress; negative emotions; self-control behavior; sensitivity; punishment; neuroticism; depression; anxiety; personality traits, 10614
emotional distress; quality of life; symptoms; testicular cancer patients; chemotherapy, 11206
emotional distress; stress reaction; Israeli war veterans; long term adjustment; attachment style, 25337
emotional trauma; pain; mood; physical function; primary care population; trauma history; emotional functioning; pain patients; trauma distress, 4889
empathy; cross cultural differences; perspective taking; distress, 19201
empathy; self-absorption paradox; self-rumination; self-relection; mediators; shame; guilt; empathy, 31576
environmentally induced stress; physical stress; distress cues; predator kairomones; foraging behavior; salamanders, 15425
ethnic discrimination; psychological distress; ethnic minority young people; self-esteem; gender differences; coping; stress; well-being, 28455
European American; Hispanic; Latinos; anxiety disorder; racial differences; somatic symptoms; distress, 22591
event memory; autobiographical memory; college students; stressful events; terrorist attacks; constructive memory distortions; distress; September 11, 12704
experiential avoidance; psychological distress; posttraumatic symptomatology; psychological functioning, 31593
explanatory models; etiology; mental distress; psychiatry, 5101
eye-movements; vividness; emotional valence; electrodermal arousal; negative autobiographical memories; psychophysiological measures; distress; positive autobiographical memories, 30941
family work; perceieved injustice; psychological distress; married couples, 34487
female college students; family support; mexican american; psychosociocultural variables; distress; acculturation; cultural values; income, 16130
functional somatic syndromes; psychological distress; job stress; personality; work demands; job control; somatization; alexithymia; nurses, 5793
gender imbalance; emotional work; psychological distress; gender divisions; marital love; marital conflict; couples, 34494
gendered work conditions; psychological distress; social support; job satisfaction; physical health; organizational responsiveness; nonfaculty university employees; job demands, 9054
General Health Questionnaire; GHQ-12; scoring method confounds; psychological distress screening; pregnant women; pre-labour rupture of membrane; PROM, 6305
general practitioners; psychological distress treatment; midlife Australian women, 29487
global maladaptive schema; life events; psychological distress; personality pathology, 34737
health-related quality of life; strategies; good mood; distress; carcinoid tumors; health personnel; cancer patients, 16704
heterogeneity; social networks; models; social relationships; psychological outcomes; positivity & negativity & outcome-specific & ambivalence models; psychological distress; well-being; prediction, 25288
home to work conflict; work qualities; emotional distress; anxiety; depression; sex differences; gender differences, 14773
human figure drawing; pregnant women; structural elements; high risk; low risk; prenatal emotions; psychological distress, 6365
humour; exercise; mood; anxiety; psychological distress; psychological changes, 2977
illness experience; multiple sclerosis; emotional distress; narrative therapy; restorying techniques; cognitive restructuring, 35404
illness phobia; distress; impairment; hypochondriasis; classification, 25732
imagery rehearsal treatment; distressing dreams; psychological distress; sleep parameters; nightmare patients, 5195
incontinence impact; symptom distress; treatment-seeking behavior; women, 4868
individual differences; self-defining memory dimensions; specificity; meaning; content; affect; self-restraint; distress; repressive defensiveness, 21362
induced abortion; emotional experience; relationships; distress, 7565
information use; maternal distress; negative life events; psychosocial problems identification; children, 28136
interpersonal events; individual differences; daily hassles and uplifts; stress; distress; well-being; prediction; life satsifcation; modd; personality; coping, 10602
ischemic coronary heart disease; emotional distress; mortality; coronary artery disease; denial; sex differences, 19932
life strain; negative emotions; anger; resentment; anxiety; depression; Agnew general strain theory; interpersonal strain; delinquent outcomes; minor offenses; violence, 28524
madness; anguish, 22439
magnetic resonance imaging; prediction; anxiety; psychological distress; MRI, 18164
male psychological distress; problem solving appraisal; masculine role conflict; depression; anxiety; social support dissatisfaction, 28309
marital stressors; marital discord; psychological distresss; marital dissolution; women; depression, 34483
medical students; stress management intervention; educational intervention; coping skills; psychological distress; mindfulness-based stress reduction; emotional distress, 20727
menopause; DHEA-S; prolactin; musculo-skeletal pain; psychological distress; sex hormones; estradiol; testosterone; androstendione, 7093
mental distress; obesity; body weight; Rorschach personality aspects; anxiety; major depression; body concern, 22803
mother-child relationship; coping; adjustment; HIV; social support; emotional distress, 4238
oral cancer; cancer screening; distress reduction; long term effects; patient information leaflet; health knowledge; patient intention, 29060
parental separation; adjustment problems; domestic violence; divorced parents; children; distress, 16002

participatory action; intimate partner violence; perceived stress; risk factors; psychological distress; somatic complaints; post-traumatic stress disorder symptoms, 31863
pathological dissociation; nonpathological dissociation; psychological distress; fantasy immersion; psychopathology; Dissociative Experiences Scale; validity, 21147
Patient Distress Scale questionnaire; factor structure; internal consistency; emotional disturbances; awareness; test reliability; acute neurological patients, 186
patients; psychoanalysts; feelings; experiences; psychoanalytic practice; psychotherapeutic process; emotional pain; forced terminations; therapeutic growth, 11454
peculiar beliefs; psychological distress; clarity; emotions, 34654
pediatric oncology; procedural pain; distress management; hypnosis; treatment effectiveness evaluation, 29426
perceived coping; attachment; psychological distress; structural equation modeling, 1285
personal self-esteem; moderating role; perceived sexist event experiences; psychological distress; young adult women, 10606
personality disorder; occupational impairment; social impairment; personal distress; perceived dysfunction ratings, 34935
personality factors; psychological distress; psychodynamic group therapy; treatment termination, 32370
personality motives; traumatic events; memory; distress; cognitive complexity; September 11th terrorist attacks; personal traumatic experience; psychological symptoms; stress-related growth, 22106
positive expectations; time course; disgust; insect distress; spider phobia, 34727
postnatal depression; postnatal distress; antenatal classes; parenthood classes; adjustment; self-esteem, 23452
postpartum depression; distress; difficult infants; health care; parenting stress; mother child relations; help seeking; nursing, 10409
posttraumatic distress; adolescent athletes; sport injury, 8154
posttraumatic stress disorder; propranolol; peritraumatic distress; trauma exposure, 8551
posttraumatic stress disorder; propranolol; peritraumatic distress; trauma exposure, 8552
posttraumatic stress; symptoms; trauma history; general psychological distress; psychological functioning; childhood sexual abuse; gender; race; alcohol comsumption; group differences, 7936
prediction; adult characteristics; infant distress; emotional reactions; perceptions; intervention timing, 7718
prevalence; course; predictors; emotional distress symptoms; adolescent pregnancy; adolescent parenting; disadvantaged adolescents; females, 16027
prior counseling; campus counseling center usage; path analyses; help seeking attitudes; college students; counseling use predictors; psychological distress; social support; concealment tendencies, 2867
Project Genesis; problem-solving therapy; treatment efficacy; adult cancer patients; psychological distress; quality of life; significant others; symptom reduction; psychotherapeutic outcomes, 2002
psychiatric inpatients; sexual assault; vulnerable patients; distress; childhood experiences; posttraumatic stress disorder, 7923
psychiatric morbidity; psychotropic medication prescription; generalized anxiety disorder; major depressive disorder; breast cancer patients; psychiatric screening, 20306
psychiatric student counseling service; distress; counseling quality; ethic aspects; operator professionalism; research activities; resource allocation, 33211
psychological distress; adolescents; German unification; commitment; self efficacy beliefs; political system; social change, 34355
psychological distress; African American women; demographic variables; disease; breast cancer; racism; drinking; smoking; racist events; health disparities; stress, 1335
psychological distress; Blacks; Whites; negative interaction; social support; African Americans; personal control perceptions; financial strain; traumatic event coping, 19193
psychological distress; chronic posttraumatic headache; traumatic headache; headache origin, 22831
psychological distress; conversion disorder; somatization; physical symptoms; mood disorder; central nervous system; neurologic malfunction, 35191
psychological distress; family carers; intellectual disabilities; urban conurbation, 32033
psychological distress; Lebanese war hostages; Lebanon; prisoners of war; POW; torture; captivity-related factors; psychosocial variables, 4188
psychological distress; major depression; coping behavior; self help strategies; professional help; disorder severity, 19381
psychological distress; overweight individuals; mental health; psychological health; obese individuals; obesity, 8143
psychological distress; physical symptoms; pain; depression; hopelessness; desire for hastened death; disease stages; cancer patients, 4933
psychological distress; psychosocial factors; adaptational problems; benzodiazepine withdrawal; treatment outcome, 23281
psychological distress; self-efficacy; elderly; Chinese women; health locus of control; chronic physical illness, 13883
psychological distress; substance use; alcohol use; drug use; substance treatment, 25455
psychological distress; total knee arthroplasty; functional outcomes; household and work activity; role limitations; functional state; physical role, 2290
psychological distress; unemployment; social support; material deprivation; social problems; psychological problems; parental emotional support; labor market outcomes, 5989
psychological distress; vulnerability; human sex differences; negative mood states; negative event experience; interpersonal interactions, 1217
psychological distress; work conditions; work goal processes; well-being; health care employees, 29915
psychological health; chronic illness; mental illness; psychological well-being; psychological distress; emotional distress; economic distress; family members; risk factors, 16359
psychological symptoms; anger; social skills; college students; psychological distress, 1370
psychological trauma; emotional distress; traumatic events; nonabused young adults; abused young adults; score comparisons; Psychological Trauma and Psychological Resources Scale, 25596
psychosocial functioning; psychological distress; body image; bilateral prophylactic mastectomy, 14283
psychosocial intervention; geriatric patient; fears; distress; implantable cardioverter defibrillator; defibrillator discharges, 20127
psychosocial oncology; distress; adjustment; psychological disturbances; interventions; allocation of psychosocial resources; cancer; genetic risk, 4938
psychotherapeutic interventions; psychosomatic liaison service; neurology; psychosocial distress; coping strategies; life quality; mental disorders, 23129
quality of life; schizophrenia; sleep quality; symptom severity; side effects; emotional distress, 25669
quality of life; symptom distress; advanced cancer patients; well being; QOL; Karnofsky Performance Status overtime; KPS, 5429
racial identity; racial discrimination; stress perceptions; psychological distress; African American young adults, 19037
relationship infidelity; former romantic partner; sexual infidelity; emotional infidelity; forgiveness; distress; gender; commitment, 31468
religiosity; undergraduate students; church attendance; personal prayer; bible reading; self reported general health; positive attitude toward Christianity, 31333
religious concerns; spiritual concerns; university students; counseling center clients; prevalence; predictors; distress, 2697
religious coping; psychological distress; psychological disability; end stage pulmonary disease; life threatening situations; coping methods; religion, 35175
religious effects; distress; African Americans; religiosity; anger; depression; anxiety; religious commitment, 28207
risk factors; continued illness; Gulf War veterans; symptom severity; psychological distress; fatigue; Gulf War syndrome; physical functioning, 25469
sedation; Spanish patients; psychological distress;cultural differences; cognition; Canadian patients; palliative care; existential distress, 23346
self-management intervention; illness uncertainity; psychological distress; radiotherapy; control; cancer, 20552
sexual orientation; distress; psychotherapy, 20156
sibling; caregiving; temperament, 25182
situational coping strategies; dispositional coping strategies; personality; cognitive appraisals; psychological distress, 22328
social distress; emotional distress; postnatal period; Bangladeshi women; coping strategies, 28664
social support; college students; Latinos; Blacks; psychological distress; psychological help seeking; social support networks, 2860
somatic distress; cross-national variations; patient-doctor interaction; cultural differences, 22813
somatic symptoms; distress; Hispanics; children; adolescents; cross cultural comparison; anxiety research, 22400
stigma; psychological distress; social-cognitive model; social experience; intellectual disability; social comparison, 35120
stress; health related quality of life; HIV infection; psychological distress, 26079
Structural Ecosystems Therapy; psychosocial functioning; attention-comparison person-centered therapy; HIV-seropositive women; African Americans; psychological distress; family hassles; family support, 16944
student self categorisation; problem solving; social support; psychological distress; student attitude, 36177
subjective response; antipsychotics; schizophrenia; psychopathology; side effects; emotional distress; awareness, 26421
substance abuse; group trauma experiences; grief; historical trauma; HT; historical trauma response; HTR; traumatized populations; intergenerational grief; Lakota; Natives, 4728
symptom distress; individual symptoms; symptom prevalence; lung cancer; clinical characteristics; clinical interventions; distress levels; treatment group, 2287
terrorism; response; students attitude; educational staff; distress; school counseling, 30102
terrorist attacks; alcohol consumption; distress; national trauma; mood; September 11th, 19726
terrorist attacks; psychological consequences; behavioral reactions; help-seeking behavior; counseling; psychological distress; social support, 32515
terrorist attacks; psychological consequences; behavioral reactions; help-seeking behavior; counseling; psychological distress; social support, 32510
terrorist attacks; psychological consequences; behavíoral reactions; help-seeking behavior; counseling; psychological distress; social support, 32522
terrorist attacks; psychological consequences; behavioral reactions; help-seeking behavior; counseling; psychological distress; social support, 32509
terrorist attacks; psychological consequences; behavioral reactions; help-seeking behavior; counseling; psychological distress; social support, 32511
terrorist attacks; psychological consequences; behavioral reactions; help-seeking behavior; counseling; psychological distress; social support, 32518
terrorist attacks; psychological consequences; behavioral reactions; help-seeking behavior; counseling; psychological distress; social support, 32523
terrorist attacks; psychological consequences; behavioral reactions; help-seeking behavior; counseling; psychological distress; social support, 32517
terrorist attacks; psychological consequences; behavioral reactions; help-seeking behavior; counseling; psychological distress; social support, 32521
therapeutic intervention; trauma; stress; divorce; hypnosis; eye movement desensitization & reprocessing; neurolinguistic programming; mediation; divorce education; support & counseling groups, 31366
therapists distress; patient suicide, 35998
threat appraisals; distress; positive life change; psychological impact; terrorist attack; September 11, 25115
toddler development; internal state language; externalizing behavior; maternal talk; empathy; guilt; emotional responses; behavioral responses; mishap; attribution, 7422
traditional behavioral couple therapy; integrative behavioral couple therapy; seriously distressed married couples; chronically distressed married couples; disorder severity, 17008
trauma experience; psychological distress; posttraumatic stress disorder; breast cancer patients, 19919
unemployment; mental health status; young adults; clinical depression; distress; older adults, 14731
unstable angina; emotional distress; anginal chest discomfort; ischemia-angina relationship; anger; depression; anxiety, 22890
vaginal complaints; primary care; treatment; illness; vaginitis; treatment experience; vaginal symptoms; communicating distress; anger; social functioning; sexual functioning; gender conflict, 4863
vicarious traumatization; psychological distress; symptoms of avoidance & intrusion; traumatized clients; therapist beliefs; burnout; therapist distress, 8951
vicarious victims; disaster-focused distress; distress reactions; September 11; terrorist attacks; general distress; gender differences; survivor guilt; survivor grief; collective helping behavior, 19219
work place; cortisol profiles; psychosocial distress; mobbing; physical health; psychological health; employee absenteeism; staff turnover; HPA axis, 19608
work-family conflict; role salience; women's well-being; psychological distress, 33287
World Ttrade Center; elevated psychological distress; traumatic experiences; psychological effects; New York City; September 11th; postdisaster psychological distress; terrorism, 25750
Zarit Burden Interview; distress screening; distress detection; informal care; dementia, 12517

Distress—Books
The psychology of the peacekeeper: Lessons from the field, 2990
Distress Calls (Animal) [See Animal Distress Calls]
Distribution (Frequency) [See Frequency Distribution]
Distributive Justice—Serials
ethical principles; children; developmental disabilities; risk vulnerablity; distributive justice; research participation; human rights, 34260
fairness perceptions; innovative behavior; public health organizations; stress reactions: distributive fairness; procedural fairness; burnout; anxiety, 20931
procedural justice; sales force; scale development; scale validation; managerial justice; distributive justice, 21204
self enhancement; actions; good intentions; desirable trait; self-assessment; actors; obserers; assigned weight, 13434
South Africa; political environment; black South Africans; economic policies; economic problems; economic theory; market system; neoliberalism; economic policies; income distribution; economic market, 16114
status groups; social justice judgments; comparative perspective; accumulated knowledge; social structure, 1222
Distrust [See Suspicion]
Disulfiram—Serials
disulfiram treatment; cocaine dependence; drug-free urine specimens; sex differences; abstinence; alcohol use, 32796
disulfiram treatment; supervised disulfiram; clinic visits; treatment adherence; voluntary group; court-mandated group; naturalistic followup study; study period; court assistance, 20650
disulfiram; alcohol dependence; drug therapy; psychosis; glutamate receptors, 32778
disulfiram; methadone treatment; cocaine dependence; cost-effectiveness analysis; methadone-maintained opioid addicts; treatment effectiveness; economic evaluation; double blind clinical trial, 20640
plasma cocaine levels; locomotor sensitization; disulfiram; antabuse; cocaine addiction; brain dopamine; rats, 7194
Diurnal Variations [See Human Biological Rhythms]
Divergent Thinking—Serials
children thinking; belief diversity; early school years; relativism judgments; tolerance judgments; disagreeing persons, 31264
coping strategies; rigidity; creativity; intrapsychic bonds; divergent thinking; quality of life, 31581
group; brainstorming; task performance; problem solving; divergent thinking; convergent thinking, 13435
issue preface; formal reasoning; rational thought; logically valid inferences; cognitive study, 24475
leadership skills training; Chinese secondary students; university gifted programs; divergent thinking; leadership characteristics; social problem solving, 17761
past success; convergent thinking; groups; group-focused attributions; individual-focused attributions; divergent thinking, 31479
Divergent Thinking—Chapters
Better than individuals? The potential benefits of dissent and diversity for group creativity, 1197
Everything I ever needed to know I learned in Seminar 101: Organizing the first year for dynamic interactive learning, 2764
Group creativity and collective choice, 1202
Diversity in the Workplace—Serials
affirmative action; Black employment; higher job levels; labor markets; employer support; employment diversity, 17789
African Americans; psychological functioning; psychological well-being; social psychological costs; workplace racial segmentation; well being; race related social structural constraints, 20949
business performance; Diversity Research Network; gender diversity; race; diversity-performance relationships, 17861
corporate teamwork; college recruitment brochures; group work; competitive advantage; diverse workforce; applicant attitudes; organizational attractiveness, 14744
cultural diversity; diversity awareness training; differential treatment, 33242
diversity; team efficacy; intrateam conflict; team performance; intentions to remain in team; MBA students, 4340
employee diversity; business performance; customer preferences; workplace relations; Asian employees, 36390
employee mistreatment; muted voices; cultural diversity; workplace diversity, 30118
ethnic identity; organizational recruitment; recruitment brochures; recruitment outcomes; workplace diversity; race, 9069
federal agencies; diversity management programs; diversity; workplace; diversity survey results, 30146
gender differences; perceived disciplinary fairness; employees; behaviour; disciplinary discussion, 36310
gender; long working hours; women; decision-making; public policy support; high-level careers, 27118
group diversity; cultural diversity; group performance; heterogeneous groups; group learning; organizational effectiveness, 36300
negative effects; performance stereotypes; job stressors; organizational health; racism; discrimination; ethnic minorities, 36328
organizational diversity; employee participation; diversity education programs; job performance; job tenure; age; sex; race, 36333
social group processes; functional diversity; communication; diverse networked organizations; Cooperative Research Centres, 30226
social identity; personality; work outcomes; business students; culturally diversity; work teams, 23976
social relations; local economy; part-time female workers; workplaces; organizations, 36338
supportive beliefs; affirmative action; White undergraduates; justice; hiring policies; merit; diversity value; fairness; individual-level variables; demographics; future benefits; tiebreak plicy, 13298
team diversity; team performance; diversity dimensions; demographic characteristics; team manager; demography of work unit, 36336
work group involvement; employee attitudes; group openness; group diversity; informational dissimilarity, 36000
Diversity in the Workplace—Books
Career counseling: Process, issues, and techniques (2nd ed.), 5993
The psychology and management of workplace diversity, 2878
Diversity in the Workplace—Chapters
Age, disability, and obesity: Similarities, differences, and common threads, 2881
The arguments against diversity: Are they valid?, 2948
Better than individuals? The potential benefits of dissent and diversity for group creativity, 1197
Class diversity in the workplace, 2882
Creating and sustaining diversity and inclusion in organizations: Strategies and approaches, 2886
Diversity and creativity in work groups: A dynamic perspective on the affective and cognitive processes that link diversity and performance, 2947
Diversity and sexual orientation: Including and valuing sexual minorities in the workplace, 2887
Group creativity: Common themes and future directions, 1199
Health implications of workplace diversity, 2889
The influence of culture on role-taking in culturally diverse organizations, 2890
International perspectives on workplace diversity, 3011
Leadership in a diverse workplace, 2883
Models and practice of diversity management: A historical review and presentation of a new integration theory, 2880
Research on domestic and international diversity in organizations: A merger that works?, 6063
Toward the inclusiveness and career success of African Americans, 2884
Why now? The contemporary focus on managing diversity, 2885
Divided Attention—Serials
adolescent ecstasy users; MDMA; cognitive deficits; divided attention; brain function; hippocampal dysfunction; developmental impact; 3,4-Methylenedioxymethamphetamine; neurotoxic effects, 25884
aging; divided attention; memory; item information; associative information; age differences; word pairs; word recognition; associative recognition memory; age-related changes, 7456
attentional allocation; top-down control over attention; children; digit span accuracy; response time; pupillary dilation; age; dual tasks, 18922
contour grouping; facial context; selective attention; divided attention, 9593
divided attention difficulty; neurological rehabilitation; acquired brain injury; relearning; walking; neurophysiotherapists; patients, 1833
divided attention; memory interference; temporal lobe function; neuropsychological testing; word test; animacy decision task; numbers; associative retrieval; distracting task, 27728
dividing attention; motion; color; dynamic random dot patterns; dual-task conditions; visual attributes, 30627
dual task coordination; Alzheimer's patients; visuospatial tracking; digit sequence recall; concurrent performance; working memory system; task complexity; task analysis, 29144
dual task performance; traumatic brain injury; divided attention; mental effort, 29093
dual-task effects; aging; latency; accuracy; complexity, 947
dual-task interference; encoding processes; retrieval processes; working memory; Alzheimers disease, 20015
dual-task interference; human electrophysiology; psychological refractory period; encoding-speeded response; event-related potential component; lateralized readiness potential; response time, 21725
event-related potential; attentional inhibition; audition; neural mechanism; inhibition of return; IOR; attentional inhibition; orienting attention; spatial location; vision; hearing; touch, 12714
forgetting; trauma stimuli; divided-attention; impaired memory; words; dissociators; selective attention; cognitive capacities, 24425
hemispheric performance; object-based attention; visual fields, 21709
magnetic resonance imaging; encoding; divided attention; explicit memory; retrieval; neural processes; auditory task; prefrontal cortex; hippocampus; memory suffers, 15522
marijuana abuse; neurotransmission; frontal cortex; visuospatial attention; attentional impairment; executive function; THC administration; serial reaction time; rats; divided attention, 18811
neural correlates; dual task interference; masking interference; attentional blink; functional magnetic resonance imaging; fMRI; rapid visual stream; regional cerebral blood flow, 6941
object-based attention; spatial focus; exogenous cues; endogenous cues; space-based attention; attentional focus; spread attention; focused attention, 444
perceptual skill-learning; conceptual skill-learning; dissociation; divided attention, 30744
PET; working memory; visual attention; divided attention; switching attention; neural basis of behavior; cognition; prefrontal cortex; temporal cortex; cerebellum; visual stimuli, 15476
preschoolers memory; threatening information; trauma history; divided attention; developmental dissociation, 22429
working memory; affective priming; divided attention; focused attention; memory load; consciousness, 27516
Division of Labor [See Also Animal Division of Labor]—Serials
cultural capitalists; academic habitus; gendered work; class differences; higher education; academic hierarchies, 34446
discourse; gender inequalities; household labour division; social psychology; distributive justice, 22143
domestic division of labor; volunteer work; informal support; gender differences; household labor allocation theories, 28243
family work; perceieved injustice; psychological distress; married couples, 34487
gender; professionalism; history of deaf education; United States; women teachers, 12211
household labor; game-theoretic model; bargaining situation; gender inequality; family members; structural embeddedness; unitary utility function; rewards, 16153
household labor; cohabiting couples; household division; marital conflict; divorce; time constraint; Moscow, 28240
households; division of labor; child care tasks; working class women; well being; transition to parenthood, 13374
Korean immigrant families; female employment; middle-class people; gender relations; paid employment; family networks; labor division; family economy; mothering, 7532
labour market segregation; gender; division of labour; inequality, 27117
New Production Concepts; female workers; gender distinctions; restructuring; division of labor in workplace; women workers; buyers; suppliers, 6045
paternal involvement; children; gender ideologies; domestic division of labor; parenting behavior, 28264
Division of Labor (Animal) [See Animal Division of Labor]
Divorce—Serials
adversarial divorce; conjugal body politics; divorce law; Family Law Act, 28258
child physical & sexual abuse; family court; divorce; family violence; parental separation; stereotypes; substantiated abuse; perpetrators, 1564
child support; guideline application; divorce; parent socioeconomics; child custody; urban vs rural courthouses; joint custody; solo custody; income level, 12398
childhood family adversity; marital relationships; family conflict; parental divorce, 10368
childhood; divorce; children perspectives; family transitions, 22100
children & divorce; parent child issues in divorce; conflict resolution style; personality qualities; marital satisfaction, 7541
children of divorce; children's adjustment; divorced parents; stressors; risks; protective factors; adolescents, 22080

children of divorce; preventive intervention; program effects; mother-child relationship; relationship quality, 31367
co-parental conflict; directed co-parenting intervention; child-centered intervention; children's needs; caregiving environments, 11420
Co-Parenting Behavior Questionnaire; post-divorce parenting, 6248
conflict; attendance at mandatory divorce education program; parents, 12418
cultural factors; economic factors; divorce; gendered family roles; working women, 28261
divorce adjustment; custodial mothers; psychological functioning; family functioning; divorce education, 31369
divorce education program; divorced fathers; father involvement, 25150
divorce mediation; chronic high conflict; mediation therapy, 12423
divorce process; children's perception; parent's divorce; coping; risk factors; children's divorce stories, 22086
divorce rates; cross cultural differences; economic independence of women; reduced emotional commitment of spouses to marriage; Europe; Africa, 10380
divorce trends; Oklahoma City bombing; terror management theory; attachment theory, 28181
divorce; childhood development; psychosocial development; adolescent development; adult development; love; sexual intimacy; marriage; parenthood, 31368
divorce; children; family structure homogamy; intergenerational transmission; marital stability; parental divorce; spouse selection; sociodemographic boundaries, 16157
divorce; custody; joint custody; divorce & fathers; fathers & custody; involvement, 7544
divorce; intimate partner violence; victimization; marital separation; children, 34502
divorce; juvenile delinquency; adolescents; children; parents, 8043
divorce; maternal disclosures; adolescent adjustment difficulties; sons; daughters; gender differences; sensitive discussion, 13340
divorce; nonresident father visitation; well-being; adolescents; adjustment, 25061
divorce; sibling relationship; parents; resilience, 22212
divorce; well-being; family attitudes; marital disruption; socioeconomic status; divorce-stress-adjustment; remarriage; marriage; separation, 31357
divorced families; remarriage; children of divorce; risks; adjustment patterns; social support; children's adjustment, 22072
divorced father; father's involvement; spousal role; spousal identity; paternal role, 28263
divorced parents; dating; repartnering; romantic partners; dating after divorce; child awareness, 25156
divorced parents; financial support; childrens' college expenses; noncustodial parents; higher education; college support, 14917
divorced women; African American; parenting experiences; parental functioning; postdivorce phase, 31362
Families In Transition; FIT; quantitative evaluation; theory of planned behavior; court-mandated divorce education program; parenting attitudes, 13341
family court; divorce; fathers; paternity; primary caregiver; out-of-wedlock fathers; substance abuse, 3094
family law; family court; divorce process; child participation; legal system; childrens psychological involvement; post-divorce adjustment, 33442
family mediation; divorce; family law, 33445
family mediation; family disputes; mental health professionals; child custody; judge-imposed orders, 25155
family structure; anger & children's adjustment; family cohesiveness; flexibility; divorce; behavior problems; mothers, 7545
family structure; state-anger; parent-child communication; child adjustment; divorced parents; custodial fathers; custodial mothers; parental perceptions, 31356
family therapy; Hurol Fisiloglu; divorce; remarriage; marital adjustment; intergenerational transmission, 35945
father-adolescent relationship; adolescents attitudes; divorce, 28282
financial dependency; divorce; wives income; marital stability; income correlates, 28254
forgiveness; divorce; adolescent adjustment; educational intervention, 7547
gender; education; initiator status; length of separation; disentanglement; sense of coherence; meaning; psychological well being following divorce, 10382
gender; nationality; educational level; parental divorce; cross-cultural differences; long-term effects; mediating role; family life; self concept; Greeks; British, 19048
grandparents; post-divorce contacts; grandchildren & divorce; adjustment, 7546
later-life parental divorce; buffering effect; adult child; older parent; parent child relations, 16156
marital deterioration; divorce; Israeli men; Israeli women; short term crises; ongoing frustration; marital break-up; late divorce, 25159
marital dysfunction; intergenerational transmission; interpersonal mediators; marital conflict; divorce; newlywed couples; families of origin, 34493
marital satisfaction; parental divorce; sibling support; nondivorced families; sibling relations; divorced families, 31361
mediation processes; child-inclusive approach; divorce mediation; child consultant, 33443
noncustodial parents; divorce; fathers & divorce; therapy with post divorce families, 7548
nonresidential parent perspective; social & institutional systems; parental assistance; parental barriers; divorce; parents; children, 10379
nonresidential parenting; divorce; parenting; geographical distance; challenges; strengths, 10378
nonresidential parenting; traditional Chinese culture; Chinese families; cultural biases; cultural values; post-divorce involvement; post-divorce co-parenthood; post-divorce families, 25153
nonresidential paternal involvement; familial grief; postdivorce involvement; paternal grief; father-child relations, 34501
object relations family therapy; Socio-Intrapsychic Model; assessment; treatment; symptomatic adult children; divorced parents; stepfamilies, 35395
Parent Management Training; intervention outcomes; maternal depression; child externalization; adjustment; divorce, 26310
parent-child contact; parental separation; divorce; child custody; visiting issues; coping behavior, 31359
parental alienation syndrome; children rejection; family relationships; child-parent alignments; parental separation; divorce, 6187
parental alienation syndrome; children rejection; family relationships; child-parent alignments; parental separation; divorce, 6185
parental divorce; adult children of divorce; intimate relationship; marital attitudes; intimacy attitudes; counseling implications, 13339
parental divorce; child behavior problems; life event data; children adjustment; child gender; latent change score model; child adjustment; child age, 24329
parental divorce; single-parent families; raising children; research perspectives; modernist tradition; postmodern views; androcentric bias; strengths-based perspective; effects of divorce, 10383
parental divorce; young adult children; intergenerational exchange; past experience; traumatic experience; resolution process; gender differences, 31363
parental separation; adjustment problems; domestic violence; divorced parents; children; distress, 16002
perceptions of sibling relationships; parental divorce experienced during childhood; gender; age; sibling dyad; custody arrangement; adult siblings, 10384
personality traits; conflict management style; narcissistic personality; self-differentiation; divorced parents, 10381
post-divorce adjustment; intervention development; maladaptive behaviors; protective factors; attachment theory; parental divorce; cognitive theory; cumulative stress theory; children, 25056
post-divorce family; multiple transitions; managing change; pace of change; nature of change; children of divorce; family change, 22070
postdivorce re-partnering; divorce; mother-adolescent relationship; divergent realities; mothers; adolescents, 31360
postseparation fathering; divorced fathering; research, 31365
predictive accuracy; marital disruption; economic behavior; fertility; married couples; married women; labor supply; spousal agreement; divorce; wives; husbands, 25160
relationship experiences; divorce; cohabitation; marriage; divorce proneness; separation; adult views of divorce; parental attitudes toward divorce; parents; adult offspring, 10385
reliability; validity; modified family conflict scales; Children's Perceptions of Interparental Conflict Scale; Conflict Subscale of Family Environment Scale; perceptions of conflict; divorce, 10386
remarriage; unmarried cohabitation; partner relationships; bereavement; divorce; living arrangements, 28259
resilience; divorced families; salutogenic properties; family systems; family well-being; family coherence, 28260
schizophrenia; broken marriages; women; family attitudes; burden on family caregivers; stigma; sociocultural factors; concerns for future, 1505
schizophrenia; broken marriages; women; patient perspectives; stigma; concerns for future; hope, 1506
sexual assault; woman abuse; divorce; seperation; marriage; cohabitation, 34948
sexual infidelity; marital quality; extramarital sex; marital happiness; divorce, 22206
sibling relationship; parental separation; adolescent children; adolescent adjustment; parental divorce; day-to-day life, 31364
social network; personal capital; divorce; divorce support groups; adjustment to divorce, 25158
social support; marriage; remarriage; divorce; kinship; National Survey of Families and Households; NSFH; elderly population; support perception, 7542
social support; separation; divorce; mental illness, 10387
societal trends; marriage; family life; adolescent values; adolescent behavior; childrearing; divorce; educational aspirations; gender roles; dual-career marriages, 31350
therapeutic intervention; trauma; stress; divorce; hypnosis; eye movement desensitization & reprocessing; neurolinguistic programming; mediation; divorce education; support & counseling groups, 31366
therapeutic supervision; families of high-conflict divorce; psychoanalytic principles; dysfunctional family patterns; treatment, 35420
unemployment rate; family behavior; conception rate; marriage rate; divorce rate; Taiwan, 13327
women's alcohol consumption; marital status; marriage; divorce; French Women; consumption characteristics; age differences, 13416

Divorce—Chapters

Correlational and experimental study of resilience in children of divorce and parentally bereaved children, 4164
Risk and resilience in children coping with their parents' divorce and remarriage, 4156
Strengths-building public policy for children of divorce, 10388

Divorced Persons—Serials

Marriage and Family Therapy; Perceptions; Divorced Mothers; Married Mothers; Bias; Therapy trainees, 29919
parental relationships; post divorce family reorganization; parental identity; separated fathers; divorced fathers; father role, 31358

Dizygotic Twins [See Heterozygotic Twins]

Dizziness [See Vertigo]

DNA (Deoxyribonucleic Acid) [See Deoxyribonucleic Acid]

Doctors [See Physicians]

Dogmatism—Serials

attitude scale; confirmatory factor analysis; behavioral tendencies; behavioral measure; social comparison; dogmatic thinking; ego orientation; dogmatism scale; sport science; hypercompetitive scale, 85
professional development; neuropsychology; psychotherapy; self-awareness; rehabilitation; dogma, 6973

Doll Play—Serials

early adolescents experiences; feminine sexualized image; Barbie dolls; self-concept; body image, 25031

Domestication (Animal) [See Animal Domestication]

Dominance [See Also Animal Dominance, Cerebral Dominance, Dominance Hierarchy]—Serials

bullying; peer victimization; linear mixed models; change in dominance, 3281
dominance, 9322
ethical ideology; moral actions; social dominance orientation; authoritarianism; social psychology, 4469
face perception; overlapping faces; orientation; perceptual dominance; inferotemporal neurons; children vs adults; development; exposure duration, 7381
language dominance; interpersonal deception; computer-mediated communication; personality traits; nonverbal behaviors; paralinguistic behaviors, 24095
medicalization; social workers; mental health services; social work practice; medical dominance; medical professionals, 32690
social dominance; psychopathology; infidelity; personality; psychopathy; mating effort; manipulativeness; openness; human sex differences, 13470
stimulus processing; stimulus relevance; auditory oddball task; event-related brain potentials; ERPs; theta event-related brain potential; transient dominance, 3810
testosterone; antisocial behavior; social dominance; pubertal development; biosocial interaction; adolescent males, 19629
touching behavior; gender differences; culture differences; dominance, 13426
women physical activity; feminist theory; Michel Foucault; sport scholars; sport studies; self technologies; resistance; power; feminism; sports; domination practice, 2972

Dominance [See Also Animal Dominance, Cerebral Dominance, Dominance Hierarchy]—Chapters

Behavioral synchronization in human conversational interaction, 4391
Groupwork in Europe: Tools to combat social exclusion in a multicultural environment, 5789

Dominance (Animal) [See Animal Dominance]

Dominance Hierarchy—Serials
adult female baboons; linear dominance hierarchies; cooperative interactions; female relationships; female-bonded groups; coalitionary support; reciprocal altruism; coalition formation, 18521
anti-egalitarianism; career attitude congruence; political socialization; social hierarchy; social roles; dominance perspective; vocational choice; college major, 5934
behavioral variability; evolutionary game theory; resource holding power; mixed strategies; social interactions; fighting; social relationships; dominance hierarchies; serial contests, 492
behaviour patterns; dominance relationships; social hierarchy; dominance hierarchy; trainer horse relationship; training sessions, 6742
David's score; Clutton-Brock et al's index; animal dominance; ranking methods; social groups; dominance hierarchy; interaction success, 495
dominance hierarchies; cleaning gobies; Elacatinus prochilos; foraging consequences, 18531
dominance hierarchies; food competition; strategies; animal foraging; Green Anoles; Firemouth Cichlids; food signal; food anticipation, 33962
dominance hierarchy formation; theoretical models; prior aggressive experience; body size; intrinsic traits; hierarchy linearity; within-group variance; winner/loser effect, 9778
dominance hierarchy; hierarchical classification; individual rank; kinship; baboons, 6692
gender stereotype; hierarchy; gender differences; implicit association; egalitarian, 31600
group position theory; affirmative action; Asian Pacific Americans; college students; race relations; admission process, 20854
information theory; dominance hierarchies; crayfish; agonistic repertoire, 15395
intergroup contact; political predispositions; prejudice; intergroup emotions; social dominance; stereotypes; African Americans, 31496
menstrual cycle; premenopausal women; dominance; submission; hostility; warmth; socioemotional traits; irregularity; social hierarchies; self reports, 7103
metabolic rate; social status; juvenile giant freshwater prawns; dominance stability; aggressive interactions, 21449
social cohesion; structural cohesion; social embeddedness; social groups; hierarchical nesting, 22293
social dominance evolution; transitive hierarchies; rank differentiation; winner and loser effects; conflict; game theoretical model, 9796
social dominance orientation; feminist identity; sex difference; gender socialization; masculinity; femininity, 25194
social dominance orientation; leadership tactics; authoritarianism; global consequences; Global Change Game; simulation; globalization, 13291
social dominance orientation; right-wing authoritarianism; individual variability bias; simulation generalizability; Global Change simulation; normative items; disproportionate measurement, 13288
social dominance orientation; social dominance theory; group status; gender differences; religious group differences; ethnic differences, 13287
social dominance; leadership behavior; social movements; right-wing authoritarianism; political leadership; psychological motives, 13285
social dominance; social identity; Lebanese; US; violence; group identification; social identity; Muslims; Christians, 4361
song structure; broadcast distances; sexual signal; chickadees; cues; male social rank, 18443
white-faced capuchin monkeys; food associated calls function; naturalistic observation; food placement; environmental influences; social influences; social interactions; food discovery, 18487
Dominance Hierarchy—Chapters
Agonistic interaction, dominance relation, and ontogenetic trajectories in ringtailed lemurs, 3557
Case Study 5A. Maternal rank 'inheritance'' in the spotted hyena, 6760
Codevelopment of dominance relations and affiliative bonds in rhesus monkeys, 3548
Early agonistic experience and the onset of matrilineal rank acquisition in Japanese macaques, 3545
Is social stress a consequence of subordination or a cost of dominance?, 6758
Spatial position and behavioral sex differences in juvenile long-tailed macaques, 3560
Domination [See Authoritarianism]
DOPA—Serials
chronic L-dopa; Schizophrenia; therapeutic implications; heuristic implications; dopamine precursor; levodopa; antipsychotic drugs, 17049
human striatum; nucleus accumbens; aromatic L-amino acid decarboxylase; D-neurons; L-dopa; neuropsychiatric functions; pharmacotherapy; dopamine; noradrenaline, 18751
DOPAC [See Dihydroxyphenylacetic Acid]
Dopamine—Serials
(+)-fenfluramine; (+)-norfenfluramine stereoisomers; serotonin transporters; norepinephrine; dopamine; rats; caudate preparations; nisoxetine, 3966
accumbens dopamine; food-seeking behavior; work output; rats; fixed-ratio reinforcement; effort, 30981
acetaldehyde; dopamine containing neurons; ventro tegmental area; neuronal activity; burst firing; spikes burst; firing rate; electrophysiological parameters; motivational properties; ethanol effects, 18637
acute phenylalanine/tyrosine; positron emission tomography; magnetic resonance images; dopamine, 21504
African green monkeys; primate model; presymptomatic Parkinson's disease; behavioral manifestations; nigrostriatal denervation; striatal dopamine, 21417
aggression; dopamine; D4 receptor; mice; social encounters, 3525
alcohol dehydrogenase gene; aldehyde dehydrogenase gene; dopamine receptor gene; anxiety-depressive alcohol dependence; Han Chinese population, 35035
amphetamine induced dopamine release; morphine pretreatment; conditioned place preference; nucleus accumbens core; Wistar rats; long-term opiate effects; chronic infusion, 13011
amphetamine pretreatment; dopamine receptor density; receptor affinity; cats; raclopride; neurophysiology, 27890
amphetamine-induced dopamine; nmda receptor antagonists; significant potentiation; concurrent treatment; subchronic treatment; persistent symptoms; pcp administration; prefrontal cortex, 21856
amphetamine; dopamine mediation; addiction, 12966
amphetamine; striatal dopamine & metabolite levels; 3,4-dihydroxyphenylacetic acid; homovanillic acid; 5-hydroxyindoleacetic acid; Wistar-Kyoto; Sprague-Dawley; spontaneously hypertensive rat, 3892
animal strain differences; depression; model; dopamine transporter; mesolimbic system; wistar kyoto rats, 577
antidepressants; neurotransmitter transporters; neurotransmitter receptors; norepinephrine; serotonin; dopamine, 5332
antidepressants; pharmacologic mechanisms; side effects; serotonin; norepinephrine; dopamine neurotransmission, 5348
apomorphine; sleep-deprived rats; genital reflexes; sexual arousal; penile erection; ejaculation, 7145
approach avoidance; novelty seeking; biological basis; dopamine D4 receptor agonist; behavioral expression; polymorphins; novel object exploration, 13062
aripiprazole; drug discrimination; antipsychotic drug; dopamine receptor; 5-HT; rats, 21872
aripiprazole; psychosis; antipsychotic drug; dopamine receptor; side effects, 32467
aripiprazole; psychosis; antipsychotic drug; dopamine receptor; side effects, 35565
basolateral amygdala; nucleus accumbens; dopamine; stress response; medial prefrontal cortex, 21910
behavioral deficits; dopamine transporter; receptor antagonist; prepulse inhibition; locomotor activity; animal model; mice; MI00907; serotonin-2A receptor; startle, 21810
behavioral effects; D-sub-3 receptors; dopamine depletion; strain differences; L-dopa/carbidopa; S33084; S32504; apomorphine; l-methyl-4-phenyl-1,2,3,6-tetrahydropyridine; MPTP; brain lesions; mice, 7279
beta-endorphin; nucleus accumbens; rats; alcohol; catecholamines; dopamine metabolites; norepinephrine; alcohol dosages; 3,4-dihydroxyphenylacetic acid; homovanillic acid, 10021
biochemical interaction; dopamine receptor; plasma membrane; phosphorylation; elongation factor; protien synthesis; cellular proliferation, 3882
brain docosahexaenoic acid; animal development; dopamine-related behavior; rats; dietary remediation, 24823
brain; dopamine systems; psychosis; schizophrenia; emotional responses; affective responses; brain dysfunction; schizophrenic oversensitivity; dopamine dysregulation; cellular circuits; system balance, 19447
bupropion; apathy management; depression; organic brain disease, 23227
buspirone; delayed gratification; serotonin; dopamine; hippocampus; nucleus accumbens; prefrontal cortex; impulsive choice; rats, 27915
cannabinoid; receptor antagonist; food-seeking behavior; rimonabant; dopamine D3 receptors; prefrontal cortex; nucleus accumbens; brain reward system; rats, 24669
catechol-o-methyltransferase genotype; dopamine regulation; executive cognition; prefrontal cortex; schizophrenia risk; neurotransmission; tyrosine hydroxylase; midbrain; psychosis; polymorphism, 15471
cerebrospinal fluid; serotonin; serotonin metabolites; aggression; rats; norepinephrine; dopamine; 3,4-dihydroxyphenylacetic acid; 5-hydroxyindoleacetic acid; aggressive behavior, 3856
chronic injection treatments; interferon alpha; locomotor activity; latent inhibition; dopamine system; taste aversion; rats, 551
chronic L-dopa; Schizophrenia; therapeutic implications; heuristic implications; dopamine precursor; levodopa; antipsychotic drugs, 17049
clozapine; electrophysiology; haloperidol; ventral tegmental area dopamine neurons; schizophrenia model; rats, 779
clozapine; NMDA evoked responses; electrically evoked responses; pyramidal cells; rats; medial prefrontal cortex; dopamine, 21886
cocaine abusers; dopamine neurons; pathogenesis; Parkinsons disease; alpha-synuclein; causative agent, 22684
cocaine dependence; striatum; cocaine-seeking behavior; dopamine receptors; neurobiology, 25893
cocaine; basal dopamine uptake; nucleus accumbens; dopamine transporter expression; responsiveness; DAT protein expression; rats, 21819
cocaine; behavioral sensitization; drug self-administration; locomotor activity; dopamine; nucleus accumbens; mice, 12903
cocaine; locomotor activity; cocaine discrimination; dopamine D4 receptor mutant mice, 3918
cocaine; self-administration; nucleus accumbens; 6-hydroxydopamine; brain lesions; dopamine, 15810
cognitive performance; mesencephalic dopamine; cognitive functioning; motor symptoms; putamen; dopamine embryonic neurons; bilateral implants; Parkinson's disease; PD, 2321
complete dopamine receptor occupancy; extrapyramidal side effects; benperidol; paranoid schizophrenia, 11556
conditioned reinforcement; incentive motivation; nicotine; rat, 13054
D-amphetamine; medial prefrontal cortex; mesoaccumbens; dopamine; genotype-dependent sensitivity; locomotion; mice, 10054
D2 dopamine receptor gene; D3 dopamine receptor gene; gene polymorphisms; genetic association; schizophrenia, 19419
D2 receptor; voltage gated calcium channel; quinpirole; nifedipine; olfactory neural receptors; rats, 15696
D3 mutant; behavioral phenotype; D1 & D3 dopamine receptors; D1 mutant; D1/D3 double knockout mice, 15468
deperssion; recover; dopamines; serotonin transporter; carbometrioxy-iodophenyl-tropane; recovery, 31744
depotentiation regulation; long term potentiation; dentate gyrus; rats; dopamine receptors; synaptic transmission; hippocampal plasticity; cognitive processes; D2-like receptors agonists, 3938
dietary selenium; dopamine; serotonin; neurotoxicity; MDMA; methylenedioxymethamphetamine; mice; rats; 5-hydroxytryptamine; neurons, 13070
dihydroxyphenylacetaldehyde; toxic dopamine metabolite; Parkinson disease pathogenesis; dopamine neurons; substantia nigra; monamine oxidase metabolite; toxicity; rat; vetral tegmental area, 7157
dopamine D2 receptors; drug dosages; animal models; blood plasma; rats; injection; mini-pump administration; haloperidol; clozapine; olanzapine; risperidone; quetiapine; in vivo occupancy, 3917
dopamine D3 receptor gene; Ser9Gly variant; schizophrenia, 19455
dopamine D3 receptor ligands; nicotine conditioning; nicotine associated cues; environmental effects; nucleus accumbens, 13029
dopamine D4 receptor gene; serotonin transporter; polymorphisms; infants; novelty response; infant temperament; stranger reactions, 13154
dopamine depletion; melatonin; deprenyl; mitochondrial damage; dopamine; parkinsons disease; PD; locomotor activity; oxidative damage; neurotoxin, 10009
dopamine dysfunction; borderline personality disorder; impulsive aggression; cognitive impairment; emotional disregulation, 25757
dopamine efflux; nucleus accumbens; successive negative constrast; licking; sucrose consumption; rats, 30849
dopamine facilitation; LTP induction; hippocampal CA1; spatial novelty; memory formation; synaptic plasticity; novel spatial environment; glutamatergic transmission; rat hippocampus, 9857
dopamine metabolism; personality trait; locus of control; individual differences; breast cancer, 35232
dopamine modulated cortical activation; glutamatergic cortical cells; NMDA & non-NMDA receptors; firing rate; prefrontal cortex; dopamine biochemistry; glutamate response; computational modeling, 9261
dopamine neurotransmission; behavioral sensitization; nucleus accumbens; cck antagonists; psychostimulant sensitization; prefrontal cortex, 15727

dopamine overflow; olfactory bulbectomy; rats; behavioral changes; physiological changes; neurochemical changes; depression; affective disorder; ventral striatal dopamine; norepinephrine, 21635
dopamine production; nucleus accumbens; dopaminergic neurons; tyrosine hydroxylase; caudate putamen; viral restoration; hyperlocomotion, 7200
dopamine receptor D2; insertion deletion polymorphism; schizophrenia, 1483
dopamine receptor density; neuroleptic-naive patients; neuroleptic-free patients; schizophrenia; schizophreniform disorder, 19470
dopamine receptor gene; loci; linkage analysis; schizophrenia; polymorphous markers; chromosome; patients; siblings, 15460
dopamine receptor; antipsychotics; dopaminergic neurotransmission; schizophrenia, 32430
dopamine receptors; atypical antipsychotics; typical antipsychotics; drug profile descriminator; dose dependent threshold; side effects; symptom resolution; schizophrenia; postsynaptic receptors, 7209
dopamine receptors; rewarding effect; hyperlocomotion; morphine; mice; dopaminergic pathway, 21883
dopamine receptors; transporters; alcoholics; pathogenesis; alcoholism, 13756
dopamine release; nucleus accumbens; cocaine-induced psychosis; serotonin; risperidone; open field behavior; rats; animal model, 700
dopamine systems; hippocampal synaptic plasticity; histamine system; genes; memory; mice; animal learning, 6671
dopamine transmission; microdialysis; motivation; nucleus accumbens shell; reward; ethanol, 21540
dopamine transporter density; basal ganglia; drug-naive children; Tourette disorder, 19956
dopamine transporter gene DAT1 polymorphism; attention deficit/hyperactivitei disorder; methylphenidate; genotypes; allele status; cognitive ability, 19758
dopamine transporter; nicotinic receptors; negative symptoms; schizophrenia; rats; prefrontal cortex; dopaminergic activity; nicotine, 7174
dopamine transporter; norepinephrine; bupropion SR; depression; smoking cessation; positron emission tomography, 741
dopamine transporter; polymorphism; methamphetamine abusers; amphetamine; dopamine release; dopamine neurotoxicity; dopamine level; brain, 19677
dopamine transporter; smoking cessation; receptor polymorphism; bupropion; tobacco smoking; drug therapy; genetics, 2508
dopamine transporter; TRODAT; drug-naive patients; schizophrenia; striatal dopaminergic system, 7874
dopamine; amphetamine; food intake; cerebral NPY; rats, 10011
dopamine; amphetamine; schizotypal personality disorder; single photon emission computed tomography; iodobenzamide, 25753
dopamine; dihydroxyphenylacetic acid; DOPAC; paraventricular nucleus; hypothalamus; erectile function; copulatory behavior; receptive female; male rats, 21637
dopamine; glutamatergic reticulospinal synaptic transmission; lampreys, 12888
dopamine; lateral ganglionic eminence; embryonic brain; brain development; neostriatal neurogenesis; cell cycle, 21888
dopamine; medial preoptic area; copulation; testosterone; dihydrotestosterone; estrogen; microdialysis; HPLC-EC; male rats, 6729
dopamine; neural receptors; forebrain neural ensembles, 12871
dopamine; potassium current; prefrontal cortex; neurons; cognitive activity; schizophrenia; drug addiction; rats, 21573
dopaminergic modulation; photopic temporal trasfer; goldfish; retina; dopamine receptors, 30991
dopaminergic neurotransmission; impaired social responses; group housing; isolation housing; stereotyped responses; perseverative patterns; dopamine transporter knockout mice; animal model, 9882
dopaminergic neurotransmission; opiates; somatic withdrawal symptoms; motivational withdrawal symptoms; rats; dopamine; nucleus accumbens; apomorphine; droperidol; flupentixol; naloxone; syndromes, 701
dopaminergic neurotransmission; striatum; frontal cortex; hippocampus; trans isomers; linolenic acid; brain areas; fatty acid; rat brain, 3863
dopaminergic profile; N-phenylpiperazine derivatives; dopamine; stereotypy; rats; cataleptic behavior; mice; dopamine ligands; dopaminergic behaviors; apomorphine-induced hypothermia, 21885
dopaminergic stabilizer; behavioral primitivization; schizophrenia; antipsychotic drugs; autism; hypoglutamatergia, 34171
dopaminergic system role; brain; glucocorticoid hormones effects; conditioned reinforcement properties; glucocorticoid dexamethasone; action mechanisms; rats; D2 receptors, 15766
dopaminergic system; obsessive-compulsive disorder; basal ganglia; dopamine D2 receptor binding, 25706
dopminergic neurons; L-DOPA; aversive learning; water escape task performance; memory; tyrosine hydroxylase gene; mice, 9827
dorsal hippocampus; dopamine receptors; morphine; conditioned place preference; rats, 13066
drug administration; monoamine levels; dihydroxyphenylacetic acid; dopaminergic receptors; ethanol treatment; male wistar rat; norepinephrine; dopamine; serotonin, 13091
ecstasy; MDMA; dopamine antagonist; serotonin; discriminative stimulus effects; response rate; basal locomotor activity; antagonist eticlopride; rats; dose-related administration; hypermotive, 24790
ecstasy; MDMA; dopaminergic neurotoxicity; stress; hypothermia; striatal glutamate receptor antagonist; corticosterone treatment; brain concentrations; cold stress; 3,4-methylenedioxymethamphetamine, 24817
ecstasy; MDMA; locomotor activity; dopamine transporter gene; locomotor patterns; serotonin uptake inhibitors; phenotype; pharmacological treatments; mice, 24841
ecstasy; MDMA; long-term effects; behavioural changes; cerebral dopamine; dopamine system; acute effects; biochemistry; dopamine neurotoxin; 3,4-methylenedioxymethamphetamine, 25869
endogenous dopamine; repetitive transcranial magnetic stimulation; primary motor cortex; macaque monkeys; neuropsychiatric disorders; depression; Parkinson's disease, 18596
entorhinal cortex; excitotoxic damage; psychological stress; rats; stress-induced dopamine release; lesions, 6999
extracellular glutamate; cued food delivery; food consumption; dopamine; nucleus accumbens; food deprived rats; tone food pairing; predictive environmental cues, 6856
eye blinking; central dopaminergic activity; sulpiride; lisuride, 21919
functional circuitry; working memory; prefrontal neurons; dopamine D2 receptor; cognitive processes, 12894
gene coding; genetic susceptibility; D2 dopamine receptor; schizophrenia; genetic polymorphisms, 19440
genetic association; dopamine beta-hydroxylase; dopamine transporter gene; genetic susceptibility; migraine, 11163
glutamate dependent inhibition; dopamine release; striatum; diffusal messenger; receptors; GABA receptors, 21534
glutamatergic AMPA receptor; central nucleus; basolateral nucleus; amygdala; dopamine; serotonin; appetite arousal; aversive arousal; prefrontal cortex; neurotransmission; rats, 7259
hemi-motor impairments; hemi-spatial impairments; Parkinsons disease; monkeys; unilateral lesions; nigrostriatal dopamine, 21643
high frequency stimulation; entopeduncular nucleus; metabolism; striatal dopaminergic transmission; striatal extracellular dopamine; rats; metabolite level, 34092
high-fat diet; adiposity; mice; dopamine receptor gene; body weight; food intake regulation; body fat, 30823
hypophysectomy; dopamine agonist quinpirole; behavioral sensitization; rats; clorgyline; locomotor sensitization; hypophysectomized rats; hypothalamo-pituitary-adrenal axis function, 15738
immunoreactivity; nucleus accumbens shell; cocaine sensitization; rats; serotonin; dopamine, 18790
impulse activity; cocaine self-administration; midbrain dopamine neurons; drug-seeking behavior; quinpirole; midbrain; rats, 10020
impulsivity; brain serotonin transporter; brain binding capacity; suicide attempters; dopamine transporter, 28827
infralimbic D1 receptor agonist; spontaneous novelty exploration; mice; ventromedial prefrontal cortex; antipredator defensive responding; anxiety-like defensive responding, 24856
ingestive behavior; licking behavior; rats; oropharyngeal stimulation; dopamine blockade; cholecystokinin, 30918
intracellular dopamine contents; rat brain; conditioned contextual fear; acoustic startle reaction extinction; caudate nucleus; prefrontal cortex; nucleus accumbens, 9889
intraperitoneal administration; subcutaneous administration; dose-dependent increase; rat nucleus cocaine; haloperidol; striatum; accumbens, 21884
intravenous ethanol self-administration; SKF81297; ethanol-induced locomotor activity; chronic ethanol, 3885
isolation rearing; dopamine; D2 receptors; A2A receptors; motor activity; passive avoidance; striatum; rat, 12823
isradipine; cocaine; mood; calcium channel antagonist; mesolimbic dopamine; cocaine dependence; rewarding effects, 19670
kappa opioid agonist; cocaine; striatal dopamine levels; cocaine-induced place preference; mice; locomotor activity, 27959
L-dopa medication; cognitive inflexibility; impulsivity; Parkinsons disease; patients; dopamine; dopaminergic medication; attentional functioning; socio-emotional functioning, 20463
latent inhibition; schizophrenia; positive symptoms; negative symptoms; antipsychotic drugs; dopamine; nucleus accumbens; animal models; rodents, 3991
lateral amygdala; feedforward inhibition; excitatory synaptic transmission; cellular mechanism; brain structure; dopamine suppression; long-term potentiation; LTP; fear conditioning, 15429
lateral hypothalamus; body weight regulation; neural development; single-unit activity; dopamine; dopaminergic receptor antagonists; cholecystokinin, 10067
linkage disequilibrium analysis; dopamine beta-hydroxylase gene; attention deficit hyperactivity disorder; dopaminergic transmission; molecular genetic investigations, 28908
locomotor activating effects; induced locomotion; modulation; N-Methyl-D-Aspartate receptor; dopamine receptor; attenuation; noncompetitive receptor blockade; quinelorane; quinpirole, 12983
locomotor activity; dopamine receptor antagonist; dopamine uptake inhibitor; neurotransmitters; salmon; neuropeptides; corticotropin releasing hormone; muscimol; gamma-amino-n-butyric acid; serotonin, 12982
locomotor activity; individuality; behavioral characteristics; cocaine pharmacokinetics; dorsal striatum; low & high cocaine responders; Sprague-Dawley rats; dopamine transporter; nucleus accumbens, 9995
locomotor activity; mutant mice; dopaminergic system; neuronal nicotinic acetylcholine receptor; nicotine; cocaine; dopamine; drug abuse, 21634
locomotor activity; open field behaviour; accumbens injection; behavioural responses; dopamine stimulation; ionotrophic glutamate receptor blockade; rats, 15764
locomotor sensitization; presynaptic stimulation; dopamine agonist; quinpirole; drug tolerance, 18765
long-term potentiation; long-term depression; late-associativity; synaptic tagging; dopamine; rats; hippocampal slices; memory formation; plasticity-related proteins, 27782
low-dose methylphenidate; adolescent exposure; dopamine neurons activity; rat midbrain; cocaine; self-administration; neuronal excitability; abuse liability, 7156
malatonin; dopaminergic supersensitivity; long-term treatment; haloperidol; rats, 21803
manganese; substantia nigra; dicumarol; DT-diaphorase inhibitor; dopamine oxidation; neurotoxicity; neurodegenerative effects; behavioral effects; motor activity; rearing behavior; substantia nigra, 12988
mesolimbic dopamine system; cocaine withdrawal; brain-derived neurotrophic factor protein; drug craving; rats; neurotrophic factor protein levels, 21846
mesolimbic dopamine transmission; rewarding effects; aversive motivational effects; nicotine; ventral tegmental area; neural substrate; sensitivity, 13028
methylenedioxymethamphetamine; drug self-administration; hyperactivity; rats; dopamine; drug dosages, 27871
milnacipran; human monoamine uptake; transporter binding affinity; norepinephrine-serotonin reuptake inhibitors; dopamine transporters, 14193
molecular mechanisms; neuroactive steroids; gene expression; dopamine; drug therapy, 12975
motor activity; striatal dopamine release; inert gas narcosis; locomotor; neurological syndrome; motor hyperactivity; rats; behavioural disturbance; nitrogen; argon, 7148
movement disorders; abnormal involuntary movement disorder; AIM; dopamine receptor blocking agents; antipsychotic drug-induced movement disorders, 14127
N-methyl-D-aspartate; metabotropic glutamate receptors; working memory; instrumental learning; motor behaviors; dopamine release; locomotion; stereotypy; rats, 27898
nanomolar affinity; cell lines; radioligand binding studies; serotonin receptors; novel antipsychotic iloperidone; dopamine; noradrenaline; agonist activity; antagonist activity; monoamine receptor, 734
nefazodone; desipramine; antidepressants; animal model; depression; dopamine; serotonin; nucleus accumbens; Flinders Sensitive Line; rats; fast onset of action, 9982
neonatal dopamine loss; olanzapine treatment; phencyclidine; behavioral sensitization; rats, 24834
neonatal isolation; stress; striatal dopamine levels; rat pups; cocaine; corticosterone; psychostimulants, 21863
nerve stimulation; brain stem; rats; impulse propagation; catacholamines; serotonic neurons; dopamine; norepinephrine, 21640
neurochemical correlates; behavioral effects; striatal dopamine depletion; motoric behavior; body weight regulation; 6-hydroxydopamine; 6-OHDA; rat weanlings; adult rats, 7250

neuronal nitric oxide synthase; haloperidol; rats; dopamine; basal ganglia; neuroleptic drugs; tardive dyskinesia; protein expression; calmodulin system; calcium/calmodulin kinase II; neostriatum, 7221
neurotransmitter; medial prefrontal cortex; psychostimulants; mesocorticolimbic dopamine system; drug addiction; behavioral sensitization, 15584
neurotransmitters; wake-sleep stages; central neurocircuitry functioning; noradrenaline; adrenaline; dopamine; platelet serotonin; plasma serotonin; plasma tryptophan, 24757
neurotrophin receptor function; prefrontal cortex development; dopaminergic hyperresponsivity; acoustic startle; schizophrenia; prepulse inhibition, 27778
nicotine administration; positron emission tomography; emission tomography studies; amphetamine administration; bolus injections; acute nicotine, 21871
nicotinic cholinergic synaptic mechanisms; ventral tegmental area; nicotine addiction; nicotine; mesolimbic dopaminergic system; midbrain dopamine neurons; synaptic plasticity, 15794
nicotinic receptor antagonist; acoustic startle reflex; dopaminergic mechanism; nicotine-ethanol interaction; mice, 744
nondopaminergic symptomatic therapies; Parkinson's disease; istradefylline; dopaminergic neurons; dopamine replacement strategies; adenosine receptor antagonist, 8619
nonparametric linkage analysis; schizophrenia; etiology; candidate genes; dopaminergic systems; serotonergic systems, 34856
nucleus accumbens; dopamine D2 receptors; inflammatory pain; antinociception; pharmacological agonism; mesolimbic stimulation; feedback inhibition; quinpirole; sedation; motor coordination; rats, 13088
nucleus accumbens; environmental enrichment; dopamine transporter inhibitor; medial prefrontal cortex; striatum; nucleus accumbens; rats, 9903
nucleus accumbens; ethanol; dopamine; alcohol-preferring alko alcohol rats; alcohol-avoiding alko non-alcohol rats; mesolimbic dopaminergic neurons; ventral tegmentum area, 21916
nucleus accumbens; locomotor activity; conditioned place preference; dopamine receptor blockers; mesolimbic dopamine modulation; CART peptides; psychostimulants; cocaine, 15759
olfactory discrimination; odor discrimination; olfactory processing; dopamine receptors; reward associations; discrimination learning; rats; cortical evoked potentials, 12902
opioid agonist; dynorphin; cocaine; dopamine; locomotor activity; conditioned place preference; endogenous kappa opioid agonist; mice, 21931
opioid antagonist; dopamine; parkinsonian monkeys; levodopa induced dyskinesias; naloxone; naltrexone; locomotor activity, 8300
orofacial movements; behavioral repertoire; haloperidol treatment; drug withdrawal; rats; dopamine receptors, 9976
parametric mapping; positron emission tomography; PET; Parkinson's Disease; PD; ropinirole; dopamine; putamen; striatal dopamine storage; levodopa, 2323
parametric mapping; positron emission tomography; PET; Parkinson's Disease; PD; ropinirole; dopamine; putamen; striatal dopamine storage; levodopa, 11668
parametric mapping; positron emission tomography; PET; Parkinson's Disease; PD; ropinirole; dopamine; putamen; striatal dopamine storage; levodopa, 11632
paraquat; dopaminergic neural vulnerability; organotypic midbrain culture; paraquat toxicity; herbicide; Parkinsons disease; rat; midbrain; dopamine, 7255
partner preference; gene expression; genes; promiscuity; animal social behavior; vasopressin; dopamine, 27660
pharmacodynamics; Ziprasidone; children; adolescents; dopamine transmission; Tourette syndrome; tic disorder, 20385
placebo effect; Parkinson's disease; dopamine; striatum; reward mechanisms; placebo mechanisms; reward circuitry, 32146
positron emission tomography; GABA; NMDA antagonist; dopamine; PCP; cocaine binding; phencyclidine; raclopride binding; striatum; baboons; PET, 10039
positron emission tomography; thalamic nuclei; autoradiographic techniques; autoradiographic studies; thalamic neurons, 21508
postnatal anoxia; striatal dopamine metabolism; prepulse inhibition; rats, 27783
prefrontal administration; long term memory; fear conditioning; rats; prefrontal cortex; trace conditioning; Pavlovian conditioning; extracellular signal regulated kinase phosphorylation; dopamine, 34175
presynaptic GABA release; substantia nigra pars compacta; Gamma-hydroxybutyrate; alcohol abuse; patch-clamp recordings; calcium influx; inhibitory postsynaptic currents; dopaminergic neurons, 18559
Proerectile effects; apomorphine; mice; dopamine; sexual behavior; dopaminergic receptors; penile erection, 15797
protective effect; dopaminergic neurodegeneration; extrapyramidal structures; intracerebral injection; rotenone; pesticide; experimental parkinsonism; anti-dopaminergic drug; male Wistar rats, 24778
pseudoginsenoside-F; saponin; ginseng; protective effects; methamphetamine-induced neurotoxicity; anxiety-like behavior; memory impairment; dopamine; mice, 799
PTSD symptoms; childhood cancer survivors; dopaminergic activity; traumatized mothers; brain hemisphere; turning biases; urinary DA levels, 1519
pyramidal neurons; rats; prefrontal cortex; synaptic transmission; dopamine, 21843
raclopride; dopamine release; monkeys; methamphetamine; D2 receptors; presynaptic integrity; receptor affinity, 6796
receptor occupancy; dopamine receptor; time-course; plasma pharmacokinetics; antipsychotics; human brain; schizophrenia, 19494
schizophrenia; basal ganglia; presynaptic dopamine transporter; receptor binding sites; synaptic dopamine concentration, 29387
schizophrenia; DRD4; dopamine receptor; alleles; clozapine, 1472
schizophrenia; polymorphisms; D4 receptor gene; susceptibility; transcriptional activity; Chinese patients, 7919
selective cannabinoid CB1 receptor antagonist; SR 141716A; serotonin; dopamine; head-twitch response; scratching; rodents; least shrews; 5-HT; brain; biochemical changes; vomiting, 710
semantic activation; semantic priming; dopamine; levodopa, 9947
serotonin depletion; brain serotonin; catecholamine depletion; memory; dopamine; learning; amino acid, 21847
serotonin depletion; brain serotonin; catecholamines; monoamine neurotransmitters; noradrenaline; dopamine; cognitive processes; attention; learning; memory, 21874
serotonin receptor gene; linkage disequilibriuom; attention deficit hyperactivity disorder; ADHD; dopaminergic neurotransmission; polymorphism, 13796
serotonin; dopamine metabolism; rat brain; latent inhibition; amygdaloid complex; hippocampus; striatum; prefrontal cortex; monoamine oxidase activity; conditioned passive avoidance, 15552
severe dopaminergic neurotoxicity; methylenedioxymethamphetamine; ecstasy; recreational dose regimen; selective serotonin neurotoxin; nonhuman primates; squirrel monkeys; baboons; motor dysfunction, 771
severe dopaminergic neurotoxicity; methylenedioxymethamphetamine; ecstasy; recreational dose regimen; selective serotonin neurotoxin; nonhuman primates; squirrel monkeys; baboons; motor dysfunction, 13060
severe dopaminergic neurotoxicity; methylenedioxymethamphetamine; ecstasy; recreational dose regimen; selective serotonin neurotoxin; nonhuman primates; squirrel monkeys; baboons; motor dysfunction, 13095
severe dopaminergic neurotoxicity; methylenedioxymethamphetamine; ecstasy; recreational dose regimen; selective serotonin neurotoxin; nonhuman primates; squirrel monkeys; baboons; motor dysfunction, 13085
sex differences; striatal dopamine; dopamine receptors; drug-naive schizophrenia patients, 19488
spontaneous eye blinking; human infants; neuropharmacology; central dopamine system activity, 18907
SSRI; drug side effects; nefazodone; dopamine levels; depression; Parkinson disease, 2142
stress; dopamine; rats; prefrontal cortex; chronic treatment; olanzapine; neuropsychiatric disorders; clozapine; antipsychotic drugs; haloperidol, 18729
stressful training changes; endogenous neurotransmitters; human plasma; homeostasis; stressor; dopamine, 34130
striatal cholinergic interneurons; nucleus accumbens; dorsal striatum; dopaminergic mesolimbic; neurological disorders; dopamine D2 receptors; dopamine localization, 3594
striatal dopamine activity; learning strategy; dopamine transporter; Parkinson's disease; problem-solving strategy; strategic learning, 22911
striatal dopamine receptor binding; dopamine transporter binding; drug-naive patients; schizophrenia; presynaptic dopamine neurons; postsynaptic dopamine neurons, 34892
striatal dopamine release; unrewarded motor task; human volunteers; dopamine receptor ligand; raclopride, 3601
striatal dopaminergic stimulation; wakefulness; striatal functions; PPT disinhibition; basal ganglia; c-Fos expression; cortical activation; pedunculopontine tegmental nucleus, 3678
striatal post-synaptic dopaminergic changes; extrastriatal post-synaptic dopaminergic changes; Huntingtons disease; dopamine receptor dysfunction; Positron Emission Tomography; raclopride, 22838
systematic temporal variation; spontaneous eye blinking; human infants; central dopamine activity; neuropharmacology; visual stimuli, 18906
tardive dyskinesia; atypical antipsychotics; dopamine-2 receptors; prevalence; incidence, 26385
tic reduction; pergolide; dopamine agonist; treatment; chronic disorders; tourette syndrome; neuroleptics; block dopamine transmission, 5284
Tourette syndrome; dopamine; levodopa; chronic tic disorder, 23245
turning behavior; right handers; handedness; cerebral dopamine asymmetries; hemispheric dopamine asymmetries; cerebral dopamine asymmetries, 6949
unilateral lesion; substantia nigra pars compacta; working memory impairment; rats; Parkinsons disease; striatal dopamine; methylphenyltetrahydropyridine, 34136

Dopamine—Books

Parkinson's disease: The life cycle of the dopamine neuron, 16846

Dopamine—Chapters

Descripton of Parkinson's disease as a clinical syndrome, 16850
Pathophysiology of Parkinson's disease: The MPTP primate model of the human disorder, 16862
PET studies on the function of dopamine in health and Parkinson's disease, 16849

Dopamine Agonists [See Also Amphetamine, Apomorphine, Morphine, Quinpirole]—Serials

7-OH-DPAT; food intake; food preferences; standard rodent chow; high fat diet; food intake regimen; dopamine-3 receptor; dopamine agonists; rats, 7230
antipsychotic therapy; schizophrenia; mechanism-based development; N-methyl-D-aspartate glutamate receptor agonists; omega-3 fatty acids; hormones; dopamine D2 receptor agonists, 11487
aripiprazole; olanzapine; schizophrenia; negative symptoms; symptomatology; augmentation, 35524
attention deficit hyperactivity disorder; inhibition performance; reaction time; attention; L-dopa; desipramine; plasma; noradrenaline; dopamine; serotonin; methylphenidate; children, 4774
behavioral effects; D-sub-3 receptors; dopamine depletion; strain differences; L-dopa/carbidopa; S33084; S32504; apomorphine; l-methyl-4-phenyl-1,2,3,6-tetrahydropyridine; MPTP; brain lesions; mice, 7279
BP 897; dopamine agonist; food-seeking behavior; rats; morphine; cocaine; conditioned place preference, 7175
carbergoline; drug treatment; Parkinson's disease; sleep; periodic leg movements during sleep; early morning motor performance, 1852
cerebral vascular accident; traumatic brain injury; rehabilitation center; dopamine agonists, 14174
D4 antagonist sonepiprazole; schizophrenia; placebo; clozapine efficacy; schizophrenia patients; dopamine antagonist, 20305
dihydroergocriptine; dopamine agonist; Parkinson's disease; clinical efficacy, 8478
discriminative stimulus effects; mu opioid agonists; heroin; nalbuphine; dopamine receptor agonists; morphine; methadone; quinelorane; quinpirole; 7-OH-DPAT; behavioral effects; rats, 18723
discriminative stimulus effects; SKF 38393; rats; dihydrexidine; ABT-431; dinapsoline; A-86929; D_1 receptor full agonists, 18742
dopamine d3 agonists; dopamine d3 antagonists; non human primate model; tardive dyskinesia; antipsychotic dopamine, 34166
dopamine receptor agonists; restless legs syndrome treatment; periodic limb movements, 29472
human liver microsomes; peripheral metabolism; neurotoxic metabolite; alpha-methyldopamine; in vitro formation; glutathione regioisomers; methylenedioxyamphetamine; methylenedioxymethamphetamine, 12989
impaired daytime sleep; wakefulness; Parkinson disease; ergot dopamine agonists; nonergot dopamine agonists, 23405
locomotor activating effects; induced locomotion; modulation; N-Methyl-D-Aspartate receptor; dopamine receptor; attenuation; noncompetitive receptor blockade; quinelorane; quinpirole, 12983
nucleus accumbens; dopamine D2 receptors; inflammatory pain; antinociception; pharmacological agonism; mesolimbic stimulation; feedback inhibition; quinpirole; sedation; motor coordination; rats, 13088
parkinsons disease; sleep attacks; antiparkinsonian medications; daytime sleepiness; dopamine agonists; dopaminergic medications; antiparkinsonian agents; sleep disturbances; somnolence, 2241
partial D2 agonist; terguride; cocaine-induced behavioral sensitization; cocaine sensitization; locomotor activity; preweanling rats; addiction process, 782

pathologic gambling; chronic high dose; dopamine agonist therapy; Parkinson's disease; drug therapy; drug side effects, 8614
pramipexole; bipolar II depression; dopamine agonists; treatment effectiveness evaluation, 29409
pramipexole; psychiatric disorders; dopamine agonist; restless legs syndrome; bipolar depression; Parkinson disease; mood disorders; neurology; psychiatry; neurological disorder, 17078
psychotomimetics; signaling pathway; mice; dopaminergic agonists; serotonergic agonists; glutamatergic antagonists; schizophrenia, 7261
substantia nigra; reticulata; startle response; dopamine receptor agonist; GABA receptors; rats, 27923
tic reduction; pergolide; dopamine agonist; treatment; chronic disorders; tourette syndrome; neuroleptics; block dopamine transmission, 5284
treatment; Parkinson's disease; neurodegenerative disorder; levodopa; pharmacologic interventions nonpharmacologic interventions; dopamine anagonists; dopaminergic therapy, 14281
working memory process; dopamine receptor agonist; agroclavin; visual recognition; delayed visual differentiation; delayed spatial selection tasks; cognitive processes; monkeys; long-term memory, 9829

Dopamine Antagonists [See Also Sulpiride]—Serials

adenosine A2A antagonist; locomotor suppression; tremulous jaw movements; haloperidal; parkisonism; rats; dopamine antagonism, 9970
aggression; dopamine; D4 receptor; mice; social encounters, 3525
amisulpride; limbic specificity; clincal profile; atypical antipsychotic mechanisms; presynaptic receptors; atypical neuroleptics; dissociation hypothesis, 7236
antagonist 6-methyl-2-pyridine; acute locomotor stimulant properties; cocaine; D-amphetamine; dopamine reuptake inhibitor; mice, 27922
antipsychotic drug treatment; startle-eliciting stimulus; haloperidol pretreatment; prepulse inhibition; disease conditions; amphetamine; apomorphine; haloperidol; mice; prepulse inhibition, 21928
behavioral effects; D-sub-3 receptors; dopamine depletion; strain differences; L-dopa/carbidopa; S33084; S32504; apomorphine; l-methyl-4-phenyl-1,2,3,6-tetrahydropyridine; MPTP; brain lesions; mice, 7279
cannabinoid CB1 receptors; alcohol dependence; stress-stimulated ethanol drinking; CB1 receptor antagonists; mice, 15796
discriminative stimulus effects; mu opioid agonists; heroin; behavior; morphine; methadone; nafadotride; rats; flupenthixol; SCH23390; eticlopride; BP897; dopamine $D_{2/3}$ antagonists, 18722
dopamine antagonists; female Wistar rats; paced mating behavior; conditioned place preference; receptor antagonists; behavioral effects; motor coordination; reward state, 18737
dopamine antagonists; locomotor effects; cocaine; mice; dopamine receptor; cocaine-induced locomotion, 21900
dopamine d3 agonists; dopamine d3 antagonists; non human primate model; tardive dyskinesia; antipsychotic dopamine, 34166
dopamine receptor antagonist; rats; cocaine intake; dopamine neurotransmission; drug self-administration, 21804
dopamine receptor antagonists; antipsychotic effect; antipsychotic medications; antagonists; extrapyramidal side effects; atypical antipsychotics, 2167
dopamine receptors; atypical drug mechanisms; receptor subtypes; antipsychotic target; excitatory signal modulation; attention; cognition; neuroleptic medications; receptor physiology; schizophrenia, 7275
dopamine reuptake inhibitor; reinstatement; enantiomer; food maintained responding; cocaine-maintained responding; dopamine transporter inhibitor; rhesus monkeys, 27914
dopamine; amphetamine; schizotypal personality disorder; single photon emission computed tomography; iodobenzamide, 25753
haloperidol-induced catalepsy; neuropeptide gene expression; haloperidol administration; pharmacological approaches; biochemical responses; transcription factors; dopamine antagonists, 21827
haloperidol; clozapine; oxidative stress; rat brain; dopamine receptor antagonist; neuroleptic; reactive oxygen species; neurotoxic effects, 34172
intrastriatal administration; selective dopaminergic ligands; spontaneous stereotypy; deer mice; animal model; persistent stereotypy; dopaminergic antagonists; stereotypic topographies, 13063
levodopa-induced dyskinesias; disease rating scale; parkinson disease; unified parkinson; dyskinesia, 35645
morphine; impairing effects; neuroleptics; conditioned avoidance response; mice; haloperidol; opioid system; dopamine antagonists; risperidone; sulpiride, 12968
phencyclidine; NRA0045; dopamine receptors; adrenaline receptors; NRA0160; receptor antagonists; glutamate release; rats; behavioral effects, 3861
schizophrenic patients; gene polymorphisms; taqI A; -141C Inst/Del; dopamine D2 receptor; treatment resistance; antidopaminergic agents; resistance, 2184
sexual-incentive motivation; animal sexual behavior; female rats; drug therapy; apomorphine; amphetamine; dopamine antagonist; animal mating behavior; flupenthixol; dopaminergic neurotransmission, 18732
SSR181507; electrophysiological profile; dopamine D2 receptor antagonism; neurochemical profile; rats; 5-HT1A receptor agonism; schizophrenia; treatment; atypical antipsychotic, 9967
SSR181507; serotonin agonist; dopamine antagonist; behavioral profile; rats; mice; guinea-pig pups; animal behavior; apomorphine; D-amphetamine; lithium; antidepressant, 7172
zuclopenthixol; memory retrieval; rats; inhibitory avoidance; noradrenergic & serotonergic mechanisms; thioxanthene dopaminergic antagonist; acetylcholinesterase enzyme; hippocampus; neurotransmitters, 738

Dopamine Metabolites [See Also Dihydroxyphenylacetic Acid, Homovanillic Acid]—Serials

dihydroxyphenylacetaldehyde; toxic dopamine metabolite; Parkinson disease pathogenesis; dopamine neurons; substantia nigra; monamine oxidase metabolite; toxicity; rat; vetral tegmental area, 7157
hyperoxia; microdialysis perfusion; striatal monoamines; arterial vessel permeability; oxygen tension; monoamine metabolites; dialysate dopamine; anesthesia; surgical trauma, 9897

Dormitories—Serials

college adjustment; privacy regulation; social behaviors; residence halls; freshmen; contact-seeking behavior; contact-avoiding behavior, 23910

Dorsal Horns—Serials

aromatization; estradiol; testosterone; pain; reproduction; spinal cord; withdrawal behavior; dorsal horn, 18660
axon terminals; endomorphin-2; mu-opioid receptor; dendrites; trigeminal dorsal horn; opioid peptides, 12800
cystatin C; cerebrospinal fluid; biomarker; dorsal horn; obstetrical patients, 22830
inhibitory effects; spinal baclofen; spinal dorsal horn neurones; neuropathic rats, 13079
mechanoreceptors; myelinated nociceptors; substantia gelatinosa; neonatal hypersensitivity; skin sensory neurons, 12900
metabotropic glutamate receptors; spinal cord; chronic constriction injury; ionotropic glutamate; nociception; cold sensitivity; hypersensitivity; dihydroxyphenylglycine; hind paw lifting; male rats, 13009
neuropathic pain behaviors; spinal glutamate uptake activity; chronic constriction nerve injury; rats; ipsilateral spinal cord dorsal horn, 21699
spinal dorsal horn; intraperitoneal injections; allodynia; cancer chemotherapy; sensory processing; hyperalgesia; vincristine; rats; animal model, 15455

Dorsal Roots—Serials

axotomized & intact dorsal root ganglion neurons; spinal nerve ligation; partial rhizotomy; hyperalgesia; allodynia; rats; electrophysiological changes, 15540
immunoreactive primary sensory neurons; lumbar intervertebral disc; rats; dorsal root ganglion neurons; pain perception, 6836
protein kinase; spinal cord microglial; dorsal root ganglion; neuropathic pain; spinal nerve ligation; p38 mitogen activated protein kinase; rats, 21608
thermal hyperalgesia; neural excitability; dorsal root ganglion neurons; N-methyl-D-aspartate receptor; axons; somata, 21694

Double Bind Interaction—Serials

dialectic; contradiction; double bind; employee reactions; organizational tension; correctional facilities; organizational contradiction, 33290

Downs Syndrome—Serials

Adaptive Behaviour Dementia Questionnaire; screening questionnaire; dementia; Alzheimer's disease; adults; Down syndrome, 28917
adults with Down's syndrome; visual information; visual performance; auditory information; visual interference, 13817
amyloid precursor protein; APP; basal forebrain; NGF; cholinergic markers; progressive memory; nerve growth factor; Downs syndrome; Alzheimers disease; trisomic mice; memory decline; dementia, 3653
cognitive functioning; Down syndrome; donepezil; drug therapy; acetylcholinesterase inhibitor; language performance; caregivers, 5296
delusions; depression; developmental Down; Down syndrome; intellectual disability; mental retardation; psychosis, 13814
dementia of Alzheimer type; down syndrome; potential risk factors; psychological factors; biological factors; diagnostic criteria; assessment; age of onset, 19791
dementia; screening tools; older adults; mental retardation; IQ; performance tasks, 18161
differential outcomes effect; discriminative learning; symbolic conditional discrimination task; children & adults with Down syndrome, 1722
disability diagnosis; infants; toddlers; Down syndrome; cerebral palsy; developmental delay; developmental needs; families' resources & accommodations, 35816
donepezil; rivastigmine; galantamine; memantine; treatment; dementia; Alzheimer's disease; down syndrome; intellectual disability; pharmacology; dementia management, 29368
Down syndrome; children; language development; productive language; receptive language; intellectual disabilities; language acquisition, 28943
Down syndrome; genetic mental retardation syndromes; parent-child interactions; prosodic characteristics; infant-directed speech; parenting behavior; parental language, 4794
Down syndrome; group instruction; parents; sleep problems; mothers, 32045
down syndrome; intellectual impairment; intelligence quotient; cognitive assessment; special needs; Stanford Binet: fourth edition, 18149
Down syndrome; multimodal inhibition; inhibition of return; information processing capabilities; visual cues; verbal cues, 25986
Down syndrome; narcolepsy like symptoms; sleep apnea, 4793
Down syndrome; story presentation rates; story recall performance; Down syndrome; working memory; syntax comprehension, 4796
exercise training program; physical fitness; Down syndrome; adults; program effectiveness, 19801
facial plastic surgery; Down syndrome; children; parent attitudes; physical risks; psychological risks, 11101
first-trimester screening; trisomy 21; trisomy 18; Down's syndrome; prenatal care, 3586
first-trimester screening; trisomy 21; trisomy 18; Down's syndrome; prenatal care, 3591
intelligence quotient; Downs syndrome; social quotient; social reinforcement; social interaction; trisomy 21 babies, 35117
language acquisition; Downs syndrome; language skills; communication skills; special educational needs; naturalistic intervention, 25985
language profiles; Down syndrome; specific language impairment; nonverbal cognitive ability; language measures, 11121
mental retardation; Down syndrome; elderly adults; prevalence; incidence; at risk populations, 19804
mother child relationship; adult children; schizophrenia; autism; Down syndrome; maternal well being; optimism; mediating role; relationship quality, 10657
neurodegeneration; neurotrophic factor signaling; signaling pathway; neuron growth; neuron maintenance; Down syndrome, 21682
nutritional status; risk factors; chronic disease; Down syndrome; urban adults, 19790
obesity; verbal memory; postmenopausal women; Downs syndrome; cognition; aging; cognitive function; estrogen levels, 29025
pragmatic language impairment; social relatonship deficits; Williams syndrome; Downs syndrome; specific language impairment; interests, 35200
praxic skills; mentally retarded adults; Down's syndrome; gesturing; object perception; ideomotor apraxia; imitation of limb movements, 13821
prenatal attachment; empathy; cognitive adaptation; Down syndrome; pregnancy; disabilities, 19784
prenatal attachment; pregnant mothers; Down syndrome; prenatal development; mother child relations; mother emotions, 13820
prenatal attachment; theoretical issues; fetal attachment; Down syndrome, 13348
psychiatric disorders; behavioral problems; Down syndrome; aggression; self-injurious behavior; depression; bipolar disorder; psychosis; obsessive-compulsive disorder, 25983
psychological well-being; coping behavior; maternal attitudes; autism; Down syndrome; Fragile X syndrome, 31651
psychosocial outcomes; attitudes; fitness; health education program; Down syndrome, 20509
reinforcer assessment; figure coloring teaching; disabled children; social validation; preference assessment procedures; Down syndrome; special education teacher opinions; reinforcing stimuli, 36211
verbal short-term memory; speech timing; Down syndrome; Williams syndrome; serial recall; speeded articulation; output processes; rehearsal, 35124
visuospatial attention; motor preparation; Down Syndrome; DS; visual targets; target localization; attention orientation; reaction time; young adults, 3323

weight loss; intellectual disabilities; Down syndrome adults; dementia; nutrition; Alzheimer's disease, 13816
women; Down syndrome; menopause age; Alzheimers disease; endogenous estrogen deficiency; postmenopausal women; dementia onset, 11104
Downs Syndrome—Chapters
Cognitive aging and Down syndrome: An interpretation, 13823
Visual processing strengths in Down syndrome: A case for reading implication?, 22755
Downsizing—Serials
nurses; managers; prior commitment; layoff survivors; coping; organizational downsizing; health symptoms; job satisfaction; intention to remain; job insecurity; burnout; job alienation, 9088
organizational consequences; Electronic Data Interchange systems; EDI; power relationships; work organization; lower job bands; standardizing functions; downsizing, 2876
organizational downsizing; firm deknowledging; restructuring; transition; firm behavior; contingent labour use; long term skill change; deskilling, 17864
organizational downsizing; private sector; public sector; organizational restructuring, 36324
organizational justice; careerist orientation; downsizing, 36267
staff downsizing; cost cutting; shrinking budgets; care quality; hospitals; staff views; work environment; individual health; hospital downsizing; workload perceptions, 11984
stress-vulnerability model; manufacturing company; repeated downsizing; blue-collar workers; white collar workers; health problems; role ambiguity; job security, 30192
Doxepin—Serials
chronic insomnia; doxepin; nocturnal sleep; antidepressants; hypothalamic-pituitary-adrenal axis; plasma cortisol concentration; cortisol secretion; tricyclic antidepressant; plasma cortisol levels, 11547
Draftees—Serials
Flynn effects; secular trends; mean intelligence; test scores; language scores; mathematics scores; general ability scores; standing height; Norwegian conscripts, 33831
Drama—Serials
apprenticeship; illness; performance; intercultural work, 802
Jacques Lacan; Freud; Kierkegaard; Hamlet'literature; drama reinterpretation; psychoanalysis; philosophy, 4006
music; narrative; drama; narrativity; instrumental music; musical process, 34199
Queen Christina; gender; feminism; play; patriarchy, 24863
Shakespeare play; drama; Aristotelian view; human behavior; fictional social networks; human interaction, 13112
theatre environment; unconscious mind; audience; spectators; memory; catharsis, 4008
Drama—Chapters
One in the eye for Sam: Samuel Beckett's *Film* (1964) and his contribution to our vision in theatre, cinema and psychoanalysis, 818
Drama Therapy [See Psychodrama]
Draw A Man Test [See Human Figures Drawing]
Drawing—Serials
adaptation; display rotation; display gain distortions; drawing; movement extent; visually guided drawing; direction distortions; learning; visuomotor adaptation, 6559
Adolf Woelfi; schizophrenia; drawing, 34195
affective characterizations; drawing size; drawing color; children, 24936
attachment security; pictorial representations; substance abuse disorders; art therapy, 8566
axes system; figure drawing; spatial constraint; pictorial space; figure size; task complexity; size regulation mechanisms; children; age, 24960
clock copying; clock drawing; neurocognitive development; elementary school aged children; executive function; visuo-construction; visual-motor coordination; neuropsychological correlates, 18914
Clock Drawing Test; modified and integrated approach; dementia patients; test reliability; validity; differential scoring; scoring methods; psychogeriatric outpatients; Mini Mental State Examination, 24244
clock drawing test; scoring; ischemic vascular dementia; white matter alterations; Alzheimer disease; Parkinson disease; subcortical neural networks; neuropsychological components; neuroanatomy, 26131
clock drawing; bilateral posterior parietal cortices; bilateral dorsal premotor areas; neural substrates; parieto-frontal cortical networks, 3655
community leadership; education workshop; community building; South Africa; ethnic culture, 22142
dementia with Lewy bodies; Alzheimer's disease; clock drawing; pentagon drawing; constructional apraxia, 19962
elderly adults; drawing kinematics; motor planning; vision; aging; time delays; position sense; limb movements; age differences, 6563
external thoughts; sketching; task difficulty; problem analysis, 21345
frontal cortex; motor illusion; figure drawing; arm movement, 12882
graphic representations; drawing; mother child interactions; collaboration; learning; preschoolers, 959
illness; drawing; research method; illness conditions; visual method, 33628
literacy; childrens knowledge; human experience; drawings; reading; writing, 36120
mass customization; wedding gowns; internet; bridal web sites; design features; interactive illustrations, 30292
multicultural feminist analysis; picture books; children; oppression; resistance; social dichotomy, 34194
painting; drawing; printmaking; Paul Klee; interpersonal relationships; psychoanalytic interpretation, 34192
picture interpretation; Jungian typology; quadrant schema; active imagination; emotionality, 25398
pre-school children; kindergarten children; score interpretation; norm construction; creative thinking; picture-type creativity test; Test for Creative Thinking-Drawing Production; TCT-DP, 21110
projective drawings; scientific problems; art therapists; art therapy; scientific problems, 8567
representational redescription; procedural rigidity; drawings; information processing; representational change, 897
Rosebush Fantasy Technique; elementary school students; school counseling; expressive arts; emotional world, 30105
school-aged children; private speech; task-related behavior; pictures; self-regulation; real drawings; make-believe drawings; algorithmic drawing; heuristic drawing; developmental changes, 4110
spatial neglect detection; right hemisphere stroke; chronic phase; copying task; residual symptoms; neglect patients; acute phase; contralesionally located items; neglect patients; multi-object scene, 20001
test correlation; psychogeriatric service; Cambridge Cognitive Examination; Mini-Mental State Examination; clock drawing tests; evaluation groups; Alzheimers disease; vascular dementia, 13953
test of creative thinking-drawing production; creative potential assessment; adolescent development; Chinese cultural adolescents; psychometrics; test reliability, 27287
visuospatial neglect; image analysis techniques; figure-copying performance; brain-damaged patients; algorithms; image analysis software, 30528
Weber (slope) analyses; timing variability; drawing tasks; finger tapping; tapping; circle drawing; line-drawing tasks, 6566
Drawing—Books
Three art assessments: The Silver Drawing Test of cognition and emotion; draw a story: Screening for depression; and stimulus drawings and techniques, 3156
Dream Analysis—Serials
Al-Qaeda; Taliban leadership; Islamic dream theories; guidance dreams; value system; Middle East; Islamic Jihadist conversion, 16339
anthropological analysis; dreaming; ethnography, 27590
couples sexual issues; dreams analysis; couple therapy; condensation; symbolization; projective identification; sexual symptomatology; emotional pain; relational pain, 32357
dream interpretation; psychotherapy; clinical practice; therapeutic tool, 35415
dream screen; psychotherapy; artistic work; poems; depression, 5170
dreaming; war; political environments; political themes; political-oriented dreaming; invasion; oneiric experience, 24538
dreams content; clinical change asssessment; treatment progress; psychoanalytic treatment; psychodynamically oriented treatment, 32386
dreams; dream analysis; dream length; number of dreams; dream recall, 21410
dreams; holographs: meanings; cultural memories; holographic theory of dreams, 28530
dynamic psychotherapy; outpatient treatment; social behavior; structural analysis; dream analysis; dream interactions; content analysis; psycho-oncology, 24539
Freud; dream analysis; dream content; psychoanalysis; psychoanalytic theory; Irma; dream interpretations, 1307
healing image; Jungian approach; self-realization; psychoanalysis; dream interpretation; unconscious, 29305
nightmares; dreamwork; adolescent male felons; verbal interventions; positive answers; case examples; verbal interventions; dreamwork benefits, 17016
psychoanalysis; persons with AIDS; death; anniversary reactions; dreams, 5256
Sandor Ferenczi; trauma; dreaming mechanisms; early traumatic situations; dream imagery, 26315
Dream Analysis—Books
Dreaming by the book: Freud's the interpretation of dreams and the history of the psychoanalytic movement, 9337
Dream Content—Serials
anthropology; dreaming; selfscape dreams, 27584
dream content; schizophrenia; mental illness, 1374
dream narratives; Amazonia; dream interpretation; naming; multinatural perspectivism; spirits, 27588
dream sharing; hunter-gatherer communities; self-system; kairos, 27592
dreams content; clinical change asssessment; treatment progress; psychoanalytic treatment; psychodynamically oriented treatment, 32386
dreams; Andaman Islanders; smells; rituals; Radcliffe-Brown; Andamanese hunters and gatherers; sleeping arrangements, 27587
dreams; dress; garments; spirituality; religious authority; African independent churches, 27589
dreams; holographs: meanings; cultural memories; holographic theory of dreams, 28530
drug dreams; outpatients; bipolar disorder; cocaine dependence; triggers; drug abuse treatment, 19353
dynamic psychotherapy; outpatient treatment; social behavior; structural analysis; dream analysis; dream interactions; content analysis; psycho-oncology, 24539
Freud; dream analysis; dream content; psychoanalysis; psychoanalytic theory; Irma; dream interpretations, 1307
gene expression; brain plasticity; stroke rehabilitation; mind-body healing dreams; Erickson; therapeutic hypnosis; hypnotherapy; neural mechanisms; neuroscience theory; novelty-numinosum-neurogenesis, 35854
Gestalt group dreamwork; Taiwanese counselor education students & professors; Gestalt techniques; therapeutic factors; group processes; group counseling, 26802
Japanese women; dream gender percentages; male; female; dream percentage representation; Japanese society; dream reports; women's role, 15346
nightmare content; dream content; media influence; television viewing; computer game playing; television; nightmares; pleasant dreams; psychological well-being; Flemish adolescents, 15351
nightmare frequency; nightmare distress; neuroticism; dreaming; stress, 10833
nightmares; dreamwork; adolescent male felons; verbal interventions; positive answers; case examples; verbal interventions; dreamwork benefits, 17016
psyche; psychoanalysis; religious studies; philosophy; dynamic therapeutic process; dream content; drug prescription; pharmacologic effect, 32414
schizophrenia patients; psychopathological syndromes; anxiety; hostility; dreams, 10806
sleep; dreams; psychoanalysis; dissociative process; hypnogogic imagery, 17014
Dream Content—Chapters
The cinematic dream-work of Ingmar Bergman's *Wild Strawberries* (1957), 819
The reinterpretation of dreams: An evolutionary hypothesis of the function of dreaming, 18432
Dream Interpretation [See Dream Analysis]
Dream Recall—Serials
dream recall; gender differences; age, 1274
dreams; Andaman Islanders; smells; rituals; Radcliffe-Brown; Andamanese hunters and gatherers; sleeping arrangements, 27587
dreams; dream analysis; dream length; number of dreams; dream recall, 21410
sleeping position; sleep quality; dream emotions; body posture; dream recall; nightmare; dreaming, 24537
Dreaming [See Also Lucid Dreaming, Nightmares]—Serials
Al-Qaeda; Taliban leadership; Islamic dream theories; guidance dreams; value system; Middle East; Islamic Jihadist conversion, 16339
anthropological analysis; dreaming; ethnography, 27590
anthropology; dreaming; selfscape dreams, 27584
dream consciousness; neurobiology; sleep; brain; rapid eye movement; waking consciousness, 30925
dream narratives; Amazonia; dream interpretation; naming; multinatural perspectivism; spirits, 27588
dream perception; subjective sleep quality; myasthenia gravis; central nervous system; sleep perception; dreaming, 26139
dream screen; psychotherapy; artistic work; poems; depression, 5170
dream sharing; hunter-gatherer communities; self-system; kairos, 27592
dreaming; mind; consciousness; unconsciousness; waking language, 25429
dreaming; theoretical approaches; cognitive; neurobiological; brain mapping; limbic activation; paralimbic activation; hallucinations; reality testing; dreaming phenomenon; mental representation, 15348

dreaming; war; political environments; political themes; political-oriented dreaming; invasion; oneiric experience, 24538
dreams; Andaman Islanders; smells; rituals; Radcliffe-Brown; Andamanese hunters and gatherers; sleeping arrangements, 27587
dreams; dream analysis; dream length; number of dreams; dream recall, 21410
dreams; holographs: meanings; cultural memories; holographic theory of dreams, 28530
dreams; human activity; dream theory; social dreaming; sustained thinking; theory of social dreaming; Oedipal; social unconscious, 16343
EEG power spectra; sleep onset REM periods; sleep onset non rapid eye movement periods; NREM; dream appearance processes, 21745
embodied imagination; mental imagery; dream, 11450
embodied imagination; mental imagery; dream, 11451
home dream ESP research; Maimonides research program; methodology; dream mentation; sleep-laboratory-based research, 6641
Japanese women; dream gender percentages; male; female; dream percentage representation; Japanese society; dream reports; women's role, 15346
physical conditions; prophetic visions; religious ideas; dream theory; pathomimesis; psychosis; creativity; dreams; Trinidad; Earth People; Mother Earth, 27585
psyche; unconscious; emotional processing; dreaming; psychoanalytic theory, 16340
psychoanalytic interpretation; unconscious fantasy; psychopathology; id pathology; consciousness; dreaming; psychoanalysis, 17015
psychotic dream-related aggression; parasomnias; sleep-related violence; manifest dreams; continuity of thinking; sleep-wake cycle; paranoid schizophrenia; violence, 7746
Sandor Ferenczi; trauma; dreaming mechanisms; early traumatic situations; dream imagery, 26315
screen memory; symptom; dream; analytic process; transference neurosis; genetic origin; human mind, 20227
sleep; dream suppression; lateral medullary infarct; consciousness; brain injury; waking; sleeping; dreaming; recovery; visual hallucinosis; stroke rehabilitation; brainstem, 35308
sleep; dreams; psychoanalysis; dissociative process; hypnogogic imagery, 17014
sleeping position; sleep quality; dream emotions; body posture; dream recall; nightmare; dreaming, 24537
Dreaming [See Also Lucid Dreaming, Nightmares]—Books
Dreaming by the book: Freud's the interpretation of dreams and the history of the psychoanalytic movement, 9337
Sleep and dreaming: Scientific advances and reconsiderations, 18430
Dreaming [See Also Lucid Dreaming, Nightmares]—Chapters
Authors' responses, 18630
The case against memory consolidation in REM sleep, 20416
The cinematic dream-work of Ingmar Bergman's *Wild Strawberries* (1957), 819
Dreaming and REM sleep are controlled by different brain mechanisms, 18632
Dreaming and the brain: Toward a cognitive neuroscience of conscious states, 18629
IX: Consciousness as a state: Waking, deep sleep, coma, anesthesia, and dreaming, 3434
Open peer commentary, 18628
A post-postmodern Walkyrie: Psychoanalytic considerations on Tom Tykwer's *Run, Lola, Run* (1998), 823
Postscript: Recent findings on the neurobiology of sleep and dreaming, 18631
A review of dream ESP studies conducted since the Maimonides dream ESP programme, 9741
A review of mentation in REM and NREM sleep: "Covert" REM sleep as a possible reconciliation of two opposing models, 18431
Witness and persecution in two short films: Miguel Sapochnik's *The Dreamer* (2001) and Lindy Heymann's *Kissing Buba* (2001), 827
DRGs [See Diagnosis Related Groups]
Drinking (Alcohol) [See Alcohol Drinking Patterns]
Drinking Attitudes [See Alcohol Drinking Attitudes]
Drinking Behavior [See Also Alcohol Drinking Patterns, Animal Drinking Behavior, Water Intake]—Serials
collegiate drinking behavior; binge drinking; blood alcohol concentration; college campus; behavioral outcome; prevention, 31440
drinking; median preoptic nucleus; noradrenaline; hypovolemia; water intake; body fluids; rats, 3683
ethanol discrimination; ethanol consumption; opioid antagonist; ethanol self-administration; rats; naloxonazine; alcohol abuse, 21878
Harry Potter; butterbeer; alcohol use; attitudes; children; adolescents, 10081
motivational interviewing; interviewing techniques; alcohol problems; clients; alcohol abusers, 11941
neutralization theory; risk denial; cannabis use; French adolescents; contemporary societies; risk profiling; ethnographic studies; marijuana smokers; risk culture; unhealthy behaviours, 16029
planned behavior theory; soft drink consumption; male adolescents; adolescent attitudes, 24917
schools; adolescent risk behavior; health behavior; health policy variables; smoking; drinking, 4457
self-generated alcohol use; addictive behaviors; alcohol information; alcohol outcomes; frequency norms; teenage students; alcohol; drinking outcomes; drug use, 11032
Drinking Behavior (Animal) [See Animal Drinking Behavior]
Drive [See Motivation]
Driver Education—Serials
moped rider training; young moped riders; driving skill; training effects, 17958
Driver Safety [See Highway Safety]
Drivers—Serials
adolescent passengers; willingness to address unsafe drivers; unsafe driving; gender, 16038
aggressive drivers; psychophysiology; aggressive driving behavior; cognitive behavioral treatment program; blood pressure; heart rate; skin resistance, 2032
alcohol involvement; cognitions; drinking behavior; driving behavior; driver's license; youth; driving experience; drug involvement, 25896
cognitive functioning; unsafe driving behavior; cognitive impairment; health; dementia, 4179
college students; driving; anger; state-trait theory, 10573
driver speech; stress speech; stressed conditions; speech utterances; database modeling, 6131
driving behavior; flashing green; amber; driver stopping; traffic signals; signal programmes, 30283
driving cessation; physical mobility; driving ability; female drivers; driver license; health status; older women, 21027
driving experience; attentional focusing; recall; eye movements, 12373
drugs abuse; drivers; motor vehicles; traffic crashes; driver fatalities; alcohol abuse; culpability; psychotropic drugs; THC; blood alcohol concentration; age differences; driving under the influence, 30282
gender differences; injury severity; car accidents; drivers; sport-utility vehicle, 30288
Hungarian car drivers; epilepsy, 11288
interindividual differences; traffic accidents; impaired driving; driver behaviour; detection criteria, 17957
irregular working hours; fixed day shift system; sleep-wake cycle; truck drivers; time arrangements, 9932
New York law implementation; driver cell phone use; gender; age; vehicle type, 12369
organizational stress; job transition theory; stressful work; Dutch truck drivers; psychological job strain; job demand; job control; self-reports; voluntary turnover, 23997
presence of passengers; older drivers; fatal crashes; unsafe actions; driver-related factors; elderly, 28138
task demands; adaptive strategy changes; car drivers; secondary task; driving behavior; task importance, 27492
visual attention; driving simulator; vehicle crashes; visual stimuli; driving skills; road safety; adult drivers; safe driving; driver safety, 14963
Driving Behavior [See Also Driving Under the Influence]—Serials
accident involvement; hazard perception; greater illusion; driving skill; safe driving, 14870
actor-observer differences; safety interventions; risky driving; young drivers, 31527
adolescent passengers; willingness to address unsafe drivers; unsafe driving; gender, 16038
adolescent psychosocial behavior; substance use; risky driving, 19647
adolescent unsupervised driving; driving limits; parents' intentions; parent adolescent relations, 34509
aggressive drivers; psychophysiology; aggressive driving behavior; cognitive behavioral treatment program; blood pressure; heart rate; skin resistance, 2032
alcohol involvement; cognitions; drinking behavior; driving behavior; driver's license; youth; driving experience; drug involvement, 25896
attention-deficit hyperactivity disorder; driving impairments; adolescents; adults; risk factors, 22715
automobile driving; drug effects; attention deficit hyperactivity disorder; delivery profiles; methylphenidate, 14137
bereaved people; grieving; driving, 34705
breath alcohol levels; sleepiness; driving impairment; sleep-related fatal road crashes, 34134
car use; car trips; trip purpose; motivational control; volitional control; household planning accuracy; prospective car logs; actual car logs, 17959
cognitive functioning; unsafe driving behavior; cognitive impairment; health; dementia, 4179
college students; driving; anger; state-trait theory, 10573
drivers; automobiles; vehicle navigation systems; safety impact; motion, 33376
drivers; mental workload; adaptive man-machine interface; telephone calls; attention management, 12370
driving ability; levocetirizine; diphenhydramine, 10055
driving anger; aggressive driving; risk factors; assessment strategies; counseling intervention strategies, 27197
driving behavior; flashing green; amber; driver stopping; traffic signals; signal programmes, 30283
driving behavior; Manchester Driver Behaviour Questionnaire; cross cultural differences; test reliability; driving errors or violations, 27275
driving cessation; physical mobility; driving ability; female drivers; driver license; health status; older women, 21027
driving experience; attentional focusing; recall; eye movements, 12373
driving phobia; motor vehicle accident; hypnosis, 31810
driving speeds; speed reduction; lane width; road centre markings; speed-steering; speed perception; driving simulation, 36491
drug dosage; risk factors; motor vehicle crashes; cannabis use; driving behavior, 28870
ecstasy; MDMA use; cognitive performance; polydrug use; driving performance; driving simulator; vehicle control; accident involvement; driving behavior; heart rate; 3,4-methylenedioxymethamphetamine, 25864
ecstasy; single dose; cognition; psychomotor performance; driving-related task performance; recreational ecstasy users, 13027
fatigue; drowsiness; driving performance; driver age; driving errors; vigilance level, 12571
impaired driving behavior; college students; web-based daily assessment; retrospective timeline followback; risk behavior, 36493
interindividual differences; traffic accidents; impaired driving; driver behaviour; detection criteria, 17957
milnacipran; driving vigilance; psychotropic drugs; sensory functions; psychomotor functions; road accidents; alcohol drug interaction, 27934
moped rider training; young moped riders; driving skill; training effects, 17958
neurobehavioral consequences; sleep restriction; fatigue; long distance driving, 3693
Neurocognitive Driving Test; computer based assessment; driving ability; acquired brain injury; hospital based evaluation, 195
New York law implementation; driver cell phone use; gender; age; vehicle type, 12369
police drivers; eye movements; pursuit driving; hazard perception; electrodermal responses; emergency response driving; search; attention; visual demands, 306
presence of passengers; older drivers; fatal crashes; unsafe actions; driver-related factors; elderly, 28138
psychological intervention; aggressive driving; road rage; intermittent explosive disorder; driving behaviors, 16476
risky driving; drinking driving; drug driving; problem behavior; problem driving, 13221
road rage; victims; perpetrators; offenders; violent motorists, 10875
roadside vegetation; anger; frustration; stress; attention fatigue; restorative experience; highway design; aggressive driving; road rage, 3039
safety belts use; behavioral risk factors; primary laws; prevalence estimates; motor vehicle crashes, 24102
schizophrenia; psychomotor functions; neuroleptics; antipsychotics; driving skills; reactivity; stress tolerance; divided attention; attention, 20291
self-hypnosis; driving phobia; dissociative imagery; traumatic incidents, 31837
sensation seeking; risk taking; driving; mortality salience, 7701
sleep-related motor vehicle crashes; sleepy-driver; at risk populations, 6142
stroke; traumatic brain injury; cognitive impairment; driving performance; Drivers Screening Assessment; fitness; test validity, 30478
task demands; adaptive strategy changes; car drivers; secondary task; driving behavior; task importance, 27492
technology; driving behavior; truck driver attitudes; feedback; safety, 12371
teen driving; parental limits; Motor Vehicle Administration, 24925
time-sharing strategies; driving; cerebral lesions; in-car tasks; real-life highway driving, 32199
traffic accidents; insurance companies; seriousness; work; commuting; victims; major injury; leisure time injury; death; heavy vehicles; drivers; working hours, 9227
visual attention; driving simulator; vehicle crashes; visual stimuli; driving skills; road safety; adult drivers; safe driving; driver safety, 14963

visuospatial skills; driving ability; neuropsychological functioning; dementia; non-road measures; caregiver reports; on-road measures, 11289
Driving Under the Influence—Serials
alcohol-impaired driving; university students; countries; legislative practicives; attitudes; drinking and driving; prevalence; traffic accidents, 28878
behavioral risk factors; trends; motor vehicle crashes; fatigue; alcohol intoxication; seatbelt use; hospitalization; death, 30287
college students; drunk driving; alcohol drinking; alcohol related problems; control policies, 11026
completed suicides; alcohol policies; youth suicides; drunk driving laws; alcohol availability; alcohol consumption; young adults; blood alcohol concentration; excise taxes on beer; children; teens, 19615
completed suicides; alcohol policies; youth suicides; drunk driving laws; alcohol availability; alcohol consumption; young adults; blood alcohol concentration; excise taxes on beer; children; teens, 16481
completed suicides; alcohol policies; youth suicides; drunk driving laws; alcohol availability; alcohol consumption; young adults; blood alcohol concentration; excise taxes on beer; children; teens, 19627
drinking; driving; cannabis use; Ontario students; injury risk; drunk drivers; driving risks, 16496
driving under the influence offenders; alcohol impaired driving; driving behavior; recidivist attitudes; belief modification; social acceptability; mortality, 35031
drugs abuse; drivers; motor vehicles; traffic crashes; driver fatalities; alcohol abuse; culpability; psychotropic drugs; THC; blood alcohol concentration; age differences; driving under the influence, 30282
risky driving; drinking driving; drug driving; problem behavior; problem driving, 13221
Dropouts [See Also School Dropouts, Treatment Dropouts]—Serials
attrition; families; demographic characteristics; child functioning; system of care program; child and family services, 20577
Tai Chi; older adults; line-dancing; dropout patterns; fitness; health; experience level; perceived ease of learning; past experience; expectations, 4175
Drowsiness [See Sleep Onset]
Drug Abstinence [See Also Sobriety]—Serials
abstinence rates; recalcitrance; cessation cognitive-behavioral smoking cessation treatments; placebo medication; smokers; pharmacotherapy; nicotine gum; nicotine patch; coping skills training, 5687
abstinence-oriented therapies; opiate addicts; maintenance treatment; opioid maintenance; opioid dependency; community follow-up; antagonists; assessment; mental problems, 26744
abstinence; substance disorders; drug users; somatic conditions; hepatitis C virus; somatic treatment; professional ethics, 11671
abstinent methamphetamine abusers; relapse effect; cognition; memory, 31953
acamprosate; abstinence; alcohol consumption, 14134
addictions field; abstinence-oriented therapies; replacement therapies; controlled drinking strategies; marijuana dependence; marijuana abuse, 26711
chewing tobacco; spit tobacco; pharmacological interventions; behavioral interventions; buproprion; tobacco abstinence, 17430
cognitive impairment; drug abstinence; cocaine abusers; cognitive behavioral treatment, 10963
comorbidity; treatment processes; posttreatment abstinence; drug abuse; comorbid mental disorder, 32777
coping self-efficacy; cocaine; cocaine-dependent patients; abstinence; treatment outcome, 32813
depressive symptoms; residential treatment; substance use disorders; abstinent adolescents, 32805
drug abstinence; substance use disorders; antidepressant medication; depressive symptoms; comorbidity; alcohol dependence; cognitive behavioral therapy, 32781
ecstasy users; abstinence; plasticity; acoustic startle reflex; prepulse inhibition; habituation; sensitization; recreational drugs; serotonin systems; 3,4-Methylenedioxymethamphetamine, 25881
ecstasy users; MDMA; long-term abstension; short-term effects; depressed mood; mood disorders; serotonin transporter; clinical depression; doses; gender; neuroimaging; neurotoxicity; prevalence, 25507
ecstasy; reasons for quitting; lasting adverse effects; mental health; ex-users, 13758
EEG power spectra; auditory P300; free smoking; enforced smoking abstinence, 12924
ethanol abstinence; corticotropin-releasing factor; CRF; CRF receptor; behavior regulation; responsiveness; alcoholics; stress, 21918
gradualism; harm reduction; drug abstinence; drug rehabilitation; drug addiction; relapse prevention, 11919
harm reduction; abstinence; substance abuse treatment; public sector; patient retention, 35875
harm reduction; drug treatment program; drug abstinence; drug prevention, 11922
heroin users; drug administration; substance use behavior; drug-taking behavior; drug injectors; abstinence; treatment, 32774
heroin users; quitting; drug initiation; population trends; 1971-1997; historical trends, 28863
impulsivity; smoking abstinent alcoholics; nonsmoking abstinent alcoholics; ex-smoking abstinent alcoholics, 31954
injection drug use; psychostimulant users; correlates; cessation of drug use; service utilization, 19708
locomotor response; corticotropin-releasing factor; repeated cocaine exposure; cocaine preexposure; behavioural change; central nervous system; central injections; locomotor activity; drug free period, 9984
marijuana withdrawal; marijuana abstinence; tetrahydrocannibinol; divalproex; craving; symptoms, 11912
methamphetamine abstinence syndrome; mood; depression; anhedonia; irritability; concentration; drug dependency, 31942
methamphetamine dependence; brain function; disorders; abstinence; EEG abnormalities, 4734
neuroendocrine & cardiovascular changes; emotions; heart rate; blood pressure; methyl-OH-phenyl-glycol; norepinephrine; epinephrine; adrenocorticotropin; cortisol; heroin dependency; drug abstinence, 8009
never-smokers; cigarette smoking; experiences; definition, 31452
nicotine patch; abstinence; smoking cessation; performance, 5678
nicotine patch; nicotine nasal spray; smoking abstinence rates, 5679
nicotine replacement therapy; smoking cessation interventions; prolonged abstinence; effectiveness evaluation, 5698
optimism; abstinence; self-efficacy; self-mastery; cognitive resources; recovering substance abusers; Oxford House model; twelve-step members, 17436
persistent depressive symptoms; methamphetamine abusers; fluvoxamine; antidepressant; abstinent methamphetamine abusers; mania, 23629
platelet abnormalities; platelet aggregation; cocaine-dependent patients; regional cerebral blood flow; hypoperfusion; abstinence; aspirin treatment, 10998
prison inmates; smoke-free jails; smoking bans; need to smoke; cigarette smoking; demographic factors; smoking history; incarceration length; intention to smoke, 13777
relapse prevention; drug addiction; drug rehabilitation; drug abstinence; factors, 11899
short term drug treatment; long term outcome; abstinance; social network; recovery, 11952
single target; dual target; brief abstinence incentive; drug abusers; motivational incentives; methadone maintenance patients; cocaine abstinence; cocaine and heroin abstinence, 2498
smoking cessation; partner support; group therapy; drug treatment; smoking abstinence, 35881
smoking cessation; schizophrenia; smoking reduction, 22537
smoking-cessation intervention; nicotine replacement therapy; drug abstinence; postoperative support; tobacco use; counseling, 32800
tobacco abstinence; recognition memory; digit span recall; visual attentional vigilance; smoking status; drug dependency, 10989
tobacco abstinence; tobacco smokers; arousal level; electroencephalography; auditory evoked potentials; auditory event related potentials, 4307
transformational change; alcoholism recovery; psychological rebirth; psychological death; abstinence-based mutual aid; cultural revitalization movements, 29815
tryptophan; drug abstinence; MDMA; ecstasy; memory function; serotonin, 9971
Drug Abuse [See Also Alcohol Abuse, Drug Dependency, Inhalant Abuse, Polydrug Abuse]—Serials
abstinent methamphetamine abusers; relapse effect; cognition; memory, 31953
access to methadone maintenance treatment; opiate use; methadone clinics, 26714
Addiction Severity Index; scale structure; factor validation; concurrent disorders; psychiatric disorders; substance abusers; confirmatory factor analysis, 33544
addiction severity; family history; substance use; treatment outcomes; treatment responses; opiate dependents, 20631
addiction; developing country; drug abuse; drug abuse prevention; drug abuse treatment; opium; heroin; drug research; hashish, 31961
addictions field; abstinence-oriented therapies; replacement therapies; controlled drinking strategies; marijuana dependence; marijuana abuse, 26711
addictions treatment; cigarette smoking; tobacco addiction; substance-addicted women; addictions treatment programs; health threat, 23618
addictive disorder training; students knowledge; students attitudes; students behavior; substance abuse disorders; social work education; chemical dependency education; social work students, 23700
addictive orientations; factor analysis of addictive behaviours; shorter PROMIS questionnaire; cross addiction; alcohol and drug addiction; eating disorders, 10988
adolescence; depression; drinking motives; HIV; risky sexual behavior; substance abuse; suicide, 11023
adolescence; substance abuse; peer influence; individual differences; relationship factors; risk factors, 22694
adolescent alcohol use; fathers abuse drugs; father attributes; father-child relations; peer influences; environmental factors; youth personality; protective factors; adolescent drinking; HIV, 1647
adolescent drug abuse; peer drug; treatment outcome; drug abuse treatment program; psychosocial risk factors; Personal Experience Inventory; family dysfunction; deviance, 18167
adolescent drug use; prevalence; trends; comorbid conditions; prevention; treatment; risk factors; nursing, 22690
adolescent perceptions; substance abuse; parental support; family system; demographic characteristics; family hardiness; family coherence; gender differences, 19664
adolescent perspectives; parent perspectives; ethical issues; youth drug use; suicide; risk-benefit; consent; incentives; confidentiality; survey, 8960
adolescent psychosocial behavior; substance use; risky driving, 19647
adolescent substance abuse treatment; multidimensional family therapy; cognitive-behavioral group treatment; outcome findings; methodological characteristics, 35893
Adolescent Treatment Outcomes Module; substance use disorders; mental health treatment seeking, 5688
adolescents short term alcohol use; drug use; addictions treatment, 19651
adolescents; substance abuse; gender differences; treatment effectiveness; treatment outcomes, 26722
adrenocorticotropic hormone; anterior cingulate cortex; glucocorticoid receptors; addiction; sleep loss; substance abuse; college student depression, 25603
adverse childhood events; substance abuse; social affiliation; homeless adults, 31966
affluence; material wealth; children; depression; substance abuse; anxiety; families, 19269

African American women; substance abuse treatment; parenting; culturally appropriate strategies, 26730
alcohol abuse; drug abuse; sexual offenders; intimacy deficit; coping strategy; rape; child molestation, 31979
alcohol abuse; drug abuse; treatment; family history, 4731
Alcohol and Other Drug Self-Efficacy Scale; substance abuse; drug abuse, 9396
alcohol dependence syndrome; dependence disorders; DSM-IV diagnosis criteria; abuse disorders; cannabis; cocaine; opiates, 16505
alcohol disorders; drug disorders; drug abuse; alcoholism, 26745
alcohol effects; larval zebrafish; drug abuse; alcohol abuse; screening, 18764
alcohol use outcomes; heavy drinking; drug misusers; drug treatment, 14474
anabolic-androgenic steroid use; weightlifters; drug use; risk factors; demographic & family & psychosocial risk factors, 8016
analogy; scientific reasoning; medical illness; substance abuse; antisocial behaviour, 31936
antisocial behavior; substance abuse; drug policy; genetic vulnerability; bipolar illness, 31952
anxiety & mood disorders, coping change, drug abuse patients, 8007
anxiety disorders; substance use disorders; drug dependency; psychiatric comorbidity, 13557
attachment security; pictorial representations; substance abuse disorders; art therapy, 8566
attention deficit hyperactivity disorder; pharmacotherapeutic treatment; treatment strategies; substance use disorders; comorbidity; risk factors, 22422
attention-deficit hyperactivity disorder; substance abuse; conduct problems; adolescents; pemoline safety; pemoline efficacy; drug therapy, 20484
attention-deficit/hyperactivity disorder; risk factors; substance abuse; treatment; comorbidity; psychotherapy; drug therapy, 20129
auricular acupuncture; prison inmates; drug rehabilitation; drug use; NADA-Acudetox protocol, 20625
aversion therapy; crack cocaine; treatment effectiveness evaluation; drug abuse; treatment approaches; cocaine craving; chemical aversion; covert sensitization; faradic aversion therapy, 17429

basal ganglia; psychiatric symptoms; toluene users; drug abuse, 26438
benzodiazepine prescription practices; substance abuse; severe mental illness; side effects; treatment compliance, 20302
body piercing; risk behavior; sociodemographic factors; substance abuse; peers; sexual intercourse; violence; antisocial behavior; mood problems, 28841
borderline personality disorder; suicidal behavior; major depressive disorder; substance use disorders; childhood sexual abuse, 28579
brain morphology; cannabis abuse; cannabis dependence; recent-onset schizophrenia, 22528
bulimic pathology; depression; substance abuse; comorbidity, 10679
cannabis abuse; nerve growth factor serum concentrations; schizophrenia onset; drug-naive patients, 13537
cannabis use; substance use; kava use; inhalant abuse; tobacco use; remote aboriginal populations; substance use patterns; health workers as proxy reporters of drug use epidemiology, 25867
cannabis; illicit drugs; drug abuse; drug dependency; comorbid usage; phenotypic causation model; correlated liabilities model, 25859
cannbis users; treatment seeking; psychiatric disorders; drug abuse, 28856
Caribbean & non-Caribbean clients; residential addiction treatment facility, 2510
case management services; offspring; female drug users; case management program; program intensity; mothers, 8733
changes in alcohol drinking; drinking consequences; untreated at risk rural drinkers; untreated at risk urban drinkers; gender; illegal drug use; psychiatric comorbidity, 19648
chewing tobacco; elementary school age children; intentions of substance use; cigarettes; chewing tobacco; alcohol; marijuana; inhalants; risk; lifetime prevalence; substance identification, 1643
child & adolescent substance abuse; emergency department; psychiatric disorders; differential diagnosis; treatment; intoxication; club drugs; symptoms; ketamine; ecstasy; gamma hydroxybutyrate, 4741
child neglect; drug abuse; young mothers; adolescent mothers; illicit substances; treatment outcome; family therapy, 14041
childhood physical abuse; childhood sexual abuse; drug use disorders; alcohol use disorders; American Indians, 19613
childhood psychopathology; adolescent cigarette smoking; children at risk; substance use disorders; parents, 25866
childhood stimulant treatment; dopamine system alterations; drug sensitivity; increased risk; substance abuse, 2191
childhood substance abuse; parental mental illness; risks; resiliency; prevention practices, 19685
childhood trauma; avoidance coping; alcohol use; drug use; emotional abuse; residential treatment; outpatient treatment; women, 11940
children's adjustment; parenting behavior; interparental conflict; drug-abusing fathers; illicit drugs; alcoholic fathers; psychosocial adjustment; paternal alcoholism; behavioral problems, 25876
cigarette smoking; substance use; domestic violence treatment programs; batterer intervention programs; court referral, 31713
cigarette smoking; tobacco users; smokeless tobacco; high school students; parental education; tobacco products; cigar, 4317
clinical considerations; substance abuse; intervention strategies; treatment options; couples, 11418
clozapine treatment; side effects; dimenhydrinate abuse; schizophrenia patients; anticholinergic properties, 35564
co-occurring substance use; delinquent behaviour; early adolescence; problem behaviors; middle school students, 31906
cocaine abusers; anxiety effects; Trail Making Test; drug abuse treatment programs, 15081
Cocaine Effects Questionnaire; psychometrics; test reliability; test validity; test construction; substance abuse, 21154
cocaine misuse; adverse reactions; frequency; associated factors, 13737
cocaine; impulsivity; substance abuse; aggression; sensation seeking; addiction severity, 8020
cocaine; triazolam; drug abuse; oral administration; behavioral effects; physiological effects; pharmacotherapy; gamma-aminobutyric acid agonists, 8509
cognitive impairment; drug abstinence; cocaine abusers; cognitive behavioral treatment, 10963
cognitive impairment; substance abuse; neuropsychology, 19703
cognitive-behavioral therapy; adolescent substance abusers; alcohol disorder; learning skills; psychoactive substance; family therapy, 11400
cognitive-behavioral treatment; incarcerated women; substance abuse disorder; posttraumatic stress disorder; Seeking Safety, 8910
community substance abuse programs; substance abuse; mental health services; community treatment; psychosocial treatment, 26737
community-based treatment organizations; Center for Substance Abuse Treatment Methamphetamine Treatment Project; substance abuse treatment, 20627
community; psychoactive substance; street children; continuous exposure; local government area; Nigeria; associated lifestyles; socio-demographic factors, 11006
comorbid mental disorders; psychiatric disorders; substance use disorders; alcohol abuse; drug abuse; self-report scale; Psychiatric Diagnostic Screening Questionnaire; psychiatric outpatients, 19710
comorbid substance misuse; functioning; health economy outcomes; schizophrenic patients; caregivers; cognitive-behavioural treatment programme; motivational intervention; family intervention, 8432
comorbid substance misuse; functioning; health economy outcomes; schizophrenic patients; caregivers; cognitive-behavioural treatment programme; motivational intervention; family intervention, 8428
comorbid substance misuse; psychosis; schizophrenia; substance misuse treatment, 16894
comorbidity; psychiatric disorder; substance abuse; depressive disorders; inpatients; psychopathology; disorder severity; substance withdrawal; attention deficit hyperactivity disorder, 19644
comorbidity; treatment processes; posttreatment abstinence; drug abuse; comorbid mental disorder, 32777
concurrent validity; Schwartz Outcome Scale; SOS-10; Substance Abuse Subtle Screening Inventory-3; substance use symptoms; scores; defensiveness; clients, 150
constructive thinking; antisocial behavior; drug use; adolescent boys; family history; substance use disorder, 1372
contingency management intervention; job attendance; tardiness; work shift completion; chronic unemployment; substance abusers; therapeutic workplace; female workers, 11029
contingency management; escalating value; urine tests; buprenorphine maintenance; heroin users; cocaine users; desipramine, 17433
correctional drug treatment; health promotion; drug safety; treatment outcome; substance abuse, 29814
correctional setting; substance abuse; treatment programs; treatment process; continuity of care; system integration; program development; program evaluation, 29807
cost sharing; behavioral health; health maintenance organizations; substance abuse; mental health plans; managed care, 17302
cost-effectiveness analysis; substance abuse treatment; funding; alternative treatments, 32783
costs; health care professionals' views; expenses; substance abuse treatment services; risk-adjustment models, 32776
crime; homeless veterans; alcohol abusers; drug abusers; nuisance offenders; felony offenders; self-esteem; social relations; social support, 4555
criminal involvement; amphetamine abusers; methamphetamine abusers; treatment effectiveness; treatment utilization; drug abuse; community treatment programs, 10990

problem drug use; demographic variables; local prevalence estimates; Multiple Indicator Method; national prevalence estimates; regression model; Netherlands, 11015
problem history; violent offending; high risk youth; mental health; substance abuse; predictive effects; co-occurring disorder histories; demographic characteristics, 11059
problem severity; substance abuse; women; European therapeutic communities; psychiatric problems, 28861
process evaluations; correlation programs; comprehensive evaluation; therapeutic communities; TC; drug involved offenders; substance abuse treatment, 5721
psychiatric comorbidity; addicted physicians; substance use disorders, 10966
psychiatric disorder; substance use disorder; gender; risky sexual behavior; human immunodeficiency virus, 19252
psychoactive substance use; improved role for nurses; education; training, 29885
psychoanalysis; chemically dependent patients; drug abusers; psychoanalytic clinic, 32385
psychological distress; African American women; demographic variables; disease; breast cancer; racism; drinking; smoking; racist events; health disparities; stress, 1335
psychopathology; polydrug users; polysubstance use; drug usage, 22693
psychosis; schizophrenia; epidemiology; substance abuse; substance dependence, 13635
quetiapine abuse; prison inmates, 35045
quetiapine; gabapentin; treatment-resistant schizoaffective disorder; crack cocaine addiction; cormorbidity, 29402
relapse prevention; cognitive-behavioral model; alcohol problems; drug problems; addictive disorders; treatment efficacy, 23628
relapse; adolescent drug abusers; comorbidity; attention deficit disorder with hyperactivity; risk factors; drug abuse treatment; ADHD, 26729
residential institutions; corrections-based drug treatment; drug abuse; young offenders; treatment delivery, 11885
resilience framework; theoretical model; parent-child transactional processes; substance abuse disorders; risk factors; vulnerability, 25889
resilience; substance abuse prevention; adolescents substance use, 20654
risk behaviors; family; self esteem; school; suicidality; suicidal ideation; substance abuse; South African adolescents; global self worth; sports; peers; athletics; body image, 31266
risk factors; substance use; adolescents, 31946
runaway adolescents; illicit drug use; sexual abuse deviant behavior; homeless youth; females; at risk population, 22614
schizophrenia; criminal offending; psychopathy; substance use disorders, 31680
self help groups; substance abuse; psychiatric comorbidity; religious orientation; gender; age; history; effectiveness, 2506
self mutilation; adolescents; eating disorders; suicide attempts; young adults; drug abuse; dependency, 10643
separation; family conflict; English language use; generational status; acculturation variables; substance use; deviant behavior; Mexican American high school students, 19618
sexual behaviours; drug-using men; substance use; risky sex practices; HIV prevention; men who have sex with men, 25897
smoking cessation; substance abuse treatment; substance abusers; psychiatric comorbidity; smoking behaviors, 32808
smoking cessation; substance abusing adolescents; cessation motives; quitting methods, 29802
smoking initiation; substance abuse; predictors; at risk youth; aggression; conduct problems; hyperactivity; impulsivity; inattention; anxiety/depression; social difficulties; somatic complaints, 11000
smoking stage of change; smoke-free residential drug treatment program; women; length of stay; discharge type; perinatal substance abuse; smoking characteristics, 32780
socially modifiable contingencies; mental health; substance use, 17355
socioeconomic marginality; health services utilization; substance users; homeless; hard drug users; prediction, 20557
spirituality assessment; coping; disease reduction; spiritually based interventions; Spiritual Health Inventory; substance abuse; test reliability; test validity, 30370
spirituality; substance abuse; adolescents; health-as-a-value; multiethnic groups; at risk population, 28871
stimulant treatment; attention-deficit/hyperactivity disorder; ADHD; substance use disorders; risk; protective factors, 2157
stress levels; supervised offenders; substance abuse; drug abuse; stress dimensions, 13742
stress; coping; fathers; children's problems; bipolar disorder; drug problem; sudden crying, 25170
stress; motivation; drug addiction; substance abuse; hypothalamic-pituitary-adrenal axis; self-medication hypothesis; abstinence; stress reduction; craving; addictions treatment, 13739
Stroop performance; drug users; HIV; hepatitis C virus; males, 19271
subjective responses; early drug use; cannabis; drug dependence; cannabis dependence; adolescents; young adults, 1650
substance abuse patterns; treatment-seeking; pathological gamblers; substance dependence; alcohol abuse; comorbidity; veterans; drug treatment; alcoholism treatment, 10922
substance abuse screening; traumatic brain injury; alcohol abuse; self-evaluation; drug abuse, 33539
substance abuse services; harm reduction interventions; drug takers; alternative therapies; problem drinkers; needle exchange; safe drug ingestion; drug education, 32601
Substance Abuse Subtle Screening Inventory-Adolescent Form; outcomes; adolescent offenders; treatment planning; program evaluation, 140
substance abuse treatment initiation; major depression; cognitive status; behavioral health service use; demographic factors, 32801
substance abuse treatment programs; youth; adolescent substance use; referrals; race; gender, 5701
substance abuse treatment; attrition; treatment dropout, 23613
substance abuse treatment; correctional settings; history; heroin addiction, 11889
substance abuse treatment; managed care; client characteristics; outpatient treatment; employed population, 11927
substance abuse treatment; pregnant women; sexual abuse; drug treatment outcomes; parenting women, 20628
substance abuse treatment; primary health care; integrated care; health care utilization; health care cost, 17315
substance abuse treatment; solution-focused therapy; therapeutic community; long term residential care; day treatment, 8870
substance abuse treatment; substance abuse; punishment; history; attitudes; correctional rehabilitation, 11890
substance abuse treatment; treatment adherence; virological response; highly active antiretroviral therapy; HIV-infected people; alcohol problems, 29224
substance abuse treatment; treatment agencies; opinion leaders; co-occurring disorders; mental health disorders; technology transfer agents, 20748
substance abuse treatment; treatment cost; cost effectiveness; probation agencies; mental health; primary care; depression treatment; clozapine; schizophrenia treatment, 32238
substance abuse treatment; treatment programming; policy development; treatment planning, 8867
substance abuse treatment; Yuma County Adult Drug Court; program effectiveness; treatment outcomes; relapse, 11924
substance abuse; adolescents; screening; assessment; counselors; screening instruments; assessment instruments; assessment ethics, 167
substance abuse; African Americans; Latinos; health care; HIV patients; injection drug use; needle-sharing, 29056
substance abuse; Asian Americans; alcohol abuse; tobacco abuse; public health problems, 22691
substance abuse; Canadian population; diagnosis; Assertive Community Treatment clients; ACT; client self-reports; drug abuse; alcohol abuse; tobacco abuse; service planning; service delivery; Canada, 22678
substance abuse; children; drugs; mothers; caregiver characteristics; risk factors; life experiences; development; school performance; life circumstances; health; alcohol, 10975
substance abuse; concordant couples; couples therapy, 22671
substance abuse; disabilities; black women; drug abuse; drug addiction; HIV; AIDS; drug use; psychiatric comorbidities, 1645
substance abuse; drug use progression; drug use patterns, 8008
substance abuse; educational performance; alcohol use; school adjustment; work history; gender differences, 31926
substance abuse; female arrestees; domestic violence; women; marital aggression; marital satisfaction; general violence; domestic violence; depressive symptomatology; partners, 7803
substance abuse; group trauma experiences; grief; historical trauma; HT; historical trauma response; HTR; traumatized populations; intergenerational grief; Lakota; Natives, 4728
substance abuse; Hispanic immigrant adolescents; parent-centered approach; Familias Unidas, 5498
substance abuse; Indian reservation; alcohol policy; drug abuse prevention; community mobilization; substance abuse reduction efforts, 5681
substance abuse; intensive outpatient treatment; program graduation; social outcomes; inpatient utilization; treatment completion; program dropouts; offset effects, 32811
substance abuse; medical problem; abuse problem; legal policy; political dimensions; health care system; psychoactive drugs, 8015
substance abuse; physical violence; subsequent substance abuse; hard drug use; episodic drinking; heterosexual women; relationship time span; intimate partner violence; marijuana use, 7805
substance abuse; psychiatric disorders; mental health problems; risk factors; preadolescents; prevention, 31705
substance abuse; recovery; mental illness; social supoprt networks; relapse; boredom; loneliness; temptations to use; stress; co-occuring disorders, 28557
substance abuse; schizophrenic patients; anti-parkinsonian drugs; risk factors, 7736
substance abuse; school-based youth; drug use; high school students; teenagers; Problem Oriented Screening Instrument, 18088
substance abusers; clinical approaches; self-help; treatment engagement; drug abuse; drug rehabilitation, 23623
substance abusers; homeless veterans; felony offenses; nuisance offenses; self-report; V.A. Medical Center program; criminal histories; crime; comorbidity; drug & criminal rehabilitation, 8831
substance abusing patients; classification accuracy; cognitive impairment; Neuropsychological Assessment Battery, 30472
substance dependence; bipolar disorder; comorbid; perceived symptom improvement; integrated group therapy, 22475
substance dependence; pain management; sickle cell disease; analgesics use; addiction; substance abuse; patients, 10980
substance dependency; American Indians; homelessness; adoption; involuntary institutionalization; coping strategies, 4733
substance dependent fathers; peer affiliation; deviant peer; developmental trajectories; socioeconomic status; high-risk children; delinquent peers; substance abuse, 10249

substance disorders; adolescents; family oriented treatment; treatment outcome; twelve-step program; day treatment setting, 26715
substance use disorders; case management; health care services; health care delivery, 35892
substance use disorders; treament outcomes; adolescents; psychiatric comorbidity; anxiety disorder; conduct disorder; attention deficit hyperactivity disorders, 26741
substance use intervention; ethical issues; governmental interventions; medical interventions; drug use, 20760
substance use prevalence; adults; adolescent substance use; demographic data; life experiences; smoking; heavy drinking; prescription drug misuse; marijuana use; cocaine use, 22685
substance use; adolescent crime; substance abuse treatment; early deviant behavior; life circumstances, 20638
substance use; alcohol usage; emergency department; injured patients; elementary school education; violence-related injuries; substance use disorders, 13727
substance use; civil society organizations; nongovernmental organizations; drug demand reduction, 35883
substance use; early marriage; adolescent marriage; drug abuse, 28120
substance use; religiosity; Hungarian adolescents; religious participation; protective factors; group membership; alcohol use; risk factors; high school students, 31945
substance use; substance misuse; substance use intervention; professional ethics; legal status, 19674
substance use; violence; adolescence; victimization; conflict management; hostility; anger; health behaviors, 31960
substance use; violence; adolescence; victimization; conflict management; hostility; anger; health behaviors, 19705
substance use; youth personality; Russian youths; behavioral activation; gender; tobacco smoking; alcohol use; substance abuse, 35037
substance user treatment; addiction; women; treatment effectiveness; Baltimore Drug and Alcohol Treatment Outcomes Study, 2504
substance-abuse treatment; tranquillizers use; substance use; women; addiction, 23610
substance-related disorders; mentally ill jail inmates; co-occurring mental disorders; social work implications, 8909
suicidal ideation; suicidal behavior; substance use; Greek male conscripts; personal coping resources; behavior severity, 16477
suicide ideation; prediction; alcohol problems; depression symptoms; self-esteem; substance users; drug abstinence; human gender differences; implications for twelve step program recommendations, 25916
terminology; terms; alcohol drug field; alcohol abuse; drug abuse; drug abuse prevention; drug rehabilitation; term usage; definitions, 31940
therapeutic community; family therapy; contextual therapy; substance abusers; treatment; family involvement, 32363
therapists; outpatient treatment; alcoholism; substance use disorders; therapist rotation; therapeutic alliance, 20647
treatment developments; cannabis use disorder; cannabis abuse; cannabis dependence; cognitive-behavioral interventions, 26713
treatment outcome; cognitive-behavioral therapy; multidimensional family therapy; substance-abusing adolescents; therapy techniques; evidence-based treatments, 29252
treatment outcome; methadone maintenance; drug dependency; substance abuse; patient characteristics, 35872
treatment outcome; pain management; relapse prevention; substance abuse; chronic pain, 23092
treatment; drug-related offenders; crime; punishment, 14459
Tridimensional Personality Questionnaire Scores; clinic attendance; cocaine abuse; buprenorphine maintenance; novelty-seeking behaviors; cocaine users, 26738
twelve-step programs; participation in treatment outcomes; cessation of addictive behaviors; Addicted-Self Model of recovery; abstinence; dependent alcohol & drug users, 2501
volatile substance abuse; US poison centers; epidemiology, 19695
voucher-based reinforcement therapy; voucher programs; drug abusers; community donations; solicitation campaigns, 20620
weekly cannabis use; high school completion; early school leaving; mid-adolescence, 16502
woman abuse; substance abuse; integrated treatment program; intimate partner violence; physical violence; emotional abuse; batterers; program evaluation, 1906
womens experience; substance abuse; mental health conditions; dual diagnosis; co-occuring condition, 22419
young adulthood; young persons; anxiety disorders; substance use disorders, 19263
young offenders; suicidal behavior; substance abuse; comorbidity; prediction; juvenile delinquency; risk factors; housing stress, 1590
youth help-seeking; help-seeking behaviours; substance use problems; mental health services; expectations; attitudes, 25862

Drug Abuse [See Also Alcohol Abuse, Drug Dependency, Inhalant Abuse, Polydrug Abuse]—Books

Counseling the alcohol and drug dependent client: A practical approach, 5708
Methamphetamine use: Clinical and forensic aspects, 4747

Drug Abuse [See Also Alcohol Abuse, Drug Dependency, Inhalant Abuse, Polydrug Abuse]—Chapters

Buddhism, psychology, and addiction theory in psychotherapy, 2526
The contribution of genetically manipulated animals to the study of stimulant and alcohol addiction, 16512
Drug abuse, 2525
Dual diagnosis, 22423
The effects of drug abuse on sexual functioning, 4549
Increasing collaboration between mental health and substance abuse professionals, 5150
Late-life addictions, 4748
Maternal drug abuse versus other psychological disturbances: Risks and resilience among children, 4749
The neuropsychology of chronic drug abuse, 16511
Origins, case management, and treatment of the substance-abusing offender, 2546
Psychoactive substance use disorders: Drugs, 22697
Something works—Therapeutic communities in the treatment of substance abuse, 2552
Substance abuse and dependence disorders in women, 16513
University-community partnerships: A framework and an exemplar, 18246

Drug Abuse Liability—Serials

attention-deficit/hyperactivity disorder; ADHD; stimulant therapy; substance use disorders; comorbidity, 2146
modafinil; abuse; treatment; stimulant; preclinical studies; human laboratory studies; postmarketing experiences; abuse liability, 27926
operant conditioning procedures; vertical graph shifts; dose-response rate-relationships; drug abuse liability; drug reinforcement; tolerance-to sensitization paradigm change, 15827
operant conditioning procedures; vertical graph shifts; dose-response rate-relationships; drug abuse liability; drug reinforcement; tolerance-to sensitization paradigm change, 15800
operant conditioning procedures; vertical graph shifts; dose-response rate-relationships; drug abuse liability; drug reinforcement; tolerance-to sensitization paradigm change, 15723
operant conditioning procedures; vertical graph shifts; dose-response rate-relationships; drug abuse liability; drug reinforcement; tolerance-to sensitization paradigm change, 16255
operant conditioning procedures; vertical graph shifts; dose-response rate-relationships; drug abuse liability; drug reinforcement; tolerance-to sensitization paradigm change, 15763
operant conditioning procedures; vertical graph shifts; dose-response rate-relationships; drug abuse liability; drug reinforcement; tolerance-to sensitization paradigm change, 15793
opioid; oxycodone; subjective; abuse liability; subjective effects; psychomotor effects; physiological effects; non-drug-abusing volunteers, 10064
psychostimulants; attention-deficit hyperactivity; ADHD; methylphenidate; abuse potential; pharmacokinetics; cocaine; d-amphetamine, 2183
subjective effects; propoxyphene; psychomotor effects; physiological effects; non-drug-abusing volunteers; drug abuse liability, 27958
tridecapeptide neurotensin; psychostimulant abuse treatment; neurotensin agonists; neuropeptides; pathophysiology; nicotine, 15798

Drug Abuse Prevention—Serials

addiction; developing country; drug abuse; drug abuse prevention; drug abuse treatment; opium; heroin; drug research; hashish, 31961
adolescent drug use; drug prevention program; middle schools; communities, 11908
adolescent drug use; prevalence; trends; comorbid conditions; prevention; treatment; risk factors; nursing, 22690
African American rural mothers; families program; parent communication; preventive intervention; alcohol use expectations; protective factors; youth sexual activity; youth alcohol use prevention, 32693
after school enrichment program; early intervention action; community programs; program delivery; troubled youth; Ada Sheriffs Youth Foundation; decentralized youth program development, 2861
alcohol abuse prevention programs; psychoeducation; cognitive behavior therapy; alcohol related problems; college students, 35871
alcohol education; student binge drinking; alcohol prevention programs; alcohol demand reduction; alcohol use; restricted drug access, 35894
alcohol screning; brief interventions; primary care; substance abuse prevention; time constraint, 35864
American Indian adolescents; substance abuse; epidemiological information; prevention strategies; intervention methods; Alaska Native youth, 13743
American Indian communities; Alaska Native communites; AIAN; substance abuse programs; strategies, 5697
Arab-American adolescents; tobacco use; predictors; tobacco smoking; cultural appropriateness; Project Toward No Tobacco; potential longitudinal study; measures, 13246
childhood substance abuse; parental mental illness; risks; resiliency; prevention practices, 19685
college environment; primary prevention; alcohol prevention program; drug prevention program; risk factors; heavy drinking; marketing practices; service policies; sales practices, 20629
community coalition; prevention; policy changes; law changes; Drug and Alcohol Abuse Coalition, 2521
developmentally inspired preventive interventions; early-onset drug abuse; alcohol abuse; tobacco abuse; illegal drug use; early adolescence; risk behaviors, 29785
drug abuse prevention programs; school programs; program implementation; implementation fidelity; adherence; dose; program delivery quality; responsiveness, 14708
drug abuse prevention; fidelity of implementation; practitioner awareness, 23611
drug abuse treatment; College on Problems of Drug Dependence; drug treatment providers; substance abuse; alcohol dependence; drug dependence, 11944
drug prevention programs; alcohol; tobacco; marijuana; adolescents, 11928
ecstasy; club drug use prevention intervention; rave attendees; club attendees; MDMA; high risk, 31965
employee assistance programme; injury rates; health care professionals; health care utilization; early intervention program; substance misuse prevention; job termination rates, 5999
family-community preventive intervention program; African American families; youth substance use; sexual activity onset; rural families; basic research paricipation; theories, 32710
gabapentin maintenance; cocaine self-administration; Gamma Aminobutyric Acid Agonists; cocaine-related behaviors, 35878
general practitioners; drugs; alcohols; brief interventions; tobacco; effectiveness, 29808
harm reduction psychotherapy; substance use treatment, 11946
harm reduction; college students; lifestyle management; alcohol abuse; alcohol use prevention, 35874
harm reduction; drug treatment program; drug abstinence; drug prevention, 11922
health promotion; American society; substance use prevention; acculturation; foreign born youth; residence length, 11911
heroin dependence; treatment outcome; drug use pattern; drug use correlates; youth; drug abuse treatment; age differences, 32793
heterogeneity; Latinas; Latinos; substance abuse treatment; lifetime substance use; gender differences; ethnic differences, 29767
homeless adolescents; harm reduction; substance use intervention; feedback interventions; risk factor; motivational intervention, 35863
illegal behavior; early intervention; behavior problems; illicit drug; treatment outcome; prevention; adjudication; alcohol abuse; neighborhoods; marijuana use; motivation; help seeking, 20635
mass media; drug prevention campaigns; sensation seekers, 11741
motivational interviewing; substance abuse treatment; treatment retention; women drug abusers; prenatal drug use; child welfare; coerced populations, 32794
outcomes; tobacco use; marijuana use; alcohol drinking; collegiate alcohol & other drug prevention programs; Fund for the Improvement of Postsecondary Education; cocaine use, 12227
parent training; family-based prevention; adolescents; substance use or abuse; delinquency protective factors; risk factors; family skills training; family support; family education; family therapy, 2507
parent-offspring communication; alcohol; drugs; drug prevention; drug prevention conversations; parent-offspring drug talks; drug use; health communication; narratives; conversation, 19065
peer-led tobacco prevention programs; social network; opinion leaders; group assignment strategies; schools, 11948

post-rape substance abuse; post rape substance use; emotional problems; marijuana users; distress; alcohol users; anxiety reduction; video tape intervention; rape victims; post-rape acute time frame, 8849
pregnant women; early attrition; substance abuse treatment; treatment retention; at risk women; drug treatment, 32788
prevention research; prevention strategies; drug abuse; schools, 26725
primary prevention programs; social services; substance abuse problems; childhood family education; family support, 20579
prison; drug offender; incarceration; drug possession; Substance Abuse and Crime Prevention Act of 2000; Proposition 36; war on drugs, 23639
pro-drug risk factors; adolescents; drug prevention program; marijuana use; cigarette use; pro-alcohol risk factors; social influences; project ALERT drug prevention program outcomes, 33206
program evaluations; prevention programs; substance abuse; tobacco; smoking; alcohol; adolescents, 14491
Project Northland; intervention; alcohol prevention program; culturally diverse youth; urban adolescents; urban communities, 32789
resilience; substance abuse prevention; adolescents substance use, 20654
risk factors; protection factors; adolescent substance use; Prevention Paradox; tobacco; cannabis; alcohol, 29812
school endowments; school curricula; juvenile drug use; tobacco usage; alcohol usage; marijuana usage; substance use initiation, 26886
school-based drug prevention; social policy; drug control strategies, 29776
school-based intervention; intraclass correlations; alcohol outcomes; tobacco outcomes; drug outcomes; group-randomized trials, 23614
self appraisal; Say Yes First; students; rural drug prevention program; drug usage; grades; attendance; family communication; participation in sports; attitudes toward school; trouble in school, 33112
service networks; substance abuse treatment access; health service delivery; criminal justice treatment networks; substance-abusing female offenders; systemic change, 35915
smoking; alcohol; elementary school; prevention; children; life skills training, 5955
social adjustment program; Southeast Asians; mental health; substance abuse prevention; multiple cultural groups; family; best practice models; cultural communities; service delivery systems, 5609
social workers; methylenedioxymethamphetamine; drug history; drug abuse prevention; treatment; ecstasy; MDMA, 23094
Start Taking Alcohol Risks Seriously for Families program; alcohol prevention program; sixth grade students; urban middle schools; stage of acquisition model, 23626
state spending; federal block grants; substance abuse treatment; substance abuse prevention; federal Substance Abuse Prevention and Treatment Block Grant, 14467
substance abuse; Indian reservation; alcohol policy; drug abuse prevention; community mobilization; substance abuse reduction efforts, 5681
substance abuse; medical problem; abuse problem; legal policy; political dimensions; health care system; psychoactive drugs, 8015
substance misuse prevention; early intervention program; binge drinking; alcohol use reduction; health care professionals, 5690
substance use intervention; ethical issues; governmental interventions; medical interventions; drug use, 20760
substance use; civil society organizations; nongovernmental organizations; drug demand reduction, 35883
substance use; recovery-friendly prison environments; Drug Reduction Strategy Project; urine testing; drug interdiction; drug testing, 32843
substance use; substance misuse; substance use intervention; professional ethics; legal status, 19674
substance user treatment; treatment outcome measurement; treatment success, 35861
terminology; terms; alcohol drug field; alcohol abuse; drug abuse; drug abuse prevention; drug rehabilitation; term usage; definitions, 31940
test reliability; test validity; self-report measures; drug abuse; violence; prevention; Minnesota D.A.R.E Plus Project; psychometrics; test development; program evaluation, 24173
tobacco industry; tobacco control advocates; youth access restrictions; community organizations; youth tobacco products access; public health policy, 11895
tobacco prevention; tobacco industry; tobacco control programs; tobacco control; Asian Americans; Asian American/Pacific Islander; AAPI; social norms; tobacco use prevalence, 4313
Tri Ethnic Center; community readiness model; community mobilization; community intervention efforts; youth developmental level; health nutritional problems; substance abuse prevention, 5625
volatile substance abuse; US poison centers; epidemiology, 19695

Drug Abuse Prevention—Books

Substance abuse prevention: The intersection of science and practice, 5709

Drug Addiction [See Also Heroin Addiction]—Serials

abstinence-oriented therapies; opiate addicts; maintenance treatment; opioid maintenance; opioid dependency; community follow-up; antagonists; assessment; mental problems, 26744
abstinence; substance disorders; drug users; somatic conditions; hepatitis C virus; somatic treatment; professional ethics, 11671
addiction behavior; rat; drug abuse; phylogeny; cocaine self administration, 34143
addiction treatment; treatment duration; drug use; drug addiction, 17447
addiction treatment; Veterans Administration; program leaders; attitudes; beliefs; familiarity; treatment guidelines; evidence based practice, 20753
addiction; Native American; alcohol problems; tribal centric treatment programs, 19707
addiction; psychological theories; behaviourism; drug use; smoking; situational factors; behavioral ecology, 25913
addictions field; abstinence-oriented therapies; replacement therapies; controlled drinking strategies; marijuana dependence; marijuana abuse, 26711
addictive disorder training; students knowledge; students attitudes; students behavior; substance abuse disorders; social work education; chemical dependency education; social work students, 23700
addictive-self model; recovery; addictive behavior cessation; gender differences; age differences; ethnic differences; drug preference, 32769
alcohol addictions; drug addictions; tribal centric treatment programs; treatment records; alcoholism; fetal alcohol syndrome; inhalation abuse; Native Americans, 19661
behavioral vulnerability; neurochemical vulnerability; nicotine; psychoactive drug; addiction; mice, 24643
buprenorphine consensus conference; overview; buprenorphine conference; office-based practice; buprenorphine implementation program; American psychiatry; opiates, 26728
Caribbean & non-Caribbean clients; residential addiction treatment facility, 2510
central amygdala; galanin; lateral bed nucleus; norepinephrine; stress, 15784
chronic drug user; donepezil; anticholinesterase inhibitor; cognitive benefits; treatment; cognitive ability, 2176
clinical practices; evidence-based practices; addiction treatment; clinicians, 29800
clinicians; chronic pain patients; opioids; drug dependence; addiction; tolerance; Liaison Committee on Pain and Addiction, 2295
cocaine addicts; detoxification; polyunsaturated fatty acids; relapse vulnerability, 2496
cocaine dependence; methadone; treatment; heroin dependence; opioid dependence; d-amphetamine; risperidone, 26370
cocaine-clozapine combination; drug withdrawal; locomotor behavior; nucleus accumbens; dopamine; serotonin; rats; animal model of psychosis & addiction, 9960
contingency management interventions; rewards; tobacco smoking; smoking cessation; drug addiction; substance use, 23615
cost-effectiveness analysis; criminal offenders; drug addiction; adult drug court program, 20660
criminalized individuals; drug addiction; self report data; treatment; validity; relevance, 10999
diamorphine; drug prescription; opiate addiction; pain; illicit drug abuse, 32773
dopamine transmission; microdialysis; motivation; nucleus accumbens shell; reward; ethanol, 21540
drug abuse treatment cost analysis program; addiction research; substance abuse interventions; economic costs, 2520
drug addiction, 31951
drug addiction; disability; non-using drug addicts; ethics; policy issues, 19704
drug addiction; drug abuse; behavioral patterns; habits; striatum; synaptic plasticity, 6895
drug addiction; health care responsibility; drug addicts, 19672
drug addiction; moral relevance; addictive drugs; drug users, 19666
drug consumption facilities; differences; aspects needing improvement; staff; clients; Netherlands, 2419
drug dependence; attempted suicide; drug addiction, 1663
drug injection cessation; drug addiction; negative life events; drug maintenance treatment; antiretroviral treatment; HIV-positive individuals; education level; sexual behavior, 32759
drug related terms; alcohol related terms; terminology; term usage; drug addiction; drug abuse; drug misuse; drug abuse; drug dependency; alcohol drug terms; algorithm, 31933
drug seeking; cocaine self administration; addiction; compulsive behavior; rats, 34184
drug use; drugs crime; drug user; drug career; recreational drug use; dependent drug use; persistent drug use; drug addiction, 4717
drumming activity; complementary therapy; addiction treatment; therapy effects; drug addiction; substance abuse; drumming circles, 23627
factor structure; cannabis; cannabis use; cannabid dependence; drug addiction beliefs; adolescent beliefs; adolescents; drug addiction, 31916
food deprivation; extinction; prefrontal cortex; reinstatement; drug relapse; stress; immunohistochemistry; c-Fos; rats; heroin; drug abuse; drug seeking; immunoreactivity; prelimbic cortex; model, 3710
gradualism; harm reduction; drug abstinence; drug rehabilitation; drug addiction; relapse prevention, 11919
hypnosis; smoking addiction; young woman; unresolved grief; sexual abuse; emotional development; self-esteem; ego strengthening, 32498
hypothalamic-pituitary-adrenal axis; sympatho-adrenomedullary responses; stress; drug craving; cocaine; drug addiction, 4740
impulse activity; cocaine self-administration; midbrain dopamine neurons; drug-seeking behavior; quinpirole; midbrain; rats, 10020
journal introduction; substance abuse treatment; self-help organizations; consensus statement; treatment outcomes; treatment policy; expert panel, 20653
maternal representation; depression; interactive behaviour; postnatal period; substance addicted mothers, 25899
medicine; morals; drug addiction; medical model; moral model; craving; compulsion, 19684
melanin-concentrating hormone; intracellular signaling pathways; lateral hypothalamus; feeding behavior; lateral hypothalmic neuropeptides; drug addiction; orexin; neurons; drug abuse responses; MCH, 15496
naltrexone prescription; physicians; patient characterstics; unaffordable medication; alcoholism medication, 11923
naltrexone; isradipine; cocaine responses; physiological effects; cocaine addiction; treatment, 2223
negative affect; negative reinforcement; information processing; reinforcement models; withdrawal syndrome; interoceptive cues; motivational basis; cognitive control, 10967
neuroadaptive mechanism; drug addiction; amygdala; brain stress systems; basal forebrain macrostructure, 13025
nicotine; behavioral sensitization; monoamine oxidases; tranylcypromine; pargyline, 3986
nicotinic cholinergic synaptic mechanisms; ventral tegmental area; nicotine addiction; nicotine; mesolimbic dopaminergic system; midbrain dopamine neurons; synaptic plasticity, 15794
office-based treatment; opiate addiction; buprenorphine; naloxone; urine samples; opiate cravings, 11909
office-based treatment; opiate addiction; buprenorphine; naloxone; urine samples; opiate cravings, 11914
opiate addicts; buprenorphine; maintenance treatment; acceptance; efficacy; tolerability; drug use behavior, 29396
opiate addicts; rostral anterior cingulate; anterior cingulate cortex; false alarm error responses; impulsive behavior, 19660
opiate users; Western Australia; opiate prevalence; truncated Poisson; capture-recapture, 4729
opioid detoxification; opioid dependence treatment; buprenorphine-naloxone detoxification; community treatment providers; community-based treatment programs, 26709
outpatient treatment programs; client attitudes; clinician attitudes; 12-step groups; obstacles to participation; drug addiction, 8865
personality profile; drug addicts; religion; socioeconomic status; drug abuse, 4732
pharmacological treatment; neurobiological approach; drug addiction; anhedonia, 20664
polyunsaturated fatty acid(PUFA); cocaine addicts; aggressive disorders; dietary habits; nutritional factors, 10973
prenatal drug exposure; neonatal drug addiction; Maryland law SB 512; child abuse or neglect; parental rights; hospital implementation; informed consent; practice implications; professional ethics, 31948
psychiatric disorders; opioid addicts; neurotic disorders; depression; detoxification, 1642
psychiatric disorders; psychotherapy; addictive personality; bulimia; drug addiction; interventions; behavioral interventions, 14073

psychoactive substances; social interaction; cerebral function; ontogenesis; addiction; neurosciences; genetics; pleasure, 35040
psychosocial determinants; crack cocaine addiction; epidemic; African American males; psychologic impact; preventive strategy; treatment intervention, 28876
quality of life; well being; social standing; health; heroin addicts, 13735
recovery; opioid addiction; Drag Abuse Treatment Outcome Studies; outpatient programs; methadone treatment, 14471
relapse prevention; drug addiction; drug rehabilitation; drug abstinence; factors, 11899
risk factors; drug addiction; outcome, 4730
sex risk; drug user; psychosocial intervention; HIV prevention; sexual risk behavior; effective intervention methods; study review; theory use, 11683
stress; drug addiction; psychomotor stimulants, 13740
stress; motivation; drug addiction; substance abuse; hypothalamic-pituitary-adrenal axis; self-medication hypothesis; abstinence; stress reduction; craving; addictions treatment, 13739
substance abuse patterns; treatment-seeking; pathological gamblers; substance dependence; alcohol abuse; comorbidity; veterans; drug treatment; alcoholism treatment, 10922
substance abuse; disabilities; black women; drug abuse; drug addiction; HIV; AIDS; drug use; psychiatric comorbidities, 1645
twelve-step programs; participation in treatment outcomes; cessation of addictive behaviors; Addicted-Self Model of recovery; abstinence; dependent alcohol & drug users, 2501

Drug Addiction [See Also Heroin Addiction]—Chapters
Late-life addictions, 4748
Reflecting extremes of human experience in the group: Work with chemically addicted chronic paranoid schizophrenic clients, 5633

Drug Administration Methods [See Also Drug Self Administration, Injections]—Serials
3-isobutyl-1-methylxanthine; cholera toxin; pertussis toxin; stress-induced antinociception; mouse; drug administration methods, 704
acute exposure; brain areas; pathological changes; cerebral blood flow; glucose utilisation; cerebral metabolic demand; dark agouti rats; autoradiographic techniques, 24842
acute oral administration; reboxetine; cortisol; ACTH; growth hormone; prolactin, 7252
adrenergic antagonists; antidepressant drugs; clenbuterol; beta adrenergic antagonists; rats; central administration, 4001
amphetamine; acute administration; repeated administration; intermittent administration; paced mating behavior; ovariectomized rats; estrogen; progesterone, 7191
antipsychotic drug; drug doses; chlorpromazine equivalents; defined daily doses; drug comparison, 8538
antipsychotic polypharmacy; antipsychotic medications; chronic schizophrenia; monotherapy; psychotropic medications; drug dosages, 13643
antipsychotics; expert opinion survey; indications; comorbid conditions; geriatric use; clinical options; side effects; dosages; medication combinations; treatment duration; older patients, 14122
automobile driving; drug effects; attention deficit hyperactivity disorder; delivery profiles; methylphenidate, 14137
blood ethanol concentration profiles; Sprague-Dawley rats; mice; ethanol induced injury, 15768
breath holding duration; insulin inhalation; AERx insulin diabetes management system; insulin concentrations; glucose concentrations; pharmacokinetics; pharmacodynamics, 7144
chronic intrathecal cannula; spinal administration; formalin injection; lumbar puncture; spinal cord; rats; biting; licking; flinching, 15364
cocaine self-administration; progressive ratio schedule; intra-vta injection; locomotor stimulant effect; ventral tegmental area; intravenous infusions; locomotor stimulation; receptor antagonist, 21834
cocaine; cardiovascular effects; intranasal administration; baclofen; reinforcing effects; subject rated effects, 17435
cognitive functions; psychomotor performance; noradrenaline reuptake; milnacipran; placebo; cognition; repeated drug administration; mood; anxiety; vigilance; serotonin; memory; attention, 14175
corticosterone; 6-cyano-7-qunioxaline-2,3; NMDA receptor antagonist; drug dosage; mice; intraperitoneal injection; intracerebroventricular; route-dependent, 739
divalproex sodium; standard delayed release preparation; extended release formulation; schizophrenia; safety; efficacy; tolerability, 26349
dopamine D2 receptors; drug dosages; animal models; blood plasma; rats; injection; mini-pump administration; haloperidol; clozapine; olanzapine; risperidone; quetiapine; in vivo occupancy, 3917
drug delivery systems; antidepressants; oral administration; sustained-release formulations; plasma drug concentrations; side effects; tolerability; safety; transdermal delivery; implantable delivery, 11511
drug self-administration; Darwin, 728
drug therapy; atypical antipsychotic drugs; long-acting injectable formulations; relapse management; drug side effects; comorbid conditions, 17050
drug therapy; medication adherence; oral antipsychotic medication; depot antipsychotic medication; relapse; rehospitalization; mental illness; schizophrenia, 8544
drug-induced alterations; cocaine administration; temporal perception; rats; drug injection; time perception; psychostimulant sensitization; tolerance; clock speed, 13036
ecstasy; pharmacological & subjective effects; pharmacokinetics; repeated dose administration; psychomotor performance; endocrine response; physiological effects; 3,4-Methylenedioxymethamphetamine, 24802
efficacy; controlled-release paroxetine; treatment; late-life depression; selective serotonin reuptake inhibitors; elderly patients, 2210
epidural steroids; complex regional pain syndrome; CRPS; CRPS treatment; epidural corticosteroid; herpes zoster development, 5449
escalating doses; drug dosage escalation; methamphetamine; neurotoxicity; behavior; neurochemistry; high dose binge; rats; animal model of drug abuse, 780
ethanol injections; low dose; acute administration; repeated administration; ethanol locomotor effect; alcohol; motor activity; high dose; acute administration; drug sensitivity; motor sensitization, 9969
FK506; Tacrolimus; L-arginine; N-nitro-L-arginine methyl ester; L-NAME; pentylenetetrazol; kindling; mice; neuroprotective action; free radical toxicity; pretreatment; protective effect, 784
functional activity; cocaine self-administration; rat; neural substrates; cocaine; drug exposure; rats, 21869
gastrointestinal system; drug administration; monoamine oxidases; enzyme inhibition; monoamine oxidase; selegiline; rats; brain; drug interaction, 3989
heroin inhalers; heroin injectors; treatment admission; drug problem, 26732
heroin use; female adolescents; partner influence; drug initiation; administration route, 19655
heroin users; drug administration; substance use behavior; drug-taking behavior; drug injectors; abstinence; treatment, 32774
in utero administration; cocaine; pregnant rabbits; discriminative avoidance learning; neuronal activity; development; neuron structure; neuron function; behavioral acquisition; prenatal; low-salience, 721
intranasal cocaine; drug tolerance; cardiovascular effects; subjective effects; drug dosages, 24804
intrastriatal administration; selective dopaminergic ligands; spontaneous stereotypy; deer mice; animal model; persistent stereotypy; dopaminergic antagonists; stereotypic topographies, 13063
loratadine; ambroxol hydrochloride; tablet formulations; pharmacokinetic properties; throat soreness; cough; respiratory conditions; combination therapy; bioavailability; adult males, 7274
lormetazepam; insomnia patients; tablets; oral solution; drug doses; drug efficacy, 20460
methadone dose; methadone injecting patients; intravenous methadone use; methadone maintenance treatment, 11906
methylenedioxymethamphetamine; drug self-administration; hyperactivity; rats; dopamine; drug dosages, 27871
methylphenidate; impulsive choice; self-control choices; delayed reinforcers; acute methylphenidate administration; impulsive response; delay to reinforcement, 10033
morphine; naloxone; dose-effect functions; repeated treatment; drug potency; operant response suppression; withdrawal; opioid dependence; rats, 7251
nasal spray; nicotine treatment; smoking cessation; preferences; gum; inhaler; tablet; craving; reinforcement; withdrawal, 35888
neurobehavioral pharmacology; aversive effects of drugs; drugs as punishers; self-administration; reinforcement delivery; histamine; cocaine; rhesus monkeys, 798
New York City; Puerto Rico; HIV risk behaviors; intervention services; Puerto Rican Drug Injectors; migration status; homelessness; risk level; injection drug users, 4916
nicotine dependence; nicotine self-administration; rats; nicotine access; mecamylamine; drug withdrawl; nicotine antagonist, 27930
nicotine infusion; serum nicotine concentrations; peak arterial concentrations; nicotine self-administration; rats; nicotine replacement therapy, 10015
nitric oxide; morphine self-administration; acute administration; chronic administration; rats; L-arginine; NO synthase inhibitor; L-nitro-amino-methyl-ester, 13069
oral atypical antipsychotics; noncompliance; long-acting atypical risperidone; schizophrenia management; depot intramuscular antipsychotics; long-acting atypicals, 20281
organizational influences; group influences; organizational factors; drug administration; hospitalized patients; patient care; work teams; human errors, 35835
patient attitudes; long-term drug delivery; psychiatric medicine; surgical implants; illness; insight; medication adherence, 26453
pharmacokinetic properties; discontinuation syndromes; antidepressant efficacy; plasma concentrations; reuptake inhibition; venlafaxine; extended release; immediate release; depression; dosing, 14170
pharmacokinetics; etilevodopa; carbidopa; drug administration methods; levodopa tablets; carbidopa tablets; fluctuating Parkinsons disease, 11638
positive allosteric modulators; gamma aminobutyric acid receptor; cocaine self-administration; rats; reinforcement schedules, 27942
psychopharmacology; atypical antipsychotic drugs; conventional antipsychotic drugs; drug administration methods; risperidone; pharmacokinetics; pharmacodynamics; bioavailability, 7179
reinforcer type; administration route; gamma-hydroxybutyrate discrimination; rats, 27852
schizophrenia; agitation; antipsychotic; intramuscular; olanzapine; haloperidol, 17093
smokers; drug self-administration; pure nicotine; intravenous nicotine; nicotine gum; nicotine spray, 28370
synergistic effects; antinociceptive interaction; codeine; diclofenac; local administration; spinal administration; oral administration; rats, 7208
transient reinforcing; phenylisopropylamine; indolealkylamine hallucinogens; rhesus monkeys; hallucinogenic compounds; self-administration behavior, 21829
withdrawal symptoms; drug effects; drug onset cues; intra-administration associations; morphine; rats, 10024
withdrawal symptoms; drug effects; drug onset cues; intra-administration associations; morphine; rats, 10023
withdrawal symptoms; drug effects; drug onset cues; intra-administration associations; morphine; rats, 9951
withdrawal symptoms; drug effects; drug onset cues; intra-administration associations; morphine; rats, 9957
withdrawal symptoms; drug effects; drug onset cues; intra-administration associations; morphine; rats, 10046
withdrawal symptoms; drug effects; drug onset cues; intra-administration associations; morphine; rats, 9958

Drug Adverse Reactions [See Side Effects (Drug)]

Drug Augmentation—Serials
clonazepam augmentation; mood stabilizer therapy; protracted major depression; depressed patients; treatment regimen alteration; bipolar disorder, 23274

Drug Dependency [See Also Drug Addiction]—Serials
A1 allele; DRD2 gene; TaqI A polymorphisms; antisocial personality; alcohol-dependence; severity; males, 10940
adolescent treatment; outcome measures; test-retest; drug abuse; drug dependence; adolescent runaways; alcohol abuse; Form 90 Drug and Alcohol measure; test validity; test reliability, 30390
alcohol abuse/dependence; anxiety disorders; unipolar major depression; comorbidity, 22492
alcohol craving; alcohol use; bipolar disorder; cocaine dependence; quetiapine; mood, 11524
alcohol dependence syndrome; dependence disorders; DSM-IV diagnosis criteria; abuse disorders; cannabis; cocaine; opiates, 16505
alcohol dependence; craving; alcohol abuse; discriminant validity; drug withdrawal; alcohol use disorders; diagnoses; Craving Withdrawal Model, 30438
alcohol dependence; tobacco use; early experiences; never smokers; nicotine dependence, 31451
alcohol disorders; drug disorders; drug abuse; alcoholism, 26745
alcohol use disorders (AUD); tobacco dependence (TD); general population, 10435
alcohol-dependent individuals; abstinence maintenance; acamprosate efficacy, 20649
alexithymia; depressive feelings; dependency; risk factors; drug use-related disorders; addiction; eating disorders, 22692
amantadine; cocaine dependence; smoked cocaine; crack cocaine; cocaine self-administration; subjective effects; cardiovascular effects, 8492
anxiety disorders; substance use disorders; drug dependency; psychiatric comorbidity, 13557
anxiety-like behavior; morphine dependence; cAMP-responsive element binding protein; mice; physiological responses; drug addiction; emotional behavior, 24854
attention-deficit/hyperactivity disorder; ADHD; stimulant therapy; substance use disorders; comorbidity, 2146

baclofen; cocaine dependence; clinical efficacy; pharmacotherapy, 11939
body image; eating disorder variables; smoking severity; gender differences; nicotine dependence; depression; anxiety, 13408
buprenorphine maintenance; methadone maintenance program; opioid dependent patients; drug counseling; treatment retention; primary care settings, 29803
buprenorphine; naltrexone; opioid detoxification; clinical trials; opioid dependence, 8863
bupropion SR; nicotine dependence; smoking cessation counseling; comorbid ADHD; tolerability; adolescents, 14055
bupropion SR; Zyban; nicotine dependent smokers; smoking cessation; veterans; applicability; side effects; prescribing, 26727
Camp Approach; substance dependence; community-based treatment; rural community; stigma, 32761
cannabis consumption; perceived benefits; perceived costs; cannabis dependency; long term frequent users, 10914
cannabis dependence; adolescent precursors, 31941
cannabis dependence; drug users; treatment seeking behavior; service use prediction; comorbid depression, 20616
cannabis; illicit drugs; drug abuse; drug dependency; comorbid usage; phenotypic causation model; correlated liabilities model, 25859
Caucasian women; urinary bladder; abnormality; malformation; bladder extrophy, 7735
chemical dependency treatment; health insurance plans; mental health benefits; federal government; medical services; mental health insurance parity legislation; laws limitations, 8739
clinicians; chronic pain patients; opioids; drug dependence; addiction; tolerance; Liaison Committee on Pain and Addiction, 2295
cocaine dependence; recovery factors; treatment programs, 8856
cocaine dependence; striatum; cocaine-seeking behavior; dopamine receptors; neurobiology, 25893
cocaine dependency; antisocial personality disorder; drug treatment outcomes, 14477
cognitive learning models; social learning models; drug dependence models; tobacco dependence; adolescent tobacco smokers; measurement; assessment instruments; drug expectancies; self-efficacy, 31914
community reinforcement therapy; treatment outcome; community reinforcement approach; vouchers; outpatient treatment; cocaine dependence, 2440
community; psychoactive substance; street children; continuous exposure; local government area; Nigeria; associated lifestyles; socio-demographic factors, 11006
comparison of personality characteristics; posttraumatic stress disorders; comorbid substance abuse; substance dependence; reward dependence; anxiety disorders; novelty seeking, 1357
conditioned place avesion; opioid dependence; opioid withdrawal; rats, 3867
consumption rooms; health promotion; reduction of public nuisance of drug use; Germany, 2420
contingency management interventions; community reinforcement approach; vouchers; cocaine dependence; women; rewards, 20658
coping self-efficacy; cocaine; cocaine-dependent patients; abstinence; treatment outcome, 32813
cyclazocine; hydromorphone; cocaine dependence; Kappa-opioid agonists; neurobiological effects; behavioral effects, 21899
dependence symptoms; adolescents; males; females; gender differences; psychiatric severity; substance use disorders, 4743
depression treatment; alcohol dependency; drug dependency; antidepressant medication; treatment efficacy, 23280
depressive disorders; nicotine dependence; smoking; smoking cessation; comorbidity; smoking sustenance, 19669
depressive symptoms; opioid dependence; buprenorphine-induced hypomania, 29342
Diagnostic and Statistical Manual; cannabis tolerance criterion; cannabis dependence; adolescents, 19652
disulfiram treatment; cocaine dependence; drug-free urine specimens; sex differences; abstinence; alcohol use, 32796
drug abusers; substance abusers; health behaviors; money; health; freedom; drug dependence; impulsiveness, 11011
drug dependence; attempted suicide; drug addiction, 1663
drug dependence; elderly; long-term benzodiazepines users; Diagnostic and Statistical Manual of Mental Disorders; BZD, 32480
drug dependence; endogenous opioid systems; laboratory animals; drug abuse; brain opioid system, 13001
drug dreams; outpatients; bipolar disorder; cocaine dependence; triggers; drug abuse treatment, 19353
drug related terms; alcohol related terms; terminology; term usage; drug addiction; drug abuse; drug misuse; drug abuse; drug dependency; alcohol drug terms; algorithm, 31933
drug related terms; alcohol related terms; terminology; term usage; drug addiction; drug abuse; drug misuse; drug abuse; drug dependency; alcohol drug terms; algorithm, 31955
drug seeking; cocaine self administration; addiction; compulsive behavior; rats, 34184
dual diagnoses; posttraumatic stress disorder; PTSD; age; race; gender; income; Hispanics; African Americans; cocaine dependence with physiological dependence; cultural differences; cocaine abuse, 10666
ecstasy users; 3,4-methylenedioxymethamphetamine; drug dependency; plasma; adrenocorticotropic hormone; cortisol; growth hormone, 1651
elderly people; screening instruments; alcohol abuse; alcohol dependence, 13725
employment; substance misuse; substance dependency treatment; work, 2509
ethanol dependence; methionine enkephalin antisense; serum endomorphin; ethanol ingestion; methionine enkephalin levels; opiate peptides; mice, 30959
factor structure; Arabic test version; Self-Administered Nicotine-Dependence Scale, 24162
factor structure; cannabis; cannabis use; cannabid dependence; drug addiction beliefs; adolescent beliefs; adolescents; drug addiction, 31916
factor structure; Fagerstrom Test for Nicotine Dependence; polysubstance use, 4736
first smoking experience; initial smoking reaction; future nicotine dependence; tar; nicotine; menthol; cigarette type, 13733
frontal lobe; GABA; comorbid alcohol disorder; alcohol dependence; cocaine dependence; magnetic resonance spectroscopy, 25885
gabapentin abuse; inmates; cocaine dependence; anticonvulsant agent, 31947
gabapentin; cocaine use; drug addicts; chronic psychiatric conditions; cocaine dependence; drug therapy; community psychiatric clinic; urine drug screens, 17438
gamma aminobutyric acid; drug dependence; gamma hydroxybutyrate; social phobia; self medication; drug dependency, 25745
gender differences; drug use patterns; medical presentation; opioid dependency; medical comorbidity; HIV-infected African Americans, 31656
group treatment; motivational interviewing; substance abuse; drug dependency; Solution-Focused Therapy; treatment approach; social support, 20652
hepatitis C; white matter; N-acetylaspartate; methamphetamine dependency; choline; myo-Inositol; creatine; phosphocreatine; neuronal injury; comorbidity, 10682
heroin dependence treatment; naltrexone; methadone; buprenorphine; drug efficacy, 35859
heroin dependence; treatment outcome; drug use pattern; drug use correlates; youth; drug abuse treatment; age differences, 32793
images; cognitive processes; drug craving; motivating experience; substance dependence; cognitive modelling; flashbacks; Tiffany's theory of craving; elaborated intrusion theory of craving, 25894
isradipine; cocaine; mood; calcium channel antagonist; mesolimbic dopamine; cocaine dependence; rewarding effects, 19670
maintenance treatment; opioum dependence; opium dependence; treatment completion; buprenorphine, 20617
major depression; nicotine dependence; cigarette smoking; New Zealand; young adults; daily smoking; social factors; family factors; behavioral factors; children; adolescents, 7742
major depressive episodes; Tennessee Williams; playwright; coping mechanisms; drug dependence; drug abuse; alcohol dependence; family history, 28604
marijuana use cessation; continuation high schools; social role; attitude; intrapersonal; violence; demographics; predictors, 32806
marijuana; marijuana use disorders; prevalence; dependence, 25870
methadone maintenace treatment; treatment cessation; withdrawal symptoms; buprenorphine; opioid dependence; treatment reduction & cessation, 8851
methadone maintenance treatment; opioid dependent patients; prescription opioid abuse, 29773
methamphetamine abstinence syndrome; mood; depression; anhedonia; irritability; concentration; drug dependency, 31942
methamphetamine dependence; brain function; disorders; abstinence; EEG abnormalities, 4734
morphine dependence; rats; stress; corticotropin-releasing factor; hypothalamic-pituitary-adrenal axis, 7204
multiple logistic regression; adolescent marijuana use; clinical features; artificial neural networks; marijuana dependence, 19694
naltrexone; heroin dependence treatment; opioid dependence; medication compliance, 29794
naltrexone; Vivitrex; extended-release formulation; rats; alcholism; drug dependency; morphine; pharmacokinetics, 7149
neuropsychological impairment; methamphetamine dependence; HIV infection; comorbidity, 10671
nicotine dependence; adolescent smoking frequency; high school students; smoking onset, 11009
nicotine dependence; assessment; positive reinforcement; vulnerability, 31927
nicotine dependence: Heaviness Smoking Index; Fagerstrom Test for Nicotine Dependence; tobacco smoking behavior; cigarette smokers; short form, 30479
nicotine dependence; HIV risk behaviors; illicit drug users, 22681
nicotine dependence; metabolic changes; brain metabolic response; metabolic effects; hostility traits; smoking; brain imaging; addiction; attention; personality, 19657
nicotine dependence; nicotine self-administration; rats; nicotine access; mecamylamine; drug withdrawl; nicotine antagonist, 27930
nicotine dependence; tobacco smoking; dependence degree; lifetime amount of tobacco; years of smoking; age differences, 8014
nicotine withdrawal; adolescent smokers; psychopathology; withdrawal symptoms; nicotine dependence, 31456
nicotine; self-administration; dependence; craving; cigarette smoking, 3964
nitric oxide synthase inhibitor; morphine analgesia; morphine tolerance; morphine dependence; mice; L-Canavanine; nitro-L-arginine methyl ester; L-NAME, 15788
opiate dependency; buprenorphine; drug therapy; correctional setting; inmates; pharmacological treatment, 32849
opiate-dependent patients; treatment preferences; substance misuse facility; treatment options; opiate dependency, 29797
opioid dependence; tobacco use; ventilatory response; progressive hypercapnia; limited substance use; tobacco smokers; methadone-maintained smokers; hypoxia; carbon dioxide, 13741
opioid withdrawal; acute opioid physical dependence; naloxone; administration schedules; withdrawal severity; opioid pretreatments; withdrawal severity; withdrawal symptoms; male subjects, 13731
outcomes; costs; day hospital treatment; community-based day treatment; chemical dependency; alcohol dependence; drug dependence, 26726
outpatient program; substance-use disorders; retention; treatment outcome; length of stay; mixed-gender program; women-only program, 8876
outpatient treatment; marijuana dependence; relapse, 8869
oxycodone; discriminative stimulus; antinociceptive effects; abuse liability; opioid receptor agonist; physical dependence; positive reinforcer; withdrawal signs; monkeys; mice; rats, 30960
parental alcoholism; adolescent psychopathology; comorbidity; parental psychopathology; alcohol dependence; substance use; conduct disorder; depression, 35043
partner violence; psychosocial status; psychiatric status; pregnant & drug-dependent women, 31907
personality profile; metamphetamine abusers; novelty seeking; harm avoidance; self-transcendence; persistence; self-directedness; cooperativeness, 31931
personality traits; polysubstance involvement; drug choice; addiction; substance choice; substance dependent patients, 8006
physical abuse; sexual abuse; violence; patient history; methamphetamine dependence; drug treatment; gender differences; treatment response; psychiatric problems; psychological problems; retention, 8853
platelet abnormalities; platelet aggregation; cocaine-dependent patients; regional cerebral blood flow; hypoperfusion; abstinence; aspirin treatment, 10998
posttraumatic stress disorder; symptoms; lifetime traumatic events; substance abuse; cocaine dependency, 1659
primary health care; tobacco dependence; educational strategies; practice based strategies; treatment effectiveness evaluation, 29769
pseudoephedrine; drug dependency; schizophreniform psychosis, 10964
psychiatric disorders; nicotine dependence; daily smoking; persistence of smoking; smoking cessation, 10697
psychiatric sequelae; substance dependence; dietary supplement; ephedrine; alkaloid, 5314
psychoanalysis; chemically dependent patients; drug abusers; psychoanalytic clinic, 32385
psychopathology; treatment outcome; drug dependent women; perinatal program, 26723
psychosis-inducing effects; cocaine sensitization; cocaine craving; cue reactivity; cocaine dependency, 31950
quality of life; oral methadone; buprenorphine; opioid dependent patients, 17431

quetiapine; schizoaffective disorder; polysubstance dependence; treatment noncompliance; antipsychotic medications; adverse effects, 35514
Revised NEO Personality Inventory; anxiety; angry hostility; depression; self consciousness; impulsiveness; vulnerability; neuroticism; substance dependent outpatients; self-partner agreement, 30398
risk factors; benzodiazepine dependence; outpatient treatment; drug dependency; benzodiazepines; psychiatric parameters, 19671
risperidone; cue-elicited craving; cocaine dependent patients; cocaine withdrawal; dopamine; serotonin antagonists; schizophrenic patients, 32470
selective serotonin reuptake inhibitors; antidepressants; dependence; addiction; suicide; homicide, 14169
self-efficacy; smoking; major depression; nicotine dependence; drug dependence; nicotine withdrawal; smoking cessation, 31446
short term drug treatment; long term outcome; abstinance; social network; recovery, 11952
smoking; tobacco; motives; dependence; Wisconsin Inventory of Smoking Dependence Motives; internal consistency; smoking heaviness; multidimensional structure; test development; test validity, 15052
social phobia; gamma hydroxybutyrate; self administration; drug dependence; drug abuse; severe withdrawal syndrome, 35497
subjective responses; early drug use; cannabis; drug dependence; cannabis dependence; adolescents; young adults, 1650
sublingual cocaine use; cocaine; route of administration, 35028
substance abuse; medical problem; abuse problem; legal policy; political dimensions; health care system; psychoactive drugs, 8015
substance dependence; family history; major depressive episode; alcohol dependence; females; P300 event-related potentials, 1424
substance dependence; mental health; somatization responses; ganja smokers; tobacco smokers; cannabis, 31911
substance dependence; pain management; sickle cell disease; analgesics use; addiction; substance abuse; patients, 10980
symptom severity; quality of life; benzodiazepine withdrawal treatment; life satisfaction; psychopathology; health; drug dependency, 32809
temporal course; information processing; smoking cues; startle modulation; smokers; nicotinic dependence, 28867
tobacco abstinence; recognition memory; digit span recall; visual attentional vigilance; smoking status; drug dependency, 10989
tobacco dependence measurement; negative reinforcement; social learning, 31922
tobacco dependence; nicotine; smoking, 31917
Tomoji Yanagita; addiction; opiate; drug dependency; rhesus monkeys, 32859
trait anxiety; nicotine dependence; tobacco dependence; adolescents, 31443
treatment developments; cannabis use disorder; cannabis abuse; cannabis dependence; cognitive-behavioral interventions, 26713
treatment utilization; posttraumatic stress disorder; substance dependency; individual therapy; medication; hospitalization, 32662
visual information processing; craving; evoked potentials; heroin dependence, 3895
working memory deficits; decision making impairments; substance dependence, 10968

Drug Dependency [See Also Drug Addiction]—Chapters

Alcohol problems, 2527
Delay discounting: A fundamental behavioral process of drug dependence, 16510
Substance abuse and dependence disorders in women, 16513

Drug Discrimination—Serials

aripiprazole; drug discrimination; antipsychotic drug; dopamine receptor; 5-HT; rats, 21872
behavioral characterizations; 1-(2,5- dimethoxy-4-methylphenyl)-2-aminopropan; phenylethylamine hallucinogen; DOM; lysergic acid diethylamide; LSD; DOM metabolites; M100907; 5-HT2A receptor; rats, 716
beta-funaltrexamine; clocinnamox; drug discrimination; fentanyl; morphine; l-methadone; sufentanil; etorphine; pigeons, 3869
cannabinoid antagonist; SR 141716A; rhesus monkeys; tetrahydrocannabinol; cocaine; ketamine; THC, 754
cocaine; locomotor activity; cocaine discrimination; dopamine D4 receptor mutant mice, 3918
discriminative stimulus effects; morphine; naltrexone; squirrel monkeys, 15822
discriminative stimulus effects; mu opioid agonists; heroin; behavior; morphine; methadone; nafadotride; rats; flupenthixol; SCH23390; eticlopride; BP897; dopamine $D_{2/3}$ antagonists, 18722
discriminative stimulus effects; mu opioid agonists; heroin; nalbuphine; dopamine receptor agonists; morphine; methadone; quinelorane; quinpirole; 7-OH-DPAT; behavioral effects; rats, 18723
discriminative stimulus effects; SKF 38393; rats; dihydrexidine; ABT-431; dinapsoline; A-86929; D_1 receptor full agonists, 18742
discriminative stimulus effects; tetrahydrocannabinol; THC; O-1812; anandamide; rats, 31014
discriminative stimulus properties; antidepressant agents; drug discrimination techniques; rats; selective serotonin reuptake inhibitor; citalopram; reboxetine; noradrenaline reuptake inhibitor, 712
drug discrimination; glutamatergic receptor ligands; serotonergic receptor ligands; phencyclidine; lysergic acid diethylamide; rats, 18816
drug-seeking behavior; conditioned stimuli; stimulus control; discriminative stimuli; cocaine; heroin; drug availability; conditioned reinforcers; rats, 714
dynorphins; k-opioid agonists; prolactin release; neuroendocrine; naltrexone; drug discrimination, 9963
ecstasy; MDMA; dopamine antagonist; serotonin; discriminative stimulus effects; response rate; basal locomotor activity; antagonist eticlopride; rats; dose-related administration; hypermotive, 24790
environmental modulation; amphetamine interoceptive effects; rats, 24837
ethanol discrimination; ethanol consumption; opioid antagonist; ethanol self-administration; rats; naloxonazine; alcohol abuse, 21878
ethanol; cocaine discrimination; rats; drug interaction; GABA agonists; GABA antagonist; diazepam; pentobarbital; pentylenetetrazol, 722
gamma-hydroxybutyrate; gamma aminobutyric acid; GABA receptor; rats; baclofen; gamma-butyrolactone; diazepam; pregnanolone; morphine; ketamine; pentobarbital; muscimol; flumazenil; CGP 35,348; NCS-382, 3879
gamma-hydroxybutyric acid; gamma aminobutyric acid; GABA receptors; rats; tertiary alcohol analogs; UMB68; UMB75; NCS-382; drug discrimination, 3995
intrinsic activity estimation; cannabinoid CB1 receptor ligands; CP 55,940; delta9-tetrahydrocannabinol; THC; rats; drug discrimination, 711
nicotine; discriminative stimulus effects; extinction; spontaneous recovery; response reinstatement; noncontingent reinforcement; discriminative control, 3492
nicotine; Pavlovian appetitive conditioning; rats; visual cues; rewarding outcome; conditional stimulus; naloxone, 30996
phencyclidine; NMDA receptor antagonists; drug discrimination; side effects; rats, 3949
plant-derived hallucinogen; salvinorin A; drug discrimination; rhesus monkeys; opioid agonists, 18717
rats; drug discrimination; antipsychotic; quetiapine; clozapine; receptor; muscarinic antagonism; scopolamine; prazosin; α1-adrenoceptor antagonism; selective ligands, 13004
reinforcer type; administration route; gamma-hydroxybutyrate discrimination; rats, 27852
stimulus effects; m-chlorophenylpiperazine; rats; cocaine; drug effects; serotonin; drug discrimination; discriminative stimulus; agonists; antagonists; 5 HT1B receptors, 12997
stimulus effects; serotonin receptors; drug discrimination; serotonin reuptake; anxiety; m-chlorophenylpiperazine; mCPP; humans; animals, 9990
stimulus properties; atypical antipsychotics; zotepine; rats; clozapine; quetiapine; drug discrimination, 13003

Drug Dissociation [See State Dependent Learning]

Drug Distribution—Serials

drug dealers; drug-dealing activities; market transactions; customer relations; free drugs; giving credit; opiate users; drug market, 11042
drug distribution activities; drug consumption; illicit drug sales; drug treatment; criminality; violence, 1656
drug trafficking; post-traumatic stress disorders; urban African American youth; violent events; risk factors; coping behavior, 25733
heroin users; cocaine users; hidden status; drug sellers, 22676
illicit drugs; injecting equipment; drug markets; prisons, 10991
Mexican American gang members; drug markets; drug use; drug selling; gang type, 22650
predictors; criminal behavior; drug use; drug distribution income; employment status; incarceration; drug-abusing offenders; drugs-crime relationship, 10993
public drug dealing; urban environment; quality of life; demographic characteristics; ecological characteristics; visible drug sales; business location; neighborhoods; resident attitudes, 22145
regulatory officials; federal & state laws; diversion prevention; healthcare practitioners; controlled substance diversion; legal officials; drug prescribers; controlled substance prescription, 2625
violence; drug trafficking; adolescents; families; ecological influences, 25823

Drug Dosages [See Also Drug Overdoses]—Serials

alcohol dose; intoxification effects; event-related functional MRI activation; visual perception; dose-dependent amplitude, 21815
alpha-adrenoceptor mechanism; morphine; conditioned place preference; female mice; drug dosages, 24846
antipsychotic drug; drug doses; chlorpromazine equivalents; defined daily doses; drug comparison, 8538
antipsychotic polypharmacy; antipsychotic medications; chronic schizophrenia; monotherapy; psychotropic medications; drug dosages, 13643
apathy syndrome; selective serotonin reuptake inhibitor; drug therapy; drug side effects; drug dosages, 26339
aphrodisiac properties; sexually active rats; Montanoa tomentosa; cihuapatli; ejaculation; animal copulatory behavior; drug dosages, 24794
attentional cueing; spatial working memory; memory task performance; chronic low dose; methylphenyltetrahydropyridine; monkeys, 30969
atypical antipsychotic drugs; switching strategies; medication regimens; treatment guidelines; dosing strategies; risperidone; schizophrenia; treatment compliance, 8523
atypical antipsychotic; drug dosage; smoking; caffeine; mental illness, 29321
behavioral disorders; gabapentin; Alzheimers disease; drug dosages, 32560
binge-eating disorder; zonisamide; drug therapy; flexible dosages; efficacy, 17061
borderline personality disorder; olanzapine; drug therapy; flexible dosage, 17032
butyrolactone; butanediol; mice; dose-response; locomotor activity; body temperature, 27873
cabergoline treatment; risperidone-induced hyperprolactinemia; atypical antipsychotic risperidone; endocrine side effects; sexual side effects; drug tolerance; drug dosage; patient compliance, 20300
cannabinoids; ondansetron; cisplatin-induced emesis; house musk shrew; drug dosages; receptor antagonist; vomiting; retching, 27910
cholinesterase inhibitor; timing behaviour; cognitive enhancement; mental processes; learning; memory; metrifonate; drug dosages, 27859
cholinesterase inhibitors; Alzheimer's disease; treatment failure; drug switching, 23239
clozapine treatment; priapism; schizoaffective disorders; dosages, 11479
clozapine; dopamine; serotonin; muscarinic receptor; discriminative stimulus properties; antipsychotic drug; dose discrimination; rats, 13064
clozapine; drug dosages; cytochrome P450 1A2; drug response; CYP1A2 genes; schizophrenia; plasma levels; smokers, 20320
cocaine-induced conditioned place preferences; alcohol cocaine combination; cocaine dose; rats; aversive properties; rewarding effects, 9961
contextual stimulus; latent inhibition; appetitive conditioning; systemic amphetamine; drug dosages; rats, 27927
corticosterone; 6-cyano-7-qunioxaline-2,3; NMDA receptor antagonist; drug dosage; mice; intraperitoneal injection; intracerebroventricular; route-dependent, 739
cortisol administration; posttraumatic stress disorder; memory retrieval; traumatic memories; cortisol dosage, 35498
delirium; valproic acid; lamotrigine toxicity; drug dosages; medication; multiple sclerosis; partial seizures; depression; anxiety, 32556
diagnosis; condition indications; guidelines; indicated medication selection; drug dosing; delirium; antipsychotic drugs; dementia; agitation; risperidone, 14116
dopamine D2 receptors; drug dosages; animal models; blood plasma; rats; injection; mini-pump administration; haloperidol; clozapine; olanzapine; risperidone; quetiapine; in vivo occupancy, 3917
dose response; dose equivalence; first-generation antipsychotics; second-generation antipsychotics; schizophrenia; schizoaffective disorder, 20311
dose-dependent effects; alcohol; appetite; food intake, 21816
dose-dependent effects; psilocybin; psychopathological parameters; physiological parameters; attention; mood; psychological core dimensions, 18745
dose-response relationship; estradiol; ethanol intake; estradiol doses; rats, 18735

dose; time; 7-nitroindazole; picrotoxin-induced convulsions; memory formation; brain nitric oxide synthase activity; nitric oxide concentration; rats, 12743
dosing guidelines; controlled-release codeine; chronic noncancer pain; acetaminophen; codeine; pain intensity; pain related disability; adverse effects; acceptability; analgesic; opioids, 5456
dosing schedules; dose frequency; health outcomes; health care costs; chronic disease; patient compliance, 8636
dosing strategies; antidepressant clinical trials, 11546
doxycycline efficacy; rifampin efficacy; Alzheimers disease; dementia; drug dosages; Chlamydia pneumoniae; cognitive ability, 29355
drug dosage; risk factors; motor vehicle crashes; cannabis use; driving behavior, 28870
drug dosages; escitalopram; citalopram; treatment efficacy; major depressive disorder; severity; remission, 26387
drug dosages; food consumption; neurotransmitter levels; weight loss; tetrahydrocannabinol; cognitive function; mice, 27851
drug doses; drug therapy; psychiatry; reccomended does; dosage range, 35563
drug tolerability; drug doses; haloperidol; first-episode psychosis, 26412
ecstasy; ecstasy tablet content; MDMA tablets; dosage levels; purity perceptions; biochemical evidence; historical origins; empirical reports; epidemiology; 3,4-methylenedioxymethamphetamine, 25900
ecstasy; MDMA; motor activity; drug-naive rats; acute effects; paroxetine binding; sleep; single dose exposure; circadian patterns; cerebral glucose utilization; previously exposed rats, 24781
ecstasy; pharmacological & subjective effects; pharmacokinetics; repeated dose administration; psychomotor performance; endocrine response; physiological effects; 3,4-Methylenedioxymethamphetamine, 24802
escalating doses; drug dosage escalation; methamphetamine; neurotoxicity; behavior; neurochemistry; high dose binge; rats; animal model of drug abuse, 780
escitalopram; continuation treatment; major depressive disorder; treatment efficacy; treatment safety; relapse prevention; flexible dose phase; open label phase; drug therapy, 17080
essential tremor; topiramate treatment; drug dosage; drug therapy, 11646
estradiol benzoate; placental structure; feto-placental growth; fetal survival; drug dosages; prenatal exposure; rats, 30988
ethanol concentrations; ethanol deprivation; ethanol solutions; voluntary ethanol intake; high ethanol preference; intoxicating amounts; Sardinian alcohol preferring rats; alcohol deprivation effect, 21907
ethanol injections; low dose; acute administration; repeated administration; ethanol locomotor effect; alcohol; motor activity; high dose; acute administration; drug sensitivity; motor sensitization, 9969
fatalities; therapeutic doses; supratherapeutic doses; atypical antipsychotics drug overdose; schizophrenia treatment; clozapine; risperidone; olanzapine; quetiapine; ziprasidone; metabolism, 5358
fluoxetine; major depressive disorder; metabolite norfluoxetine; drug dosage; treatment relapse, 14190
food reinforcement; hooded lister rats; agonist baclofen doses; feeding behaviour; food reinforcement; Lister rats; runnig speed; food intake; ingestion; motivation, 13014
gabapentin; seizures; epilepsy; antiepileptic drugs; anticonvulsants dosing; drug dosages, 17182
gender difference; hyperanxiety; adult prenatally stressed rats; chronic treatment; amitriptyline; puberty; rats; rats offspring; animal behavior; drug administration, 15795
gender; schizophrenia; neuroleptics; estrogens; dosages; aging; testosterone, 11551
health insurance status; asthma medications; medication costs; prescription; drug dosages; pharmacy; public aid; medication samples, 8644
high dose pindolol; selective serotonin reuptake inhibitor; major depression; antidepressant augmentation; SSRI-refractory depression, 20396
hydrocortisone treatment; dehydroepiandrostenedione; dehydroepiandrostenedione-sulphate; chronic fatigue syndrome; corticotrophin-releasing hormone; drug dosages, 29463
Hypericum perforatum; experimental models; antidepressant efficacy; unavoidable stress; escape deficit; hyperforin; dose-related response; rats, 10051
immobility time; antidepressant therapy; hypericum perforatum; St. John wort; hyperforin removal; hypericin removal; behavioral models; flavonoids; drug dosage; antidepressant activity, 15733
intranasal cocaine; drug tolerance; cardiovascular effects; subjective effects; drug dosages, 24804
ionising radiation; cognitive function; adulthood; low doses; infancy, 34145
ionising radiation; cognitive function; adulthood; low doses; infancy, 34149
ionising radiation; cognitive function; adulthood; low doses; infancy, 34169
ionising radiation; cognitive function; adulthood; low doses; infancy, 34173
ketogenic diet; early anticonvulsant reduction; late anticonvulsant reduction; seizures, 35683
L-type calcium channel activator; dimemorfan; seizures; mice; locomotor activity; drug dosages; BAY k-8644, 31008
lobeline; conditioned taste avoidance; rats; drug dosages; methamphetamine, 24814
lormetazepam; insomnia patients; tablets; oral solution; drug doses; drug efficacy, 20460
low drug dosages; risperidone; first-episode psychosis; schizophrenia; schizophreniform disorder; schizoaffective disorder; drug therapy, 20336
luteal phase; premenstrual dysphoric disorder; alcohol abuse; women; alcohol sensitivity; menstrual cycle; drug dosages, 29023
maintenance treatment; schizophrenia; quetiapine; drug dosages, 20293
major depressive episode; fluoxetine; dose increment; akathisia; suicidal ideation; selective serotonin reuptake inhibitors, 14148
memory retention; imipramine; gamma aminobutyric acid; baclofen; muscimol; bicuculline; drug dosage, 13103
methadone dose; methadone injecting patients; intravenous methadone use; methadone maintenance treatment, 11906
methadone; treatment; neuropathic pain; dosages; cancer patients; noncancer patients; pain intensity; mechanical allodynia; paroxysmal, 5423
methylenedioxymethamphetamine; drug self-administration; hyperactivity; rats; dopamine; drug dosages, 27871
mood disorders; venlafaxine; anxiety disorders; serotonin binding potential; SSRIs; citalopram; fluoxetine; sertraline; paroxetine; minimum therapeutic doses; serotonin transporter occupancy, 26404
naloxone; naltrexone; alcohol consumption motivation; rats; drug dosages; opioid; cannabinoid; receptor antagonists, 27884
neuropsychiatry; antipsychotic drugs; drug dosage; Alzheimers disease; geriatric patients; dementia treatment; drug therapy; cholinesterase inhibitors, 35552
new antiepileptic drugs; children; psychopharmacology; psychiatric disorders; drug safety; age specific tolerability; dosing regimens; pharmacokinetics; adverse effects; drug treatment, 35544
nicotine administration; positron emission tomography; emission tomography studies; amphetamine administration; bolus injections; acute nicotine, 21871
nicotine dose; instructions; smoking; reinforcing effects; subjective effects; cigarette reward value; nicotine content; brand differences, 18783
nicotine infusion; serum nicotine concentrations; peak arterial concentrations; nicotine self-administration; rats; nicotine replacement therapy, 10015
nicotine patch therapy outcomes; heavy smokers; alcohol dependence history; high dose nicotine patch; dose conditions; nicotine abstenence; alcohol abstinence length; follow-up assessments, 13401
nicotine-alcohol interactions; attentional performance; operant visual signal detection task; dosages; female rats, 770
oestradiol dose effect; menopausal symptoms measurement; psychological well being; quality of life measurement; postmenopausal Chinese women; hypoestrogenism; vasomotor symptoms; mood measurement, 23381
olanzapine; agitation; schizophrenia; dose escalation; schizoaffetive disorder, 11565
olanzapine; plasma concentration; drug dosage; co-medication; schizophrenic patients; antipsychotic drugs, 23217
operant conditioning procedures; vertical graph shifts; dose-response rate-relationships; drug abuse liability; drug reinforcement; tolerance-to sensitization paradigm change, 15800
operant conditioning procedures; vertical graph shifts; dose-response rate-relationships; drug abuse liability; drug reinforcement; tolerance-to sensitization paradigm change, 15763
operant conditioning procedures; vertical graph shifts; dose-response rate-relationships; drug abuse liability; drug reinforcement; tolerance-to sensitization paradigm change, 15793
operant conditioning procedures; vertical graph shifts; dose-response rate-relationships; drug abuse liability; drug reinforcement; tolerance-to sensitization paradigm change, 16255
operant conditioning procedures; vertical graph shifts; dose-response rate-relationships; drug abuse liability; drug reinforcement; tolerance-to sensitization paradigm change, 15827
operant conditioning procedures; vertical graph shifts; dose-response rate-relationships; drug abuse liability; drug reinforcement; tolerance-to sensitization paradigm change, 15723
oral naltrexone; opioid side effects; methadone; painful neuropathy; ultra-low dose, 17158
pharmacokinetic properties; discontinuation syndromes; antidepressant efficacy; plasma concentrations; reuptake inhibition; venlafaxine; extended release; immediate release; depression; dosing, 14170
physical stimuli; vanilloid receptors; olvanil; antagonist capsazepine; rat behaviors; physical stimuli; anxiety-like behaviors; float time; rats, 13023
plasma clozapine concentration; cigarette smoking; metabolic activity; age; sex; dose, 11548
premenstrual dysphoric disorder; dysphoric symptoms; physical symptoms; drug dosages; fluoxetine, 32565
quetiapine; treatment refractory schizophrenia; first-generation antipsychotics; hospital patients; drug dosage, 29377
rats; propericiazine; diazepam; dose-related effects; neuroleptic agent; anxiety; memory; animal models, 21817
risperidone dosage; acute exacerbated schizophrenia; Chinese, 23260
scopolamine-induced memory impairment; Z-ajoene; oil-macerated garlic products; dose-dependent; water maze, 34187
serum prolactin levels; higher doses; olanzapine; schizophrenia; schizoaffective disorder, 35501
serum prolactin levels; higher doses; olanzapine; schizophrenia; schizoaffective disorder, 35542
serum prolactin levels; higher doses; olanzapine; schizophrenia; schizoaffective disorder, 5298
severe dopaminergic neurotoxicity; methylenedioxymethamphetamine; ecstasy; recreational dose regimen; selective serotonin neurotoxin; nonhuman primates; squirrel monkeys; baboons; motor dysfunction, 771
severe dopaminergic neurotoxicity; methylenedioxymethamphetamine; ecstasy; recreational dose regimen; selective serotonin neurotoxin; nonhuman primates; squirrel monkeys; baboons; motor dysfunction, 13085
severe dopaminergic neurotoxicity; methylenedioxymethamphetamine; ecstasy; recreational dose regimen; selective serotonin neurotoxin; nonhuman primates; squirrel monkeys; baboons; motor dysfunction, 13060
severe dopaminergic neurotoxicity; methylenedioxymethamphetamine; ecstasy; recreational dose regimen; selective serotonin neurotoxin; nonhuman primates; squirrel monkeys; baboons; motor dysfunction, 13095
sex differences; oral nicotine consumption; drug dosages; mice; saccharin; neurochemical effects; behavioral effects, 24820
single dose; high dose; intravenous injections; valproate; drug therapy; acute mania, 17077
smoking habits; blood pressure; normotensive Japanese men; drug dosage, 28372
squirrel monkeys; 8-OH-DPAT; doses; 5-HT1A receptors; alcohol drinking; WAY 100635; rats; alnespirone, 15776
subjective effects; psychomotor effects; herbal medication; valerian; cognitive effects; drug dosages; diazepam, 24812
subjective effects; reinforcing effects; methylphenidate; basal state; sleepiness; time in bed; drug effects; drug doses, 31004
tardive dyskinesia; first-episode psychosis patients treatment; low-dose haloperidol; schizophreniform disorder; schizophrenia; schizoaffective disorder, 2205
vacuous chewing movements; antipsychotics; haloperidol; risperidone; rats; catalepsy states; drug dosages, 13035
venlafaxine treatment; psychiatric patients; outpatients; inpatients; treatment outcomes; drug dosages; depression, 5306
weight change; leptin change; risperidone; autism; developmental impact; temporal characteristics; drug dosage, 32460

Drug Education—Serials

alcohol abuse; college students; feature films; alcohol recovery; alcohol abuse education, 11920
alcohol education; student binge drinking; alcohol prevention programs; alcohol demand reduction; alcohol use; restricted drug access, 35894
American Legacy Foundation truth campaign; Philip Morris tobacco countermarketing; youth smoking attitudes; beliefs; Youth intentions, 5492
drug curriculum; teaching; children's beliefs; drug action; scientific theory; alcohol; cocaine; tobacco; biological background; drug education; drug knowledge; intuitive theory, 5879

school district level decision makers; school personnel; school level decision makers; substance use prevention curricula; decision making; site based management approach; middle schools, 33017
school drug education; harm minimization; alcohol-related harm; secondary school students; health knowledge; health attitudes; alcohol consumption, 29788
school drug education; harm minimization; alcohol-related harm; secondary school students; health knowledge; health attitudes; alcohol consumption, 29798
school drug education; harm minimization; alcohol-related harm; secondary school students; health knowledge; health attitudes; alcohol consumption, 29768
school drug education; harm minimization; alcohol-related harm; secondary school students; health knowledge; health attitudes; alcohol consumption, 29810
school drug education; harm minimization; alcohol-related harm; secondary school students; health knowledge; health attitudes; alcohol consumption, 29799
school drug education; harm minimization; alcohol-related harm; secondary school students; health knowledge; health attitudes; alcohol consumption, 29791
self appraisal; Say Yes First; students; rural drug prevention program; drug usage; grades; attendance; family communication; participation in sports; attitudes toward school; trouble in school, 33112
young adults; public health; educational efforts; prenatal exposure; college students; tobacco smoking; marijuana; adolescent drug abuse; second hand smoke; Gateway theory, 11024

Drug Effects [See Drugs]

Drug Induced Congenital Disorders [See Also Fetal Alcohol Syndrome]—Serials
Caucasian women; urinary bladder; abnormality; malformation; bladder extrophy, 7735

Drug Induced Hallucinations—Serials
human consciousness; altered states; phenomenology; ayahuasca, 15807
stress reactivity; noradrenergic hyperactivity; dopaminergic changes; flashback; females; methamphetamine psychosis; women's prison, 1670

Drug Interactions—Serials
adverse drug events; appropriate prescribing; compliance; pharmacoepidemiology; psychiatric medications, 5360
amphetamine; sensitization; dopaminergic neurotransmission; cholecystokinin; psychotic disorders; substance abuse; rat exploratory behavior; central nervous system; locomotor response, 27848
antidepressant action; nicotine; rats; flouxetine; drug interactions, 24855
antidepressant drugs; venlafaxine; fluoxetine; setraline; nefazodone; drug-drug interaction; erythromycin; alprazolam; cytochrome P-450 3A4 induction & inhibition, 9978
antipsychotic polypharmacy; conventional antipsychotics; antipsychotic medications; drug prescription; treatment outcomes; drug combinations, 26433
antipsychotic polypharmacy; neuroleptics, polydrug therapy; treatment; schizophrenia; expenses, 2162
antipsychotic polypharmacy; neuroleptics, polydrug therapy; treatment; schizophrenia; costs, 2225
atomoxetine; stimulants; attention deficit hyperactivity disorder; combined pharmacotherapy; drug tolerance; side effects, 23221
atypical antipsychotic medication; drug combinations; treatment-resistant schizophrenia; schizoaffective disorder; olanzapine; sulpiride; risperidone; clozapine; quetiapine, 11523
atypical antipsychotics; pharmacological interaction; schizophrenic outpatient; PRL secretion; drug coadministration; quetiapine; mirtazapine; hyperprolactinemia; opioid system, 8534
caffeine; muscarinic antagonists; haloperidol-induced catalepsy; catalepsy inhibition; rats; synergism tolerance; caffeine repeated administration; trihexyphenidyl; THP; THP synergism, 7234
cannabinoid receptor agonist; receptor antagonist; behavioural effects; adult male rats; WAY 100635 interaction; 5-HT_{1A} receptors; CP 55,940, 18770
cannabinoid receptor antagonists; SR-141716; open-field behaviors; cannabinoid receptor agonists; (R)-methanandamide; rats, 731
cannabinoid receptors; antagonistic effects; rats; food-reinforced operant behavior; WIN 55,212-2; CP 55,940; Δ^9-THC; SR141716A; cannabinoids; additive effects; inverse agonists, 18730
cholecystokinin; dorsal periaqueductal gray; anxiogenic effects; lorglumide; PD 135,138; drug interactions; immunoreactivity, 10028
chronic mild stress model; antidepressant-like effect; selective serotonin reuptake inhibitor; R-citalopram; escitalopram; rats; 5-HT; depression; interaction, 776
cigarette smoking; psychotropic drugs; antipsychotic metabolism; schizophrenia; caffeine metabolites; urine; saliva; human sex differences; drug dosage, 14129
citalopram; bupropion-SR; treatment resistant depression; combining; switching; monotherapy; major depressive disorder, 23259
corticosterid-serotonin interactions; major depression; pathophysiology, 29366
D-amphetamine; basolateral amygdala; monoamine neurotransmission; potentiation; cues; reinstatement; extinguished drug-seeking behavior; chronic cocaine self administration; rats, 742
depression; fluoxetine; buspirone; drug combination; antidepressant efficacy; dose optimization, 5325
drug efficacy; clomipramine; lithium carbonate; unipolar major depression; drug combinations, 5294
drug interaction; antiepileptic drugs; felbamate; carbamazepine; mRNA; liver microsomes; rCYP3A4, 3889
drug interactions; neuroleptic malignant syndrome; cardiovascular disease; depression; drug side effects; geriatric depression, 35573
drug-drug interactions; classification; neuropsychiatric medications; pharmacodynamically mediated DDIs, 2209
drug-drug interactions; codeine; dihydrocodeine; hydrocodone; oxycodone; buprenorphine; pharmacokinetics; prodrugs; morphine, 5262
drug-drug interactions; immunosuppressants; transplanted tissues; side effects; autoimmune disorders; comorbidity; pharmacologic treatment; pharmacokinetics, 29436
ecstasy; MDMA; methamphetamine; combined use; social interaction; locomotor activity; drug dosages; long-term effects; brain regions; anxiety behavior; ambient temperature; neurotoxic effects, 24796
electroacupuncture; indomethacin; antihyperalgesia; inflammatory rats; hind paw edema; subcutaneous injection; hyperalgesia; potential synergism, 34190
estrogens; estradiol; ethinylestradiol; diethylstilbestrol; fluoxetine; desipramine; antidepressant drugs; ovariectomized female rats; drug interactions, 27878
ethanol; cocaine discrimination; rats; drug interaction; GABA agonists; GABA antagonist; diazepam; pentobarbital; pentylenetetrazol, 722
famotidine; olanzapine-induced weight gain; first-episode schizophrenia patients; placebo; weight gain, 29367
female rats; male rats; open field behaviors; dizocilpine maleate induced behavior; ethanol dependence; sigma receptor; rimcazole; hyperlocomotion; drug interactions, 21824
fluoxetine; olanzapine; synergistic effects; fibroblast growth factor; rat brain, 24827
frail elderly; nutritional status; drugs; drug-nutrition interaction; pharmacology, 29364
gastrointestinal system; drug administration; monoamine oxidases; enzyme inhibition; monoamine oxidase; selegiline; rats; brain; drug interaction, 3989
guidelines; combining medication; drug combinations; side effect tables; side effects history; older patients; antipsychotic drugs; clozapine; carbamazepine; ziprasidone; tricyclic antidepressant, 14114
haloperidol; fluvoxamine; drug interaction; dose effect; schizophrenia; negative symptoms, 14199
insomnia; clinical drug interaction; zolpidem; zaleplon; zopiclone; pharmacokinetic interactions; pharmacodynamic interactions; sedative effects; conventional benzodiazepines; hypnosedatives, 2296
lithium; anticonvulsants; drug therapy; lamotrigine; drug interactions; antidepressant drugs; mental disorders; drug dependency, 5132
lithium; drug interaction; nonsteroidal anti-inflammatory drugs; rofecoxib; celecoxib, 11542
long-term antidepressant efficacy; olanzapine; fluoxetine; treatment-resistant depression, 11476
loratadine; ambroxol hydrochloride; tablet formulations; pharmacokinetic properties; throat soreness; cough; respiratory conditions; combination therapy; bioavailability; adult males, 7274
memory deficits; nicotine; scopalamine; inhibitory processes; dementia; aging; retrieval-induced forgetting; cholinergic antagonist; cholinergic function; cholinergic agonist; memory deficits, 9983
milnacipran; driving vigilance; psychotropic drugs; sensory functions; psychomotor functions; road accidents; alcohol drug interaction, 27934
monoamine oxidase inhibitors; drug interactions; drug side effects; prescriptions, 35527
mood-stabilizer medication; remitted bipolar patients; antipsychotic medication; combined drugs; combined medication; patients in remission; antipsychotic drug continuation; placebo taper; outpatients, 26425
morphine; naloxone; dose-effect functions; repeated treatment; drug potency; operant response suppression; withdrawal; opioid dependence; rats, 7251
naltrexone; isradipine; cocaine responses; physiological effects; cocaine addiction; treatment, 2223
nefazodone; cytochrome; methylprednisolone disposition inhibition; cortisol suppression; adrenal-suppressant effect; elimination halflife; intravenous dose; time curve; drug interactions, 7218
neuroleptic malignant-like syndrome; Alzheimer's disease; donepezil; maprotiline; drug interactions; drug side effects, 14289
neuropsychiatric medications; drug therapy; drug interactions; action mechanisms; pharmacodynamics; classification systems, 26417
nicotine-alcohol interactions; attentional performance; operant visual signal detection task; dosages; female rats, 770
nicotine; cocaine; caffeine; cigarette smoking; tobacco; transdermal nicotine maintenance; reinforcement; tolerance; intravenous administration, 25910
non-barbiturate injectable anesthetics; conventional antiepileptic drugs; electroshock test; mice; isobolographic evaluation; seizures; electroconvulsions, 18712
obsessive-compulsive symptoms; social phobia; paroxetine; risperidone; drug combinations, 26443
paroxetine; alprazolam; pharmacokinetic interaction; combined therapy, 24792
pharmacodynamic interaction; EEG response; midazolam; GABA subtype A receptor; rats; allosteric modulation; tiagabine; antiseizure activity; synaptic GABA uptake inhibitor, 15762
pharmacological interactions; cancer patient; methadone maintenance; bronchioalveolar lung carcinoma; chemotherapy resistance, 29782
pindolol; antidepressants; milnacipran; placebo; depression; adrenocorticotrophic hormone; prolactin, 2174
polypharmacy; schizophrenia; antipsychotic drugs; drug combination, 26368
post-traumatic stress disorder; adrenocorticotropic hormone; dexamethasone metyrapone tests; hypothalamic-pituitary-adrenocortical axis; feedback regulation, 29345
psychotropic medications; adverse drug reactions; prescription practices; schizophrenia; polypharmacy, 2194
psychotropic medications; adverse drug reactions; prescription practices; schizophrenia; polypharmacy, 35547
psychotropic medications; psychotropic drug; nonpsychiatric physicians; medical drugs; prescribed psychotropic drugs; drug-drug interactions; psychiatry; psychiatrists, 20400
randomized controlled trials; antipsychotics; schizophrenia; valproate; valproate augmentation; treatment outcomes; drug interactions, 32422
safety standards; risk assessment; drug testing; drug regulations; carcinogenicity; safety standards; harmonisation, 1901
schizophrenia; women; gender; conjugated estrogens; treatment; antipsychotics, 13639
scopolamine; SB271046 serotonin antagonist; drug interactions; cognition enhancing effect; spatial learning; passive avoidance; aging; rats, 9988
serotonin reaction; venlafaxine; sour date nut; insomnia; fatigue; nervousness; poor appetite; jujube; depression, 32473
SSR181507; serotonin agonist; dopamine antagonist; behavioral profile; rats; mice; guinea-pig pups; animal behavior; apomorphine; D-amphetamine; lithium; antidepressant, 7172
synergistic effects; antinociceptive interaction; codeine; diclofenac; local administration; spinal administration; oral administration; rats, 7208
tardive dyskinesia symptoms; adjunctive quetiapine; risperidone treatment; choreoathetoid movements; side effects; drug therapy, 11533
tetrabenazine; reserpine; toxic effects; methyl-phenylpyridinium; hydroxydopamine; nigro-striatal dopaminergic neurons; mice; vesicular sequestration, 7165
tiagabine; gabapentin; drug interaction; electroshock seizure threshold; electroconvulsive threshold; combination ratios; seizures; adverse events; motor performance; long term memory; mice, 747
turning behavior; caffeine exposure; sensitization; amphetamine; striatal dopamine release; hydroxydopamine-lesioned rats, 702
Umami substance; sweet substances; synergistic response; monosodium glutamate; glutamate receptor agonist; chorda tympani; mixtures; rats, 15569
venlafaxine; depression; lithium; resistant patients; serotonin syndrome; drug therapy, 8484

Drug Interactions—Books
Drug interactions casebook: The cytochrome P450 system and beyond, 23111

Drug Laws [See Also Marijuana Laws]—Serials
anti-social behaviour; alcohol harm reduction strategy; binge drinking; public disorder; government policy; nursing, 31959
drug policy; drug abuse; drug rehabilitation; drug offenders; statues; public opinion; research, 14938
drug policy; public health; alcohol policy makers; drug promotion; illegal drugs, 29639

heavy drinking; alcohol policy enforcement & implementation; statewide public college system; drinking behaviors; college deans; campus security officers; college students, 2719
legislative decisions; attention-deficit disorder; central nervous system; drug therapy; methylphenidate; paracetamol, 9290
participant observation; noncompliance; smoking; smoke-free ordinance; stand-alone bars; California, 10438
prison; drug offender; incarceration; drug possession; Substance Abuse and Crime Prevention Act of 2000; Proposition 36; war on drugs, 23639
public communication; cannabis policy; federal government; opposition parties; policy documents; legal texts; media reports; call reports, 33409
regulatory officials; federal & state laws; diversion prevention; healthcare practitioners; controlled substance diversion; legal officials; drug prescribers; controlled substance prescription, 2625

Drug Overdoses—Serials

borderline personality disorder; psychiatric considerations; psychiatric consultations; psychosocial evaluation; liver transplantation; treatment compliance; suspected attempted drug overdose, 10918
deliberate self-harm; self-poisoners; self-cutters; adolescents; motives; premeditation; overdose; gender differences, 10943
fatalities; therapeutic doses; supratherapeutic doses; atypical antipsychotics drug overdose; schizophrenia treatment; clozapine; risperidone; olanzapine; quetiapine; ziprasidone; metabolism, 5358
illicit drug supply reduction; health outcomes; social outcomes; heroin shortage; drug-related health indicators; methadone treatment programmes; property crime; heroin overdoses, 28860
illicit drug supply reduction; health outcomes; social outcomes; heroin shortage; drug-related health indicators; methadone treatment programmes; property crime; heroin overdoses, 28877
nonbenzodiazepine hypnotic; zalepon overdose; complex behavior; sleepwalking, 32457
oxcarbazepine; risperidone; atenolol; overdose; bipolar disorder, 4737
pediatric methylphenidate exposures; poison centers; United States; clinical toxicity, 17053
polyuria; olanzaopine overdose; prazepam; borderline personality disorder; diabetes insipidus, 32433
precipitating factors; betel nut; epileptic seizures; etiology; drug overdose, 5007
psychiatric features; suicide attempters; overdose; violent methods, 1607
psychotropic medication; cardiac arrhythmias; antipsychotics; propranolol overdose, 5276
QTc prolongation; psychotropic drugs; drug overdose; ziprasidone; seizures; schizoaffective disorder, 26380
rhabdomyolysis; bipolar disorder; quetiapine overdose, 26432
selective serotonin reuptake inhibitors; tricyclic antidepressants; overdose; venlafaxine; dothiepin; deliberate self-poisoning; seizures; arrhythmias; coma; serotonin toxicity; ICU admission, 8558
self-poisoning; emergency department management; adult patients; public health problem; psychological management; substance dependence; psycho-social assessment, 13700

Drug Potentiation [See Drug Interactions]

Drug Rehabilitation [See Also Alcohol Rehabilitation, Detoxification]—Serials

absorptive capacity; treatment techniques; innovative treatment; private treatment organizations; substance abuse; environmental scanning; workforce professionalism; satisfaction data, 20646
addiction severity; family history; substance use; treatment outcomes; treatment responses; opiate dependents, 20631
addiction treatment experience; substance-abusing patients; psychiatry clerkship; psychiatric knowledge; psychiatry patients; medical education; student attitudes, 20709
addiction treatment; treatment duration; drug use; drug addiction, 17447
addiction treatment; treatment system; clinical operations; national treatment; alcohol treatment; decision support; federal agencies; predominant form, 8868
addiction treatment; Veterans Administration; program leaders; attitudes; beliefs; familiarity; treatment guidelines; evidence based practice, 20753
addiction; developing country; drug abuse; drug abuse prevention; drug abuse treatment; opium; heroin; drug research; hashish, 31961
addictions field; abstinence-oriented therapies; replacement therapies; controlled drinking strategies; marijuana dependence; marijuana abuse, 26711
addictions treatment; cigarette smoking; tobacco addiction; substance-addicted women; addictions treatment programs; health threat, 23618
adolescent drug abuse; peer drug; treatment outcome; drug abuse treatment program; psychosocial risk factors; Personal Experience Inventory; family dysfunction; deviance, 18167
adolescent outpatients; treatment outcomes; substance abuse treatment; engagement; navigation; ethnographic analysis, 11932
adolescent substance abuse treatment; multidimensional family therapy; cognitive-behavioral group treatment; outcome findings; methodological characteristics, 35893
Adolescent Treatment Outcomes Module; substance use disorders; mental health treatment seeking, 5688
adolescents short term alcohol use; drug use; addictions treatment, 19651
adolescents; substance abuse; gender differences; treatment effectiveness; treatment outcomes, 26722
African American women; substance abuse treatment; parenting; culturally appropriate strategies, 26730
aftercare adherence; social reinforcement; substance abuse treatment; adherence intervention; treatment outcomes, 14480
alcohol abuse; drug abuse; treatment; family history, 4731
alcohol use outcomes; heavy drinking; drug misusers; drug treatment, 14474
American Indian adolescents; conduct disorder; residential substance abuse treatment programs; gender differences, 5683
American Indian communities; Alaska Native communites; AIAN; substance abuse programs; strategies, 5697
attachment security; pictorial representations; substance abuse disorders; art therapy, 8566
auricular acupuncture; prison inmates; drug rehabilitation; drug use; NADA-Acudetox protocol, 20625
buprenorphine consensus conference; overview; buprenorphine conference; office-based practice; buprenorphine implementation program; American psychiatry; opiates, 26728
buprenorphine maintenance; opioid receptor availability; plasma concentrations; heroin dependence; withdrawal symptoms; hydromorphone; brain; antagonist blockade; norbuprenorphine, 8859
buprenorphine training; service models; drug abuse counseling; patient participation; change teams; community treatment protocols; rural practitioners; abuse counseling; health personnel attitudes, 20722
buprenorphine treatment; Australian community settings; Buprenorphine Implementation Trial; opioid dependence; methadone maintenance treatment, 26731
buprenorphine; drug therapy; drug side effects; heroin addiction; pregnant addicts; drug rehabilitation; detoxification, 32762
buprenorphine; drug therapy; sedatives; methadone treatment; heroin users; French prescription levels, 26710
buprenorphine; naltrexone; opioid detoxification; clinical trials; opioid dependence, 8863
Camp Approach; substance dependence; community-based treatment; rural community; stigma, 32761
care processes; office based treatment; opioid dependence; primary care; methadone maintenance, 26717
Caribbean & non-Caribbean clients; residential addiction treatment facility, 2510
chewing tobacco; spit tobacco; pharmacological interventions; behavioral interventions; buproprion; tobacco abstinence, 17430
childhood trauma; avoidance coping; alcohol use; drug use; emotional abuse; residential treatment; outpatient treatment; women, 11940
client attitudes; Alcoholics Anonymous; medication usage; emotional problems; alcohol abuse; outpatient alcohol treatment; client perceptions, 32807
client perceptions; prison-based therapeutic community; drug rehabilitation programs, 29801
clinical practices; evidence-based practices; addiction treatment; clinicians, 29800
cocaine abusers; anxiety effects; Trail Making Test; drug abuse treatment programs, 15081
cocaine dependence; recovery factors; treatment programs, 8856
cocaine dependency; antisocial personality disorder; drug treatment outcomes, 14477
Cocaine Effects Questionnaire; psychometrics; test reliability; test validity; test construction; substance abuse, 21154
cognitive-behavioral approach; drama therapy; role-playing; irrational thinking; emotional experience; substance abuse addiction treatment, 8443
cognitive-behavioral therapy; adolescent substance abusers; alcohol disorder; learning skills; psychoactive substance; family therapy, 11400
community substance abuse programs; substance abuse; mental health services; community treatment; psychosocial treatment, 26737
community-based treatment organizations; Center for Substance Abuse Treatment Methamphetamine Treatment Project; substance abuse treatment, 20627
comorbidity; treatment processes; posttreatment abstinence; drug abuse; comorbid mental disorder, 32777
contingency management interventions; community reinforcement approach; vouchers; cocaine dependence; women; rewards, 20658
contingency management; escalating value; urine tests; buprenorphine maintenance; heroin users; cocaine users; desipramine, 17433
correctional drug treatment; health promotion; drug safety; treatment outcome; substance abuse, 29814
correctional setting; substance abuse; treatment programs; treatment process; continuity of care; system integration; program development; program evaluation, 29807
cost-effectiveness analysis; criminal offenders; drug addiction; adult drug court program, 20660
cost-effectiveness analysis; substance abuse treatment; funding; alternative treatments, 32783
costs; health care professionals' views; expenses; substance abuse treatment services; risk-adjustment models, 32776
criminal involvement; amphetamine abusers; methamphetamine abusers; treatment effectiveness; treatment utilization; drug abuse; community treatment programs, 10990
criminal severity; adolescents; substance abuse treatment; self report; pretreatment offending; risk factors, 31976
criminal violence; drug abuse; residential treatment; causal mechanisms, 11954
dehydroepiandrosterone; cocaine dependence treatment; cocaine usage rates; treatment outcomes, 20661
depressed mood; gender; problem drinking; youth, 5703
designated case managers; facilitators; case management; substance abuse treatment programs; comprehensive service delivery; psychosocial services; medical services, 14472
deterrence; rehabilitation; drug interventions; recidivism; incarceration; residential treatment; crime, 11893
diamorphine; drug prescription; opiate addiction; pain; illicit drug abuse, 32773
disulfiram; methadone treatment; cocaine dependence; cost-effectiveness analysis; methadone-maintained opioid addicts; treatment effectiveness; economic evaluation; double blind clinical trial, 20640
drug abuse treatment cost analysis program; addiction research; substance abuse interventions; economic costs, 2520
drug abuse treatment; treatment barriers; barrier reduction suggestions; alcohol abuse; drug abuse; injection drug users; outreach clients; outreach workers; health administrators, 20622
drug counseling; therapist satisfaction; drug rehabilitation; cognitive therapy; individual therapy; group counseling, 16887
drug courts; criminal involvement; social services; substance abuse; drug treatment, 23609
drug courts; recidivism; drug abuse; drug court treatment programs, 2538
drug dreams; outpatients; bipolar disorder; cocaine dependence; triggers; drug abuse treatment, 19353
drug policy; drug abuse; drug rehabilitation; drug offenders; statues; public opinion; research, 14938
drug prevention treatment programs; drug-use patterns; illicit drug use; homosexual men, 11947
drug related terms; alcohol related terms; terminology; term usage; drug addiction; drug abuse; drug misuse; drug abuse; drug dependency; alcohol drug terms; algorithm, 31955
drug testing; methadone maintenance treatment; substance abuse treatment; urine screening patterns; drug use simulation, 11901
drug treatment completion; post discharge employment; wages; substance abuse; state substance abuse management information systems, 2503
drug treatment program; injection drug users; human capital; institutional disaffiliation; residential treatment; detoxification programs; methadone maintenance programs, 5693
drug treatment; smoking; methadone; drug use, 2511
drug usage; treatment utilization; illicit drugs, 32764
drug use; oral fluid testing; opiates; benzodiazepines; methadone; cannabis; new treatment clients; drug testing, 6314
early treatment drop-out; independent predictors; addiction treatment; demographic factors; gender; ethnicity; treatment outcomes; substance-related factors; outpatient sample; individual therapy, 20643
editorial; alcoholism; treatment; runaway youth; drug abuse, 32792
employment; substance misuse; substance dependency treatment; work, 2509
epidemiology; ethnography; adolescent; substance abuse treatment, 35887
ethnic minorities; addiction treatment services; heroin users; retention rates; methadone treatment, 26743

evaluation; substance abuse services; mental health treatment services; managed behavioral health care; financial incentives; rate setting, 14054
evidence-based practices; substance use disorders; pharmacology; behavioral/psychosocial treatment; treatment effectiveness; interventions, 11925
expert consensus statement; self-help organizations; policymakers; implications; program managers; group involvement; substance use; psychosocial functioning; self-help clearinghouse; referral methods, 20639
expert consensus statement; self-help organizations; policymakers; implications; program managers; group involvement; substance use; psychosocial functioning; self-help clearinghouse; referral methods, 20644
expert consensus statement; self-help organizations; policymakers; implications; program managers; group involvement; substance use; psychosocial functioning; self-help clearinghouse; referral methods, 20632
faith based drug & alcohol treatment providers; charitable choice legislation, 11915
followup outcomes; drug abuse treatment; Drug Abuse Treatment Outcome Studies; treatment duration, 14479
followup studies; treatment outcomes; substance abuse treatment; recovery; symptoms, 14490
gabapentin; cocaine use; drug addicts; chronic psychiatric conditions; cocaine dependence; drug therapy; community psychiatric clinic; urine drug screens, 17438
gabapentin; detoxification treatment; opiate withdrawal; heroin addiction, 20651
gender differences; treatment outcomes; drug abuse treatment; drug use; employment; criminality; self help group; treatment utilization, 32782
general practitioners; drugs; alcohols; brief interventions; tobacco; effectiveness, 29808
genetic variants; addiction; recovery; nicotine therapy; alcohol addiction; dopamine pathway; dopamine metabolism; mu-opioid receptor; catechol-o-methyltransferase gene, 29789
gradualism; harm reduction; drug abstinence; drug rehabilitation; drug addiction; relapse prevention, 11919
harm reduction psychotherapy; substance use treatment, 11946
harm reduction; abstinence; substance abuse treatment; public sector; patient retention, 35875
harm reduction; drug treatment program; drug abstinence; drug prevention, 11922
harm reduction; substance abuse treatment, 11926
harm reduction; substance abuse treatment; social work practices; treatment planning; social workers; 12 step programs, 8874
health outcomes; drug prevention; alcoholism prevention; public policy, 29809
hepatitis c; knowledge assessment; counseling; substance abusers; substance abuse treatment; intravenous drug users; risk factors; prevention, 19854
hepatitis prevention; drug treatment programs; HIV prevention; counseling; injection drug users, 29218
heroin users; drug administration; substance use behavior; drug-taking behavior; drug injectors; abstinence; treatment, 32774
high-dose motivational enhancement therapy; substance use-related problems; psychotherapy, 19691
HIV; HIV risk reduction intervention; outpatient psychiatric care; mental illness; substance use reduction intervention; standard care; sexual risk taking, 16876
in-home continuing care; substance use; family environment; spousal relationships; family members; drug rehabilitation, 35876
injection drug users; hepatitis C-related services; drug treatment programs; health services, 26742
intimate partner violence; drug treatment programs; methadone maintenance; marijuana; cocaine; heroin; sociodemographic variables, 26716
journal introduction; substance abuse treatment; self-help organizations; consensus statement; treatment outcomes; treatment policy; expert panel, 20653
juvenile corrections system; substance abuse treatment; need for treatment; treatment utilization, 20641
key services; treatment programs; special populations; substance abuse treatment facilities; service offerings, 32797
maintenance treatment; opioum dependence; opium dependence; treatment completion; buprenorphine, 20617
managed care; outpatient substance abuse treatment; drug treatment organizations, 20618
marijuana use cessation; continuation high schools; social role; attitude; intrapersonal; violence; demographics; predictors, 32806
maternal alcohol addiction; maternal drug addiction; children's experiences; life circumstances, 19653
mental health program administrators; substance abuse programs administrators; service delivery; perceptions; dual diagnosis, 14592
mental health services; administrative costs; substance abuse services; administrative personnel, 32630
mental health services; substance abuse service; youth detention center; Mental Health Alcohol Tobacco and Other Drugs Service; substance dependency services, 35911
mental health services; substance abuse treatment; female drug abusers; injection drug users; mental health service history, 20621
mental health treatment; substance abuse treatment; technology transfer; innovations diffusion; empirically supported treatment, 26199
mental health treatment; substance abuse treatment; technology transfer; innovations diffusion; empirically supported treatment, 26198
mental health treatment; substance abuse treatment; technology transfer; innovations diffusion; empirically supported treatment, 26197
mental health treatment; substance abuse treatment; technology transfer; innovations diffusion; empirically supported treatment, 26217
methadone maintenace treatment; treatment cessation; withdrawal symptoms; buprenorphine; opioid dependence; treatment reduction & cessation, 8851
methadone maintenance treatment; long term effectiveness; psychosocial variables; pharmacological variables; heroin-dependent patients, 2502
methadone maintenance treatment; teratogenic issues; prenatal issues; neonatal issues; treatment outcome; pregnancy; heroin addicted women, 29778
multiple measures; treatment outcomes; prison-based drug treatment program; recidivism, 11892
naltrexone; heroin dependence treatment; opioid dependence; medication compliance, 29794
national spending; mental health treatment; substance abuse treatment; client age; children; adults; older adults; health care expenditures, 20537
Native American health centers; health care delivery; Native American women; substance abuse treatment; Women's Circle, 5133
Native Americans; residential treatment program; substance abuse treatment; healing experience; alcohol dependence; Friendship House; psychological treatment; recovery experience, 5680
network therapy; opioid use; buprenorphine maintenance; family members; addiction treatment, 29786
office-based treatment; opiate addiction; buprenorphine; naloxone; urine samples; opiate cravings, 11914
office-based treatment; opiate addiction; buprenorphine; naloxone; urine samples; opiate cravings, 11909
opiate detoxification; pregnancy; methadone withdrawal; opiate dependent women; drug rehabilitation; drug safety, 19688
opiate detoxification; pregnancy; methadone withdrawal; opiate dependent women; drug rehabilitation, 19680
opioid substitution treatment; OST; minimal services treatment; MS patients; substitution treatment; program evaluation; illicit drug use; abstinence, 2497
optimism; abstinence; self-efficacy; self-mastery; cognitive resources; recovering substance abusers; Oxford House model; twelve-step members, 17436
outcomes; costs; day hospital treatment; community-based day treatment; chemical dependency; alcohol dependence; drug dependence, 26726
outpatient program; substance-use disorders; retention; treatment outcome; length of stay; mixed-gender program; women-only program, 8876
outpatient substance abuse services; group counseling; individual counseling; treatment performance; performance measurement, 11930
outpatient substance treatment organizations; organizational efficiency; administrative burden; organizational productivity, 8866
outpatient treatment; marijuana dependence; relapse, 8869
parental drug use; drug treatment compliance; family reunification; substitute care, 17443
participant retention; outpatient drug-free treatment; drug use; intake role induction session, 17432
patient factors; program factors; supportive services; service utilization; Drug Abuse Treatment Outcome Studies, 14470
pharmacological approaches; neurobiological research; chronic alcohol intake; alcoholism, 11913
pharmacological treatment; drug users; brief review; service providers; commissioners; informed decisions, 32786
pharmacological treatment; neurobiological approach; drug addiction; anhedonia, 20664
physical abuse; sexual abuse; violence; patient history; methamphetamine dependence; drug treatment; gender differences; treatment response; psychiatric problems; psychological problems; retention, 8853
prediction; drug court; substance abuse treatment; treatment retention; premature termination, 11953
predictive validity; ASAM Patient Placement Criteria; alcoholism; levels of care; treatment recommendations, 6304
predictors; drug treatment re-entry; relapse; cocaine use; Drug Abuse Treatment Outcomes Studies, 14476
pregnant women; early attrition; substance abuse treatment; treatment retention; at risk women; drug treatment, 32788
pregnant women; opioid dependent; drug liaison midwife services; sociodemographic background; substance use; medical history; drug treatment; neonatal outcomes; maternal outcomes, 20659
prison-based treatment; dually diagnosed inmates; prison substance abuse treatment and reentry programs; therapeutic community; co-occurring mental illness; substance abuse; recidivism reduction, 14463
prize reinforcement contingency management; cocaine use; treatment efficacy, 29805
problem drinking; mortality rates; intervention, 32763
process evaluations; correlation programs; comprehensive evaluation; therapeutic communities; TC; drug involved offenders; substance abuse treatment, 5721
psychiatric comorbidity; adolescent drug abusers; substance abuse disorders; psychiatric disorders; treatment outcomes; family therapy; cognitive behavioral therapy, 20166
psychopathology; treatment outcome; drug dependent women; perinatal program, 26723
psychosocial functioning; addictive behavior; alcohol treatment; drug treatment; behavior change; offenders; recidivism; client treatment matching; treatment outcome; drug abuse, 11921
public policy; practice; scientific communication; alcohol treatment; drug rehabilitation; juvenile justice system; adult justice system; drug abuse; alcohol abuse; research, 14931
public sector drug treatment; gender differences; treatment outcomes; psychosocial improvement, 2500
quality of life; oral methadone; buprenorphine; opioid dependent patients, 17431
recovery; opioid addiction; Drug Abuse Treatment Outcome Studies; outpatient programs; methadone treatment, 14471
relapse prevention; cognitive-behavioral model; alcohol problems; drug problems; addictive disorders; treatment efficacy, 23628
relapse prevention; drug addiction; drug rehabilitation; drug abstinence; factors, 11899
relapse; adolescent drug abusers; comorbidity; attention deficit disorder with hyperactivity; risk factors; drug abuse treatment; ADHD, 26729
relapse; marijuana dependency; outpatient treatment; substance abuse treatment; comorbidity; major depression; attention deficit hyperactivity disorder, 35895
research partnership; public policy; Pennsylvania Department of Corrections (DOC); assessment of drug and alcohol programming; drug treatment evaluation, 32852
residential institutions; corrections-based drug treatment; drug abuse; young offenders; treatment delivery, 11885
risk factors; drug addiction; outcome, 4730
risk factors; prisons; substance abuse treatment outcomes; reincarceration, 29813
self help groups; substance abuse; psychiatric comorbidity; religious orientation; gender; age; history; effectiveness, 2506
self-governance; drug abuse recovery; substance abuse recovery; residential treatment; rule implementation; self efficacy; social support networks, 11918
service networks; substance abuse treatment access; health service delivery; criminal justice treatment networks; substance-abusing female offenders; systemic change, 35915
smoking cessation; partner support; group therapy; drug treatment; smoking abstinence, 35881
smoking cessation; substance abuse treatment; substance abusers; psychiatric comorbidity; smoking behaviors, 32808
social risk factors; social relationship patterns; residential treatment program; juvenile justice systems; treatment experiences; adolescents, 11934
spiritual self-schema therapy; 3-S therapy; cognitive psychology; Buddhist psychology; self-schema theory; intervention; illicit drug use; HIV risk behaviors; inner city injection drug users, 35862
spirituality assessment; coping; disease reduction; spiritually based interventions; Spiritual Health Inventory; substance abuse; test reliability; test validity, 30370
staff perceptions; participant perceptions; prison-based substance abuse treatment program, 11884
state spending; federal block grants; substance abuse treatment; substance abuse prevention; federal Substance Abuse Prevention and Treatment Block Grant, 14467
substance abuse counselors; philosophy; treatment services; offenders; drug court programs; knowledge; beliefs, 8875
substance abuse recovery; criminal behavior; Transcendental Meditation; crime prevention; criminal rehabilitation; risk factors, 8838

substance abuse treatment initiation; major depression; cognitive status; behavioral health service use; demographic factors, 32801
substance abuse treatment intensity; managed behavioral health care; co-payments; outpatient treatment; inpatient treatment, 14377
substance abuse treatment; American Indians; Telephone Aftercare Program; coping skills; residential medical care, 5588
substance abuse treatment; attrition; treatment dropout, 23613
substance abuse treatment; correctional settings; history; heroin addiction, 11889
substance abuse treatment; emergency department utilization; HIV infected persons; alcohol problems; demographic characteristics, 2515
substance abuse treatment; HIV; Personalized Nursing LIGHT model; medical treatment; AIDS; integrated care; evidence based practice, 11320
substance abuse treatment; managed care; client characteristics; outpatient treatment; employed population, 11927
substance abuse treatment; pregnant women; sexual abuse; drug treatment outcomes; parenting women, 20628
substance abuse treatment; residential program; treatment outcomes; patient perspectives; adolescents, 11903
substance abuse treatment; romantic relationships; inpatient treatment; rehabilitation romance; health personnel; sexual behavior, 11907
substance abuse treatment; solution-focused therapy; therapeutic community; long term residential care; day treatment, 8870
substance abuse treatment; substance abuse; punishment; history; attitudes; correctional rehabilitation, 11890
substance abuse treatment; traditional counseling; alcohol abuse; Navajo culture; sweat lodge ceremonies; SLC; jail-based treatment; inmate patients, 5684
substance abuse treatment; treatment adherence; virological response; highly active antiretroviral therapy; HIV-infected people; alcohol problems, 29224
substance abuse treatment; treatment agencies; opinion leaders; co-occurring disorders; mental health disorders; technology transfer agents, 20748
substance abuse treatment; treatment cost; cost effectiveness; probation agencies; mental health; primary care; depression treatment; clozapine; schizophrenia treatment, 32238
substance abuse treatment; treatment duration; treatment retention; adolescents; psychosocial factors, 32758
substance abuse treatment; treatment outcomes; qualitative analysis; adolescents, 11904
substance abuse treatment; treatment programming; policy development; treatment planning, 8867
substance abuse treatment; Yuma County Adult Drug Court; program effectiveness; treatment outcomes; relapse, 11924
substance abusers; clinical approaches; self-help; treatment engagement; drug abuse; drug rehabilitation, 23623
substance abusing patients; classification accuracy; cognitive impairment; Neuropsychological Assessment Battery, 30472
substance disorders; adolescents; family oriented treatment; treatment outcome; twelve-step program; day treatment setting, 26715
substance use intervention; ethical issues; governmental interventions; medical interventions; drug use, 20760
substance use; adolescent crime; substance abuse treatment; early deviant behavior; life circumstances, 20638
substance use; civil society organizations; nongovernmental organizations; drug demand reduction, 35883
substance use; recovery-friendly prison environments; Drug Reduction Strategy Project; urine testing; drug interdiction; drug testing, 32843
substance user treatment; treatment outcome measurement; treatment success, 35861
substance-abuse treatment; tranquillizers use; substance use; women; addiction, 23610
substitution treatment; buprenorphine; heroin addicts; France; buprenorphine; clinical parameters, 14488
terminology; terms; alcohol drug field; alcohol abuse; drug abuse; drug abuse prevention; drug rehabilitation; term usage; definitions, 31940
therapeutic community program; continuum of care; patient perspectives; drug treatment experiences; young adult patients; adolescent patients, 11905
therapeutic community; family therapy; contextual therapy; substance abusers; treatment; family involvement, 32363
therapist adherence; competence; treatment discrimination; NIDA collaboration cocaine treatment study; psychosocial interventions; treatment integrity; cocaine dependence; cognitive therapy, 11896
therapists; outpatient treatment; alcoholism; substance use disorders; therapist rotation; therapeutic alliance, 20647
travel distance; outpatient drug treatment; client retention; treatment completion; length of stay, 11897
treatment completion; residential drug treatment; residential alcohol treatment; treatment outcomes; low-income inner city patients, 20657
treatment delivery; adolescents; juvenile drug court model; drug abuse; alcohol abuse; juvenile delinquency; drug rehabilitation; alcohol rehabilitation, 14455
treatment developments; cannabis use disorder; cannabis abuse; cannabis dependence; cognitive-behavioral interventions, 26713
treatment expansion initiative; aftercare participation; recidivism; prison-based therapeutic community treatment; drug rehabilitation, 29774
treatment noncompliance; criminal justice mandated clients; physical prime; support social networks; treatment motivation; risk-taking propensity; social involvement; treatment progress, 20663
treatment outcome; methadone maintenance; drug dependency; substance abuse; patient characteristics, 35872
treatment process components; pre-treatment motivation; frequency & content of counseling services; program perceptions; methadone dose; heroin use outcomes; methadone treatment, 8858
treatment retention; drug users; motivational interviewing; heroin-program; treatment drop-outs, 35889
treatment; drug-related offenders; crime; punishment, 14459
urine testing; methadone mainentance treatment; testing schedules, 8857
urine testing; methadone mainentance treatment; testing schedules, 8872
urine testing; methadone mainentance treatment; testing schedules; criminal justice clients; substance abuse disorders, 8861
urine testing; methadone maintenance treatment; testing schedules, 8854
urine testing; methadone maintenance treatment; testing schedules, 8855
voucher-based reinforcement therapy; voucher programs; drug abusers; community donations; solicitation campaigns, 20620
web-based interventions; substance use disorders; alcohol use disorders; treatment effectiveness, 20630

Drug Rehabilitation [See Also Alcohol Rehabilitation, Detoxification]—Books

Counseling the alcohol and drug dependent client: A practical approach, 5708

Drug Rehabilitation [See Also Alcohol Rehabilitation, Detoxification]—Chapters

Emotional experiences in the psychosocial transition of becoming drug free: A diary study, 5710
Increasing collaboration between mental health and substance abuse professionals, 5150
Origins, case management, and treatment of the substance-abusing offender, 2546
Recovery maintenance and relapse prevention with chemically dependent adolescents, 16899
Something works—Therapeutic communities in the treatment of substance abuse, 2552
Substance abuse and dependence disorders in women, 16513

Drug Self Administration—Serials

addiction behavior; rat; drug abuse; phylogeny; cocaine self administration, 34143
drug seeking; cocaine self administration; addiction; compulsive behavior; rats, 34184
drug self-administration; Darwin, 728
gabapentin maintenance; cocaine self-administration; Gamma Aminobutyric Acid Agonists; cocaine-related behaviors, 35878
heroin self-administration; rats; perinatal lead exposure; gestation; lactation, 27935
hippocampal memory system; cocaine self-administration; rats; drug-seeking behavior; lidocaine, 30813
persistent cocaine self-administration; amygdala-dependent learning; dorsal striatum-dependent learning; multiple memory system functioning; rats, 27948
pharmacogenetics; alcohol self-administration; withdrawal; alcohol abuse disorders; genetic risk factors; rodent genetic animal models; alcohol-related traits; endophenotypes, 31921
quetiapine abuse; prison inmates, 35045
social phobia; gamma hydroxybutyrate; self administration; drug dependence; drug abuse; severe withdrawal syndrome, 35497

Drug Sensitivity—Serials

adjunctive modafinil; treatment; efficacy; safety; selective serotonin reuptake inhibitor; therapeutic effects; degree; onset; major depressive disorder; fatigue; fluoxetine; paroxetine, 23279
alcohol sensitivity; females; paternal history; alcoholism, 9985
amphetamine; drug sensitization; rats; chloral hydrate; contextual input; drug pretreatment; locomotion, 797
amphetamine; sensitization; dopaminergic neurotransmission; cholecystokinin; psychotic disorders; substance abuse; rat exploratory behavior; central nervous system; locomotor response, 27848
antipsychotic treatment; effectiveness; schizophrenia; olanzapine; quetiapine; risperidone; haloperidol; positive symptoms; negative symptoms; depressive symptoms; cognitive symptoms; tolerability, 23235
behavioral sensitization; estrogen; sex differences; cocaine; rats, 13017
carbamazepine; drug hypersensitivity syndrome; human herpesvirus 6; reactivation; schizophrenia, 11356
circadian cocaine sensitization; pineal gland; clock genes; mice; circadian Period1 expression; striatum; behavioral sensitization; locomotion, 10052
clozapine; clinical response; schizophrenic patients; negative symptoms assessment; schizophrenia predictive factors; clinical outcome; antipsychotic drug resistance; metabolic capacity; genetic data, 8525
cocaine self administration; drug sensitivity; animal sex differences; sex hormones; brain organization; rats, 10003
dopamine D3 receptor ligands; nicotine conditioning; nicotine associated cues; environmental effects; nucleus accumbens, 13029
drug sensitivity; locomotion activaton; cocaine; mice; conditioned locomotion, 791
early developmental lead exposure; cocaine sensitivity; adulthood; self-administration; pregnancy; nursing; rats, 13048
ecstasy; nantenine akaloid; MDMA; physiological effects; hyperthermia; lethality; locomotor stimulation; selective antagonist; antagonist prazosin; core temperature; mice; behavioral effects, 24801
ethanol injections; low dose; acute administration; repeated administration; ethanol locomotor effect; alcohol; motor activity; high dose; acute administration; drug sensitivity; motor sensitization, 9969
glutamate receptors; GluR1 subunits; drugs of abuse; GluR1 knockout mice; sensitization, 6854
glutamate receptors; GluR1 subunits; drugs of abuse; GluR1 knockout mice; sensitization, 6992
growth hormone; prolactin; apomorphine; bipolar depression; unipolar depression; drug sensitivity, 5312
immediate-release formulations; controlled-release formulations; pharmacokinetics; antidepressants; nausea; efficacy; side effects; selective serotonin reuptake inhibitors; tolerability, 11482
individual differences; drug sensitivity; cocaine-seeking behavior reinstatement; rats; cocaine-conditioned cues; amphetamine priming injection, 24815
kappa opioids; sensitivity; rats; exercise wheels; behavior; spiradoline; antinociception; locomotor activity; conditioned place preference; diuresis, 13078
locomotor response; corticotropin-releasing factor; repeated cocaine exposure; cocaine preexposure; behavioural change; central nervous system; central injections; locomotor activity; drug free period, 9984
locomotor sensitization; presynaptic stimulation; dopamine agonist; quinpirole; drug tolerance, 18765
major depressive disorder; placebo substitution trial; relapse prevention; gepirone-IR therapy; efficacy, 20273
mesolimbic dopamine transmission; rewarding effects; aversive motivational effects; nicotine; ventral tegmental area; neural substrate; sensitivity, 13028
mirtazapine; orally disintegrating tablet; sertraline; antidepressant efficacy; major depressive episode; onset of action, 8482
morphine; cocaine; induced c-Fos level; Lewis rat strains; Fischer rat strains; conditioned taste aversion; reward; aversion; locomotion; brain region activity, 27893
neonatal dopamine loss; olanzapine treatment; phencyclidine; behavioral sensitization; rats, 24834
neuroleptic malignant syndrome; adverse reactions; depressive symptomatology; psychomotor retardation; antipsychotic drugs; paroxetine; olanzapine; drug interactions, 8518
neuroleptic malignant syndrome; psychoactive medications; neuroleptic treatment; African American male; respiratory distress; hepatic metabolism; olanzapine; fluphenazine; drug interactions, 8550
neurotransmitter; medial prefrontal cortex; psychostimulants; mesocorticolimbic dopamine system; drug addiction; behavioral sensitization, 15584
nicotine/tar ratio; cigarrette puffing behavior; nicotine yield; smoking conditions; tar yield; sensory evaluation; smoking behavior; sensory response; nicotine delivery, 10433
nicotine; behavioural sensitisation; alcohol drinking; voluntary alcohol intake; rats; locomotor effects, 27872
nitric oxide; antinociception; antisense oligodeoxynucleotide; mice; neuronal nitric oxide synthase enzyme; sensitivity, 30986

operant conditioning procedures; vertical graph shifts; dose-response rate-relationships; drug abuse liability; drug reinforcement; tolerance-to sensitization paradigm change, 16255
operant conditioning procedures; vertical graph shifts; dose-response rate-relationships; drug abuse liability; drug reinforcement; tolerance-to sensitization paradigm change, 15827
operant conditioning procedures; vertical graph shifts; dose-response rate-relationships; drug abuse liability; drug reinforcement; tolerance-to sensitization paradigm change, 15723
operant conditioning procedures; vertical graph shifts; dose-response rate-relationships; drug abuse liability; drug reinforcement; tolerance-to sensitization paradigm change, 15793
operant conditioning procedures; vertical graph shifts; dose-response rate-relationships; drug abuse liability; drug reinforcement; tolerance-to sensitization paradigm change, 15800
operant conditioning procedures; vertical graph shifts; dose-response rate-relationships; drug abuse liability; drug reinforcement; tolerance-to sensitization paradigm change, 15763
opioid receptors; chronic naltrexone treatment; mice; opioid agonists; sensitivity; brain regions, 15767
partial D2 agonist; terguride; cocaine-induced behavioral sensitization; cocaine sensitization; locomotor activity; preweanling rats; addiction process, 782
phencyclidine; drug hyperresponsiveness; amygdala lesions; animal model; schizophrenia; locomotor activity, 708
plasma cocaine levels; locomotor sensitization; disulfiram; antabuse; cocaine addiction; brain dopamine; rats, 7194
prefrontal cortex; rats; serotonin; serotonin receptor agonist; prefrontal cortex; dorsal hippocampus; drug sensitivity, 21842
risperidone; delirium; efficacy; safety, 23283
sensitivity; cholecystokinin-tetrapeptide; major depression; panicogenic effects; panic disorder patients, 26386
sensitivity; tolerance development; reaction latency; operant behavior; cannabinoid receptor blockade; potency; efficacy; WIN 55,212-2; CP 55,940; Δ^9-THC; hypothermia; receptor antagonists, 18731
tolune dependence; cross-sensitization; diazepam; locomotion; CNS depressants; mice; handling-induced convulsions; locomotor effects, 21924
turning behavior; caffeine exposure; sensitization; amphetamine; striatal dopamine release; hydroxydopamine-lesioned rats, 702
venlafaxine; placebo; preventive treatment; recurrent major depression; long-term efficacy; safety, 23273
Drug Synergism [See Drug Interactions]
Drug Testing [See Drug Usage Screening]
Drug Therapy [See Also Hormone Therapy, Polypharmacy, Vitamin Therapy]—Serials
24S-hydroxycholesterol; brain cholesterol metabolism; Alzhimer's disease; beta amyloid; statins; simvastatin, 5029
5HT2A receptors; platelets; bipolar; schizoaffective; lithium, 5327
academic detailing; asthma medication prescription; Danish general practice; clinical guideline, 29451
acamprosate; abstinence; alcohol consumption, 14134
acamprosate; alcohol-dependent patients; hypothalamic-pituitary-adrenal system; hyperactivity; dexamethasone; corticotropin-releasing hormone; detoxified alcoholics, 26750
acetyl cholinesterase inhibitors; clinical response predictors; Alzheimer's disease; dementia, 2316
acetylcholinesterase inhibitor; cytokines; peripheral blood mononuclear cells; Alzheimer's disease; neuronal transmission, 26367
acetylcholinesterase inhibitor; EEG; short-term memory performanace; cholinergic neurotransmission; rivastigmine; donepezil; Alzheimer patients, 11631
acetylcholinesterase inhibitors; AChE; cholinergic transmission; stimulation; symptomatic improvements; chronic treatment; treatment efficacy; hippocampal muscarinic receptor; mice; Alzheimer disease, 17205
acetylcholinesterase inhibitors; Alzheimers disease; naringenin; flavanone; amnesia; methanol extract; chemopreventive agent; anti-amnesic agent; citrus junos, 34157
active antiretroviral therapies; medication regimen; paediatric HIV infection; adherence issues; family; parental beliefs, 11648
activities of daily living; functional disability; Alzheimers disease; memantine; autonomy; drug therapy, 26161
acute & long-term treatment; prevention of relapse; obsessive-compulsive disorder; paroxetine; safety; efficacy, 2172
acute depression; treatment quality; treatment costs; primary care; outpatient treatment; cross cultural differences, 32438
acute mania; treatment; bipolar disorders; depressive; manic episodes; mood stabilisers; antipsychotics; electroconvulsive therapy; monotherapy; psychopharmacology; treatment guidelines, 20125
acute pain; chronic pain management; advanced cancer; opioid dosing; titration; analgesia, 14258
acute psychosis; phenytoin; nonepileptic patient; antiepileptic drug treatment; trigeminal neuralgia, 11647
acute psychotic behavioral disturbance; inpatient psychiatric settings; psychotropic medications; antipsychotics; benzodiazepines, 29750
acute treatment; psychotic agitation; oral treatment; intramuscular treatment; risperidone; lorazepam; haloperidol, 23228
acute treatment; schizophrenia; atypical antipsychotics; rapid response; antipsychotic doses, 11571
acyl-estrone; pharmacological treatment; body lipids; food intake; body weight; obese rats; Wistar rats; Zucker rats; Goto-Kakizaki rats, 15773
add-on melatonin; quality of life; epileptic children; sodium valproate monotherapy; physical function; emotional well-being; cognitive function; social function; behavior; general health, 26491
adenosine receptor antagonist; istradefylline; motor fluctuations; peak-dose dyskinesias; levodopa-treated Parkinson's disease; drug safety; drug efficacy, 8622
ADHD; attention deficit hyperactivity disorder; executive function; drug therapy; behavior therapy; combined treatment, 8061
adherence; conventional and atypical antipsychotics; schizoaffective disorder; schizophrenia; hospital discharge; predictors; gender; illness severity; attitudes toward medication; side effects; dose, 23233
adjunct therapy; fatigue; sleepiness; major depression; partial responders; antidepressants; symptoms; modafinil, 2153
adjunctive donepezil; cognitive impairment; schizophrenia; cognitive functions; treatment outcome; acetylcholinesterase inhibitors, 26440
adjunctive medication; long-acting risperidone; schizophrenic symptoms; comorbid conditions; drug side effects, 17070
adjunctive modafinil; treatment; efficacy; safety; selective serotonin reuptake inhibitor; therapeutic effects; degree; onset; major depressive disorder; fatigue; fluoxetine; paroxetine, 23279
adjunctive oxcarbazepine; anxiety disorder; affective disorder; hypoantremic seizure; comorbidity, 11508
adjuvant glycine; olanzapine; risperidone; negative symptoms; cognitive symptoms; treatment-resistant schizophrenia; NMDA receptors, 11499
adolescent depression; drug therapy; parental resistance; antidepressants; psychotherapy; cognnitive behavioral therapy, 23257
adolescent schizophrenia; first-episode schizophrenia; effectiveness; safety; tolerability; adolescent-onset schizophrenia, 2240
adolescent smokers; nicotine patch; bupropion; treatment efficacy, 32787
adrenergic receptor; G-Protein; genes; polymorphisms; weight gain; clozapine treatment; patient compliance, 26439
adult ADHD; Concerta XL; methylphenidate; treatment, 32456
advanced Huntington's disease; treatment; minocycline, 14252
adverse drug events; appropriate prescribing; compliance; pharmacoepidemiology; psychiatric medications, 5360
adverse effects; antipsychotics; medication adherence; erectile dysfunction; sexual side-effects; risperidone therapy; quetiapine; diabetes; metabolic acidosis; retrograde ejaculation; drug dosage, 26405
adverse health effects; prescription drugs; chronic condition; benefit design; pharmacy benefits; drug use; privately insured; at risk populations; costs, 23377
African American; schizophrenia; medication; clozapine; divalproex sodium; risperidone; intellectual functioning; supported employment program; transitional program, 29758
age differences; medication acceptance; medical condition severity; side effects; physician trust; judgment processes, 32545
age; treatment response; serotonergic antidepressants; noradrenergic antidepressants; depression, 5319
aggressive behavior; epilepsy; patients; levetiracetam; add-on therapy; drug therapy; side effects; irritability; aggression symptoms; psychotic symptoms; behavioral tolerability, 2288
agitation; emergency psychiatric intervention; treatment;epidemiology; aggressive behavior; mental disorders; assessment; diagnosis; pathophysiology; safety risk; triune brain model; pharmacology, 29318
AIDS dementia complex; highly active antiretroviral therapy; survival, 8613
alcohol craving; alcohol use; bipolar disorder; cocaine dependence; quetiapine; mood, 11524
alcohol dependence treatment; life quality; dependence treatment; acamprosate; psychosocial support; treatment outcomes, 20656
alcohol dependence; treatment; acamprosate; safety; efficacy, 20624
alcohol detoxification; social anxiety symptoms; mirtazapine; treatment efficacy, 5119
alcohol withdrawal delirium; propofol; benzodiazepines; drug therapy, 17087
alcohol withdrawal syndrome; gabapentin; clomethiazole; alcohol dependence, 2148
alcohol withdrawal treatment efficacy; alcohol withdrawal; intoxicated patients; tiapride; carbamazepine; clomethiazole; diazepam, 5692
alcohol-dependent individuals; abstinence maintenance; acamprosate efficacy, 20649
alcohol-dependent patients; acamprosate; efficacy; safety; alcohol use; alcohol craving; Korean patients, 5696
alertness; child behavior; combination topiramate; vagus nerve stimulation; refractory epilepsy, 23389
allergic rhinitis; budesonide aqueous nasal spray; fluticasone propionate nasal spray; sensory attributes; patient preferences; starting dose, 8641
Alzheimer disease; citalopram; aberrant motor behaviors, 5458
Alzheimer's disease treatment; cholinesterase inhibitors; moderate AD; mild AD; memantine, 20492
Alzheimer's Disease; Donepezil; athetosis, 11678
Alzheimer's disease; donepezil; drug efficacy; acetylcholinesterase inhibitor; treatment outcomes; tolerability, 32543
Alzheimer's disease; galantamine; economic evaluation; pharmacologic treatment; United States, 8530
Alzheimer's disease; risperidone; sleep/wake patterns; wandering; aggressiveness; dopamine receptor; binding potential, 26401
Alzheimer's disease; treatment; vascular dementia; dementia; cognition; glutamatergic neurodegeneration; antiglutamatergic drugs, 29153
Alzheimers disease; neuropharmacological basis; memantine use; Alzheimers disease treatment, 11672
Alzheimers disease; neuroprotective strategies; cholinesterase inhibitors; nonpharmacologic interventions; psychopharmacologic agents; pathophysiology; diagnosis, 32145
amantadine; cocaine dependence; smoked cocaine; crack cocaine; cocaine self-administration; subjective effects; cardiovascular effects, 8492
amisulpride-induced mania; schizophrenia; female patient; drug side effects, 5320
amisulpride; weight gain; atypical antipsychotic drugs; drug side effects; drug therapy, 29352
amitriptyline; dual action mechanisms; serotonin effects; serotonin toxicity; clomipramine; efficacy; norepinephrine reuptake; antidepressant action, 11490
amitriptyline; dual action mechanisms; serotonin effects; serotonin toxicity; clomipramine; efficacy; norepinephrine reuptake; antidepressant action, 11563
amoxapine; schizophrenia; antidepressant drug; drug therapy; psychiatric symptoms, 32434
analgesic drug development; pain relief; analgesics; pharmaceutical industry; biomedical research; clinical practice; acute pain; chronic pain, 17041
anatomo-functional brain variables; basal symptoms; risperidone response; schizophrenia; temporal lobe; positron emission tomography; magnetic resonance imaging; brain metabolism, 5316
androgenic steroid; dehydroepiandrosterone; DHEA; Alzheimer's disease; AD; additive effects; drug development; putative effects; AD treatment, 8625
antagonist yohimbine; fluoxetine; rate of antidepressant response; adrenoceptors; monoaminergic neurotransmission; major depression; mood disorders, 26426
anti-epileptic drugs; neuroprotectants; cerebral ischemia; stroke; epilepsy; brain injury; therapeutic benefit, 11658
anti-tumor necrosis factor-alpha; etanercept; treatment-refractory pain; lung cancer; breast cancer; bone metastasis; spinal metastasis; osteoclasts; neuropathic pain, 8646
antibipolar drugs; bipolar disorder; epidemiology; prevalence; bipolar disorder pharmacology; bipolar spectrum disorders, 23215
anticonvulsant prophylaxis; brain tumour; seizures; drug therapy, 23395
anticonvulsant therapy; epileptic seizures; seizure; neurology; clinical decision making; dose adjustment, 5413
anticonvulsant treatment; neonatal seizures; benzodiazepines, 29461
anticonvulsants; anxiolytics; tiagabine; GABA; psychopharmacological mechanisms; gamma aminobutyric acid; anxiety; pathogenesis; neurotransmission, 23301

antidepressant activity; melancholic features; receptor antagonist; depressive disorder; sexual side effects; substance p; receptor agonist; major depression, 23258
antidepressant adherence; depressive disorders; side effects; drug tolerability; patient education; patient-physician relationship; controlled-release antidepressants, 11534
antidepressant discontinuation; antidepressant continuation; acute bipolar depression remission; depressive relapse; mood stabilizer regimen; acute depressive episode, 29389
antidepressant discontinuation; antidepressant continuation; acute bipolar depression remission; depressive relapse; mood stabilizer regimen; acute depressive episode, 29307
antidepressant drug treatment; genetic variability; drug action; neurotransmitter receptors; therapeutic guidelines; major depressive disorders, 11513
antidepressant drugs; antidepressant experiences; meditators; subjective effects, 2147
antidepressant drugs; drug therapy; therapy completion; drug doses; treatment compliance; treatment outcome; depression; treatment duration, 14200
antidepressant drugs; venlafaxine; fluoxetine; setraline; nefazodone; drug-drug interaction; erythromycin; alprazolam; cytochrome P-450 3A4 induction & inhibition, 9978
antidepressant efficacy trials; inclusion criteria; exclusion criteria; major depressive disorder; bipolar depression; drug therapy, 17095
antidepressant medication; alexithymia; major depression, 2206
antidepressant medication; depression; relapse prevention; primary care; self management; intervention effects, 1935
antidepressant medication; depression; relapse prevention; primary care; self management; intervention effects, 26214
antidepressant medication; ejaculation; mirtazapine; paroxetine; males, 2236
antidepressant medication; treatment; suicide; adolescents; children; gender; age group; regional median income; regional racial composition, 2204
antidepressant medications; antidepressant treatment; pregnancy; depression, 2201
antidepressant response; antidepressant drugs; psychological predictors; biological predictors; drug therapy; treatment outcomes, 29323
antidepressant therapies; remission; depression, 5355
antidepressant therapy; complaints; Hispanic ethnicity; antidepressant medications; adherence problems; physicians' reaction, 8545
antidepressant therapy; nonadherence; treatment duration; adverse events; physician-specific issues; medication-specific issues; patient-specific issues, 8524
antidepressant treatment; dehydroepiandrosterone sulfate; amitriptyline; paroxetine; depressed patients; adrenal androgens; hypothalamus; pituitary system, 35522
antidepressant treatment; dexamethasone suppression; thyrotropin releasing hormone stimulation; growth hormone response; depresed patients; dopaminergic system; hypothalamic-pituitary-thyroid axis, 13589
antidepressant use; self-report; claims data, 16883
antidepressants; carcinogenesis; cancer; tumors, 5350
antidepressants; clinical time course; selective serotonin reuptake inhibitor; paroxetine; selective noradrenergic reuptake inhibitor; desipramine; early behavior change; major depression; retardation, 20341
antidepressants; imipramine; fluvoxamine; depressive mood; cardiovascular system; major depression; heart rate; blood pressure; orthostatic challenge, 17091
antidepressants; pharmacologic mechanisms; side effects; serotonin; norepinephrine; dopamine neurotransmission, 5348
antidepressants; prozac; depression treatment; psychopharmaceuticals; feminist traditions; gender, 35511
antidepressants; public health; major depressive disorder, 29340
antidepressive medication; sexual dysfunction, 11536
antidepressive treatment; temporal lobe epilepsy; major depression; antidepressants, 11516
antiepileptic drug; AED; chronic refractory epilepsy; patient populations; disease characteristics; monotherapy; efficacy; tonic-clonic seizure, 16787
antiepileptic drug; cognitive effects; neuropsychology; topiramate treatment; valproate; carbamazepine; behavioral effects; seizures, 15778
antiepileptic drugs; AED; ethical concerns; adjunctive therapy; efficacy; safety; tolerability; monotherapy; refractory partial seizures; outpatient conversion; presurgical conversion, 17150
antiepileptic drugs; eye closure; anticonvulsant drugs; pharmacokinetic/pharmacodynamic modeling; cortical stimulation; seizures; lamotrigine; ictal signs; midazolam; tiagabine; drug dosage; rats, 733
antiepileptic drugs; impaired memory; epilepsy, 35642
antiepileptic drugs; reduced bone mineral density; management, 26477
antiepileptic medication; health-related quality of life; seniors; epilepsy; randomized controlled trials, 11662
antimigraine drugs; drug consumption; migraine pain; daily doses, 23373
antioxidant therapy; neurovascular processes; short term treatment; long term therapy; primary ageing processes; sensory neurovascular function; secondary ageing processes; rats, 7213
antiparkinsonian drugs; cardiac autonomic dysfunction; schizophrenia; parkinsonism; biperiden; psychotic symptoms, 2203
antipsychotic agents; older patients; physicain decision making; Expert Consensus Guidelines; drug selection; treatment decision making; up to date information; accurate information; survey responses, 14121
antipsychotic clozapine; clozapine-induced hypersalivation; anticholinergic pirenzepine; side effect; schizophrenia patients, 23295
antipsychotic drug use; schizophrenia; pharmacotherapy, 20414
antipsychotic drug; drug doses; chlorpromazine equivalents; defined daily doses; drug comparison, 8538
antipsychotic drugs; aripiprazole; risperidone; upcoming conferences, 2220
antipsychotic drugs; bipolar disorder; mania; maintenance treatment, 5275
antipsychotic drugs; guidelines; patients with complicating conditions; congestive heart failure; cognitive impairment; diabetic neuropathy; diabetes mellitus; obesity; dyslipidemia; drugs to avoid, 14113
antipsychotic drugs; medications; delayed onset; antipsychotic effect, 11457
antipsychotic drugs; obesity; diabetes; psychotic conditions management; second-generation antipsychotics; drug tolerance; dyslipidemia, 20272
antipsychotic drugs; physiological processes; neuroleptic drugs; side effects; major depression; neuroleptic dysphoria, 14196
antipsychotic drugs; tardive dyskinesia; receptor affinity; antipsychotic treatment, 23219
antipsychotic effects; hospitalization risk; selection bias; observable factors; unobservable factors; schizophrenia, 17082
antipsychotic indications; older patients; psychotic symptoms; schizophrenia; mania; psychosis; delusional dementia; delusions, psychotic major depression; delusional disorder; delirium, 14119
antipsychotic medication use patterns; costs of care; schizophrenia, 5310
antipsychotic medication; atypical antipsychotics; prescription rates; drug therapy; schizophrenia; clozapine; treatment duration; health behavior, 5337
antipsychotic medication; medication non-adherence; schizophrenia; health care costs; resource use, 32452
antipsychotic medication; paroxysmal perceptual alteration; oculogyric crisis; schizophrenia; mood disorders; neurotic disorders, 2231
antipsychotic medication; second generation antipsychotics; torticollis; neck muscle contractures; quetiapine; haloperidol; clozapine; schizophrenia patient; side effect medications, 35528
antipsychotic medications; formulary policy; costs, 5274
antipsychotic medications; oculogyric crises; schizophrenia; chlorpromazine; drug therapy; hallucinations, 17026
antipsychotic medications; schizophrenia treatment; financing systems; delivery systems; health maintenance organizations; capitated system, 14035
antipsychotic medications; schizophrenia; financing systems; substance abuse; health care delivery; mental hospitals; community care; health care reform; mental health service use, 14049
antipsychotic medications; Schizophrenia; quality of life, 8516
antipsychotic medications; second-generation antipsychotics; terminology, 26336
antipsychotic medications; second-generation antipsychotics; terminology, 26391
antipsychotic medications; treatment compliance; treatment attitudes; schizophrenia, 20274
antipsychotic polypharmacy; antipsychotic medications; chronic schizophrenia; monotherapy; psychotropic medications; drug dosages, 13643
antipsychotic polypharmacy; conventional antipsychotics; antipsychotic medications; drug prescription; treatment outcomes; drug combinations, 26433
antipsychotic polypharmacy; neuroleptics, polydrug therapy; treatment; schizophrenia; costs, 2225
antipsychotic polypharmacy; neuroleptics, polydrug therapy; treatment; schizophrenia; expenses, 2162
antipsychotic therapy; schizophrenia; mechanism-based development; N-methyl-D-aspartate glutamate receptor agonists; omega-3 fatty acids; hormones; dopamine D2 receptor agonists, 11487
antipsychotic treatment; effectiveness; schizophrenia; olanzapine; quetiapine; risperidone; haloperidol; positive symptoms; negative symptoms; depressive symptoms; cognitive symptoms; tolerability, 23235
antipsychotic treatment; first-episode schizophrenia; treatment response; schizoaffective disorders; schizophreniform disorders; duration of untreated psychosis, 35557
antipsychotic treatment; multiple sclerosis; psychosis; clozapine; quetiapine; olanzapine, 35520
antipsychotic treatment; side effects; antipsychotic drugs; gender differences; drug prescription, 35569
antipsychotic; violent behavior; schizophrenia; community-based treatment; neuroleptics; clozapine; risperidone; olanzapine; at risk population; treatment effectiveness, 23304
antipsychotics; clinical developments, 20339
antipsychotics; expert opinion survey; indications; comorbid conditions; geriatric use; clinical options; side effects; dosages; medication combinations; treatment duration; older patients, 14122
antiretroviral medications; treatment nonadherence; HIV-positive patients; mental health problems; substance abuse; attitudes; psychosocial factors; health regimen, 28576
antitoxin treatment; wound botulism; opthalmoplegia; favorable outcome; rapid recovery; symptom onset, 16588
anxiety disorders; performance anxiety; exposure therapies; social phobia; pharmacotherapy; benzodiazepines; fear responses; D-cyloserine, 32426
anxiety disorders; psychosocial treatments; alternative therapies; adverse effects; pharmacotherapy; psychosurgery; thermocapsulotomy, 20090
anxiety sensitivity; serotonergic system; panic disorder; citalopram, 26422
anxiety symptoms; anxiety disorder; selective serotonin reuptake inhibitors; quetiapine; depression; side effects, 20268
anxiety symptoms; treatment-resistant depression; anxiety disorders; treatment efficacy; nefazodone, 2229
apathy syndrome; selective serotonin reuptake inhibitor; drug therapy; drug side effects; drug dosages, 26339
apolipoprotein e; antidepressant medications; antidepressant treatment; antidepressant efficacy; geriatric depression; cognitive impairment; baseline depression, 2197
arachidonic acid cascade; affective disorders; mood stabilizers; antidepressants; prostaglandins; neurotransmission; mood disorders; bipolar disorder; depression; depression; essential fatty acids, 28672
aripiprazole; psychosis; antipsychotic drug; dopamine receptor; side effects, 32467
aripiprazole; psychosis; antipsychotic drug; dopamine receptor; side effects, 35565
aripiprazole; relapse prevention; stabilized patients; chronic schizophrenia; efficacy; safety; tolerability; stable symptomatology, 2207
around-the-clock; scheduled regimes; postoperative analgesics; pain management; patient care; ATC; MEDLINE; postoperative period, 17193
asterixis; toxic encephalopathy; gabapentin; oxcarbazepine; elderly patients, 11674
asthma control; daily activities; symptoms; airway inflammation; inhaled corticosteroids; medication; knowledge; attitudes; behavior, 8642
asthma; placebo interventions; suggestibility; bronchoconstrictor; dyspnea, 1780
atomoxetine; attention deficit hyperactivity disorder; drug effectiveness; stimulant nonresponders, 35579
atomoxetine; attention deficit/hyperactivity disorder; presynaptic norepinephrine transporter; discontinuation; symptoms; adverse events, 11574
atomoxetine; stimulants; attention deficit hyperactivity disorder; combined pharmacotherapy; drug tolerance; side effects, 23221
atonic seizures; childhood epilepsy syndromes; childhood cancer; chemotherapy; cranial irradiation, 8180
attention deficit disorder hyperactivity; pharmacological treatment; drug therapy; atomoxetime, 5334
attention deficit hyperactivity disorder; behavioral pharmacology; behavioral treatment; methylphenidate; disruptive behavior, 1924
attention deficit hyperactivity disorder; cyproheptadine; stimulants; weight loss; treatment compliance; weight gain stimulation, 23231
attention deficit hyperactivity disorder; drug side effects; methylphenidate; psychotropic drug use; drug-induced plasticity; behavioral effects; human brain development, 8510
attention deficit hyperactivity disorder; pharmacological treatments; experimental guidelines, 2149

attention deficit hyperactivity disorder; pharmacotherapeutic treatment; treatment strategies; substance use disorders; comorbidity; risk factors, 22422
attention deficit hyperactivity disorder; pharmacotherapy; psychosocial treatment; atomoxetine; stimulants, 20282
attention deficit hyperactivity; national trends; treatment; health insurance; outpatient treatment; sociodemographics; psychotherapy; pharmacotherapy; ethnic differences, 24145
attention deficit hyperactivity; national trends; treatment; health insurance; outpatient treatment; sociodemographics; psychotherapy; pharmacotherapy, 26210
attention impairments; cranial irradiation; chemotherapy; childhood cancers; information processing skills, 32531
attention-deficit hyperactivity disorder; ADHD; social skills; medication; treatment cost; diagnosis, 8056
attention-deficit hyperactivity disorder; nonstimulants; drug therapy; drug tolerability; atomoxetine; adults, 23300
attention-deficit hyperactivity disorder; stimulant medications; decision making; adults, 23299
attention-deficit hyperactivity disorder; substance abuse; conduct problems; adolescents; pemoline safety; pemoline efficacy; drug therapy, 20484
attention-deficit/hyperactivity disorder; ADHD; stimulant therapy; substance use disorders; comorbidity, 2146
attention-deficit/hyperactivity disorder; diagnosis; treatment across life cycle; pharmacological treatment; drug therapy; symptoms, 20397
attention-deficit/hyperactivity disorder; methylphenidate treatment; therapeutic effects; adverse events; atomoxetine; methylphenidate, 20332
attention-deficit/hyperactivity disorder; methylphenidate treatment; therapeutic effects; adverse events; atomoxetine; methylphenidate, 20271
atypical antipsychotic agents; ziprasidone; receptor affinity; schizophrenia treatment; dopamine receptors; serotonin receptors, 11560
atypical antipsychotic drug costs; antipsychotics; prescription drug costs; health care costs; medical costs; medication; mood stabilizers; psychiatric medications, 23240
atypical antipsychotic drugs; switching strategies; medication regimens; treatment guidelines; dosing strategies; risperidone; schizophrenia; treatment compliance, 8523
atypical antipsychotic drugs; weight gain; pathophysiology of weight gain; management of weight gain; schizophrenia, 29308
atypical antipsychotic medications; schizophrenia; treatment outcomes; symptoms; drug therapy; rehospitalization; medication change; medication gaps; first admission, 5315
atypical antipsychotic use; nursing homes residents; demographics; clinical correlates, 2188
atypical antipsychotic ziprasidone; clinical trials; acute exacerbation of schizophrenia; tolerability profile; positive & negative & affective symptoms; treatment-resistant schizophrenia, 11506
atypical antipsychotic; cognitive performance; placebo withdrawal; executive function; general intellect; schizophrenia, 11570
atypical antipsychotics; acute pancreatitus, 26371
atypical antipsychotics; antipsychotics; hyperglycemia; diabetes mellitus, 11483
atypical antipsychotics; cognitive function; schizophrenic patients; 5HT-2A receptors; dopamine; prefrontal cortex, 29395
atypical antipsychotics; pharmacological interaction; schizophrenic outpatient; PRL secretion; drug coadministration; quetiapine; mirtazapine; hyperprolactinemia; opioid system, 8534
atypical antipsychotics; practice guidelines; clozapine; schizophrenia; AmeriChoice, 35581
atypical antipsychotics; psychiatric disorders; children; adolescents; drug therapy, 26360
atypical antipsychotics; psychiatric disorders; developmental disorders; pediatric patients, 26361
atypical depression; atypical temperament; differential antidepressant response; fluoxetine; nortriptyline; personality characteristics; depressed patients, 26384
atypical psychotropic medications; adverse effects; side effects; African-Americans; primary care, 23210
autistic disorder; risperidone treatment; extrapyramidal side effects; drug tolerability; antipsychotics drugs, 23241
bedtime medication regimen; daytime sleep; challenging behaviors; intellectual disabilities; trazodone; aggression; self-injury; physical restraint; comorbid psychiatric diagnoses, 20323
behavioral disorder; emotional disorder; child maltreatment; schizophrenia; treatment strategies; medication, 25807
behavioral disorders; gabapentin; Alzheimers disease; drug dosages, 32560
behavioral disturbances; behavioral abnormalities; dehydrogenase deficiency; psychotic symptomatology; decreased aggression; serotonin metabolism; therapeutic attempts, 2165
behavioral effects; selective serotonin reuptake inhibitors; norepinephrine reuptake inhibitors; neurotransmitter mechanisms; selective antidepressants; drug therapy, 20354
behavioral pharmacology; animal models; depression; drug development; functional brain imaging, 531
benefits; burdens; risk benefit framework; placebo; major depression; schizophrenia; research ethics, 12067
benign epilepsy centrotemporal spikes; side effects; benign rolandic epilepsy; treatment; childhood epilepsy; levetriacetam, 17145
benzodiazapine use; mortality risk; aged; psychiatric disorders, 8554
benzodiazepine drug class; anxiety disorders; media reports; laws; prescribing restrictions; abuse potential; comparative efficacy, 5266
benzodiazepine hypnotics; long term use; older patients; attitudes, 26379
benzodiazepine use; benzodiazepine users; patient attitudes; length of use; drug taking, 17445
benzodiazepine users; family practice; mental health; coping behavior; psychological characteristics; patient-related factors, 29408
benzodiazepines; elderly patients; psychotropics; pharmacokinetics; pharmacodynamics; generalized anxiety disorder; adjustment disorder; anxiety; insomnia, 29315
benzodiazepines; insomnia; anxiety; anxiolytics; sedative hypnotics; anticonvulsants; muscle relaxants, 23225
benzodiazepines; psychotropic analgesic nitrous oxide; alcohol withdrawal; double-blind randomized trial, 32772
benzodiazepines; social anxiety disorder; anxiety disorder; posttraumatic stress disorder, 23230
binge-eating disorder; zonisamide; drug therapy; flexible dosages; efficacy, 17061
bioequivalence; therapeutic efficacy; generic psychoactive drugs; branded psychoactive drugs, 8486
biological mechanisms; anti-aging medicine; gerontological community; aging; anti-aging movement, 22114
bipolar affective disorder; erectile dysfunction; depressive phase; manic episode; olanzapine; lithium therapy, 26381
bipolar depression management; unipolar depression; selective serotonin reuptake inhibitors; bupropion; tricyclic antidepressants; monoamine oxidase inhibitors; monotherapy; mood stabiliser, 5311
bipolar depression; methodology; tricyclic antidepressants; lamotrigine; placebo-controlled acute trials; paroxetine, 20296
bipolar depression; methodology; tricyclic antidepressants; lamotrigine; placebo-controlled acute trials; paroxetine, 20279
bipolar depression; methodology; tricyclic antidepressants; lamotrigine; placebo-controlled acute trials; paroxetine, 5321
bipolar depression; suicide; correlates; lithium treatment; bipolar disorder; risk factors, 31730
bipolar depression; treatment, 31724
bipolar disorder-manic episode; prolactinoma; risperidone; drug therapy, 17063
bipolar disorder; antidepressant treatment; manic episode; medications, 14135
bipolar disorder; divalproex sodium; pediatrics; adolescents; lithium; juveniles, 20324
bipolar disorder; historical perspective; diagnostic boundaries; new-onset psychosis; second generation antipsychotics; shared symptoms, 10680
bipolar disorder; illness; family history; treatment response; lithium; lamotrigine monotherapy; anxiety-panic disorder, 25545
bipolar disorder; intermittent explosive disorder; posttraumatic stress disorder; clozapine; agranulocytosis; neutropenia; weight gain; drug dosages; concomitant antidepressants; polypharmacy, 23251
bipolar disorder; lamotrigine; mood stabilizers; anticonvulsive medication, 2181
bipolar disorder; lamotrigine; olanzapine; methodological guidelines; psychotherapy; disorder recurrence; maintenance treatment, 32221
bipolar disorder; lithium prophylaxis; bipolar patients; rapid cycling; non-rapid cycling, 10748
bipolar disorder; lithium; putative treatments; atypical antipsychotics; mood stabilizers; adverse effects; anti-suicidal properties, 2166
bipolar disorder; management; prevalence; mood disorder; pharmacotherapy; lithium; antipsychotics; mania; depression, 31751
bipolar disorder; mania; elderly patients; pharmacological treatment; maintenance treatment; lithium toxicity; anticonvulsants; antipsychotic agents; benzenzodiapines; side effects, 29406
bipolar disorder; mood stabilizers; lithium; mania; valproate; lamotrigine, 5269
bipolar disorder; mood stabilizers; lithium; mania; valproate; lamotrigine; anticonvulsants; antipsychotics; antidepressants; methodology; side effects, 5283
bipolar disorder; obesity; pharmacotherapy; weight gain; mood disorders, 11509
bipolar disorder; patient; dronabinol; medications; sexual dysfunction; psychotropic medications, 35651
bipolar disorder; pregnancy; lactation; pregnant women; counseling; teratogenic drugs; lithium; valproate; carbamazepine, 20126
bipolar disorder; prophylactic treatment; therapeutic choice; disease prognosis; bipolar depression; mania; symptoms; disease history; pharmacotherapy; comorbid illnesses, 20340
bipolar disorder; quetiapine; atypical antipsychotic; mood lability; irritability; psychosis, 26436
bipolar disorder; sodium channels; anticonvulsants; atypical antipsychotics; mood stabilizers; valproate; lamotrigine; carbamazepine; oxcarbazepine; glutamate release, 32472
bipolar disorder; somatic treatment; mood stabilizers; antidepressants; ECT; anticonvulsants; children; antipsychotics; calcium channel blockers; adolescents; omega 3 fatty acids, 20408
bipolar disorder; symptoms; clinical features; genetics; drug therapy; lithium; pathophysiology; neurochemistry; neuroanatomy; neuroimaging, 31721
bipolar disorder; treatment; pharmacologic treatment, 35507
blind spot; nicotine replacement therapy; smoking cessation, 26735
borderline personality disorder; bipolar disorder; comorbidity; lamotrigine; anticonvulsive, 22513
borderline personality disorder; olanzapine; drug therapy; flexible dosage, 17032
borderline personality disorder; psychotherapy; pharmacotherapy; cognitive symptomatology; affect dysregulation; impulse control, 26208
borderline personality disorder; schizotypal personality disorder; antisocial personality disorder; pharmacologic treatment, 20356
borderline personality; psychotropic medication; outpatient psychiatry clinic; pharmacological intervention; symptoms; selective serotonin reuptake inhibitors; psychotherapy sessions, 5591
botulinum toxin serotype A; botulinum toxin serotype B; efficacy; tolerability; myofascial pain syndrome; pain relief; adverse events, 8627
botulinum toxin; clozapine-induced hypersalivation; social withdrawal; drug side effects, 29344
botulinum toxin; migraine headache; primary headache disorders; tension-type headaches; preventative treatment; Migraine; Baclofen; tizanidine, 20469
brain neurokinin; receptor occupancy; aprepitant; brain stem region; central nervous system; pharmacotherapy; emetogenic chemotherapy; receptor binding-selective tracer; positron emission tomography, 24648
brain variables; clozapine treatment; treatment resistant schizophrenia; positron emission tomography; magnetic resonance imaging; schizophrenic syndromes; anatomy; metabolism, 5317
brain; dopamine systems; psychosis; schizophrenia; emotional responses; affective responses; brain dysfunction; schizophrenic oversensitivity; dopamine dysregulation; cellular circuits; system balance, 19447
brand medications; generic medications; cost; management of illness; research, 23218
brand-name; generic fluxetine; pharmacokinetics; depression, 14184
breast cancer patients; posttreatment distress; disease timeline; prediction; chemotherapy treatment, 29076
breast cancer; decision making; adjuvant cancer therapy; randomised clinical trials; trial participation, 33642
bright light therapy; seasonal affective disorder; antidepressant treatment; psychopharmacologic medication; bipolar affective disorder; episodic medication levels, 29365
bulimia nervosa; fluxoetine; open trial; adolescent treatment; treatment tolerability; treatment efficacy; supportive psychotherapy; binge eating frequency; purging; treatment outcomes, 2185
bulimia nervosa; placebo-controlled trial; topiramate; drug efficacy, 11498
bulimia nervosa; topiramate; binge; purge; antiepileptic drug; outcomes, 11502
buprenorphine consensus conference; overview; buprenorphine conference; office-based practice; buprenorphine implementation program; American psychiatry; opiates, 26728
buprenorphine maintenance; opioid receptor availability; plasma concentrations; heroin dependence; withdrawal symptoms; hydromorphone; brain; antagonist blockade; norbuprenorphine, 8859

buprenorphine maintenance; treatment outcome; heroin addicts; psychiatric residents care, 11910
buprenorphine training; service models; drug abuse counseling; patient participation; change teams; community treatment protocols; rural practitioners; abuse counseling; health personnel attitudes, 20722
buprenorphine treatment; Australian community settings; Buprenorphine Implementation Trial; opioid dependence; methadone maintenance treatment, 26731
buprenorphine; drug therapy; sedatives; methadone treatment; heroin users; French prescription levels, 26710
buprenorphine; opioid dependence; methadone; heroin addicts; pharmacology; maintenance therapy, 32765
bupropion SR; health care system; smoking cessation treatment; screening; managed-care setting; field trial recruitment; behavioral cessation programs, 11917
bupropion SR; mood dimensions; major depression; therapeutic effects; anhedonia; anxiety; anhedonia; positive affect; dopaminergic effects; depressed outpatients; catecholaminergic effects, 17088
bupropion SR; Zyban; nicotine dependent smokers; smoking cessation; veterans; applicability; side effects; prescribing, 26727
bupropion sustained release; fatigue symptoms; cancer patients, 35623
bupropion; attention deficit hyperactivity disorder; drug therapy; Irritability, fidgety; impulsiveness; aggressive behavior; side effects; abuse potential, 23255
bupropion; pathologic gambling; drug efficacy, 11470
C-reactive protein; serotonin syndrome; serovascular serotonergic mechanisms; protein levels; antidepressants; extracellular serotonin; nitric oxide synthase; serotonin metabolism, 35545
Cancer Rehabilitation and Evaluation System short form; rehabilitation needs; high-dose chemotherapy; stem cell transplantation; disease course; treatment; quality of life, 9460
cannabis medicinal extracts; neurogenic symptoms; multiple sclerosis; spinal cord injury; phantom limb pain; amputation; analgesia; drug therapy; treatment outcomes; side effects; cannabinoids; THC, 23410
capsaicin; chronic pain treatment; musculoskeletal disorders; placebo, 26499
carbamazepine; new-onset epileptic seizures; autism spectrum disorders, 35550
carbergoline; drug treatment; Parkinson's disease; sleep; periodic leg movements during sleep; early morning motor performance, 1852
catastrophizing; fatigue; women; chemotherapy; radiotherapy; breast cancer, 17170
catechol-O-methyltransferase; monoamine oxidase; drug response; neuroleptics; schizophrenia, 2173
cellular prion protein; physiological functions; antibody; memory retention; locomotor activity; behavioral parameters, 7166
central monoamines; serotonin; noradrenaline; major depression; inhibitory receptors; antidepressant drugs, 20321
cerebellar tremors; cognitive impairment; adjunctive therapy; carbamazepine; topiramate, 2217
cerebral blood flow; anterior cingulate cortex; schizophrenia; drug therapy; clozapine; haloperidol; task performance; treatment outcomes, 11517
cerebral vascular accident; traumatic brain injury; rehabilitation center; dopamine agonists, 14174
cerebral white matter; psychosis exacerbation; schizophrenia patients; psychotic symptoms; antipsychotics, 20301
chart reviews; medication errors; state psychiatric hospital, 8823
chemotherapy-induced alopecia; treatment side-effects; hair loss; patient attitudes; coping behavior, 35650
chemotherapy-induced parkinsonism; methotrexate; methotrexate monotherapy; levodopa; Parkinsonism, 35646
chewing tobacco; spit tobacco; pharmacological interventions; behavioral interventions; buproprion; tobacco abstinence, 17430
child psychiatric hospital; hospital admissions; psychotropic drug; mood stabilizers; child psychiatric inpatients; antidepressants; antipsychotics; stimulants; drug prescription, 23278
childhood depression medication algorithm; Texas Children's Medication Algorithm Project; clinical response; disease management program; attention deficit with hyperactivity; psychoeducation, 29215
childhood disintegrative disorder; pervasive developmental disorders; olanzapine treatment; neurobiochemical dysfunctions, 32449
childhood onset schizophrenia; olanzapine; school age children; assessment of negative and positive symptoms; weight gain, 2212
childhood stimulant treatment; dopamine system alterations; drug sensitivity; increased risk; substance abuse, 2191
childhood stimulant treatment; later risk for later substance abuse disorder; ADHD; attention-deficit/hyperactivity disorder; adolescents; young adults, 2160
childhood-onset schizophrenia; olanzapine treatment; psychopathology scores; treatment refractory schizophrenia; side effects; weight gain, 1494
children; bipolar disorder; onset; prevalence; antidepressants; treatment; stimulants; depression; attention deficit hyperactivity disorder; US; Netherlands; genetic risk, 13608
children; psychotropic medication; advocacy counseling; mental symptoms; emotional symptoms; mental health, 32446
chlorpromazine; schizophrenia; history of psychiatry; psychopharmacology, 11525
cholinergic drugs; cognitive training; Alzheimer's disease; dementia; education level; drug treatment; donepezil; affective states; interdisciplinary treatment, 32516
cholinesterase inhibitors; Alzheimer's disease; long-term treatment; cognitive symptoms; clinical evidence; drug treatment, 32526
cholinesterase inhibitors; Alzheimer's disease; titration schedule; recommended dose; dropout rate, 20489
cholinesterase inhibitors; Alzheimer's disease; treatment failure; drug switching, 23239
chronic alprazolam treatment; lorazepam; anxiety; depression; plasma cortisol; drug administration; memory assessment; parallel design; chronic effects; cortisol levels, 20379
chronic drug user; donepezil; anticholinesterase inhibitor; cognitive benefits; treatment; cognitive ability, 2176
chronic fatigue syndrome; cognitive behavioural therapy; randomized controlled trials; pharmacological treatments; exercise therapy; mental fatigue; modafamil, 14191
chronic hepatitis C; mood disorders; interferon-based therapies; clinical trial; antidepressant usage; treatment compliance; treatment response; nursing support, 35388
chronic insomnia; doxepin; nocturnal sleep; antidepressants; hypothalamic-pituitary-adrenal axis; plasma cortisol concentration; cortisol secretion; tricyclic antidepressant; plasma cortisol levels, 11547
chronic major depression; dysthymic disorder; combined treatment; psychotherapy; nefazodone; maintenance efficacy; recurrence; prevention, 1921
chronic migraine; naratriptan; preventive treatment; refractory to treatments; adverse events; headache frequency; drug tolerance; side effects, 23403
chronic noncancer pain; opioid therapy; long-term utility, 20494
chronic pain treatment; musculoskeletal disorders; rubefacients; salicylates; acute pain; placebo; drug therapy, 26514
chronic pain; painkilling drugs; sensory neurons; drug regimens; neruopathic pain; receptors, 32553
chronic pain; pharmacological management; pharmacotherapy; musculoskeletal pain; neuropathic pain; psychotropic agents; pain management, 20485
chronic pancreatitis; clinical benefit; pain management; pathogenesis; ketamine therapy; psychotomimetic disturbances; drug side-effects, 14279
chronic schizophrenia; ethinyl estradiol; women; haloperidol; estrogen; haloperidol, 2138
chronic treatment; atypical neuroleptics; striatum; rats; striosomal FosB; clozapine, 18743
Cimicifuga extract; hot flushes reduction; antidepressant activity; climacteric treatment; estrogen; antidopaminergic drug veralipride; body weight, 21925
citalopram; acute dystonia; selective serotonin reuptake inhibitors; depression; suicidal ideation; marijuana use; alcohol use; extrapyramidal symptoms; side-effects, 11532
citalopram; bupropion-SR; treatment resistant depression; combining; switching; monotherapy; major depressive disorder, 23259
citalopram; quality of life; lung transplant recipients; chronic obstructive pulmonary disease; mortality; anxiety; depression, 23298
citalopram; reboxetine; post-stroke depression; drug therapy; treatment effectiveness evaluation; selective serotonin reuptake inhibitor; noradrenaline reuptake inhibitor, 29371
citalopram; reboxetine; post-stroke depression; drug therapy; treatment effectiveness evaluation; selective serotonin reuptake inhibitor; noradrenaline reuptake inhibitor, 35566
citalopram; social anxiety disorder; neuroendocrine responses; behavioral responses; selective serotonin reuptake inhibitor, 25742
citalopram; worry; brain activation; generalized anxiety disorder, 32445
clarithromycin; manic episodes; drug side effects; drug therapy; antibiomania, 20480
client attitudes; Alcoholics Anonymous; medication usage; emotional problems; alcohol abuse; outpatient alcohol treatment; client perceptions, 32807
client satisfaction; quality of life; diabetic children; insulin pump therapy, 35640
clinical depression; pregnancy; antidepressants; pharmacological treatment; fetal risk; newborn; depressed pregnant women; safety profiles, 29363
clinical drug development; pharmacological challenge tests; serotonergic system; neuroimaging, 21808
clinical drug development; pharmacological challenge tests; serotonergic system; neuroimaging, 21839
clinical drug development; pharmacological challenge tests; serotonergic system; neuroimaging, 21809
clinical drug development; pharmacological challenge tests; serotonergic system; neuroimaging, 21840
clinical drug development; pharmacological challenge tests; serotonergic system; neuroimaging, 21896
clinical effectiveness; nemifitide; pentapeptide antidepressant; depression, 5278
clinical global impression severity; atypical antipsychotic medications; extrapyramidal side-effects; schizophrenia; quetiapine; haloperidol, 14131
clinical outcome; therapeutic effects; clinical response; drug-resistant schizophrenic patients, 14164
clinical pharmacist intervention; primary care; depressed patient outcomes; major depression; patient-pharmacist interaction; general patient support, 26344
clinical pharmacology; drug therapy; health care policy; health care costs; health care delivery; government health services; Missouri Department of Mental Health, 8757
clinical psychopharmacology research; minorities; racial & ethnic & cultural factors; experimental subjects; participation; ethics, 12072
clinical psychopharmacology; neurotransmitter systems; pharmacologic treatments; depressive disorders; therapeutic effect; major depression, 20386
clinical study; scientific communication; antidepressants; psychiatrists; depression patients, 35951
clinical trials interpretation; therapeutic intervention; remission; antidepressant care; treatment; social impairment; residual symptoms; relapse; pathophysiologic changes; recovery, 20108
clinical trials; antidepressant medications; depression severity, 5328
clinical trials; antipsychotic drugs; drug efficacy; Alzheimer's disease; psychosis; agitation, 3288
clinical trials; tolerability; ziprasidone; schizophrenia treatment; for movement disorders; metabolic safety profile; weight gain; lipoprotein levels; phramacokinetcis; corrected QT interval, 11477
clonazepam augmentation; mood stabilizer therapy; protracted major depression; depressed patients; treatment regimen alteration; bipolar disorder, 23274
clonazepam; lorazepam; acute mania; placebo; haloperidol; lithium; Bayesian meta-analysis; random trials; fixed trials; treatment effects, 17038
clonidine; psychostimulants; hyperactive children; aggression; oppositional defiant disorder; conduct disorder; attention deficit hyperactivity disorder, 20331
clozapine therapy; body weight; antipsychotic medication; resting metabolic rate; weight gain, 14179
clozapine treatment; borderline personality disorder; self-mutilating behaviour; side effects, 29329
clozapine treatment; nicotine withdrawal; amphetamine withdrawal; rats; somatic signs; affective signs; negative symptoms; schizophrenia, 7253
clozapine treatment; priapism; schizoaffective disorders; dosages, 11479
clozapine treatment; side effects; dimenhydrinate abuse; schizophrenia patients; anticholinergic properties, 35564
clozapine-lithium pharmacotherapy; treatment efficacy; drug therapy, 20280
clozapine; amisulpride; schizophrenia; schizoaffective psychosis; paranoid-hallucinatory psychosis, 26335
clozapine; clinical response; treatment resistant schizophrenia; pharmacogenetics; genotype; brain metabolic activity; dopamine receptors; serotonin alleles, 14176
clozapine; conventional antipsychotic drugs; treatment-resistant schizophrenia, 31770
clozapine; conventional antipsychotic drugs; treatment-resistant schizophrenia, 31777
clozapine; efficacy; schizophrenia; side-effects; treatment resistant, 5290
clozapine; forensic settings; patients; psychiatric services; psychiatric nurses; therapeutic optimism; treatment adherenece, 18012
clozapine; lupus erythematosus; drug side effects; drug therapy; paranoid-hallucinatory schizophrenia, 20411
clozapine; maintenance therapy; schizophrenia; treatment efficacy, 20329
clozapine; manic; topiramate leukopenia; mood stabilizers; mania, 20278

clozapine; neutropenia; drug therapy; absolute neutrophil count, 20270
clozapine; nonresponsive patients; antipsychotic medications; treatment intolerant, 29341
clozapine; obsessive-compulsive symptoms; schizophrenia patients; serotonin reuptake inhibitors, 23291
clozapine; quantitative EEG; schizophrenia; therapeutic response; positive & negative symptoms, 26372
clozapine; risperidone; olanzapine; quetiapine; diabetes mellitus; atypical antipsychotic drugs, 26434
clozapine; sialorrhea; sublingual ipratropium spray; drooling, 11488
clozapine; weight gain; antipsychotic medications; schizophrenia; medical illnesses; obese, 29319
cocaine dependence; methadone; treatment; heroin dependence; opioid dependence; d-amphetamine; risperidone, 26370
cocaine; cardiovascular effects; intranasal administration; baclofen; reinforcing effects; subject rated effects, 17435
cocaine; triazolam; drug abuse; oral administration; behavioral effects; physiological effects; pharmacotherapy; gamma-aminobutyric acid agonists, 8509
cognitive ability; older people; drugs; prescribed medications, 18996
cognitive behavioral analysis system; psychotherapy; chronic depression; psychopathological problems; combination treatment; nefazodone, 2000
cognitive decline; nonsteroidal anti-inflammatory drug; information processing speed; elderly individuals; NSAID; aspirin, 8514
cognitive effects; treatment withdrawal; benzodiazepine; cognitive function, 23213
cognitive enhancement medication; Alzheimer disease; family caregiver; medical care access; medication decisions; dementia patients, 26478
cognitive enhancement therapy; treatment strategy; schizophrenia; antidepressant; psychosocial improvement, 35352
cognitive function; antipsychotic medications; ziprasidone; Positive and Negative Syndrome Scale improvement; long-term patient outcomes; schizophrenia, 11497
cognitive functioning; Down syndrome; donepezil; drug therapy; acetylcholinesterase inhibitor; language performance; caregivers, 5296
cognitive functioning; schizophrenia; evaluation; definition; treatment effectiveness; symptom improvement; clinical efficacy; cognitive dysfunction; antipsychotics; activities of daily living, 23096
cognitive therapy; fluoxetine; drug therapy; generalized social phobia; self-exposure therapy; treatment outcomes, 1911
cognitive-behavioral therapy; anxiety disorders; pharmacologic treatment; pharmacotherapy, 23101
collateral estoppel; homicide; paxil; legal cause, 14912
college campus; psychiatric medications; mentally ill; college students, 11473
combination therapy; cholinesterase inhibition; N-Methyl-D-Aspartate receptor antagonism; treatment outcome; cognitive performance; Alzheimers disease; Donepezil, 20267
combined psychopharmacological treatment; psychiatric inpatients; pharmacotherapy; prevalence; risk factors; neuroleptics; depressive disorders; psychotic disorders; treatment resistance; safety, 32471
combined treatment; antidepressant treatment response; geriatric major depressive disorder; methylphenidate; citalopram; older patients, 11521
combined treatment; antidepressant treatment; psychological treatment; depressive disorders; psychological intervention; treatment adherence, 29225
combined treatment; mirtazapine; alcohol detoxification; psychotherapy; psychopharmacological treatment; anxiety; depressive symptoms; alcoholism; alcohol withdrawal; post-withdrawal phase, 23617
comorbid medical illness; rate of relapse; clinical remission; major depressive disorder; antidepressant treatment; continuation therapy, 35538
comorbid pain; depression treatment response; primary care; health-related quality of life; antidepressant therapy, 17027
complete dopamine receptor occupancy; extrapyramidal side effects; benperidol; paranoid schizophrenia, 11556
complex regional pain syndrome; free radical scavengers treatment; dimethylsulfoxide; N-acetylcysteine; treatment effectiveness, 23285
compliance; adherence; noncompliance; depression; antidepressant treatment, 20316
conduct disorder; pharmacological treatments; experimental guidelines; treatment, 2150
controlled lithium discontinuation; bipolar patients; lithium prophylaxis; disorder recurrence, 25607
conventional antipsychotic agents; atypical antipsychotic agents; pharmacological treatment; extrapyramidal symptoms; future research; delirium management, 29330
conventional antipsychotic agents; atypical antipsychotic agents; pharmacological treatment; extrapyramidal symptoms; future research; delirium management, 29326
conventional antipsychotics; atypical antipsychotics; treatment adherence; Medicaid program; schizophrenia, 8528
conventional antipsychotics; second-generation antipsychotics; schizophrenic inpatients; practicing psychiatrists; prescription practices; outpatient treatment; follow-up treatment, 11494
conventional neuroleptic treatment; cognition; schizophrenia; antipsychotic agents; cognitive impairment, 26406
coronary heart disease; psychotic disorder; treatment periods; plasma lipids; antipsychotic drugs; total cholesterol reduction; triglycerides; dyslipidemia; cardiovascular risk; side effects, 8546
cortical asymmetry; bipolar disorder; motor disturbances; perceptual disturbances; cognitive disturbances; right hemisphere dysfunction; depression; manic subjects; medication type, 28633
corticosteroids; drug withdrawal; palliative care; drug therapy, 32561
cortisol; posttraumatic stress disorder; drug therapy; hippocampus; hypothalamic-pituitary-adrenal system, 5323
cost & outcome implications; atypical & typical antipsychotics; community psychiatric care, 11541
cost containment; drug benefit program; drug utilization; formulary management; patient-centered medicine; prescription-to-OTC switches; pharmacy benefit policy; prescription drugs, 8366
cost-effectiveness; antipsychotic drugs; haloperidol; clozapine, 5335
Creutzfeldt-Jakob disease; prion proteins; quinacrine, 35643
CYP2D6 activity; extrapyramidal symptoms; antidepressants; elderly; side effects, 11489
CYP2D6 genotypic-phenotypic discordance; psychiatric patients; psychotropic drug treatment; Japanese; Caucasian, 5292
D4 antagonist sonepiprazole; schizophrenia; placebo; clozapine efficacy; schizophrenia patients; dopamine antagonist, 20305
decision making; prescription-to-OTC switches; health care costs; self-management; drugs; safety; consumer interest, 8367
Declaration of Helsinki; World Medical Association; US Food and Drug Administration; placebo controls; randomized trials; pharmaceuticals; bioethics; beneficial treatment; effective therapy, 14607
defibrinogenation therapy; idiopathic sudden sensorineural hearing loss; high-dose steroid therapy, 11677
deficit syndrome; schizophrenia; symptom domains; secondary negative symptoms; primary negative symptoms; pathophysiology research; pharmacological response; antipsychotics; psychopathology, 16424
dehydroepiandrosterone; cocaine dependence treatment; cocaine usage rates; treatment outcomes, 20661
dehydroepiandrosterone; drug efficacy; tolerability; Alzheimer's disease; DHEA treatment; placebo; cognitive functioning; disease severity, 8654
delirium; COX-2 Inhibitor; refecoxib; Alzheimers disease; drug tolerance, 29485
delirium; geriatric patients; pharmacological therapy; pharmacology; clinical drug preferences; unnecessary pharmacologic therapy; mild delirium; case management choices; benzodiazepines, 23223
delirium; organic psychiatric syndrome; neuroleptics; quetiapine; impaired cognitive functioning; outcomes; side effects, 11553
delirium; valproic acid; lamotrigine toxicity; drug dosages; medication; multiple sclerosis; partial seizures; depression; anxiety, 32556
delusional disorder; psychiatric disorder; elderly women; turabosis; tricyclic antidepressants; risperidone; sociocultural themes; therapeutic approaches, 31708
dementia; Alzheimer's disease; cholinesterase inhibitors; memantine; drug treatment; pharmacology; side effects, 8638
dementia; atypical antipsychotics; neurodegenerative disease; psychological symptoms; pharmacotherapy, 35574
dementia; psychotropics usage; drug therapy; prevalence; depression, 11496
dementias; Lewy bodies; tau pathology; synuclein pathology; frontotemporal lobar & corticobasal ganglionic degeneration; progressive supranuclear palsy; multisystem atrophy; pharmacologic treatment, 35291
Department of Defense Psychopharmacology Demonstration Project; prescription authority; psychological practice; clinical psychologists; new professional role, 20762
depersonalisation disorder; fluoxetine therapy; drug therapy; serotonin reuptake inhibitors; treatment effectiveness evaluation, 35571
depot antipsychotic use; schizophrenia, 20393
depot antipsychotics; injection site pain; anesthetic cream application; schizophrenia; lidocaine-prilocaine cream, 35510
depressed patients; clinical global impression-severity; psychopharmacological data; major depressive disorder; paroxetine; haematological malignancy; depression, 14171
depression management; antidepressants; analytic psychotherapy; depressed patients; superego; agoraphobia, 35377
depression remission; antidepressant therapy; serotonin reuptake inhibitors; depressive disorders; anxiety disorders; tricyclic antidepressants; serotonin-norepinephrine reuptake inhibitors, 5342
depression treatment; alcohol dependency; drug dependency; antidepressant medication; treatment efficacy, 23280
depression treatment; depression patients; best outcome achievement; pharmacotherapy; psychiatric consultation; treatment strategy; herbal medication; nutritional products; exercise; drug therapy, 16892
depression; antidepressant withdrawal; stress response; antidepressant treatment; animal models; hippocampus; neurobiology; treatment outcome, 5287
depression; fluoxetine; buspirone; drug combination; antidepressant efficacy; dose optimization, 5325
depression; mood stabilisation; clinical management; bipolar disorder; lamotrigine; antidepressants; antipsychotics; side effects; mania, 26345
depression; paroxetine treatment; interferon-alpha; tryptophan; kynurenine; neopterin; indoleamine-2,3-dioxygenase; metabolism, 8489
depression; physical functioning; anxious symptoms; substance abuse; pharmacotherapy; psychotherapy; remission, 35360
depression; relapse prevention program; high risk patients; psychoeducation; antidepressants; maintenance pharmacotherapy, 8556
depression; somatic symptoms; treatment; serotonergic neurotransmitter system; noradrenergic neurotransmitter system; serotonin; norepinephrine, 5277
depression; treatment; women; reproductive events; estrogen; progesterone; hormones; neurotransmitters; psychosocial events; antidepressant response; sex differences; serotonin reuptake inhibitors, 11578
depressive disorders; selective serotonin reuptake inhibitor; suicide risk, 26348
depressive disorders; selective serotonin reuptake inhibitor; suicide risk, 26374
depressive disorders; selective serotonin reuptake inhibitor; suicide risk; suicide attempts; non-SSRI antidepressants, 26375
depressive disorders; selective serotonin reuptake inhibitor; suicide risk; suicide attempts; non-SSRI antidepressants, 26413
depressive features; pharmacological treatments; bipolar affective disorder; depressive symptoms; at risk populations; maniform switch, 14128
depressive symptoms; antidepressant medication; drug usage; gender differences; unlike-sex twins; major depression, 25598
depressive symptoms; inner city African American smokers; smoking cessation; nicotine replacement therapy; nicotine patch; smoking levels, 5675
depressive symptoms; neurocognitive impairment; treatment adherence; antiretroviral therapy; HIV-infected persons; sexual activity; drug injection, 35616
depressive symptoms; opioid dependence; buprenorphine-induced hypomania, 29342
developmental disorders; psychotropic medications; symptoms; psychosocial factors; obsessive compulsive disorder; Down syndrome; genetic vulnerabilities; environmental factors; social factors, 35628
diabetes mellitus; olanzapine; antipsychotics; clozapine; glucose dysregulation, 23207
diabetic neuropathy; opioid treatment; pain intensity; controlled release oxycodone; neuropathic pain; pain management; drug safety; drug efficacy, 14264
diabetogenic effects; atypical antipsychotics; new-onset diabetes mellitus; clozapine; olanzapine; risperidone; quetiapine; drug therapy; risk factors, 17156
diagnosis; condition indications; guidelines; indicated medication selection; drug dosing; delirium; antipsychotic drugs; dementia; agitation; risperidone, 14116
dialectical behavior therapy; fluoxetine; treatment; borderline personality disorder; individual therapy; group therapy; depression; anxiety; anger expression; dissociation; global functioning, 23105
dialectical behavioral therapy; attempted suicide; borderline personality disorder; drug therapy, 35444
diamorphine; drug prescription; opiate addiction; pain; illicit drug abuse, 32773
dietary treatment; side effects; sleep problems; tryptophan; dietary hypnotic, 23414
differential effects; methylphenidate; attentional functions; behavior; ADHD; children, 14155

Drug Therapy—Serials

dihydroergocriptine; dopamine agonist; Parkinson's disease; clinical efficacy, 8478
disability benefits; antidepressant use; treatment adherence, 8500
disease modification; Alzheimers disease; anti-amyloid strategy; immunotherapy; treatment, 35622
disease modification; disease progression; long term treatment; treatment efficacy; antimigraine agents; disease-modifying effects, 22828
distigmine bromide; acute psychotic disorder; blood-brain barrier; multiple sclerosis; drug therapy, 8624
disulfiram treatment; cocaine dependence; drug-free urine specimens; sex differences; abstinence; alcohol use, 32796
disulfiram; alcohol dependence; drug therapy; psychosis; glutamate receptors, 32778
divalproate; mania; bipolar disorder; drug effectiveness, 26342
divalproex sodium; bipolar disorder; acute manic episode; drug therapy; olanzapine; efficacy; safety; tolerability; weight change, 5359
divalproex sodium; bipolar disorder; acute manic episode; drug therapy; olanzapine; efficacy; safety; tolerability; weight change, 5364
divalproex sodium; conduct disorder; adolescent males, 5349
divalproex sodium; standard delayed release preparation; extended release formulation; schizophrenia; safety; efficacy; tolerability, 26349
divalproex; olanzapine; risperidone; acute schizophrenia; drug therapy; monotherapy; combination therapy; drug interactions; treatment outcomes; positive-negative symptoms; hospitalized patients, 26442
divalproex; olanzapine; risperidone; acute schizophrenia; drug therapy; monotherapy; combination therapy; drug interactions; treatment outcomes; positive-negative symptoms; hospitalized patients, 26392
divalproex; olanzapine; risperidone; acute schizophrenia; drug therapy; monotherapy; combination therapy; drug interactions; treatment outcomes; positive-negative symptoms; hospitalized patients, 20299
divalproex; olanzapine; risperidone; acute schizophrenia; drug therapy; monotherapy; combination therapy; drug interactions; treatment outcomes; positive-negative symptoms; hospitalized patients, 20287
divalproex; olanzapine; risperidone; acute schizophrenia; drug therapy; monotherapy; combination therapy; drug interactions; treatment outcomes; positive-negative symptoms; hospitalized patients, 8560
divalproex; olanzapine; risperidone; acute schizophrenia; drug therapy; monotherapy; combination therapy; drug interactions; treatment outcomes; positive-negative symptoms; hospitalized patients, 8491
divalproex; olanzapine; risperidone; acute schizophrenia; drug therapy; monotherapy; combination therapy; drug interactions; treatment outcomes; positive-negative symptoms; hospitalized patients, 8511
divalproex; valproate; patient compliance; treatment efficacy; relapse rate; drug side effects; bipolar disorder type I, 20338
donepezil hydrochloride; aricept; persistent memory deficits; traumatic brain injury; visual memory; verbal learning; word association; memory functioning, 2313
donepezil; acetylcholinesterase; cholinergic neurotransmission; schizophrenia; male patient; frontal lobotomy, 2193
donepezil; antipsychotic treatment; dementia; visual hallucinations; cognitive function, 11562
donepezil; cognitive impairment; treatment; dementia; Parkinsons disease, 14158
donepezil; daily living patients; Alzheimers disease; caregiver burden effects; donepezil treatment; social functioning, 11642
donepezil; dementia with lewy bodies; cognitive impairment; visual hallucination; drug effectiveness, 35509
donepezil; rivastigmine; galantamine; memantine; treatment; dementia; Alzheimer's disease; down syndrome; intellectual disability; pharmacology; dementia management, 29368
donezepil; Parkinson's disease; probable dementia with Lewy bodies; discontinuation; recommencement; adverse effects; cognitive functioning, 20361
dopamine receptor antagonists; antipsychotic effect; antipsychotic medications; antagonists; extrapyramidal side effects; atypical antipsychotics, 2167
dopamine transporter; smoking cessation; receptor polymorphism; bupropion; tobacco smoking; drug therapy; genetics, 2508
dosage finding; treatment; schizophrenic inpatients; amisulpride, 20351
dose response; dose equivalence; first-generation antipsychotics; second-generation antipsychotics; schizophrenia; schizoaffective disorder, 20311
dosing strategies; antidepressant clinical trials, 11546
doxycycline efficacy; rifampin efficacy; Alzheimers disease; dementia; drug dosages; Chlamydia pneumoniae; cognitive ability, 29355
drug actions; clinical trials; clinical efficacy; risperidone monotherapy; mania; antipsychotic drugs; schizophrenia; selective serotonin reuptake inhibitors, 32477
drug delivery systems; antidepressants; oral administration; sustained-release formulations; plasma drug concentrations; side effects; tolerability; safety; transdermal delivery; implantable delivery, 11511
drug dependence; elderly; long-term benzodiazepines users; Diagnostic and Statistical Manual of Mental Disorders; BZD, 32480
drug dosages; escitalopram; citalopram; treatment efficacy; major depressive disorder; severity; remission, 26387
drug dosages; olanzapine; neutropenia; drug side effects; drug therapy; bipolar disorder; major depression with psychotic features, 20319
drug doses; drug therapy; psychiatry; reccomended does; dosage range, 35563
drug efficacy; clomipramine; lithium carbonate; unipolar major depression; drug combinations, 5294
drug efficacy; drug safety; venlafaxine extended release; amitriptyline extended release; major depression; moderate severity, 5340
drug efficacy; drug tolerability; quetiapine; bipolar disorder; mood stabilizers, 5260
drug efficacy; drug tolerability; treatment safety; drug therapy; seasonal affective disorder, 17067
drug entry; bradykinin receptor; Cereport; RMP-7; pharmacological treatments; neuroprotective effects; central nervous system; therapeutic efficacy; blood brain barrier; permeation; receptor, 3606
drug induced depression; etiology; depressive symptoms & disorders; medical drugs; clinical practice, 24838
drug interactions; neuroleptic malignant syndrome; cardiovascular disease; depression; drug side effects; geriatric depression, 35573
drug prescription; psychotropic drugs; adolescent psychiatry wards; patient gender; patient age; diagnosis, 29336
drug side effects; drug therapy; atypical antipsychotics; children; adolescents, 26397
drug therapy clients; olanzapine; risperidone; risk of diabetes onset; risk analysis; side effects, 20298
drug therapy clients; olanzapine; risperidone; risk of diabetes onset; risk analysis; side effects, 20303
drug therapy; atypical antipsychotic drugs; long-acting injectable formulations; relapse management; drug side effects; comorbid conditions, 17050
drug therapy; citalopram; mania; obsessive compulsive disorder; depression; suicide attempt; catatonia; social phobia, 29369
drug therapy; donepezil; postoperative delirium; bipolar disorder; arthroplasty, 35629
drug therapy; medication adherence; oral antipsychotic medication; depot antipsychotic medication; relapse; rehospitalization; mental illness; schizophrenia, 8544
drug therapy; neurosteroid concentrations; psychiatric morbidity; breast cancer; major depression; adjustment disorder; women, 5432
drug tolerability; drug doses; haloperidol; first-episode psychosis, 26412
drug tolerance; drug safety; drug therapy; topiramate; alcohol dependence; comorbidity; psychiatric disorders; psychoactive drugs, 17440
drug treatment; epilepsy; antiepileptic drugs; psychiatric comorbidity; seizure; polytherapy; etiology; family history; prognosis, 35637
drug utilization; risperidone; outpatients; tertiary referral hospital; schizophrenia, 29356
drug-drug interactions; classification; neuropsychiatric medications; pharmacodynamically mediated DDIs, 2209
duloxetine; antidepressant efficacy; pain management, 5304
duloxetine; anxiety symptoms; major depressive disorder, 2155
duloxetine; major depressive disorder; norepinephrine; serotonin reuptake inhibitor, 5341
duloxetine; safety; efficacy; long-term treatment; major depressive disorder, 5331
early-onset bipolar disorder; child and adolescent psychiatry; indian children; lithium; thymoleptic; neuroleptics; treatment, 20381
ECT treatment; electroconvulsive therapy; antiinflammatory drugs; psychiatric illnesses; ibuprofen; headache, 23313
effective treatment strategies; psychotherapeutic approaches; pharmacological approaches; depressive symptoms; prevalence; children; adolescents, 11325
efficacy; controlled-release paroxetine; treatment; late-life depression; selective serotonin reuptake inhibitors; elderly patients, 2210
efficacy; sertraline; night eating syndrome, 11535
elderly chronic psychotic patients; olanzapine; schizophrenia; schizoaffective disorder; neuroleptic treatment, 26337
elderly patients; schizoaffective disorder; negative symptoms; positive symptoms; olanzapine; risperidone; atypical antipsychotics; extrapyramidal symptoms; hospital inpatients, 5295
elderly patients; ziprasidone; dementia; depression related psychosis; antipsychotic drugs, 8483
electroconvulsive therapy; antipsychotics; bipolar disorder; neuroleptic malignant-like syndrome; quetiapine; drug effects, 8485
electronic monitoring; counseling; medication adherence; electronic caps; pill caps; intervention, 20384
emotional distress; quality of life; symptoms; testicular cancer patients; chemotherapy, 11206
emotional memory; declarative memory; hormonal systems; corticosteroid system; adrenergic system; propranolol; metyrapone; emotionally arousing material; neutral material; differential effects, 18767
environmental factors; sociocultural factors; clinical psychiatry; genetics; genotyping; pharmacogenetics; psychopharmacology; ethnic differences, 29362
epidemiological function; addicts index; regional drug misuse databases, 31930
Epilepsy Foundation; Pediatric Rule; prescription drugs; testing in children; medications; children's use; legislation, 2292
epilepsy; antiepileptic medication; social skills; mental retardation, 20473
epilepsy; bone health; antiepileptic drugs; medications; bone disorders, 19857
epilepsy; Clobazam; monotherapy; adult patients, 17183
epilepsy; levetiracetam; anti-convulsant; side effects; seizure; efficacy; monotherapy drug, 17148
epilepsy; treatment; cannabinoid receptors; CB receptor paradox; mammals; endocannabinoid synthesis; anticonvulsant action; proconvulsant action; excitotoxic damage defense, 755
epileptic patients; stuporous encephalopathy; cognitive impairment; topiramate; sodium valproate; drug-induced encephalopathy; coprescription, 23391
erectile dysfunction; sildenafil, 35217
erectile dysfunction; treatment options, 29484
erectile function; nocturnal penile tumescence; risperidone; erectile dysfunction; testosterone; prolactin levels; schizophrenia, 20398
escitalopram treatment; transvestic fetishism; serotonergic neurons; obsessive compulsive disorder, 35561
escitalopram; citalopram; R enantiomer; serotonin reuptake inhibitory activity, 27937
escitalopram; continuation treatment; major depressive disorder; treatment efficacy; treatment safety; relapse prevention; flexible dose phase; open label phase; drug therapy, 17080
Escitalopram; major depression management; anxiety disorders management; patients; RS-citalopram; pharmacology; major depressive disorder; treatment; antidepressant, 5361
escitalopram; panic disorder; citalopram; anxiolytic effects; outcomes, 11559
escitalopram; trichotillomania; impulse disorder; obsessive compulsive disorder; selective serotonin reuptake inhibitors, 32425
escitalopram; venlafaxine; primary care patients; major depressive disorder, 25579
essential tremor; topiramate treatment; drug dosage; drug therapy, 11646
estrogen; antidepressant effects; fluoxetine; perimenopausal women; major depression, 5353
ethical issues; ethics; animals; biomedical & psychopharmacology research; moral standing; morality; ethics; animal models; animal research, 12064
ethical issues; ethics; psychopharmacology; clinical research; special populations; research ethics education, 12074
ethics education; residency training programs; medical education; bioethics; psychiatry; clinical research; teaching, 12014
ethics; psychopharmacology; psychopharmacological research; child & adolescent subjects, 12079
ethnic differences; emergency medication; medium secure unit; white patients; black patients; violent incident management, 32442
excessive daytime somnolence; dysthymia; modafinil augmentation; phenelzine; lamotrigine, 35504
expert recommendations; guidelines; drug intervals; recommendation tables; treatment duration; follow up monitoring; follow up frequency; antipsychotic drugs; antipsychotic treatment; elderly patients, 14115
expert survey results; guideline references; antipsychotic drug indications; diagnosis; tardive dyskinesia; side effects history; medication combinations; complcating conditions; dosing strategy, 14118

extended-release formulations; management strategies; antiepileptic drug therapy; diagnosis; treatment; seizure disorders; epilepsy; prevention; side effects; compliance; quality of life; satisfaction, 26502
extended-release venlafaxine; major depressive disorder; relapse prevention; treatment, 20394
extraneuronal monoamine transporter; normetanephrine; norepinephrine reuptake inhibitor antidepressant, 26427
extrapyramidal side effects; anticholinergic agent; antipsychotics; disorder susceptibility; drug therapy; drug side effects; prophylaxis; cross cultural differences, 26355
extrapyramidal side-effects; bipolar disorder; mania; risperidone; monotherapy, 14195
extrapyramidal symptoms; amisulpride; psychosis; elderly; quetiapine, 28715
extrapyramidal symptoms; atypical antipsychotics; clinical accounts; child patients; ziprasidone; quetiapine; drug side effects, 8543
extrapyramidal syndrome; aripiprazole; antipsychotics; dopamine-system stabilizer; rabbit syndrome, 28729
familial hemiplegic migraine; azathioprine; multiple sclerosis; cancer risk, 29488
familial hemiplegic migraine; azathioprine; multiple sclerosis; cancer risk, 29495
famotidine; olanzapine-induced weight gain; first-episode schizophrenia patients; placebo; weight gain, 29367
fatalities; therapeutic doses; supratherapeutic doses; atypical antipsychotics drug overdose; schizophrenia treatment; clozapine; risperidone; olanzapine; quetiapine; ziprasidone; metabolism, 5358
fatigue; cognitive dysfunction; executive dysfunction; major depressive disorder; antidepressant treatment, 8504
febrile convulsions; aggressive behavior; affective disorder; psychotic disorder; topiramate; epilepsy; tonic-atonic seizures; lamotrigine; clinical history, 14167
first-line therapy; selective serotonin reuptake inhibitor; premenstrual dysphoric disorder; treatment charges; managed care charges; citalopram; fluoxetine; paroxetine; sertraline, 11775
fluoxetine augmentation; haloperidol; psychosis; schizophrenia, 2219
fluoxetine; cognitive-behavioral therapy; major depressive disorder; combined treatment effectiveness outcomes, 35367
fluoxetine; drug effectiveness; selective serotonin reuptake inhibitor, 35583
fluoxetine; major depressive disorder; metabolite norfluoxetine; drug dosage; treatment relapse, 14190
fluvoxamine; generalized social anxiety disorder; controlled release formulation; efficacy; safety, 11575
Food and Drug Administration; major depressive disorder; paroxetine; children; youths, 14136
Food and Drug Administration; major depressive disorder; paroxetine; children; youths; selective serotonin reuptake inhibitors, 14181
forced medication; criminal defendant; antipsychotic drugs; competence to stand trial; Second Circuit Court of Appeals, 9303
forced medication; psychotropic medication; medical condition; code of ethics, 14914
forcible medication; courtroom competence; legal rights; psychotropic drugs; medical ethics; physicians' dual loyalty, 27224
frontotemporal dementia; trazodone; serotonergic system; behavioral symptoms, 32453
frontotemporal dementia; vitamin B deficiency; Vitamin B levels; treatment outcomes; newly acquired dementia, 23000
functional magnetic resonance imaging; action onset; time; drug-induced changes; task-related activity; opioid analgesic; remifentanil; insular cortex; regional brain activity; temporal variation, 18817
G protein; selective serotonin reuptake inhibitors; atypical antidepressant drugs; monoamine oxidase inhibitors; tricyclic antidepressants; electroconvulsive therapy; depression treatment, 8501
gabapentin; detoxification treatment; opiate withdrawal; heroin addiction, 20651
gabapentin; seizures; epilepsy; antiepileptic drugs; anticonvulsants dosing; drug dosages, 17182
gabapentins; GBP; anti-epileptic drugs; high dose escalation; L-amino acid transport system; serum concentrations; pharmacokinetic; PK; epilepsy patients; bioavailability; hepatic enzyme; saliva, 5265
galantamine treatment; caregiver time; Alzheimer's disease; activities of daily living; treatment effectiveness, 2319
galantamine; Alzheimers disease; acetylcholinesterase inhibitor; drug therapy; drug efficacy, 35624
galantamine; probable vascular dementia; mixed dementia, 8618
gender differences; depression; antidepressant treatment; depressive disorders; depressive symptoms; men; women, 2221
gender differences; sertraline pharmacotherapy; alcohol dependency; treatment outcomes; drug therapy; treatment efficacy, 32798
gender differences; sertraline; imipramine; depressive disorder; dysthymic disorder, 11462
gender; schizophrenia; neuroleptics; estrogens; dosages; aging; testosterone, 11551
generalized anxiety disorder; St. John's wort, 2254
generalized anxiety disorder; tiagabine; paroxetine; efficacy, 5336
generalized social phobia; age of onset; selective serotonin reuptake inhibitors; sertaline; predictors of treatment response, 11568
generic effectiveness; symptom improvement; sensitivity; schizophrenia; mental health, 3228
genes; psychosocial stress; antidepressant treatment; clomipramine; hippocampus; shrews, 33976
genetic markers; antidepressant medication; medication intolerance; paroxetine; mirtazapine; elderly patients; major depression; pharmacogenetics; treatment outcome, 29360
genetic markers; antidepressant medication; medication intolerance; paroxetine; mirtazapine; elderly patients; major depression; pharmacogenetics; treatment outcome, 29339
gepirone; efficacy & tolerability; neurotransmission; Azapirones; major depressive disorder; pharmacology, 8539
ginkgo biloba special extract EGb 761; cognitive function improvement; senile primary degenerative dementia of the Alzheimer type; multi-infarct dementia, 11653
glucocorticoids; immobilization stressor; hypothalamic-pituitary-adrenal axis; rats; corticosterone, 709
glucose metabolism; treatment-resistant patients; cardiovascular diseases; antipsychotics, 32468
glycine transporter; inhibitor; N-methylglycine; antipsychotics; schizophrenia treatment; D-serine; glycine; N-methyl-D-aspartate receptor; D-cycloserine; antipsychotics, 20405
glycogen synthase kinase-3; bipolar disorder; novel therapeutic agents; signaling pathways; cellular resilience; neuronal plasticity; lithium; molecular targets; drug therapy, 17045
guanfacine; auditory hallucinations; child, 5268
guideline organization; key terms; antipsychotic indications; older patients; diagnosis; medication selection; drug dosage; treatment duration; complicating conditions; drug interaction; side effects, 14117
guidelines; combining medication; drug combinations; side effect tables; side effects history; older patients; antipsychotic drugs; clozapine; carbamazepine; ziprasidone; tricyclic antidepressant, 14114
haloperidol; emergency medicine residents; acute agitation management; aggression management; emergency department, 35836
headache response; eletriptan; tolerability; sumatriptan; placebo; migraine treatment, 29467
headache screening; primary care clinicians; headache disorders; drug rebound headache; episodic migraine; chronic migraine; medication overuse, 22829
health behaviors; medication side effects; patient type; risk perception; intention to comply; prescriptions, 26520
health care cost; pharmaceutical therapies; pharmacoeconomic analysis; budget impact model, 8364
health care policy; health care costs; cost containment; prescription drugs; drug therapy; elderly; chronic mental illness; health care utilization; medicaid, 8763
health care policy; health care delivery; health care costs; quality of care; drug formularies; drug therapy, 8724
health care policy; health care practice; second generation atypical antipsychotics, 5282
health care provider; antiretroviral medications; inner-city residents; treatment adherence; HIV; AIDS, 8497
health care utilization; medical consultation; medical diagnosis; health problem; medical care; migraine patients; headache, 4870
health equity; health inequalities; HIV treatment; developing countries; program implementation speed; government participation; low income countries; research findings; research utilization; ethics, 29434
health insurance status; asthma medications; medication costs; prescription; drug dosages; pharmacy; public aid; medication samples, 8644
health status; ziprasidone; prior antipsychotic medication; olanzapine; risperidone; extrapyramidal side effects; conventional antipsychotic; prolactin levels; body weight; health improvement indices, 8557
health-related quality of life; excessive sleepiness; medical outcomes study; mood states; cognitive functioning; narcolepsy patients; social functioning; modafinil, 14125
health-related quality of life; functional status; symptom distress; high-dose chemotherapy; malignant diseases; stem cell transplantation, 16703
health-related quality; quality-of-life; migraine; nonprescription medications; over-the-counter medication; managed care; migraine medication, 16587
healthy subjects; schizophrenic patients; antagonist properties; receptor antagonist; increasing evidence; cognitive functions; possible mechanisms; oral administration; glutamate receptor, 8519
healthy subjects; schizophrenic patients; antagonist properties; receptor antagonist; increasing evidence; cognitive functions; possible mechanisms; oral administration; glutamate receptor, 8540
heroin dependence treatment; naltrexone; methadone; buprenorphine; drug efficacy, 35859
high dose pindolol; selective serotonin reuptake inhibitor; major depression; antidepressant augmentation; SSRI-refractory depression, 20396
highly active antiretroviral therapy; HAART; non-nucleoside reverse transcriptase inhibitor; NNRTI; protease inhibitor; PI; efavirenz; HIV infected patients; treatment adherence, 8648
hippocampus; cell fate specification; tissue development; Alzheimer disease; kainic acid; protein expression; drug treatment; postmitotic neurons; excitotoxic stimuli, 7269
HIV infection; AIDS; highly active antiretroviral therapy; HAART adherence barriers; patient-provider collaboration; lifestyle-tailored regimen, 5415
HIV medication adherence programs; social support; client satisfaction; staff satisfaction, 26480
HIV prevention strategy; high risk populations; HIV seroconversion; HIV infection; preventive vaccine; chemoprophylaxis; prophylactic drug, 17269
HIV therapy; clinical benefits; antiretroviral drugs; antiretroviral therapy; side effects; drug toxicities; medication adherence, 17204
HIV-infected drug users; antiretroviral adherence; depression; health care delivery; gender relationship; mental health care, 14192
human immunodeficiency virus; HIV treatment recommendations; 2004 guidelines; antiretroviral regimens; research; HIV patient care; adult treatment; International AIDS Society; antiretroviral panel, 29497
human immunodeficiency virus; HIV treatment recommendations; 2004 guidelines; antiretroviral regimens; research; HIV patient care; adult treatment; International AIDS Society; antiretroviral panel, 29049
Huntington's disease; drug therapy, 20284
Huntington's disease; early onset; childhood; L-dopa; drug therapy, 8321
Huntingtons disease; galantamine; psychosis; motor symptoms; psychiatric symptoms; acetylcholinesterase inhibitor, 35558
hyperactivity; impulsivity; inattention; hyperkinectic disorder; methylphenidate; measurement; OPTAx test, 26376
hyperglycemia; antipsychotics; olanzapine therapy; basic mood; haloperidol; promazine; hyperglycemic remittance; diabetes risk, 17043
hyperprolactinemia; elevated prolactin levels; antipsychotics; clinical effects; risperidone; schizophrenia, 2168
hyperreactivity; carbon dioxide; paroxetine; reboxetine; panic disorder, 26416
hypertensive urgency; clonidine; mirtazepine, 35577
hypothalamic-pituitary-adrenal function; major depressive episodes; hypercortisolemia; antidepressive medications, 35570
hypothalamus-pituitary-adrenocortical system dysregulation; depression; corticotropin releasing hormone; CRH-1 receptor antagonist R121919; endocrine changes; side effects, 5302
idiopathic generalized epilepsies; juvenile myoclonic epilepsy; absence epilepsy; generalized tonic-clonic epilepsy; partial seizures; medication; antiepileptic drugs, 13924
illicit drug use; adherence; antiretroviral medication, 8637
imipramine; fluoxetine; weight changes; leptin; body mass index; tricyclic antidepressants; depressed female patients; insulin; fasting blood; diabetes risk; glucose; free fatty acids; lipids; glucose, 8531
imipramine; sertraline; panic disorder; agoraphobia; treatment efficacy; antidepressant drugs, 20357
imiquimod; external anogenital warts; treatment effectiveness; patient treatment satisfaction; compliance, 14304
immediate-release formulations; controlled-release formulations; pharmacokinetics; antidepressants; nausea; efficacy; side effects; selective serotonin reuptake inhibitors; tolerability, 11482
in vitro inhibition; ligand-gated ion channels; milnacipran concentration; tricyclic antidepressants; serotonin, 34182
inositol monophosphatase; lithium treatment; bipolar disorder; enzyme activity, 20342
inpatient rehabilitation; rehabilitation outcomes; traumatic brain injury; donepezil; treatment duration; length of stay; cognitive improvement; treatment outcome, 32569
insomnia; clinical drug interaction; zolpidem; zaleplon; zopiclone; pharmacokinetic interactions; pharmacodynamic interactions; sedative effects; conventional benzodiazepines; hypnosedatives, 2296

insomnia; melatonin; children; adolescents; drug therapy; drug efficacy; drug safety, 32532
insomnia; negative impact; etiology; pharmacotherapy; behavioral treatments, 11146
insulin resistance; insulin abnormalities; Alzheimer's disease; pathopysiology; clinical symptoms; cognitive impairments; amyloid precursor protein; senile plaques, 5467
insulin therapy; diabetes mellitus; insulin administration; type 2 diabetes; insulin-resistant diabetes, 23380
intellectual disabilities; epileptic seizures; behavioral responsiveness; antiepileptic drug, 14298
intellectual disability; developmental disability; atypical antipsychotic drugs; schizoaffective disorder; aripiprazole; drug therapy, 26366
intermittent explosive disorder; sequential polypharmacy; valproate; hyperammonemia; VPA-related hyperammonemic encephalopathy, 32482
intranasal midazolam; intravenous diazepam; acute seizures; pediatric emergency department; side effects; status epilepticus, 23266
intravenous clomipramine; depressive-catatonic state; corticosteroid treatment; interepisode recovery; hypomanic episode; prednisolone; betamethasone; treatment outcomes, 29398
intravenous regional sympathetic block; pain management; complex regional pain syndrome type 1, 20472
irritable bowel syndrome: treatment; symptoms, 8149
lamotrigine & lithium maintenance treatment; recently depressed patients; bipolar disorder; tolerability; efficacy; mood episodes; concomitant drugs; prevention; anticonvulsants, 2151
lamotrigine efficacy; lithium efficacy; placebo; maintenance treatment; bipolar I disorder; manic patients; depressive patients, 20297
lamotrigine monotherapy; carbamazepin; phenytoin; valproate; epilepsy, 11652
lamotrigine therapy; treatment-resistant menstrually-related rapid cycling bipolar disorder; follicular phase depressive symptoms; luteal phase mood elevation symptoms, 35506
lamotrigine vs valproate; weight change; adolescents; children; epilepsy; obesity; antiepilepsy drugs, 5411
lamotrigine; bipolar depression treatment; drug efficacy; treatment outcome, 20358
lamotrigine; bipolar disorder; anticonvulsant agent, 29333
lamotrigine; confusion psychosis; neuroleptic treatment; mood stabilizers; carbamazepine; valproate, 23234
lamotrigine; informed consent; treatment decisions; physician assistance, 14161
lamotrigine; informed consent; treatment decisions; physician assistance; mood disorders, 14132
lamotrigine; tolerability; sensory neuropathies; HIV; pain; antiretroviral therapy, 17083
lamotrigine; treatment-resistant schizophrenia; clozapine; treatment outcomes; positive and negative symptoms, 8549
Landau-Kleffner syndrome; levetiracetam; drug therapy; monotherapy; acquired epileptic aphasia; epilepsy; epileptic seizures; treatment outcomes, 2307
late-life depression; treatment; diagnosis; mortality rate, 34838
legislative decisions; attention-deficit disorder; central nervous system; drug therapy; methylphenidate; paracetamol, 9290
levetiracetam; adult patients; learning disability; behavioral adverse effects; optimal antiepileptic drug treatment; drug tolerability; drug efficacy, 23220
levetiracetam; Creutzfeldt-Jakob disease; antiepileptic drug; neurological conditions; myoclonus; drug effectiveness, 16774
levetiracetam; seizures, 11644
levodopa therapy; advanced idiopathic Parkinson's disease; response fluctuation; response fluctuation mechanisms, 2308
levodopa-induced dyskinesias; disease rating scale; parkinson disease; unified parkinson; dyskinesia, 35645
Lewy body disease; parkinsonism; visual hallucinations; treatment, 32547
Lewy body disease; parkinsonism; visual hallucinations; treatment, 32557
lithium augmentation efficacy; antidepressants; treatment resistant depression; protracted mild depression, 23275
lithium augmentation; HPA system; treatment-resistant depression; tricyclic antidepressants; pharmacologic treatment; neuroendocrine studies, 11472
lithium augmentation; hypothalamic-pituitary-thyroid system; unipolar major depressive disorder; augmentation therapy, 23222
lithium augmentation; nortriptyline; treatment resistant depression; prospective open trial, 20292
lithium augmentation; nortriptyline; treatment resistant depression; prospective open trial, 20369
lithium chloride; sodium valproate; calcium ion; dextroamphetamine; therapeutic mechanisms; intracellular calcium; bipolar disorder; platelet calcium; mood stabilizer; second-messenger pathways, 23305
lithium treatment; maintenance therapy; bipolar disorder; lamotrigine bipolar trials; disease subtype; treatment adherence; drug tolerability; dose uncertainty, 20330
lithium treatment; schizophrenia; antipsychotic medication; clinicians; randomized controlled trials; meta-analysis, 20350
lithium-associated cognitive impairment; negative cumulative cognitive effects; neuropsychological impairment, 11538
lithium; anticonvulsants; drug therapy; lamotrigine; drug interactions; antidepressant drugs; mental disorders; drug dependency, 5132
lithium; clinical efficacy; bipolar disorder; recurrent affective episodes; gene expression; protein kinase C; glycogen synthase kinase-3; signal transduction pathways, 14157
lithium; divalproex sodium; thyrotropin; thyroid-stimulating hormone; bipolar disorders; risk factors; lithium-induced hypothyroidism; bipolar youths, 14145
lithium; mood disorders; neurologist; headaches; child psychiatrist; bipolar disorder; pseudotumor cerebri, 14150
lithium; valproic acid; treatment effects; brain chemistry; bipolar disorder; gray matter lactate; glutamate; glutamine; gamma aminobutyric acid, 35529
long term well-being; caregiver burden; long-term treatment; Alzheimer's disease; social loss; emotional loss; physical loss; financial loss; disease management; acetycholinesterase inhibitors, 32717
long-acting antipsychotic medications; severe and persistent mental illnesses; mentally ill individuals; ethical considerations, 29374
long-acting risperidone treatment; treatment switching; client education; client attitudes, 17089
long-term antidepressant efficacy; olanzapine; fluoxetine; treatment-resistant depression, 11476
long-term efficacy; electroconvulsive therapy; pre-therapy pharmacotherapy; delusional depression; relapse; major depression, 17099
long-term side effects; selective serotonin reuptake inhibitors; SSRIs; sexual dysfunction; weight gain, 11500
long-term therapy; acute therapy; schizophrenia; risperidone; atypical antipsychotics; side effects, 11539
long-term tolerability; lamotrigine; drug efficacy; drug therapy; partial seizures; adult patients, 14262
long-term treatment outcomes; depression; anxiety; efficacy; continuation treatment; fluoxetine; major depressive disorder; remission; treatment response; placebo; dosages; anxiety severity, 23249
lormetazepam; insomnia patients; tablets; oral solution; drug doses; drug efficacy, 20460
Lyme disease; cognitive function; post treatment; chronic Lyme disease; PTCLD; antibiotic treatment outcomes; patients, 2302
Machado-Joseph Disease; fluoxetine; neurologic dysfunction, 17184
magnesium pemoline; drug safety; hepatic treatment; possible risks; liver treatment, 8640
maintenance treatment; bipolar disorder; olanzapine; drug therapy; valproate; drug dosages, 32419
maintenance treatment; opioum dependence; opium dependence; treatment completion; buprenorphine, 20617
maintenance treatment; schizophrenia; quetiapine; drug dosages, 20293
major depression disorder; serum cholesterol levels; fluoxetine; hypercholesterolemia; disorder relapse, 32466
major depression; 5-HTTLPR polymorphism; remission; clinical response; serotonin transporter gene; non-remission predictor; citalopram treatment; depressed patients; symptom severity; genetic variate, 8479
major depression; adrenoceptor upregulation; brain tissue; blood platelets; G-protein-coupled receptor kinases; mirtazapine; depressed suicide attempters; depressed patients behavior; down regulation, 20328
major depression; antidepressants; clinical trial design; design analysis; drug therapy, 20348
major depression; dysthymia; comorbidity; psychiatric disorders; psychotropic medication prescription; psychotherapy, 19398
major depression; nefazodone; mood; anxiety symptoms; drinking behavior; depressed alcoholics; comorbidity; alcohol dependence, 35034
major depression; omega-3 fatty acids; symptoms, 2228
major depression; remission; selective serotonin reuptake inhibitors; noradrenergic antidepressant; antidepressant mechanisms, 23272
major depression; thyroid hormones; fluoxetine; nortriptyline; treatment response, 14142
major depressive disorder; adverse reactions; serotonin reuptake inhibitors; antidepressants; efficacy; drug safety; escitalopram; duloxetine; paroxetine; fluoxetine, 20333
major depressive disorder; antidepressant efficacy trials; enrollment; eligibility requirements; subjects, 2179
major depressive disorder; antidepressant medication; home care patient; health care services; geriatric patients; Blacks; Whites; drug prescription, 35530
major depressive disorder; fluoxetine; mania; drug therapy; drug side effects, 35556
major depressive disorder; omega-3 polyunsaturated fatty acids; eicosapentaenoic acid; docosahexaenoic acid; dietary intake; symptoms; major depression, 20401
major depressive disorder; paroxetine; children; youths; fluoxetine, 14130
major depressive disorder; placebo substitution trial; relapse prevention; gepirone-IR therapy; efficacy, 20273
major depressive episode; Alzheimer's disease; sertraline; depression; caregiver burden; demographics; neuropsychological factors; neuropsychiatric factors; treatment response, 20058
major depressive illness; mirtazpine treatment; serotonin syndrome; anxiety disorder, 11504
major depressive illness; mirtazpine treatment; serotonin syndrome; anxiety disorder, 11567
major depressive illness; mirtazpine treatment; serotonin syndrome; anxiety disorder, 11491
mania; Bupropion therapy discontinuation; smoking cessation, 19389
mania; depression; paroxetine; drug therapy, 2195
mania; hypomania; olanzapine; causal relationship; bipolar manic attacks, 29306
manic symptoms; bipolar disorder; olanzapine; drug therapy, 35584
medical & nonmedical marijuana; marijuana laws; legalization; parental attitudes; adolescent attitudes; marijuana usage; parents; teenage children, 10260
medical comorbidity; fluoxetine augmentation; dose increase; treatment-resistant depression; antidepressant treatments; major depressive disorder, 23286
medical drugs; nervous system disorders; neuroscience; patents, 35366
medical practitioners; doctor-patient relationship; insomnia; zolpidem; drug therapy; alcohol; antidepressants, 32530
medical standards; legal processes; pain management; drug prescriptions; opioids, 20770
medication adherence barriers; schizophrenia; antipsychotic medication; nonadherent patients; demographic characteristics; clinical characteristics; Schizophrenia Guidelines Project, 20334
medication adherence; adherence promotion; theory based asthma education; asthma outcomes, 20487
medication adherence; adherence self-efficacy; antiretroviral therapy; age differences; cross cultural differences, 26505
medication adherence; atypical antipsychotic medication; schizophrenia; side effects, 8553
medication algorithm; algorithm-guided treatment; major depressive disorder; antidepressant medication; clinical outcomes, 29392
medication compliance; atypical antipsychotic drugs; drug therapy; schizophrenia; long acting injectable medications, 17052
medication compliance; treatment satisfaction; HIV disease; African Americans; crack cocaine smokers, 26486
medication management; refractory epilepsy; patient's perceptions; compliance, 26483
medication prescribing practices; inner-city; Hispanics; mental health clinic; psychotic disorders; medication compliance; outpatients; cultural factors; side effects, 20371
medication prescription; potentially inappropriate medications; elderly people, 29438
medication regimen; medication management; older adults; self-medication program; cognition; management capacity, 23099
medication use; autism; psychiatric comorbidity; autistic adults; learning disabilities; hypothyroidism; neuroleptic drugs, 13792
medication; atypical antipsychotic; psychotropic medications; psychotic disorders; risperidone; olanzapine; quetiapine; adolescent inpatients, 23253
medication; total pain; neuropathic pain; poor symptom control; polypharmacy; poor opioid response; managing neuropathic pain; patients psychospiritual suffering; cancer patient; drug therapy, 11458
medications; verbal memory impairment; schizophrenia; anticholinergic drugs; antipsychotic drugs; benzodiazepines, 20289
medicine; psychothrapy; depressed couples; depressed families; depression; chronic depression; couples therapy; acute depression, 35387
melatonin treatment; day-night rhythm disturbances; sundowning; Alzheimers disease, 32552
memory loss; selective serotonin reuptake inhibitors; fluoxetine; cognitive impairment; drug side effect, 35534

menopausal women; hormone replacement therapy; HRT; Alzheimer's disease; AD; rivastigmine; estrogen effect, 5454
menopausal women; menopausal mood disturbance; neuropsychological symptoms; hormone replacement therapy; psychoactive medications; hot flushes, 2272
mental health care delivery; health care costs; cost containment; health care policies; clinical psychopharmacology; drug therapy; mental health advocacy; National Alliance for the Mentally Ill, 8719
mental health nurses; medication adherence; nurse perceptions; nurse role; education; adherence strategies; training, 5273
mental illness; HIV infection; schizophrenia psychosis; psychosis; efavirenz; mental disorder, 23401
mental retardation; antiepileptic drugs; epilepsy; pharmacological outcomes; drug therapy, 14273
metabolic bone diseaes; anticonvulsant medication; divalproex sodium; ostenopenia; sexual disorder, 26398
metastatic breast cancer; health-related life quality; zoledronic acid; pamidronate disodium; skeletal-related events, 29079
methadone dose; methadone injecting patients; intravenous methadone use; methadone maintenance treatment, 11906
methadone maintenace treatment; treatment cessation; withdrawal symptoms; buprenorphine; opioid dependence; treatment reduction & cessation, 8851
methadone maintenance treatment programs; heart; brain; cardiac toxicity; buprenorphine maintenance, 11943
methadone; treatment; neuropathic pain; dosages; cancer patients; noncancer patients; pain intensity; mechanical allodynia; paroxysmal, 5423
methylfenidate; attention-deficit/hyperactivity disorder; velocardiofacial syndrome; chromosome disorder; developmental disabilities; efficacy; safety; children; adolescents, 5285
methylhistamine; migraine prophylaxis; subcutaneous administration, 14285
methylphenidate treatment; attention deficit hyperactivity disorder; long term effects; chronic stimulant medications; neural effects; behavioral effects; drug adverse effects, 8555
methylphenidate; Adderall; attention deficit hyperactivity disorder; preschoolers; behavior ratings, 14185
methylphenidate; adult attention-deficit/hyperactivity disorder, 11485
methylphenidate; attention deficit hyperactivity disorder; epilepsy; electroencephalographic abnormalities; seizures; ADHD; treatment; antiepilepsy drugs; safety; efficacy; drug treatment, 5286
methylphenidate; prescribing patterns; Israel; attention deficit hyperactivity disorder, 11645
methylphenidate; response inhibition; boys; ADHD; attention deficit hyperactivity disorder; doses, 23294
methylprednisolone pulse therapy; neuroleptic malignant syndrome; Parkinson's disease; placebo, 23407
mianserin treatment; akathisia; antipsychotic medication; schizophrenia patient; drug side effects; fluphenazine; movement disorder; biperiden, 32475
microvascular decompression; trigeminal neuralgia; anesthesia; MVD; pharmacotherapy; morbidity; mortality, 4177
migraine headache; mood disorders; serotonin reuptake inhibitors; psychiatric disorder, 34760
migraine headache; triptan; patient dissatisfaction; pharmacological interaction; physiological interaction; migraine recurrence, 14263
migraine without aura; cerebrovascular reactivity; prophylactic flunarizine; cerebral blood flow; cerebral vessels; vasodilatory effect, 23368
migraine; sumatriptan; eye redness; eyelid edema; nasal congestion; cranial autonomic symptoms, 14250
mild Alzheimers disease; multiple dose safety; tolerability; pharmacokinetics; purine derivates; AIT-082, 17047
mild cognitive impairment; normal aging; memory loss; dementia; Alzheimer's disease; treatment; diagnosis; evaluation; pharmacologic treatment; non-pharmacologic treatment, 1929
mild cognitive impairment; normal aging; memory loss; dementia; Alzheimer's disease; treatment; diagnosis; evaluation; pharmacologic treatment; non-pharmacologic treatment, 11341
mild cognitive impairment; normal aging; memory loss; dementia; Alzheimer's disease; treatment; diagnosis; evaluation; pharmacologic treatment; non-pharmacologic treatment, 11355
mild cognitive impairment; normal aging; memory loss; dementia; Alzheimer's disease; treatment; diagnosis; evaluation; pharmacologic treatment; non-pharmacologic treatment, 11347
mild cognitive impairment; normal aging; memory loss; dementia; Alzheimer's disease; treatment; diagnosis; evaluation; pharmacologic treatment; non-pharmacologic treatment, 11326
mild cognitive impairment; normal aging; memory loss; dementia; Alzheimer's disease; treatment; diagnosis; evaluation; pharmacologic treatment; non-pharmacologic treatment, 11360
mild cognitive impairment; normal aging; memory loss; dementia; Alzheimer's disease; treatment; diagnosis; evaluation; pharmacologic treatment; non-pharmacologic treatment, 11334
milnacipran; fibromyalgia syndrome; co-morbidity; depressive symptoms; serotonin and noradrenaline reuptake inhibitor, 20366
milnacipran; fluvoxamine; paroxetine; depression; gender differences, 11530
milnacipran; risperidone; major depression; drug therapy; antidepressant drugs, 20402
mirtazapine augmentation; clozapine; schizophrenia; negative symptoms; drug therapy, 20415
mirtazapine; antidepressants; relapse prediction; true drug initial response pattern; placebo responders on drug; maintenance treatment, 26408
mirtazapine; excessive sweating; hyperhidrosis; antidepressant drugs, 35630
mirtazapine; fibromyalgia syndrome; antidepressant drugs; pain; fatigue; sleep; remission; major depression, 32562
mirtazapine; orally disintegrating tablet; sertraline; antidepressant efficacy; major depressive episode; onset of action, 8482
mirtazapine; urinary free cortisol excretion; depression, 2216
modafinil; abuse; treatment; stimulant; preclinical studies; human laboratory studies; postmarketing experiences; abuse liability, 27926
modafinil; antipsychotic medication-induced sedation, 17031
modafinil; antipsychotic medication-induced sedation, 20317
modafinil; antipsychotic medication-induced sedation, 20355
modafinil; chronic schizophrenia; cognitive deficits; cognition set shifting; attentional set shifting, 29394
modafinil; cognition; response inhibition; adults; attention deficit hyperactivity disorder, 26441
modafinil; major depression; wake-promoting agent; adjunctive treatment; fatigue; excessive sleepiness, 11480
monoamine neurotransmission; neurotransmitter system; pharmacologic effects; clinical presentation; mechanisms of action; therapeutic research; depressive symptoms; clinical response, 20314
monoamine oxidase inhibitors; drug interactions; drug side effects; prescriptions, 35527
monoamine oxidase inhibitors; subarachnoid hemorrhage; atypical depression; headache; oral tranylcypromine, 35543
monotherapy trials; antiepileptic drugs; drug therapy; epilepsy; clinical practice; clinical trials, 2282
mood disorder; anxiety disorder; treatment advancement; cultural impact; selective serotonin reuptake inhibitors; treatment outcomes; comorbid medical illnesses; pharmacologic properties, 32464
mood disorders; venlafaxine; anxiety disorders; serotonin binding potential; SSRIs; citalopram; fluoxetine; sertraline; paroxetine; minimum therapeutic doses; serotonin transporter occupancy, 26404
mood effects; antiepileptic drugs, 20040
mood stabilization outcomes; drug therapy; mood disorders, 5329
mood stabilizers; bipolar disorder; anticonvulsant agents; valporate; lithium; brain, 26343
mood-stabilizer medication; remitted bipolar patients; antipsychotic medication; combined drugs; combined medication; patients in remission; antipsychotic drug continuation; placebo taper; outpatients, 26425
mortality; poststroke depression; antidepressant treatment; nortriptyline; fluoxetine, 35521
mother-to-child transmission; HIV transmission; human immunodeficiency virus; sub-Saharan Africa; clinical trial; nevirapine; zidovudine, 29052
motor fluctuations; Parkinsons disease; side effects; drug tolerability; treatment efficacy; entacapone; catechol-O-methyltransferase; levodopa/dopa decarboxylase; drug dosages, 23390
motor function; cognitive function; donepezil; Alzheimer's disease; parkinsonian dementia, 26479
movement disorders; abnormal involuntary movement disorder; AIM; dopamine receptor blocking agents; antipsychotic drug-induced movement disorders, 14127
myoclonic jerks; antiepileptic drugs; seizures; levetiracetam monotherapy; epilepsy; generalised tonic-clonic seizures, 17157
N-methyl-D-aspartate; NMDA; allodynia; hyperalgesia; neuropathic pain; NMDA receptor antagonist ketamine; alfentanil; placebo; pain, 14272
naltrexone; heroin dependence treatment; opioid dependence; medication compliance, 29794
narcolepsy patients; daytime sleepiness; nocturnal sleep; sodium oxybate; narcolepsy systems; adverse events; cataplexy attacks, 5412
nasal spray; migrainous Headache; diagnosis; sumatriptan, 14256
National Depressive & Manic-Depressive Association; consensus statement; placebo; clinical trials; mood disorders, 18217
national trends; concomitant psychotropic medication; pediatric visits; pharmacotherapy; stimulants; drug safety; drug efficacy, 29314
natural course; major depressive episode; placebo response; short-term treatment; placebo controlled research; tricyclic antidepressants; drug therapy; sustained response patterns, 17085
nefazodone; chronic posttraumatic stress disorder; combat veterans, 26353
negative mood; symptom reports; bronchodilators; drug therapy; asthma; drug therapy; inhaler treatment; reliever use; beta-agonists; steroids, 11661
negative symptoms; chronic schizophrenia patients; fluvoxamine; side effects; response analysis; etiology, 5344
network therapy; opioid use; buprenorphine maintenance; family members; addiction treatment, 29786
neuroacanthocytosis; involuntary movements; drug therapy; molindone; divalproex, 35649
neurocognitive assessment; clinical trials; antipsychotic drugs; drug efficacy; schizophrenia, 3277
neurocognitive functioning; long-term lithium treatment; neuropsychiatric disorders; adult neurogenesis; bipolar disorder; drug treatments, 11466
neurocognitive performance; clinical changes; olanzapine; drug therapy; schizophrenia; cognitive ability, 8507
neurocysticercosis; human female; bilateral papilledema; neck stiffness; psychomotor retardation; cysts; albendazole; prednisone; headache; nausea, 13994
neuroleptic malignant syndrome; adverse reactions; depressive symptomatology; psychomotor retardation; antipsychotic drugs; paroxetine; olanzapine; drug interactions, 8518
neuroleptic malignant syndrome; dementia with Lewy bodies; donepezil monotherapy; drug therapy; drug side effects, 20474
neuroleptic malignant syndrome; drug induced hyperthermia; mortality rate; clinical presentation; differential diagnosis; risk factors, 35516
neuroleptic malignant syndrome; psychoactive medications; neuroleptic treatment; African American male; respiratory distress; hepatic metabolism; olanzapine; fluphenazine; drug interactions, 8550
neuroleptic malignant syndrome; risperidone treatment; side effects, 35585
neuroleptic malignant syndrome; traumatic brain injury; drug therapy; neuroleptic drugs; side effects, 2299
neuroleptic medication; patient attitudes; measurement; predictive utility; prescription adherence, 21139
neuroleptic treatment; schizophrenia; relapse prevention; decision making; treatment adherence, 23306
neuroleptic treatment; subjective well-being; pharmacological treatment; conventional neuroleptics; atypical antipsychotics; subjective experiences; medication adherence, 11518
neuroleptic-induced akathisia; olanzapine treatment; clozapine; side effects, 29407
neuroleptics; metoclopramide; Tourette syndrome; tics; extrapyramidal symptomse, 23361
neurological soft signs; atypical antipsychotics; schizophrenia; cognitive efficacy; clinical efficacy; brain dysfunction; cognitive dysfunction; psychopathology, 29320
neurology; psychiatry; neurological disorders; psychiatric disorders; drug therapy information, 5259
neuronal dysfunction; frontal lobe; schizophrenia; antipsychotic treatment, 35555
neuropathic pain; opioid alkaloids; drug side effects; pain management; pain remedy; nerve injury pain, 14308
neuropathic pain; pathophysiology; pain therapies; treatment; drugs; tricyclic antidepressants; anticonvulsants, 17159
neuropsychiatric medications; drug therapy; drug interactions; action mechanisms; pharmacodynamics; classification systems, 26417
neuropsychological functioning; schizophrenia; treatment; antipsychotic drugs; visual memory; visual perception; verbal memory, 23246
neuropsychological test performance; antiretroviral treatment; antiretroviral therapy; protease inhibitor; zidovudine; indinavir; CSF; plasma HIV-1 RNA, 23394
neurotransmitter changes; neuropsychiatric side effects; positive therapeutic effects; opioid receptor antagonists; neurobiological correlates; neuropsychiatric syndromes; interferon-alpha; treatment, 11554
new antiepileptic drugs; children; psychopharmacology; psychiatric disorders; drug safety; age specific tolerability; dosing regimens; pharmacokinetics; adverse effects; drug treatment, 35544

new drugs; treatment benefits; drug therapy; health care costs; cost analysis; drug choices; economic growth; drug formularies; quality of life, 8743
new treatment strategies; depression; drug therapy; etiology, 8371
newer generation antipsychotics; psychosis management; dementia; older patients; neuropsychiatric symptoms; treatment safety; treatment efficacy, 11550
nicotine gum; cigarette craving; smoking cessation, 22675
nicotine patch therapy outcomes; heavy smokers; alcohol dependence history; high dose nicotine patch; dose conditions; nicotine abstenence; alcohol abstinence length; follow-up assessments, 13401
nicotine patch; smoking cessation treatment; bupropion sustained-release; female smokers, smokers; relapse risk; history of depression, 5702
nicotine patches; genotype; nicotine replacement therapy; smokers; human sex differences, 26747
nicotine replacement therapy; cigarette smoking reduction, 20634
nicotine replacement therapy; pregnancy; smoking; growth restriction; preterm birth; miscarriage; perinatal death; maternal blood pressure; heart rate, 26712
NMDA receptor glycine modulatory site; cognition enhancement; schizophrenia; negative symptoms; dissociative anaesthetics, 32428
nomenclature; drug-induced movement disorders; tardive dyskinesia, 26127
nonbenzodiazepine hypnotic; zalepon overdose; complex behavior; sleepwalking, 32457
noncognitive symptoms; acetylcholinesterase inhibitors; pharmacologic therapies; functional impairment; behavioral symptoms; long-term treatment; neuropsychiatric symptoms, 32524
noncompliance; partial compliance; schizophrenia; drug therapy; relapse; risk factors; side effects; symptom severity; impaired cognition; inadequate knowledge, 8522
nonconvulsive status epilepticus; cephalosporins; antibiotics; drug side effects, 26504
nondopaminergic symptomatic therapies; Parkinson's disease; istradefylline; dopaminergic neurons; dopamine replacement strategies; adenosine receptor antagonist, 8619
nonfatal suicidal behavior; antidepressant drug treatment; amitriptyline; fluoxetine; paroxetine; dothiepin; risk, 29343
nonpsychotic major depressive disorder; Sequenced Treatment Alternatives to Relieve Depression; nonpsychotic outpatients; feasibility trial; citalopram, 20410
noradrenergic drugs; levodopa-induced dyskinesia; Parkinsons disease; neurotransmitters; dyskinesia treatment; drug therapy, 11634
norepinephrine; effectiveness; antidepressants drugs; monoamine transmitter; serotonin reuptake inhibitors; pharmacotherapy; efficacy, 20372
norepinephrine; serotonin reuptake inhibition; depression treatment; combined treatment; treatment efficacy; fluoxetine; desipramine, 14168
novel antipsychotics; bipolar mania; schizoaffective mania, 29358
nutritional supplements; fluoxetine; anorexia nervosa; underweight anorexia nervosa patients; treatment efficacy, 11465
obesity; risk factor; antipsychotic noncompliance; side effect; distress; schizophrenia, 11572
obsessive compulsive disorder; comorbid social phobia; diagnostic assessment; clinical treatment; depressive thought; group psychotherapy; cognitive behavioral treatment; medication approaches, 23104
obsessive compulsive disorder; riluzole; major depressive disorder; treatment, 17037
obsessive compulsive disorder; serotonergic parameters; serotonin reuptake inhibitor treatment; clinical improvement, 11481
obsessive compulsive disorder; serotonin reuptake inhibitors; paroxetine; venlafaxine; drug dosages; antidepressants; drug efficacy; drug therapy; switch trial, 17039
obsessive compulsive disorder; symptom provocation; pharmacological treatment; individual differences; brain markers; anterior temporal cortex; reactivity; single photon emission computed tomography, 2170
obsessive-compulsive disorder; digitising tablet; handwriting; kinematic analysis; sertraline, 12621
obsessive-compulsive disorder; functional impairment; psychiatric illness; prognosis; comorbidity, 31825
obsessive-compulsive disorder; paroxetine; drug safety; drug efficacy; treatment effectiveness evaluation, 35541
obsessive-compulsive disorders; psychiatric disease; schizophrenia; clomipramine; selective serotonin reuptake inhibitors; obsessions; compulsive behavior; psychodynamics; therapeutic perspective, 29373
obsessive-compulsive symptoms; attention deficit; mild mental retardation; risperidone treatment; aggression; children; chronic tic disorder; adverse effects, 23238
obsessive-compulsive symptoms; schizophrenic patients; risperidone, 11569
obsessive-compulsive symptoms; social phobia; paroxetine; risperidone; drug combinations, 26443
off-label antipsychotics use; sex differences; dosages; diagnosis, 5333
office-based treatment; opiate addiction; buprenorphine; naloxone; urine samples; opiate cravings, 11909
office-based treatment; opiate addiction; buprenorphine; naloxone; urine samples; opiate cravings, 11914
olanzapine therapy; paranoid schizophrenia; pericardial effusion; clozapine treatment; flu-like symptoms; cardiac function; respiratory rate; heart rate; pleural effusion, 17153
olanzapine treatment; monosymptomatic hypochondriacal psychosis, 20367
olanzapine; alcohol craving; DRD4 variable number of tandem repeats polymorphism; VNTR polymorphism; cue elicited craving; social drinking; social drinkers; priming; individual differences, 1156
olanzapine; behavioral disturbances; psychosis; Alzheimer disease, 20312
olanzapine; chronic pain; pain perception; pain control, 14265
olanzapine; clozapine; drug therapy; chronic schizophrenia; cognitive functioning; verbal learning; verbal memory; visual memory; attention; working memory; psychomotor speed, 5343
olanzapine; clozapine; stuttering; drug side effects; psychiatric disorders, 26341
olanzapine; fluoxetine; obsessive-compulsive disorder; antipsychotic drugs; serotonin reuptake inhibitor, 20390
olanzapine; hypothermia; bipolar disorder; drug therapy; body temperature, 20283
olanzapine; intellectual disability; self-injurious behavior; aggressive behavior; disruptive behavior; antipsychotic drugs, 5293
olanzapine; obsessive-compulsive symptoms; bipolar disorder; topiramate; compulsive mental acts, 35559
olanzapine; risperidone; cost evaluation; schizophrenia; drug therapy, 8487
olanzapine; schizophrenia; anxiety, 2189
ondansetron; treatment; obsessive-compulsive disorder; serotonin; 5-HT receptor antagonist; efficacy; anxiety; risk assessment; risk perception, 2171
opiate addicts; buprenorphine; maintenance treatment; acceptance; efficacy; tolerability; drug use behavior, 29396
opiate dependency; buprenorphine; drug therapy; correctional setting; inmates; pharmacological treatment, 32849
opioid therapy patients; substance abuse; chronic pain; pain management, 29804
opioid therapy; chronic pain; history; dose; toxicity, 8605
opioid withdrawal; acute opioid physical dependence; naloxone; administration schedules; withdrawal severity; opioid pretreatments; withdrawal severity; withdrawal symptoms; male subjects, 13731
optometry; drug prescription; drug prescriptive authority; clinical psychology; drug therapy; professional group support; eye disease; drug treatment, 32893
oral antipsychotic therapy; patient characteristics; treatment satisfaction, 14153
oral naltrexone; opioid side effects; methadone; painful neuropathy; ultra-low dose, 17158
oral topiramate; topiramate efficacy; scar healing; topiramate safety; drug tolerability, 35614
ornithine decarboxylase; cerebellum; knockout; alpha difluoromethylornithine; polyamine depletion; nicotinic cholinergic receptor upregulation; neural development; macromolecular changes; rats, 7257
oromandibular dystonia; atypical neuroleptic; clozapine treatment; dibenzodiazepin, 35633
outcome assessment; schizophrenia; clinical trials; antipsychotic drugs; drug efficacy; positive and negative symptoms; clinical outcomes; functional outcomes, 5352
outpatient pharmacy trends; veterans affairs; specialized mental health care, 29388
oxcarbazepine; adjunctive drugs; drug administration; antipsychotic treatment; clozapine; carbamazepine; schizophrenia, 32455
oxcarbazepine; adjunctive therapy; bipolar disorder; manic episode; mixed episode, 23216
oxcarbazepine; efficacy; safety; tolerability; mania; treatment, 20345
oxcarbazepine; epilepsy; tonic-clonic seizures, 29311
oxidative damage; schizophrenia; atypical antipsychotics; lipid peroxidation; superoxide dismutase; ascorbic acid, 26352
pain management; opioids, 20477
palliative sedation therapy; euthanasia; medical treatments; refractory distress; intentional sedation; mild sedation; intermittent deep sedation; continuous deep sedation; physician-assisted suicide, 5403
panic attacks; mirtazapine treatment discontinuation; depressive symptoms; sleep problems; adjustment disorder, 29328
panic disorder; benzodiazepines; agoraphobia; drug therapy; selective serotonin reuptake inhibitors; treatment guidelines, 29347
panic disorder; benzodiazepines; agoraphobia; drug therapy; selective serotonin reuptake inhibitors; treatment guidelines, 29349
panic disorder; benzodiazepines; agoraphobia; drug therapy; selective serotonin reuptake inhibitors; treatment guidelines, 29310
panic disorder; blood-injury phobic avoidance; drug treatment; retrospective study; chart analysis; comorbidity; pharmacotherapy; agoraphobia; treatment-outcome; experimental replication, 17074
panic disorder; long-term management; pharmacotherapy; tricyclic antidepressants; selective serotonin reuptake inhibitors; benzodiazepines, 23236
panic disorder; serotonin reuptake inhibitors; tricyclic antidepressants; heart rate variability; chaos; largest Lyapunov exponent; cardiovascular effects; paroxetine; nortriptyline, 8561
panic disorder; setraline; imipramine; drug switch strategy; differential efficacy; measures analysis, 8526
parametric mapping; positron emission tomography; PET; Parkinson's Disease; PD; ropinirole; dopamine; putamen; striatal dopamine storage; levodopa, 2323
parametric mapping; positron emission tomography; PET; Parkinson's Disease; PD; ropinirole; dopamine; putamen; striatal dopamine storage; levodopa, 11668
parametric mapping; positron emission tomography; PET; Parkinson's Disease; PD; ropinirole; dopamine; putamen; striatal dopamine storage; levodopa, 11632
paranoid schizophrenia; clozapine therapy; acute interstitial nephritis; eosinophil count, 35618
paranoid schizophrenia; episodic ataxia type 2; acetazolamide; pathophysiology, 23269
paranoid schizophrenia; risperidone; blepharospasm; drug rechallenge, 14147
parental attitudes; postoperative analgesic medication; pain medication; surgery, 35647
parental opinions; attitudes; treatment; childhood social anxiety disorder; medication acceptability; counseling acceptability; counseling feasibility; beliefs; social anxiety treatment, 1909
Parkinson disease; psychosis; comorbidity; acetylcholinesterase inhibitors; atypical antipsychotics; drug therapy; epidemiology; risk factors; treatment matching, 35336
Parkinson's disease with dementia; galantamine; cognitive response; psychiatric response; motor response; side effects; symptoms; treatment effectiveness, 2281
Parkinson's disease; clozapine treatment; masking symptoms, 32572
Parkinsonian medications; Parkinson disease; dementia, 8520
Parkinsons disease patients; levodopa; regional brain activation; motor sequence learning; Parkinsons disease; PD; PET imaging; dopaminergic therapy; motor function; cognition, 17162
Parkinsons disease; antiparkinsonian treatments; treatment efficacy; treatment safety; drug therapy; dopaminergic medications; side effects, 20483
Parkinsons disease; dementia; psychosis; antipsychotic therapy; nursing-home placement; death, 16758
paroxetine administration; selective serotonin reuptake inhibitors; lipoprotein cholesterol; paroxetine discontinuation; therapeutic intervention; coronary heart disease; plasma lipid levels, 11520
paroxetine plasma concentrations; major depression, 26410
paroxetine; alprazolam; pharmacokinetic interaction; combined therapy, 24792
partial compliance; patient consequences; schizophrenia; antipsychotic medication, 11510
partial seizures; antiepilepsy drugs; seizure recurrence; risk factors, 17167
pathologic gambling; chronic high dose; dopamine agonist therapy; Parkinson's disease; drug therapy; drug side effects, 8614
pathologic gambling; sertraline, 26403
pathological gambling; impulse control disorder; bupropion; treatment, 35496
pathophysiology; antipsychotic drug-induced movement disorders, 26346
patient compliance; tricyclic antidepressants; medication side effects; treatment decision; tolerability; prescribed medication, 20383
patient education; pharmacy literature; medication side-effects; complications; drug information; medication side-effects; readability, 35682
patient experiences; long-acting depot antipsychotic drug; drug injection; long-term psychiatric patients, 5351
patient satisfaction; health care services; transgender patients; sexual health patients; psychotherapeutic services; psychiatric services; sexual medicine, 29589

pentagastrin; panic disorder; fatty acids; serum cholesterol; ethinyl estradiol; panic symptoms; panic attacks, 23277
peptidomimetic vacuous chewing movements; tardive dyskinesia; behavioral effects; pro-leu-glycinamide; rats; haloperidol, 3574
performance ability; fluticasone propionate/salmeterol combination; fluticasone propionate; salmeterol; asthma; strenuous activities; treatment; inhaled corticosteroids, 8634
personality disorder; panic disorder; social phobia; paroxetine; cognitive group therapy; treatment outcome, 22602
personality disorders; borderline personality disorder; supportive therapy; drug therapy; psychodynamic psychotherapy; diagnosis, 26209
pervasive developmental disorders; stimulant trials; autistic disorder; drug tolerance; psychostimulants; Aspergers disorder; agitation; dysphoria; irritability, 23302
pervasive developmental disorders; treatment; preschool children; risperidone monotherapy, 2192
pharmaceutical treatment; therapeutic substitution; clinical effectiveness; side-effects; cost management; minority Americans; racial and ethnic differences; genetic differences; drug metabolism, 23088
pharmacist intervention; depressed patient outcomes; primary care; antidepressant use; depression severity outcomes; major depression; dysthymia, 26334
pharmacodynamics; Ziprasidone; children; adolescents; dopamine transmission; Tourette syndrome; tic disorder, 20385
pharmacoeconomic analysis; prices; pharmaceuticals, 32232
pharmacoeconomic analysis; schizophrenia treatment; patient care; drug cost effectiveness; antipsychotic drugs; disease treatment costs; pharmacoeconomic evaluations; drug treatment, 20377
pharmacogenetics; psychiatric disorders; SSRIs; drug-metabolising enzymes; gene variants, 10018
pharmacokinetic properties; discontinuation syndromes; antidepressant efficacy; plasma concentrations; reuptake inhibition; venlafaxine; extended release; immediate release; depression; dosing, 14170
pharmacologic characteristics; first generation antipsychotics; second generation antipsychotics; side effects; schizophrenia; drug therapy, 8548
pharmacologic treatments; nonresponsive patients; obsessive-compulsive disorder; intravenous clomipramine treatment, 8494
pharmacological interactions; cancer patient; methadone maintenance; bronchioalveolar lung carcinoma; chemotherapy resistance, 29782
pharmacological research; data availability; ethical imperative; psychotropic medication; clinical trials; serotonin reuptake inhibitors, 29412
pharmacological treatment; comorbid psychopathology; adolescents; alcohol use disorders; antidepressants; benzodiazepines; lithium; stimulants; antipsychotics; depression; trends, 11475
pharmacological treatment; drug users; brief review; service providers; commissioners; informed decisions, 32786
pharmacological treatment; treatment strategies; schizophrenia; atypical neuroleptics; haloperidol; treatment effectiveness evaluation; rosperidone, 29331
pharmacological treatments; psychosocial intervention; psychosocial impairment; functional psychoses; psychotic disorders; medication trials, 26193
pharmacology; non-benzodiazepine hypnotic drugs; zolpidem; zopiclone; zaleplon; drug tolerance; drug dependence, 31006
pharmacotherapy refractory posttraumatic stress disorder; Cambodian refugees; cognitive-behavioral therapy; treatment resistance; antidepressants; combination treatment, 8436
pharmacotherapy; antipsychotic medications; drug efficacy; costs; health policy, 5261
pharmacotherapy; attention-deficit/hyperactivity disorder; adolescents; cigarette smoking, 4781
pharmacotherapy; depression; public mental health services; clinicians, 32424
pharmacotherapy; drug therapy; eating disorders; obesity, 2211
pharmacotherapy; ethical issues; psychotropic medications; psychotherapy; mental health disorders; counselors; psychopharmacology; case studies, 32451
pharmacotherapy; mirtazapine; antidepressants; drug formulations; drug delivery systems; compliance; therapeutic efficacy, 20326
pharmacotherapy; posttraumatic stress disorder; pharmacologic treatment; drugs, 29381
pharmacotherapy; pregnant woman; smoking cessation; reproductive toxicity; fetal development; nicotine, 35865
pharmacotherapy; psychotherapy; major depression; interpersonal psychotherapy; severe chronic depression, 29219
pharmacotherapy; schizophrenia; antipsychotics; placebo; risperidone; olanzapine; quetiapine; ziprasidone; sertindole; amisulpride; aripiprazole, 26359
pharmacotherapy; treatment outcome; older adults; pathological gambling, 17046
pharmacy benefit plans; consumers; Medicaid; drug coverage; medical ethics; mental health sector, 29661
phencyclidine; PCP; genes; synapse associated protein 90 postsynaptic density 95 associated protein; SAPAP1; animal model; schizophrenia; rats; human brain; medication; nucleus accumbens, 1482
phenomenology; epidemiology; childhood psychiatric disorders; atypical antipsychotics; drug therapy, 26354
photoperiod; sex differences; liposaccharide-induced hypoactivity; behavioral tolerance development; meadow voles; locomotor activity; immunoenhancement hypothesis, 717
physician opinions; prescribing; alcoholism medications; disulfram; naltrexone; acamprosate; alcoholism, 17060
physician preferences; antipsychotic medications; clinical scenarios; second generation antipsychotics; first generation antipsychotics, 11529
pill boxes; electronic monitoring; HIV antiretrovirals; clinical outcomes; virologic outcomes; daily medication diaries; pill-taking behaviour; HIV antiretroviral therapy, 14306
pindolol; milnacipran; antidepressant latency; safety; antidepressive response; depression, 11503
pinodolol; depression; selective serotonin reuptake inhibitors; tolerability; adverse events, 23211
piribedil; bromocriptine; Parkinson's disease; motor function; tolerability, 17198
placebo; lithium; lamotrigine; maintenance treatment; monotherapy bipolar I disorder; depression; mania; mood episode, 23242
placebo; placebo therapeutic use; patient care; clinical applications, 23384
plasma clozapine concentration; cigarette smoking; metabolic activity; age; sex; dose, 11548
plasma growth hormone response; guanfacine; noradrenergic function assessment; attention deficit hyperactivity disorder; reading disabilities; adrenergic receptor, 2169
plasma lipid levels; Alzheimer disease; donepezil hydrochloride; lipid profile; age; cognitive level, 13912
platelet hyperactivity; clinical depression; antidepressant drug treatment; coronary artery disease; risk factors, 32479
polymorphisms; genotype; trimipramine; metabolism; pharmacokinetics; alleles, 2182
polypharmacotherapy; pregnancy; atypical antipsychotics; safety; schizophrenia; risperidone; quetiapine, 20412
polypharmacy; antipsychotic regimen; chronic schizophrenia; treatment; psychopharmacotherapy; monotherapy, 26437
polypharmacy; elderly patients; hyperkalemia; adverse drug reactions; hospital admissions; chronic illness; renal function changes; primary care practitioner, 8562
polypharmacy; pharmacotherapy; antidepressants; dopamine agonists; drug efficacy; drug compliance; schizophrenia patients; adjunctive therapy; side-effects; comorbid depression; symptom management, 20286
polypharmacy; schizophrenia; antipsychotic drugs; drug combination, 26368
polypharmacy; schizophrenia; depression; neuroleptics; antidepressant; psychotropic drugs, 5299
post-stroke depression; stroke patients; platelet serotonin transporter; serotonin transport inhibitors, 23404
post-stroke mortality; antidepressant therapy; mortality; poststroke depression; antidepressant treatment; nortriptyline; fluoxetine, 35518
post-traumatic stress disorder; adrenocorticotropic hormone; dexamethasone metyrapone tests; hypothalamic-pituitary-adrenocortical axis; feedback regulation, 29345
post-traumatic stress disorder; remission rates; sertraline effects; placebo, 20309
postherpetic neuralgia; tricyclic antidepressants; cognitive function; nortriptyline; desipramine; methadone; morphine; analgesic effect; opioids, 14278
postpartum onset disorder; obsessive-compulsive disorder; diagnosis; disorder management; pharmacologic treatment, 31793
poststroke depression; antidepressive agents; drug therapy; stroke, 17062
posttraumatic stress disorder; nefazodone treatment; sertraline treatment, 26400
posttraumatic stress disorder; propranolol; peritraumatic distress; trauma exposure, 8552
posttraumatic stress disorder; propranolol; peritraumatic distress; trauma exposure, 8551
posttraumatic stress disorder; salivary cortisol; HIV positive individuals; medication adherence, 28760
pramipexole dose; restless legs syndrome; dopaminergic agents; levodopa, 26513
pramipexole; psychiatric disorders; dopamine agonist; restless legs syndrome; bipolar depression; Parkinson disease; mood disorders; neurology; psychiatry; neurological disorder, 17078
preclinical pharmacology; tianeptine; antidepressants; drug interactions; norepinephrine; serotonin; metabolism; safety; adverse effects; tolerability; efficacy, 35562
predictors; treatment outcome; venlafaxine extended-release treatment; drug therapy; demographics; psychiatric history; DSM-IV diagnostic criteria; generalized anxiety disorder, 11543
pregnancy; placenta; fetus; opioids; mother; drugs; pain treatment, 17208
pregnenolone; steroid; placebo; mood; memory; sleep quality; well-being; diazepam; benzodiazepine; anxiety; drug tolerability; psychotropic effects, 15779
premenstrual dysphoric disorder; dysphoric symptoms; physical symptoms; drug dosages; fluoxetine, 32565
prenatal antidepressant exposure; perinatal outcomes; congenital malformations; early growth & development; tricyclic antidepressants; selective serotonin reuptake inhibitors; methodological issues, 26430
prenatal antidepressant exposure; perinatal outcomes; congenital malformations; early growth & development; tricyclic antidepressants; selective serotonin reuptake inhibitors; methodological issues, 26435
prescriber intent; off-label usage; early discontinuation; antidepressants; patient diagnosis; antidepressant therapy; major depression, 23288
prescriptive authority; professional identity; potential challenges; professional issues; psychologists; pharmacotherapy, 20763
prevalence; medicinal cannabis use; chronic non-cancer pain, 17206
previously undiagnosed psychiatric disorders; developmental disabilities; self-injurious behavior; psychotropic drugs; treatment, 2230
primary insomnia; hypnotic effect; side effects; EEG records; night time; sleep logs; sleep EEG; melatonin; drug dosage; placebo, 23398
problem drinkers; alcohol dependence; naltrexone; drug therapy; mood; alcohol drinking behavior, 17434
procedural learning; schizophrenia; olanzapine; risperidone; haloperidol; dorsal striatum, 5330
procedural learning; schizophrenia; pharmacologic properties; conventional antipsychotics; atypical antipsychotics; D_2 receptor affinity; haloperidol; clozapine; risperidone, 20388
procedural pain; newborn infants; neurological impairment; neonates; sedatives; analgesic, 8643
progesterone increase; DHEA-substitution; males; excessive fatigue; depression; sex hormones; plasma levels, 11531
prolactin level; antipsychotics; schizophrenia; schizoaffective disorder; clozapine; olanzapine; risperidone; haloperidol; plasma levels; treatment resistant patients; drug therapy, 17090
prolactin levels; long-term risperidone treatment; conduct disorder; subaverage intelligence; disruptive behavior disorders, 11486
prolactin levels; risperidone; first-episode schizophrenia, 20308
prolactin response; D-fenfluramine; post-stroke major depression; serotonin, 5318
prolactin-raising effects; antipsychotic medication; bone mineral density; schizophrenia patients; osteoporosis, 32461
prophylactic anticonvulsants; brain tumour; seizures, 23372
protease inhibitors; antiretroviral therapy; HAART; HIV: AIDS, 23411
pseudoephedrine; drug dependency; schizophreniform psychosis, 10964
psychiatric comorbidity; predictor; nortriptyline; treatment-resistant major depressive disorder, 11540
psychiatric disorders; drug therapy; neurological disorders; psychiatric disorders; neurology; psychiatry, 14031
psychiatric disorders; partial seizures; mental retardation; antiepileptic drug; efficacy; levetiracetam; tolerability; refactory epilepsy; behavioral disturbance, 17146
psychiatric disorders; pharmacological management; lorazepam; promethazine; haloperidol; rapid tranquillization; violence control; agitated patients, 35500
psychiatric disorders; psychopharmacology; neuropsychopharmacology; neurotransmitters; receptors; biological markers; genetics; brain imaging; psychotropic drugs; anxiety disorder, 20359
psychiatric history; cognitive adverse events; topiramate; depression; aggression; psychosis; memory problems; slow thinking; antiepileptic drugs; epilepsy; polytherapy; risk factors; side effects, 2301
psychiatric inpatients; medication errors, 8506
psychiatric morbidity; psychotropic medication prescription; generalized anxiety disorder; major depressive disorder; breast cancer patients; psychiatric screening, 20306

psychiatric patients; psychiatric treatment; involuntary medication, 8825
psychiatric problems; depression; consultation liaison psychiatry; anxiety; mood disorder; primary care; Turkish; Saudi Arabian; medically ill; mental health training; education; health professionals, 28568
psychiatric services; charitable facility; intellectual disabilities; anti-convulsant drugs; polypharmacy; mental health needs; neuroleptic drugs, 35773
psychiatric symptoms; clozapine; chronic posttraumatic stress disorder; drug efficacy; treatment resistance; abused adolescents; risk behavior, 20409
psychiatric symptoms; drug use; human immunodeficiency virus treatment; treatment adherence, 29476
psychiatrist attitude; antipsychotic medications; tardive dyskinesia; informed consent, 32958
psychiatrist attitudes; drug therapy; treatment guideline; psychotropic drugs; augmentation, 35997
psychoanalytic hypothesis; therapeutic action; selective serotonin reuptake inhibitor medications; aggression; SSRIs, 25430
psychoanalytic hypothesis; therapeutic action; selective serotonin reuptake inhibitor medications; aggression; SSRIs, 25421
psychoanalytic hypothesis; therapeutic action; selective serotonin reuptake inhibitor medications; aggression; SSRIs, 25420
psychoanalytic hypothesis; therapeutic action; selective serotonin reuptake inhibitor medications; aggression; SSRIs, 25414
psychoanalytic hypothesis; therapeutic action; selective serotonin reuptake inhibitor medications; aggression; SSRIs, 25437
psychoanalytic hypothesis; therapeutic action; selective serotonin reuptake inhibitor medications; aggression; SSRIs, 25426
psychological needs; chemotherapy; cancer patients; nurse perceptions, 29898
psychopharmacologic treatment; bipolar affective disorders; pharmacological treatment; etiological factors; advanced practice nurses; neurobiology, 14165
psychopharmacologic treatment; neurobiologically based therapeutic strategy; neurobiological mechanism; psychiatric disorders; symptoms, 5347
psychopharmacological drug studies; psychopharmacology research; ethical issues; research ethics; informed consent; guidelines; special populations, 12063
psychopharmacological treatment; depression; anxiety; irritability; chronic viral hepatitis; insomnia; interferon, 23264
psychopharmacology attitudes; drug therapy; theories; side effects; efficacy; medical model of psychiatry; empiricism; lecture content analysis; lecturer attitudes, 2215
psychopharmacology; anticonvulsants; seizure disorders, 20399
psychopharmacology; atypical antipsychotic drugs; conventional antipsychotic drugs; drug administration methods; risperidone; pharmacokinetics; pharmacodynamics; bioavailability, 7179
psychopharmacology; drug therapy; drugs, 23206
psychopharmacology; school behavioral management; disruptive behavior; attention deficit hyperactivity disorder; learning disorders; bipolar disorder; mood disorder, 23290
psychosis; drug therapy; risperidone; haloperidol; olanzapine; effect size; treatment outcomes; side effects; child psychiatry, 11558
psychosis; first episode; substance use disorder; alcohol; marijuana; olanzapine; haloperidol; schizoaffective disorder; schizophreniform disorder, 14146
psychosocial factors; attention deficit hyperactivity disorder; ADHD; referral; diagnosis; drug therapy; medications, 11073
psychosocial functioning; quality of life; body dysmorphic disorder; fluoxetine; mental health, 35560
psychostimulant drugs; childhood mental health problems; drug prescribing; pharmacoepidemiology; practice guidelines, 5356
psychostimulant drugs; methylphenidate; drug side effects; neuropharmacology; neuropsychology; drug therapy; abuse potential; long term toxicity; attention deficit h7peractivity disorder, 23262
psychostimulants; attention-deficit hyperactivity; ADHD; methylphenidate; abuse potential; pharmacokinetics; cocaine; d-amphetamine, 2183
psychostimulants; disruptive behavior disorders; developmental disabilities; community, 20315
psychotherapy; pharmacotherapy; combined therapy; major depression; short psychodynamic supportive psychotherapy; antidepressant drugs, 35364
psychotic disorders; antipsychotic medication; africanamericans; whites; sex differences; schizophrenia spectrum disorders, 14123
psychotic disorders; pharmacologic treatment; clinical decision-making; atypical antipsychotics; medication selection, 2178
psychotic disorders; pharmacologic treatment; clinical decision-making; atypical antipsychotics; medication selection, 2177
psychotic symptom severity; schizophrenic patients; heart rate; neuroautonomic dysfunctions; clozapine-treated subjects; symptoms, 13636
psychotic symptoms; antipsychotic treatment; progesterone treatment; oral contraceptives; menstrual cycle, 20382
psychotic symptoms; comorbid depression; Parkinson disease; psychiatric comorbidities; treatment of psychosis; depressive disorders; psychosis; antidepressant monotherapy, 34782
psychotic symptoms; lamotrigine; Alzheimers disease, 20313
psychotic symptoms; overt aggression; treatment-resistant patients; schizoaffective disorder; schizophrenia; clozapine; olanzapine; risperidone; haloperidol, 20407
psychotropic drugs; corrected-QT frequency; schizophrenia; psychotropic drugs; corrected-QT lengthening; risk factors, 11474
psychotropic drugs; drug effects; subjective sensations; pharmacological treatment; bipolar disorder; Argentinian patient survey; neuroleptic drugs; subjective sensations; bipolar patients, 8547
psychotropic drugs; methadone maintenance treatment; QT interval prolongation; drug dosages; drug interactions; arrythmia, 32799
psychotropic drugs; prescribing patterns; public assistance children; drug prescription; child psychiatric inpatients; behavior disorder; hospital admission; hospital discharge; pharmacotherapy, 23261
psychotropic medication use; mental retardation, 29390
psychotropic medication; elderly; cognitive performance; aging; side effects; memory; depression; antidepressants; benzodiazepines, 2139
psychotropic medication; mental disorders; public attitudes; drug treatment; psychopharmacotherapy, 32420
psychotropic medication; psychiatric diagnosis; diagnostic groupings; disorder diagnosis; anxiety disorder; number of prescriptions, 29379
psychotropic medication; racial/ethnic differences; public mental health service sectors; high risk children and adolescents; African-Americans; Latinos; predictive factors, 5554
psychotropic medications; adverse drug reactions; prescription practices; schizophrenia; polypharmacy, 35547
psychotropic medications; adverse drug reactions; prescription practices; schizophrenia; polypharmacy, 2194
psychotropic medications; intervention outcomes; mental health; group homes; foster care; mental health services; youths, 32427
psychotropic medications; nonpsychotropic medications; primary care patients; prescription perceptions; acceptability, 11552
psychotropic medications; psychiatric diagnosis; mental health system; youths, 29401
psychotropic medications; psychotropic drug; nonpsychiatric physicians; medical drugs; prescribed psychotropic drugs; drug-drug interactions; psychiatry; psychiatrists, 20400
psychotropic treatment; perimenstrual psychosis; female adolescents, 4654
public health campaign; attitudes toward causes and treatment of depression; misconceptions about pharmacotherapy; Nuremburg Alliance Against Depression, 10744
public mental health; Clinical Antipsychotic Trials of Intervention Effectiveness project; antipsychotic drugs; drug efficacy; clinical trials, 5305
pulmonary embolism; antipsychotic drugs; venous thromboembolism; olanzapine; psychosis; drug side effect, 35533
QTc prolongation; psychotropic drugs; drug overdose; ziprasidone; seizures; schizoaffective disorder, 26380
quality of life; HIV; antiretroviral therapy; treatment outcome; clinical status; symptoms, 26484
quality of life; lamotrigine monotherapy; treatment outcome, 23366
quality of life; plaque psoriasis; cyclosporin; intermittent therapy, 29491
quality of pharmacotherapy; schizophrenia; Department of Veterans Affairs; private sector; dosage; antipsychotic medication; treatment recommendations, 11345
quantitative electroencephalogram; antidementia drug; brain; rivastigmine; Parkinsons disease; dementia; drug therapy; cognitive ability, 23371
quetiapine addiction; refractory obsessive-compulsive disorder; treatment resistant patients; clomipramine, 2218
quetiapine augmentation; visual hallucinations; dementia with Lewy bodies; cognitive decline; therapeutic effect, 11679
quetiapine therapy; Parkinson disease; pancytopenia, 5430
quetiapine treatment; psychological symptoms; behavioral symptoms; senile dementia of Alzheimer type, 26365
quetiapine; breast milk; breast-feeding; infant exposure, 35546
quetiapine; delirium patients; drug therapy, 20374
quetiapine; elderly patients; parkinsonism; psychosis; antipsychotic effects; motor functioning, 11576
quetiapine; lithium; divalproex; treatment; bipolar mania; tolerability; combination therapy, 29378
quetiapine; manic symptoms as side effect; psychotic illnesses; mood altering properties; medication; antidepressants, 32462
quetiapine; refractory symptoms; post-traumatic stress disorder; PTSD; psychotropic medications; symptomatic improvements; side effects; Vietnam veterans; drug dosages; combat veterans, 17084
racial differences; cardiovascular disease; cardiac medication adherence; African Americans; Whites, 14257
racial differences; cardiovascular disease; cardiac medication adherence; African Americans; Whites, 14269
randomized clinical trials; antidepressant drug trials; fluoxetine; major depression; bias, 20276
randomized controlled trials; antipsychotics; schizophrenia; valproate; valproate augmentation; treatment outcomes; drug interactions, 32422
rapid tranquillisation practice; consultant psychiatrists; droperidol; lorazepam; haloperidol; clinical care, 8537
rapid-cycling bipolar disorder; obsessive-compulsive disorder; akathisia; quetiapine, 2226
reboxetine; norepinephrine selective reuptake pump inhibitor; antidepressant drugs; drug marketing; pharmacology; drug safety; clinical use; adverse effects, 14177
Recombinant Human Erythropoietin; rHuEPO; Quality of Life; QOL; cancer patients; chemotherapy; hemoglobin level; fatigue; anemia, 17169
reintroduction of antidepressant therapy; pregnancy; treatment discontinuation; euthymic pregnant women; depression; relapse, 26350
relapse prevention; recurrence prevention; depression; long term pharmacotherapy; psychotherapy, 7838
relapse prevention; schizophrenia; treatment compliance; long-term disease management; injectable long-acting antipsychotic medications; atypical antipsychotic drugs; risperidone, 8515
repetitive behaviors; home patients; case study; nursing home patients; agitation; Alzheimer's disease; hostility; anxiety; Depakote, 14194
repetitive transcranial magnetic stimulation; antidepressant effects; older outpatients; depression; treatment-resistant major depression, 26456
reproductive cycle; part-time disabled lesbian; premenstrual syndrome; prozac; women hormonally related ailments ailments; protection strategy; social discrimination; PMS, 2208
research findings review; antidepressant drugs; adolescent depression; serotonin reuptake inhibitors; psychopharmacologic treatment; major depression; tricyclic antidepressants; juvenile depression, 23226
respiratory panic disorder subtype; nortriptyline, 2198
respiratory panic disorder; clonidine treatment; anxiety symptoms, 35578
restraints; pharmacotherapy; academic psychiatric emergency services; mental health services, 14439
rhabdomyolysis; bipolar disorder; quetiapine overdose, 26432
riluzole augmentation therapy; treatment-resistant bipolar depression; lamotrigine; drug side effects, 29386
risk adjustment; administrative vs clinical data; service use evaluation; treatment costs; prediction, 2407
risk factors; suicide; suicidal behavior; schizophrenia; treatment; typical antipsychotics; atypical antipsychotics; clozapine effectiveness; suicide prevention, 1336
risperidone dosage; acute exacerbated schizophrenia; Chinese, 23260
risperidone efficacy; developmental disabilities; institutional settings, 19751
risperidone therapy; psychotic symptoms; obsessive-compulsive side effects; treatment suggestions, 8502
risperidone; 5-HT receptor gene; schizophrenia treatment; T-C 267 polymorphism; Pro279Leu substitution; Thr92Lys substitutions, 20346
risperidone; acute schizophrenia; antipsychotics, 26418
risperidone; Asperger syndrome; behavior problems, 32418
risperidone; delirium; efficacy; safety, 23283
risperidone; destructive behavior; developmental disabilities; antipsychotic medication, 29410
risperidone; haloperidol; delirium; drug efficacy; side effects; treatment; drug therapy, 29338
risperidone; hyperactive symptoms; delirium; drug efficacy; haloperidol, 26390
risperidone; injection; antipsychotic drug; attrition rate; psychiatric patients; psychosis, 17076

risperidone; low dosages; schizophrenia-like symptoms; neuropsychologic deficits; developing schizophrenia; pharmacologic treatment; relatives of schizophrenics, 8542
risperidone; mania; bipolar disorder; mood stabilizers; lithium; valproate; drug therapy, 20413
risperidone; naso-gastric administration; delusions; poisoning; antipsychotic medication; cannabis abuse; weight loss; mental disorders; psychosis, 32450
risperidone; olanzapine; atypical antipsychotics; psychiatric hospital; schizophrenia; treatment efficacy, 20269
risperidone; olanzapine; cognitive functioning; schizophrenia, 5288
risperidone; olanzapine; positive & negative symptoms; chronic schizophrenia; psychotic disorders; psychosis; older patients; efficacy, 2158
risperidone; pharmacokinetics; schizophrenia; tolerability, 32432
risperidone; steatohepatitis; excessive weight gain; paranoid psychosis, 5291
risperidone; tardive dyskinesia; schizophrenia; drug therapy; spontaneous remission, 11463
risperidone; terminally ill; cancer patient; torsades de pointes syndrome; delirium, 35656
Ritalin; disruptive behavior; behavior problems; ADHD; children, 12182
rivastigmine; alzheimers disease; dementia, 20295
rivastigmine; efficacy; tolerability; pharmacoeconomics; cholinesterase inhibitor; dementia; Alzheimer's disease, 8559
rivastigmine; quality of life; cognitive function; schizophrenic subjects, 11522
rivastigmine; subcortical vascular dementia; acetylcholinesterase; butyrylcholinesterase; drug therapies; executive dysfunction; behavioral problems, 11666
Romanow Commission; pharmaceuticals; quality medication therapy; prescription drugs; Catastrophic Drug Transfer; drug insurance plans; medication management programs; medication therapy, 16230
rubefacients; salicylates; acute pain; chronic pain; placebo, 26500
safety; tolerability; antipsychotic therapy; long-term outcomes; schizophrenia; side effects; treatment adherence; psychotic symptoms, 11527
safety; tolerability; venlafaxine; extended-release; severe medical illness; surgical illness; depressed patients, 23296
SB100 protein; treatment response; major depression; disorder severity, 2141
schizoaffective disorder; acute psychotic episodes; schizophrenic patients; acute agitation; intramuscular ziprasidone, 11471
schizoaffective disorder; aripiprazole; schizophrenia, 29372
schizoaffective disorder; lithium; carbamazepine; prophylaxis; treatment; prophylactic therapy, 23208
schizoaffective disorder; therapeutic tolerance; rebound psychosis; schizophrenia; quetiapine maintenance monotherapy; male outpatients; long-term safety; efficacy, 11528
schizoaffective disorder; therapeutic tolerance; rebound psychosis; schizophrenia; quetiapine maintenance monotherapy; male outpatients; long-term safety; efficacy, 11492
schizophenria treatment; acute treatment; long term management; ziprasidone; pharmacotherapy, 11505
schizophrenia exacerbation; olanzapine; fluvoxamine; drug side effects; drug therapy; drug interactions; polypharmacy, 35515
schizophrenia patients; antipsychotic medication; illness cost; symptoms, 32469
schizophrenia patients; olanzapine; haloperidol; side effects; treatment-emergent adverse events; extrapyramidal signs; elderly, 20344
schizophrenia prodrome; neurodevelopmental model; biological vulnerability; early intervention; positive and negative symptoms; psychosis; risk factor; Recognition and Prevention Program; drug therapy, 20304
schizophrenia trial design; protocol development; antipsychotic drugs; drug effectiveness; Clinical Antipsychotic Trials of Intervention Effectiveness program, 3291
schizophrenia-like symptoms; endogenous dysfunction; potential treatments; comparative effects; glycine; d-cycloserine, 13632
schizophrenia-spectrum disorders; antipsychotic drugs; body mass index; obesity; comorbidity, 35537
schizophrenia; cognition; ziprasidone; atypical antipsychotics; executive functioning; vigilance; attention; verbal fluency; olanzapine; risperidone, 13630
schizophrenia; drug therapy; amisulpride; olanzapine, 20363
schizophrenia; elderly patients; comorbid diseases; schizophrenia management; special management; time of onset; treatment approaches, 19418
schizophrenia; ethnicity; atypical antipsychotics; tardive dyskinesia; substance abuse; affective disorders; African Americans; treatment history; demographic information; conventional antipsychotic, 2232
schizophrenia; features; characteristics; diagnosis; disease course; treatment; medications; drugs; symptoms, 7867
schizophrenia; first-episode; hippocampus; antipsychotics; N-acetylaspartate; creatine; phosphorcreatine; choline-containing compounds; prefrontal cortex; basal ganglia, 2156
schizophrenia; long term treatment; antipsychotic treatment; recovery model; treatment strategies; treatment adherence; relapse rates, 10795
schizophrenia; long-acting injectable medication; atypical antipsychotic treatment; treatment adherence, 17051
schizophrenia; maintenance medication; antipsychotic medication; treatment compliance; drug efficacy; side effects; drug administration methods; doctor noncompliance reduction; relapse prevention, 8496
schizophrenia; medication; mental health professionals, 5345
schizophrenia; pharmacological management; racial disparity; African Americans; Blacks; Whites; adjunctive drug treatments; antiparkinsonian medications; Caucasians, 2186
schizophrenia; psychomotor functions; neuroleptics; antipsychotics; driving skills; reactivity; stress tolerance; divided attention; attention, 20291
schizophrenia; psychotic symptoms; antipsychotics, 20364
schizophrenia; topiramate; N-methyl-D-aspartate receptor hypofunction, 8499
schizophrenic polydipsia; clozapine; drinking behavior; remission, 35586
schizophrenic psychoses; treatment-resistant schizophrenia; atypical antipsychotics; clozapine; amisulpride; combination drug therapy; positive and negative symptoms; treatment outcomes, 17097
school counselors; psychotropic medication; school policy; psychiatric diagnoses, 36235
scientific pharmacotherapy; treatment response; drugs; personality traits; psychodynamic prescribing; drug dosage; drug tolerability; transference issues, 32436
scientific pharmacotherapy; treatment response; drugs; personality traits; psychodynamic prescribing; drug dosage; drug tolerability; transference issues; counter-transference, 32435
scopolamine patch; clozapine-induced sialorrhea; schizoaffective disorder, 29332
seasonal affective disorder; depressive recurrences; modafinil therapy; dramatic improvement; daytime sleepiness; winter depression treatment; citalopram, 17042
second-generation antipsychotics; schizophrenia; clinicians; clincal decision-making, 20325
sedation; drug side effects; psychotropic drugs; neuroleptic drugs; anxiolytic drugs; antidepressant drugs; antihistamine drugs, 20285
sedation; primidone; drug therapy; epilepsy; epileptic seizures; antiepileptic drugs; phenobarbital; valproic acid; Alzheimer's disease; elderly patients; side effects, 2305
seizure control; quality of life; medically refractory epilepsy patients; polypharmacy; monotherapy; seizure frequency, 26506
selective serotonin re-uptake inhibitors; hyponatraemia; elderly; geriatric populations, 29403
selective serotonin reuptake inhibitor; extrapyramidal symptoms; autistic children; side effects, 22740
selective serotonin reuptake inhibitors; affective blunting; healthy elderly; affective experience; paroxetine; sertraline, 24806
selective serotonin reuptake inhibitors; antidepressant therapy; health plan; pediatrics; depressed youth; Medicaid; quality of care; treatment duration; treatment follow-up, 26614
selective serotonin reuptake inhibitors; biomedical publications; drug treatment, 2190
selective serotonin reuptake inhibitors; child psychiatry; adolescent psychiatry; drug safety; drug effectiveness; medication, 29335
selective serotonin reuptake inhibitors; medication discontinuation; antidepressant medication; antidepressant treatment, 29354
selective serotonin reuptake inhibitors; tricyclic antidepressants; drug therapy; major depression; gender differences; treatment response; melancholia; age differences; patients, 8535
selectivity; differential efficacy; serotonin reuptake inhibitors; tricyclic antidepressants; venlafaxine, 20294
selegiline; L-deprenyl; dopamine; sexual dysfunction; neuroleptics; antipsychotics; schizophrenia, 8517
self-inflicted harm; mania; treatment response; early course, 35502
sequential treatment; medication; cognitive behavioral therapy; chronic insomnia, 23108
serious mental illness; HIV antiretroviral regimens; adherence; psychotropics; schizoaffective disorder; schizophrenia; bipolar depression; major depression with psychotic features, 5465
serotenergic dissection; obsessive compulsive symptoms; obsessive compulsive disorder; m-chlorophenylpiperazine; sumatriptan; pharmacology, 35535
serotonergic neurotransmission; pathophysiological mechanism; serotonin-specific reuptake inhibitors; psychiatric comorbidity; mirtazapine; multiple sclerosis; hepatitis C, 11549
serotonin reuptake inhibitors; neuropsychiatric side effects; bleeding; Hepatitis C-infected patients; aspirin; anti-inflammatory drugs; internal hemorrhage; cirrhosis; hepatic failure, 11573
serotonin transporter polymorphisms; fluoxetine; depression; insomnia; agitation; adverse effects; 5HTTLPR, 8536
serotonin transporter; gene polymorphism; antidepressant treatment; genotypes; severity, 29351
serotonin-norepinephrine reuptake inhibitors; obsessive-compulsive patients; venlafaxine; paroxetine; serotonin reuptake inhibitors, 8498
serotonin; binge eating; transporter binding; treatment, 5354
sertraline augmentation therapy; behavioral manifestations; Alzheimers disease; donepezil therapy, 14140
sertraline efficacy; drug therapy; bulimia nervosa; psychopathology; depressive symptoms, 26431
sertraline; paroxetine; panic disorder; acute treatment; agorabphobia, 23212
sertraline; recurrent depression; prophylactic efficacy; safety; major depressive episode, 26388
serum adiponectin concentration; treatment; olanzapine; risperidone; glucose metabolism; insulin sensitivity; adiposity; drug therapy, 35576
serum creatine kinase; risperidone; catatonic psychosis; adolescent, 11501
serum prolactin levels; psychotic symptoms; haloperidol; antipsychotic drugs; risperidone; Schizophrenia; risperidone; psychopathology scores; parkinsonism; dyskinesia, 13648
serum sickness-like reaction; bupropion therapy; pediatric patient; attention deficit disorder with hyperactivity; immune hypersensitivity reaction; drug side effects, 29399
serum triglyceride; antipsychotics; antipsychotic efficacy; weight gain; olanzapine; risperidone; drug therapy; drug side effects, 8505
severe suicidal ideation; escitalopram; selective serotonin reuptake inhibitors; drug side effect; lexapro, 35513
sexual dysfunction; bupropion; serotonin reuptake inhibitor; side effects; testosterone; major depression, 17034
sexual dysfunction; granisetron; antidepressant use; human females; side effects; serotonin, 26382
sexual dysfunction; retrograde ejaculation; resperidone; medication adherence; antipsychotics, 20352
sexual dysfunction; selective serotonin reuptake inhibitor; treatment outcomes; fluoxetine; neurophysiologic measures; anxiety; depression, 32558
sexual function; sexual partner; s sexual dysfunction; orgasmic function; sexual arousal; recurrent major depression; depressed women; SSRI treatment, 20307
sexual maturation; growth; risperidone; children; disruptive behavior disorders, 26357
short term drug treatment; long term outcome; abstinance; social network; recovery, 11952
short-term efficacy; quetiapine; mood stabilizers; acute bipolar disorder; drug therapy; acute mania, 23209
sibutramine; appetite; eating behavior; therapeutic outcome; obesity, 17030
side effects; disease related symptoms; HIV; coping; highly active antiretroviral treatment; Leventhal's Self Regulation Model; quality of life, 26493
significant weight gain; antipsychotic medications; ziprasidone; psychosis, 35539
sildenafil; drug compliance; risperidone-treated patients; schizophrenia; erectile dysfunction; drug efficacy; drug safety, 17144
single dose; high dose; intravenous injections; valproate; drug therapy; acute mania, 17077
single photon emission computed tomography; citalopram; selective serotonin reuptake inhibitor; posttraumatic stress disorder, 22596
sleep deprivation; sustained-release bupropion; seizures; generalized tonic; smoking cessation; tonic-clonic seizure; female smoker, 5324
sleep disturbance; methadone maintained patients; sleep quality; medical risk factors; psychological risk; depressive symptoms; demographics; nicotine dependence; anxiety symptoms; mental health, 20662
sleep disturbances; kava extract; anxiety disorder; drug therapy, 14208
sleep maintenance problems; chronic insomnia; pediatric sleep; chronic sleep initiation; melatonin; children; adolescents, 23386

sleep problems; major depression; selective serotonin reuptake inhibitors; antidepressants; comorbidity; insomnia, 35503
sleep quality; cognitive ability; chronic insomnia; drug therapy; benzodiazepines; older adults, 5410
sleep-related eating disorder; risperidone; multiple lacunar infarctions; drug dosage; side effects; memory; ingestion, 20353
smoking cessation medications; health plans; smoker awareness; medical benefit information; benefit utilization, 35860
smoking withdrawal; smoking cessation; withdrawal; pharmacotherapy; nicotine patch; bupropion, 2519
smoking-cessation intervention; nicotine replacement therapy; drug abstinence; postoperative support; tobacco use; counseling, 32800
social anxiety disorder; adverse events; drug efficacy; anxiolytic pregabalin; drug safety, 20375
social anxiety disorder; paroxetine; drug efficacy; drug tolerability; treatment outcome, 20349
social anxiety disorder; sexual function; fluvoxamine; drug efficacy; safety; drug tolerability; adverse effects, 20310
social support; positive state of mind; HIV treatment adherence; HIV/AIDS; depression; medication adherence, 29044
societal implications; psychiatric disorder; clinical depression; social definitions; lifestyle drugs; mood; behavior; cognition, 23476
socio-economic consequences; major depression; minor depression; drug therapies; professional consultation; activity level; prevalence; community; health care utilization, 26554
sodium valproate; aggressive behavior; disturbed behaviour; dementia, 20395
somatoform disorders; pharmacologic treatment; pharmacotherapy; hypochondriasis; body dysmorphic disorder, 23370
source monitoring; autonoetic agnosia; schizophrenia; cognitive deficits; positive symptoms; psychotic symptoms; risperidone; olanzapine; haloperidol, 5300
spatial parameters; temporal parameters; gait disturbances; schizophrenic patients; locomotor patterns; neuroleptic treatment, 28735
spinal cord injury pain; neuropathic pain; treatment; pharmacologic treatment, 29470
sporadic hemiplegic migraine; migraine treatment; neuronal calcium channel; verapamil; calcium-channel blockage; SHM, 5469
St John's Wort; depression; juveniles; adolescents; affective disorders, 20417
statistical approaches; effectiveness measurement; outcome-driven re-randomizations; clinical trials; antipsychotic drugs; drug effectiveness; schizophrenia; Alzheimer's disease, 3272
stimulant treatment; attention-deficit/hyperactivity disorder; ADHD; substance use disorders; risk; protective factors, 2157
stimulant treatment; treatment information; stimulant medication; attention-deficit/hyperactivity disorder; pharmacological therapies; nonpharmacological therapies, 14301
stress perception; quality of life; HIV positive women; highly active antiretroviral therapy; cognitive coping strategies; denial; religious coping, 26517
stress; dopamine; rats; prefrontal cortex; chronic treatment; olanzapine; neuropsychiatric disorders; clozapine; antipsychotic drugs; haloperidol, 18729
stroke rehabilitation; methodological quality; randomized control trials; drug treatments, 17427
stroke rehabilitation; methodology; internal validity, 17411
stump pain; botulinum toxin; limb amputations, 14274
sub-Saharan Africa; tuberculosis treatment; clinical guidelines; HIV treatment; malaria prevention; randomized clinical trials; public health importance; systematic review, 29480
subjective akathisia; objective akathisia; mixed akathisia; chronic schizophrenic subjects; diagnostic characteristics; akathisia prevalence; antipsychotic treatment; parkinsonism; tardive dyskinesia, 11512
subjective effects; propoxyphene; psychomotor effects; physiological effects; non-drug-abusing volunteers; drug abuse liability, 27958
subjective measures; objective measures; depression; sleep; paroxetine; nefazodone, 2140
substance abuse treatment; treatment adherence; virological response; highly active antiretroviral therapy; HIV-infected people; alcohol problems, 29224
substitution treatment; buprenorphine; heroin addicts; France; buprenorphine; clinical parameters, 14488
suicidal ideation; interferon treatment; chronic patients; hepatitis C patients; major depression, 25788
sulpiride treatment; Cotard's syndrome; schizophrenia; Capgras syndrome; delusions, 20392
sumatriptan; migraine management; headache frequency; clinical status; automated prescription data; medical care, 23402
symptom control; long-term treatment; reducing relapse risk; atypical antipsychotic agents; ziprasidone; symptom efficacy data; schizophrenia, 11555
symptom improvement; sertraline; severe premenstrual syndrome, 26363
symptom-targeted medication; borderline personality disorder; psychotropic medication; medication utilization, 26411
tailored treatment; treatment guidelines; sore throat; urinary tract infection; antibiotic prescriptions; laboratory tests; telephone consultations; process evaluation; treatment outcomes, 5538
tardive dyskinesia symptoms; adjunctive quetiapine; risperidone treatment; choreoathetoid movements; side effects; drug therapy, 11533
tardive dyskinesia; antipsychotic agent; quetiapine; bipolar affective disorder; dysphagia, 17054
tardive dyskinesia; branched chain amino acids; children; adolescents; symptoms, 17081
tardive dyskinesia; first-episode psychosis patients treatment; low-dose haloperidol; schizophreniform disorder; schizophrenia; schizoaffective disorder, 2205
tardive dyskinesia; levetiracetam therapy; calcium channel blockade; striatum; chronic depression; borderline personality disorder, 8633
tardive dyskinesia; neuroleptics; clozapine; olanzapine; aripiprazole; psychotic symptoms; schizoaffective disorder, 35532
tardive dyskinesia; oxidative processes; antipsychotic treatment; neurotoxicity; free radical production; vitamin E; antioxidants; oxidative mechanism; antipsychotic medications, 5309
tardive dystonia; atypical neuroleptics; olanzapine; schizophrenia, 23224
tardive dystonia; differential diagnosis; treatment, 23297
test-retest reliability; Treatment Response to Antidepressant Questionnaire; antidepressants; treatment history, 17075
testosterone levels; natural written language; testosterone therapy; social connections; text analysis; male; female-to-male transgendered individual; social inhibition, 14051
thalidomide; plexiform neurofibroma; neurofibromatosis 1; TL; NF1; syptomatic plexiform neurofibroma; PNF, 5425
therapeutic interventions; stroke rehabilitation; stroke medication; methodology, 17416
therapeutic strategies; Alzheimers disease; pathogenesis; combination treatment strategies; primary care; daily activities; physical exercise, 19941
therapy length; selective serotonin reuptake inhibitors; tricyclic antidepressants; major depression, 26399
therapy; AED treatment; side effects; partial complex seizures; antiepileptic drugs; AEDs; Swedish adolescents; clinical diagnoses; epileptic seizure; primary generalised tonic-clonic seizures, 17192
thiol conjugate excretion; valproic acid; high risk epilepsy patients; monotherapy; polytherapy; hepatoxicity; age effects, 17164
thrombocytopenia; valproic acid treatment; new-onset bipolar disorder; platelet function, 2152
tiagabine; posttraumatic stress disorder; GABA reuptake; women, 11561
tic rate reduction; quetiapine; child & adolescent treatment; Tourette's disorder, 2196
tiered copayments effects; nonpreferred brand medications; preferred brand medications, 17930
tobacco cessation programs; females; Bangladeshi immigrants; chewing paan; nicotine replacement therapy; brief advice; encouragement; adverse effects; withdrawal symptoms, 14468
tobacco dependence; mesolimbic dopaminergic system; nicotine replacement therapy; bupropion; pharmacological treatment; smoking cessation; non-nicotine medication; antidepressant; cigarette smoking, 14478
topical clonazepam; stomatodynia; burning pain; sucking mechanism; oral mucosa, 35632
topiramate; adults; Prader-Willi syndrome; neurogenetic obesity disorder; compulsive behavior; self-injury; hyperphagia; appetite; mental retardation, 29382
topiramate; juvenile chronic organic mania, 26340
topiramate; long-term experience; chronic refractory epilepsy; long-term retention; long-term efficacy; long-term side-effects; dosages, 26481
topiramate; status epilepticus, 11630
topiramate; treatment of Comorbid Night Eating Syndrome; PTSD; posttraumatic stress disorder; night eating episodes; sleepwalking episodes, 29393
Tourette syndrome; risperidone; drug treatment; safety; efficacy; tics; symptom severity, 8639
tramadol efficacy; acetaminophen efficacy; pain management; osteoarthritis flare; elderly patients; drug efficacy; drug safety, 29490
tranquilization; emergency treatment; behavioral disturbances; psychiatric emergencies; pharmacological treatment; atypical antipsychotics; agitation, 35834
transdermal fentanyl; opioid analgesia prescription; breakthrough pain; pain relief; dose range; dosage; opiates; palliative care, 17175
transdermal nicotine; cognitive deficits; motor deficits; Parkinson's disease, 11659
transference love; psychoanalytic treatment; clinical case conference, 32397
transient memory impairment; visual hallucinations; tolterodine use; anticholinergic medications; urinary incontinence, 8651
transient neonatal symptoms; prenatal psychotropic medication exposure; selective serotonin reuptake inhibitor; antidepressants; benzodiazepines; maternal depression; anxiety disorders, 20370
trauma focused psychotherapy; chronic posttraumatic stress disorder; PTSD; drug therapy; prolonged exposure therapy, 1937
traumatic brain injury; occipital nerve blocks; postconcussive headaches; cervical headaches syndromes; neuralgia; anesthetic drug injections with corticosteroids; concussion; comorbidity, 29473
treatment adherence; medication status; effectiveness; adverse effects; stimulant use; attention deficit with hyperactivity disorder; treatment outcomes, 29317
treatment compliance; patient satisfaction; sodium valproate; Depakine Chrono; epilepsy, 11639
treatment discontinuation; long-term anticholinergic treatment; elderly schizophrenia patients; cognitive functions; adverse effects; memory impairment; cholinergic blocking drugs, 35523
treatment efficacy; drug therapy; adjunctive valproate therapy; schizophrenia; hostility; olanzapine therapy, 17057
treatment efficacy; treatment effectiveness; first generation antipsychotics; second generation antipsychotics; drug therapy; schizophrenia; schizoaffective disorder, 8512
treatment efficacy; treatment safety; sertraline; pediatric outpatients; major depressive disorder, 14187
treatment efficacy; treatment safety; sertraline; pediatric outpatients; major depressive disorder, 14197
treatment efficacy; treatment safety; sertraline; pediatric outpatients; major depressive disorder, 14178
treatment efficacy; treatment safety; sertraline; pediatric outpatients; major depressive disorder, 14163
treatment efficacy; treatment safety; sertraline; pediatric outpatients; major depressive disorder, 14186
treatment evaluation; mood disorders; antidepressant treatments; randomised controlled trials, 25588
treatment evaluation; mood disorders; antidepressant treatments; randomised controlled trials, 25564
treatment outcome measures; depression; antidepressant response; nortriptyline; fluoxetine; rating scales, 3196
treatment outcome; chronic schizophrenia; risperdone, 26420
treatment outcome; overvalued ideation; symptom severity; obsessive-compulsive disorder; treatment response; medication treatment; obsessions; compulsions; fluvoxamine, 17071
treatment resistant schizophrenia; clozapine treatment; pseudophaeochromocytoma, 11544
treatment strategies; Parkinsonian brain; motor response; Parkinsonian patient; drugs; clinical aspect; pathophysiological aspect, 14034
treatment strategies; treatment implementation; antidepressant therapy; treatment algorithms; treatment process, 11456
treatment with antidepressants; sexual functioning; sexual dysfunction; side effect, 29309
treatment-refractory depression; randomized controlled trials; pharmacological interventions; psychological interventions; antidepressant drugs, 11346
treatment-refractory depression; randomized controlled trials; pharmacological interventions; psychological interventions; antidepressant drugs, 11344
treatment-resistant schizophrenia; antipsychotic drug combinations; therapeutic option; side effects; drug doses; olanzapine; amisulpride, 17096
treatment-resistant schizophrenia; conventional antipsychotics; olanzapine treatment; double-blind fashion; treatment resistance; clozapine treatment; response criteria; higher doses, 8493
treatment; epilepsy; seizures; levetiracetam; antieleptic drug; adjunctive therapy; adverse effects, 17141
treatment; Parkinson's disease; neurodegenerative disorder; levodopa; pharmacologic interventions nonpharmacologic interventions; dopamine anagonists; dopaminergic therapy, 14281
treatment; suicide risks; affective disorders; suicidal behavior; mood disorders; bipolar disorder; pharmacotherapy, 2143

trichotillomania; lithium; comorbidity; bipolar disorder, 2144
trichotillomania; olanzapine; drug therapy, 23284
tricyclic antidepressants; QT interval prolongation; sudden cardiac death; torsade de pointes, 35580
tridecapeptide neurotensin; psychostimulant abuse treatment; neurotensin agonists; neuropeptides; pathophysiology; nicotine, 15798
triptans; migraine; migraine treatment; pharmacological profiles; drug features, 17151
tuberculosis patients; drug compliance rate; anti-tuberculosis drugs; Directly Observed Treatment Short Course; teaching hospital, 8617
tumor necrosis factor-alpha; treatment implications; inflammatory process; medical illness; bupropion; mirtazaine, 11655
undifferentiated schizophrenia; clozapine therapy; olanzapine; risperidone; quetiapine; valporate; gabapentin, 2145
unmet needs; bipolar spectrum disorders; diagnosis; depression; treatment options; lamotrigine; antidepressants, 31735
unrecognized bipolar disorder; treatment patterns; antidepressant treatment; depression; medical costs, 5102
untreated depression; hippocampal volume loss; antidepressant medication, 29316
untreated depression; hippocampal volume loss; antidepressant medication, 29383
urethral discharge; men; STD treatment; health care delivery; HIV prevention; social marketing; drug therapy, 17233
vaginal bleeding; plasma proteins; selective serotonin-reuptake inhibitors; sertraline; anticoagulative drugs; geriatric population, 23282
valproate monotherapy; posttraumatic stress disorder; treatment efficacy, 11537
valproate; elderly; pharmacokinetics; protein, 2159
vascular dementia; mixed dementia; Alzheimer's disease; galantamine; safety; efficacy; cognition, 8503
venlafaxine treatment; psychiatric patients; outpatients; inpatients; treatment outcomes; drug dosages; depression, 5306
venlafaxine withdrawal syndrome; drug side effects; drug therapy; antidepressant drugs, 20275
venlafaxine; depression; lithium; resistant patients; serotonin syndrome; drug therapy, 8484
venlafaxine; generalized anxiety disorder; psychic symptoms; drug efficacy; anxiety; somatic symptoms, 20360
venlafaxine; major depressive disorder; treatment-resistant depression; generalized anxiety disorder; obsessive-compulsive disorder; chronic pain syndromes; selective serotonin reuptake inhibitors, 8508
venlafaxine; placebo; preventive treatment; recurrent major depression; long-term efficacy; safety, 23273
verapamil; alcohol withdrawal syndrome; heart rate; blood pressure; alcohol dependents; side effects; L-type calcium-2 channels, 11656
verbal declarative memory; long-term treatment; selective serotonin reuptake inhibitors; posttraumatic stress disorder; neuropsychological testing, 2233
vertigo; physiology; pharmacological treatment; anticholinergics; antihistamines; benzodiazepines; calcium channel antagonists; dopamine receptor antagonists; drug therapy, 14266
visual hallucinations; sertraline; drug therapy; memory loss; attention deficits; depressed mood; severe anxiety, 23267
vitamin B; plasma homocysteine levels; coronary artery disease; plasma concentration; levodopa; hyperhomocysteinemia; folate; levodopa therapy, 5455
wash out; psychiatry; symptom reemergence; research ethics; schizophrenia; schizophrenic patient attitudes; psychiatrist attitudes; participation, 10802
weight change; antipsychotic efficacy; weight loss; excessive weight gain; olanzapine; quetiapine; schizophrenia; schizoaffective disorder; bipolar disorder; major depression; psychosis, 32440
weight gain; extrapyramidal symptoms; mood stabilization; bipolar disorder; manic symptoms; quetiapine; bipolar patients; weight gain; lithium, 13606
weight gain; leptin levels; negative syndrome scale; schizophrenic patients; olanzapine treatment; leptin; nizatidine; quetiapine; weight gain, 14124
weight gain; long term treatment; olanzapine; outpatients; schizophrenia; schizoaffective disorder; drug therapy, 32441
weight loss; expectations; obese women; drug therapy; sibutramine; treatment information; clinical significance; malleability; body weight; attitude change, 2234
weight; metabolic parameters; clozapine; risperidone; olanzapine; quetiapine; chronic inpatients; schizophrenia; second-generation antipsychotics medications, 2180
white matter hyperintensities; psychiatric disorders; lithium therapy; side effects, 5271
women ambulatory medical care visits; outpatient departments; therapeutic drug; health care; antidepressants; estrogens; progestins; antiarthritics; peptic disorder drugs; medication trends, 8609
word-finding difficulties; epileptic patients; drug treatment emergent adverse event; topiramate; epilepsy; drug dose schedule; seizure frequency & pattern; electroencephalography, 8533
worsening psychosis; topiramate; anticonvulsant drugs; schizoaffective disorder; cognitive adverse effects; depressive symptoms; psychotic symptoms; spontaneous speech; AMPA/kainate glutamate receptor, 26356
zinc sulfate; attention deficit hyperactivity disorder; ADHD; drug safety; tolerability, 11468
ziprasidone; bipolar mania; tolerability; efficacy, 35567
ziprasidone; bipolar-associated catatonia; lorazepam; intramuscular ziprasidone; antipsychotic drugs, 29353
ziprasidone; clozapine; treatment-resistant schizophrenia; antipsychotic drugs; psychotic symptoms; drug combinations, 29411
ziprasidone; Huntington's disease; motor functioning, 14253
ziprasidone; mania; schizoaffective disorder; bipolar disorder, 20277
ziprasidone; neuroleptic malignant syndrome; Parkinsons disease; diagnosis; drug therapy; drug side effects, 23378
ziprasidone; psychosis; antipsychotics; neuropsychiatric conditions; hallucinations; speech disorder, 23270
ziprasidone; schizophrenia; dopamine D2 receptor; serotonin 5-HT2 receptor; PET; positron emission tomography; receptor occupancy, 26396
ziprasidone; selective serotonin reuptake inhibitors; drug side-effects; atypical antipsychotic agents; mood disorders; treatment-resistant depression, 20376
ziprasidone; SSRI antidepressant; mania, 11545
zolpidem treatment; zolpidem; chronic aphasia; efficacy; gamma aminobutyric acid; Parkinsons disease; parkinsonism; speech, 35531
zolpidem; hypnotic treatment; psychopharmacological treatment; chronic insomnia; methodology; outcomes, 32538
zolpidem; insomnia; benzodiazepine; hypnotic drugs; pharmacotherapy; treatment feasibility; drug efficacy, 32551
zolpidem; primary care setting; hypnotic agents; chronic insomnia; drug tolerance; drug dependence; drug schedules, 32544
zolpidem; temazepam; rebound insomnia; chronic insomnia treatment; drug side-effect, 29037
zonisamide; depression; mania; epilepsy; side effects, 11357

Drug Therapy [See Also Hormone Therapy, Polypharmacy, Vitamin Therapy]—Books

Drug interactions casebook: The cytochrome P450 system and beyond, 23111
Health related counseling with families of diverse cultures: Family, health, and cultural competencies, 23477
International review of research in mental retardation, Vol. 26, 13822
Prescribing mental health medication: The practitioner's guide, 2242

Drug Therapy [See Also Hormone Therapy, Polypharmacy, Vitamin Therapy]—Chapters

ADHD in girls: Clinical comparability of a research sample, 2246
AHA scientific statement: Cardiovascular monitoring of children and adolescents receiving psychotropic drugs, 2244
Anxiety disorders in adults: Pharmacological interventions and collaborative considerations, 5366
Efficacy of methylphenidate among preschool children with developmental disabilities and ADHD, 2245
Family assessment tools, 23113
The Influence of Design Variables on the Results of Controlled Clinical Trials on Antidepressants: A Meta-Analysis, 303
Medication history profile, 5365
Meta-Analysis of Randomized Clinical Trials in the Evaluation of Medical Treatments—A Partly Regulatory Perspective, 300
Prevalence and correlates of psychotropic medication use among adults with developmental disabilities: 1970-2000, 14202
Psychiatric assessment and treatment of nonpsychotic behavioral disturbances in dementia, 2325
Psychopharmacology of disruptive behavior disorders, 23308
Rapid ejaculation, 4915
Recognizing and reversing sexual side effects of medications, 5156
Therapeutic weaving: The integration of treatment techniques, 5148

Drug Tolerance—Serials

amphetamine hypophagia; tolerance; suppression learning; stereotyped movements; rats; behavioral adaptation; temporal licking, 21927
antipsychotic drugs; obesity; diabetes; psychotic conditions management; second-generation antipsychotics; drug tolerance; dyslipidemia, 20272
anxiety; elevated plus-maze; one trial tolerance; anxiolytic effect; receptor activity; repeated administration; drug responsiveness; receptor ligands; arms avoidance; male rats, 9952
attention-deficit hyperactivity disorder; nonstimulants; drug therapy; drug tolerability; atomoxetine; adults, 23300
autistic disorder; risperidone treatment; extrapyramidal side effects; drug tolerability; antipsychotics drugs, 23241
cabergoline treatment; risperidone-induced hyperprolactinemia; atypical antipsychotic risperidone; endocrine side effects; sexual side effects; drug tolerance; drug dosage; patient compliance, 20300
cannabinoid CB1 receptors; alcohol dependence; stress-stimulated ethanol drinking; CB1 receptor antagonists; mice, 15796
chronic morphine; isolated forebrain; midbrain transection; morphine tolerance; morphine withdrawal; brain stem; sleep-waking states; cats, 9973
clinicians; chronic pain patients; opioids; drug dependence; addiction; tolerance; Liaison Committee on Pain and Addiction, 2295
delirium; COX-2 Inhibitor; refecoxib; Alzheimers disease; drug tolerance, 29485
delta 9 tetrahydrocannabinol; oral morphine; morphine tolerance; naloxone; drug withdrawal; mice, 3883
Diagnostic and Statistical Manual; cannabis tolerance criterion; cannabis dependence; adolescents, 19652
drug tolerability; drug doses; haloperidol; first-episode psychosis, 26412
drug tolerance; drug safety; drug therapy; topiramate; alcohol dependence; comorbidity; psychiatric disorders; psychoactive drugs, 17440
dysthymic disorder; side-effects; social functioning; citalopram; drug tolerance; treatment effectiveness; temperament, 26377
editorial; psychopharmacology; neuroleptic drugs; dysphoria; drug tolerance; quality of life; treatment compliance; dopamine; neurobiology; schizophrenia, 32421
ethanol tolerance; rapid tolerance; soluble guanylyl cyclase; ICV administration; ethanol injection; IP ethanol; drug administration; nitric oxide; oxide dependent pathways; ICV block; drug tolerance, 10058
headache response; eletriptan; tolerability; sumatriptan; placebo; migraine treatment, 29467
hypolocomotor action; Diazepam; drug tolerance; rats; hippocampal synaptic plasticity; NMDA receptors, 766
intranasal cocaine; drug tolerance; cardiovascular effects; subjective effects; drug dosages, 24804
kinases; antinociception; delta 9-tetrahydrocannabinol; rats; mice; KT5,720; bisindolylmaleimide; KT5,823; low molecular weight heparin; beta-ARK inhibitor; LY294,002; PP1; dynorphins; cAMP; tolerance, 3928
levetiracetam tolerability; levetiracetam efficacy; refractory epilepsy; seizure frequency; children; adults; add-on treatment, 5443
local cholecystokinin; drug induced tolerance; periaqueductal gray; morphine; rats, 15816
locomotor sensitization; presynaptic stimulation; dopamine agonist; quinpirole; drug tolerance, 18765
morphine tolerance; male rats; female rats, 18748
morphine tolerance; proinflammatory analgesic tolerance; cytokine levels; chronic morphine administration; propentofylline; analgesic tolerance; withdrawal-induced hyperalgesia, 21901
morphine; clonidine; drug tolerance; mice; gamma isozyme of protein kinase C; behavioral genetics; naloxone; formalin test; hyperalgesia, 21524
morphine; clonidine; drug tolerance; mice; gamma isozyme of protein kinase C; behavioral genetics; naloxone; formalin test; hyperalgesia, 21517
morphine; dosing time; analgesia; analgesic effect recovery; drug tolerance; mice; day night cycle, 4000
motor fluctuations; Parkinsons disease; side effects; drug tolerability; treatment efficacy; entacapone; catechol-O-methyltransferase; levodopa/dopa decarboxylase; drug dosages, 23390
nitric oxide synthase inhibitor; morphine analgesia; morphine tolerance; morphine dependence; mice; L-Canavanine; nitro-L-arginine methyl ester; L-NAME, 15788
one-trial tolerance effect; elevated plus-maze test; anxiolytic action; male Wistar rats; chlordiazepoxide effect; drug state, 718
operant conditioning procedures; vertical graph shifts; dose-response rate-relationships; drug abuse liability; drug reinforcement; tolerance-to sensitization paradigm change, 15763
operant conditioning procedures; vertical graph shifts; dose-response rate-relationships; drug abuse liability; drug reinforcement; tolerance-to sensitization paradigm change, 15827

operant conditioning procedures; vertical graph shifts; dose-response rate-relationships; drug abuse liability; drug reinforcement; tolerance-to sensitization paradigm change, 15793
operant conditioning procedures; vertical graph shifts; dose-response rate-relationships; drug abuse liability; drug reinforcement; tolerance-to sensitization paradigm change, 15723
operant conditioning procedures; vertical graph shifts; dose-response rate-relationships; drug abuse liability; drug reinforcement; tolerance-to sensitization paradigm change, 16255
operant conditioning procedures; vertical graph shifts; dose-response rate-relationships; drug abuse liability; drug reinforcement; tolerance-to sensitization paradigm change, 15800
opiate addicts; buprenorphine; maintenance treatment; acceptance; efficacy; tolerability; drug use behavior, 29396
oral topiramate; topiramate efficacy; scar healing; topiramate safety; drug tolerability, 35614
Parkinson's disease; entacapone; levodopa; quality of life; safety; tolerance; adverse events; patients, 2164
patient compliance; tricyclic antidepressants; medication side effects; treatment decision; tolerability; prescribed medication, 20383
pervasive developmental disorders; stimulant trials; autistic disorder; drug tolerance; psychostimulants; Aspergers disorder; agitation; dysphoria; irritability, 23302
pharmacology; non-benzodiazepine hypnotic drugs; zolpidem; zopiclone; zaleplon; drug tolerance; drug dependence, 31006
photoperiod; sex differences; liposaccharide-induced hypoactivity; behavioral tolerance development; meadow voles; locomotor activity; immunoenhancement hypothesis, 717
piribedil; bromocriptine; Parkinson's disease; motor function; tolerability, 17198
pregnenolone; steroid; placebo; mood; memory; sleep quality; well-being; diazepam; benzodiazepine; anxiety; drug tolerability; psychotropic effects, 15779
repeated administration; transcutaneous electrical nerve stimulation; frequency; rats; tolerance; mu-opiod agonists; delta-opiod agonists, 15430
safety; tolerability; antipsychotic therapy; long-term outcomes; schizophrenia; side effects; treatment adherence; psychotic symptoms, 11527
safety; tolerability; venlafaxine; extended-release; severe medical illness; surgical illness; depressed patients, 23296
sensitivity; tolerance development; reaction latency; operant behavior; cannabinoid receptor blockade; potency; efficacy; WIN 55,212-2; CP 55,940; Δ⁹-THC; hypothermia; receptor antagonists, 18731
social anxiety disorder; paroxetine; drug efficacy; drug tolerability; treatment outcome, 20349
tolerability; nefazodone; major depressive disorder; antidepressant treatment; serotonin reuptake inhibitors; drug therapy, 17065
tolerance development; rats; hypothermic effects; anticataleptic effects; neurotensin analog; blood-brain barrier, 12978
zolpidem; triazolam; performance tasks; self reported drug effects; tolerance; adults, 10047

Drug Usage [See Also Alcohol Drinking Patterns, Drug Abuse, Intravenous Drug Usage, Marijuana Usage, Tobacco Smoking]—Serials

addiction treatment; treatment duration; drug use; drug addiction, 17447
adolescent drug use; prevalence; trends; comorbid conditions; prevention; treatment; risk factors; nursing, 22690
adolescent substance use severity; high school students; substance use; substance abuse; substance dependence; prevalence; correlates, 13225
adolescent substance use; cigarette; alcohol; marijuana; Australia; United States; cross national comparisons, 4142
adolescent substance use; family structure; parental closeness; single-parent families; two parent families; gender differences, 31229
adolescent suicide attempts; risk factors; protective factors; suicidal ideation; suicide risk; vulnerability; at risk populations; substance use, 1561
adolescents; Pacific Islanders; native Hawaiians; drug treatment; Asian American; alcohol; tobacco; drug use, 11030
adultery; drugs; sex; individual reactions; unethical behavior; public officials; individual responses; political scandals; drug use; gender stereotypes, 10309
African American families; perceived racial discrimination; substance use; drug use effects; parents; children; adolescent health; friends; risk cognitions; effective parenting, 16088
alcohol consumption; drug use; goal orientation; college students, 25231
alcohol involvement; cognitions; drinking behavior; driving behavior; driver's license; youth; driving experience; drug involvement, 25896
alcohol use; drug use; tobacco use; schizophrenia; substance abuse; epidemiology; rural settings; suburban settings; urban settings, 10777
alcohol use; drug use; tobacco use; schizophrenia; substance abuse; epidemiology; rural settings; suburban settings; urban settings, 10799
alcohol use; pregnant women; demographic variables; prenatal alcohol consumption; postconception drinking; prevalence rates; minority women; Hispanic women; risk status, 13749
anger expression; avoidant coping; substance use; incarcerated adolescents; adolescent offenders, 31972
batterer intervention program; psychological variables; physical abuse; truthfulness; violence; lethality; control; substance use; coping abilities; African Americans; Caucasians; program evaluation, 29755
behavior problems; alcohol use; mood state; suicide attempters; suicidal behavior; moods; adolescents, 4742
benzodiazepine exposure; trauma; drug usage, 5339
benzodiazepine use; benzodiazepine users; patient attitudes; length of use; drug taking, 17445
betel chewing; schizophrenia; developing countries; betel use; oro-pharyngeal carcinoma, 10437
brief family-focused intervention; substance initiation trajectories; baseline assessment; general-population families; adolescents; public schools; intervention groups; marijuana; cigarettes; alcohol, 29298
buprenorphine; self reported cocaine use; treatment outcome; contingency management; desipramine; prediction; baseline cocaine urine toxicology; noncontingent voucher; cocaine & opioid dependence, 11942
caffeine; adulterants; street cocaine; Brazil; illicit samples; lidocaine, 4727
Canadian university undergraduates; illicit drugs; drug use, 22667
cannabis consumption; perceived benefits; perceived costs; cannabis dependency; long term frequent users, 10914
cannabis dependence; adolescent precursors, 31941
cannabis; illicit drugs; drug abuse; drug dependency; comorbid usage; phenotypic causation model; correlated liabilities model, 25859
cannabis; psychosis; causal analysis; risk factor, 28857
cannabis; psychosis; causal analysis; risk factor, 35027
childhood attention deficit/hyperactivity disorder; adolescent substance use; deviant peer group affiliation; risk factor, 4697
CRAFFT; test validity; American Indians; Alaska Natives; drug & alcohol risk screening; psychometrics; adolescents, 142
dangerous sports; recreational drug-use; Interpretative Phenomenological Analysis; risky decision, 31448
daytime sleepiness; morningness/eveningness dimension; young adults; medical school students; drug use; diseases; sleeping habits, 7697
dietary caffeine; blood pressure; cardiovascular health, 16719
doping; recreational drug use; French elite student-athletes; cigarette; alcohol use; cannabis; attitudes, 25234
drinking; driving; cannabis use; Ontario students; injury risk; drunk drivers; driving risks, 16496
drug distribution activities; drug consumption; illicit drug sales; drug treatment; criminality; violence, 1656
drug injecting; developing countries; illicit drugs, 31964
drug intensity; Ecstasy; polydrug usage; experienced recreational Ecstasy; methylenedioxymethamphetamine, 25906
drug testing; work; illicit drugs; workplace issues, 2902
drug usage; alcohol usage; tobacco usage; violent behavior; ethnic pride; resilience; ethnic identity; happiness; native Hawaiians, 25770
drug usage; treatment utilization; illicit drugs, 32764
drug use by family members; illegal drugs; adolescents; illicit drugs; personal drug use; awareness, 10982
drug use patterns; gender; memory ability; self report; ecstasy users, 13752
drug use prevention; adolescence; substance use; evaluation; interactive programs; self-esteem; alcohol consumption; tobacco consumption; school-based prevention programs, 1657
drug use; alcohol consumption; mental disorders; health problems; illicit drugs; substance abuse, 1153
drug use; oral fluid testing; opiates; benzodiazepines; methadone; cannabis; new treatment clients; drug testing, 6314
early substance use; environmental variance; shared environmental contributions; peer role; parent role; parent-child relationship; twins, 31459
ecstasy use; drug use; cannabis users; traditional hard drugs; socio-economic characteristic; Norwegian youth, 31944
ecstasy use; drug use; South African Community; prevalence; consequences; health risks, 20517
ecstasy; club drug use prevention intervention; rave attendees; club attendees; MDMA; high risk, 31965
ecstasy; ecstasy tablet content; MDMA tablets; dosage levels; purity perceptions; biochemical evidence; historical origins; empirical reports; epidemiology; 3,4-methylenedioxymethamphetamine, 25900
ecstasy; single dose; cognition; psychomotor performance; driving-related task performance; recreational ecstasy users, 13027
ethnicity; ethnic identity; drug norms; drug use behavior, 34348
expectancy challenge; positive expectancies; gender groups; mixed gender; experiential session; alcohol consumption; alcohol expectancy; young heavy drinkers, 11027
family check up; young adolescents; substance use; parent monitoring; family centered intervention, 20177
felony conventions; recreational drug users, 8035
future orientation; impulsive sensation seeking; alcohol problems; alcohol use; cigarette smoking; marijuana use; hard drug use; health outcomes; risk behavior; sexual risk taking; condom use, 25485
gay nightclub; drug use; sex; club dancing; social space; tribal space; multiplicity; flux; social relations; cultural relations, 28408
gender differences; anxiety; depression; somatization; ecstasy; MDMA; polydrug usage; alcohol usage; tobacco usage, 31939
gender differences; drug use patterns; medical presentation; opioid dependency; medical comorbidity; HIV-infected African Americans, 31656
gender differences; treatment characteristics; treatment strategies; financial problems; violent behavior; treatment system; work problems, 10970
gender-related processes; adolescent drug use; self-expression; parental communication; peer group selection; achievement motivation, 25053
gender; nonmedical use; abusable prescription drugs; drug abuse, 19095
global policies; drug users; substance use, 28868
hard-core drug use; urban Puerto Rican women; high-risk neighborhoods, 25860
health benefits; secondary syringe exchange; needle exchange program; drug lifestyle; injection drug users, 32795
health professionals; impaired health professional; impaired clinicians; drug use; drug misuse; epidemiology; treatment, 2685
health services utilization; drinking patterns; illicit drug use; alcohol problems; prevalence; emergency room; primary care, 10974
heroin inhalers; heroin injectors; treatment admission; drug problem, 26732
heroin use; female adolescents; partner influence; drug initiation; administration route, 19655
heroin users; folk devils; public attitudes; public health policy; public opinion; drug issues; France; people perception; risk reduction policy; alcohol; tobacco, 4735
high risk sexual behavior; young men who have sex with men; homosexuals; personality variables; unprotected anal sex; decision making; sensation seeking; anxiety; depression; homophobia; substance use, 34542
high-dose motivational enhancement therapy; substance use-related problems; psychotherapy, 19691
illicit drug supply reduction; health outcomes; social outcomes; heroin shortage; drug-related health indicators; methadone treatment programmes; property crime; heroin overdoses, 28877
illicit drug supply reduction; health outcomes; social outcomes; heroin shortage; drug-related health indicators; methadone treatment programmes; property crime; heroin overdoses, 28860
illicit drug use data; survey mode effects; self reported illicit drug use; undergraduate students; Web surveys; mail surveys, 31937
illicit drug use; adherence; antiretroviral medication, 8637
illicit drug use; high drug users; low drug usage; acculturation; northern Thailand; tribal villages; socioeconomic development; socialization, 1644
illicit drug use; risky sexual behavior; African Americans; urban adolescents; Puerto Ricans; urban adolescents, 31201
impulsiveness; sensation seeking; coping; substance use; impulsivity; avoidance coping; emotional outlets; distraction; humor; gamblers; gender differences; intensity seeking, 13710
internalization; social competence; substance initiation; gender moderation; preventive intervention; social assertiveness, 25892
Internet surveys; nonabusive illicit drug use; data collection; World Wide Web, 14960
intracerebral hemorrhage; risk factor; asymptomatic microbleeds; aspirin users; aspirin-associated intracerebral hemorrhage, 5363

labor force participation; adverse childhood events; homeless adults; substance use; social service utilization, 11021
level of smoking; anxiety sensitivity; agoraphobic avoidance; frequency of panic attacks; smokers; cross cultural differences; Russia; US, 1395
loneliness; adoelscents; young adults; Ecstasy; MDMA; coping strategies; drug use; Ecstasy drug users; non-Ecstasy drug users; non-drug users; gender differences; methylenedioxymethamphetamine, 16506
long-term heavy cannabis use; cannabis users; US; income level; educational attainment level; cognition; memory; social life; career; physical health; mental health; quality of life; life satisfaction, 8011
male sex workers; sexual risk behaviors; drug use; HIV risk, 11028
marijuana usage; adolescents attitudes; parental challenges; clinicians perspectives, 18986
marijuana use; US, 19668
maternal deprivation; adult depressive profile; mice; cannabinoid exposure; adolescence; socio-sexual interaction, 34165
maternal drug usage; infant abuse; child abuse risk; pregnant drug users, 26547
memory impairments; memory span; dual task condition; MDMA; ecstasy users; random letter generation; visuospatial processing; working memory; cannabis use, 25914
methylenedioxymethamphetamine; Ecstacy experiences; adolescents, 19709
motivational enhancement; transtheoretical Model of Change; marijuana; Marijuana Check-Up intervention; brief intervention; marijuana users; readiness for change, 20099
negative affectivity; substance involvement; social anxiety; high school students, 4141
neutralization theory; risk denial; cannabis use; French adolescents; contemporary societies; risk profiling; ethnographic studies; marijuana smokers; risk culture; unhealthy behaviours, 16029
Normative Appetitive Picture System; NAPS; reliability; specificity; validity; cue exposure; substance use; individual differences; college students; cue reactivity, 24279
North American Indian; alcohol use; substance use; risk factors; substance use initiation, 13748
outcomes; tobacco use; marijuana use; alcohol drinking; collegiate alcohol & other drug prevention programs; Fund for the Improvement of Postsecondary Education; cocaine use, 12227
panic attacks; depression; anxiety symptoms; substance use behaviors; late adolescence, 34929
parental support; peer support; adolescent substance abuse; tobacoo; alcohol; marijuana, 25078
parental support; psychological adjustment; sense of belonging; hostile campus racial climate; drug use; binge drinking; ethnic group differences; college freshmen; African Americans; Whites, 26965
parents-adolescent communication; self-esteem; substance use; parent-adolescent conflict; demand withdraw communication, 19051
participant retention; outpatient drug-free treatment; drug use; intake role induction session, 17432
pharmacological treatment; drug users; brief review; service providers; commissioners; informed decisions, 32786
precipitating factors; betel nut; epileptic seizures; etiology; drug overdose, 5007
prevalence; methamphetamine abuse; Hawaii; drug usage; pregnant women, 10978
prize reinforcement contingency management; cocaine use; treatment efficacy, 29805
pro-drug risk factors; adolescents; drug prevention program; marijuana use; cigarette use; pro-alcohol risk factors; social influences; project ALERT drug prevention program outcomes, 33206
psychiatric illness; drug court probationers, 10659
psychiatric outpatients; smoking rates; other substance use; psychiatric diagnosis; illness severity, 4578
psychological distress; substance use; alcohol use; drug use; substance treatment, 25455
psychometric properties; Inventory of Drug Use Consequences; drug use; drinking; factor structure; validity; self-report, 3135
psychopathology; polydrug users; polysubstance use; drug usage, 22693
public communication; cannabis policy; federal government; opposition parties; policy documents; legal texts; media reports; call reports, 33409
relapse; drug use; statistical analyses, 26708
religious activity; African American adolescents; sexual intercourse; cigarette use; marijuana use; risk behavior, 25062
resiliency; risk factors; substance use; protective factors; ethnic differences; age differences; gender differences; Hispanic urban juvenile detainees; substance abuse, 1668
respondent misreporting; drug use; self reports; social desirability theory; marijuana; cocaine; validity issues, 30375
risk factors; protection factors; adolescent substance use; Prevention Paradox; tobacco; cannabis; alcohol, 29812
risk factors; substance use; adolescents, 31946
school endowments; school curricula; juvenile drug use; tobacco usage; alcohol usage; marijuana usage; substance use initiation, 26886
self appraisal; Say Yes First; students; rural drug prevention program; drug usage; grades; attendance; family communication; participation in sports; attitudes toward school; trouble in school, 33112
self-control; criminal behavior; social consequences; street youth; crime; drug use; homelessness, 13765
sensation seeking; shyness; sociability; substance use; US; Canada; prediction, 28875
sex differences; oral nicotine consumption; drug dosages; mice; saccharin; neurochemical effects; behavioral effects, 24820
sexual behavior; parent-adolescent communication; parent-adolescent relationship; African American adolescents; family communication; self-control; religiosity; social perception, 4147
sexual victimization; child sexual abuse; sex partner; adult revictimization; abused women; mental health treatment; sexual abuse histories; drug treatment; adult rape, 1610
sleep quality; chronic benzodiazepine usage; rem sleep; insomnia patients; insomnia; drug withdrawal; drug usage; drug dependency, 19880
smoking; alcohol; elementary school; prevention; children; life skills training, 5955
social stress; illicit drug use; health beliefs; antiretroviral therapy; socioeconomic status; treatment adherence; HIV infected patients, 23374
spiritual well-being; religiosity; drug use; individual characteristics; male prison inmates, 8907
subjective responses; early drug use; cannabis; drug dependence; cannabis dependence; adolescents; young adults, 1650
sublingual cocaine use; cocaine; route of administration, 35028
substance abuse; drug use progression; drug use patterns, 8008
substance use predictors; racial groups; adolescents; Caucasians; African Americans; gender, 31203
substance use; disabled students; educational outcomes; employment outcomes; social outcomes; cigarettes; marijuana; binge drinking; sexual activity, 25883
substance use; early marriage; adolescent marriage; drug abuse, 28120
substance use; high-school students; temperament; personality traits; parental care perception, 18958
substance use; nicotine; marijuana; alcohol; posttraumatic stress disorder; inner-city adolescent females, 7790
substance use; severe mental illness, 7743
substance use; smoking; substance use disorders; psychiatric disorders; mood disorders; disruptive behavior disorders; psychiatric hospitalization; adolescents, 7760
substance use; youth personality; Russian youths; behavioral activation; gender; tobacco smoking; alcohol use; substance abuse, 35037
theory of planned behavior; illicit drug use; LSD; amphetamine; cannabis; ecstasy; intention to use; moral norms; drug use attitudes, 11004
therapeutic environment; drug dog searches; psychiatric units; illegal drugs; staff attitudes, 32738
witnessing violence; drug use initiation; rural adolescents; parental monitoring; family support; protective factors, 31957
women; substance use; rape vulnerability; forcible rape; incapacitated rape; lifetime prevalence; incapacitation; sexual assault experiences, 13755

Drug Usage [See Also Alcohol Drinking Patterns, Drug Abuse, Intravenous Drug Usage, Marijuana Usage, Tobacco Smoking]—Chapters

Alcohol, drugs, and workplace safety outcomes: A view from a general model of employee substance use and productivity, 2959
Tobacco, alcohol, and other drug use in adolescence: Modern-day epidemics, 22698

Drug Usage Attitudes [See Also Alcohol Drinking Attitudes]—Serials

alcohol consumption; tobacco consumption; cannabis consumption; French adolescent attitudes; polydrug use, 22672
androgenic anabolic steroids; male adolescents; narcotic drugs; adolescent attitudes, 35042
Arab American adolescents; smoking cessation; adolescent perceptions; tobacco use behavior; smoking experience; tobacco avialability; tobacco accessibility, 10188
cannabis consumption; perceived benefits; perceived costs; cannabis dependency; long term frequent users, 10914
cross-cultural effectiveness; anti-smoking messages; Hispanic Americans; Anglo Americans; advertising, 11754
doping; recreational drug use; French elite student-athletes; cigarette; alcohol use; cannabis; attitudes, 25234
drug policy; public health; alcohol policy makers; drug promotion; illegal drugs, 29639
drug use; unsafe sexual behavior; interpersonal victimization; alcohol consumption; risk cognitions; aggressive behavior; trauma, 31897
ecstasy; ecstasy tablet content; MDMA tablets; dosage levels; purity perceptions; biochemical evidence; historical origins; empirical reports; epidemiology; 3,4-methylenedioxymethamphetamine, 25900
heroin use; female adolescents; partner influence; drug initiation; administration route, 19655
Iranian secondary school students; preventive programs; substance use; tobacco dependent; alcohol dependent; opium; hashish; heroin, 35025
neighborhood environment; Methamphetamine; Marijuana; illegal drug use; drug trafficking; high school students; epidemiology; social capital, 19696
smoking behavior; nicotine intake; gender differences; socioeconomic deprivation; smoking addiction; Scotland; self-imposed restrictions; smokers; deprived areas, 16223
theory of planned behavior; illicit drug use; LSD; amphetamine; cannabis; ecstasy; intention to use; moral norms; drug use attitudes, 11004
tobacco product use; smoking experience; cigarette smokers; smokeless tobacco; risky behaviors; California adolescents; cigars; bidis; safety beliefs; tobacco promotion receptivity; nicotine tolerance, 10236

Drug Usage Screening—Serials

adolescent cigarette smoking; self-report verification; biochemical measurements, 13236
alcohol problems; advice; screening; problem drinkers; screening; alcohol abuse; clergy; alcoholism, 32499
alcohol screening; medical provider training; brief intervention; physicians; medical students; self-confidence, 35962
alcohol screening; referral services; college health centers; substance abusers, 35873
alcohol screning; brief interventions; primary care; substance abuse prevention; time constraint, 35864
biomarkers; heavy drinking; health care practice; screening; patients; organs; carbohydrate-deficient transferrin; metabolites; relapse events; feedback; treatment; motivation; routine use, 5672
brief intervention; screening costs; risky alcohol use; managed care organizations; provider-incurred costs, 14496
contingency management; escalating value; urine tests; buprenorphine maintenance; heroin users; cocaine users; desipramine, 17433
drug testing; methadone maintenance treatment; substance abuse treatment; urine screening patterns; drug use simulation, 11901
drug testing; work; illicit drugs; workplace issues, 2902
drug use; oral fluid testing; opiates; benzodiazepines; methadone; cannabis; new treatment clients; drug testing, 6314
quick drinking screen; timeline followback; drinking measures; assessment method; alcohol abusers; problem drinkers, 13729
substance abuse; school-based youth; drug use; high school students; teenagers; Problem Oriented Screening Instrument, 18088
substance use; recovery-friendly prison environments; Drug Reduction Strategy Project; urine testing; drug interdiction; drug testing, 32843
urine testing; methadone mainentance treatment; testing schedules, 8857
urine testing; methadone mainentance treatment; testing schedules, 8872
urine testing; methadone mainentance treatment; testing schedules; criminal justice clients; substance abuse disorders, 8861
urine testing; methadone maintenance treatment; testing schedules, 8854
urine testing; methadone maintenance treatment; testing schedules, 8855

Drug Withdrawal [See Also Alcohol Withdrawal, Nicotine Withdrawal]—Serials

acoustic startle; morphine; withdrawal; opiates; anxiety; elevated startle response, 13010
alcohol dependence; craving; alcohol abuse; discriminant validity; drug withdrawal; alcohol use disorders; diagnoses; Craving Withdrawal Model, 30438
amygdala; mRNA expression; corticotropin-releasing hormone; SR141716A cannabinoid antagonist; HU-210 cannabinoid agonist; receptors; neuropeptide Y; behavior; allostatic shift; rats, 9965

caffeine withdrawal syndrome; social interaction test; mice; N-methyl-D-aspartate receptors; memantine; neramexane, 31012
cannabinoid withdrawal; cannabinoid receptor gene expression; brain; behavioural changes; neurochemical changes, 21889
chronic morphine; isolated forebrain; midbrain transection; morphine tolerance; morphine withdrawal; brain stem; sleep-waking states; cats, 9973
clozapine treatment; nicotine withdrawal; amphetamine withdrawal; rats; somatic signs; affective signs; negative symptoms; schizophrenia, 7253
cluster headache; migraine; somatostatin withdrawal; healthy volunteers, 22826
cognitive effects; treatment withdrawal; benzodiazepine; cognitive function, 23213
conditioned place avesion; opioid dependence; opioid withdrawal; rats, 3867
controlled deep breathing; smoking withdrawal symptoms; dependent smokers, 26733
corticosteroids; drug withdrawal; palliative care; drug therapy, 32561
delta 9 tetrahydrocannabinol; oral morphine; morphine tolerance; naloxone; drug withdrawal; mice, 3883
depression; antidepressant withdrawal; stress response; antidepressant treatment; animal models; hippocampus; neurobiology; treatment outcome, 5287
donezepil; Parkinson's disease; probable dementia with Lewy bodies; discontinuation; recommencement; adverse effects; cognitive functioning, 20361
dopaminergic neurotransmission; opiates; somatic withdrawal symptoms; motivational withdrawal symptoms; rats; dopamine; nucleus accumbens; apomorphine; droperidol; flupentixol; naloxone; syndromes, 701
ethanol withdrawal syndrome; selective serotonin reuptake inhibitor; fluoxetine; rats, 31013
ethanol withdrawl; dendritic development; ethanol exposure; exposure duration; developmental stages; neurons survival; hippocampal neurons; rats, 18763
gabapentin; detoxification treatment; opiate withdrawal; heroin addiction, 20651
glucose tablets; tobacco withdrawal symptoms; smoking cessation; abstinence; glucose; bupropion; withdrawal symptoms; nicotine replacement, 14485
harman; harmine; naloxone; withdrawal syndrome; morphine dependent rats, 7146
latent inhibition; prepulse inhibition; amphetamine withdrawal; escalating dosage schedule; startle reflex; rats; schizophrenia, 3968
major depression; nefazodone; abrupt discontinuation; discontinuation symptoms, 14189
marijuana withdrawal; marijuana abstinence; tetrahydrocannibinol; divalproex; craving; symptoms, 11912
mesolimbic dopamine system; cocaine withdrawal; brain-derived neurotrophic factor protein; drug craving; rats; neurotrophic factor protein levels, 21846
methamphetamine abstinence syndrome; mood; depression; anhedonia; irritability; concentration; drug dependency, 31942
morphine tolerance; proinflammatory analgesic tolerance; cytokine levels; chronic morphine administration; propentofylline; analgesic tolerance; withdrawal-induced hyperalgesia, 21901
morphine; naloxone; place aversion; nicotine; dopaminergic mechanism; withdrawal syndrome, 15724
naloxone-precipitated withdrawal; endomorphin; rats; opioid ligands; opiate dependence; withdrawal syndrome; peptides; analgesic effects; morphine, 15734
nicotine; behavioral sensitization; monoamine oxidases; tranylcypromine; pargyline, 3986
noradrenergic system; amygdala central nucleus; naloxone-precipitated morphine withdrawal; conditioned place aversion; rats, 3988
opioid withdrawal; acute opioid physical dependence; naloxone; administration schedules; withdrawal severity; opioid pretreatments; withdrawal severity; withdrawal symptoms; male subjects, 13731
orofacial movements; behavioral repertoire; haloperidol treatment; drug withdrawal; rats; dopamine receptors, 9976
oxycodone; discriminative stimulus; antinociceptive effects; abuse liability; opioid receptor agonist; physical dependence; positive reinforcer; withdrawal signs; monkeys; mice; rats, 30960
physical syndrome; NMDA antagonists; memantine; morphine dependence; morphine withdrawal; conditioned place aversion; behavioural changes; mice, 748
psychological distress; psychosocial factors; adaptational problems; benzodiazepine withdrawal; treatment outcome, 23281
risperidone; cue-elicited craving; cocaine dependent patients; cocaine withdrawal; dopamine; serotonin antagonists; schizophrenic patients, 32470
saccharin deprivation; depression-like effects; rats; forced swim test; intracranial self-stimulation; drug withdrawal; differential reinforcement; reinforcement rate, 787
sleep quality; chronic benzodiazepine usage; rem sleep; insomnia patients; insomnia; drug withdrawal; drug usage; drug dependency, 19880
social behavior; adolescent rats; adult rats; hangover-related anxiogenesis; social inhibition; acute ethanol withdrawl; anxiety, 18449
social phobia; gamma hydroxybutyrate; self administration; drug dependence; drug abuse; severe withdrawal syndrome, 35497
symptom severity; quality of life; benzodiazepine withdrawal treatment; life satisfaction; psychopathology; health; drug dependency, 32809
venlafaxine withdrawal syndrome; drug side effects; drug therapy; antidepressant drugs, 20275
withdrawal symptoms; drug effects; drug onset cues; intra-administration associations; morphine; rats, 9958
withdrawal symptoms; drug effects; drug onset cues; intra-administration associations; morphine; rats, 10046
withdrawal symptoms; drug effects; drug onset cues; intra-administration associations; morphine; rats, 10024
withdrawal symptoms; drug effects; drug onset cues; intra-administration associations; morphine; rats, 10023
withdrawal symptoms; drug effects; drug onset cues; intra-administration associations; morphine; rats, 9951
withdrawal symptoms; drug effects; drug onset cues; intra-administration associations; morphine; rats, 9957
withdrawal; cocaine; astroglial plasticity; forebrain; astrocytes; glial fibrillary acidic protein, 21813
Drug Withdrawal Effects [See Drug Withdrawal]
Drugs [See Also Adrenergic Blocking Drugs, Adrenergic Drugs, Alcohols, Alkaloids, Amines, Analgesic Drugs, Anesthetic Drugs, Anti Inflammatory Drugs, Antiandrogens, Antibiotics, Anticoagulant Drugs, Anticonvulsive Drugs, Antidepressant Drugs, Antiestrogens, Antihistaminic Drugs, Antihypertensive Drugs, Antineoplastic Drugs, Antitremor Drugs, Antiviral Drugs, Appetite Depressing Drugs, Benzodiazepines, Bromides, Cannabis, Channel Blockers, Cholinergic Blocking Drugs, Cholinergic Drugs, CNS Affecting Drugs, Dopamine Agonists, Emetic Drugs, Enzyme Inhibitors, Enzymes, Ergot Derivatives, Hallucinogenic Drugs, Hypnotic Drugs, Narcotic Agonists, Narcotic Antagonists, Narcotic Drugs, Nonprescription Drugs, Nootropic Drugs, Prescription Drugs, Psychedelic Drugs, Psychotomimetic Drugs, Sedatives, Serotonin Agonists, Serotonin Antagonists, Steroids, Sympatholytic Drugs, Tranquilizing Drugs, Vasodilator Drugs]—Serials
5-iodo-A-85380; self-administration behavior; beta2 selective receptor; nicotinic receptor ligand; operantly trained rats; nicotine acetylcholine receptors, 3935
academic psychiatry; pharmaceutical industry; influence; drug companies; psychiatrists, 12066
acamprosate; abstinence; alcohol consumption, 14134
acute psychotic behavioral disturbance; inpatient psychiatric settings; psychotropic medications; antipsychotics; benzodiazepines, 29750
adrenergic antagonists; antidepressant drugs; clenbuterol; beta adrenergic antagonists; rats; central administration, 4001
adverse drug events; appropriate prescribing; compliance; pharmacoepidemiology; psychiatric medications, 5360
alcohol dependence; treatment; acamprosate; safety; efficacy, 20624
aspirin; amiloride; cerebral perfusion defects; cocaine dependence; cocaine dependent patients; vasoconstriction; platelet aggregation; blood vessels occlusion, 10997
atypical psychotropic medications; adverse effects; side effects; African-Americans; primary care, 23210
audiogenic seizures; intense audiogenic stimulation; imipenem; dipeptidase inhibitor cilastatin; adult male Wistar rats, 21516
autogenic training effect; headache; migraine headache; primary headache; drug consumption; mixed headache, 17136
bioequivalence; therapeutic efficacy; generic psychoactive drugs; branded psychoactive drugs, 8486
bipolar disorder; patient; dronabinol; medications; sexual dysfunction; psychotropic medications, 35651
BU224; stress; imidazoline receptor; behavior; neuroendocrinology; neurochemistry; rats; HPA axis; central monoaminergic responses; immobility; struggling; swimming; antidepressant like activity, 15745
chronic dizocilpine; NMDA antagonist; acute pain; mRNA expression; neuropeptides; dopamine receptors; glutamate receptors; sensorimotor behaviors; rats, 7143
Cimicifuga extract; hot flushes reduction; antidepressant activity; climacteric treatment; estrogen; antidopaminergic drug veralipride; body weight, 21925
clonazepam; psychotropic; anxiety disorders; therapeutic agents; alprazolam; panic disorder, 23292
cognitive effects; benzodiazepine use; psychotropic drugs, 29312
cognitive event-related brain potentials; drug assessment; drug effects; electroencephalographic measures; alcohol; tobacco; caffeine, 3797
D-cycloserine; conditioned fear extinction; N-methyl-D-aspartate agonist; unconditioned stimulus; rats; reinstatement effect, 21867
depressive symptoms; opioid dependence; buprenorphine-induced hypomania, 29342
developmental trajectories; cocaine-exposed children; other-drug-exposed children; alcohol; tobacco; non-drug exposed children; motor performance; infant development; mental performance, 925
dexamethasone; constitutive androstane receptor; mice; drug metabolism; xenobiotics; cytochrome P450 enzymes; dexamethasone; brain; gene expression; neuropeptide y; orexigenic effects; food intake, 31000
direct-to-consumer advertising; psychotropic drugs; pharmaceutical promotion; psychiatry; patient information, 36462
drug abuse treatment; College on Problems of Drug Dependence; drug treatment providers; substance abuse; alcohol dependence; drug dependence, 11944
drug courts; justice system; adjudication, 3102
drug-facilitated sexual assault; drugs; trauma; cognitive behavioral treatment; rape; memory, 26281
enslaved Africans; enslaved doctors; American medicine; slave community; slave quarters; plantation hospitals; southern medical knowledge, 23652
female rats; male rats; open field behaviors; dizocilpine maleate induced behavior; ethanol dependence; sigma receptor; rimcazole; hyperlocomotion; drug interactions, 21824
flumazenil; intracortical motor excitability; transcranial magnetic stimulation, 27903
frail elderly; nutritional status; drugs; drug-nutrition interaction; pharmacology, 29364
fruit flies; modafinil; rest; circadian rhythms; activity; homeostatic response; locomotor rhythms; mammalian sleep; wakefulness, 3910
gamma aminobutyric acid receptor suppression; disulfide reducing agent; DL-dithiothreitol; behavioral effects; pharmacological stimulation, 27864
government policy making; drug experimentation law; child experimental subjects; experimental ethics; morality; informed consent; risk; child health & welfare; US, 2679
grooming behavior; excitotoxic spinal cord injury; agmatine; interleukin-10; cyclosporin; spontaneous pain behavior, 13100
hard drug trade; drug trade regulation; intervention; public health; government organizations; private organizations; Rotterdam, 22695
histamine antagonist; clobenpropit; MK-801; spatial memory deficits; maze learning; rats; working memory; reference memory, 30980
intranasal methylphenidate; physiological effects; behavioral effects; drug doses; dose response, 11018
lazaroid U-83836E; traumatic brain injury; blood brain barrier; edema; ATPase; rats, 21825
lithium chloride; sodium valproate; calcium ion; dextroamphetamine; therapeutic mechanisms; intracellular calcium; bipolar disorder; platelet calcium; mood stabilizer; second-messenger pathways, 23305
long-term memory enhancement; aging; aged impaired memory; rats; spatial memory; BIBN-99; memory performance; spatial learning; reference memory, 3967
medical drugs; nervous system disorders; neuroscience; patents, 35366
medication; atypical antipsychotic; psychotropic medications; psychotic disorders; risperidone; olanzapine; quetiapine; adolescent inpatients, 23253
medicine; drug control treaties; buprenorphine; opioid addiction; drug abuse potential, 29325
methadone maintenace treatment; treatment cessation; withdrawal symptoms; buprenorphine; opioid dependence; treatment reduction & cessation, 8851
modafinil; antipsychotic medication-induced sedation, 17031
modafinil; antipsychotic medication-induced sedation, 20317
modafinil; antipsychotic medication-induced sedation, 20355
modafinil; delayed nonmatching; position swim task; rats; cognition; narcolepsy; learning; memory, 34185
modafinil; learning processes; serial reversal discrimination; spatial discrimination; training level; mice, 7151
morphinan derivatives; dextromethorphan; psychotropic effects; locomotor activity; anticonvulsants; electroshock convulsions; mice, 21859
narcolepsy patients; daytime sleepiness; nocturnal sleep; sodium oxybate; narcolepsy systems; adverse events; cataplexy attacks, 5412

national trends; concomitant psychotropic medication; pediatric visits; pharmacotherapy; stimulants; drug safety; drug efficacy, 29314
neonatal ventral hippocampal lesions; adult ventral hippocampal lesions; attention; phencyclidine; amphetamine; five-choice serial reaction time task; animal model; schizophrenia; rats, 529
neuroprotective agents; drug evaluation; drug efficacy; Parkinson's disease; PD, 23620
nociceptin; conditioned place preference; conditioned place aversion; animal locomotion; mice; morphine; cocaine; naloxone, 18795
nucleus accumbens; locomotor activity; conditioned place preference; dopamine receptor blockers; mesolimbic dopamine modulation; CART peptides; psychostimulants; cocaine, 15759
Omnibus Budget Reconciliation Act of 1987; medication prescription; physical restraint; nursing home residents; psychotropic drugs; long term care; public policy; quality of life, 5650
OTC switch; clinical consequence; financial consequence; impact assessment; drugs; pharmacists, 8378
patient portrayal; psychotropic drug advertisements; national psychiatric journals, 20997
Paul Adriaan Jan Janssen; Janssen Pharmaceutica; drug development; pharmacotherapy; schizophrenia; death, 32864
pentagastrin; panic disorder; fatty acids; serum cholesterol; ethinyl estradiol; panic symptoms; panic attacks, 23277
personality traits; polysubstance involvement; drug choice; addiction; substance choice; substance dependent patients, 8006
pharmaceutical treatment; therapeutic substitution; clinical effectiveness; side-effects; cost management; minority Americans; racial and ethnic differences; genetic differences; drug metabolism, 23088
pharmacogenetics; study methods; psychotropic drug response; antidepressant drugs; antipsychotic drugs; mood stabilizers; adverse effects, 26395
physical syndrome; NMDA antagonists; memantine; morphine dependence; morphine withdrawal; conditioned place aversion; behavioural changes; mice, 748
placebo; placebo effect; doctor-patient communication; treatment methodlogies; placebo-controlled studies, 23345
poly(ADP-ribose) polymerase-1; PARP-1 inhibitors; NAD depletion; ATP depletion; ischemia; neuroprotection; mice; cortical cells; oxygen deprivation; glucose deprivation; thieno[2,3-c]isoquinolin-5-one, 3881
psychiatrist attitudes; drug therapy; treatment guideline; psychotropic drugs; augmentation, 35997
psychoactive drugs; addictive drugs; drug-environment interactions; neurobehavioral plasticity; relapse, 24799
psychoactive substances; social interaction; cerebral function; ontogenesis; addiction; neurosciences; genetics; pleasure, 35040
psychopharmacology; drug therapy; drugs, 23206
psychotropic drugs; methadone maintenance treatment; QT interval prolongation; drug dosages; drug interactions; arrythmia, 32799
psychotropic medication; community-dwelling elderly persons; medication expenditures; antidepressants; benzodiazepines; serotonin reuptake inhibitors, 8704
psychotropic medication; mental disorders; public attitudes; drug treatment; psychopharmacotherapy, 32420
psychotropic medication; pretrial detainee; Ninth Circuit Court; California; informed consent; medication prescription; Court ruling; Benson case; unconstitutional coercion, 6189
psychotropic medications; psychiatric treatment; patient attitudes; mental illness, 8521
psychotropic medications; psychotropic drug; nonpsychiatric physicians; medical drugs; prescribed psychotropic drugs; drug-drug interactions; psychiatry; psychiatrists, 20400
regional variation; clinical indicators; residential treatment; antipsychotic use; pediatric populations, 26692
rivastigmine; efficacy; tolerability; pharmacoeconomics; cholinesterase inhibitor; dementia; Alzheimer's disease, 8559
sedation; drug side effects; psychotropic drugs; neuroleptic drugs; anxiolytic drugs; antidepressant drugs; antihistamine drugs, 20285
sex differences; oral amitriptyline; animal models; depression; C57BL/6J mice; responses, 3878
sex-related factors; drug effects; sexual behavior; sex hormones; gonadal hormones, 31015
sildenafil; drug compliance; risperidone-treated patients; schizophrenia; erectile dysfunction; drug efficacy; drug safety, 17144
spinal nociception; flurbiprofen; rat formalin test, 12972
suicidal behavior; attempted suicide; serotonergic platelet markers; platelet serotonin transporters; drug effects, 22643
sulfur-containing psychoactive agents; phenylalkylamines; propylthiophenyl; N-monomethyl analog; hallucinogen; cocaine; stimulus effects; methylthiophenyl, 34160
symptom-targeted medication; borderline personality disorder; psychotropic medication; medication utilization, 26411
tiazofurin; amphetamine-induced motor activity; rats, 18753
topiramate; treatment of Comorbid Night Eating Syndrome; PTSD; posttraumatic stress disorder; night eating episodes; sleepwalking episodes, 29393
Viagra; sports club members; erectile dysfunction; masculine image; male health; sexual dysfunction; men's attitudes; social setting; knowledge; interest, 31319
Drugs [See Also Adrenergic Blocking Drugs, Adrenergic Drugs, Alcohols, Alkaloids, Amines, Analgesic Drugs, Anesthetic Drugs, Anti Inflammatory Drugs, Antiandrogens, Antibiotics, Anticoagulant Drugs, Anticonvulsive Drugs, Antidepressant Drugs, Antiestrogens, Antihistaminic Drugs, Antihypertensive Drugs, Antineoplastic Drugs, Antitremor Drugs, Antiviral Drugs, Appetite Depressing Drugs, Benzodiazepines, Bromides, Cannabis, Channel Blockers, Cholinergic Blocking Drugs, Cholinergic Drugs, CNS Affecting Drugs, Dopamine Agonists, Emetic Drugs, Enzyme Inhibitors, Enzymes, Ergot Derivatives, Hallucinogenic Drugs, Hypnotic Drugs, Narcotic Agonists, Narcotic Antagonists, Narcotic Drugs, Nonprescription Drugs, Nootropic Drugs, Prescription Drugs, Psychedelic Drugs, Psychotomimetic Drugs, Sedatives, Serotonin Agonists, Serotonin Antagonists, Steroids, Sympatholytic Drugs, Tranquilizing Drugs, Vasodilator Drugs]—Chapters
AHA scientific statement: Cardiovascular monitoring of children and adolescents receiving psychotropic drugs, 2244
Prevalence and correlates of psychotropic medication use among adults with developmental disabilities: 1970-2000, 14202
Psychoactive substance use disorders: Drugs, 22697
Drunk Driving [See Driving Under the Influence]
Drunkenness [See Alcohol Intoxication]
DSM [See Diagnostic and Statistical Manual]
Dual Careers—Serials
childcare arrangements; economic disadvantage; afterschool programs; school-age children; single mothers; employment hours; childcare decisions; two-parent families, 16159
dual-career couples; society; individual careers; relationships, 16150
dual-earner families; money organizing patterns; economic behavior modes; banking arrangements; social context; Israel, 13330
marital happiness; marital structure; sex role traditionalism; children status; dual earner, 13336
marital satisfaction; negative spillover; life satisfaction; employed mothers; employed fathers; gendered nature; family life; dual career; child care, 28241
role conflict; dual career families; household chores; female managers; significant correlate; career development, 13331
social capital; professional careers; immigrant women; social networks; dual-career couples, 34435
societal trends; marriage; family life; adolescent values; adolescent behavior; childrearing; divorce; educational aspirations; gender roles; dual-career marriages, 31350
work experiences; parenting quality; dual earner couples; positive parenting; job autonomy; transition to parenthood; interpersonal atmosphere; negative parenting; work parenting relationships, 1105
Dual Diagnosis—Serials
autism; fragile X syndrome; behavior; dual diagnosis, 1690
cannabis psychosis; dual diagnosis; causal factors; vulnerability; acute cannabis effects, 10985
comorbidity; autism; learning disability; dual diagnosis, 32016
Crohn's disease; anorexia nervosa; dual diagnosis, 10642
drug abuse; alcohol abuse; schizophrenia; psychosis; dual diagnosis; comorbidity, 22549
dual diagnosis patients; treatment intensity; symptom severity; program intensity; community-residential treatment; hospital programs; patient-treatment matching; community programs; service intensity, 20554
dual diagnosis; accessibility of services; parental caregivers, 20565
Integrated Treatment Model; MICA Case Conference Program; chemical abuse; psychosocial treatment; dual diagnosis; mental illness, 8363
Medicaid beneficiaries; life expectancy; external causes of death; natural causes of death; mental illness; substance abuse; psychiatric disorders; dual diagnosis, 13533
mental health service delivery; homeless; dual diagnosis; mental illness; substance abuse; integrated teams; interagency cooperation, 5573
personality disorder; in-patient admission; late-life depression; dual diagnosis; prevalence, 2480
prison-based treatment; dually diagnosed inmates; prison substance abuse treatment and reentry programs; therapeutic community; co-occurring mental illness; substance abuse; recidivism reduction, 14463
womens experience; substance abuse; mental health conditions; dual diagnosis; co-occuring condition, 22419
Dual Diagnosis—Chapters
Dual diagnosis, 22423
Dual Relationships—Serials
counselors' experiences; problematic dual relationships; professional ethics; counselor attitudes, 36028
dual relationships; professional psychology; psychotherapy patients; extratherapeutic alliances; ethics; therapeutic benefit; risk management; decision-making model, 23747
ethical conflicts; group counseling; laboratory group method; faculty; supervised doctoral students; abuse of power; informed consent, 23695
ethical conflicts; group counseling; laboratory group method; faculty; supervised doctoral students, 23679
nonsexual multiple relationships; psychologists; sexual relationships; social interactions; client relations; former clients; supervisees; student interactions, 23740
social invitations; time constraints; professional distance; physician-patient relationship; professional detachment; palliative care, 14566
Dualism—Serials
alternative medicine; cost containment; patient satisfaction; acupuncture; meditation, 35597
body mind & mind body problems; neuropsychiatry; multiple sclerosis; brain injury; dementias, 35192
cancer patients; mind-body therapies; mindfulness-based stress reduction and relaxation program effectiveness; stress; state anxiety; mental adjustment; breast cancer; health locus of control, 32540
cancer patients; mind-body therapies; mindfulness-based stress reduction and relaxation program effectiveness; stress; state anxiety; mental adjustment; breast cancer; health locus of control, 32564
cancer patients; mind-body therapies; mindfulness-based stress reduction and relaxation program; stress; state anxiety; mental adjustment; breast cancer; health locus of control, 32549
children analysis; psychoanalysts; mind-brain relationship; epistemology, 20232
conscious experience; dual-access theory; brain-conscious gap; mind-body identity thesis; brain activity, 27583
dualism; leadership; masculinity; feminism; gender differences; television; theoretical interpretation, 33254
human behavior; mentalistic terms; mind-body dualism; B. F. Skinner; psychology; history, 12432
hypnotizability; adaptive trait; mind-body connection; relaxation; mental stress; wakefulness; cognitive-autonomic arousal, 23337
mind body relationship; self & intersubjective psychoanalytic psychotherapy; body awareness; body preoccupation; somatization; treatment; therapeutic techniques, 5257
mind-body dualism; metaphor; dualistic thinking; organizational life; state of being; gender identity, 31048
mind-body relationships; social and behavioral factors; health; illness; death, 9334
neurosciences; body; mind; psychoanalysis; dialectic, 599
productive dualism; femininity; race; organizations; gender; general economy of gender, 33217
psyche; soma; internalization; therapist body; caregivers; eating disorders, 29443
psychosomatic medicine; Freud; Pierre Janet; psychosomatic illness; physical symptoms; mind-body problem; hysteria; psychoanalysis; Janet's model, 1328
reductionism; mind body problem; metaphysical theories; intertheoretic reductions, 34203
reductionism; physicalism; substance dualism; mental phenomena, 34206
self rehabilitation; consciousness; body; soul; mind-body interaction; healing process, 35604
special sciences; multiple realizability argument; psychophysical reductionism; mind-body problem; physicalism, 24366
Dualism—Chapters
The logic of passion, 16321
The phenomenological context of personal construct psychology, 16324
Duchennes Disease [See Muscular Disorders]
Duodenum [See Intestines]
Duration (Response) [See Response Duration]
Duration (Stimulus) [See Stimulus Duration]
Dwarfism (Pituitary) [See Hypopituitarism]
Dyads—Serials
adult children; older parents; dyads; intergenerational solidarity; relationship quality; generation gap, 25283
African Americans; European Americans; therapist experiences; cross-racial psychotherapy dyads; race, 2659

age; developmental status; play partners; preschoolers; disabilities; social play; chronological age; developmental age; developmental delay; dyadic play situations, 22739
boss-subordinate relationship; differentiation; gender; dyads; Africa; subordinate's perception; quality of exchange, 27069
dyadic psychoanalysis; psychoanalytic researchers; psychoanalysis, 20254
friendship maintenance behavior; gender differences; dyad behavior; test reliability; test validity; measurement; psychosocial factors, 27279
information sharing; dyadic interaction; social validation; interpersonal perception, 19133
interdependent information; group decision making; information exchange; dyad decisions, 19117
interpersonal consflict; emotions; cognitions; beliefs; coach-athlete relationship; closeness; coorientation; complementarity, 9146
marriage; marital functioning; stress; dyadic coping, 13335
modeling; affective processes; emotions; dyadic relations; couples; dynamic factor analysis, 6620
mother child relations; mother child communication; dyads; stability; transitions; psychosocial development, 988
multivariate multinomial logit models; dyadic sequential interaction data; imagery play therapy, 9347
negotiating dyadic identity; caregivers; CG; care receivers; CR; care experience, 11846
negotiation; social prediction; predicted outcomes; time pressure; deadlines; dyads; negotiation strategies, 10502
positive emotions; emotional experience; emotion tracking; emotion processing; patient-therapist dyad; therapeutic transformation; Accelerated Experiential-Dynamic Psychotherapy; healing; change, 16915
problem solving; peer interactions; interaction effects; dyad kind; self-schema, 18901
psychoanalysis; dyadic systems; infant research; intervention; therapeutic action, 20228
structural dynamics; psychotherapeutic relationship; psychological duality; therapeutic dyadic interaction; validational feedback; dyadic interaction; behavioral interaction; emotionality, 7612
trustworthiness; competitive altruism; dyadic trust; cooperation, group behavior, 31465
Dyads—Chapters
Behavioral synchronization in human conversational interaction, 4391
Symmetry building and symmetry breaking in synchronized movement, 4388
Dying [See Death and Dying]
Dying Patients [See Terminally Ill Patients]
Dynamics (Group) [See Group Dynamics]
Dynorphins—Serials
Dmt1 DALDA; mice; CHO-K1 cells; opioid receptors; 3H DPDPE; 3H U69,593; dynorphin A(1-17); Met enkephalin; morphine; norbinaltorphimine; naltriben; antinociceptive action, 3983
dynorphins; k-opioid agonists; prolactin release; neuroendocrine; naltrexone; drug discrimination, 9963
FLAG-tagged kappa human opioid receptor; FLAG-hkor; U50,488H; dynorphin A; etorphine; levorphanol; CHO cell lines; HEK 294 cells; opioid agonists; opioid antagonists, 3930
kinases; antinociception; delta 9-tetrahydrocannabinol; rats; mice; KT5,720; bisindolylmaleimide; KT5,823; low molecular weight heparin; beta-ARK inhibitor; LY294,002; PP1; dynorphins; cAMP; tolerance, 3928
opioid agonist; dynorphin; cocaine; dopamine; locomotor activity; conditioned place preference; endogenous kappa opioid agonist; mice, 21931
opioid receptor ligands; intracranial self-stimulation; Dynorphin; CREB; depression; U-69593; 5'-acetamidinoethylnaltrindole; rats, 21914
striatal neurons; cocaine; tetracycline; substance P-dynorphin; self administration; craving; mice, 15736
Dysarthria—Serials
aging; synthetic topic cues; intelligibility; dysarthric speech; augmentative and alternative communication, 20672
behavioral management; respiratory dysfunction; phonatory dysfunction; clinical decision making; dysarthria management, 17134
behavioral management; respiratory dysfunction; phonatory dysfunction; dysarthria; biofeedback; device utilization; physiologic variables, 16581
continuous positive airway pressure; hypernasality; traumatic brain injury; dysarthria; treatment, 32213
Huntington disease; dysarthria; speech; phonation; oral motor performance; intelligibility; prosody, 16769
intelligibility; profound dysarthria; cerebral palsy; cues; strategies, 1853
intensive voice treatment; Ataxic Dysarthria; woman; cerebellar dysfunction; speech intelligibility; communication; job related activity, 11127
lognormal distribution; ataxic dysarthria; pause length; speech pauses; ataxic dysarthric speech; words; phonemes; stop consonants; speech analysis; spontaneous speech, 1741
perceptual ratings; spectral measures; acoustic measures; vowel phonation; vocal impairment; articulatory impairment; hypokinetic dysarthria; Parkinson disease, 14994
right hemispheric dysfunction; pure progressive aphemia; frontal lobe; multimodal neuroimaging; woman, 20067
telephone communication; synthesized speech; dysarthric speech; speech types; telephone communication; speech intelligibility, 26182
verb generation; cerebellar patients; cerebellar atrophy; verbs; disarthria; reaction time, 29172
Dyscalculia [See Acalculia]
Dysfunctional Family—Serials
family of origin functioning; adult somatic complaints; family dysfunction; locus of control; depressed mood, 28575
parent-adolescent communication; familial characteristics; dysfunctional parenting; self-esteem; aggression; parenting; street corner gang youths, 1592
parental alcoholism; adaptation role; familial dysfunction; psychological symptomology; adult children of alcoholics, 22689
Dyskinesia [See Also Bradykinesia, Tardive Dyskinesia]—Serials
adenosine receptor antagonist; istradefylline; motor fluctuations; peak-dose dyskinesias; levodopa-treated Parkinson's disease; drug safety; drug efficacy, 8622
amphetamine; sensitization; rhythm; focused stereotypy; dopamine; head movements; rats; dyskinesia, 3893
clozapine; levodopa-induced dyskinesias; Parkinsons disease, 29324
focal tonic-clonic seizures; carbamazepine; clonazepam; focal reflex proprioceptive seizures; right hand posture, 11673
L-dopa-induced dyskinesias; motor fluctuations; sporadic Parkinson's disease; familial Parkinson's disease, 29163
levodopa-induced dyskinesias; disease rating scale; parkinson disease; unified parkinson; dyskinesia, 35645
noradrenergic drugs; levodopa-induced dyskinesia; Parkinsons disease; neurotransmitters; dyskinesia treatment; drug therapy, 11634
opioid antagonist; dopamine; parkinsonian monkeys; levodopa induced dyskinesias; naloxone; naltrexone; locomotor activity, 8300
Parkinsonian patients; Parkinson disease; dyskinesia; mirtazapine, 8527
schizophrenia; motor abnormality; motor behavior; dyskinesia; age of first diagnosis; vulnerability; symptoms; demographic features; line drawing task; dyskinesia; extrapyramidal side effects, 28726
Dyslexia—Serials
adults; brain activity; dyslexia; electrophysiology; event-related potential; orthographic processing; phonological processing; word reading, 4784
aerodynamics; acoustics; articulatory movements; bilabial stops; French language; sentence structure; articulatory closure duration; articulatory closure release; phonological dyslexia; children, 8071
allophonic mode; speech perception; dyslexia; perceptual discrimination; speech sounds; categorical perception; phoneme; languages, 22750
anisometry; space representation; neglect dyslexia; space perception; contralesional space; space distortion; brain damaged patients, 22994
articulatory awareness; learning literacy; English as a second language; dyslexia; college students; reading abilities, 32029
auditory processing; reading skills; language remediation program; training effects; specific language impairment; dyslexia; auditory discrimination; program evaluation, 12188
auditory sensory memory disorder; auditory cortex; memory disorder; dyslexia; auditory discrimination; masking effects; temporal processing; mismatch negativity, 22746
Auditory temporal order discrimination; backward recognition masking; dyslexia; auditory processing, 9609
automated desymbolization;cognitive subfunction; language comprehension; graphemes; functional coordination deficit model; phonological decoding; disabled children; reading; letter reversals; dyslexia, 1708
cerebellar deficit hypothesis of dyslexia; dyslexia; reading disability; attention deficit hyperactivity disorder; balancing; continuous rapid naming, 19766
cue size; time course; attentional focusing; visuospatial attention; dyslexia; children, 8069
deep dyslexia; semantics; auditory word association; visual word association, 8067
developmental deep dyslexia; Williams syndrome; semantic errors; lexical access; phonology, 13880
developmental dyslexia; cognitive profile; preliminary subtypes; Chinese primary school children, 11097
developmental dyslexia; languages; English; orthographies, 1720
developmental dyslexia; phonological theory; magnocellular theory; cerebellar theory; audition; vision; magnocellular function; motor control, 22749
developmental dyslexia; reading speed; lexical processing; reading program, 29759
diagnosis; rehabilitation; acquired deep dyslexia; stroke; cognitive models; reading; lexical route; priming paradigm; word picture associations, 8887
diffusion model account; aphasics; dyslexics; reading impairments; lexical decision task; word naming performance, 25979
dyslexia group screening; phonological processing tasks, 8079
dyslexia research; attention deficit hyperactivity, 8074
dyslexia screening; cognitive neuropsychology; neurophysiological framework; Chinese aphasic patients; dysgraphia; language environment; psycholinguistic impairments, 8080
dyslexia screening; visual skills; motor skills; children; phonological awareness; space orientation; learning; reading; writing; cognitive development, 1704
dyslexia; binocular vision; motor dissociated phorias; sensory adaptations; dyslexic symptoms; motor deviations; reading problems; writing problems; dyslexic readers; binocular anomalies, 1713
dyslexia; central executive; phonological loop; impairments in working memory; adults, 1716
dyslexia; language teachers attitudes; state trait anxiety; reading anxiety; Teacher's Questionnaire; Greek version; learned helplessness; defence mechanism; adolescent dyslexia, 28941
dyslexia; learning disorder; cerebral volume; gyrification; autism; brain size, 35106
dyslexia; literacy problems, 8073
dyslexia; neurobiological studies; english word structure; phoneme awareness; reading development; phonological processing, 8072
dyslexia; number-word reading; event-related potentials; lexical access; semantic access; developmental reading problems, 9905
dyslexia; reading-related behavioral characteristics; reading problems; writing problems; cognitive deficits, 8066
dyslexia; scientific findings; information dissemination, 32024
dyslexia; semantic errors; inhibition hypothesis; reading disorder, 22745
dyslexia; spatial frequency; phonological problems; visual attention; visual search, 35105
dyslexia; temporoparietal activation; auditory phonetic discrimination; physiological correlates; event related potentials, 1705
dyslexia; word recognition; orthographic representations; reading acquisition; letters; reading development, 11094
dyslexic children; working memory functions; writing performance; parallel processes; adaptive processes; reading performance; memory deficit; perception, 1719
effect of practice; auditory discrimination; phonological skills; spelling skills; dyslexia; phonological awareness, 32027
effects; audio-visual training program; dyslexic children; daily voice exercises; reading task; phonological components; children, 33191
environmental factors; dyslexia; literacy skills; social-cultural bias; phonological deficits, 8077
familial cancer; developmental dyslexia; platelet-activating factor; aetiology; cell damage; tumourigenesis, 28939
functional neuroanatomy; impaired reading; dyslexia; reading tasks; left inferior occipitotemporal cortex; word presentation; object-specific processing; letter-specific processing; letter strings, 28936
hemispheric asymmetry; developmental dyslexia; auditory cortex, 13808
hemispheric processing speed factors; attentional processing speed factors; developmental dyslexia; neuropsychological treatment, 25975
learning deficits; dyslexia; identical complexity; artificial grammar; learning task; task complexity; stimulus format; attention, 35111
literacy related difficulties; language backgrounds; phonological skills; developmental dyslexia; monolingual children; biligual children, 32020
low-progress readers; phonological processing; literacy intervention program; literacy instruction; dyslexic readers; phonological assessment battery; predicting gains; students, 1745
magnocellular deficits; visual system; non-dyslexic individuals, 10677
magnocellular visual processing; language processing deficits; dyslexia; reading impairment, 35104
mathematics skills; dyslexia; language comprehension skills; digit span performance; children, 13809
morphological analysis; brain-injured; semantic errors; reading errors; lexical comprehension, 32168

morphological units; Arabic mental lexicon; dyslexia; word meaning;linguistics, 28931
neural correlates; developmental dyslexia; behavioral profile; cognitive profile; cerebral asymmetry, 32021
phoneme awareness; rapid serial naming skills; literacy acquisition; reading ability; developmental period; dyslexia, 13807
phonological awareness; auditory; visual; functional MRI; Japanese; developmental dyslexia, 27788
phonological deficit; motor deficits; sensory deficits; specific reading disability; developmental dyslexia; sensorimotor syndrome, 16549
phonological developmental dyslexia; phonetic categorical perception; neural substrates; adults; fMRI; functional magnetic resonance imaging, 8075
phonological dyslexia; familiar words; phonological impairment; phonemes; nonwords; reading; Alzheimer's disease; brain damage, 35261
poor readers; orthography; Norwegian language; dyslexics, 4791
progressive fluent aphasia; verbal impairment; access to knowledge from pictures; multi-modality system for semantic memory, 5057
psychosocial indexes; temporal processing abnormalities; developmental dyslexia; reading abilities; visual processing deficits; auditory processing deficits, 25973
reading comprehension skills; young adults; childhood diagnoses; dyslexia; cognitive processes, 4788
reading disabilities; children; developmental dyslexia; cleft lip; cleft palate; naming; verbal expression; phonemic awareness, 16625
reading disability; literacy difficulties; dyslexia; attention deficit disorders; Individuals with Disabilities Education Act; special education services, 33180
receptive vocabulary; expressive vocabulary; inflectional morphology; familial risk; dyslexia; children, 31073
recognition memory; high-frequency words; low-frequency words; normal readers; dyslexic readers; event-related brain potentials; word processing, 4789
recognition memory; normal adults; dyslexic readers; event-related brain potentials, 8076
research-based assessment; dyslexia; cognitive measures; reading disabilities; middle school students; elementary school students; spelling skills, 4783
schizophrenia; dyslexia; cerebral lateralization; neuromagnetic responses; auditory stimuli, 19264
SeeWord; reading; word processor; dyslexic school pupils; software, 23930
self esteem; dyslexia; secondary schools students; psychology services; group participation, 36207
speech patterns; vocalization patterns; boys; ADHD; dyslexia; learning disabilities, 10646
spelling; dyslexic children; Treiman-Bourassa Early Spelling Test; reading problems; spelling problems, 216
symbol-string sensitivity; symbol position; reading accuracy; dyslexia; primary school students, 25977
synaptic density; adult dyslexics; speech stimuli; dynamic model; neurotransmitter metabolism; developmental dyslexia; perceptual boundaries; neuronal populations; auditory discrimination, 1703
temporal processing; dyslexia; poor adult readers; motion coherence; spatial perception; word identification, 8068
tip of the tongue paradigm; picture naming; naming deficits; adolescents; dyslexia, 8070
visual analysis; phonological processing; lexicon; right homonymous hemianopsia; adult readers; phonological stage; dyslexia; anomia; grapheme-phoneme conversion, 857
visual motion processing deficits; developmental dyslexia; reading skills, 25980
visual-sequential functions; visuo-spatial functions; dyslexia; language comprehension; mathematics skills, 1706
word stress location; neglect dyslexia; lexical stress, 11096
working definition; developmental dyslexia; comorbidity; teacher knowledge, 7988
writing disorders; dyslexic children; reading; spelling disorders; dysgraphia, 19827

Dyslexia—Books

Overcoming dyslexia: A new and complete science-based program for reading problems at any level, 8081

Dyslexia—Chapters

Clinical neuropsychological assessment of callosal dysfunction: Multiple sclerosis and dyslexia, 16370
Language disorders across modalities: The case of developmental dyslexia, 4792

Dysmetria [See Ataxia]

Dysmorphophobia [See Body Dysmorphic Disorder]

Dyspareunia—Serials

pain assessment; vulvar vestibulitis syndrome; vestibular pain; dyspareunia; premenopausal women, 16624

Dyspareunia—Chapters

Painful genital sexual activity, 4906

Dysphagia—Serials

acute dysphagia; traumatic brain injury; cognitive functions; nutrition; pediatric patients; clinical characteristics, 32175
dysphagia treatment; esophageal cancer; quality of life; physical experience; social life, 22887
dysphagia; pediatric traumatic brain injury; TBI; head injury; children; incidence factors; characteristics factors; predictive factors, 16801
evidence-based practice; Clinical Swallowing Examination; aspiration; videofluoroscopic swallowing examination; dysphagia; stroke; clinical practice, 32181
randomized clinical trials; health care settings; dysphagia; treatment outcomes; Protocol 201; aspiration pneumonia, 30563
service development; dysphagic patients; palliative care; dysphagia trained nurse; DTN; motor neurone disease, 17374
speech-language pathologists; knowledge level; non-oral feeding; dysphagia; feeding tubes; aspiration risk, 17539
tardive dyskinesia; antipsychotic agent; quetiapine; bipolar affective disorder; dysphagia, 17054

Dysphasia [See Also Alexia]—Serials

aphasia; dysphasia; auditory input; phonology; speech production; word repetition; naming; phoneme discrimination; lexical decision, 20077
graphemic buffer disorder; dysphasic patient; spelling; spelling errors; letters, 20047
semantic refractory access dysphasia; spoken word comprehension; matching-to-sample performance; visual processing; semantic processing; verbal comprehension; visual comprehension, 20072

Dysphonia—Serials

acoutic analysis; pathological voices; MPEG system; audio signal; mp3; sound quality; music compression; speech compression; bitrate; normal voices; high fidelity; dysphonic voices; voice parameter, 15836
speech quality; speech coder; objective speech; disordered speech; voice disorders, 11124
vocal pitch; laryngeal muscle tension; speech therapy; Parkinsons Disease; PD patients; Pitch Limiting Voice Treatment; PLVT; Lee Silverman Voice Treatment; strained voicing, 5715
voice disorders; communication disorders; dysphonia; common causes; evaluation; diagnosis; anatomic pathology; hearing assessment; therapy; surgical intervention; team effort, 22781

Dysphoria [See Major Depression]

Dyspnea [See Also Asthma]—Serials

dyspnea; psychological processes; emotional states; heavy labor; exercise, 35180

Dyspraxia [See Movement Disorders]

Dysthymia [See Dysthymic Disorder]

Dysthymic Disorder—Serials

Beck Depression Inventory-II; major depressive disorder; dysthymic disorder, 7814
bulimia nervosa; major depressive disorder; dysthymia; comorbidity, 26000
cognitive function; cognitive performance; dysthymia; anxiety-depressive disorder; major depression; minor depression; episodic memory; mental flexibility; cognitive impairment, 16389
collaborative care; depression; dysthymia; cost effectiveness; consult-liaison care, 8744
cytokine secretion; interleukin beta; tumor necrosis factor-alpha; major depressive disorder; dysthymia; children; adolescents; depressed adult patients, 16393
depression; dysthymia; chronic pain; health care utilization; quality of care; arthritis; back pain; headache, 7815
dysthymic disorder; late onset; major depression; early onset; elderly outpatients; clinical features; prognosis: etiology; comorbid disorders, 16395
dysthymic disorder; side-effects; social functioning; citalopram; drug tolerance; treatment effectiveness; temperament, 26377
excessive daytime somnolence; dysthymia; modafinil augmentation; phenelzine; lamotrigine, 35504
major depression; dysthymia; comorbidity; psychiatric disorders; psychotropic medication prescription; psychotherapy, 19398
major depressive episode; dysthymia; bone mineral density, 31673
monocytic function; major depression; dysthymia; monocyte count; monocyte subsets; respiratory burst activity; phagocytic index; interleukin; tumor necrosis factor production; depressed patients, 16415
natural history; adolescent bipolar disorder; minor depression; mania; dysthymia, 25557
psychiatric illness; dysthymia; health status; comorbidity; mood; social adjustment; coping; child development; family function; primary care; health & social service use; burden of illness, 13585
psychopathology; adolescent offspring; young adult offspring; parents; dysthymic disorder; major depressive disorder; at risk population, 19321
school refusal; social phobia; academic difficulties; learning difficulties; functional outcomes; employment; education; dysthymia; comorbidity, 14678
sociotropy & autonomy, dysthymic or depressed 16-58 yr olds, Turkey, 7842
transference love; psychoanalytic treatment; clinical case conference, 32397

Dystonia [See Muscular Disorders]

Dystrophy (Muscular) [See Muscular Dystrophy]

E-Therapy [See Online Therapy]

Eagerness [See Enthusiasm]

Ear (Anatomy) [See Also External Ear, Labyrinth (Anatomy), Middle Ear, Vestibular Apparatus]—Serials

ear advantage; musical consonance; dichotic pitch; absolute pitch; left-right asymmetry; central processing, 6539
tactile interference stimulation; primary somatosensory cortex; electrical stimulation; ear, 12916

Ear Canal [See External Ear]

Ear Disorders [See Also Labyrinth Disorders, Tinnitus]—Serials

acute otitis media; over-diagnosis; primary health care, 35759
charge syndrome; bilateral coloboma; microcephaly; brain malformation; tracheotomy; prognostic factors; hearing loss, 8292
inner ear anomalies; middle ear anomalies; congenital heart disease; CHARGE association; coloboma of the eye; heart defects; choanal atresia; growth retardation; genital hypoplasia, 13905
language development; joint attention; chronic otitis media; parental input, 4903
patient fears; patient expectations; patient satisfaction; vestibular schwannoma; surgery; observation, 11680
pediatricians' opinions; otitis media; speech development; language development; hearing development, 26064

Ear Ossicles [See Middle Ear]

Early Childhood Development [See Also Infant Development]—Serials

academic socialization; parental influences; child development; school related cognitions; parental attitudes; school performance; early school experiences, 36198
age; developmental status; play partners; preschoolers; disabilities; social play; chronological age; developmental age; developmental delay; dyadic play situations, 22739
attachment; child needs & best interests; long term caretakers; birth parents; birth parent fitness; behavioral reactions; developmental theory; disturbed attachment; foster care, 14916
autobiographical memory; emergence; early development; controlling variables, 4105
child development; family background; prisoners; prisons; quality of education; quality of life; mothers; psychosocial development, 11969
childhood anxiety disorders; pregnancy complications; parental psychopathology; delivery complications; panic disorder, 25718
childhood play behavior; early childhood education; classroom curriculum, 30028
childhood trauma; early life experiences; early-life stress; corticotropin-releasing factor; neurobiological substrates; stress responsiveness; neurobiological systems; anxiety disorders, 13570
children developing knowledge; mental awareness; pretense, 31187
children; object displacements; spinal muscular atrophy; object permanence, 1868
Co-Teaching Relationship Scale; reliability; early childhood education, 15104
coparenting; marital behavior; infancy; preschool; family play; marital discussions; parents; families, 13332
cross cultural differences; Americans; Austrians; infancy; toddlerhood; co-sleeping practices; sleeping locations; social development; parenting attitudes; marital satisfaction, 22096
culturally responsive teaching; oral language comprehension, 29968
developmental changes; event related potential; spoken word recognition; early school years, 28064
developmental perspective; pediatric brain injury; cognitive deficits; developmental lag; achievement; neurocognitive recovery, 1844
developmental trajectories; cocaine-exposed children; other-drug-exposed children; alcohol; tobacco; non-drug exposed children; motor performance; infant development; mental performance, 925
drug abuse; substance abusing mothers; child abuse potential; cumulative environmental risk; parenting attitudes; child development; parenting stress; depression; early intervention, 19673
drug abuse; substance abusing mothers; child abuse potential; cumulative environmental risk; parenting attitudes; child development; parenting stress; depression; early intervention, 19687

early childhood curriculum; science content; developmental achievements; educational curriculum evaluation, 23806
early childhood education; natural selection; childhood educators; developmental needs, 34241
early childhood mathematics; curriculum design; Building Blocks; educational program evaluation, 23824
early childhood; aesthetic education; arts in early childhood classrooms; theories; John Dewey; Rudolf Steiner; Lev Vygotsky; young children, 30004
early childhood; quality of child care; school adjustment; school readiness, 2812
early cognitive development; tuberous sclerosis; intellectual functioning; motor processes; mental retardation; infants; risk factors, 32089
early gender identity development; cognitive theories; sex roles; infants; toddlers, 34349
early gender identity development; cognitive theories; sex roles; infants; toddlers, 34304
early intervention services; children; prenatal cocain exposure; developmental outcomes; center intervention; home intervention; primary care intervention; urban communities, 22721
early literacy; anticipatory guidance; AG; language skills; language development books; literacy program; pediatric clinic, 15984
early paternal involvement; social development; social behavior; social conduct; nursery school, 16160
early predictors; phonological memory; letter knowledge; rapid naming, 28069
early reading development; phonemes; rimes; vocabulary knowledge; word recognition skills; reading comprehension; phonological skills; grammatical skills; rhyme skills, 31164
early writing development; teaching methods; literacy; english as a second language; preschool students, 36146
emotional & behavioral problems; developmental psychopathology; DSM-IV; Diagnostic & Classification of Mental Health & Developmental Disorders of Infancy & Early Childhood, 19257
emotional neglect; early childhood development; affective development; institutionalized care; family environments; facial expressions, 34327
ethnic attitudes; racial attitudes; preschool children; outgroup attitudes; own group attitudes, 7429
executive function; preschool-age children; clinical assessment; everyday context; scale development; Behavior Rating Inventory of Executive Function, 30447
externalization; internalization; early childhood; disadvantaged boys; emotionality; fearfulness; maternal control, 34329
father-child communication; mother-child communication; toddlers; low-income families, 25176
fillers; language development; early childhood; English language; emergence of morphology; syntactic constructions; semantic constructions, 10180
food neophobia; food consumption; preschool aged children; feeding practice; eating behavior, 13150
foster placement; institutionalization; early childhood; brain development; behavioral development; The Bucharest Early Intervention Project; deprivation, 10154
genetic influence; mild mental impairment; early childhood; monozygotic twins; dizygotic same-sex twins; dizygotic opposite-sex twins; verbal ability; nonverbal ability; concordance, 13799
genital difference; preschool children; developmental period; anatomical features; female genitals; male genitals; gender differences, 18899
habituation; childhood development; developmental course; attention; infant cognition; novelty preference; age differences, 22032
human development; symbol-minded; symbol systems; symbolic media; symbolic development, 28039
inhibitory control; preschoolers; action inhibition; attentional inhibition; executive functioning; Dimensional Card Sorting Task, 31177
internal support; external support; preschool children; event planning; enabling events; logically linked events; conventional events; arbitrarily linked events; invariably sequenced projects; plans, 17668
interpersonal conflict resolution; strategies; interpersonal relations; early paternal involvement, 16176
invented language game; phonemic awareness; suffixal reduplication; onset replacement; preschool child, 916
joint engagement; language acquisition; language facility; child mother interaction; communication play, 31123
language development; speech perception; phonetics; language acquisition; prediction, 31194
levels of body knowledge; early childhood development; visual habituation; visual discrimination; body representation schema; abstraction; visuospatial ability; emotion; information storage, 34288
magnitude comprehension; numerosity; size; ratio; verbal counting knowledge; comparison; early childhood development; nonverbal numerical ability; perceptual characteristics, 10205
maternal writing mediation; kindergartners; literacy promotion; school; literacy skills; socio-cultural factors; socioeconomic status; SES; spelling; reading comprehension; linguistic knowledge, 28062
mathematical knowledge; mathematics intervention; socioeconomic status; mathematics curriculum, 23831
mathematical proficiency; emergent mathematic skills; preschool children; executive functions; working memory; inhibitory control; shifting abilities, 31144
mental state discourse; theory of mind; internalization; social understanding; self-other understanding; mind development; social competence, 25066
misinformation; recall; cognitive interview; mnemonics; young children, 22035
motor competence; motor development; nursery schools; motor learning; sex differences; nature-nurture, 7401
motor development; serum creatine kinase; neuroimaging; vertical suspension; sitting on air posture; independent walking, 8052
neurodevelopmental hypothesis; schizophrenia; early life; psychosis, 4639
observational learning; ghost condition; imitation; emulation; young children, 31191
parental attitudes; early childhood family helpers; cultural factors; family involvement, 28284
peer relationships; sex segregated peer interactions; early childhood development, 34322
preschooler magical explanations; physical law violations; social law violations; mental law violations, 24902
preschoolers; physical laws; social laws; mental laws; mental states; intentional states; human action, 24946
pretending; children; imitation game; trying; signs of effort; signs of playfulness; pretense, 18937
private speech; developmental stability; preschool classroom; naturalistic observations; goal-directed behavior; individual differences; 4-year-olds, 949
psychophysiological resilience; prenatal events; childhood events; neural regulatory circuits; gestation; birth; threat perception; early programming; heart rate variability; guided imagery, 5382
reading acquisition; rhyme sensitivity; phonological awareness; phonological skills; phonological sensitivity; phonemic awareness; segmemal awareness; preschool children; early grade school children, 13162
regulation; emotionality; socioemotional functioning; Indonesian children; longitudinal relations; individual differences; shyness; social skills; adjustment; prosocial tendencies; peer liking, 31216
representational development; planning; reflection; symbolic thought; early childhood models; High/Scope; Tools of the Mind; Reggio Emilia; developmental psychology, 10174
research challenges; early childhood education; early childhood care, 34252
scientific communication; early childhood programs; young children; families, 31104
self-efficacy; toddlers; depressed mothers; nondepressed mothers; impaired development, 28110
social interaction; social adjustment; social withdrawal; conflicted shyness; social fear; anxiety; preschool students; child attitudes; motivation; early childhood development; mothers, 13226
socioeconomic status; ethnic differences; gender differences; informal mathematical knowledge; addition; subtraction, 28073
storytelling; early childhood mathematics; mathematics concepts; problem-solving; language arts, 23799
teaching curriculum; technological competence; early childhood, 29982
theory of mind; executive functioning; planning ability; inhibitory control; individual differences, 22029
traumatic events; traumatic experiences; memory development; infantile amnesia, 13171
TV program difficulty; preferences; television viewing; toddlers attention; moderate-discrepancy hypothesis; infants attention; TV entertainment; auditory features; visual features; content features, 24478
visual-motor-coordination; low birth weight; children, 13198
young children; challenging behaviors; engaged supervision; supervisory issues; staff members; staff attitudes, 23932
young children; explanatory abilities; cognitive development; physical principles; psychological principles; biological principles, 18940
young children; name innovations; novel artifacts; object function; object perceptual properties, 10187

Early Childhood Development [See Also Infant Development]—Books

Play and educational theory and practice, 16044

Early Childhood Development [See Also Infant Development]—Chapters

Learning and development of preschool children from the Vygotskian perspective, 889
Putting Vygotsky to the test, 15928

Early Experience—Serials

adult women; alcohol problems; childhood experiences; parental violence; psychological aggression, 25790
adverse childhood events; substance abuse; social affiliation; homeless adults, 31966
alcohol dependence; tobacco use; early experiences; never smokers; nicotine dependence, 31451
alexithymia; adverse childhood experiences; sociodemographic variables; actual mood disorder; major depressive disorder, 22451
attachment models; self-esteem; humanity-esteem; parental treatment; early childhood experiences, 31231
cannabis dependence; adolescent precursors, 31941
Carl Jung; innate sensitiveness; negative childhood experiences; infantile fantasies; neurosis, 25690
Charles Bonnet syndrome; visual hallucinations; childhood experience; treatment; risperidone; ophthalmologic disorders; elderly patients, 1896
child abuse; sexual abuse; health problems; psychosocial problems; physical problems, 25819
child maltreatment; parental drug problems; alcohol problems; polydrug use; poor parenting practices; adverse childhood experiences; gender differences, 13347
child physical maltreatment; adolescent mother-infant relationship; early parenthood, 25831
childhood abuse; childhood experiences; childhood stressors; secular trends; health behaviors; household dysfunction; health maintenance organization; HMO; suicide; depression, 4682
childhood adversities; adult depression; depressogenic markers; anxiety disorders; neurotic traits, 4562
childhood adversities; parent-child relationships; dispositional optimism, 28482
childhood attachment experience; adulthood cognitive vulnerability; state dependence; social desirability hypotheses; mood; depression, 19211
childhood emotional neglect; family of origin function; psychological distress; gender effects; family cohesiveness, 19639
childhood experience; emotional integration; self reported emotional response; facial expression; physiological response; adult attachment interview, 31252
childhood experience; memory development; infantile amnesia; non-verbal memory; memory paradigms; explicit verbal recall, 13196
childhood family adversity; marital relationships; family conflict; parental divorce, 10368
childhood history; sociodemographic characteristics; parent child separation; substitute parents; homeless individuals; urban homeless population; developing country, 31331
childhood maltreatment; risk factors; adult cardiovascular disease; depression; traumatic experiences; sex differences, 19249
childhood peer rejection; aggression; externalization; health risk behavior, 10252
childhood physical activity; adolescent physical activity; adult physical activity attitudes; physical activity perceptions; adult physical activity behavior, 17921
childhood posttraumatic stress disorder; PTSD; psychotherapy; feral children, 5172
childhood sexual abuse; emotional abuse; characteristics patterns; health care utilization; adult health; physical abuse; psychosocial symptomatology; depression; victimization, 19602
childhood sexual abuse; female adult survivors; group treatment; effective treatment, 20210
childhood stimulant treatment; later risk for later substance abuse disorder; ADHD; attention-deficit/hyperactivity disorder; adolescents; young adults, 2160
childhood trauma; adult psychiatric disorders; adult psychopathology; psychometrics; assessment, 24301
childhood trauma; transliminality; childhood development; traumatic events; physical & sexual abuse, 12722
childhood visual impairment; childhood trauma; adult functioning, 1894
children; first words; bilingual environments; English; Mandarin Chinese; verb production; noun production, 15965
clinical depression; childhood experience; lifetime depression; close relationships; adverse childhood; adverse pregnancy; marital problems; pregnancy experiences; live births; non-live births, 16392
cognitive behavioral psychotherapy; childhood sexual abuse treatment; abuse trauma symptoms; post-traumatic stress disorder, 35441
cohabitation; family instability; marriage; childhood family experiences, 28252
compulsive features; eating disorders; childhood trauma; sexual abuse, 19322
cumulative adversity; posttraumatic stress disorder; risk prediction; etiology, 1527
depression; adverse childhood experiences; self-criticism; dependency; anorexia nervosa; bulimia; human females, 11115

dissociative symptoms; aversive childhood events; dissociation; childhood trauma; fantasy proneness; vague trauma items; specific trauma items, 10604
early childhood; aesthetic education; arts in early childhood classrooms; theories; John Dewey; Rudolf Steiner; Lev Vygotsky; young children, 30004
early experience; developmental outcome; mental process; developmental neurobiology; clinical practice; behavior, 34256
early handling; early deprivation; conditioned stimulus; context; spatial learning; spatial memory; adult rats; affective learning; open-field behavior; acoustic startle; endocrine stress response, 457
early initiation; alcohol drinking; peer influence; school engagement; drinking expectations; parental expectations, 13254
early mathematical experience; black children; white children; cognitive development, 22046
early substance use; environmental variance; shared environmental contributions; peer role; parent role; parent-child relationship; twins, 31459
ego-state therapy; male patients; maternal re-nurturing; posttraumatic fragmentation; attachment deficits; childhood histories; parental abuse; human sex differences, 32496
event interpretation; life experiences; assessment; eisegesis; childhood experiences; educational experiences, 25335
evoked responses; adverse early experiences; stress; hippocampus; rat; neurobiology; vulnerability; evoked responses; repeated platform exposure, 27792
first smoking experience; initial smoking reaction; future nicotine dependence; tar; nicotine; menthol; cigarette type, 13733
gastrointestinal disorders; childhood physical abuse; migraine, 1327
geneticist; Mario Capecchi; genetics; childhood experiences, 32869
illness experience; intrafamilial communication; psychological integration; narrative; coping with illness; sibling relationship; experience of cancer; psycho-oncological work, 4931
imagery; early memories; agoraphobia; anxiety disorders, 25703
ionising radiation; cognitive function; adulthood; low doses; infancy, 34145
ionising radiation; cognitive function; adulthood; low doses; infancy, 34149
ionising radiation; cognitive function; adulthood; low doses; infancy, 34169
ionising radiation; cognitive function; adulthood; low doses; infancy, 34173
irritable bowel syndrome; medical disorders; childhood abuse; Axis I psychiatric disorders; Axis II psychiatric disorders, 22789
natural experiments; early experience; human development; research design, 9547
neurolinguistic development; deaf children; early language experience; hemispheric specialization; cued speech; sign language, 8342
Oedipus complex; family dynamics; Freud; childhood; father; theory development; personal experience, 13518
parental attitudes; early childhood family helpers; cultural factors; family involvement, 28284
parental emotional support; childhood; adult health; aging; early life experience, 16032
past life memory; Lebanese children, 33899
perceptions of sibling relationships; parental divorce experienced during childhood; gender; age; sibling dyad; custody arrangement; adult siblings, 10384
pituitary-adrenal responses; childhood trauma; abuse survivors; major depression; dexamethasone suppression tests; posttraumatic stress disorder; glucocorticoid feedback; cortisol suppression; women, 10930
posttraumatic stress disorder; alcohol abuse; childhood secondary trauma response; substance abuse; comorbidity, 34765
prenatal psychology; perinatal psychology; early life; attachment neurobiology; health, 34250
projective identification; disidentification; couple therapy; couple relationships; childhood experiences; parent child relationship; intimacy beliefs, 32361
psychiatric inpatients; sexual assault; vulnerable patients; distress; childhood experiences; posttraumatic stress disorder, 7923
psychic phenomena; early emotional states; severe early trauma; psychic intuition, 25428
psychological development; biological programming; Romanian adoptees; British families; institutional deprivation; cognitive functioning; social functioning; neural damage; early experience; rearing, 7369
psychological trauma; symptoms; schizotypal personality disorder; child maltreatment; child neglect; psychological disorders; females, 4556
psychosocial determinants; depression; lifespan; depressive risk factors; symptoms; childhood events; cross-community study; life events; social support, 34844
residential & family stability; childhood family; midlife; health, 2326
Sandor Ferenczi; trauma; dreaming mechanisms; early traumatic situations; dream imagery, 26315
sexual assault; domestic violence; perpetration; victimization; childhood abuse experiences, 19732
social support; childhood experiences; families of origin; support networks; homelessness; intimacy; autonomy; social reciprocity; social conflict; women, 28193
somatoform dissociation; childhood experiences; childhood trauma; psychological dissociation, 26049
spontaneous images; early memories; body dysmorphic disorder; stressful memories, 25736
substance use prevalence; adults; adolescent substance use; demographic data; life experiences; smoking; heavy drinking; prescription drug misuse; marijuana use; cocaine use, 22685
traumatic childhood; emotional wounds; transcending trauma; family violence; child abuse; adult development, 10897
type of abuse & neglect; child maltreatment; emotional neglect; prediction of recidivism; adolescent detainees, 4755
young children; child development; family work relationship; child-care services; family relations, 28051

Early Experience—Chapters

Adverse childhood experiences and health-related quality of life as an adult, 5398
The children of Oklahoma City, 2430
Cognitive and attitudinal paths from childhood trauma to adult HIV risk, 1634
Implications of attachment theory for developmental psychopathology, 1403
Integrating HIV/AIDS prevention activities into psychotherapy for child sexual abuse survivors, 2027
Positive adaptation among youth exposed to community violence, 4154
Resilience to childhood adversity: Results of a 12-year study, 4153
Social separation models of depression, 16422
The temporal ordering of childhood sexual abuse, eating disturbances, and impulsive and self-destructive behaviors, 4812
Translating traumatic experiences into language: Implications for child abuse and long-term health, 2259

Early Infantile Autism—Serials

early infantile autism; fragile X anomaly; autistic spectrum disorders; psychopathology; chromosomal abnormalities; genetics; sex chromosomes, 32002
infantile autism; developmental outcomes; infants; toddlers, 35080

Early Intervention—Serials

activities of daily living; stroke; poststroke depression; physical impairment; early antidepressant treatment; late antidepressant treatment, 2199
African American families; preventive intervention; minority populations; outcome evaluation; young adolescents; prevention of problem behaviors & substance use, 2078
after school enrichment program; early intervention action; community programs; program delivery; troubled youth; Ada Sheriffs Youth Foundation; decentralized youth program development, 2861
antiretroviral medications; motivational interviewing; nursing intervention; MI; combination therapy, 16878
antismoking efforts; teenagers; tobacco taxes; delayed smoking initiation; adult smoking rates; public health effects; long term policy strategy; adult cessation, 14324
antisocial personality disorder; early intervention; prevention; conduct disorder, 31841
assistive technology; special education; literacy development; special needs; early intervention strategies; disabled students, 27001
augmentative communication; alternative communication; children; early intervention; prelinguistic; symbol; gesture; vocalization; interaction speed, 8886
autism spectrum disorders; public school programs; choice therapy; applied behavioral analysis, 33193
autism; behavioral intervention; home based programmes, 23489
bioethics; early intervention; schizophrenia; genetic markers; risk factors; ethics frameworks; conceptualization of disease; scientific uncertainty; risk factor ethics, 12062
bullying; victimization; intervention program; cognitive abilities; evaluation, 13764
CHARGE syndrome; educational needs; interdisciplinary approach; intervention strategies; communication skills; motor development, 36217
child welfare & protection policy; legal perspective; early intervention; justice system; human rights; legal & policy changes; government, 35795
child welfare referrals; disabled children; early intervention; interagency coordination; Part C services; child welfare services; enrollment; Individuals with Disabilities Education Act, 35807
childhood autism; developing effective programs; sensory intergration; intervention programs; visual impairment; blindness, 36218
children of divorce; preventive intervention; program effects; mother-child relationship; relationship quality, 31367
children; at-risk; borderline personality disorder; family characteristics; individual characteristics; attachment; early intervention, 31840
close in model; ultra-high risk model; research; strategies; prepsychotic mental disorder; clinical intervention; prodromal phase; Personal Assessment and Crisis Evaluation; prevention, 20418
cognitive behavioral therapy; adolescents; psychosis; early intervention, 32321
cognitive therapy; self-help booklet; repeated assessments; early intervention; posttraumatic stress disorder, 1915
community-hospital-based early intervention team member attitudes; teamwork perceptions, 20747
conduct problems; peer rejection; choice making; developmental processes; social skills training; Making Choices Program; Strong Families Program; intervention, 35793
culture issue; gender issue; multiple intervention programs; optimal efficacy; nursing, 11798
disabled children; speech disorder; language disorder; childcare; Early Head Start, 23538
domestic violence; parents; caregivers; early intervention; family violence; trauma; developing child; neurological pathways; biochemical pathways; child functioning; violent homes, 10248
dropouts; children; adolescents; prevention, 2870
early detection; neurodegenerative disorders, 11240
early detection; neurodegenerative disorders, 8233
early detection; prevention; psychosis; early intervention; at risk population; cognitive-behavioural therapy; positive and negative symptoms; amisulpride, 28707
Early Head Start; disabilities education act; early intervention; children with disabilities; low-income families; service providers; low-income children, 32666
early identification; systemic educational intervention; attention-deficit and hyperactivity disorder, 28896
early intervention service coordination; disabilities education act; early intervention; cross-agency coordination; Project Head Start; national policy infrastructure, 32645
early intervention services; children; prenatal cocain exposure; developmental outcomes; center intervention; home intervention; primary care intervention; urban communities, 22721
early intervention; disabled children; families; characteristics estimates; low-income families; ethnic minorities; foster care; males, 29227
early intervention; family involvement; disabled children; parent educators; role perceptions, 23929
early intervention; FAST-Track programme; social behavior; emotional behaviour; school curriculum; social skills training; reading development; parenting skills; home-school liaison, 5944
early intervention; first episode psychosis; primary care professionals; mental health; health service, 35760
early intervention; first episode psychosis; primary care professionals; mental health; health service, 32680
early intervention; prevention; early identification; young children; at risk populations; behavioral disorders; emotional disorders; environmental risk factors; intervention strategies; trends, 30075
early intervention; psychosis; Croydon Outreach and Assertive Support Team; treatment as usual, 29633
early prevention programs; at risk children; physical child abuse; child neglect; family support, 32641
early recognition; dementia; diagnosis, 16772
emotional disorders; behavior disorders; behavior problems; early intervention; research methodology; at risk children, 8370
family perceptions; transitions; early intervention; disabled children; birth crisis, 10662
family support; autism; applied behavior analysis; early treatment program; parent support groups, 14215
foster placement; institutionalization; early childhood; brain development; behavioral development; The Bucharest Early Intervention Project; deprivation, 10154
full service schools; prevention; collaboration; systems change; incarcerated parents; corrections; mental health; welfare, 12226
healthy marriages; early intervention; youth outreach; youth development programs; ecological approach; high risk couples; adolescents; faith communities, 2448
home visitation; public health nurses; early intervention program; adolescent mothers; infant health; maternal health; maternal behaviors; mother-child interactions; social competence, 23542

illegal behavior; early intervention; behavior problems; illicit drug; treatment outcome; prevention; adjudication; alcohol abuse; neighborhoods; marijuana use; motivation; help seeking, 20635
impulsivity; congenital hypothyroidism; thyroid hormone; neonatal thyroid screening; replacement hormone; early treatment; thyroid gland, 35199
intervention behavioral outcome; standard care; adolescent children; emotional distress; HIV parents; teenage parents; behavior problems; substance abuse; coping styles; adjustment, 16684
intervention program; program participants; residential program; outcome differences; science activities; high school; ethnic status; high achievers; nonminority girls; minority girls, 5905
intervention strategy; literacy learning; Bookstart project; children; early years, 23818
juvenile court; child welfare system; early intervention; child well being; child safety; infant needs; toddler needs; therapeutic jurisprudence; child maltreatment prevention, 14935
language skills; speech intelligibility; cochlear implantation; reading skills; early intervention, 23637
literacy intervention; emergent literacy skills; evidence-based approaches; at risk children, 4107
low birth weight; premature; early intervention; mother infant interaction; developmental difficulties, 32233
mother child relationship quality; post-partum depression; child cognitive & socio-emotional & behavioral outcomes; attachment; non-directive counselling; cognitive behavioral & psychodynamic therapy, 10756
parent management training; conduct disorder; child care; parent training, 20214
positive reinforcement; behavioral interventions; evidence-based practice; childhood development; available evidence; social praise, 11417
postoperative delirium; early detection; postoperative delirium; NEECHAM confusion scale, 20475
prediction errors; preschool students; test scores; cognitive measures; academic measures; early childhood special education; early intervention, 12521
preschoolers; language development; preliteracy; general outcome measurement system, 5913
pretend toy play; toddlers; disabilities; inclusive classroom; program components, 33184
prevention trial; anxiety symptomatology; depression; FRIENDS; cognitive behavioral therapy, 2036
prodromal phase; significant deterioration; schizophrenic psychosis; early intervention; global functioning; prodromal symptoms; psychotic symptoms, 10803
psychoeducation; psychosocial intervention; women; adjuvant treatment; early stage breast cancer; experiences; group work; Post Adjuvant Treatment Support Program; coping; stress management; needs, 11429
psychological intervention program; emotional development; adolescence; treatment effects, 16011
psychopathological symptoms; child sexual abuse; non-abusing parents; parent treatment; early intervention, 5593
quality indicators; effective early intervention; literacy; numeracy; primary school intervention; processes evaluations, 33102
schizophrenia prodrome; early intervention research; serious mental illness research; multisite approach; mental health services, 19425
schizophrenia; German Research Network on Schizophrenia; care facilities; illness development; early detection; early intervention strategies, 14406
self-care practices; cancer; dependent-care practices; parents; competency; nursing intervention, 35236
specialist early intervention; first-episode psychosis; community-based care, 35776
tobacco use; early intervention; public health policy; smoking prevention; anti smoking campaign; child-centered tobacco prevention; adolescent; children; adults; American individualism, 14311
warning signs; suicide; interventions; risk factors, 25776
young children; challenging behaviors; engaged supervision; supervisory issues; staff members; staff attitudes, 23932

Early Intervention—Chapters

An approach to treatment of attachment issues in the adult and child subsystems through the use of thematic play therapy in conjunction with couples therapy, 23193
Clinical intervention for survivors of prolonged adversities, 2028
Collaborative care for injured victims of individual and mass trauma: A health services research approach to developing early interventions, 1972
Developmental language disorders: Classification, assessment, and intervention, 4831
Early intervention and the debriefing debate, 1966
Early intervention for young children with language impairments, 4832
Early intervention programs for children with autism: Conceptual frameworks for implementation, 1960
Early intervention: Current approaches to family-centered programming, 23077
Practical issues in conducting home-based early interventions, 5587
Prevention programs, 23115
Promoting resilience through early childhood intervention, 4161
Screening and assessment of hearing loss in infants, 23061

Early Memories—Serials

Adlerian brief therapy; therapeutic process; counseling process; body experience; early memories, 32217
Adlerian theory; conversation; individual psychology; early recollections; early memories, 32234
adult adoptees; coping theory; early recollections, 30737
Alfred Adler; childhood memories; individual psychology, 32215
autobiographical memories; language development; literacy development; narrative approach; meaning, 31022
autobiographical memory emergence; social cultural developmental theory; memory abilities; language; narrative; temporal understanding; self understanding; cultural differences; childhood amnesia, 15974
autobiographical memory; developmental process; childhood amnesia; language; narrative; self & other understanding; memories; cultural & gender differences; individual differences, 34272
childhood amnesia; theoretical explanation; quantitative changes; age-related changes; memory development, 13184
childhood experience; memory development; infantile amnesia; non-verbal memory; memory paradigms; explicit verbal recall, 13196
childhood memories; repression; optimism; coping style; social judgment, 31587
cortical regions; computational cognitive neuroscience; memory functions; early memory; hippocampus; prefrontal cortex; posterior cortex; working memory; memory development, 12870
creative abilities; early memories; Crucial C's; Adlerian theory; teenagers; strength & creativity; adolescent abilities & talents; self worth; connectability; ability to connect, 2077
early memory development; preverbal children; memory processes, 13172
early memory; scientific thinking; personal events; human memory development, 13187
early recollections; case consultation; treatment, 32240
first memories; childhood amnesia; emotional trauma; abuse; positive memories; negative memories; verbal memory; visual memory; right hemisphere, 18920
memory metaphors; early memory; Adlerian therapy, 32228
mental health practitioner; systematic approach; early memories, 32913
past life memory; Lebanese children, 33899
Sandor Ferenczi; trauma; family secrets; traumatized child; trans-generational alien transplant; counter-transference, 26322
social interest; autobiographical memories; individual psychology; social fulfillment; Adlerian analysis; leadership style; M L King Jr, 31462
traumatic experiences; hiding; revealing; Holocaust; psychoanalyst; childhood trauma; healing process; trauma survivors, 32955
verbal accessibility; verbal recall; early memories; contextual cues; infants; contextual support, 22023

Eating [See Eating Behavior]

Eating Attitudes—Serials

ambivalence; meat eating; affective beliefs; attitudes toward meat eating; meat consumption, 34646
Appearance Schemas Inventory; revision; test reliability; factor structure; test validity; body image; psychosocial functioning; racial differences; disturbed eating attitudes, 21083
body consciousness; consumer awareness; consumer expectations; expectation of liking; food appearance; raw product; cooked product, 14832
bulimic disorders; eating attitudes; eating pattern; eating habits; dieting; culture bound syndromes, 1730
dieting symptomatology; women; social support perception; disordered eating attitudes; parental readiness, 28951
disordered eating; healthy eating; eating disorders; messages; drive for thinness; responsiveness; women, 11735
eating attitude; socioeconomic status; weight control behavior; female adolescents; weight control methods; weight norms; weight ideals; social ideals; weight attitudes; weight loss; adult weight, 20526
eating concerns; measurement; Eating Disorders Inventory; Black girls; body dissatisfaction; emotional distress; ethnic backgrounds; White girls, 18084
eating disorders; bulimia nervosa; women's beliefs, 28955
eating disorders; healthy eating; research; autoethnography; food, 29560
female athlete triad; educational program; menstrual dysfunction; female athletes; eating disorders; secondary amenorrhea; loss of bone density; disordered eating attitudes; risk factors, 10672
food neophobia; food consumption; preschool aged children; feeding practice; eating behavior, 13150
food preferences; fruits; vegetables; energy density; high energy food; children preferences; diet, 4134
gender differences; age differences; eating attitudes; food preoccupation; body image; social pressure; eating disorders, 23438
gender differences; dependency; separation; object relations; eating behavior; eating attitudes; eating disorder behavior, 16562
gender; ethnicity; self-esteem; disordered eating; college athletes, 31575
gene technology perception; food risks; genetically engineered food; food hazards; political beliefs; genetically modified food; biotechnology; risk perception; gender differences; processed food, 5507
global self-esteem; body image satisfaction; eating attitudes; eating behavior; life-skills promotion program; program evaluation, 26536
healthy eating; conversation; family mealtimes; obesity; heart disease, 29573
identical twins; intrapair differences; eating behavior; eating attitudes; environmental effect; monozygotic twins; body size; food intake, 34663
interactive learning; congregate nutrition site; nutrition education; nutritional risk; behavior change; health behavior; learning; motivation; healthful eating behaviors, 8659
lifespan approach; women; appearance concern; body control; exercise; food regulation, 22345
Mediterranean adolescents; high school students; eating attitudes; disordered eating; eating behavior; body composition, 32060
nonobese persons; night eating syndrome; obese persons; eating disorders; obesity, 19815
parenting style; adolescent fruit consumption; environmental influence; dietary behavior; adolescent food choice; social environment; food-related parentin practices, 4240
personality characteristics; emotional eating; cognitive characteristics; purging anorexics; bulimics; external eating; body dissatisfaction, 13844
personality; dietary attitudes; dietary knowledge; dietary behavior; Scottish adolescents; gender differences; socioeconomic status, 7361
physical attractiveness; biologic vulnerability; risk factors; eating disorders; social appearance; disordered eating; family appearance focus; neuroticism; weight preoccupation, 19809
purification; children's conceptions; Americans; Hindu Indians; age differences; cultural differences; contagious essence, 24950
religious orientation; eating disturbances; eating attitudes; Bulimia nervosa; Anorexia nervosa, 32058
restrained eaters; unrestrained eaters; olfactory food cues; craving; food consumption; eating desire, 3843
snack; British usage; eating habits; snacking; snack foods; eating patterns; eating attitudes; gender differences, 3841
sociocultural influences; weight & eating attitudes; natural experiment; body image; children, 22008
Turkish dancers; eating disorders; gender differences; eating attitudes; elite dances; amateur dancers, 13460
weight reduction; health behaviours; eating behavior, 29572

Eating Behavior [See Also Binge Eating, Bottle Feeding, Breast Feeding, Dietary Restraint, Weaning]—Serials

anorexia nervosa; ghrelin; eating behavior, 35142
anorexia nervosa; refusal of life-prolonging therapy; consent to treatment; competence; passive euthanasia, 11328
anorexia nervosa; refusal of life-prolonging therapy; consent to treatment; competence; passive euthanasia; artificial feeding, 11333
appetite; elderly people; mood; personal values; food; eating environment; eating willingness, 31615
body weight; short term prefeeding; wheel running; physical activity; food supply; motivation; rats, 27604
Buddhism; vegetarianism; diet, 34457
cardiac rehabilitation patients; dietary fat reduction; fruit intake; vegetable intake; fat reduction behavior; nutrition education, 11708
chocolate; craving; menstrual cycle; Spanish females; American females, 34736
cognitive mapping; community-based family intervention; fruit intake; families; consumer-oriented intervention; vegetables, 35706

consumption; meal-testing environment; food intake; product acceptability; meal palatability, 12582
discursive psychology; food; health; ideology; veganism; Internet, 29562
disordered eating patterns; predisposition; ballet dancers; non-dancers; psycho-behavioral characteristics; weight concerns; weight control; diet; psychological disturbance; eating disorders, 25313
eating behavior; autism; feeding problems; food refusal; caregivers, 35097
eating behaviors; body weight changes; food intake; sex differences, 7089
eating disorders; healthy eating; research; autoethnography; food, 29560
failure to thrive; feeding behavior; mealtime energy intake; infants; meal duration; food intake, 24745
family members; commensality; eating partners; meal partners; eating frequency; community, 13439
fat consumption; restaurant bread consumption; companion foods, 8699
feeding behaviors; stereotypic behavior; activity patterns; feeding enrichment; bone presentation; African lions; Sumatran tigers, 3496
feeding difficulties; visual impairment; Independent feeding; self care; visually impaired children; oral hypersensitivity; feeding experiences; feeding process perception; child defensiveness, 16866
feeding problems; late infancy, 31109
feeding programs; Foucauldian theoretical concepts; food banks; Canadian children; perceived hunger; breakfast; lunch, 2249
Festschrift; physiology; eating behavior; stress, 30827
flavor aversion learning; lithium chloride; reptiles; amphibians, 27629
food choice; taste judgments; medical nutritional therapy; diabetes; disease management; eating patterns, 29469
food; health; healthy eating; illness; medicalization; social change, 29509
food; health; rhetoric; vegetarianism; eating behavior; meat eaters, 29575
gastric satiation; intestinal satiation; gastrointestinal tract; neural feedback signals; food intake control; volumetric signals; nutritive signals, 30933
gender differences; age differences; eating attitudes; food preoccupation; body image; social pressure; eating disorders, 23438
ghrelin; leptin; food ingestion; bulimia nervosa; binge-eating; compensatory behaviors; eating behavior; outpatients; insulin; glucose; food intake; females, 8090
healthy eating; conversation; family mealtimes; obesity; heart disease, 29573
healthy weight; body weight; bulimia; obesity; public health, 29508
heterosexual; homosexual; body dissatisfaction; eating motivations; sexual orientation; eating behaviors; gender; sexuality; body image, 29512
identical twins; intrapair differences; eating behavior; eating attitudes; environmental effect; monozygotic twins; body size; food intake, 34663
interdisciplinary assessment; feeding; mealtime behavior problems; mental retardation; developmental disabilities, 32036
lone mothers; nutrition; children feeding; food insecurity; diet; single mothers, 16173
maternal mood; infant feeding problems; food refusal; maternal anxiety; maternal depression; intervention implications, 7351
meal duration; lunch settings; group size; restaurant setting, 14814
meal preferences; teenagers; preference-based segmentation; teenagers attitude; teenagers lifestyle, 28107
Mediterranean adolescents; high school students; eating attitudes; disordered eating; eating behavior; body composition, 32060
nutritional deficiencies; adolescent anorexia nervosa; refeeding; short-term weight recovery, 19807
nutritional intervention; sickle cell disease; appetite; parent perspectives; nutritional status; mealtime behaviors; eating problems, 26054
opioids; reward-related feeding; food intake control; endogenous satiety; hedonic restriction; ingestive behavior, 30930
oral sensitivity; feeding skills; low-risk pre-term infants, 21995
oral supplementation effect; catch up growth; picky eater behavior; growth faltering evidence; nutrition counseling; nutritional supplement, 5367
orthorexia nervosa; diagnostic proceeding; prevalence; eating behaviour; obsessive-compulsive personality; eating disorder; healthy eating behaviour pattern, 32052
parental food choices; child food neophobia, 34903
polyunsaturated fatty acid(PUFA); cocaine addicts; aggressive disorders; dietary habits; nutritional factors, 10973
profound mental retardation; physical disabilities; medical disabilities; self-determination; nonverbal communication; food choices, 2058
public health problem; childhood obesity; total food consumption; Bogalusa Heart Study; eating patterns; overweight status; dietary recall; body mass index, 1734
relatives attitudes; nursing staff attitudes; tuboenteral feeding; severely demented patients; nasogastric tube feeding; percutaneous endoscopic gastrostomy, 29481
self-induced vomiting; food refusal; mental retardation; behavioral variables; intellectual levels; functional analysis of behavior; eating behavior; exercise; underweight; obesity, 13813
sexual victimization; prevalence; adolescent boys; adolescent girls; eating behavior; psychological health; history of sexual abuse, 10869
snack; British usage; eating habits; snacking; snack foods; eating patterns; eating attitudes; gender differences, 3841
social interaction; physical environment; food choice; food consumption; pizza; salad; iced tea, 34732
speech-language pathologists; knowledge level; non-oral feeding; dysphagia; feeding tubes; aspiration risk, 17539
television viewing; body fat change; preschool age; early adolescence, 7368
television viewing; meal frequency; humans, 34649
test reliability; test validity; Fruit and Vegatable Screening Measure for Adolescents; fruit consumption; vegetable consumption; nutrition, 27280
tube feeding; parental perceptions; nutritional intake; cerebral palsy; neurodevelopmental disabilities; gastrostomy feeding; antireflux procedure; oral feeding; genetic syndrome, 4984
weight gain; eating disorders; anorexia nervosa; warming therapy; refeeding; hospitalized patients; nervous system, 19806
weight loss; binge eating disorder; eating behavior; eating disorders, 22763
weight regulation; fruit intake; vegetable intake; body mass index; age; height; activity; children; adolescents; United States, 7092
women's magazines; healthy eating; diet; food; media; contemporary society, 29538

Eating Disorders [See Also Anorexia Nervosa, Bulimia, Hyperphagia, Kleine Levin Syndrome, Obesity, Pica, Purging (Eating Disorders)]—Serials

5-HT2c gene; body mass index; anorexia nervosa; psychiatric disorder; postmenarcheal female; amenorrhea; eating disorder; serotonin, 16561
addictive orientations; factor analysis of addictive behaviours; shorter PROMIS questionnaire; cross addiction; alcohol and drug addiction; eating disorders, 10988
anorexia nervosa; alexithymia; eating disorder; bulimia nervosa; anxiety; depression, 11107
anorexia nervosa; weight loss; young women; William Gull; eating disorders; medicine; psychiatry, 13836
anxiety reduction; anxiety; restricted feeding; rats; eating disorders; locomotor activity, 24615
attentional biases; eating disorders; Stroop performance; anorexia; bulimia; dieting, 13828
binge eating; age of onset; affective antecedents; affective consequences; anxiety; depression, 22759
binge eating; eating disorder; emotional factors; physiological factors; antecedents; sequelae, 22767
binge eating; women; binge eating disorder; rural Fiji; indigenous populations; prevalence; culture; dieting; attitudes; body shape; body image; weight, 4798
blinded laxative taper; laxative dependency; eating disorders; pharmacists; constipation; gastrointestinal system; bowel, 32485
Body Awareness Scale-Health; quality of movements; movement behaviour; inter rater reliability; test retest reliability; prolonged musculoskeletal pain; psychiatric care; eating disorders, 30443
body checking; avoidance; eating disorder; female patients, 11114
body dissatisfaction; eating disorder symptomatology; disordered eating, 16569
body image; associated psychological traits; self esteem; muscularity; depression; eating disorder symptoms; body dissatisfaction, 28498
body image; eating disturbances; cross ethnic similarities; eating pathology; ethnic minorities; Whites; risk factors; adult females; ethnic differences; symptoms; adolescent girls, 13840
body image; self-esteem scores; eating disorder; dieting; beauty pageant contestants; pageant participation; competition; surveys, 4810
body satisfaction; physical activity; sedentary activities; weight-related disorders; sex differences, 28123
bulimia nervosa; inpatient treatment; eating disorder; comorbid personality disorders; treatment resistant bulimia, 14453
caloric intake fear; severe hypoglycemia; anorexia nervosa; rapid refeeding; fear of obesity; biopsychological implications, 26008
caloric restriction for longevity; eating disorder; semi-starvation; biogerontology; self-deprivation, 35154
carbon dioxide reactivity; eating disorders; panic disorder, 19332
clinical eating disorder; subclinical eating disorder; counseling center clients; college campus; college counseling; outreach services, 14711
clinical perfectionism; binge eating disorder; psychopathology; cognitive-behavioral analysis, 32317
cognitive behavior therapy; treatment guidelines; anxiety disorders; depression; eating disorders; therapists, 26289
compulsive features; eating disorders; childhood trauma; sexual abuse, 19322
conditional associative learning; verbal stimuli; obsessive-compulsive disorder; anorexia nervosa; bulimia nervosa; neuropsychological functioning; functional neuroimaging; compulsive behavior; threat, 19274
coping strategies; disorder recovery; eating disorders; disorder relapse, 28945
coping style; vulnerability; eating disorder; adolescent boys; prevention, 35139
cross cultural analysis; nutrition transition; global obesity; emotional eating; physical eating; environmental eating; dieting frequency; eating disorders; national differences; cultural environment, 11109
day hospital treatment; eating disorders; short-term effectiveness; weight; binging; vomiting frequency; psychological functioning, 5663
depression; adverse childhood experiences; self-criticism; dependency; anorexia nervosa; bulimia; human females, 11115
dieting symptomatology; women; social support perception; disordered eating attitudes; parental readiness, 28951
disordered eating; adolescent girls; primary prevention program; elaboration likelihood model of persuasion; body image; knowledge improvements, 29576
disordered eating; body dissatisfaction; body mass index; ideal weight; depression; college women; sorority women, 22758
disordered eating; healthy eating; eating disorders; messages; drive for thinness; responsiveness; women, 11735
disordered eating; muscularity; adolescent boys; associated factors; leanness; biopsychosocial model; risk factors, 13839
DSM-IV criteria diagnostic efficiency; obsessive compulsive personality disorder; binge eating disorder patients; adult patients; positive predictive power; negative predictive power, 16463
Eating Disorder Diagnostic Scale; validity; reliability; interview-based diagnoses; risk factors; eating pathology; internal consistency; anorexia nervosa; eating disorders; bulimia nervosa, 12494
Eating Disorder Examination Questionnaire; eating disorder screening; community; women; test validity, 21150
Eating Disorder Inventory 2; men; women; gender; instrument validity; eating disorders; symptom measures; college students; factor structure; factor analysis; test validity, 14986
eating disorder symptoms; body image disturbance; eating disorders; Body Positive; cognitive behavioral conceptualization, 5204
eating disorder; anorexia nervosa; bulimia nervosa; diagnosis; eating disorder not otherwise specified, 35153
eating disorder; anxiety disorder; human females; comorbidity, 25692
eating disorder; psychopathology assessment; obese children; obese adolescents; binge eating; interview; self report questionnaire, 24237
eating disorder; suicide attempts; comorbid major depression; eating-disordered women; comorbid disorders; anxiety disorder; parasuicide, 19825
eating disorder; symptomatology; multidimensional model; eating disturbances; structural equation modeling; sociocultural variables; personal variables; relational variables, 28964
eating disorder; therapists; stories, 28944
eating disorder; trends; terminology; literature; treatment, 35152
eating disordered patients; self injurious behaviours; psychopathological features, 13826
Eating Disorders Inventory; clinical assessment; eating disorder; anorexia; bulimia; body dissatisfaction; perfectionism; distrust; maturity fears, 18171
eating disorders; adolescent attitudes; body weight; body image; Short Screening Questionnaire; Eating Attitude Test, 33502
eating disorders; adolescents; young adults; day treatment program; treatment examination; treatment compliance, 5654

eating disorders; anorexia nervosa; bulimia nervosa; binge eating disorder; resources; patients with eating disorders; recognition; treatment; prevention; research, 28959
eating disorders; anorexia nervosa; bulimia nervosa; motivational enhancement therapy; dialectical behavioral therapy; Maudsley family treatment, 8418
eating disorders; anorexia nervosa; bulimia; alexithymia; parents; daughters; psychopathology; personality characteristics, 8084
eating disorders; anorexia nervosa; bulimia; evidence-based practice; treatment, 35150
eating disorders; at risk individuals; lexical processing; fat related words, 4801
eating disorders; binge eating; eating behavior; distracting behaviors, 28948
eating disorders; body fat; psychopathology; overweight; adiposy, 11116
eating disorders; bulimia nervosa; eating disorder professionals; food amount; binge eating, 13834
eating disorders; bulimia nervosa; women's beliefs, 28955
eating disorders; cultural influences; ethnic groups; epidemiology; body image ideals; health perceptions; illness perceptions, 28953
eating disorders; environmental factors; bulimia nervosa; genetic factors; psychological effects; physical appearance; symptom development; health care policy, 19805
eating disorders; feeding difficulties; diagnostic criteria; infantile anorexia; sensory food aversions; posttraumatic eating disorder; anorexia nervosa; bulimia nervosa; family therapy; symptoms, 35135
eating disorders; healthy eating; research; autoethnography; food, 29560
eating disorders; mental health professionals; service collaboration; therapists, 29655
eating disorders; motivational interviewing; cognitive behavioral therapy; weight disorders; treatment, 32254
eating disorders; prevention programs; intervention effects; eating pathology, 13842
eating disorders; psychiatrist; professor; P. J. Beumont, 22776
eating disorders; psychological problems; mutuality; interpersoanl relation; spouses; friends, 26003
eating disorders; research; Bulimia Nervosa; treatment; nosology; genetic factors; brain imaging; behavioral disturbance; anorexia nervosa; binge eating disorder, 35156
eating disorders; right temporal lesions; bulimia nervosa; anorexia nervosa, 10661
eating disorders; self-concept disturbances; depression; diagnostic groups, 19813
eating disorders; sexual abuse; individual vulnerability, 13837
eating disorders; symptoms; track and field athletes; nonathletes; sex differences, 35140
eating disorders; urban women; rural women; African American; Eating Disorder Inventory; psychological traits; perfectionism; psychotherapy; depression; whites, 1728
eating disorders; websites; anorexia; bulimia; pro-eating disorder websites; feminist response, 22252
eating pathology; Chinese-Australian women; acculturation; culture clash, 22765
efficacy; sertraline; night eating syndrome, 11535
ego-state therapy; binge eating disorder; hypnotherapy, 5385
emotional functioning; anorexia nervosa; eating disorder patients; alexithymia; depressive disorders; anxiety disorders; age differences, 16571
escape extinction; food refusal; negative reinforcement; noncontingent reinforcement; pediatric feeding disorders; positive reinforcement, 19819
exposure to the thin-ideal media image; women; affect; self-esteem; body satisfaction; eating disorder symptoms; level of internalization of the thin-ideal, 28949
false memories; eating disorder; at-risk individuals; food related words, 4802
families; eating disorders; mood disorders; familial aggregation; major depressive disorder; bipolar disorder; first-degree relatives; anorexia nervosa; bulimia nervosa; binge eating disorder, 7750
female athlete triad; educational program; menstrual dysfunction; female athletes; eating disorders; secondary amenorrhea; loss of bone density; disordered eating attitudes; risk factors, 10672
food refusal; fluid resusal; food selectivity; negative reinforcement; pediatric feeding disorders; positive reinforcement; escape extinction; treatment, 2057
gender differences; dependency; separation; object relations; eating behavior; eating attitudes; eating disorder behavior, 16562
health care professionals; cardiovascular disease; CVD; eating disorder attitudes; females; thinness drive; body dissatisfaction; CVD risk; primary prevention, 22770
herbal remedies; health care system; female adolescents; anorexia nervosa; eating disorders; bulimia nervosa, 20424
information processing; eating disorders; modified Stroop task; dot probe task; memory; attention, 25993
inpatient treatment; eating disorders; interpersonal distrust; body dissatisfaction; eating disorders symptomatology; symptom severity, 19817
interrater reliability; test-retest reliability; Eating Disorder Examination; binge eating disorder, 9459
lithium toxicity; side effects; renal insufficiency; bipolar disorder; hypercalcemia; food & water aversion, 11467
magazine preference; awareness levels; sociocultural appearance standards; eating-disorders; college women; media images; female body types, 25995
media exposure; body dissatisfaction; disordered eating; magazine reading; television viewing, 13843
Mediterranean adolescents; high school students; eating attitudes; disordered eating; eating behavior; body composition, 32060
mental health act; eating disorder; patient management; patient rights; government health care policy, 14404
mental health; web based information; eating disorders; eating disorders treatment; content quality, 19818
metamotivational characteristics; secondary exercise dependence; primary exercise dependence; eating disorders; amateur sport participants; Reversal Theory, 22760
night time eating; binge eating disorder, 19812
nonobese persons; night eating syndrome; obese persons; eating disorders; obesity, 19815
nutrition expertise; eating disorders; anorexia nervosa; bulimia nervosa; binge eating disorder; medical nutrition therapy; education; subclinical eating disorders; obesity; dieting, 32049
obsessive-compulsive disorder; comorbidity; social phobia; panic disorder; trichotillomania; skin picking; eating disorders, 7762
orthorexia nervosa; diagnostic proceeding; prevalence; eating behaviour; obsessive-compulsive personality; eating disorder; healthy eating behaviour pattern, 32052
parent experience; eating disorders; anorexia nervosa; bulimia nervosa; parents interactions; health professionals, 28954
parental eating problems; children feeding behavior; food selection; food rejection; child dieting practices, 32051
partial hospitalization; adolescents; eating disorders; clinical course; short-term outcome, 14445
personality disorders; eating disorders; twins; genetic factors, 31667
personality traits; eating disorder treatment; bingeing anorexia nervosa; purging anorexia nervosa; bulimia nervosa, 16556
pharmacotherapy; drug therapy; eating disorders; obesity, 2211
physical attractiveness; biologic vulnerability; risk factors; eating disorders; social appearance; disordered eating; family appearance focus; neuroticism; weight preoccupation, 19809
positive psychology; prevention; eating disorders, 11740
poststroke patients; neuropsychiatric symptoms; neuropsychological disorders; depression; irritability; eating disturbances; apathy; anxiety, 32071
prevalence; incidence; eating disorders; epidemiology; anorexia nervosa; bulimia; binge eating disorder; trends; methodologic problems, 4803
psychiatric illnesses; differential diagnosis; eating disorder; screening, 13550
psychoanalytic sessions; eating disorders; claustrophobia; agoraphobia; phobias, 32388
psychoanalytic sessions; eating disorders; claustrophobia; agoraphobia; phobias; alcoholism; tobacco addiction, 32381

suicidal ideation; psychiatric comorbidity; attempted suicide; suicide attempts; eating disorders subjects; suicidality, 19273
teachers; prevention of eating disorders; school staff; constructive interactions; body image; eating disorders; students, 28958
test development; General 5-Spectrum Measure; panic disorders; mood disorders; social phobia; obsessive-compulsive disorders; eating disorders; agoraphobia; internal consistency; test reliability, 6321
therapist; self-disclosure; Relational Therapy Approach; eating disorders; therapeutic relationship; relational movement; growth, 29302
Turkish dancers; eating disorders; gender differences; eating attitudes; elite dances; amateur dancers, 13460
universal prevention program; at-risk students; female high school students; on-line eating disorder prevention program; motivation, 11755

Eating Disorders [See Also Anorexia Nervosa, Bulimia, Hyperphagia, Kleine Levin Syndrome, Obesity, Pica, Purging (Eating Disorders)]—Chapters

Eating disorders, 22779
The temporal ordering of childhood sexual abuse, eating disturbances, and impulsive and self-destructive behaviors, 4812
Theory and research on eating disorders and disturbances in women: Suggestions for practice, 16572
Treatment of adolescent eating disorders, 16953

Eating Habits [See Eating Behavior]

Eating Patterns [See Eating Behavior]

Echolocation—Serials

behavioural flexibility; flight behaviours; echolocation calls; bat species; prey-generated acoustic cues; frequency-modulated calls; substrate-gleaning behaviours, 6730
brainstem auditory circuitry; temporal patterns; echolocation sounds; speech processing; information processing; auditory midbrain; inferior colliculus, 9826
Donald Redfield Griffin; animal behavior research; cognitive ethology; echolation; homing; biologist, 21412
echolocation signals; niche differentiation; sympatric congeneric bat species; prey-detection ability, 30808
echolocation; ultrasound; animal communication; ultrasonic signal; ground squirrel; alarm calls, 30811
false killer whale; pseudorca crassidens; echolocation; auditory brainstem responses; evoked potential recording; intensity difference, 15586
female big brown bats; sex recognition; echolocation signals, 24591

Eclectic Psychology [See Theoretical Orientation]

Eclectic Psychotherapy—Serials

childhood sexual abuse; adult female survivors; treatment effectiveness perceptions; trauma symptoms; eye movement desensitization & reprocessing; eclectic therapy, 35403
psychotherapy integration; individual psychotherapy; historical perspective; brief psychotherapy; brief individual therapy, 1975
shot-term restructuring psychotherapy; personality disorders; technical interventions; theoretical integration; technical eclecticism; treatment modalities; integrative model, 1999

Ecological Factors [See Also Pollution, Topography]—Serials

boundaries; nature; tourism, 12328

bullying; victimization; educational settings; peer ecologies; school psychologists; school service professionals; parents; prevention; intervention, 4711
developmental ecology; animal development; behavioural ecology; reproductive behavior; brown-headed cowbirds, 3462
ecological factors; animal behavior; striped mouse; South African karoo; animal social behavior; foraging behavior; territoriality; communal breeding; animal paternal care, 12764
ecological risk; perceived discrimination; psychological adjustment; African American youth; European American youth, 28229
ecological variables; psychological distress; community violence; adolescents, 13248
environmental disaster; psychosocial health; well-being; Karakalpakstan; health problems; Aral Sea drying; ecological consequences; health care workers, 6139
ethnic identity development; ethnic identity; Mexican-origin adolescents; familial ethnic socialization; ecological factors; autonomy, 10268
fluency task; semantic verbal fluency; animal fluency; ecological relevance; literacy groups; semantic memory; qualitative measures; quantitative analysis; group differences; cultural background, 18324
ideomotor apraxia; IMA; ecological implications; physical activities of daily living; poststroke functioning; dependency; physical functioing, 5005
risk sensitivity; resource availability; concurrent-chains choice behavior; risk sensitivity theory; rate maximization theory; delay-reduction theory; pigeons, 15397
social work values; managed care; health care delivery; geriatric practice; medical policy, 35796
system of care model; emergency services; organized care systems; child psychiatric emergencies; trends; ecologies; mental health crisis systems; psychiatric hospitalization, 5567
visual control learning; ecological perspective; movement, 7403

Ecological Factors [See Also Pollution, Topography]—Chapters

An ecological approach to metacognitive regulation in the adult, 24007
The ecology of women's career barriers: Creating social justice through systemwide intervention, 17787

Ecological Psychology—Serials

abstract functional analysis; theory construction; interdependence theory; interpersonal relations; social cognition; ecological psychology, 25243
animal-environment system; affordances; perception; action, 33909
animal-environment system; affordances; perception; action, 33914
dynamic touch; muscular effort; inertia tensor; physical mass; limb direction; weight perception; affordances; ecological laws, 33684
ecological momentary assessment; dietary temptation; dietary relapse; obesity; postmenopausal women; weight-loss intervention, 17100
human movement; perception; ecological psychology; space; dynamical systems approach, 33763
mood measurement; complex behavior measurement; pediatric affective disorders; natural environment; ecological momentary assessment; theoretical background; wrist actigraphy; case reports; pilot study, 1407
place attachment effects; users perception; social conditions; environmental conditions; human-place bonding; Appalachian Trail, 27191
social context; psychological restoration; environmental preferences; natural environments; urban environments; friend's company; walking; fatigue, 27193
space perception; spatial properties; mathematical concept; physiological/psychological concept; biological/ecological concept; ecological psychology, 33731
Structural Ecosystems Therapy; psychosocial functioning; attention-comparison person-centered therapy; HIV-seropositive women; African Americans; psychological distress; family hassles; family support, 16944

Ecological Psychology—Books

The psychology of environmental problems (2nd ed.), 9226

Ecological Psychology—Chapters

Community-based interventions, 16656
An ecological approach to metacognitive regulation in the adult, 24007
The ecological approach to visual perception, 342
The ecology of human strengths, 17945

Ecology—Serials

alcohol drinking patterns; drinking problems; person-environment interactions; social-ecological perspective; interdisciplinary studies, 22696
attention; cognition; predators; foraging; brain; evolutionary ecology, 33956
communicating systems; auditory communication; rehabilitation; assessment; hearing; audiology; ecology, 6239
ecofeminism; Elin Wagner; Alarm Clock; matriarchy; ecological destruction; patriarchal civilization; feminine subjugation, 21938
ecology; language; spatial cognitive tasks; orientation systems; linguistic relativity hypothesis; cultural practice impact, 18932
ecotourists; ecotourist businesses; eco-tangibles; environmental degradation; tourist expectation, 14864
environmental consequence; modernity; sustainability; ecosystems; sociological theories; human environment interactions; political economy; geographical factor; political freedom, 9225
executive function; ecological validity; neuropsychological assessment; cognitive capacity; behavioral manifestation; brain injury; Behavior Rating Inventory of Executive Function; inventory; validity, 15067
female dominance; female co-dominance; ecological causes; cognitive causes; social causes; sexual causes; aggression; group cohesion; food distribution; diet; sexual attraction; virtual world; models, 9787
group work teaching; ecological perspective; teaching strategies, 23677
habitat related aggressive behaviour; neighbouring colonies; ant species; habitat destruction, 15424
research; bioecology; human potential, 12572
research; bioecology; human potential, 305
robotics; ecology; elderly independent living; aging, 36514
species interaction; evolution of sex; genetic interactions; Red Queen hypothesis; ecological interactions; population genetics model, 24639

Ecology—Chapters

Cognitive ecology: Foraging in hummingbirds as a model system, 21444
From dwarf hamster to daddy: The intersection of ecology, evolution, and physiology that produces paternal behavior, 21495

Economically Disadvantaged [See Disadvantaged]

Economics [See Also Behavioral Economics]—Serials

alcohol consumption patterns; economic conditions; health conditions; Russian Federation; monitoring survey, 28371
ambiguity; sunk costs; decoupling; disjunction effect; economic decision making, 9684
anxiety disorders; cognitive behaviour therapy; Canadian mental health; Canadian psychologists; economic burden, 32306
anxiety disorders; cost containment; Canada's health care system; economic burden, 31808
atypical antipsychotic drug costs; antipsychotics; prescription drug costs; health care costs; medical costs; medication; mood stabilizers; psychiatric medications, 23240
behavioral economics; consumer brand choice; reinforcement patterns; maximization; utilitarian reinforcement; informational reinforcement; matching; brand pricing; fast-moving consumer goods, 27160
behavioral finance; behavioral economics; individual behavior; decision criterion; choice behavior; internal consistency; self-interest; choice theories; standard finance approach; behavioral modeling, 27152
behavioural concept; economic concepts; strategic management; risk management, 23981
business-to-business relationships; economic interaction; commitment; trust; continuity expectations; Marks & Spencer; suppliers; social construction, 6036
consumer attitudes; marketing; consumerism; free market economics; marketing managers; New Zealand, 9188
consumer sentiment; consumer behavior; macroeconomic forecasts; interest rates; unemployment; stock market indices; inflation; economic conditions; economic uncertainty; consensus growth rate, 33359
cooperative behaviors; economic perspective; evolutionary fitness; social cooperation; social dimensions; rats, 24549
customer satisfaction; client retention; business profits; economics; product quality, 6109
depression; global burden; public health problem; economic consequences, 4605
depressive disorders; public health; social factors; economic loss; suffering; disability, 34846
disability; economic well-being; old age; retirement, 16065
divorce rates; cross cultural differences; economic independence of women; reduced emotional commitment of spouses to marriage; Europe; Africa, 10380
Dixie diaspora; immigrants in Georgia; Georgia residents; Latinos; social and economic resources, 10343
dual-earner families; money organizing patterns; economic behavior modes; banking arrangements; social context; Israel, 13330
economic adaptation; demographics; flight-related & host-related & residency characteristics; acculturation; stresses; employment status; estimated earnings; Hmong & Somali & Russian refugees, 10344
economic burden; depression; direct costs; mortality costs; workplace cost; prevalence, 10743
economic crisis; bankruptcies; business closures; retrenchment; wage cuts; unemployment; social ramifications; managers; employees; organizations' ability; human resources, 23963
economic evaluation; mental health; psychiatry, 5104
economic growth; national samples; competitiveness, 13373
economic phenomena; two-tier rationality; two-tier reflexivity; ethnomethodology; economic theory; instrumental rationality, 16097
economic predictors; inpatient psychiatric treatment admissions; Sweden; contracting labor market; chronic illness, 29736
economic quality; economic variables; wealth; social satisfaction; income distribution; income size; distribution quality; egalitarian societies; work opportunities; social cohesion, 25134
economic well-being; economic burden; health care; funeral expenditures; burial expenditures; post-widowhood expenditures; consumer educators; end-of-life expenditures, 31298
embryonic stem cells; business; economics, 33991
employee practices; business improvement; managers; initiatives; firms; employees, 30220
employer benefits; worker health insurance; standard economic theory; employment based health coverage, 12244
environmental determinants; cost sharing; economic agents, 36357
facial features; body features; social conditions; economic conditions, 34432
family therapy; cultural factors; economic factors; social factors; political factors, 29295
gifting practices; interorganizational relations; electronics components; moral economy; capitalist societies, 14779
government models; individual-economic model; collectivist model; pluralist model; state reform; institutional economics; theoretical perspectives, 19018
grandparents; family stabilizers; economic hardship; family generation; supportive grandparents; economic stress; harsh parenting; adolescent depression, 25114
health care cost; pharmaceutical therapies; pharmacoeconomic analysis; budget impact model, 8364
health care programmes; costs; benefits; welfarism; extra welfarism; economic evaluation; quality adjusted life years, 5524
Herbert A. Simon; Nobel Prize in Economic Sciences; psychological ideas; economics; human rationality; economic decision making, 45
heterogeneity; expectations; currency crisis; markets; equilibrium; market maturity; portfolio allocation, 31284
Hispanics; managerial occupations; professional occupations; human capital deficiencies; economic barriers; spatial barriers; mentoring resources, 6001
hospital care; economic recession; socio-economic equity; health expenditure; Finland; health services; income, 23505
human relations; psychology; economics; economic research, 34443
imputed costs; semiconductor equipment; supply chain; capital goods; order fulfillment; purchase order; shared forecasts; management decision making; economics, 14754
informal care costs; stroke patients; economic evaluation; social care costs; quality adjusted life years; care givers, 35827
innovative activity; market entry; econometrics; double censoring; incumbent; research and development, 33219
interorganizational performance; opportunism; relational safeguards; goal congruence; trust; idiosyncratic investments; transaction costs, 14786
interpersonal relations; relational goods; personalized interactions; economics; work teams; company social events; migration, 34587
Japanese GDP forecasts; economists, 23950
leadership styles; Chinese chief executive officers; leader behavior; management models, 30174
lower income urban women; paid informal work; economic gain; employment profiles, 4192
mental health profile; demographic aspects; economic aspects; cultural aspects; religious aspects; health aspects; Kenya, 26585
mental illness; hospitalization rates; social conditions; poverty; economic factors; demographic factors, 11863
monopolistic markets; seller behavior; buyer behavior; punishment; seller buyer relationship; consumer boycott; Ultimatum Bargaining Game; price taking behavior; consumer solidarity motives, 27149
multimedia environments; cognitive learning tools; learning-dependent progression; mental models; economics; cognitive apprenticeship; CA, 5876
National Institute for Clinical Excellence; National Health Service; clinical guidelines; health technologies; cost effectiveness; social judgments; value judgments; economic evaluation, 36030

overlapping generations; inflation rates; fluctuations, 23953
pay levels; tourism employment; socioeconomic factors; inflationary pressures; industry norms, 17775
personal distribution; economic welfare; German welfare state; unemployment; economic process, 28194
personality; electronic commerce investors; shareholders; disinhibition; experience seeking; impulsiveness, 31574
pharmacoeconomic analysis; prices; pharmaceuticals, 32232
pharmacoeconomic analysis; schizophrenia treatment; patient care; drug cost effectiveness; antipsychotic drugs; disease treatment costs; pharmacoeconomic evaluations; drug treatment, 20377
population health; historic debate; economic growth; health; Industrial Revolution; epidemiological studies; liberal democracy; propertied interests; welfare states; preventive public health movement, 14346
post-apartheid; work restructuring; South Africa; democracy; liberalization; racial equity; pressure competence; managerial strategies, 23954
predictive accuracy; marital disruption; economic behavior; fertility; married couples; married women; labor supply; spousal agreement; divorce; wives; husbands, 25160
priority setting; health authorities; health organizations; resource allocation; health economics; health care resources, 11800
prison industry; carceral expansion; economic benefits; employment growth; economic development; local area development; prison construction, 28170
private capital formation; business veto; investment confidence; Swedish social democracy; reformist governments; stock markets; currency; domestic investment patterns; reformist governments, 16079
relational goods; group analysis; economics, 35400
relationship marketing; history; theory development; value exchange, 6111
relationship marketing; history; theory development; value exchange, 6114
relationship marketing; history; theory development; value exchange, 6115
relationship marketing; history; theory development; value exchange, 6121
relationship marketing; history; theory development; value exchange, 6123
retailing; customer satisfaction; loyality cards; shopper characteristics; multiple outlets; consumer expenditures; repeat purchase; customer share; primary grocery store; customer behavior, 3025
revenue management; demand based pricing; service industries; percieved rate fencing fairness, 9186
school breakfast clubs evaluation; cost analysis; program outcome; economics, 36066
social exchange theory; Sydney Olympics; host city residents; social impact; economic benefits; hallmark events; personal costs, 13283
social relationships; consumer behavior; economic transactions; human social behavior; social contingencies; economic psychology; intensive research; behavior analysis; economic systems, 3019

independent educational evaluation; performance; children; parents; public agencies; IDEA 97; administrative decisions; court cases; state regulations; US Department of Education policy, 2696
invitations; challenges; humanism, 2747
learning; whole-school targets; individual targets; school improvement; performance management, 17645
mental retardation; definitions; terminology; general curriculum; special education practice; educational reform initiatives; educational practices; classification system, 12213
pedagogical content knowledge; teaching strategies; teacher education; mandated cirriculum; teaching methods; middle school teacers; mathematics lesson, 8995

professional development; educational reforms; teacher learning needs; Quality Learning Circle; QLC, 17602
quality of education; empirical research; effective learners; school improvement; teacher-student dialogue, 17691
school counseling; educational reform; national academic standards; educational practice; pedagogy; The Educate America Act; National Standards for School Counseling Programs; No Child Left Behind Act, 32867
school instructional practices; school reforms; educational roles; educational policies; special education, 2703
school reform; preschool programs; elementary schools; curriculum implementation, 33063
school reform; psychoeducational programs; social-emotional innovations; academic innovations; public schools; school psychology; developmental needs, 5872
school reform; psychoeducational programs; social-emotional innovations; academic innovations; public schools; school mental health, 5880
school reform; psychoeducational programs; social-emotional innovations; academic innovations; public schools, 5857
school reform; psychoeducational programs; social-emotional innovations; academic innovations; public schools; mental health needs; special education, 5860
school reform; psychoeducational programs; social-emotional innovations; academic innovations; public schools, 5856
self-determined behavior; student involvement; standards based reform; disabled students; students education; education programs, 30095
special education teachers; teacher preparation; Individuals with Disabilities Education Act; No Child Left Behind; emotional or behavioral disorders; education reform; federal definition, 29954
special educational system; special schools; inclusive education; integrated educational system; educational system reform; school functions, 36224
standard based curriculum; educational reform; school organization; education; organizational analysis; rational approach; institutional approach, 12128
state policy; education reform; standards-based reform; school accountability; general education reform, 2692
student inclusion; inclusive education; learning disabilities; mainstreaming; general education classrooms, 26991
student outcomes; school leadership; transactional leadership; broader understanding; academic achievement; leadership practices; research questions; academic outcomes; secondary schools, 17578
student performance; time-series analysis; whole-school reforms, 23796
student-led conferences; middle schools;parental involvement; educational reform; student engagement, 33104
teacher effectiveness; elementary schools; school reform; teacher effects; teacher mobility; restructuring, 17663
teaching reforms; paid adult support staff; participation; learning; mainstream schools, 12106
undergraduate medical training; problem based learning; interpersonal skills; traditional teaching; educational reform; medical students, 32933
urban school system; education reform; student achievement; racial achievement gaps, 36171
writing instructions; writing standards; educational reform; national standards; state standards; student achievement, 29992

Educational Reform—Chapters

Cultural-historical theory and mathematics education, 2772
Introduction: September 11, welfare reform,' educational opportunity, and the lives of children, 23935

Educational Supervision [See Professional Supervision]

Educational Television—Serials

art pedagogy; Mister Rogers, 24896
Between the Lions; educational television; television program; literacy skills; kindergarten children; first graders; reading; phonemic awareness; letter sounds; reading risk status, 22038
children television show; Mister Rogers Neighborhood; Fred Rogers; everyday experience, 24897
Children's Television Act; educational & informational television programs; learning; preferences; comprehension; prosocial & academic programs; networks, 997
Children's Television Act; educational & informational television programs; learning; preferences; comprehension; prosocial & academic programs; networks, 991
Children's Television Act; educational & informational television programs; learning; preferences; comprehension; prosocial & academic programs; networks, 1014
Children's Television Act; educational & informational television programs; learning; preferences; comprehension; prosocial & academic programs; networks, 1002
Children's Television Act; educational & informational television programs; learning; preferences; comprehension; prosocial & academic programs; networks, 1022
Children's Television Act; educational & informational television programs; learning; preferences; comprehension; prosocial & academic programs; networks, 953
Children's Television Act; educational & informational television programs; learning; preferences; comprehension; prosocial & academic programs; networks; media policy, 963
Children's Television Act; educational & informational television programs; learning; preferences; comprehension; prosocial & academic programs; networks, 962
Fred Rogers; Mister Rogers' Neighborhood; news media coverage; journalism; fantasy theme analysis, 15880
pro-environmental behavior; environmental concern; television viewing patterns; entertainment television; environmental attitudes; media consumption; television news; nature documentary, 15889

Educational Theory [See Theories of Education]

Educational Therapy—Serials

brief therapy; solution focused therapy; bullying; secondary school age pupils, 14080

EEG (Electrophysiology) [See Electroencephalography]

Effect Size (Statistical)—Serials

affective reactions; affective states; successes; failures; success-failure manipulation; effect size, 24531
child psychotherapy; adolescent psychotherapy; clinical trials; meta-analyses; published studies; effect size estimates; potential bias; dissertations, 16927
cognitive bibliotherapy; depression; effectiveness; effect size, 23169
effect size confidence intervals; tests of close fit; analysis of variance; contrast analysis; F test improvement, 18227
effect sizes; attention-deficit/hyperactivity disorder; neuropsychological test performance; neuropsychological measures; arithmetic achievement; cognitive ability; spelling, 28901
effect sizes; null hypothesis significance testing; estimators; statistical analysis; experimenting psychologists, 259
effect sizes; statistical testing; behavioral medicine research; clinical significance, 20440
effect-size indices; dichotomized outcomes; meta-analysis; statistical variables; bias; sampling variance; population standardized mean difference; probit transformation; logistic distribution, 3131
effect-size measure; research designs; eta squared statistics; omega squared statistics; statistical significance, 3129
heterogenous variances; homogenous variances; chance-corrected measure; probability values; experimental designs; effect size, 33611
item response theory; differential test functioning; effect size measures; mean raw scores; 4/5th rule; successive cut scores; personality assessment; professional licensure; college admissions, 21098
mathematics education research; effect size; confidence interval reporting; null hypothesis statistical significance testing, 21076
mean effect size; meta-analysis; standardized mean; biased estimate; empirical bayes; mean squared error, 9520
meta analysis; statistical power; standard error; effect size; confidence intervals, 6430
meta-analysis; effect size; research syntheses; treatments; dependent measures, 3275
meta-analysis; methods; meta-analytic searchers; search strategy; psychiatric treatment effectiveness; personality disorders, 30550
meta-analysis; raw mean differences; raw metric; standardized mean differences; statistical techniques; effect sizes, 3126
partial effect sizes; statistical properties; d-effect size; theoretical models; covariates; synthesis; gender performance differences; academic performance, 30530
power analysis; psi research; statistical methods; z score; sample size; effect size, 18199
psychological research; underpowered studies; statistical power; multiple hypothesis testing; effect size measures; confidence intervals; Type I error rates, 18219
r-equivalent; effect size estimation; sample size; p value; meta-analysis, 3258
school psychologists; educational research; mean effect sizes; reading outcome; reading skills; academic area, 5897
significance testing; learning disabilities; effect size measures; social sciences, 3276
social phobia; cognitive behavioral therapy; sample characteristics; effect size; sample restriction; exclusion criteria, 26206
standardized mean difference; Item Response Theory; educational testing; psychological testing; effect size measures; test reliability, 18073
statistical power; effect size measures; analysis of variance; fixed nested factors; random nested factors; treatment effectiveness; psychotherapy; statistical estimation; Monte Carlo; Type I errors, 3261
statistical power; effect size measures; analysis of variance; fixed nested factors; random nested factors; treatment effectiveness; psychotherapy; statistical estimation; Monte Carlo; Type I errors, 3259
statistical power; effect size measures; analysis of variance; fixed nested factors; random nested factors; treatment effectiveness; psychotherapy; statistical estimation; Monte Carlo; Type I errors, 3251
statistical power; effect size measures; analysis of variance; fixed nested factors; random nested factors; treatment effectiveness; psychotherapy; statistical estimation; Monte Carlo; Type I errors, 3260
statistical test; clinical significance; effect size measures; measures of risk potency, 3255
statistics; effect sizes; journal publication; counseling research, 20706
success rate bias; binomial effect size display; overestimation, 18214
t tests; meta-analysis; metric comparability; effect-size estimators; multifactor designs; single-factor designs; variance-preservation model; variance-reduction model; standardized mean differences, 3127
treatment outcomes; statistical relationships; behavioral treatment; single subject design; effect size, 12547

Effect Size (Statistical)—Chapters

Meta-Analysis in Hospital and Clinical Epidemiology, 296
A review of dream ESP studies conducted since the Maimonides dream ESP programme, 9741

Efferent Pathways [See Also Extrapyramidal Tracts, Pyramidal Tracts]—Serials

analogous mechanism; neural delays; motor system; flash-lag effect; visual stimulation; sensory pathways; neural activity; motor responses; motor behavior, 15556
conditioned taste aversion; brainstem; parvicellular subdivision; intermediate nucleus of the solitary tract, 34071
nucleus medianus; dorsal pallial zone; lateral pallial zone; bichirs; Polypterus; telencephalon; tectal input; retinotectaltubercular pathway; pallium; tectal efferents; visual field; evoked responses, 34052
parieto-collicular pathway; anatomical location; saccade generation; lateral intraparietal area; oculomotor areas; visual attention, 22937
reduced auditory efferent activity; childhood selective mutism; speaking behavior; comorbidity, 26010
saccadic chronostasis; fixation; superior colliculus; illusion; volition; oculomotor processes; efferent signals; cued saccades; express saccades, 24719
visual pathway; frontal cortex; cortical motor centres; visual information; premotor cortex; posterior parietal cortex; dorsal premotor cortex; superior parietal lobule; inferior parietal lobule, 18569

Efficacy Expectations [See Self Efficacy]

Efficiency (Employee) [See Employee Efficiency]

Effort [See Energy Expenditure]

Egalitarianism—Serials

anti-egalitarianism; career attitude congruence; political socialization; social hierarchy; social roles; dominance perspective; vocational choice; college major, 5934
attitude change; attitude importance; prior attitudes; persuasive message; women's & gender studies students; United States colleges, 14684
gender stereotype; hierarchy; gender differences; implicit association; egalitarian, 31600
sex-role egalitarianism scale; construct validity; psychometric evaluation, 25186
sexual independence; gender egalitarianism; sexual expectation; feminine sexuality; Goth; Gothic; gender; subculture, 34535

Ego—Serials

acute psychotic states; transactional analysis; ego states; personality; psychopathology; psychotic structure; external stimuli; developmental stages; therapeutic actions; psychological interpretation, 13621
adopted children; problem behavior; ego resiliency; ego control; sociometric status, 22218
attitude scale; confirmatory factor analysis; behavioral tendencies; behavioral measure; social comparison; dogmatic thinking; ego orientation; dogmatism scale; sport science; hypercompetitive scale, 85
conscience; self-experience; superego; self psychology; psychic authority; ego, 25424
ego psychology; development; analytic therapy, 20237
ego state therapy; creativity; creative output; hypnosis, 2263
ego strengthening; zero balancing; exposure therapy; hypnosis; torture; posttraumatic stress disorder; refugees, 20425
ego-state therapy; binge eating disorder; hypnotherapy, 5385
ego; id; pathology; guilt; unconscious sense, 26319
fascination; transference; countertransference; analytic psychology; ego self relationship; projection; psychotherapy, 1991

Freud; mourning theory; Freuds loss psychoanalysis; mourning; melancholia; emotional attachment; libido; ego; normal grieving; moralized aggression; melancholy violence, 19236
gender identity; needs; analytic treatment; ego disintegration; childhood development, 20240
goal orientation; self-efficacy; exercisers; coping behavior; ego orientation, 31561
hypnotic anchoring; hypnotherapy; ego state, 2260
intersubjective ego psychology; Hartmannian ego psychology; Sullivanian interpersonal psychoanalysis; American psychoanalysis; Leowald; Erikson, 22378
Loevinger's measure of personality; ego development; intelligence; maturity; ego level; discriminant validity; incremental validity, 21111
love; multiple meanings; ego states, 1312
object relations approach; psychotic transference; theoretical position; ego psychology; countertransference, 20247
psychoanalytic psychotherapy; patient communications; unconscious content; conscious content; psychological games; child ego; Robert Langs; Eric Berne, 14112
psychoanalytic supportive psychotherapy; holocaust victim; patients ego; self defences, 32383
psychology issues; conceptual issues; self; person; individual; purpose; goal; direction; intention; reductionism; causality; reify; depersonalization; hermeneutics; scientism; causal relations, 22320
self-regulation patterns; Big Five; personality dimensions; ego-control; ego-resilience, 34676
self; ego; otherness; object; psychoanalytic theory; ego psychology; conceptualization, 13519
sexual intercourse; childhood sexual trauma; ego state therapy; severe stomach pains, 2261
sports participation; moral functioning; ego orientation; sport context; task orientation; athletes, 9147
superego; censorship; ego; Oedipus complex, 25415
transactional analysis; ego states; Eric Berne; human aspirations; limiting forces; individuation; Rosarium Philosophorum; natural growth force; transference, 14071
transactional analysis; ego states; faculty-teacher; student-teacher; communication, 14671
transactional analysis; group therapy; ego states; ego state perception, 14091
trauma; working through; affect regulation; mourning process; Freud; object relations; affect differentiation; cognitive expansion, 31648

Ego Development [See Also Ego Identity]—Serials

adolescent ego-development trajectories; young adult relationship outcomes; ego resiliency; hostility; profound arrest trajectory; adolescent development; psychiatric patients, 10242
aggressive behavior; ego development; adolescent psychiatric patient; psychiatrically hospitalized adolescents; psychological defenses, 25536
empathy development; I differentiation; self- & other-construction; self-recognition in the mirror; subjective action perception; society; intersubjectivity, 1065
individual differences; emotional complexity; emotional experiences; self-consciousness; openness to experience; empathic tendencies; cognitive complexity; ego development, 28478
Loevinger's measure of personality; ego development; intelligence; maturity; ego level; discriminant validity; incremental validity, 21111
self esteem; hypnosis; ego enhancement; psychological theories; self concept; emotional well being; psychiatric theories, 31605
subjective well-being; narrative descriptions; found possible self; lost possible self; future self; ego development; divorced women; future selves; self concept, 22081

Ego Identity—Serials

construct validity; identity status measures; Ego Identity Process Questionnaire; Extended Objective Measure of Ego Identity Status II; personality traits; psychometrics; test reliability, 33534
mental state discourse; theory of mind; internalization; social understanding; self-other understanding; mind development; social competence, 25066
self-esteem; interpersonal appraisals; likability; personality perceptions; ego threat; gender; naturalistic investigations, 1227

Egocentrism—Serials

allocentric spatial memory; egocentric spatial memory; unilateral temporal lobectomy; anterior temporal lobe; target location; object cues; spatial working memory; neurosurgical participants, 29110
cardinal direction; egocentric frames; navigators; reference-frame misalignment; exocentric frames; direction judgments; performance decrements; strategies; group differences; college students, 24362
egocentric bias; negotiation; settlements; stalemates; interpersonal treatment; fair treatment; interactional justice; resource allocation; decision making; real-life context; gender, 24131
egocentric updating; spatial relations; linguistically encoded, 6471
egocentrism; focalism; unrealistic optimism; unrealistic pessimism; life events; likelihood, 25368
egocentrism; risk perceptions; sensation seeking; smoking & nonsmoking adolescents, 34326
egocentrism; unrealistic optimism; comparative optimism; comparative likelihood; judgment; event frequency; pessimism; egocentric-processes, 1237
imaginary audience; social reality; worries; concerns; adolescent egocentrism, 956
intention; egocentric distance; optical variables; physiological potential; intended actions; walking; perceived distance, 33738
multiple spatial systems; egocentric spatial system; allocentric spatial system; spatial representations; episodic memory; context role; spatial neural systems; hippocampal system; episodic memory, 27556
personality inventory; Egocentricity Index; Rorschach; pair & reflection; self esteem; interpersonal perception, 12464
perspective taking; serial adjustment; egocentric anchoring; egocentric biases; time pressure; adjustment process, 34586
social comparison; social judgments; egocentrism; prediction; quiz difficulty; betting on self versus other; focusing on opponent vs self, 7642
voting behavior; voter illusion; personal relevance; counterfactual reasoning; social dilemmas; egocentrism; political elections, 13360

Egotism—Serials

egotism; major life decisions; career choice; place of living, 1247
egotism; major life decisions; career choice; place of living, 1268

Eidetic Imagery—Serials

educational reform; eidetic stance; knowledge; empathy; classroom, 14629
image; educational psychotherapy model; emotional conflict; parents, 14062
motion picture; cognitive images; affective images; destination images; marketing; vicarious experience; viewer empathy, 13136
systematic destruction of language in G. Orwell's '1984''human experience & eidetic imagination, 13121
visual imagery vividness; delayed recall; stimulus affect; individual differences; emotions, 24485

Ejaculation [See Male Orgasm]

EKG (Electrophysiology) [See Electrocardiography]

Elavil [See Amitriptyline]

Elbow (Anatomy)—Serials

elbow flexor muscles; noxious stimulation; nociceptive input; visual feedback; painful heat; motor cortex; motor output; elbow joint; isometric torque; biceps; force matching, 3312
motor behaviors; viscous force fields; acquisitional switching; contextual switching; multiple internal models; elbow joint movements; humans; brain, 6569

Elder Abuse—Serials

crimes against the elderly; elder abuse; vulnerable adults; justice system; punishment justifications; police chiefs; nursing home professionals; students, 10937
ethical dilemmas; elder abuse; physical abuse; emotional abuse; financial exploitation; caregivers; elder abuse reporting laws; elder care recipient; neglect; decision process, 5810
modernization; elder abuse; Arab-Israelis; social isolation; urbanization; elderly persons; abused elders, 22637
police chiefs; ombudsmen; attitudes; white-collar offenses; criminal procedures; elder abuse; nursing home offenses; street offenses; older victims; penalties, 3105
validity; self report screening; women's health; elder abuse victimization; reliability; vulnerability; dependence; dejection; coercion, 21155

Elder Abuse—Chapters

Elder abuse: Clinical assessment and obligation to report, 5820

Elder Care—Serials

adult day care; caregivers; nurses; older adults; perspectives, 17354
Afghan American elders; elder care; clinicians; educators, 29642
African Americans; caregivers; elderly people; informal care; elder-caregiver dyads; caregiving relationships; caregiver employment status; quality of care, 5637
Alzheimers Disease; cognitive decline; caregiver relations; principal caregiver attitudes; diagnosis focus; symptom focus, 22993
arthritis self-management; Hong Kong; Arthritis Self-Management Program; residential care; aged people, 26694
Asian American women; immigrant women; filial caregiving; cultural traditions; old age care; Filipino American women; Chinese American women, 14427
audiological rehabilitation; rehabilitative audiology; hearing impairments; auditory functions; special needs rehabilitation, 8737
career preference; social work practice; gerontological work; Alzheimers disease; career specialization; elder care, 36271
cross cultural comparison; chronically ill elderly family members; caregivers; family caregiving, 17370
cultural predictors; noncultural predictors; health outcomes; caregivers; elder care; daughters; Koreans; daughters-in-law; depression level; physical health, 17373
decision making; older family member; caregiver views; caregiving relinquishing; sharing, 5638
dementia screening; mental state examination; cognitive determinants; non-institutionalized residents; retirement communities, 32246
demographic characteristics; age differences; gender differences; cultural background; patient satisfaction; nursing care perceptions; patients; family carers; nurses; elderly care; nursing care, 16056
domestic assistance; financial assistance; physical assistance; extended family residence; elderly men; Mexico, 25091
elder chronic care; technology; care coordination; Rural Home Care Project; Veterans Health Administration; care coordinators; home telehealth devices; patients; chronic diseases; care veterans, 8740
elderly people; working memory performance; aging; motivational aspects; specific memory training; young adults; performance improvement, 13270
emotional withdrawal; drug response; late life depression; elderly patients; cognitive impairment, 13581
ethical dilemmas; elder abuse; physical abuse; emotional abuse; financial exploitation; caregivers; elder abuse reporting laws; elder care recipient; neglect; decision process, 5810
family caregivers; older adults; dementia; self-efficacy; aging; mental health, 14975
family caregiving; dementia patients; health professionals; caregivers; support strategies; epidemiology; health effects, 26679
food service; nursing home residents; nursing home food; quality dining experience; food quality, 8808
formal service utilization; informal care; formal care; caregiving career; sons; daughters; home care, 8801
gender differences; elderly support; socioeconomic well-being; support sources; family system; Vietnam, 10287
health care; health care; older adults; decision-making; aging, 22128
intellectual disabilities; medical care; demographic changes; mental health needs; older adults, 4505
marital status; parental status; informal support; living alone; filial supportcommunity dwelling; older people, 35754
marriage; widowhood; health-care use; seriously ill patients; elderly individuals; hospitalization; marital status; stay lengths; quality care; substantial impact; decision makers, 11787
meaning; agency; end-of-life care; values; elderly interpretation; geriatrics; care terminology; mental constructs; advance directives; palliative care, 8806
medication regimen; medication management; older adults; self-medication program; cognition; management capacity, 23099
negative consequences; elder care; familial obligation; caregivers; care provision, 2461
occupational therapy; single assessment process; collaboration; social services; elderly care; health services; client-centered practice; professional responsibility, 17452
old age psychiatry; memory clinics; old age services, 35774
older adults; evidence-based practice; mental health challenges; late-life transitions; diagnosis; professional counseling, 25101
older people; affective disorders; day hospital care; evaluation; patient perspectives on care; experiences; values, 29720
older people; relocation; care homes; environmental gerontology; autonomy, 23585
person-centered practice; elderly; nurse patient relationship; informed flexibility; mutuality; transparency; negotiation; sympathetic presence; values; care environment, 17309
Romanov Commission Report; older Canadians; health care needs; home care; home care services; priority clients, 17369
serum concentrations; concomitant medications; phenytoin serum; elderly; nursing home residents; phenytoin concentrations, 5646
social processes; elderly individuals; self-dignity; interpersonal dignity; hospitalization, 8824
social work values; managed care; health care delivery; geriatric practice; medical policy, 35796

sociodemographic background; jewish adults; disability; social network; later life, 22121
Elder Care—Chapters
Autonomy and consumer empowerment: Making quality of life the organizing principle for long-term care policy, 17343
Care management: A strengths-based approach to mental wellness with older adults, 17340
Elected Government Officials [See Government Personnel]
Elections (Political) [See Political Elections]
Elective Abortion [See Induced Abortion]
Elective Mutism—Serials
elective mutism; object relations; child psychoanalytic psychotherapy; symbolism; speech, 5255
reduced auditory efferent activity; childhood selective mutism; speaking behavior; comorbidity, 26010
selective mutism; behavioral manifestations; illness perceptions; cultural competence; treatment planning; cultural variables; Vietnamese man, 2390
selective mutism; dizygotic twins, 1742
selective mutism; social anxiety disorder; monozygotic female twins; variable symptom expression; disorder severity; genetic predisposition, 4667
selective mutism; social anxiety/phobia disposition; social competence; markers of neurodevelopmental delay/disorder; mother's psychological adjustment; marital conflict; immigrants; native children, 4559
selective mutism; social anxiety; social situations; social phobia, 7934
Electrical Activity [See Also Alpha Rhythm, Cortical Evoked Potentials, Delta Rhythm, Evoked Potentials, Kindling, Postactivation Potentials, Theta Rhythm]—Serials
age differences; working memory; hippocampus; frontal lobe; neural activity; brain activation, 7394
age of acquisition; language exposure; cerebral activation; lexical retrieval; bilinguals; Spanish; Catalan; fluency; word retrieval; verbal fluency, 644
Alzheimer's disease; cognitive impairment; verb comprehension; neurophysiological correlates; cortical activation, 1845
Alzheimer's disease; functional neuroimaging; neural activity; prefrontal cortex; episodic memory tasks; semantic memory; dementia, 22942
anxiety; error related brain activity; error related negativity, 7051
area 17 neuron pairs; spike trains; temporal resolution; peak orientation; orientation discrimination; hyperacuities; substantial cooperation, 15674
attention; auditory cortex; gamma activity; arousal; neocortex; cats; conditioned stimulus, 18577
attention; event related activation; cortical activation; preparatory activation; cortical deactivation; cue period activation; response inhibition; functional areas, 24732
attention; neural selectivity; lateral occipital complex; neural mechanisms; object recognition, 15553
averted gaze; mutual gaze; functional magnetic resonance imaging; superior temporal sulcus; fusiform gyrus; brain activity; social encounter; social cognition; social perception, 34638
Bienenstock-Cooper-Munro learning rule; spike-timing-dependent plasticity; STDP; presynaptic neurons; postsynaptic neurons; Poisson spike trains, 574
brain activation; motor imagery; locomotor-related tasks; standing; initiating gait; walking; walking with obstacles; supraspinal structures; human locomotion; electrical activity; blood flow, 3672
brain activation; phonological loop; cognitive strategies; functional magnetic resonance imaging; fMRI; subvocal rehearsal, 7059
brain activation; word generation; electrical stimulation; language-implicated acupoints, 3789
brain activity; directional cue; eye gaze; visual perception; inattention; emotion; neural activity, 3777
brain activity; neural correlates; attentional capture; visual search; frontal cortex; superior parietal cortex, 24727
brain electrical activity; breastfeeding; infant temperament; maternal depression; dyadic interaction; individual differences, 34829
brain electrical activity; spatial ability; verbal ability; cognition; affective style; performance; EEG; individual differences, 7035
brain response; visual vigilance; chronic schizophrenia; schizoaffective disorder, 25627
cerebellar long-term depression; optokinetic reflex; Purkinje cells; mice; Purkinje cells; spike activity, 34027
cerebellar neuronal activity; conditioned eyeblink responses; Pavlovian conditioning; temporal relationships; conditioned stimulus; unconditioned stimulus; brain, 6859
cerebral activation patterns; arithmetic learning; multiplication; training; hemispheric activation, 9906
cerebral activity; predictors; learning performance; Parkinson disease; treatment effects; drug therapy; deep brain stimulation, 2285
cerebral blood flow; neuroimaging; neurophysiological correlates; brain; electrical activity; behavior, 6920
cerebral information transfer; word processing; short-time phases; cortex sites; transient neural networks; abstract processing; concrete noun processing, 3708
cerebral processing; directed attention; speech processing; syntax processing; grammar; brain structure; auditory stimulation, 7079
chronic schizophrenics; neurocortical electrical activity; brain imaging, 7913
cognitive dissonance; anger; asymmetrical frontal brain activity; motivational tendencies, 34030
cortical dynamics; behavioural dynamics; initial learning; motor task; bimanual coordination, 15578
cortical electrical activity; cardiovascular responding; cerebral effects; cardiovascular effects; emotional intensity; cerebral system activation; heart rate; blood pressure; covariance, 24614
cortical excitability; motor cortex; transcranial magnetic stimulation; neuroleptic-naive patients; first-episode schizophrenia, 22535
cortical gamma oscillations; frequency components; cortical evoked potentials; visual perception; Kanizsa squares; thresholds; encoding, 7032
cortical rhythms; basal ganglia; nuclei; nigrostriatal leisons; Parkinson's disease; rats, 15479
corticotropin releasing factor; hippocampal neuronal excitability; hippocampus dependent learning; neuronal excitability; associative learning; mice; intracellular signaling pathways, 12809
crucian carp; teleost olfactory bulb; functional subdivision; chemical stimulation; neurons; skin extract; medial region; conspecifics, 15510
direct current potential; functional state; metabolic state; brain nervous tissue; bioelectrical parameters; electrical activity, 30902
dopamine modulated cortical activation; glutamatergic cortical cells; NMDA & non-NMDA receptors; firing rate; prefrontal cortex; dopamine biochemistry; glutamate response; computational modeling, 9261
dynamic facial expressions; emotions; neural activity, 24739
EEG activation; skin pain; muscle pain; nociceptive inputs; processing; capsaicin injection, 12909
EEG background activity; brain electrical activity; huntington's disease; HD, 8232
electrical oscillations; sensory neocortex; multivibrissa stimulation; cortical pyramidal cells; rats; submillisecond delays in interstimulus intervals; synchronized population spikes, 15477
electroencephalography; EEG; emotional imagery; hypnotic susceptibility; cognitive unpleasant stimulation; cognitive neutral stimulation; EEG patterns; hypnosis, 15575
Electrogustometry; taste acuity; cortical activity; magnetoencephalography; cerebral cortex; electrogustatory stimulation, 15604
emotions; happy; sad; facial expressions; adolescents; brain activity; amygdala, 18944
empathy; painful stimulus; affective qualities; brain activity; sensory components; pain; others' pain, 18269
ensemble codes; hippocampus; spatial elements; feed-forward stage; connected recurrent stage, 34043
error processing; anterior cingulate cortex; error related negativity; magnetic imaging, 7062
error related negativity; electroencephalography; errors; error detection; response vs stimulus locked event related potentials; implicit time monitoring; reaction time, 9922
event-related brain potentials; cognitive processing; music; tone, 7057
event-related optical signal; auditory cortex; neural activity; optimum filtering, 7060
evoked oscillations; recording sites; thalamo-cortical auditory system; unanesthetized rats; anesthetized rats; waking; slow wave sleep; paradoxical sleep, 21728
evolutionary biology; brain oscillations; EEG; delta; theta; alpha; phylogenetic systems; parallel processing; descending inhibition; personality traits; behavioral inhibition; age differences, 27824
eyeblink conditioning; developmental changes; cerebellar plasticity; activity of Purkinje cells; eye regions; cerebellar cortical lobule HVI; lobulus simplex; infant rats, 9920
feedforward neural networks; spatiotemporal structure; dependent plasticity; associated input; firing patterns; spike patterns; firing rates, 27763
finger writing movements; neural activation; recognition; Japanese ideographic characters; visual language; motor representation; visuospatial imagery processes; kanji, 3675
fMRI; neural basis; response inhibition; task dependent; working memory; doroslateral prefrontal cortex; Go/No-go tasks; memory load, 3794
fragile X syndrome; attention switching problem; event-related electrical potentials; human females; cognitive deficits, 22796
frequency modulation; vocalization; cortical activities; perceptual effect; brain activity, 3774
functional brain imaging; activity patterns; individual brains; optimal stimuli; spatiotemporal activity; visual areas; auditory areas, 21276
functional magnetic resonance imaging; action onset; time; drug-induced changes; task-related activity; opioid analgesic; remifentanil; insular cortex; regional brain activity; temporal variation, 18817
gamma frequency bursting; chattering neurons network; hippocampus; calcium sensitivity; cationic current; cortical pyramidal neurons; binding processing, 18001
gamma-hydroxybutyrate treatment; narcolepsy; locus coeruleus norepinephrine neurons; rats; spontaneous firing, 21744
hair cells; sensory cells; ganglion neurons; basilar membrane; cochlea innervation; complex sound waves; electrical neural activity; auditory nerve; tectorial membrane; Corti; cell types, 6976
haloperidol; thermogenic activation; orexin A; sympathetic activation, 3946
healthy elderly persons; positron emission tomography; Alzheimer disease; memory tasks; brain activation; cognitive reserve mediated modulation, 22996
healthy-side dominance; cortical neuromagnetic responses; hearing loss; central auditory pathways; monaural stimulation, 16867
hippocampal activation; memory encoding; memory retrieval; regional analysis; activation differences; hippocampal subregions; words; models; anterior hippocampus; posterior hippocampus; fMRI, 9912
hippocampal-accumbens system; goal-oriented displacement behaviors; neuronal activity; rat learning; liquid reward; water-restricted rats, 9921
hippocampus; self-motion perception; perirhinal cortex; brain lesions; neurons; theta rhythm; electrical cortical responses; movement velocity; ibotenic acid; foraging behavior, 9919
human brain polarization; non-invasive modulation; brain excitability; transcranial brain stimulation; motor potentials; neuronal firing; direct current; electrophysiology, 15669
ictal magnetoencephalography; visual hallucinations; status epilepticus; comorbidity; spike complexes; temporal area, 16805
impulse activity; cocaine self-administration; midbrain dopamine neurons; drug-seeking behavior; quinpirole; midbrain; rats, 10020
inferior colliculi; responsive neurons; receptive fields; broadband noise; sound location; monkeys; neural pathways, 7050
information encoding; neural ensembles; decoding algorithm; hippocampal neuron spiking activity; neurons; foraging rats; stochastic state-space model, 21539
interjoint coordination; walking behavior; insect legs; motor activity; motor neurons; positional signaling, 15646
Landau-Kleffner syndrome; aphasia; electrical brain discharges; temporal lobe; sleep; verbal short-term memory impairment; recall; glucose metabolism, 1739
language organization; cognitive functions; brain semantic processing; brain activation; fMRI; functional magnetic resonance imaging, 3791
language; brain activity; cognitive ability, 27823
late positive component; LPC; event related potentials; ERPs; brain; truth; deception; response conflict; strategic monitoring; response time; episodic memory, 9915
lexical performance; cerebral activation patterns; electrical activity; visual stimuli; auditory stimuli; word judgment; brain, 641
limbic paroxysmal; frontotemporal paroxysmal rhythmic activity; magnetoencephalography; obsessive-compulsive disorder; diagnosis; magnetic resonance imaging; electrocardiograms; electrooculograms, 19506
line bisection; cortical organization; cortical activation; laterality; rightward errors; athletes; Group Cortical Organization and Activation Theory; personality traits, 12819
low-dose methylphenidate; adolescent exposure; dopamine neurons activity; rat midbrain; cocaine; self-administration; neuronal excitability; abuse liability, 7156
magnetic field; electrode implantation; epileptic patients; interictal firing rate; hippocampus; intractable complex partial seizures, 16761
mammalian cerebral cortex; calcium signaling; cortical neurons; inositol triphosphate; pyramidal neurons; prefrontal cortex, 21698
memory consolidation; sleep; sleep replay; birdsong; electrical activity; temporal frequency, 15491
memory patterns; functional role; oscillator neural networks model; temporal coding; statistical neurodynamics, 9274

memory performance; temporal lobe; identification performance; neural activity; explicit memory; memory changes, 27820
memory; theta-range oscillations; human EEG; hippocampus; thalamus; hypothalamus; distributed mnemonic networks; theta-rhythmic activity; diencephalon; synchronizing activity; integrating activity, 3786
mental state attribution; other orientation; other behavior prediction; mental processes; electrical activity; neural processes; action preparation, 15564
motor cortex activation; action word production; words; representation; grammatical differences; conceptual differences; sensorimotor features; left primary motor cortex; word retrieval; nouns; verbs, 18648
motor learning; contralateral primary motor cortex; motor cortex excitability; motor performance; behavioral gains, 21629
motor programs; buccal ganglia; excitatory postsynaptic potentials; synaptic connections; ganglia neurons; cerebrobucchal interneurons, 21599
motor unit firing; voluntary contractions; human thenar muscles; spinal cord injury, 21515
mouse retina; synchronous spontaneous activtity; visual experience; retinal waves, 21730
multi-object naming; contextual priming; positron emission tomography; picture naming; neural substrates; brain electrical activity, 12878
near-infrared spectrophotometry; visual cortex; fast cerebral functional signal; brain, 7007
neural activity; sensory processing; human auditory cortex; visual short-term memory load; sensory processing; irrelevant sounds; task difficulty, 7082
neural activity; sensory processing; human auditory cortex; visual short-term memory load; sensory processing; irrelevant sounds; task difficulty, 3804
neural basis; words; non-attentional processing; automatic activation, 3795
neural connectivity; tongue movement; reading; brain modulation; brain activation, 3775
neural correlates; neural activity; first person perspective; self-consciousness; perspective taking; ground view; aerial view; egocentric reference; reaction times; eye movement, 24627
neural excitotoxicity; cerebral ischemia; cortical neurons; rats; inhibhitory neurons; principal neurons; short-term ischemia; pyramidal neurons, 15598
neural population codes; population activity; Poisson spike statistics; average spike firing rate; neural computation; brain function; neuron behavior, 15675
neuroanatomy; schizophrenic subsyndromes; schizophrenia; cognitive processes; brain activation, 1478
neurobiological network; spiking activity; parallel channels; neurons; synaptic inputs; detection; mean-rate discrimination; models, 6965
neuroimaging; task characteristics; time measurement; neural timing systems; brain activity; automatically controlled time measurement; cognitively controlled time measurement; motor circuits, 15535
neuron activity; monkey putamen; behavior-reactive neurons; neostriatum, 27826
neuron computation; spiking neuron; action potentials; complex dynamical input, 9904
neuronal activity; reward value; motivation; orbifrontal cortex; premotor cortex; monkeys, 24738
neuronal excitability; trigeminal ganglion; capsaicin; rats; IA currents, 15537
neuronal networks; Bluster B personality disorders; borderline personality disorder; antisocial personality disorder; orbitofrontal cortex; frontal gyri; anterior cingulate; response inhibition, 10867
neuronal spike trains; information processing; functional specialization; brain regions; microelectrode recordings; globus pallidus internus, 9249
neuroticism; electroencephalography; EEG asymmetry; EEG variability; anxiety; negative affect; frontal asymmetry variability, 15664
nicotine; methyllycaconitine; N-methyl-D-aspartate; hippocampus; CA1 area; rats; synaptically evoked population spikes; kinases, 3891
nmda receptor function; electrical activity; visual cortex; slow wave sleep; plasticity; neocortex; sensory learning; waking experience; cats; mice, 15550
noninvasive optical imaging; brain imaging; event-related optical signal; frequency domain optical measures, 7049
obsessive compulsive disorder; symptom provocation; pharmacological treatment; individual differences; brain markers; anterior temporal cortex; reactivity; single photon emission computed tomography, 2170
olfactory receptor cells; odorants; electrical signals; odor molecules; spike encoding; ciliary surface; receptor protein; action potentials, 7065
oscillatory activity; pyramidal tract neurons; corticospinal output; spinal motoneurons; macaque monkeys; oscillatory activity; motor cortex, 21746
parietal cortex; mental image; perspective transformation; event-related fmri; neural processing; spatial reasoning; temporal cortex; object rotations, 650
perceptual processing; response selection; neural mechanisms; brain regions; neural mapping; perceptual discrimination; brain activation; cognitive processes, 7054
personality; psychopathology; brain oscillations; EEG; personality traits, 642
phase synchronization; synchronized neuronal gamma activity; selective attention; attentional process; induced & evoked gamma oscillations; attentional modulation, 9909
phonological processing; second language reading; bilingual brain activity; native language; phonology; orthography, 3801
phonological structure; neural substrate; speech sounds; brain mapping; brain regions; syllable; phoneme, 3800
prefrontal activation; intonation perception; emotion perception; Chinese language; prosodic stimuli; speech prosody; hemispheric differences; auditory discimination, 3772
progesterone-induced spike-wave discharges; finasteride; genetic model; absence epilepsy; rats; allopregnanolone; 5-alpha reductase; neuroactive metabolites, 795
psychoactive beverage; brain electrical activity; Human beings; ayahuasca, 24844
quinine; trigeminal subnucleus caudalis; chemonociceptive cells; c-fos immunohistochemistry; immunoreactivity; rats, 15676
rapid temporal modulation; synchrony; cortical interneuron networks; neurons; visual cortex, 24119
regional brain activations; memory; deep encoding; shallow encoding; fMRI, 3771
response inhibition; obsessive compulsive disorder; brain electrical activity, 1520
response selection; cortical regions; brain activation; cognitive processes; neural networks, 7075
resting frontal brain asymmetry; socio-economic status; maternal depression; risk status; electroencephalographic activity; adolescents, 34851
right prefrontal activity; response inhibition; impulsiveness; Go/No-Go trials; neural networks, 30834
rostral anterior cingulate cortex; schizophrenia; brain activity; errors of commission, 22545
schizophrenia; electrical cortical dysfunction; current density reconstruction; electrical activity; electroencephalography, 28683
semantic discrimination; semantic tasks; linguistic task; cerebellum; overt articulation; brain activation, 3809
semantic fluency task; language processing; verbal fluency; children; adults; developmental differences; language activation, 4101
semantic memory consolidation; word categories; medial temporal lobe brain activation; nouns; age differences; knowledge categories; elderly; senior citizens; young adults, 3787
semantic priming; lexical decision; brain activity; event-related potential; words, 7069
sensorimotor cortex; supplementary motor area; striatal activation; parietal operculum; blood oxygenation; blepharospasm; visual areas; fMRI, 15574
short-term memory; neural substrate; neural activity; active memory; neuron network; cortex; time delay, 15484
single motor unit activity; electromyographic activity; consonant-vowel syllables; intraoral air pressure; velar movement; levator veli palatini; high pressure consonants; blowing tasks, 15870
single neuron; sensory interactions; vestibular responses; stimulus conditions; vestibular signals; neuronal responses; medial superior temporal cortex; population encoding; monkeys, 21655
single-unit activities; auditory cortex neurons; common marmoset; callithrix jacchus; self-initiated vocalizations; sensory-motor interaction, 21576
somatosensory cortex; ischemia; motor excitability; transcranial magnetic stimulation; electrical peripheral nerve stimulation; intracortical facilitation; intracortical inhibition, 16723
spatial information; intrinsic membrane potential; temporal coding; firing pattern; place cell firing; hippocampus; somatic & dendritic oscillations; pyramidal cells; exploring rats; neurons, 3788
speech perception; speech gesture information; auditory speech signal; multisensory integration; brain activity; visual speech movement; place of articulation, 24657
spike activity; monkeys; putamen neurons; spatial selection task; neuron responses, 27814
spike activity; sequential rearrangements; putamen neurons; monkeys; brain; continuos behavior; Macaca nemestrina; Macaca mulatta, 27809
spontaneous cortical representations; cortical activity; information processing; dye imaging; visual cortex; cortical states switching; orientation maps; hypercolumns; proximal orientation, 3321
spontaneous cortical representations; cortical activity; information processing; dye imaging; visual cortex; cortical states switching; orientation maps; hypercolumns; proximal orientation, 3329
stimulation duration; electrogustometric detection thresholds; electrical currents; lingual surface; taste function; electrical taste thresholds; anterior tongue, 21256
stimulus-preceding negativity; anticipatory processes; perceptual anticipation; contingent negative variation; slow cortical potential; cognitive processes; neurophysiological generators; SPN research, 34094
subthreshold voltage fluctuations; neuronal membranes; synaptic noise; electrophysiology; cerebral cortex, 6159
suppression; hyperpolarization; inward current; propofol; pyramidal neurons; hippocampal neurons; rat brain slices; neuronal excitability; membrane potential; inhibitory actions; rat brain; picrotoxin, 3776
synaptic activity; caenorhabditis elegans; thermotactic memory; ambient temperature; neural circuit; thermotactic behavior; temperature memory, 12959
synaptic efficacy; synaptic plasticity; short-term plasticity; long-term plasticity; spike timing; spatiotemporal patterns; neocortical synapses; temporal patterns; sequence learning, 15580
syntax ambiguity; syntactically ambiguous sentences; brain activity; amplitude; time course; sentence comprehension, 597
tactile form perception; neural network activity; neurophysiological correlates; perceptual discrimination; brain; role of visual cortical processing; visual imagery, 647
target detection; prefrontal cortex; functional magnetic resonance imaging; brain; response strategy; oddball-related activation; working memory, 9914
task-related coupling; high-frequency signals; low-frequency signals; visual cortical areas; occipital visual areas; epileptic patients; cortical cooperativity; electrical activity; visual task, 12908
temporal binding; connectionist recruitment learning; delayed lines; temporal correlation hypothesis; distributed synchrony, 9266
temporal characteristics; motor neurons; neuronal firing synchrony; predictive synchronous firing; monkeys; conditioning; spike-timing-dependent plasticity; premotor neurons, 24735
temporal structure; spike trains; neuronal ensembles; time scale; nervous system; statistical strategy, 15129
visual cortical neurons; cat; electrophysiological classes; regular spiking; fast spiking; intrinsic bursting; chattering, 15557
visual imagery; pulse waves; neuron activity; brain waves; neurochaos phenomenon; parasympathetic-division activity; meditation; electroencephalogram, 3424
visual sexual stimuli; brain activation; hypoactive sexual desire disorder; sexual drive; sexual motivation; brain regions; orbitofrontal cortex; statistical parametric mapping; cerebral blood flow, 1394
visual stimuli; salience effects; genetic approach; brain activity; fruit flies; local field potentials; LFP; behavioral tracking; neural correlates of perception, 15678
voltage dependent calcium currents; hippocampal heterotopic neurons; methylazoxylmethanol exposure; rats, 15486
voltage-gated currents; dye coupling; electrical coupling; sensorimotor cortex; embryonic mice, 21537
whisker movements; pyramidal cells; rats; motor cortex; action potentials; neuronal activity, 12811
word length; word frequency; linguistic word properties; neurophysiological brain response, 7030
working memory rehearsal; cerebral activation; multiple sclerosis; functional magnetic resonance imaging; fMRI, 4861
working memory; parietal activity; prefrontal ativity; brain activity, 15558

Electrical Activity [See Also Alpha Rhythm, Cortical Evoked Potentials, Delta Rhythm, Evoked Potentials, Kindling, Postactivation Potentials, Theta Rhythm]—Chapters

The neural basis of episodic memory: Evidence from functional neuroimaging, 3405
The neural basis of the blood-oxygen-level-dependent functional magnetic resonance imaging signal, 3749
The temporal resolution of neural codes: Does response latency have a unique role?, 3811

Electrical Brain Stimulation—Serials

bilateral subthalamic nucleus stimulation; Parkinson disease; adjustment disorder; psychiatric disorders; personality change; comorbidity; treatment outcome; treatment side effects; quality of life, 23392
bilateral subthalamic nucleus stimulation; Parkinson disease; adjustment disorder; psychiatric disorders; personality change; comorbidity; treatment outcome; treatment side effects; quality of life, 23383
bipolar mania; manic symptoms; depression treatment; central nervous system disorders; mania treatment; transcranial magnetic stimulation, 17111

cathodal DC polarization; inhibition; transcranial magnetic stimulation; human motor cortex; transcranial electric stimulation; cortico-spinal excitability, 15667
central amygdaloid nucleus; gustatory neurons; rat; parabrachial nucleus; electrical stimulation; electrolytic lesion, 3779
cerebral blood flow; unilateral & bilateral electrical stimulation; subthalamic nucleus; Parkinson's disease; bradykinesia, 14007
cortical excitability; motor cortex; transcranial magnetic stimulation; neuroleptic-naive patients; first-episode schizophrenia, 22535
corticospinal excitability; motor evoked potentials; mental counting; perceptual-motor interaction; motor imagery; motor cortex; hand, 6864
cutaneous flutter stimulation; neuron response; response dynamics;anesthetized monkeys & cats; discharge activity; stimulus frequency; skin displacement; cortical response; response pattern, 3808
defensive behavior; conditioned stimulus; rats; temporal conditioning; amygdala kindling; convulsion; time; electrical brain stimulation; anticipation; attack, 12806
defensive behaviors; orienting behaviors; superior colliculus; brain stimulation; 5-HT; midbrain; frontal cortex application; rats, 560
diffusion-weighted imaging; status epilepticus; vagus nerve stimulation; peri-ictal diffusion-weighted imaging abnormalities; regional cerebral blood flow; epilepsy, 26175
direct current stimulation; V5 visual area; visuomotor coordination; motion perception; visuomotor tracking; primary motor & primary visual cortex; visuomotor performance, 24720
electric footshock; circadian rhythms; aversive stimulus; Syrian hamsters; lateral hypothalamic brain stimulation reward; reward allocation; nonphotic phase shifts, 12818
event-related potentials; anxiety; cerebral activity; reaction time; vigilance, 13654
gender differences; repetitive transcranial magnetic stimulation; schizophrenia; rTMS; pre-treatment hypofrontality, 1479
go-nogo task; event-related potentials; somatosensory stimulation, 27819
high frequency stimulation; entopeduncular nucleus; metabolism; striatal dopaminergic transmission; striatal extracellular dopamine; rats; metabolite level, 34092
hippocampal theta; theta resetting; neural pathways; visual discrimination; surgical implantation; electrical stimulation; electrodes; fornix; perforant path, 9923
human brain polarization; non-invasive modulation; brain excitability; transcranial brain stimulation; motor potentials; neuronal firing; direct current; electrophysiology, 15669
interhemispheric brain electrical asymmetries; haptic perception; theta frequency; anorexia nervosa; weight gain, 32054
motor cortex stimulation; human motor cortex; excitatory effects; inhibitory effects; ipsilateral muscles; muscle activity; corticospinal excitability, 15647
nucleus basalis magnocellularis; avoidance retention; intracranial electrical stimulation; active avoidance learning; parafascicular nucleus; memory; rats, 646
Parkinson's disease; levodopa; bilateral subthalamic nucleus stimulation; parkinsonian symptoms; age, 17185
polypeptides; hyperpolarization; neurons; ascending pathways; neurotransmittors; brain activity, 21743
postical laughter; status epilepticus; pathologic neurologic laughter; ictal phenomenon; epilepsy; electrical brain stimulation; cortex, 11232
probabilistic classification learning; prefrontal cortex; electrical stimulation; neural excitability; memory processes; implicit learning, 6923
refractory partial seizures; vagal nerve stimulation; deep brain stimulation; antiepileptic drugs; epilepsy; seizures; brain nuclei; depression; brain stimulation, 14288
repetitive transcranial magnetic stimulation; antidepressant effects; older outpatients; depression; treatment-resistant major depression, 26456
repetitive transcranial magnetic stimulation; emotional function; right parietal cortex; depression, 1450
repetitive transcranial magnetic stimulation; schizophrenia; verbal hallucinations, 2251
right superior temporal cortex; right occipital cortex; spatial hearing; auditory spatial perception; repetitive transcranial magnetic stimulation, 24689
second somatosensory cortex; left-hemisphere dominant activation; dorsal penile nerve stimulation; somatosensory evoked fields; cutaneous nerve activation; cortical network, 3676
self-paced movement; bilateral sources; movement related potentials; readiness potential; supplementary motor area; primary motor cortex; readiness potential; subthalamic nucleus; ipsilateral cortex, 35620
sentence presentation; background stimuli; recognition potential; electrical brain response; semantic processing; stimulus probability; stimulus onset asynchrony, 27817
skill switching; savants; brain damage; savant skills; frontotemporal lobe; magnetic stimulation, 34081
slow potentials; anticipatory behavior; future directed behavior; readiness potential; contingent negative variation; Parkinson's disease; brain stimulation, 34086
spatio-temporal brain activation; line bisection judgments; double simultaneous visual stimulation; visuo-spatial neglect, 24724
subliminal perception; primary visual cortex; V1; transcranial magnetic stimulation; visual consciousness; neural correlates, 12874
subthalamic nuclei stimulation; speech; Parkinson's disease, 5059
subthalamic nucleus bilateral stimulation; Parkinson's disease; activities of daily living; motor function; long-term outcomes, 8626
subthalamic nucleus stimulation; language recovery; Parkinson's disease; PD; brain stimulation; linguistic function; treatment, 14022
subthalamic nucleus stimulation; levodopa treatment; gait abnormalities; parkinsons disease; dyskinesias; gait parameter, 5117
subthalamic nucleus stimulation; speech initiation hesitation; Parkinson's disease; frontal lobe, 8282
subthalamic nucleus stimulation; target localization; Parkinson's disease; neurophysiological guidance, 14287
temporal coding; temporal patterns; taste response; sensation; taste quality; electrical stimulation; brain; rats, 7043
transcranial direct current stimulation; sensorimotor cortex stimulation; somatosensory evoked potentials, 27818
transcranial magnetic stimulation; attentional processing; threatening facial expressions; depotentiation; neural activity alteration; neuropathology relief; animal models, 26516
transcranial magnetic stimulation; attentional processing; threatening facial expressions; depotentiation; neural activity alteration; neuropathology relief; animal models, 26492
vestibular processing; human paramedian precuneus; electrical cortical stimulation; self-motion perception; ependymoma; intracranial seizure; epileptic episodes, 29188

Electrical Injuries—Serials

electrical injury; cognitive dysfunction; progressive neuropsychological impairment, 1785

Electrical Stimulation [See Also Electrical Brain Stimulation, Electroconvulsive Shock]—Serials

acute fluoxetine; chronic fluoxetine; diazepam; freezing behavior; escape behavior; electrical stimulation; periaqueductal gray matter, 18711
audiogenic seizures; intense audiogenic stimulation; imipenem; dipeptidase inhibitor cilastatin; adult male Wistar rats, 21516
auditory cortical plasticity; auditory cortex; electric cochlear implant stimulation; sensory adaptation; cochlear prostheses; sound perception restoration; deaf adults; deaf children, 9907
auditory fear conditioning; fear extinction; tone-evoked activity; infralimbic subregion; medial prefrontal cortex; electrical stimulation; conditioned freezing; tone onset; response gating; amydala, 18647
auditory nerve recovery function; modified subtraction method; mathematical modeling; neural response telemetry; cochlear implant; electrical compound action potential; electrical stimulation, 6392
brain activation; word generation; electrical stimulation; language-implicated acupoints, 3789
cathodal DC polarization; inhibition; transcranial magnetic stimulation; human motor cortex; transcranial electric stimulation; cortico-spinal excitability, 15667
clinical course; vagus nerve stimulation; end of service; battery replacement; reimplantation; epilepsy, 35617
clinical course; vagus nerve stimulation; end of service; reimplantation; epilepsy, 14302
concurrent validity; electronic descriptive pain scale; electrical nerve stimulation; stimulation device; pain measurement; physiotherapy, 12491
counterirritation phenomenon; diffuse noxious inhibitory controls; nociceptive reflex; neuropathic pain; allodynia; pain modulation; electrophysiology, 22913
electrical fingertip stimulation; hand musle contraction; reflex; exteroceptive inhibition; somatosensory evoked potentials; stimulus intensity, 15655
electrical stimulation; cerebral palsy; significant improvement; active electrode; gross motor function; gluteus maximus; gait; muscle strength, 17116
event-related desynchronization; event-related synchronization; electrocutaneous stimulation; electroencephalographic rhythms; corpus callosum size; cortical responses, 12922
gamma synchronization; somatosensory cortex; somatosensory evoked neuromagnetic fields; cortical sensory neurons; external stimulation; neuronal synchronization; stimulus processing, 3802
loudness; complex electrical stimuli; sequential current pulses; cochlear implants; sound processing; model, 17181
medial hypothalamus; serotonin neural receptors; serotonin receptor agonist; electrical stimulation; feline defensive rage behavior; electrical stimulation; periaqueductal gray matter; cats, 6799
mental practice; motor acquisition; neuromuscular electrical stimulation; voluntary control; abductor hallucis muscle; isolated big toe abduction, 6550
nerve stimulation; brain stem; rats; impulse propagation; catacholamines; serotonic neurons; dopamine; norepinephrine, 21640
neurobiological network; spiking activity; parallel channels; neurons; synaptic inputs; detection; mean-rate discrimination; models, 6965
nicotine; target biting; resident-intruder; aggression; shock; timing, 15760
perceptual integration; intramuscular electrical stimulation; referred pain area; focal pain area, 6803
percutaneous neuromodulation therapy; low back pain; electrical stimulation; lumbar paraspinal tissues; physical activity levels; sleep, 17115
peripheral electric stimulation; PES; brain opioid receptors; rats; morphine conditioned place preference; drug craving, 7254
recovery cycle; masseter inhibitory reflex; MIR; magnetic stimulation; electrical stimulation, 8248
repeated administration; transcutaneous electrical nerve stimulation; frequency; rats; tolerance; mu-opiod agonists; delta-opiod agonists, 15430
somatosensory cortex; ischemia; motor excitability; transcranial magnetic stimulation; electrical peripheral nerve stimulation; intracortical facilitation; intracortical inhibition, 16723
somatosensory evoked potentials; painful electrical stimulation; left index finger; sleep effects; humans; pain relating fibers, 3806
somatosensory evoked potentials; SEP; active movement; median nerve; cortical component; mental movement; stimulated hand; frontal lobe; temporal lobe, 16781
spinal cord stimulation; chronic complex pain; patient satisfaction; programmable internal pulse generator; dual electrodes, 17098
spinal receptor; antihyperalgesia; rats; transcutaneous electrical nerve stimulation; pain treatment, 7067
swimming; hirudo medicinalis; serotonin; leech; electrical stimulation; head ganglion; segmental ganglia, 33993
tactile interference stimulation; primary somatosensory cortex; electrical stimulation; ear, 12916
transcutaneous electrical nerve stimulation; pain management; analgesia, 14297
vagus nerve stimulation therapy; seizures; magnet-activated stimulation, 11667
vagus nerve stimulation; neuropsychiatric disorders; mood; cognition, 20050
vagus nerve stimulation; pulse width; brain activation; major depression patients, 29419
weak electric fields; brain pathways; behavioral responses; parasitic sea lampreys; electric stimulation; octavolateral system, 21727

Electrocardiography—Serials

automatic nervous system regulation; heart rate; electrocardiogram; electrical hypersensitivity, 661
autonomic nervous system patterning; emotion; affective space; blood pressure; skin conductance; electrocardiogram, 12948
heart rate changes; EKG; preictal-ictal state transition; focal epilepsy; epileptic seizures; temporal lobe, 16790
psychotropic drugs; corrected-QT frequency; schizophrenia; psychotropic drugs; corrected-QT lengthening; risk factors, 11474
social phobia; QT dispersion; anxiety-induced cardiac dysregulation, 13667
validity; cardiac monitor; heart rate variability; heart rate measurement; female pigs; 24-h Polar RR monitor; ECG; electrocardiogram, 12449

Electroconvulsive Shock [See Also Electroconvulsive Shock Therapy]—Serials

electroconvulsive seizures; cell proliferation; glial cells; adult rat; amygdala; glial pathology; major depressive disorder; glial cell proliferation; severe depression, 18623
electroconvulsive shock; protein kinase B; phosphatidylinositol 3-OH kinase; signal transduction; rat hippocampus, 9850
non-barbiturate injectable anesthetics; conventional antiepileptic drugs; electroshock test; mice; isobolographic evaluation; seizures; electroconvulsions, 18712

noncontingent shock; behavioral deficits; flexion duration; instrumental learning; spinalized rats; intraspinal modification; de novo protein synthesis; cycloheximide; protein synthesis inhibitor, 21892
rat hippocampus; cell division; electroconvulsive seizures; animal models; beta-catenin; neurogenesis, 3671
tiagabine; gabapentin; drug interaction; electroshock seizure threshold; electroconvulsive threshold; combination ratios; seizures; adverse events; motor performance; long term memory; mice, 747
Electroconvulsive Shock Therapy—Serials
acute mania; treatment; bipolar disorders; depressive; manic episodes; mood stabilisers; antipsychotics; electroconvulsive therapy; monotherapy; psychopharmacology; treatment guidelines, 20125
cognitive impairment; schizophrenia; maintenance electroconvulsive therapy; neuropsychology, 23318
continuation ECT; regional cerebral blood flow; cerebral glucose metabolism; major depressive disorder, 5373
depressed elderly; decisional capacity; electroconvulsive therapy; educational intervention; informed consent, 17108
ECT treatment; electroconvulsive therapy; antiinflammatory drugs; psychiatric illnesses; ibuprofen; headache, 23313
electroconvulsive shock therapy; delusional depression; multiple sclerosis, 35588
electroconvulsive stimulation; long term depression; neostriatum; mood disorder patients; functional abnormalities; structural abnormalities, 18635
Electroconvulsive Therapy Accreditation Service; electroconvulsive therapy; quality of services, 32484
electroconvulsive therapy, 23312
electroconvulsive therapy; administration rate; geographical variations; Ireland; mental health services, 20423
electroconvulsive therapy; anaesthetic agents; etomdate induced seizure like activity; clinical case studes; anaesthesia side effects, 2256
electroconvulsive therapy; depression treatment; controversies; treatment guidelins, 2248
electroconvulsive therapy; ECT-donepezil interaction; apnoea; bradyarrythmic effect; recurrent major depressive disorder; severity; psychotic features; mild Alzheimer's disease, 29212
electroconvulsive therapy; ECT; views of consumers; perceived benefit; persistent memory loss; side effects, 26459
electroconvulsive therapy; frontal white matter; late-life depression, 26457
electroconvulsive therapy; mood disorders; Axis I psychiatric disorders; adolescents; practice parameter; symptoms; severity; pharmacotherapy; guidelines; ECT, 11583
electroconvulsive therapy; patients; treatment; depression; side effects; nurses, 26451
electroconvulsive therapy; psychotic disorders; psychotic depression; catatonia; modified ECT; unmodified ECT; ethical issues; efficacy; legal issues; benefits; risks, 5368
electroconvulsive therapy; safety; depressive disorders; World Psychiatric Association, 32483
electroconvulsive therapy; safety; treatment efficacy; late life depression; elderly, 2258
electroconvulsive therapy; treatment effectiveness; major depression; relapse; comorbidity; community settings, 14210
electroconvulsive therapy; use; research; future availability; treatment resistant disorders, 11581
electroconvulsive therapy; use; research; future availability; treatment resistant disorders, 5380
electroconvulsive therapy; use; research; future availability; treatment resistant disorders, 5375
generalized tonic-clonic seizures; electroconvulsive therapy; cortical-subcortical networks, 13976
heart rate variability; elderly depressed patients; major depressive disorder; electroconvulsive therapy; parasympathetic modulation, 20419
Italian psychiatry; Ugo Cerletti; theoretical framework; therapeutical framework; electric shock; psychiatric knowledge; psychiatric renewal; internationalization, 18057
long-term efficacy; electroconvulsive therapy; pre-therapy pharmacotherapy; delusional depression; relapse; major depression, 17099
magnetic seizure therapy; transcranial magnetic stimulation; electroconvulsive therapy; seizure characteristics; electrophysiology; cognitive side effects; major depression, 1432
mania; electroconvulsive therapy; manic inpatients; bipolar illness, 22518
metabolic changes; severely depressed patients; left dorsolateral prefrontal cortex; electroconvulsive therapy; treatment resistant unipolar depression, 8569
QT dispersion; schizophrenia patients; electroconvulsive therapy; cardiac diseases; mortality rates; cardiac instability, 20420
treatment-resistant depression; electroconvulsive treatment; clinical observations; genetic analysis; anxiety disorder; anxiety; depression, 23314
Electrodermal Response [See Galvanic Skin Response]
Electrodes—Serials
central fatigue; corticospinal activity; motor cortex; patients; transcranial magnetic stimulation, 8270
frequency plate compression; speech recognition; cochlear implants; electrode insertion depths; normal hearing listeners, 15240
temporal lobe epilepsy; intraventricular monitoring; endoscopic placement; intraventricular electrode array, 23002
Electroencephalography [See Also Alpha Rhythm, Delta Rhythm, Theta Rhythm]—Serials
acetylcholinesterase inhibitor; EEG; short-term memory performanace; cholinergic neurotransmission; rivastigmine; donepezil; Alzheimer patients, 11631
alpha rhythm; visual stimulation; event-related synchronization; event-related desynchronization; feedback stimulation; EEG, 27806
Alzheimer's disease; electroencephalographic coherence; cortical networks; disconnection; reduced coordination; cooperation; sensorimotor networks; frontoparietal networks; interhemispheric networks, 32138
anxiety; regional brain activation; posttraumatic stress disorder; parietal activation; depressive symptoms; EEG alpha asymmetry; arousal symptoms; female war nurses; Vietnam War veterans; emotions, 19388
arousal response; leg movements; restless legs syndrome; RLS; nocturnal evolution; slow wave activity; electroencephalographic; RLS patients; sleep wake cycle, 16629
automatic analysis; sleep depth; sleep apnea; sleep EEG, 16605
bone thickness; anisotropy; inhomogeneity; electroencephalogram scalp potentials; event-related potentials, 27810
cerebral correlates; emotional memories; electroencephalography, 24672
chaotic neuron model; stochastic behavior; neural networks; EEG; neuron dynamics, 15475
chronic benzodiazepine users; sleep microstructure; insomnia; EEG power spectra, 3763
clozapine; quantitative EEG; schizophrenia; therapeutic response; positive & negative symptoms, 26372
cognitive event-related brain potentials; drug assessment; drug effects; electroencephalographic measures; alcohol; tobacco; caffeine, 3797
complex partial status epilepticus; systemic lupus erythematosus; neuroimaging; EEG; CPSE; visual hallucinations; electroencephalogram; corticosteroids; extratemporal, 16597
continuous recording; simutaneous recording; functional magnetic resonance imaging; electroencephalogram; clinical applications; stepping stone sequence; echo planar sequence; brain mapping, 3211
cortical activity; high frequency EEG; meditation; experienced meditators; altered consciousness state; cognitive activity; happiness, 6628
cortical areas; event-related desynchronization; fighter pilots; experience level; electroencephalography activity; imagery flight training, 12925
cortical areas; motor preparation; bereitschaftspotentials recording; BP; ECoG-EMG; electrocorticogram-electromyogram coherence analysis; electrodes; rolandic area, 8303
cyclic alternating pattern; microstructure; EEG sleep; depression; sleep disorders, 7824
dimensional complexity; human sleep EEG; spectral power; linear measures; self-similarity exponent; theta band; alpha band; sigma band; sleep stages, 21742
EEG abnormalities; antipsychotics; quetiapine; olanzapine; haloperidol; scizophrenia; brief psychotic disorder; delusional disorder, 11459
EEG activation; skin pain; muscle pain; nociceptive inputs; processing; capsaicin injection, 12909
EEG activity; girls; attention deficit disorder hyperactivity disorder; ADHD; electroencephalography, 22720
EEG background activity; brain electrical activity; huntington's disease; HD, 8232
EEG biofeedback; placebo treatment; attention-deficit hyperactivity disorder; ADHD; behavioral symptomatology, 4768
EEG effects; tobacco withdrawal; denicotinized cigarettes; smoking behavior; reduced craving; plasma nicotine levels, 4315
EEG foci localization; EEG patterns; Panayiotopoulos syndrome; benign occipital seizure susceptibility syndrome; age differences; spike foci, 16804
EEG frequencies; cognitive processes; specific task processes; mental calculation; verbal working memory; spatial working memory, 30896
EEG power spectra; auditory P300; free smoking; enforced smoking abstinence, 12924
EEG power spectra; sleep onset REM periods; sleep onset non rapid eye movement periods; NREM; dream appearance processes, 21745
EEG results; counseling patients; seizure patients; prognosis; interictal EEG; epileptiform EEG interpretations, 5001
EEG spectral power; electroencephalography; mean frequencies; heroin abuse history, 11012
EEG; EEG predictive value; early infancy; premature infants; cystic periventricular leukomalacia susceptibility; West syndrome, 16829
EEG; thalamo-cortical sensory processing; sleeping human; slow wave sleep; brain reactivity; sensory stimuli; somatosensory evoked potentials, 15662
electroencephalogram; alpha oscillations; delta oscillations; trait anxiety, 30899
electroencephalogram; sleep; affective style, 6626
electroencephalographic asymmetry; prefrontal cortex; neurosciences; affect, 33978
electroencephalographic mu rhythm; object-directed grasp; mirror neuron activity; brain system, 21647
electroencephalographic signals; psychopathology; data processing; emotion; motivation, 34085
electroencephalographical differences; children; resting-state arousal level; attention deficit and hyperactivity disorder; central nervous system, 28892
electroencephalography abnormalities; age-matched siblings; autistic children; abnormal sleep patterns; epileptiform activity; autistic spectrum disorder, 22432
electroencephalography; cortical information processing abnormalities; posttraumatic stress disorder, 31794
electroencephalography; encephalopathy; ocular movement; non convulsive status epilepticus; neurology residents, 14268
electroencephalography; waking EEG; time of day; morning; evening; gender differences, 7038
electromagnetic tomography; electroencephalography; psychotic symptomatology; prefrontal cortex; schizophrenia; temporal lobe; frontal lobe; left hemisphere, 19464
electromagnetic tomography; major depression; right hemisphere; prefrontal cortex; electroencephalography; left anterior functional hypoactivation, 19372
electrophysiology; attention deficit disorder hyperactivity disorder; EEG; electroencephalography; ADHD, 22716
electrophysiology; quantitative electroencephalography; transcerebral magnetic fields; compact disc; computer sound card; shakti treatment, 30907
emotions; feelings; electrophysiological markers; frontal electroencephalogram alpha activity; neurophysiology, 34087
encephalographic comodulation; chronic fatigue syndrome; anterior posterior dissociation, 8146
environmental stimulation; preschool children; socioculturral disadvantage; developmental lag; electroencephalography; central nervous system maturation; psychosocial risk, 13159
epilepsy; intracerebral EEG activity; seizures; stereoelectroencephaolgraphic signals; SEEG, 23017
epilepsy; simultaneous EEG-fMRI; metabolic response; epileptic patients; neuronal activity; epileptic spikes; magnetic field; ballistocardiogram; methods artifacts; contamination; magnetic gradients, 4969
epileptic patients; theta discharges; temporal region; headache; EEG recordings; anterior temporal lobectomy; anticonvulsant medication; epilepsy; MEG recordings; magnetoencephalogram; seizure, 16793
epileptic seizure; seizure onset detection; patient-specific detection method; electroencephalography, 35323
epileptic seizures; epilepsy syndrome; electroencephalographic recording; cognitive function; reaction time, 8317
epileptiform EEG; cognitive impairment; cognitive function; seizures; transient cognitive impairment; epilepsy, 19943
error related negativity; electroencephalography; errors; error detection; response vs stimulus locked event related potentials; implicit time monitoring; reaction time, 9922
event related desynchronization & synchronization; free decisions; fixed movements; bimanual competition; EEG; finger movements; cortex; movement related potentials; involuntary mirror movements, 640
event related oscillations; event related EEG responses; cholinergic muscarinic receptor gene; polymorphisms; linkage; linkage disequilibrium; cognitive processes, 30898
event-related brain potentials; superior temporal gyrus; neural generators; electroencephalography; magnetoencephalography; auditory stimulation; P50, 9908
event-related desynchronization; event-related synchronization; electrocutaneous stimulation; electroencephalographic rhythms; corpus callosum size; cortical responses, 12922
event-related potentials; MRI; functional MRI; visual evoked potentials; electroencephalography; visual cortex, 624

evolutionary biology; brain oscillations; EEG; delta; theta; alpha; phylogenetic systems; parallel processing; descending inhibition; personality traits; behavioral inhibition; age differences, 27824
finger stimulation; somatosensory evoked magnetic fields; extended cortical sources; electroencephalography; EEG; magnetoencephalography; MEG; Monte-Carlo-Markov-chain estimator; source reconstruction, 3254
frontal electroencephalographic asymmetry; emotional disorders; emotional responding; frontal cortex; individual difference, 34088
frontoparietal areas; functional connectivity; short term memory; spectral coherence analysis; transfer function; electroencephalographic study, 30836
gamma-band EEGs; autonomic responses; mental arithmetic; heart rate; blood pressure; lung flow; voice response; mental arithmetic task; MAT, 12927
generalized epilepsy; tonic absence seizures; inattentiveness; stereotyped EEG pattern, 16823
gustatory stimuli; pleasant stimuli; unpleasant stimuli; anorexia nervosa; nonlinear electroencephalography; linear electroencephalography, 16568
hemispheric lateralization; electroencephalography; EEG; spontaneous lateralization; wakefulness; REM sleep, 7036
human-computer interfaces; regional lower frequency; upper alpha frequency; on-line indexes; mental activity; EEG, 27174
indeterminate sleep; nonlinear structure; full-term newborns; nonlinear EEG; premature newborns; brain dynamics; active sleep; quiet sleep; synaptic interconnections; newborn brain, 7046
individual differences; electroencephalogram alpha asymmetry; motivational dispositions; cortical activity; test validity and reliability, 33578
interictal subdural EEG; ictal subdural EEG; intractable neocortical epilepsy; spike frequency; spike amplitude; spike latency; seizure onset, 16733
lavender exposure; rosemary exposure; infants; depressed mothers; non depressed mothers; electroencephalographic activity; infants behavior; odor exposure, 15946
learning; working memory; induced brain activity; intelligence; event-related desynchronization; EEG, 12914
long range power law; electroencephalogram, 18653
megalencephalic leukoencephalopathy; intermittent photic stimulation; neurological impairment; developmental motor; epileptic patients; epileptic seizures; subcortical cysts, 5083
memory load; sequential finger movements; ipsilateral activation; movement difficulty; novel sequences; complexity; EEG, 15439
mental rotation; EEG; parietal laterality; sex differences, 7070
methamphetamine dependence; brain function; disorders; abstinence; EEG abnormalities, 4734
methylphenidate; attention deficit hyperactivity disorder; epilepsy; electroencephalographic abnormalities; seizures; ADHD; treatment; antiepilepsy drugs; safety; efficacy; drug treatment, 5286
mild Alzheimers disease; cholinergic system; cortico-cortical connections; sub-cortical white matter; power bands; electroencephalography; EEG, 29156
mismatch negativity generators; schizophrenia; voxel-based statistical parametric mapping; current density images; low-resolution electromagnetic tomography; MRI; high density EEG, 22571
mismatch negativity generators; schizophrenia; voxel-based statistical parametric mapping; current density images; low-resolution electromagnetic tomography; MRI; high density EEG, 22560
movement control; EEG potentials; lateralized readiness potential; Bereitschaftspotential; BP; contingent negative variation; CNV; neurological patients; Parkinsons; amyotrophic lateral sclerosis, 35329
neuroticism; electroencephalography; EEG asymmetry; EEG variability; anxiety; negative affect; frontal asymmetry variability, 15664
nonepileptic seizures; antiepileptic drugs; Indian population; patients; prevalence; psychosomatic; short-term video electroencephalography; convulsions; screening, 1859
oscillatory EEG activity time course; phasic extension finger movements; ipsilateral primary motor cortex; cortical excitability; event-related desynchronization; event-related synchronization, 12919
Parkinsons disease; electroencephalography; REM sleep behavior disorders; wakefulness, 29116
personality; psychopathology; brain oscillations; EEG; personality traits, 642
pharmacodynamic interaction; EEG response; midazolam; GABA subtype A receptor; rats; allosteric modulation; tiagabine; antiseizure activity; synaptic GABA uptake inhibitor, 15762
phase synchronization; synchronized neuronal gamma activity; selective attention; attentional process; induced & evoked gamma oscillations; attentional modulation, 9909
post-traumatic stress disorder; combat veterans; quantitative electroencephalogram, 4661
prefrontal cortex; frontal lobe; parietal lobe; electroencephalography; waking EEG; morning; evening; spatial orientation; maze, 7040
presleep relaxed electroencephalography; left frontal region; localised neuropsychological performance, 27709
propofol-induced alpha rhythm; electroencephalographic effects; sedatives; hypnotic drugs, 34147
psychogenic pseudoseizures; neurologists; psychiatrists; diagnostic significance; video-EEG procedure, 17542
pupil staging; electroencephalography; sleepiness measurement; Alertness Level Test; test validity; pupil size; narcolepsy; obstructive sleep apnea, 18092
quantitative EEG; neurotherapy; neurofeedback; neurotherapist, 32251
quantitative electroencephalogram; antidementia drug; brain; rivastigmine; Parkinsons disease; dementia; drug therapy; cognitive ability, 23371
quantitative electroencephalographic; qEEG; Alzheimer's disease; AD; hemodynamic parameters, 8276
rats; pentylenetetrazol; subcortical anterior thalamus; posterior thalamus; hippocampal bipolar electrodes; cortical EEG; seizure activity propagation, 15448
refractory temporal lobe epilepsy; peri-ictal water drinking behavior, 16836
response times; degenerative cerebellar disease; task-relevant information; cerebellar atrophy; healthy controls; motor impairment; EEG potentials; time points; cerebellum; temporal contingencies, 20064
resting EEG; beta band power; offspring; male alcoholics; alcoholic families; at risk populations; gender, 16504
schizophrenia; electrical cortical dysfunction; current density reconstruction; electrical activity; electroencephalography, 28683
seizure onset; epileptic seizure dynamics; dynamic ictal period; evolution; artifacts; interpretation; seizure propagation; Gabor atom density; epileptic electroencephalograph dynamics; termination, 5009
sleep deprivation; waking EEG; sex differences, 7041
sleep EEG; slow-wave sleep; hydrocortisone; growth hormone secretion; cortisol administration; feedback inhibition; rapid-eye movement sleep; healthy volunteers; theta frequencies; delta frequencies, 18638
sleep; quantitative electroencephalography; neurodegenerative disorders; sleep problems, 26159
source localization; EEG; event-related potentials; distractor condition; global field power; anterior cingulum; target processing; parietal lobe; insula; cortical networks sources; temporal lobe, 24679
spatiotemporal pattern; event-related desynchronization; ERD; event-related synchronization; ERS; electrocorticographic data; ECoG; self-paced movement, 8289
status epilepticus occurrence; seizure clusters occurrence; video-EEG monitoring; epilepsy monitoring units; time to first seizure; seizure duration, 13992
stimulus processing; stimulus relevance; auditory oddball task; event-related brain potentials; ERPs; theta event-related brain potential; transient dominance, 3810
superior temporal gyrus; schizophrenia; cortical responses; auditory responses; electroencephalography; EEG; MEG; magnetoencephalography; auditory stimuli; asynchrony; auditory stimuli, 16435
temporal lobe epilepsy; electroencephalography responses; temporal lobe seizures; lateralization, 8320
thought translation device; slow cortical potentials; spelling accuracy; severely paralyzed patients; communication; brain-computer interface; feedback training; EEG classifications, 5006
tobacco abstinence; tobacco smokers; arousal level; electroencephalography; auditory evoked potentials; auditory event related potentials, 4307
verbal communication; movement imagery; severe cerebral palsy; electroencephalography-brain-computer interface; paralysis; EEG feedback training; motor impairment; event related synchronization, 5667
verbal fluency; EEG; laterality; dorsolateral prefrontal cortex; hemispheric asymmetry, 12875
wakefulness; sleep; learning; EEG power spectra; memory processing; behavioral responses; avoidance task; retention; rats, 15659

Electrolytes [See Also Calcium Ions, Sodium Ions, Zinc]—Serials

circadian organization; serum electrolytes; serum electrolytes; physiological aging; circadian pattern; cognitive impairment; central nervous system, 7108
electrolytic lesions; ventral subiculum; spatial memory alteration; amphetamine-induced locomotion; working memory; rats, 24704
ligands; voltage sensitive calcium channel modulators; Ions; neuronal membranes; neurotransmission; central nervous system; anticonvulsant effects, 34072

Electromyography—Serials

aging; force variability; single motor unit; motor discharge patterns; electromyographic activity; muscular contraction; EMG activity, 3345
bruxism; relaxation; nocturnal alarm; nocturnal teeth grinding; biofeedback; electromyographic activity, 26449
clinical neurophysiology; electromyography; neuromuscular disorders; therapeutic strategies; patients, 8316
electromyography; cerebral cortical rhythms; electroencephalographic; electrocorticogram; magnetoencephalography; corticomuscular coherence; muscular activities; fatigue, 6964
electromyography; EMG; muscular activity; real movements; imagined movements; inflow explanations, 682
electromyography; EMG; muscular activity; real movements; imagined movements; inflow explanations, 676
emotion-modulated startle response; video-based evaluations; EMG-based evaluations; acoustic startle; eyeblink; electromyographic measurement; validity; reliability; children, 9532
facial muscles; chewing muscles; human adults; taste stimuli hedonics; corrugator supercilli; venter frontalis; orbicularis oculi; depressor anguli; digastricus muscles, 6480
inhibitory neuronal mechanisms; motor cortex; schizophrenic patients; electromyographic activity; contralateral hand muscles; ipsilateral hand muscles, 22527
negative affect; political sensitivity; self report; facial EMG; preferences; ingroup outgroup; crossed categorization, 19114
single motor unit activity; electromyographic activity; consonant-vowel syllables; intraoral air pressure; velar movement; levator veli palatini; high pressure consonants; blowing tasks, 15870
unperturbed limbs; surface electromyography; tibialis anterior; optical imaging; rectus femoris; biceps femoris; kinematic data; gluteus medius; reactive recovery response, 21315
vibration; electromyographic activity; human locomotion; afferent input, 15679

Electronic Communication [See Also Computer Mediated Communication]—Serials

cognitive technology; technological use; user perceptions; non users; self-presentation; self perceptions; technological devices; memory, 20994
communication technologies; World Wide Web; bereavement reactions; social support, 31563
consumer attention; on-line advertisements; marketing models; consumers; products; ad-sponsored products; marketers; consumer perception; computer, 21000
correct; exit; correctability; exitability; electronic media communication; negotiation; constructive action, 18044
deaf; short message service; communication; interpersonal relationships; intimacy, 29205
digital government; e-government; state government websites; Republican-controlled legislatures; internet access; legislative professionalization; citizen demand; American states; state innovation, 16187
electronic resumes; paper resumes; job applicants; attributes, 27041
global digital divide; telecommunications networks; information technology connectedness; trends; social change, 10357
Hebrew electronic books; Dutch electronic books; child literacy development; e-books; content analysis, 36122
industrialized nations; national character; Internet usage; technology, 13497
instructional design; science curriculum; teaching science; Internet-based communications; learning; science curriculum; advanced technology; group investigations model; special education students, 2736
international children's digital library; digital books; online viewing; book reading access; community libraries; design; digital archive; children books, 17642
Internet sites; extremist web site content; extremist groups; racism; hate groups online; content analysis; supremacist literature; organized groups; unaffiliated individuals; website links, 13135
language intensity; response rate; attitude change; e mails; intense messages; communication media, 34208
medical record; paper based record; electronic record; organizational reach; discourse research; organizational discourse, 20538
memory strategies; performance; prospective memory task; e-mail; mobile phone, 15334
online access; genuine deafness; feigned deafness; hypnosis, 32493
online auction market; digital certificate; certification authority; economic incentive mechanism; fraud, 17925

online communications; electronic mail; e-mail communication; English language teaching; Greece; language learning potential; language teaching; foreign languages; primary school; primary education, 2742
online daters; relationships; online matchmaking; soul mate; online dating; illusory perceptions; compatibility, 31052
organizational consequences; Electronic Data Interchange systems; EDI; power relationships; work organization; lower job bands; standardizing functions; downsizing, 2876
patient-therapist relationship; mental health records; shared electronic environment; electronic health records; mental health services; mental health information; healthcare providers, 32226
perceptions; experience; attitudes; communication behavior; environment; group support system; electronic meeting systems; organizational personnel; information technology, 24019
personal digital assistant; portal; knowledge sources; wireless setting; wireless networks; handheld devices; internet; physicians; personal information management; static medical applications, 7344
potential impacts; news media; internet; world wide web; journalism; online publishing; multimedia, 15883
senior government executives; Internet use; economies; information technology; electronic-government program; information technology literacy, 33377
sexual harassment attitudes; e-mail messages; social desirability; gender differences, 34975
socio-economic factors; culture; e-commerce development; infrastructural factors, 30294
technology; healthcare; community; vascular disease patients; healthcare professionals; information technology, 8706
telepsychiatry; electronic medicine; e-therapy; telemedicine; physician; remote patient; Internet, 9296
Electronic Communication [See Also Computer Mediated Communication]—Chapters
On the relationship between presence and usability: A situated, action-based approach to virtual environments, 3080
Electronic Mail [See Computer Mediated Communication]
Electrophysiology [See Also Electrical Activity, Electrical Brain Stimulation, Electrocardiography, Electroencephalography, Electromyography, Electroretinography, Galvanic Skin Response]—Serials
acetaldehyde; dopamine containing neurons; ventro tegmental area; neuronal activity; burst firing; spikes burst; firing rate; electrophysiological parameters; motivational properties; ethanol effects, 18637
agmatine; spinal antinociception; nociceptive discharge; parafascicular neuron; yohimbine; idazoxan; rat; eletrophysiological model, 15653
anorexia nervosa; gustatory stimuli; electrophysiological methods, 26005
auditory distraction presentation rates; electrophysiological effects; event-related potential; behavioral effects; stimulus occurrence timing; discrimination; tones; stimulus onset asynchrony, 21740
axotomized & intact dorsal root ganglion neurons; spinal nerve ligation; partial rhizotomy; hyperalgesia; allodynia; rats; electrophysiological changes, 15540
brain electrophysiological activity; object categorization; visual processing, 34089
brain maturity; event-related potentials; frontal lobe development; contingent negative variation; error-related negativity; novelty P300 data; electrophysiology, 24740
Caenorhabditis elegans; neural circuits; sensory processing; neural development; electrophysiology; neural function; synaptic organization; presynaptic neurotransmitter release; postsynaptic response, 21500
cardiovascular parameters; heart rate; atropine; zatebradine; electrophysiological function; hemodynamic function; dogs, 15751
claustrum; pavlovian heart rate; electrophysiology; lesion studies; anatomical studies; heart rate conditioning; claustral cells; rabbits, 21557
clinical neurophysiology; electromyography; neuromuscular disorders; therapeutic strategies; patients, 8316
clozapine; electrophysiology; haloperidol; ventral tegmental area dopamine neurons; schizophrenia model; rats, 779
cognitive processes; task switching; visual perception; electrophysiology, 12687
cortical auditory processing; cortical auditory communication; autism; electrophysiological relations; behavioral relations; temporal sites; auditory evoked potentials; verbal & non-verbal abilities, 11069
cortical relay time; CRT; latency reflex; central motor conduction; spinocerebellar ataxia type 6 patients; neurodegenerative disorder; dysarthria; electrophysiology; motor evoked potentials, 5022
dual-task interference; human electrophysiology; psychological refractory period; encoding-speeded response; event-related potential component; lateralized readiness potential; response time, 21725
electrophysiological correlates; multiplication facts retrieval; electrophysiological activity; stimulus-driven retrieval, 27815
electrophysiology; attention deficit disorder hyperactivity disorder; EEG; electroencephalography; ADHD, 22716
electrophysiology; attention-deficit disorder; hyperactivity disorder; event-related potential; ERP; ADHD; early preparatory processes; auditory & visual attention systems; frontal inhibition system, 22717
electrophysiology; event-related potentials; automatic early semantic processing; recognition potential, 9913
electrophysiology; focal clonic seizures; subthalamic nucleus; focal epilepsy, 22946
electrophysiology; human somatosensory cortex; somatosensory evoked potential; contralateral median nerve; electrical stimulation; blood oxygen level dependent, 7029
electrophysiology; quantitative electroencephalography; transcerebral magnetic fields; compact disc; computer sound card; shakti treatment, 30907
electrophysiology; visual memory; encoding; attentional blink effect; stimulus onset asynchronies, 7042
emotions; feelings; electrophysiological markers; frontal electroencephalogram alpha activity; neurophysiology, 34087
event-related potentials; contingent negative variation; time processing; timing capacities; CNV amplitude; temporal accumulator; temporal estimates; positive polarity; time-based decision making, 34091
horizontal connections; collinear facilitation; population activity; tree shrew; visual cortex; optical imaging; electrophysiology, 21561
human brain polarization; non-invasive modulation; brain excitability; transcranial brain stimulation; motor potentials; neuronal firing; direct current; electrophysiology, 15669
human motor cortex; transcranial magnetic stimulation; theta burst stimulation, 30897
input & output stations; entorhinal cortex; superficial layers; deep layers; lateral division; medial division; hippocampus; subiculum; perirhinal cortex; anatomy; electrophysiology, 9888
judgment processes; behavioral; electrophysiology; aesthetics; descriptive symmetry, 18332
migraine; transcranial magnetic stimulation; cortical information processing; electrophysiology; cognitive disturbances; subcortical structures; evoked potentials; cerebral cortex; Medline; aura, 16628
N-methyl-D-aspartate; NMDA receptor agonist & non-NMDA receptor agonist; electromyogram responses; spinal withdrawal reflex; rats; electrical & mechanical stimuli; inflammation; sensitization, 6819
neural activity; electrophysiological recordings; genetic manipulations; fruit flies; Drosophila brain; brain activity patterns; visual objects; gene products; gene behavior, 15650
neural model; location arrays; perceptual groups; retinotopic maps; visual attention; visual selection; grouped spatial arrays, 12589
neuromagnetic gamma-band activity; somatosensory processing; gamma oscillations; secondary somatosensory cortex; electronic stimulation, 21734
noun phrases; verb-argument structure; semantics; pragmatics; syntax; simple sentences; event-related potentials; online processing; animacy; verbs; sentences; P600; N400; electrophysiology, 15657
nucleus reticularis thalami; cortical cells; neurons; rats; electrophysiology; neurons, 34022
Parkinson's disease; pathophysiology; unilateral tremor; post-movement beta synchronization; related neural networks, 16830
presynaptic GABA release; substantia nigra pars compacta; Gamma-hydroxybutyrate; alcohol abuse; patch-clamp recordings; calcium influx; inhibitory postsynaptic currents; dopaminergic neurons, 18559
QTc; antipsychotic drugs; metabolic inhibition; haloperidol; thioridazine; ziprasidone; quetiapine; olanzapine; risperidone, 11495
QTc; antipsychotic drugs; metabolic inhibition; haloperidol; thioridazine; ziprasidone; quetiapine; olanzapine; risperidone, 32447
right hemisphere; electrophysiological correlates; event-related potentials; episodic retrieval; memory retrieval; episodic memory; exclusion task; response time demands, 18411
sentence context; reading; Recognition Potential; semantic aspects; electrophysiology, 15661
silicon model; visual system; silicon chip; neurons; receptive fields; electrophysiology, 30815
slow potentials; anticipatory behavior; future directed behavior; readiness potential; contingent negative variation; Parkinson's disease; brain stimulation, 34086
somatosensory function abnormalities; amyotrophic lateral sclerosis; parkinsonism-dementia complex; Kii peninsula; electrophysiological findings, 16822
spike trains; monkey brain; stochastic structure; primary visual cortex; neurons; spike count; visual cortex; information; coding, 15601
spontaneous regenerative activity; retinal bipolar cells; rat retina; voltage dependent calcium channels, 6804
SSR181507; electrophysiological profile; dopamine D2 receptor antagonism; neurochemical profile; rats; 5-HT1A receptor agonism; schizophrenia; treatment; atypical antipsychotic, 9967
stimulus format; object recognition; event-related potentials; electrophysiological indices, 12921
subchronic clozapine treatment; long-term potentiation; rat prefrontal cortex; N-methyl-D-aspartate receptor transmission; electrophysiological investigation; prelimbic brain, 27886
tactile channels; P channel; NP channel; glabrous skin; sensory receptors; afferent nerve fibers; age; perceived magnitude of stimuli; spatial summation, 9911
taste cells; electrophysiological characterization; voltage-gated currents; antigens; alpha-gustducin; mice, 21736
thalidomide; side effects; sensory neuropathy; multiple myeloma; sensory ganglionopathy; electrophysiology, 29477
tryptophan depletion; auditory event related potentials; central serotonergic activity; amplitude slope; stimulus intensity; loudness; amino acid, 12775
weak electric fields; brain pathways; behavioral responses; parasitic sea lampreys; electric stimulation; octavolateral system, 21727
Electrophysiology [See Also Electrical Activity, Electrical Brain Stimulation, Electrocardiography, Electroencephalography, Electromyography, Electroretinography, Galvanic Skin Response]—Chapters
Effects of partial callosal and unilateral cortical lesions on interhemispheric transfer, 15631
Interhemispheric visuomotor activation: Spatiotemporal electrophysiology related to reaction time, 15682
Language in microvolts, 15681
Electroretinography—Serials
electroretinography; winter seasonal affective disorder; retinal sensitivity; rod photoreceptor system; major depression, 31738
rats; spectral sensitivity; cone-driven electroretinogram; cone pigments; spectral identity; b-wave, 6787
Electroshock Therapy [See Electroconvulsive Shock Therapy]
Elementarism [See Reductionism]
Elementary Education—Serials
anthropology; culture; teaching; learning; improving practice; after-school program; elementary students; professional develoment; academic achievement; teachers; urban schools; cultural diversity, 17632
lexical differences; reading materials; elementary education; vocabulary aquisition; reading; words; childs narratives, 29981
reading ability; Neale Analysis of Reading Ability; reading accuracy; reading comprehension, 26949
school adjustment; disadvantaged children; family; academic competence; elementary school; family income; adversity, 14670
school work; elementary school; information economy; socially progressive education, 12132
speech difficulties; educational problems; educational attainment; elementary school children, 26013
teacher effects; school effects; secondary education; primary education, 17575
text-leveling systems; reading accuracy; reading fluency; second-grade students; decoding difficulties, 30031
university students; elementary education students; inclusive education; collaborative teacher preparation; educator; teaching methods; special education teachers, 23931
Elementary School Students [See Also Intermediate School Students, Primary School Students]—Serials
academic self-concept; educational attainment level; family structure; family socioeconomic status; elementary school students, 30033
achievement-related beliefs; third-grade children; mathematics difficulty; reading difficulty; productive learning behaviors; academic skills; perceived competence; intelligence, 33124
antisocial behavior; behavior problems; at risk students; multivariate procedures; typically developing students; teacher nominations, 2839
attentional demands; reading comprehension; third graders, 36152
basic reading skills; dance program; first-grade students; arts-based educational program, 23817

behavior change; urban school-based mental health program; severe emotional & behavioral difficulties; conduct disorder; attention deficit; hyperactivity; depressive symptoms, 2865
Black elementary students; all-Black schools; learning environment; teacher practices; student responses, 20868
Books Alive project; multimedia texts; talking books; reading development; higher-order reading skills; elementary school students, 2759
bullying; victim problems; machiavellianism; self-efficacy; Greek primary school children, 25769

age-related vision impairment; psychosocial adaptation; control strategies; activities of daily living; attitudes; coping, 1899
assessment strategies; school psychologists; student evaluation; social problems; behavioral problems; emotional problems, 21096
athletes disposition; optimism; pessimism; coping; goal attainment; sport competition; task-oriented coping; affective states; emotional adjustment, 33315
attachment representation; friendship relations; social relationship; parent-child relationship; peer relations, 22107
autistic children; parents experiences; adjustment process; internet; pervasive developmental disorder, 35077
behavioral problems; emotional problems; parent reports; teacher reports; Child Behavior Checklist; Teacher's Report Form; internal consistency; rating agreements, 24241
bereavement related distress; personal adjustment; causal relationships; coping skills, 22341
body dissatisfaction; body image; human males; psychological adjustment; eating disorder; steroid use; exercise; health behavior, 28493
cancer patients; ill children; uncertainty; ordinary life; psychological adjustment; illness course, 16705
cancer patients; mind-body therapies; mindfulness-based stress reduction and relaxation program effectiveness; stress; state anxiety; mental adjustment; breast cancer; health locus of control, 32564
cancer patients; mind-body therapies; mindfulness-based stress reduction and relaxation program effectiveness; stress; state anxiety; mental adjustment; breast cancer; health locus of control, 32540
cancer patients; mind-body therapies; mindfulness-based stress reduction and relaxation program; stress; state anxiety; mental adjustment; breast cancer; health locus of control, 32549
cancer; threat perceptions; objective events; distress; perceived life threat; psychological adjustment; disease prognosis; intrusive thoughts; avoidance; posttraumatic stress disorder, 29070
child care adaptation; infant-mother attachment; infant negative emotion; cortisol levels; fuss-cry levels, 31124
child maltreatment; child abuse; sexual abuse; physical abuse; psychological maltreatment; neglect; family violence; psychological adjustment, 34969
chronic illness adjustment; disability adjustment; coping stages; phases; psychosocial adjustment; catastrophe theory; chaos theory; complexity theory; disability rehabilitation, 2489
clinical correlates; childhood adjustment; adolescent adjustment; psychosocial adjustment; adult patients; bipolar disorder; premorbidity; drug abuse; alcohol abuse; suicide attempts, 19314
cognitive recovery; emotional adjustment; encephalomyelopathy; dysarthria; psychotherapeutic intervention; persistent vegetative state, 14457
comprehensive rehabilitation; close relatives; family adjustment; traumatic brain injury; long-term adjustment; emotional adjustment, 14430
congregate living facilities; residential relocation; transition styles; older women; independent living; adjustment, 4181
coping responses; adjustment; breast cancer; diagnosis, 19911
cross-cultural adjustment; learning orientation; self-efficacy; socialization; family adjustment; workforce management; business executives, 36345
cultural adjustment; mental health; Japanese immigrants; youth; discrimination; coping; cultural identity, 13261
deficiencies in communication; health care professionals; cancer patients; psychological adjustment; reasons for deficiencies; communication skills training; specialist cancer nurses, 5438
disclosure model; psychological adjustment; medication adherence; health care professionals; caregivers; HIV-infected youth; pediatric patients, 29042
divorce adjustment; custodial mothers; psychological functioning; family functioning; divorce education, 31369
divorce; maternal disclosures; adolescent adjustment difficulties; sons; daughters; gender differences; sensitive discussion, 13340
divorced families; remarriage; children of divorce; risks; adjustment patterns; social support; children's adjustment, 22072
ecological risk; perceived discrimination; psychological adjustment; African American youth; European American youth, 28229
emotional adjustment; chronic pain; behavior; role loss; self concept differentiation; identity; personal attributes; depression, 8128
emotional coherence; HOTCO computational model; self deception; beliefs; wishful thinking; intention; self division, 10612
emotional expression; expression suppression; expression enhancement; long-term adjustment; adaptation; college students, 25323
emotional health; adolescent romance; adolescent health; sexuality; lesbians; gays; bisexuals; romantic attraction; relationships; adolescent development; gender differences, 1011
emotional verbalization; health-related emotions; chronic pain patients; psychological adjustment; patient disclosure; interpersonal variables, 35187
experiential avoidance; psychological distress; posttraumatic symptomatology; psychological functioning, 31593
exposure to & appraisals of marital conflict; siblings; differences; psychological adjustment; behavioral conduct; experiences; depressed mood; externalizing problems, 1009
family functioning; psychological adjustment; healthy school-age sibling; self-perception; asthmatic child; diabetic child, 18957
family income stability; preschool children; adjustment; family functioning; poverty, 31238
family law; family court; divorce process; child participation; legal system; childrens psychological involvement; post-divorce adjustment, 33442
family transitions; parental separation; stepfamilies; parent child relationships; children's adjustment, 34319
father-child relationship; parental separation; nonresident fathers; child adjustment; parenting style; parental involvement, 22215
financial resources; parenting adjustment; adolescent adjustment; African American families; resource adequacy; depressive symptoms, 22208
friendship quality; emotional adjustment; friendship, 22066
gender identity; psychological well-being; children; preadolescent adjustment, 25081
gender; education; initiator status; length of separation; disentanglement; sense of coherence; meaning; psychological well being following divorce, 10382
gender; preloss marital dependence; older adults; psychological adjustment; widowhood; widows; widowers, 28236
genetic test results; psychological response; impact of receiving genetic mutation results; women at increased risk for hereditary breast cancer; high-risk breast cancer families, 35234
global maladaptive schema; life events; psychological distress; personality pathology, 34737
husbands' ambivalence; breast cancer; family relationship; emotional adjustment, 11192
in vitro fertilization; psychosocial adjustment; parenting stress; defensive responding; subsequent treatment; mothers; fathers, 2311
interparental conflict; adolescent adjustment; psychological symptoms; child gender; internalizing symptoms; early adolescent vulnerability, 13228
intervention behavioral outcome; standard care; adolescent children; emotional distress; HIV parents; teenage parents; behavior problems; substance abuse; coping styles; adjustment, 16684
L-dopa medication; cognitive inflexibility; impulsivity; Parkinsons disease; patients; dopamine; dopaminergic medication; attentional functioning; socio-emotional functioning, 20463
Life Closure Scale; psychometric testing; psychological adaptations; death and dying; terminal illnesses; home hospice; end-of-life, 27350
life course transitions; depressive symptons; depressed women; parental caregiving role; marital status change; perceived health changes; mid-life transition; mental health, 31755
long sleepers; short sleepers; psychological adjustment; lifestyle; sleep parameters; older adults, 12933
loss; attachment-related avoidance; bereavement adaptation, 25343
maladaptive beliefs; schema; personality adjustment; behavioral adjustment; personality disorders; female prison inmates, 4756
maladjustment; psychological states; outpatients; schizophrenia, 7914
maternal adjustment; obstetrical brachial plexus injuries; risk factors; resistence factors; disabled children, 32097
maternal depression; child adjustment; child distress; risk factors; emotional problems; behavioral problems; social capital; genetics; psychosocial factors, 31732
meaning constructs; bereavement adjustment predictors; content analysis; risk factors, 28466
meaning; parenting; coping; parental adjustment; Asperger syndrome; sense making; benefit finding; family stress, 25962
mental health; mental illnesses; child psychological adjustment; mental health professionals; child care; public policy advocacy, 23508
mental health; physical health; Italian youngsters; depression; anxiety; maladjustment; victimization; school environment; home environment; domestic violence; bullying, 24995

parental support; psychological adjustment; sense of belonging; hostile campus racial climate; drug use; binge drinking; ethnic group differences; college freshmen; African Americans; Whites, 26965
parents' marital status; marital process; adolescent emotional adjustment; parental resources; family environment, 34364
perceived control; adjustment; trauma; sexual assault; sudden bereavement; life satisfaction; depression; posttraumatic stress disorder; anxiety; stress, 28553
personality; emotional problems; conduct problems; adolescents; adjustment problems, 28111
physical functioning; battered women; socioeconomic resources; partner violence; social relations; standardized questionnaire; depression symptomatology; cessation strategies, 4706
physical functioning; mental health; quality of life; older individuals; multiple sclerosis; physical impairment; psychological adjustment, 19848
physical illness; health problems; adaptation; chronic illness; rheumatoid arthritis; adjustment; models, 32115
physiological indices; empathy; socioemotional adjustment; caregivers; children; maternal expressivity; skin conductance; heart rate; sex differences, 4140
positive events; maladjustment; family transitions; divorced families; children; adolescents; stress buffer, 975
positive reappraisal coping; posttraumatic growth; early-stage breast cancer; women; benefit finding; prediction; perceived health; positive mood; health attitudes, 1820
predictors; functional limitations; condition visibility; anxiety; depression; coping strategies; psychosocial adaptation; life satisfaction; disabled college students, 2276

problem-solving appraisal; career counseling; psychological adjustment; career decidedness; client attribute, 36269
psyche; unconscious; emotional processing; dreaming; psychoanalytic theory, 16340
psychological adjustment; life quality; high depression; breast cancer; women; community-based oncology support program, 29059
psychological adjustment; physical adjustment; breast cancer; quality of life; women, 11199
psychological adjustment; psychological separation; emotional autonomy; normal development; western cultures; personal choice; autonomous self; behavioural autonomy, 16034
psychological adjustment; social variables; disposition; breast cancer; emotional intelligence; social support; social constraints; social-cognitive processing model; traumatic event adaptation, 20458
psychological separation-individuation; psychological adjustment; Greek adolescents; mental health; conflictual independence; academic performance; behavioral problems; social competence; parents, 7418
psychological well-being; depressed mood; psychological adjustment; problem-focused coping; social support; HIV; AIDS; meaning of illness, 4918
psychosocial adjustment; employment outcome; physical impairments; marital status; working ability; traumatic brain injury, 35281
psychosocial adjustment; school-aged children; violence; physical proximity; emotional proximity; victims of violence, 10253
psychosocial adjustment; social support; peer social acceptance; refugees; acculturation; self-worth; adolescents, 25030
psychosocial functioning; patients; treatment resistant depression; interpersonal relations; recreational activities; sexual activity, 31752
psychosocial status; depression; stress symptoms; lumbar disc herniation; disability; pain; occupational handicap; female patients, 8141
religion; stress coping; orienting system; trait-state model; attribution; psychological adjustment, 12519
religious coping; passive coping; arthritis; Latinos; theoretical models; active coping; psychological adjustment; pain, 11132
school transition; elementary school; secondary school; psychological adjustment; children stress experiences; somatic symptoms, 14625
sense of coherence; age differences; stabilization, 1244
sibling relationship; psychological adjustment; acute lymphoblastic leukemia; psychosocial intervention; empathy; illness concepts; cancer; acute myelocytic leukemia; non-Hodgkin's lymphoma, 26100
small schools; private schools; high school students; emotional adjustment; depression; attempted suicide; gender differences; weapons use, 20870
social adjustment; emotional adjustment; siblings; autistic children; resilience; genetic liability; environmental factors, 22734
social emotional adjustment profiles; deviant behavior; juvenile offenders; internalizing problems; externalizing problems, 35053
social support networks; adolescent mothers; children's biological fathers; social strain; relationship continuity; teenage mothers; psychological adjustment; maternal grandmothers; new male partners, 983
social support; psychological adjustment; arthritis; coping behavior; chronic illness; self-concept; theoretical model; Latinas, 26476
social support; psychosocial adjustment; breast cancer; mismatches, 29077
socioemotional adjustment; academic adjustment; learning disorders; attachment based factors; teacher student relationships, 33177
spirituality; cancer; psychological adjustment; coping; existential theory; emotional well-being; perceived life threat; stress; religious well-being; quality of life, 19914
subjective quality of life; demographic factors; emotional state; parenthood status; adaptation to aging; morale; health; well being; life satisfaction; happiness; psychosocial factors; ethnic values, 1031
suicide; high risk taking behavior; coping style; homeless adaolescents; psychological adjustment; human males, 28852
transition to parenthood; loss; abuse; resolution; adjustment; unresolved loss; sensitive caregiving; childhood loss; at risk mothers, 19062
trustworthiness; social relationships; psychological adjustments; friendship, 22095
unmitigated communion; breast cancer; physical functioning; mental functioning; cognitive adaptation; adjustment; body image, 11198
unsupportive social interactions; psychological adjustment; women; fertility problems; threat appraisals; avoidance coping, 8150
violence exposure; adjustment; inner-city youth; child emotion; caregiver emotion; caregiver-child relationship quality; neighborhood cohesion; protective factors; emotional regulation, 31873
widowhood; resilience; maladjustment; bereavement outcomes; grief; chronic depression; coping behavior; meaning making; resilience, 25086

Emotional Adjustment [See Also Emotional Control]—Books

Hidden from the Holocaust: Stories of resilient children who survived and thrived, 4193

Emotional Adjustment [See Also Emotional Control]—Chapters

Addressing students' social and emotional needs: The role of mental health teams in schools, 5964
Childhood sexual abuse and pubertal timing: Implications for long-term psychosocial adjustment, 10956
Direct assessment of clients' instructional needs: Improving academic, social, and emotional outcomes, 3239
The effects of school violence on the psychological adjustment of Korean adolescents: A comparative analysis of bullies, victims, and bystanders, 5939
Gender differences in opposite sex relationships: Interactions with puberty, 10273
Implications of attachment theory for developmental psychopathology, 1403
Interpersonal emotional processes in adjustment to chronic illness, 2359
Move the Body, Change the Self: Acculturative Effects of the Self-Concept, 1229
Parent-adolescent interaction: Influence on the academic achievement of African American adolescent males, 5918
Physiological and psychological influences on multicultural and nonverbal assessment, 126
Resilient outcomes in abused and neglected children: Bases for strengths-based intervention and prevention policies, 10959
When coming of age means coming undone: Links between puberty and psychosocial adjustment among European American and African American girls, 10279

Emotional Content—Serials

affective associative learning; sensory perception; nociceptive stimuli; participant awareness; affective perception; thermal stimuli; painful stimuli; aversive conditioning, 15191
affective characterizations; drawing size; drawing color; children, 24936
affective experience; autobiographical poetry; parental cancer; expressive arts research; qualitative research; poems as narratives; father son relationship, 32131
affective experience; autobiographical poetry; parental cancer; expressive arts research; qualitative research; poems as narratives, 32127
affective meaning; memory; contextual information; word meaning; spatial location; color; encoding conditions; emotional words, 24490
affective responses; ambiguous interpersonal interactions; perceived racism; African American men; racism; blatantly racist content; negative affect reactivity; Black men, 28224
alcoholics; emotion recognition; facial expressions; alcohol detoxification; emotional facial expressions, 19700
attentional biases; clinical depression; generalized anxiety disorder; face perception; facial expressions; sadness; anger; happiness, 13564
attractiveness; perceived familiarity; pleasant stimuli; warm glow heuristic; positive valence; faces; recognition; positive affect; valanced words; subliminal perception, 7641
avoidant attachment; hemispheric lateralization; processing of attachment and emotion related words; positivity or negativity decision making, 31560
baby ears; recognition system; affective vocalizations; speech signal; simple acoustic measures; affective message; infant-directed speech; adult-directed speech, 4057
cognitive theories; emotions; feeling; cognitivism; evaluative content; emotional object; formal property, 18423
confabulations; false beliefs; positive emotional bias; neurological patients; medial frontal lesions, 32191
cyberspace; emotional expression; Pennebaker Disclosure Effect; email; writing treatment; moderator search, 35598
dynamic facial expressions; emotions; neural activity, 24739
emotion concepts; distinctiveness; abstract words; concrete words; recall; priming; lexical decision, 33771
emotion recognition; stressful situations; stress induction; facial expression; decoding performance; Internet experiment, 30670
emotion specificity; persuasion messages; persuasive impact; emotional framing; emotional congruency; emotion matching; response biases; expectancies; sadness; anger, 10574
emotion words; gender differences; age differences; mother-child conversations; Peruvian mothers; preschool children, 25037
emotion-attention network interactions; anterior cingulate gyrus; functional MRI; neural activity; emotional content, 24671
emotion-modulated startle response; video-based evaluations; EMG-based evaluations; acoustic startle; eyeblink; electromyographic measurement; validity; reliability; children, 9532
emotional connotations; words; rostral frontal cortex; retrosplenial cortex; brain, 18560
emotional content; aging; false memories; word presentation; emotional recall; neutral lures; emotion recognition, 27547
emotional deficits; military-related posttraumatic stress disorder; process disturbances; emotion content; symptomatology; emotional numbing; alexithymia, 25729
emotional memory; emotional adjective endorsement; negative attributional style; seasonal affective disorder; winter symptom level; summer symptom remission; emotional processing, 13586
emotional prosody; word valence; emotional information; sex differences; semantics; emotional comprehension; event related potentials; stroop effect; cognitive processes; speech perception, 6593
emotional recognition; anorexia nervosa; facial stimuli; vocal stimuli, 11112
emotional speech; corpus-based concatenative speech synthesis system; ATR CHATR; acoustic characteristics; speech synthesis system; speech corpus, 6134
emotional states; speech; emotion description; emotion-related biological changes; speech communication; rich descriptive system; emotion conceptualization, 4031
emotional stimuli; rapid serial visual presentation; immediate recall; repetition blindness; words, 24370
emotional Stroop effect; cognitive slowing; reading; lexical decision; color naming; stimulus salience, 30573
emotionally relevant context; negative & irrelevant & neutral stimuli; evoked cardiac response; stimulus processing; primary bradycardia; late decelerative component; stimulus valence, 680
emotions complexity; positive emotions; negative emotions; adults, 25105
English translation; emotional tone; Quran; emotionality of words; word use patterns; affective language; linguistic style, 24890
episodic memory; emotional and nonemotional words; schizophrenia; subjective emotional experience; recognition; recall; emotional expression, 31775
event-related potentials; neural correlates; recognition memory; emotional valence; source memory; emotional contextual information; pictoral material, 24741
fearlessness; behaviorally disordered children; startle reflex modulation; disruptive behavior disorder; emotional stimuli; adult psychopaths, 22651
fMRI activation; gender differences; affective stimuli; international affective picture system; sublenticular extended amygdala; functional magnetic resonance; functional brain imaging, 9851
fMRI activation; gender differences; affective stimuli; international affective picture system; sublenticular extended amygdala; functional magnetic resonance; functional brain imaging, 24685
gender differences; age differences; suicide methods; suicide note content; affective tone; ambivalence, 1560
hare psychopathy checklist-revised; emotional components; emotional material; emotional content; verbal stimuli; psychopathy; emotinal polarity; metaphorical statements; male inmates, 1549
lateral prefrontal cortex; medial prefrontal cortex; autobiographic memory; emotive memory, 3673
magnitude; reliability; laterality effects; auditory word recognition; dichotic listening; emotional tone, 30883
medial frontal cerbral infarction; right hemisphere lesions; affective aprosodia; emotional speech prosody, 26109
memory enhancement; emotional words; neutral words; remembering; valence; arousal; memory vividness, 18387
mother child discourse; child's past behavior; emotional understanding; conscience development; moral understanding; clarity; elaborativeness; emotional content, 18963
negative emotional context; neural responses; behavioural responses; oesophageal stimulation, 21663
negative selectivity effects; emotional selectivity effects; anxiety; differential attentional correlates, 31598
negative words; positive words; affective processes; negative stimuli; positive stimuli, 24446
negative words; positive words; affective processes; negative stimuli; positive stimuli, 30663
non-clinical depression; chronicity; positive words; negative word; free association; language contexts, 7664
orbitofrontal cortex; ventral frontal response; mania; emotional task; prefrontal cortices; bias for positive emotional content, 28637

pleasantness; liking; preferences; arousal; familiarity; expressed emotions; affective quality; songs; music, 12718
posttraumatic stress disorder; emotional responding; women; facial expression; written expression; genralized numbing, 25735
psychopathy; physiological responses; emotional sounds; pleasant and aversive stimuli; emotional-interpersonal trait; social deviance; skin conductance responses; heart rate; EMG; male inmates, 13684
psychophysiological responses; appraisal dimensions; computer game; emotion-relevant events; intrinsic pleasantness; goal conduciveness, 30956
reliable laterality effects; dichotic listening task; word stimuli; emotional component, 21308
self-report ratings; ratings content; experienced emotion; verbal reports; valence focus; experience focus; individual differences; emotion language; phenomenological experience; cognitive structure, 31555
short emotional non-speech expression; affect bursts; emotional content; emotion recognition; emotional content; emotional meaning; voice quality; prosody; contextual association, 3342
speech prosody; music lessons; sensitivity to emotions, 15342
speech; emotion; Speech and Emotion Workshop; International Speech Communication Association; ISCA; speech communication, 4035
taboo words; emotional expressions; autonomic reactivity; English as a second language; Turkish-English bilinguals; psychophysiology; skin conductance, 3846
thought disorder; bipolar affective disorder; emotionally salient material; manic patients; depressed patients; emotional salience; thought; language; communication, 34849
time course; attentional responses; emotional facial expressions; social phobia; visual probe; face perception: anger; happiness; photographs; exposure durations, 13665
time perception; emotional events; facial expressions; duration; neutral expressions, 30664
trouble in communication; automatic dialogue systems; customer vocal expression; dialogue; speaker emotional state; vocal expression; human computer interaction; prosody, 6125
valence-specific laterality effect; free viewing conditions; sex; handedness; response bias; right hemisphere; left hemisphere; processing; emotional information; facial emotion, 7136
verbal emotional information; memory enhancement; alzheimer disease; verbal description; emotional event, 20005
visual expression; auditory perception; prosody emotion; amusement; audio-visual perception; amused speech; acoustic signal; spontaneous/mechanical smile gesture; speech stimuli, 3337
vocal; emotion communication; emotional expression; emotional state; vocal emotion; voice; speech, 4055
voice quality; communicating emotions; mood communication; attitude communication; tense voice; modal voice; synthesized speech quality, 3338
working memory performance; negative emotional content; negative information; working memory tasks; performance, 6622

Emotional Content—Chapters

The social, linguistic and health consequences of emotional disclosure, 2365

Emotional Control [See Also Anger Control]—Serials

affect regulation; individual group members; intersubjective field; adolescent groups; affective meaning; group dynamics, 8447
amygdala hyperreactivity; borderline personality disorder; emotional dysregulation; interpersonal relations; facial expression perception, 7955
attention; feelings; emotions; positive; negative; affect; well-being; mood regulation; emotional regulation, 6624
child analyst; cognitive development; treatment modalities; affect regulation; transference; limit setting, 20263
cognitive consequences; cognitive functioning; emotion regulation; self-regulation; expressive suppression, 27580
cognitive strategies; emotion regulation; coping; depressive symptoms; life stress; human sex differences; depression, 10586
coping style; mood disturbance; emotional suppression; cancer patients; fighting spirit; support groups, 5401
effortful control; Chinese children; social functioning; dispositional anger; frustration; parenting styles; authoritarian style, 18987
emotion focused therapy; self; self organization; emotional experience; emotion awareness; emotion regulation; emotion transformation; coping; emotion coaching, 16919
emotion management training; treatment resistant schizophrenia; emotion perception; social adjustment; psychopathology, 23097
emotion regulation therapy; generalized anxiety disorder; treatment approaches; emotional factors; cognitive factors; contextual factors, 16928
emotion regulation; adolescents; depressive symptoms; problem behavior, 19283
emotion regulation; behavior regulation; children; age groups, 18960
emotion regulation; Emotion Regulation Scale; factor structure; test validation; emotion dysregulation; test reliability, 33506
emotion regulation; shyness; habituation; neuroendocrine response; temperamental dispositions; stranger approach situation; three-year-old children; behavioral & physiological responses, 31269
emotion related regulation; history, 34321
emotion self-regulation strategies; preschool-aged children; orofacial clefts; adjustment; behavior problems; cleft lip and palate; isolated cleft palate; parenting stress; psychological problems, 979
emotional competence; emotional development; peer relations; emotional control; pretend play; physical play; preschoolers; social competence, 980
emotional control; cognitive-motivational-relational theory; behavioral consequences; sports, 9144
emotional development; emotional self-regulation; internalization; emotional expression; age differences; self-reported feeling; emotions, 7424
emotional intelligence; attachment; abilities; perception; facilitation; understanding; emotion management, 28477
emotional intelligence; employability; motivation; social skills; communication skills; internship, 14743
emotional labor; behavioral self-regulation; control theory models; emotional displays; job performance, 7675
emotional regulation; romantic relationships; concealing feelings; dating couples; relationship conflict, 4376
emotional regulation; test-taking scale; test development; test validity, 33596
empathy; sympathy; communication; relationships; emotional regulation, 10511
European Americans; ancestoral background; country of origin; emotional expression; emotional control; facial expressions; cultural heritage, 1083
expressed emotion; attribution; control; schizophrenia; parental attitudes; self-blame, 31779
group experience; psychoanalytic perspective; developmental phases; affect regulation; group identity, 8458
group experience; psychoanalytic perspective; developmental phases; affect regulation; group identity, 8452
harsh parenting; emotion regulation; child aggression; school environment; gender differences, 5921
How I Feel; self report; emotional arousal; emotion regulation; test development; test validity, 118
identity; personality; emotional regulation; attachment style; child-caregiver relationship; psychotherapy, 7667
job stressors; cognitive stress management; individual characteristics; type A personality; reactivity; risk factors; perceived job stressors; managers, 27092
mindfulness; emotion regulation; change; therapy; measurement; definition, 30654
mood regulation; bipolar disorder; blood flow differences; state influences; trait influences; brain, 7831
negative emotions; risk factor; peer victimization; internalization; externalizations; risk factors; anger; aggression; emotional regulation; gender, 34333
parent-child interactions; parenting style; emotional reactivity; social relationships; early childhood; behavioral adjustment; conduct problems; coercion; reciprocity, 25177
people-work; emotion management; work stress; coping behavior; emotional labour, 27081
perceived friendship control; adolescent friends; adolescents relationship; psychosocial adjustment, 34363
personality traits; conflict management style; narcissistic personality; self-differentiation; divorced parents, 10381
physiological markers; child emotion regulation; longitudinal relations; maternal parenting practices; child cardiac vagal tone, 30948
psychological resilience; stressful experiences; negative emotional experiences; positive emotions; emotional regulation; positive meaning; cardiovascular recovery, 10621
religious effects; distress; African Americans; religiosity; anger; depression; anxiety; religious commitment, 28207
respiratory sinus arrhythmia; prolonged psychophysiological arousal; posttraumatic stress disorder; heart rate dynamics; individual differences; emotion regulation, 13670
social competence; emotional competence; stressful events; mental health; construct validity; problem solving; alexithymia; emotional control; emotional awareness; social problem solving skills, 7672
STaT; screening questions; emotional control; sensitivity level; intimate partner violence; women, 7995
subjective well-being; transactional model; transactional model of subjective well being; reactivity; job satisfaction; life satisfaction; job characteristics, 25395
temperamental reactivity; situational conflict; emotion-regulatory abilities; emotion regulation; temperamental dispositions, 10272

hemodynamic responses; fear; disgusts; pictures; functional magnetic resonance imaging; brain, 7138
HIV disclosure; patient defined family; caregivers; family support; emotional reactions, 26082
hostility; heart rate variability; emotional stimuli; risk factors; coronary heart disease; respiratory sinus arrhythmia; parasympathetic activity, 11211
How I Feel; self report; emotional arousal; emotion regulation; test development; test validity, 118
humility perceptions; emotional responses, 25339
individual differences; assimilation; contrast effects; affective experience; need for cognition; expectations; determinants, 7677
individual differences; attitude structure; cognitive information; cognitive attitudes; cognitive responses; persuasion; affective attitudes, 10537
induced abortion; emotional experience; relationships; distress, 7565
intentional avoidance; social understanding; emotion experience; anxiety; public speaking; repression; impaired anxiety experience, 3412
interhemispheric differences; emotional responses; skin conductance responses; visual fields; emotional stimuli, 34035
interparental conflict; emotional reactions; adolescents; childhood; conflict sensitization; social-cognitive reactions; gender differences; sensitization hypothesis, 25011
interpersonal acceptance; rejection sensitivity; emotion; self perception; emotional reactions; social acceptance; social rejection, 10490
interpersonal effects; anger; happiness; negotiation; concessions; demands; strategic choice vs social contagion hypothesis; emotional reactions; communicated emotion; fear, 10509
Iowa Gambling Task; ventro mesial frontal lesions; somatic markers; direct emotional consequences; indirect emotional consequences; Firefighter Task, 6596
lateral visual field; unilateral stimulation; cortical activation; induced emotions, 30905
life events; pregnancy affects; physiological responses; stress exposure; emotional responding, 19184
live music; cognitive impairment; emotional & behavioral responses; dementia; social interaction; well-being; engagement; impairment severity, 26169
Machiavellianism; volitional model; alexithymic; emotions; emotional connections; relationship formation; successful psychopathy, 10868
marital conflict; children's emotional responses, 18891
maternal reactivity; maternal sensitivity; infant emotionality; negative emotionality; positive emotionality; maternal depression; maternal anxiety; social support; primiparous mothers; infants, 10403
mothers negative expressiveness; children's emotional experience; child's emotional expression; heart rate; facial distress; negative emotion, 28132
multiple chemical sensitivity; psychological test performance; chemical exposure; annoyance; mucous membrane; smell intolerance; neurobehavioral performance, 13057
music melody; speech rate; audio news; personality; emotional response; news messages, 31578
need to evaluate; personality; cognitive & behavioral & affective political processes; political attitudes; beliefs, 34653
negative affect; neutral emotions; mixed emotions; sequentially mixed emotions; simultaneously mixed emotions; competition, 24529
negative emotion; married couples; college roommates; close interpersonal relationships; anger; sadness; hurt; anxiety; threat, 31508
neutralization; obsessional problems; obsessive compulsive disorder, 7943
nonemotional facial expressions; emotional facial expressions; Parkinsons disease; facial expressivity; facial expressions, 29178
odor-evoked memory; emotional potency; functional magnetic resonance imaging; cues; amygdala; hippocampus, 9939
opioid system; cannabinoid; antinociception; emotion like responses; pharmacological effects, 13033
parenting style; child emotionality; child development; shame; girls; adjustment problems, 1001
partner death; grief; fear; reactions; coping behavior, 22349
patients need; analysts emotional response; mental suffering; schizoid; emotional deprivation; environmental facilitation; comprehension, 35484
pediatric hematology; fathers' perspective; childhood acute lymphoblastic leukemia; coping behavior; emotional response, 35235
peer victimization; emotions; maladaptive coping; peer aggression; coping strategies, 33164
pentylenetetrazole-induced status epilepticus; behavior; emotional memory; learning; rats; seizures, 24800
perceptual experience; recollective experience; amygdala damage; neural mechanisms, 13989
perinatal loss; workplace responses; healing; grief; disenfranchisement; trauma, 22338
personal identification; emotional involvement; absorption; personality trait; reading, 31493
personal involvement; narrative content; emotional impact; time; event memory; expressive narrative writing; cognitive processing; emotion words; stress alleviation; terrorist attacks; September 11, 12694
personality traits; behavioral responses; emotional stimuli; sadomasochistic experiences; Gray's personality theory; behavioral approach system; behavioral inhibition system; brain activity, 22361
personality; threat; cognitive & emotional reactions; stressful intercultural situations; individual differences; appraisal, 34724
personalized fear; personalized control; emotional reactions; September 11 terrorist attacks; cognitive adaptation theory, 22158
pessimism; sexism perceptions; prejudice; cognitive appraisal process; emotional vulnerability; emotional consequences; emotional adjustment; emotional responses, 10539
physiological adaptations; fear; rage; pain; hunger; emotional excitement, 34120
physique slides; self-physique; model-physique; affective responses; drive for thinness; women, 16291
picture stimuli; emotional arousal; visual perception, 3411
positive emotional processing; negative emotional processing; hostility; negative affective learning; sympathovagal balance; cortical arousal, 672
postmodern therapies; spirituality; self crises, 13294
posttraumatic stress disorder; emotional behavior; emotional processing; physiological responses; self report; photograph viewing; picture processing; startle reflex, 31815
posttraumatic stress disorder; emotional responding; women; facial expression; written expression; genralized numbing, 25735
prediction; adult characteristics; infant distress; emotional reactions; perceptions; intervention timing, 7718
pregnancy termination; emotional reactions; moral concerns; abortions; adolescent pregnancy; Black adolescent women; social values; shame; embarrassment; guilt; sadness, 18966
prostate cancer; cancer diagnosis; practice community; patient learning; emotional issues; cancer fear; mortality; quality of life; emotional responses; coping, 22883
psychological stress; appraisal; emotions; cardiovascular response; public speaking task, 24755
psychopathy; factor structure; emotional processing; emotional detachment; antisocial behavior; community sample; startle reflex, 7958
psychophysiological responses; script-driven imagery; abduction; space aliens; emotional trauma; heart rate; skin conductance; left lateral frontalis electromyographic responses, 24759
PTSD; homeless youth; street youth; victimization; posttraumatic stress disorder; emotional numbing; avoidance, 13672
pupillometric measures; cognitive processes; emotional processes; pupillary motility; pupillary responses, 18685
racism responses; coping styles; taxonomy; aboriginal Australians; discrimination; oppression; emotional response; behavioral responses, 10545
rapid serial visual presentation; stimulus onset asynchrony; affective modulation; emotionally arousing verbs; attentional blink, 15208
reactivity; smoking cues; adolescent smokers, 31458
recent road accidents; emotional impact; Impact of Event Scale; Italian version; test validation; posttraumatic stress, 162
referencing; psychotherapy; feelings; Carl Rogers; Eugene Gendlin; psychotherapeutic processes; humanistic psychology, 1983
research participation; human subjects; research experiences; social work research; informed consent disclosure; debriefing; emotional reactions; mental health; women; welfare reform, 9524

schizophrenia patients; viewing preferences; violent films; screen violence; history of violent crime; emotional responses; high security hospital, 10704
sensory-emotional integration; impairment; violence; adolescent sex offender; social risk factors; executive neuropsychological functioning; emotional numbing, 11061
September 11; terrorist attacks; Alzheimers disease; mild cognitive impairment; memory; emotions; healthy older adults; emotional response, 19953
short emotional non-speech expression; affect bursts; emotional content; emotion recognition; emotional content; emotional meaning; voice quality; prosody; contextual association, 3342
simultaneous monoamine depletion; moods; emotional responsiveness; tryptophan; tyrosine; phenylalanine, 18749
situational factors; store busyness; customer demand; dispositional factors; extraversion; neuroticism; psychoticism; positive emotions, 9106
situational frames; dispositional frames; emotional responses; public opinion; causal attributions; social conditions; political issues; 1992 Los Angeles riots, 13451
smiling; spontaneous facial expressions; facial configuration; movement patterns; facial movements; nonverbal communication; emotion expression; automatism; social environments, 9934
social anxiety; emotion experience; emotional expression; bodily responding; high trait social anxiety; low trait social anxiety; perceived physiological activation, 30950
social construction; anger; social-constructionist theory; attribution; social rules; anger appraisals; anger-related responses, 25306
social exclusion; physical pain; neural correlates; fMRI study; anterior cingulate cortex; right ventral prefrontal cortex, 562
social loss; fMRI study; methodology; implications, 610
social situations; moral reasoning; moral emotions; mental representations; emotional reactions; mental faculties; cognitive theory; modular system, 9779
somatic words; social words; emotional experience; linguistics; emotions; cross cultural differences, 34721
speech prosody; music lessons; sensitivity to emotions, 15342
sport career termination; coping; emotional reactions; retirement; athletes; athletic identity; adjustment; satisfaction with life, 20969
stuttering; emotions; heart rate; anticipatory anxiety; stressful speech situations; freezing response, 32061
superiority; narcissism; social comparison; personality traits; affective responses; hostility, 22327
supervisory feedback; feedback quality; relational quality; emotional responses; behavioral intention, 30154
television advertisements; video montage; camera cuts; boredom; confusion; phenomenological theory; structuralist theory; stimulus responses, 12348
television commercials; picture sorting technique; emotional content; purchase intent, 33372
terror; associated emotions; terrorist attacks; Terror Management Theory; psychological model, 34414
terror; associated emotions; terrorist attacks; Terror Management Theory; psychological model, 34426
terrorism; Sri Lanka; 9/11; reactions; world perception, 34628
terrorism; therapeutic treatment; adolescent emotional reaction; Israel; adolescent population, 4126
terrorist attacks; posttraumatic stress disorder; event memory; emotional reaction; autobiographical memory; forgetting; memory decline; September 11, 13668
time impact; emotional impact; personal memory; event memory; terrorist attack; personal autobiographical information; event information; flashbulb memories; participant involvement; September 11, 12707
tobacco deprivation; alcohol cue reactivity; drinking patterns; young adults; psychophysiological reactions, 31441
toddler development; internal state language; externalizing behavior; maternal talk; empathy; guilt; emotional responses; behavioral responses; mishap; attribution, 7422
trait anxiety; theta band power; EEG; threat; emotional responses; visual stimuli; hemispheric asymmetry, 7115
transactional model; relationship commitment; jealousy; relationship insecurity; emotional arousability; dating relationships; marital relationships; couples, 1188
transfer of training biases; anxiety; emotionally biased interpretations; homographs; ambiguity; judgment, 6581
traumatic brain injury; TBI; clinical tool; emotional expression; social perception assessment; TASIT, 15050
traumatic events; psychological trauma; single construct application; conceptualization; posttraumatic stress disorder; describing responses; emotional responses; natural disasters; calamitous events, 13658
traumatic memories; posttraumatic stress disorder; traumatic stress responses; malingering; cognitive models; assessment; treatment, 34894
visual stimuli; written stimuli; affective dimension; affective reactions; social events; impression formation; information use, 7646
Yerkes Dodson law; emotional arousal; performance; ecological reframing; information; cognitive functions; attention; cue-utilization theory, 33795

Emotional Responses [See Also Conditioned Emotional Responses]—Books

Emotion-focused therapy: Coaching clients to work through their feelings, 23154

Emotional Responses [See Also Conditioned Emotional Responses]—Chapters

Affect regulation, 13507
Arriving at a primary emotion, 23156
Belief, attachment and awareness, 16333
Distinguishing among varieties of emotional expression, 22373
Early attachment processes and the development of emotional self-regulation, 13263
Emotions and emotional intelligence, 22374
Hot cognition and social judgements: When and why do descriptions influence our feelings?, 4427
Identifying maladaptive emotions, 23158
Processing emotions induced by music, 6627
Self-regulation: Context-appropriate balanced attention, 12691
September 11, 2001 and its aftermath, in New York City, 1965
The steps of emotion coaching, 23160
The therapist as an emotion coach, 23155
Thinking makes it so: A social cognitive neuroscience approach to emotion regulation, 13509
Turning adversity to advantage: On the virtues of the coactivation of positive and negative emotions, 17126

Emotional Restraint [See Emotional Control]

Emotional Security—Serials

attachment behavior; insecure attachment; borderline personality disorder; unresolved attachment; preoccupied attachment; fearful attachment; interpersonal relations, 22601
attachment correlates; mother-child interaction; preschool attachment classification system; separation reunion measures; disorganized children; insecure children; construct validity; three year olds, 18967
attachment experiences; insecure histories; adult attachment; cancer patients; loss; insecure, 22885
attachment security; narrative ability; socialization; mother child relation, 25045
attachment security; stress; daily experiences; negative life events; perceptions of loss; mood; meaning; adults; social cognitive models, 1242
attachment theory; concern for others; well being; self-transcendence values; secure base, 7640
child caregiver relationships; program practices; caregiver stability; caregiver behavior; attachment security; life circumstances; classroom climates, 4187
developmental antecedents; looming maladaptive style; parental bonding; parental attachment insecurity; cognitive theory of anxiety; cognitive vulnerability; perceived parental attachment; childhood, 18896
early attachment security; preschool peer relations; parent-child attachment security; peer rejection; preschool children; internalizing behavior; externalizing behavior, 25079
implicit self-esteem; defensiveness; narcissism; explicit self-esteem; high self-esteem; defensive behavior; secure; dissonance reduction; in-group bias, 1254
insecure attachment; somatoform disorder; health care utilization; illness behavior, 19287
mental health; family law system; emotional support; family transition, 31352
mother child attachment; attachment behavior; security blankets, 34507
psychological distress; unemployment; social support; material deprivation; social problems; psychological problems; parental emotional support; labor market outcomes, 5989
terrorist attack; decision making; risk taking; emotional insecurity; September 11, 12670
trait anger; adult attachment style; depression; insecure or avoidant attachment; anxious attachment; young men, 22517
truancy; rural students; urban students; insecurity; security, 5924

Emotional Security—Chapters

Attachment security in infancy and early adulthood: A twenty-year longitudinal study, 1028
Linking work, love, individual, and family issues in counseling: An attachment theory perspective, 23164

Emotional Stability—Serials

acute stabilization; trauma program; psychiatric patients; self-report, 23593
borderline personality disorder; neurobiological correlates; neurotransmitter systems; serotonergic activity; impulsivity; affective instability; noradrenergic activity; cholinergic activity, 10861
borderline personality features; negative affect; self esteem; interpersonal stressors; stress reactivity; stability, 34933
distal factors; risk perception; personality constructs; emotional stability; governmental risk mitigation; personal risk, 22367
emotion related regulation; history, 34321
group counseling; adjustment; self-confidence; emotional stability; internal-external locus of control; women college students, 2862
high mastery sportsmen; cyclic sports; rowers; middle distance runners; emotional states; neuroticism; emotional stability; physical state; anxiety; self confidence, 14809
interpersonal consequences; self report measure; psychological entitlement; Psychological Entitlement Scale; agreeableness; emotional stability; social behavior, 30396
marital satisfaction; emotional stability; personality dimensions; general well-being; moderating effects; family research; work-family conflict, 1258
personality traits; deviant behavior; employee perceptions; workplace deviance; conscientiousness; emotional stability; agreeableness; situational perceptions; organizational deviance; work situation, 33276
personality; forgiveness; agreeableness; emotional stability; cross-cultural validity, 34731
work; recovery process; contributing factors; bipolar disorder; patient advocacy, 16409

Emotional States [See Also Affection, Alienation, Ambivalence, Anger, Anxiety, Apathy, Aversion, Boredom, Depression (Emotion), Disappointment, Disgust, Dissatisfaction, Distress, Embarrassment, Emotional Trauma, Enthusiasm, Fear, Frustration, Grief, Guilt, Happiness, Helplessness, Homesickness, Hope, Hopelessness, Jealousy, Loneliness, Love, Mania, Mental Confusion, Optimism, Pessimism, Pleasure, Pride, Restlessness, Sadness, Shame, Suffering, Suspicion, Sympathy]—Serials

academic discourse; daily lives; scholarly theory; rights-based theorization of disability; power; relationship-based theorization; inclusion; feelings, 32044

adjustment problems; self regulation; emotionality; social competence; positive adjustment; well being; irritability; attention; internal & external problems; inhibitory control, 4139
Adlerian brief therapy; therapeutic process; counseling process; body experience; early memories, 32217
adverse life events; late life; daily activities; major life events; well being; positive affect; minor events, 13482
aerobic exercise duration; cognitions; running; feeling states; indoor running track, 24036
aerobic exercise; mindful exercise; mood alterations; anxiety; depressive mood; subjective well-being; yoga; Feldenkrais, 5495
affect intensity; emotion perception; emotional intelligence; accurate judgment; habitual feeling states; social adjustment; heightened reactivity, 31566
affect recognition; psychopathology; cognitive performance; schizophrenia; emotion perception, 28687
affect; exercise self-efficacy; at-risk performers; high risk performers; older adults, 8685
affective changes; instinctual action patterns; laughter; crying; walking; affective imaging, 18422
affective priming; schizophrenia; affective negative symptoms; automatic perceptual sensitivity; facial affect information; chronic schizophrenic patients; anhedonia, 13642
affective reactions; affective states; successes; failures; success-failure manipulation; effect size, 24531
affective responses; discourse structure; factuality; suspense narratives; curiosity; enjoyment; reading; news; novels; narrative types; reactions; discriminant validity, 24441
affective state; affective disposition; test-retest reliability; subjective well-being; test validity; personality, 9385
affective state; information processing style; means-end theory; consumers attitudes; cognitive psychology; decision making; products, 36452
age differences; heritability; genetics; intraindividual variation; psychological distress; genetic influences; environmental influences, 34696
age; well-being; goal discrepancies; age trends; life satisfaction; positive affect; negative affect, 34371
alcohol outcome expectancies; mood state; gender; college student drinkers; affect related drinking motives, 19092
alcohol-induced sedation; blood alcohol concentration; alcohol consumption; mood states, 19091

alcoholics; emotion recognition; facial expressions; alcohol detoxification; emotional facial expressions, 19700
alexithymia; serum levels; interleukin-4; interleukin-1; interleukin-2; interleukin-3; feelings; healthy women, 24751
alpha-lactalbumin; regular diet; brain serotonin; food intake; mood; tryptophan; plasma ratio; amino acids; appetite, 27856
ambient scent; environmental psychology; retail environment; product quality; consumer emotion; consumer cognition; retail environment; spending behavior; approach behavior; avoidance behavior, 3014
animal models; bipolar disorders; mania; depression; euthymia; mixed states; neurobiology; genetics approaches; clinical characteristics; pharmacological responses; mood cyclicity, 13595
anticipated regret; decision makers; misprediction of regret; emotional insurance; disappointment, 25297
anxiety & mood disorders, coping change, drug abuse patients, 8007
anxiety; depression; strate trait distinctions; state depression; trait depression; trait anxiety; state anxiety; symptom correlations; distinct constructs; overlapping features, 10581
appetite; elderly people; mood; personal values; food; eating environment; eating willingness, 31615
athletic performance; mood profile; emotional states; sport performance; precompetitive affective experience; javelin thrower; unpleasant emotions; affective experience; pleasant emotions, 9150
attachment security; stress; daily experiences; negative life events; perceptions of loss; mood; meaning; adults; social cognitive models, 1242
attachment style; affect-cognition link; memory; attribution; individual differences; negative affect; judgment, 7698
attention; feelings; emotions; positive; negative; affect; well-being; mood regulation; emotional regulation, 6624
auditory event-related potentials; psychological changes; sleep deprivation; psychophysiological changes, 24736
autobiographical memory specificity; psychopathology; depressed mood; autobiographical memory test; depression, 25602
automatic processing; verbal emotion; schizophrenia; affective symptoms; emotional state; trait characteristics; chronic mental illness; flat affect; anhedonia, 1504
background music; shooting performance; flow states; asynchronous music effects; netball players; athletic performance; emotional control; cognition control, 9151
behavior problems; alcohol use; mood state; suicide attempters; suicidal behavior; moods; adolescents, 4742
behavior problems; emotional problems; ethnic groups; self-report problems; high school students, 25815
behavioral inhibition; behavioral activation; media; image motion; face perception; autonomic activity; negative affect; positive affect, 12958
behavioral problems; emotional problems; coping strategies; stress; Chinese adolescents, 25033
behaviors; emotions; mother-daughter ties; late life; conversation, 4241
beta-adrenoceptor blockade; decision making; propranolol; mood, 18791
biological & chemical warfare threat; subjective mood; behavior; psychiatric inpatients; staff members, 20610
bipolar disorder; depression; mania; mood stabilizers, 26855
bipolar disorder; sodium channels; anticonvulsants; atypical antipsychotics; mood stabilizers; valproate; lamotrigine; carbamazepine; oxcarbazepine; glutamate release, 32472
blood pressure; mood; work; leisure; overtime; job stress, 30194
body-focused repetitive behaviors; affective variables; behavioral expression; proximal effects; distal effects; skin picking; nail biting; anxiety; depression, 34808
borderline personality disorder; women; facial affect; affective intensity; pictures; facial emotions, 34931
borderline personality features; negative affect; self esteem; interpersonal stressors; stress reactivity; stability, 34933
brain electrical activity; spatial ability; verbal ability; cognition; affective style; performance; EEG; individual differences, 7035
brain processes; emotional perception; motivated attention; blink reflexes; event-related potentials, 30955
breakfast; carbohydrate composition; healthy men; blood parameters; complex carbohydrates; simple carbohydrates; satiety; mood, 17249
breast milk; cortisol; secretory immunoglobulin; maternal mood; infant neurobehavioral functioning; neonatal performance, 15905
bullying; emotions; guilt; shame; moral disengagement, 4700
campaign rhetoric; emotion; fear; anger; priming; campaign effects, 28296
cardiovascular exercise; older women; resistance exercise; physiological change; psychological change, 35661
caregiver strain; logistic regression model; prediction; negative affectivity; perceived functional ability; stroke patients; spouses; carer mood, 8787
catastrophizing; fatigue; women; chemotherapy; radiotherapy; breast cancer, 17170
Caucasian vs Metis/First Nations adolescent mothers; infant care; infant care competence; home environment characteristic; emotionality, 10261
childhood sexual abuse; depression; interpersonal rejection; emotional expression; anger, 7834
chronic alcohol abuse; heart rate variability; negative mood; chronic thought suppression; compulsive drinking; vagal tone, 8012
chronic hepatitis C; mood disorders; interferon-based therapies; clinical trial; antidepressant usage; treatment compliance; treatment response; nursing support, 35388
chronic pain; elderly persons; retirement communities; self-management group intervention; physical functioning; mood; depression, 17118
cigarette smoking onset; college students; dieting concerns; mood problems; alcohol related problems; binge drinking; females; health behavior, 31455
cigarette smoking; sucrose consumption; analgesic effects; mood; pain-relieving action; nicotine; gender differences, 27906
cognitive appraisal; affect; catastrophizing; chronic pain; coping; cognitions; chronic pain patients, 11157
cognitive functioning; psychological functioning; predictors; cholesterol lowering treatment; adherence; medication, 20441
cognitive performance; cheerful mood; Kava-kava; emotional reactivity; visual attention; short-term memory; recognition, 27946
cognitive strategies; mood; performance; defensive pessimists; strategic optimists, 31588
cognitive theories; selective attention; brain disorders; emotion; face recognition; cognition; Higher Order Representational theories of consciousness; frame problem; affective computing, 3423
cognitive therapy; depression; treatment adherence; mood repair strategies; avoidance-framed messages; approach-framed messages; motivation; happiness; sadness, 11398
comforting messages; emotional change; emotional state; helper competence; help recipient judgments; emotional support; person centeredness; nonverbal immediacy; immediate helpers, 26464
Comprehensive Personality and Affect Scales; intraindividual variability; interindividual difference; negative affect; positive affect; subscales; measurement error; latent state-trait model analysis, 24224
conscious emotion experience; role of self; conflicted emotional experience; self construct, 28462
conscious emotion experience; role of self; conflicted emotional experience; self construct, 28490
continuing bonds; husbands death; bereaved widows; coping; within-person relationship; mood regulation, 34669
coping style; mood disturbance; emotional suppression; cancer patients; fighting spirit; support groups, 5401
cortical electrical activity; cardiovascular responding; cerebral effects; cardiovascular effects; emotional intensity; cerebral system activation; heart rate; blood pressure; covariance, 24614
cortisol responses; salivary cortisol levels; daily events; major depressive disorder; gender differences; mood changes, 1439
cross cultural analysis; nutrition transition; global obesity; emotional eating; physical eating; environmental eating; dieting frequency; eating disorders; national differences; cultural environment, 11109
cross cultural differences; emotions; experience sampling methodology; global self-report; retrospective methodology; memory for emotions, 22365
cross-situational consistency; affective experiences; interindividual differences; cultural differences; cross cultural differences, 13455
crying; perceived helplessness; coping appraisal; emotions; communication, 9730
customer perceptions; music; waiting time; waiting costs; experience; customer mood; service delays, 24068
daily diary; negative affect; alcohol drinking; drinking to cope; measures; interpersonal exchanges, 4319
daily life; spouses; working conditions; feelings; job stress, 30201
daily mood; stress; pain; health care use; work activity; sickle-cell anemia; African American adults; pain-mood cycle; pain-stress cycles; health care contacts; symptoms; negative mood; positive mood, 19858
dawn simulation; cortisol response; awakening; bright light exposure; mood, 27834
daytime symptom ratings; primary insomniacs; subjective daytime alertness; mood, 22825
deliberate self-harm; risk factor; mood fluctuation; suicidality; history of hostility; psychiatric inpatients, 22515
depressed mothers; maternal child-directed speech; mother-infant interaction; nondepressed mothers; maternal touch; depressed mood; postnatal period; postpartum depression; touch behaviour, 28644
depression-related negative cognition; mood-state; trait dependent properties; state-trait model; cognitive bias; dysfunctional attitudes; depression severity, 28629
depression; Devics syndrome; fluoxetine; citalopram; mood symptoms; body image; intravenous corticosteroids; antidepressants, 31655
depression; implicit memory; mood congruent memory bias; cognitive processes; emotions, 28628
depression; mania; thyroid stimulating hormone; bipolar affective disorder; mood changes, 28651
depressive symptoms; parental behavior; infant temperament; adult attachment styles; parental perceptions; mother-infant dyad; father-infant dyad; perceived temperament, 19067
development; validity; Discrete Emotions Emotional Labor Scale; business students; employees, 9492
disease management; type 2 diabetes; family influence; family world view; family structure; Latino patients; European American patients; emotion management, 2065
disruptive child behavior; maternal mood; mother-child dyads, 25793
dopamine; lateral ganglionic eminence; embryonic brain; brain development; neostriatal neurogenesis; cell cycle, 21888
driver speech; stress speech; stressed conditions; speech utterances; database modeling, 6131
dysphoria; mood-incongruency effects; mood-repair effect; mood-regulation; distraction; rumination; positive memory; autobiographical memory; accessibility; negative mood induction; positve mood, 19380
dysphoric mood; autobiographical events; autobiographical recall; executive functions; recognition memory; dysphoric states, 27562
dyspnea; psychological processes; emotional states; heavy labor; exercise, 35180
early cognitive changes; cognitive therapy; late treatment pain; helplessness; catastrophizing; pain related anxiety; pain severity; interference; activity level; depression; chronic pain patients, 2030
early onset; mood symptoms; bipolar disorder; bipolar treatment program, 23515
ecological determinants; motivational determinants; activation; sports; television viewing; mental states; studying, 28038
ecstasy users; MDMA; human aggression; interpretative bias; cognitive bias; ambiguous information; depression scores; mood change; residual effects, 25871
ecstasy users; MDMA; long-term abstension; short-term effects; depressed mood; mood disorders; serotonin transporter; clinical depression; doses; gender; neuroimaging; neurotoxicity; prevalence, 25507
ecstasy; chronic users; cognition; mood; serotonergic system; verbal learning; delayed recall; word recall; cognitive tests; working memory; attention; 3,4- methylenedioxymethamphetamine, 25895
ecstasy; MDMA; recreational users; nociceptive responses; polydrug users; mood; brain serotonin; pain tolerance; pain sensitivity; 3,4-methylenedioxymethamphetamine, 25898
educational attainment; psychological mediators; health resources; social support; self-esteem, 11726
electroconvulsive stimulation; long term depression; neostriatum; mood disorder patients; functional abnormalities; structural abnormalities, 18635
electroencephalographic asymmetry; prefrontal cortex; neurosciences; affect, 33978
Ellis' cognitive theory of emotion; rational and irrational beliefs; physiological arousal; environment; emotional states; cues, 31562
emotion expression; marital satisfaction; marital stability; marital quality; intuitive judgments; couple interaction, 13337
emotion processing; non-clinical psychosis; alexithymia; schizophrenia, 25394
emotion recognition deficits; body dysmorphic disorder; obsessive compulsive disorder; facial expressions, 16378
emotion recognition; hearing-impaired children; vision-impaired children; sensory disability, 23048
emotion regulation; adolescents; depressive symptoms; problem behavior, 19283
emotion specificity; persuasion messages; persuasive impact; emotional framing; emotional congruency; emotion matching; response biases; expectancies; sadness; anger, 10574
emotion; cognition; reading disabilities; emotional reactions; mood; self-schemas, 36232
emotional assimilation; emotions; social relations; emotional behavior; emotional reactions; interpersonal orientation, 28419

emotional disclosure; writing task; psychological functioning; physical functioning; children of alcoholics, 10984
emotional encoding; emotional events; neural activation; fear-related stimuli; emotional vulnerability; stressful events, 33888
emotional experience; negative emotion; socioemotional selectivity theory; positive experiences; mutual reminiscing; social activities; age, 935
emotional expression; modality; affective arousal; linguistic output; computer; paper paradigm; writing longhand; typing; stressful experience; emotional arousal; essay content, 24867
emotional expressions; psychological dynamics; intentional actions; self-organized behavior, 3409
emotional facial expressions; Parkinson's disease; basal ganglia; cognitive ability, 8236
emotional functioning; anorexia nervosa; eating disorder patients; alexithymia; depressive disorders; anxiety disorders; age differences, 16571
emotional functioning; neurologic Wilson's disease; asymptomatic Wilson's disease; rheumatoid arthritis, 8160
emotional intelligence; intelligence psychology, 19232
emotional labor; behavioral self-regulation; control theory models; emotional displays; job performance, 7675
emotional memories; thematically-induced arousal, 9717
emotional memory; declarative memory; hormonal systems; corticosteroid system; adrenergic system; propranolol; metyrapone; emotionally arousing material; neutral material; differential effects, 18767
emotional prejudice; essentialism; nationalism; ingroups; outgroups; infra-humanization, 7602
emotional prosody; speech condition; laterality; emotional intonations; linguistic meaning; frontal activation; subcortical activation, 585
emotional reactions; auditory virtual environment; experienced emotions; emotion recognition; spatial sound; mediated environments; Multi-modal applications; audio channels, 21309
emotional regulation; romantic relationships; concealing feelings; dating couples; relationship conflict, 4376
emotional speech; corpus-based concatenative speech synthesis system; ATR CHATR; acoustic characteristics; speech synthesis system; speech corpus, 6134
emotional states; affective states; sex offending, 25818
emotional states; affiliative extraversion; agentic extraversion; warmth; affection; positive activation, 19198
emotional states; athletes; precompetition; postcompetition; actual measurement & report; retrospective measurement & report, 2974
emotional states; speech; emotion description; emotion-related biological changes; speech communication; rich descriptive system; emotion conceptualization, 4031
emotional stroop interference; obsessive-compulsive disorder; depression; anxiety; mood congruency; attentional bias, 25730
emotional well-being; routinization; elderly French people; daily life; predictive validity, 18990
emotional withdrawal; drug response; late life depression; elderly patients; cognitive impairment, 13581
emotions complexity; positive emotions; negative emotions; adults, 25105
emotions; individual differences; sexism; ingroup outgroup; human sex differences; attribution, 7652
emotions; overweight women; normal-weight women; emotional state; eating; food energy content, 7101
endowment effect; economic decisions; carryover effects; emotions; appraisal-tendency theory; incidental emotions, 24530
enduring suffering; emotional suffering; verbal cues; facial cues; behavioral state, 6625
episodic memory; emotional and nonemotional words; schizophrenia; subjective emotional experience; recognition; recall; emotional expression, 31775
estrogen therapy; estradiol; depression; postmenopausal women; progestins; mood, 17066
estrogen; progesterone; amygdala; administration effects; fear; anxiety; pain reduction; ovariectomized rats; paw licking; defensive freezing; elevated plus-maze performance; open field task, 18736
exercise mode; psychological responses; psychological affect; perceived exertion; psychological well being; distress; fatigue; choices; preference; aerobics, 24052
exercise psychology; self-concept; self-efficacy; motivation; moods; affects; sports psychology, 24058
exercise tools; multiple disabilities; automatically delivered simulation; activity; mood; happiness, 25477
exercise; mood changes; gender; exertion level; workout duration, 29555
existential-transcendental aspects; personal & social aspects; physical reactions; Strong Experiences related to Music; perception; cognition; general characteristics; feelings, 4009
extraversion; emotional reactivity; positive affect; mood conditions; happiness, 13484
facial emotion perception; traumatic brain injury, 8249
facial emotional expressions; basic emotions; event related potentials; implicit processing; timing; brain regions, 7034
facial emotions recognition; neuropsychiatric disorders; interpersonal communication; neural substrates, 35298
facial emotions recognition; schizophrenia; cognition; social functioning; neurocognitive functioning, 19463
facilitated processing; emotional pictures; non-emotional attention task; processing sustainment; attention; emotion; event related potentials, 7077
fibromyalgia; heat stimulation; pain perception; mood; catastrophizing; somatic focus, 22812
frailty onset; older Mexican Americans; older adults; positive affect; longitudinal association; epidemiological studies, 34388
functional brain; thyroid hormone; positron emission tomography; regional brain metabolism; brain imaging techniques; affective disorder, 10733
fundamental frequency; prosodic attitudes; discrimination; temporal recurrent neural network; simulation; temporal sequence learning; primate frontostriatal system; speech perception, 9262
G protein; allele; depression; healthy subjects, 12786
general strain theory; situational based anger; trait based anger; dispositional anger; emotional states; mechanisms; crime; criminal intentions, 4458
global self discrepancies; undesired self; self discrepancy theory; affect prediction; agitation; dejection; anxiety; ideal self; actual self, 1249
gratitude; daily mood; affective traits; positive affect; grateful moods; grateful emotions; spiritual transcendence, 10603
gratitude; phenomenological description; pride; envy, 13475
happy mood; hedonic contingency model; affect; automatic mood maintenance; sadness, 9729
health-related quality of life; excessive sleepiness; medical outcomes study; mood states; cognitive functioning; narcolepsy patients; social functioning; modafinil, 14125
health-related quality of life; strategies; good mood; distress; carcinoid tumors; health personnel; cancer patients, 16704
heart rate response; negative emotions; positive emotions; stress, 7120
helping behavior; music; mood; emotion; altruism, 16270
high mastery sportsmen; cyclic sports; rowers; middle distance runners; emotional states; neuroticism; emotional stability; physical state; anxiety; self confidence, 14809
hippocampal volume; spectroscopy; cognition; moods; corticosteroid therapy; declarative memory deficits; cortisol elevations, 20290
hope; HIV affected people; significant others experiences; despair; hopelessness, 8175
hospitalized children; behavior problems; emotional problems; social competence; family functioning, 29742
human deception; cortical excitability; cognitive process; lie detection; emotional components; motor cortex; deceptive responses; truthful responses; cognitive activity, 6936
human emotion; emotions; perceived relationships; therapeutic options, 19162
human sex steroid; androstadienone; autonomic nervous system; moods; olfaction; dose response; sniffing; gender differences, 34119
human sex-steroid; mood; memory; autonomic nervous system function; behavioral contexts; olfactory perception; androstadien; estratetraen; pheromones, 24784
humour; exercise; mood; anxiety; psychological distress; psychological changes, 2977
hyperbolic discounting; emotional satisfaction; impulsive behavior; self-control; risk taking, 3407
immediate antecedents; cigarette smoking; stimulus control; affect; unrestricted smoking patterns; urge; setting, 13411
individual differences; menstrual cycle phase; everyday situations; personality traits; work; moods, 18420
individual differences; mood; coping; chronic pain; rheumatoid arthritis, 26056
individual relationships; mood; job satisfaction; at home mood; at work mood; negative mood; trait affect; job satisfaction spillover; time interval; positive mood, 31577
induced rumination; distraction; current mood; overgeneral autobiographical memory; major depression; adolescents, 25587
infants; facial expressions; stressful episodes; emotion intensity; discrete emotions; component expressions; full-face expressions; developmental change, 34243
ingroup ambivalence; social identification; experienced affect; attitudes, 7598
integratively oriented brief psychotherapy; cybernetic systems; negative affective states; solution-focused narrative; existential phenomenology; dialectical interplay; teleological nature, 1976
interaction effects; measurement error; electronic mail; emotion; technology adoption; Monte Carlo simulation, 9232
intergroup relations; intergroup conflict; emotions; social cognition; intergroup bias; prejudice; automatic intergroup attitudes, 25261
interhemispheric communication; menstrual cycle; progesterone levels; behavioral measure; negative affect; menstrual phase; mood variables, 30917
interpersonal effects; anger; happiness; negotiation; concessions; demands; strategic choice vs social contagion hypothesis; emotional reactions; communicated emotion; fear, 10509
intraindividual variability; self-descriptions; trait dimensions of self-concept; gender; age-related patterns; affective experience; adult life span; gender, 967
intrusive memories; non-intrusive memories; mood; imagery vividness; depressed mood, 24486
irritable bowel syndrome; depression; mood; symptom severity; bipolar disorder, 1322
isradipine; cocaine; mood; calcium channel antagonist; mesolimbic dopamine; cocaine dependence; rewarding effects, 19670
job performance; curiosity; employee socialization; learning; affect, 36304
language; personal pronouns; intersubjectivity; mood; modality; perspective commutability; imperative, 15979
lay adaptation theories; affective state duration; priming theories; affective forecasts; affect duration; social cognition; affect progression; general progression; high elaboration; time progression, 28444
leadership; affect; belongingness; procedural fairness, 25259
long term changes; mood change; aged population; predictors; pessimist attitudes; cognitive impairment; impaired survival; lower mood; Zung-score, 10295
love themes; popular music; romantic satisfaction; love music, 13464
low self-esteem; mindfulness; negative bias; information processing; clinical depression; negative thinking; mood; metacognitive awareness; cognitive therapy, 34825
maladjustment; psychological states; outpatients; schizophrenia, 7914
mania-like excitement symptoms; schizoaffective disorder; negative syndrome scale; emotional states; schizophrenia, 25650
marital quality; maternal depressed affect; harsh parenting; child externalising; Chinese families; behavior problems, 31855
materialism; affect; self-presentational concerns; psychological well-being, 25329
maternal care; cognitive performance; emotional reactivity; pregnancy stress, 7352
maternal depressive symptoms; emotion expressions; Latina mothers; Latina children; symptomatic mothers; interpersonal consequences; cultural processes; family; basic emotions; mixed emotions, 19356
maternal mood; infant feeding problems; food refusal; maternal anxiety; maternal depression; intervention implications, 7351
medial prefrontal cortex; activation; emotional states; brain tissue oxygenation; oxygenated hemoglobin & reduced hemoglobin; self monitoring requirements, 9841
Mellisa officinalis; lemon balm; acetylcholinesterase inhibition; cholingergic receptor binding; cognitive performance; mood effects; nicotinic & muscarinic receptor binding, 736
memory; emotional experiences; non-emotional experiences; learning sequencing; alcohol drinking, 21862
menopausal women; menopausal mood disturbance; neuropsychological symptoms; hormone replacement therapy; psychoactive medications; hot flushes, 2272
menstrual cycle; neurocognitive functioning; mood; neuroendocrine function; premenopausal women; hypothalamic-pituitary-adrenal axis, 15454
mental arithmetic; coping efforts; delayed-type hypersensitivity; academic optimism; cellular immunity; academic stress; positive moods; test response, 685
mental health; test construction; FLAGS; test reliability & validity; social-psychological perspectives; emotions; fear; loneliness; anger; guilt; sadness, 88
methamphetamine; simulated night-shift work; psychomotor performance; mood; sleepiness, 9999
mindfulness stress reduction program; stress mindfulness; self-efficacy; optimism, 35587
miscarriage; perinatal loss; emotions; sexual relationship; couples; marriage; interpersonal relationship; women's perceptions, 1099
mood changes; pregnancy; postpartum period; human females; biopsychosocial model development, 27843
mood effects; antiepileptic drugs, 20040

mood effects; sensory detection; menstrual cycle phase; physiological arousal; putative human pheromones; steroids; chemosignals; mood; psychopharmacology; androstadienone, 7225
mood effects; verbal communication; sadness; verbal evasiveness; conflict situations; equivocation; cognitive strategies; equivocal communication, 28464
mood enhancement; exercise; distraction; college students, 6095
mood functions; transfer; equivalence relations; happy mood state; sad mood state, 15336
mood induction; facial expressions; generalized anxiety disorder, 7948
mood regulation; bipolar disorder; blood flow differences; state influences; trait influences; brain, 7831
mood stabilizers; bipolar disorder; anticonvulsant agents; valporate; lithium; brain, 26343
mood swings; depression; anxiety disorders; bipolar spectrum disorders; hypomania; cyclothymia; hyperthymia; mood variability; visual documentation; quantitative method; subsyndromal mood fluctuations, 16377
mood-induced body image; subjective mood; cognitive priming; disparagement effect; enhancement effect, 22363
mood; cognitive testing; late middle age; sex; habitual alcohol consumption; bodily symptoms, 31923
mood; impression formation, 25300
mood; performance; wakeboarding; depressed mood group; no-depression group; goal difficulty, 17910
mood; seasonality; behavior; acute seasonal disturbances; seasonal affective disorder, 22333
motivational music; work output; affective response; submaximal cycling; exercise; in-exercise affective states, 27141
mu-opioid receptor binding; carfentanil positron emission tomography; craving; mood; alcohol dependence; males; alcohol withdrawal; brain; depressive symptoms, 14464
multidimensional structure; repetitive thought; worry; rumination; processing; well-being; multidimensional scaling; valence; purpose; affect; adjustment; health; personality; women with breast cancer, 387
need for cognition; information framing; mood; recall; decision making; confidence level, 9662
negative affect; negative reinforcement; information processing; reinforcement models; withdrawal syndrome; interoceptive cues; motivational basis; cognitive control, 10967
negative affect; neutral emotions; mixed emotions; sequentially mixed emotions; simultaneously mixed emotions; competition, 24529
negative affect; political sensitivity; self report; facial EMG; preferences; ingroup outgroup; crossed categorization, 19114
negative affect; positive affect; medically unexplained symptoms; neuroticism; alexithymia; primary care, 19845
negative affect; rehabilitation; criminal behavior; alcohol consumption; causal relationship, 8834
negative affective states; affective function; physical pain; tattoos; self harm behavior, 1557
negative affectivity; substance involvement; social anxiety; high school students, 4141
negative affects; behavioral inhibition system; behavioral approach system; frustration; sadness; anger, 16281
negative emotions; coping strategies; purchase-related situations; consumers, 27170
negative evaluations; daily well being; choice reaction; somatic symptoms; transitory mood state; personality functioning, 31596
negative mood induction; mood induction procedures; mood states; stress paradigm; musical mood induction, 22362
negative mood regulation expectancies; attachment representations; conflict behaviors; college students; romantic relationships; late adolescents, 25007
negative mood state; market research; retailing; shopper mood; conflicting motivation; consumer behavior; consumer satisfaction, 3024
negative mood; symptom reports; bronchodilators; drug therapy; asthma; drug therapy; inhaler treatment; reliever use; beta-agonists; steroids, 11661
neurobiology; emotion processing; schizophrenia; bipolar disorder; major depressive disorder; emotional states, 1390
neuropsychology; human emotions; individual emotions; neural substrates; emotion coding; emotion recognition; disgust; disgust recognition system; human brain, 21552
night nurses; emotions; day shifts; night shifts; hospitals, 9091
night sky watching attitudes; college students; student interest; student enjoyment; student mood improvement; student thoughts; noctcaelador; emotional attachment, 15339
nightmare frequency; state factors; trait factors; theories; stress; emotional states; sleep quality; sleep behavior; individual differences, 451
nonemotional facial expressions; emotional facial expressions; Parkinsons disease; facial expressivity; facial expressions, 29178
older adults; benzodiazepine hypnotics; withdrawal; cognitive function; quality of life; mood; sleep, 8495
one hour learning program; hypermedia learning environment; positive affective states, 21379
park settings; urban settings; exercise; mood; feeling states; cognitive strategies; exercise environment; females, 6093
pediatric residents; sleep deprivation; wake-sleep schedule; night float rotation; mood; performance; sleep; attention; fatigue, 23720
people-work; emotion management; work stress; coping behavior; emotional labour, 27081
performance feedback; psychological state; maximal aerobic exercise; acute bouts, 6082
personal characteristics; depression mood; anhedonic mood; long-term recall; lifetime history; individual characteristics, 28674
personal experiences; team effectiveness; commemorative trek; interpersonal performance factors; work performance factors; mood; satisfaction; group camaraderie; enjoyment, 24059
personality; extraversion; neuroticism; positive affect; negative affect; attentional bias; emotional stimuli; autonomic arousal; fusiform gyrus, 13466
personality; mood; self report, 7681
phase shift hypothesis; seasonal affective disorder; circadian phase delay; seasonality; moods; Eveningness, 4599
physical activity; social support; psychological well-being; family structure; African-American women; health perceptions; mood; European-American, 24528
physical hardiness; socioemotional functioning style; later life adjustment; interpersonal relationships; religiosity; emotions, 18994
physiological experience; Paced Auditory Serial Addition Task; performance changes; interpretation test scores; arousal level; mood states; autonomic arousal, 27832
polycystic ovarian syndrome; androgens; mood states, 26073
positive affect; cognitive control; distractibility; cognitive flexibility; stability; perseveration, 12636
positive affect; negative affect; depressive symptoms; parent-infant interaction; parent gender; parent depression history, 21997
positive emotions; negative emotions; well-being; Affective Endowment-Contrast Theory, 34659
positive event communication; capitalization; interpersonal consequences; positive event coping; partners; marital satisfaction; close relationships; positive emotions; daily events; social bonds, 31477
positive experience; mood measures; positive mood; writing; health benefits, 20500
positive mood induction; evaluation form; student evaluations; positive affectivity; evaluation measures; teacher evaluation, 12263
positive mood; cognitive flexibility; task requirement; categorization ability, 6621
positive social exchanges; negative social exchanges; psychological health; psychological well-being; social relationships; positive affect; negative affect; older adults; prediction, 7618
positivity; familiarity; smiling; neutral expressions; mood states, 22335
postnatal depression; cultural factors; cross-cultural equivalence; morbid states; unhappiness; local services, 28662
postpartum depression; maternal mood; short & long term psychological treatment effects; cognitive behavior therapy; psychodynamic therapy; non-directive counseling; psychotherapy, 11375
power; approach; inhibition; social behavior; social cognition; social attention; affect, 28382
preference construction; prices; behavioral economics; decision making; affective responses; within subject & between subject; willingness to accept; willingness to pay; lottery tickets, 3029
preferred exercise mode; emotion; affective responses; adult participants; exercise choice; psychological benefits; cycle ergometry, 9156
pregnant women; depressive symptomatology; mood symptoms; antidepressant medications; low educational attainment; specific risk factors; psychiatric treatment, 16408
pregnenolone; steroid; placebo; mood; memory; sleep quality; well-being; diazepam; benzodiazepine; anxiety; drug tolerability; psychotropic effects, 15779
problem drinkers; alcohol dependence; naltrexone; drug therapy; mood; alcohol drinking behavior, 17434
problematic behavior; public mental health; child outcomes; youth; interpersonal relationship; mood modulation, 25816
procrastination; personality variables; motives; affect; performance, 1281
productive activities; consumptive activities; time use; aging, 28480
progressive affective aprosodia; prosoplegia; emotional prosody; automatic speech; frontotemporal dementia; cortical atrophy; aphasia, 8097
psychiatric resident conceptualizations; mental status examination; mood; affect, 26844
psychiatric resident conceptualizations; mood; affect; mental status questionnaire, 26830
psychic phenomena; early emotional states; severe early trauma; psychic intuition, 25428
psychological distress; vulnerability; human sex differences; negative mood states; negative event experience; interpersonal interactions, 1217
psychological readiness; anterior cruciate ligament surgery; preoperative mood levels; adult sports medicine patients, 8652
psychological resilience; stressful experiences; negative emotional experiences; positive emotions; emotional regulation; positive meaning; cardiovascular recovery, 10621
psychological well-being; life review interview; mood; self esteem; mental health, 7666
psychopathy; factor structure; emotional processing; emotional detachment; antisocial behavior; community sample; startle reflex, 7958
psychosis-prone individuals; social behavior; negative affect; experience sampling method; environmental contexts; operant conditioning; behavioral profiles; depressed mood; social contact, 16436
psychotherapeutic approaches; autobiographical account; emotional collapse; first symphony; Sergei Rachmaninoff; artist; psychoanalytic reader; recovery; music; musician, 32271
quality of life; mood; stress; cortisol; dehydroepiandrosterone sulphate; melatonin; breast cancer; prostate cancer, 17131
race; teaching experiences; blacks; whites; undergraduate college classroom; emotion labor & management; student expectations; negotiating devalued racial status, 12104
rapid tryptophan depletion; moods; drinking urge; co-morbid diseases; major depression; alcohol dependence; serotonin transporter protein gene; functional polymorphism, 16368
REM sleep reduction; REM pressure; mood regulation; remission; untreated depression, 7817
remorse; internal & external aspects; probation officers; opinions; empathy; personality dispositions; personality correlates; Remorse Construct Rating Form, 9381
repetitive transcranial magnetic stimulation; emotional function; right parietal cortex; depression, 1450
repetitive transcranial magnetic stimulation; mood; brain; mid-dorsolateral frontal cortex, 24723
resilience; burnout; psychological variables; well-being; emotions; coping; fortigenesis, 22370
respiratory variability; psychological well-being; schoolchildren; breathing pattern; respiration rate; anger-in; fear of failure; neurotic complaints; duty cycle; negative affect; resting time, 879
rumination; defensiveness; negative affect; stress, 28517
satisfaction ratings; satisfaction judgments; emotional experiences; negative affect; positive affect; motivation; well being, 13494
schizophrenia patients; patients siblings; affect perception deficits, 19459
selective serotonin reuptake inhibitors; affective blunting; healthy elderly; affective experience; paroxetine; sertraline, 24806
self efficacy; self esteem; affective states; task performance; motivation; self-evaluations, 23970
self-complexity; negative moods; positive memories; mood-incongruent recall; mood regulation; knowledge structure, 24515
senior house officers; learning disability; learning disability psychiatry; trainee attitudes; emotional states, 32902
signal-detection; sex differences; emotional face recognition; emotional states, 21404
simple emotions; complex emotions; preschoolers understanding; verbal ability; gender role behavior, 24998
simultaneous monoamine depletion; moods; emotional responsiveness; tryptophan; tyrosine; phenylalanine, 18749
situational factors; store busyness; customer demand; dispositional factors; extraversion; neuroticism; psychoticism; positive emotions, 9106
sleep-disordered breathing; affective functioning; sleep quality; obstructive sleep apnea; subjective sleepiness; nocturnal hypoxemia; neuropsychological functioning; sleep disturbance, 13874
slow components; online components; emotional stroop task; emotional intrusion effect; disruptive effects; negative stimuli, 12650

smoking cessation trial; fluoxetine; mood changes; cognitive-behavioral therapy; drug effectiveness, 29777
smoking cessation; mood; depression history; treatment modality; treatment outcomes; cognitive-behavioral treatment; health education intervention, 32779
smoking-cessation treatment; relapse risk; stress; negative affect; smoking, 17442
social anxiety; emotional expressions; facial expression; school children, 13652
social comparison processes; magazine advertisements; thin-idealized female beauty; mood; body dissatisfaction; women, 16301
social contagion; time perception; cognition; word puzzles; mood; social interaction, 10493
social learning; irritable bowel syndrome; inflammatory bowel disease; passive coping strategies; pain; anxiety; depression; illness behavior; outpatient clinics, 13861
social psychology; information; mood; research; history, 10469
social support networks; social cognition; assimilation; context induced contrast; support judgments; supportiveness; negative affect, 1216
social support; positive state of mind; HIV treatment adherence; HIV/AIDS; depression; medication adherence, 29044
societal implications; psychiatric disorder; clinical depression; social definitions; lifestyle drugs; mood; behavior; cognition, 23476
spatial frequency sensitivities; facial expressions; emotional expressions; visual images; neural channels; neural responses; fusiform cortex; fusiform activity; amygdala responses, 15343
speech signal; emotional state; event-related brain potentials; ERPs; affective speech perception; breathiness; roughness; speaker, 3761
speechlessness; social interactions; causal attributions; emotional features; social consequences; silence, 25294
spirituality; positive affect; negative affect; religious affiliation; emotional well-being, 34455
Stellenbosch Mood Scale; dual language measure; mood, 18117
stigma; emotional problems; psychiatric disorders; disclosure; primary care patients, 7793
stress reactivity; vulnerability; depressed mood; minor stressors, 16286
stress-buffering effects; self-complexity; reduced affective spillover; self-regulatory processes; depression, 31597
stress-response dampening; alcohol consumption; daily process examination; social situations; negative events; social drinkers; mood assessment; social context; risk factors, 4304
stress; coping; alcohol use; college students; alcohol drinking; affective states, 19094
sub-chronic administration; hydrocortisone; amphetamine; metamphetamine; neuroendocrine response; cortisol; prolactin; mood; neuropsychological function; sustained attention, 15754
subcortical neural responses; prefrontal cortical neural responses; facial expressions; bipolar disorder; major depressive disorder; mood; emotional processing, 19384
subjective well-being measurement; ecological validity; quality of life; momentary mood ratings; global judgments; personality ratings; situational variability; long term stability, 34666
subjective well-being; positive psychology; asthma; emotionally triggered asthma; positive psychology treatment, 11623
temperament; anxiety; depression; ethnic differences; affectivity, 22425
temporomandibular dysfunction pain; coping processes; momentary mood; dispositional coping styles, 29014
terrorism; therapeutic treatment; adolescent emotional reaction; Israel; adolescent population, 4126
terrorist attacks; alcohol consumption; distress; national trauma; mood; September 11th, 19726
test validity; dementia; Visual Analog Mood Scales; mood state, 33584
test validity; test reliability; analog scale display; mood assessment; hand-held computer, 95
testosterone; cortisol; rowing ergometer competition; individual differences; gender differences; hormone behavior relationships, 34124
therapeutic alliance; negative mood regulation; childhood abuse; posttraumatic stress disorder; negative mood states; traumatic memories; imaginal exposure; skills building; posttreatment symptoms, 28759
thyroid function; depressed mood; cognitive performance; aging population; serum thyroid stimulating hormone level; Maastricht Aging Study; verbal memory, 27846
time sampling; daily experiences; mental states, 27578
time series analysis; job satisfaction; mood; job stress, 6025
training champions; competitor types; artistic roller and figure skating; Olympic Games in Nagano (Japan) 1998 and Salt Lake City (USA) 2002; self-concept; body-concept; mood, 36418

winter pattern seasonality; mood; Seasonal Pattern Assessment Questionnaire; test validity, 101
women; Traumatic Brain Injury; psychotherapeutic relationship; social isolation; emotional functioning; posttraumatic stress symptoms; anxiety; depression; cognitive disabilities, 1864
zolpidem; psychomotor task performance; mood; food intake; night-shift work, 726

Emotional States [See Also Affection, Alienation, Ambivalence, Anger, Anxiety, Apathy, Aversion, Boredom, Depression (Emotion), Disappointment, Disgust, Dissatisfaction, Distress, Embarrassment, Emotional Trauma, Enthusiasm, Fear, Frustration, Grief, Guilt, Happiness, Helplessness, Homesickness, Hope, Hopelessness, Jealousy, Loneliness, Love, Mania, Mental Confusion, Optimism, Pessimism, Pleasure, Pride, Restlessness, Sadness, Shame, Suffering, Suspicion, Sympathy]—Books

Emotion-focused therapy: Coaching clients to work through their feelings, 23154
Experiences of depression: Theoretical, clinical, and research perspectives, 10773

Emotional States [See Also Affection, Alienation, Ambivalence, Anger, Anxiety, Apathy, Aversion, Boredom, Depression (Emotion), Disappointment, Disgust, Dissatisfaction, Distress, Embarrassment, Emotional Trauma, Enthusiasm, Fear, Frustration, Grief, Guilt, Happiness, Helplessness, Homesickness, Hope, Hopelessness, Jealousy, Loneliness, Love, Mania, Mental Confusion, Optimism, Pessimism, Pleasure, Pride, Restlessness, Sadness, Shame, Suffering, Suspicion, Sympathy]—Chapters

Affect regulation, 13507
Affective influences on social judgments and decisions: Implicit and explicit processes, 4414
Arriving at a primary emotion, 23156
Asymmetries in affect-laden information processing, 10558
Coaching for emotional wisdom in couples, 23159
Distinguishing among varieties of emotional expression, 22373
Emotional experiences in the psychosocial transition of becoming drug free: A diary study, 5710
Emotions and emotional intelligence, 22374
Emotions in parenting, 22224
Expression of the emotions in man and animals, 30
Identifying maladaptive emotions, 23158
Interpersonal emotional processes in adjustment to chronic illness, 2359
Lessons about anger and sadness from psychotherapy, 23163
Processing emotions induced by music, 6627
Real time text-to-emotion engine for expressive Internet communications, 3058
Relating the Five-Factor model of personality to a circumplex model of affect: A five language study, 4491
Self-regulation of action and affect, 13502
The steps of emotion coaching, 23160
The therapist as an emotion coach, 23155
The transforming power of affect: Facilitating access to alternate adaptive emotions and needs, 23162

Emotional Superiority—Serials

superiority; narcissism; social comparison; personality traits; affective responses; hostility, 22327

Emotional Trauma—Serials

abortion; attachment; trauma; grief responses; women; emotional responses, 10419
absence of attachment representations; adults; Adult Attachment Interview; trauma; Holocaust survivors; children, 10135
acute stabilization; trauma program; psychiatric patients; self-report, 23593
acute stress disorder; Harvard trauma questionnaire; violent assault; physical abuse; emergency ward; physical assault victims; childhood sexual abuse, 1516
adolescent vulnerability; psychological distress; terrorist attacks; event-related stress; media; trauma; parents; children, 35056
adult sexual assault; prevalence; symptomatology; sex differences; physical assault, 25794
adults; females; survivors; chronic ritual abuse; family trauma; multiple personality disorder, 10678
agoraphobia; panic attack; psychoanalysis; clinical hypothesis; traumatic experience; treatment; analytically oriented therapies; psychopharmacological interventions; cognitive-behavioral approaches, 20235
alcohol abuse; collaborative care; alcohol abuse; health care interventions; trauma survivors; cognitive behavioral therapy, 26639
attachment pathology; structuralization; trauma; attachment; structural pathology; borderline functioning; character development; character disorders; attachment-related disorders; self-structure, 13791
attachment styles; vicarious traumatization; female therapists; trauma therapists; survivors; distress; cognitive disruption, 8925
autism; trauma; psychoanalytic psychotherapy; autistic children, 35483
autobiographical memories; posttraumatic stress disorder; PTSD; emotional responses; cognitive judgments; reliving trauma; sensory properties; narrative fragmentation; male war veterans, 13669
autobiographical memories; undergraduate students; emotional experiences; anxiety disorders; affective tone; social anxiety; panic; trauma; worry, 19560
autobiographical memory; trauma; major depression; physical abuse; memory specificity; neuroticism, 25563
behavioral health providers; psychological trauma interventions; community based intervention; psychosocial-intervention continuum; posttraumatic stress management, 35800
benzodiazepine exposure; trauma; drug usage, 5339
bereavemenet; complicated grief; suicide; survivors, 28834
borderline conditions; common structural features; developmental features; personality disorders; clinical symptomatology; clinical phenomenology; dysfunctional patterns; personality traits; trauma, 19326
child abuse history; violent trauma; dissociative symptoms; Russian college students, 28803
child psychoanalysis; childhood trauma; phenomenology, 20246
child trauma; children's mental health services; epidemiology; diagnosis; environmental adversities; group cognitive behavioural therapy; risk factors; child psychopathology; child-based evidence, 28784
childhood abuse survivors; posttraumatic stress inpatients; structured group treatment; long-term abuse; treatment expertise; process groups; sudden loss of support; emotions processing; healing, 20608
childhood experiences; trauma; loss; infant disorganized attachment; maternal states of mind; unresolved states of mind; hostile-helpless states of mind; intergenerational transmission, 10138
childhood reaction; terrorism; trauma, 19530
childhood sexual abuse; pregnancy; child birth; traumatic experiences; psychological impact; behavioral impact, 35023
childhood trauma; adult psychiatric disorders; adult psychopathology; psychometrics; assessment, 24301
childhood trauma; avoidance coping; alcohol use; drug use; emotional abuse; residential treatment; outpatient treatment; women, 11940
childhood trauma; early life experiences; early-life stress; corticotropin-releasing factor; neurobiological substrates; stress responsiveness; neurobiological systems; anxiety disorders, 13570
childhood trauma; play therapy intervention; traumatized children; post-traumatic stress disorder; child-centered play therapy; release play therapy, 31818
childhood trauma; transliminality; childhood development; traumatic events; physical & sexual abuse, 12722
childhood traumatic grief; client-centered therapy; adolescent development; paternal death; treatment outcomes, 35481
childhood traumatic grief; traumatic event; death; cognitive-behavioral therapy; fear; sadness; therapeutic process; bereaved children, 35429
childhood traumatic grief; treatment; community trauma; terrorism; effective interventions; mental health needs; cognitive-behavioral therapy; client-centered therapy, 35398
childhood visual impairment; childhood trauma; adult functioning, 1894
childrens traumatic experiences; parents attitudes; parents acceptability; violence exposure; posttraumatic stress disorder; depressive symptoms; school-based mental health program, 36236
chronic illness; emotional suffering; hopes; dreams; illness experiences; self reformulation; ill participants, 8155
civilian trauma; acute stress disorder; prevalence; peritraumatic & persistent panic symptoms; survivors, 1534

clinical features; impairment; childhood trauma type; borderline personality disorder; posttraumatic stress disorder; other personality disorders; adult females, 7810
clinical perspectives; neurobiological effects; psychological trauma; anatomical changes; brain functioning, 25749
cognitive behavioral psychotherapy; childhood sexual abuse treatment; abuse trauma symptoms; post-traumatic stress disorder, 35441
community-based approach; cultural competence; World Trade Center disaster; family therapy; ambiguous loss; clinical work; union worker families, 2063
compassion fatigue; vicarious traumatization; secondary traumatic stress, 32949
complicated trauma histories; women; community mental health clinicians; community mental health system; intensive treatment program; OPAL; comprehensive treatment; symptom reduction; trauma survivors, 20138
compulsive features; eating disorders; childhood trauma; sexual abuse, 19322
constructs; legal; psychiatric; psychological trauma; PTSD; posttraumatic stress disorder, 27223
countertransference; gender; female analyst; male patient; childhood trauma; paternal transference; erotic transference; narcissistic; masochistic submission, 29235
couples therapy; childhood sexual abuse; female survivors; adult sexual functioning; emotional trauma, 35452
creative arts therapy; bereavement therapy; consciousness state; emotional upheaval; grief counseling; lamenting language, 8581
crisis psychotherapy; depression; anxiety; anger; stressful life events; global functioning; social relations; personality disorders; traumatic impasse; prevention; chronic pathology; suicide, 23146
crowd violence; apartheid; South Africa; psychoanalytic theory; group behavior; sense of self; posttraumatic stress disorder; trauma, 4497
cultural trauma; larger societies; cultural dissolution; hegemonic culture; multicultural adaptation; societal interventions, 28510
death notification; law enforcement officer; family member; suicide, 24136
depression; sexual trauma; posttraumatic stress disorder; brief hypnotherapy, 35601
developmental psychopathology; self-injurious behavior; posttraumatic adaptation; childhood traumatic experience, 19642
dialectical behavior therapy; veterans; trauma disorders; program development, 8438
disaster mental health; crisis intervention; traumatic events; married couple; traumatic loss; crash victims; grief process, 23701
dissociative identity disorder; attachment theory; survival; attachment dilemmas; pivotal crisis; object relations; transference, 8358
dissociative identity disorder; childhood trauma; therapeutic hazards; child treatment, 22469
dissociative symptoms; aversive childhood events; dissociation; childhood trauma; fantasy proneness; vague trauma items; specific trauma items, 10604
domestic violence; parents; caregivers; early intervention; family violence; trauma; developing child; neurological pathways; biochemical pathways; child functioning; violent homes, 10248
domestic violence; trauma symptoms; life skill needs; female victims, 28814
drug-facilitated sexual assault; drugs; trauma; cognitive behavioral treatment; rape; memory, 26281
early attachment figures; faces; childhood experiences; traumatic loss; mother-infant interactions; therapeutic action; psychoanalysis; nonverbal communication; videotapes; self, 17017
early attachment figures; faces; childhood experiences; traumatic loss; mother-infant interactions; therapeutic action; psychoanalysis; nonverbal communication; videotapes; self, 17011
early attachment figures; faces; childhood experiences; traumatic loss; mother-infant interactions; therapeutic action; psychoanalysis; nonverbal communication; videotapes; self, 17010
early attachment figures; faces; childhood experiences; traumatic loss; mother-infant interactions; therapeutic action; psychoanalysis; nonverbal communication; videotapes; self, 17012
early attachment figures; faces; childhood experiences; traumatic loss; mother-infant interactions; therapeutic action; psychoanalysis; nonverbal communication; videotapes; self, 17013
efficacy; debriefing techniques; prevention; psychological consequences; trauma; traumatic events, 5114
ego-state therapy; male patients; maternal re-nurturing; posttraumatic fragmentation; attachment deficits; childhood histories; parental abuse; human sex differences, 32496
emergency services; critical incident stress management; alternative interventions; appropriate interventions; psycho-educational group, 23311
emotional deficits; military-related posttraumatic stress disorder; process disturbances; emotion content; symptomatology; emotional numbing; alexithymia, 25729
emotional disclosure; trauma; resilient self concept; psychological distress; self perception, 1330
emotional distress; domestic violence; mental health problems; mental health services; women's experiences; medical model, 16480
emotional experiences; traumatic events; aversive events; loss; capacity to thrive; recovery; posttraumatic stress disorder; resilience, 10569
emotional trauma; head trauma; auditory hallucinations, 26173
emotional trauma; pain; mood; physical function; primary care population; trauma history; emotional functioning; pain patients; trauma distress, 4889
episode psychosis; ptsd symptoms; traumatic event; posttraumatic stress disorder; retrospective appraisals; psychotic symptomatology; police involvement; traumatic symptoms; mental health act, 25471
ethical standards; human subjects; traumatic memory; historical note; traumatic event; human subject; false memory; recovered memory, 12075
ethics; traumatized refugee children; family; healthcare professionals; cultural background; traumatic life events, 29923
Exotica; stripclub dancers; sexual scenario; schoolgirl uniform; psychic trauma; sexual murder; psychoanalytic process; sexuality; Egoyan's film, 18823
experiential avoidance; psychological distress; posttraumatic symptomatology; psychological functioning, 31593
extreme experiences; attachment; generational effects; trauma; Holocaust survivors; violence; children; parents; family members; at-risk children; loss; abuse, 10150
extreme life events; attachment; life span; intergenerational transmission; trauma, 10148
eye movement desensitization and reprocessing; transpersonal experiences; unborn child; pre-existence; reincarnation; prenatal memory; role of birth; in utero development; prenatal & perinatal trauma, 5381
factor analysis; factor structure; treatment implications; Impact of Event scale; traumatic experiences; avoidance; intrusion; multidimensional scaling; distress, 9376
false memory syndrome; childhood sexual abuse; response to cues; environment; traumatic experiences; factitious disorders; personality traits; induced by therapy; family consequences, 4500
father-child relationship; intergenerational transmission; domestic violence research; child development effects; violent families; clinical issues, 16518
first memories; childhood amnesia; emotional trauma; abuse; positive memories; negative memories; verbal memory; visual memory; right hemisphere, 18920
flashbacks; autobiographical trauma memories; dual representation theory; ordinary trauma memories; posttraumatic stress disorder, 16454
forgetting; trauma stimuli; divided-attention; impaired memory; words; dissociators; selective attention; cognitive capacities, 24425
functional brain imaging; traumatic recall; neuroimaging; hypnosis; hypnotic responsiveness; brain structure, 35602
gender differences; ethnicity differences; traumatic events; unexpected death; combat; natural disasters; sexual assault, 34417
grace; compassion; ground zero; World Trade Center; September 11; emotional trauma; counselor experiences; crisis intervention; personal experiences, 29917
historical trauma; American Indian people; internal reliability; scale development; Historical Loss Scale; Historical Loss Associated Symptoms Scale, 24184
holocaust; culture; psychoanalysis; emotional trauma, 31646
Holocaust; developmental needs; various age groups; child-survivors; therapy; trauma, 20145
humankind lovers; Mr. Rogers; Kathe Kollwitz; life histories; loving action; compassionate living; artist; traumatic events; victims; caregivers, 31299
identification; aggressor; normal trauma; psychoanalytic technique; emotional abandonment; free associations; analytic relationship; patients compliance; Sandor Ferenczi, 26321
Impact of Event Scale; Dutch version; psychometric value; assessment instrument; confirmatory factor analyses; traumatic experiences; construct validation; construct validity; stressors assessment, 12475
Infrequency-posttraumatic stress disorder scale; malingered posttraumatic stress disorder; Minnesota Multiphasic Personality Inventory; validation; adult victims of child sexual abuse, 30441
Infrequency-posttraumatic stress disorder scale; malingered posttraumatic stress disorder; Minnesota Multiphasic Personality Inventory; validation; adult victims of child sexual abuse, 21133
interactive regulation; trauma histories; couple therapy; self regulation; couple relationships; individual development, 32337
intergenerational transmission; trauma; war; state terror; memory; development; traumatic experiences; holocaust survivors; past; history; psychoanalytic theory, 1301
intrusive re-experiencing; post-traumatic stress disorder; phenomenology; theory; therapy; trauma memories, 25709
journalists; trauma; traumatic events; occupational stress, 36331
Khmer refugees; panic attacks; odor; catastrophic cognitions; olfactory panic; psychiatric clinic; trauma, 31805
life events; vulnerability; posttraumatic stress disorder; traumatic event; etiological implications, 28769
lifespan development differences; physiologic reactivity; loud tones; trauma victims; risk factors, 13155
loss; trauma exposure; mental health; adolescents; socioeconomic status; substance use; family member; friend; posttraumatic stress disorder; gender; age; race, 28502
medical disorders; psychological trauma; posttraumatic stress disorder, 19547
medical students; psychological trauma; stress reaction; psychological morbidity; coping behavior; gender differences; ethnicity; human dissection, 20717
memories; emotional trauma; traumatic memories; PTSD, 1512
mental disorders; trauma exposure; disabilities; prevalence; mental health outcomes; social functioning; coping strategies; assessment instruments; medical treatment; anxiety; depression; PTSD, 31689
mental illness; posttraumatic stress disorder; psychiatric hospitalizations; interpersonal trauma; demographic characteristics; mood disorder; alcohol abuse, 22463
missile attacks; personality functions; Gulf War; child exposure; posttraumatic symptoms; Arabs, 31811
mutuality; self experiences; psychotherapy group; intersubjectivity; affect attunement; emotional regulation; women; self-in relation; trauma, 32339
national trauma; clinical issues; September 11; analyst-patient relationship, 11452
negative life events; Hispanic adolescents; posttraumatic growth; traumatic event, 13158
neuroticism; self-criticism; posttraumatic stress disorder; traumatic stressor; adults; traumatic stressor event; statistical analysis, 16451
objective assessment; Secondary Trauma Scale; cutoff scores; anxiety, depression, intrusion; avoidance, 30456
organized violence; children; mothers; Kosovo; violence exposure; parent-child relationship; internal representations; childhood development; posttraumatic symptoms; care-giving, 10816
panic; trauma; etiology; acute posttraumatic arousal; physical assault; sexual assault, 19329
parent abducted children; child abduction; therapeutic interventions; treatment implications; adult development; relationship difficulties; birth name confusion, 8412
partner abuse; learned helplessness; attributional style; trauma symptoms; battered women; womens shelter, 35001
pathological dissociation; personality disorders; childhood trauma; dissociative phenomena; self-injury; childhood abuse; symptomatic identity disruptions; memory; suicide, 7783
pathological dissociation; traumatic events; family environment; community environment; dissociative disorder; juvenile delinquents, 11055
perceived control; adjustment; trauma; sexual assault; sudden bereavement; life satisfaction; depression; posttraumatic stress disorder; anxiety; stress, 28553
perceptions of motherhood; battered women; negative effects; emotional distress, 31852
perinatal loss; workplace responses; healing; grief; disenfranchisement; trauma, 22338
peritraumatic dissociation; negative emotions; physical anxiety; PTSD symptoms; posttraumatic stress disorder; PTSD; anxiety symptoms; traumatic event; French-speaking university students, 7935
personality factors; posttraumatic stress; civilians; air attack; risk factors, 10828
personality motives; traumatic events; memory; distress; cognitive complexity; September 11th terrorist attacks; personal traumatic experience; psychological symptoms; stress-related growth, 22106
perversion; twentieth century history; regressions; mother-child relationship; sexual functioning; preoedipal fixation; childhood trauma; history; distortions; theories; Holocaust, 28843
phobic response; traumatic attachment; developmental psychotherapy; therapeutic attachment, 28762
poetry; trauma; spirit; Walt Whitman; war; spirituality; terrorism; disaster, 34193

police officers; firefighters; ambulance personnel; organizational stress; traumatic stress; job satisfaction; psychological strain; occupational stress; stress experiences; emergency service workers, 33449
Police Trauma Encounters; Precursors of Compassion Fatigue; Police; PTSD; Gender; high risk population, 31834
political violence effects on children; violence witnesses; political violence trauma; intergenerational transmission; clinical intervention; family therapists, 11441
poor management practices; working environment; traumatic events; greater london; prison service staff; stressors; health care provision; crisis situation; workload; staff redeployment, 17895
post traumatic stress disorder; elderly population; disease management; psychological trauma; classification; aetiology; demographic features; disease vulnerability; diagnosis, 25697
post-rape substance abuse; post rape substance use; emotional problems; marijuana users; distress; alcohol users; anxiety reduction; video tape intervention; rape victims; post-rape acute time frame, 8849
post-traumatic stress symptoms; trauma exposure; sexual assault; gender differences, 28780
post-traumatic stress; coping; young persons; middle-aged; elderly; disaster, 19172
post-traumatic stress; low self-rated well-being; primary care attenders; reported trauma, 31829
post-traumatic stress; origins; temporality; traumatic stress; postmodern temporal dynamics; linear development; retro-causality, 22586
posttraumatic growth; breast cancer patients; cognitive processes; emotional processes; marital satisfaction; patient attitudes; partner attitudes, 26101

vicarious trauma; sexual abuse treatment; clinicians; survivors; sexual offenders, 8956
vicarious traumatization; psychological distress; symptoms of avoidance & intrusion; traumatized clients; therapist beliefs; burnout; therapist distress, 8951
victim mothers; victim children; domestic violence; structured interviews; psychological assessment; posttraumatic reexperiencing; avoidance; physiological arousal; parenting skills; trauma disorders, 31856
violence exposure; mental health; mental behavior; victimization; trauma symptoms; childhood development; adolescent development; school violence, 34954
violence exposure; parental monitoring; television viewing; children psychological trauma; self-reported symptoms, 34360
violence; bereavement; trauma exposure; traumatic grief; posttraumatic stress disorder; interpersonal factors; chronic grief reactions; clinical symptoms; risk factors; traumatic loss, 28497
violence; trichotillomania; TTM, 1563

Emotional Trauma—Books

After the crash: Psychological assessment and treatment of survivors of motor vehicle accidents (2nd ed.), 9228
The arts in contemporary healing, 11599
From child sexual abuse to adult sexual risk: Trauma, revictimization, and intervention, 1625
Hidden from the Holocaust: Stories of resilient children who survived and thrived, 4193
New York voices: The trauma of 9/11, 10841
Psychotherapy of difficult cases: Flexibility and responsiveness in contemporary practice, 8424
Trauma and health: Physical health consequences of exposure to extreme stress, 10842

Emotional Trauma—Chapters

Adverse childhood experiences and health-related quality of life as an adult, 5398
Attachment theory and family systems theory as frameworks for understanding the intergenerational transmission of family violence, 23192
Building psychological resilience: Learning from the South African police service, 21050
A context for understanding the physical health consequences of exposure to extreme stress, 10847
Coping and health: A comparison of the stress and trauma literatures, 10690
Costs and health care utilization associated with traumatic experiences, 11819
Environmental resilience: Psychological empowerment in high-risk professions, 20954
Health care needs of abuse survivors at midlife and beyond, 5399
Imagery in the treatment of trauma, 23330
Links between traumatic family violence and chronic pain: Biopsychosocial pathways and treatment implications, 5154
Minding the body: The intersection of dissociation and physical health in relational trauma psychotherapy, 5187
Posttraumatic stress disorder following peacekeeping operations, 3001
The process of trusting: Its relevance to vulnerability and resilience in traumatic situations, 20955
Psychoneuroimmunology and trauma, 10691
Resilience and growth in high-risk professions: Reflections and future directions, 20939
Routes to posttraumatic growth through cognitive processing, 19566
Screening for family violence with perioperative patients, 5152
Sense of coherence in managing trauma workers, 20916
Sexual trauma, 5240
Sociocultural context and trauma, 16651
Somatization and multiple idiopathic physical symptoms: Relationship to traumatic events and posttraumatic stress disorder, 10843
Sons and fathers: A room of their own—Nanni Moretti's *The Son's Room* (2001), 825
Strengths-based approaches to trauma in the aging: An Albanian Kosovar experience, 16974
A trait approach to posttrauma vulnerability and growth, 19226
Translating traumatic experiences into language: Implications for child abuse and long-term health, 2259
Trauma, posttraumatic stress disorder, and health risk behaviors, 10846
Trauma, posttraumatic stress disorder, and health status, 10845
Trauma, terrorism, and disaster, 1397
Understanding relationships among trauma, posttraumatic stress disorder, and health outcomes, 10848
Victimization and health risk behaviors: Implications for prevention programs, 5397

Emotionality (Animal) [See Animal Emotionality]

Emotionality (Personality)—Serials

adolescent anger; sex; ethnicity; age differences; psychometric properties; test reliability; test validity; African-American; Hispanic-American; European American, 22093
child anger; emotional expressiveness; parents' empathy; child's empathy; parenting practices; child emotional factors, 25064
child influences; family influences; emotion regulatory behaviors; school entry; maternal education; depression; intelligence quotient; academic achievement, 33141
countertransference; psychoanalytic discourse; psychoanalytic process; emotional openness; trust; psychotherapy, 20234
early intervention; FAST-Track programme; social behavior; emotional behaviour; school curriculum; social skills training; reading development; parenting skills; home-school liaison, 5944
early-onset depression; late-onset depression; behavioral characteristics; major depressive disorder; offspring; emotional characteristics; emotional problems; behavioral problems, 1441
emotion processing; emotionality; aggression; empathy; anger; happiness; emotion attribution accuracy, 34358
emotional dissonance; emotional expression content; human resources jobs; gender differences; emotion display rules; emotion suppression; positive emotion simulation; personal inauthenticity feelings, 31604
emotional expression; expression suppression; expression enhancement; long-term adjustment; adaptation; college students, 25323
emotional problems; behavioural problems; institutionalized childcare clients; gender; out-of-home childcare; child and adolescent psychiatric institutions, 32651
emotionality; male psychology interns; counseling supervision; supervisee gender, 20738
European Americans; ancestoral background; country of origin; emotional expression; emotional control; facial expressions; cultural heritage, 1083
externalization; internalization; early childhood; disadvantaged boys; emotionality; fearfulness; maternal control, 34329
extraversion; emotional reactivity; positive affect; mood conditions; happiness, 13484
individual differences; emotional expression; brief facial expressions; life course; life context; Paul Ekman, 13481
infant emotionality; maternal characteristics; caregivers depression; social support; sensitivity; emotionality predictability; temperament characteristics; mother infant interaction, 18971
intrusive memories; cognitive behavioral treatment; emotional impact; posttraumatic stress disorder; phenomenology, 25716
love styles; romantic love experiences; emotional experiences; self-perceptions; partner impressions, 25271
male restrictve emotionality; online counseling; face to face counseling; male perceptions, 28503
maternal reactivity; maternal sensitivity; infant emotionality; negative emotionality; positive emotionality; maternal depression; maternal anxiety; social support; primiparous mothers; infants, 10403
mothers negative expressiveness; children's emotional experience; child's emotional expression; heart rate; facial distress; negative emotion, 28132
negative emotionality; temperament; infant-mother attachment relationship; fear; anger; cognitive development; distress; intelligence quotient, 25028
nonsocial peer play behavior; emotionality; regulation; social functioning; parents; teachers; asocial behavior; problem behaviors; social acceptance; peers; emotions; internalizing; externalizing, 7441
parental emotional expressivity; children's coping; daily stress; parental support; diaries, 13258
physiological indices; empathy; socioemotional adjustment; caregivers; children; maternal expressivity; skin conductance; heart rate; sex differences, 4140
post-traumatic stress; emotional self-disclosure; post-trauma psychological state, 22592

regulation; emotionality; socioemotional functioning; Indonesian children; longitudinal relations; individual differences; shyness; social skills; adjustment; prosocial tendencies; peer liking, 31216
temperament; factor structure; sociability; personality assessment; emotionality; psychometric properties; activity; EAS Temperament Survey, 12469
upset; child's partner's infidelities; sexual infidelity; emotional infidelity; evolutionary psychology; sex-differentiated socialization; parents; long-term partner, 31322
work stressors; negative affectivity; hospital employees; sense of coherence, 30187
written emotional expression; immune function; human immunodeficiency virus; HIV infection; lymphocyte count, 19904

Emotionally Disturbed [See Also Autistic Children]—Serials

age differences; gender differences; problem behaviors; behavior disorders; emotional disorders; comorbidity; public school setting, 2842
anger logs; anger log use; In Control; classroom-based curriculum; aggressive behavior; anger management; emotional disorders; behavioral disorders; middle school students, 5941
behavior change; urban school-based mental health program; severe emotional & behavioral difficulties; conduct disorder; attention deficit; hyperactivity; depressive symptoms, 2865
behavior disorder; emotional disorder; child maltreatment; dissociative disorders; child psychopathology; coping behavior; dissociation; trauma; strategies, 25809
behavioral disorder; emotional disorder; child maltreatment; schizophrenia; treatment strategies; medication, 25807
behavioral disorder; emotional disorder; child maltreatment; somatization; somatoform disorders, 25805
behavioural difficulties; emotional difficulties; legal rights; civil rights; pupil inclusion; education; mainstream schools; special educational needs, 24126
Bettelheim; Ekstein; residential treatment; severely emotionally disturbed; children; adolescents; metaphor; relational theory; psychotic children; clinical case material, 2097
bipolar disorder; treatment strategies; emotional disorders; behavior disorders; child maltreatment; at risk population, 25806
borderline personality disorder; emotional disorders; comorbid disorders; behavior disorder; child maltreatment, 25810
Child & Adolescent Functional Assessment Scale; community mental health services; functioning; severe emotional disturbance; youths; outcome; state funds; impairment; public mental health, 24248
children; psychotropic medication; advocacy counseling; mental symptoms; emotional symptoms; mental health, 32446
educational psychologists; behavioural difficulties; coping behavior; complexity; emotional difficulties; assessment; referrals; intervention, 23946
emotional and behavioral disorders; grammar assignment perceptions; interspersal assignments; homework choice; students, 26971
emotional difficulties; behavioural difficulties; pupil behavior; classes; mainstream comprehensive school, 23933
emotional disorders; behavior disorder; child maltreatment; reactive attachment disorder; treatment strategies, 25811
emotional disorders; behavior disorders; behavior problems; early intervention; research methodology; at risk children, 8370
emotional disorders; behavioral disorder; child maltreatment; adolescent maltreatment, 25808
emotional disturbance; K-12 students; comorbid disorders; language deficits; public schools; academic characteristics; social adjustment, 10928
emotional disturbance; middle school students; high school students; relationship problems; inappropriate behavior; unhappiness; depression; fear symptoms; inability to learn; physical symptoms, 34757
emotional disturbance; school-based program; mental health services; disorder severity; moods; emotion; self harm; thinking; interpersonal relation, 23530
emotional disturbances; occupational therapists; school-based occupational therapy; children; public schools; special education; mental disability; therapist perceptions, 17537
emotional or behavioral disorders; learning disabilities; academic difficulties; mathematics; lesson script deviations; effective instructional practices; Direct Instruction, 2828
emotionally disturbed; emotionally handicapped; adolescents; mothers; fathers; distress; emotional & behavioral problems; parental distress; perceived control; motivation to change; age; gender, 10903
extreme emotional disturbance; New York County cases; mitigating defense; verdicts; accepted pleas; successful cases; guilty pleas; understandable fear motivation; homicide, 14934
intrarater reliability; rating scales; emotional or behavioral disorders; students; classroom behaviors; functional behavior assessment, 136
mental activities; residential psychiatric treatment; psychotherapy process; therapeutic alliance; disturbed adolescent; adolescent patients; mentalization, 16931
mental pain; suicide attempts; phenomenological-psychache; negative emotions; suicide prevention, 7994
momentary time samples; continuous recording samples; on-task behavior; emotional disorders; behavioral disorders; elementary school students, 6437
parent-child mutual recognition model; disturbed adolescents; treatment resistance; responsibility; cooperativeness; parents; biopsychosocial systems theory; relational psychoanalysis, 35487
preschool age children; orthodox Jewish community; rates of emotional and behavioral disorder; predictors; gender differences; parent rating; teacher rating, 4525
psychiatric treatment; disturbed adolescents; children; residential treatment; Menninger Clinic model; group care; length of stay; health care costs, 23582
psychological trauma; post-traumatic reactions; traumatic events, 34786
self-determination; teaching; secondary-age students; work; evaluation; adjustment behaviors; planning; academic tasks; severe emotional & behavioral problems, 2840
serious emotional disturbances; schools; community; intensive mental health program; school-based therapeutic environment; individual psychotherapy; group psychotherapy; behavioral management, 2445
social competency programs; story-based program; skill-based program; elementary school children; emotional disabilities; processes; outcomes, 12208
special education; emotional disorders; behavior disorders; evidence-based instruction; research-based practice; instructional techniques, 9038
special education; emotional disorders; behavioral disorders; inclusion; behavior management program; skills, 2843
temperament; schemas; memory structures; risk factors; emotional disability, 25526
therapeutics; emotional disturbance; developmental dysfunction; behavior problems; developmental psychopathology; child psychology; child psychiatry, 31674
transition-age youth; job performance; emotional & behavioral disorders; adolescent employees; workplace behaviors; job success; immediate supervisors, 2833

Emotionally Disturbed [See Also Autistic Children]—Chapters

The state of mental health services for children and adolescents: An examination of programs, practices and policies, 5585

Emotions [See Also Emotional States]—Serials

abstinence violation effect; relapse prevention model; attributions; emotions; perpetrators; domestic violence, 13702
acoustic startle reflex modulation; fear; emotional stimuli; amygdala; anteromedial temporal lobe; unilateral damage; bilateral temporal lobe damage; startle reflex potentiation, 19952
advertising agencies; emotions; advertising, 33368
affect; evaluation; categorization; priming; encoding visual objects; lexical decision; semantics, 6594
affect; hypnosis; pain; neurobiology; neuroimaging; stress; trauma; brain structures; sensory and affective dimensions of pain; emotions; autonomic arousal; individual differences in pain reactivity, 34018
affective dimensions; positivism; rationality; emotion; reason; emotionality; false dichotomy; reunification, 27968
affective expression; play behavior; autism; Down syndrome; self regulation; parent child relations, 35069
affective measurement; experience sampling methods; data collection; hedonic balance; well-being; affective dispositions: extraversion; neuroticism; life satisfaction, 3286
affective pain; anterior cingulate cortex; human brain; onomatopoeia word; subjective pain; cognitive evaluation, 30865
affective reactions; cross-functional teams; group size; common ingroup identity; relative group performance; functional heterogeneity, 25258
Alexithymia; Aspergers syndrome; feelings; emotions; cognitive style, 25454
ambiguous response formats; item response theory; opposite item pairs; Mokken model; graded response model; unipolar format; bipolar format; affect items, 111
amygdala oscillations; memory consolidation; emotional arousal; basolateral amygdala neurons; stress hormones; neuromodulators, 18695
anorexia nervosa; emotional functioning; alexithymia; adolescents, 19826
anxiety; emotional Stroop interference; emotional connotation; conditioned stimuli; word pairing; pictures; semantic factors; stroop interference, 33889
attribution; conformity; out-group; human emotions; intergroup relations; infrahumanization, 7649
auditory hallucinations; psychotic disorders; affective direction; grandiose delusions, 22530
autistic spectrum disorder; facial expressions; emotional attribution; amygdala; fusiform; prefrontal regions of interest; high-functioning individuals, 19765
autobiographical memory retrieval; recent memory; remote memory; emotional valence; neural correlates, 21664
automatic affective evaluation; arm flexion; arm extension; emotional expressions; conscious information processing; affective priming, 24762
automatic thoughts; negative emotions; children; adolescents; cognitive content specificity hypothesis; internalization; externalization; anxiety; depression; disruptive behavior disorders, 31182
autonomic nervous system patterning; emotion; affective space; blood pressure; skin conductance; electrocardiogram, 12948
Bertrand Russell; cognitive therapy; psychological problems; painful emotions; emotional problems; cognitive solutions, 16985
bilinguals; memory; language; self construal; emotion; individualism; collectivism; biculturalism, 30725
binge eating; eating disorder; emotional factors; physiological factors; antecedents; sequelae, 22767
brain; emotions; fear; anxiety disorders, 34907
career development; emotions; career management; emotional labour; constructivist approach; positivist paradigms; constructionist approach; methodological issues, 27031
cerebral correlates; emotional memories; electroencephalography, 24672
cognitive control; emotion; behavioral activation; individual differences; prefrontal cortex; reward responsiveness; personality psychology, 13477
cognitive load; consumers; emotion-laden choices; conflicting goals; coping effects; consumer abilities, 33346
cognitive theories; emotions; feeling; cognitivism; evaluative content; emotional object; formal property, 18423
cognitive-emotional model; Carl Rogers; person-centered approach; personal growth; cognitive neuroscience, 2001
competition; cognitive appraisals; emotions perception; adaptive approaches; athletes; positive emotions; challenge; theoretical model; sport context, 27139
construct validity; triadic approach; assessment center; taxonomy; Feeling; Thinking; Power; job applicants, 30512
coping behavior; traumatic brain injury; emotions; family therapy; parents, 35294
critical incidents; affective reactions; public transport incidents; unpleasantness-pleasantness; deactivation-activation; public transport satisfaction, 27196
cross cultural differences; emotions; experience sampling methodology; global self-report; retrospective methodology; memory for emotions, 22365
cues; thoughts; feelings; behavior; young children; age differences; gender differences; cognitive behavior therapy; meta-cognitive skills, 18936
customer dissatisfaction; customer behaviors; emotions; disappointment; failed service encounters, 36459
customer emotions; contact employee performance; relationship satisfaction; customer encounter, 36355
dance; interaction tool; expression tool; dance therapist; mother-child relationship; attachment theory, 32506
death anxiety forms; psychotherapy experience; Freud; topographic model of the mind; emotion-processing mind; emotional adaptations; existential anxiety; predatory anxiety; predator anxiety, 14066
decoupling task; relationship conflict; intragroup emotional processing; intragroup conflict processes; group members; negative emotionality; interactional norms, 33310
developmental theories; mother-infant relation; infant development; emotional availability; sensorimotor interaction, 25406
disease management; family life; patient-appraised couple emotion management; Chinese American patients; type 2 diabetes; conflict resolution; morale; relationship qualities; marital satisfaction, 26036
early & late emotional processing; process experiential treatment; major depression; client centered therapy; symptom change; outcomes; working alliance; self-esteem; prediction; improvement, 2007
education effects; Iowa Gambling Task; emotion-based learning systems; decision-making, 21331
electroencephalogram; sleep; affective style, 6626
electroencephalographic signals; psychopathology; data processing; emotion; motivation, 34085
emotion attributions; static body postures; recognition accuracy; confusions; viewpoint dependence, 25295

emotion focused therapy; self; self organization; emotional experience; emotion awareness; emotion regulation; emotion transformation; coping; emotion coaching, 16919
emotion words; gender differences; age differences; mother-child conversations; Peruvian mothers; preschool children, 25037
emotion work; theoretical discussion; anti-racist feminist theory; racial differences; self employed women; gendered processes, 2935
emotion-based learning; card game; Iowa and Bangor Gambling Tasks; frontal lesions, 24419
emotion-focused therapy; Leslie Greenberg; humanistic, 26265
emotion-focused treatment; unipolar mood disorders; bipolar mood disorders; SPAARS approach; emotion; emotional disorders; cognitive behavioral therapy; theories, 16986
emotion; boundary extension effect; anxiety; perspective; negative emotional pictures, 15340
emotion; child's tone; voice; test construction; Diagnostic Analysis of Nonverbal Accuracy Child Paralanguage, 24194
emotion; consciousness; rage; insight; phenomenology, 18419
emotion; decision-making; neurological patients; orbitofrontal damage; Somatic Marker Hypothesis; neuroanatomical frameworks; cognitive framework; neural substrates; homeostasis; emotion; feeling, 26123
emotion; facial expression; preschoolers knowledge; behavioral consequence, 15985
emotion; nursing; Balint seminar training; methodology; psychosocial nursing; theory, 29857
emotion; performance; organizational settings; creativity; team performance; individual performance; groups, 27018
emotion; thought; intergenerational program; reading-writing program; eighth-grade students; language arts students; elderly volunteers; informants experiences, 20813
emotional arousal; bilateral occipito-temporal; temporal gyrus; visual affective processing; bilateral anterior insulae; negative emotions; heart rate; hypothalamus; fMRI; frontal lobe, 681
emotional assimilation; emotions; social relations; emotional behavior; emotional reactions; interpersonal orientation, 28419
emotional competence; cognitive ability; individual performance; team performance; team-member attitudes; leadership perceptions, 27105
emotional development; emotional self-regulation; internalization; emotional expression; age differences; self-reported feeling; emotions, 7424
emotional disorders; anxiety; depression; emotion-congruent cognitive biases; hierarchial models; selective attention, 13580
emotional dissonance; emotional expression content; human resources jobs; gender differences; emotion display rules; emotion suppression; positive emotion simulation; personal inauthenticity feelings, 31604
emotional distress; negative emotions; self-control behavior; sensitivity; punishment; neuroticism; depression; anxiety; personality traits, 10614
emotional facial expressions; congenitally blind & sighted children; social influences, 1893
emotional functioning; emotional responses; mild traumatic brain injury; college athletes; sport-related concussion, 20016
emotional information processing; disrupted parental bonding; secure parental bonding; cognitive specificity; avoidance; attentional processing; mood; vulnerability, 19190
emotional intelligence; emotional task performance; facial expressions; expression recognition; emotions; emotional information processing, 25315
emotional labor demands; wages; working conditions; cognitive demands; wage rates; occupational level; affective outcomes; job demands, 33280
emotional processes; psychotherapy; emotion; humanistic psychotherapy; cognitive behavioral psychotherapy; psychodynamic psychotherapy; therapeutic change; depth of experiencing; emotion research, 16948
emotional reactions; intrapersonal perception; emotions; emotional expressivity; gender stereotypes; self-judgment, 28472
emotional responses; kandoh; determinant factors; event involvement; event-related knowledge; emotionally moved, 3416
emotional speech; automatic speech recognition; ASR; human-machine interaction; speech signal; emotional state; stress state, 6126
emotional speech; human-computer interaction; database development; emotional speech databases; speech; emotion; scope; naturalness; context; descriptors, 6128
emotional states; affective states; sex offending, 25818
emotional states; speech; emotion description; emotion-related biological changes; speech communication; rich descriptive system; emotion conceptualization, 4031
emotional tone; speech; Parkinsons disease; basal ganglia dysfunction; emotional prosody, 20033
emotional verbalization; health-related emotions; chronic pain patients; psychological adjustment; patient disclosure; interpersonal variables, 35187
emotionally focused therapy; structural family therapy; experiential psychotherapy; world view; eclectic integration; assimilative integration, 34805
emotions; consciousness; subjectivity; affect-logic theory; cognition; affective-cognitive interactions; attention; affective state; attention; language; abstraction, 18252
emotions; feelings; electrophysiological markers; frontal electroencephalogram alpha activity; neurophysiology, 34087
emotions; gender differences; culture differences, 15337
emotions; happy; sad; facial expressions; adolescents; brain activity; amygdala, 18944
emotions; narrative selves; personal sense of unified agency; selfhood; mental disorders, 19315
emotions; neurobiology; psychoanalytic theory; brain functioning; intentionality; repression; W. J. Freeman's theories, 13524
endowment effect; economic decisions; carryover effects; emotions; appraisal-tendency theory; incidental emotions, 24530
ethnic composition; group processes; diverse teams; ethnically heterogeneous groups; ethnic minorities; individual ethnicity; negative emotion; positive emotion; ethnic diversity; group dynamics, 19125
European Americans; ancestoral background; country of origin; emotional expression; emotional control; facial expressions; cultural heritage, 1083
event-related potentials; semantic information processing; emotional facial expressions; cognitive psychology; cognitive process; semantic attribution; linguistics; N400; expectancy violation, 3408
face recognition; voice recognition; preschoolers; specific language impairment; emotion cues; social interaction, 16575
facial emotion; social interaction; happy; disgusted; angry, 16284
false belief attributions; false-emotion attributions; children; desire satisfaction; counterfactual belief; counterfactual desire satisfaction, 24999
feeling assessment; values cognition; value actualization; values-associated feelings; values change, 25355
feeling states; affect structure; phenomenology; scale development; exercise; Exercise-induced Feeling Inventory, 21085
focused attention; faces; facial expressions; emotions; flanker task, 6619
frontal electroencephalographic asymmetry; emotional disorders; emotional responding; frontal cortex; individual difference, 34088
frontotemporal dementia; emotional processing impairments; emotion recognition; temporal lobe; facial expressions; frontal variants; temporal variants, 32180
functional neuroimaging; human emotions; limbic brain regions; paralimbic brain regions; functional neuroanatomy, 34057
gender differences; emotion judgments; facial expressions; conscious awareness; multiple emotions, 24527
gender; social role; facial expression interpretation; emotional expressions, 33818
general cognitive ability; emotion processing; emotional facial expression; non-verbal communicative signals; emotional processing; Alzheimer's disease; quality of life, 26126
greater impairment; positive stimuli; healthy control subjects; event-related potentials; neurobehavioral studies; schizophrenia patients; facial photographs; emotional targets; facial emotion, 7858
grounded theory; emotion; control; costs; problem gambling, 10942
grounded theory; multipathway model; homicide process; cognitive factors; emotional factors; behavioral factors; offenders, 11040
healing; feeling; clinical ontology; emotion; healthcare providers; health care; patient emotions; personnel emotions, 5569
hemispheric asymmetry; emotion; conscious perception; unconscious perception; negative stimuli; neutral stimuli; visual perception, 30874
hemispheric lateralization; amygdala; emotionally influenced memory; human sex differences; emotional material, 24656
hemispheric processing; sex-related differences; hemispheric-related influences; neurobiology; emotionally influenced memory; brain; cognition, 9702
hemodynamic responses; negative emotional pictures; emotions; fear; disgust, 24767
hope; cognitive attitude; emotion; human life; human agency, 34692
human emotion; emotions; perceived relationships; therapeutic options, 19162
individual differences; electroencephalogram alpha asymmetry; motivational dispositions; cortical activity; test validity and reliability, 33578
individual differences; emotional complexity; emotional experiences; self-consciousness; openness to experience; empathic tendencies; cognitive complexity; ego development, 28478
infants; facial expressions; stressful episodes; emotion intensity; discrete emotions; component expressions; full-face expressions; developmental change, 34243
inflexibility; emotion in speech; speech development, 18894
influence of color; chromatic color; achromatic color; emotions; Holtzman Inkblot Technique; neurotic disorders; borderline inpatients; schizophrenics, 24258
intergroup contact; political predispositions; prejudice; intergroup emotions; social dominance; stereotypes; African Americans, 31496
interhemispheric communication; emotional stimuli; happy faces; angry faces; across-field advantage; individual differences; situational factors; evaluation conditions; visual fields, 33652
interpersonal relationships; recipient appraisals; hurt evoking messages; feelings; relationship satisfaction, 25291
life strain; negative emotions; anger; resentment; anxiety; depression; Agnew general strain theory; interpersonal strain; delinquent outcomes; minor offenses; violence, 28524
love; interpersonal relationships; emotions; attachment need; social perception, 31474
M. Powell Lawton; obituary; clinical psychology of aging; environmental psychology; emotion, 2597
Machiavellianism; volitional model; alexithymic; emotions; emotional connections; relationship formation; successful psychopathy, 10868
managerial implications; salespeople; sales performance; consumer behavior; retailing; affect toward customer, 3036
market prices; anomaly categories; decision heuristics; emotional factors; visceral factors; choice bracketing; unknown preferences; reference dependence; behavioral finance; standard finance approach, 27151
maternal insightfulness; preschoolers; emotion problems; behavior problems, 31387
mild traumatic brain injury; postconcussional disorder; emotional risk factors; forensic evaluation, 6288
modeling; affective processes; emotions; dyadic relations; couples; dynamic factor analysis, 6620
mood congruency bias; social judgment; emotions, 7638
mothers who were abused; children; emotions; maternal trauma; emotional events, 31384
motivated engagement; appetitive fanship cues; aversive fanship cues; psychophysiological responses; rival sport fans; emotion, 27128
motor symptoms; cognitive symptoms; emotional symptoms; functional capacity; Huntington disease, 11164
mystical experience; schizophrenia; mental illness; Magical Ideation Scale; Rasch Mystical Experience Scale; Manic-Depressiveness Scale; happy schizotype; positive outcomes of mental illness, 30758
narcissism; performance attributions; negative emotions; success; failure; self-serving attributions; performance feedback; blame, 10617
negative emotions; alcohol use initiation; at risk population; inhibitory control; depressed mood; fear; anger; aggressive boys, 34354
negative emotions; associations between emotions; componential basis; emotion components; individual differences covariation; situational covariation, 21405
negative emotions; health services; anger; frustration; sadness; fear, 27579
neural correlates; cognitive impairment; facial emotions; children; adolescents; autism spectrum disorders; emotion interpretation, 19781
neural networks; neural correlates; cognitive-affective integration; covert decision making; ventromedial prefrontal cortex; amygdala; nucleus accumbens, 9280
neural response patterns; emotive stimuli; symptom dimensions; obsessive-compulsive disorder; neurobiological markers; neural system abnormalities; emotion perception, 34919
neural substrates; brain circuitry; emotional experience; processing; cerebral hemispheres; specialization; positive emotions; negative emotions; approach-related emotions; withdrawal-related emotions, 18579
neuroanatomy; emotions; neuroscientific models; brain, 3686
neurobiology; emotion perception; ventral system; amygdala; insula; striatum; prefrontal cortex; anterior cingulate gyrus; dorsal system; hippocampus; brain, 611

neuroendocrine & cardiovascular changes; emotions; heart rate; blood pressure; methyl-OH-phenyl-glycol; norepinephrine; epinephrine; adrenocorticotropin; cortisol; heroin dependency; drug abstinence, 8009
neuroticism; alexithymia; medically unexplained symptoms; negative affect; positive affect; somatization, 26032
odorant responsivity; androstenone; amyl acetate; affective impact; interpersonal relationships, 12583
orbitofrontal cortex; motivational behavior; feeding; drinking; emotional behavior; social behavior, 24705
orbitofrontal cortex; regret experience; satisfaction; relief; regret; decision making; cognitive process; emotional experience, 24658
orbitofrontal function; executive functions; orbitofrontal cortex; emotion; personality; neuropsychology, 24677
organizational change; self-perceptions; emotions; employee behavior; discourse; symbolic interactionism, 24013
organizational learning; caution; blame; emotion; learning; organizing; organizational dynamics; organizational politics; political aspects; organizational communication; reflection, 33307
parent ratings; child ratings; emotional problems; behavioral problems; outpatient clinical setting, 28118
parental emotional support; childhood; adult health; aging; early life experience, 16032
parental meta emotion philosophy; conduct problem children; peer relations; emotion coaching; awareness, 25822
Paul Ekman; universality; emotions, 13486
peculiar beliefs; psychological distress; clarity; emotions, 34654
performance; emotional capability; knowledge-intensive work groups; model; social interactions, 27107
performance; emotions; working; real-time correlates; within-person hypothesis; task difficulty; task skill; task interest; task effort, 27045
personal account; job search; relocation; job loss; emotional effects, 12250
personality; categorization; emotions, 25380
personality; event-related potential; heart rate; reaction time; emotional word processing; anxiety; impulsivity, 15713
pessimism; optimism; emotional morbidity; breast cancer; surgery; patient characteristics; coping; illness beliefs; treatment decision making, 26510
pleasantness; liking; preferences; arousal; familiarity; expressed emotions; affective quality; songs; music, 12718
positive affect; Positive Affect Schedule for Youth; validity; reliability; well-being; children; positive psychology, 9371
positive beliefs; worrying behavior; Structured Interview on Beliefs About Worry; validity; negative emotions; psychometrics, 30405
positive emotions; emotional experience; emotion tracking; emotion processing; patient-therapist dyad; therapeutic transformation; Accelerated Experiential-Dynamic Psychotherapy; healing; change, 16915
precompetition emotions; bodily symptoms; task-specific qualities; athletic performance predictors; karate athletes, 30248
premenstrual dysphoric disorder; frontal alpha asymmetry; luteal phase; menstrual cycle; frontal cortical; depression; affect, 28981
psychiatric inpatients; physical restraint; restraint experiences; client attitudes; emotions, 29753
psychological testing; emotional damages; personal injury litigation, 6291
psychological well being; materialism; affective well being; social support; positive affect; negative affect, 31558
psychophysiology; media research; communication; media interfaces; attention; emotion; heart rate; facial electromyography; electrodermal activity; respiratory sinus arrhythmia, 24895
reader's emotions; poem interpretation; think-aloud group; verbalized thoughts; think-and-feel-aloud group; elaboration types; poetry meaning; poetic devices; poetry interpretation, 14643
regret; relief; emotions; judgment; child understanding; age differences; reality, 31220
reinforcement sensitivity theory; emotional information processing; separable subsystems hypothesis; joint subsystem hypothesis; impulsivity; anxiety, 31571
relationship initiation; relationship intensification; relationship ending; romantic relationships; face threats; young adults, 7430
relationship quality; home visits; mother & home visitor personality; time; maternal emotionality, 2447
relationship realignment; gift recipients; power of emotions; relationship quality; perceptions; positive and negative emotions, 10506
Rosebush Fantasy Technique; elementary school students; school counseling; expressive arts; emotional world, 30105
ruminative self focus; autobiographical memory; emotional disorder; reflective self-focus; psychological health, 25388
schizophrenic patients; facial expression; affective symptoms; spatial processing; psychiatric rating; schematic stimuli; spatial detection; neutral face, 7903
selective attention; emotional stimuli; vigilance; angry face response; trait anxiety; behavioral activation system; emotional Stroop task; behavioral inhibition system; cognitive-emotional processes, 33673
self confrontation method; valuation theory; affect scales; factorial structure; unidimensionality; life experiences; personal narratives, 8423
self-awareness; shame-proneness; shame experience; guilt experience; gender differences; self-conscious emotions, 28448
self-complexity; construct validity; individual cognition; depression; anxiety; social desirability; self concept, 34734
self-conscious emotions; emotions; narcissism; self-esteem regulation, 34719
self-conscious emotions; emotions; self-esteem regulation, 34674
self-conscious emotions; emotions; self-esteem regulation, 34686
self-conscious emotions; emotions; self-esteem regulation; pride, 34656
self-presentational behavior; cognition; affect; competition; sports; self-handicapping behavior; stereotypes; social physique anxiety, 14811
self-report ratings; ratings content; experienced emotion; verbal reports; valence focus; experience focus; individual differences; emotion language; phenomenological experience; cognitive structure, 31555
self-report; emotional problems; behavioral problems; Turkish immigrant; Turkish adolescents; Dutch adolescents, 28109
sex; sexual orientation; facial affect identification; facial emotions; gender differences, 21342
sexual abuse scandals; Catholic Church; emotional strength; maturity; tolerance; emotions; patience; self acceptance; guilt, shame, 25797
Sexual Modes Questionnaire; cognitions; emotions; sexual response; sexual function; sexuality; reliability; validity; measurement, 12467
sleeping position; sleep quality; dream emotions; body posture; dream recall; nightmare; dreaming, 24537
social behavior; emotional behavior; orphans; emotional deprivation; length of institutionalization; contact with family members; previous hospitalizations, 28125
social goals; blocked goals; shortened time; socioemotional selectivity theory; motivational patterns; emotional goals; emotional support; goal prioritization, 16009
social origins; human nature; social psychology; social living; science; cognition; emotion; motivation; personality psychology, 25237
Somatik Inkblot Series; individual differences; cognition; emotion; classroom work, 30397
speech; emotion; Speech and Emotion Workshop; International Speech Communication Association; ISCA; speech communication, 4035
Spinoza; affective neuroscience; emotions; ethical naturalism; cognitive science, 18822
sport competition; coping strategies; perceived goal attainment; affective states; anger-dejection, 27125
spousal dysphoria; marital conflict resolution; destructive emotions; constructive emotions; couple interaction, 13324
stimulus magnitude; stimulus scope; subjective value; preferences; feeling valuation; calculation valuation; value functions; step functions; value, 12716
store environment; emotions; retailing; behavior tendencies; consumers; store complexity; store order, 12336
structure; sentiment; emotional attachment; groups; network structure; sorority; social identity, 4372
subjective well-being; love types; cross-cultural differences; individualistic culture; collectivist culture; emotions; life satisfaction; US; Korea, 22288
suboptimal presentation; facial expressions; memory; respiratory sinus arrhythmia; priming effects; emotion; attention; facial electromyography; video messages; recognition memory; orbicularis oculi, 24368
television commercials; picture sorting technique; emotional content; purchase intent, 33372
temporal processing deficits; high-functioning children with autism; complex functions; temporal patterns; perception; attention; memory; emotions; social interactions; language, 32014
therapist behaviors; softening events; emotionally focused therapy; couples therapy; discovery oriented task, 23180
traumatic brain injuries; social perception deficits; social information judgment; emotions; beliefs; conversation interpretation; emotion recognition; social communication; mentalizing ability, 29149
unconscious consumer motivation; motivation research; morphological psychology; product decisions; marketing strategies; emotion, 33336
unconscious emotion, 24536
unilateral forced nostril breathing; dichotic listening; emotional tones; spatial abilities; verbal abilities; right ear advantage; left ear advantage, 24746
unity of agency; volition; self-as-narrative; emotions, 19220
ventromedial prefrontal cortex; emotional information; cognitive information; cognitive-affective integration; nucleus accumbens; hippocampus; amygdala; neurocomputational model; decision making, 9896
violent video game exposure; aggressive behavior; computer games; violence; cognitions; affect; physiological desensitization; helping behavior; general aggression model; violent TV, 34946
visual imagery vividness; delayed recall; stimulus affect; individual differences; emotions, 24485
weight loss experience; behavioral treatment; weight control; obesity; thoughts; feelings, 20455
Western music; meaning; historical development; culturally disseminated memes; cultural assimilation; cross-modal integration; cultural origins; identity; meaning; cultural invention; semantic systems, 21945
womanhood; Parkinsons disease; labile emotions; body images; lifestyle changes; relationship changes; social services, 32148
word recognition; listening preferences; lexical processing; spoken word; speech affect, 31184
workplace affect; workplace creativity; creative performance; integrative model, 27080
young children; autism; atypical brain responses; fearful facial expressions; neutral facial expressions; emotion; impaired emotion perception, 25944

Emotions [See Also Emotional States]—Books

Jefferson's demons: Portrait of a restless mind, 23
Learning emotion-focused therapy: The process-experiential approach to change, 8464
Memory and emotion: The making of lasting memories, 3403
The mind and its stories: Narrative universals and human emotion, 4004

Emotions [See Also Emotional States]—Chapters

Attachment theory applied to adolescents, 22111
Beyond cognition: A Vygotskian perspective on emotionality and teachers' professional lives, 2724
Case study 10A. Emotional recognition by chimpanzees, 6770
The 'disease-prone personality'': A meta-analytic view of the construct, 17125
Human aging: Why is even good news taken as bad?, 16072
The human team: Basic motivations and innovations, 6071
The logic of passion, 16321
Mental status examination, 181
Play as a parody of emotional vulnerability, 16054
Positive affect as a source of human strength, 15344
Psychology: A briefer course, 448
Social/emotional intelligence and midlife resilience in schoolboys with low tested intelligence, 895
The Spinozist programme for psychology: An attempt to reconstruct Vygotsky's methodology of psychological materialism in view of his theories of emotions, 4483
A systemic approach to restructuring adult attachment: The EFT model of couples therapy, 23199
Turning adversity to advantage: On the virtues of the coactivation of positive and negative emotions, 17126
Writing about emotional experiences as a therapeutic process, 16971

Empathy—Serials

anterior cingulate cortex; pain responses; visual stimulation; noxious tactile; somatosensory cortex; empathy, 33693
attachment theory; concern for others; well being; self-transcendence values; secure base, 7640
child anger; emotional expressiveness; parents' empathy; child's empathy; parenting practices; child emotional factors, 25064
client satisfaction; staff empathy; HIV & AIDS outpatient clinics; infected children; parental & caretaker attitudes, 5579
cognitive and affective empathy; offending and offenders; systematic review; meta-analysis; effect size, 31975
conflict resolution; art terapy; art therapists; empathy; compassion, 9316
doctor-patient relationships; primary care; patient satisfaction; empathy; personal responsibility; medical skills, 29489
ecstasy users; MDMA; human aggression; interpretative bias; cognitive bias; ambiguous information; depression scores; mood change; residual effects, 25871
educational reform; eidetic stance; knowledge; empathy; classroom, 14629
emotion processing; emotionality; aggression; empathy; anger; happiness; emotion attribution accuracy, 34358

emotional empathy; parental acceptance; maternal acceptance; paternal acceptance; sons; daughters, 994
empathic ability; hypermasculinity levels; male adolescents; sex offenders, 25795
empathic accuracy model; subjective closeness; intimacy; marital interaction; marital relations; married couples; problem resolution; threat; avoidance, 1098
empathic concern; gender differences; blame attribution; product harm crisis; perceived vulnerability, 12339
empathising; systemising; Asperger Syndrome; gender differences, 25759
empathy; cross cultural differences; perspective taking; distress, 19201
empathy; online interpersonal trust; online communication; textual IM; empathic accuracy; response type; instant messaging; online communities; personal email communication, 34209
empathy; painful stimulus; affective qualities; brain activity; sensory components; pain; others' pain, 18269
empathy; sarcasm expression; sarcasm recognition; close relations; strangers, 6542
empathy; sympathy; communication; relationships; emotional regulation, 10511
empathy; vulnerability; intimacy; couple therapy; therapist awareness, 32347
family environment; behavior problems; empathy; adolescent firesetters; adolescent boys, 16490
forgiveness; literature; positive emotions; parents; children; immoral behavior; change of heart; more-than-dyadic process; repentance encouraged, 25042
gestural communication; bonobo; empathy; alterity; carnal intersubjectivity; phenomenology constructivism; communicative praxis, 6694
humankind lovers; Mr. Rogers; Kathe Kollwitz; life histories; loving action; compassionate living; artist; traumatic events; victims; caregivers, 31299
indigenous Australians; empathy; guilt; prejudice; negative attitudes, 31592
motion picture; cognitive images; affective images; destination images; marketing; vicarious experience; viewer empathy, 13136
narcissistic personality disorders; borderline personality disorders; psychoanalytic views; empathy; fragile process; client-centered point of view, 29303
patients views; homoeopathy; complementary care; orthodox medical care; holistic approach; therapeutic relationship; empathy, 29456
perceived emotional intelligence; self-efficacy; secondary school teachers; positive utilisation; emotional appraisal; empathic sensitivity; positive regulation, 26876
physician-patient relationship; therapeutic relationship; health professionals; compassion fatigue; empathy; detachment; burnout, 23727
physiological indices; empathy; socioemotional adjustment; caregivers; children; maternal expressivity; skin conductance; heart rate; sex differences, 4140
play therapy attitude; play therapy skills; human services undergraduates; parenting attitudes; Adlerian principles; child interactions; empathic behavior training; training effectiveness, 8410
prenatal attachment; empathy; cognitive adaptation; Down syndrome; pregnancy; disabilities, 19784
psychopathy; cheater; warrior-hawk; empathy; altruism; indignation; antisociality; aggression; behavioral activation; inhibition, 10852
psychopathy; personality disorders; disruptive behaviors; childhood onset; neuropsychiatric disorders; antisocial personality disorder; neuropsychological abilities, 1554
relational aggression; college students; social anxiety; empathy; gender interaction, 1167
religiosity; religion; racism; religious contents; authoritarianism; social dominance; empathy; transcendence; literal vs. symbolic dimension of religion, 31332
Sandor Ferenczi; compassionate metapsychology; child abuse; empathy; linguistics; mathematics; chaos theory; catastrophe theory; religious thought; humanistic psychology; client-centered therapy, 50
self-regulation strategies; social skills training; self-reflection; self-inquiry; assertiveness; empathy; middle school students, 5932
sex differences; empathy; juvenile offenders; adolescents, 11038
sibling relationship; psychological adjustment; acute lymphoblastic leukemia; psychosocial intervention; empathy; illness concepts; cancer; acute myelocytic leukemia; non-Hodgkin's lymphoma, 26100
social support; recipient and provider perceptions; psychosocial factors; emotional expression; malignant melanoma; partners; coping; emotional approach; empathy; perceived stress; gender, 4936
theory of mind; violent patients; nonviolent patients; paranoid schizophrenia; empathy, 25608
trait empathy; hypnotic ability; hypnotizability; absorption, 452
violence exposure; video games; television; movies; internet; media violence exposure; desensitization; empathy; attitudes towards violence; children, 16010
violent video games; short & long term exposure; moral evaluation; moral development; desensitization; empathy; attitudes toward violence, 982

Empathy—Chapters

Bypassing empathy: A Machiavellian theory of mind and sneaky power, 7720

Empirical Methods [See Also Experimental Methods]—Serials

autism; social phenotypes; eye-tracking technology; research methodology, 25955
balanced incomplete block designs; educational assessments; optimization problem, 33620
carpal tunnel syndrome; continuous exposure data; occupational risk factors; personal risk factors; fish processing operators, 22787
child understanding; conceptualization; scientific inquiry, 26933
curriculum redesign; research methods; activity-based approach; student learning; graduate business students, 5851
empirical treatment; test-and-treat strategy; cost-effectiveness; endoscopy; radiography; dyspeptic symptom patients; primary care setting, 29439
empirically supported therapies; psychotherapy; alternative methodologies; intervention strategies; meta-analytic studies; treatment efficacy; randomized controlled trials; empirical status, 27399
empirically supported therapies; psychotherapy; alternative methodologies; intervention strategies; meta-analytic studies; treatment efficacy; randomized controlled trials; empirical status, 27412
empirically supported therapies; psychotherapy; alternative methodologies; intervention strategies; meta-analytic studies; treatment efficacy; randomized controlled trials; empirical status, 27415
empirically supported therapies; psychotherapy; alternative methodologies; intervention strategies; meta-analytic studies; treatment efficacy; randomized controlled trials; empirical status, 27434
empirically supported therapies; psychotherapy; alternative methodologies; intervention strategies; meta-analytic studies; treatment efficacy; randomized controlled trials; empirical status, 27433
information technology; payoff; structural variables; firm-level; empirical research, 9125
intellectual disability; quality of life; research involvement; emancipatory research; peer interviews; response bias; research process; data collection; training, 29166
interdisciplinary ethics course; professional ethics education; curriculum development; course content; design framework; class structure; instructional design; interdisciplinary faculty; design team, 35990
multisite clinical trials; National Institute of Mental Health; methodologies, 3279
psychoanalysis; psychotherapeutic processes; sexual involvement risks; empirical data, 32407
qualitative research methods; medical journals; medical knowledge; medical research; psychiatry; scientific communication; trends, 9528
randomized controlled trials; psychotherapy; primary care; mental disorders; methodology, 280
randomized controlled trials; psychotherapy; primary care; mental disorders; methodology, 287
research methodology; eye-tracking technology; social phenotypes; autism, 35079
research methodology; eye-tracking technology; social phenotypes; autism, 35091
test standard setting; objective structured clinical examinations; medical education; rational standard setting; empirical standard setting; reliability; credibility; reality check, 21189
visual scanning; research methodology; eye-tracking technology; social phenotypes; autism, 25951

Empirical Methods [See Also Experimental Methods]—Books

Meta-analysis: New Developments and Applications in Medical and Social Sciences, 291

Empirical Methods [See Also Experimental Methods]—Chapters

The Application of Methods of Meta-Analysis for Heterogeneity Modeling in Quality Control and Assurance, 293
Community-oriented interventions for conduct disorder: Theoretical progress needing empirical support, 23114
Cross-cultural industrial and organizational psychology: A critical appraisal of the field and future directions, 5975
Influential Factors for Sensitivity and Specificity for Serodiagnosis of Human and Porcine Trichinellosis, 298
Meta-Analysis of Randomized Clinical Trials in the Evaluation of Medical Treatments—A Partly Regulatory Perspective, 300
Meta-Analysis—Not Just Research Synthesis!, 295
Research methods in industrial and organizational psychology: Data collection and data analysis with special consideration to professional issues, 5986
Will it Work in Münster? Meta-Analysis and the Empirical Generalization of Causal Relationships, 301

Employability—Serials

emotional intelligence; employability; motivation; social skills; communication skills; internship, 14743
employability orientation; employee attitudes; career anchors; organizations, 36354
employability; psychosocial construct; career-related changes; economy; career identity; personal adaptability; social & human capital; reciprocal relationships; organizational behavior; jobs, 30209
employment levels; womens work; employability; battering; partner abuse; domestic violence; job seeking; maintaining employment; wage use; economic independence & security; safety, 7992
graduate employability survey; career pathways; undergraduates; career development; successful employment, 36065
jail population; employability skills; recidivism; female jail inmates; soft skills; reading; math; interpersonal skills; personal characteristics; employment barriers, 26783

Employability—Chapters

Motivated but fearful: Welfare reform, disability, and race, 4196

Employee Absenteeism—Serials

anxiety disorders; health care cost; employee productivity; absenteeism; short-term disability; worker compensation; health service utilization; hospitalization; medical costs, 19544
chronic pain; work-related absence; work performance; litigation, 16586
contingency management intervention; job attendance; tardiness; work shift completion; chronic unemployment; substance abusers; therapeutic workplace; female workers, 11029
customer aggression; emotion; anger; call center employees; emotional exhaustion; burnout; occupational stress; employee absence, 24001
incomplete recovery; need for recovery; work related fatigue; sickness absence; stressful work conditions; health problem development; truck drivers, 2915
job stress; health care workers; sickness absence; job demand-control-support model; decision latitude; absenteeism; social support, 12057
laypersons views; employers role; return to work; sickness absenteeism, 17846
organizational informal relationships; work ethics; absenteeism; team cohesiveness; self-categorization theory, 33288
psychoanalysis; long-term psychoanalytic therapy; health care utilization; health care costs; work absenteeism; hospitalization days, 26312
work environment; workers; job satisfaction; employee commitment; workplace morale; absenteeism; intent to quit, 12317

Employee Absenteeism—Chapters

The psychology of lateness, absenteeism, and turnover, 6033

Employee Assistance Programs—Serials

contemporary organizations; program attendance; wellness programs; program support; program characteristics; employee characteristics, 17267
employee assistance programme; injury rates; health care professionals; health care utilization; early intervention program; substance misuse prevention; job termination rates, 5999
employee assistance programs; marriage and family services inclusion; relational problems; medical problems; client problems; EAP programs; EAP clients; job problem sources, 12259
employee health management programs; nonmonetary effects; health promotion efforts; job performance; employee satisfaction; absenteeism; turnover; well being, 17836
human resource practices; female leadership; managerial positions; theory perspective; sex ratio; work-life programs; glass ceiling effect, 17794
management; workplace deviance; organizational responses; employee drug use; organizational structure; organizational culture; unionization; employee assistance program, 22683
mental health services; employee assistance programs, 9073
small business assistance schemes; public policy makers; academics; researchers; entrepreneurship; economic advancement, 27025
stress management programs; working conditions, 11727
stress management; at work interventions; strategies; organizational behavior, 11709
supervisor perceptions; work-family programs; reasoned action theory; expectancy theory; subordinate referral; supervisors, 17790

Employee Attitudes [See Also Job Satisfaction]—Serials
actual work hours; preferred work hours; U.S. employees; flexible work hours; employee preferences; part-time status; work-family conflict; dual-earner couples; overworked; underworked, 2953
Adult Career Concerns Inventory; career stage measurement; career development; test reliability; test validity; short form, 9495
affective commitment; immediate supervisors; work group; organizational commitment; job performance; turnover, 12297
augmentative communication; alternative communication; cerebral palsy; employment; employer; co-worker; survey; qualitative analysis, 7330
behavioral deviance; unlikeability; social identity theory; evaluation; out-group members; in-group members; social deviance; workplace, 14764
call centres; computer technology; occupational stress; employee attitudes; organizational structure; employee involvement; work teams; job satisfaction; organizational commitment, 24006
career ladders; labor markets; knowledge workers; external market; market forces, 24020

educational achievement; occupational activity; socioeconomic status; income; drinking patterns; alcohol consumption; young adults, 16225
educational achievement; occupational activity; socioeconomic status; income; drinking patterns; alcohol consumption; young adults, 16228
educational attainment; career pathways; childhood and adolescent predictors; peer characteristics; family; personal adjustment, 7362
employment conditions; temporary employment; market segmentation; aesthetic labor; gender; Japan; organizations; management, 17773
employment discrimination; emotional well-being; socioeconomic status; wage discrimination; racial identity; negative health; joblessness, 23971
employment levels; womens work; employability; battering; partner abuse; domestic violence; job seeking; maintaining employment; wage use; economic independence & security; safety, 7992
employment relations; industrial societies; work arrangements; valued resources; nonstandard work; flexibility; collective control; labor market segmentation; workplace effects, 24016
employment; people with severe disabilities, 17796
facilitators to employment; barriers to employment; people with psychiatric disabilities; employment service providers; consumer efforts; serious mental illness; consumer-provider relationships, 32816
family caregiving; employment effects; mothers; children with special needs; mothering; work hours, 34513
flexibility; atypical employment; work organization; regulation; employer; trade union; negotiation; consultation; management; employees; contingent employment; regional differences; Europe, 36258
future time orientation; spinal cord injury; employment status, 9060
gender differences; treatment outcomes; drug abuse treatment; drug use; employment; criminality; self help group; treatment utilization, 32782
graduate employability survey; career pathways; undergraduates; career development; successful employment, 36065
human agency; organizational arrangements; organizational forms; human involvement; employment trends; labour trends; modernity; bureaucracy; modern humans; modular man; contingency; selectivity; work, 2951
informal caregiving; low-income women; welfare reform; caregiving responsibilities; caregiver burden; employment maintenance; welfare-employment transition, 29709
job attitudes; job satisfaction; stress; organizational commitment; two-job holders, 12299
job search behavior; predictors; employed people; unemployed people; theory of planned behavior, 20905
job skills training; job seekers; intrapersonal characteristics; interpersonal characteristics; personality factors; employment status; aptitude; academic achievement; work history, 30137
job training program; Georgia Fatherhood Program; employment; wages; noncustodial parents; fathers; low income, 5712
knowledge; workplace accommodations; workplace protections; young adults; schizophrenia; employment; Americans with Disabilities Act, 8837
Korean immigrant families; female employment; middle-class people; gender relations; paid employment; family networks; labor division; family economy; mothering, 7532
labor force participation; adverse childhood events; homeless adults; substance use; social service utilization, 11021
labor mobility; tourism; rural region; urban region; mobility patterns; tourism employment; education-occupation compatibility; work-life relationship, 13255
lower income urban women; paid informal work; economic gain; employment profiles, 4192
male employment; low-income urban neighborhoods; black men; black male joblessness; metropolitan areas; employment trends; employment rates, 9064
maternal employment; depressive symptoms; parenting style; low-income mothers; Head Start, 19395
mental illness; mental health services; employment benefits; employment drawbacks; consumers decisions; client attitudes, 28602
mentoring; school-to-work transition; urban youth; adult-youth mentoring programs; self-esteem; satisfaction, 2895
minimum wage policies; labor-supply; poverty trap; labor market, 36249
neurocognitive functioning; employment status; neurocognition; performance; neurocognitive assessment, 6916
Nigerian women; work attitudes; employment; relaxation; work; nonwork, 33277
occupational level; major shifts; census data, 20902
occupational mental health; work; employment; risk management; Europe, 36330
occupational training; human capital; resource allocation; contingent workers; permanent employees; employment status; career planning; human resource; staffing, 17806
older people; well-being; employment; retirement; environmental characteristics; role preference; life satisfaction, 31613
organizational culture; occupational safety; safety culture; contemporary workforce; diverse working arrangements; temporary workers; contract labour, 20956
paid worker; volunteer; paid work; work status; informal volunteer activity; formal volunteering; formal organizations; volunteer participation; discretionary time, 1038
parental employment; parenting behavior; well-being; perceptions of parents' work; parent adolescent relationship, 25057
part-time professional employees; organizations; local work contexts; marginalization, 9128
participant satisfaction; pre-registration house officer positions; West Midlands Matching Scheme; employment status; United Kingdom, 17493
percieved quality of life; self-rated health; first year university students; working peers; comparison; health status; quality of life assessments; Sweden; males; females, 29569
personal outcomes; employment outcomes; person-centered career planning; career choice; supported employment; developmental disabilities; mental retardation, 11958
personnel selection procedures; invasion of privacy; employed adults, 17803
postwar immigration; adaptation; peripheral region; immigrant settlement; employment, 10341
predictors; patterns of employment; men; HIV/AIDS; work status, 16683
prison industry; carceral expansion; economic benefits; employment growth; economic development; local area development; prison construction, 28170
psychosocial adjustment; employment outcome; physical impairments; marital status; working ability; traumatic brain injury, 35281
psychosocial aspects; work; family; life cycle issues; women's lives, 1142
retirement decisions; age integration; economic burden; labor force participation; functional disability; education level; job search; race; gender differences, 36273
schizophrenia; employment; first-episode psychosis; employment factors; predictors; barriers; outcomes, 28727
school-year employment; high school students; academic functioning; social functioning; physical functioning; work intensity levels; disadvantaged, 14654
self-efficacy; well being; working women; non-working women; involvement, 19082
severe and persistent mental illness; mental health and vocational rehabilitation programs; employment rates; multi-agency employment services, 32820
shifting standards; low-status groups; high-status groups; harm; Whites; Blacks; unemployed, 13454
SINET news; higher education; living conditions; European countries; social indicators; social structure; Nordic countries; South European countries, 34416
social relations; local economy; part-time female workers; workplaces; organizations, 36338
socioeconomic inequalities; health; mortality; job security; financial security; morbidity; depression; self rated health; cardiovascular risk factors, 11704
student employment; labor-market-level factors; high school droupout; race; ethnicity; student behavior; adolescent employment; sociodemographic characteristics, 17744
substance use; disabled students; educational outcomes; employment outcomes; social outcomes; cigarettes; marijuana; binge drinking; sexual activity, 25883
supported employment; workplace skills training; mental illness; individual placement, 30150
temporary employment; performativity; rhetorics; resistance; temp worker; compliance, 5990
vocational outcome stability; adulthood; preschool brain injury; childhood traumatic brain injury; traffic accidents, 35314
vocational rehabilitation; national disability; employment policy; Vocational Rehabilitation Services Program, 35899
work; employment; disabled; presidential election; voting; American Disability Act, 14915
work; older age; gender differences; employment status; labor force participation, 25107
work; recovery process; contributing factors; bipolar disorder; patient advocacy, 16409
workplace safety; job satisfaction; employment status; injuries, 9058
Employment Status [See Also Self Employment, Unemployment]—Chapters
Contemporary employment in psychology and future trends, 2672

Employment Tests—Serials
adverse impact; trainability test; predictive validity; diesel mechanic minicourse; training performance; predictive value, 9489
incremental validity; frame-of-reference effect; personality scale scores; context specific personality items; noncontextual items; cognitive ability; job applicant testing; personnel selection, 9490
job applicants; personnel selection; selection procedures; test-taking attitudes; comparative anxiety; fairness perceptions, 17798
justice perceptions; procedural justice research; procedural justice effects; regression coefficients; general mental ability; applicant attraction; employment managers; selection context, 14742
incremental ability; GMA; personnel selection ability; employee training success; job performance; GMA measures; European community; employee selection; cognitive ability tests; employee selection, 15118

postexercise dimension ratings; assessment centers; situational specificity hypothesis; assessor cognitive processes; general impression model salient dimension model; job performance, 12265
Test of Workplace Essential Skills; cognitive skill assessment; subscales performance; gender; language; reading text; document use; numeracy; working-age adults; group differences; item analyses, 24314
trainability test; test validation; content validity; predictive validity; apprentices; job learning potential; vocational training; CAR-1 test, 15111

Empowerment—Serials

action research; emancipatory design choices; empowerment, 6451
adolescent psychotherapy; adolescent females of color; empowerment; identity development; African American; cultural context; Blacks; adolescent development; strength-based approach, 2008
antecedents; customer-contact employees; empowerment; workers; retail bank, 30221
attention-deficit hyperactivity disorder; ADHD; self-perception; Frame Model of Preadolescent Frame Model of Preadolescent, 16531
capable communities; community empowerment; rural Fiji; health promotion programme; operational domains; health programme planners; community capacity, 11724
childhood; empowerment; child marginalization; childhood perspectives; child disenfranchisement; Western ideology; critical paradigmatic perspective; history; gender; race; nursing research, 15901
community health; environmental hazards; community empowerment; community environment; empowerment process; individual symptoms; cultural context; ethnography, 8707
community psychologists; empowerment; transition-related goals; action research; intervention research, 26787
community psychology; community empowerment; prevention; interpersonal functioning; community revitalization; intervention; psychoanalytic model; community health, 32627
consumer run services; mental health services; consumerism; decision-making; fidelity; consumer participation; empowerment, 29622
demographic heterogeneity; work teams; team leader; team effectiveness; demographic fit; organizational tenure; team empowerment, 27104
discourse; sovereignty; tino rangatiratanga; Aotearoa; Maori versus colonial interests; race relations; race talk; nationhood, 34480
education; democratic citizenship; political changes; post war country; citizens empowerment; educational goals, 17674
emancipation; hope; optimism; empowerment; cognitive change; macro-structural change, 34407
emancipatory action research; history; action theory; participatory worldview; empowerment; researchers; subjects, 6424
employee empowerment; organizational development; organizational change, 17772
empowerment evaluation; program improvement; self determination; mental health, 6460
empowerment; educational practice; goals; social change, 36052
empowerment; public policy; Personal Responsibility and Work Opportunity Act; welfare; drug convictions; women, 20572
exemplarian action research model; social problems; social science theory; emancipation; empowerment; methodology; researcher subject relationship; reciprocal adequacy; explicitness, 6429
female biracial clients; empowerment; solution-focused interventions; client-therapist relationship, 23126
female condom; technology; empowerment; media; female health movement; HIV-prevention; sexual health, 29530
financial institutions; financial service; financial retail sector; empowerment; competitiveness; employee attitudes, 6028
Gays and Lesbians of Zimbabwe; gay liberation movement; community organization; homophobia; self-empowerment; liberationist sentiments, 28334
health professionals; empowerment; treatment; health professionals role; health care provider; patients; compliance, 8926
health promotion intervention; community health promotion; positive youth development; quality-of-life issues; social integration; youth empowerment, 22064
human rights; learning difficulties; Flemish Musketeers; politics of resistance; stories; beliefs & attitudes in disabling society; relational perspective; self-empowerment; power dynamics, 28935
individual empowerment; community health workers; self sufficiency; self determination; decision making; low income mothers, 26642
integrated manufacturing; company performance; empowerment; manufacturing technology; just in time inventory control; total quality management; manufacturing companies; job enrichment; employee skill, 33299
juvenile delinquent behavior; family empowerment intervention; growth model analysis; parental influence, 5723
learning difficulties; people-led research; research experiences; self-empowerment; rejection, 28940
management commitment; service quality; employee performance; training appraisal; empowerment; rewards, 9076
middle managers; empowerment; depowerment; organizational change; private sector; public sector, 27056
modern management practices; total quality management; just-in-time; teamwork; empowerment, 36323
participative leadership; empowerment; employee situation control; risks; concurrent integration; trust; innovation; business executives; integration, 17823
patient empowerment; end-stage renal disease; self-care self-efficacy; depression; empowerment program, 23107
power; community organizing; intention; community problems, 1057
psychiatric rehabilitation; mental illness; living skills; patient puppet theatre project; patient self actualization; empowerment, 32753
psychological empowerment; psychological climate; job satisfaction; customer service employees, 27073
schizophrenia; mastery; empowerment; clinical features; sociodemographic factors; care needs; social support; social networks, 25611
social action empowerment; identity narratives; culture narratives; health inequities; wealth inequities; globalization; health promotion; health status, 16101
social cognitive career theory; battered women; career development needs; educational well-being; empowerment, 5105
staff attitudes; intellectual disabilities; educational levels; empowerment attitudes, 35999
Tongzhi rights; Hong Kong; lesbians, gays, bisexuals and trangendered; public education; political advocacy; homosexuality; empowerment; sexual minorities, 28363
uninteresting vigilance tasks; children; rewards; autonomy support; self regulation; task value perception; positive affect; free choice engagement, 34337
women empowerment; women equality; relational characteristics; nurturing; connection; collectivity; interdependence; gender disequilibrium, 28323
women empowerment; women equality; relational characteristics; nurturing; connection; collectivity; interdependence; gender disequilibrium, 28319
work environment structure; psychological ownership; control, 36347
workplace empowerment; job satisfaction; model; psychological empowerment; structural empowerment; staff nurses, 26839

Empowerment—Books

Communication yearbook 27, 15840
The helping relationship: Process and skills (8th ed.), 10623

Empowerment—Chapters

Autonomy and consumer empowerment: Making quality of life the organizing principle for long-term care policy, 17343
Buddhist empowerment: Individual, organizational, and societal transformation, 835
Communicating disability: Metaphors opression, metaphors of empowerment, 15878
Control, resistance, and empowerment in raced, gendered and classed work contexts: The case of African American women, 17906
Empowering secondary students to take the lead: Training activities to promote advocacy, inclusion, and social justice, 5893
Empowerment and communication: Lessons learned from organizing for social change, 16105
Empowerment evaluation: Principles and action, 18249
The empowerment of feminist scholarship in public relations and the building of a feminist paradigm, 16205
An organizational communication challenge to the discourse of work and family research: From problematics to empowerment, 15844
Partner learning: The power source for students, school and communities, 5889
Recovering women's voice: Communicative empowerment of women of the south, 15845
Seeking alternatives to violence: A school-based violence prevention project, 5963
Social work empowerment agenda and group work: A workshop, 5787

Enabling—Serials

academic enabling behaviors; academically competent students; social skills; study skills; motivation, 33003

Enactments—Serials

decision enactment; intentions; desires; motivation; goal setting; goal striving; decision process; anticipated emotions, 356
dissociation; enactment; self conception dilemma; internal conflict; countertransference involvement; clinical illustration; affective clues; multiple consciousness; unitary mind; single-mindedness, 22394
enacting relationship; marriage therapy; family therapy; relational therapies; positive treatment outcomes; conceptual framework, 32335
infant response; others' intention; re-enactment; intended acts; developmental ability, 34294
psychoanalysis; psychoanalysts; countertransference reactions; countertransference awareness; unresolved life themes; enactments; inner & outer frame breaks; therapeutic alliance, 35485
source memory; item memory; visual feedback; enactments; action phrases, 27545

Encephalitis—Serials

cetacean brains; brain expansion; encephalization levels; mammals; neocortex; cognitive capacities, 21632
epilepsia partialis continua; Autoantibodies; NMDA receptor; West syndrome; Lennox-Gastaut syndrome; Rasmussen's encephalitis, 14012
facial perception; misidentification; pictures; person recognition; encephalitis; frontal lobe function; semantic deficits; executive deficits, 29115
herpes simplex encephalitis; category-specific naming; temporal lobectomy; stimulus parameters; living vs nonliving stimuli; visual perception; fluency; name picture mapping; semantics; neuroanatomy, 1809
Japanese B encephalitis; symptoms; epidemiology, 8151
motor manifestations; tentative diagnosis; contralateral white; epilepsia partialis; oligoclonal bands; partial seizures; cortical atrophy; motor component; Rasmussen encephalitis; RE; antibodies, 5004
post-infectious thalamic encephalitis; encephalitic syndrome; bilateral thalamic lesions; mycoplasma respiratory tract infection; amnestic syndrome; ataxia; acute onset; disease course, 29118
semantic features; category specificity; Herpes encephalitis, 20049
temporal lobe damage; Herpes simplex virus encephalitis; learning disabilities; brain anatomy; intellectual functioning, 29184
trigeminal ganglion; neuralgia; ophthalmic zoster sine herpete; sensory disturbance; ipsilateral upper trunk; varicella zoster virus; regional encephalitis, 13884

Encephalomyelitis—Serials

chronic fatigue syndrome; myalgic encephalomyelitis; psychiatric comorbidity; functional impairment; diagnostic criteria; symptom severity; disability, 16361
hemispheric dominance; myalgic encephalomyelitis; chronic fatigue syndrome; isoprenoid pathway; hypothalamic digoxin, 16610

Encephalomyelitis—Chapters

The complexities of diagnosis, 16655

Encephalopathies [See Also Creutzfeldt Jakob Syndrome, Toxic Encephalopathies, Wernickes Syndrome]—Serials

Aicardi-Goutieres syndrome; encephalopathy; microcephaly; basal ganglia; white matter abnormalities; chronic cerebrospinal fluid, 8268
amnesia; short-term memory; long-term memory; episodic long-term memory; semantic long-term memory; encephalopathy, 4975
antithyroid antibodies; circulating immune complexes; CSF; Hashimoto's encephalopathy; autoantibodies, 4854
bovine spongiform encephalopathy; variant Creutzfeldt-Jakob disease; prion disease; prions; mad cow disease; epidemiology; transmissible spongiform encephalopathies; etiology; humans; animals, 11260
cochlear implantation; mitochondrial encephalopathy; lactic acidosis; stroke-like episodes syndrome; MELAS syndrome, 11684
EEG; EEG predictive value; early infancy; premature infants; cystic periventricular leukomalacia susceptibility; West syndrome, 16829
epileptic patients; stuporous encephalopathy; cognitive impairment; topiramate; sodium valproate; drug-induced encephalopathy; coprescription, 23391
intermittent explosive disorder; sequential polypharmacy; valproate; hyperammonemia; VPA-related hyperammonemic encephalopathy, 32482
megalencephalic leukoencephalopathy; intermittent photic stimulation; neurological impairment; developmental motor; epileptic patients; epileptic seizures; subcortical cysts, 5083
motor coordination impairment; bovine spongiform encephalopathy; infected mice; murine scrapie; motor function loss, 34107
neurological impairment; impaired consciousness; developmental delay; epileptic seizures; epileptic syndrome; catastrophic epileptic encephalopathy, 4967
neuropsychological deficits; elderly; schizophrenia; early onset; Alzheimer's disease; dementia; cognitive deficits; encephalopathy, 4623

pellagra encephalopathy; B-Complex vitamin treatment; niacin; hospitalization; myoclonus; alcoholic patients; multiple vitamin therapy; nicotinic acid, 35609
perinatal hypoxic-ischemic encephalopathy; birth asphyxia; murine model; neurofunctional assessment methodology; mice; injury severity; sensorimotor neonatal reflexes; performance; brain injury, 3715
Rosenthal fibre encephalopathy; Alexanders disease; clinicopathological spectrum; AIDS, 22954
sepsis-associated encephalopathy, 23018
Encoding [See Human Information Storage]
Encopresis [See Fecal Incontinence]
Encounter Group Therapy—Serials
therapeutic communities; encounter group evolution; communication sequence direction; client attitudes; staff attitudes; behavior; emotions, 14466
Encouragement—Serials
primary care; career choice; training; encouragement; personal characteristics, 17779
primary care; career choice; training; encouragement; personal characteristics, 17783
tobacco cessation programs; females; Bangladeshi immigrants; chewing paan; nicotine replacement therapy; brief advice; encouragement; adverse effects; withdrawal symptoms, 14468
Endocrine Disorders [See Also Adrenal Gland Disorders, Diabetes, Endocrine Sexual Disorders, Pituitary Disorders, Thyroid Disorders]—Serials
bromocriptine; amisulpride; hyperprolactinemia; endocrinological disturbances; galactorrhea; amenorrhea; psychotic symptoms, 32534
chronic stress; mood disorders; HPA system; serotonergic neurotransmission; psychotherapeutic approaches; neurobiology; serotonergic system; depression; psychoneuroendocrinology, 1350
community habilitative support; growth-hormone deficiency dwarfism; multiple psychiatric disorders; law violating behavior; life threatening self-injury, 29699
endocrine disorders; gender differences; endocrine diseases; women; psychiatric features, 1774
Endocrine Disorders [See Also Adrenal Gland Disorders, Diabetes, Endocrine Sexual Disorders, Pituitary Disorders, Thyroid Disorders]—Chapters
Endocrine disorders, 8171
Neuroendocrine dysfunction, 16647
Endocrine Sexual Disorders [See Also Hypogonadism]—Serials
androgen physiology; androgen insufficiency; androgen replacement; androgen assays; androgen biochemistry, 30920
polycystic ovarian syndrome; androgens; mood states, 26073
Endocrine System—Serials
behavioral functions; genomic functions; endocrine functions; corticotropin-releasing factor; anxiety responses; plasma corticosterone release; c-fos mRNA induction, 18536
bereavement; acute emotional stress; stressful life events; psychological parameters; endocrine function; immune function; hypothalamic-pituitary-adrenal axis; depression; anxiety; temperament; mood, 7127
endocrine function; antisense oligonucleotides; nociception; orphanin FQ; behavioral changes; receptor ligands; ethanol locomotor activation; anxiety, 15730
endocrine responses; immune responses; social defeat; fighting; mice, 7102
endocrine system; baboon; maternal behavior; physiologic correlates; parental behavior; primates, 18677
hypothalamus-pituitary-adrenocortical system dysregulation; depression; corticotropin releasing hormone; CRH-1 receptor antagonist R121919; endocrine changes; side effects, 5302
parental care; juvenile hormone; social stimuli; burying beetle; Nicrophorus, 18519
psychoneuroimmunology; autonomic activities; endocrine activities; active stress; passive stress; mental arithmetic; cold pressor; women, 12952
repression; natural disasters; immunological correlates; neuroendocrine correlates; peripheral blood lymphocyte surface markers; salivary cortisol, 27183
risky behavior; threespined stickleback; endocrine disrupting chemicals; reproductive traits; birth control pill; post-menopausal hormone replacement therapy, 21811
stress; endocrine measures; self rated health; predictive validity, 1769
Endocrine System—Chapters
Paternal behavior and aggression: Endocrine mechanisms and nongenomic transmission of behavior, 21777
Endocrinology—Serials
area under the curve; repeat measures; hormone concentration; time-dependent change; area under the curve with respect to increase; under the curve with respect to ground; endocrinology; neurosciences, 15436
area under the curve; repeat measures; hormone concentration; time-dependent change; area under the curve with respect to increase; under the curve with respect to ground; endocrinology; neurosciences, 15449
neuropeptide; peptides; brain function; behavior; neurotransmitters; David de Weid; pharmacology; endocrinology, 29842
spatial learning; polysialylated neural cell adhesion molecule; hippocampal dentate gyrus; individual differences; neural circuits; neurobiological correlates; endocrine correlates; rats, 24706
Endocrinology—Chapters
From dwarf hamster to daddy: The intersection of ecology, evolution, and physiology that produces paternal behavior, 21495
Endogenous Depression—Serials
neurotic depression; reactive depression; neurotic depression; endogenous depression; depressive disorders; long-term diagnostic stability; risk of suicide; risk of relapse; readmission, 28650
platelet receptor function; long-term imipramine treatment; endogenous depression; antidepressants; serotonin, 29334
typus melancholicus; endogenous depression; personality dimensions; nonendogenous depressive patients; Kasahara's Inventory for the Melancholic Type Personality, 27327
Endogenous Opiates [See Also Dynorphins, Endorphins]—Serials
Dmt1 DALDA; mice; CHO-K1 cells; opioid receptors; 3H DPDPE; 3H U69,593; dynorphin A(1-17); Met enkephalin; morphine; norbinaltorphimine; naltriben; antinociceptive action, 3983
drug dependence; endogenous opioid systems; laboratory animals; drug abuse; brain opioid system, 13001
endogenous opioid receptor genes; alcohol dependence; single nucleotide polymorphisms; genes; Taiwanese Han, 19678
neurochemical mechanisms; naloxone administration; endogenous opioids; mild stress; food intake; rats; white noise; animal feeding behavior; ration reinforcement, 13052
Endorphins [See Also Enkephalins]—Serials
adrenocorticotropic hormone; beta-endorphin; scuba diving; endocrine response; training levels; stress, 21795
beta-endorphin; nucleus accumbens; rats; alcohol; catecholamines; dopamine metabolites; norepinephrine; alcohol dosages; 3,4-dihydroxyphenylacetic acid; homovanillic acid, 10021
endorphin imprinting; serotonin; sexual behavior; neonatal rats; gender difference, 7168
in vivo electroporation; proopiomelanocortin; analgesia; formalin-injection pain model; rats; opioids; pharmacological agents, 7223
nucleus accumbens; rats; lateral hypothalamus self-stimulus; brain stimulation; endorphin; brain reward processes, 15826
placebo analgesia; nocebo; ischemic pain; stress; cortisol; beta-endorphin; pain level, 678
Endurance [See Also Physical Endurance, Psychological Endurance]—Serials
endurance exercises; perceived exertion; physiological mediators; ultramarathon; carbohyderate ingestion; perceptual responses; competitive sporting event, 9159
Energy Expenditure—Serials
accumbens dopamine; food-seeking behavior; work output; rats; fixed-ratio reinforcement; effort, 30981
adaptive force generation; precision grip lifting; object lifting; cerebellar structure; adaptive timing; neural model; synaptic plasticity; prehension; learning; force, 9279
adiposity; treadmill walking; obese adolescents; lean adolescents; gait; energy cost, 21310
childhood obesity; sedentary behavior; physical activity; dietary intake; demographics; anthropometrics; parental characteristics; military dependents; sedentary time, 10220
cognitive functioning; unmedicated adult outpatients; effort hypothesis; cognitive speed hypothesis; cognitive dysfunctioning; allergic rhinitis; memory retrieval; effort; memory; major depression, 7821
conation; conative ability; impairment degree; effective task completion; intelligence test; test scores; Wechsler test; performance IQ; verbal IQ; mental ability; intelligence measures; brain damage, 11290
dual task performance; traumatic brain injury; divided attention; mental effort, 29093
endurance exercises; perceived exertion; physiological mediators; ultramarathon; carbohyderate ingestion; perceptual responses; competitive sporting event, 9159
energy availability; emotional reactions; work events, 6031
energy balance; plasma leptin concentration; fasting plasma; fat deposition; body fat mass; diet manipulation; insulin concentration; glucose concentration; fat mobilization, 15694
energy conservation course; progressive multiple sclerosis; fatigue impact; occupational therapy; moderate disability; severe disability, 16839
energy cost; hemiparetic patients; consecutive patients; energy reduction; spatiotemporal parameters; ankle-foot orthosis, 1765
exercise; mood changes; gender; exertion level; workout duration, 29555
fasting; mice; torpor; resting energy expenditure; fat depletion; conjugated linoleic acid, 34099
fatiguing illness; gulf war vetrans; chronic fatigue syndrome; CFS; exercise capacity, 22795
five-factor model; personality; team performance; transformational leadership; performance contexts; maximum performance; typical performance; performance ratings; leader personality, 31584
good life; easy life; folk concepts; desirability; moral goodness; happiness; meaning; effort experienced, 28505
hill slant perception; visuospatial representation; perceptual motor processes; walking uphill; slant overestimation; effort, 33653
intention; egocentric distance; optical variables; physiological potential; intended actions; walking; perceived distance, 33738
leisure time; total energy expenditure; double labeled water; basal metabolic rate; calorimetry; physical activities; Minnesota Leisure Time Activity Questionnaire, 6362
lifestyle changes; obese adolescents; whole-body protein turnover; protein metabolism abnormality; cardiovascular risk factors; body mass index; fat mass; body weight; resting energy expenditure, 14310
maximum acceptable weight; assymetric lifting; oxygen uptake; heart rate; rating of perceived exertion; RPA; psychophysics, 12963
mental effort; vigilance; EEG, 30906
mental effort; vigilance; resource depletion; stimulus presentation, 12672
motivation; skill acquisition; practice; effort intensity; performance orientation; learning interaction; multilevel framework; goal orientation; ability level, 15335
nicotine; respiratory quotient; energy expenditure; metabolic changes; body weight, 12932
nursing-home residents; energy expenditure; micronutrients; water intake; food intake, 11859
passerine birds; metabolic rate; sound production; energy cost; oxygen rate; singing, 6750
perceived exertion; test validity; resistance exercise; health care, 35672
scarab beetles; heat effects; pollinators; floral temperatures; energy expenditure; feeding behavior; mating behavior, 6665
sex differences; body size dimorphism; Halichoerus grypus grey seal; diving behavior, 3815
shaft configuration; snow shoveling technique; trunk flexion; heart rate; physiologic variables, 14862
task interdependence; reward interdependence; helping behavior; effort; group performance, 4338
teacher perceptions; student perceptions; student effort; learning disabilities; strategy instruction; strategy use; classroom curriculum; academic difficulties; academic self-perception, 26899
temperament; nonresting energy expenditure; body composition; physical activity; girls, 28097
validity; reliability; sincerity test; dynamic trunk motions; effort sincerity; test-retest reliability; inter-rater reliability, 14995
Engineering Psychology—Serials
aircraft maintenance; specialized wearable computer systems; models; binoculars analogy; eyeglasses analogy; flight technicians, 6130
artificial neural networks; neural network architecture; bio-inspired neural network; neo-perceptrons; face analysis; engineering, 6154
Engineering Psychology—Chapters
Engineering presence: An experimental strategy, 3060
Engineers—Serials
discourse community; engineering; writing; social interaction; social perspective; text production; social action; discourse; text revision; feedback, 7335
engineering major; interest congruence; retention; predicting; college major status; mathematics achievement, 18188
engineering students; academic success; mathematics; problem-solving, 9015
situated cognition theory; student experience; workplace; learning; work experiences; engineering students; legitimate peripheral participation; science education; gender issues, 30144
workplace experience; workplace learning; design engineers; coping behavior; workers' perceptions; business organizations; collaboration, 30178
Engineers—Chapters
The EPICS model in engineering education: Perspectives on problem-solving abilities needed for success beyond schools, 23858

English as Second Language—Serials
academic English learning; English language learners; English instructional environment, 29984
articulatory awareness; learning literacy; English as a second language; dyslexia; college students; reading abilities, 32029
bilingualism; English as an additional language; language skill assessment; children, 5827
Chinese classrooms; Chinese perspective; willingness to communicate; heuristic model; English language; Confucianism; social psychological variables; Chinese cultural values; communication, 13128
collocations; advanced learners of English; German speaking students; verb noun collocations, 4053
concept mapping; academic achievement; self-regulation; self-efficacy; English as a second language; learning strategies, 26920
cultural content; reading proficiency; English language learners; language proficiency; Chinese culture; local subculture; social background; reading comprehension; cultural content, 13117
early writing development; teaching methods; literacy; english as a second language; preschool students, 36146
English as a second language; Koreans; Japanese; visual cues; context; talker's face; word position; articulatory gestures, 4041
English as a second language; meaning-focused lessons; linguistic, 30005
ESL students; ideological conflict; learning environment; English-as-a-second-language; ESL; classroom practices; educational theory; Canadian senior public school; language ideologies, 23915
evaluation; vocabulary knowledge measure; reading performance; English as a second language; TOEFL test, 21196
family literacy programs; linguistically diverse populations; culturally diverse populations; educational reform; family involvement; student achievement; adult ESL; intergenerational programs, 33069
functional approach; English language proficiency; language development; knowledge structure; writing development; structure analysis; content knowledge; content learning; learning stages, 10099
gesture; speech; vocabulary explanations; English as a second language; teacher, 30001
Hong Kong Chinese learners; English as a second language; educational environment; schools; linguistic problems, 17692
interlinguistic variation; second language speech act behavior; contextual variables; addressee status; addressee gender; English as second language, 28029
Jigsaw II method; reading comprehension; literal reading comprehension; foreign lanuage; pedagogical implications, 36109
knowledge; content lexical cohesive devices; writing skills; related words; foreign learner; competence level; semantic interrelationships; Arab EFL learners, 5848
literacy development; deaf students; bilingual teaching; bilingual learning; teaching strategies; learning strategies; American Sign Language; English as second language, 36212
marriage and family therapy training programs; immigrant students; language; culture; client feedback; trainee feedback; supervisor feedback; non-native English-speaking trainees, 35984
Naglieri Nonverbal Ability Test; Hispanic children; limited English proficiency; socioeconomic status; geographic region; standard scores, 12450
native English-speaking students; non-native English-speaking; word comprehension; vocabulary; 16PF, 18119
phonological processing; spelling; English as second language; auditory discrimination; semantics; adolescents, 5834
preschool learners; English language learners; oral proficiency; instructional experience; literacy development; rhyming; English as a second language, 26941
Rasch analytic procedures; item bias; differential item functioning; English language test; undergraduate students; native English speakers; non-native English speakers, 12530
reading development; English as a second language; bilingualism; at risk for reading problems; reading ability; spelling ability; verbal ability; verbal memory, 2788
response cards; learning disabilities; English; second language; hand raising; academic responding; writing instruction class, 33183
semantic processes; language reading comprehension; recognition processes; text processing skills; word recognition; English second language; higher-level syntactic, 10106
social networks; social identities; foreign-born English; second language teacher; curriculum creation, 29964
syntactic development; children; language fluency; stuttering; English as additional language, 4106
syntactic transfer; English as a second language; second language learners; adverbs; verb transivity; relative clause, 27980
test taker attitudes; computerized version; Test of English as a Foreign Language; TOEFL; test acceptance; admissions tests; test performance; cross cultural differences; computer attitudes, 9488
tutoring programs; English reading development; phonics instruction; repeated reading; Spanish-dominant students; bilingual students; reading intervention, 36104
willingness to communicate; attitudes; second language communication; Japanese adolescent learners; English language, 28093
word identification; cognitive processes; English as second language; semantic category judgment; phonology; orthography; alphabet; Korean; Chinese; writing system differences, 30694
word identification; cognitive processes; English as second language; semantic category judgment; phonology; orthography; alphabet; Korean; Chinese; writing system differences; script transfer, 30698
English as Second Language—Books
Handbook of nonverbal assessment, 121
Teaching academic ESL writing: Practical techniques in vocabulary and grammar, 2761
English as Second Language—Chapters
Assessment with the Leiter International Performance Scale—Revised and the S-BIT, 132
Comprehensive Test of Nonverbal Intelligence, 130
Context for nonverbal assessment of intelligence and related abilities, 128
Enjoyment [See Pleasure]
Enkephalins—Serials
Dmt1 DALDA; mice; CHO-K1 cells; opioid receptors; 3H DPDPE; 3H U69,593; dynorphin A(1-17); Met enkephalin; morphine; norbinaltorphimine; naltriben; antinociceptive action, 3983
ethanol dependence; methionine enkephalin antisense; serum endomorphin; ethanol ingestion; methionine enkephalin levels; opiate peptides; mice, 30959
pharmacologic characteristics; herpes simplex virus; gene transfer; morphine; tolerance; antiallodynic effects; enkephalin; rodent model; neuropathic pain; dorsal root ganglion; rats, 15752
Enlistment (Military) [See Military Enlistment]
Enrollment (School) [See School Enrollment]
Enteropeptidase [See Kinases]
Enthusiasm—Serials
cancer screening; public enthusiasm; cancer detection, 14341
high self-esteem; uncertainty; threats; compensatory conviction; self-definition; self-concept; personal dilemmas; social issues; defensive zeal; repression, 1263
Entrance Examinations [See Also College Entrance Examination Board Scholastic Aptitude Test]—Serials
computerized adaptive testing; multiple-form structure; testlets; Law School Admission Test, 24163
differential item function; Korean National Entrance Exam for Colleges and Universities; academic background; Item Response Theory Likelihood Approach; English subtest, 21194
medical students; reading test performance; medical school; Medical College Admission Test; United States Medical Liscencing Exam, 26811
standardized tests; test consequence; test interpretation; test scores; college admissions tests; educational assessments, 21197
test taker attitudes; computerized version; Test of English as a Foreign Language; TOEFL; test acceptance; admissions tests; test performance; cross cultural differences; computer attitudes, 9488
Entrepreneurship—Serials
business networks; sport television channel failure; television viewers, 7348
competency requirements; managerial development; manufacturing; assembly; material processing functions; organizations, 27049
corporate entrepreneurship; organizational performance; organizational wealth creation, 27093
cultural values; entrepreneurship; former Soviet Union; variance degree; non-enterpreneurs; Russia; Georgia; value differences; managers, 12268
entrepreneur personality factors; locus of control; achievement need; entrepreneural values; cooperative entrepreneurship; psychological attribute range; Andalusian cooperatives, 10576
entrepreneurial discovery; free enterprise system; profit opportunities; motivation operationalization, 23344
family business consultation; industrial/organizational psychology; clinical psychology; family psychology; industrial psychology, 36254
family-owned businesses; adjustment strategies; business development; family resources; family managers; business life cycle, 12280
firm performance; social capital; Russian entrepreneurs; social embeddedness; positive impacts; structural embeddedness, 2924
gender differences; entrepreneurship; gender role attitudes; ethnography, 33255
institutional forces; written business plan; nascent organizations; plan production; plan outcomes; planning-performance; profitability; entrepreneurs, 30213
Latino immigrants; religious economies; ethnic community; religious needs; religious entrepreneurship; Baptist mission, 10350
mobile franchising arrangements; Australia; operational differences; fixed site franchising; agency theory; direct customer services, 9113
public entrepreneurship; constitutional values; societal values; public administration practice; bureaucratic accountability; conservator paradigm; contractarian approach, 19019
relational characteristics; ecological constraint; formal social group composition; homophily; entrepreneurs; founding team structure; isolation, 7621
risk-taking propensity; entrepreneurs; managers, 12279
risk-taking propensity; entrepreneurs; managers, 12281
skilled business people; immigration policy; entrepreneurial investors; coethnic businesses; entrepreneurial program, 31307
small business assistance schemes; public policy makers; academics; researchers; entrepreneurship; economic advancement, 27025
social capital; entrepreneurship; management development; organization emergence; organizational development, 27115
social entrepreneurship; societal transformation; poor; marginalized groups; innovations; leadership; organization; social contexts; political contexts; economic contexts, 34402
strategic innovation; Internet; mobile communication; entrepreneurial strategies; new markets creation; success factors; strategy; paradoxical management; core competency, 12306
venture growth; entrepreneurial traits; skill; situationally specific motivation; chief executive officers, 33251
women microentrepreneurs; microenterprises; business ownership; poverty reduction; entrepreneurial abilities; business experience, 28307
workplace learning; lifelong learning; entrepreneurs; agrifood sector; learning needs; learning preferences; learning motivation; learning conditions; entrepreneurs competence, 14759
Entrepreneurship—Chapters
Ob and entrepreneurship: The reciprocal benefits of closer conceptual links, 6053
Enuresis [See Urinary Incontinence]
Environment [See Also Facility Environment, Learning Environment, Single Sex Environments, Social Environments, Therapeutic Environment]—Serials
acceptibility norms; fire management; national forests; management actions; normative beliefs, 27189
adaptive behavior; neural network controllers; neural complexity; environmental structure; neural dynamics; algorithms, 36519
age differences; heritability; genetics; intraindividual variation; psychological distress; genetic influences; environmental influences, 34696
alcohol expectancies; gender differences; undergraduate students; student organizations; fraternity members; sorority members; environmental interactions, 13409
applied behavior analysis; environmental protection; behavioral intervention, 36484
behavioral genetics; shared environment; infant-father attachment; Attachment Q-Sort; environmental factors; infant behavior; temperamental dependency, 34303
body attitudes; body image; genetic epidemiology; women; environmental epidemiology; risk factors; twins; body mass index; measurement, 6280
child physical maltreatment; antisocial behavior; environmental causal process; genetic transmission; twin pairs; mothers, 13699
childhood development; sex differences; psychological problems; individual factors; environmental factors, 22437
children's places; spatial culture; meaningful settings; homes; schools; recreational places; urban neighborhoods; public playgrounds, 31249
circadian system; industrialized societies; biological functions; anatomical components; cellular components; molecular components; oscillator theory; entrainment; plasticity; temporal ecology, 15700
community characteristics; community change; community development; tourism; forestry, 19006
corporate financial performance; corporate social performance; corporate environmental performance; environmental management, 14792

daily process design; daily negative events; preceived stress; smoking; smoking urges; gender; nicotine dependence; naturalistic settings; adult smokers, 13412
depressive symptoms; smoking status; smoking behavior; environmental factors; depressive disorder; Caucasian male twins; genetic effects, 4598
differential bilingual laterality; age; environment; language acquisition; bilinguals, 9871
domain mismatch; scruffy engineering; exaptation; spandrels; evolutionary psychology; human minds; psychological adaptations; environments, 21519
early substance use; environmental variance; shared environmental contributions; peer role; parent role; parent-child relationship; twins, 31459
entorhinal cortex lesions; rats; place navigation; proximal landmarks; distal landmarks, 34053
environment enrichment; dentate gyrus; neuronal morphology; social interactions; pyramidal neurons; dendritic length; neuronal growth; learning; cell volume; cerebral cortex; motor activity, 21580
environmental & genetic influences; conduct problems; twin study; children & adolescents; heritability, 25844
environmental aid; environmental issues; global environmental concerns; abating pollution; donor interests; recipient need; resource allocation patterns; multilateral aid; foundations, 17956
environmental consequence; modernity; sustainability; ecosystems; sociological theories; human environment interactions; political economy; geographical factor; political freedom, 9225
environmental context; cue dependency; alcohol; information processing; cognitive load; inhibitory mechanisms; activational mechanisms; control; inhibition response, 30972
environmental determinants; hate crimes; personality determinants; adolescent offender; biological determinants, 31970
environmental dynamism; manufacturer-supply relationship; downstream environment; relational governance; manufacturer collaborative belief; supplier knowledge; interparty learning, 14758
environmental factors; genetic factors; Parkinsons disease; pathogenesis, 20071
environmental factors; genetics; stability; problem behaviors; stability; internalization; externalization, 31199
environmental influences; environmental factors; molecular mechanisms; circadian clocks; entrainment; light; temperature; neurospora; circadian rhythms, 15692
environmental influences; genetics; mothering; adolescent development; genotype environment; negativity; positivity; twin samples; child characteristics; parent characteristics, 19066
environmental influences; primary memory development; cross-cultural comparison; memory span; children; age differences; Kaufman Assessment Battery for Children, 7379
environmental regulation; regulatory system; air pollutants; air pollution; surface water quality; performance assessment, 33379
environmental risk factors; motor abilities; environmental influences; public day care centers; motor development; healthy children; private school, 15942
environmental risk factors; smoking cessation; genetic risk factors; nicotine withdrawal; failed cessation; male twins, 5707
environmental risk; environmental justice; health risks; chemical accidents; economic characteristics; racial and ethnic characteristics; United States, 17952
environmental settings; positive; negative; preference, 21005
etiology; low mathematics performance; 7-year-olds; twins; normal variation; teacher ratings; direct testing; genetics; enviornment, 36166
genetic & environmental contributions; Child Behavior Checklist Obsessive-Compulsive Scale; obsessive compulsive behavior; twin samples; models; cross cultural differences, 31807
genetic contribution; social impulsivity; aggressiveness; vervet monkeys; nonhuman primate model; age differences; maternal environment, 18542
genetic contributions; environmental contributions; general cognitive ability; longitudinal stability, 31169
genetic influence; environmental influences; individual differences; psychological traits; genetics, 28452
health protection; sustainable development; environmental exposures; environment; health; Health Protection Agency; Department for Environment, Food and Rural Affairs, 32574
heritability; neuromuscular coordination; motor control strategies; genetics, 27484
high reliability organizations; reliability seeking organizations; high hazard environments; intensity of innovation; flexibility; employee relations; training; financial performance; software firms, 2941
hippocampus; logical reasoning; spatial environments; transitive spatial relations; familiar & unfamiliar environments, 24434
human; universe; metaphysics; dark mater; dark energy; solar system; galaxies, 27967
inertial cues; environmental layout; sensory modalities; angular acceleration, 18366
intelligence quotient; IQ; heterosis; environmental effects; genetics; demographics, 10605
international meeting; suicide; genetics; environment, 35011
marital quality; spouse reports; genetic influences; environmental influences; individual differences, 13334
multi-party collaboration; social learning; interdependence; sustainable natural resource management; public interorganizational policy; private interorganizational policy; planning-implementation, 27184
natural environments; built environments; coherence; complexity; legibility; mystery; preferences, 21020
navigation task; virtual environment; monkey; brain; behavioral analyses; virtual space; spatial cognition, 30775
neurodevelopmental influences; prodrome; schizophrenia; genes; environment; perinatal period; prenatal period; adolescent period; etiology; pathophysiology; genetic high-risk; onset, 19430
night-sky watching behaviors; noctcaelador; underlying factor; attitudes; college students, 7660
obesity; overweight; policy factors; environmental factors; risk factors; workplace; community perceptions; ecological perspective, 16557
older people; well-being; employment; retirement; environmental characteristics; role preference; life satisfaction, 31613
parent ratings; problem behavior; twins; genetic influences; environmental influences, 4674
pathogenic aspect; childhood poverty; environmental inequities; poor children; low socioeconomic status; disadvantaged, 13151
Perceived Environmental Threat; job security; managers; test construction; test reliability; test validity, 6379
personality assessment; genes; environment; chance; clinical psychologists; affect; factor analysis, 13500
problem behavior; Contextual Assessment Inventory; developmental disabilities; inventory development, 27318
prosocial behavior; childhood development; adolescent development; individual differences; genetic influences; sex; age; environmental influences; parent ratings; teacher ratings; rater bias, 25058
risk; transparency; cover up; media narratives; film; cultural; visual imagery; trust; environment, 36481
seasonality; alcoholism; comorbidity; seasonal affective disorder; genetic factors; environmental factors; etiology; pathogenesis, 10675
secondhand tobacco smoke; public places; indoor environments; Latin America, 25233
sexual violence; self-protective actions; situational predictors; rape avoidance, 10890
shared environment; mother-infant attachment security; monozygotic twins; dizygotic twins; temperament; behavioral genetics, 18948
social behaviors; environmental characteristics; educational programs; alcohol consumption; initial examination; women's risk; aggression, 4305
social context; psychological restoration; environmental preferences; natural environments; urban environments; friend's company; walking; fatigue, 27193
social interaction; physical environment; food choice; food consumption; pizza; salad; iced tea, 34732
spatial claiming; place use; property ownership; teenagers; territorial place-making; public spaces; conflict between adult and teenage property claims, 31207
spatial information; unfamiliar environment; position; perspective; memory, 419
spatial knowledge; spatial problems; mental rotation; spatial ability; environmental pointing accuracy; navigation; testosterone; cognitive maps, 17937
spatial organization skills; blind people; large outdoor places; environment visualization; spatial perception, 14028
spatial syntax; cognitive maps; environment; sketch maps, 27178
theories; privacy; secrecy; environment, 16240
urban society; capitalistic society; cultural surroundings; practical engagement; meaningful relationship; conservation; anthropology; tourist gaze, 17951
violence; drug trafficking; adolescents; families; ecological influences, 25823
virtual environment; directional knowledge; spatial knowledge, 21031

Environment [See Also Facility Environment, Learning Environment, Single Sex Environments, Social Environments, Therapeutic Environment]—Chapters

Cross-cultural psychology, intelligence, and cognitive processes, 16144
Genetic Influences on risk and protection: Implications for understanding resilience, 4162
Human aggression: biological correlates and environmental influences, 16494
The role of social and personal factors in the Chinese view of education, 4423

Environmental Adaptation—Serials

animal sex ratios; reptilian species; environmental sex determination; Fisherian selection; sexual selection; female-biased sex ratios, 15393
Deweyan philosophy; occupational therapy; adaptation-to-environment; reframing philosophy, 32815
Deweyan philosophy; occupational therapy; adaptationto-environment; pragmatism, 32814
sexual reproduction; sex determination; caenorhabditis elegans; chromosomes; environmental effects, 6829

Environmental Attitudes—Serials

applied behavior analysis; environmental protection; behavioral intervention, 36484
cognition research; spatial cognition; perceptions of locations; maps; verbal questionnaire; reliability, 6246
cognitive dissonance; environmentally responsible behavior; consistent behavior, 21009
communities; collaborative soil conservation; issue frames; framing; ongoing interaction; natural resources management, 27186
ecotourists; ecotourist businesses; eco-tangibles; environmental degradation; tourist expectation, 14864
environmental aid; environmental issues; global environmental concerns; abating pollution; donor interests; recipient need; resource allocation patterns; multilateral aid; foundations, 17956
environmental attitudes; environmental values; International Social Survey Programme; ISSP; German internet users; web-based survey; traditional written self-administered survey, 9522
environmental behavior; environmental concern; environmental problems; environmental intent; values; attitudes; environmental behavior; energy use, 9224
environmental belief; environmental behavior; ethnic variation, 17954
environmental ethics; tourism stakeholders; conservation; ethical stance; non-anthropocentric environmental ethic; eco-holism, 14863
environmental impact; cars; public transportation; social dilemma, 17955
environmental issues; implicit association; environmental concerns; cognitive strategies; natural environment; conscious awareness, 21008
environmental justice; green criminology; social movements; criminological theory, 24100
environmental legitimacy; firms; impression management; stock market risk; natural environment; stockholders' expectations, 36360
environmental perceptions; environmental psychology; creeks; demographic factors; watersheds; socioeconomic factors, 17950
environmental sociology; environmental epidemiology; social construction; risk perception; opencast coalmining; asthma; UK; respiratory health; general practitioner; GP; parental concern, 1747
environmental uncertainty; farmers; farming community; environmental problems; train tunnel; water reservoir, 36488
health consequences; environmental degradation; social injustice; national causes; global causes, 6140
household recycling participation; recycling behavior; consumer motivation; selective-collection program, 27194
institutional change; personal control; environmental satisfaction; prison; prison environmental; institutional management; minimum-security facilities; gangs, 17482
moral exclusion; women; industrial forestry protection; nature protection campaigns, 36486
natural environments; built environments; coherence; complexity; legibility; mystery; preferences, 21020
New Environmental Paradigm; dimensionality; environmental behavior; environmental worldviews; environmental behavior; demographics correlates; religious correlates; environmentalism, 3052
place attachment effects; users perception; social conditions; environmental conditions; human-place bonding; Appalachian Trail, 27191
planned behavior; self-expressive behavior; theory of planned behaviour frame; personal identity, 27192
political action; political action; environmental regulation; rational choice model, 33381
pro-environmental behavior; environmental concern; television viewing patterns; entertainment television; environmental attitudes; media consumption; television news; nature documentary, 15889
risks; local perceptions; pollution concerns; chemical factory; local life, 36479
social context; psychological restoration; environmental preferences; natural environments; urban environments; friend's company; walking; fatigue, 27193

socioeconomic characteristics; environmental protection; contextual factors; consumption patterns; personal factors; Swiss consumers; green purchases, 3033
team approach; proenvironmental behavior; EcoTeam Program; environmental consequences; household behavior; social interaction; social feedback, 24101
urban society; capitalistic society; cultural surroundings; practical engagement; meaningful relationship; conservation; anthropology; tourist gaze, 17951
volunteer activity; lifestyle changes; social networks; volunteerism; volunteers; nongovernmental organizations; efficacy, 9223
wilderness areas; national parks; noise pollution; psychological benefits; natural resource policy-making process; visibility; noise effects; recreation; environmental stress, 9222

Environmental Attitudes—Books
The psychology of environmental problems (2nd ed.), 9226

Environmental Attitudes—Chapters
Environmental problems and Buddhist ethics: From the perspective of the consciousness-only doctrine, 842

Environmental Design [See Environmental Planning]

Environmental Education—Serials
applied behavior analysis; environmental protection; behavioral intervention, 36484
cognitive dissonance; environmentally responsible behavior; consistent behavior, 21009
motivational styles; environment science course; group work; discussion based seminars; discussion based teaching, 8996
pro-environmental behavior; environmental concern; television viewing patterns; entertainment television; environmental attitudes; media consumption; television news; nature documentary, 15889

Environmental Effects [See Also Altitude Effects, Atmospheric Conditions, Gravitational Effects, Noise Effects, Seasonal Variations, Temperature Effects, Underwater Effects]—Serials
allergic symptoms; microflora; school children; food allergy, 35182
Alzheimer's disease; genetic factors; environmental factors; etiology; dementia; African Americans; Yoruba; population genetics, 35288
car sharing motivation; environmental consequences; transportation problems; urban transportation; metropolitan areas; vehicle sharing; mobility behavior; Car Sharing Portland; commercial car-sharing, 14871
circadian rhythms; locomotor activity rhythm; eyestalk ablation; extraretinal photoreceptors; light dark cycles; constant darkness; freshwater crabs; Pseudothelphusa americana, 9931
community based assessment; learning disabilities; chronic low level toxicants exposure; contextual risk factors; environmental risk factors; pollution sources; chemicals; lead; heavy metals; solvants, 4787
earthquake survivors; physically & psychologically destructive effects; expectiations; victims, 34442
environmental characteristics; developmental disabilities; environmental factors; stereotyped behavior; topographies, 4765
environmental determinants; cost sharing; economic agents, 36357
environmental disaster; psychosocial health; well-being; Karakalpakstan; health problems; Aral Sea drying; ecological consequences; health care workers, 6139
environmental effects; alcohol use disorders; genetic risk; genetics; twin study; offspring; risk factors, 10992
environmental factors; International Classification of Functioning, Disability and Health; ICF; health condition, 209
environmental illness; EI; EI in women; indirect exposure; ecofeminism; physical contact; social isolation; controlled environment; living with EI, 16582
environmental influences; individual influences; young adults; university attending, 33013
environmental influences; twin; shared rearing environment; family resistance; migraine; genetic influences, 16634
environmental justice; minority communities; environmental factors; illness experience; community members; health politics; asthma; asthma activism; public health prevention, 1753
environmental modulation; amphetamine interoceptive effects; rats, 24837
environmental scenes; rapid affective processing; human facial expressions, 27177
environmental simulations; television; blood donor stress; stress; healthcare consumers; stressful-blood donation; clinic environment; blood pressure; pulse rate, 12367
environmental sociology; environmental epidemiology; social construction; risk perception; opencast coalmining; asthma; UK; respiratory health; general practitioner; GP; parental concern, 1747
environmental uncertainty; farmers; farming community; environmental problems; train tunnel; water reservoir, 36488
European robins; Erithacus rubecula; wind conditions; rain conditions; migratory birds; stopover site; departure decision, 18518
German Eysenck Personality Questionnaire; genetic influences; environmental influences; adult twin pairs; phenotypic individual differences, 30430
global geomagnetic activity; pleasantness, 34055
health consequences; environmental degradation; social injustice; national causes; global causes, 6140
human resilience; environmental degradation; Chinese farmers; psychological aspects, 36490
infant rats; positive geotaxis; geogravitational factors, 27641
ischemic stroke; environmental tobacco smoke; passive smoking; transient ischemic attack; stroke risk factors; second hand smoke, 29082
locomotor activity rhythm;common marmosets; environmental conditions; circadian rhythmicity; endogenous component; Callithrix jacchus, 21452
locomotor activity; environmental enrichment; nicotine-induced hyperactivity; rats, 9993
mobility disability; environmental components; physical environment; community living older persons; disabled older adults; physical challenges, 16630
monozygotic twins; anorexia nervosa; environmental risk factors, 35155
neuronal recruitment rate; neuron number; structure size hippocampal volume; black-capped chickadee birds; hippocampal neuron production; apoptosis; neuron survival; seasonal stability, 18573
physical environmental effects; infant care; infant development; primates, 21420
place attachment effects; users perception; social conditions; environmental conditions; human-place bonding; Appalachian Trail, 27191
predation risk; nest sites; Kentish plovers; incubating adults; microclimate; Charadrius alexandrinus, 18469
psychological support; top level sailing; decision-making ability; weather variables; sea conditions; sea currents, 24053
seminatural environment; captive Giant Pandas; behavior; gender differences; anogenital-marking; sexually dimorphic behavior pattern; enclosure affects, 6658
sex differences; analgesia; drugs; opioids; cholinergics; physiological mechanisms; environmental stimuli, 7086
spatial behavior; microclimate; environmental design; social behavior, 36478

Environmental Planning [See Also Interior Design, Urban Planning]—Serials
consumer perspective; design quality; patients; family members; healthcare facility environments; society's goal; people's needs; architects; managers; healthcare experience; healthcare planners, 12363
environmental management; worker participation; knowledge content, 9103
independent mobility; actualized affordances; child-friendly environments, 27180
modelling intuition in retail site assessment; cognitive mapping; decision-making; retail location; analogue method; qualitative knowledge; visualization; sense making, 12330
multi-party collaboration; social learning; interdependence; sustainable natural resource management; public interorganizational policy; private interorganizational policy; planning-implementation, 27184
natural environments; built environments; coherence; complexity; legibility; mystery; preferences, 21020
neighborhood spaces; nature; social activity; social contact; trees, 36489
participation paradox; Vietnamese-Belgian water management project; social learning; local water management; negotiation; power relations, 27182
resistance to collaboration; stakeholders' frames; environmental conflicts; Voyageurs National Park; mediation success; failure, 27179
roadside vegetation; anger; frustration; stress; attention fatigue; restorative experience; highway design; aggressive driving; road rage, 3039
social learning; integrated resources management; collective decision-making; resources management; urban water management, 27181
South Australia's asylums; 19th century; history; psychiatric hospitals; mentally ill; architecture; hospital design; modern designs, 35766
spatial behavior; microclimate; environmental design; social behavior, 36478
spatial reference frames; architechure; way-finding performance; spatial environments; spatial memory, 27176
therapeutic environments; Alzheimer's care; market environment design; environment behaviour researchers; residential treatment environments; healthcare providers; treatment; public awareness, 12365

Environmental Psychology—Serials
ambient scent; environmental psychology; retail environment; product quality; consumer emotion; consumer cognition; retail environment; spending behavior; approach behavior; avoidance behavior, 3014
antisocial behavior problems; maternal expressed emotion; mother child relations; genetic influences; monozygotic twins; siblings; socialization; risk factors; environmental influences, 13224
environmental issues; implicit association; environmental concerns; cognitive strategies; natural environment; conscious awareness, 21008
environmental perceptions; environmental psychology; creeks; demographic factors; watersheds; socioeconomic factors, 17950
environmental psychology; Humphry Osmond; psychedelic movement; psychiatry; LSD drug, 27175
environmental psychology; person-environment fit; playing games; child-friendly environments; participation; Internet game; affordances, 7359
environmental psychology; personal involvement; water consumption behavior; situational factors; habit formation; repeated behavior, 17953
M. Powell Lawton; obituary; clinical psychology of aging; environmental psychology; emotion, 2597
park settings; urban settings; exercise; mood; feeling states; cognitive strategies; exercise environment; females, 6093
self recognition; dementia patients; physical environment; environmental supports; signage; pictures; names, 22943

Environmental Psychology—Books
The psychology of environmental problems (2nd ed.), 9226

Environmental Psychology—Chapters
The ecology of human strengths, 17945

Environmental Stress—Serials
environmental behavior; environmental concern; environmental problems; environmental intent; values; attitudes; environmental behavior; energy use, 9224
guinea pig pups; novel environment; stress induced sickness behaviors; behavioral responsiveness; vocalizations; locomotor activity; maternal separation; isolation, 21783
interior design; waiting area; hospital environment; nouveau vs traditional; environmental appraisals; stress; arousal; satisfaction; pulse readings; neurological outpatients, 3049
motivational consequences; environmental stress; learned helplessness; learning difficulties; mistaken belief, 27187
personality traits; responses to environmental temperature exposure; discomfort rating; Big Five; neuroticism; extraversion, 3849
personality; environmental adversity; adult twins; neuroticism; stressful life events; interpersonal relationships; relationship quality, 7685
physical functioning; neighborhood socioeconomic status; perceived neighborhood strain; individual health risk actors, 20433
workers' compensation; psychological injury; personal factors; environmental factors; stressful work events; stress symptoms, 33312

Environmental Therapy [See Milieu Therapy]

Envy [See Jealousy]

Enzyme Inhibitors [See Also Acetazolamide, Bromocriptine, Cholinesterase Inhibitors, Decarboxylase Inhibitors, Hydroxylase Inhibitors, Monoamine Oxidase Inhibitors]—Serials
bipolar disorder; valproate; lithium; myosin light chain kinase inhibitor; platelets; intracellular calcium increase; serotonin; thrombin, 10048
microinjection; nitric oxide synthase inhibitor; lateral basal forebrain; sleep cycle; L-NAME; sleep/wake cycle; spontaneous sleep; chronic sleep recordings; molsidomine; L-arginine; slow wave sleep, 13044
nitric oxide synthase inhibitor; anxiety-linked behavior; A-nitro-L-arginine methyl ester; murine exploratory behavior models, 707
nitric oxide synthase inhibitor; lipoprivic feeding; L-NAME; food intake; feeding behavior; locomotor activity; ICR mice, 3817
progesterone-induced spike-wave discharges; finasteride; genetic model; absence epilepsy; rats; allopregnanolone; 5-alpha reductase; neuroactive metabolites, 795

Enzymes [See Also Decarboxylases, Dehydrogenases, Hydroxylases, Isozymes, Kinases, Oxidases, Phosphatases, Phosphorylases, Proteinases, Transferases]—Serials
acyl-CoenzymeA synthetase-2 mRNA; cerebral cortex; animal model; depression; rats; fatty acid metabolism; learned helplessness, 18540
age dependent changes; topoisomerase; isoforms; rats; brain regions, 34038
Alzheimer disease; methionine synthase; risk factor; metabolic pathways; plasma levels; enzymatic alterations; pathogenesis; methionine synthase allele, 8215

Alzheimer's disease; oxidoreductase activity; antioxidant system; frontal cortex; oxidative stress; neuropathology; NAD(P)H:quinone oxidodreductase, 13996
antidepressant drugs; venlafaxine; fluoxetine; setraline; nefazodone; drug-drug interaction; erythromycin; alprazolam; cytochrome P-450 3A4 induction & inhibition, 9978
antidepressant medication; adverse drug reactions; poor metabolizers; antidepressant side effects; fluoxetine; nortriptyline; CYP2D6 genotype; major depression; antidepressants, 14182
antigenic compartmentation; cats; cerebellar cortex topography; Purkinje cells; zebrin II, polypeptide antigen; aldolase C; parasagittal stripes; mammalian cerebellum; transverse zones, 12886
aromatase cytochrome P450; male sexual orientation; aromatase enzyme; genetic linkage; genetic expression, 24632
bipolar patients; lithium inhibitable enzymes; pathophysiology; postmortem brains; inositol monophosphatases; phosphatidylinositol; glycogen synthase kinase; frontal cortex; occipital cortex, 4581
cerebral vascular; concentration-dependent manner; hydrogen peroxide; resting levels; brain pathology; alcohol induced stroke; muscle cells; catalase; ethanol, 3931
choline acetyltransferase; acetylcholine; invertebrates; fungi; bacteria; plants; carnitine acetyltransferase, 21413
copper zinc manganese superoxide dismutase activity; modulatory effect; estradiol benzoate; developing rat brain, 21893
dipeptidyl peptidase IV; neurophysiological processes; increased pain sensitivity; stress-induced analgesia; behavioral processes; rat substrains, 3825
DNA binding proteins; oxidative stress; brain expression; apurinic endonuclease; apyrimidinic endonuclease; mouse; enzyme gene; suprachiasmatic nucleus, 6922
gamma aminobutyric acid agonists receptor; locus coeruleus; picrotoxin; rapid eye movement sleep; Na-K ATPase enzyme; rats, 30983
gamma-secretase; DAPT; beta amyloid; Tg2576 mice; cerebrospinal fluid; young vs old mice; plaque, 3926
gene expression; brain development; enzymes; mammalian neural development; heparan sulfate; proteoglycans; mouse; biological processes; glcuronic acid; hippocampus; cerebellum, 21602
inflammatory reaction; cytokines; neurodegeneration; neuroprotection; mRNA expression; Parkinson's disease; nitric synthase; murine model; mice; striatum; IL1-beta; IL6; TNF; IFN-gamma, IL-10; iNOS, 6863
inositol monophosphatase; lithium treatment; bipolar disorder; enzyme activity, 20342
isolation induced aggressiveness; mice; NAALADase; glutamate; NAAG, 15771
nefazodone; cytochrome; methylprednisolone disposition inhibition; cortisol suppression; adrenal-suppressant effect; elimination halflife; intravenous dose; time curve; drug interactions, 7218
neprilysin gene transfer; human amyloid pathology; transgenic mice; Alzheimers disease; enzyme; brain; intracerebral injection; frontal cortex; hippocampus; endopeptidase, 15542
neuropeptide Y; F344 rat substrains; dipeptidyl-peptidase IV; behavioral stress response; neuropeptide Y receptors, 735
nitric oxide; antinociception; antisense oligodeoxynucleotide; mice; neuronal nitric oxide synthase enzyme; sensitivity, 30986
poly(ADP-ribose) polymerase-1; PARP-1 inhibitors; NAD depletion; ATP depletion; ischemia; neuroprotection; mice; cortical cells; oxygen deprivation; glucose deprivation; thieno[2,3-c]isoquinolin-5-one, 3881
polyamines; animal behavior; learning; transgenic mice; spermidine; spermine-acetyltransferase; hypoactivity; spatial learning impairment, 24818
red blood cells; thiobarbituric acid-reactive substances; superoxide dimutase; catalase; adenosie deaminase; xanthine oxidase; oxidative stress; oxygen free radicals; autism; enzymes; erythrocyes, 32018
reductase deficiency; male pseudohermaphroditism; enzyme deficiency; culture; dihyrotestosterone; patient abnormality; genitalia, 4904
serum creatine kinase; leukocytosis; psychotic episodes; neuroleptic malignant syndome development; risk; lactate dehydrogenase; serum glutamic oxaloacetic transaminase; white blood cell count, 7877
superior colliculus; stratum griseum superficiale; calcium-binding proteins; diaphorase; parvalbumin; calretinin; calbindin; dihydronicotinamide adenine dinucleotide phosphate-diaphorase; monkeys, 6990
territorial aggression; plasma testosterone; brain aromatase activity; free-living pied flycatchers; reproductive season, 21798
traumatic brain injury; nitrosative stress; poly(ADP-ribose)polymerase-1; rats; enzymes, 6844
Tridimensional Personality Questionnaire; Stanford Hypnotic Susceptibility Scale; catechol o-methyltransferase; Tellegen Absorption Scale; Differential Attentional Processes Inventory; polymorphism, 12955
tryptophan hydroxylase isoform; human brain; enzymes; psychiatric disorders; mRNA expression, 27960
vitamin E; tardive dyskinesia; blood superoxide dismutase; Chinese patients, 11579
Ependyma [See Cerebral Ventricles]
Ephedrine—Serials
ephedra containing products; hemorrhagic stroke; stroke risk; ephedra use, 4950
ephedrine; antidepressant-induced sexual dysfunction; sexual desire; sexual arousal; sexual orgasm; sexual satisfaction, 17064
pseudoephedrine; drug dependency; schizophreniform psychosis, 10964
Epidemics—Serials
bulimia; epidemics; college students; peer pressure; model; women, 8086
epidemics; sexually transmitted disease; HIV; African Americans; adolescents; risk reduction, 14337
HIV epidemic; AIDS prevention; cultural characteristics; community commitment, 32583
HIV infection; AIDS epidemic; epidemiology; at risk populations; condom use; needle use promotions; intervention strategies, 32600
HIV infections; AIDS epidemic; AIDS prevention; sexually transmitted infections; high-risk populations; health care policy, 32603
HIV infections; AIDS epidemic; heterosexual transmission; socioeconomic concern, 32120
HIV infections; AIDS epidemic; public health services; HIV testing; at risk groups; stigma, 32608
HIV infections; AIDS epidemic; sexually transmitted diseases; AIDS prevention; condom use, 32599
HIV; AIDS; epidemic; sub-Saharan Africa; African Americans; mental health, 13890
hotel business; Severe Acute Respiratory Syndrome; SARS; international travellers; hotel guests; hospitality & hotel industry; epidemic crisis, 12239
Human Immunodeficiency Virus impact; Ugandan community; epidemic perception; Rakai villages; Masaka districts; able-bodied adults; child care; mental problems; social problems, 35225
influenza epidemics; viral infection; painting; Egon Schiele; erotic drawing; artist, 34197
men who have sex with men; HIV prevention; prevention needs; HIV epidemic; Asia; Pacific Islands, 20503
orphan care; HIV epidemic; kinship ties; community-based interventions; patrilineal kinship; Kenya; AIDS; poverty; matrilineal kin; caretaker; children needs; disadvantaged children, 1119
public health education; geographic information system; communicable disease control; undergraduate nursing education, 29553
social representation; bird flu epidemic; hygiene, 28171
social representations; cultural differences; HIV; AIDS; epidemic; virus; business people; health professionals; infection risk; social challenges, 22864
telemedicine services; medical advice; electronic signal; diarrhea; prevention of cholera outbreak; India, 9229
tobacco epidemic; smoking; women; health effects, 16234
tobacco; obesity; smoking; health risk factors; epidemics; public health; food industry, 35666
university students; argileh smoking; tobacco epidemic; argileh use; health knowledge; students attitude, 31915
Epidemiology—Serials
acquired brain injury; long-term disabilities; long-term care; professional assistance, 35301
acute myocardial infarction; depression; prognostic impact; hospital admission; tertiary care; community hospitals; depressive symptoms prevalence, 16721
ADHD; schoolgirls; prevalence; psychosocial correlates; academic correlates; Oman, 13781
adolescence; firesetting; adolescence aggression; peer rejection; adolescence shyness; aggressiveness, 7968
adolescence; firesetting; adolescence aggression; peer rejection; adolescence shyness; aggressiveness, 7972
adolescent substance use severity; high school students; substance use; substance abuse; substance dependence; prevalence; correlates, 13225
adolescent violent trends; youth violence; public health issue; global adolescent violence; interpersonal violence; early childhood home, 4701
adult attention-deficit/hyperactivity disorder; prevalence; diagnosis; treatment; comorbid psychiatric disorders; primary care, 19760
African American communities; personal choice; lay epidemiology hypothesis; smoking; deprived populations; marketing; socioeconomic disparities, 1158
African American communities; personal choice; lay epidemiology hypothesis; smoking; deprived populations; marketing, 1154
ageism; epidemiology, 28148
agitation; emergency psychiatric intervention; treatment;epidemiology; aggressive behavior; mental disorders; assessment; diagnosis; pathophysiology; safety risk; triune brain model; pharmacology, 29318
AIDS; gay male population; drug use; blood-borne disease; sexually transmitted disease; mental health care workers; psychiatric patients; psychiatirc hospitals, 17321
alcohol & cigarette & cannabis use; hospital interns; nonconsultant hospital doctors, 11008
alcohol & cigarette & cannabis use; hospital interns; nonconsultant hospital doctors, 1660
alcohol abuse/dependence; mood disorder; generalized anxiety disorder; prevalence; gender; demographic correlates; comorbidity, 10660
alcohol consumption prevalence; elderly Americans; gender differences; cross-sectional surveys; age differences, 13393
alcohol consumption; birth cohort; smoking patterns; Great Britain; age differences; men; women, 4311
alcohol consumption; sexually transmitted diseases; state level changes; trends; gonorrhea; syphilis; sexual risk taking, 1758
alcohol use; drug use; tobacco use; schizophrenia; substance abuse; epidemiology; rural settings; suburban settings; urban settings, 10799
alcohol use; drug use; tobacco use; schizophrenia; substance abuse; epidemiology; rural settings; suburban settings; urban settings, 10777
Alzheimer disease; prevalence; estimaton, 8253
Alzheimers disease; community residing patients; falls; age differences; epidemiology, 35252
anger attacks; prevalence; bipolar depression; unipolar depression; major depressive disorder; depressive episode, 22511
anorexia nervosa; statistical data; epidemiology, 28960
antibipolar drugs; bipolar disorder; epidemiology; prevalence; bipolar disorder pharmacology; bipolar spectrum disorders, 23215
anxiety disorders; cost containment; Canada's health care system; economic burden, 31808
anxiety disorders; major depression; headache frequency; migraine, 22858
anxiety; allergy; rhinoconjunctivitis; asthma; depression; risk factors, 1348
anxiety; depression; comorbidity; prevalence; distribution, 28612
asthma; anxiety disorders; comorbidity; epidemiology, 25472
at risk population; Parkinsons disease; pesticides; antiparkinsonian medications; epidemiology; pharmacy database, 16844
attention deficit hyperactivity disorder; treatment; epidemiology, 16543
Australian National Survey of Mental Health and Wellbeing; health planning; prevalence; depression; diagnosis; mental health services, 32644
autism; childhood gastrointestinal disorders; comorbidity; epidemiology, 28556
autism; endophenotypes; epidemiology; record linkage; schizophrenia, 24344
autistic spectrum disorder; children; mainstream schools; Welsh education authority; prevalence survey; questionnaire; ASSQ; population, 16542
battered child syndrome; child abuse; diagnosis; injuries in children; dysfunctional parenting; epidemiological data, 4695
behavioral interventions; public health; behavioral hypertension research, 11626
betel nut chewing; prevalence; parental behavior characteristics; adolescent students; socioeconomic factors; gender differences; intergenerational effect, 28135
binge eating; women; binge eating disorder; rural Fiji; indigenous populations; prevalence; culture; dieting; attitudes; body shape; body image; weight, 4798
boat crew members; skin irritation; public health proffessional; prevention; epidemiology; pellagra, 35924
body dysmorphic disorder; prevalence; patient characteristics; cosmetic surgery applicants; defects, 10693
body mass index; BMI; dementia risk; dementia incidence, 5042
bovine spongiform encephalopathy; variant Creutzfeldt-Jakob disease; prion disease; prions; mad cow disease; epidemiology; transmissible spongiform encephalopathies; etiology; humans; animals, 11260
brain cholesterol; homeostasis; Alzheimer's disease; amyloid beta-peptide; statins; apolipoprotein; mice, 5013
bulimic disorders; eating attitudes; eating pattern; eating habits; dieting; culture bound syndromes, 1730
bullying; primary schools; post-primary schools; primary pupils; post-primary pupils, 30052
caesareans; childhood asthma; allergic diseases; caesarean birth, 29024

cancer incidence; cancer clinical trials; racial disparities; gender; ethnic disparities; age; breast cancer; colon cancer; lung cancer; prostate cancer; therapeutic trials; trial particiaption, 24347
cancer; mental disorders; community-dwelling adults; comorbidity; sociodemographic characteristics, 25468
case ascertainment; stroke registers; local population-based register; national quality register; patient characteristics; selection bias; patients; community-based stroke register, 22903
catatonia; diagnostic classification systems; prevalence; response to treatment; syndromes; etiology; diagnostic validity, 31714
catatonia; diagnostic classification systems; prevalence; response to treatment; syndromes; etiology; diagnostic validity, 31701
catechol O-methyltransferase gene; Val158/108Met polymorphisms; schizophrenia; familial incidence; physiological correlates; epidemiology; risk analysis, 31780
catechol O-methyltransferase gene; Val158/108Met polymorphisms; schizophrenia; familial incidence; physiological correlates; epidemiology; risk analysis, 31786
catechol O-methyltransferase gene; Val158/108Met polymorphisms; schizophrenia; familial incidence; physiological correlates; epidemiology; risk analysis, 31766
cerebral palsy; fatigue prevalence; Norway; physical fatigue; mental fatigue, 11261
Charles Bonnet syndrome; ophthalmology; optometry; visual hallucinations; visual acuity; prevalence, 16868
child sexual abuse; prevalence rates; sex differences; Australia, 28805
children; bipolar disorder; onset; prevalence; antidepressants; treatment; stimulants; depression; attention deficit hyperactivity disorder; US; Netherlands; genetic risk, 13608
Chlamydia Trachomatics; prevalence; multiethnic groups; sexually active adolescent males; pediatric clinics; health maintainence, 29031
chlamydia trachomatis infection; screening programs; asymptomatic men; infection signs; women; STD; sexually transmitted diseases; prevalence, 4866
Chlamydophila pneumoniae; HIV-associated dementia complex; polymerase chain reaction; PCR; cerebrospinal fluid; CSF; prevalence; antibodies, 16675
chronic disabling fatigue; children; adolescents; chronic fatiguing illnesses; epidemiology; lifetime prevalence, 32080
chronic fatigue syndrome; diagnosis; prevalence; clinical presentation; evaluation; prognosis; pathophysiology; treatment, 32072
chronic fatigue syndrome; diagnosis; prevalence; clinical presentation; evaluation; prognosis; pathophysiology; treatment; support groups, 32069
chronic illnesses; dementia; Alzheimer's disease; rheumatism; coronary heart diseases; osteoporosis; quality of life; psychological factors; gender; caregivers; epidemiology; symptomatology; women, 1778
chronic schizophrenia; tardive dyskinesia; prevalence; Chinese, 1486
cigarette smoking; epidemiology; risk factors; Chinese women, 13403
cigarette smoking; high school students; lifetime & current & frequent cigarette use; prevalence, 31245
civilian trauma; acute stress disorder; prevalence; peritraumatic & persistent panic symptoms; survivors, 1534
clinical epidemiology; mental health professionals; evidence-based medicine; quality improvement, 32919
clinical factors; socioeconomic factors; insomnia; poor quality sleep; functional impairment; psychological distress; prevalence, 26072
coeliac disease; schizophrenia; prevalence, 25441
coeliac disease; schizophrenia; prevalence, 25447
cognitive impairment; limb length; dementia patients; community residents; lower education; socioeconomic status; formal education; health status, 16785
cognitive impairment; prevalance; incidence; dementia; diagnostic criteria; predictive validities; age, 10649
cognitive impairment; risk factors; aged community members; prevalence; social participation; personal attributes, 28153
cognitive performance; Clinical Dementia Rating 0.5; prevalence; aged; mild cognitive impairment; Alzheimer's disease; Tajiri Project, 35311
combined psychopharmacological treatment; psychiatric inpatients; pharmacotherapy; prevalence; risk factors; neuroleptics; depressive disorders; psychotic disorders; treatment resistance; safety, 32471
comorbidity; subthreshold disorders; full-syndrome disorders; non-psychotic disorders; epidemiology; Oregon Adolescent Depression Project; psychiatric disorders, 25525
controversial children; controversial youth; social behavior; antisocial behavior; social skills; epidemiology; demographics, 22628
coronary artery disease; depression; cardiac mortality; myocardial infarctions; prevalence, 16722
cosleeping behavior; sleep behavior; prediction; prevalence; behavior problems; Italian school children, 16161
creativity; mental disorder; epidemiology; theoretical discussion, 22458
criterion validity; Center for Epidemiological Studies Depression Scale; elders; depressive symptomatology, 27314
cross-cultural differences; cross-cultural psychiatry; cross-cultural psychology; psychiatric epidemiology; value orientations; prevalence of psychiatric disorders & psychological complaints, 31704
deliberate self harm; trends; patient characteristics, 1582
dementia; epidemiology; Alzheimer's disease, 8325
dementia; psychotropics usage; drug therapy; prevalence; depression, 11496
dental abnormalities; children; fathers; substance use disorders; prevalence, 31919
depression prevalence; depression recognition rate; depression correlates; oldest old people, 16418
depression; elderly labor migrants; Center for Epidemiologic Studies Depression Scale; utility; Turkish & Arabic translation; acceptability; reliability; convergent & construct validity, 27323
depression; epidemiology; socio-economic correlates; case validation; socio-economic deprivation, 25551
depression; pancreatic cancer; epidemiology; insurance claims, 1414
depression; women; differential symptom reporting; gender differences; psychiatric epidemiology, 28632
depressive symptoms; somatic symptoms; posttraumatic stress disorder; injured patients; PTSD, 4905
disability level; major depression; severity, 4595
dissociative disorders; classification rate; psychiatric patients; symptom severity groupings; dissociative disorder rate; affective disorders; borderline personality disorder; comorbidity; diagnosis, 16382
domestic violence; social stigma; dowry killings; pregnancy effects, 34950
drug-crime nexus; drug use; arrests; nexus investigation; prevalence, 19725
dysphagia; pediatric traumatic brain injury; TBI; head injury; children; incidence factors; characteristics factors; predictive factors, 16801
eating disorders; cultural influences; ethnic groups; epidemiology; body image ideals; health perceptions; illness perceptions, 28953
Ecstasy fatalities; deaths; epidemiology; pharmacology; toxic responses; MDMA dosage; methodology issues; psychoactive effects; ecstasy users, 25905
ecstasy use; drug use; South African Community; prevalence; consequences; health risks, 20517
ecstasy; MDMA; MDA; polydrug abuse; drug-related deaths; epidemiology, 1666
effective treatment strategies; psychotherapeutic approaches; pharmacological approaches; depressive symptoms; prevalence; children; adolescents, 11325
effeminates; psychological profile; body image; thinking; androgynous; self-esteem; psychological distress; gender differences; normal males; females; Malaysian students, 22263
elderly suicide rate; suicide prevention programs; South Korea; Hong Kong; Japan, 20094
epidemiological function; addicts index; regional drug misuse databases, 31930
epidemiological risk; disease characteristics; cognitive heuristics; susceptibility perception; heart disease; breast cancer; women; osteoporosis; psychological factors; medical risk factors, 20435
epidemiology; clinical presentation; consequences; chronic daily headache; migraine, 16614
epidemiology; ethnography; adolescent; substance abuse treatment, 35887
epidemiology; mental disorders; research, 25500
epidemiology; mental illness; civil court records; ante-bellum New Jersey, 1337
epidemiology; neurodegeneration; Alzheimers disease; Parkinson disease; motor neuron disease; sporadic disorder; familial disorder; environmental & behavioral risk factors; genes; pathogenesis, 8277
epidemiology; psychiatric disorders; quality of care; mental health services; genetic influences; environmental influences, 32614
Ethiopian immigrants; depression; stressful events; refugees; age differences; premigration trauma; risk factors, 25555
evidence based medicine; medical care; clinical epidemiological research, 32655
factor structure; Zung Self-rating Depression Scale; test reliability; test validity; major depression; epidemiology; sex differences; age differences, 34818
family caregiving; dementia patients; health professionals; caregivers; support strategies; epidemiology; health effects, 26679
family risk factors; homeless youth; runaway youth; dissociative symptoms; prevalence, 34810
family violence; violent behavior; prevalence rates; living conditions; tolerance; coping; family member; prevention; causal analysis, 31875
frailty onset; older Mexican Americans; older adults; positive affect; longitudinal association; epidemiological studies, 34388
frontotemporal dementia; genetics; FTD; Pick's disease; mutation, 4970
frontotemporal lobar degeneration; Alzheimers disease; incidence rate, 29136
functional disability; major depression; temporal relationships; recovery; general population; epidemiology, 31753
functional limitations; sleeping problems; depressed mood; older people; social network; quality of life; pain; demographics; prevalence, 8136
general intelligence; socioeconomic status; social class; inequalities; health; mental health; fundamental cause; epidemiology, 10656
handwashing; promotion; diarrhea; prevalence; high-risk communities; children; soap; intervention, 26535
Hangover Symptoms Scale; hangover symptoms; scale validation; test development; test evaluation; college students; self report inventory; college students; prevalence of symptoms, 9365
hate crime victimization; college students; epidemiology; hate crimes, 1611
health care utilization; insomniacs; sleep complaints; insomnia; mental disorders; sleep behavior; prevalence, 26604
health professionals; impaired health professional; impaired clinicians; drug use; drug misuse; epidemiology; treatment, 2685
health services utilization; drinking patterns; illicit drug use; alcohol problems; prevalence; emergency room; primary care, 10974
hearing loss; hearing aid; epidemiology, 8350
hearing loss; Rett syndrome; auditory status; auditory brainstem response; acoustic admittance; prevalence; females, 10669
hepatitis C virus; infection prevalence; inpatients; schizophrenia; psychoactive substance abuse; Japan, 19276
Hispanic couples; male to female violence; female to male violence; alcohol drinking patterns; intimate partner violence; acculturation; epidemiology, 10886
HIV infections; AIDS; epidemiology; heterosexual transmission; condom use; at risk populations; sexually transmitted infections; health education, 32119
HIV prevalence; perceived risk; knowledge level; sexually transmitted infections; symptoms; risk perception; sexually transmitted disease prevalence, 17245
HIV prevalence; public health services; HIV infections; sexually transmitted infections, 32580
HIV; AIDS prevention; AIDS prevalence; men who have sex with men, 32595
hopelessness; depression; suicidality; associated factors; prevalence, 31697
hospital admission rates; personality disorder; gender differences; military careers; Navy enlisted personnel; career outcomes; trends over time, 11866
Human Immunodeficiency Virus; risk behaviors; incidence; Thai adults; counseling; testing; urban communities; Human Immunodeficiency Virus; prevention, 35608
illicit drug epidemic; ecstasy; global anthropology; ethnographic epistemology; policymakers, 16497
individual depressive symptoms; physiological functions; heritability, 25568
inequality; schizophrenia; hospital wards; incidence rates; socio-economic factors, 32736
institutionalised elderly people; binocular low vision; eye diseases; remediable visual disability; low-vision aids; disease prevalence, 29197
intellectual disability; epilepsy prevalence; health service utilization; mortality, 1725
intellectual disability; prevalence estimates; Australia, 35125
Internet addiction; prevalence; Norwegian youth; Norway; questionnaire, 28820
Internet sex networking; same sex partners; Chinese men; risk behaviors; prevalence, 10422
juvenile delinquency; criminal offenses; schizophrenic patients; aggressive behavior; epidemiology, 34777
juvenile offenders; deliberate self harm; suicidal ideation; male offenders; prevalence; associated factors, 28886
late-life depression; diabetes; epidemiology; diagnosis, 35222
lifetime prevalence; epilepsy; health status; adults; behavioral risk factors; comorbidity, 26148
lifetime prevalences; estimated risks; DSM-IV psychiatric disorders, 25452
litigation; epidemiology; posttraumatic stress disorder; malingering, 22594

major depression disorder; pain; epidemiology, 31718
major depression; metabolic syndrome; epidemiology; gender differences, 25474
major depression; older adults; middle aged adults; demographic characteristics; socioeconomic status; clinical factors; depressive symptoms; epidemiology, 25578
major depression; Parkinsons disease; comorbidity; epidemiology; etiology; neuropathology; antidepressant treatment, 35304
major depression; relapse prevention; epidemiology; recurrence; costs; risk factors; psychological treatment; pharmacological treatment; markers of relapse vulnerability, 8382
major depressive disorder; Chinese-Americans; primary care; depressive disorder; primary care clinic, 13620
marijuana; marijuana use disorders; prevalence; dependence, 25870
medical services usage; community-based epidemiological health; mental health; physical health; national insurance, 29650
men who have sex with men; HIV prevention; prevention needs; HIV epidemic; Asia; Pacific Islands, 20503
mental disorder; prevalence; epidemiology; public health practice; mental health policy, 25480
mental disorders; elderly; United Arab Emirates; sociodemographic correlates, 19310
mental disorders; health care utilization; disease prevalence; comorbidity; anxiety & mood disorders; somatoform syndromes; health status; gender; German Health Interview and Examination Survey, 25520
mental disorders; trauma exposure; disabilities; prevalence; mental health outcomes; social functioning; coping strategies; assessment instruments; medical treatment; anxiety; depression; PTSD, 31689
mental health problems; epileptic children; emotional problems; behavioral problems; psychiatric disorders prevalence; parents attitudes; epilepsy, 10652
mental health problems; Kosovan Albanian refugees; posttraumatic stress disorder; PSTD; prevalence, 10726
mental health; social psychiatric care; epidemiology; mental disorders; mental health care, 32672
mental illness; posttraumatic stress disorder; psychiatric hospitalizations; interpersonal trauma; demographic characteristics; mood disorder; alcohol abuse, 22463
mental retardation; Down syndrome; elderly adults; prevalence; incidence; at risk populations, 19804
mentally ill; mental health care delivery; involuntary treatment; hospital admission; epidemiology, 29662
migration; increased rates of schizophrenia; European psychiatry; risk factors; migrants, 28712
mild cognitive impairment; dementia; major depression; diagnosis; clinical management, 35303
mild cognitive impairment; dementia; prevalence; classification; cognitive deficits-type impairment; amnestic-type impairment; elderly, 13970
mild cognitive impairment; subclassifications; predictive validity; prevalence; dementia, 1831
military retiree population; hypertension; prevalence; prevention; hypertension therapy, 6099
mixed anxiety-depression; anxiety disorders; depressive disorders; comorbid depression; major depression; remission; epidemiology; ICD-10; International Classification of Diseases, 22426
mood disorders; multiple sclerosis; Parkinson's disease; stroke; epilepsy; comorbidity; clinical characteristics; epidemiology; quality-of-life; neurological diseases; recovery; depression, 5011
musculoskeletal pain; prevalence; pain consequences; health care utilization; sick leave; limitation in daily life; demographics; at risk populations; pain characteristics, 16623
musicogenic epilepsy; epileptic music; epileptic seizures; song; sounds; music appreciation; musical ability; prevalence; etiology, 1855
natural course; posttraumatic stress disorder symptoms; young adult survivors; community violence; hyperarousal; distress; symptom improvement; posttraumatic stress, 19556
neurocognitive impairments; schizophrenia; psychosis; treatment outcome; epidemiology, 7902
neuroleptic malignant syndrome; learning disability; lifetime prevalence rate; neurological symptoms; psychiatric case studies, 1338
neurosis; mortality; older populations; community sample, 28139
nonepileptic seizures; antiepileptic drugs; Indian population; patients; prevalence; psychosomatic; short-term video electroencephalography; convulsions; screening, 1859
nonfatal drowning precursors; unintentional drownings; leading cause; injury deaths; recreational settings; unintentional injury; vital statistics, 29498
northern hemisphere; schizophrenia; seasonal variations; season of birth; epidemiology, 4621
obesity; children; adolescents; binge-eating disorder; BED; weight-loss treatment; objective bulimic episodes; bulimia, 4800
obsessive compulsive disorder; disease onset, 25694
occult mood disorders; prevalence; attention-deficit/hyperactivity disorder; major depressive disorder; mania; prepubertal children; community mental health, 4508
opiate users; Western Australia; opiate prevalence; truncated Poisson; capture-recapture, 4729
palliative care; symptom burden; cancer diagnosis; pain; anorexia; constipation; weakness; dyspnoea; symptoms; prevalence, 17380
panic disorder; obsessive-compulsive disorder; obsessive-compulsive symptoms; prevalence; comorbidity, 28782
paranoid ideation; prevalence; psychotic symptoms; racial differences; older Blacks; older Whites; urban population, 25621
Pentagon employees; posttraumatic stress disorder; alcohol use; perceived safety; terrorist attack; September 11 2001, 28756
Pentagon employees; posttraumatic stress disorder; alcohol use; terrorist attack; perceived safety; September 11 2001, 28770
personality disorder; chronic fatigue syndrome; prevalence; depressed patients; nondepressed patients, 19265
personality disorder; in-patient admission; late-life depression; dual diagnosis; prevalence, 2480
personality disorders; elderly; age differences; community residents; mental health patients; prevalence, 4669
phenomenology; epidemiology; childhood psychiatric disorders; atypical antipsychotics; drug therapy, 26354
physical abuse; emotional abuse; intimate partner violence; rural community; sexual violence; associated factors; abused men; abused women; abuse victimization prevalence; farmers, 1608
point & one-year prevalences; psychiatric disorders; clinical interviewers; assessment; psychopathology; general practitioners, 25451
polysomnographic variables; obstructive sleep; polysomnographic data; nocturia; obstructive sleep apnea-hypopnea syndrome; prediction; prevalence, 4860
post-traumatic stress disorder; mentally ill perpetrators; homicide; epidemiology, 28563
post-traumatic stress; low self-rated well-being; primary care attenders; reported trauma, 31829
postpartum period; predicting depression; prevalence rates; high-risk women; risk factors; depressive symptomatology; personal history; pregnancy periods, 7851
poststroke dementia; ischemic stroke inpatients; southern Taiwan; dementia frequency; clinical determinants, 8198
posttraumatic stress disorder; earthquake rescue workers; Chi-Chi earthquake; mental health problems; rescue workers; prevalence, 31804
posttraumatic stress disorder; life threatening trauma; cortisol levels; terrorist activity; traumatic memories; PTSD patients; symptoms; at risk populations; neuroendocrine changes, 13618
posttraumatic stress disorder; primary health care; routine medical examinations; trauma histories; depression symptoms; recognition rate; psychological distress; epidemiology; PTSD prevalence, 14375
posttraumatic stress disorder; psychosis; epidemiology; phenomenology; treatment; comorbidity; PTSD, 1538
posttraumatic stress disorder; trauma-related symptoms; earthquake survivors; rural Taiwanese; subthreshold posttraumatic stress disorder, 19540
Prader-Willi syndrome; obsessive-compulsive disorder; psychiatric disorders; hyperphagia; aggression; food supervision; family support; behavioural program, 11147
pregnancy; industrialized countries; developing countries; maternal health; infant health; sexual abuse; physical abuse; prevalence; maternal mortality, 31854
premenstrual dysphoric disorder; biopsychosocial approach; epidemiology; etiology; treatment, 1443
preschool age children; orthodox Jewish community; rates of emotional and behavioral disorder; predictors; gender differences; parent rating; teacher rating, 4525
prevalence of sleep problems; profound mental retardation; community settings; sleep patterns, 1724
prevalence rate; risk factors; chronic epilepsy; completed & attempted suicide; suicidal behavior; suicidal ideation, 4519
prevalence; biopsy-proven cervical neoplasia; cervical cancer; cervical-cancer screenings; screening intervals; risks; women, 5504
prevalence; bipolar disorder; isolated island community; Ethiopia, 22489
prevalence; chlamydial infections; gonorrheal infections; females; juvenile detention facility; sexually transmitted disease screening; high STD rates, 29008
prevalence; comorbidity; affective disorders; suicide attempts; first depressive episodes; bipolar II diagnoses, 4583
prevalence; correlates; obesity; severe and persistent mental illness, 10651
prevalence; correlates; sexual violence; self-reported forced sexual intercourse; refugee women; internally displaced women; Azerbaijan, 1594
prevalence; course; predictors; emotional distress symptoms; adolescent pregnancy; adolescent parenting; disadvantaged adolescents; females, 16027
prevalence; dementia with lewy bodies, 22909
prevalence; dementia with lewy bodies, 22991
prevalence; DSM-IV personality pathology; bulimia nervosa; binge eating disorder; obesity, 7772
prevalence; incidence; eating disorders; epidemiology; anorexia nervosa; bulimia; binge eating disorder; trends; methodologic problems, 4803
prevalence; medicinal cannabis use; chronic non-cancer pain, 17206
prevalence; mental disorders; primary care; psychiatric disorders, 13527
prevalence; obsessive compulsive disorder; systemic lupus erythematosus, 22597
prevalence; posttraumatic stress disorder; social support; risk factors; spinal cord injuries, 1866
prevalence; problem gambling; risk taking behaviors; undergraduates, 31861
prevalence; psychiatric disorders; adolescence; self-administered computerized DISC, 19350
prevalence; psychiatric disorders; new neurological patients; diagnosis; treatment; referral, 22931
prevalence; trauma; posttraumatic stress disorder; dissociation; court referrals; gender differences, 25696
prevalence; trauma; posttraumatic stress disorder; PTSD; risk factors, 7940
primary speech disability; pediatric care; referred subtypes; language therapy; speech therapy, 26754
problem drug use; demographic variables; local prevalence estimates; Multiple Indicator Method; national prevalence estimates; regression model; Netherlands, 11015
prostate cancer screening; treatment outcomes; decision making; screening accuracy; prevalence, 22881
psychiatric disorder; elderly population; prevalence; age of onset, 28616
psychiatric disorders; comorbidity; antiepileptic drug treatment; epilepsy patients, 11242
psychiatric disorders; Mexican Americans; social assimilation; nativity; age determinants, 34811
psychiatric disorders; neurologic disease; neurology clinic referrals; prevalence; impact; symptom explanation, 31662
psychiatric disorders; prevalence; incarcerated male adolescents; psychopathology; detention; detention with compulsory treatment; allocation to detention programs, 10685
psychiatric illness; social psychiatry; epidemiology; biological factors; psychological factors; social factors; medical services; psychosocial services, 32239
psychological disease burden; physical health problems; psychological disorders; mental illness; rural population; Nepal, 31679
psychological problem prevalence; psychological problem persistence; adolescence, 19267
psychopathic personality; epidemiology; cross cultural differences; racial and ethnic differences; trait distribution; theories; ethnic groups, 1550
psychopathic personality; epidemiology; cross cultural differences; racial and ethnic differences; trait distribution; theories; ethnic groups, 1555
psychopathic personality; epidemiology; cross cultural differences; racial and ethnic differences; trait distribution; theories; ethnic groups, 1553
psychopathology; adolescent offspring; prevalence; incidence; bipolar parents, 13609
psychopathology; nonresponse bias; epidemiology; eating-disordered behavior, 25998
psychopathy analysis; cross-national differences; prevalence; rater effects; interrater reliability; factor scores; rater perceptions; symptoms, 33542
psychoses rate; prevalence; crack cocaine; cannabis; mood disorders; French West Indies; continental France; French Afro-Caribbean population, 31759
psychosis; schizophrenia; epidemiology; substance abuse; substance dependence, 13635
psychosocial determinants; depression; lifespan; depressive risk factors; symptoms; childhood events; cross-community study; life events; social support, 34844
racial disparities; American Indian alcohol use; national data; epidemiological comparisons, 13392
religious concerns; spiritual concerns; university students; counseling center clients; prevalence; predictors; distress, 2697
research validity; transcultural epidemiology; validity problems; measurement validity & reliability; content & diagnostic & construct & external & criterion related & internal validity, 9559

sampling; measurement; self-reported pain; prevalence; Canada; chronic pain; age; sex, 4899
schizophrenia origin; genetic thesis; epigenetic antithesis; DNA sequence variation, 25665
schizophrenia patients; somatization; prevalence; correlates; predictors; psychopathology, 10801
schizophrenia; bipolar disorder; schizoaffective disorder; epidemiology; rural environments; socioeconomically homogeneous population; ethnically homogeneous population; morbid risk, 22467
school reintegration; childhood posttraumatic stress disorder; prevalence; therapeutic techniques; etiological factors; assessment tools; PTSD; diagnosis, 19521
screening instrument; specificity; sensitivity; neuroepidemiological survey; dementia; parkinsonian stages; neurological disorders; essential tremor; Sicily; symptoms questionnaire; physical tasks, 13984
seasonal affective disorder; prevalence rates; risk factors; Japanese high-school students; adult participants; regional differences; socio-cultural factors; epidemiological survey, 7827
seasonal affective disorder; primary care prevalence; Seasonal Health Questionnaire; general practice validity; predictive value; research interviews; design; clinical criteria, 14987
Sense of Coherence; anxiety; depression; self-esteem; Thailand; epidemiology; stress resilience, 13468
service utilization; HIV-positive patients; community-based services; sexual activity; Chicago primary care clinics; gender differences; transmission risk; service barriers; HIV/AIDS care, 23504
SES measurement; health research; social epidemiology; socioeconomic status, 22175
severe anorexia nervosa; long-term incidence; female anorexia patients; hospitalization, 22771
severe anorexia nervosa; long-term incidence; hospitalization; female anorexia patients, 22773
sexual addiction; symptoms; men; women; prevalence; college campus; etiology; categories; sexual behavior, 10950
sexual victimization; prevalence; adolescent boys; adolescent girls; eating behavior; psychological health; history of sexual abuse, 10869
sexually transmitted infections; sexual behaviour; commercial sex workers; risk factors; sexual risk taking; prevalence, 17270
sleep problems; Angelman syndrome; prevalence, 28994
smoking prevalence; pregnancy; fetal growth restriction; sudden infant death syndrome; smoking interventions; spontaneous abortions; behavioral disorders, 35868
social adjustment; sociodemographic factors; depressive symptoms; Estonia; prevalence, 13582
social support; prescription medication; institutionalization; older adults; nursing facility admission; disabilities; predictors; epidemiological study, 29717
socioeconomic deprivation; primary care burden; heart failure patients; general practice; incidence; prevalence; treatment, 35758
somatic symptoms; preschool children; parental reports; epidemiology; pediatric help-seeking; chronic family health problems; stressful life events, 28995
somatization disorder; hypochondriasis; epidemiology, 22797
somatization disorder; young adult; health care; liaison psychiatrists; cognitive behavioral therapy; antidepressants; liaison psychiatry, 13594
somatoform disorders; functional impairment; comorbidity; anxiety disorders; depressive disorders; disorder prevalence, 31659
spontaneous quitters; smoking cessation; early pregnancy; postpartum period; pregnant women; prevalence; user characteristics; abstinction; relapse, 35890
stability; comorbidity; diagnostic thresholds; depression; anxiety; community-based samples; young adults, 1386
stroke; myocardial infarction; depression incidence, 22396
substance abuse; schizophrenic patients; anti-parkinsonian drugs; risk factors, 7736
subsyndromal depression; health services; quality of life; prevalence, 28639
subthreshold psychiatric disorders; primary care; prevalence; associated characteristics; health perceptions; daily activities; psychological distress, 4571
suicidal behaviours; secondary school adolescents; suicide prevalence; Limpopo Province; suicidal thoughts; suicide threats; suicide plans; attempted suicide, 22639
suicidal ideation; Irish children & adolescents; prevalence, 1589
suicidal ideation; prevalence; older adults; risk factors; Hong Kong; health; activities of daily living; financial status; depression; health care use; social support; stressors; coping strategies, 19643
suicidal ideation; suicide attempts; sex differences; social & demographic factors; adolescents; boys; girls; prevalence, 1578
suicide attempts; psychosocial correlates; men who have sex with men; homosexuality; bisexuality; epidemiology, 16482
suicide attempts; psychosocial correlates; men who have sex with men; homosexuality; bisexuality; epidemiology, 16484
suicide methods; suicide rate; teenagers, 31879
suicide rate; annual total sunshine; occupation; occupational types; primary & secondary & tertiary industries, 10931
suicide rates; regional differences; northerners; southerners; homicide rates, 28824
suicide rates; world, 10881
suicide; atopic disorders; seasonal distribution; prevalence; atopic patients, 25850
suicide; attempted suicide; experiences; trends; males, 25786
suicide; epidemiology; attempted suicide; public health problem; suicide prevention; suicidal behavior burdon, 35709
suicide; epidemiology; regional differences; age differences; gender differences; employment status; marital status, 19631
symptom criteria; depression prevalence; functional impairment; accurate assessments; function impairment; functional criteria; educational levels; sub-saharan africa; major depression, 25549
tardive dyskinesia; atypical antipsychotics; dopamine-2 receptors; prevalence; incidence, 26385
tic disorders; Tourette syndrome; Swedish school population; children, 11265
tobacco use; acculturation; Korean descent; epidemiology; cigarette use, 31445
traumatic brain injury history; rates; psychiatric hospitals; state admissions, 32741
traumatic brain injury; head injury; traffic accidents; epidemiology; gender differences, 22901
treatment; mental disorders; cross-national comparisons; World Health Organization; severity; prevalence, 34795
treatment; mental disorders; cross-national comparisons; World Health Organization; severity; prevalence, 34792
treatment; mental disorders; cross-national comparisons; World Health Organization; severity; prevalence, 25541
trends; adolescent asthma; prevalence; cross cultural differences, 35203
trends; prevalence; awareness; treatment; control; drug therapy; hypertension; epidemiology; demographic characteristics, 8193
trends; prevalence; awareness; treatment; control; drug therapy; hypertension; epidemiology; demographic characteristics, 8191
unipolar depression; gender differences; epidemiology, 7833
unstable angina; emotional distress; anginal chest discomfort; ischemia-angina relationship; anger; depression; anxiety, 22890
urban community; socio-demographic factors; mental health problems; psychiatric morbidity; public health problem; psychiatric; mental disorders; Bangladesh; epidemiology, 1380
vascular dementia; relative mortality; incident dementia; mental disorder, 5015
violence; dating partners; assault rates; injury rates; prevalence; college students; worldwide population; country comparison, 31901
violence; female partners; physical violence; sexual violence; verbal aggression; victimization; family status; Quebec; prevalence, 31891
volatile substance abuse; US poison centers; epidemiology, 19695
Wechsler Adult Intelligence Scale; Wechsler Memory Scale; base-rate analysis; discrepancy scores; prevalence rates; within group; between group; Huntingtons Disease; Alzheimer's Disease, 24286
weekly & monthly distribution; seasonality; suicides; prison populations; dysfunctional central serotonin neurotransmission, 11966
whiplash injury; epidemiology; motor vehicle crash; poor prognosis, 1794
widespread pain; risk factor; temporomandibular disorder; dysfunctional pain; interference; disability, 22818
women college students; social situations; rape; intoxication; prevalence data, 19619
women; substance use; rape vulnerability; forcible rape; incapacitated rape; lifetime prevalence; incapacitation; sexual assault experiences, 13755
young adults; first-degree relatives; major depressive disorder; subthreshold depression; familial psychopathology; family history; familial aggregation; depressive symptoms; mood disorder, 7832
young offenders; mental health problems; psychosocial needs; epidemiology, 35052

Epidemiology—Books

Conduct and oppositional defiant disorders: Epidemiology, risk factors, and treatment, 22654

Epidemiology—Chapters

Behavioral interventions for cancer prevention: Dietary intake and physical activity, 17274
Child maltreatment: Past, present, and future perspectives, 22658
Developmental coordination disorder in Swedish 7-year-old children, 1702
The emergence of gambling among youth: The prevalence of underage lottery use and the impact of gambling, 1638
Epidemiological research: Science and community participation, 18247
Epidemiology and comorbidity, 22659
Epidemiology of traumatic brain injury, 3220
Epidemiology, 16669
Meta-Analysis in Hospital and Clinical Epidemiology, 296
Mood disorders: Depressive disorders, 22522
The nature of anxiety and depression: Implications for prevention, 8396
Neurologic aspects of Alzheimer's disease, 1892
Psychological and neuropsychological aspects of Lewy body and frontal dementia, 1888
Psychopathology and intellectual disability: The Australian child to adult longitudinal study, 13559
Psychopathology in children and adolescents with intellectual disability: Measurement, prevalence, course, and risk, 13560
Sexual abuse of boys: Short- and long-term associations and implications for HIV prevention, 1633
Sexual abuse of girls and HIV infection among women: Are they related?, 1629

Epilepsy [See Also Epileptic Seizures, Experimental Epilepsy]—Serials

add-on melatonin; quality of life; epileptic children; sodium valproate monotherapy; physical function; emotional well-being; cognitive function; social function; behavior; general health, 26491
aggressive behavior; epilepsy; patients; levetiracetam; add-on therapy; drug therapy; side effects; irritability; aggression symptoms; psychotic symptoms; behavioral tolerability, 2288
alertness; child behavior; combination topiramate; vagus nerve stimulation; refractory epilepsy, 23389
amiloride; neuropharmacology; rodent models; epilepsy; increasing current electroshock & pentylenetetrazole-induced seizures; mood; memory; grip strength; rotarod performance; animal behavior, 24776
amino acid transmitters; valproate; pentylenetetrazol-kindling; rats; epilepsy; hippocampus, 34164
anterior temporal lobectomy; postoperative memory; memory decline; neuropsychological testing; complex partial seizures; anterior temporal lobe; hippocampal sclerosis, 22970
anterior temporal lobectomy; veterans; comorbidity; postoperative seizure; quality of life; employment status; epilepsy; outcome, 11660
anteromesial temporal lobe; localized neocortical resections; epilepsy; patients; surgical therapy; partial seizures; disabling seizures, 4992
anticonvulsant therapy; anticonvulsant drugs; epilepsy; epileptic seizures; stroke-related seizures, 5021
anticonvulsants; surgical resection; epilepsy, 35631
antidepressive treatment; temporal lobe epilepsy; major depression; antidepressants, 11516
antiepileptic drug; cognitive effects; neuropsychology; topiramate treatment; valproate; carbamazepine; behavioral effects; seizures, 15778
antiepileptic drugs; comorbid anxiety disorders; epilepsy patients; treatment, 11305
antiepileptic drugs; epilepsy; pregnancy; teratogenicity; malformations, 11275
antiepileptic drugs; impaired memory; epilepsy, 35642
antiepileptic drugs; serum insulin; lipid level; epileptic men; body mass index; fasting serum; carbamazepine monotherapy; oxcarbazepine monotherapy; valproate, 5051
antiepileptic medication; health-related quality of life; seniors; epilepsy; randomized controlled trials, 11662
anxiety; children; epilepsy; adolescents; affective disorders, 10687
aromatase inhibition; testosterone; seizures; brain excitability; temporal lobe epilepsy; sexual dysfunction; letrozole, 22947
Ashkenazi Jewish extraction; familial dysautonomia; atypical absence epilepsy, 16621
aspiration pneumonia; epileptic seizure; risk factor; chronic epilepsy; outpatients; developmentally delayed; profoundly retarded adults, 35275
assessment; treatment approaches; general guidelines; depression; epilepsy; children; adolescents, 4532
atonic seizures; childhood epilepsy syndromes; childhood cancer; chemotherapy; cranial irradiation, 8180
atypical hemispheric dominance for language; functional magnetic resonance; presurgical diagnostic procedures; patient with left frontal focal epilepsy, 14005

atypical hemispheric dominance for language; functional magnetic resonance; presurgical diagnostic procedures; patient with left frontal focal epilepsy, 13939
auditory event-related potentials; temporal lobe epilepsy, 11220
Australian Quality of Life in Childhood Epilepsy Questionnaire; validity; psychometric properties; North American adaptation; reliability, 9429
basal ganglia absence; refractory epilepsy; extrapyramidal motor; neuronal plasticity; contralateral corticostriatal; pallidothalamic connections; lesions, 16784
basal ganglia; electrical activity; cognitive processing; simple sensory stimuli; brain; primary motor control; motor cortex; premotor cortex; event related potential; P300; epilepsy surgery, 3699
benign epilepsy centrotemporal spikes; side effects; benign rolandic epilepsy; treatment; childhood epilepsy; levetiracetam, 17145
benign epilepsy of childhood with centrotemporal spikes; BECTS; abnormal neuroimaging; brain lesions, 16762
bone health; pediatric epilepsy; skeletal mineralization; osteoporosis, 20055
bone mass; antiepileptic drugs; osteoporosis; osteoporotic fractures; bone mineral density; fracture risk; osteopenia; treatment, 20466
Brief Visuospatial Memory Test-Revised; neuropsychological evaluation; epilepsy surgery; right temporal lobe dysfunction; figural learning, 21164
California Verbal Learning Test; confirmatory factor analysis; auditory attention; temporal lobe epilepsy; verbal learning; inaccurate recall, 9442
callostomy; epilepsy; human brain function; callosal lesions; seizures; Lennox-Gastaut syndrome; behavioral changes, 11637
central dopaminergic activity; kainate model; temporal lobe epilepsy; schizophrenia; epileptic psychosis; rats, 27850
cerebral activated regions; vagus nerve stimulation; epilepsy patients; seizure, 22969
childhood epilepsy; perinatal asphyxia; neonatal seizures; motor disability; neurodevelopment; Bangladesh, 8208
Childhood Neurologic Disability Scale; ICND; pediatric epilepsy; physical disability; neurologic disablity; cognition; children, 3185
chronic epilepsy; surgery; intractable partial seizures; treatment outcomes; psychosocial factors, 14307
clinical characteristics; metabolic disturbances; neurological problems; epileptic patients; status epilepticus; mortality risk; risk factors, 5000
clinical course; vagus nerve stimulation; end of service; battery replacement; reimplantation; epilepsy, 35617
clinical course; vagus nerve stimulation; end of service; reimplantation; epilepsy, 14302
clinical outcomes; hemispherectomy; epilepsy; children; adolescents, 23367
clinical variables; demographic variables; socioeconomic variables; quality of life; epileptic patients, 22926
cognition; treatment options; behavioral disturbance; pediatric epilepsy syndrome, 19950
cognitive consequences; epilepsy; memory impairment; verbal memory; epileptic surgery; temporal lobe epilepsy, 11246
cognitive function; juvenile myoclonic epilepsy; cognitive performance; age; sex; family history; education level, onset; seizure types; EEG; therapy duration; dose; verbal IQ level; drug therapy, 26171
cognitive functioning; neuropsychological test performance; temporal lobe epilepsy; visual-spatial memory; emotional functioning; seizure lateralization; language; visual perception; attention, 35249
cognitive impairment; epilepsy; Mild Epilepsy Neurocognitive Disorder, 19944
cognitive side effects; central nervous system; behavioral deficits; antiepileptic drug, 20479
common pathogenic mechanisms; affective disorders; epilepsy; predisposition; crossover drug treatments, 4531
comorbid depression; health resource utilization; epilepsy; health care coverage; symptoms, 25444
comorbid psychiatric disorders; environmental risk factors; therapeutic opportunities; epidemiological data; diagnosis; epilepsy patients, 11241
comorbidity; depression; epilepsy; health-related quality of life; epileptic seizures; seizure severity; mild-moderate depression; major depression, 1321
complementary medicine; alternative medicine; spiritual healing; epilepsy; religious experience; mystical states, 11600
complex partial status epilepticus; systemic lupus erythematosus; neuroimaging; EEG; CPSE; visual hallucinations; electroencephalogram; corticosteroids; extratemporal, 16597
confusional migraine; photoepilepsy; head pain; photophobia; phonophobia; photosensitivity, 22805
cortical malformation; human brain mapping; functional neuroimaging; cortical development; epilepsy, 11236
cortical microanatomy; human brain disorders; epilepsy; neuropathology; epileptogenic lesions; brain tumors; seizures; epilepsy pathology, 19967
corticosterone; spike-wave discharges; rats; childhood absence epilepsy; seizure activity; excitatory amino acids, 31007
dentate granule cells; temporal lobe epilepsy; somatostatin; parvalbumin; receptor inhibition; rats; model of epilepsy; GABAergic inhibition, 15527
depressive symptoms; hippocampal sclerosis; auditory memory; seizure focus; temporal lobe epilepsy; side of seizure, 35277
diffusion-weighted imaging; status epilepticus; vagus nerve stimulation; peri-ictal diffusion-weighted imaging abnormalities; regional cerebral blood flow; epilepsy, 26175
drug level measurement; epilepsy management; anticonvulsant levels, 5436
drug treatment; epilepsy; antiepileptic drugs; psychiatric comorbidity; seizure; polytherapy; etiology; family history; prognosis, 35637
ear advantage; focal epilepsy; size & localization of structural brain abnormality; lateralization of epileptogenic area; seizure characteristics; dichotic listening; children, 13965
electroencephalography abnormalities; age-matched siblings; autistic children; abnormal sleep patterns; epileptiform activity; autistic spectrum disorder, 22432
electrophysiology; focal clonic seizures; subthalamic nucleus; focal epilepsy, 22946
emotional facial paresis; temporal lobe epilepsy; TLE; patient selection; surgery; clinical evaluation; imaging evaluation; electroencephalographic evaluation, 5008
epilepsia partialis continua; Autoantibodies; NMDA receptor; West syndrome; Lennox-Gastaut syndrome; Rasmussen's encephalitis, 14012
epilepsy effects; autonomic nervous system; respiratory function; epileptic patients, 35256
Epilepsy Foundation; epilepsy research; epilepsy organizations, 22997
Epilepsy Foundation; Pediatric Rule; prescription drugs; testing in children; medications; children's use; legislation, 2292
epilepsy prevalence; epilepsy management; primary school children; mainstream education; special educational placement, 5073
epilepsy surgery; antiepileptic drugs; epilepsy patients; care; treatment; delay pattern; referral pattern; morbidity, 17147
epilepsy surgery; focal cortical dysplasia; magnetic resonance imaging; circumscribed lesionectomy, 14275
epilepsy surgery; focal epilepsy; disorder onset; seizures, 35619
epilepsy surgery; postoperative clinical depression; presurgical assessment; suicide; attempted suicide; psychiatric referral; temporal lobectomy; surgery side, 17190
epilepsy surgery; temporal lobe resection, 14276
epilepsy; animal models; seizures; cognitive damage; behavior impairments, 18583
epilepsy; antiepileptic drugs; males; sexual development; physical development; testosterone; estradiol; LH; LSH; prolactin; age; polytherapy, 17161
epilepsy; antiepileptic medication; social skills; mental retardation, 20473
epilepsy; behavior; psychiatric pathology, 26165
epilepsy; bone health; antiepileptic drugs; medications; bone disorders, 19857
epilepsy; bone health; antiepileptic drugs; osteopenia; osteoporosis; bone metabolism, 20481
epilepsy; brain injury; mortality; quality of life; psychosocial disabilities; health; well being; surgery, 35326
epilepsy; children; cortical development; facial hemangioma; cerebral corticovascular dysplasia, 13913
epilepsy; Clobazam; monotherapy; adult patients, 17183
epilepsy; cross cultural differences; patient attitudes; social perceptions; conventional treatment; alternative treatments; quality of life; antiepileptic drugs; adjunctive spiritual therapy, 35296
epilepsy; depressive disorders; etiology; pathophysiology; models of depression; monoamine hypothesis; hippocampus; hypothalamic-pituitary-adrenal axis; neurotrophic hypothesis; neural networks, 4517
epilepsy; disease; illness; disorder; classification; clinical judgment, 1837
epilepsy; intellectual disability; learning disability; concerns; family; paid carer, 16552
epilepsy; learning disability; mental illness; behavioural disturbances, 22751
epilepsy; levetiracetam; anti-convulsant; side effects; seizure; efficacy; monotherapy drug, 17148
epilepsy; neurologic problems; epilepsy syndromes; seizure disorders; epileptogenesis; theories; diagnosis; treatment, 1832
epilepsy; partial seizures; adverse effects; levetiracetam monotherapy; diagnosis, 17143
epilepsy; prognosis; psychosocial development; antoepileptic drugs; epileptic patients, 11296
epilepsy; psychiatric comorbid disorders; depression; anxiety; psychotic disorders; attention deficit disorders; psychiatrists; psychiatric evaluation; neurologists, 11263
epilepsy; quality of life; depression; undertreated disorder, 4521
epilepsy; seizure; atropine methyl bromide; rats; postictal cardiac arrhythmia; pharmacologic blockage, 12984
epilepsy; serum trace concentrations; nail trace concentrations; zinc; copper; manganese, 11258
epilepsy; simultaneous EEG-fMRI; metabolic response; epileptic patients; neuronal activity; epileptic spikes; magnetic field; ballistocardiogram; methods artifacts; contamination; magnetic gradients, 4969
epilepsy; stigma; awareness; educational campaign; Epilepsy Foundation; educational outreach; African-American community; Spanish-speaking community, 26166
epilepsy; stress; stress reduction; seizure control; epileptic seizures; epilepsy therapy; alternative therapy; outpatients; patient perceptions; patient beliefs, 2047
epilepsy; surgery; anterior temporal lobectomy; costs; benefits; patient perception; amygdalohippocampectomy; quality of life; treatment outcome, 14293
epilepsy; surgery; cognitive ability; neuropsychology, 19989
epilepsy; surgery; quality of life, 14284
epilepsy; treatment; cannabinoid receptors; CB receptor paradox; mammals; endocannabinoid synthesis; anticonvulsant action; proconvulsant action; excitotoxic damage defense, 755
epileptic colony; rate-supported colony; London County Council; epileptic insane patients, 5571
epileptic patients; stuporous encephalopathy; cognitive impairment; topiramate; sodium valproate; drug-induced encephalopathy; coprescription, 23391
epileptic patients; theta discharges; temporal region; headache; EEG recordings; anterior temporal lobectomy; anticonvulsant medication; epilepsy; MEG recordings; magnetoencephalogram; seizure, 16793
epileptic seizures; epilepsy syndrome; electroencephalographic recording; cognitive function; reaction time, 8317
epileptic women; offspring; congenital malformations; pregnancies; maternal antiepileptic drugs; serum folate concentrations, 5010
epileptiform EEG; cognitive impairment; cognitive function; seizures; transient cognitive impairment; epilepsy, 19943
event-related potentials; ERP; visual oddball task; stimuli; epileptic patients; intracerebral electrodes, 8266
extended-release formulations; management strategies; antiepileptic drug therapy; diagnosis; treatment; seizure disorders; epilepsy; prevention; side effects; compliance; quality of life; satisfaction, 26502
facial expression; face memory; temporal lobe; epilepsy, 13945
febrile convulsions; aggressive behavior; affective disorder; psychotic disorder; topiramate; epilepsy; tonic-atonic seizures; lamotrigine; clinical history, 14167
febrile seizures; family history; clinical characteristics; neurological status; FSs; patients; epilepsy, 16819
focal epilepsy; malformations of cortical development; MCD; polymicrogyria; hemimegalencephaly; heterotopia; focal cortical dysplasia; FCD; neuropathology, 16777
frontal lobe epilepsy; epileptical surgery; simple partial seizures; temporal lobe seizures; frontal lobe functions; surgical complications; frontal lobe syndrome; neuroimaging methods, 17168
frontal lobe epilepsy; frontal lobe seizures; childhood epilepsy; attention; memory; behavioral adjustment; neuropsychological assessment; cognitive ability; behavior problems, 1848
functional magnetic resonance imaging; blood oxygenation level-dependent; hippocampal formation; epilepsy; picture encoding task; memory encoding, 23007
functional magnetic resonance imaging; language; memory; epilepsy surgery; refractory epileps; neuropsychology, 20066
GABA(B)receptor1; polymorphism(G1465A); temoral lobe epilepsy; dysfunction; Aminobutyric acid; pathogenesis; genetic contribution; cloned human GBABA(B) receptor; TLE, 4998
gabapentin; seizures; epilepsy; antiepileptic drugs; anticonvulsants dosing; drug dosages, 17182
gabapentins; GBP; anti-epileptic drugs; high dose escalation; L-amino acid transport system; serum concentrations; pharmacokinetic; PK; epilepsy patients; bioavailability; hepatic enzyme; saliva, 5265
galvanic skin response; biofeedback training; adult epilepsy; seizure reduction; seizure frequency; treatment-resistant epilepsy, 23399

gamma-band phase clustering; idiopathic photosensitive epilepsy; visual perception; neuronal activity; epileptic photoparoxysmal response; photosensitivity; magnetoencephalography, 22984
generalized epilepsy; focal epilepsy; etiology; cognitive impairment; neuropsychological deficits; neuropsychological aspects; psychological pathology, 20004
generalized epilepsy; tonic absence seizures; inattentiveness; stereotyped EEG pattern, 16823
generalized seizures; velocardiofacial syndrome; mild learning disability; mental disorders; paranoid schizophrenia; epilepsy, 34807
genotype; generalized tonic-clonic seizures; intractable childhood epilepsy; severe myoclonic epilepsy; development; children, 22933
Gilles de la Tourette's syndrome; side effects; neurosurgery; temporal lobectomy; epilepsy; epileptic seizure control; tics; obsessive-compulsive behavior; attention deficit disorder; paranoia, 2286
health; quality of life; adolescence; young adults; epilepsy; gender differences, 5053
heart rate changes; EKG; preictal-ictal state transition; focal epilepsy; epileptic seizures; temporal lobe, 16790
hemiplegic patients; intractable epilepsy; motor area; transcranial magnetic stimulation; abductor pollicis brevis; subdural electrodes; surgical treatment; cerebral lesions, 3212
Hemispherectomy; unihemispheric epilepsy; hemidecorticationes; migrational disorder, 13966
hemispheric malformation; cortical development; congenital malformations; cerebral hemisphere; early childhood; epilepsy; cognitive delay; contralateral hemiparesis; genetic mechanisms, 35286
hippocampal atrophy; familial mesial temporal lobe epilepsy; FMTLE; seizure type; hyperitense T2 signal, 5016
hippocampal sclerosis; neuronal loss; gliosis; hippocampus; Alzheimer's disease; dementia; epilepsy, 22956
human lateral premotor cortex; evoked potentials; visuomotor control; physiological correlates; epilepsy patients; paired visual stimuli; signal perception; motor execution, 16796
human prefrontal cortex; PFC; electrocorticographic activities; epileptic patients; sleep spindle; natural sleep; polysomnographic activities, 4876
Hungarian car drivers; epilepsy, 11288
ictal magnetoencephalography; visual hallucinations; status epilepticus; comorbidity; spike complexes; temporal area, 16805
idiopathic generalized epilepsies; ion channel mutations; brain development; gene errors, 13986
idiopathic generalized epilepsies; juvenile myoclonic epilepsy; absence epilepsy; generalized tonic-clonic epilepsy; partial seizures; medication; antiepileptic drugs, 13924
idiopathic generalized epilepsy; glutamate concentrations; glutamine concentrations; frontal lobes; neuronal dysfunction, 14000
intellectual disability; epilepsy prevalence; health service utilization; mortality, 1725
interhemispheric dissociation; frontal language region; temporal language region; focal epilepsy; lateralization, 11227
interictal facial-wiping; preictal facial-wiping; postictal facial-wiping; temporal lobe epilepsy, 11280
interictal subdural EEG; ictal subdural EEG; intractable neocortical epilepsy; spike frequency; spike amplitude; spike latency; seizure onset, 16733
interstitial stereotactic radiosurgery; epilepsy; hypothalamic hamartomas; gelastic seizure; behavior; subjective handicap, 14296
intracarotid amytal procedure; temporal lobectomy; neurosurgery; amygdalohippocampectomy; male patients; temporal lobe epilepsy; cerebral language dominance; lateralization of seizure focus; memory, 2283
intractable epilepsy; postoperative cognitive changes; early cognitive changes; late cognitive changes; partial seizures; temporal lobe surgery; quality of life; verbal memory; seizure control, 14292
intractable temporal lobe epilepsy; flumazenil; diffusion-weighted MRI; presurgical assessment; interictal apparent diffusion coefficient; epileptogenic focus, 17172
intrasubject reproducibility; presurgical language lateralization; brain mapping; language fMRI; test-retest reliability; within test reliability; epilepsy, 12505
juvenile myoclonic epilepsy; right-handed woman; language function; graphogenic epilepsy; writing; motor manifestations; epileptic seizures, 5044
juvenile myoclonic epilepsy; seizures; siblings; myoclonic jerks; valproate, 29100
lamotrigine monotherapy; carbamazepin; phenytoin; valproate; epilepsy, 11652
lamotrigine monotherapy; juvenile myoclonic epilepsy; valproate; treatment failure; seizure control, 35641
lamotrigine vs valproate; weight change; adolescents; children; epilepsy; obesity; antiepilepsy drugs, 5411
lamotrigine; epilepsy; breast feeding; glucuronidation; neonates, 14277
Landau-Kleffner syndrome; levetiracetam; drug therapy; monotherapy; acquired epileptic aphasia; epilepsy; epileptic seizures; treatment outcomes, 2307
late-onset epilepsy; major affective disorder; at risk populations; risk factors; osteoarthritis; diabetes, 4528
Left anterior temporal lobectomy; functional neuroimaging; language deficits; fMRI; epilepsy patients, 16818
levetiracetam tolerability; levetiracetam efficacy; refractory epilepsy; seizure frequency; children; adults; add-on treatment, 5443
levetiracetam; brain-derived neurotrophic factor; neuropeptide Y; hippocampus; rats; amygdala kindling; antiepileptogenic properties; mood-stabilizing properties, 23248
lifetime prevalence; epilepsy; health status; adults; behavioral risk factors; comorbidity, 26148
linguistic deficits; left selective amygdalohippocampectomy; left-sided temporal lobe epilepsy; naming deficits, 26122
long-term tolerability; lamotrigine; drug efficacy; drug therapy; partial seizures; adult patients, 14262
loss of awareness; nonepileptic spells; epilepsy; seizures; narcolepsy, 11161
low-grade gliomas; epilepsy; antiepileptic drug treatment; cognitive functioning; health-related quality of life, 11657
magnetic field; electrode implantation; epileptic patients; interictal firing rate; hippocampus; intractable complex partial seizures, 16761
Magnetoencephalography; MEG; peritumoral temporal epileptic focus; surgical resection; drug-resistant seizure patients; intracraneal lesions, 5407
major depression; epilepsy; neuroendocrine abnormalities; hypothalamic pituitary adrenocortical system, 35338
maternal adaptation; child epilepsy; child characteristics; maternal beliefs; mediation; behavior problems; family life; learned helplessness, 35324
medial frontal; frontal lobe epilepsy; right frontal lobe; cingulate gyrus; frontal area; pilomotor seizures; patient; multifocal hyperperfused area, 16821
medication management; refractory epilepsy; patient's perceptions; compliance, 26483
megalencephalic leukoencephalopathy; intermittent photic stimulation; neurological impairment; developmental motor; epileptic patients; epileptic seizures; subcortical cysts, 5083
memory functions; nonmemory functions; chronic epilepsy; cognition; temporal lobe epilepsy; surgically treated patients; medically treated patients, 11649
mental health problems; epileptic children; emotional problems; behavioral problems; psychiatric disorders prevalence; parents attitudes; epilepsy, 10652
mental retardation; antiepileptic drugs; epilepsy; pharmacological outcomes; drug therapy, 14273
mental retardation; symptomatology; assessment; seizures; epilepsy; anitepileptic drugs, 32040
mesial temporal lobe epilepsy; hippocampal sclerosis; memory deficits; cognitive function; Hispanic patients, 11297
mesial temporal lobe; epilepsy; memory deficits; hippocampal atrophy, 13914
mesial temporal lobe; temporal lobe epilepsy; temporal lobe lesions; emotion recognition; facial emotion; emotional facial expressions; mesial temporal sclerosis; temporal lobe regions; MTS; TLE; ER, 5035
methylphenidate; attention deficit hyperactivity disorder; epilepsy; electroencephalographic abnormalities; seizures; ADHD; treatment; antiepilepsy drugs; safety; efficacy; drug treatment, 5286
middle frontal gyrus; working memory; idiopathic generalized epilepsy; epileptiform activity; reading epilepsy; precentral gyrus; globus pallidus; cognitive tasks; language areas; left frontal cortex, 4964
monotherapy trials; antiepileptic drugs; drug therapy; epilepsy; clinical practice; clinical trials, 2282
mood disorders; epilepsy; risk factors, 16775
mood effects; antiepileptic drugs, 20040
musicogenic epilepsy; epileptic music; epileptic seizures; song; sounds; music appreciation; musical ability; prevalence; etiology, 1855
myoclonic jerks; antiepileptic drugs; seizures; levetiracetam monotherapy; epilepsy; generalised tonic-clonic seizures, 17157
Napoleon Bonaparte; psychogenic seizures; epileptic seizures, 11257
neurological impairment; impaired consciousness; developmental delay; epileptic seizures; epileptic syndrome; catastrophic epileptic encephalopathy, 4967
neuronal loss; dentate granule cells; dentate gyrus; hippocampal pathology; neuronal density; temporal lobe epilepsy; immunostaining patterns; neuropeptide Y; somatostatin; dynorphin, 13937
neuropsychological assessment; epilepsy, 18145
neuropsychological deficits; neuropsychological effects; mental abilities; seizures; epilepsy, 19971
New Testament; Bible translations; demonic possession; fasting; epilepsy cure; seizures, 1877
New Testament; Bible translations; demonic possession; fasting; epilepsy cure; seizures, 1835
nimodipine; behavioral sequalae; experimental status epilepticus; prepubescent rats; calcium channel blocker, 21879
nonconvulsive status epilepticus; cephalosporins; antibiotics; drug side effects, 26504
nonconvulsive status epilepticus; cryptogenic partial-onset seizures; epilepsy surgery, 17188
nonconvulsive status epilepticus; rats; brain damage; behavioral deficits; behavioral consequences; morphological consequences, 21620
nonsyndromic mental retardation; subcortical band heterotopia; SBH; cryptogenic epilepsy; doublecortin gene mutations; lissencephalypachygyria; magnetic resonance imaging; MRI; phenotypes, 1768
obsessive-compulsive disorder; epilepsy; surgery; comorbidity; mesial temporal lobe, 13540
obsessive-compulsive symptoms; temporal lobe epilepsy; right hemisphere epilepsy; left hemisphere epilepsy; symptom severity, 35292
optic radiation; visual cortex response; electroencephalogram abnormalities; lateral geniculate nucleus; visual-evoked potentials; oscillating signal; photosensitive epilepsy; video-game epilepsy, 5020
oxcarbazepine; epilepsy; tonic-clonic seizures, 29311
oxcarbazepine; pregnancy; clinical experience; potential teratogenicity; antiepileptic drugs; fetal malformations; epilepsy, 23397
paranoid psychosis; schizophrenic psychosis; partial epilepsy; case report; anti-convulsant medication; psychosis occurrence; epilepsy; olanzapine; lamotrigine; carbamazepine, 17086
parental anxiety; quality of life; epileptic children; epilepsy; parental attitudes; parental beliefs; adjustment; pediatric patients; parents; seizure control; comorbid conditions; medications, 1881
parents; caregiving challenges; childhood epilepsy; seizures; psychological problems; social problems; physical problems; medications; diet; surgery; vagus nerve stimulation; VNS, 4994
partial epilepsy; ecstatic seizures; ictal symptoms; sensory hallucinations; erotic sensations; religious experience; spiritual experience, 11256
path integration; linear locomotion; human medial temporal lobectomy; hippocampal formation; epilepsy; self-motion signals; amygdala; lateral temporal lobe, 24412
patient's perspective; epilepsy; Omani patients; patients' knowledge; Oman; health education; medication regime compliance, 4961
Patsy Custis; George Washington's accounts; sudden unexplained death in epilepsy, 35276
pediatric epilepsy patients; atypical language dominance; intracarotid amytal procedures; left-sided focal epilepsy; left-sided language representation; clinical & neuropsychological characteristics, 11252
Pediatric Quality of Life Inventory; childhood cancer patients; epilepsy; test validity; health-related quality of life, 27353
personality changes; temporal lobectomy; epilepsy; presurgical psychiatric difficulties; intractable seizures; psychological comorbidity; psychosocial reaction, 35626
phonology; posterior basal temporal area; auditory processing; visual language processing; semantics; epilepsy, 23013
physical exercise habits; adult outpatients; Brazil; epilepsy; physical training; physical activities; sports; sports participation; epileptic seizures, 1827
polycystic ovary syndrome; antiepileptic drugs; epilepsy; bipolar disorder, 26211
polyunsaturated fatty acids; seizure control; cortisol levels; ketogenic diet; epileptic children; metabolites; beta-hydroxybutyrate; blood serum, 13942
postical laughter; status epilepticus; pathologic neurologic laughter; ictal phenomenon; epilepsy; electrical brain stimulation; cortex, 11232
postictal serum levels; antiepileptic drugs; medication noncompliance; indicator; biological marker; epileptic seizures; epilepsy; detection; drug therapy; serum concentration, 2320
prevalence rate; risk factors; chronic epilepsy; completed & attempted suicide; suicidal behavior; suicidal ideation, 4519
psychiatric comorbidities; clinical characteristics; depressive disorders; prevalence rates; neurological disorders; DSM criteria; epilepsy, 11264
psychiatric comorbidity; optimal treatment strategies; health-related quality of life; seizures; psychological functioning; health; epilepsy patients, 11251
psychiatric disorders; comorbidity; antiepileptic drug treatment; epilepsy patients, 11242

psychiatric disorders; partial seizures, mental retardation; antiepileptic drug; efficacy; levetiracetam; tolerability; refactory epilepsy; behavioral disturbance, 17146
psychiatric history; cognitive adverse events; topiramate; depression; aggression; psychosis; memory problems; slow thinking; antiepileptic drugs; epilepsy; polytherapy; risk factors; side effects, 2301
psychogenic nonepileptic seizures; obesity; epilepsy; somatoform disorders, 13870
psychological predictors; intractable epilepsy; memory performance; children; cognitive predictors, 13961
psychosocial reactions; epilepsy; quality of life; general hospital; treatment, 16732
public health; seizures; epilepsy, 11808
Quality of Life in Epilepsy Inventory 89; content validity; individualized measures; health-related needs; patients with epilepsy, 24178
Rasmussen's syndrome; narcolepsy; cataplexy; epilepsy; seizures, 11159
recovery function; median nerve; high-frequency oscillation; myoclonus epilepsy; hyperventilation; somatosensory evoked potentials; Parkinsons disease, 8280
refractory partial seizures; vagal nerve stimulation; deep brain stimulation; antiepileptic drugs; epilepsy; seizures; brain nuclei; depression; brain stimulation, 14288
refractory temporal lobe epilepsy; peri-ictal water drinking behavior, 16836
remote symptomatic epilepsy; seizure severity; epilepsy mortality rate, 5066
right vs left mesial temporal lobe epilepsy; postsurgical ability; material specific intelligence; verbal ability; nonverbal ability, 2304
risk factors; febrile convulsions; family history; head trauma; childhood epilepsy; perinatal history; central nervous system infection; parental consanguinity, 16750
schizophrenia; epilepsy; symptoms; pathology; cerebral pathology, 1352
sedation; primidone; drug therapy; epilepsy; epileptic seizures; antiepileptic drugs; phenobarbital; valproic acid; Alzheimer's disease; elderly patients; side effects, 2305
seizure control; quality of life; medically refractory epilepsy patients; polypharmacy; monotherapy; seizure frequency, 26506
seizure control; seizure types; physicians' perceptions; parents' perceptions; childhood epilepsy; patient-centered medicine, 5457
seizure disorders; depression; quality of life; epilepsy, 13551
sensorimotor cortex; epileptogenic perirolandic lesion; functional anatomy; resection; cortical motor representations; electrocorticographic spectral analysis; electrical cortical stimulation mapping, 26147
skeletal fractures; epilepsy; antiepileptic drugs; seizures; ataxia; neurological deficits, 20476
sleep disturbance; children; epilepsy; sleep-disordered symptoms; obstructive sleep apnea; behavioral disturbances, 11230
sleep-related hyperkinetic seizures; temporal lobe origin; nocturnal frontal lobe epilepsy; frenetic movements; hyperactive movements, 29160
somatoform disorders; temporal lobectomy; epilepsy surgery, 26501
somatosensory evoked potentials; SEP; active movement; median nerve; cortical component; mental movement; stimulated hand; frontal lobe; temporal lobe, 16781
spatial learning; contextual learning; ketamine; rats; pilocarpine epilepsy model; acepromazine; cognitive impairments, 24829
spatiotemporal pattern; event-related desynchronization; ERD; event-related synchronization; ERS; electrocorticographic data; ECoG; self-paced movement, 8289
speech representation; speech dominance; seizure focus; age of onset; handedness; laterality; sex, 5058
standardized mortality ratios; refractory epilepsy; seizure frequency; mortality rate; death rates; epilepsy, 5052
stigma assessment; children with epilepsy; instrument development; psychometric properties; content validity; internal consistency reliability; construct validity; parents, 33586
surgery; safety; treatment effectiveness; temporal lobe epilepsy; medical therapy; quality of life, 35657
surgically remediable intractable epilepsy; surgery; healthcare providers; cultural sensitivity; patient management, 35655
task-related coupling; high-frequency signals; low-frequency signals; visual cortical areas; occipital visual areas; epileptic patients; cortical cooperativity; electrical activity; visual task, 12908
teachers attitudes; students with epilepsy; elementary school teachers; middle school teachers; demographics; professional preparation; prediction; knowledge about epilepsy, 26875
temporal lobe epilepsy; anterior temporal lobectomy; visuospatial perception; spatial memory; naming, 11253
temporal lobe epilepsy; electroencephalography responses; temporal lobe seizures; lateralization, 8320
temporal lobe epilepsy; epilepsy; serotonin; epileptic seizures; TLE; trophic effects; Brain-derived neurotrophic factors; BDNF, 16744
temporal lobe epilepsy; extratemporal lobe lesions; intractable epilepsy, 22899
temporal lobe epilepsy; hippocampal sclerosis; speech disturbance; oral automatism; epilepsy surgery; ictal aphasia; preserved responsiveness; seizure; amygdalo-hippocampectomy, 16776
temporal lobe epilepsy; hippocampus; immediate memory performance; delayed memory performance; temporal lobe; volume, 8250
temporal lobe epilepsy; intraventricular monitoring; endoscopic placement; intraventricular electrode array, 23002
temporal lobe epilepsy; medically treated patients; surgically treated patients; mesial temporal sclerosis; psychopathology, 11635
temporal lobe epilepsy; object processing; hippocampal function; visual memory; visual processing, 5076
temporal lobe epilepsy; reading acquisition; reading skills; metaphonological awareness; temporal lobe dysfunction; phonological awareness; twins, 8319
temporal lobe epilepsy; surgery; hypersexuality; excessive masturbation; amygdalohippocampectomy; psychiatric symptoms, 14290
temporal lobe stimulation; anatomic distinction; auditory naming processes; auditory verbal processing; superior temporal gyrus; epilepsy; temporoparietal cortex; postoperative language decline, 15249
thiol conjugate excretion; valproic acid; high risk epilepsy patients; monotherapy; polytherapy; hepatoxicity; age effects, 17164
topiramate; long-term experience; chronic refractory epilepsy; long-term retention; long-term efficacy; long-term side-effects; dosages, 26481
topiramate; memory performance; intracarotid amobarbital test; mesial temporal lobe epilepsy; antiepileptic drugs, 23256
topiramate; polypharmacy; intractable epilepsy; cognitive effects; neuropsychological function, 17176
transient postoperative prosopagnosia; postsurgical complications; right hemisphere; epilepsy surgery; epilepsy; epileptic seizures; side effects; brain lesions; outcomes, 2312
treadmill; exercise; patients; epilepsy; safety; epileptic seizures; safety devices, 1836
treatment compliance; patient satisfaction; sodium valproate; Depakine Chrono; epilepsy, 11639
treatment of depression; epilepsy patients; transcultural issues; comorbidity; psychotherapy; drug therapy; treatment access & acceptability, 4522
treatment; epilepsy; seizures; levetiracetam; antieleptic drug; adjunctive therapy; adverse effects, 17141
unilateral spatial neglect; right inferior parietal cortectomy; brain damage; lesions; refractory epilepsy; parietal opercule, 26143
vagal nerve stimulation; VNS; antiepileptic drugs; refractory epileptic seizures; seizure frequency; epileptic surgery; epilepsy, 5444
vagus nerve stimulation; patients; epilepsy surgery; antiepileptic effect; psychotropic effects; complex partial seizures; post-ictal psychosis; depression; behavioral disorder, 22963
ventral anterior insula; human facial emotional expressions; temporal lobe epilepsy; disgust recognition; disgust processing; attention modulated response; intracerebral event-related potentials, 22965
vestibular processing; human paramedian precuneus; electrical cortical stimulation; self-motion perception; ependymoma; intracranial seizure; epileptic episodes, 29188
vestibular symptoms; human vestibular cortex; parietal operculum; partial epilepsy; vestibular input; sylvian fissure; cortical areas; cortical sites, 11262
Warrington Recognition Memory Test for Faces; interpretive strategy; diagnostic utility; temporal lobe epilepsy; psychometric properties; right temporal lobe; intelligence, 21161
Wechsler Memory Scale-3rd Edition performance; epilepsy patients; temporal lobectomy; memory, 18153
word-finding difficulties; epileptic patients; drug treatment emergent adverse event; topiramate; epilepsy; drug dose schedule; seizure frequency & pattern; electroencephalography, 8533

Epileptic Seizures [See Also Experimental Epilepsy]—Serials

alpha-methyl-L-tryptophan & 2-deoxy-2fluoro-D-glucose uptake; PET; seizure onset; intractable neocortical epilepsy; cortical regions; epileptogenic cortex, 13960
anterior temporal lobectomy; veterans; comorbidity; postoperative seizure; quality of life; employment status; epilepsy; outcome, 11660
anticonvulsant & antiepileptogenic effects; GABA-A; gamma aminobutyric acid receptor ligands; pentylenetetrazole-induced seizure; kindling; animal model; mice, 9998
anticonvulsant therapy; anticonvulsant drugs; epilepsy; epileptic seizures; stroke-related seizures, 5021
anticonvulsant therapy; epileptic seizures; seizure; neurology; clinical decision making; dose adjustment, 5413
antiepileptic drug; AED; chronic refractory epilepsy; patient populations; disease characteristics; monotherapy; efficacy; tonic-clonic seizure, 16787
antiepileptic drugs; AED; ethical concerns; adjunctive therapy; efficacy; safety; tolerability; monotherapy; refractory partial seizures; outpatient conversion; presurgical conversion, 17150
antiepileptic drugs; eye closure; anticonvulsant drugs; pharmacokinetic/pharmacodynamic modeling; cortical stimulation; seizures; lamotrigine; ictal signs; midazolam; tiagabine; drug dosage; rats, 733
aspiration pneumonia; epileptic seizure; risk factor; chronic epilepsy; outpatients; developmentally delayed; profoundly retarded adults, 35275
atonic seizures; childhood epilepsy syndromes; childhood cancer; chemotherapy; cranial irradiation, 8180
autonomic seizures; autonomic status epilepticus; childhood; diagnosis; management; prevalence; symptoms; epileptogenic susceptibility; cerebral pathology; Panayiotopoulos syndrome, 26157
benign epilepsy of childhood with centrotemporal spikes; BECTS; abnormal neuroimaging; brain lesions, 16762
callostomy; epilepsy; human brain function; callosal lesions; seizures; Lennox-Gastaut syndrome; behavioral changes, 11637
carbamazepine; new-onset epileptic seizures; autism spectrum disorders, 35550
cerebral cortex; hippocampus; apoptosis; homocysteic acid; rat pups; neurotoxic effect; clonic-tonic seizures, 15441
childrens ketogenic diet; autistic behaviour; epileptic seizures; haloperidol; drug treatment, 5376
diagnosis accuracy; epilepsy diagnosis; epileptic seizures; paroxysmal events; diagnostic validity; children; single seizure, 14008
diffusion-weighted imaging; status epilepticus; vagus nerve stimulation; peri-ictal diffusion-weighted imaging abnormalities; regional cerebral blood flow; epilepsy, 26175
drug refractory epilepsy; cardiac ischemia; seizures; cardiovascular abnormalities; sudden death; patients, 4954
EEG foci localization; EEG patterns; Panayiotopoulos syndrome; benign occipital seizure susceptibility syndrome; age differences; spike foci, 16804
EEG results; counseling patients; seizure patients; prognosis; interictal EEG; epileptiform EEG interpretations, 5001
electroencephalography; encephalopathy; ocular movement; non convulsive status epilepticus; neurology residents, 14268
epilepsy; intracerebral EEG activity; seizures; stereoelectroencephaolgraphic signals; SEEG, 23017
epileptic patients; theta discharges; temporal region; headache; EEG recordings; anterior temporal lobectomy; anticonvulsant medication; epilepsy; MEG recordings; magnetoencephalogram; seizure, 16793
epileptic seizure; seizure onset detection; patient-specific detection method; electroencephalography, 35323
epileptic seizures; epilepsy syndrome; electroencephalographic recording; cognitive function; reaction time, 8317
epileptic seizures; psychogenic pseudoepileptic seizures; somatisation; health; differential factors; hypochondriasis; somatic complaints; organic symptoms, 16807
extended-release formulations; management strategies; antiepileptic drug therapy; diagnosis; treatment; seizure disorders; epilepsy; prevention; side effects; compliance; quality of life; satisfaction, 26502
febrile seizures; epileptic seizures; phenotypic features; FS; familial aggregation, 5045
full moon; seizure frequency; lunar cycle; nonepileptic seizures; epileptic seizures; myths, 35255
gabapentin; seizures; epilepsy; antiepileptic drugs; anticonvulsants dosing; drug dosages, 17182
galvanic skin response; biofeedback training; adult epilepsy; seizure reduction; seizure frequency; treatment-resistant epilepsy, 23399
generalized epilepsy; tonic absence seizures; inattentiveness; stereotyped EEG pattern, 16823
heart rate changes; EKG; preictal-ictal state transition; focal epilepsy; epileptic seizures; temporal lobe, 16790
hippocampal kindling; intractable temporal lobe epilepsy; rabbits; kindling antagonism; plastic changes; interictal discharge, 15445
idiopathic generalised epilepsy; genetics; tonic clonic seizures; postictal electroencephalogram, 13995
idiopathic generalised epilepsy; genetics; tonic clonic seizures; postictal electroencephalogram, 13974

idiopathic generalized epilepsies; ion channel mutations; brain development; gene errors, 13986
idiopathic generalized epilepsies; seizures; pediatric problem; pathophysiology; genetic etiology, 13975
idiopathic generalized epilepsy; cortical-subcortical interactions; pathophysiology; neurons; seizures, 13922
idiopathic generalized epilepsy; generalized generalized tonic-clonic seizures; absence seizures; myoclonic seizures; status epilepticus; seizure treatment option, 14019
incident unprovoked seizures; risk factors; incident epilepsy; ADHD; attention-deficit/hyperactivity disorder; children, 28601
intellectual disabilities; epileptic seizures; behavioral responsiveness; antiepileptic drug, 14298
interictal subdural EEG; ictal subdural EEG; intractable neocortical epilepsy; spike frequency; spike amplitude; spike latency; seizure onset, 16733
intranasal midazolam; intravenous diazepam; acute seizures; pediatric emergency department; side effects; status epilepticus, 23266
intravenous valproate loading; pediatric patients; pediatric status epilepticus; repetitive seizure, 14201
ketogenic diet; early anticonvulsant reduction; late anticonvulsant reduction; seizures, 35683
lateralizing value; neuropsychological testing; presurgical evaluation; mesial temporal lobe epilepsy; neuropsychological predictors; epileptic foci, 11266
loss of awareness; nonepileptic spells; epilepsy; seizures; narcolepsy, 11161
magnetic field; electrode implantation; epileptic patients; interictal firing rate; hippocampus; intractable complex partial seizures, 16761
Magnetoencephalography; MEG; peritumoral temporal epileptic focus; surgical resection; drug-resistant seizure patients; intracraneal lesions, 5407
megalencephalic leukoencephalopathy; intermittent photic stimulation; neurological impairment; developmental motor; epileptic patients; epileptic seizures; subcortical cysts, 5083
MMPI; MMPI-2; Minnesota Multiphasic Personality Inventory; epileptic seizures; psychogenic non-epileptic seizures; differential diagnosis; decision rules, 4983
motor manifestations; tentative diagnosis; contralateral white; epilepsia partialis; oligoclonal bands; partial seizures; cortical atrophy; motor component; Rasmussen encephalitis; RE; antibodies, 5004
Napoleon Bonaparte; psychogenic seizures; epileptic seizures, 11257
neurological impairment; impaired consciousness; developmental delay; epileptic seizures; epileptic syndrome; catastrophic epileptic encephalopathy, 4967
neuropathology; seizure control; cognitive outcome; anterior temporal lobectomy; Ammon's horn sclerosis; complex partial seizures; atypical mesial sclerosis; low grade tumor; neuropsychological tests, 17210
neuropsychological measurements; seizure onset side; presurgical assessment; temporal lobe epilepsy; temporal lobectomy, 17142
nonconvulsive status epilepticus; cryptogenic partial-onset seizures; epilepsy surgery, 17188
oxcarbazepine; epilepsy; tonic-clonic seizures, 29311
partial epilepsy; ecstatic seizures; ictal symptoms; sensory hallucinations; erotic sensations; religious experience; spiritual experience, 11256
partial seizures; antiepilepsy drugs; seizure recurrence; risk factors, 17167
persistent severe amnesia; seizure recurrence; unilateral temporal lobectomy; cytotoxic edema; status epilepticus; hippocampal atrophy; temporal lobe, 26133
personality changes; temporal lobectomy; epilepsy; presurgical psychiatric difficulties; intractable seizures; psychological comorbidity; psychosocial reaction, 35626
posttraumatic stress disorder; dissociative symptoms; childhood sexual abuse; nonepileptic seizures; epileptic seizures; human sex differences, 11244
precipitating factors; betel nut; epileptic seizures; etiology; drug overdose, 5007
prolonged seizure episodes; epileptic treatment; mortality risks; at-home treatment; seizure onset; epilepticus, 23400
pseudoseizures; epileptic seizures; hysterical stridor; asthma; sexual abuse; eating disorders; depression; substance abuse; anxiety disorders; personality disorders, 22821
public health; seizures; epilepsy, 11808
remote symptomatic epilepsy; seizure severity; epilepsy mortality rate, 5066
right hippocampus swelling; prolonged febrile seizure; left focal seizures; mesial temporal sclerosis; status epilepticus; temporal lobe; MTS, 16826
seizure control; quality of life; medically refractory epilepsy patients; polypharmacy; monotherapy; seizure frequency, 26506
seizure onset; epilepsy onset; menarche; postmenarchial patients; developmental risk, 5014
seizure onset; epileptic seizure dynamics; dynamic ictal period; evolution; artifacts; interpretation; seizure propagation; Gabor atom density; epileptic electroencephalograph dynamics; termination, 5009
seizure pattern; seizure frequency; circadian rhythms; temporal lobe epilepsy; extratemporal lobe epilepsy; day; night, 13990
self-reported neuropsychological functioning; epileptic seizures; psychogenic nonepileptic seizures; neurocognitive ability, 22930
serum prolactin levels; nonepileptic seizures; epileptic seizures; differential diagnosis, 35325
single-photon emission CT; SPECT; ictal/interictal subtraction; refractory partial seizures; surgical patients; surgical outcome, 17173
somatostatin receptors; epileptic hippocampus; normal hippocampus; gerbil; seizure-resistant gerbils; seizure-sensitive gerbils, 3658
standardized mortality ratios; refractory epilepsy; seizure frequency; mortality rate; death rates; epilepsy, 5052
status epilepticus occurrence; seizure clusters occurrence; video-EEG monitoring; epilepsy monitoring units; time to first seizure; seizure duration, 13992
status epilepticus; convulsive status epilepticus; creutzfeldt-jakob disease; clinical diagnosis, 5041
status epilepticus; developmental disabilities; long-term care facility; total seizure time; treatment protocol; neuronal injury; intravenous access; diazepam rectal gel, 5420
status epilepticus; neuronal injury; programmed cell death; hippocampus; kainic acid model; rats; NMDA receptor activation; ceramide mediation; DNA fragmentation, 15446
stroke; status epilepticus; prognosis; SE; timing; stroke patients; response; mortality; nonconvulsive status epilepticus, 4942
superior colliculus; intercollicular nucleus; brainstem seizure; epilepsy prone rat; bilateral lesions; audiogenic seizure severity, 15545
temporal lobe epilepsy; electroencephalography responses; temporal lobe seizures; lateralization, 8320
therapy; AED treatment; side effects; partial complex seizures; antiepileptic drugs; AEDs; Swedish adolescents; clinical diagnoses; epileptic seizure; primary generalised tonic-clonic seizures, 17192
topiramate; status epilepticus, 11630
treatment; epilepsy; seizures; levetiracetam; antieleptic drug; adjunctive therapy; adverse effects, 17141
unprovoked epileptic seizure; leisure time; social activity; adult age; patients; leisure time activity; marital status; drivers license, 22968
vagal nerve stimulation; VNS; antiepileptic drugs; refractory epileptic seizures; seizure frequency; epileptic surgery; epilepsy, 5444
vagus nerve stimulation therapy; seizures; magnet-activated stimulation, 11667
vestibular processing; human paramedian precuneus; electrical cortical stimulation; self-motion perception; ependymoma; intracranial seizure; epileptic episodes, 29188

Epinephrine—Serials

adrenal suppression; extubation rate; low-dose dexamethasone therapy; preterms infants; lung compliance; ventilatory support; respiratory distress syndrome, 11175
intraperitoneal administration; IP; blood concentration; behavioral effects; drinking behavior; feeding schedule; rats; epinephrine; norepinephrine; food entrained oscillator; liver; catecholamines, 21877
neurotransmitters; wake-sleep stages; central neurocircuitry functioning; noradrenaline; adrenaline; dopamine; platelet serotonin; plasma serotonin; plasma tryptophan, 24757
urinary catecholamine levels; breast cancer; chronic stress; familial risk; neuroendocrine reactivity; urinary epinephrine excretion; urinary norepinephrine excretion, 29067

Episcopalians [See Protestants]

Episodic Memory—Serials

adult cognition; processing speed; working memory; episodic memory; cognitive change; aging; individual differences; age-related cognitive function changes, 7463
adult-child talk; talk timing; children's event memory; event recall, 31162
Alzheimer's disease; functional neuroimaging; neural activity; prefrontal cortex; episodic memory tasks; semantic memory; dementia, 22942
amnesia; medial thalamic infarction; semantic knowledge; neural functioning; memory impairment; retrograde memory; cortical networks; thalamic lesion; semantic memory; retrograde memory, 8279
associative deficit hypothesis; older adults; episodic memory; cohesive episodes; name-face pairs; attentional resources; recognition memory, 33870
auditory processing; negative priming; attention; event-related brain potentials; episodic information; reaction times; stimulus recognition; familiarity; inhibition mechanism, 3792
autism; memory; limbic system; prefrontal cortex, episodic memory; semantic memory; perceptual representation system, 4778
autobiographic memory impairment; cortisol administration; episodic memory; hippocampus, 30965
autobiographical memory; event memory; memory decline; time delay; participant involvement; September 11, 12710
autobiographical memory; memory studies; functional neuroimaging studies; episodic memory retrieval; prefrontal activation; retrieved memories; prefrontal cortex, 27734
autonoetic consciousness; recollective experience; consciousness states; autonoetic awareness; brain-damaged man; episodic memory; consciousness concepts, 16803
bind cue decide model of episodic memory & word recognition as Bayesian context noise model & application to item noise & dual-processing approaches to recognition memory, 27535
context; item interactions; false memories; cued recall; episodic memory; semantic memory, 9724
design issues; visual memory prosthesis system; audio-visual content recorder; episodic memory; personal events memory support; body-worn camera; DAT-recorder; browser; images, 6133
distinctive features; episodic memory; memory representations; university students; learning material; memory awareness; semantic memory; schematization development; students' knowledge, 14663
dual tasking; episodic memory; semantic memory; task domain; cued recall; recognition; working memory; age differences, 24512
encoding; age differences; episodic memory; motor activity; category cued recall; sentences; enactment; immediate free recall; clustering; educational differences; adults, 3373
episodic learning; category specific agnosia; object recognition; recall, 11233
episodic memory deficits; Dementia with Lewy bodies; Alzheimers disease, 35287
episodic memory impairment; bipolar disorder; obsessive-compulsive disorder; memory strategies, 28590
episodic memory tests performances; free recall; cued recall; recognition; cued recognition, 30741
episodic memory; emotional and nonemotional words; schizophrenia; subjective emotional experience; recognition; recall; emotional expression, 31775
episodic memory; healthy older individuals; subjective memory complaints; objective cognitive impairmen; repetitive learning; brain activity; hippocampal activity; gray matter densities, 9709
episodic memory; late posterior negativity; event related potentials; action monitoring; attribute conjunctions, 6605
episodic memory; semantic memory; semantic knowledge; developmental disorders; children; developmental amnesia; dissociation; knowledge of facts; knowledge of words, 20062
episodic recognition memory; memory impairment; midazolam; word-frequency effect; retrieving-effectively-from-memory; memory retrieval, 14160
event memory; autobiographical memory; college students; stressful events; terrorist attacks; constructive memory distortions; distress; September 11, 12704
face recognition; familiarity; episodic memory retrieval; brain activation, 9918
feeling of knowing; familiarity; FOK ratings; cues; music; metamemory; episodic memory, 24443
fictive object; attachment; disordered relationships; maternal environments; semantic-episodic memory; disorganized-disoriented; explicit memory; fictive relationships; conscious working models, 22389
flashbulb memories; event memory; expressive writing; subjective probabilities; terrorist attacks; September 11, 12702
focal retrograde amnesia; cerebral vasculitis; episodic retrograde memory; cortico-cortico connectivity, 4993
hipocampal dysfunction; episodic memory encoding; schizophrenia; face memory, 4636
hippocampal activation; medial temporal lobe activation; semantic language processing; episodic memory functions; handedness, 3602
hippocampus; event memory; odor reward associations; single training trial; rats, 21441
hippocampus; memory; episodic memory; recall; odor & spatial cues; time; rats; what & where & when information, 34016
lateral temporal neocortex; bilateral damage; memory impairment; bilateral lesions; episodic memory; hippocampus; patients; medial temporal regions; memory processing, 13931

left inferior prefrontal cortex stimulation; episodic memory formation; semantic encoding; neural processes; brain, 18388
multiple spatial systems; egocentric spatial system; allocentric spatial system; spatial representations; episodic memory; context role; spatial neural systems; hippocampal system; episodic memory, 27556
nonverbal memory; psychomotor poverty syndrome; schizoaffective disorder; episodic memory deficits; functional neuroimaging; verbal memory deficits; statistical testing; memory performance, 28755
Parkinson's disease; single photon emission tomography; cerebral blood flow; episodic memory, 8302
personal involvement; narrative content; emotional impact; time; event memory; expressive narrative writing; cognitive processing; emotion words; stress alleviation; terrorist attacks; September 11, 12694
personality traits; self learning; autism; developmental disorder; episodic memories; memory impairment, 35090
place cells; hippocampus; navigation; context dependent learning; episodic memory; pyramidal cells; excitatory synaptic contacts, 30859
prefrontal cortex; lesions; feeling-of-knowing judgments; episodic memory performance; confidence judgments; recall; recognition; memory monitoring, 20052
repetition effects; memory representations; famous faces; differential involvement; episodic representation; face representation, 12915
right hemisphere; electrophysiological correlates; event-related potentials; episodic retrieval; memory retrieval; episodic memory; exclusion task; response time demands, 18411
ruptured aneurysm; anterior communicating artery; dysexecutive syndrome; episodic memory; semantic memory, 8203
salivary cortisol; short term memory; long term memory; emotional faces; stress hormone cortisol; episodic memory; emotional events; stimulation; spatial memory, 27561
semantic memory; episodic memory; structural stability; structural change; old age; demographic characteristics; prediction, 25099
semantic memory; spatial content; memory recall; episodic memory; temporal lobe; parahippocampal activation; age; functioning magnetic resonance imaging, 27553
serial-order reconstruction; terrorist attack; retention interval; order memory; ordinal information; September 11, 12692
smoking; regular aerobic exercise; episodic free recall; strenuous physical activity; oxygen; carbon monoxide, 18371
stimulus familiarity; episodic recognition; music; novel melodies; familiar melodies; recency; judgments, 24505
task-related activity; verbal material; item-related activity; event-related potential; recognition paradigm; retrieval processes; encoding; episodic memory, 3764
terrorist attacks; posttraumatic stress disorder; event memory; emotional reaction; autobiographical memory; forgetting; memory decline; September 11, 13668
time impact; emotional impact; personal memory; event memory; terrorist attack; personal autobiographical information; event information; flashbulb memories; participant involvement; September 11, 12707
verbal memory performance; depressive episode patients; unipolar depression; bipolar depression, 16397
verbal memory; estrogen exposure; episodic memory; menopausal transition; menopausal status; menstrual period; hormone therapy, 22814
white matter hyperintensities; blood pressure; episodic memory; cognitive tasks; aging, 3834

Episodic Memory—Chapters

Episodic action memory: Characterization of the time course and neural circuitry, 3757
The neural basis of episodic memory: Evidence from functional neuroimaging, 3405

Epistemology—Serials

arguments; approach; avoidance; epistemological beliefs; need for cognition; extraverted personality traits; dispositions; assertiveness; warmth; undergraduate students, 4464
behavior analysis; social constructionism; constructionist perspectives; epistemological features, 6227
black feminist epistemology; educational research; cultural studies; sexual orientation; postmodernism, 16202
black feminist epistemology; educational research; cultural studies; sexual orientation; postmodernism, 16195
Black women; psychology; epistemology; conceptual framework; research, 31325
constructivist conceptualization; epistemological reflection model; personal epistemology, 18835
context; cognitive processes; rationalism; epistemology; ethics; communication, 21952
emergent metaliteracies; literacy testing; Education Quality and Accountability Office; postmodern society; pop culture; epistemology; literacy, 36056
epistemic cognition; student-centred learning, 33080
epistemic implications; counseling practice; epistemology, 26240
epistemological belief system; personal epistemology; education; embedded systemic model; coordinated teams approach to research, 18836
epistemological beliefs; cultural contexts; beliefs structure studies, 14620
epistemological beliefs; elementary science students; gender; ethnicity; socioeconomic status; achievement, 20777
epistemological beliefs; teacher education; education students; teacher training; pre-service teachers; constructivism, 14574
epistemological development; epistemological beliefs; learning; cognition; academic domains; educational psychology, 20788
epistemological norms; student familiarity; fallacious argument identification; informal reasoning; argument facillacies; invalid arguments; argumentation; norms awareness; norms identification tasks, 12166
epistemological problems; evidence based medicine; clinical judgment, 32620
epistemological problems; nursing knowledge; nursing practice; worldviews idea; nursing; nurse scholars, 8922
epistemology; working social psychologist; social psychology; inspirations, 25249
evidence-based practice; social work practice; practice guidelines for intervention; implementation; lay decision heuristics; epistemology, 11839
feminist epistemology; educational research; social justice; educational inequity; leadership; racial discrimination; artistic production, 17574
high school students; epistemological understanding; topic interest; belief change, 20840
integrated model of personal epistemology; beliefs; metacognition; affect; cognitive abilities; educational practice; mechanisms of change; environment; reciprocal causation; conditions for change, 18832
introductory psychology textbooks; stress; stress disorders; psychological knowledge; epistemology; psychological statements; disciplinary boundaries; evidence, 33455
logicomathematic structural methodology; contemporary psychology; semantic information; experimental methods; cognitive processes; experimental design; cognitive science; epistemological issues, 18061
nature of science; epistemological beliefs; scientific knowledge; natural selection; theory change; inquiry; learning; high school students; students' ideas; Biological Inquiry unit, 5931
pathetic fallacy; concept; animism; psychoanalysis; projection; reality; epistemology, 2102
personal epistemology; classroom contexts; college students; instructional practices; student interpretations, 20853
personal epistemology; metacognitive process; thinking; online searching; beliefs; knowledge; research methodology; epistemic theories, 18330
personal epistemology; paradigmatic approaches, 18834
preservice teachers; epistemological beliefs; belief change; teaching; learning; mathematics, 20783
procedural justice; adolescent conceptions; epistemology; fairness; moral concerns; instructional practices; motivational decisions; scientific uncertainties, 23922
psychoanalysis; Chicano psychology; multicultural psychology; cultural specificity; subjectivity; psychoanalytic theory; epistemology, 2106
psychotherapy integration movement; constructivist view; theoretical integration; models, 26236
reflective judgment model; reflective thinking; epistemology; epistemic assumptions; late adolescence; adulthood; complex reasoning; development; theory; research strategies, 18335
religion; spirituality; psychiatry; rapprochement; epistemological conflict; rational explanation, 34464
response shift; health related quality of life; epistemology; theories; measures; cognitive processes; assessments, 23457
science instruction; personal epistemologies; cognitive structures; developmental stages; cognitive resources; beliefs, 20822
social interactions; probability theory; metaphors; social processes; gambling; statistical probability; epistemological probability; social scientific argumentation; social science research, 4186
syntax; epistemology; Spanish; Guatemalan children; nonconsciousness; non co-reference; language acquisition; semantic restriction; syntactic configurations; pronouns, 928
Theodule Ribot; psychology; natural sciences; epistemology; philosophy, 33457
travel; moral tourist; clinicians; patients experience; epistemology; world traveling; metaphors, 20163
travel; moral tourist; clinicians; patients experience; epistemology; world traveling; metaphors, 20170
travel; moral tourist; clinicians; patients experience; epistemology; world traveling; metaphors, 20162
travel; moral tourist; clinicians; patients experience; epistemology; world traveling; metaphors, 20137
travel; moral tourist; clinicians; patients experience; epistemology; world traveling; metaphors, 20154

Epistemology—Chapters

Ways of knowing in psychological science, 15172

Epithelial Cells—Serials

hair cells; inner ear; afferent connections; sensory epithelia; primary neurons; molecular nature; vestibular neurons; spiral neurons; neurogenin 1; ngn1; null mutation, 6892

Epithelium [See Skin (Anatomy)]

Equal Education—Serials

Brown v. Board of Education; school integration; equal educational opportunity; self-fulfilling prophecies; psychology role, 36533
career development; sex equity; nontraditional options; women, 5741
ethnic minorities; parity; school psychology; demographic characteristics; school psychology programs; graduate training; cultural sensitivity; recruiting strategies, 20742
funding accountability; public responsibility; court decisions; school funding; state obligation; educational inequalities; intergenerational responsibility; educational opportunity; schooling, 8983
occupational expectations; ethnic labour market; educational segregation; Palestinian students; high school students; social inequality; Jewish majority; Muslims; Christians; Druze; Israeli society, 17732
social workers; educational rights; disabled children; disabled childrens family; Individuals with Disabilities Education Act; laws, 9037
state funding; local educational opportunities; high school credentials; EQS Structural Equation Modeling, 32995
urban teacher network; educational equity; educational inequality; professional development practices; TLC; phenomenological approach, 23759

Equality (Social) [See Social Equality]

Equilibrium—Serials

age differences; imbalance; voluntary forward reaching; cautiousness, 30645
alcoholic women; psychomotor speed; short-term memory recovery; long term sobriety effects; postural stability; balance; function deficits; motor function; relapse, 29811
attention deficit levels; stroke patients; community living people; attention; balance; function; falls; ADL ability, 8194
attentional focus; suprapostural task; balance learning, 353
balance abilities; postural balance; age differences; job physical demands; functional balance, 17899
balance performance; secondary cognitive task; memory, 18362
balance self-efficacy; BSE; balance risk factors; mobility risk factors; elderly fallers; postural sway; hip-abduction strength; lateral-stepping velocity; tandem walk; injurious falls, 4176
birds; pterosaurs; aerial lifestyles; brain; vestibular apparatus; neural organization; osseous labyrinth; equilibrium; aerial predators; neural integration; reflex mechanisms; sensory integration, 3576
cerebellar deficit hypothesis of dyslexia; dyslexia; reading disability; attention deficit hyperactivity disorder; balancing; continuous rapid naming, 19766
elderly women; balance training effect; balance function; postural balance; residential care homes; Visual Feedback Training, 29765
fear reduction; senior falling; education; activity programs; balance; strength; health status, 11696
hand contact; fingertip contact; additional support; human balance; movable surfaces; stationary surfaces; sagittal sway; standing, 6564
posture; balance; assessment; stroke; physiotherapy, 4955
Tai Chi Chuan; traditional Chinese exercise; balance; cardiorespiratory functions; blood pressure; elderly; fall prevention, 29570
visual input; postural control; control mechanisms; lumbar spine; sitting posture; sensory feedback, 6565

Equipment [See Apparatus]

Equity (Payment)—Serials

economic reparations; African American health strategy; Blacks; Whites; racial differences; racial segregation; physical separation; racism; social differences; economic differences, 28232
equity; economic inequality; income, 31326
racial discrimination; earnings disparities; gender comparisons; racial and ethnic differences; Hispanic owned firms; architecture; structural engineering; civil engineering, 12238
slavery reparations; African people; economic restitution; Special Drawing Rights; international currency; wealth accumulation; International Monetary Fund; globalized wealth, 28227

Equity (Payment)—Chapters
Coexistence of equity and interpersonal harmony among recipients: Reward allocation as an instrument for group management, 4390
Equity (Social) [See Also Equity (Payment)]—Serials
attachment styles; attachment theory; equity theory; close relationships; intimate relationships; partners; secure attachment; anxious attachment; avoidant attachment; heterosexual couples, 1180
brown capuchin monkey; evolution of cooperation; inequity aversion; reward, 453
childhood immunization; human rights; equity, 17231
consumer perceptions; price increases; fairness; cost justification, 24075
demographic characteristics; mate selection practices; social exchange; marriage partner; personality traits; Ecuador, 10373
equity issues; science education; culturally diverse students; linguistically diverse students, 17651
equity; economic inequality; income, 31326
hospital care; economic recession; socio-economic equity; health expenditure; Finland; health services; income, 23505
inequality; schizophrenia; hospital wards; incidence rates; socio-economic factors, 32736
National Institute for Clinical Excellence; National Health Service; health technologies; treatment rationing; funding; equity; efficiency; inflation, 36023
organizational justice; leisure services; gender equity; workplace equity; employee perceptions, 2914
procedural justice; teams; laboratory setting; equity sensitivity; role performance; student teams; team member reactions; team member justice; team experiences; performance level, 31473
romantic relationships; relationship commitment; love; equity; university students; relationship alternative perception; steady dating relationship; respondents feelings; relationship evaluation, 16249
social equity; justice; university admission; academic standards; higher education; equality of opportunity, 33022
status groups; social justice judgments; comparative perspective; accumulated knowledge; social structure, 1222
third-party sanctions; punishment; social norms; egalitarian distribution norms; cooperation norms; norm violation; norm enforcement; reciprocity, 22283
urban teacher network; educational equity; educational inequality; professional development practices; TLC; phenomenological approach, 23759
women; gender; development; gender-equity based development; international policy; national policy; theory; priority determination, 19014
young women; transition; adulthood; resources; values; inequalities; resourcefulness; social capital; success, 22255
Erection (Penis)—Serials
bipolar affective disorder; erectile dysfunction; depressive phase; manic episode; olanzapine; lithium therapy, 26381
erectile dysfunction; obese men; lifestyle changes; endothelial function; body weight; physical activity, 29557
erectile dysfunction; obese men; lifestyle changes; endothelial function; body weight; physical activity, 29516
erectile dysfunction; sildenafil, 35217
erectile dysfunction; treatment options, 29484
male erectile dysfunction; sexual difficulties; sexual functioning; history of sexual medicine; psychological factors; erectile function; social factors; physiological factors; sexual history, 32078
muscimol; morphine; penile erection; hexarelin analogue peptide; EP 80661; Nitric oxide; rats; paraventricular nucleus, 7260
penile erections; antagonist properties; receptor agonists; Wistar rats; agomelatine; serotonin receptor stimulation, 3880
pharmacocavernosometry; pharmacocavernosography; erectile dysfunction; penile erection; hemodynamic responses; diagnostic assessment; vasoactive agents; erectile function test; men, 32084
Proerectile effects; apomorphine; mice; dopamine; sexual behavior; dopaminergic receptors; penile erection, 15797
risperidone; priapism; penile erection; schizotypal personality disorder; medical literature search, 23243
risperidone; priapism; penile erection; schizotypal personality disorder; medical literature search, 23265
sexual mechanics; sexual hydraulics; erectile dysfunction; sex therapy; humanistic psychology; pharmacological interventions, 20109
sildenafil; drug compliance; risperidone-treated patients; schizophrenia; erectile dysfunction; drug efficacy; drug safety, 17144
sleep-related penile erections; rats; carbachol; rapid eye movement sleep; pontine tegmentum, 34154
treatment choices; erectile dysfunction; androgen levels; hypogonadism; serum testosterone, 16641
vasculogenic erectile dysfunction; molecular pathology; penile tissues; arterial insufficiency; collagen accumulation; erectile function; trabecular smooth muscle; connective tissues, 32099
vasoactive intestinal polypeptide; acetylcholine; endothelin; norepinephrine; regulatory mechanisms; vascular smooth muscle; penile erection; oxygen; trabecular smooth muscle tone; nitric oxide, 30927
Erection (Penis)—Chapters
Erectile dysfunction in middle-aged and older men, 4914
Psychogenic impotence in relatively young men, 4910
Ergonomics [See Human Factors Engineering]
Ergot Derivatives [See Also Bromocriptine]—Serials
dihydroergocriptine; dopamine agonist; Parkinson's disease; clinical efficacy, 8478
spatial memory; lesioning; mice; mnemotropic activity; ergot alkaloids; agroclavin; learning; retention; spatial habit, 9956
Erikson (Erik)—Serials
Erik Erikson; life cycle model; human males; health; generativity; developmental stages; predictors, 24928
Erik H. Erikson; life cycle schema; psychoanalytic theory, 34310
Eroticism—Serials
biologic perspective; erotic development; infants; toddlers; prepubescent children; sexual activity; sexuality; sexual development; well-being; life satisfaction, 31267
Freud; masochism; metaphysical anthropology; erotic relation, 19233
influenza epidemics; viral infection; painting; Egon Schiele; erotic drawing; artist, 34197
life experiences; social life; eroticism; ancient Greeks; cultural representation; sexuality, 25217
psychoanalytic group psychotherapy; psychoanalytic reflections; sexual excitement; agony; ectacy, 11439
psychoanalytic theory; homosexuality; homoeroticism; narcissism, 31630
psychoanalytic theory; homosexuality; homoeroticism; narcissism, 31645
sexual masochist; depression; obsessive fantasies; pain; humiliation; sex; eroticism; seductiveness, 28791
slash fiction; human mating psychology; erotic fantasies; television characters, 34568
Error Analysis—Serials
differential errors weighting; clinical reasoning skills test; response patterns; item response theory; medical students, 18174
error analysis; brain damage; cognitive impairment; cognitive processes, 32190
standardised patients; student scores; case scores; error rate; patient error reporting; clinical competency; medical education; clinical performance examinations, 23691
survey data quality assessment; face to face interview; nonsampling error; total quality management approach; total survey error, 27420
system errors; system trust; self confidence; route planning; complex automated system; automatic mode; manual mode, 9209
testing predictions; interactive activation model; aphasia recovery; anomia; naming; retrieving words, 23636
Error of Measurement—Serials
adaptive Bayesian estimation; parametric assumptions; psychometric function; standard error; bias, 18193
coding time; parameter estimates; standard error; growth curve models; statistical power, 15123
correlation attenuation; measurement error; measurement reliability; attenuation correction, 6434
covariance structural equation modeling; equality in proportions; explained variance; latent variance; latent predictors; latent independent variables; measurement error; cognitive intervention, 257
curriculum based measurement; progress monitoring; reading; measurement error, 30492
doctors; training; error sources; within-case sources of error; examinations reliability; examinations validity; communication skills assessments; medical students, 12022
IRT observed-score equating; three-parameter logistic model; score equating methods; asymptotic standard errors, 15137
latent state trait theory; hierarchical models; variance components; measurement error; covariances; third order factor; confirmatory factor analysis, 18224
meta analysis; statistical power; standard error; effect size; confidence intervals, 6430
missing data; single random imputation; multiple random imputation; standard errors; parameter estimates; structural equation modeling, 247
model fit; structural equation modeling; psychopathology; statistical errors, 6418
Monte Carlo simulations; tetrachoric correlation coefficient; bias; standard error; dichotomized scores; raw scores, 6436
multicollinearity; multilevel model parameter estimates; standard errors; predictors; model characteristics, 6457
multicollinearity; structural equation models; achievement; self-efficacy; self-concept, 33614
oblique factors; oblique components; independent clusters; factor analysis; component analysis; factor loadings; standard errors; oblique rotation; factor correlations, 15136
outcome changes; latent growth model; standard errors; mean changes; delta method; bootstrapping, 24335
personality assessment; temporal instability; measurement error; psychological change; mental disorders, 30428
predictor variables; item response theory; measurement error; Bayesian modeling, 15128
psychological variables; parapsychology; experimenter role; replicability; research; error; consciousness; psi, 6642
standard Pearson correlation coefficient; bootstrap standard error estimate; confidence intervals; selection ratio; sample size, 30526
statistical measures; mean square error; standard error of treatment mean; level of significance; multiple comparison procedures, 261
survey measurement; survey errors; cognitive aspects; statistical model; survey methodology; social scientific model, 12569
Error of Measurement—Chapters
A Generalized Linear Model Incorporating Measurement Error and Heterogeneity Applied to Meta-Analysis of Published Results in Hodgkin's Disease, 297
Error Variance [See Error of Measurement]
Errors [See Also Error of Measurement, Prediction Errors]—Serials
accident rates; technological systems; modern industrial society; technological society; human error; safety methodologies, 6074
age differences; bias correction; older adults; young adults; social judgments; contrast biases; correction cues; context induced biases; environmental support, 33837
age differences; cognitive flexibility; spatial stimulus-response mapping; sorting rule; feedback; switch cues; performance errors, 34267
anterior cingulate activation; high trait anxious subjects; error processing; decision making; normal trait anxiety, 27772
anxiety; error related brain activity; error related negativity, 7051
aphasia; picture naming errors; recovery, 19955
autobiographical memory; terrorist attacks; reconstructive errors; emotional memory impairment, 30738
automatic controlled information processing; error detection; attentinal variables; information processing demands; pharmacy dispencing tasks; cognitive performance, 6468
chart reviews; medication errors; state psychiatric hospital, 8823
cingulate region; brain lesions; error detection; prefrontal cortex; supplementary motor cortex; subcortical structures, 6991
citation errors; social work journals; reference list accuracy, 35955
cognitive heading; perceptual heading; imagined locomotion; systematic errors; response mode, 24417
control of time course of cognition; tempo naming task; lexical processing; cognitive processing speed; lexical errors; time pressure; task complexity, 33805
cultural differences; Chinese society; Chinese management; error communication; hierarchical structure; bureaucracy; Chinese companies; business organizations; employees; joint ventures, 7608
decision making situations; error rate related behavior changes; caudate; parietal cortex; success related behavioral strategies; response predictability; response switching, 7002
depth compression; walked indications; vision; errors; locomoter control; spatial representation; nonvisual walking, 30621
developmental psychology concepts; inferences; generalization; validity; error, 34244
differential errors weighting; clinical reasoning skills test; response patterns; item response theory; medical students, 18174
discreteness; interactivity; spoken word production; speech errors; nondisordered adults; brain damage; aphasia; feedforward-only models, 16814
discreteness; interactivity; spoken word production; speech errors; nondisordered adults; brain damage, 16813
discreteness; interactivity; spoken word production; speech errors; nondisordered adults; brain damage, 16812
driving behavior; Manchester Driver Behaviour Questionnaire; cross cultural differences; test reliability; driving errors or violations, 27275
dyslexia; semantic errors; inhibition hypothesis; reading disorder, 22745
entrenchment; grammaticality judgment tasks; overgeneralization errors; verb argument structure; age differences; children vs adults, 15983

epidemiological research; nonresponse; missing data; methodology; attrition; imputation techniques, 27400
error classification methods; aviation; human error; safety, 14866
error detection; text; feedback; familiarity; proofreading, 27560
error monitoring; attention deficit hyperactivity disorder, 25966
error related negativity; electroencephalography; errors; error detection; response vs stimulus locked event related potentials; implicit time monitoring; reaction time, 9922
error-related negativity; ERN/Ne; Pe; source localization; LORETA; event-related potentials; ERPs; error processing, 27741
error; event related potentials; functional magnetic resonance imaging; unsuccessful response inhibitons; conflict monitoring, 7061
errors; temporal spacing effect; variable lag; associative learning; delay before test, 431
fatigue; drowsiness; driving performance; driver age; driving errors; vigilance level, 12571
feedback processing; heart rate; error processing; performance feedback, 7087
garter snakes; selection; Thamnophis sirtalis parietalis; mating balls; female mimicry; body size; courtship mistakes; sex recognition; courting males, 12767
grassland bird; species detection; terrestrial birds; bird observers; detection errors; recognition errors, 6432
human reactions; technological failure; human error; judgments; organizational accountability, 19200
immediate vs delayed error detection & correction; semantic retrieval; event related potentials; negative vs positive feedback; metamemory mismatch; hypercorrection effect, 7039
individual differences; saving; human-computer interaction; computing error; non-specialist computer users; computing losses; cognitive failure; attention; computers, 9211
induced halo effect; performance rating accuracy; job performance, 1210
intended meanings; parental reformulation of child language errors; development; 2-4 yr olds, 903
iterative learning control; linear time varying system; robotics; double differential of error, 24111
latent errors; organizational antecedents; adverse consequences; contextual features; investment bank collapse, 2937
learned irrelevance; perseveration errors; rule shifting; discrimination learning; visual stimuli, 21281
lexical access; phoneme segment retrieval; dual origin; single origin; aphasia; postlexical error mechanism; phonological errors, 20053
line bisection; cortical organization; cortical activation; laterality; rightward errors; athletes; Group Cortical Organization and Activation Theory; personality traits, 12819
logical reasoning; cognitive development; modus ponens inference; errors; age differences; retrieval; cognitive interference, 943
missing letter effect; letter-detection errors; reading; structural processing; eye movements, 33792
morphological errors; phonological errors; aphasic speech, 11281
object-based selection; two-rectangles method; three-sided directional cue; information selection; response time; errors, 6513
occupational therapists; rehabilitation settings; practice errors; occupational therapy, 17549
omission errors; lexical access; computational models; picture naming; aphasic errors; language disorders; speech errors, 19969
organizational effectiveness; professional organizations; standard & routine & non-routine processes; quality control; errors; quality management; routinization; standardization; systems, 12308
organizational influences; group influences; organizational factors; drug administration; hospitalized patients; patient care; work teams; human errors, 35835
parsing algorithms; text; grammatical error; syntactic errors; sentences, 36500
partial correlation; standardized partial regression; data interpretation; zero order correlation; errors, 3250
phonological neighbourhoods effects; speech error rates; speech production; phonological processing, 28021
prenatal cocaine exposure; selective attention; error reactivity; visual attention; olfactory distraction; performance disruption; arousal regulation, 18738
primary health care; medical error; critical incidents; adverse events; safety, 5548
primary health care; medical errors, 5575
projective error; projection measures; item type; methodological validity, 15152
psychiatric inpatients; medication errors, 8506
qualitative health research; research proposal; health care research; medical errors; primary care, 282
quantile averaging; response time analysis; Vincentizing; sampling properties; least squares regression; maximum likelihood method; standard errors, 24327
random error; pay measurement; reliability; contingent values; validity; willingness to pay, 9353
reading comprehension; typographical errors; parafoveal vision; inspection time; saccade targeting; eye movements, 12658
recall; false recognition; words; diagnostic monitoring; disqualifying monitoring, 9707
rostral anterior cingulate cortex; schizophrenia; brain activity; errors of commission, 22545
Rothwell-Miller Interest Blank; scoring error; occupational psychologists; psychological tests; self-managed work; job allocation systems, 24313
routine repetition; time pressure; decision making; relapse error; intention implementation; action slip, 12631
signal probability; quality control; detection accuracy; pharmacy prescriptions, 8912
sources of variability; systematic error; mice; timing behavior; temporal memory, 6676
speech production; sequencing; aging; selective effects; phonological errors; morphological speech errors; node structure theory; omission errors, 15967
speed-accuracy trade-off locus; reaction time; lateral readiness potential; speeded decision; Erikson flanker task; line discrimination; lexical decision; response deadline; adaptive tracking; stress, 21343
state dependent changes; error monitoring; schizophrenia; event related potentials; error negativity; error-related negativity; error positivity; response negativity; response positivity, 19423
subtraction; reaction times; errors; working memory; problem size; problem solving, 388
technical & organizational challenges; errors; economic loss; high reliability organizations; core reliability processes; new knowledge; managers, 2942
text comprehension; inference; informal reasoning fallacies; high school students, 5909
visual word recognition; letter migration errors; letter position coding; coding schemes; divided attention, 33786
word age of acquisition; spelling performance; surface dysgraphia; herpes simplex viral encephalitis; semantic anomia; alternative spellings; errors; word comprehension, 1744
word reading; primary school children; orthography; English readers; Swedish readers; word recognition; error patterns, 34277
writing errors; visual memory; attention; phonological operations; semantic operations; motor performance, 6466

Errors [See Also Error of Measurement, Prediction Errors]—Chapters

Judgmental heuristics: Human strengths or human weaknesses?, 15312
Prevention of human errors in the frame of the activity theory, 6010
Speech output disorders, 4827

Erythrocytes—Serials

autonomic dysfunction; chronic fatigue syndrome; erythropoietin levels; red blood cell indices, 19899
red blood cells; mental disorders; biochemical alterations; erythrocyte membrane; psychopathology; schizophrenia; depression; bipolar disorder, 10717
red blood cells; thiobarbituric acid-reactive substances; superoxide dimutase; catalase; adenosie deaminase; xanthine oxidase; oxidative stress; oxygen free radicals; autism; enzymes; erythrocyes, 32018

Escape [See Avoidance]

Escape Behavior (Animal) [See Animal Escape Behavior]

Escape Conditioning—Serials

dopminergic neurons; L-DOPA; aversive learning; water escape task performance; memory; tyrosine hydroxylase gene; mice, 9827
food acceptance; food refusal; escape contingency; negative reinforcement; token-based differential reinforcement, 2049

Eserine [See Physostigmine]

Eskimos [See Inuit]

ESL [See English as Second Language]

Esophagus—Serials

dysphagia treatment; esophageal cancer; quality of life; physical experience; social life, 22887
globus hystericus; conversion disorder; differential diagnosis; psychological conflict; conversion disorder; esophagus, 13864
negative emotional context; neural responses; behavioural responses; oesophageal stimulation, 21663

ESP (Parapsychology) [See Extrasensory Perception]

Essential Hypertension—Serials

anger expression; essential hypertension; behavioral response; social competencies; cardiovascular reactivity; assertiveness; eye contact, 19934

Essential Hypertension—Chapters

Psychosocial considerations in essential hypertension, coronary heart disease, and end-stage renal disease, 8172

Estimation [See Also Statistical Estimation, Time Estimation]—Serials

Alzheimer disease; prevalence; estimaton, 8253
blood glucose estimation; blood glucose levels; diabetes; growth curve modeling; children; estimation accuracy, 24927
chess players; chess position; decision making; postdecision phase; judgment; experts; novices; estimation, 33788
food photographs; food portion sizes; dietary intake; memory; recall; adults; children; portion size estimation, 5390
group judgments; centrality and accuracy models; quantity estimations; frames of reference; intragroup influence, 34594
human motion estimation; motion tracking; biomechanical model; virtual markers; spatial reconstruction, 6491
lesbian population; population estimation; healthcare needs; health problems, 16207
markov chain monte carlo; item response function; estimation procedure; item response theory; bayesian estimation; latent response; unfolding response models; data augmentation, 18198
maximum likelihood estimation; ignorable missing data; general nonlinear structural equation; metropolis-hastings algorithm; maximum likelihood estimates; structural equation modeling, 53
mental disorder; prevalence; epidemiology; public health practice; mental health policy, 25480
mental illness; earnings losses; estimation, 11792
mobile robots; environment map; dead reckoning process; encoder trailer; pose estimation error; maximum likelihood, 14881
near-miss trials; response latencies; slot machine players; win estimation; behavioral treatment implications, 36442
numerical intuition; price estimates; change in currency; relearning hypothesis; global rescaling hypothesis, 36454
parental estimates; intelligence types; sex differences, 24907
personality scores; intelligence scores; estimating one's own scores, 30406
personality scores; intelligence scores;estimated scores, 34658
polytomous data; multilevel logistic regression; rankings; coefficient structures; estimation; prediction; model framework; elections, 15158
proprioceptive straight-ahead pointing; subjective sagittal middle; active haptic exploration, 24407
reinforcement learning; brain modeling; optimal control; Kalman filter models, 27797
sex differences; recall trial; undergraduate students; memory performance; memory estimates; pictures; words; estimation; metacognition, 24500
spatial requirements; nonhandicapped adults; visual estimation; wheelchairs; walking; locomotion, 15205
threshold estimation; limen; two-alternative forced-choice tasks, 30545
true score examination; mixed-format examination; accuracy; achievement; Classical Test Score Theory; item response theory; Generalized Partial Credit Model; multiple choiice; extended response, 15101
visual estimation; food intake; digital photography; estimation, 23472
workforce projections; speech-language pathologists; health human resources; Ontario; supply; demand; speech-language pathology services, 11987

Estradiol—Serials

brain; estradiol; Estredox; dose dependence; time dependence; cyclodextrin complex; copulatory behavior; castrated male; ovariectomized female; rats; blood luteinizing hormone, 18807
cell proliferation; cell death; defensive behavior; odor stress; trimethyl thiazoline; rats, 7125
chronic schizophrenia; ethinyl estradiol; women; haloperidol; estrogen; haloperidol, 2138
copper zinc manganese superoxide dismutase activity; modulatory effect; estradiol benzoate; developing rat brain, 21893
cortisol secretion; macaca fascicularis; stimulatory effect; ovariectomized cynomolgus monkeys; cortisol values; serum cortisol concentration; estradiol influence; placebo; corticosteroid production, 15703
diurnal rhythms; depressed females; major depression; menstrual cycle; estradiol; cortisol, 22480
dose-response relationship; estradiol; ethanol intake; estradiol doses; rats, 18735
estradiol benzoate; placental structure; feto-placental growth; fetal survival; drug dosages; prenatal exposure; rats, 30988
estradiol replacement; hippocampus; acetylcholine; place learning; spatial memory; ovariectomy; rats, 750

estradiol treatment; offspring sex ratio; offspring survival; female zebra finches, 27952
estradiol; chronic variate stress; feeding behavior; sweet food; leptin; female rats, 3899
estradiol; progesterone; radial maze performance; female rats; calcium diet; ovarian steroids; learning; memory; ovariectomized, 21906
estrogen replacement therapy; ERT; frontotemporal dementia; FTD; female patients; estrogen use; neurobiological relationship; FTD etiology, 16791
estrogen therapy; estradiol; depression; postmenopausal women; progestins; mood, 17066
estrogen; DNA microarray; ovarietomized rats; receptor response; gene expression; estradiol; genistein; daidzein; vasculature; mesentric artery; endothelin converting enzyme; ECE, 3963
estrogen; lordosis-inhibiting action; ketanserin; receptor antagonist; ovariectomized rats; estradiol benzoate; progesterone, 24852
fetal testosterone; fetal estradiol; sexual dimorphism; digit length; amniotic fluid, 31114
male pheromones; female attraction; sexual behavior; female mice; hormonal control; estradiol; progesterone; sexual steroids; proceptive behavior, 24760
medical oophorectomy; migraine headache; estrogen; estradiol; women, 14280
neural aromatization; spatial memory acquisition; songbird hippocampus; neuron size; cell density; estradiol; testosterone; dihydrotestosterone; male zebra finches, 21653
oestradiol dose effect; menopausal symptoms measurement; psychological well being; quality of life measurement; postmenopausal Chinese women; hypoestrogenism; vasomotor symptoms; mood measurement, 23381
pentagastrin; panic disorder; fatty acids; serum cholesterol; ethinyl estradiol; panic symptoms; panic attacks, 23277
progestins; female rats; conditioned place preference; paced mating; estradiol; progesterone, 30947
raloxifene; estradiol; hippocampal acetylcholine release; spatial learning; rats; estrogenic effects; cognitive performance; hippocampal cholinergic activity, 27888
spatial memory retention; estradiol replacement; female rats; hippocampal structure, 21905
steroid-dependent auditory plasticity; reproductive cycling; auditory sensitivity; plainfin midshipman; testosterone; estradiol; acoustic communication, 30937
stress; females; gonadal hormones; fischer rats; sexual behavior, 18530
testosterone; estradiol; cognitive function; verbal recall; information processing; elderly; hormone replacement therapy, 9940
trimethylthiazoline; estradiol; progesterone; amygdala; predator odor; stress-induced analgesia; pain sensitivity; ovariectomized rats, 796
verbal memory; estrogen exposure; episodic memory; menopausal transition; menopausal status; menstrual period; hormone therapy, 22814

Estrogen Antagonists [See Antiestrogens]

Estrogen Replacement Therapy [See Hormone Therapy]

Estrogens [See Also Estradiol, Estrone]—Serials

age-related sleep change; gender effects; estrogen; subjective-objective sleep quality; older adults, 25110
amphetamine; acute administration; repeated administration; intermittent administration; paced mating behavior; ovariectomized rats; estrogen; progesterone, 7191
aromatization; estradiol; testosterone; pain; reproduction; spinal cord; withdrawal behavior; dorsal horn, 18660
behavioral sensitization; estrogen; sex differences; cocaine; rats, 13017
body image; self-esteem; menopause attitudes; menopausal symptoms; estrogen level; premenopause; postmenopause, 7455
body image; self-esteem; menopause attitudes; menopausal symptoms; estrogen level; premenopause; postmenopause, 7457
body image; self-esteem; menopause attitudes; menopausal symptoms; estrogen level; premenopause; postmenopause, 7458
brain cholinergic deficiency; rats; estrogens; neurotoxin; animal locomotion, 27925
caffeine; postmenopausal estrogen; Parkinson's disease; PD; postmenopausal hormone; caffeinated drinks; sex differences; hormonal effects, 16734
catecholestrogen 2-hydroxy-estradiol; 17-beta-estradiol; hippocampal cells; neuroprotective effects; psychiatric diseases; hippocampus; rats, 3984
coffee drinking; tobacco smoking; Parkinson's disease; smoking history; gonadal hormones; estrogen; sensation-seeking behavior, 22948
coffee drinking; tobacco smoking; Parkinson's disease; smoking history; gonadal hormones; estrogen; sensation-seeking behavior, 22955
depression; estrogen; affective disorders; medication changes; hormone therapy; antidepressant dose, 35572
estrogen receptor alpha gene; repeat polymorphism; personality aspects; neuroticism; psychoticism; nonconformity; extraversion, 12794
estrogen receptor beta gene; age of onset; Parkinsons disease; genetic variants; etiology, 32197
estrogen receptor-beta; neurohypophysial hormonal function; soya isofiavone; fluid balance; functional interaction; neuroanatomical localization; ingestion; excretion; weight; vasopressin; oxytocin, 7094
estrogen replacement therapy; cognitive functioning; Alzheimer's disease; memory problems; women; cognition; clinical course, 35639
estrogen replacement; gracile nucleus neurons; visceral stimulation; nucleus neurons; estrous cycle; ovariectomy; hindquarter skin; pelvic viscera, 3607
estrogen; antidepressant effects; fluoxetine; perimenopausal women; major depression, 5353
estrogen; associative memory formation; ovariectomized females; rats; ovarian hormone; learning; short term estrogen replacement, 27913
estrogen; DNA microarray; ovarietomized rats; receptor response; gene expression; estradiol; genistein; daidzein; vasculature; mesentric artery; endothelin converting enzyme; ECE, 3963
estrogen; lordosis-inhibiting action; ketanserin; receptor antagonist; ovariectomized rats; estradiol benzoate; progesterone, 24852
estrogen; progesterone; amygdala; administration effects; fear; anxiety; pain reduction; ovariectomized rats; paw licking; defensive freezing; elevated plus-maze performance; open field task, 18736
estrogens; brain function; neuropsychiatric disorders; gender differences; brain maturation, 25443
estrogens; estradiol; ethinylestradiol; diethylstilbestrol; fluoxetine; desipramine; antidepressant drugs; ovariectomized female rats; drug interactions, 27878
global cognitive function; hormone therapy; medroxyprogesterone acetate; conjugated equine estrogens; postmenopausal women; Women's Health Initiative Memory Study, 29327
gonadotropin-releasing hormone; testosterone concentrations; central nervous system; genotypic differences; male sexual behavior; ejaculatory behavior; estrogen; puberty, 6746
individual growth; food intake; Eurasian perch juveniles; androgens; estrogens; sex-related growth differences; methyltestosterone/ estradiol, 18769
Japanese macaques; mother-infant relationships; estrogen metabolites; rhesus macaques; captive social groups; maternal behavior; metabolite levels; perinatal period; peripartum period; pregnancy, 15382
male sexual behavior; Mohor gazelle; fecal estrogen; progesterone concentrations; female Mohor gazelles; mating behavior, 3527
menarche age; schizophrenia onset; estrogen hypothesis; schizoaffective disorder; women, 28709
menopausal women; hormone replacement therapy; HRT; Alzheimer's disease; AD; rivastigmine; estrogen effect, 5454
migraine; premenstrual syndrome; follicle-stimulating hormone; menopausal status; hormone levels; hysterectomies; estrogen, 22853
nacl solutions; sex differences; female rats; sucrose solution; estrogen; behavioral taste responses, 18658
negative symptoms; non-neuroleptic treatment; schizophrenia; serotonin reuptake inhibitors; anticonvulsants; oestrogens; glutamatergic drugs, 29359
nitric oxide protein kinase G pathway; estrous behavior; progesterone; ring A-reduced metabolites; sexual behavior; estrogen-primed rats; lordosis; proceptivity, 15715
postmenopausal women; Alzheimer's disease; hippocampal glucose; metabolism enhamcement; cerebrospinal fluid estrogen; postmenopausal women; positron emission tomography; non-demented controls, 1873
psychotic symptoms; antipsychotic treatment; progesterone treatment; oral contraceptives; menstrual cycle, 20382
quantitative-polymerase chain reaction; adenosine receptor; estrogen receptor; ovariectomy; female rat brains, 15567
rats; estradiol benzoate; neuromedin B; thyrotropin release; prolactin release; estrogen status; pituitary cell cultures; in vitro; peptides; pituitary explants; lactotrophs, 3947
schizophrenia; women; gender; conjugated estrogens; treatment; antipsychotics, 13639
skin pigment; mate selection; photoprotection; prenatal testosterone; prenatal oestrogen; skin colour; sunburn; skin diseases, 15177
soy phytoestrogen dietary supplement; estrogen receptor modulator; tamoxifen; sexual behavior; female rats; preceptive behavior; receptive behavior; estrogen; progesterone, 21794
stress-induced visceral hypersensitivity; tachykinin NK1 receptors; ovarian steroids; rectal distension; estrogen, 21778
stress; females; gonadal hormones; fischer rats; sexual behavior, 18530
substantia nigra pars compacta; ventral tegmental area; tyrosine hydroxylase; adult female wistar; female rats; lesion; hydroxydopamine; intranigral infusion; estrogen, 3844
urinary incontinence; estrogen replacement; atherosclerosis; ERA; coronary heart disease; health related quality, 17123
verbal memory; estrogen exposure; episodic memory; menopausal transition; menopausal status; menstrual period; hormone therapy, 22814
Women's Health Initiative Memory Study; postmenopausal hormone therapy; estrogen; progestin; dementia; equine estrogens; medroxyprogesterone acetate, 29385
Women's Health Initiative Memory Study; postmenopausal hormone therapy; estrogen; progestin; dementia; equine estrogens; medroxyprogesterone acetate; Alzheimer's disease, 29380

Estrone—Serials

acyl-estrone; pharmacological treatment; body lipids; food intake; body weight; obese rats; Wistar rats; Zucker rats; Goto-Kakizaki rats, 15773

Estrus—Serials

activity-based anorexia; anorexia development; recovery; female rats; animal model; food intake; wheel running; body weight; estrous cycle, 7088
adrenal cortex; ethanol; acute administration; single dose; proestrus; diestrus; morphometric parameters; female rats, 756
early postnatal exposure to oxytocin; timing of sexual maturation; age of vaginal opening; onset of estrus; female rats, 3993
estrous cycle stages; pain thresholds; white female rats, 15706
estrous cycle; estrogen; corticosterone secretion; cognitive decline; aging; maze performance; apoliprotein E knockout female mice; wild-type mice; reactivity of hypothalamic-pituitary-adrenal axis, 9927
estrous cycle; water maze acquisition; water temperature; task stressfulness; plasma corticosterone; ovarian hormones; rats, 31005
estrus induction; female prairie voles; cell numbers; brain mast; microtus ochrogaster; neuroendocrine; estrus; rodent; hormone; estrogen, 6715
female sex hormones; estrous cycle stage; behavioral outcome; experimental traumatic brain injury; motor performance; cognitive performance; spatial memory, 27805
homocysteine; sex; stress; learned helplessness model of depression; estrous cycle; helpless behavior; male rats; female rats, 12960
neonatal handling; prolactin stress response; female rats; male rats; estrous cycle phases; hormonal changes; behavioral changes, 24766
proceptivity; receptivity; LH; age; experience; sheep; stress; learning; neuroendocrine, 18484
pseudopregnancy induction; lordosis intensity; prestimulus estrous cycle length; vaginocervical stimulation; neuroendocrine responses; behavioral responses, 21759
reproductive activity; reproductive cycle; follicular growth; breeding season; abdominal fat storage; caiman crocodilus fuscus; oviposition; vitellogenic follicles, 3511
reproductive patterns; testosterone levels; pygmy lorises; gonadal activity; mating behavior; estrogen; social compatibility; estrus; mating season, 6701
sexual motivation; paternal behaviour; male gerbils; postpartum oestrus, 15386
sleep patterns; female mice; different inbred strains; estrous cycle; body temperature; locomotion, 3452

Ethanal [See Acetaldehyde]

Ethanol—Serials

5-hydroxytryptamine synthesis; rat brains; chronic ethanol treatment; serotonin, 3996
active avoidance learning; ethanol diets; liquid diets; rats; water; sucrose; learning ability, 21830
adrenal cortex; ethanol; acute administration; single dose; proestrus; diestrus; morphometric parameters; female rats, 756
alcohol consumption; alcohol expectancy set; alcohol expectancies; college student perceptions; date rape; casual sex attitudes; drinking attitudes; perceived likeliness of forced sex, 692
alcohol consumption; alcohol susceptibility; cognition; psychophysiology, 6572
alcohol preferring rats; Pavlovian fear conditioning; freezing; aversive learning, 3457
alcohol reinforcement; GABAA receptor opioid receptor; alcohol-preferring rats; benzodiazepine; naltrexone; alcohol pharmacotherapy, 21835
alcohol sensitivity; females; paternal history; alcoholism, 9985
alcohol-preferring rats; ethanol-motivated behaviors; alcohol reinforcement; nucleus accumbens; ventral tegmental area; mesolimbic; opioid receptors; nalmefene; ethanol; saccharin, 21858

alcohol; analgesia; conditioned place preference; ethanol; fetal alcohol syndrome; hyperalgesia; neonate; nicotine; withdrawal, 13067
alcohol; behavioral control; behavioral inhibition; information processing deficit; reaction time; response suppression; response alternation; prepotent responses, 693
alcohol; gene expression; protein synthesis; bone mineralization; human bone marrow; mesenchymal stem cells; osteogenic differentiation, 34151
alcohol; low dose; sex differences; responsiveness; saccadic eye movements; self rated sedation; intoxication, 30995
alcohol; TSH; thyroid stimulating hormone; nocturnal peak, 3886
apolipoprotein E; conditioned place preference; rewarding properties; ethanol; mice; cocaine, 27854
apparatus bias; conditioned place preference; ethanol; place conditioning; methodological problems; unbiased procedure; preferred stimulus; initial cues bias; rewarding drug effect; measurement, 9529
attenuation; reinstatement prevention; nociceptin; orphanin fq; ethanol; self-administration; alcohol-seeking behaviour; antialcohol-preferring rats, 18721
autoshaping; ethanol drinking; ethanol preference; rats; long-term retention, 27947
bedtime alcohol ingestion; cognitive procedural task; memory loss; ethanol consumption prior to sleep; pursuit rotor task; declarative task; sleep states, 3979
behavioral effects; Pavetta crassipes; ethanol extract; central nervous system; rodents; mice; rats; centrally acting drugs, 27849
beta-endorphin; nucleus accumbens; rats; alcohol; catecholamines; dopamine metabolites; norepinephrine; alcohol dosages; 3,4-dihydroxyphenylacetic acid; homovanillic acid, 10021
biochemical properties; toxicological properties; alcohol metabolism; CYP2EI; oxidative stress; pharmacology; human heptoma; HepG2; toxicity, 24793
blood ethanol concentration profiles; Sprague-Dawley rats; mice; ethanol induced injury, 15768
caffeine; alcohol hypnotic effects; adenosine receptor blockade; mice; body temperature; righting reflex; SCH 58261; DPCPX, 7276
cannabinoid CB1 receptors; alcohol dependence; stress-stimulated ethanol drinking; CB1 receptor antagonists; mice, 15796
cerebral vascular; concentration-dependent manner; hydrogen peroxide; resting levels; brain pathology; alcohol induced stroke; muscle cells; catalase; ethanol, 3931
chronic prenatal ethanol exposure; hippocampal; GABA receptor; spatial learning; guinea pig; cognitive deficits, 21852
clinical expression; multiple symmetric lipomatosis; men; women, 8113
conditioned place aversion; ethanol; rats; psychopharmacology; intragastric administration; conditioned place preference, 27880
corticosterone effects; place conditioning; ethanol; mice, 27861
dietary cholate; antiatherogenic effects; ethanol comsumption; cardiovascular events; atherosclerosis; mouse models; ethanol, 9977
dopamine transmission; microdialysis; motivation; nucleus accumbens shell; reward; ethanol, 21540
dose-response relationship; estradiol; ethanol intake; estradiol doses; rats, 18735
drug administration; monoamine levels; dihydroxyphenylacetic acid; dopaminergic receptors; ethanol treatment; male wistar rat; norepinephrine; dopamine; serotonin, 13091
drug interactions; reaction time; event-related potentials; temazepam; alcohol; P300; attention; processing speed, 3568
ethanol abstinence; corticotropin-releasing factor; CRF; CRF receptor; behavior regulation; responsiveness; alcoholics; stress, 21918
ethanol concentration; alcohol abuse; periadolescent alcohol-preferring rats; sex differences; ethanol drinking behavior, 15728
ethanol concentrations; ethanol deprivation; ethanol solutions; voluntary ethanol intake; high ethanol preference; intoxicating amounts; Sardinian alcohol preferring rats; alcohol deprivation effect, 21907
ethanol dependence; methionine enkephalin antisense; serum endomorphin; ethanol ingestion; methionine enkephalin levels; opiate peptides; mice, 30959
ethanol discrimination; ethanol consumption; opioid antagonist; ethanol self-administration; rats; naloxonazine; alcohol abuse, 21878
ethanol effect; neurotrophic factors; NTFs; apoptosis-related proteins; endogenous antioxidants; reactive oxygen species; ROS; neonatal striatum; vulnerability period; Fetal alcohol syndrome; FAS, 3909
ethanol exposure; ethanol preference; Maudsley reactive male rats; substance habituation; volumtary consumption; quinine solution, 15722
ethanol induced advance; puberty onset; bicuculline; female rats, 13020
ethanol ingestion; odor detection threshold; olfactory function; odor discrimination; odor memory, 15790
ethanol inhibition; N-Methyl-D-aspartate; NR3 subunit; glutamate receptor, 12887
ethanol injections; low dose; acute administration; repeated administration; ethanol locomotor effect; alcohol; motor activity; high dose; acute administration; drug sensitivity; motor sensitization, 9969
ethanol tolerance; rapid tolerance; soluble guanylyl cyclase; ICV administration; ethanol injection; IP ethanol; drug administration; nitric oxide; oxide dependent pathways; ICV block; drug tolerance, 10058
ethanol withdrawal syndrome; selective serotonin reuptake inhibitor; fluoxetine; rats, 31013
ethanol withdrawl; dendritic development; ethanol exposure; exposure duration; developmental stages; neurons survival; hippocampal neurons; rats, 18763
ethanol; acetaldehyde; acetate; high; operant schedule; low operant schedule, 9948
ethanol; aging; mouse; declarative/procedural memory; hippocampus; synaptic plasticity; retention, 10010
ethanol; butanol; alcohol-binding sites; sobriety; consciousness; protein cavities, 18809
ethanol; cocaine discrimination; rats; drug interaction; GABA agonists; GABA antagonist; diazepam; pentobarbital; pentylenetetrazol, 722
ethanol; conditioned flavor preferences; sugar conditioned preferences; fat conditioned preferences; rats; conditioned stimuli, 27601
ethanol; conditioned taste aversion; GIRK2 channel; conditioned place preference; knockout mice; wild type mice, 10002
ethanol; conditioned taste aversion; rats; acetaldehyde; cyanamide, 15744
ethanol; drug concentration; choice behavior; response rates; progressive ratio schedule; fixed ratio schedule; rhesus monkeys; persistence; measurement, 3905
ethanol; gamma aminobutyric acid transmission; central amygdala; stress; corticotropin-releasing factor; alcohol abuse, 18777
ethanol; hypothalamic-pituitary-adrenal system response; psychosocial stress; alcohol-dependent fathers; sons; environmental stress; familial risk, 25918
ethanol; judgment; cognitive performance; psychomotor performance, 18808
ethanol; liquid diets; mice; GABA type A receptors; alpha subunit; beta subunit; saccharin; quinine; conditioned place preference; conditioned taste aversion; motor activity; handling-induced seizures, 3580
ethanol; luteinizing hormone secretion; puberty; female rats; hormone release; epidermal growth factor receptor; prepubertal luteinizing hormone-releasing hormone, 13015
ethanol; neurobehavioral effects; rats; gamma aminobutyric acid agonists; benzodiazepine inverse agonist, 21875
ethanol; NMDA glutamate receptor antagonist; alcohol dependence; ketamine; N-methyl-D-aspartate, 8864
ethanol; rat brain; pregnancy; fetal development; fetal alcohol syndrome; central nervous system; cell proliferation; developmental changes; mental retardation; neurotoxicity, 7270
ethanol; visual vestibular interactions; dynamic visual acuity; vertical linear acceleration; visual oculomotor pathway; vestibular pathway, 10040
ethyl alcohol; solvent; injection; experimentation; laboratory setting, 12558
female rats; male rats; open field behaviors; dizocilpine maleate induced behavior; ethanol dependence; sigma receptor; rimcazole; hyperlocomotion; drug interactions, 21824
fetal alcohol syndrome; fetal alcohol spectrum disorder; diagnosis; exposure, 8026
GABA A receptors; alpha 1 subunit; ethanol responses; neurosteroids; anesthetic drugs; mice; ethanol tolerance; hypnotic drugs; ketamine; behavior; physiology, 3923
glucose solution; ethanol solution; intraperitoneal injection; c-terminal octapeptide; ethanol consumption; absolute ethanol; golden hamsters; male hamsters; cholecystokinin, 15741
haloperidol; alcohol; spatial working memory; rats; medial prefrontal cortex; dopamergic modulation, 3887
heavy prenatal alcohol exposure; attentional measures; fetal alcohol syndrome; diagnosis; classification, 19675
hypothalamus; testes; testosterone secretion; human chorionic gonadotropin; alcohol; leutinizing hormone; corticotropin-releasing factor; steroidogenic acute regulatory protein; rats; leydig cells, 34178
imidazoline receptors; norepinephrine; rostral ventrolateral medulla; hypotension; hypertension; clonidine; rilmenidine; rats; ethanol, 10019
immunoreactivity; brain regions; Edinger Westphal nucleus; alcohol consumption; ethanol; lateral septum; hippocampal region; alcohol preferring; alcohol avoiding; mice, 15725
intermittent ethanol exposure; locus coeruleus; medial prefrontal cortex; cerebellum; alcoholism; purkinje neurons; aging; brain cytochrome c oxidase activity level; rats, 21855
intravenous ethanol self-administration; SKF81297; ethanol-induced locomotor activity; chronic ethanol, 3885
lactulose; intracolonic acetaldehyde concentration; ethanol elimination rate; colonic bacteria; alcohol dehydrogenase activity; carcinogen; acetylhyde; rats, 10065
lifelong ethanol exposure; morbidity; survival rate; rats; gender differences, 18796
male reproductive activity; gene expression; hormone release; ethanol effect; gonadotropin releasing hormone gene; rats; hypothalamus pituitary-gonad axis, 7214
memory; ethanol; discrimination performance; odor discrimination; adolescent rats; adult rats, 10012
mitogen-activated protein kinase; chronic ethanol treatment; intracellular signaling; angiotensin; phosphorylase activation; rat hepatocytes; acute ethanol administration, 21923
N-methyl-D-aspartate; receptor binding sites; ethanol place conditioning; glutamate; ethanol reward; CGP-37849; glycine-b partial agonist, 30963
nicotine-alcohol interactions; attentional performance; operant visual signal detection task; dosages; female rats, 770
nicotine; contextual fear conditioning; ethanol-induced deficits; learning; ethanol-nicotine coadministration; mice, 7189
nicotinic receptor antagonist; acoustic startle reflex; dopaminergic mechanism; nicotine-ethanol interaction; mice, 744
nucleus accumbens; ethanol; dopamine; alcohol-preferring alko alcohol rats; alcohol-avoiding alko non-alcohol rats; mesolimbic dopaminergic neurons; ventral tegmentum area, 21916
place conditioning; conditioned preference; ethanol injection; aversion; learning; conditioned stimulus; rewarding effects, 465
polyinosinic polycytidylic acid; cytokine; ethanol; mice; corticosterone, 21507
postnatal exposure; binge ethanol exposure; cardiac orienting response; rats; response habituation, 18750
postnatal exposure; N-methyl-D-aspartate receptor; receptor subunit expression; prenatal exposure; ethanol exposure; rats, 18778
prenatal exposure; alcohol; risk factors; delinquent behavior; adolescents; life stress; substance use; behavior problems; parenting practices; peer influence; caregiver substance use; dysmorphia, 1598
receptor binding; baseline plus maze anxiety; anxiety like behavior; ethanol; alcohol preferring strain; rats; autoradiographic studies; frontal cortex; amygdala; anterior cingulate; dentate gyrus, 13013
receptor expression; liver interleukin-6 receptor-alpha; animal sex differences; ethanol-consuming rats; gene expression, 33996

drug induced depression; etiology; depressive symptoms & disorders; medical drugs; clinical practice, 24838
dysthymic disorder; late onset; major depression; early onset; elderly outpatients; clinical features; prognosis; etiology; comorbid disorders, 16395
endothelial cell; cell signaling; cell survival; cell biology; amyloid; serine-threonine kinase; Alzheimer's disease pathogenesis; A-beta 42; toxicity, 11299
environmental factors; functional abnormalities; schizophrenia; psychosocial factors; cerebrospinal fluid; infectious disorder; viral infection; disorder onset; immunology; genetics; risk factor, 19481
environmental factors; functional abnormalities; schizophrenia; psychosocial factors; cerebrospinal fluid; infectious disorder; viral infection; disorder onset; immunology; genetics; risk factor, 28678
environmental factors; genetic factors; Parkinsons disease; pathogenesis, 20071
environmental factors; oxidative stress; neurodegenerative disorders; genetic predisposition; genetic mutations; substantia nigra; etiology; Parkinsons disease; PD; abnormal protein, 13958
epilepsy; depressive disorders; etiology; pathophysiology; models of depression; monoamine hypothesis; hippocampus; hypothalamic-pituitary-adrenal axis; neurotrophic hypothesis; neural networks, 4517
estrogen receptor beta gene; age of onset; Parkinsons disease; genetic variants; etiology, 32197
estrogen replacement therapy; ERT; frontotemporal dementia; FTD; female patients; estrogen use; neurobiological relationship; FTD etiology, 16791
etiology; anorexia nervosa; women, 25990
etiology; assessment of schizophrenia; schizophrenia diagnosis; behavioral phenomena; laboratory measures, 4620
etiology; comorbidity models; Neale and Kendler model-fitting approach; model validity, 25484
etiology; low mathematics performance; 7-year-olds; twins; normal variation; teacher ratings; direct testing; genetics; enviornment, 36166
etiology; vascular dementia; type 2 diabetes mellitus; stroke; genetic factors; apolipoprotein E; lipoproteins; older Mexican Americans; Alzheimer's disease; dementia, 22945
explanatory models; etiology; mental distress; psychiatry, 5101
familial cancer; developmental dyslexia; platelet-activating factor; aetiology; cell damage; tumourigenesis, 28939
family functioning; mother-daughter relationships; females; African Americans; juvenile offenders; development; perceptions; adolescent-parent relationships, 1682
female subjectivity; etiology; unconscious image; conscious images; mothers body; sexuality; maternal capacity, 31649
first-episode psychosis; emotional dysfunctions; depression; adolescence; social anxiety; psychological reaction; developmental anomalies; PTSD; developmental trauma; childhood, 10778
GABA role in schizophrenia; GABA system; schizophrenia pathophysiology; neurotransmitter abnormalities; cognitive dysfunction; GABA pharmacology; GABA neuroanatomy; animal models; neuronal density, 7915
GABA(B)receptor1; polymorphism(G1465A); temoral lobe epilepsy; dysfunction; Aminobutyric acid; pathogenesis; genetic contribution; cloned human GBABA(B) receptor; TLE, 4998
generalized epilepsy; focal epilepsy; etiology; cognitive impairment; neuropsychological deficits; neuropsychological aspects; psychological pathology, 20004
genetics; adult onset; neuropsychiatric diseases; etiology; neurodegenerative disorders, 7788
genetics; complex inheritance; psychiatric disorders; pathogenic mechanisms; genes; phenotypes, 3590
Genetics; etiology; drug dependence; heritability; nicotine dependence; alcohol dependence; genes, 4744
globus hystericus; conversion disorder; differential diagnosis; psychological conflict; conversion disorder; esophagus, 13864
heart failure; African-Americans; etiology; pharmacology; clinical trials, 13906
HIV-associated dementia; etiology; autoimmune markers; antibrain antibodies, 16820
hormones; treatments; premenstrual syndrome; PMS; mental symptoms; physical symptoms; fertile age women; sex steroids; progestogens; progesterone; estrogen; etiology; GABA systems; serotonin, 5264
idiopathic generalized epilepsies; seizures; pediatric problem; pathophysiology; genetic etiology, 13975
immune mediated neuropathies; etiology; pathogenic relationship; aging processes; vasculitis; paraproteinemia; neuropathy; immunosenescence, 4921
immunological response; acute low-tone hearing loss; sensorineuroal loss; Meniere's disease; endolymphatic hydrops; etiology, 11310
insomnia; negative impact; etiology; pharmacotherapy; behavioral treatments, 11146
insomnia; precipitating factors; risk factors, 13856
insulin resistance; insulin abonormalities; Alzheimer's disease; pathopysiology; clinical symptoms; cognitive impairments; amyloid precursor protein; senile plaques, 5467
intellectual disability; mental disability; aetiology; risk factors; social deprivation; malnutrition, 35132
Japanese B encephalitis; symptoms; epidemiology, 8151
juvenile offenders; deliberate self harm; suicidal ideation; male offenders; prevalence; associated factors, 28886
Kleine Levine syndrome; adolescent males; transient neuropsychiatric disorder; hypersomnolence; behavioral changes; excessive compulsive eating; hypersexual behavior; etiology; clinical diagnosis, 35282
laboratory diagnosis; anaemia causes; elderly anaemia; diagnostic efficacy; anaemia; differential diagnosis, 29007
life events; effects; genesis; psychiatric disorders; depression; chronic fatigue syndrome; etiology; personality traits; neuroticism; stress; interpersonal relationships, 7758
long-term care institutions; functional disability; acute-care hospitals; delirium; dementia; mental disorder; elderly patients; psychiatric illnesses; etiology; diagnosis; treatment programs, 10284
medial thalamic choline; pediatric patients; obsessive-compulsive disorder; major depression; pathogenesis, 7946
memories; childhood abuse; borderline personality disorder; psychiatric disorder; traumatic events; etiology, 19577
mentally ill patients; unpredictable behavior; risk; perceptions; beliefs; schizophrenia; mental disorders; causes; consequences, 28725

migraine headache; prophylactic treatment; carnitine palmityltransferase II; etilogy; mitochondrial dysfunction; symptoms; pathophysiology, 22820
mitochondrial DNA sequence variant; schizophrenia; oxidative stress, 7886
mood disorders; elderly; depressive disorders; personality; coping strategies; pathophysiological changes; etiology, 34854
mood disorders; GABA-A receptor alpha 1 subunit; neurotransmitter system; pathogenesis; Bipolar Disorder; depressive disorders; Japanese patients, 10746
musicogenic epilepsy; epileptic music; epileptic seizures; song; sounds; music appreciation; musical ability; prevalence; etiology, 1855
myalgic encephalomyelitis; chronic fatigue syndrome; treatment protocols; clinical working case definition; diagnostic protocols; pathogenesis, 11136
neuropathic pain; pathophysiological mechanisms; symptomatology; pain assessment; chronic pain; pain disorder classification; etiology, 16607
neuroticism; psychoticism; etiology, 1473
new treatment strategies; depression; drug therapy; etiology, 8371
nonparametric linkage analysis; schizophrenia; etiology; candidate genes; dopaminergic systems; serotonergic systems, 34856
nostalgia; pathology; social structure changes; cultural values; medical attitudes; social attitudes; etiology; diagnosis, 25403
obesity; risk factors; hypertension; glucose intolerance; diabetes mellitus; hyperlipidemia; metabolic syndrome; stress; pathogenesis; glucocorticoids, 35208
obstructive sleep apnea; sympathetic nerve activity; vascular reactivity; systemic hypertension; animal models; etiologic association, 4855
onset age; illness duration; comorbidity; obsessive compulsive disorder; tic disorders; mood disorders; anxiety disorders; eating disorders; body dysmorphic disorder; etiology; trichotillomania, 16452
oxidative stress; fibrillar deposition; Alzheimer's disease; amyloid peptide; transgenic caenorhabditis elegans; neurodegenerative disorder; senile plaques; pathogenesis; neurifibrillary, 11245
oxidative stress; oxidative cell damage; pathophysiology; antioxidant defense enzymes; lipid peroxides; polyunsaturated fatty acids; schizophrenia; bipolar mood disorder, 7794
pain pathoetiology; traumatic brain injury; chronic pain; central nervous system; neural mechanism; neural pathways; cranial tissues; referred pain; treatment side effects; iatrogenic pain; diagnosis, 29185
panic; trauma; etiology; acute posttraumatic arousal; physical assault; sexual assault, 19329
paranoid schizophrenia; psychiatric patients; gender difference; onset; age differences, 7895
Parkinson's Disease; environmental factors; pesticide exposures; genetic factors; polymorphisms; paraoxonase 1 genotype; etiology, 16783
pathogenic aspect; childhood poverty; environmental inequities; poor children; low socioeconomic status; disadvantaged, 13151
placebo effects; classical conditioning; immune system function; etiology; expectations, 12565
post traumatic stress disorder; elderly population; disease management; psychological trauma; classification; aetiology; demographic features; disease vulnerability; diagnosis, 25697
post-traumatic stress; origins; temporality; traumatic stress; postmodern temporal dynamics; linear development; retro-causality, 22586
post-war syndromes; social psyche; risk notions; post-traumatic stress disorder; responsibility; etiology; treatment; remedy; reason; responsibility, 31802
post-war syndromes; social psyche; risk notions; post-traumatic stress disorder; responsibility; etiology; treatment; responsibility; reason; rememdy, 31798
post-war syndromes; social psyche; risk notions; post-traumatic stress disorder; responsibility; etiology; treatment; responsibility; reason; remedy, 31799
postpartum depression; life events; coping patterns; etiological factor, 31733
postpartum depression; postpartum period; pregnancy; etiology; risk factors; prediction, 28661
posttraumatic stress disorder; individual differences; etiology, 28776
posttraumatic stress disorder; life threatening trauma; cortisol levels; terrorist activity; traumatic memories; PTSD patients; symptoms; at risk populations; neuroendocrine changes, 13618
practice parameter; assessment; treatment; children; adolescents; enuresis; symptoms; psychiatric evaluation; etiology; psychosocial consequences, 11601
premenstrual dysphoric disorder; biopsychosocial approach; epidemiology; etiology; treatment, 1443
primary insomnia; risk factor; depression, 4534
proteolytic stress; etiopathogenesis; Parkinsons disease; nigral pathology, 20022
psychiatric disorders; nonpsychiatric disorders; mind body relations; etiology; biopsychosocial approach; medication; psychotherapy, 7756
psychobiology; personality disorders; borderline personality disorder, 10862
psychological risk factors; HIV pathogenesis; autonomic nervous system; biological mechanisms; social inhibition; gay males, 8174
psychopharmacologic treatment; bipolar affective disorders; pharmacological treatment; etiological factors; advanced practice nurses; neurobiology, 14165
psychose hallucinatoire chronique; late-onset psychosis; hallucinations; negative symptoms; positive symptoms; family history; schizophrenia, 22534
psychosocial stress cascade; schizophrenia; etiology; onset; psychosis; stress-diathesis model; prodromal patients; hypothalamic-pituitary-adrenal axis; neural effects; cortisol; risk factors, 19434
racial patterns; ethnic patterns; parental beliefs; etiological explanations; youth problems; biopsychosocial beliefs; mental health problems, 28619
reality; punishment fantasies; internalization; depression; etiology; Oedipus complex; unconscious content; conflict resolution; self-representation, 28532
risk factors; affective disorders; increased risk; bipolar disorder; etiology, 10754
schizophrenia origin; genetic thesis; epigenetic antithesis; DNA sequence variation, 25665
schizophrenia; adolescent twins; etiology; psychiatric disorders; psychodynamic; genetics, 31767
schizophrenia; etiological influences; twin studies; environmental effects; etiological factors; complex trait, 10808
schizophrenia; etiology; neurodevelopmental hypothesis; biological causes; genetics; obstetric complications; cognitive & neuromotor abnormalities, drug abuse; ethnicity; migration; risk factors, 7864
schizophrenia; infectious agents; psychiatric disease; antibodies; blood serum; cerebral spinal fluids; cytomegalovirus; taxoplasma gondi; herpesvirus, 19468
schizophrenia; journal information; winter workshop on schizophrenia; journal introduction, 13532
school reintegration; childhood posttraumatic stress disorder; prevalence; therapeutic techniques; etiological factors; assessment tools; PTSD; diagnosis, 19521
seasonality; alcoholism; comorbidity; seasonal affective disorder; genetic factors; environmental factors; etiology; pathogenesis, 10675
sexual addiction; symptoms; men; women; prevalence; college campus; etiology; categories; sexual behavior, 10950
sigma1 receptor gene; pathogenesis; alcoholism; polymorphisms; drug abuse; alcoholic men, 11005
social anxiety; performance anxiety; disease psychopathology; social phobia; social action; treatment approaches; etiology; treatment effectiveness evaluation, 31792
social phobia; behavioral inhibition; etiology; shyness; passive-anxious withdrawal; social anxiety, 1531
social phobia; neurobiological influences; social anxiety disorder; etiology; neuroanatomical basis; fear network; amygdaloid-hippocampal region; prefrontal cortex; genetic component, 31830
somatic symptoms; medical diagnoses; prognosis; primary care patients; etiology, 4865
substance abuse; recovery; mental illness; social supoprt networks; relapse; boredom; loneliness; temptations to use; stress; co-occuring disorders, 28557
subtyping; female adolescent psychiatric inpatients; eating disorders; dietary restraint; dietary-negative affect subtype; binge eating; body image dissatisfaction; personality disturbance, 16560
therapeutic strategies; Alzheimers disease; pathogenesis; combination treatment strategies; primary care; daily activities; physical exercise, 19941
tobacco dependence; nicotine; smoking, 31917
transgenic mouse models; Alzheimer's disease; phenotypes; amyloid precursor protein; etiology; treatment; behavioral testing; drug discovery, 528
trichotillomania; assessment issues; diagnosis; treatment; etiology, 25524
unipolar depression; recurrent major depression; neurodevelopment; minor physical anomalies; etiology, 22516
vulvar vestibulitis syndrome; etiology; psychological sequelae; dyspareunia; disorder onset; disease progression; diagnosis; pain management; pathophysiologically oriented treatment, 26474
vulvar vestibulitis syndrome; etiology; psychological sequelae; dyspareunia; disorder onset; disease progression; diagnosis; pain management; pathophysiologically oriented treatment, 29452
whiplash associated disorders; international congress; conference overview; etiology, 1751
work stress; prediction; insomnia; workers; etiology; sleep problems; general health; working hours; working conditions, 26046

Etiology—Books

Adult psychopathology and diagnosis (4th ed.), 22476
Experiences of depression: Theoretical, clinical, and research perspectives, 10773
Handbook of dementia: Psychological, neurological, and psychiatric perspectives, 1882

Etiology—Chapters

Brain development: glial cells generate neurons—implications for neuropsychiatric disorders, 16851
Brain development: the clinical perspective, 16387
Characteristics of children with specific impairment, 4819
Eating disorders, 22779
Genes and behaviour: finding a genetic substrate for cognitive neuropsychiatry, 16375
Information processing in children with specific language impairment, 4821
Interest in human features and the etiology of autism, 11088
Interhemispheric abnormalities in schizophrenia and their possible etiology, 16447
Mood disorders: Depressive disorders, 22522
Neuroendocrine dysfunction, 16647
Neuroimaging measures in the study of specific language impairment, 4826
Neurologic aspects of nondegenerative, nonvascular dementias, 1883
Neurologic aspects of vascular dementia: Basic concepts, diagnosis, and management, 1890
Psychological and nonpharmalogical aspects of depression in dementia, 1362
Psychosocial models of the role of social support in the etiology of physical disease, 16102
The relationship between Lewy body disease, Parkinson's disease, and Alzheimer's disease, 16854
Research methods for developmental psychopathology [with vignette by Anne K. Jacobs], 15171
Secondary prevention of anxiety disorders, 8401

Etiopathogenesis [See Etiology]

Eugenics—Serials

clinical psychology; psychotherapy; eugenics; medicine; connectedness; clients, 26254
eugenics; institutionalization; Illinois law; commitment law; psychologists role; intelligence testing; professional challenges; female professionals; mental testing; feebleminedness; eugenics, 33413
nursing practice; eugenics; cultural safety; nursing education; biculturalism; nursing attitudes, 29890

Eustachian Tube [See Middle Ear]

Euthanasia—Serials

end-of-life decisions; assisted suicide; euthanasia; physician interviews; Dutch law, 36003
euthanasia; professional ethics; life sustainability; health care policy, 36026
palliative care service; Euthanasia; ethics task force, 8748
palliative care; euthanasia; medical practice; euthanasia law, 9291
palliative care; terminally ill patients; hermeneutic philosophy; euthanasia, 8746
palliative sedation therapy; euthanasia; medical treatments; refractory distress; intentional sedation; mild sedation; intermittent deep sedation; continuous deep sedation; physician-assisted suicide, 5403
physician-assisted suicide; death anxiety, 6361
physician-assisted suicide; patient attitudes; euthanasia; noncurable malignancy patients; depression; coping strategies, 17379
request for euthanasia; clinical practice guideline; health care laws; ethics, 32972

Evaluation [See Also Course Evaluation, Forensic Evaluation, Geriatric Assessment, Needs Assessment, Peer Evaluation, Personnel Evaluation, Program Evaluation, Psychiatric Evaluation, Risk Assessment, Self Evaluation, Treatment Effectiveness Evaluation, Vocational Evaluation]—Serials

affect; evaluation; categorization; priming; encoding visual objects; lexical decision; semantics, 6594
African American women; White women; cognitive appraisal; breast cancer; coping, 11193
age differences; feedback type; experience level; athletic competence; competence cues; competenced information, 870
age stereotypes; cartoons; discourse quality, 34378
age; recruiters; applicants; job seekers; young; middle-aged; age-stereotypic criteria; hiring recommendations & assessments; referent others, 2899
animal care & use committee; ethical evaluation; animal research, 8963
animal welfare; animal welfare assessment systems; farmers perception; production results; decision support tool; local farm conditions, 6667
attachment phenomena; clinical evaluation; attachment behavior; clinical work; diagnosis, 31647

attitudes; beliefs; actions; social betterment; evaluation processes, 6439
Auditory processing disorders; test battery evaluation, 6260
automatic affective evaluation; arm flexion; arm extension; emotional expressions; conscious information processing; affective priming, 24762
automatic evaluation; novel words; superficial phonetics; nonsense stimuli; English words; impression formation, 4038
automatic evaluation; social exemplars; category membership; prior learning; memory retrieval; stored evaluations; social group membership; ingroup outgroup, 13446
behavioral deviance; unlikeability; social identity theory; evaluation; out-group members; in-group members; social deviance; workplace, 14764
biomedical model; outcomes model; health care evaluation; quality of life, 5115
block designs; semantic judgment; word frequency effect; brain regions; language; event-related fMRI, 3767
bullying; victimization; intervention program; cognitive abilities; evaluation, 13764
child custody evaluation; marital disruption; psychologist; judicial process, 33419
child custody evaluations; judges; perspectives; judicial decision making, 33414
cognitive evaluation; interpersonal attraction; target individual; attitude similarity, 22292
cognitive inertia; postconsumption evaluation processes; memory; satisfaction judgement; consumers, 9189
cognitive test anxiety; text comprehension; recall; external evaluative pressure; student memory, 21364
collaborative partnerships; school professionals; acountability; evaluation framework, 12105
community treatment program; California Youth Authority; young adult offenders; political reasons; randomized field trials; juvenile offenders; institutional reasons; California justice, 17481
confidence judgments; judgment producers; perceptions; need for cognition; right wing authoritarianism; preference; likelihood; evaluation; confidence heuristic, 9569
confirmation bias; data evaluation; consistency; students; reasoning; researcher expectations; scientific environment; initial bias to discount; repeated observations; causal thinking simulation; data, 24342
consumer evaluation; product attributes; attribute searchability; attribute judgments; consumer expertise; involvement; role of context, 27166
country of origin; attitudes; product performance; expertise level; product evaluation, 3015
developmental psychiatric approach; intellectual disabilities; aggressive behavior; diagnosis; emotional development; personality development, 26565
diagnostic tests; diagnostic accuracy; technology; STARD initiative, 27419
dialogue system assessment; speech recognition; speech understanding; simulation technique; dialogue recognition, 10091
digital technology; business education teachers; personal computer; computer graphics; evaluation; software use; digital cameras, 20815
domestic violence; child custody evaluations; child custody evaluators; developing practice; evaluation practice; practice standards; custody evaluation; adequate training; common criticisms, 6195
evaluation; vocabulary knowledge measure; reading performance; English as a second language; TOEFL test, 21196
evaluative conditioning; self-evaluation; attitude formation; assimilation; contrast; interpersonal attitudes, 1282
evaluative expectations; peer recommendation; consumer satisfaction; negative appraisals, 36064
evaluative metadiscursive comments; face-work; conversational discourse; conversational interaction; speakers; sociolinguistics, 4355
expertise; evaluatative extremity; task characteristics; performance vs advisory expertise; configural vs featural processing; judgment; stimulus characteristics; memory storage, 9638
factor analyses; Fear of Negative Evaluation; Brief Fear of Negative Evaluation; convergent validity; statistical methods; validity analyses; factor structure; item response theory; FNE; BFNE, 24271
factorial structural equations models; covariance matrices; country; customer evaluation; customer satisfaction; international data; cross cultural data analysis, 9180
family psychoeducation program evaluation; community mental health; hospital admissions; young people; mental health service; caregiving experience; knowledge experience; service satisfaction, 8712
grade assignment practices; adjusted grade point average; method evaluation; Item Response Theory; adjusted GPA; grading standard differences, 9482
head trauma; forensic psychiatrists; symptom exaggeration; persistent symptoms; emotional symptoms; minor head injury; brain dysfunction; mild head injury; practical method; practical model, 6192
health care programmes; costs; benefits; welfarism; extra welfarism; economic evaluation; quality adjusted life years, 5524
health care utilization; veterans affairs; posttraumatic stress disorder; MMPI-2 validity; disability awards; compensation and pension evaluation, 27143
Implicit Leadership Theories scale; organizational settings; employee group generalizability; change evaluation; factor structure, 17821
impression formation; dispositional inference; group-related evaluative associations; category membership, 1209
individual quality of life; evaluation; theory based method; Schedule for the Evaluation of Individual Quality of Life, 21116
intent to recommend; behavioral intent; consumer satisfaction; service provider; service exchange; perceived control; proxy control; action control; perceived fairness, 27167
job performance; Chinese contextual domain; personality traits; appraisal, 2906
journal rankings; business journals; management journals; Research Assessment Exercise, 30558
letter grade evaluations; student achievement goals; self-efficacy; learning; performance; achievement related outcomes, 5907
low back pain; magnetic resonance imaging; MRI; risk factors; evaluation, 16601
management development evaluation; 360 degree feedback technique; management learning assessment; evaluation model; interventions, 33270
medical science; criminology; cultural factors; randomized controlled trials; criminal justice; social factors, 18011
men's health center; patient confidentiality; patient satisfaction; patient flow; patients reporting; satisfaction level; cost saving; service quality; access, 5534
mental health services; service evaluation; rape survivors; crisis intervention; hotlines; advocacy; counseling, 11392
mental health; web based information; eating disorders; eating disorders treatment; content quality, 19818
mixed design; blocked design; stimulas evaluation; underadditive effects; reaction time; noncontingent stages; stimulus, 6598
multiple sclerosis; MS; comprehensive evaluation package; sickness impact profile; home environment; disability levels; home visits, 8121
negative evaluations; daily well being; choice reaction; somatic symptoms; transitory mood state; personality functioning, 31596
neural network rule extraction; decision tables; credit-risk evaluation; decision-support systems, 18002
Neurocognitive Driving Test; computer based assessment; driving ability; acquired brain injury; hospital based evaluation, 195
office-based nurses; patient evaluation; tobacco cessation activities, 26719
organizational success measures; financial measures; market measures; process measures; people measures; future measures; Balanced Scorecard, 17825
parent-child observations; child custody evaluations; interactional dimensions; observation information; professional principles; client benefit, 14920
Parents' Evaluation of Developmental Status; PEDS; parental concerns; mental health problems; emotional problems; behavioral problems; developmental disabilities, 16014
place theory; city center; multiplace urban activity; multiplace perspectives; neighborhood; residential evaluation; activities; urban environment, 9221
pre-registration house officer; general practice; target skills; training; General Medical Council; Trainees; PRHO; psychiatry; general practice, 8944
preferred retinal locus; macular disease; scotomas; visual fixation; vision loss; quantitative assessment technique, 32203
preliminary validation; French translation; anxiety sensitivity index; psychometric evaluation; college students, 15025
primary care practitioners; research; evaluation, 29870
psychoanalysts analysis experiences; analyst qualities; perceived change; avoidance; openness; genuineness; anger toleration; supportive relationship; disclosure; effective interventions; symptoms, 20142
psychometric evaluation; Holtzman Inkblot Technique; test validity; test reliability, 30400
quality management; Stuttgart-Heidelberg model; active feedback; psychotherapy service provision; outcome evaluation; psychometric tool, 6245
quantitative sensory testing; clinical utility; efficacy; safety; sensory thresholds; neuropathy, 13999
relational evaluation; stimulus equlivalence; symmetry; eqivalence; discrimination task; match-to-sample, 18403
responsiveness assessment; health related quality of life; instrument evaluation; questionnaire development; validity, 21176
Robust Bayesian estimation; hemodynamic response function; event-related BOLD fMRI; functional magnetic resonance imaging; brain; temporal information, 3674
sex offender treatment program; Adult Diagnostic and Treatment Center; reconviction; general prison system, 5728
size comparison; task repetition; strategy evaluation; geometric figures, 24991
social desirability; implicit measures; explicit measures; explicit anxiety; implicit association test; impression management; response factors; anxiety measure, 86
success conditions; school's self-evaluation; European experience; technical models; participating models, 17577
systematic process; psychological services; outcome assessment; evaluation; clinical outcome assessment instruments, 26567
television images; political behavior; politician evaluation; Kennedy-Nixon debate, 13364
unilateral cleft lip; motion analysis system; lip movement;objective measurement; facial appearance; subjective assessment, 17200
valence effects; reasoning; evaluative traits; age groups; age differences; social traits; academic traits; trait-relevant beliefs; inference, 16267
verbal context; olfactory perception; olfactory stimulation; odor hedonic perception; natural odors; synthetic odors; source information; hedonic ratings; olfactory evaluations, 3308
visual analysis procedures; practitioners; clinical change detection; clinical practice evaluation, 27401
web site evaluation; user expectations exploitation; customer expectations; web site design; usability testing, 30293
work environment issues; usability evaluation; ADA-method; computer system analysis; human computer interaction, 54

Evaluation [See Also Course Evaluation, Forensic Evaluation, Geriatric Assessment, Needs Assessment, Peer Evaluation, Personnel Evaluation, Program Evaluation, Psychiatric Evaluation, Risk Assessment, Self Evaluation, Treatment Effectiveness Evaluation, Vocational Evaluation]—Books

Evaluating children's writing: A handbook of grading choices for classroom teachers (2nd ed.), 5882

Evaluation [See Also Course Evaluation, Forensic Evaluation, Geriatric Assessment, Needs Assessment, Peer Evaluation, Personnel Evaluation, Program Evaluation, Psychiatric Evaluation, Risk Assessment, Self Evaluation, Treatment Effectiveness Evaluation, Vocational Evaluation]—Chapters

Community-oriented interventions for conduct disorder: Theoretical progress needing empirical support, 23114
The evaluation of competing approaches with human evolutionary psychology, 21068
Medical intervention and management, 16657
Values and evaluations, 10560

Evaluation (Psychiatric) [See Psychiatric Evaluation]

Evaluation (Treatment Effectiveness) [See Treatment Effectiveness Evaluation]

Evaluation Criteria—Serials

collaborative partnerships; school professionals; acountability; evaluation framework, 12105
genetic & evolutionary computation; development; mobile robot controllers; physical robot; simulated robot; training phase evolution; lifelong adaptation by evolution; evaluation criteria; algorithms, 12388
genetic risk; schizophrenia spectrum personality; neurophysiological markers; schizophrenia risk; generalized estimating equation; eye tracking; patient's relatives; family; diagnostic criteria, 1463
interview guide construction; assessment; rules; structured interviews; interview contents; question formulation; Requirement Profile for In-depth Interviews in Psychological Assessment; evaluation, 24256
mental health professionals; juvenile legal evaluation; legal competency; juvenile competency evaluation; evaluation techniques; commitment criteria; youth client descriptions; legal issues, 33425
National Outcomes Measurement System; managed care; speech-language pathology; resource utilization; Evidence-based practice; American Speech-Language-Hearing Association, 32066
perceived acceptability of behavioural treatments; measure development; psychological interventions; treatment evaluation, 24265
road safety; policy; strategies; qualitative assessment methodology; cluster analysis; autoregression analysis, 30290
segment retention criteria; finite mixture logit model; marketing decisions; latent segment; product design; multinomial choice data; Akaike information criterion; simulation; consumer choice modeling, 24078

sight singing requirements; ratings based large group choral festivals; junior high school; senior high school, 33088
social comparison; social comparison standards; self evaluation, 34637
standard-setting procedures; cut points; content areas; contrasting groups; bookmark assessment system, 21185
telemedicine; health & mental health services; success criteria; rural health needs, 9235
two-dimensional sociometric status determination; algorithm; SSrat technique; childhood play behavior; stability; classification criteria, 33522
usability testing methods; assessment criteria; child characteristics; children, 14981
Evaluation Criteria—Chapters
Drug abuse, 2525
Schizophrenia, 1968
Evangelists—Serials
evangelical christians; counselling; religious behavior, 35603
Evangelical Christians; social work profession; conservative religious; social workers, 4204
Evangelical Christians; social work, 4206
religious fundamentalism; social work; social work; Evangelical Christians, 4207
social work profession; Evangelical Christian; social workers, 5612
social work; Evangelical Christians, 4214
social work; religious beliefs; Evangelical Christians, 4208
social work; social workers; Evangelical Christians; biblical principles; religious beliefs, 4213
Event Related Potentials [See Evoked Potentials]
Evidence Based Medicine [See Evidence Based Practice]
Evidence Based Practice—Serials
child mental health; evidence-based practice; child mental health treatment; outcomes monitoring; clinical skills; treatment planning, 11763
citizenship education; teaching profession; ethical issues; high school; curriculum; evidence-based research, 33004
clinical epidemiology; mental health professionals; evidence-based medicine; quality improvement, 32919
clinical practices; evidence-based practices; addiction treatment; clinicians, 29800
cochrane systematic review; evidence-based research; research process; meta analysis; data processing; technique validity, 33635
communication disorders; evidence-based practice; clinical practice; diagnostic accuracy, 32063
communication sciences and disorders; evidence-based practices; therapeutic and diagnostic procedures, 32067
community mental health; community mental health centers; mental health professionals; mental illnesses; evidence based practice; emotionally disturbed; deinstitutionalization, 32697
comparative social work experiments; evidence-based practice; social work programs; empirical base; social work practice, 29696
development of evidence-based practices; specific; treatment options; methodology; empirically validated treatments, 26216
developmental scholarship; research evidence; social policy; programs; services; policy making; evidence based programming; funding, 34247
eating disorders; anorexia nervosa; bulimia; evidence-based practice; treatment, 35150
efficacy; evidence-based practice; psychological therapy, 11372
epistemological problems; evidence based medicine; clinical judgment, 32620
ethical problems; evidence based medicine; complementary medicine; alternative medicine, 32970
ethics; evidence based medicine; primary health care; patient autonomy; informed consent, 32988
ethics; evidence based surgery; surgical practice, 32990
evidence based medicine; ethics; clinical decision, 32992
evidence based medicine; health care justice; health policy; vulnerable groups, 32673
evidence based medicine; medical care; clinical epidemiological research, 32655
evidence based medicine; medical ethics; philosophical issues, 32965
evidence based medicine; medical guidelines; medical professionalism; public health, 32676
evidence based medicine; psychiatry; medical doctors; treatment resistant; comorbid, 32220
evidence-based medicine; scientific evidence; health care decisions; evidence-based practices; patient satisfaction; mental health care, 11773
evidence-based practice; Clinical Swallowing Examination; aspiration; videofluoroscopic swallowing examination; dysphagia; stroke; clinical practice, 32181
evidence-based practice; information specialists; information technology; health care; evidence-based medicine; patient care; health promotion, 16888
evidence-based practice; practice-based evidence; psychological therapy; research; efficacy; effectiveness; practice; service system, 11369
evidence-based practice; probation work; group-work; supervising probationers; negotiated treatment; history; collaborative approach, 33438
evidence-based practice; strategic approach; decision-making tool; research emergent profession, 32819
evidence-based practice; stroke rehabilitation; research trials; clinical practice; clinical care effectiveness; research knowledge; ethical issues, 17418
evidence-based treatments; community behavioral health care; community mental health; mental illness, 29691
expanded school mental health; program details; mental health care; evidence based approaches; schools; community mental health agencies, 27016
five-phase model; clinical-outcome research; audiology and speech-language pathology; evidence-based practice; treatment efficacy and effectiveness, 32823
health care; evidence-based medicine; evidence-based practice; behavioral health care; psychiatry training; clinical experience; teaching strategies, 12020

psychoanalysis; evil; classroom; debates; Othello; psychic meanings, 13110
Evil—Books
The psychology of good and evil: Why children, adults, and groups help and harm others, 1286
Evoked Potentials [See Also Auditory Evoked Potentials, Cortical Evoked Potentials, Olfactory Evoked Potentials, Somatosensory Evoked Potentials, Visual Evoked Potentials]—Serials
acute pain; neuroplastic changes; hand stimulation; anterior cingulate cortex; laser-evoked potentials; nociceptive input processing; secondary hyperalgesia, 12928
adults; brain activity; dyslexia; electrophysiology; event-related potential; orthographic processing; phonological processing; word reading, 4784
agrammatism; Broca's area; event-related functional magnetic resonance imaging; grammaticality judgments; syntactic traces; Trace Deletion Hypothesis, 862
attention; confidence; recognition memory; familiarity; recollection; event related potentials; divided attention; parietal old/new effect, 21729
attentional blink; working memory; visual presentation; event-related potentials; stimulus presentation; P3; sensory memory, 15656
attentional cueing; Simon effect; spatial attention; event-related potentials; response preparation, 18264
attentional selection; spatial attributes; non spatial attributes; touch; somatosensory processing; event-related potentials; tactile stimuli, 18266
auditory background stimulation; visual brain activity; event-related potentials, 15183
auditory distraction presentation rates; electrophysiological effects; event-related potential; behavioral effects; stimulus occurrence timing; discrimination; tones; stimulus onset asynchrony, 21740
auditory event-related potentials; event related slow-wave; attention deficit disorder hyperactivity disorder; ADHD; children; adolescents; stimulus processing; subtypes; time frequency analysis, 4769
auditory stimuli; language impairment; tone pairs; event-related potentials; cortical responses; rapid tone sequences; brain response; single tone, 35159
behavioral manifestations; sustained attention; neurophysiological correlates; vigilance measurement; brain activity; event related potentials, 24948
block designs; semantic judgment; word frequency effect; brain regions; language; event-related fMRI, 3767
bone thickness; anisotropy; inhomogeneity; electroencephalogram scalp potentials; event-related potentials, 27810
brain maturity; event-related potentials; frontal lobe development; contingent negative variation; error-related negativity; novelty P300 data; electrophysiology, 24740
brain plasticity; psychophysiological treatment; event-related brain potential; attention-deficit hyperactivity disorder; pre-frontal lobes; learning disability; topographic mapping; morphology, 28909
brain potential component N400; stimulus-response compatibility; task overlap; semantic activation, 30852
brain symmetry; lateralized event-related potentials; topographic analysis; lateralized readiness potentials, 6961
caudal cingulate cortex; pain processing; laser evoked potential, 21726
chronic immobility; motor deficits; word processing; amyotrophic lateral sclerosis; tetraplegia; spinal cord injury; event-related brain potentials; visual associations; plasticity; motor associations, 16786
clozapine; NMDA evoked responses; electrically evoked responses; pyramidal cells; rats; medial prefrontal cortex; dopamine, 21886
cognitive event-related brain potentials; drug assessment; drug effects; electroencephalographic measures; alcohol; tobacco; caffeine, 3797
context processing; dorsolateral prefrontal cortex; schizophrenia; cognitive deficits; evoked potentials, 7885
contingent negative variation; two-choice reaction; temporal variation; motor activation, 30908
cross-form conceptual priming; novelty P3; word-sound; sound-word; conceptual repetition, 9910
dentate gyrus; mammalian learning; stereotypical behavior; auditory conditioning; intertrial intervals; hippocampus; spatial behavior; memory, 3714
developmental changes; event related potential; spoken word recognition; early school years, 28064
direct current potential; functional state; metabolic state; brain nervous tissue; bioelectrical parameters; electrical activity, 30902
drug interactions; reaction time; event-related potentials; temazepam; alcohol; P300; attention; processing speed, 3568
dual-task interference; human electrophysiology; psychological refractory period; encoding-speeded response; event-related potential component; lateralized readiness potential; response time, 21725
dyslexia; number-word reading; event-related potentials; lexical access; semantic access; developmental reading problems, 9905
dyslexia; temporoparietal activation; auditory phonetic discrimination; physiological correlates; event related potentials, 1705
electrophysiological correlates; multiplication facts retrieval; electrophysiological activity; stimulus-driven retrieval, 27815
electrophysiological correlates; recognition performance; differential processing; recognition memory; task difficulty; memory; retrieval; age; cue processing; event related potentials, 30900
electrophysiological index; event related potentials; working memory load; humans; working memory-specific n-back tasks, 3793
electrophysiology; attention-deficit disorder; hyperactivity disorder; event-related potential; ERP; ADHD; early preparatory processes; auditory & visual attention systems; frontal inhibition system, 22717
electrophysiology; event-related potentials; automatic early semantic processing; recognition potential, 9913
episodic memory; late posterior negativity; event related potentials; action monitoring; attribute conjunctions, 6605
error related negativity; electroencephalography; errors; error detection; response vs stimulus locked event related potentials; implicit time monitoring; reaction time, 9922
error; event related potentials; functional magnetic resonance imaging; unsuccessful response inhibitons; conflict monitoring, 7061

errorless learning; false memory; memory performance; memory retrieval; learning strategies; evoked potentials; trial and error learning, 21739
event related desynchronization & synchronization; free decisions; fixed movements; bimanual competition; EEG; finger movements; cortex; movement related potentials; involuntary mirror movements, 640
event related oscillations; event related EEG responses; cholinergic muscarinic receptor gene; polymorphisms; linkage; linkage disequilibrium; cognitive processes, 30898
event related potential; ERP; P300; cognitive processing; aging; physical exercise; age differences, 7471
event related potential; novelty response; novelty P3; P300; principle components analysis; localization, 7044
event related potentials; activity distribution; P3a; P3b; topography; scalp changes; age differences; factor analysis; visual 3-stimuli; procrustes rotation; adult lifespan, 12911
event related potentials; conscious & unconscious semantic priming; lexical decision; stimulus onset asynchrony; N400, 7072
event related potentials; executive attention; Madrid Card Sorting Test; task switching; working memory, 15061
event related potentials; grammar; semantics; online semantic & grammatical gender categorization; noun pairs; release vs hold, 7080
event related potentials; impaired reading; letter discrimination; form; rhyme, 1709
event related potentials; lexical identification; word recognition; listeners; mental lexicon; cross-modal word fragment priming, 24729
event related potentials; serial vs parallel sentence processing; interpretations; ambiguity; non-preferred vs ungrammatical continuations, 7055
event related potentials; verb gap identification; verb gap resolution; gapping; time course; sentence processing; sentence comprehension, 24734
event related potentials; words; context; lexical information; sentence level information; reading; sentence comprehension; semantics, 18639
event-induced theta responses; memory; EEG; hippocampus; theta rhythm, 3762
event-related brain potential changes; stroke patients; cognitive impairments; drug administration; cognitive functions; choto-san administration, 15825
event-related brain potentials; pharmacological treatment; schizophrenia; brain structure; neurotransmitters; genetics; psychosis, 19444
event-related potential; auditory sensory processing; schizophrenia; mismatch negativity, 25659
event-related potential; temporal context discrimination; declarative memory; neural correlates; recency judgments; memory retrieval, 24711
event-related potentials; aging; age-related changes; sensory processing; lexical processing; sentence processing; age differences; speech comprehension; language comprehension; sentences; words, 7459
event-related potentials; anxiety; cerebral activity; reaction time; vigilance, 13654
event-related potentials; beginning bilingual students; foreign language learning, 4027
event-related potentials; cognitive information processing; psychophysiological research; clinical studies; higher mammals; neurophysiological research, 571
event-related potentials; coherent representation; language comprehension; semantic information; negative deflection; sentence processing, 7894
event-related potentials; contingent negative variation; time processing; timing capacities; CNV amplitude; temporal accumulator; temporal estimates; positive polarity; time-based decision making, 34091
event-related potentials; ERP; hypnotic state; high hypnotizability; global field power; GFP; cognitive ability; selective attention; hypnosis, 3427
event-related potentials; ERP; visual oddball task; stimuli; epileptic patients; intracerebral electrodes, 8266
event-related potentials; ERPs; auditory processing; phonological priming & detection; semantic priming & detection; N400; semantic judgement; phonological judgment, 15668
event-related potentials; error-related negativity; anterior cingulate cortex; morphology; prefrontal cortex; amplitude; latency, 24726
event-related potentials; multiple brain networks; semantic comprehension; spatiotemporal source analysis, 33981
event-related potentials; neural correlates; recognition memory; emotional valence; source memory; emotional contextual information; pictoral material, 24741
event-related potentials; non-target tones; auditory oddball paradigm; schizophrenia; attention-related change, 16434
event-related potentials; pain; attentional resources; short-term memory, 12913
event-related potentials; physiological correlates; receptive language-switching task; bilingual speakers; parietal areas; frontal area, 24683
event-related potentials; schematic faces; adults; children, 10184
event-related potentials; semantic information processing; emotional facial expressions; cognitive psychology; cognitive process; semantic attribution; linguistics; N400; expectancy violation, 3408
event-related potentials; word spellings; altered letter; case-altered forms; brain, 34065
evoked potentials; auditory movement sensation; duplex perception; binaural hearing; sensation processingl; motion perception; sound movement, 7058
evoked responses; adverse early experiences; stress; hippocampus; rat; neurobiology; vulnerability; evoked responses; repeated platform exposure, 27792
extraversion; response organization; lateralized readiness potentials; stimulus analysis; peripheral motor processes; event-related potentials, 18649
face perception; N170; familiar faces; unfamiliar faces; event related potentials; repetition, 3781
face recognition memory; configural processing; event-related potentials; child and adolescent development; upright, inverted and contrast-reversed faces; age effects, 18641
face-sensitive event-related potentials; face processing; face recognition; encoding; memory, 10176
facial emotional expressions; basic emotions; event related potentials; implicit processing; timing; brain regions, 7034
facial memory; slow wave amplitude; event-related potentials; facial expression; working memory; brain; mood-congruent memory bias; major depression, 34820
facilitated processing; emotional pictures; non-emotional attention task; processing sustainment; attention; emotion; event related potentials, 7077
foreground stimuli; background stimuli; brain responses; event-related potentials; recognition; memory; prior exposure; visual objects; landscape scenes; stimulus context; fMRI, 648
fragile X syndrome; attention switching problem; event-related electrical potentials; human females; cognitive deficits, 22796
frontal cortex; simple reaction-time; reaction-time task; stimulus onset; event-related potentials; temporal discrimination; discrimination task; choice procedure; signal durations; time perception, 3691
frontal deficits; alcoholism; evoked potential; cognitive impairment, 22679
functional event-related potential; temporal processing; frequency processing, 3773
genetics; cognitive processes; distraction; event-related potential; slow wave; working-memory, 34278
go-nogo task; event-related potentials; somatosensory stimulation, 27819
greater impairment; positive stimuli; healthy control subjects; event-related potentials; neurobehavioral studies; schizophrenia patients; facial photographs; emotional targets; facial emotion, 7858
heat pain threshold; cerebral event-related potentials; laser stimulation; chronic tension-type headache, 8119
human brain; laser evoked potential; thermoreceptors; nociceptors; event-related potential; deviant stimuli; involuntary attention shift, 9855
human lateral premotor cortex; evoked potentials; visuomotor control; physiological correlates; epilepsy patients; paired visual stimuli; signal perception; motor execution, 16796
imaging; functional MRI; evoked-response potential; speech perception; speech processing; psychophysics, 9618
immediate vs delayed error detection & correction; semantic retrieval; event related potentials; negative vs positive feedback; metamemory mismatch; hypercorrection effect, 7039
information processing; differential sensitivity; response-time measures; cognitive processing; attention allocation; selective attention; stimuli relative; attentional resources; P300; cues, 18415
inhibitory motor control; motor response; attention-deficit hyperactivity disorder; neural deficiencies; event-related potentials; inhibitory performance; disordered children, 8053
intelligence related differences; brain activity; event-related desynchronization; event related synchronization; alpha bands; theta bands; memory; neural networks, 12847
language lateralization; joke comprehension; handedness; event-related brain potentials; anterior electrode sites; language representation; hemispheric asymmetries, 21497
late positive component; LPC; event related potentials; ERPs; brain; truth; deception; response conflict; strategic monitoring; response time; episodic memory, 9915
lateralized readiness potential; reaction time; event related potential; task processing; task switching; task cueing; stimulus-locked; response-locked; switch cost, 3778
learning; working memory; induced brain activity; intelligence; event-related desynchronization; EEG, 12914
license polarity; licensing costs; semantic integration; event-related brain potentials, 28012
magnetoencephalography; dipoles; evoked potentials; electrical activity; cranial volume; magnetic flux; dementia, 12910
magnetoencephalography; movement preparation processes; auditory precues; event-related desynchronization; ipsi vs contralateral motor responses; sensorimotor cortex; spatial precues, 7056
meaning; pronounciation; decision-making; attention; graphic cs phonological vs semantic word relations; event related potentials; ERPs; Chinese words, 643
memory effects; syntactic evoked potential; sentence processing; grammatical violations, 24514
mental representations; numbers; stimulus modality; event-related potentials; auditory stimulus; visual stimulus; mental addition, 18651
mirrored stimuli; rotated mirror; event-related brain potential; delayed response; mental rotation; normal letter discriminations; mirror-reversed form, 18283
mismatch negativity measurement; event-related potential; alternative baseline measure, 15677
mismatch negativity potentials; cognitive impairment; schizophrenia; cognitive status; event-related potentials, 28681
morphological decomposition; word formation; brain response; complex words; real words; event-related potentials; non-words; non-productive bound stem; prefix; morphemes; pronounceable, 15869
motor performance; event-related brain potentials; attention processes; table tennis players; visual attention; reaction time; directional cues; motor readiness, 27130
movement control; EEG potentials; lateralized readiness potential; Bereitschaftspotential; BP; contingent negative variation; CNV; neurological patients; Parkinsons; amyotrophic lateral sclerosis, 35329
movement preparation; prime information; reaction time costs; response signals; motoric processing time; lateralized readiness potential, 589
multidimensional rules; unidimensional rules; event-related potentials; declarative memory; rule instruction; categorization; physiological correlates, 30716
neural generators; event related potentials; brain regions; P300 potential; cortical generators; time-course, 30901
neural processing; event-related brain potentials; auditory speech; visual speech; audiovisual speech perception; vowels; phonetic congruence, 9916
neural responses; speech sounds; central auditory system; evoked potentials, 9917
neural timing; visual implicit categorization; visual category-specific activations; categorization dynamics; visual perception, 3796
NMDA receptor antagonist; ketamine; schizophrenia; working memory; event-related potentials, 1461
non-phase-locked gamma synchronization response; saccadic eye movements; event-related response, 15671
numerical sequences; linguistic syntactic structure; syntax; rule-governed anomalies; arithmetic rules; P600; neurophysiology, 18595
online processing difficulties; German word order variation; grammatical principles; datives vs subjects; evoked potentials, 3765
online processing difficulties; German word order variation; grammatical principles; datives vs subjects; evoked potentials, 3783
online processing difficulties; German word order variation; grammatical principles; datives vs subjects; evoked potentials, 3784
P300 rebound; short oddball paradigms; attentional salience; habituation; working memory, 30903
parsing; event related potentials; Spanish; sentence processing; ambiguous relative clauses; attachment resolution; noun phrases, 24659
peak-to-peak amplitudes; event-related potential; deception detection; scalp distributions; university students; honest responses; frontal sites; oddball tasks; psychopathic personality trait groups, 24737
pervasive developmental disorders; processing capacity; event-related potentials; P3 amplitudes, 25949
phonetic change detection; vowel difference; Finnish vs Hungarian language context; bilingualism; speech processing; event related potentials; deviance detection; mismatch negativity, 7084
phonological encoding; time course; speech production planning; event related potentials; metrical encoding; syllabification; stress pattern; syllables; psycholinguistics; internal monitoring, 7073
physical activity; pattern-reversal evoked-potential; sensory processes; peak-to-peak amplitudes; age; gender, 7461

pitch; lexical identification; spoken word recognition; ERPs, 27730
predictive validity; event-related potentials; directed forgetting effects, 27821
preserved auditory cognitive event-related potentials; akinetic mutism; anterior cingulate cortices; motor areas, 22979
prosodic information; negative component; on-line processing; brain potentials; prosodic processing; semantic processing; French, 18310
prosody; lexical-semantics; event-related potentials; affective message, 34096
psychophysiology; processing stages; warning signal; information; reaction time; event related potentials, 7129
recency discrimination; event-related brain potentials; long retention intervals; discrimination tasks; recognition memory; retention interval; memory; familiarity; recollection; time, 18634
recognition memory; high-frequency words; low-frequency words; normal readers; dyslexic readers; event-related brain potentials; word processing, 4789
recognition memory; normal adults; dyslexic readers; event-related brain potentials, 8076
repetition effects; memory representations; famous faces; differential involvement; episodic representation; face representation, 12915
repetition priming; familiar personal names; N200; N250r; N400; event related potentials; familiarity; same vs different font primes; face perception, 645
response inhibition; obsessive compulsive disorder; brain electrical activity, 1520
retrieval processes; retrieval effort; retrieval orientation; electrophysiological indices; event related potentials, 30711
right hemisphere; electrophysiological correlates; event-related potentials; episodic retrieval; memory retrieval; episodic memory; exclusion task; response time demands, 18411
schizophrenia; face processing dysfunction; early stage dysfunction; N170 amplitude; event-related potentials, 25637
schizophrenia; semantic priming; event-related brain potentials; language disorder; N400; haloperidol; attention; semantic memory, 7863
schizophrenic patients; low resolution electromagnetic tomography; anterior cingulate cortex; event-related potentials; brain electrical dysfunction, 1471
semantic processing; words; cognitive resources; N400; event related potentials; right hemisphere; semantic complexity level; female adults, 7064
semantic relatedness; event-related potentials; semantic priming; noun processing; verb processing; word recognition; naming, 3785
signal changes; subcortical regions; cortical regions; time course; fMRI; integrated object; eeg oscillations; brodmann area; hybrid model; time course, 3663
slow potentials; anticipatory behavior; future directed behavior; readiness potential; contingent negative variation; Parkinson's disease; brain stimulation, 34086
somatosensory event-related brain potentials; ERPs; spatial distribution; tactile attention; selective attention, 7045
source localization; EEG; event-related potentials; distractor condition; global field power; anterior cingulum; target processing; parietal lobe; insula; cortical networks sources; temporal lobe, 24679
spatiotemporal differences; cognitive processes; event-related potentials; luminance; spatial frequency; visual stimuli, 18297
spinal muscular atrophy; visual & brainstem & somatosensory evoked potentials; age differences, 8114
spinal NMDA-receptor; amplification; nociceptive transmission; primary somatosensory cortex; rats; evoked potentials, 6917
state dependent changes; error monitoring; schizophrenia; event related potentials; error negativity; error-related negativity; error positivity; response negativity; response positivity, 19423
stimuli discrimination; visual features; event-related potentials, 10212
stimulus analysis; response organization; Contingent Negative Variation; extraversion; cognitive information processing; motor preparation; event related potentials, 15710
stress patterns; event-related potentials; discrimination; language acquisition; rhythmic properties; mismatch negativity; prosody; early infant perception; language; syllables; electrophysiology, 18876
stroop task; executive control; event-related potential; task execution; brain activation; prefontal cortex, 18585
subconcious face recognition; brain responses; event-related responses; subthreshold stimulation; suprathreshold stimulation; facial figures; non-facial figures, 6907
substance dependence; family history; major depressive episode; alcohol dependence; females; P300 event-related potentials, 1424
superior temporal gyrus; P300; schizophrenia; magnetic resonance imaging; gray matter volume reductions; topographic asymmetry; event-related potentials, 16438
synaptic input timing; neuronal properties; motor neuron synchronization; active dendritic conductances, 27799
task-related activity; verbal material; item-related activity; event-related potential; recognition paradigm; retrieval processes; encoding; episodic memory, 3764
temperament-related differences; reaction time; augmenting-reducing; cognitive processes; stimulation; cortical attenuation, 24765
temporal organization; covert motor processes; response selection; response preparation; movement related brain potential; reaction time, 7135
test modality; source monitoring; event-related potentials; source memory, 422
theta oscillations; alpha oscillations; memory performance; evoked oscillations; event-related potential; oscillatory phase; P1-N1 complex, 21733
ventral anterior insula; human facial emotional expressions; temporal lobe epilepsy; disgust recognition; disgust processing; attention modulated response; intracerebral event-related potentials, 22965
very low birth weight; prematurity; event related potentials; attention deficit disorder with hyperactivity; attention deficit disorder without hyperactivity, 13794
vestibular evoked myogenic potentials; unilateral acoustic neuroma; patients; clicks; short tone burst; acoustic neuroma diagnosis, 8347
vestibular neuritis; vestibular nerve; lesions site; vestibular evoked myogenic potential; labyrinth; vestibular neurolabyrinthitis; taxonomies, 6900
vestibular neuritis; vestibular nerve; lesions site; vestibular evoked myogenic potential; labyrinth; vestibular neurolabyrinthitis; taxonomies, 6955
vibratory sense evaluation; neurologic evaluation; tendon reflexes; sensory nerve conduction; sensory exam, 27774
visual completion; event-related potentials; brain; 3D forms; conflict processing; paired visual stimuli, 3807
visual information processing; craving; evoked potentials; heroin dependence, 3895
word fragment; electrophysiological correlates; event-related brain potentials; serial visual presentation; semantic priming; repetition blindness; illusory words; processing level, 18257
word repetition; discourse context; lexical repetition; language processing; coreferential processing; repeated names; event-related potentials, 24710
working memory; involuntary attention; auditory distraction; event-related brain potentials, 15324
young children; autism; atypical brain responses; fearful facial expressions; neutral facial expressions; emotion; impaired emotion perception, 25944

Evoked Potentials [See Also Auditory Evoked Potentials, Cortical Evoked Potentials, Olfactory Evoked Potentials, Somatosensory Evoked Potentials, Visual Evoked Potentials]—Chapters

Language in microvolts, 15681

Evolution (Theory of) [See Theory of Evolution]

Evolutionary Psychology—Serials

adaptationism; biopsychosocial approach; Darwinian psychiatry; Evolutionary Psychology; evolutionary psychopathology; psychopathology, 4509
adolescent romantic relations; sexuality; evolutionary perspectives; research; sex differences; behavior; competitiveness; mate selection; pair bonding, 10246
adolescent romantic relations; sexuality; evolutionary perspectives; research; sex differences; behavior; competitiveness; mate selection; pair bonding, 10270
brown capuchin monkey; evolution of cooperation; inequity aversion; reward, 453
clinical psychology; evolution; psychotherapy; personology; psychopathology, 14048
clinical psychology; evolution; psychotherapy; personology; psychopathology, 1939
cognitive evolution; phylogenetic construction & inflection; natural selection; language; imprinting; spatial memory; ontogenetic construction & inflection; face recognition; theory of mind; imitation, 372
depression; evolutionary origins; cognitive impairment, 34840
domain mismatch; scruffy engineering; exaptation; spandrels; evolutionary psychology; human minds; psychological adaptations; environments, 21519
domestic violence; female reproductive status; male initiated violence; evolutionary perspective, 28800
evolutionary perspective; cooperative hunting groups; Indonesia; biological kinship; whale hunters, 4339
evolutionary psychology; sociobiology; cross-cultural research; race; behavior, 1080
genes; cultures; behavioral phenome; evolutionary psychology; behavioral genetics; human behavior; human genome; Pleistocene; heritability; human behavioral phenome; brain; environment, 12785
human kinship; psychology of kinship; terminology; cross-cultural variation; kin classification; social cognition; social rank; group membership; innate schemas of genealogical distance, 1073
human kinship; psychology of kinship; terminology; kin classification; social cognition; schemas; Optimality Theory; language, 1072
natural history; counselling psychology; psychological factors; physicality & embodiment; physical proximity; relatedness; death & dangers; natural science; nature of Being; emotion, 23144
natural selection; Jerry Fodor; evolutionary psychology; gradualism; saltationism; human mind; evolution; mutations; adapted minds; adaptationis; human cognition, 3578
Pavlovian conditioning, information approach; evolutionary integration; trends; information-seeking; operant conditioning; preexposure; sensory preconditioning; exposure learning, 33940
speech; speech origin; verbal communication; communication evolution; language development, 18864
sperm competition; egg fertilization; cockerels; ejaculation; animal mating behavior; animal mate selection; genes, 6703

Evolutionary Psychology—Books

Evolutionary psychology: Alternative approaches, 21064
Sleep and dreaming: Scientific advances and reconsiderations, 18430

Evolutionary Psychology—Chapters

Adaptationism and psychological explanation, 21070
Dancing in the dark: Evolutionary psychology and the argument from design, 21074
The evaluation of competing approaches with human evolutionary psychology, 21068
Evolution, morality, and human potential, 21075
Evolutionary psychology and artificial life, 21071
Evolutionary psychology and the information-processing model of cognition, 21069
Evolutionary psychology, 14955
Human triangles: Genes, sex and economics in human evolution, 21067
Is our fate in our genes? Behavior genetics, 15469
Modules, brain parts, and evolutionary psychology, 21065
Nature read in truth and flaw: Locating alternatives in evolutionary psychology, 21073
The optimal number of fathers: Evolution, demography, and history in the shaping of female mate preferences, 22264
The reinterpretation of dreams: An evolutionary hypothesis of the function of dreaming, 18432
Repeated assembly: Prospects for saying what we mean, 21066
Toward a developmental evolutionary psychology: Genes, development, and the evolution of human cognitive architecture, 21072

Exceptional Children (Gifted) [See Gifted]

Exceptional Children (Handicapped) [See Disorders]

Excitation (Physiological) [See Physiological Arousal]

Excretion [See Also Defecation, Urination]—Serials

breast milk; olanzapine; breastfeeding; psychotic disorders, 11460

Executive Functioning [See Cognitive Ability]

Executives [See Top Level Managers]

Exercise [See Also Aerobic Exercise, Weightlifting, Yoga]—Serials

abdominal fat reduction; exercise induced weight loss; young obese men; body fat; fat free mass; fat mass, 23453
ad lib wheel access; wheel running; weight gain; feeding suppression; drinking; body weight; amount of running; young adult male rats, 3812
adolescent exercise behavior; sport participation; motivation; transtheoretical model, 6086
affect; exercise self-efficacy; at-risk performers; high risk performers; older adults, 8685
African American women; self-determination; exercise behavior; health risk factor, 35686
African-American physicians; Caucasian physicians; hypertension risk; physician knowledge; cardiovascular risk factors; exercise pattern, 8185
age differences; physical activity; depressive symptoms; older adults; middle aged adults; psychological well-being, 25556
anaerobic lactate threshold; plasma catecholamines; hereditary spastic paraparesis; lower limb muscle chronic hyperactivity; incremental exercise, 8308
anticipated running distance; perceived exertion; attentional focus; teleoanticipatory mechanisms; expected exercise duration, 24406
at risk population; recruitment strategies; exercise; physical disability; study participants; exercise programs; elderly adults, 6443
athletic identity; exercise behavior; physical activity; Athletic Identity Questionnaire; scale development; test validity, 18075

basal serum levels; nerve growth factor; acute exercise; multiple sclerosis; brain-derived neurotrophic factor; neuronal repair; neuronal plasticity; patients, 16764
behavioral beliefs; theory of planned behavior; exercise behavior; older women; perceived control beliefs; exercise intention; normative beliefs, 17215
behavioral intentions; physical exercise; orthopedic rehabilitation patients; patient beliefs, 35851
behavioral intervention; varicella-zoster virus; psychoneuroimmunology; health functioning; shingles, 2337
Behavioural Regulation in Exercise Questionnaire; factorial validity; amotivation; BREQ-2, 24175
body composition; weight loss; exercise prescription; treatment effects; strength training; obesity prevention; fat-free mass; women, 5505
body satisfaction; physical activity; sedentary activities; weight-related disorders; sex differences, 28123
body weight; short term prefeeding; wheel running; physical activity; food supply; motivation; rats, 27604
cardiac rehabiliation; cross-lagged effects; self efficacy; early treatment changes; diet; exercies habits; behavior change; outcomes, 32751
cardiopulmonary functions; metabolic functions; muscular functions; exercise; myopathies; fatigue; sports physicians; workload; mitochondrial myopathy, 7114
cardiovascular exercise; older women; resistance exercise; physiological change; psychological change, 35661
cardiovascular system; exercise; emotional stress; body phobia; cognitive behavioral treatment; body consciousness; heart rate; schizophrenic disorder; sensory feedback; inkblot, 16352
central fatigue; neuromuscular fatigue; magnetic stimulation; motor cortex; tetanic mechanogram; exercise, 6835
childhood depressive symptoms; physical activity; health related fitness; sports, 7848
childhood obesity; young children; prevention measures; physical activity; medical challenge; medical professionals; health implications; metabolic disease; risk factors; nutrition; genetics, 16566
childhood physical activity; adolescent physical activity; adult physical activity attitudes; physical activity perceptions; adult physical activity behavior, 17921
chronic musculoskeletal pain; exercise attitudes; self efficacy; physical activity; exercise beliefs; older adults, 8144
chronic obstructive pulmonary disease; exercise intervention; 1 year outcomes; cognitive ability; psychological well being; treatment compliance; cognitive decline, 5419
chronic obstructive pulmonary disease; health-related quality; resistance training; exercise training; rehabilitation programs, 35856
cognitive performance; health; mental activity; physical activity; old age, 3363
cognitive variables; learning oriented climate; physical activity intention; self-regulation; confidence-efficacy; attention-concentration; willingness to engage; strategy to use, 23908
commercial exercise video models; women; self-presentational efficacy; exercise task self-efficacy, 13134
competitive runners; physical activity; physical performance; motives; exercise dependence; gender difference, 11720
concurrent validation; OMNI perceived exertion scale; resistance exercise; concurrent validity; OMNI-Resistance Exercise Scale; knee extension; biceps curls; gender, 21104
cortico-motoneuron excitability; Parkinson's disease; levodopa; cortico-monteneuron abnormality; fatiguing exercise; repetitive isometric wrist extension; motor evoked potentials, 17058
diet change; physical activity; body weight; self efficacy; alcohol consumption; life transitions; females; college freshmen; relocation; diet quality, 35664
dyspnea; psychological processes; emotional states; heavy labor; exercise, 35180
endurance exercise; cognitive ability; prefrontal-dependent cognition; transient hypofrontality hypothesis, 30662
endurance exercises; perceived exertion; physiological mediators; ultramarathon; carbohyderate ingestion; perceptual responses; competitive sporting event, 9159
energy intake; physical activity; short-term smoking abstinence; postmenopausal women; weight gain, 32757
environmental interventions; population levels; physical activity; environmental strategies; public health, 14333
environmental interventions; walking; cycling; physical activity; health promotion; Rail Trail, 14336
erectile dysfunction; obese men; lifestyle changes; endothelial function; body weight; physical activity, 29557
erectile dysfunction; obese men; lifestyle changes; endothelial function; body weight; physical activity, 29516
event related potential; ERP; P300; cognitive processing; aging; physical exercise; age differences, 7471
exercise adherence; body fat; motivation; exercise consistency; exercise program; weight loss; reversal theory; individually tailored intervention, 11686
exercise adherence; body fat; motivation; reversal theory; exercise consistency; exercise program; weight loss; body weight; tailored intervention; individualized exercise prescription, 11718
exercise adherence; body fat; motivation; reversal theory; exercise consistency; exercise program; weight loss; individualized tailored intervention, 11719
exercise adherence; body fat; motivation; reversal theory; exercise consistency; exercise program; weight loss; individualized tailored intervention, 11687
exercise adherence; body fat; motivation; reversal theory; exercise consistency; exercise program; weight loss; individually tailored intervention, 11748
exercise attitudes; health benefits perceptions; exercise rewards; physical performance level; vigorous exercisers; non-vigorous exercisers; older adults, 8663
exercise behavior; exercise regulations; physical fitness; self-determination theory; motivational consequences; psychological need satisfaction; exercise program, 14348
exercise behavior; older adults; behavior change; transtheoretical model; social cognitive theory; health status; self-efficacy; outcome expectations, 22127
exercise behavior; pregnancy; exercise intention, 31381
exercise counselling; family physician; Canadian physicians; physical fitness, 5488
exercise dependence characteristics; physically active women; quality of life, 11721
exercise dependence; symptoms; personality; exercise behavior, 22337
exercise imagery; transtheoretical model; motivational purposes; stages of change, 33827
exercise motivation; cancer survivors; exercise program adherence, 19909
exercise motivators; exercise barriers; demographic variables; health; functional performance; older adults, 8664
exercise psychology; self-concept; self-efficacy; motivation; moods; affects; sports psychology, 24058
exercise tools; multiple disabilities; automatically delivered simulation; activity; mood; happiness, 25477
exercise training program; physical fitness; Down syndrome; adults; program effectiveness, 19801
exercise training; quality of life; well being; immune status; cardiopulmonary fitness; HIV-1 positive population, 8590
exercise trials; stroke; treatment outcomes, 23604
exercise; anticipated regret; prediction; intention; health-enhancing behavior; Theory of Planned Behavior, 26518
exercise; antidepressant treatment; brain-derived neurotrophic factor; Ribonucleic Acid; aging brain; hippocampus, 12834
exercise; fitness program; adults; developmental disabilities; case report; group intervention; inclusion practices, 32577
exercise; leukocyte subsets; psychological stress; physical stress; CD62L, 19862
exercise; mental health care intervention; mental health; well-being, 32507
exercise; mood changes; gender; exertion level; workout duration, 29555
exercise; panic; agoraphobia; primary care; cognitive behavior therapy, 32304
exercise; quality of life, 4430
exercising; health; semi-structured interviews; motivation; older adults; Theory of Planned Behavior; Rubicon Model, 33318
factor structure; factorial integrity; composition; Self-Presentation in Exercise Questionnaire, 12462
fasting; mice; torpor; resting energy expenditure; fat depletion; conjugated linoleic acid, 34099
fatiguing illness; gulf war vetrans; chronic fatigue syndrome; CFS; exercise capacity, 22795
feeling states; affect structure; phenomenology; scale development; exercise; Exercise-induced Feeling Inventory, 21085
fitness training; depressed patients; exercise effect; intra-individual methodology, 23323
future intrinsic & extrinsic goal framing; self-determination theory; future time perspective theory; effort; autonomy; exercise; motivation; performance; persistence; sport club membership, 25073
goal orientation; self-efficacy; exercisers; coping behavior; ego orientation, 31561
health behavior; diet; physical activity; childhood development; sex differences; Interaction Model of Client Health Behavior; parental health characteristics, 29554
health belief model; transtheoretical model; physical activity; African-American college women, 35680
health-related quality of life; obesity; dietary controls; exercise; mental health, 14327
hippocampal neurogenesis enhancement; running wheel exercise; NMDA receptor epsilon 1 subunit; wild-type mice; brain derived neurotophic factor; environmental stimuli, 12853
hormone-replacement therapy; HRT; physical activity; aging; health; U.S women; physical inactivity; non-Hispanic White women; Black women; Mexican American; postmenopausal women, 5408
humour; exercise; mood; anxiety; psychological distress; psychological changes, 2977
inducible syncope; isometric exercise; anorexia nervosa, 22761
intellectual disability; physical conditions; behavioral conditions; intervention; day habilitation, 32598
interaction torque; muscle torque; angular velocity; kinetic mechanism; proximal joint; shoulder muscle; central nervous system, 21312
interdisciplinary approach; obesity; cognitive-behavioral-nutritional therapy; physical exercise; body weight; relaxation; psychosocial difficulties, 23167
isolated heart responsiveness; stimulation; exercise training; obesity; health benefits; heart function; systolic contractile, 21751
isometric contractions; muscle contractions; gender differences; power function; knee flexor torque; perceived exertion, 9629
leisure-time; physical activity; cultural differences; Mexican-Americans; elderly attitudes, 10286
leisure; cognition; intellectual activities; physical exercise; social activities; age rate; cognitive decline; younger adulthood, 24060
life stress; physical activity intervention, 29528
lifespan approach; women; appearance concern; body control; exercise; food regulation, 22345
lipids; immune cells; exercise; mental stress; coronary artery disease; adjustment; plasma volume, 16716
metamotivational characteristics; secondary exercise dependence; primary exercise dependence; eating disorders; amateur sport participants; Reversal Theory, 22760
moderate physical activity assessment; self-reported adherence; activity levels; activity participation; conditioning activities; walking exercise; African Americans; Native Americans; Caucasians, 9160
mood enhancement; exercise; distraction; college students, 6095
mothers; daughters; physical exercise; community-based physical activity; home-based physical activity; health-related fitness; physical activity interventions; physical activity programs, 23460
motivation; physical activity; leisure time; youths, 25004
motivational music; work output; affective response; submaximal cycling; exercise; in-exercise affective states, 27141
motivational readiness; physical activity; algorithms; classification; attitudes; perceived behavioral control; intention; behavior; stage of change; Transtheoretical Model, 26526
multi-intervention program; exercise; social support; postnatal depression; mothers, 5369
multiple disabilities; favorite stimuli; behavior; treadmill; physical activity; physical fitness; exercise equipment; self-determination; initiative, 29204
multiple health behavior change; single health behavior; physical activity; nutrition; randomized controlled trial; health benefits; adolescents, 20520
muscle fatigue; muscle sympathetic nerve activity; muscle contractions; muscle chemoreceptor discharge; physical exercise, 6855
music type; running perseverance; sensations; perceived exertion; heart rate; runners; physical exertion; dissociative technique; motivational technique, 24042
neural networks; connectionist; intention; exercise; theory of planned behavior; beliefs; attitudes, 2342
numerical response scales; measurement; regular exercisers; self-reported exercise frequency, 9454
nutritional practices; exercise behavior; exercise habits; Air Force men; group fitness treatment; positive diet adoption; body weight; body fat, 5511
nycthemeral variation; physical vigor; fitness club members; intra-aural temperature; memory task performance; strength-training machine; Circadian rhythm, 21768
obesity; government; health care policy; exercise; lifestyle, 32090
obesity; overweight; Taiwan; physical activity; alcohol consumption; aborigines; metabolic equivalent; MET, 4805
park settings; urban settings; exercise; mood; feeling states; cognitive strategies; exercise environment; females, 6093
patient education; graded exercise; chronic fatigue syndrome; educational intervention, 29550
pedometer; physical activity program; older adults; mobility-related self-efficacy; physical performance, 32582
perceived exertion; test validity; resistance exercise; health care, 35672
perceived locus of causality; self-determination; perceived competence; behavioral intentions; sports; exercise; physical education; motivation, 2970

personality traits; theory of planned behavior; social cognitive influences; exercise; activity trait, 33320
personality; self-determination; exercise behavior; personality traits; health related behaviors; intrinsic regulation; external regulation, 25357
physical activities; participation; self perception; socioeconomic factors; health factors; life-style, 29517
physical activity behavior; motivators; motivation; appearance-based exercise advertising; televised health promotion; social physique anxiety; self-presentation; exercise attitudes; health condition, 20497
physical activity intervention; blue-collar employees; peer leaders; professional leaders; energy expenditure; self-efficacy, 8666
physical activity intervention; physical activity promotion; Transtheoretical Model; low-income mothers; exercise; health promotion; WIC program; behavior change, 20507
physical activity promotion program; delivery agents; physical activity characteristics; community implementation; self-efficacy, 35996
physical activity; African American; American Indian; sociocultural issues; activity behaviors; cultural values; minority women; social support, 23429
physical activity; developments; health promotion; disease prevention; physical & mental health, 5482
physical activity; exercise attire; older women; exercise group attitudes; self-presentational efficacy; social physique anxiety; psychosocial health, 13277
physical activity; fat intake; middle school students; environmental interventions; nutrition interventions; low-fat foods; classroom health education; social marketing interventions, 5502
physical activity; gender differences; older children; adolescents; organized sport; leisure time physical activity, 6079
physical activity; immunity; HIV infection; viral load; disease progression; symptom severity; CD4+ cell count, 26081
physical activity; mental retardation; physical activity patterns; adolescents; motivation; fitness levels; caregivers, 11102
physical activity; nutrition education; motivational factors; health status; educational modules development; healthy eating; immigrant older adults; teaching modules, 8667
physical activity; pattern-reversal evoked-potential; sensory processes; peak-to-peak amplitudes; age; gender, 7461
physical activity; psychological well-being; exercise; depression; mental health, 19371
physical activity; psychological well-being; health; university freshmen; students; high school; transition phase, 35663
physical education; classroom motivational climate; student attitudes; individual goal orientations; intrinsic motivation; physical self-concept; exercise intentions, 20864
physical education; perceived locus of causality; perceived autonomy support; leisure time physical activity intentions & behavior; students; motivation; trans-contextual model; planned behavior, 2816
physical exercise habits; adult outpatients; Brazil; epilepsy; physical training; physical activities; sports; sports participation; epileptic seizures, 1827
physical exercise; bodily changes; exercise attitudes; self-efficacy; exercise motivation; well being, 34648
physical exercise; physical self-concept; children, 31246
physical exercise; psychosocial characteristics; community based exercise program; physical activity; older adults, 13273
physical exercise; respiratory system; cardiovascular system, 21775
physical fitness; physical activity; human females; obesity predisposition; parental characteristics, 29568
physical functioning; disability risk; functional limitations; disability prevention; exercise interventions; at-risk population; older adults, 8668
predictive model; exercise behavior; elderly; self-efficacy, 17251
preferred exercise mode; emotion; affective responses; adult participants; exercise choice; psychological benefits; cycle ergometry, 9156
Proxy Efficacy Exercise Questionnaire; Instrument Development; female exercisers; proxy efficacy beliefs; structured group exercise, 33465
proxy efficacy; exercise self efficacy; cardiac rehabilitation; exercise intentions; rehabilitation program attendance, 11878
psychological factors; biological factors; physical activity; exercise behavior; Filipino students; motivational orientation; gender differences; body weight, 20518
psychosocial correlates; physical activity; psychosocial outcomes; self-efficacy; social support; perceived barriers; Latinos, 23450
quality of life; adult cancer survivors; absolute amount of exercise; change in exercise, 14313
race; ethnicity; sexual orientation; sport psychology; exercise psychology; research, 27122
regular physical activity; exercise; health-related quality of life; health outcomes, 14316
resistance exercise; cortisol; pain; heart rate; rating of perceived exertion; physiological adjustment; concentric contraction; eccentric contraction; lactate, 15688
resistance training; aging; postmenopausal women; body composition; balance; strength, 8688
self efficacy; physical activity intervention; obese women; behavior change theory; health attitudes; cardiorespiratory fitness; health behavior, 11700
self efficay; physical activity patterns; fibromyalgia patients; psychosocial predictors; social influence; attitudes; intention; behavior; motivating physical activity; prospective predictors, 11138
self presentation; self-handicapping strategy; structured exercise; unstructured exercise; Self-Handicapping Exercise Questionnaire; SHEQ; test development, 64
self-perceptions; exercise behavior; middle-aged women; cognitive processes; exercise decisions; possible selves; self-regulatory mechanisms; self-efficacy; outcome expectancy; exercise intervention, 4437
self-presentational efficacy; social anxiety; exercising; exercisers; physical activity; body image; physique; physical appearance, 25346
self-presentational processes; self presentation; physical activity; exercise behavior; motivation, 14805
self-set goals; assigned goals; exerciser self-efficacy; task unfamiliarity; self-confidence, 34667
serum basic fibroblast growth factor levels; Japanese men; overweight; exercise education; vascular endothelial growth factor; body mass index, 8691
slow component; high intensity exercise; aerobic exercise; blood lactate; oxygen uptake; power output; heart rate, 9626
Social Provisions Scale; physical activity; test validity; test reliability; psychometrics, 30372
social system; socio-economic conditions; cultural development; science; researchers; practitioners; sport psychology; excercise psychology, 24057
soleus H-reflex; moderate intensity exercise; state anxiety; males; caffeine, 13046
spatial learning; voluntary exercise; hippocampus; neurogenesis; wheel running; motor behavior; selectively-bred mice; maze learning, 617
spatial learning; voluntary exercise; hippocampus; neurogenesis; wheel running; motor behavior; selectively-bred mice; maze learning, 18551
sport psychology; exercise psychology; reliability; validity; employee selection; student achievement; emotional states; mental states; athletes; excersiers; diagnostic tools, 24043
sport psychology; physical activity; elderly; adolescence; preferences, 20965
stages of change; behavioral triggers; behavioral barriers; moderate physical activity, 17258
Tai Chi Chuan; traditional Chinese exercise; balance; cardiorespiratory functions; blood pressure; elderly; fall prevention, 29570
Tai Chi; low-impact exercise; elderly adults; mobility challenges; physical impairments; postural control; body-limb rotational movements; functional impairments; balance, 8681
Tai Chi; older adults; line-dancing; dropout patterns; fitness; health; experience level; perceived ease of learning; past experience; expectations, 4175
test validity; test reliability; Rating of Perceived Exertion scale; continuous incremental cycle ergometry, 33471
traumatic brain injury; brain injury rehabilitation; sit-to-stand training; sit-to-stand performance; motor performance; exercise capacity, 2485
treadmill; exercise; patients; epilepsy; safety; epileptic seizures; safety devices, 1836
undergraduate students; exercise interventions; ethnicity; planned behavior theory; Caucasians; African Americans; exercise intention; gender differences, 11693
vigorous physical activity; health beliefs; psychological characteristics; activity involvement; organized sports; sport activity; perceived benefits; children; adolescents; adults, 23423
voluntary exercise; cannabinoid CB1 receptor; CB1-receptor inverse agonist; body weight loss; obese mice; lean mice; AM251; CB1R inverse agonist; food intake; genetic models; obesity, 13106
voluntary exercise; histological outcomes; neurobehavioral outcomes; physiological outcomes; ischemic brain injury; rats, 6805
walking intervention; women, 17247
walking speed; physical activity; exercise intensity; older adults; exercise; self report, 27485
walking; exercise; socioepidemiologic variables; elderly; aging; sedentary lifestyle; demographic factors; self-perception; internal health locus of control, 5484
walking; short trips; transportation, 35702
weight-shifting exercise; biased posture correction; stroke; hemiplegia; sitting, 2484
young adults; tobacco use; coping style; weight concerns; exercise level; undergraduates; depressive symptoms; psychological correlates; risk factors, 1451

Exercise [See Also Aerobic Exercise, Weightlifting, Yoga]—Chapters
Exercise therapy, 16665
Functional capacity evaluation, 16659
A sporting use of personal construct psychology, 17917

Exhaustion [See Fatigue]

Exhibitionism—Serials
narcissism; aggression; internalization; exploitativeness; exhibitionism; self esteem, 25075

Existential Therapy—Serials
Buddha; Buddhism; Martin Heideigger; Eastern thinking; Medard Boss; psychotherapy; daseinsanalysis; existential analysis; pragmatics; psychology; philosophy, 10084
child survivor; war; Bosnian survivor; acculturative stress; posttraumatic stress disorder; existential therapy; cognitive-behavioral applications; identity, 32288
existential analysis; psychoanalysis; naturalism; drive; hysterical phobia, 22377
existential psychotherapy; family psychotherapy; world view concepts; family therapy, 29293
existential psychotherapy; older adult couples; marital psychotherapy; holding; telling; mastering; honoring, 20213
hypnosis; Existential Psychotherapy; end-stage terminally ill cancer patients; management of pain, nausea & vomiting; death anxiety; existential isolation & meaninglessness; Ericksonian techniques, 35611
poetry therapy; psychotherapeutic practice; existential psychotherapy; expressive arts therapy; existential therapy, 8411

Existential Therapy—Chapters
dand Buddhism, 840

Existentialism—Serials
anorexia nervosa; existentialistic framework, 19821
consumer impulsivity; Existential-Phenomenological Study; Consumers with Attention Deficit Disorder, 33349
end of life care; ethics; therapy; terminal illness; death; existential approach; stage model; reinforcement model; integrated model, 5370
existential courage; decision-making; hardiness, 25371
existential regret; past experiences; existential anxiety; existential guilt; choice paralysis, 10829
incremental existence; semantic relationship; objective semantic content; holistic meaning; Finnish existential sentence; cognitive semantic study, 7324
integratively oriented brief psychotherapy; cybernetic systems; negative affective states; solution-focused narrative; existential phenomenology; dialectical interplay; teleological nature, 1976
Israel; stress; Americans; burnout levels; threat; existential perspective; life meaning; meaningfulness; cross-cultural differences; teachers; nurses; managers; occupational groups comparison, 27084
moral philosophy; curiosity; virtuous life; philanthropy; spirituality, 21947
noetic dimension; human ontology; existentialism; logotherapy; physical dimension; human existence; human genome; human spirit; psychological dimension; ethical meanings; morals; conscience; values, 15834
Noguera RESPECT program; youthful violence; existential vacuum; logotherapeutic approach; cultural phenomenon; moral education; the meaning factor; violence learning; aggression; RESPECT, 16939
phenomenology; multiple sclerosis; body; self; world; existentialism, 19977
Rat Man; therapeutic relationship; psychoanalytic treatment; existentialism; phenomenology; panoptical institutions; Freud; socio-historical analysis, 7306
therapeutic dialogues; collaborative language systems; semiotic phenomenology; existential phenomenology; communicology, 35378

Exogamous Marriage [See Also Interracial Marriage]—Serials
educational homogamy; educational level; educational structure; social closure; intermarriage levels; degree of openness; younger couples; older couples, 7539
religious affiliation; Church of England; religious background; religious diversity; formal religious; proximal cause, 16123

Expectant Fathers—Serials
reproductive decisions; expectant fathers; mens experience; first child; decision making process; dialectical structure, 13350
transition theory; early fatherhood; pregnancy, 16007

Expectant Mothers—Serials
adverse pregnancy outcomes; role stress; African-American women; infant mortality; low birthweight; sociopsychophysiological model, 7553
body image; pregnancy; bodily changes; motherhood; first time mothers; mothers to be, 22344
cesarean section; Chinese; life events; obstetric delivery; physicians' determination; patients' attitudes; cultural beliefs; expectant mother, 2309
child abuse; assessment methods; high-risk mothers; expectant mothers; low-risk mothers; prenatal screener, 16178
childbirth; parents experiences; mothers; fathers; postpartum talk; communication, 10405
clozapine; pregnancy; pregnant patients; developmental problems; psychotic patients; offspring, 17072
health education; pregnant women; background characteristics; self-care, 29548
health promotion education; Mexican American women; African American women; pregnant women; prenatal health promotion content; ethnicity; health care education, 17264
human immunodeficiency virus; HIV; prenatal self-care; learned resourcefulness; depression; pregnant women, 13887
maternal adaptation; childbearing; pregnancy; postpartum adjustment; social status; mothers employment; mother child relations, 10398
maternal infection; brain derived neurotrophic factor; nerve growth factor; expression; fetal brain; neonatal brain; maternal fetal unit; pregnancy; neurodevelopmental disorders; rats, 15435
mother-to-child HIV transmission; HIV-infected women; health education; antenatal clinic; nevirapine prevention model; poor, 17261
motivational interviewing; substance abuse treatment; treatment retention; women drug abusers; prenatal drug use; child welfare; coerced populations, 32794
pregnant women; early attrition; substance abuse treatment; treatment retention; at risk women; drug treatment, 32788
pregnant women; socioeconomic indicators; violence; victimization; abuse; pregnancy, 1567
prenatal attachment; test development; Maternal Fetal Attachment Scale; methodology; test validity; test reliability; measurement, 12441
Expectant Parents [See Also Expectant Fathers, Expectant Mothers]—Serials
general practitioners; prospective parents; pre-conception care; health care system, 29549
Expectations [See Also Parental Expectations, Role Expectations, Teacher Expectations]—Serials
acquaintance rape; males' sexual expectations; disappointment; rape-conducive attitudes; sexual interaction, 4721
adolescents expectations; higher education; family factors; peer factors; school factors; quality of education; family structure, 34325
alcohol consumption; relationship type; sex of initiator; casual acquaintances; American college students; close friends; first-date expectations, 13384
alcohol expectancies; antecedents; risk factors; protection factors; expectancy mediation; common expectancy factors; unique expectancy factors; models; biopsychosocial risk, 10976
alcohol expectancies; parental alcoholism; adult drinking behaviors; gender differences; children of alcoholics, 31943
antibiotics; acute respiratory tract symptoms; patient expectations; general practitioner management; patient satisfaction, 29450
anticipated action effects; contingent action effects; response production; action selection; action initiation; action execution, 12620
anticipated running distance; perceived exertion; attentional focus; teleoanticipatory mechanisms; expected exercise duration, 24406
auditory event-related potentials; music perception; expectation; mismatch negativity, 12917
behavioral confirmation; correction processes; simulated job; optimism; pessimism; future-event expectancies; extremity; expectancy-confirming behavior; effortful correction processes, 19146
body consciousness; consumer awareness; consumer expectations; expectation of liking; food appearance; raw product; cooked product, 14832
breast cancer; presurgery distress; response expectancies; postsurgery outcomes; surgery patients; specific expectancies, 29483
child health nurse expectations; Sweden; infants; first-time mothers, 23724
cognitive performance; attentional processes; pain expectation; sensorimotor area, 24722
combined expectancy; expectancy cues; motor response; modality cueing; object cueing; task cueing; spatial cueing; response cueing, 24411
confirmation bias; data evaluation; consistency; students; reasoning; researcher expectations; scientific environment; initial bias to discount; repeated observations; causal thinking simulation; data, 24342
customer satisfaction; repurchase intention; adjusted expectations; customer loyalty; consumption experience, 24076
Deese-Roediger-McDermott false memory paradigm; alcohol expectancy theory; expectancy target words; heavy drinkers; light drinkers, 18789
dispositional optimism; pessimism; gambling; expectations; losses, 10587
drinking motives; college students; contingent self-esteem; mediator; self-determination perspective; controlled orientation, 31450
early initiation; alcohol drinking; peer influence; school engagement; drinking expectations; parental expectations, 13254
electronic monitoring intensity; secrecy; monitored employee reactions; managers decisions; performance expectations; trust, 30155
emotion specificity; persuasion messages; persuasive impact; emotional framing; emotional congruency; emotion matching; response biases; expectancies; sadness; anger, 10574
enactment effect; recall; guessing; performance expectancies, 27544
engineering students; motor skills; daily operation tasks; item movements; stereotype strengths; responses; cross cultural differences, 36477
evaluative expectations; peer recommendation; consumer satisfaction; negative appraisals, 36064
evangelical christians; counselling; religious behavior, 35603
exercise; anticipated regret; prediction; intention; health-enhancing behavior; Theory of Planned Behavior, 26518
expectancy assessment; alcohol expectancy research; developing memory theory; information processing network; multidimensional scaling; predictive models; multiaxial assessment; heuristic map, 12552
expectancy challenge; positive expectancies; gender groups; mixed gender; experiential session; alcohol consumption; alcohol expectancy; young heavy drinkers, 11027
expectancy violations; sensitivity; health aging; mild cognitive impairment; executive dysfunction; expectancy bias, 19966
expectations; figure skating; reputation bias; judging; sport performance, 20973
expectations; organizational mobility; workplace social inclusion; employee job performance; organizations, 14727
fairness; satisfaction; expectation; grades; perceptions; evaluations; judgments, 9642
fear-inhibited light reflex; anticipation; aversive event; electric shock; acoustic stimulus; pupil diameter; pupillary light reflex response, 18680
Foster Parent Role Performance; role expectations; responsibilities; foster/adoptive family applicants; foster care workers; perceptions; factor structure; reliability, 7554
friendship satisfaction; Korea; friendship expectations; cross cultural differences; feelings; conflict management; Canada; university students; friendship functions; collectivism, 1187
gender composition; gender differences; prosocial behavior; cooperation; loan repayment, 1173
gender differences; future orientation; motivation; generational differences; gender role expectations; future goals; career goals; interpersonal goals; schools, 25195
global political economy; Japanese banks; global managers; financial institutions; organizational culture; transnational social spaces; careers; expectations; internationalization, 17870
group contingency classwide intervention; Anchor the Boat; behavioral expectations; fourth & fifth grade students; learning support classroom, 20876
hedonic expectations; perceptual contrast; test stimuli; assimilation; substance information, 33703
heterogeneity; expectations; currency crisis; markets; equilibrium; market maturity; portfolio allocation, 31284
hopes; expectancies; nonvolitional outcomes; psychological phenomenon; artifact, 25336
identity negotiation; gender-stereotypic perceptions; gender expectations, 10553
individual differences; assimilation; contrast effects; affective experience; need for cognition; expectations; determinants, 7677
inductive inference; expectations; conceptual hierarchy; hierarchical levels; priviledged level; conceptual coherence; living kind features; artifact concepts; generalization strength; knowledge gains, 9646
infants expectations; infant physical reasoning; occlusion; containment; covering events; violation-of-expectation method, 34263
infants expectations; infant physical reasoning; occlusion; containment; covering events; violation-of-expectation method, 34266
infants expectations; infant physical reasoning; occlusion; containment; covering events; violation-of-expectation method, 34282
interpersonal interventions; expectation of benefit; task duration; team performance; work teams, 4342
justice expectations; applicant perceptions; organizational behavior, 33233
listening needs; need assessment; personal context; societal context; audiological rehabilitation; benefit evaluation; hearing-impaired listeners; client expectations, 8836
menopause; women's expectations; apprehensions; women's knowledge; climacteric period, 21993
menstruation expectations; premenarcheal girls; sociocultural context; rural area; urban area; Mexico; paramenstrual changes, 21761
motivational experiences; regulatory fit; imagination; choice behavior; pain anticipation; pleasure anticipation, 24364
motivations; favor norms & expectations; reciprocity behavior; reciprocity obligation; psychological reactance, 34599
outcome expectancies; crime consequences; self-report; crime; male inmates; development; validity; factor analysis; factor structure; psychoeducational intervention; offender rehabilitation, 6331
outcomes of aggressive behavior; processing of sentences; processing times; positive and negative consequences; aggressive reactions; provocation; mood; trait aggressiveness, 31556
pain intensity; pain unpleasantness; muscle pain; pain recall; expected pain; actual pain, 21253
patch foraging; central place foragers; patch departure rule; patch quality evaluation; Camponotus rufipes, 3534
patient decision aid; information structuring; decision support; reasoned choice model; presentation; expectancy value, 29595
patient expectancy; therapeutic alliance; group psychotherapy; outcome expectancy; time limited therapy; grief; collaborative relationship, 14090
patient fears; patient expectations; patient satisfaction; vestibular schwannoma; surgery; observation, 11680
performance expectations; status characteristics; equation model; expectation states theory; performance evaluations; mathematical models; hierarchy formation; single equation, 266
personality; expectations; response strategies; Multiple-choice Question Examinations; university students; inhibition; omission errors, 18105
physical reasoning; perception; cognition; expectations; infants, 24930
placebo analgesia; pain experience; pain anticipation; brain activity; pain-sensitive brain regions, 18652
placebo effect models; placebo effect mediation; learning; classical conditioning procedures; verbal information; expectancy theory; conscious cognition; conscious expectancies, 12566
placebo effect models; placebo effect mediation; learning; classical conditioning procedures; verbal information; expectancy theory; conscious cognition; conscious expectancies, 12556
placebo effect models; placebo effect mediation; learning; classical conditioning procedures; verbal information; expectancy theory; conscious cognition; conscious expectancies, 12567
placebo effects; classical conditioning; immune system function; etiology; expectations, 12565
positive expectations; interaction behaviors; spouses; marital satisfaction; relationship attributions; marriage, 22205
possible selves; self-regulation; identity; adolescence; academics; school; motivation, 20863
postevent reconstrual; uncontrollable events; anticipatory construal; moderate expectations; extreme expectations; view consistency; outcome knowledge; negative event; event anticipation, 12685
prayer expectancies; self-esteem; racial differences, 31310
premenarcheal expectations; postmenarcheal experiences; adolescents; menarche; menstruation; emotional responses; menstrual symptoms; self-esteem; physical attractiveness; gender-role identity, 22006
premenstrual tension syndrome; premenstrual period; femininity; tension; hostility; expectations, 28991
prototypical interaction patterns; prototypes; intimacy expectations; same-sex friendship; gender differences, 10494
psychiatric patients; self-harm; care exeriences; hope; hopefulness; received care; desired care, 26594
psychological contract; employer obligations; dispositional characteristics; public-sector employees; individual differences; employee perceptions; creditor ideology; exchange ideology, 12287

reading; word skipping; linguistic factors; visual factors; word length; parafoveal word length; context predictibility, 12637
realistic course preview; student expectations; realistic expectations; teacher effectiveness evaluation, 30050
recognition decisions; sentence context; encoding; retrieval; sentence stem; expectation; integrality, 24481
reinforcement expectations; depressive history; smoking status; college students; vulnerability; depresion; comorbidity; nicotine, 31672
relationship aggression; dating relationship; acquaintanceships; friendships; outcome expectancies, 25023
responsibility; obsessive-compulsive behaviors; failure expectation, 19543
retail sales explanations; firm-customer interaction; explanation adequacy; customer expectations, 27159
retirement expectations; older adults; self employment; normative anticipation theory; cumulative advantage theory, 18992
role stressors; optimistic expectations; women's roles; caregiver; mother; wife; employee; stress, 31553
self concept; performance; self-efficacy; expectations, 1277
self efficacy; outcome expectancy; rehabilitation readiness; chronic mental illness; stages of change, 11879
self-change; false hope syndrome; repeated failure; behavior change; negative outcome; unrealistic expectations; psychological consequences; confidence vs overconfidence, 1245
self-change; false hope syndrome; repeated failure; behavior change; negative outcome; unrealistic expectations; psychological consequences; confidence vs overconfidence, 1260
self-change; false hope syndrome; repeated failure; behavior change; negative outcome; unrealistic expectations; psychological consequences; confidence vs overconfidence, 1250
self-change; false hope syndrome; repeated failure; behavior change; negative outcome; unrealistic expectations; psychological consequences; confidence vs overconfidence, 1279
self-stereotypes; task solution strategies; stereotype-threat effects; negative stereotype; positive stereotype; recall; avoidance; approach related statements; group performance; expectation, 28508
sentence comprehension; visual scene interpretation; anticipatory eye movements, 30634
sentence processing; thematic dependencies; theme anticipation; verb based information; anticipatory processing; semantic constraint; sentence processing; pre-verbal argument; linguistic input signals, 10101
service failure; customer relationship; service organization; customer attributions; customer expectations; service performance, 14831
smokers expectancies; nicotine replacement therapy; cigarettes; nicotine gum; nicotine patch; nicotine nasal spray; treatment outcome, 32784
smoking expectancies; readiness to quit; African American smokers; gender differences, 31454
social work; student participants; reward expectations; cost expectations; post-work perceptions; social workers; social work students, 14594
social-cognitive model; high school girls; choices; nontraditional college majors; aspirations; self-efficacy; outcome experiences; science; math; engineering, 2704
sports; anxiety symptom interpretation; cognitive biases; repression; performance expectations; golfers; optimism; pessimism; sport performers; high-anxiety; low-anxiety, 27131
stationary objects; infants casual expectation; collision events, 7405
strategic self-presentation; social intelligence; performance expectations; social orientations; carryover effects; social transparence; socially impenetrable; context, 1223
task-specific impairments & improvements; motion form conjunction; color form conjunction; expectations; transcranial magnetic stimulation; cortical visual area V5, 3626
teacher preparation; teacher training; conceptual orientations; teaching; challenges; expectations, 14576
temporal biases integration; focal thoughts; accessibility experiences; confidence changes; planning fallacy; impact bias; hindsight bias, 24467
tracking; cultural expectations; curricular differentiation; student placement practices; nation specific values; dominant cultural beliefs; school systems, 12124
traumatic brain injury rehabilitation; intervention recommendations; neuropsychological therapy; physician characteristics; patient characteristics; rehabilitation setting; medical decision making, 5794
underestimation; planning fallacy; multifaceted tasks; task completion estimation & prediction; unpacking; subcomponent consideration, 33808
unexplained complaints; general practitioners; test ordering behavior; doctor patient relations; patient expectations, 17496
user satisfaction; interactive experience; satisfaction ratings; user expectations; usability; Human Computer Interaction; computer searching, 3043
violation of expectancy; looking time; rhesus macaques; representation of number, 6679
web site evaluation; user expectations exploitation; customer expectations; web site design; usability testing, 30293
weight loss; expectations; obese women; drug therapy; sibutramine; treatment information; clinical significance; malleability; body weight; attitude change, 2234
wheelchair-dependency; multiple sclerosis; risk perception; expectations, 22817
young infants; reasoning; hidden objects; violation-of-expectation, 34300
youth help-seeking; help-seeking behaviours; substance use problems; mental health services; expectations; attitudes, 25862

Expectations [See Also Parental Expectations, Role Expectations, Teacher Expectations]—Chapters

Alcohol and self-regulation, 13762

Experience (Practice) [See Practice]

Experience Level [See Also Job Experience Level]—Serials

age differences; feedback type; experience level; athletic competence; competence cues; competenced information, 870
attention; expertise; multiple target tracking; distractors; target acquisition; task complexity, 21396
behavioural effects; cannabinoid receptor antagonist; benzodiazepine chlordiazepoxide; emotional reactivity; maze-naive mice; prior experience; anxioselective effect; anxiety, 21902
bias; individual expertise; task importance; predicision alternatives reevaluation; cognitive dissonance theory, 24420
car crimes; investigators expertise; decision-making, 27233
chess players; chess position; decision making; postdecision phase; judgment; experts; novices; estimation, 33788
clinical cognition; embodied cognition; calculative rationality; intuitive know-how; Cartesian cognition; nursing; expertise, 23661
complex system aspects; school children; mental models; coding scheme; expert understanding; novice understanding; Structure Function Behavior theory; knowledge representation, 18329
computer experience; computer anxiety; models; sex differences, 4068
constraint attunement hypothesis; process theory; template theory; expert memory; chess players; skill level; chess positions; visuospatial memory, 416
constructive biases; expert knowledge; clinical judgments, 9689
cortical activity; high frequency EEG; meditation; experienced meditators; altered consciousness state; cognitive activity; happiness, 6628
design strategies; science students; mathematics students; representation; learning; curriculum; instruction goals, 33064
driving experience; attentional focusing; recall; eye movements, 12373
emotional intelligence; managers; team leaders; training; experience; development, 33503
ethical dilemma; ethical issues; anesthesia expertise; researcher-researched relationship; anonymity; confidentiality; privacy; exploitation; responsibility; nurse; experimenter, 8961
experience level; expertise; complex sensorimotor skills; movement variablilty; dual tasks; performance; baseball batting task; swing kinematics, 15276
experience; processing bias; aggressive words; forensic population; aggressiveness; hostility; impulsivity; violence; word recognition; anger; attention; prisoners, 19729
expert attitudes; lay attitudes; food risk; personal value systems; expert-lay discrepancy; risk perception; communication of risk; lay handling risk; knowledge deficit; public trust in institutions, 14820
expertise reversal effect; knowledge level; cognitive load; instructional presentations; cognitive performance; learner knowldege; schema based rapid method, 36157
expertise; attention; speed; accuracy; sensorimotor skills execution, 27479
expertise; evaluatative extremity; task characteristics; performance vs advisory expertise; configural vs featural processing; judgment; stimulus characteristics; memory storage, 9638
expertise; evolution of consciousness; skill acquisition; deliberate practice, 316
face identification; biographical fact retrieval; proper names recall; semantic information; expertise; naming; children; adults, 28081
first year medical students; final year medical students; attitudes; suicide; suicidal patients; death attitudes; psychosocial circumstances, 12058
high-level expertise; deliberate practice; informal reasoning; deliberate practice; student participants, 24479
hockey; sports betting; gambling; prediction; randomness; monetary gains; sport expert skills; chance, 27121
hypnosis beliefs & opinions; hypnotizability; hypnotization experience, 449
inexperienced sales representatives; behavioral intentions; sales failure situations; performance attribution; sales management, 14721
James J. Bradac; communication professor; interpersonal communication authority, 34602
knowledge; interest; strategic processing; special education; special education majors; undergraduates; graduate students; special education faculty; expertise; Model of Domain Learning, 36039
leadership; leader effectiveness; leadership experience; stress conditions; job subordinate; subordinate experience; experience measures, 2909
medical diagnosis bias; clinicians; diagnostic accuracy; comprehensive feature lists; expertise level, 20695
member expertise; group performance; group decision making, 19104
modafinil; learning processes; serial reversal discrimination; spatial discrimination; training level; mice, 7151
multimodal feedback; older adults; memory change; computer experience; sensory perception, 31275
NCAA Division athletes; attitudes; training; experience; athletic talent; elite athletes, 36440
parent beliefs; deception; cues; expertise; children, 25179
prior experience; props; recall; toys, 30730
professional expertise; psychoanalytic educators; authority; knowledge; objectivity, 20732
repetition priming paradigm; explicit memory; implicit memory tests; perceptual processes; decision making; soccer players; response time, 6092
text types; written texts; expert writing; non-expert writing; encyclopedic texts; morpho- syntactic forms; Hebrew texts; nominal constructions, 18872
time impact; experience impact; data quality information; decision making; processing time; managers, 9082
time prediction bias; task experience level; task duration; prospective time estimation; attention, 18363
user satisfaction; interactive experience; satisfaction ratings; user expectations; usability; Human Computer Interaction; computer searching, 3043
word processor; writing process; writing environment; writing profiles; pausing patterns; revision patterns; experienced writers; writing mode, 7341
zoo visitors; exhibit viewing; zoo experience; oral interpretation; public animal training, 3012

Experience Level [See Also Job Experience Level]—Books

Experience Level [See Also Job Experience Level]—Chapters

Expertise and mental disabilities: Bridging the unbridgeable?, 16372
Expertise, competence, and creative ability: The perplexing complexities, 16316
Metacognition triggered by a social aspect of expertise, 23900
Representational cortex in muscians, 7019
The search for general abilities and basic capacities: Theoretical implications from the modifiability and complexity of mechanisms mediating expert performance, 16308
Trait complexes, cognitive investment, and domain knowledge, 16305
What causes individual differences in cognitive performance?, 15994

Experience Level (Job) [See Job Experience Level]

Experiences (Events) [See Also Anniversary Events, Early Experience, Life Experiences, Vicarious Experiences]—Serials

acute psychiatric wards; mental health care system; short-term hospital care; ward care description; qualitative studies; mental disorders; staff-patient relations; pharmacological interventions, 29743
adolescent development; Hershel & Ellen Thornburg; influence on adolescent research; recent research trends; experiences; presidents of the Society for Research on Adolescence; close associates, 12010
adolescent males; mental health counseling services; adolescent attitudes; service utilization; counseling experience, 26267
adult-child talk; talk timing; children's event memory; event recall, 31162
adverse life events; late life; daily activities; major life events; well being; positive affect; minor events, 13482
African Americans; European Americans; therapist experiences; cross-racial psychotherapy dyads; race, 2659
alcohol consumption patterns; alcohol-related consequences; consequences; positive; negative; drinking intentions, 13407

anger; anger management paradigm; human experience; clinical implications, 29270
anthropology; experience; Emile Durkheim; Lucien Levy-Bruhl; Claude Levi-Strauss; history, 7536
Asian international student; transition process; student development; collegiate experience; traditional values; adjustment; communication; learning; participation; family pressure, 5927
athletic performance; mood profile; emotional states; sport performance; precompetitive affective experience; javelin thrower; unpleasant emotions; affective experience; pleasant emotions, 9150
attachment security; stress; daily experiences; negative life events; perceptions of loss; mood; meaning; adults; social cognitive models, 1242
autobiographical memory; event memory; memory decline; time delay; participant involvement; September 11, 12710
Behavioural Family Therapy; family experiences; family intervention; mental health problems, 26300
bereavement; acute emotional stress; stressful life events; psychological parameters; endocrine function; immune function; hypothalamic-pituitary-adrenal axis; depression; anxiety; temperament; mood, 7127
bodily strangeness; women's experiences; stroke; feminist study; stroke survivors, 4948
child cancer; parents coping; home health care work; experiences; needs, 11851
child refugees; adolescent refugees; mental health; stressful experiences; stress reactions; interventions; ethical considerations; preflight; flight; resettlement, 10830
childhood maltreatment; adult personality disorders; major depressive disorder; child abuse; childhood experiences; neglect; borderline; schizotypal; avoidant; obsessive-compulsive, 25754
children television show; Mister Rogers Neighborhood; Fred Rogers; everyday experience, 24897
children's appraisal; stressful events; major life events; appraisal dimensions; developmental psychopathology, 10241
chronic fatigue syndrome; patient schools; health education; personal experience; hospital clinic, 14440
cognitive behavior therapy; first episode psychosis; schizophrenia; positive symptoms; unusual experiences, 32308
cognitive organization; human body representation; object representation; visual stimuli; experience, 24369
collaborative research; experiences; judgment; uncertainty; decision making; framing effects; behavioral economics, 2588
coping behavior; coping style; coping reports; report method; method concordance; daily report; time-limited retrospective report; global report, 9557
crash experience; risk taking; urban youth; rural youth; motorcycle crash, 30284
cross cultural transition; counselor trainees; career experience; non- Western cultures trainees; narratives, 32899
cross-situational consistency; affective experiences; interindividual differences; cultural differences; cross cultural differences, 13455
daily process design; daily negative events; preceived stress; smoking; smoking urges; gender; nicotine dependence; naturalistic settings; adult smokers, 13412
delay related changes; personal memories; terrorist attacks; test-retest consistency; event recollection; emotional reaction, 12697
delusional beliefs; monothematic delusions; rational responses; unusual experiences; Wittgensteinian framework; empiricist approach; meaning; rationalist account, 22428
dementia; adult children; personal experience; aging, 26137
depressive symptoms; stressful life events; community-based adolescents, 19407
depressive symptoms; subjective experiences; negative experiences; positive experiences; curiosity; hedonic deficits; social anxiety, 34683
desired self; biased judgment; past behaviors; extraversion; introversion; self-promoting attributes, 28429
egocentrism; unrealistic optimism; comparative optimism; comparative likelihood; judgment; event frequency; pessimism; egocentric-processes, 1237
emotion focused therapy; self; self organization; emotional experience; emotion awareness; emotion regulation; emotion transformation; coping; emotion coaching, 16919
emotional encoding; emotional events; neural activation; fear-related stimuli; emotional vulnerability; stressful events, 33888
emotional experience; negative emotion; socioemotional selectivity theory; positive experiences; mutual reminiscing; social activities; age, 935
emotional experiences; traumatic events; aversive events; loss; capacity to thrive; recovery; posttraumatic stress disorder; resilience, 10569
emotional memories; thematically-induced arousal, 9717
emotional responses; kandoh; determinant factors; event involvement; event-related knowledge; emotionally moved, 3416
ethical standards; human subjects; traumatic memory; historical note; traumatic event; human subject; false memory; recovered memory, 12075
event memory; autobiographical memory; college students; stressful events; terrorist attacks; constructive memory distortions; distress; September 11, 12704
event memory; misinformation effects; gorillas; primates; episodic memory, 24574
event-based prospective memory; multinomial model; prospective memory processes; preparatory attentional processes; retrospective memory, 24518
excluded students; parents; future education; mainstream schooling; special education needs; disaffection, 9043
existential-transcendental aspects; personal & social aspects; physical reactions; Strong Experiences related to Music; perception; cognition; general characteristics; feelings, 4009
experience sampling methodology; ecological momentary assessment; happiness; well being, 3287
experience sampling methodology; statistical analysis; brief history; ESM data; happiness, 3289
experience sampling techniques; computerized data collection; research design, 3269
experience; reinforcement learning environments; progressive difficulty; algorithm, 36507
experiences; older staff nurses, 14556
exposure to & appraisals of marital conflict; siblings; differences; psychological adjustment; behavioral conduct; experiences; depressed mood; externalizing problems, 1009
facial expression change; valence focus; verbal reports; self-reported experience; emotional experience; individual differences; perceptual processing, 33887
family perceptions; transitions; early intervention; disabled children; birth crisis, 10662
female corporate managers; management experiences; good old boy network; glass ceiling; corporate climate, 27063
first alcohol-use experience; prediction; age of first use; alcohol use context; problem drinking; psychosocial risk factors, 8029
first episode psychosis; service user attitudes; service user experiences; treatment intervention evaluation, 26605
flashbulb memories; event memory; expressive writing; subjective probabilities; terrorist attacks; September 11, 12702
flashbulb memory; Princess Diana death; September 11 terrorist attack; time delay; nationality; forgetting patterns, 12695
flow experience; flow theory; psychological significance; cultures, 30343
fringe consciousness; subjective experience; perceptual fluency; perceptual processing speed, 33695
general practitioners; illness experiences; attending physicians; interactions; health problems; medical professionalism; competency; illness management, 14554
gerontology; personal experiences; advice; career management, 26807
grace; compassion; ground zero; World Trade Center; September 11; emotional trauma; counselor experiences; crisis intervention; personal experiences, 29917
guided imagery; autobiographical memory; imagery encoding; perceived memories; actual events; fantasy; memory retrieval, 6606
history; Journal for Specialists in Group Work; reflections; editors; experiences; Association for Specialists in Group Work, 5234
history; Journal for Specialists in Group Work; reflections; editors; experiences; Association for Specialists in Group Work, 5226
history; Journal for Specialists in Group Work; reflections; editors; experiences; Association for Specialists in Group Work, 5222
home visitation services; child abuse; child neglect; intervention; client experiences; public health nursing, 11769
hospital in-patient; recovery; photography; hospital experience; remembering; narratives, 14452
immigrants experiences; contextual continuity; self-experience; psychoanalysis, 31623
Impact of Event Scale; traumatic life event, psychological stress reactions, 113
individual differences; assimilation; contrast effects; affective experience; need for cognition; expectations; determinants, 7677
individuation; objects; events; language; developmental changes; counting; spatio-temporal individuation strategy, 4117
infants expectations; infant physical reasoning; occlusion; containment; covering events; violation-of-expectation method, 34266
infants expectations; infant physical reasoning; occlusion; containment; covering events; violation-of-expectation method, 34263
infants expectations; infant physical reasoning; occlusion; containment; covering events; violation-of-expectation method, 34282
information sources; risky choice; risky prospects; rare events; decisions; experiences, 30671
initial computer experience; subsequent computer experience; computer anxiety, 34213
injured workers; needs; experiences; occupational rehabilitation, 8882
insecure attachment; sexual experiences; college students; sexual behaviors, 25214
institutional settings; sociocultural contexts; teaching practices; cultural beliefs; Mexican immigrant paraeducator; teacher experiences, 23788
intellectual disability; therapeutic engagement; family; chronic sorrow; parental attitudes, 25981
intercultural service encounters; customer experiences; cultural diversity; service experiences; culturally diverse customers; satisfaction; multiculturalism; service providers, 36449
intergenerational transmission; trauma; war; state terror; memory; development; traumatic experiences; holocaust survivors; past; history; psychoanalytic theory, 1301
interpersonal attributional biases; hallucinatory-prone individuals; external attributional biases; social-cognitive interpersonal events; schizophrenia, 25649
intrinsic theory; inner awareness; mental-occurrence instances; cognitive awareness; appendage theory; stream of consciousness; equivocal remembrance theory, 18429
Israeli Jews; memories; national events; world events, 13317
Jean L. Petitifor; personal experiences; knowledge conflicts; truth conflicts; professional education; personal reflections; moral principles; divergent views; code of ethics, 14560
judgements; emotional events; childhood development; adolescent development; self-reported anxiety; negative events, 13222
legal intervention; domestic violence; men experiences; women experiences; women safety; life quality; justice, 28826
life events; difficulties; dilemmas; chronic fatigue syndrome; onset; stress, 8129
life events; early onset depression; causality; depressive disorder; threat; anxiety; symptoms; prediction, 7839
life events; effects; genesis; psychiatric disorders; depression; chronic fatigue syndrome; etiology; personality traits; neuroticism; stress; interpersonal relationships, 7758
life events; marijuana use predictor; risk factors; adolescent smoking; smoking initiation; family member job loss, 19702
life events; social support; depression; childbirth; rural community; developing world; antenatal depression; post-natal depression; mothers; prevalence, 7841
life experiences; gender discrimination; discrimination pervasiveness; academic discrimination, 34418
life satisfaction; personological approach; situational approach; meta-analytic findings; theoretical merits; individual differences; bottom-up approach; integrative model; top-down approach, 28443
loss; trauma exposure; mental health; adolescents; socioeconomic status; substance use; family member; friend; posttraumatic stress disorder; gender; age; race, 28502

storytelling; personal experiences; narrative development; Chinese children, 22030
student attitudes; personal reflection; significant event analysis; general practice; medical students; medical curriculum; conflict; coping strategies, 17516
subjective dimensions; human experience; otherness; philosophy; psychology; psychoanalysis; intersubjectivity, 1068
subjective experience; intrinsic motivation; self-determination; perceived competence; self-realization values; interest; flow experience; personal expressiveness, 1283
Sudanese refugees; children's trauma; social constructivist view; Sudanese children; foster parents; social workers; child welfare agency; child welfare workers, 5597
suicide; attempted suicide; experiences; trends; males, 25786
Tagalog; Filipino; cognitive metamodels; grammar of thinking; metaphor; categorization of experience, 855
television reruns; culture; society; cross generational information; social continuity; collective memory; television viewing, 15899
temporal experience; agency; temporality; time work; self determination, 4325
terrorist attack; decision making; risk taking; emotional insecurity; September 11, 12670
transition theory; early fatherhood; pregnancy, 16007
traumatic experiences, 25462
traumatic life event; stress response; past traumatic experience; depression anxiety; job strain; life experiences; mental health indexes, 22452
traumatic stress; emotional intelligence; psychological symptoms; psychological trauma, 25356
updating behavior; lacking knowledge experience; learning; context; cognition; motivation; affect, 27024
weight loss experience; behavioral treatment; weight control; obesity; thoughts; feelings, 20455
women's experiences; pregnant women; twin pregnancy; caregivers; hospital experiences, 16349
workplace experience; displaced dissent; organizations; employee attitudes, 36340
youth political views; 9/11 youth experience; World Trade Center disaster; posttraumatic stress disorder; terrorist attacks, 28187
youth suicide; demograhpic factors; behavioral factors; experiential factors; firearm suicide; Arizona Child Fatality Review, 19582

Experiences (Events) [See Also Anniversary Events, Early Experience, Life Experiences, Vicarious Experiences]—Books

The arts in contemporary healing, 11599
Chaos and life: Complexity and order in evolution and thought, 7514
Experiences of depression: Theoretical, clinical, and research perspectives, 10773
New York voices: The trauma of 9/11, 10841
Practical magic: A translation of basic Neuro-Linguistic Programming into clinical psychotherapy, 2025

Experiences (Events) [See Also Anniversary Events, Early Experience, Life Experiences, Vicarious Experiences]—Chapters

Adolescent onset of the gender difference in lifetime rates of major depression: A theoretical model, 1458
Belief, attachment and awareness, 16333
Children in court, 18024
Clinical perspectives and patient experiences, 16666
Egg donation: The mission to have a child, 14241
A four-phase approach to understanding chronic fatigue syndrome, 16652
Job loss and the experience of unemployment: International research and perspectives, 6078
Kelly's influence on research and career, 16326
Leadership in the wake of disaster, 1054
No place like Utopia: The inner experience of migration, 17025
Personal construct psychology and me, 16334
Quality of experience in virtual environments, 3079
Reflecting extremes of human experience in the group: Work with chemically addicted chronic paranoid schizophrenic clients, 5633
Relocation stress following catastrophic events, 1398
September 11, 2001 and its aftermath, in New York City, 1965
Social effects of chronic disorders, 16650
Suicidal statements made by children who witness family violence: A black and white comparison, 10958
Summary assessment of experiences: The whole is different from the sum of its parts, 15306
Writing about emotional experiences as a therapeutic process, 16971

Experiences (Life) [See Life Experiences]

Experiential Learning [See Also Curricular Field Experience]—Serials

cognitive learning principle; role acquisition strategies; professional actors; active learning device; active experiencing principle, 30731
counselor multicultural counseling competencies; multicultural counseling training; experiential activities, 5773
curriculum redesign; research methods; activity-based approach; student learning; graduate business students, 5851
interorganizational learning; intraorganizational learning; organizational learning processes; organizational exploitation; organizational exploration, 12305
management education; experiential learning; group dynamics; gender impact; Janet McGivern, 23644
reflection; operating theatre; student experience; professional learning; reflection, 23704
sexual diversity; experiential learning; college students; sexual orientation; lesbian identity; gay identity; bisexual identity; transgendered identity; student attitudes, 29960
specific learning processes; managerial decision; intensive learning; decision outcomes; positive outcomes; learning process; managerial decision-making; organizational learning, 20922
teaching techniques; race relations; racial understanding; experiential learning; racial attitudes; university course, 36123

Experiential Learning [See Also Curricular Field Experience]—Chapters

Groupworkers in the making: A simulation for teaching social groupwork, 5790
Learning from direct and indirect experience in organizations: The effects of experience content, timing, and distribution, 2945

Experiential Psychotherapy—Serials

archetypal psychology; experiential personal construct psychology; aesthetics; reverence; symbolism; therapeutic processes, 35425
emotionally focused therapy; structural family therapy; experiential psychotherapy; world view; eclectic integration; assimilative integration, 34805
ethical principles; ethical guidelines; group experiential psychotherapy, 29928
experiential psychoanalytic approach; Rorschach; empathy, 30451
self-schemata; metacognitions; experiential therapy framework; two chair method; cognitive therapy; psychosis, 8408

Experiential Psychotherapy—Books

Learning emotion-focused therapy: The process-experiential approach to change, 8464

Experiential Psychotherapy—Chapters

Experiential personal construct psychotherapy, 16968

Experiment Controls—Serials

clinical nursing; experimental effect; nursing studies; improvement; control groups; experimental groups, 9523
complex interventions; simple intervention; randomised controlled trial; health promotion, 33629
psychotherapy; placebo treatments; structural equivalence; structural inequalities; treatment outcomes; active treatments; placebo controls; research designs; specificity, 1977

Experiment Volunteers [See Experimental Subjects]

Experimental Apparatus [See Apparatus]

Experimental Attrition—Serials

attrition; families; demographic characteristics; child functioning; system of care program; child and family services, 20577

cognitive aging; drop-out effects; practice effects; intelligence tests; vocabulary tests; verbal memory tests, 34291
ethnic minority communities; ethnic minority individuals; recruitment; retention; aging; promotion; research community, 22192
HIV infection; neuropathic pain; experimental attrition; peripheral neuropathic pain; cognitive behavioral therapy; supportive therapy; predictors; pain management, 24341
home hospice; cognition issues; physical distress; research needs; research participation attrition; informed consent, 11848
Internet sexuality questionnaire; instrument dropout; respondent characteristics; males; females, 12471
memory loss; memory decline; older adults; preclinical dementia; study attrition; terminal decline; chronological age; cognitive change; disease progression; aging, 8310
mental health services; research participant recruitment; retention; older minorities; consumer-centered model, 23342
participant retention; research participants; longitudinal research; follow-up studies; Parkinson's disease; caregivers, 27421
patient attrition; treatment non-compliance; secondary stroke prevention; subject discontinuation; voluntary withdrawal; follow-up loss; clinical trials, 29471
recruitment; retention; dementia family caregivers; intervention research; cultural values; help-seeking behavior; caregiving, 23560

Experimental Design [See Also Between Groups Design, Clinical Trials, Cohort Analysis, Followup Studies, Hypothesis Testing, Longitudinal Studies, Repeated Measures]—Serials

action research; emancipatory design choices; empowerment, 6451
antecedent manipulation; conditioned food preferences; establishing operations; food selectivity; preference assessment; condiments; autism, 2043
applied linguistics; conversation analysis; research criteria, 15154
association studies; statistical analysis; diagnostic assessment; inconsistent study designs; genotyping, 12564
at risk population; recruitment strategies; exercise; physical disability; study participants; exercise programs; elderly adults, 6443
behavioral experiments; experimental design; animal behavior; statistical procedures; sampling procedures; randomization; sample size; experimental subjects; ideal experiments, 290
choice; health education intervention; randomized controlled trials; preference design trials; health education research; females, 23437
clinical trials; antipsychotic drugs; drug efficacy; Alzheimer's disease; psychosis; agitation, 3288
cognitive changes; aging; methods; research design; research participants, 33819
complex interventions; simple intervention; randomised controlled trial; health promotion, 33629
ecological momentary assessment; behavioral medicine; data collection; research design; health psychology, 3290
educational epidemiology; medical education; educational research; population-based design; analytic approaches; educational effectiveness, 33624
effect size confidence intervals; tests of close fit; analysis of variance; contrast analysis; F test improvement, 18227
effect-size measure; research designs; eta squared statistics; omega squared statistics; statistical significance, 3129
emancipatory action research; history; action theory; participatory worldview; empowerment; researchers; subjects, 6424
ethical issues; community studies; parental consent; sexual experiences; child sexual abuse; informed consent; youth surveys; school children, 10916
ethics applications; clinical research; application processes; COREC requirements; United Kingdom, 32985
ethics applications; clinical research; application processes; COREC requirements; United Kingdom, 32993
exemplarian action research model; social problems; social science theory; emancipation; empowerment; methodology; researcher subject relationship; reciprocal adequacy; explicitness, 6429
exemplarian action research; individual approach; demand driven approach; research projects; labor market, 6464
expectation led interviewer effects; health surveys; experimental design, 6428
experience sampling techniques; computerized data collection; research design, 3269
experimental design; two-group design; nursing research; research interventions; attrition; group assignment, 9525
external validity; construct validity; proximal similarity; experimental design; marketing research, 24085
heterogenous variances; homogenous variances; chance-corrected measure; probability values; experimental designs; effect size, 33611
inclusive learning disability research; nondisabled researcher; learning difficulties; research projects; research roles, 28942
institutional racism; research centers; health research; urban health; Detroit; New York; Seattle; community-based participatory research; CBPR; collaboration principles; sustainable funding, 3285
intervention selection bias; internal validity; intervention research; bias control; causal conclusions; alternative explanations; psychological interventions; quasi-experimental designs, 12557
language-as-fixed-effect fallacy; data analysis; experimental design, 256
logicomathematic structural methodology; contemporary psychology; semantic information; experimental methods; cognitive processes; experimental design; cognitive science; epistemological issues, 18061
longitudinal research; pretest-posttest design; college student growth, 33637
longitudinal research; pretest-posttest design; college student growth, 33639
longitudinal research; pretest-posttest design; college student growth; change measurement, 33640
major depression; antidepressants; clinical trial design; design analysis; drug therapy, 20348
multisite clinical trials; National Institute of Mental Health; methodologies, 3279
natural experiments; early experience; human development; research design, 9547
neuropsychological tests; correlation coefficient; temporal order memory; particular relevance; inferential methods; summary statistics; confidence limits; normative sample; regression line, 3271
non-manipulation quantitative designs; correlational studies; causal comparative studies; random assignment; independent variable; rehabilitation research, 30565
nursing research; research samples; minority groups; diversity, 12555
outcome reporting bias; randomized clinical trials; protocols, 24338
paired comparisons data; incomplete cyclic designs; reliability level; semantic similarity; rating scales, 9339
placebo; treatment; randomized controlled trial; psychopharmacology; adolescence, 32459
psychotherapy research; research designs; research in experiential psychotherapy; prevention of deterioration in psychotherapy, 21
psychotherapy; bulimia nervosa; research design; research methods, 27404
psychotherapy; placebo treatments; structural equivalence; structural inequalities; treatment outcomes; active treatments; placebo controls; research designs; specificity, 1977
PsyScript; scripting experiments; Macintosh application, 12375
public school settings; functional analyses procedures; applied behavioral research; modified conditions; experimental designs, 30557
qualitative comparative analysis; research strategies; variable-oriented research designs; case-oriented research strategies, 12561
qualitative comparative analysis; research strategies; variable-oriented research designs; case-oriented research strategies, 12570
qualitative methods; scientific method; figure meaning independence; experimental methodology; mathematical metaphysics; significant anomaly; sign-thing coordination; numerical variables, 9510
qualitative research methods; medical journals; medical knowledge; medical research; psychiatry; scientific communication; trends, 9528
qualitative research; cross-cultural context; research design, 15153
qualitative research; data analysis; quantitative research; analytic process, 21233
qualitative research; research process; research strategy; reflexivity; self reflection; family stories, 21243
random assignment; treatment preference; internal validity; clinical outcomes; services outcomes; treatment condition; randomized clinical trials, 3270
randomized controlled trials; evidence-based mental health care; treatment, 3273
randomized controlled trials; psychotherapy; primary care; mental disorders; methodology, 287
randomized controlled trials; psychotherapy; primary care; mental disorders; methodology, 280
remote viewing; paranormal investigators; multiple agent design; multiple-percipient design; mentation reports, 18229
research methods; health sciences; research design; research project management; statistical skills, 6423
research practice; working with children; research process difficulties; hard to reach children, 24340
Resources for Enhancing Alzheimer's Caregiver Health; interventions; family caregiving for persons with dementia; research design; outcome measures; sample characteristics, 2466
schizophrenia trial design; protocol development; antipsychotic drugs; drug effectiveness; Clinical Antipsychotic Trials of Intervention Effectiveness program, 3291
school psychology education; research design; statistics, 6442
single-case experimental designs; developmental-behavioral pediatrics, 9555
single-system research designs; social work interventions; social services; social work practice; treatment outcomes evaluation, 9556
social psychology research; research design; Abraham Ross; scientist-practitioner model, 13420
statistical approaches; effectiveness measurement; outcome-driven re-randomizations; clinical trials; antipsychotic drugs; drug effectiveness; schizophrenia; Alzheimer's disease, 3272
statistical correction; sample selection bias; external validity; internal validity; social work researchers, 27405
statistical properties; single case randomization test; Type I error rates; statistical power, 12534
test anxiety; perceived stress; psychoneuroendocrinology; academic examinations; research; experimental design; test difficulty; repeated measures; terminology; within subjects, 6459
transfer function; Wiener filters estimation; behavioral dynamics; two-pass Monte Carlo algorithm, 33612
Transparent Reporting of Evaluations with nonrandomized Designs; Annals of Behavioral Medicine; scientific study; evidence-based medicine, 24346
treatment models; intervention research; research design; psychotic prodrome; early intervention; subpsychotic symptoms; treatment models; methodology; schizophrenia, 18215
treatment outcomes; statistical relationships; behavioral treatment; single subject design; effect size, 12547
universal grammar; language performance systems; modularity matching model; language processing system; experimental methods, 31170
universal grammar; language performance systems; modularity matching model; language processing system; experimental methods, 31190
universal grammar; language performance systems; modularity matching model; language processing system; experimental methods, 31142
universal grammar; language performance systems; modularity matching model; language processing system; experimental methods, 31163
universal grammar; language performance systems; modularity matching model; language processing system; experimental methods, 31154
visual inspection methods; statistical methods; assessment; behavior analysis; data analysis; interrater agreement; visual inspection; single-case designs; training procedures; interpretation, 241

Experimental Design [See Also Between Groups Design, Clinical Trials, Cohort Analysis, Followup Studies, Hypothesis Testing, Longitudinal Studies, Repeated Measures]—Books

Handbook of research methods in clinical psychology, 15162

Experimental Design [See Also Between Groups Design, Clinical Trials, Cohort Analysis, Followup Studies, Hypothesis Testing, Longitudinal Studies, Repeated Measures]—Chapters

Addressing validity concerns in clinical psychology research, 14966
The analysis of correlational data, 15146
Basic principles of meta-analysis, 15163
Design and analysis of experimental and quasi-experimental investigations, 15164
Evaluating treatment efficacy with single-case designs, 17551
The Influence of Design Variables on the Results of Controlled Clinical Trials on Antidepressants: A Meta-Analysis, 303
Influential Factors for Sensitivity and Specificity for Serodiagnosis of Human and Porcine Trichinellosis, 298
Psychological research methods and Christian belief, 15170
Research methods in industrial and organizational psychology: Data collection and data analysis with special consideration to professional issues, 5986
Stage theories of health behavior: Conceptual and methodological issues, 17282

Experimental Environment [See Research Setting]

Experimental Epilepsy—Serials

amygdala-kindled seizures; pentylenetetrazol-induced convulsions; topiramate; antiepileptic drugs; rats; mice; valproate; carbamazepine; phenobarbital; diphenyl-hydantoin; ethosuximide; clonazepam, 12976

downregulation; CCAAT-enhancer binding protein beta; hippocampal neural plasticity; chronic electroconvulsive seizures; delta FosB transgenic mice, 9825
spontaneous seizures; lithium induced epilepsy; pilocarpine induced epilepsy; neuronal loss; right temporal cortices; rats, 34056

Experimental Ethics—Serials

adolescent perspectives; parent perspectives; ethical issues; youth drug use; suicide; risk-benefit; consent; incentives; confidentiality; survey, 8960
animal care & use committee; ethical evaluation; animal research, 8963
antiepileptic drugs; AED; ethical concerns; adjunctive therapy; efficacy; safety; tolerability; monotherapy; refractory partial seizures; outpatient conversion; presurgical conversion, 17150
behavioral research; animal care; ethical issues; experimental procedures; guidelines, 15352
benefits; burdens; risk benefit framework; placebo; major depression; schizophrenia; research ethics, 12067
biomedical research; subjects with impaired decision making; institutional review boards; vulnerable subjects; public trust, 26851
clinical psychopharmacology research; minorities; racial & ethnic & cultural factors; experimental subjects; participation; ethics, 12072
clinical research; health care; patient participation; patient rights; ethics, 32971
conflicts of interest; biomedical research; academic-industry research relationships; industry-funded research, 12080
consent decisions; adolescents; research-based issues; guidelines, 33630
dyadic psychoanalysis; psychoanalytic researchers; psychoanalysis, 20254
ethical dilemma; ethical issues; anesthesia expertise; researcher-researched relationship; anonymity; confidentiality; privacy; exploitation; responsibility; nurse; experimenter, 8961
ethical issues; community studies; parental consent; sexual experiences; child sexual abuse; informed consent; youth surveys; school children, 10916
ethical issues; ethics; animals; biomedical & psychopharmacology research; moral standing; morality; ethics; animal models; animal research, 12064
ethical issues; social research; children, 24350
ethical principles; children; developmental disabilities; risk vulnerablity; distributive justice; research participation; human rights, 34260
ethical standards; ethics; febrile neutropenia; cancer patients, 24353
ethical standards; human subjects; traumatic memory; historical note; traumatic event; human subject; false memory; recovered memory, 12075
ethics applications; clinical research; application processes; COREC requirements; United Kingdom, 32993
ethics applications; clinical research; application processes; COREC requirements; United Kingdom, 32985
ethics; general practice; bioethics; rural community; qualitative study; hospital closure; general practitioners, 27409
ethics; psychopharmacology research; decisionally impaired subjects; informed consent; mentally disabled; vulnerable populations; mental disorders; protections; Institutional Review Board, 12076
ethics; psychopharmacology; psychopharmacological research; child & adolescent subjects, 12079
ethics; research project, 26853
geriatric neuropsychiatric research; decisionally impaired research participants; research ethics; regulatory policy; legal policy; informed consent; proxy consent; surrogate consent, 26849
government policy making; drug experimentation law; child experimental subjects; experimental ethics; morality; informed consent; risk; child health & welfare; US, 2679
human subjects research; policies; national ethical standards; ethics; regulatory frameworks; ethics review committees; research with children & incapacitated adults; emergency situations, 12071
human subjects research; privately sponsored research; individual financial conflicts of interest; federal disclosure regulations; institutional policy development; guidelines, 23736
Human Use Regulatory Affairs Advisor; HURAA; research ethics; intelligent learning modules; human subjects; computer-based training; Web, 32977
information giving; clinical trials; medical researchers; patient participants; researchers attitudes; information amount; participants understanding, 5813
informed consent; postponed information; patient attitudes; clinical trials; outreach stroke care; treatment effectiveness evaluation, 30553
informed consent; postponed information; patient attitudes; clinical trials; outreach stroke care; treatment effectiveness evaluation, 30555
institutional review board; autism; research ethics; subject protections; vulnerable populations; psychopharmacological research, 12068
knowledge explosion; electronic literature retrieval systems; research article writing; empirical journal articles; references; citations, 11991
mental health services; adolescent attitudes; child attitudes; consultation research; ethical issues; methodological issues, 24339
psychiatric genetics research; susceptibility data; research participants; research ethics; psychiatric disorders, 12061
psychiatric research; informed consent; competence; privacy; voluntarism, 5811
psychological research; experimental methods; Internet; experimental ethics; professional ethics, 14605
psychopharmacological drug studies; psychopharmacology research; ethical issues; research ethics; informed consent; guidelines; special populations, 12063
rare genetic disorders; clinical investigation; research; ethical review; consent; anonymity; methodology, 32986
research ethics training; psychiatric education; curriculum development; teaching, 12016
research ethics; academic freedom; risk management; litigation; institutional regulations; research prohibition, 18009
research ethics; evidence based medicine; randomized clinical trials; cost effectiveness; funding, 32979
research ethics; health care; developing countries; bioethics; care standards, 32983
research participants; consent forms; criminology; informed consent; research ethics; offenders; confidentiality, 12413
research participation; bereaved parents; traumatized populations, 21234
research; protocol safeguards; research recruitment; informed consent; experimental debriefing; schizophrenia; experimental subjects, 22559
researchers; research ethics paperwork; research ethics committees; nationally standardized forms; ethical approval; United Kingdom, 32978
risk factors; non-therapeutic research; justice; parental consent; children; research ethics, 32989
scientific merit; human research; psychiatric clinicians; psychiatric research; clinical research; ethical conduct; medical residents, 5816
social science research; ethical issues; web-based questionnaires, 21235
social sciences; human subject protection; history, 23744
speciesist practices; psychoethics; paradoxical human nonhuman relationship; psychology; research, 3108
wash out; psychiatry; symptom reemergence; research ethics; schizophrenia; schizophrenic patient attitudes; psychiatrist attitudes; participation, 10802

Experimental Ethics—Chapters

Ethical considerations in clinical psychology research, 17565

Experimental Instructions—Serials

generative verbal responding; derived relational networks; reinforcement; novel instructions; control; instructional control, 33871
information giving; clinical trials; medical researchers; patient participants; researchers attitudes; information amount; participants understanding, 5813
nicotine dose; instructions; smoking; reinforcing effects; subjective effects; cigarette reward value; nicotine content; brand differences, 18783

Experimental Laboratories—Serials

ethnic differences; polysomnographically recorded sleep; laboratory environment; home setting; Blacks; Whites; hospitals, 3426
ethyl alcohol; solvent; injection; experimentation; laboratory setting, 12558
group-housed mice; laboratory mice; Mus musculus; motivation for additional space; animal welfare, 21419
habituation study; terrestrial hermit crabs; college students learning; laboratory experiments; invertebrates, 30009
Harvard Pigeon Lab; B. F. Skinner; R. J. Herrnstein; graduate students; history; methods, 12434
laboratory animals; sex; gender; biomedical research; behavioral research; terminology, 3449
laboratory animals; sex; gender; biomedical research; behavioral research; terminology, 3445
research methods course; experimental laboratory course; software selection; computer applications; computer skills; teaching, 29986

Experimental Methods [See Also Quasi Experimental Methods, Stimulus Presentation Methods]—Serials

Air Traffic Control Laboratory Simulator; human performance; experimental conditions; medium-fidelity simulator; low-fidelity simulator; cognition research, 30561
anthropology; indigenous communities; interpersonal rapport; contract agreements; negotiated reciprocities; researcher-subject relationship; collaborative work; Native Alaska; heritage, 34468
applied linguistics; conversation analysis; research criteria, 15154
applied memory research; scientific method; methodology, 15327
attention deficit hyperactivity disorder; pharmacological treatments; experimental guidelines, 2149
automated method; transcranial magnetic stimulation; TMS; motor activity; cortical inhibition; contralateral silent period; voluntary muscle activity, 15088
blind methods; experimenter bias; methodological quality; inter-coder reliability; parapsychology, 33647
case study; research strategy; qualitative research strategies; social science disciplines; ambiguities; opportunities, 21245
conduct disorder; pharmacological treatments; experimental guidelines; treatment, 2150
data sets; behavioral science; medical science; research methodologies, 6449
data sets; research methods, 6433
data sets; statistical significance; research methods, 6456
direct observational methods; stereotypic behavior; autism; pervasive developmental disorder not otherwise specified; partial-interval recording; momentary time sampling; stereotypy, 18211
educational research; collaborative research; statistical methodology; data collection; emerging trends; DK&G model, 18072
experimental analysis; covariant; analysis of covariance; social psychology, 24355
external validity; construct validity; proximal similarity; experimental design; marketing research, 24085
gossip research; taxonomy; data collection methods; future directions; real world implications, 22275
Guiding Responsibility and Expectations in Adolescents Today and Tomorrow violence prevention program; program evaluation; data collection; measurement, 17658
health interventions; healthy eating; health care research; health promotion research, 24351
inquiry folk theories; preservice teachers; atheoretical scientific method; science education; teachers; classroom practice, 30025
Internet; Web based research; data collection methods; sample characteristics; research generalization; participant motivation, 12553
intraindividual variability; longitudinal data sets; individual development; data analysis methodology; aging, 34386
item response model; pathological science; psychological measurement; psychometrics; quantification; quantitative psychology; pathology of science, 18221
item response theory; empiricism; quantitative psychology; psychometrics; pathology of science, 18209
market research; Internet based research; conferencing software; qualitative research; virtual synchronous group interviews; online research; Hotline Connect; cyberparents; online interviewing, 6446
neuropsychological tests; correlation coefficient; temporal order memory; particular relevance; inferential methods; summary statistics; confidence limits; normative sample; regression line, 3271
normative model; belief in task parameters; participant skepticism; confidence in forced-choice tasks, 30682
participatory action research; young people; health services, 6426
Pavlovian conditioning; human sexual deviations; sexual arousal; sexual behavior; empirical findings; theories; empirical methodology, 33904
pharmacogenetics; study methods; psychotropic drug response; antidepressant drugs; antipsychotic drugs; mood stabilizers; adverse effects, 26395
postmortem psychiatric research; molecular analysis; gene expression; laser-assisted microdissection techniques; neuropathological involvement of cells, 9526
psychological assessment; focus groups; content validity; target population; instrument development; research findings, 33646
psychological change; assessment; adulthood; aging; statistical models; intraindividual change; experimental methods, 7464
psychological research; experimental methods; Internet; experimental ethics; professional ethics, 14605
psychopathology; taxometrics; taxometric methods; mean above minus below a sliding cut; MAMBAC; maximum covariation; MAXCOV; maximum eigenvalue; MAXEIG; statistical conclusion validity, 12529
qualitative data analysis; theoretical ideas; qualitative study; thinking process, 21230
qualitative research; dietitians; language, 3274
qualitative research; grounded theory; gifted students, 12560

question design; estimation algorithms; respondents; polyhedral methods; Internet marketing; product research, 6382
rape; offence processes; rapists; child sexual offenders; relapse prevention model, 35006
research methods course; experimental laboratory course; software selection; computer applications; computer skills; teaching, 29986
research methods; active teaming approach; sophomore students; statistics laboratory component; data collection; student learning, 30006
research methods; health sciences; research design; research project management; statistical skills, 6423
research; levels of analysis; social & organizational dynamics, 6438
response styles; rating scales; method bias; acquiescence; extreme response style; cross cultural differences; marketing, 21244
risk attributes; adolescent population; school dropouts; risk estimates; graduates; surveys, 6463
self-novelty manipulation; self-focused attention; Internet experiments; laboratory experiments; self-awareness; experimental manipulation, 30569
social research; child research participants; power; voice; phenomenological perspective; quantitative methods; research methodology; qualitative research; ethics guidelines, 28041
social science; behavioral science; research methods; research teaching, 17676
suggestibility research; interviewing; interviewers; experimental methods; questioning behavior; young children, 15150
taxometric analysis; taxometric methods; research challenges; research complications, 12536
therapeutic trials; experimental protocols; protocol standardization; statistical approaches; Huntington's disease; animal models; phenotypic variability sources; mice, 12787
timed picture naming; word retrieval; Snodgrass method; norms; experimental validation; experimental reliability; order of presentation; name agreement; reaction time, 9553
unisex; feminism; research method, 33645
Web-based research; in-person samples; psychometric equivalence; computer administration; validity; Sexual Boredom Scale, 9543
work behavior comparison; cultural comparison; cross-national differences; organizational characteristics; workers attitudes; workers behavior; research methods, 9098

Experimental Methods [See Also Quasi Experimental Methods, Stimulus Presentation Methods]—Books

Experiments with people: Revelations from social psychology, 4332
Handbook of research methods in clinical psychology, 15162
Participatory community research: Theories and methods in action, 18234

Experimental Methods [See Also Quasi Experimental Methods, Stimulus Presentation Methods]—Chapters

Community concerns about participatory research, 18248
Community development: Enhancing the knowledge base through participatory action research, 18237
Community narratives: The use of narrative ethnography in participatory community research, 18239
Conclusion, 18241
Culturally anchored research: Quandaries, guidelines, and exemplars for community psychology, 18242
The eighth Koan of progress in social psychology: A variable anointed as 'special'' will demand special treatment, 10480
Empowerment evaluation: Principles and action, 18249
Epidemiological research: Science and community participation, 18247
Faculty deconstructs participatory research, 18244
Participatory action research: General principles and a study with a chronic health condition, 18235
Primary prevention: Involving schools and communities in youth health promotion, 18238
Psychological research methods and Christian belief, 15170
Qualitative methods in psychological research, 15167
Research methodology and clinical psychology: An overview, 15168
Research methods for developmental psychopathology [with vignette by Anne K. Jacobs], 15171
A review of dream ESP studies conducted since the Maimonides dream ESP programme, 9741
Self-help research: Issues of power sharing, 18240
Symbolic play through the eyes and words of children, 16053
Value choices and methodological issues in research with women, 15165

Experimental Psychologists—Serials

experimental psychologists; fundamental differences; behavior analysts; operant approach; traditional experimental methods; Yerkes Laboratories of Primate Biology; history of psychology, 6220
Max Friedrich; experimental psychology; Wilhelm Wundt; family background; life experiences; teacher; mathematics, 30348

Experimental Psychology—Serials

associative learning theory; experimental psychology; Pavlovian conditioning; associationism, 3394
cognitive sciences; gestaltpsychologie; Gaetano Kanizsa; experimental research, 12428
Dael Wolfle; obituary; experimental psychology; science administration; academia, 2591
experimental psychology; psychopathology; animals, 3446
human experimental psychology; quantitative analysis of behavior; cognitive psychology; bridging gaps; categorization; decision-making; SQAB 2003 conference, 24361
James Mark Baldwin; James Gibson Hume; University of Toronto; hiring; experimental psychology; faculty recruitment; philosophy professors, 23785
journal editorial; journal paper statistics; bilingual sentence processing; applied psychology; experimental research; implicit cognition, 24356
neural processing; auditory cortex; cortical sensitivity; auditory cortical circuitry; functional pathways; hearing; synaptic properties, 15577
Pavlov; methodological behaviorism; differential psychology; experimental psychology, 3117
scientific communication; experimental social psychology, 19100

Experimental Psychology—Chapters

Adult experimental psychopathology [with vignette by Anne K. Jacobs], 16373

Experimental Replication—Serials

nursing practice; replication; evidence based practice, 9533

Experimental Setting [See Research Setting]

Experimental Subjects—Serials

African American men; income levels; demographic characteristics; experimental subject recruitment efforts; cancer screening trial, 22877
anorexia nervosa; bulimia nervosa; clinical treatment; recruitment rates; clinical treatment trials, 9542
at risk population; recruitment strategies; exercise; physical disability; study participants; exercise programs; elderly adults, 6443
biomedical research; subjects with impaired decision making; institutional review boards; vulnerable subjects; public trust, 26851
bupropion SR; health care system; smoking cessation treatment; screening; managed-care setting; field trial recruitment; behavioral cessation programs, 11917
caregivers; experimental recruitment; internal validity; pragmatic issues; selection bias; sampling frames; participation rates, 27410
clinical nursing; experimental effect; nursing studies; improvement; control groups; experimental groups, 9523
clinical research; health care; patient participation; patient rights; ethics, 32971
clinical treatment research; older African Americans; whites; health services utilisation; race differences; behavioral intention; older persons; fatalist cancer beliefs, 22116
cluster headache; migraine; somatostatin withdrawal; healthy volunteers, 22826
consent decisions; adolescents; research-based issues; guidelines, 33630
conversation analysis; parapsychology; naturally occurring talk; linguistic practices; parapsychology laboratory; interactional moments; experimenter-subject interaction, 18441
ethical issues; social research; children, 24350
ethics; psychopharmacology; psychopharmacological research; child & adolescent subjects, 12079
ethnic minority communities; ethnic minority individuals; recruitment; retention; aging; promotion; research community, 22192
experimental volunteers; alcoholic probands; volunteer recruitment; family members; alcoholism genetics, 18226
genomic research; single nucleotide polymorphisms; privacy; human subjects, 30831
government policy making; drug experimentation law; child experimental subjects; experimental ethics; morality; informed consent; risk; child health & welfare; US, 2679
home hospice; cognition issues; physical distress; research needs; research participation attrition; informed consent, 11848
human subjects research; policies; national ethical standards; ethics; regulatory frameworks; ethics review committees; research with children & incapacitated adults; emergency situations, 12071
human subjects research; privately sponsored research; individual financial conflicts of interest; federal disclosure regulations; institutional policy development; guidelines, 23736
human subjects research; trust preservation; institution financial conflicts of interest; recommendations; commercial research sponsors; public concerns; disclosure, 23735
information giving; clinical trials; medical researchers; patient participants; researchers attitudes; information amount; participants understanding, 5813
institutional review board; autism; research ethics; subject protections; vulnerable populations; psychopharmacological research, 12068
Internet sexuality questionnaire; instrument dropout; respondent characteristics; males; females, 12471
Internet; Web based research; data collection methods; sample characteristics; research generalization; participant motivation, 12553
laboratory animals; sex; gender; biomedical research; behavioral research; terminology, 3449
laboratory animals; sex; gender; biomedical research; behavioral research; terminology, 3445
major depressive disorder; antidepressant efficacy trials; enrollment; eligibility requirements; subjects, 2179
mental health services; research participant recruitment; retention; older minorities; consumer-centered model, 23342
mental retardation; literature; participant gender; sex; researchers, 16555
normative model; belief in task parameters; participant skepticism; confidence in forced-choice tasks, 30682
nursing research; research samples; minority groups; diversity, 12555
offspring alcohol abuse; offspring alcohol dependence; alcoholic twins; offspring participation, 19693
older ethnic groups; group experimental participants; health-related research; health research disparities; minority groups, 23492
organizational survey; satisfaction survey; active nonresponders; passive nonresponders, 3243
participant retention; research participants; longitudinal research; follow-up studies; Parkinson's disease; caregivers, 27421
patient attrition; treatment non-compliance; secondary stroke prevention; subject discontinuation; voluntary withdrawal; follow-up loss; clinical trials, 29471
prison-based research; coercion; informed consent; decisional capacity; mentally ill offenders; prisoners, 11970
psychological assessment; focus groups; content validity; target population; instrument development; research findings, 33646
psychopharmacological drug studies; psychopharmacology research; ethical issues; research ethics; informed consent; guidelines; special populations, 12063
random assignment; treatment preference; internal validity; clinical outcomes; services outcomes; treatment condition; randomized clinical trials, 3270
randomized controlled trials; community outpatient samples; psychotherapy; generalization; exclusion criteria; inclusion criteria; methodology, 2015
recruitment goals; community advisory board; adults; community-based health promotion; collaborative relationships; educational attainment; community senior center; intervention study recruitment, 2446
recruitment methods; breast cancer patients; survivors; home based physical activity intervention; psychosocial interventions, 35767
recruitment; retention; dementia family caregivers; intervention research; cultural values; help-seeking behavior; caregiving, 23560
research ethics; experimental design; research samples; population diversity; minorities; quantitative research; qualitative research, 32964
research participant recruitment; older African Americans; process evaluation; community; Durham elders project; morbidity burden; mortality; minority elders, 22126
research participants; consent forms; criminology; informed consent; research ethics; offenders; confidentiality, 12413
research participants; conversational logic; performance rewarding; reasoning performance; researcher interaction, 27505
research participation; human subjects; research experiences; social work research; informed consent disclosure; debriefing; emotional reactions; mental health; women; welfare reform, 9524
research projects; community setting; social capital; community life; recruitment difficulties; deprived community; semi-insider position; participant assessment, 6458
research; protocol safeguards; research recruitment; informed consent; experimental debriefing; schizophrenia; experimental subjects, 22559
risk factors; non-therapeutic research; justice; parental consent; children; research ethics, 32989

schizoaffective disorder; schizophrenia research; mental health services; primary care settings; subject recruitment; disorder severity; illness onset; sample characteristics, 18218
scientific merit; human research; psychiatric clinicians; psychiatric research; clinical research; ethical conduct; medical residents, 5816
social research; child research participants; power; voice; phenomenological perspective; quantitative methods; research methodology; qualitative research; ethics guidelines, 28041
social sciences; human subject protection; history, 23744
statistical correction; sample selection bias; external validity; internal validity; social work researchers, 27405
subject recruitment; participant screening; outpatient substance abuse clinical trials; treatment protocols, 12563
Experimental Subjects—Books
Experiments with people: Revelations from social psychology, 4332
Experimentation [See Also Consumer Research, Interdisciplinary Research, Qualitative Research, Quantitative Methods, Research Setting]—Serials
schizophrenia prodrome; ultra high-risk; early psychosis; research; endophenotypic markers; clinical indicators, 20221
24th International Conference on Learning Disabilities; 'must read'' publications; research; practice; research studies; identification issues; definition; learning disabilities; panelists, 1714
academic research; research collaborations; collaborative relationships; process framework; interpersonal collaborative processes; collaborative context; collaboration experience, 20787
action research; emancipatory design choices; empowerment, 6451
action research; social scientific research; social problems; emancipation, 6425
action research; work based learning; meta learning; pragmatic issues; workplace learning; student learning, 20826
acute psychiatric wards; mental health care system; short-term hospital care; ward care description; qualitative studies; mental disorders; staff-patient relations; pharmacological interventions, 29743
addiction; developing country; drug abuse; drug abuse prevention; drug abuse treatment; opium; heroin; drug research; hashish, 31961
adolescent development; Hershel & Ellen Thornburg; influence on adolescent research; recent research trends; experiences; presidents of the Society for Research on Adolescence; close associates, 12010
adolescent development; interpersonal contexts; developmental impact; relationships with significant others; families; peers; romantic partners; networks; interrelations; research designs, 10129
adoption; child development; natural experiment, 10134
African American church leaders; Pastors; community based participatory research; research expectations; research satisfaction, 13292
agonal factors; postmortem factors; gene expression profile; postmortem human brain; coma; hypoxia; ribonucleic acid; microarray analysis; quality control, 16835
alcohol abuse prevention; community psychology; cultural factors; participatory action; sobriety, 26658
alcohol control changes; alcohol drinking pattern; problem drinking; Nordic countries; research traditions, 28185
altered state of consciousness; extrasensory perception; psi; ESP; ganzfeld technique; methodological artifacts; experimenters; replication; randomization; sensory leakage; statistical errors, 6639
ambulatory cancer patients; impaired capacity; risk; decision-making capacity; informed consent; consent to research; judgment; patient characteristics, 8178
analysis methods; skewed data distributions; psychiatric clinical studies; zero values, 27406
analysis of covariance; power; priming experiments, 254
anomalous effects; consciousness; psychokinesis; physics; claims; experimental work, 6637
apparatus bias; conditioned place preference; ethanol; place conditioning; methodological problems; unbiased procedure; preferred stimulus; initial cues bias; rewarding drug effect; measurement, 9529
appetitive behavior; research; Columbia University Seminar; glucose utilization; gastrointestinal controls; satiety; mechanisms of learning; mechanisms of conditioning, 34108
applied memory research; scientific method; methodology, 15327
attachment theory; clinical work; clinical application; attachment research, 31116
attention deficit hyperactivity disorder; pharmacological treatments; experimental guidelines, 2149
attention-deficit/hyperactivity disorder; adults; behavioral inhibition; neuropsychological performance; developmental considerations; neuropsychological deficits; empirical methods, 28902
authors perceptions; electronic publishing; research articles; abstracts; paper journal, 31091
autism; endophenotypes; epidemiology; record linkage; schizophrenia, 24344
behavioral experiments; experimental design; animal behavior; statistical procedures; sampling procedures; randomization; sample size; experimental subjects; ideal experiments, 290
behavioral genetics; experimental parameters; genetic reserch; Drosophila, 18543
behavioral interventions; public health; behavioral hypertension research, 11626
behavioral medicine research; evidence-based practice; treatment adherence; clinical guidelines, 11327
behavioral medicine; randomized clinical trials; scientific rigor; scientific communication; Consolidated Standards of Reporting Trials; behavioral interventions, 20437
behavioral research; animal care; ethical issues; experimental procedures; guidelines, 15352
bereavement; grief research; health; research developments; empirical literature; grief interventions, 28457
bereavement; grief research; research advancement; death; distress, 28456
bereavement; grief; health care improvement; research advancement; practice; practitioners; behavior change, 29596
bereavement; grief; inclusion criteria; identification process; literature; reference manager; articles, 27403
bereavement; grief; research agenda; researchers; bereavement services; health outcomes; health care providers; health care systems, 29598
bioethics; biomedical science; political distortion; stem cell research, 36027
bioethics; medical science; politics; stem cell research, 36022
bioethics; politics; biomedical science; stem cell research, 36017
biohistory; ethical guidelines; genetics; research; bioanalysis; historical figures, 26847
biomedical research; subjects with impaired decision making; institutional review boards; vulnerable subjects; public trust, 26851
Black women; psychology; epistemology; conceptual framework; research, 31325
brand medications; generic medications; cost; management of illness; research, 23218
breast cancer patients; patient perceptions; health beliefs; clinical studies participation, 29062
burden of mental illness; public health; mental disorders; mental health; women; research, 2380
cancer clinical trials; health care services; treatment strategies; cancer research; patient participation, 22875
caregiving conceptualization; caregiving effects; family caregiver; caregiver burden; caregiver appraisal; caregiver research, 9538
Carlisle Research Co-op; person-led research; self-advocacy movement; learning difficulty; labels; support roles, 28923
case study; research strategy; qualitative research strategies; social science disciplines; ambiguities; opportunities, 21245
challenging behaviour; clinical research; treatment effectiveness evaluation; group counseling, 33643
child mental health services; health service delivery; cultural differences; race; ethnicity; culturally diverse populations; recent literature, 29607
child psychotherapy; history; Journal of Child Psychotherapy; research, 32283
childhood; empowerment; child marginalization; childhood perspectives; child disenfranchisement; Western ideology; critical paradigmatic perspective; history; gender; race; nursing research, 15901
choice; health education intervention; randomized controlled trials; preference design trials; health education research; females, 23437
citation analysis; discourse analysis; sociology; information science; integrated research; history, 28028
citation count analysis; scientific information; substance abuse; journal citation analysis; research sources; substance abuse professionals, 28881
classic contributions; social psychology studies, 10463
clinical child psychology; empirically supported treatment; training methods; dissemination; clinical practice; research; assessment; diagnosis; evidence-based practice; intervention; outcomes; models, 32253
clinical child psychology; empirically supported treatments; training methods; dissemination; evidence based practice; child & adolescent treatment; service & research clinics; effectiveness trials, 32247
clinical child psychology; empirically supported treatments; training methods; dissemination; research; theory; integration, 32248
clinical child psychology; empirically supported treatments; training methods; dissemination; web-based strategy; professional & ethical issues; adolescent psychology, 32242
clinical child psychology; empirically supported treatments; training methods; dissemination, 32223
clinical child research; discrepancy measurement; informant ratings; child psychopathology, 33626
clinical nursing; experimental effect; nursing studies; improvement; control groups; experimental groups, 9523
clinical therapeutics; clinical practice, 5125
clinical trials; Child and Adolescent Psychiatry Trials Network; pediatric psychiatry; clinical relevance; clinical acceptability, 27422
close relationships research; couple & family therapy; shared therapist interests; clinical case example; therapy measures; styles research; Love Styles theory; love theories, 11424
cognition; emotions; self-esteem; research, 27430
cognitive psychology; research journals; periodicals; interest topics, 13138
collaboration; community leadership; African American community; action research, 26653
collaborative research; experiences; judgment; uncertainty; decision making; framing effects; behavioral economics, 2588
collaborative research; mental health service users; caregivers; researchers; outreach service; service evaluation, 24337
communication disorders; evidence-based practice; clinical practice; diagnostic accuracy, 32063
community psychologists; empowerment; transition-related goals; action research; intervention research, 26787
community research; rape survivors; community psychology; community members, 26645
conceptual model; care costs; evidence-based care; schizophrenia case study; guideline standards; medication doses; treatment costs; evidence-based medicine; conceptual development, 20098
conduct disorder; pharmacological treatments; experimental guidelines; treatment, 2150
confirmation bias; data evaluation; consistency; students; reasoning; researcher expectations; scientific environment; initial bias to discount; repeated observations; causal thinking simulation; data, 24342
conflict; power; status; concepts; perspectives; institutional rules; research; political science; psychology; sociology; group behavior, 10507
conflicts of interest; biomedical research; academic-industry research relationships; industry-funded research, 12080
contribution; discipline; research; writing; publish challenge; writers, 7294
conventional narrative research; children with HIV; narratives; poststructural theory, 33623
cooperative learning; collaborative learning; school learning; early childhood education; peers; teacher decision-making; research, 33105
correspondence bias; social psychology; research; history, 10455
creative problem solving; research; reflective practice; development of creative talent; creative process; Alex Osborn; history, 27502
criminal justice; stalking; empirical research, 10932
cross-linguistic studies; picture naming; response times; name agreement; nouns; verbs; object; action, 33404
cross-national comparative research; ethnic studies; United States; Michael Banton; race; teaching; scholarship; partisanship, 16133
culturally effective research; family based research; family therapist; clinical research; empirical research; ethnic minorities families; family-based prevention; cultural sensitive; ethnic families, 32368
current world literature; clinician journal bibliography; literature; journal database entries; bibliographic databases; reviewer annotated papers; special interest papers; reviewer bibliography, 28537
data collection process; researcher experiences; sensitive data, 15151
delusional beliefs; monothematic delusions; rational responses; unusual experiences; Wittgensteinian framework; empiricist approach; meaning; rationalist account, 22428
depressed mood; parental smoking; preteen smoking; smoking behaviors; major depression; smoking susceptibility; smoking experimentation, 25591
depression management; practice based research; recognition; diagnosis; treatment; follow-up; treatment; outcome assessment, 11377
developmental psychology; developmental research; evolutionary theories; ecological contexts; phylogenetic levels; integrative systems; systems perspective, 3451

developmental scholarship; research evidence; social policy; programs; services; policy making; evidence based programming; funding, 34247
developmental theories; emotional interactions; psychoanalysis; psychoanalysts, 25434
diabetes education; low literate Hispanics; educational status; at risk population; Hispanics preferences; research results, 32107
diagnostic accuracy; bias; diagnostic research; research evaluation; STARD initiative, 27402
distinguished professional contributions award; applied research; APA awards; psychologists; Theodore Millon; Stanley Sue, 14511
distinguished professional contributions award; applied research; private sector; public sector; award winners; APA awards; research; professional practice, 14545
dopaminergic systems; ecstasy users; MDMA; ecstasy information; 3,4-methylenedioxymethamphetamine; mass media; toxic effect; animal research; human research; mood; pain tolerance; driving, 25878
double dissociations; neuropsychological research; brain damage; correlation; measures; language deficits; hemispatial neglect, 6386
educational environment; research environment; cultural differences; personality distributions; United States; Germany; working style; cooperation; individual work; computer science education; work, 20789
educational epidemiology; medical education; educational research; population-based design; analytic approaches; educational effectiveness, 33624
educational research; collaborative research; statistical methodology; data collection; emerging trends; DK&G model, 18072
educational research; methodologies; educational psychology; qualitative case studies; special needs education, 33006
educational research; methodology; special needs education, 33186
educational-psychological intervention; educational psychology; educational intervention research, 33595
effect sizes; statistical testing; behavioral medicine research; clinical significance, 20440
efficacy; evidence-based practice; psychological therapy, 11372
elementary school; literacy research; literacy practice; literacy transitions; prevention based instruction; curriculum decisions, 33109
emancipatory action research; history; action theory; participatory worldview; empowerment; researchers; subjects, 6424
embryonic stem cells; medical research; bioethics; human embryos, 36024
epidemiological research; nonresponse; missing data; methodology; attrition; imputation techniques, 27400
Epilepsy Foundation; epilepsy research; epilepsy organizations, 22997
epistemological belief system; personal epistemology; education; embedded systemic model; coordinated teams approach to research, 18836
ethical considerations; online therapy; potential strengths; face-to-face therapy; research; psychotherapy, 16937
ethical issues; ethics; animals; biomedical & psychopharmacology research; moral standing; morality; ethics; animal models; animal research, 12064
ethical principles; children; developmental disabilities; risk vulnerablity; distributive justice; research participation; human rights, 34260
ethical standards; ethics; febrile neutropenia; cancer patients, 24353
ethics; psychopharmacology; psychopharmacological research; child & adolescent subjects, 12079
ethics; research project, 26853
ethnic diversity; marital research; couples; Whites; Blacks; diverse samples; research recruitment, 33633
ethyl alcohol; solvent; injection; experimentation; laboratory setting, 12558
evidence based medicine; medical care; clinical epidemiological research, 32655
evidence resistence; evidence-based medicine; cotemporary social movements; research evidence; medical practice; power struggles; clinicians; surgeons, 1945
evidence-based medicine; EBM; implementation gap; evidence-based policy; evidence-based practice; medical profession; policy makers; health care; clinicians, 1914
evidence-based medicine; EBM; rational medicine; ethical problems; epistemic problems; patient experiences; therapeutic decision making; medical community; patient health, 2267
evidence-based practice; alternative communication; augmentative communication; decision making; clinical practice; educational practice; research, 20674
evidence-based practice; clinician/researcher relationship; schools; barriers reduction; clinical practice; research work; information transfer; speech-language pathologists, 14580
evidence-based practice; practice-based evidence; psychological therapy; research; efficacy; effectiveness; practice; service system, 11369
exemplarian action research model; social problems; social science theory; emancipation; empowerment; methodology; researcher subject relationship; reciprocal adequacy; explicitness, 6429
exemplarian action research; individual approach; demand driven approach; research projects; labor market, 6464
experimental demands; self-reported fear; demand characteristics; fear information; children; behavioural avoidance; pathological fear; implicit attitude; development, 7421
experimental design; two-group design; nursing research; research interventions; attrition; group assignment, 9525
experiments of nature; developmental theory, 10128
expert opinion; research recommendations; reading education, 36134
eye movements; reading; methodology; experimentation; theory, 12661
fair beliefs; bargaining behavior; experimental bargaining; consumer behavior, 33340
fairness heuristic theory; validity; empirical research, 28435
false memories; anomalous experiences; human memory; paranormal experience; hypnotic susceptibility; fallibility; research; eyewitness testimony, 6629
family experience; cross-cultural comparisons, 34404
family research; family therapy; practice; clinical knowledge; integration, 2060
family strengths; family relationship; family well-being; family behaviors; social workers; family strength research, 3283
family; consumer sciences; consumer research; research methods, 24354
female genital functions; genital dysfunction; research; current clinical evaluation, 32095
feminist perspective; health ideology; social discrimination; public health services; caregivers; nursing research; inequities; non-Western populations, 23662
five-phase model; clinical-outcome research; audiology and speech-language pathology; evidence-based practice; treatment efficacy and effectiveness, 32823
foreign language learning; motivation; theoretical advances; research, 4036
funding sources disclosure; financial interests; research projects, 35958
gender; exceptionality; interventions; racial domination; awareness; feminism, 28310
genes; male mice; aggressive behavior; methodology; research, 3284
genetic research; appetitive behavior; obesity; nucleotide polymorphisms; murine molecular genetic techniques, 35145
genetic research; health disparities; racial discrimination; poverty, 29663
Georg von Bekesy; auditory system research; psychoacoustics; inner ear; sensory inhibition; Nobel Prize winner; biography, 344
gifted education; qualitative case study; research, 12559
gossip research; taxonomy; data collection methods; future directions; real world implications, 22275
governance; management; research, 23984
grassland bird; species detection; terrestrial birds; bird observers; detection errors; recognition errors, 6432
health behavior; human research; Robert J. McDermott; health communication, 35922
health research; psychological services; health care; interdisciplinary research, 26580
heart failure; African-Americans; etiology; pharmacology; clinical trials, 13906
helping others; action research; emancipation; knowledge system participation, 6431
Hershel & Ellen Thornburg; improved communication; policy makers; practitioners; adolescent research; research priorities; research questions; scientific rigor; areas of progress, 12006
history of research; adolescent development; phases; models; developmental plasticity; hypothesis testing; diversity; application to real-world problems; developmental science; policy makers, 10151
history; research; social psychology; stereotypes; prejudice, 10451
HIV research disparities; HIV care gaps; African Americans; HIV/AIDS; treatment strategies; experimental medications, 29051
HIV; AIDS; prevention research; African Americans; risk reduction, 14312
HIV; AIDS; prevention research; homosexual males; African Americans; risk factors, 14335
home dream ESP research; Maimonides research program; methodology; dream mentation; sleep-laboratory-based research, 6641
Home Office; random allocation; crime rate; crime prevention; criminal justice; criminals; criminological research; fashion; personality factors; political factors, 18010
homosexual behavior; homosexuality; homosexual orientation; treatment methods; society; culture; treatment research, 31420
human development; social change; breakdown of Communist system; Eastern Germany; Eastern Europe; psychological consequences; theoretical considerations; research needs, 31315
human relations; psychology; economics; economic research, 34443
human subjects research; policies; national ethical standards; ethics; regulatory frameworks; ethics review committees; research with children & incapacitated adults; emergency situations, 12071
implicit association test; social psychology; history of psychology; automatic attitudes; research; familiarity; race, 10450
individual rights; freedom; metaethics; social work research; social workers; research ethics; social work model; ethical principles, 5809
infant research; intersubjectivity; Andrew Meltzoff; Colwyn Trevarthe; Daniel Stern; psychoanalytic theory, 10630
information systems; action research; uncontrollability; contingency; subjectivity; business process improvement, 33387
innovation; individual level factors; group level factors; organizational level factor; innovation research; routinization; distress-related innovation model, 20893
inquiry paradigm; collaborative process; positivist inquiry paradigm; post positivist inquiry paradigm; constructivist worldview; critical theorists, 2716
institutional review board; autism; research ethics; subject protections; vulnerable populations; psychopharmacological research, 12068
instructional design and technology; dissemination; empirically supported & manual-based therapies; web-based training applications; treatment manuals, 32230
interdisciplinary communication; conceptual frameworks; nonmedical health determinants; socioeconomic health determinants; health care policy; scientific research; public policy, 14321
international networks; dementia; Alzheimer's disease; 10/66 Dementia Research Group; population based research; developing countries, 20519
interpersonal monitor; social psychology; history; research; sociometer hypothesis; self-esteem, 10459
intervention selection bias; internal validity; intervention research; bias control; causal conclusions; alternative explanations; psychological interventions; quasi-experimental designs, 12557
John Bissell Carroll; factor analytic studies; psychometric research; quantitatitive cognitive science, 11993
John Teasdale's retirement; clinical psychologist; researcher, 35931
journal editorial; intensive family preservation services; dispute resolution methods; mediation; alcohol dependence treatment; research methodology, 15157
Journal of Cross-Cultural Psychology; empirical studies; psychological studies; cross-cultural psychology; historical analysis; content analysis, 22184
journal rankings; business journals; management journals; Research Assessment Exercise, 30558
Kanadier Mennonites; Anabaptist religious groups; methodological challenges; cross-cultural research; lifestyle, 27416
knowledge explosion; electronic literature retrieval systems; research article writing; empirical journal articles; references; citations, 11991
knowledge explosion; electronic literature retrieval systems; research article writing; empirical journal articles; references; citations, 11980
labeled response options; vague quantifiers; time stability; child characteristics; survey research, 12546
laboratory rats; strain differences; morphology; sensorimotor ability; locomotor ability; Fischer rats; Lewis rats; Long-Evans rats; Sprague-Dawley rats; Wistar rats; neuroscience research, 537
language; learning disability; audience; ownership; authority; co-authorship, 22747
learning difficulties; people-led research; research experiences; self-empowerment; rejection, 28940
learning disabilities; contemporary schools; special education; effective instruction delivery; evidence-based practices; research-practice link, 26983
learning disabilities; special education; research; teaching; science into schooling; reading instruction, 26995
lesbian parent families; family relations; research; kinship formation, 25118
life stories; occupations; occupational therapy; personal interpretations; valuable resources; life course; person's life; occupation-based research, 11959
literacy research; international reports, 33000

loneliness; seniors; methodology; findings, 31277
longitudinal research; pretest-posttest design; college student growth, 33637
longitudinal research; pretest-posttest design; college student growth, 33639
longitudinal research; pretest-posttest design; college student growth; change measurement, 33640
maintenance treatment; maintenance therapy; insomnia; depression; research, 35540
maintenance treatment; maintenance therapy; insomnia; depression; research, 35568
major depressive disorder; antidepressant efficacy trials; enrollment; eligibility requirements; subjects, 2179
management information systems; human-computer interaction; human factors; research; assessment, 21010
media-use pattern; data collection; sexual health; recruitment; sexuality; young adolescents, 21239
mediator effects; moderator effects; pediatric development; pediatric behavior; pediatric research, 15917
medical science; criminology; cultural factors; randomized controlled trials; criminal justice; social factors, 18011
mental health research; department of mental health; world health organization; developing countries; substance abuse, 24143
mental health research; mental health practice; psychiatric trials; mental health interventions, 29677
Merrill-Palmer Quarterly; developmental psychology; journal history; research; trends, 15908
methodological problems; psychotherapy research; models; intrapsychic change, 23134
methodological problems; psychotherapy research; models; intrapsychic change, 23139
methodological problems; psychotherapy research; models; intrapsychic change, 23150
methodological triangulation; dissonant data; family research, 15155
microarray technologies; human postmortem brain studies; human brain disorders; quality control, 16817
models; qualitative emic approach; quantitative derived etic approach; researchers; cross-cultural research, 27426
moderator effects; mediator effects; counseling psychology research; multiple regression; structural equation modeling, 9512
monotherapy trials; antiepileptic drugs; drug therapy; epilepsy; clinical practice; clinical trials, 2282
multiagency communities of practice; evidence based policy development; knowledge management; social services; health services; knowledge processing; views; older people; consumers, 1919
multimedia; cognition; multimedia interactivity research; users; functional interactivity; cognitive interactivity; cognitive processes, 33075
multisystemic treatment; outcome studies; treatment effectiveness; family relations, 35371
multisystemic treatment; outcome studies; treatment effectiveness; family relations, 35363
music education research; music psychology; British impact; music perception, 36049
music education research; university academics, 36069
National Depressive & Manic-Depressive Association; consensus statement; placebo; clinical trials; mood disorders, 18217
networked management learning; networked learning; management education; learning literature; 1999-2002; education research approaches, 33259
new researchers; reference list; original work attribution; replicated research, 23349
nicotine research; tobacco research; pregnant smokers; external rewards; behavioral change; nicotine replacement; fetal growth, 35880
No Child Left Behind Act; individualized special education programs; attribution bias; confirmation bias; educational research; students; emotional or behavioral disorders; research controversy, 30074
Nobel Prize for Physiology or Medicine; ethology research; behavioral sciences; Karl von Frisch; Konrad Lorenz; Nikolaas Tinbergen, 42
Nobel Prize; history; social sciences; behavioral research; psychology, 40
nonhuman animals; experimentation, 3454
nonprobability sampling; social work research; dilemmas; consequences; strategies, 27414
normative data; remote associate problems; time limit; mean time to solution; problem solving; problems, 9338
occupational health problems; clinical decisions; evidence based approach; patient preferences, 14224
occupational health; evidence-based medicine; occupational medicine; systematic reviews; search strategies; intuition; narrative evidence; clinical skills, 14221
occupational therapy; participatory research; client-centered therapy; occupation based therapy, 23632
online psychological research; logotherapy; research validity; internet; test security, 14965
organizational change; research-action project; social system dynamics; researcher; change agents, 36382
parental consent; implied consent; parental refusal; adolescent participation; school based research, 18231
parental divorce; single-parent families; raising children; research perspectives; modernist tradition; postmodern views; androcentric bias; strengths-based perspective; effects of divorce, 10383
participant retention; research participants; longitudinal research; follow-up studies; Parkinson's disease; caregivers, 27421
participatory action research; young people; health services, 6426
participatory research; health care; user participation; research projects; emotional support; service users; parent-carer, 21241
Pavlovian conditioning; human sexual deviations; sexual arousal; sexual behavior; empirical findings; theories; empirical methodology, 33904
Pavlovian conditioning; theoretical perspectives; empirical relationships; learning theories; theory testing; empirical laws; basic learning, 33921
pedagogy; ethics; morals; educational research, 23763
pediatric psychopharmacology; publicly funding; industry funding; child research; psychotropic medications; treatment; prognosis, 29397
personality assessment; cultural boundaries; international test adaptation; cross-cultural test research; cross-cultural assessment; Minnesota Multiphasic Personality Inventory; research accuracy, 33499
pharmacological research; data availability; ethical imperative; psychotropic medication; clinical trials; serotonin reuptake inhibitors, 29412
phenomenological analysis; phenomenological research; narrative data; thematic moment analysis, 27411
physical education; doctoral dissertations; teaching; research focus; research methods; analysis, 23828
physical laws; physical processes; psi; theories; methods; consciousness, 6634
physiology; behavior; Gerard P. Smith; research, 30826
picture-story test; cross-cultural research; Thematic Apperception Test; picture cues; methodological considerations; implicit motives data; item bias, 12554
placebo effect models; placebo effect mediation; learning; classical conditioning procedures; verbal information; expectancy theory; conscious cognition; conscious expectancies, 12556
placebo effect models; placebo effect mediation; learning; classical conditioning procedures; verbal information; expectancy theory; conscious cognition; conscious expectancies, 12567
placebo effect models; placebo effect mediation; learning; classical conditioning procedures; verbal information; expectancy theory; conscious cognition; conscious expectancies, 12566
politics of knowledge; decision processes; research; postmodernism; scientific inquiry; special education; subjectivism; positivism; positive behavior support; empirical methods; qualitative methods, 12209
poor construct conceptualization; research validity; construct validity; statistical conclusion validity; internal validity; external validity, 7290
population health; models; public health practice; public health policy; public health research, 14362
positive psychology; life satisfaction; satisfaction assessment research; children; adolescents; construct validity; demographic variables; cultural factors; group differences, 27418
postgraduate students; PhD students; roles; doctoral education; teaching loads; subject knowledge; professional identity; conducting research, 36084
postnatal depression; health services research; cross-cultural research, 28634
postseparation fathering; divorced fathering; research, 31365
Practice Based Research Networks; clinical research; family therapy, 35451
practice-based evidence; evidence-based practice; research; practice; mental health services; academic institutions; collaboration; primary care counseling services; ethnic minorities, 11777
practice-based evidence; psychological therapies, 11382
prevention research; child abuse; youth violence; domestic violence; strategies; methodological issues; violence risk, 16479
prevention; disabling practices; higher education; research; disabilities; community psychology, 2700
primary care practitioners; research; evaluation, 29870
Professional Psychology Research & Practice; content analysis; sample analysis; diversity; readers, 5747
Psi Chi/APA Edwin B. Newman Graduate Research Award; math-science pipeline; achievement; underachievement; Rose Mary Webb, 14542
psychiatric disabilities; comprehension; research article, 1382
psychiatric research; informed consent; competence; privacy; voluntarism, 5811
psychiaty research; international trends; journal database; citation analysis; countries, 29246

psychoanalysis; psychoanalytic research; creative alliances, 25416
psychoanalysis; science; experimentation; social sciences; psychoanalytic interpretation, 31635
psychohistory; self-development; individual research, 31285
psychological aging; research agenda; gerontology; perspectives on aging; Norwegian research; personality; intelligence, 1030
psychological research; psychosocial development; sexual minority adolescents; developmental research; sexual development; sexual orientation; contemporary research; sexual identity, 973
psychological research; undergraduate students; interest predictors, 27392
psychological variables; parapsychology; experimenter role; replicability; research; error; consciousness; psi, 6642
psychology impact; psychologists; psychological research, 29863
psychometric instruments; translation; adaptation; cross cultural research; linguistic issues; nursing, 9462
psychooncology; psychosocial interventions; biopsychosocial oncology; Bernard H. Fox; research; randomized clinical trials, 32250
psychopathology research; structural equation modeling; latent trajectory models, 6396
psychosocial effects; political problems; emergency housing; shelterization; homeless; psychosocial impact; resident behavior; methodology; researchers; theory; institutional studies, 1056
psychosomatic medicine; Statistical Corner; statistical methods; psychosomatic research, 16356
psychosomatics; research; psychiatry; treatment; health care services; health service delivery, 29601
psychotherapy research; psychotherapy training, 32921
psychotherapy research; research designs; research in experiential psychotherapy; prevention of deterioration in psychotherapy, 21
psychotherapy sessions; process research; practice; therapeutic change mechanisms; general theory of human functioning, 2013
psychotherapy; research findings; teaching; psychotherapy researchers; psychotherapy processes; psychotherapy outcomes; clinicians; psychotherapists; consensus, 1979
PsyScript; scripting experiments; Macintosh application, 12375
public health crisis; injection drug use; harm reduction; supervised injection facilities; health promotion; international legal implications; implementation of trials; Canada; Australia, 2398
qualitative approaches; child psychotherapy; research, 30552
qualitative approaches; child psychotherapy; research, 30562
qualitative method; animals; animal experiences; social construction; humanism; humanistic psychology, 9550
quantitative polymerase chain reaction; postmortem brain studies; gene expression; ribonucleic acid; microarrays; microarray results quantification, 15464
racial studies; ethnic studies; Black reparations; African American reparations; racialization; race relations; racial profiling; social institutions; cultural institutions, 28225
Rand index; adjusted Rand index; validation research; classification rates, 30544
randomized controlled trials; community outpatient samples; psychotherapy; generalization; exclusion criteria; inclusion criteria; methodology, 2015
randomized experiments; California Youth Authority; research quality; policy makers; mass media; criminology; U.S. National Institute; British Home Office, 15149
rare genetic disorders; clinical investigation; research; ethical review; consent; anonymity; methodology, 32986
rational emotive behavior therapy; cognitive therapy; similarities; differences; neurotic disorders; severe personality dysfunctioning; philosophical bases; empirical results; outcome studies, 5194
recreation; hierarchical linear modeling; tourism, 33321
reflexivity; qualitative research; phenomenology; hermeneutics; methodology, 9560
rehabilitation psychology research; international perspectives; international consultation; cultural settings, 11894
relational psychoanalysis; psychotherapy research; clinical theory; therapeutic alliance, 20256
relationships; community research; participation; community psychology, 26644
research & development; ownership structure; R & D investments; United States; Japan, 24017
research challenges; early childhood education; early childhood care, 34252

research ethics; academic freedom; risk management; litigation; institutional regulations; research prohibition, 18009
research evidence; democratic-based therapeutic community; effectiveness; concept-based therapeutic community, 29727
research management development; governance capacity; primary care organizations, 29666
research methods; academic sector; non-academic market research community, 29969
research participation; human subjects; research experiences; social work research; informed consent disclosure; debriefing; emotional reactions; mental health; women; welfare reform, 9524
research participation; relationships with adults; relationships with investigators; children; adolescents, 15938
research practice; working with children; research process difficulties; hard to reach children, 24340
research protocols; adherence; behavioral interventions; research; methodology; research participants, 281
research self-efficacy; research training; psychology graduate students; instrument factor structures, 9349
research validity; transcultural epidemiology; validity problems; measurement validity & reliability; content & diagnostic & construct & external & criterion related & internal validity, 9559
research; aggression; rodent aggression; animal aggression research; animal models, 3267
research; bioecology; human potential, 12572
research; bioecology; human potential, 305
research; protocol safeguards; research recruitment; informed consent; experimental debriefing; schizophrenia; experimental subjects, 22559
research; psychosomatic medicine; biopsychosocial medicine, 29465
research; research awards; Antarctic; human adaptation; stress; trauma; South Pacific; systems theory, 14551
research; research awards; Antarctic; human adaptation; stress; trauma; South Pacific; systems theory, 14568
research; research awards; Antarctic; human adaptation; stress; trauma; South Pacific; systems theory, 14559
research; teaching; developmental psychology; behavioral pediatrics; disorders, 28574
researchers; research ethics paperwork; research ethics committees; nationally standardized forms; ethical approval; United Kingdom, 32978
rhetoric; research; psychology; theory; unification, 5
satellite transmitters; albatrosses; foraging behavior; animal behavior, 6663
scaling up research-based practices; inclusive classrooms; elementary school teachers; professional development program; facilitators; high implementers; moderate implementers; low implementers, 2718
schizophrenia prodrome; early intervention research; serious mental illness research; multisite approach; mental health services, 19425
schizophrenia prodrome; research; intervention; prevention; vulnerability; risk factors; developmental issues; neuroimaging; cognition; alternative prevention strategies; clinical trials, 19421
schizophrenia; German Research Network on Schizophrenia; care facilities; illness development; early detection; early intervention strategies, 14406
schizophrenia; prodromal research; phases; prevention, 19435
schizophrenia; severe mental illness; prodromal research; early detection; intervention; psychosis; onset; pathophysiology, 19475
scholarly journal articles; tobacco use; study variables; research instruments, 22268
school counselors; school counseling profession; research, 36073
school desegregation; social science research; desegregation research; Brown vs Board of Education decision; research funding, 36071
school psychology research; school psychology journals; research topics, 9052
school spirit; colleges; universities; college environment; college students; student attitudes; measurement; data collection, 17738
scientific merit; research; polychlorinated biphenyls; prenatal & postnatal exposure; neurobehavioral effects; health; cognitive deficits, 28978
scientific merit; research; polychlorinated biphenyls; prenatal & postnatal exposure; neurobehavioral effects; health; cognitive deficits, 28973
scientific merit; research; polychlorinated biphenyls; prenatal & postnatal exposure; neurobehavioral effects; health; cognitive deficits, 28968
scientific merit; research; polychlorinated biphenyls; prenatal & postnatal exposure; neurobehavioral effects; health; cognitive deficits, 28971
scientific merit; research; polychlorinated biphenyls; prenatal & postnatal exposure; neurobehavioral effects; health; cognitive deficits, 28976
scientific merit; research; polychlorinated biphenyls; prenatal & postnatal exposure; neurobehavioral effects; health; cognitive deficits, 28977
scientific merit; research; polychlorinated biphenyls; prenatal & postnatal exposure; neurobehavioral effects; health; cognitive deficits, 28974
scientific merit; research; polychlorinated biphenyls; prenatal & postnatal exposure; neurobehavioral effects; health; cognitive deficits, 28975
scientific merit; research; polychlorinated biphenyls; prenatal & postnatal exposure; neurobehavioral effects; health; cognitive deficits, 28972
scientific merit; research; polychlorinated biphenyls; prenatal & postnatal exposure; neurobehavioral effects; health; cognitive deficits, 28969
self-novelty manipulation; self-focused attention; Internet experiments; laboratory experiments; self-awareness; experimental manipulation, 30569
self-protective properties; social psychology; social stigma; history of psychology; research; self esteem, 10449
serious mental illness; methodological barriers; collaboration; illness pathways; schizophrenia; risk factors; vulnerability; models; prodromal research, 19452
SES measurement; health research; social epidemiology; socioeconomic status, 22175
sex research; Alfred C. Kinsey; sexual behavior; sexual attitudes; history, 25208
sex; history of social psychology; research; gender differences; receptivity, 10448
Sexual Addiction & Compulsivity; research, 10898
sexual aggression; sexaul research journal, 34964
sexual behavior assessment; sexual risk behavior; self report accuracy; computer assisted assessment; methodological issues, 286
sexual offenders; triangulation research; sexual offending; quality criteria; qualitative methodology; quantitative methodology; multiple assessment, 33648
sexual risk behavior; research methodology; item content; scaling; data analysis; frequency measures; count data; relative frequency measures; HIV risk behavior; score covariance, 285
shyness; narratives; research, 34712
social care; care staff; staff information; research findings; audiotapes, 26810
social class; socioeconomic status; measurement; counseling psychology; research, 11380
social class; socioeconomic status; measurement; counseling psychology; research, 11381
social indicators; health-related quality of life research; self-reported health, 29442
social interdependence theory; research, 1185
social interdependence theory; research, 13433
social psychological research; social psychology, 1049
social psychology articles; history, 10444
social psychology research; research design; Abraham Ross; scientist-practitioner model, 13420
social psychology studies; history of psychology, 10453
social psychology studies; history, 10452
social psychology studies; history, 10472
social psychology; group decision making; research; history, 10470
social psychology; history; research; action mind-sets; illusions of control, 10456
social psychology; information; mood; research; history, 10469
social psychology; research; history; stereotyping; prejudice; mundane situations, 10454
social psychology; romantic relationships; positive illusions; history; research; self-fulfilling effects, 10466
social psychology; social behavior; research; priming; history of psychology, 10443
social psychology; thought suppression; history; research; psychology of mental control, 9336
social representations theory; community-based health research; stigmatizing practices; identity; knowledge systems, 14045
social trauma; conflicy research; ethical issues; methodological issues; society conflict; genocide perpetrator; war, 6427
social workers; health care research; evidence-based practices; medicine; health professions; research evidence, 29616
Society for Research on Nicotine and Tobacco; research promotion; scientific advances; knowledge dissemination, 31453
South African survivors; human rights violation; ethical problems; logistical problems; methodological problems; behavioral science research, 24345
special education; federally funded experimental research; research grants, 17753
sport psychology; applied research; athletes; coaches; research; intervention; conflict, 24038
Sri Lanka; cross-cultural research; capacity building; multidisciplinary research; bioethics; collaboration; multi-disciplinary team efforts, 6461
state of research; intelligence; situational & cultural variables, 13207
statistics; effect sizes; journal publication; counseling research, 20706
stress; health; research, 5497
student motivation; motivational science perspective; learning; teaching; motivational science research, 2794
suggestibility research; interviewing; interviewers; experimental methods; questioning behavior; young children, 15150
suicide; suicidal behaviors; suicidal ideation; stress; stress research; risk factors, 35021
symptom-defined populations; community surveys; cancer diagnostic research; general practice, 3292
taxometric analysis; taxometric methods; research challenges; research complications, 12536
teacher research; linguistic backgrounds; cultural backgrounds; experienced teacher researchers; science lessons; mathematics lessons; theory into practice, 17590
theft; ethics; life portrayal; educational settings; educational research; stories, 33625
theoretical perspective; small group research; feminist; social identity; social network; psychodynamic; functional; temporal; conflict-power-status; symbolic-interpretive; social-evolutionary, 10504
theory construction; perspectivist approach; perspectivism; social psychology; psychological research, 25245
therapeutic community; history; practice; research; practical application, 29718
TPL-KATS-card sort; structural knowledge; software tool, 12379
traffic stop encounters; racial profiling; traffic police; decision making; methodological issues; research, 36551
traumatic events; dissociative reactions; peritraumatic dissociation; risk factors; post-traumatic stress disorder; PTSD; experimentation; methodology; retrospective reports, 10818
treatment assignment; statistical power; multilevel modeling, optimal design, sample size; optimal sample allocation; control conditions; costs; unit of randomization, 18202
treatment options; obesity; weight change patterns, 28957
treatment refusal; treatment exclusion; generalized social phobia; study participation; comprehensive cognitive behavioral therapy; fluoxetine; comorbid depression, 11337
treatment research; anorexia nervosa; methodology; interventions; treatment, 22757
trends; literacy education; research; survey, 36101
trust; refugee communities; community services; access; research, 26657
vagus nerve stimulation; functional neuroimaging studies; neuropsychiatric disorders, 3610
violence; aggression; animal research; human research; mental health research, 3280
visual function; aphasia; neurogenic language disorders; visual information processing; visual acuity; colour perception; visual fields; visual attention; oculomotor functions, 29123
visual object processing; semantic categories; ecological pictures, 27472
wave frequency; clinical electric shock; pain sensation; startle response, 21731
Web-based technology; human participants; computational models; experimentation tool, 9521
Wilhelm Wundt; chemistry; theory; experiments; history of psychology; experimental psychology, 47
within group differences; between group differences; common factor model; test scores, 3282
women psychiatrists; research involvement, 26829
work stress interventions; evidence-based research; public sector, 20925
World Health Organization; mental health research; journals; scientific literature, 35659
world views; personal account; scientists; practitioners; topics; Boulder Model; professional education; psychologists, 5781
youth care; participative research; participative care practice; action research; social services, 8760
youth development; Latino youths; development research; asset orientation; service providers; policy makers, 22003

Experimentation [See Also Consumer Research, Interdisciplinary Research, Qualitative Research, Quantitative Methods, Research Setting]—Books

Essential sources in the scientific study of consciousness, 3429
Parkinson's disease: The life cycle of the dopamine neuron, 16846
Play in child development and psychotherapy: Toward empirically supported practice, 2026
Tributes: Personal reflections on a century of social research, 52

Experimentation [See Also Consumer Research, Interdisciplinary Research, Qualitative Research, Quantitative Methods, Research Setting]—Chapters
Addressing validity concerns in clinical psychology research, 14966
Adult clinical assessment and diagnosis research: Current status and future directions [with vignette by Anne K. Jacobs], 15166
Applications from previous disaster research to guide mental health interventions after the September 11 attacks, 1544
Applying for NIH grants, 2612
Avoiding heterosexist bias in psychological research, 3293
Beyond heterosexism and across the cultural divide—Developing an inclusive lesbian, gay, and bisexual psychology: A look to the future, 4286
Biological perspectives on sexual orientation, 4281
Bisexual identities, 4284
Child and adolescent assessment and diagnosis research [with vignette by Anne K. Jacobs], 15058
Child sexual abuse and adult sexual risk: Where do we go from here?, 1632
The children of Oklahoma City, 2430
Clapping with both hands: Numbers, people, and simultaneous hypotheses, 10479
The close association between classification and intervention for children with primary language impairments, 4824
Considerations when conducting psychological research during peacekeeping missions: The scientist and the commander, 2997
The contribution of genetically manipulated animals to the study of stimulant and alcohol addiction, 16512
Correlational and experimental study of resilience in children of divorce and parentally bereaved children, 4164
Cross-cultural industrial and organizational psychology: A critical appraisal of the field and future directions, 5975
Cultural sensitivity and cultural competence, 2615
Design and analysis of experimental and quasi-experimental investigations, 15164
Design consideration in prevention research, 8391
Epidemiology, 16669
Exploring the links between risk perceptions and preventive health behavior, 2371
From problem solving to modeling: The evolution of thinking about research on complex mathematical activity, 23855
From theory to research to change, 16328
Functional assessment of school-based concerns, 3238
Genes and behaviour: finding a genetic substrate for cognitive neuropsychiatry, 16375
A history of psychological theory and research in mental retardation since World War II, 13825
A holistic person approach for research on positive development, 15929
Human aggression: biological correlates and environmental influences, 16494
Investigating professional issues in clinical psychology [with vignette by Anne K. Jacobs], 15169
Issues of Reviews and Meta-Analyses of Observational Studies, 302
Job satisfaction: A cross-cultural review, 6034
Juvenile primates: Dimensions for future research, 3551
Kelly's influence on research and career, 16326
Must the magic' of psychokinesis hinder precise scientific measurement?, 9738
The neurobehavioral analysis of visuospatial attention in the rat, 21722
Organization theory, 5988
Personality Research in the Organizational Sciences, 5983
Presenting your research, 294
Proposing and completing your dissertation, 2645
The psychology of the peacekeeper: Common themes and future directions, 2991
Publishing your research, 299
Research in personal construct psychology, 16320
Research in prevention and promotion [with vignette by Anne K. Jacobs], 17279
Research on resilience: An integrative review, 4157
A review of dream ESP studies conducted since the Maimonides dream ESP programme, 9741
The role of the experimenter in parapsychological research, 9742
Sapphic shadows: Challenging the silence in the study of sexuality, 4282
The scientific process and publishing research, 14954
Seeing is believing: Research on women's sexual orientation and public policy, 4295
Strategies for Detecting Moderator Variables: A Review of Conceptual and Empirical Issues, 3294
Structural equation modeling in clinical psychology research, 15145
Taking the scientific path: A road map for applied psychology students, 2642
Therapy and interventions research with adults [with vignette by Anne K. Jacobs], 16976
Time discounting and time preference: A critical review, 15311
Ways of knowing in psychological science, 15172
We ask, does psi exist? But is this the right question and do we really want an answer anyway?, 9740
Experimenter Bias—Serials
blind methods; experimenter bias; methodological quality; inter-coder reliability; parapsychology, 33647
conflicts of interest; biomedical research; academic-industry research relationships; industry-funded research, 12080
diagnostic accuracy; bias; diagnostic research; research evaluation; STARD initiative, 27402
diagnostic tests; diagnostic accuracy; technology; STARD initiative, 27419
experimenter effects; attention focus; remote facilitation; believers; disbelievers; experimenters; psi effects; distraction, 18440
psychological variables; parapsychology; experimenter role; replicability; research; error; consciousness; psi, 6642
publication bias; nursing; meta-analysis, 23588
randomized clinical trials; antidepressant drug trials; fluoxetine; major depression; bias, 20276
Experimenter Bias—Chapters
Avoiding heterosexist bias in psychological research, 3293
Experimenters—Serials
analog functional analysis; natural environment; problem behavior; developmental disabilities; caregivers as therapists; familiarity, 13787
collaborative research; experiences; judgment; uncertainty; decision making; framing effects; behavioral economics, 2588
conversation analysis; parapsychology; naturally occurring talk; linguistic practices; parapsychology laboratory; interactional moments; experimenter-subject interaction, 18441
data collection process; researcher experiences; sensitive data, 15151
European elite politics; research methods; gender identity; researcher identity; elite interviewing, 6453
inclusive learning disability research; nondisabled researcher; learning difficulties; research projects; research roles, 28942
information giving; clinical trials; medical researchers; patient participants; researchers attitudes; information amount; participants understanding, 5813
Saul Rosenzweig; experimenter-experimentee complementarity; idiodynamics; scientific contributions; psychotherapy; personality theory; psychology; human behavior, 25404
Experimenters—Chapters
Presenting your research, 294
Publishing your research, 299
The role of the experimenter in parapsychological research, 9742
Expert Systems [See Also Decision Support Systems]—Serials
algorithms; inferences; querying experts; knowledge space, 17963
business automation; intelligent systems; software tools; business rules; expert system; knowledge base management systems; verification testing, 17973
case-based reasoning; intelligent systems; comparative shopping; web service; mobile commerce, 33388
categorial expert systems; hierarchical categorization; categorical representation; approximate reasoning; associative memory, 30311
cognitive modeling; decision support; fighter aircraft; pilot decision making; expert systems approach; US Pilot's Associate; French Copilote Electronique, 6149
communication mode; computer-mediated communication; group support systems; idea generation, 33398
data mining; artificial neural networks; genetic algorithms; intelligent systems; customer targeting, 33403
data mining; source database association rules; information accessibility; knowledge extraction; knowledge discovery in database; frame metadata model, 6146
embedded intelligent technology; safety-critical systems; information technology; human operators; human performance; knowledge-based systems, 9238
fuzzy inference network; search strategy; neural logic network; fuzzy logic; expert system, 24115
incentive structure; communication mode; distributed group decision support systems, 33395
information systems; action research; uncontrollability; contingency; subjectivity; business process improvement, 33387
integrated knowledge system; Case Base Reasoning; case matching; knowledge management system; KM; data communication; data warehouse; Online Analytical Processing, 6148
learning vector quantization; LVQ; neural gas; NG; single class; upper case; lower case; cursive character recognizer; CSR; data base training, 14877
lexical semantics; verbs; temporal relations; verbal temporalisation; verb semantics; storytelling system; Confucius, 36506
object recognition; neural network; image analysis; appearance-based 3-D object recognition; three-layer perceptrons; nonlinear principal component network; pose estimation, 14898
online knowledge-based expert system; fuzzy logic; machinability data selection, 17984
organizational change management; knowledge-based process management; re-engineering activities; process execution; workflow management system; business process modeling, 17971
risk expert systems interventions; smoking cessation; dietary change; sun protection; parents; multiple behavior changes, 35701
robotic welding systems; vision sensing; self-learning neuron control; arc welding; real-time sensing, 24112
symbol grounding; artificial intelligence; knowledge representation; robotics; intelligent behaviors; means-ends analysis; insect level intelligence, 30305
symbolic classifiers; multiple inducers; classification algorithms; databases; data mining; learning system; XRULER system; dataset; ensembles construction; learning system; sampling, 17969
visual perception; motion velocity sensitivities; visual images; systems learning, 17975
Expert Systems [See Also Decision Support Systems]—Chapters
Expert systems, 17994
Expert Testimony—Serials
Ipse Dixit' mislabeling; post-daubert approaches; expert clinical opinion; supreme court decisions; expert testimony admissibility; judicial determinations; forensic experts, 6171
Brown vs Board of Education; scientific attack; psychological knowledge; psychology & civil rights movement; psychological experts; psychology & society, 36529
child custody evaluation; marital disruption; psychologist; judicial process, 33419
competence to stand trial; Ninth Circuit Court; defendant; mental illness; client competence; defense attorney; mental health evaluator; decision-making abilities; court rulings, 6201
expert testimony; battered woman syndrome; mock jury decisions; judgment; criminal evidence; batterer's threat, 21044
expert testimony; eyewitness memory; judge's final instructions; guilt perceptions; eyewitness believability; jurors; need for cognition; conviction rate; case strength, 24128
expert testimony; juror verdicts; experts credibility; cognition; numerical information; liability, 27226
expert testimony; trials; battered women; abuser killings; criminal homicide, 33436
expert witnesses; automatism; criminal violence; psychiatrists; psychologists, 33416
expert witnesses; forensic psychiatry; expert testimony; bias factors; psychiatrists, 36537
forensic psychiatrists; harassment; intimidation; forensic psychiatry; expert witnesses; threats, 21048
forensic psychological examinations; personal injury; compensation; legal process; expert testimony; distress; psychological functioning, 27218
forensic psychology; sex offender treatment; witness ethnicitity; expert testimony; child witnesses; battered woman cases; interview approaches; youth antisocial behavior, 21042
judicial decision making; expert testimony reliability; judges; appellate court; scientific evidence reliability, 30315
juror responses; expert witness testimony; gender stereotypes; gender-domain congruency; jury discussion, 30336
malingering detection; expert neuropsychologists; compensation claim; personal injury litigation; litigant assessment, 30318
professional organizations; expert witnesses; medical experts; false testimony; policies; disciplinary action, 8967
psychobiographical approach; evaluation; sentence mitigation; punishment; death; mental health evaluators, 12404
psychological assessment instruments; forensic settings; expert testimony; legal processes; Rorschach Test, 33510
psychological testing; scientific principles; forensic psychological testing; evidence; expert testimony; legal standards; forensic experts; testimony admissibility, 14906
refugee children; traumatic experiences; expert witness; legal issues; human rights, 6193
violence; schizophrenia; verdict; murder; expert testimony, 6203

Expert Testimony—Books
Handbook of forensic neuropsychology, 6174
Expert Testimony—Chapters
Conflicts of interest and other pitfalls for the expert witness, 6177
Depositions, 6180
Expert witnesses in Europe and the United States, 18015
Neuropsychology in the courtroom, 6178
Preventing bad psychological scientific evidence in the Netherlands and the United States, 18030
Psychological expert witnesses in Germany and The Netherlands, 18029
Taking recovered memories to court, 18013
Expertise [See Experience Level]
Explicit Memory—Serials
age-related differences; aging; inhibition function; explicit memory; inefficient inhibitory mechanisms; priming; cloze sentences, 21365
aging; stereotypes; explicit priming; implicit primes; older adults; subtle cues; blatant stereotypes; presentation condition; younger adults; memory performance; social-situational factors, 33797
alcohol effects; dissociation; implicit memory; explicit memory processes; semantic priming model; social drinkers; word recall tasks, 18788
explicit counting; temporal discrimination; marker-type conditions; strategy limits; standard durations; auditory signals; visual signals; duration discrimination; memory variance; memory process, 15182
explicit learning; procedural learning; perceptual category learning; category learning systems; dual system theory; competition between verbal and implicit systems, 24547
explicit memory tasks; lexical processing; target stimulus; implicit memory tasks; shallow encoding; implicit tests; encoding tasks, 18344
explicit memory; implicit memory; memory difficulties; free recall; acquired brain injuries; errorless learning without fading; method of vanishing cues; rehabilitation, 29764
explicit memory; recall performance; recognition performance; hypoxia; amnesia, 20038
explicit retrieval; implicit retrieval; frontal lobes; perceptual implicit priming; conceptual implicit priming; frontal lesions, 3628
fictive object; attachment; disordered relationships; maternal environments; semantic-episodic memory; disorganized-disoriented; explicit memory; fictive relationships; conscious working models, 22389
gender differences; implicit memory; explicit memory; affective passages; reading; verbal priming, 21328
implicit association test; automatic cognition tests; test faking; questionnaire measures; explicit measures; explicit tests, 30423
implicit learning; explicit learning; decision making; sports; ball games; task complexity, 12659
implicit learning; explicit learning; probabilistic task; fine motor control; visual tracking; cognitive demands, 6604
implicit memory performance; explicit memory performance; attention deficit hyperactivity disorder; children, 25937
involuntary conscious memory; intentional retrieval; implicit memory tests; retrieval; production processes; completion priming; perceptual memory; levels-of-processing, 27529
memory performance; temporal lobe; identification performance; neural activity; explicit memory; memory changes, 27820
memory; psychoanalytic interaction theory; memory processing; implicit memory process; explicit process; retrieval cues; coconstructed phenomenon; networks; change; symbolic content; clinical examples, 14072
midazolam; amnesia; semantic memory; retrieval; anterograde amnesia; theories; pharmacological amnesia; encoding; explicit memory, 7202
midbrain structure activation; associative novelty; explicit memory formation; visual memory; ventral tegmental area; medial substantia nigra; hippocampus, 34067
mixed anxiety-depression; implicit memory test; explicit memory bias, 7804
multiplication problems; word-finding difficulties; syntactic comprehension; phonemic paraphasias; reading; access deficit; Aphasia, 19945
serotonin 5-HT1A receptors; hippocampus; receptor binding; memory function; visual memory; explicit memory, 33992
trauma-related information; explicit memory; implicit memory; Holocaust-related words; paired associate recall; post-traumatic stress disorder; Holocaust survivors; Jewish adults, 7927
traumatic brain injury; day-to-day memory functioning; pediatric injury; memory loss; explicit memory; prospective memory; implicit memory, 32193
Exploratory Behavior [See Also Animal Exploratory Behavior]—Serials
attitude formation; novel objects; exploratory behavior; demonstrated learning; generalization; valence asymmetries, 33852
F2 hybrids; mice; exploratory behavior; brain weight, 18539
geometric illusions; haptic illusions; manual exploratory movements; Muller-Lyer illusion; vertical-horizontal illusion; Delboeuf illusion; vision, 21248
manual cyclical activity; exploratory tool; neonates; haptic texture perception; habituation sequence; infants, 15971
object exploration; young infants; feet; leg movements; motor behaviors, 15949
search behavior after disorientation; location of hidden object; spatial representations; geometric cues; toddlers, 915
septal cholinergic lesion; rats; exploratory behavior; open-field behavior; septohippocampal system, 21622
spontaneous exploratory behaviors; intrathecal NMDA receptor antagonist; protein kinase C inhibitor; acute pancreatitis model; inflammation; pain, 13105
Exploratory Behavior [See Also Animal Exploratory Behavior]—Chapters
The exploration of space and objects in neglect, 23041
Explosive Disorder—Serials
bipolar disorder; intermittent explosive disorder; posttraumatic stress disorder; clozapine; agranulocytosis; neutropenia; weight gain; drug dosages; concomitant antidepressants; polypharmacy, 23251
intermittent explosive disorder; sequential polypharmacy; valproate; hyperammonemia; VPA-related hyperammonemic encephalopathy, 32482
psychological intervention; aggressive driving; road rage; intermittent explosive disorder; driving behaviors, 16476
Explosive Personality [See Explosive Disorder]
Exposure Therapy [See Also Systematic Desensitization Therapy]—Serials
anxiety disorders; performance anxiety; exposure therapies; social phobia; pharmacotherapy; benzodiazepines; fear responses; D-cyloserine, 32426
biofeedback-assisted relaxation; cognitive-behavioral treatment; gastric bypass surgery; anxiety; food phobia; exposure hierarchy, 20184
cognitive behavioral treatment; anxiety disorders; computer-supported treatment; virtual reality exposure therapy, 16981
couples-based intervention; panic disorder; agoraphobia; marital problems; partner assisted exposure therapy; marital therapy, 26299
dog phobia; specific phobia; treatment outcome; active imaginal exposure; cognitive-behavioral treatment; cynophobia; coping responses, 8421
ego strengthening; zero balancing; exposure therapy; hypnosis; torture; posttraumatic stress disorder; refugees, 20425
emotional processing; distraction; claustrophobic fear; in vivo exposure; fear activation, 31827
exposure therapy; posttraumatic stress disorder; psychologists attitudes; behavior therapy, 20192
exposure therapy; social anxiety; social phobia; virtual reality exposure; public speaking anxiety; virtual classroom environment, 11408
Image Habituation Training; brief exposure therapy; posttraumatic stress disorder; treatment effectiveness, 32331
immersive virtual reality; posttraumatic stress disorder; VR exposure therapy; fMRI; pain reduction; phobias, 23098
interoceptive exposure-based smoking cessation program; cognitive-behavioral treatment; panic disorder, 20190
narrative exposure therapy; supportive counseling; psychoeducation; posttraumatic stress disorder; African refugee settlement; emotional trauma; refugees, 32285
obsessive compulsive disorder; treatment outcome; initial presentation; naturalistic treatment; exposure; ritual prevention; outpatients; African Americans; Caribbean Americans; Caucasian Americans, 8439
prolonged exposure; imagery-based cognitive restructuring component; industrial accident victims; post traumatic stress disorder; cognitive-behavioral analysis; imagery rescripting & reprecessing, 20180
response prevention; habit reversal; Tourette syndrome; tics; treatment outcomes, 23179
safety-seeking behaviors; fear reduction; deleterious effects; perceived safety aid availability; threat-relevant safety behaviors; safety-behavior utilization; claustrophobic fear, 29289
social phobia; self perception changes; treatment; cognitive-behavioral therapy; exposure therapy; socially stressful situations, 32275
treatment outcome; exposure and response prevention therapy; obsessive compulsive disorder; schizophrenia; comorbidity, 32324
virtual reality exposure therapy; acrophobia; behavior therapy; computer application; treatment outcome, 20196
virtual reality exposure therapy; anxiety disorders; behavioral therapy; treatment effectiveness; computer graphics, 32326
virtual reality; anxiety; musicians; saxophonists; musical performance; heart rate; graded exposure, 32327
Exposure Therapy [See Also Systematic Desensitization Therapy]—Chapters
Managing obstacles to the utilization of exposure therapy With PTSD patients, 5218
Exposure Time (Stimulus) [See Stimulus Duration]
Expressed Emotion—Serials
attribution; expressed emotion; patient relapse; relatives; caregivers, 2451
behavioral responses; jealousy expressions; romantic jealousy; emotional intensity, 34620
chronic schizophrenia; differential expression; neuroleptic medication; analysis techniques; greatest percentage; community settings; speech disturbance; comparison groups, 7887
cognitive consequences; cognitive functioning; emotion regulation; self-regulation; expressive suppression, 27580
creative arts therapy; bereavement therapy; consciousness state; emotional upheaval; grief counseling; lamenting language, 8581
cross cultural differences; in-group advantage; emotion recognition; ethnic bias; emotional expressions; facial hemispheres, 30753
emotion perception; psychosocial rehabilitation; schizophrenia; psychosocial functioning; social cognition; functional outcome; working memory; affect recognition; work functioning/independent living, 4634
emotional facial expressions; computer-morphing animations; expression naturalness; rate of change, 30754
expressed emotion; attribution; control; schizophrenia; parental attitudes; self-blame, 31779
expressed emotion; family members; depressed older adults; gerontology caregivers; major depressive disorder, 31739
expressed emotion; Greek families; Anglo-Saxon families; schizophrenia; family communication; interaction patterns; hostility; emotional overinvolvement, 28701
facial expression; expression identification; visual features; emotional expression; face perceptions, 30580
human emotion; emotions; perceived relationships; therapeutic options, 19162
mentally ill family member; schizophrenia relapse; causal attributions; critical attitudes; Latino Americans; low expressed emotion; family environment; support, 1510
obsessive compulsive disorder; symptoms; behavioral treatment outcome; family approaches; parental attachment; expressed emotions; family intervention, 20217
reliability; construct validity; interrater reliability; Observation Coding System for Emotional Overinvolvement; adult outpatient behavior; obsessive-compulsive disorder; panic disorder; agoraphobia, 24207
schizophrenia course; family factors; family warmth; expressed emotion; ethnicity; attributions; emotional involvement, 31772
self-criticism; perfectionism; depression; covert expressions; overt expressions; university students, 19206
social anxiety; emotion experience; emotional expression; bodily responding; high trait social anxiety; low trait social anxiety; perceived physiological activation, 30950
Expressed Emotion—Chapters
Arriving at a primary emotion, 23156
Expressions (Facial) [See Facial Expressions]
Expressive Psychotherapy—Serials
patient-by-treatment interaction; Menninger Psychotherapy Research Project; intervention research; anaclitic patients; introjective patients; psychoanalysis; supportive-expressive therapy, 20229
treatment effectiveness evaluation; group psychotherapy; individual psychotherapy; supportive psychotherapy; expressive psychotherapy; economic advantages, 26225
Expulsion (School) [See School Expulsion]
Extended Family—Serials
domestic assistance; financial assistance; physical assistance; extended family residence; elderly men; Mexico, 25091
extended households; life course; young mothers; premature babies; low birth weight babies; schooling; employment; parenting competence, 31106
mutual assistance; social exchange; family relationships; intergenerational relations; Filipino Americans; African Americans; Latinos; Cambodian Americans; extended family, 7527
orphanhood; extended family; grandparents; caregiving households; well being; Acquired Immune Deficiency Syndrome; Thai children, 35228
parenting behaviors; Puerto Rican adolescent mothers; partner involvement; grandmother involvement; social support; child care, 34506

External Ear—Serials
auditory amplification; outer ear hair cells; feedback mechanisms; ears; sound stimuli; genes; motor protein prestin, 21304
head-related transfer function; external ear; individual differences; ferrets; virtual acoustic space; sound localization, 15718
real ear insertion response; loudspeaker; hearing aids; ear canal, 30640
External Rewards—Serials
rewards; performance standards; intrinsic motivation; learned industriousness, 3413
Externalization—Serials
adolescent depression; externalizing problems; comorbidity models; inpatient sample, 25554
anorexic adolescents; internalizing conditions; externalizing conditions; psychopathology severity; disease onset; binge subtype, 28956
antenatal maternal anxiety; ADHD; attention deficit disorder; externalizing problems, 31263
callous traits; unemotional traits; ineffective parenting; child externalizing problems; socialization differential responsiveness; school invention; substance abuse, 1388
child noncompliance; toddler behavior problems; prediction; behavior stability; behavior change; maternal behavior; child gender; mothers; mother-child relations; externalizing behavior, 7440
ethnic differences; physical discipline; adolescent externalizing behaviors; aggression; violence; school trouble, 22221
externalization; internalization; early childhood; disadvantaged boys; emotionality; fearfulness; maternal control, 34329
family functioning; externalizing behavior; elementary school students; family systems theory; aggression; peer relations, 5928
internalizing antecedents; conduct disorder; externalizing disorders; behavioural patterns, 34995
marital quality; maternal depressed affect; harsh parenting; child externalising; Chinese families; behavior problems, 31855
maternal attachment model; behavior problems; early childhood; internalization; externalization; insecurity, 22222
negative emotions; risk factor; peer victimization; internalization; externalizations; risk factors; anger; aggression; emotional regulation; gender, 34333
neighborhood effects; gender differences; externalizing problems; juvenile delinquency; delinquent behavior; conduct problems; problem behavior; risk factors; girls, 25825
parent personality characteristics; negative discipline; externalizing problem behaviors; child personality characteristics, 22092
parental discipline; externalizing behavior problems; early childhood; moral regulation; child gender; conscience mediated relations; parental induction; warm responsiveness; physical punishment, 25029
parenting; child adjustment; academic achievement; behavior problems; math achievement; attention problem behavior; externalization, 22217
personal sense statements; internalization-externalization; sociocultural meaning; social message transformation; self talk; personal dialogue; specialized knowledge; sociogenic approach; mind, 9663
prenatal complication; perinatal complication; externalizing behavior; brain dysfunction mechanisms; birth complications, 34987
problem behaviour; attachment relationships; parental attachment; internalization; externalization; adolescents, 25002
psychological control; adolescent perceptions; early adolescence; adjustment; parent/adolescent dyads; adolescent perceptions; internalizing symptoms; externalizing symptoms; behavioral control, 1010
resilience; self control; personality traits; behavior problem; internalization; externalization; Five Factor Model, 25072
self perception; problem externalization; problem internalization; adjustment; competence; adolescent development, 22069
self perception; social rejection; physical aggression; elementary-school children; social failure, 34331
temperament; externalizing behavior; behavior problems; Junior Temperament and Character Inventory; test validity; attention; aggressive behavior, 30399
temperament; internalizing problems; externalizing problems; preadolescence, 34352
Externalization—Chapters
From classical to organic psychology: In commemoration of the centennial of Lev Vygotsky's birth, 3125
Extinction (Learning)—Serials
adrenergic transmission; conditional fear; mice; temporal massing; conditional stimulus; memory acquisition; temporal spacing; extinction, 21669
adrenergic transmission; conditional fear; mice; temporal massing; conditional stimulus; yohimbine; memory acquisition; temporal spacing; extinction; propranolol, 21427
amygdalar circuit; taste aversion; conditioned behaviour; noradrenaline; protein synthesis; rats, 21536
C57BL/6J mice; cocaine; conditioned drug effects; Pavlovian conditioning; contextual sensitization; US-CS pairings; number of drug-context pairings; conditioned responses; extinction; testing context, 3944
conditioned fear inhibitors; fear conditioning; ABA fear renewal paradigm; theories of extinction; rats; feared cues; co-present cues; conditioned suppression; rats, 9725
conditioned stimulus; stimulus duration; training; extinction; ring doves; autoshaping; stimulus interval; temporal specificity; streptopelia risoria; extinction session, 27613
context similarity; renewal; fear; relapse; phobias; animal models; conditioned suppression; rats, 3575
D-cycloserine; conditioned fear extinction; N-methyl-D-aspartate agonist; unconditioned stimulus; rats; reinstatement effect, 21867
extinction; contextual renewal; spontaneous recovery; spatial preference; water maze; spatial cues; spatial learning; hippocampus; mice, 472
food refusal; fluid resusal; food selectivity; negative reinforcement; pediatric feeding disorders; positive reinforcement; escape extinction; treatment, 2057
intracellular dopamine contents; rat brain; conditioned contextual fear; acoustic startle reaction extinction; caudate nucleus; prefrontal cortex; nucleus accumbens, 9889
long-lasting depression; excitatory synapses; mice; medial prefrontal cortex; fear conditioning; extinction; synaptic plasticity, 6680
methamphetamine; amphetamine; working memory; tolerance; extinction; rats, 3975
N-methyl-D-aspartate; NMDA; glutamate receptors; hippocampus; conditioned fear; extinction; rodents; protein kinases; avoidance training; memory retrieval; memory consolidation, 9891
nicotine; discriminative stimulus effects; extinction; spontaneous recovery; response reinstatement; noncontingent reinforcement; discriminative control, 3492
operant; stimulus specificity; pigeons, 18457
opioid receptors; extinction; Pavlovian fear conditioning; rats; naloxone; conditioned stimulus; unconditioned stimulus, 7229
orbitofrontal function; operantly conditioned responses; response extinction; preschool-age children; gender differences, 24911
partial reinforcement extinction effect; continuous reinforcement; unconditioned stimulus; conditioned response; conditioned stimulus; nonreinforced trials; reinforced groups; appetitive conditioning, 27616
proactive interference; cues; first-order Pavlovian conditioning; extinction; rats, 461
protein synthesis inhibition; mRNA inhibition; hippocampus; conditioned stimulus; memory extinction; extinguished conditioned fear response; memory recovery, 21553
quinpirole; maintenance phase; continuous reinforcement; reduced response rates; free-operant procedure; behavioral extinction; behavior-reward association; rats, 3924
recovery effects; extinction trials; navigation task; Morris swimming pool; spatial learning; training; rats, 480
reinforcement; extinction; resurgence; recency of reinforcement; response recovery; variable time schedule; variable interval schedule; pigeons; key pecking, 3482
response disinhibition; attention-deficit hyperactivity disorder; hypertensive rats; extinction processes; variable interval reinforcement; fixed interval schedule, 15376
response variability; stimulus generalization; martial arts training; punching; kicking; reinforcement; extinction, 30717
retraining; initial training; associative change; rats; pigeons; extinction; reinforcement; Pavlovian conditioning, 481
spontaneous recovery; conditioned flavor preference; rats; extinction; calories, 24575
temporally massed conditional stimulus presentations; fear extinction; spaced presentations; mice, 464
unconditioned stimuli; conditioned stimuli; flavor conditioning; simultaneous relation; sequential relation; extinction; rats, 27617
ventral medial prefrontal cortex; emotional perseveration; memory; extinction training; fear conditioning; rats; brain lesions, 6808
Extracurricular Activities [See Also Fraternity Membership, Sorority Membership]—Serials
extracurricular activities; participation; positive development; academic achievement, 881
individual differences; school characteristics; academic achievement; extracurricular academic activities; socioeconomic background; learning ability; Scholastic Aptitude Test scores, 33593
precollege factors; student predispositions; college students; diversity-related activities; racial background; personality type, 20860
structured extracurricular activity; psychosocial outcomes; academic effects; personal social variables; prevention; school psychologists, 12090
structured leisure activities; adjustment; caregivers; extracurricular activities; participation; well-being; academic & social competence; psychosocial maturity, 872
Extracurricular Activities [See Also Fraternity Membership, Sorority Membership]—Chapters
Contextual understanding of children's play in Taiwanese kindergartens, 17746
Extramarital Intercourse—Serials
adultery; drugs; sex; individual reactions; unethical behavior; public officials; individual responses; political scandals; drug use; gender stereotypes, 10309
clergy affairs; infidelity behavior; sexual misconduct; protestant ministers; emotional investment; affair partners; marital dissatisfaction, 34463
homosexual experience; sexual attitudes; Australian women: married gay men, 4275
integrative treatment; extramarital affair; recovery promotion; couples; treatment effectiveness evaluation; couple therapy; marital relation, 23181
relationship infidelity; former romantic partner; sexual infidelity; emotional infidelity; forgiveness; distress; gender; commitment, 31468
risky sexual behaviour; Big Five; personality traits; sexual promiscuity; relationship infidelity, 31601
sex differences; jealousy; cued recall; emotional infidelity; ambiguity; sexual infidelity; threatening condition, 31602
sexual infidelity; marital quality; extramarital sex; marital happiness; divorce, 22206
Shirley P. Glass; family psychology; infidelity, 23664
upset; child's partner's infidelities; sexual infidelity; emotional infidelity; evolutionary psychology; sex-differentiated socialization; parents; long-term partner, 31322
Extramarital Intercourse—Chapters
Infidelity, 5238
Extrapyramidal Symptoms—Serials
akathisia; antipsychotic agents; circadian rhythms; dopamine receptors; extrapyramidal tracts; drug effects; schizophrenia; haloperidol, 5357
citalopram; acute dystonia; selective serotonin reuptake inhibitors; depression; suicidal ideation; marijuana use; alcohol use; extrapyramidal symptoms; side-effects, 11532
CYP2D6 activity; extrapyramidal symptoms; antidepressants; elderly; side effects, 11489
extrapyramidal symptoms; adolescent population; mental retardation; psychotic symptoms; schizophrenia; aripprprazole, 5307
extrapyramidal symptoms; amisulpride; psychosis; elderly; quetiapine, 28715
extrapyramidal symptoms; atypical antipsychotics; clinical accounts; child patients; ziprasidone; quetiapine; drug side effects, 8543
extrapyramidal syndrome; aripiprazole; antipsychotics; dopamine-system stabilizer; rabbit syndrome, 28729
hand movement; extrapyramidal motor dysfunction; negative symptoms; schizophrenia; neuroleptics; butyrophenones, 25636
incident dementia; mortality; idiopathic Parkinson's disease; mood; activities of daily living; motor function; extrapyramidal sign severity, 8271
incident dementia; mortality; idiopathic Parkinson's disease; mood; activities of daily living; motor function; extrapyramidal sign severity, 8260
neuroleptics; metoclopramide; Tourette syndrome; tics; extrapyramidal symptomse, 23361
schizophrenia; safety; adverse events; efficacy; injectable risperidone; extrapyramidal symptoms; adverse events; treatment, 5280
schizophrenic patients; facial expression; affective symptoms; spatial processing; psychiatric rating; schematic stimuli; spatial detection; neutral face, 7903
selective serotonin reuptake inhibitor; extrapyramidal symptoms; autistic children; side effects, 22740
Extrapyramidal Tracts—Serials
protective effect; dopaminergic neurodegeneration; extrapyramidal structures; intracerebral injection; rotenone; pesticide; experimental parkinsonism; anti-dopaminergic drug; male Wistar rats, 24778
Extrasensory Perception [See Also Psychokinesis]—Serials
altered state of consciousness; extrasensory perception; psi; ESP; ganzfeld technique; methodological artifacts; experimenters; replication; randomization; sensory leakage; statistical errors, 6639
extrasensory perception; ESP; subjective probability neuropsychological correlates; coincidence causation; beliefs; parapsychology; randomness; forced-choice experiments; magical causation, 6633

extrasensory perception; psychokinesis, 18435
home dream ESP research; Maimonides research program; methodology; dream mentation; sleep-laboratory-based research, 6641
remote viewing; paranormal investigators; multiple agent design; multiple-percipient design; mentation reports, 18229
remote viewing; real estate; Eastern psychology, 33900
Extrasensory Perception [See Also Psychokinesis]—Chapters
ESP in the Ganzfeld: Analysis of a debate, 9739
ESP: Extrasensory perception or effect of subjective probability?, 9733
Give the null hypothesis a chance: Reasons to remain doubtful about the existence of psi, 9732
A review of dream ESP studies conducted since the Maimonides dream ESP programme, 9741
Extraversion—Serials
arguments; approach; avoidance; epistemological beliefs; need for cognition; extraverted personality traits; dispositions; assertiveness; warmth; undergraduate students, 4464
clergy personality; stable extraverts; collaborative ministry, 34670
cortical activation; extraversion; task complexity; event-related desynchronization; alpha activity, 10582
delinquency; social competence; incarcerated girls; agreeableness; conscientiousness; sensation-seeking behavior; extraversion; personality, 1687
emergent leadership; leaderless group discussion; evolutionary principles; intrasexually competitive situation; reward sensitivity; extroversion; personality; situational factors, 4445
emotional states; affiliative extraversion; agentic extraversion; warmth; affection; positive activation, 19198
extraversion; emotional reactivity; positive affect; mood conditions; happiness, 13484
extraversion; neuroticism; profiles; self-regulation; individual differences, 10607
extraversion; response organization; lateralized readiness potentials; stimulus analysis; peripheral motor processes; event-related potentials, 18649
extraversion; self-esteem; social support; positive affect; negative affect; optimism; direct effects model; mediating model, 10618
Five Factor Model; personality; career exploration; conscientiousness; extraversion; neuroticism; self-efficacy; career information seeking, 30513
industrialized nations; national character; Internet usage; technology, 13497
interactional analysis; impressions; behavioural factors; social environment; opposite-sex pairs; social world; extroversion, 4448
neuroticism; extraversion; self-assessed health; health-relevant cognition, 28522
personality dimensions; psychoticism; extraversion; neuroticism; prison inmates; college students; university students; compliance behavior; Eysenck personality dimensions, 34678
personality disorder scales; personality disorder assessment; neuroticism; extraversion, 33569
personality traits; intraindividual life-span approach; neuroticism; age-graded life events; extraversion, 7473
personality traits; life satisfaction; extraversion; neuroticism; cheerfulness, 31599
personality; affect; regional brain activity; extraversion; neuroticism; sex differences, 12881
personality; extraversion; neuroticism; positive affect; negative affect; attentional bias; emotional stimuli; autonomic arousal; fusiform gyrus, 13466
psychometric schizotypy; neuroticism; personality characteristics; extraversion; P50 suppression, 28752
situational factors; store busyness; customer demand; dispositional factors; extraversion; neuroticism; psychoticism; positive emotions, 9106
stimulus analysis; response organization; Contingent Negative Variation; extraversion; cognitive information processing; motor preparation; event related potentials, 15710
vigilance; extraversion; introversion; performance differences; time-on-task, 22364
Extrinsic Motivation—Serials
carer wellbeing; care motivation; older people; work-related influence; care-related influence; personal factors influence; female carers; carer stress; caregiver-care recipient relationship, 7468
communication styles; foreign language teachers; intrinsic motivation; extrinsic motivation; integratives orientation; student attitudes; college students; communicative competence; autonomy, 5910
extrinsic motivation; work effort; individual performance; Korean employees; composite effects, 23996
future intrinsic & extrinsic goal framing; self-determination theory; future time perspective theory; effort; autonomy; exercise; motivation; performance; persistence; sport club membership, 25073
goal content; goal motives; psychological well-being; autonomous motives; controlled motives; extrinsic goal contents; intrinsic goal contents, 18357
intrinsic motivation; extrinsic motivation; reading amount; past reading achievement; text comprehension; U.S. and Chinese fourth-grade students; cultural influences; motivational processes, 30045
motivation; attention; cognitions; thinking; behavior; intrinsic extrinsic motivation, 3410
motivational interviewing; hospital emergency department; injured adolescents; medical care; at risk, 19852
students' motivational orientation; extrinsic motivation; intrinsic motivation; problem-based learning; PBL environment; class activities, 20865
Extrinsic Motivation—Chapters
Is the social psychology of creativity really social? Moving beyond a focus on the individual, 1194
Extrinsic Rewards [See External Rewards]
Eye (Anatomy) [See Also Cornea, Fovea, Lens (Eye), Pupil (Eye), Retina]—Serials
circadian rhythms; locomotor activity rhythm; eyestalk ablation; extraretinal photoreceptors; light dark cycles; constant darkness; freshwater crabs; Pseudothelphusa americana, 9931
clinical characteristics; phantom eye syndrome; prevalence; phenomenology; putative mechanisms; eye removal, 16869
dichoptic suppression; intraocular color activation; interocular color activation; colour vision; retina, 6529
eyelid closure; undisturbed postural control; physiological mechanisms; stance maintenance, 12945
face identification; face recognition; spatio-temporal dynamics; information from eyes; information use, 21297
history; facial features; eyes; males; females; actors; actresses; social conditions; economic conditions, 10075
nucleus medianus; dorsal pallial zone; lateral pallial zone; bichirs; Polypterus; telencephalon; tectal input; retinotectaltubercular pathway; pallium; tectal efferents; visual field; evoked responses, 34052
prey catching; Archer fish; posture; morphology; aiming behavior; eye angle; mouth angle; tongue, 21488
retinal signals; saccadic eye movements; visual perception; saccade; visual target; retinal feedback; motor control; eye position; spino-cerebellar patient; on-line saccade modification, 15355
vertebrate eyes; eye axial length; body weight; animal groups; visual perception, 30819
Eye Accommodation [See Ocular Accommodation]
Eye Contact—Serials
averted gaze; mutual gaze; functional magnetic resonance imaging; superior temporal sulcus; fusiform gyrus; brain activity; social encounter; social cognition; social perception, 34638
brain activity; directional cue; eye gaze; visual perception; inattention; emotion; neural activity, 3777
gaze direction; direct gaze; person perception; spatial location; perceptual task; person memory; averted gaze; social cogition, 27552
infant side biases; familiarity-novelty preferences; serial paired-comparison task; looking; familiar faces; novel faces, 31145
Eye Convergence—Serials
spatial arrangement; visual stimulus; inverted self-motion perception; foreground motion; orthogonal background; inverted vection; visual field; eye convergence, 30614
Eye Disorders [See Also Amblyopia, Cataracts, Color Blindness, Glaucoma, Hemianopia, Nystagmus, Strabismus]—Serials
age-related vision impairment; psychosocial adaptation; control strategies; activities of daily living; attitudes; coping, 1899
aging; vision loss; primary control; secondary control; macular degeneration; functional ability; adaptation; positive affect; visually impaired older adults, 16870
autism; Mobius sequence; children; northeastern Brazil; psychiatric examination, 16526
clinical characteristics; phantom eye syndrome; prevalence; phenomenology; putative mechanisms; eye removal, 16869
examiner positions; heterophoria; cover test; objective alternating cover test; test results, 21266
eye movement abnormalities; cerebellum; essential tremor; cerebellar dysfuntion, 23050
subcortical heterotopia; corpus callosum; dysgenesis; strabismus; craniofacial dysmorphism; eye abnormalities; growth mental retardation; learning disability, 13531
visual dysfunction; neurodegenerative diseases; aging; aging process impact; aging-related eye diseases; aging-related visual problems; visual manifestations; Parkinson disease; Alzheimer disease, 11312
Eye Dominance [See Ocular Dominance]
Eye Fixation—Serials
age differences; exogenous saccades; endogenous saccades; fixation offset effect; strategic control; preparatory set; peripheral visual stimulus, 24904
attention allocation; orgographic information; multiple word reading; eye movements, 12675
attention; eye movement; eye gaze; newborns; cues, 22033
autism; eye gaze; reflexive attentional shift; joint attention; theory of mind abilities; gaze-triggered attentional shift; autistic subjects; gaze directions, 22733
bottlenosed dolphins; human directed gazing; human pointing; object choice; gaze cues; static gaze; dynamic gaze, 27628
brain activity; directional cue; eye gaze; visual perception; inattention; emotion; neural activity, 3777
capuchin monkeys; squirrel monkeys; Saimiri sciureus; Cebus apella; gaze direction; eye orientation; looking; touching; gaze cues, 30766
counterpredictive cues; eyes; arrow orienting; cued target locations; gaze; predicted locations; gaze triggered attention; attentional effects; cued location; target gazing, 15202
delayed visual maturation; infants; auditory neuropathy; auditory dyssynchrony; hearing impairment; abnormal brainstem auditory evoked potentials; otoacoustic emissions; visual fixation, 16864
eye direction; attention shift; reflexive shifts; neural system; fMRI; functional magnetic resonance imaging; fixation stimuli, 24684
eye fixations; young adults; older adults; temporary ambiguities; sentence processing; age differences; working memory, 15962
eye movements; morphology; morphemes; compound words; sentence reading, 12629
eye movements; reading; adjacent word processing; parallel processing; sequence processing; parafoveal-on-foveal effects; orthographically related words; eye fixation, 12681
eye position; primary auditory cortex; spatial sensitivity; neurons; visual pathways; rhesus monkeys, 3732
facial expression; attention orienting; gaze direction cues; emotional expression, 3318
gaze direction cues; subcortical superior colliculus; SC; visual attention; covert orienting; overt orienting; fixation offset effects, 12594
gaze direction; direct gaze; person perception; spatial location; perceptual task; person memory; averted gaze; social cogition, 27552
geometrical illusions; retinal image; fixation time; saccades; practice, 12593
information integration; impression of gaze direction; interpretation; judgment; Ukiyo-e pictures; cues, 3327
intention effect; visual fixation disengagement; prosaccades; Parkinson's disease, 19963
lexical processing; lexical characteristics; eye fixation; reading; fixated words; frequency characteristics; parafoveal words, 12643
looking time; support relations; impossible object relations; adequate support; inadequate support; object properties; support intuitions, 27609
luminance-contrast; visual attention; eye movements, 15197
microsaccades; eye balance; eye fixation; eye movements; binocular coordination, 24385
optical flow; suprapostural looking task; postural sway; constraints on posture, 9589
orthographic familiarity; initial eye fixation positions; reading; word beginnings, 12682
preferred retinal locus; macular disease; scotomas; visual fixation; vision loss; quantitative assessment technique, 32203
reading comprehension; typographical errors; parafoveal vision; inspection time; saccade targeting; eye movements, 12658
reading; eye fixations; frequency; predictability; fixation durations; E Z reader model; word encoding time, 30685
referential communication; nonverbal reference; gestures; visual orienting; food; chimpanzees; observer; animal social behavior, 12750
saccade generation; reading; word-based processes; word reading; eye fixation, 12688
saccadic chronostasis; fixation; superior colliculus; illusion; volition; oculomotor processes; efferent signals; cued saccades; express saccades, 24719
saccadic system; motor plans; visual information; fixation position; scanning letter strings, 27471
scene perception; attentional allocation; semantic influences; fixation, 30601
setting sun phenomenon; infant development; brain damage; downward gazing; normal development, 8328
shared motor planning; visual input; eye movement; eye position; eye-hand coupling; closed loop drawing; eye hand kinematics; ellipses tracing; fixation cluster; tangential hand velocity, 6561

smooth pursuit eye movements; visual fixation; antisaccade; prosaccade; test-retest reliability, 7090
strategic & reflexive control; fixation; saccades; dynamic cortico-collicular interactions; cortical & subcortical oculomotor systems; frontal eye field & parietal cortex lesions; oculomotor cortex, 11273
superior temporal sulcus activity; perceived gaze shift; visual target acquisition; event-related potentials; visual field, 18600
visuospatial short-term memory; gaze response; infant development, 31167
word length; word frequency; word predictibility; eye fixation; inspection duration; inspection probability; first-pass reading; age differences, 12646
word recognition; word frequency; subjective familiarity; word length; concreteness; age of acquisition; eye fixation duration, 375

Eye Fixation—Chapters

The neural selection and control of saccades by the frontal eye field, 3469
Visual attention and self-grooming behaviors among four-month-old infants: Indirect evidence pointing to a developmental role for mirror neurons, 4119

Eye Movement Desensitization Therapy—Serials

childhood sexual abuse; adult female survivors; treatment effectiveness perceptions; trauma symptoms; eye movement desensitization & reprocessing; eclectic therapy, 35403
eye movement desensitization and reprocessing; psychotherapy integration; psychodynamic therapy; humanistic therapy; cognitive-behavioral therapy; assimilative integration, 35402
eye movement desensitization and reprocessing; somatoform pain disorder; PTSD; co-morbid depression; elderly patient; traffic accident, 20092
eye movement desensitization and reprocessing; transpersonal experiences; unborn child; pre-existence; reincarnation; prenatal memory; role of birth; in utero development; prenatal & perinatal trauma, 5381
Eye movement desensitization reprocessing; follow up treatment; posttraumatic stress disorder; posttreatment; treatment sessions; depression; anxiety; general symptoms, 32235
eye-movement desensitization and reprocessing; EMDR; posttraumatic stress disorder; college students; brief therapy; technique; outcomes; research; theory, 11389
healing; prenatal trauma; perinatal trauma; eye movement desensitization and reprocessing; therapeutic methods; transpersonal dimensions, 11586
trauma; prenatal period; perinatal period; women; Soviet Union; abortion; stress; parents; premature infants; low birth weight infants; eye movement desensitization therapy, 10137
treatment; traumatized refugee children; Eye Movement Desensitization and Reprocessing; post-traumatic stress disorder, 29420

Eye Movement Desensitization Therapy—Books

Eye movement integration therapy: The comprehensive clinical guide, 5384

Eye Movements [See Also Eye Convergence, Nystagmus, Rapid Eye Movement]—Serials

abnormal visuospatial performance; neurocognitive deficits; saccade abnormalities; oculomotor behavior; neurofibromatosis 1; impaired visuomotor maturation, 16788
accommodative function; ocular movement; accommodative amplitude; accommodative response; saccadic movements; eye movement; age group; optometric tests, 15959
age differences; exogenous saccades; endogenous saccades; fixation offset effect; strategic control; preparatory set; peripheral visual stimulus, 24904
age differences; switch Costs; task switching; prosaccade; antisaccade tasks; working memory; stimulus-response mappings; task activation; task deactivation; task sets; age, 15936
aging; visual attention; saccadic eye movements; age-related differences; target discrimination; saccades; elderly; young adults, 27458
alcohol intoxication; eye movements; visually guided stepping, 34142
alcohol; low dose; sex differences; responsiveness; saccadic eye movements; self rated sedation; intoxication, 30995
allopregnanalone; men; women; progesterone; sedation; smooth pursuit eye movements, 10045
ambivalent optokinetic stimuli; ambiguity; eye movements; visual perception; stimulus velocity; stimulus frequency, 12612
anterior cingulate cortex; performance monitoring; saccade countermanding; monkeys; medial frontal lobe, 573
attention allocation; orgographic information; multiple word reading; eye movements, 12675
attention; eye movement; eye gaze; newborns; cues, 22033
attention; parallel allocation; saccade sequences; performance; saccade goals; attentional allocation; visual perception, 443
autism; Mobius sequence; children; northeastern Brazil; psychiatric examination, 16526
averted gaze; mutual gaze; functional magnetic resonance imaging; superior temporal sulcus; fusiform gyrus; brain activity; social encounter; social cognition; social perception, 34638
behavioral response; perceptual decision; sensory stimuli; oculomotor commands; monkeys; oculomotor activity; behavioral context, 12951
bimanual parity judgments; saccadic responses; manual responses; SNARC effects; mental number line; systematic spatial numerical association of response code, 33728
body asymmetry affects; conjugate lateral eye movement; visual stimulation, 12930
cerebellar activity; fastigial burst activity; saccadic gain adaptation; monkey; neural activity; neuronal discharge; saccade-related neurons; fastigial oculomotor region; adaptation, 6911
cognitive physiology; eye movement; spatial attention; cortical area; eye position; locus of attention; attentional location, 15705
conjugate adaptation; saccadic gain adaptation; non-human primates; strabismus; monocular viewing; monkeys, 34103
cortical lesions; vestibulo-ocular reflex; vestibular function; hemi-neglect; spatial representation deficits; occipito-temporo-parietal junction; vestibulo-ocular behaviour; nystagmus, 5077
dorsal pontine nuclei; eye movements; saccades; neurons, 34014
dorsolateral prefrontal cortex; ocular motor behavior; saccades; eye movement control, 21318
electroencephalography; encephalopathy; ocular movement; non convulsive status epilepticus; neurology residents, 14268
ethanol; visual vestibular interactions; dynamic visual acuity; vertical linear acceleration; visual oculomotor pathway; vestibular pathway, 10040
eye blinking; central dopaminergic activity; sulpiride; lisuride, 21919
eye direction; attention shift; reflexive shifts; neural system; fMRI; functional magnetic resonance imaging; fixation stimuli, 24684
eye movement abnormalities; cerebellum; essential tremor; cerebellar dysfuntion, 23050
eye movement responses; healthy participants; movement amplitudes; response methods; number magnitude; manual response; spatial numerical association of response codes, 18280
eye movements; eye tracking; face perception; scrambled faces; inverted faces; prosopagnosia, 16792
eye movements; hand movement; haptic texture; pointing movements; target textures; kinematics, 12575
eye movements; information processing; reading; oculomotor control; word processing; language processing; psycholinguistics; computer models, 12662
eye movements; morphology; morphemes; compound words; sentence reading, 12629
eye movements; reading; adjacent word processing; parallel processing; sequence processing; parafoveal-on-foveal effects; orthographically related words; eye fixation, 12681
eye movements; reading; landing position effects; word skipping; parafoveal-on-foveal effects; eye movement control; word identification, 12664
eye movements; reading; methodology; experimentation; theory, 12661
eye movements; reading; parafoveal pragmatics; noun-verb relationship; reading time; lexical processing, 12645
eye movements; task switching; response selection; active vision, 18664
eye movements; word frequency; refixation amplitude; word length; corrective saccades, 30629
eye-movements; vividness; emotional valence; electrodermal arousal; negative autobiographical memories; psychophysiological measures; distress; positive autobiographical memories, 30941
functional neuroanatomical correlates; eye movements; depression; REM sleep, 25558
gaze direction cues; subcortical superior colliculus; SC; visual attention; covert orienting; overt orienting; fixation offset effects, 12594
hemineglect; recovered hemineglect; eye movements; oculomotor deficits; exploratory deficits, 29167
human motion processing; event perception; visual cues; extrastriate motion complex; frontal eye field; motion perception; eye movements, 18299
inhibition of return; saccade trajectory; trajectory deviations; delayed saccade; cued attention; cued location; onset cue; color singleton; time course; inhibitory effects, 21272
inhibition of return; voluntary saccades; attentional momentum; attention; peripheral locations; gaze; visual field; oculomotor activation; cued location; uncued location, 27576
intention effect; visual fixation disengagement; prosaccades; Parkinson's disease, 19963
interocular motion; dichoptic moving stimuli; motion combination; optokinetic nystagmus; motion perception; monocular motions; eye movement, 12608
involuntary eye movements; covert visual attention; voluntary eye movement; saccade programming, 30620
lexical competition; eye-tracking; non-native spoken-word recognition; Dutch listeners, 9622
lexical processing; lexical characteristics; eye fixation; reading; fixated words; frequency characteristics; parafoveal words, 12643
microsaccades; eye balance; eye fixation; eye movements; binocular coordination, 24385
morphology; parsing; vowels; segmentation cues; eye movements; consonants, 33649
motion perception; occluded motion; eye movements; cortical regions; brain activation; visual system, 6960
motor learning; motor systems; neural system; vestibulo-ocular reflex; vertebrates; animal models; motor signal; eye movement; cellular mechanisms; short-term motor memory; cerebellar cortex; vision, 21548
motor learning; translational vestibulo-ocular reflex; head motion; evoked eye movement; Hebbian learning; monkeys, 21442
multimodal events; eye movements; spatial indexing; environmental interactions; adults; infants; auditory information; visual component; location tracking; specific locations; auditory stimulus, 13204
multisensory interaction; saccadic reaction time; time-window-of-integration model; visual-tactile; focused attention task; superior colliculus, 30916
neglect dyslexia; prism adaptation; ocular scanning; brain-damaged patients; eye movements; eye fixation, 29091
neural correlates; neural activity; first person perspective; self-consciousness; perspective taking; ground view; aerial view; egocentric reference; reaction times; eye movement, 24627
neuronal activity; saccadic eye movements; rostral superior colliculus; pursuit; gap effect; monkeys, 21619
nicotine deprivation; eye movements; smoking-related cues; attentional biases, 27881
nicotine gum; antisaccade errors; schizophrenia; cognitive impairment; reaction times, 20347
non-phase-locked gamma synchronization response; saccadic eye movements; event-related response, 15671
numerical representations; rhesus monkeys; eye movements; object tracking; parallel vs serial processing; reaction time, 24697
object motion; motion duration estimates; eye movements; mental imagery; target arrival time; flight time; rating scale; target fixation; reasoning; mental tracking; judgment task; rating scale, 21277
object structure; saccade planning; saccadic eye movements, 34117
oculomotor disorders; downbeat nystagmus; upbeat nystagmus; seesaw nystagmus; periodic alternating nystagmus; acquired pendular nystagmus; saccadic oscillations, 29230
oculomotor information; sequential aiming movement; sequential learning, 27455
Op art; computational approach; motion illusions; involuntary eye movements; saccades; retinal image; riloids; motion detectors; two dimensional array; model; motion signal; gratings, 18304
orthographic familiarity; initial eye fixation positions; reading; word beginnings, 12682
orthographic regularity; word beginnings; interword saccade amplitudes & landing positions; continuous reading, 12660
paranoid schizophrenia; risperidone; blepharospasm; drug rechallenge, 14147
parietal lobe lesions; saccadic remapping; inhibitory location tagging; intraparietal sulcus; inhibition of return; visual search; visual environment; cues, 26164
parieto-collicular pathway; anatomical location; saccade generation; lateral intraparietal area; oculomotor areas; visual attention, 22937
path perception; rotation; instructions; self-motion; retinal flow; retinal information; eye movements, 30609
pictures; sentence verification; text; graphics; eye movements; encoding; focused search, 12576
Piper methysticum; kava; cognitive impairment; intoxication; eye saccades, 1648
police drivers; eye movements; pursuit driving; hazard perception; electrodermal responses; emergency response driving; search; attention; visual demands, 306
preview eccentricity; lexical decision task; eye movements; lexical decision time; nonwords; words, 30667

primate caudate; neural activity; reward-oriented behavior; caudate projection neurons; motor outputs; basal ganglia; saccade parameters, 21605
rapid eye movements; saccades; perceptual continuity; bistable stimuli, 15221
reading comprehension; typographical errors; parafoveal vision; inspection time; saccade targeting; eye movements, 12658
reading difficulties; poor readers; visual magnocellular system; orthographic abilities; visual attention; eye fixation on words; yellow filters; training eye fixation; reading performance; genetics, 4790
reading; vertical text; computer screen; horizontal eye movements; horizontal text; usability, 36472
reading; word skipping; linguistic factors; visual factors; word length; parafoveal word length; context predictibility, 12637
real vs self induced motion; cortical areas; dorsal visual stream; brain lesions; impairment; V3A & V6 cells; attention to moving objects; MTV5 & MST & 7a cells; motion during pursuit; monkeys; humans, 3637
reflexive responses; voluntary control; eye movements; competing saccade programs, 21598
relational information; short term retention; amnesia; eye movements, 13993
retinal ganglion cells; inner plexiform layer; spiking output; saccadic eye movements; vertebrates retina; transient inhibitory activity; vision; rabbits, 15451
retinal projection; head turning; eye movement, 12604
retinal signals; saccadic eye movements; visual perception; saccade; visual target; retinal feedback; motor control; eye position; spino-cerebellar patient; on-line saccade modification, 15355
saccade dysmetria; Williams-Beuren syndrome; visuo-spatial processing capacity, 19780
saccade generation; reading; word-based processes; word reading; eye fixation, 12688
saccade stepping interactions; motor plan; obstacle avoidance; obstacle contact; young adults, 6552
saccades; dorsal-stream visual processing; ventral-stream visual processing; saccadic eye movements; cognitive processes; interference effect; visual subsystem, 24365
saccades; lateral intraparietal area; visual receptive fields; monkey brain; eye movement, 15531
saccades; ocular orientation; smooth anticipation; eye motion; darkness, 15193
saccadic chronostasis; fixation; superior colliculus; illusion; volition; oculomotor processes; efferent signals; cued saccades; express saccades, 24719
saccadic chronostasis; visual stimulus; eye movement; duration discrimination, 30939
saccadic eye movements; saccades; voluntary vs stimulus-driven saccades; spatial neglect; brain lesions; eye-centered deficit, 5096
saccadic eye movements; sensorimotor transformation; superior colliculus; saccade amplitude; neuronal activity; spatially extended targets, 12876
saccadic inhibition; reading; visual input change, 9596
saccadic suppression; illumination; background manipulation; visual displacement; visual tracking; visual contrast, 3325
saccadic system; motor plans; visual information; fixation position; scanning letter strings, 27471
saccadic visual selection; stimulus driven control; goal driven control; saccadic eye movements, 30633
schizophrenia; smooth pursuit eye movement; procyclidine; antisaccade eye movement; cognition, 10783
schizophrenia; visual tracking; smooth pursuit eye movements; nicotine administration; leading saccades; smokers; nonsmokers, 10776
sentence comprehension; children; individual differences; language mediated eye movements; real time; anticipatory eye movements; online language processing, 7391
sentence comprehension; visual scene interpretation; anticipatory eye movements, 30634
sequential processing; comprehension; hierarchical graphs; eye movements, 21334
smooth pursuit eye movement; antisaccade deficits; schizophrenia; genes, 16431
smooth pursuit eye movements; anticipation; expectations; volition; voluntary inhibition; response latency; stop signal; motor control, 6555
smooth pursuit eye movements; visual fixation; antisaccade; prosaccade; test-retest reliability, 7090
smooth-pursuit eye movements; eye acceleration; eye position; nucleus reticularis tegmenti pontis; direction selectivity; pursuit eye velocity; response amplitude; neuronal responses; macaques, 21700
spatial attention; eye movements; overt orienting; covert orienting; voluntary shifts, 9844
spatial localization; saccadic eye movements; localization performance, 33732
spatial working memory; eye movement; attention shift, 33862
stimulus intensity; manual reaction time; saccadic reaction time; manual responses; saccadic responses, 33660
strategic & reflexive control; fixation; saccades; dynamic cortico-collicular interactions; cortical & subcortical oculomotor systems; frontal eye field & parietal cortex lesions; oculomotor cortex, 11273
superior colliculus; neurons; attention; visual location; eye movement; saccades, 15515
superior temporal sulcus activity; perceived gaze shift; visual target acquisition; event-related potentials; visual field, 18600
syllable information; silent reading; eye movements; phonological processes; sublexical information, 33774
syntactic ambiguities; ambiguous phrase; eye movements; phrase interpretation, 18317
tactile perception; physical contact; manual chronostasis; eye movement; arm movement; time overestimation; retina, 9573
target saliency; human smooth pursuit initiation; interocular transfer; central pathways; eye movement; attention; human; cue condition, 3317
target selection; hand-eye coordination; saccades; behavioral reference frame; macaques; reaching; preference; leftward & rightward target locations, 15365
torsional eye velocity; smooth-pursuit eye movements; primary eye position; premotor neurons; rhesus monkeys; rostral vestibular nuclei, 21531
vestibulo-ocular reflex; hyperactive response; horizontal angular acceleration, 9598
visual attention; schizophrenia; eye movement; risperidone; haloperidol; antipsychotic medication; facial emotion perception, 2238
visual change detection; online spatial representation of scene; eye movements; amnesia, 33727
visual search strategies; motion direction; saccades; moving radial patterns; stationary radial patterns, 6530
visuo-spatial amelioration; prism adaptation; eye movements; patients; visual neglect; reading task, 20080
visuospatial mental rotation; motion imagery; visual imagery; oculomotor performance; cognitive processes; eye movements; problem solving; creative thinking, 7124
word familiarity; word recognition; text comprehension; silent reading; vocabulary acquisition; eye movements, 12684
word length; word frequency; word predictibility; eye fixation; inspection duration; inspection probability; first-pass reading; age differences, 12646
word perception; word recognition; upper visual field; lower visual field; saccadic eye movements; eye tracking, 24382
working memory; oculomotor control; visuospatial working memory; limb movement; eye movement; attention shifts; spatial memory, 432

Eye Movements [See Also Eye Convergence, Nystagmus, Rapid Eye Movement]—Books

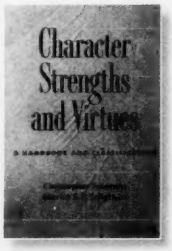
Active vision: The psychology of looking and seeing, 3333
Eye movement integration therapy: The comprehensive clinical guide, 5384

Eye Movements [See Also Eye Convergence, Nystagmus, Rapid Eye Movement]—Chapters

The neural selection and control of saccades by the frontal eye field, 3469

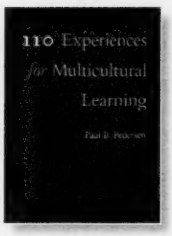
Eyeblink Reflex—Serials

acoustic startle; schizophrenic subjects; chronic schizophrenia; physiological arousal; personality profiles; increased reactivity; sensory reactivity, 7856
attention; lead stimulus; acoustic blink reflex; reaction time, 3853
attentional blink; visual perception; visual target; letter discrimination; face discrimination; central bottleneck; configural processing; featural processing, 9574
attentional blink; working memory; visual presentation; event-related potentials; stimulus presentation; P3; sensory memory, 15656
blink reflex abnormalities; Tourette syndrome; tic disorders; neurophysiological abnormalities, 29170
blinking behavior; listening; speaking; mental states; heart rate; English conversation; Japanese conversation, 33657
cognitive processing; eyeblink activity; semantic priming effect, 33802
compulsive behavior; eye blink; Prader-Willi syndrome; neurochemistry, 32088
cortical control; voluntary blinking; transcranial magnetic stimulation, 27825
emotion-modulated startle response; video-based evaluations; EMG-based evaluations; acoustic startle; eyeblink; electromyographic measurement; validity; reliability; children, 9532
eye blinking; central dopaminergic activity; sulpiride; lisuride, 21919
eye blinks; information processing; sensory-motor processing; task performance; preadolescents, 24761
eyeblink conditioning; neural mechanisms; neurophysiology; brain development; rats, 33922
eyeblink response; cerebral blood flow; cerebellar involvement; airpuff stimulation; surface electrodes; unconditioned stimulus; human cerebellum; bink reflex-related areas, 6943
facial chorea; huntingtons disease; facial choreic movements; FCM; neurophysiology; blink reflex; BR, 8284
fear conditioning; unconditional stimulus; short-latency facilitation; interstimulus interval; conditional response; tone conditional stimulus; eyeblink reflex; time course; grid-shock; rats, 18456
infant classical eyeblink conditioning; premature birth; associative learning, 31152
lead stimulus; reflex stimulus modality; blink reflex; blink-eliciting stimulus; blink modulation, 18670
luminance adaptation; visual processes; attentional blink, 24388
migraine patients; habituation; reflex responses; blink reflex, 16616
neural substrates; conditioned eyeblink response; cerebellum; hippocampus; memory formation; learning behavior; associative learning; retention, 6861
nociception; blink reflex; glyceryl trinitrate infusion; healthy volunteers; headache; placebo intravenous infusion, 21864
pre-pulse inhibition; acoustic startle eye-blink; schizophrenia; animal model; Gottingen minipig, 30909
prepulse inhibition; sexual orientation-related differences; human startle response; gender differences; eyeblink startle response; heterosexuals; homosexuals; sensorimotor gating, 660
rats; Purkinje cells; motor memory; motor learning acquisition; inhibition; synaptic interactions; neural systems; eyeblink reflex; brain stem structures; olivocerebellar system, 9867
right hemisphere involvement; attentional blink; split-brain patient; visual information processing, 26138
selective vs nonselective attentional processes; prepulse inhibition; acoustic startle response; eyeblink reflex; sensorimotor gating, 9727
sensory processes; conscious perception; cognitive neuroscientists; anterior cingulate; medial prefrontal cortex; frontopolar cortex, 30846
spontaneous eye blinking; human infants; neuropharmacology; central dopamine system activity, 18907
systematic temporal variation; spontaneous eye blinking; human infants; central dopamine activity; neuropharmacology; visual stimuli, 18906
visual food cues; prepulse inhibition; eye blink response; startle eye blink; cognitive processing; food deprivation; food restriction; pictures of food, 12957



Eyelid Conditioning—Serials

cerebellar agenesis; neuropsychological testing; eyeblink conditioning; 3D-MRI; motor processes, 1876
cerebellar neuronal activity; conditioned eyeblink responses; Pavlovian conditioning; temporal relationships; conditioned stimulus; unconditioned stimulus; brain, 6859
cerebellum; classical conditioning; decerebrate; eyeblink; hippocampus; trace conditioning, 21617
cerebellum; information processing; feedforward control; Pavlovian eyelid conditioning, 6958
conditional discrimination learning; bilateral medial temporal lobe amnesia; eyeblink conditioning, 8244
emotional arousal; delay eyeblink condition; associative learning; physiological arousal; unconditioned stimulus; unconditioned response, 3845
eyeblink conditioning; developmental changes; cerebellar plasticity; activity of Purkinje cells; eye regions; cerebellar cortical lobule HVI; lobulus simplex; infant rats, 9920
eyeblink conditioning; neural mechanisms; neurophysiology; brain development; rats, 33922
galantamine; acetylcholine; cognition; aging; brain damage; acquisition; retention; trace conditioned eyeblink; young rabbits; female rabbits; Pavlovian conditioning, 15809
long-term depression; transgenic mice; wild-type mice; protein kinase; Purkinje cells; classical eyelid conditioning; learning-dependent timing; conditioned eyelid responses, 471
long-term depression; transgenic mice; wild-type mice; protein kinase; Purkinje cells; classical eyelid conditioning; learning-dependent timing; conditioned eyelid responses; motor memory, 474
neural substrates; conditioned eyeblink response; cerebellum; hippocampus; memory formation; learning behavior; associative learning; retention, 6861
nicotinic cholinergic receptor binding; aging; dementia; eyeblink conditioning; hippocampus; galantamine, 15820
ontogeny; human learning; delay; long delay; trace; eyeblink conditioning; associative learning; infants, 7385
rats; Purkinje cells; motor memory; motor learning acquisition; inhibition; synaptic interactions; neural systems; eyeblink reflex; brain stem structures; olivocerebellar system, 9867



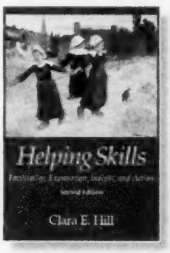
stress; trace eyeblink conditioning; unconditioned response; female rats, 27602
Eyewitnesses [See Witnesses]
Eysenck Personality Inventory—Serials
Eysenck Personality Questionnairre; Zuckerman-Kuhlman Personality Inventory Form; NEO-Personality Inventory; test replicability; test reliability; test validity, 18104
neuroticism scale; Eysenck Personality Inventory; response bias; neuroticism; social desirability; test forms, 15029
personality dimensions; psychoticism; extraversion; neuroticism; prison inmates; college students; university students; compliance behavior; Eysenck personality dimensions, 34678
Qigong meditation; health benefits; personality; neuroticism, 28487

AMERICAN PSYCHOLOGICAL ASSOCIATION

Best Sellers

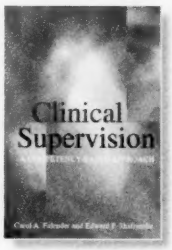
CHARACTER STRENGTHS AND VIRTUES
A Handbook and Classification
Edited by Christopher Peterson and Martin E. P. Seligman / Co published by the APA and Oxford University Press
2004. 800 pages. Hardcover.
List: $75.00 • APA Member/Affiliate: $60.00
ISBN: 0-19-561701-5 • Item # 4317046

110 EXPERIENCES FOR MULTICULTURAL LEARNING
Paul B. Pedersen
2004. 317 pages. Softcover.
List: $39.95 • APA Member/Affiliate: $34.95
ISBN: 1-59147-082-X • Item # 4313084



BEYOND SIGNIFICANCE TESTING
Reforming Data Analysis Methods in Behavioral Research
Rex B. Kline
2004. 325 pages. Hardcover.
List: $49.95 • APA Member/Affiliate: $39.95
ISBN: 1-59147-118-4 • Item # 4316031

HELPING SKILLS
Facilitating Exploration, Insight, and Action, Second Edition
Clara E. Hill
2004. 461 pages. Hardcover.
List: $54.95 • APA Member/Affiliate: $44.95
ISBN: 1-59147-104-4 • Item # 4311006



CLINICAL SUPERVISION
A Competency-Based Approach
Carol A. Falender and Edward P. Shafranske
2004. 336 pages. Hardcover.

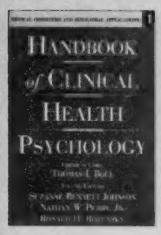
TITLES IN CLINICAL PSYCHOLOGY

HANDBOOK CLINICAL HEALTH PSYCHOLOGY

VOLUME 2
DISORDERS OF BEHAVIOR & HEALTH

Edited by James M. Raczynski and Laura C. Leviton

The second volume of the three-volume *Handbook of Clinical Health Psychology* examines the behavioral factors that affect both disease outcomes and health promotion. The volume posits that the use of a public health model might create more integrated and coordinated primary risk reduction approaches in health care. Leading clinicians and researchers discuss risk factors, methods for risk reduction, the maintenance of health, and adaptation to health and disease. This practical sourcebook will be an invaluable reference for health psychologists and medical professionals.



The *Handbook of Clinical Health Psychology* is both comprehensive and specific as it relates to the entire field of health psychology. Topics in Volume 1 explore the role of behavior and psychology in a wide range of medical disorders, and use the ICD-9 diagnostic classification as a basis. Volume 3 examines the models and theories that psychologists use to provide heuristic paradigms for health psychology. This set could be used as an encyclopedia, a manual, or a comprehensive text. It is meant to encompass a newly developing, rapidly expanding, scientifically validating, and clinically recognized area concerned with human health and health care delivery.

2004. 456 pages. Hardcover.

CONTENTS:

Introduction ● Cross-Cutting Health Risk Factors and Risk Reduction ● Behavioral Aspects of Obesity, Dietary Intake and Chronic Disease ● Substance Abuse ● Cigarette Smoking The Context of Sexual Risk Behavior ● Promotion of Physical Activity through the Life Span ● Normal Sleep and Sleep Disorders in Adults and Children ● Mediators of Risk and Risk Reduction ● Stress, Coping, and Social Support in Health and Behavior ● Spirituality, Religion, and Health: A Scientific Perspective ● Symptom Perception and Health Care Seeking Behavior ● Adherence ● Adaptation to Health and Disease ● The Biopsychosocial Perspective of Pain ● Family Adaptation to Illness, Disease, and Disability ● Patient Adaptation to Chronic Illness

ISBN: I-59147-091-9 ● Item # 4317037

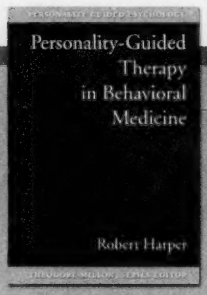
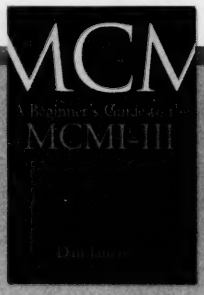
ISBN 1-59147-040-4
Item # 4317019
List Price: $49.95
Member Price: $39.95



James P. Choca

This third edition is designed to help mental health graduate students and professionals understand and interpret the MCMI-III. By way of a thorough review of the available literature, the book discusses the design, development, and operating characteristics of the inventory, along with the basics of personality theory. This now-classic volume provides a step-by-step method to interpret the MCMI-III along with examples of extensive case reports. As presented in previous editions, this method is unique in its emphasis of the examinee's personality style as opposed to relying on automated interpretations or interpretive systems. Also discussed are practical applications of using the MCMI-III in conjunction with other psychological tests.

Interpretive Guide to the Millon Clinical Multiaxial Inventory, Third Edition, will continue to be a definitive source for using the MCMI in assessment, treatment, and psychotherapy, thereby assisting clinicians, researchers, and students of psychology help their clients in the best possible way.
2004. 379 pages. Hardcover.



Contents: Overview of the MCMI • Personality Theory • Psychometric Characteristics • Effect of Individual Variables Invalidity and Defensiveness • Assessment of Personality Styles • Assessment of Psychopathology • The MCMI and Other Psychological Instruments • Psychotherapy and the MCMI • The Interpretative Process • Case Reports

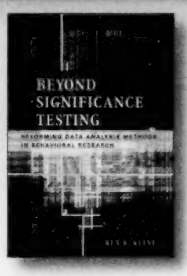
EXPLORATORY AND CONFIRMATORY FACTOR ANALYSIS

Understanding Concepts and Applications

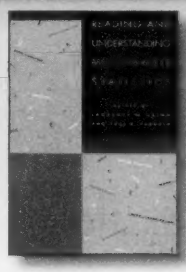
Bruce Thompson

This volume presents the important concepts required for implementing two disciplines of factor analysis—exploratory factor analysis (EFA) and confirmatory factor analysis (CFA)—with an emphasis on EFA/CFA linkages. Modern extensions of older data analysis methods (e.g., ANOVA, regression, MANOVA, and descriptive discriminant analysis) have brought theory-testing procedures to the analytic forefront. Variations of factor analysis, such as the factoring of people or time, have great potential to inform psychological research.

Thompson deftly presents highly technical material in an appealing and accessible manner. The book is unique in that it presents both exploratory and confirmatory methods within the single category of the general linear model (GLM). Canons of best factor analytic practice are presented and explained. An actual data set, generated by 100 graduate students and 100 faculty from the United States and Canada, is used throughout the book, allowing readers to replicate reported results and explore variations on reported analyses. Different combinations of these variables and participants are used to illustrate EFA and CFA applications. The book also includes a glossary, a notation summary, and various SPSS syntax files that readers may use to implement elegant factor analytic solutions.



Instructors or students who seek a clear and concise text about factor analysis will find this book to be an invaluable resource.



2004. 195 pages. Hardcover.
List: $49.95 • APA Member/Affiliate: $39.95
ISBN 1-59147-093-5 • Item #4316025

Contents

Introduction to Factor Analysis • Foundational Concepts • EFA Decision Sequence • Components Versus Factors Controversies • Comparisons of Some Extraction, Rotation, and Score Methods • Oblique Rotations and Higher-Order Factors • Six Two-Mode Techniques • Confirmatory Rotation and Factor Interpretation Issues • Internal Replicability Analyses • CFA Decision Sequence • Some CFA Interpretation Principles • Testing Model Invariance

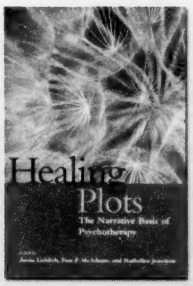
Tools for Teaching Psychology from APA

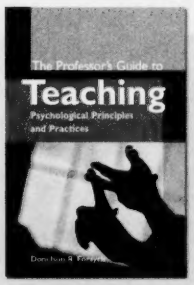
Helping Skills

Facilitating Exploration, Insight, and Action, 2ND EDITION

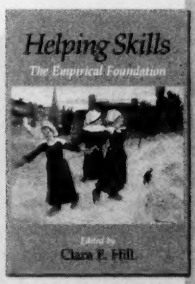
Clara E. Hill



Respected clinician and researcher, Clara Hill, has revised and updated her popular textbook, *Helping Skills*. Like the first, this second edition teaches empirically supported, basic helping skills to undergraduate and first-year graduate students. Following Hill's well-established three-stage model of helping (Exploration, Insight, and Action), the text presents an integrative approach that is grounded in client-centered, psychoanalytic, and cognitive-behavioral theory. Hill's model recognizes the critical roles of affect, cognition, and behavior in the process of change, filling a void left by textbooks that focus more narrowly on the processes facilitating change.



Material new to this edition includes a revised structure of the Action stage, which will enable instructors to present easily more of the current thinking about this area, more attention to multicultural issues, and new measures to test the training model, which will allow students to evaluate their skills and level of confidence. With her accessible yet instructive style, Hill instills enthusiasm for the process of learning to help others. She also encourages students' personal and professional growth with questions that challenge them to think about and discuss the process of becoming helpers and their reasons for doing so.



2004. 461 PAGES. HARDCOVER.

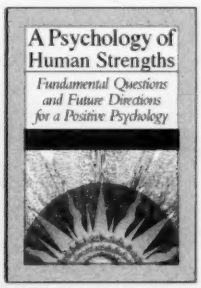
CHARACTER STRENGTHS AND VIRTUES

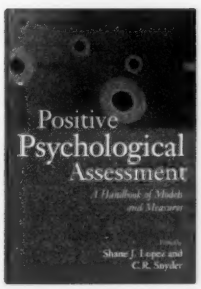
A Handbook and Classification

Christopher Peterson and Martin E. P. Seligman

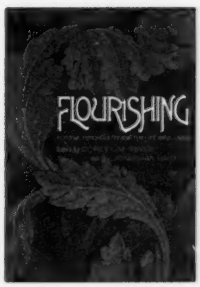
Co-published by the APA and Oxford University Press



This groundbreaking handbook of human strengths and virtues is the first progress report from a prestigious group of researchers in the Values in Action Classification Project, which has undertaken a systematic classification and measurement of universal strengths and virtues. This landmark work makes possible for the first time a science of human strengths that goes beyond arm-chair philosophy and political science. The handbook begins with the background of the VIA classification scheme and defines terms before describing in thorough detail the current state of knowledge with respect to each of the 24 character strengths in the classification.



Addressing issues of assessment and measurement, practical applications, and directions for future research, this work will demand the attention of any psychologist who is interested in positive psychology and its relevance to clinical, personality, and social psychology.



2004. 816 PAGES. HARDCOVER.

Concise Rules of APA Style

The *Concise Rules of APA Style* offers essential writing and formatting standards for students, teachers, researchers, and clinicians in the social and behavioral sciences. This easy-to-use pocket guide, compiled from the fifth edition of the *Publication Manual of the American Psychological Association*, provides complete guidance on the rules of style that are critical for clear communication.

Though the APA *Publication Manual* remains the best source for broad background information about scientific publishing—providing guidance on designing research, identifying the parts of a scholarly article, understanding the process of journal publication, and submitting articles for publication—the *Concise Rules* targets only those rules writers need for choosing the best words and format for their articles.

Available in a lightweight, spiral-bound format, the *Concise Rules* will be an invaluable reference tool. 2005. About 250 pages. Spiralbound.

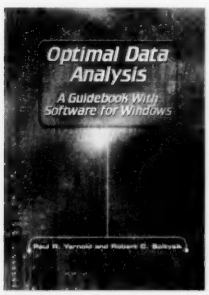
IMPORTANT NEW RELEASES



Critical Thinking About Psychology *Hidden Assumptions and Plausible Alternatives*

Edited by Brent D. Slife, Jeffrey S. Reber, and Frank C. Richardson

Critical Thinking About Psychology covers six major psychology subdisciplines, ranging from clinical psychology to neuropsychology. In analyzing what is taken for granted, this volume teaches critical thinking skills at the same time that it moves psychology in exciting new directions. Contributors critique unquestioned tenets of the field such as the dualism between mind and body, the truth of efficient causation, and the discrete unit known as the individual. 2005. About 296 pages. Hardcover.

Optimal Data Analysis *A Guidebook With Software for Windows*

Paul R. Yarnold and Robert C. Soltysik

Optimal Data Analysis: A Guidebook With Software for Windows is a powerful new system for examining information and making predictions. Optimal data analysis (ODA) identifies a statistical model that yields the theoretical maximum possible level of predictive accuracy. Here is the first and only comprehensive exposition of the ODA paradigm and the first and only statistical software for conducting ODA analyses. 2005. About 216 pages. Softcover + CD-ROM.

Ethics in Plain English *An Illustrative Casebook for Psychologists, Second Edition*

Thomas F. Nagy

This practical and engaging resource shows psychologists how to apply the principles of APA's Ethics Code to the ethical dilemmas that they encounter in their daily lives. The chapters cover general principles of ethical decision making, as well as a broad range of issues relating to professional competence, human relations, privacy and confidentiality, advertising and other public statements, record keeping and fees, education and training, research and publication, assessment, and therapy. This second edition has been wholly rewritten and updated to make it consistent with the newly revised 2002 standards of the APA Ethics Code. 2005. About 368 pages. Softcover.

How to Survive and Thrive as a Therapist *Information, Ideas, and Resources for Psychologists in Practice*

Kenneth S. Pope and Melba J. T. Vasquez

This book is a nuts-and-bolts guide to starting, growing, or improving a psychotherapy practice. Both psychologists just starting out and seasoned practitioners who want to expand, restructure, or enrich their practices will appreciate the authors' wit and wisdom. In addition to the 15 chapters, the book contains 15 appendices that make key APA professional standards and guidelines available for consultation in one handy source. 2005. About 496 pages. Softcover.
